

Read Novel The Sweet Pursuit Chapter 2

The sweet pursuit Chapter 2-In his hand was a hundred-dollar bill.

Pay afterwards, what did she take him for?

The man's face was grim, and he strode towards the balcony, and the window was really open.

The floor is high here, the third floor is equivalent to the fourth floor, how did she jump?

Is he that terrifying? Let her risk death to escape?

The wind blew in from the window, cool as water, but could not extinguish the evil fire in the man's heart, this woman not only humiliated him with a hundred yuan, but also jumped out of the window afterwards and fled... Don't let him catch it!

.....

Su Xi sat in the taxi and sneezed, and the driver looked over through the rearview mirror, "Little girl, are you okay?" It

looks so good-looking, it's drenched, and it's a matter of time when you look at it.

Su Xiwen smiled, "It's okay. The

driver smiled, "You are still a student, you must be more careful when you are alone."

"Well, thank you Master."

Su Xi answered, took out his mobile phone, and typed quickly, "Immediately destroy the monitoring records that I appeared around seven and nine o'clock in Tianyue Mansion, and completely smash them!" "

"ok!" The person on the other side did not ask anything, only followed the instructions.

The man's harsh words sounded again, and now, Su Xi no longer thought about the useless question of whether she should see Ling Jiuze today, and only wanted Ling Jiuze not to know that she had been here.

Getting off at Yunhai Road, Su Xi doubled the fare because he wet the back seat of the taxi.

Back at the villa, the maid Wu Ma was startled when she saw Su Xi's wet clothes, "Young grandma, what's wrong with you?"

"When I encounter a little situation, I go upstairs to take a shower first." Su Xi walked upstairs.

"I'll put water on my grandmother." Mother Wu didn't dare to ask more, and hurriedly went upstairs to prepare.

After a few minutes, Su Xi soaked in the warm bathtub, and his body gradually relaxed.

With some confusion in her head, she forced herself not to think about what happened at night, and buried her head in the water.

After taking a bath and changing into clean pajamas, when Wu's mother blew her hair, Su Zhengrong's phone just came in.

Su Xi's eyes cooled, and asked Wu's mother to go out first, and she walked to the balcony to answer the phone.

When the phone was connected, Su Zhengrong hurriedly asked, "Xixi, where are you, have you seen President Ling?"

Su Xi's tone couldn't hear the emotion, "Dad is worried that President Ling and I can't get along harmoniously, so he ordered some medicine to help the fun?"

Su Zhengrong was stunned, "What do you mean, drug?" Who to drug? I didn't!

"Nothing?" Su Xi hooked the corners of his lips, "Then Dad obviously made an appointment with Ling Jiuze's assistant at nine o'clock, why did he talk to me about seven o'clock?" The

other side of the phone fell silent, and Su Xi's heart sank, ready to hang up the phone.

"Heehee!" A voice suddenly came from the phone, and Su Zhengrong's voice was guilty, "It's wrong with me, I want you to go to see President Ling early, thinking that if you two stay alone for a while, he will not be so resistant to marriage."

He immediately asked, "What happened, what's wrong with you?"

Su Xi heard that Su Zhengrong's tone was a little genuinely concerned, and asked, "Is it really not you?"

Su Zhengrong immediately said, "Of course not, no matter how difficult it is, I will not use this subterfuge to calculate my daughter!"

Su Xi didn't speak.

Su Zhengrong asked cautiously, "Xixi, are you all right?"

Su Xi said lightly, "It's okay, I haven't seen Ling Jiuze."

Su Zhengrong did not dare to ask about the passage in the middle, and seemed to sigh, "No matter what, this matter is that Dad is sorry for you, and he will never let you see him in the future." If you don't want to live in a villa on the mountain, Dad will pick you up now.

Su Xi's voice softened slightly, "I've been living for more than two years, I don't care about staying for a few more months, dad don't worry, I still like it here."

This villa is Ling Jiuze's private property, and as soon as she got married, she moved over and lived there for nearly three years.

Su Zhengrong was relieved and said with a smile, "Okay, then stay for a few more months, and when the third year comes, I will personally pick up my daughter and go home." By the way..."

He paused and said, "This Saturday is your mother's birthday, go home." The last time you went home, what she said was not intentional, don't go to your heart, she already regretted it, but she couldn't bear to apologize to you.

Su Xi replied, "There is a class this Saturday morning, and I will go back by myself after the class."

"It's okay, call Dad if you have something."

Hanging up the phone, Su Xi thought for a while, and dialed another number to go out, "Yingying, prepare a set of the latest necklace earrings in spring, I will go over and pick them up in the past two days." Over

there answered, Su Xi put down the mobile phone, thinking of today's events, his mind involuntarily popped up in the dark.

The sound of the man's heavy breathing seemed to be right in his ears... She lay her arms on the stone railing, her head buried, and she couldn't tell whether she was annoyed or hateful.

At eleven o'clock at night, Ling Jiuze left Tianyue Mansion, and the assistant followed behind him and whispered back, "President Ling, I found out, it is Li Hai, the vice president of the Apocalypse, he originally wanted to drug the female companion he brought today, and the wine glass didn't know how to transfer it to President Ling's hand." Li Hai was frightened and had escaped from Jiangcheng overnight and went to Haicheng. Ling

Jiuze's inky Danfeng eyes were fierce, "Since you ran away, you should never come back!"

The assistant lowered his head, "Understood!" It

was already early in the morning when they returned to the Ling family's old mansion, the eldest couple of the Ling family went to London to hold an economic seminar, and the Ling family's parents also followed, leaving only their daughter and son at home, and they were all sleeping at this time.

Ling Jiuze went directly to the third floor, and after taking a bath, he sat down on the rattan chair on the balcony wrapped in a bathrobe, and touched a cigarette on the coffee table.

The cigarette butt spark flickered in the moonlight, Ling Jiuze's slightly wet ink hair hung at the corner of his forehead, and under the dark light, a handsome face was deeply contoured and handsome.

Inexplicably, he remembered the girl tonight, when he was in the bathroom, he noticed her uneasiness and was afraid that he would hurt her too quickly, so he kissed her for a long time.

He didn't move further until she responded, and she grabbed his arm and shouted his name in trepidation.

At that time, his nerves were already burned into chaos, so now that she thought about it, whether she called his name or not was in a trance.

Ling Jiuze felt out that one hundred yuan, the new version, was already soaked with water.

Now that mobile payment covers almost the whole country, who will carry cash with them?

Why did she appear in his room?

Who the hell is she?

Ling Jiuze was suddenly a little curious.

Picking up the mobile phone, Ling Jiuze dialed a number and went out, "Check it, the woman who jumped from the third floor tonight, find her!"

"Yes!" Assistant Mingzuo only receives orders and never speaks nonsense.

The next day, after class in the morning, Su Xi received a call from the counselor, asking her to sort out the materials she was going to apply for the scholarship and send them to the office.

Su Xi sorted it out, and before he passed, he received a WeChat from the counselor, [Su Xi, I have an urgent matter to go to the conference room on the ninth floor, you can take it directly.]

Su Xi returned to WeChat and walked in the direction of the office building.

There was a black Bentley parked on the green road outside the office building, and as soon as Su Xi was about to walk over, he saw a long and tall figure getting out of the car.

Su Xi looked at the man's side face and his heart jumped, and he subconsciously turned around.

The light had not been turned on last night, and Ling Jiuze might not know her, but she didn't know how to face it.

When the car drove away, the man also turned into the office building area, and Su Xi continued to walk forward.

Who knew that when he turned the corner and saw the man standing there making a call, Su Xi also stopped and pretended to look down at his phone.

When he looked up, Ling Jiuze had already walked away, Su Xi took a deep breath, a little puzzled, how could Ling Jiuze be here?

Entering the office building, the man was entering the elevator, Su Xi slowed down and waited for the elevator to close before walking over.

As soon as she put her hand on the elevator button, the elevator, which had been closed, opened again.

Su Xi raised his head, caught off guard, and faced the man's cold questioning eyes.
