The sweet pursuit Chapter 171-“Is it good-looking? I saw this cup and thought it would suit you. Ling Yinuo tilted his head and smiled.

“Like!” Su Xi’s fingers rubbed the pattern on it, and his eyes were clear, “Thank you!”

“You’re welcome with me!”

The two chatted for a while, and when they talked about Yinuo’s family, Su Xi casually asked, “Has your second uncle never been in love?”

“My second uncle,” Ling Yinuo leaned on the sofa and thought for a while, “I only know that he used to have a good relationship with Sister Yunshu, but then he had a marriage contract with the young lady of the Su family, and Sister Yunshu went to Country M. Later, my second uncle and Miss Su also went abroad after getting married, I thought he went to find Sister Yunshu, but later I learned that it was not.

Su Xi asked, “Did they break up because of your second uncle’s marriage contract with Miss Su family?”

Ling Yinuo shook his head, “At that time, I was in my third year of high school and lived in the school for a while, and I was not very clear about their affairs.

Su Xi nodded slightly and did not continue to ask.

The two changed the topic and chatted for a while, Ling Yinuo’s mobile phone vibrated, she picked it up and took a look, suddenly with a smile in her eyes, she opened the mobile phone to answer, “Didn’t you just call in the morning, is there something wrong?” The

other party didn’t know what to say, and a shyness flashed on Ling Yinuo’s face, “Then when will you return to Jiangcheng?”

Su Xi guessed that it was Zhou Yang, and did not want to disturb the two of them to have a flirtation, so he gave Ling Yinuo a wink, got up and walked out.

Help Ling Yinuo close the door, Su Xi didn’t know where to go for a while, the Ling family downstairs seemed to be talking, talking about work, and she was not good to bother over.

Fortunately, she was familiar with the Ling family and knew that there was a common study on the second floor, and there should be no one at this time, so she simply went to the study to read a book for a while.

The study was at the end of the east side, and when I opened the door and entered, a smell of books came in.

The study is large, with floor-to-ceiling windows on one side facing the flowerbeds in the villa, and solid wood bookshelves on the other three sides, filled with various types of books.

The sunlight shines in and falls on the off-white carpet, blending silence and warmth, and even the air is extraordinarily quiet.

Su Xi walked slowly from one end of the bookshelf, looking for his favorite books.

Occasionally she picked up a book, stopped to look at it a few times, found that it was an obscure professional book, and carefully put it back.

She was completely immersed in the incense of books and words, and did not hear the door opening behind her at all, until the man stood behind her and wrapped his arms around her waist, she felt that she was tight, waiting to ask about the familiar cold spring fragrance, and quietly relaxed.

Ling Jiuze clasped her slender waist in his arms, and the fit seemed to be natural, without the slightest gap.

"If you want to find any book, I'll help you!"

Su Xi was a little uncomfortable, after all, the Ling family was there, and she came to the door as Ling Yihang's tutor.

Pursing his lips, he asked in a low voice, "Why are you here?"

Ling Jiuze sensed her nervousness and whispered in her ear, "Don't worry, no one usually comes here." The

breath brushed past his ears, Su Xi's heartbeat couldn't help but accelerate, turned his head to look at the floor-to-ceiling window, in case someone passed by in the yard, as long as he raised his head, he could see the two of them...

Ling Jiuze seemed to know what she was thinking, reached out and clicked on the electronic screen on the wall next to her, and the curtains on the left and right of the floor-to-ceiling windows slowly moved closer to the middle, blocking the bright sunlight and blocking the sight of the servants outside the window.

The sweet pursuit Chapter 172-The study darkened a little, and the other feelings became clearer and clearer, Su Xi was held by the man's waist and flipped over, and then he leaned over and put her against the bookshelf and kissed her.

Fang Cai saw that she was so well-behaved in front of his family, he couldn't help but want to bully her, obviously so wild before, his chest still has a faint pain.

Su Xi raised his head slightly, and the whole person was shrouded in shadows by the man, and all his senses were occupied by him.

He began to kiss very hard, slowly and gently down, devouring her little by little.

Su Xi's heart beat faster, probably because of such a special environment, and the seemingly innocent voice that came from nowhere, which made her happy with apprehension, and a little stimulated.

Su Xi opened his eyes slightly, and saw the man's long closed eyes and smooth side face, his eyelashes were very dark, the bridge of his nose was straight, and every place reflected the brilliance of heavenly creation.

As if he felt something, the man's long eyes slowly opened, he paused slightly, and his half-open ink eyes were like a thick dark night that could not be opened, looking at Su Xi deeply.

The two looked at each other like this, as if they were glued on both sides of the cliff, and neither of them refused to be dragged into the abyss by the other.

After a while, the man breathed heavily, clenched her waist, and continued to kiss her as if punished.

Su Xi couldn't help but tremble, but he didn't dare to respond again, put his hands against his tight chest, lowered his eyes and whispered, "I'll go out later."

She didn't wear makeup, she wasn't afraid to make flowers, but if her lips were swollen, it was obvious.

Ling Jiuze kissed her side of the face lightly, and her voice was hoarse, "Go to my room?"

Su Xi spoke, "Do you want your family to think that I am using you to get this job?"

Ling Jiuze buried his head in her neck, his chest agitated, and laughed lowly, "Probably the other way around, they will think that you use this job to get me."

Su Xi couldn't help but hook the corners of his lips, "So, you want me to be fired?" "That's

fine." Ling Jiuze said in a serious tone, "In that case, you have nothing to fear."

Su Xi frowned, "But I lost my job."

"I'll raise you!" Ling Jiuze blurted out.

Su Xi was startled, and Ling Jiuze froze's action of gently kissing her earlobe, as if he had thought of something, and the two fell silent.

After a moment, Su Xi slowly spoke, "Want me to be your lover again?"

Ling Jiuze lowered his long eyes, concealed all his emotions, and said with a light smile, "What's the difference now, do you have a feud with money?" Su

Xi's back was against the bookshelf, and the back of the book and Mu Gejian was slightly painful, she raised her head, her eyes were warm in the dark light, she smiled lightly, "Of course there is a difference, if I ask for your money, will I have no freedom?" If I have a sweetheart, I still want to pursue love!

Ling Jiuze stared down at her, his thumb slowly rubbed on her face, the corners of his lips smiled, but his voice was faint, "The little girl really thinks a lot, but also love, what is love, you know?" Ever been in a relationship?

“Nope.” Su Xi shook his head with some regret.

Ling Jiuze’s eyes deepened a little, “Then who did you give it to the first time?”

Su Xi was stunned, and suddenly remembered the night she and Ling Jiuze first met, she looked up at him and asked in a low voice, “Do you want to know?” “Who

?” Ling Jiuze unconsciously sank his tone, he wanted to know, but instinctively resisted knowing.

Su Xi was just about to speak, when suddenly there was a knock on the door, “Su Xi, are you inside?”

Su Xi was taken aback, it was Ling Yinuo who came to find her.

Outside the door, Ling Yinuo’s muttering to himself sounded again, “Why did you still lock the door?”

Ling Jiuze looked as usual, and said in a low voice, “Don’t be afraid, she can’t come in.”

Su Xi knew that Ling Jiuze locked the door when he came in, but what if Ling Yinuo couldn’t find her? How do they get out?

Ling Yinuo knocked on the door again, “Su Xi?

Ling Jiuze suddenly turned around and spoke quietly, “It’s me, she’s not here.”

“Second Uncle?” Ling Yinuo was stunned, “Did you see Su Xi?”

Ling Jiuze said calmly, “She seems to have gone to the garden.”

“Oh, then I’ll go find her in the garden.” Ling Yinuo said and walked away quickly.

Su Xi frowned, “What to do?”

"I'll take you to the garden." The man smiled lightly, not worried at all.

"How to get there?" Su Xi was stunned, could it be that this villa has a secret passage?

Soon she knew that she was thinking too much again, she watched Ling Jiuze walk to the window, opened the window, turned back to her, and said, "Jump down, jump down is the garden."

Su Xi, "..."

The first floor of the villa is very high, and the second floor is equivalent to the height of the third floor, which is not a problem for her, however, is she going to jump in front of him?

Did he know something?

Ling Jiuze looked at her stunned, couldn't help laughing, and beckoned to her, "Come here."

Su Xi walked over, and Ling Jiuze smiled lightly, "I'll jump first, wait for me to follow you below, dare to jump?"

Su Xi looked at him, "Are you kidding?"

"Nope." Ling Jiuze's voice was steady, but there was a hint of excitement in his eyes, "Do you dare to jump?"

Su Xi nodded, "You jump!" Ling

Jiuze kissed her face sideways, "Don't be afraid, with me here, it won't hurt you, and it will be very interesting." Su

Xi's long eyelashes trembled, his gaze was deep for a moment, looking at the man in front of him, time suddenly regressed.

Ling Jiuze pushed open the window, glanced back at her, raised his legs and jumped down.

Su Xi immediately stepped forward and looked down.

The man turned down, tiptoe a little from the window lattice on the first floor, and his sturdy figure landed steadily.

And soon, he looked up and stretched out his arms, and she heard him shout, "Baby,

jump down. Su

Xi's eyes were soft, the corners of his lips unconsciously hooked, seeing that there was no one next to him, and jumped towards the man without hesitation.

The wind was blowing in her ears, and she even had time to glance at the clusters of flowers opening in the distance, so brilliant and colorful... With a plop, she landed in the man's arms, and the man held her waist firmly with both arms and tightly protected her chest.

The two hugged each other, looked at each other, and laughed silently.

Su Xi's picturesque eyebrows hide a touch of narrowness, cunning and agile, and the corners of his lips are curved, like a child who has stolen candy.

Ling Jiuze seemed to be stung by an ant in his heart, the light itch, flowing along the limbs, his eyes were deep, and he lowered his head to kiss her lips.

As soon as Su Xi closed her eyes, she heard Ling Yinuo calling her name.

She hurriedly jumped off Ling Jiuze, "I should go, how can you go back?"

"I went in from the first floor, don't worry, I have the keys to the study." The man smiled warmly, his eyebrows shining.

Su Xi nodded, waved his hand at him, and ran in the direction of Ling Yinuo, fortunately, the Ling family's garden is very large, and there is a large glass flower room in the middle, surrounded by high and low green plants, which hides her figure well.

Ling Jiuze stood there, and when he saw Su Xi's figure disappear completely, he hooked his lips slightly, turned around and wanted to go to the front yard.

Just now, he didn't realize it, but only now did he know the absurdity of Fang Cai, the feeling of a long absence, which made him feel particularly happy!

The sweet pursuit Chapter 174-Su Xi and Ling Yinuo met outside the flower room, Ling Yinuo ran over, a layer of fine sweat appeared on his forehead, panting, "Where have you been, I have almost searched the garden."

Su Xi casually fingered, "I saw a peony flower over there, so I looked at it for a while."

"I thought you went to the study, or did my second uncle tell me you were here." Ling Yinuo smiled innocently and cutely.

Su Xi couldn't help but feel weak, "I'm sorry to make you anxious!"

"No, just came here, I'll take you to my grandmother's flower room to see." Ling Yinuo said with a smile, "There are many peculiar flowers that my second uncle found from various places, I guarantee you haven't seen them."

"Okay!"

The two entered the flower room and played in it for a while, and the maid came over and called the two to go back to lunch.

Back in the villa, the maid was already setting the meal, Yu Jing came over and greeted Su Xi warmly, "I heard Yihang say that you like to eat spicy, I asked the kitchen to make a few more dishes with spicy flavors, see if it fits?"

Su Xi hurriedly said, "No, I'm not a picky eater, I can do anything." A

few people walked towards the restaurant, Su Xi's eyes saw Ling Jiuze coming down from upstairs, and he couldn't help but turn his head to look, facing the man's long eyes, the roots of his ears were hot, and he hurriedly looked away.

Mother Ling beckoned Su Xi to take a seat, and everyone sat down in turn, and by coincidence, Su Xi sat opposite Ling Jiuze.

Ling Mu asked Su Xi to serve rice wine and duck soup, and said with a kind smile, "Don't be restrained, just like in your own home."

Su Xi smiled and bowed his head, "Yes, thank you!" Ling

Yi said, "It's not the first time, what's so restrained?"

Saying that, he also clipped her a piece of spicy crab, "Eat more."

Su Xi's heart flowed warmly, "Hmm. The

Ling family did not have that kind of condescending posture, except for Father Ling's natural cold temperament, everyone else was very easy-going and polite, taking care of Su Xi's feelings everywhere.

Su Xi was also not restrained, as casual as he usually ate at the Ling family.

Halfway through the meal, Yu Jing looked up and said with a smile, "Does Xiao Su have a boyfriend?"

Su Xi ate a piece of lotus root, almost stuck, and hurriedly lowered his head and coughed lightly.

Ling Jiuze looked up at her, and quietly put the water cup in his hand in front of her, his eyes were meaningful. Ling Yinuo complained, "Mom, you are a university student, how can you gossip about people's feelings like ordinary women?"

Yu Jing glared at Ling Yinuo angrily, "I just care, how did it become gossip in your mouth?" Ling

Yinuo snorted, "It's gossip!"

Su Xi looked up, already looking as usual, "Thank you for your concern, I don't have a boyfriend."

Ling Mu said, "It's good to focus on academics."

Su Xi couldn't help but feel weak, "Yes." "

.....

After eating, Su Xi and the Ling family took their leave, and Ling Jiuze came down from upstairs with his coat, "It just so happens that there is something in the company that I want to go out, and I will take you back by the way." Ling

Zhiye smiled lightly, "You didn't mean to go to the Golden Bay side in the afternoon, it seems that it is not on the same path as Jiang Da."

Su Xi's heart tightened, and he raised his eyes to look at Ling Jiuze.

The man's handsome face was calm, and he calmly spoke, "I want to go back to the company to get something." Ling

Mu's eyebrows softened, and she said with a smile, "Then you send Xiao Su, be careful on the road."

Su Xi's eyes were slight, his face was as usual, and he said politely, "That's troublesome Mr. Ling." Mother

Ling instructed her, "Have time to play at home!" "

The sweet pursuit Chapter 175-Su Xi replied politely, "Yes, thank you grandma for your hospitality today.

"Good boy!" Ling Mu's eyes became more and more kind.

Yu Jing and Ling Yinuo sent her out together, watched her get into Ling Jiuze's car, and waved goodbye.

Ling Jiuze drove and took her out of the Ling family, onto the main road, all the way to the city center.

Su Xi looked at the scenery outside the car window, turned around and spoke quietly, "If you have something to do, I can also take the car back."

Ling Jiuze laughed and said, "I really want to go back to the company."

Su Xi gently raised his eyebrows, "Oh! Ling

Jiuze glanced at the girl's side face through the rearview mirror, and the corners of his lips were slightly hooked.

The car entered the imperial court and stopped in the underground garage, and after Su Xi got out of the car, he saw that the man also got out of the car, and looked at him in amazement.

Isn't it going to the company?

Ling Jiuze walked over, led her hand to the elevator, and explained with a light smile, "I suddenly remembered that I had asked Ming Zuo to do it in the morning."

Su Xi, "..."

He must have done it on purpose.

After going upstairs and opening the door to enter, Ling Jiuze pressed Su Xi on the cabinet in the entrance and kissed him.

The fire that she provoked in the study spread again with the momentum of the plain, he picked her up and kissed her passionately, slowly walking towards the bedroom...

This is the first time that the two have made out during the day, the curtains are not closed, and the sun is shining straight in.

Su Xi was lying on the bed, dizzy by the sunlight, couldn't help but close her eyes, in the darkness she seemed to see the bubbles blown by the little sister next door in her childhood, clusters, blown to the sky by the wind, so colorful.

She thought that those bubbles could take her to that wonderful fairy tale world, without hunger or beating and insulting, she ran and chased desperately, reaching out to touch, but saw those bubbles break in her fingertips and quickly disappear.

And now, she is chasing those colorful bubbles, which surround her, flying and jumping happily.

.....

Su Xi slept tiredly for a while, and when he woke up again, it was already dark.

The room was dark and quiet, and Ling Jiuze was not in the room.

Su Xi simply put on a pair of pajamas, and when he walked to the living room, he heard the man in the study calling, as if he was arranging work.

She was very hungry and walked to the kitchen, since Qingning moved downstairs, her dinner was basically solved at Cheongning's, and the refrigerator was only yogurt and ice cream.

She took a large bucket of ice cream, walked to the balcony, and ate it in the evening breeze, and the cold and sweet cream slid down her throat, and her whole body couldn't help but tremble and let out a satisfied sigh.

However, just after eating two bites, Ling Jiuze suddenly walked over and took the ice cream in her hand.

Su Xi looked at him in amazement.

Ling Jiuze frowned slightly, and said in a deep voice, "Aren't you afraid of pain?" Don't be greedy in the future.

Su Xi's eyebrows were clear, and she pursed her lips to discuss with him, "Just eat half a bucket, I'm hungry."

"I'll take you out to dinner when I'm hungry, but don't touch ice cream again." After that, the man walked directly back to the living room and threw the ice cream into the trash without mercy.

Su Xi's heartache when he saw it, and he whispered indignantly, "Smoking is not good, can Mr. Ling quit smoking?"

Ling Jiuze turned around, under the twilight, his eyes were dark and deep, and he nodded slowly, "Okay, I quit smoking, you quit ice cream, if I smoke a cigarette, I will allow you to eat a bucket of ice cream."

Su Xi's eyes lit up, "Really?"

"Really." Ling Jiuze slowly smiled on his thin lips, "We supervise each other." "

The sweet pursuit Chapter 176-Su Xi raised her eyebrows, a man's dependence on cigarettes could not be said to be quit, she waited for him to deliver ice cream to her.

Today she rested, did not go to Kaisheng, changed her clothes and went to dinner with Ling Jiuze.

The two went to Sister Hua again, and Sister Hua knew that Su Xi loved to drink milk tea and specially made iced milk tea for her, but before Su Xi could be happy, she was replaced by Ling Jiuze with hot.

When Sister Hua went out, Su Xi blinked her eyes and shouted, "Don't you eat ice cream, can't you eat ice drinks?" The

man replied, "No!

Su Xi was a little depressed, "Isn't that life a lot less fun."

Ling Jiuze lowered his voice and slowly spoke, "Can't the happiness I gave you make up for?"

He spoke seriously, Su Xi was stunned for a moment before reacting, as if the tip of his heart was burned, and his eyes were muttered, "How can that be the same?"

The man asked seriously, "Which is better?"

Su Xi choked, looked at the man with a pair of watery eyes, his pretty face turned from white to red, and then turned his head to look out the window.

Can't return his words, otherwise she will be taken by him more and more crookedly.

There was an ancient palace lamp lit under the window, and under the light, the man clearly saw the blush in the girl's ears, and the corners of his lips slowly smiled.

Outside the window is a begonia tree, Su Xi leaned out to touch the begonia flowers, someone passed by in the yard, the boy was in his twenties, looking at Su Xi, suddenly stunned.

He couldn't help but come over, folded a begonia flower and handed it over, "Send you!"

Su Xi didn't answer, "Thank you."

"Does the young lady often come here to eat?" Can I add a WeChat? "Boys rarely talk to girls, and at this time they muster up enough courage, and their beautiful faces are red under the light.

Su Xifang was about to refuse, another window suddenly opened, Ling Jiuze stood there, looked at the boy outside the window and laughed softly, "I didn't study abroad, when did you come back?" The

boy was stunned, and then his eyes lit up, "Second uncle!"

Su Xi was also stunned, the two knew each other?

Ling Jiuze introduced her, "Sister Hua's son, Qi Wei."

After

speaking, he introduced Qi Wei, "My friend, Su Xi."

Qi Wei's face was still red, and he smiled, "Miss Su is good."

Su Xi smiled and nodded.

Soon, Qi Wei came in, greeted Ling Jiuze enthusiastically, and his face turned red with excitement, "I haven't seen the second uncle for a long time, and I asked my mother two days ago, when will the second uncle come over?"

Ling Jiuze smiled lightly, "Have you graduated?"

Qi Wei nodded, "Yes, don't leave, stay in Jiangcheng to accompany my parents."

As

he spoke, his eyes kept looking at Su Xi, and at this time he turned his head to look at her and asked tentatively, "Second uncle's girlfriend?"

Without waiting for Ling Jiuze to speak, Su Xi shook his head, "No." The

smile on Qi Wei's face seemed to be clearer, "It doesn't look like it."

Ling Jiuze suddenly spoke, "Where is it not like?"

Qi Wei said bluntly, "Miss Su looks like she is still in school, second uncle, you are almost thirty years old this year, if you find such a young girlfriend, won't it be an old cow eating tender grass?"

Su Xi glanced at Ling Jiuze and smiled in his eyes.

Ling Jiuze smiled lightly, and the tone of joke, "Don't you know that men like to be young?"

Su Xi was stunned, feeling that these words were a little familiar.

Qi Wei grinned and showed a few snow-white teeth, his eyes adoring, "That's someone else, the second uncle is different from others!"

Ling Jiuze smiled, "Don't think of me so differently, I'm also a layman."

At this time, Sister Hua came in to serve the food and was surprised to see Qi Wei, "Why are you here?" "

Hua snorted and said, "I'm so busy that I haven't even seen your shadow, where am I going to tell you?"

Qi Weidao, "I just came back from outside, and I was about to go to the kitchen to help!"

"Then hurry up!" Sister Hua said gently, "Don't disturb your second uncle and friends to eat."

Qi Wei nodded, hesitated for a moment, and asked Su Xi again, "Miss Su, can you add a WeChat?"

Since he was Ling Jiuze's friend, Su Xi did not refuse again, and took out his mobile phone, "Okay!" Sister

Hua glanced at Ling Jiuze and dragged Qi Wei out, "Hurry up and go out, there are still guests waiting to be served!"

Qi Wei waved his hand at Ling Jiuze and Su Xi, "I'll come back later."

When the mother and son went out and the door closed again, Su Xi couldn't help laughing, his laughing eyes were crooked, and his soft white cheeks were dyed with a faint pink.

Ling Jiuze leaned back on the back of the chair and looked at her for a long time, "What are you laughing at, laughing at me as an old cow, or laughing at yourself as a tender grass?"

Su Xi's face blushed, "I just think that Qi Wei is very interesting."

Ling Jiuze leaned over and looked at her leisurely, "Isn't the young boy cute?"

Su Xi looked at him, his eyebrows were clear, and he said slowly, "There are many lovely people, the beautiful second uncle, only one." But," Su Xi smiled at him, "it would be even better if Second Uncle allowed me to drink a cup of iced milk tea!"

Ling Jiuze also smiled, "You are also beautiful, and you think more beautiful!"

.....

In the end, Su Xi did not drink iced milk tea.

After returning to the imperial court, Ling Jiuze had work to deal with, and let Su Xi go to the movie by himself.

Su Xi's favorite thing is to eat ice cream while watching a movie, and now that the right to eat ice cream is taken away, she sits on the carpet and always feels that there is something missing.

Movies have also become less interesting.

Ling Jiuze was busy until ten o'clock when he came out of the study, and saw that the TV was on in the living room, and Su Xi was curled up on the sofa and already asleep.

He walked over and half squatted down in front of the girl, seeing that her hair was slightly messy and scattered between her eyebrows, her nose was small, her pink lips were lustrous, and her quiet appearance made people can't help but feel soft.

It is said that people who like to curl up to sleep are because they are insecure, he knows that she suffered a lot when she was a child, and even abused, so when can he make her feel safe and secure around him?

He stared at her eyebrows, and then realized that he had looked at it for a long time, and couldn't help frowning, raised his hand and touched her face, "Do you still want to take a bath?"

Su Xi let out a vague "hmm", but did not open his eyes in a sleepy manner.

“I’ll carry you to wash, okay?” The man’s voice was unconsciously gentle, and he reached out to hold the girl firmly in his arms and walked towards the direction of the master bedroom.

There was a large double bathtub in the bathroom of the master bedroom, and when Ling Jiuze took off Su Xi’s clothes, the water was already full.

The warm water invaded little by little, and the feeling of floating uncertainty woke Su Xi up, and instinctively wanted to struggle.

Ling Jiuze wrapped his arms around her in his arms and soothed softly, “Don’t be afraid, I’m here.”

Su Xi fell on him, his consciousness returned, and his body gradually relaxed in the warm water.

The man was half lying in the bathtub, stroking the girl’s ink hair, water droplets flowing down his well-defined arms, skewers falling into the water, splashing ripples.

The bathroom was foggy, the temperature gradually rose, Ling Jiuze lowered his head and kissed the top of Su Xi’s hair, his voice was dark and magnetic, “Good girl.”

Su Xi lazily lay on his chest and refused to move, and said softly, “Don’t.”

She had no strength.

Ling Jiuze knew his eyes well, kissed her side of the face lightly, and coaxed in her ear, “Good baby, obedient, I will surprise you tomorrow.”

Su Xi raised his head, his chin rested against his chest, and his big black and white eyes were dyed with mist, “What surprise?”

“Make sure you’re happy.” The man coaxed lightly.

Su Xi was still hesitating, the man suddenly held her and turned over, “boom”, water gushed out of the bathtub, and the water mist evaporated, blurring Su Xi’s misty expression.

The sweet pursuit Chapter 178-When Su Ci woke up the next day, she found herself sleeping in the master bedroom, she looked around with stunned eyes, this was the first time she slept on the bed of the master bedroom since she moved to the imperial court.

The master bedroom is a man's private space, and today, she seems to have stepped into his territory.

When she was stunned, the man was coming out of the bathroom, saw that she was awake, and laughed softly, "Get up, let's go out."

Su Xi looked back, sleepy eyes, "Where to go?" Ling

Jiuzhe leaned down, his hands on her side, and a slightly wet fragment spread between his forehead, "Go to Cloud City."

Su Xi's eyes widened.

Ling Jiuzhe went to Cloud City to talk about cooperation, and by the way, he took Su Xi back to see her grandfather, which was the surprise he said last night.

Looking at the girl's expression of shock, Ling Jiuzhe felt extremely cute, and couldn't help but lower his head and kiss her lips, "Don't want to go back?"

Su Xi shook his head, "No, what about my work?"

"Don't worry about this, even if you don't go from now on, I'll let them pay you, okay?" Ling Jiuzhe smiled lightly.

"Not good!" Su Xi pursed her pink lips, "Even if I like money, I don't need to get it for nothing."

"We're going for about a week, and when you come back, you continue to go to work." Ling Jiuzhe got up, "Get up for breakfast first, and we'll leave in an hour."

Su Xi sat up, his head still a little confused.

Going back to Cloud City?

If Ling Jiuzhe knew who her grandfather was, he would definitely check her background, so wouldn't they be completely over?

Su Xi sighed lightly, his gaze a little complicated.

Now the two still get along very happily, and it's a pity to end it.

Ling Jiuze said that there was no need to bring a salute, there were preparations on the side of Yuncheng, so Su Xi only changed his clothes and went out with him.

Ming Zuo had already driven the car over and was waiting outside the imperial court.

The two got into the car and went all the way to the airport, and then took Ling Jiuze's private plane and flew to Cloud City.

Jiangcheng and Yuncheng are very close, it only takes three hours by car, and it is faster by plane, less than half an hour to arrive.

Take the VIP passage to leave the airport, someone outside the airport is already waiting there, see Ling Jiuze, respectfully open the door, and ask him to get on the car.

Sitting in the car, Ling Jiuze said, "Let's go to the place where we live first, and I'll take you to see your grandfather when it's okay in the afternoon."

Su Xi nodded, "Good!" The

car drove for an hour, into a private estate, the manor was very large, Su Xi sat in the car, saw the golf course in the distance, saw the wide creeping garden and the meandering stream below the mountain, and even the castle hidden in the forest...

The car stopped outside a villa, Su Xi got out of the car, and saw a man and a woman walking over not far away, the man was in his thirties, wearing a blue striped suit, his hair was meticulously combed, and the woman was wearing a bohemian backless long skirt, with a beautiful face, a hot figure, and hooked eyes on Ling Jiuze on him.

The man stepped forward and greeted Ling Jiuze warmly, "President Ling!"

Ling Jiuze held Su Xi's hand and walked over, laughing lightly, "President Tang, wait for a long time!" "

The sweet pursuit Chapter 179-The two shook hands, and the woman beside Tang Boyuan looked at Su Xi, stretched out her hand to her, and smiled softly, "Hello, my name is Meng Wan, just call me Wanwan."

Su Xi stretched out his hand and shook it gently, "Su Xi! Ling

Jiuzhe said lightly, "Yesterday there was something, I came a day late, there was a place that was not well taken care of, and I also invited Tang Zong Haihan."

Tang Boyuan smiled politely, "How come, this manor is so interesting to eat, drink and have fun, staying for ten days and a half months will not be annoying, we like it very much late and late, and when we return to the capital, we also want me to build her such a manor, which is embarrassing for me!"
Su

Xi gradually understood in his heart that this manor belonged to Ling Jiuzhe, and he and this surnamed Tang came here to discuss business.

Tang Boyuan spoke in Beijing, the meaning in obedience is also from the capital, why did the two choose Cloud City to talk about cooperation?

"After the cooperation is negotiated, Tang can always stay a few more days." Ling Jiuzhe said in a warm voice, "I'll send Su Xi to rest first, and wait to find President Tang."

"Okay, President Ling takes care of Miss Su first, we'll see you later." Tang Kangbo's gaze swept over Su Xi silently, and he smiled at her gently.

Su Xi's face was as usual, and he followed Ling Jiuzhe to the villa in front.

In the palatial European-style villa, neatly dressed servants waited in front of the door, waiting for them to enter, they immediately half-knelt down and took out slippers to change for the two.

Ling Jiuzhe kept holding her hand and stepped on the dark wooden floor and walked upstairs.

Through the living room and the long corridor, Ling Jiuzhe pushed open the door of the bedroom and led her in, the bedroom was very large, the floor was

covered with thick carpets, light blue wallpaper, carved large beds, exquisite crystal lamps, white gauze curtains were blown by the wind, and you could see the huge European-style balcony and black wrought iron railings outside.

Ling Jiuze took off his suit, put it on his arm, and said softly, "You can take a shower first, there are your clothes in the cloakroom, take a break, I'll be back soon."

Su Xi bowed, "I will take care of myself!"

"If you want anything, you can tell the maid, call me if you have something." Ling Jiuze leaned over and gave her a gentle kiss on the side of her face before turning and going out.

Su Xi walked to the balcony and soon saw the man out of the villa, Ming Zuo's car was still waiting on the boulevard outside the villa, and waited until Ling Jiuze got into the car and slowly left.

Standing on the second floor, the view of the manor is more distinct, a variety of villas of different styles are located in the forest, the villa she lives in is facing a natural lake, there is a hotel on the lake, four or five large cruise ships are docked by the lake, and further ahead is a meadow, opposite the meadow is the forest castle she saw before.

That Tang Boyuan just now was right, even if he lived for half a month, he couldn't go all over the manor.

Cloud City is surrounded by mountains and rivers, with beautiful scenery, and this manor is like a pearl embedded in the mountains and waters of Cloud City.

Su Xi sat on the balcony for a while, and the maid knocked on the door and came in, carrying black tea and fruit, asking her what else she needed?

Su Xi asked, "Is there ice cream?" The

maid smiled lightly, "Mr. Ling said, you can ask for anything, except ice cream."

Su Xi, "..."

After the maid retreated, Su Xi planned to take a bath, went into the cloakroom next door, opened the cabinet, and the whole row of clothes, all kinds of dresses, pajamas, underwear, were her size.

Next to the dressing table are various big-name skincare products and cosmetics.

Su Xi had been outside before, and then lived with her grandfather for two years, and then lived in Qingyuan for three years, and there was always someone to take care of her food, clothing, housing and transportation, but Ling Jiuze always gave her a different feeling with such considerate and meticulous care.

Choosing a set of white pajamas, Su Xi went to the bathroom to take a bath.

When it was almost noon, Ling Jiuze came back, and Su Xi was already asleep on the bed.

The sweet pursuit Chapter 180-Ling Jiuze sat on the edge of the bed, looked at it for a while, lowered his head and kissed her lips lightly, the breeze blew in, and the gauze curtain flew lightly, bringing a beautiful silence.

The man was wearing a black shirt, and Su Xi's skin was snow-white, and the two contrasted, abrupt and fit.

Su Xi quickly opened his eyes and looked at the man as if he was not awake, and his ignorant and pure appearance made the man couldn't help but deepen the kiss.

Su Xi stretched out his hand, hooked the man's shoulder, and raised his head in response.

For a long time, the man got up slightly, his long eyes were soft, "Are you hungry?" Take you to dinner.

Su Xi tilted his head and rubbed his arm, softly responding, "Hmm." Ling

Jiuze couldn't help but hook his lips when he looked at her soft and sticky appearance, kissed her on the hair soothingly, and got up to go to the cloakroom to find clothes for her.

Ling Jiuze picked a mint green light long dress, with a little puff sleeves, and the length of the ankle, generous and cute.

Su Xi didn't need makeup, just pulled his hair, changed his clothes, and went out with Ling Jiuze.

Lunch was in the manor's hotel, Tang Boyuan and Meng Wan were already waiting there, laughing in a low voice, seeing the two enter the door, Meng Wan immediately got up and came over, holding Su Xi's arm affectionately, "Fang Cai, I wanted to go to Miss Su, President Ling said that you were resting,

so I didn't bother."

Su Xi smiled lightly, "I'm sorry.

"Of course not." Meng Wan smiled charmingly, "I'm just very envious, President Ling is so considerate."

Tang Boyuan joked, "It's as if I'm not good for you."

Meng Wan snorted coquettishly, "It's not as good as me to you!"

Tang Boyuan shrugged and smiled, noncommittal.

Ling Jiuze saw that Su Xi did not like to be in close contact with people, and pulled away the chair beside him, "Sit here."

Su Xi left Meng Wan's arm and sat beside Ling Jiuze obediently.

The dishes are served one by one, both Chinese and Western, taking care of everyone's taste.

The maid came over to pour the wine, and Tang Boyuan squinted at Su Xi, "Pour Miss Su a glass too."

Ling Jiuze said in a warm voice, "No need, she won't drink."

Tang Boyuan raised his eyebrows, as if a little surprised, "Is it?"

Meng Wan said with a smile, "Then I will accompany Miss Su to drink juice together."

During

the meal, Tang Boyuan and Ling Jiuze talked about cooperation, Meng Wan kept serving him dishes, and thoughtfully put crab yellow in a white porcelain spoon, with a gentle face, coaxing the man to open his mouth and feed him like a child.

The two moved naturally, as if they usually got along like this.

Su Xi inexplicably remembered the scene on TV when the concubine fed the emperor.

She glanced at Ling Jiuze, wondering if she should also serve him dishes on this occasion?

With a spirit in his heart, Ling Jiuze turned his head and said in a low voice, "Just eat yours, don't worry about me."

After

that, he also sandwiched her a piece of spicy beef fillet that she liked.

Su Xi raised his eyebrows and simply ate his own meal seriously.

For what Ling Jiuze and Tang Boyuan said, I also occasionally heard some of them, they want to cooperate to develop an artificial intelligence project, and the third party is the German Merck family, the Germans monopolize the most important core technology, looking for partners in country C, and finally chose the Ling family and the Tang family in the capital.

But whether cooperation can be negotiated depends on this meeting.
