The sweet pursuit Chapter 17-The next day, Shen Ming calculated the time when Su Xi came out of the alley after eating, made a look at a few bodyguards behind him, and ordered quietly, "Don't care, move the real thing!"

Several bodyguards disguised as social youths nodded, indicating understanding, and walked towards the depths of the alley.

Shen Ming smoked a few puffs of smoke against the antique bluestone wall, and after about ten minutes, he felt that the time was almost up, so he extinguished the smoke and walked inside without hurry.

There were more college students who came to eat at this time, so his people took Su Xi to a remote corner, separated by several walls, and the sound could not be heard.

He imagined Su Xi disheveled, pressed to the ground by several men, and in the most desperate time, he came like a god.

Her eyes twinkled with starlight, and she looked at him with gratitude and adoration.

In order to repay the grace of saving her life, she finally promised to be dead to him!

Shen Ming imagined, a smile had overflowed from the corner of his mouth.

As he got closer, he heard the sounds of fights and the muffled snorts of men.

He was surprised, and the scene in front of him stunned him!

The person who was pressed to the ground and beaten was not Su Xi, but his bodyguards, all with color on their faces, lying on the ground holding their stomachs and wailing.

Su Xi combed his ponytail, wearing an off-white sweatshirt, and stepped on a person's chest with his right foot, calm and composed, just a cold and cold breath, and the wind around him seemed to solidify.

The bodyguard on the ground had a blue nose and a swollen face, and he was beaten hard, and when he saw Shen Ming, he subconsciously begged for mercy, "President Shen, save me!" Shen

Ming's face changed suddenly, and sure enough, he saw Su Xi's gaze looking coldly, that look was bright and murderous.

Shen Ming's heart jumped, turned around and ran, only to feel that the wind behind him sounded, his shoulder was grabbed, and then the whole person took off, rotated 360°, and fell heavily on the ground!

"Groove!"

Many small golden stars appeared in front of Shen Ming's eyes.

The stars twinkled as he had imagined.

.....

When Han Xiao called, the Shen family's personal doctor was treating Shen Ming's wounds.

Shen Ming's face was livid, he directly swiped the mobile phone, wiped the blood from the corner of his lips with his fingers, and blurted out and scolded, "Get out!" You TM dare to say half a word to Su Xi in front of me, and don't even think about messing around in Jiangcheng in the future!

After

speaking, Shen Ming directly dropped the mobile phone.

The private doctor trembled, and the hand holding the cotton was shaking terribly.

Shen Ming's chest was about to explode, panting, he would definitely take revenge!

Certain!

.....

On Saturday morning, Su Xi went to Ling's house.

Ling Jiuzhe didn't come back last night, and Ling Yihang forgot the time to play games, so he hadn't gotten up when Su Xi arrived.

Ling Yinuo also got up late, and hurriedly said hello to Su Xi and went out.

Su Xi waited for an hour before Ling Yihang washed, ate, and changed clothes and appeared in front of her.

However, he abided by the agreement between the two last time, did not play tricks, did not delay, and obediently listened to her lecture.

Because it was an hour late, it was already noon after the class, and the maid came over and asked the eldest lady to leave a message, and asked Su Xi to stay for dinner at noon.

Ling Jiuze was not at home, only Ling Yihang was alone, and Su Xi should come down and eat with him.

Who knew that the two had just sat down, and Ling Jiuze had returned!

After the maid stepped forward to inquire, he knew that Ling Jiuze had not yet used lunch, and neatly prepared his tableware.

Su Xi didn't expect him to come back, so he got up and said, "Since Mr. Ling is back, then you accompany Yihang to eat, I'll go first."

Ling Yihang frowned, "You will leave as soon as the second uncle comes back, are you afraid of him, or do you hate him?"

Su Xi gasped, wasn't it that she gave him a few difficult problems during class, as for retaliating against her like this?

She glared at Ling Yihang, and when she turned her head, she saw Ling Jiuze looking over, as if waiting for her to answer Ling Yihang's words.

He took off his blazer and draped it over his arm, wearing only a blue-gray shirt without a tie, and the buttons were unbuttoned twice, revealing a delicate collarbone and a small piece of firm texture.

Su Xi looked away and smiled gently, "How come, I only have respect for Mr. Ling."

Ling Jiuze didn't seem to plan to deal with her, and said quietly, "You guys eat first, I'll go upstairs and change clothes." After

he said that, he went upstairs, but Su Xi felt that as a guest, he still felt that it was more polite to wait for the host to come and have a meal together, and Ling Yihang did not move his chopsticks.

When Ling Jiuzhe's figure completely disappeared at the entrance of the stairs, Su Xi snorted, "Don't want me to be your tutor, just say it, don't hurt people like this." Ling

Yihang was slightly embarrassed, "Fairy tales, haven't you heard of it?"

Su Xi retorted, "Didn't you tell me not to treat you like a child?"

Ling Yihang raised his eyebrows, "You don't think I'm a child, I'm not a child?"

Su Xi did not think about a child.

"Big deal, I won't scold you next time I play a game!" Ling Yihang threw out an olive branch of peace.

Su Xi looked arrogant, "I've already played very well!" Ling

Yihang said seriously, "Do you have any misunderstanding about the word 'powerful'?"

Su Xi, "..."

When the two were fighting, Ling Jiuzhe came down from upstairs, he changed into a casual white thin shirt, and his lower body was beige trousers, which made him more slender and handsome.

Su Xi and Ling Yihang both closed their mouths in tacit agreement.

Ling Jiuzhe sat on the main seat of the long table, picked up the chopsticks, and said quietly, "Teacher Su is eating at home for the first time, just feel free, you are welcome."

Su Xiwaner, "Thank you!" The

kitchen made two kinds of seafood soup and duck soup, and the maids brought them over and asked Su Xi what he wanted.

Su Xi chose the old duck soup, and the maid respectfully served the soup in front of her.

Subsequently, Ling Jiuze and Ling Yihang also chose duck soup.

The three began to eat silently.

Ling Yihang took a sip of soup and asked Ling Jiuze, "Second uncle, is my sister in love?"

"Huh?" Ling Jiuze was surprised, how could he know.

Ling Yihang raised his small eyebrows and hummed, "I don't see anyone every weekend, and last night I saw her on the terrace on the phone, and the corners of her mouth were about to form an emoji."

Su Xi lowered his head and ate the rice without making a sound. Ling YINUO seems to be really in love, and two days ago she saw her sitting with a very white boy in the school library, whispering and laughing, looking intimate.

Cheng Yiyi gossiped with her, the boy is from the foreign language department, called Zhou Yang.

Ling Jiuze looked as usual, and said lightly, "Your sister is an adult, it's normal to fall in love, don't worry about her, take care of yourself."

"I don't have to worry about anyone else!" Ling Yihang muttered, and suddenly looked up at Su Xi, "You are also an adult, are you in love?"

"Ahem!"

Su Xi choked for a moment, hurriedly took a tissue to gag his mouth, and looked at Ling Yihang, "No."

"Then you have to hurry up, you are all in college and not in love, others will say that you are not attractive." Ling Yihang looked old.

Su Xi squinted and smiled, "What you think is that I don't have time to be your tutor when I fall in love, right?"

Ling Yihang shrugged, "I didn't say that, I care about you."

"Then I thank you, my grandfather is not in a hurry with you!"

Ling Jiuze listened to the two bickering, suddenly remembered something, and glanced at Su Xi thoughtfully.
