The sweet pursuit Chapter 24-It was almost eleven o'clock when he returned to the villa, and Su Xi finished taking a bath, holding Baxi nest in the sofa to call Sheng Yangyang to report that he was safe.

By the way, I also asked how she and Lu Mingsheng were talking, did they quarrel?

The phone rang until he was about to hang up before he was picked up, it was Lu Mingsheng's voice, dark and low, "She may not be able to answer your call, is there anything that needs to be relayed?" Sheng

Yangyang's crying voice came from the phone, "Mingsheng!

Su Xi hung up the phone with a "poof".

Her cheeks were hot, and she couldn't help gritting her teeth, Sheng Yangyang, this color embryo that couldn't withstand the enemy's sugar-coated cannonballs!

.....

The next afternoon, when Su Xi returned from Ling's house, she received a courier, a large box, which was full of the jewelry clothes that Sheng Yangyang gave her last night.

Su Xi picked out a pair of earrings that did not look so eye-catching and planned to give them to Qingning, but when she went home on Monday, she passed the dessert shop, and the other clerks told her that Qingning had something to do and did not come to work.

At noon on Wednesday, Su Xi received a call from Ling Yihang asking her to meet.

Su Xi thought that something had happened, and took a taxi to a Chinese restaurant that the two had agreed upon, and there was a car of the Ling family parked outside the restaurant, and a bodyguard in a suit stood outside the car.

Entering the restaurant, Su Xi found Ling Yihang and asked in a cold voice, "What happened?" Ling

Yihang looked relaxed, "It's okay, don't be nervous, just treat you to a meal!"

Su Xi looked at him suspiciously.

"Really, what do you eat?" Ling Yihang pushed the menu in front of Su Xi.

Su Xi put down his bag and leaned on the back of the chair, "Say quickly, what the hell is going on?" Ling

Yihang put his hands on the table with a serious expression, "My second uncle doesn't seem to be very satisfied with you, and wants to dismiss you."
"Oh

!" Su Xi breathed a sigh of relief, she still thought why something serious.

This time Ling Yihang was puzzled, "Why aren't you in a hurry?"

"What's the rush?" Su Xi asked rhetorically.

Ling Yihang frowned, "You don't want to earn money to treat your grandfather?"

"Yes, but can I influence your second uncle's thoughts?" Su Xi picked up the water cup with a slightly helpless expression.

Ling Yihang said, "You can't, but I can, I can say good things for you and let the second uncle keep you!"

Su Xi looked at the little ghost in front of him, and suddenly smiled, "Are you asking me to help with something?"

Ling Yihang had an old tone, "Young man, don't be so powerful, there is no interest relationship between people, can't you help?"

Su Xi nodded thoughtfully, "You're right, it's me who is superficial!"

"But," Ling Yihang grinned, "I do want to ask you for a small favor for me."

Su Xi snorted coldly, with an expected expression, "Say, what the hell is going on?"

Ling Yihang leaned forward and said in a low voice, "I told you about you as if it were my own."

Su Xi's eyes narrowed, "It's an honor!"

Ling Yihang continued, "The teacher wants me to call my parents to school, you help me go!"

Su Xi raised his eyebrows unexpectedly, "You didn't do well in the exam?"

"How is that possible?" Ling Yihang sneered, and then showed a hint of weakness on his face, "I beat two classmates in our class!"

Su Xi frowned and looked at him, "You fought with your classmates, did you get hurt?"

"No, I have practiced boxing with my second uncle for so long, and it is more than enough to deal with them."

Su Xi breathed a sigh of relief, "Why fight?"

"Who let them bully?" Ling Yihang looked unhappy, "Just because Zhao Wenkai didn't let them copy the answers during the exam, they troubled him every day, and today he was still peeing his pants in the toilet, I couldn't look past it, so I started it!"

Su Xi was stunned, "You are seeing righteousness and courage, is the teacher asking you to call parents to commend?"

Ling Yihang looked at her unexpectedly, "Are you serious? "
