

Read Novel The Sweet Pursuit Chapter 18

The sweet pursuit Chapter 18-Su Xi left, Ling Jiuze happened to have something to do and took her back to the city center.

The two got along in such a closed and forced space, Su Xi was still a little uncomfortable, and turned his head to pretend to look at the scenery.

The car was on the asphalt road, Ling Jiuze looked ahead, and said quietly, "Shen Ming is pursuing you?"

"Huh?"

Su Xi looked back in surprise, but he didn't expect Ling Jiuze to know it.

"I saw him sending you flowers outside the gate of Jiang University that day." Ling Jiuze seemed to know what she was thinking and explained.

"Oh!" Su Xi nodded slightly.

Ling Jiuze Qingjun's hand held the steering wheel, the midday sun shone on the side of his face, and the halo outlined his well-defined jaw, handsome and dignified.

His voice was low, "Before you think about Shen Ming, I want to tell you one thing, he and Han Xiao are cousins, and Han Xiao's mother is his own aunt."

This made Su Xi a little surprised, so it was!

Ling Jiuze continued, "I don't know if Shen Ming is sincere in pursuing you, but I just feel the responsibility to tell you about their relationship, as for whether you agree to associate with Shen Ming, you can judge for yourself."

Su Ximei's eyes looked out the car window, and the corners of her lips curved slightly, "No need to judge, I think, he will never come to me again!"

"Huh?" Ling Jiuze didn't understand what she meant, and looked at the girl through the rearview mirror.

Her eyebrows and eyelashes are very dark, her lips are red and her teeth are white, and she has a makeup, at this time, the sun is shining on her face, and

her slightly baby fat face looks so soft and sticky, I want people to can't help but pinch it.

Su Xi didn't speak, just remembered something, and smiled happily.

She was in a good mood, and when she got off the car, she smiled and said goodbye to Ling Jiuze.

After buying two boxes of starry sky candies in the dessert shop next to the school, Su Xi took the bus back to Qingyuan Villa, and after getting off at Yunhai Road, gave Qingning a box of candies.

Back to the villa, reading books, playing games, amusing Baxi, an afternoon passed quickly, at six o'clock, Su Xi received a call from Sheng Yangyang, she was already on her way to the villa.

Half an hour later, Sheng Yangyang drove her red Porsche sports car outside the villa, saw Su Xi come out, took off his sunglasses and whistled at her, "Beauty, I haven't seen you again in a few days!"

Su Xi bent the corners of his lips and got into the car without changing his face.

Sheng Yangyang took out a bunch of handbags from behind and stuffed them to Su Xi, "My mother just came back from France today, these are all she bought for you, there are clothes, jewelry, bags, see for yourself."

Su Xi hugged her arms and said with a smile, "Thank your godmother on my behalf, but I usually don't need these, so my mother doesn't have to buy them in the future."

Sheng Yangyang turned the steering wheel and turned around, helplessly said, "I told her, I said that the whole GK is Su Xi's, does she lack you for this?" But my mother said that her own is different from someone else's! Anyway, she is to satisfy her desire to buy, you just accept it.

Su Xi's heart flowed warmly, and without saying anything else, he asked, "Where to go?"

"A friend opened a new restaurant, let me go to the scene, just to take you to eat delicious!" Under the sunset, Sheng Yangyang smiled brightly and openly.

The restaurant opened by Sheng Yangyang's friends is elegantly decorated in the city center, with a lot of traffic in front of the door.

After entering the store, Sheng Yangyang took Su Xi directly to the private room reserved in advance.

The boss is a strong woman about thirty years old, named Jin Dan, who was a senior sister of Sheng Yangyang when he was studying abroad, and the two have been in contact since returning to China.

Jin Dan knew that Sheng Yangyang was coming, came in to greet her affectionately, and helped them order signature dishes and wine.

The store was very busy, and people were constantly looking for Jindan, and she had to leave and instructed Sheng Yangyang to take care of Su Xi.

The waiter quickly came to serve the dishes, most of the dishes were seafood, excellent abalone, salted red snails, Boston lobster... The color and fragrance are all excellent.

The two chatted while eating, and naturally talked about Ling Jiuze.

Sheng Yangyang was very curious, "You have been to the Ling family so many times, Ling Jiuze still does not know the relationship between the two of you?"

Su Xi nodded calmly, "I don't know!"

Sheng Yangyang smiled, "This is interesting, you said that if he knew, what would be his expression?"

Su Xi remembered what he said that night in Tianyue Mansion, and sighed, "Maybe, he will throw me out directly!"

"So I let you sleep with him first, and strike first!" Sheng Yangyang's eyes were full of calculation, "With Ling Jiuze's figure and appearance, we don't lose!"

Su Xi raised his eyes to look at her, "Do you think Ling Jiuze is so easy to sleep?" The

first time was purely accidental.

Sheng Yangyang smiled and said, "Beauty, you have to be confident!" How about I teach you a few tricks?

"Don't!" Su Xi immediately said, "Those tricks of yours are passed on to men or not women, so let's use them on Lu Mingsheng."

Sheng Yangyang smiled brightly and enchantingly, "What tricks do I still need to use against him?"

Su Xi nodded thoughtfully, "It's all Lu Mingsheng's move." The

wine in Sheng Yangyang's laughing mouth almost spewed out.

Halfway through the meal, Lu Mingsheng called Sheng Yangyang, and Su Xi was afraid that they would talk about topics that were inappropriate for teenagers, so he got up and went to the bathroom.

She turned right through the corridor, and a man behind her came out of the side corridor, surrounded by several people, respectfully and carefully talking to the man.

The group walked outside the private room, and someone pushed open the door to let Ling Jiuze go first.

There were more than a dozen people sitting in the private room, and when they saw Ling Jiuze get up one after another,

"Brother Jiu!"

"Second Master!"

Everyone spoke out respectfully.

Ling Jiuze left Jiangcheng for three years, and the people who used to surround him were in awe of him.

Everyone in the private room was standing, only one person sat and didn't move, and he didn't even look at Ling Jiuze.

Zhao Tianhai next to him leaned over and smiled, "President Shen, this is President Ling."

Shen Ming only got up, put his hands in his pockets, and smiled lazily, "President Ling, long heard of the great name!" Ling

Jiuzhe walked to the seat opposite him and sat down, before he spoke calmly, "Fortunately!"

Everyone sat down, poured wine, played rounds, and set up the atmosphere, as if everyone was friends who had been reunited after a long absence.

Zhao Tianhai toasted and smiled, "I have long wanted to invite President Ling and President Shen to have a meal together, but today I am fortunate to invite the two of them, and the contemptible people will toast first." "

Shen Mingpi smiled and did not smile, "President Zhao said earlier, I will definitely arrive, after all, President Ling has just returned to China, we should have set a table for President Ling to receive the wind banquet a long time ago."

Ling Jiuzhe was overjoyed, "You're welcome, they're all acquaintances."

Shen Ming's smile was meaningful, "Yes, they are all acquaintances!" There is cooperation and competition between the Ling family and the Shen family, the Ling family is the master of Jiangcheng, and the Shen family is equally ambitious.

Shen Ming had heard of Ling Jiuzhe when he was abroad, and both of them were family heirs, and sooner or later there would be a contest.

Shen Ming was looking forward to this day, but by the time he returned to China, Ling Jiuzhe had already left.

He waited for three years, and Ling Jiuzhe finally returned.

Everyone also saw the undercurrent between Ling Jiuzhe and Shen Ming, and they all spoke carefully to maintain the atmosphere.

After all, they can't afford to offend either one.

.....

Su Xi washed her hands in the bathroom, and there were two people behind her who were touching up their makeup and chatting, among which the

woman in the blue dress smiled at the other person, “Yiyi, how the hell did you go to Shengyu?” The

woman in white looked gentle and lovely, and laughed softly, “It’s probably luck.”

“We are so good, you still hide from me!” The woman in blue laughed and said, “I heard that you were handpicked by Ling Jiuze and you got the gold brick.”

She lowered her voice and was ambiguous. “Tell me, how did you get into his bed?” ”
