The sweet pursuit Chapter 31-Fortunately, Ling Yihang ran over and woke up Su Xi and avoided her embarrassment of being seen by Ling Jiuze.

The three went to the stable to pick up the horses.

Ling Jiuze and Ling Yihang both have their own fixed horses here, so only Su Xi needs to be temporarily selected.

She picked a pony and was ridiculed by Ling Yihang.

Su Xi is comfortable with ridicule, she likes to be under control of everything she does, the first time she rides a horse, she would rather ride a pony and be ridiculed by Ling Yihang, rather than choose a big horse and wait to lose people and suffer flesh and skin when she falls.

Ling Jiuze saw that she was firm in her mind and was not swayed by others, so she rarely showed a little appreciation.

The pony is very obedient, and she, who has never ridden a horse, is guided by a professional horse trainer, and can ride on it safely and drive it.

Ling Jiuze and Ling Yihang rode on their horses and waited for her, waiting until she was more skilled in riding before taking her with them.

The trio jogged along the roaming road, flanked by tall metasequoia with peach blossoms and cherry blossoms planted under the metasequoia.

At this time, it is the twilight of spring, the spring breeze blows, the fall is colorful, and when running fast, the petals hit the face, no pain, only a trace of itching, making people feel relaxed and happy from the inside out.

Ling Jiuze rode in front, and when he heard Su Xi and Ling Yihang behind him not knowing what to say, Ling Yihang let out exaggerated laughter.

He turned his head, the girl on the pony was wearing a white shirt, black suspenders, her hair was tied high, the sun jumped on her delicate features, her expression was not as restrained and modest as usual, but wanton and open, making her whole person exude a special brilliance.

Ling Jiuze felt in a trance that such a Su Xi was the real Su Xi.

The three rode for more than ten minutes before turning into an asphalt road with a villa at the end of the road.

English style, semi-wooden structure, triangular roof, delicate large smoke pipe, large floor-to-ceiling windows symmetrical on both sides of the wooden doors.

There is a small river in front of the villa, the water is gurgling and crystal clear, and walking along the path full of flowers is like walking into a fairy tale.

The maid knew that Ling Jiuze was coming, and had already set up the barbecue grill and prepared the fishing rod, bucket, and umbrella that Ling Yihang wanted...

A car drove up on the opposite road, Ling Jiuze glanced at it, and said to Ling Yihang, "Let's go fishing with your teacher, I'll talk about something, and wait to eat the fish you caught."

Su Xi said with a smile, "I will take care of Yihang."

Ling Yihang snorted coldly, "I don't know who to take care of whom!"

Ling Jiuze seemed to smile and walked towards the man who got off the car.

Su Xi glanced back, it was a white man, very tall, greeted Ling Jiuze cordially, the two talked a few words in English, and then entered the villa.

Ling Yihang was already fiddling with the fishing rod, "Let's compete, see who catches more fish?"

Su Xi bait his own hook, "What is the saying of winning or losing?"

"Do you adults have to bet? You can't think of something as simple. Ling Yihang looked at Su Xi mockingly.

Su Xi nodded, "Sorry, it's me who is superficial!" After

teaching Su Xi a lesson, Ling Yihang was very proud and threw the hook into the river hard.

.....

Half an hour later, Ling Yihang looked at the three fish jumping alive in Su Xi's tube, then looked at his empty tube, and threw down the fishing rod, "No fishing, it's not interesting!"

Su Xi lay on the recliner, half-squinting his eyes, calmly, "Young man, be calm." Being angry and corrupt will not make your situation any better! Ling

Yihang walked over and invited Su Xi with interest, "Let's have a water fight!"

Su Xi opened one eye, "Are you too bored?"

Five minutes later, the bored duo donned waterproof vests, one holding a water gun, looking at each other expressionlessly.

Ling Yihang sneered, "I'll give you three seconds to run!"

Su Xi also smiled, "What to do in three seconds, one second is enough."

With

that, a backflip jumped out, and a shot was fired at the same time.

The gun is loaded with a water bomb, the size of a glass ball, the range can reach five meters, and the water bomb bursts after hitting the person, which is not painful, but very exciting.

For the next half hour, Su Xi and Ling Yihang were shuttling through the woods, attacking or fleeing.

Ling Jiuze sent the guests away, and when he returned, neither of them was nowhere to be seen.

Hearing movement in the woods next to him, he walked inside.

Ling Yihang had just filled the water bomb and shot in Su Xi's direction, "Wait for the little people, come out and die!" Su

Xiben hid behind a camphor tree, and when she saw Ling Jiuze suddenly appear, she seemed to be in a trance, seeing that the water bomb was about to hit him, she pounced without thinking, hugged him, and blocked the water bomb with her back.

The sweet pursuit Chapter 32-Ling Jiuze stopped there, he was not frightened by Ling Yihang's sudden attack, but was startled by the girl who suddenly jumped out.

However, he did not immediately push her away, because he felt the girl's violent heartbeat, and looked down slightly, seeing that she was embarrassed, under her long wet eyelashes, her eyes flashed, and there was a trace of trepidation.

Su Xi saw the scar behind the man's ear again, it was already light pink, almost the same as normal skin.

For a full five seconds, Ling Jiuze didn't speak, waiting for the girl to breathe steadily, before he teased, "This is the first time you've thrown your arms and hugs?" Really want to be a second aunt? Su

Xi returned to reality from the trance, looked up sharply, and saw the unjustified ridicule in the man's eyes, his eyes were facing each other, and the man's ink eyes reflected the glow in the woods, which became a little darker.

She took two steps back, a blush flashed on her face, and explained forcefully, "I, I want to block it for you, but I use too much force."

Ling Jiuze looked at her dodging eyes, the corners of her lips were slightly hooked, until the roots of her ears were red, and then she slowly spoke, her voice was gentler and lower than usual, "Don't tease you, go play!" The

tone of the last few words was like coaxing a child.

Su Xi was embarrassed because of the rashness just now, and even a little flustered, did not pay attention to the man's tone, and pretended to turn around calmly.

As soon as she turned around, she suddenly smelled the fragrance, the smell of meat, and she suddenly raised her eyebrows.

Over at the villa, the maid had grilled the fish again, as well as marinated beef and venison taken from the restaurant.

Smelling the fragrance, Su Xi's uneasy mood was instantly calmed, and only hunger remained.

Ling Yihang went to fill the water bomb again, and showed off with Ling Jiuze, "Second uncle, I hit more and more accurately!"

Indeed, of the two of Su Xi and Ling Yihang, Su Xi was the most embarrassed, his hair was wet, his pants were also wet, and Ling Yihang's whole body did not have any traces of being hit by water bombs.

"That's me letting you!" Su Xi snorted with a smile.

"Let the second uncle be the referee, let's continue to play, I will hit you until you are convinced."

Ling Jiuze spoke, "Temporarily stop the battle, go to eat first."

Ling Yihang was also hungry, had no objection, and happily returned to the villa, teasing Su Xi all the way.

Ling Jiuze listened to the two bickering, looking at the back of the two and his eyes deepened, Su Xi did not hit, but hit Ling Yihang's waterproof vest.

The maid in front of the villa has already set up the dining table, the light gold tablecloth, the delicate bone china dishes, the blooming tulips, even if you eat a little casually outside, it is also exquisite to the extreme.

Su Xi went to the room to change clothes, and Ling Jiuze and Ling Yihang sat down and waited for her.

The chef brings the grilled fish and other meat.

Ling Jiuze looked at the three fish on the plate and asked Ling Yihang with a light smile, "Which one did you catch?"

Ling Yihang snorted disdainfully, "The fish in the river today are all male fish!"

Ling Jiuze raised his eyebrows, "What do you say?"

"Seeing that Teacher Su looks good, run to her!" Ling Yihang muttered.

Su Xi came out of the house and heard Ling Jiuze's low laughter, and after approaching, he asked, "What are you laughing at?" Ling

Jiuze said lightly, "Discussing the male and female fish in the river."

Su Xi, "..."

These two are boring enough!

Ling Jiuze smiled deeply, looked at her, the corners of his lips curved even more, and whispered, "Let's eat." The

two waited for her, waiting for her to sit down before starting to eat.

Ling Jiuze took a plate of venison, divided it into small pieces with a knife, and then divided it between Ling Yihang and Su Xi.

The sweet pursuit Chapter 33-Su Xi said thank you, thinking to himself, today he was stained with Ling Yihang's light, and was taken care of by Ling Jiuze like a child.

Ling Yihang also said thank you, thinking that he was stained with the light of Teacher Su, and his second uncle would be such a gentleman and take care of him like a child.

The three of them had their own thoughts, eating silently, maybe the surrounding environment was too good, maybe the chef's craftsmanship was great, anyway, Su Xi ate very satisfied.

When he was about to finish eating, Ling Yihang wanted to drink yogurt, and the maid answered the call to get it, and Ling Jiuze said lightly, "Take two bottles." Ling

Yihang and Su Xi talked in low voices, discussing whether to go horseback riding first after eating or play ball in the indoor hall, and it is said that there will be two horse races in the afternoon.

The yogurt was brought over, and the maid took a bottle and put it in front of Ling Yihang, and Ling Jiuze naturally put another bottle in Su Xi's hand.

.....

Originally, the discussion was very good, but after eating meat and drinking yogurt, Ling Yihang didn't want to move.

Ling Jiuze accompanied them to fish in the river, just right, eating a full meal should not be strenuous exercise.

The three people competed in groups, Su Xi and Ling Yihang in a group, Ling Jiuze in a group of himself, who lost the evening to invite dinner.

Time passed slowly, Su Xi's expression changed from fighting spirit to Buddhism, looking at the fish jumping alive in Ling Jiuze's bucket, and then at her empty bucket, and Ling Yihang who jumped up and down next to the bucket to cheer her on, she had already accepted her fate!

Ling Jiuze rarely had such a leisurely afternoon, and his deep eyes were much softer than usual, "Is this a result?"

Su Xi looked at Ling Jiuze, "Do you know that there is a kind of person called Wanshen God?" Where

Ling Yihang goes, where he declines, so he can't blame her at all if he can't catch a fish.

Ling Jiuze smiled lowly, expressed sympathy with his eyes, and then asked Ling Yihang, "Didn't you say that the river is full of male fish?"

Ling Yihang sighed, "Maybe after eating, it's changed shifts!"

Ling Jiuze didn't hold back and laughed again.

After catching fish, the three went to ride horses, Ling Jiuze personally taught Ling Yihang horsemanship, Su Xi couldn't keep up, and simply rode a pony on the edge of the grass.

When Ling Jiuze and Ling Yihang stopped to rest, they saw Su Xi sitting on a bench on the boulevard, and there was a boy standing next to her, who was talking to her with his head down.

The boy is dressed in a white riding suit, tall and handsome, even the horse next to him is white, plus Su Xi's outstanding face, the prince and princess who came out of the fairy tale.

Ling Jiuze glanced twice, looked away, turned his head and drank a large mouthful of water.

Ling Yihang was very interested, kept looking in Su Xi's direction, and asked his second uncle gossip, "That boy is pursuing Teacher Su?"

Ling Jiuze glanced at the two who were still talking, and said quietly, "Mr. Su is beautiful, and it is normal for someone to pursue it."

Ling Yihang laughed, "Second uncle also thinks Teacher Su is beautiful?" Ling

Jiuze looked frank, "Yes." Everyone

is beautiful, and his eyes are not blind.

Ling Yihang frowned, "But I don't want Teacher Su to fall in love." "Why?"

"I think the two of us are still quite temperamental, as soon as she falls in love, you have to hire me a new tutor, who knows what a new tutor looks like?" Ling Yihang lowered his head and said unhappily.

Ling Jiuze smiled lightly, "Then you can't delay people's lifelong events for your own sake."

Ling Yihang said with a smile, "If only my sister were a man, she and Teacher Su fell in love, and the two of them didn't have to run out on weekends."

"Put away your imagination!" Ling Jiuze scoffed, and his tone became serious, "Sit up straight, clamp the horse's belly..."

The sweet pursuit Chapter 34-The three of them spent an afternoon at the horse farm and left in the evening, and Ling Jiuze sent Su Xi back to Jiangda first.

Originally, Su Xi had to invite dinner if he lost fishing, but Ling Jiuze had something to do at night, so he made an appointment to invite it another day.

Along the way, Su Xi and Ling Yihang were talking about things in the horse farm.

Ling Jiuze drove silently, hearing the noise of talking behind him, he didn't feel bored, but had a very special feeling, not bad, making people feel comfortable.

The car stopped at the gate of the river, Su Xi and the two said goodbye and got out of the car.

She walked towards the school gate, and was greeted by a boy in sportswear who called her name and ran over excitedly.

Ling Yihang's eyes widened, "Isn't that the boy I met at the horse farm, they made an appointment to meet again so soon?" He

couldn't say the frustration, it's over, Su Xi is going to fall in love, and he is going to become mentally retarded like his sister.

Ling Jiuze didn't turn the steering wheel, he kept watching Su Xi and the boy come together, talking about something, and then the boy took out a cake, and Su Xi accepted it...

Ling Jiuze looked at the figure of the two standing together, the corners of his lips slightly hooked, this is what Su Xi should have in love at this age, his eyes are as deep as night, look away, turn the steering wheel, and quickly gallop away.

.....

The person who spoke to Su Xi was called Song Changfeng, and the two met in the horse farm, and after a few words, they knew that it was a classmate of Jiang University.

Song Changfeng is a junior student in the Department of Foreign Languages, learning French, and they are working on a project. Su Xi gave him some insights, and Song Changfeng suddenly opened up and solved the problem that had plagued him for many days.

Song Changfeng was grateful to Su Xi, and originally bought the cake to try his luck at school to see if he could meet Su Xi.

I didn't expect to really meet.

Su Xi accepted the cake he thanked him, refused the invitation to dinner, and took the cake back to Qingyuan Villa by car.

In the evening, Blue Eagle and Goshawk went online, the task was completed, all twelve million were received, and according to the old rules, all three were divided.

Su Xi asked the goshawk to rest for a while, and he would not take on the task recently.

.....

The following week, Su Xi prepared for an exam and rushed into the library every day after class.

Occasionally I will meet Song Changfeng, a sunny and handsome big boy, greeting her warmly.

I have also seen Ling Yinuo and Zhou Yang eating together, Zhou Yang thoughtfully brought chopsticks to Yinuo, and wiped the soup at the corner of her lips, sweet and sweet, completely in love.

Su Xi hoped that he had thought too much, and Zhou Yang might not really know the GK brand.

Soon it was Saturday, and Su Xi came to Ling's house on time, but did not meet Ling Jiuze.

At noon, when Su Xi was about to leave, Ling Jiuze came back from outside.

Su Xi first said hello and asked with a smile, "Is Mr. Ling free tonight?" Ling

Jiuze was about to go upstairs, but when he heard this, he stopped, his expression indifferent and distant, "Something?" The

man's coldness made Su Xi pause for a moment before he smiled lightly and spoke, "I lost to Mr. Ling for a meal before, if you are free tonight, I will invite you to hang with you."

"No thanks!" The man only dropped this sentence, did not explain, and turned upstairs.

She thought he was busy, but when the two met on Sunday, he still looked cold, which made her understand that their relationship was like this.

She thought that the two were also acquainted, at least the kind of greetings at the meeting, and now she knew that she thought too much.

She got off at the gate of Jiangmen as usual, took the bus to Yunhai Road, saw the dessert shop, and thought of Qingning again.

She hasn't been to the dessert shop for half a month.

Su Xi took out his mobile phone, found Qingning's number, and called her.

The phone rang four or five times, and Qingning's voice came, "Su Su?"

Su Xiwen said with a smile, "Why haven't you come to the dessert shop for so long, didn't you do it here?"

"Su Su!" Qingning's voice choked up, "I'm in trouble. "

The sweet pursuit Chapter 35-Su Xi's smile narrowed, and he asked in a deep voice, "What's going on?"

Qingning paused, as if controlling his emotions, before slowly speaking out the reason for the matter, "My father is a gambler, he has been gambling since I was a child, and he has been gambling until now. He hadn't been home for a month before, but he came back half a month ago and told us that he owed 300,000 yuan to the seller and wanted the house in the seller. My mother refused to hand over the house for half a month, just yesterday, those people arrested my brother, and now my mother and I are in a hurry to sell the house to raise money, and the debt collector said that he would see the money tonight, otherwise we would never see my brother again.

Su Xi frowned when he listened, "Did you call the police?"

Qingning's voice was full of exhaustion and helplessness, "My mother doesn't dare to call the police, and she won't let me call the police!"

"What about your dad?"

“He ran!” After saying this, Qingning couldn’t help it anymore, and whimpered and cried.

“Don’t cry!” Su Xi said lightly, “Don’t rush to sell the house, the house is sold, where do you and your mother live?”

“Over the years, I have saved 20,000 or 30,000 while going to school and working, but it is still too much worse. Our relatives were afraid of my father’s loan, and no one would believe us, and no one would lend money to my family again.

Su Xi did not expect that Qingning, who had always been optimistic, would have such an unbearable family behind him.

Not all parents can be qualified to call parents, and she knows this better than anyone.

“Qingning, don’t sell the house, I’ll figure it out for you.” Su Xi said calmly.

“You’re still a student, what can you do? You don’t have to be embarrassed, our house is old, but it is worth a little money. Qingning didn’t want others to worry about her, so she hadn’t looked for Su Xi even if she was desperate in the past half a month, and when Su Xi called today, she didn’t control it.

“Don’t you know that I am doing things in the Ling family? I can borrow money from the Ling family. Su Xi said.

Qingning was stunned, “Really?”

Su Xi’s tone was relaxed, “Really, three hundred thousand is small money for the Ling family, and it is easy to borrow.

Qingning immediately said, “Then you help me borrow it, I will give them an IOU, I will definitely pay it back!”

“No hurry, do you know where your dad often gambles?” Su Xi asked.

Qingning said, “I know, I went there before and had a big fight with my dad there.

“You send me a spot.” Su Xi’s voice was calm, “Then you go home first, and I will go with you to pay the money in the evening.”

“What do you want the position for?” Qingning questioned.

“Don’t worry, I won’t do anything stupid.” Su Xi laughed, “Take your mother home and listen to my news.”

Qingning listened to Su Xi’s calm voice, and his heart was much calmer, “Well, thank you, Su Su!”

“You’re welcome, we’re friends!” Su Xi said.

Qingning choked his voice and let out a heavy “um”.

Hanging up the phone, Su Xi sent a WeChat message out, “Qingying, help me do something.” ”

.....

At nine o’clock at night, Su Xi and Qingning appeared in the blue capital together.

Landu is a relatively large entertainment venue in S City, which is more civilian than Kaisheng, with varying levels of consumption, resulting in a mixture of fish and dragons here, and there will be transactions that cannot be put on the table in private.

After the two entered, they reported the private room number, and the waiter led them over.

The first time Qingning came to this kind of place, he saw a man in the corridor holding a woman and making out, and his nervous eyes didn’t know where to look.

“Don’t be afraid!” Su Xi held her hand.

Qingning nodded, with Su Xi there, his heart was much more secure.

The door of the private room opened, and the deafening sound wave wrapped in alcohol rushed in, and the people inside were singing and drinking, mixed with the laughter of women, and they were noisy and confused.

Seeing the two come in, the people in the private room turned a blind eye, shaking their heads, drunk and golden, what to do.

Qingning's hand holding Su Xi trembled slightly, and he subconsciously wanted to withdraw.

Su Xi raised his foot and kicked the door, and with a loud "bang", he finally made everyone in the room stop, except for a few who drank big and still shook unconsciously there.

The sweet pursuit Chapter 36-The man sitting on the sofa and holding the female publicist looked over, about forty years old, his body was hollowed out by wine, his eyes were in a trance, he glanced at Su Xi and Qingning, and asked with a grin, "Who is Wei Qingning?"

Qingning stepped forward and summoned up the courage to look at the man, "I am!"

"Brother Rong." The person next to him lit a cigarette for Li Rong.

Someone turned off the flash in the private room, the light returned to normal, and the scene in the room was clearer.

There were almost twenty men and women in the private room, and the men drank, their faces were red, and their eyes swept around Su Xi and the two without shying, full of bad intentions.

Among them, there were several female publicists, leaning in the arms of the men, looking at Su Xi, their eyes were like looking at two sheep that fell into the wolf's den.

Li Rong spat out a puff of cigarette and leaned on the sofa with his stomach shy, "Did you bring the money?"

Qingning looked at Su Xi.

Su Xi spoke, "I want to see Wei Jiangning before I give money."

Li Rong waved his hand, and the two little brother-like people got up and walked to the bathroom of the private room, and soon came out with a man, the man was tied hands and feet, and his mouth was sealed, seeing Qingning's desperate struggle.

“Brother!” Qingning shouted.

Li Rong pulled his sleeve, revealing a large gold chain the thickness of his fingers, and sneered, “The money is put down, and the people take it away!”

Su Xi reached into his pocket, but it was not a bank card, but a USB flash drive, and threw it on the table.

Li Rong squinted, “What is this?”

Su Xi said lightly, “It’s the monitoring of your venue, making fraud, playing tricks, all of which are clearly filmed, so Wei Linsheng’s money is not lost, he was deceived, and I won’t give you a single point!”

“You want to die!” A person next to him kicked Wei Jiangning, and Wei Jiangning screamed.

“Brother!” Qingning shouted, wanting to run over to protect Wei Jiangning, but was pulled by Su Xi.

Li Rong stared at Su Xi with a pair of triangular naked eyes, “How can you have our monitoring?”

“It’s not important.” Su Xi’s voice was cold, “Take out the IOU and release Wei Jiangning, otherwise I will call the police!”

“The hair has not grown, dare to play tricks with me!” Li Rong kicked on the marble coffee table in front of him, and the wine bottle and glass on it fell to the ground, and there was a chaotic sound of glass shattering.

Li Rongyou was fearless, his face trembling, “Don’t think about going out when you enter this room today, dare to call the police, I will immediately chop off your hands!”

Qingning’s shoulders trembled, and he tightly grasped Su Xi’s hand

Su Xi’s tone was calm, “So, I already called the police before I came, and the police will arrive in about ten minutes.” If the police come, I think it’s not just about gambling.

Su Xi swept at the few people lying twitching in the corner, meaning something.

Sure enough, as soon as her words fell, more than a dozen people in the room changed their faces, walked behind Li Rong, and stared at Su Xi with vigilant eyes.

“You really called the police?” Li Rong asked.

Su Xi opened the mobile phone call record to show him, the recent contact, impressive!

Li Rong’s face sank, “Dead girl, you definitely don’t know the consequences of playing clever!”

Su Xi put away his mobile phone, “Take out the IOU and release Wei Jiangning!”

Li Rong stared at Su Xi, his face gloomy and fierce, as if he was measuring.

Time passed minute by minute, and soon five minutes had passed, and the people around Li Rong couldn’t hold their breath, “Brother Rong?

Li Rong winked at the person next to him, “Bring a bottle of wine!”

The man immediately brought a bottle of white wine and placed it on the coffee table, and Li Rong took out two wine glasses from below and poured two glasses of wine.

“Let me let people go like this, without this rule, how will I mess with my brothers in the future?” In this way,” Li Rong pushed two glasses of wine forward, “you two girls, one glass of wine each, I will release the people after drinking!” The

wine glass was not large, almost two or two wines, Qingning immediately said, “I drink!”

Su Xi stopped her and looked at Li Rong, “I drink alone, you let the Qingning brothers and sisters go first.”

Li Rong looked at Su Xi and saw that she was not old, she should still be in school, and she looked very beautiful, but her eyes were cold and deep, as if she was used to seeing life and death, seeing through the ugliness of human nature, vicissitudes and calmness, not like a little girl.

He rolled his eyes under his thick eyelids, pouted and sneered, took out the IOU and tore it, and ordered the person next to him, "Release Wei Jiangning."

Wei Qingning immediately ran over and picked up his brother, but the two refused to leave, "Su Su, I'll drink, let's go together!" "

"Su Su!" Qingning was about to cry.

"Go outside and wait for me." Su Xi's voice was calm.

Qingning choked and nodded, "I'll just wait outside!"

Li Rong suddenly spoke, "It's okay to let them go, you drink Wei Qingning's wine first!"

Su Xi did not hesitate, picked up the wine glass and drank it.

Wei Qingning wiped the tears from his face and walked out quickly with Wei Qingjiang in his arms.

When the door closed, the others immediately surrounded Su Xi, and the private room was silent, and the lights seemed to be a little dim.

Li Rong grinned and said, "You little girl is moral, bold enough, and a glass of wine, drink it!"

The other men were coaxing, looking at Su Xi, like looking at a lamb waiting to be slaughtered on the board, they already smelled the smell of meat and couldn't wait to rush up.

Li Rong smiled, showed his yellow teeth, picked up the glass of wine, and handed it to Su Xi with bad intentions.

Su Xi looked at him, her eyes turned cold, "poof", all the wine she drank just now sprayed on Li Rong's face, and at the same time she had reached out, grabbed Li Rong's clothes, and threw them out like sacks.

“Ugh!”

For a while, the screams, bones breaking, and glass shattering were all closed in the private room by a door, and the lights outside the private room were still red and green, drunk and singing.

.....

Ten minutes later, Su Xi left the private room, and whose blood was stained on her coat, she took off and threw it into the garbage bin, wearing only a T-shirt and walked out.

Su Xi met Qingning who was about to enter at the door, Qingning saw her, the panic on her face turned into surprise, and cried, “Su Su, are you okay?”

Su Xi said that the police would arrive in ten minutes, but they never came, and she did not dare to wait any longer, intending to go in to find her.

“It’s okay, where’s your brother?” Su Xi asked.

“I took a taxi and asked the driver to take him home.” Qingning said eagerly, “Did they embarrass you after we left, your clothes?”

“I couldn’t go home after being drunk, so I threw it away!”

Qingning lowered his voice and asked, “Didn’t you call the police?” Why didn’t the police come all the time?

Su Xi said, “I didn’t fight!”

Qingning was even more puzzled, “Then the call record of your mobile phone,”

Under the

street lamp, Su Xi’s eyes were as clear as promised, and she smiled lowly, “It’s actually a call record with you, I changed your name to Demon Spirit.”

Qingning’s eyes widened all of a sudden.

Su Xiwen smiled, “You are about to graduate and look for a job, you can’t call the police!”

Qingning wet her eyes, she understood what Su Xi meant, if the police called the police and the police chased this matter deeply, her father would definitely not be able to escape, maybe there would be a criminal record.

She had just graduated, and her father's case would have completely ruined her.

Su Xi thought of everything for her.

A gust of wind blew and Qingning choked.

"The matter is settled, you should also hurry home, your mother is still waiting for you!" Su Xi patted her shoulder.

"Su Su!" Qingning held Su Xi's hand, tears in her eyes, and the words of gratitude were blocked in her throat, feeling that it was too light to say thank you.

"Let's go!" Su Xi pushed Qingning, "Go home and see your brother!"

Qingning sobbed and asked, "How do you get home?"

"I had a friend passing by here in a while, and she took me back." Su Xi brushed up the scattered broken hair, his eyebrows were delicate and immature, and he was completely like a student.

"Well, then I'll go, send me a message when you get home." Qingning shook the mobile phone in his hand, got into the taxi, and waved with Su Xi in the car.

Watching Qingning leave, Su Xi's face faded a little, and his brows wrinkled slightly.

Her body was a little wrong, her body was weak, her heart was beating fast, and she seemed to break her chest and jump out.

The sweet pursuit Chapter 38-She was afraid that there was something wrong with Li Rong's wine, so she didn't dare to swallow it at all, but she didn't expect that after a while, she actually caught the way.

She was afraid that she would faint at any time, so she did not dare to take a taxi, walked to the small garden across the road, sat on a bench, and took out her mobile phone to call Sheng Yangyang.

When she took out her mobile phone, her eyes were already in a trance, and she reluctantly opened her mobile phone and looked for Sheng Yangyang in her contacts.

Behind him was the noisy sound of singing and dancing, in front of the noise of the car, the light above his head was on the mobile phone, and Su Xi's eyes were dizzy.

She didn't panic and was calm all the time.

But when the phone dialed, Sheng Yangyang never answered.

Su Xi's palms began to sweat, sticky and greasy gripping the phone, she took a deep breath to keep herself awake.

The phone rang until the last time, and it was connected over there.

Su Xi breathed a sigh of relief and immediately said, "I'm in the small garden opposite Landu on Beijiang Road, come and find me right away!"

After

saying this, she was already out of breath, hung up the phone, and leaned on the back of the chair to wait quietly.

Sheng Yangyang will come soon!

On the other side of the phone, Ling Jiuze sat in Kaisheng's private room, looking at the phone and stunned for a moment.

Next to him, Jiang Chen poked his head over, raised his lips and smiled, "Who called?" Ling

Jiuze suspected that he had received the wrong call, and Su Xi would actually talk to him in a commanding tone, drunk? Playing a big adventure?

The sound sounds a little wrong.

Ling Jiuze picked up the suit jacket on the armrest and said quietly, "There is something, you guys play, I'll take a step first!"

Everyone got up and asked what was wrong.

Jiang Chen said with a lazy smile, "You are not interesting enough, you haven't gathered with everyone for so long since you came back, it's so easy to come today, and you want to leave without sitting hot in your ass?"

Ling Jiuze smiled lightly, "It's really something, everyone can play casually today, and the bill is credited to my name!"

Jiang Chen scoffed, "Who seems to lack money?" Okay, let's go, it's my home stadium next!

Ling Jiuze patted him on the shoulder and said seriously, "Take your time!"

"Don't worry!"

The two said and laughed a little, and Ling Jiuze drove by himself and sped towards Jiangbei Road.

.....

Su Xi looked at the time, fifteen minutes had passed, her body was getting hotter and hotter, and the infinite emptiness was about to devour her.

Just now, a couple walked by here, probably saw that something was wrong with her, and asked her if she needed help?

She struggled to remain calm, saying she was waiting for someone.

At this time, except for Sheng Yangyang, she did not trust anyone.

Her head was buried in the crook of her arm, her palms were about to be snapped, and the pain kept her awake for a moment.

"What's wrong with you?"

A familiar sound suddenly came out in his ears, Su Xi thought that he had misheard, and slowed down for a beat, before slowly raising his head, and then saw the man's eyes as deep as night.

His eyes are really dark, like the deep abyss, wrapped in the stars and the waves, as if to lure you closer, and will swallow you when you are unguarded.

Su Xi was caught off guard, the heat in her body was surging, and she couldn't help but snort softly, she immediately bit her lower lip, as if she was fighting against the enemy in her body, gritting her teeth and refusing to give in.

However, her appearance fell in Ling Jiuze's eyes, but it was a different scene.

The girl sat on the bench with her knees hugged, tilted her head slightly, under the dim light, her eyes were watery and charming, her face was pink, she bit her lower lip, she wanted to talk back, and she looked at him burningly...

When he found her just now, he saw her curled up in the bench, and he shouted twice, but she didn't answer.

He had to approach, half-crouched down and asked her what was wrong, but he didn't expect it to be like this!

Really drunk?

"Su Xi?" Ling Jiuze shouted again, "Are you still awake?" "

The sweet pursuit Chapter 39-"You, You " Su Xi suppressed the clamor in her body, and it was difficult to speak, but she seemed to be trapped in a dream, and the more she wanted to say it, the more she couldn't say it.

Ling Jiuze leaned over slightly and moved closer to her, "What did you say?"

"You, go!" Su Xi's voice trembled, she was afraid that she would not be able to control herself and pounce on the man.

Why is he here?

Why hasn't Yang Yang come yet?

What did Li Rong put in the wine, she only held it for a while, and it would be like this.

Ling Jiuze looked sideways at the girl, and when he got closer, he found that the girl was wrong, and his eyes narrowed slightly, "You're not drunk, you've been drugged?"

"Don't, you care!" Su Xi's face was calm, but the words he spoke were weak.

"Don't make trouble!"

The man drank in a deep voice and reached out to touch her face.

Su Xi wanted to hide, but his body was uncontrollable, and he fell headlong into the man's arms.

Ling Jiuze didn't think about it, reached out to catch her, and saw that she had her eyes closed, she was already in a semi-comatose state, her body was hot, and she was clearly eating something unclean.

His deep eyes swept over the brightly lit Landu opposite, a coldness slipped across his face, and he picked her up and strode out.

Putting the girl in the back seat and fastening the seat belt, Ling Jiuze took out his mobile phone and called the private doctor in the old house.

Dr. Wang listened to the situation described by Ling Jiuze and asked carefully, "Do you know what you eat?"

Ling Jiuze glanced back at Su Xi, who was twisting in the back seat, obviously she couldn't answer, so she said quietly, "I can't be sure."

"There are only two solutions to this situation, one is sex and the other is to go to the hospital to wash the stomach." However, gastric lavage is generally before the onset of the drug, and I am afraid that it will have no effect now.

"Will it die?" Ling Jiuze asked in a calm tone.

Dr. Wang replied, "There have been death records abroad, depending on how much she ate.

Ling Jiuze was a little irritable, "Apart from sex between men and women, is there any way to make her not suffer so much?"

Doctor

Wang was silent for a moment and said calmly, "Flush cold water!"

“Hmm.”

Ling Jiuze hung up the phone, thought about it, started the car, and quickly drove into the traffic.

Landu

The front desk manager knocked on Shen Ming's private room, and after entering, he said in a low voice, “President Shen, something happened!”

Shen Ming's fox eyes were half-drunk, and he asked lazily, “What happened?”

“There is a private room where everyone has been beaten,”

Shen Ming looked at the end of his eyes, “There is also this kind of thing, let me see who dares to spread wild on my territory.”

He got up and walked out, and Sun Cong and several people followed.

Ordinary private room, An guarded outside the door, Shen Ming pushed the door in, saw the people lying on the ground, frowned slightly, and was ruthless enough!

Sun Cong was also taken aback and asked, “How many people came?” “

Can knock a room full of people down!

The lobby manager frowned, “It seems that it is alone!”

“Alone?” Sun Cong's eyes widened.

Shen Ming also felt puzzled, and found someone in a bunch of people who could still speak, and asked him what was going on?

The man stumbled and said something roughly.

Later, Sun Cong listened even more incredulously, “Is it still a woman who beats people?”

At this time, the lobby manager also downloaded the monitoring and showed it to Shen Ming, “It should be her!”

Shen Ming looked at the familiar faces in the surveillance, a flash of surprise flashed in his eyes, and he smiled again.

The sweet pursuit Chapter 40-The manager found some pink pills and white powder in the room and showed them to Shen Ming, “President Shen, call the police?” Li

Rong, who was lying on the ground and his head was smashed by a wine bottle, stumbled up, “Don’t call the police, don’t call the police!”

He himself is more afraid of the police than anyone!

“Call the police!” Shen Ming coldly spoke, and kicked Li Rong into the air again, “The smelly fish fell into the water, me all over my body, dare to take medicine here with me, and find death yourself!” The

manager spoke carefully, “Then I’ll hand over this monitoring later,”

“Ruined!” Shen Ming interrupted him, ordered quietly, and pointed to the girl in the surveillance, “As long as the picture she appears, it will be destroyed, and the police will say that the Internet is disconnected.”

The manager didn’t know why Shen Ming did this, so he only did it.

Shen Ming casually called a waiter again, “In a while, you will follow to the police station to give a witness, just say, see that these people in the house are drinking and drinking, and their own people are fighting because of the uneven sharing of the loot, understand?” The

waiter immediately nodded, indicating that he understood.

These people usually do nothing but good things, and when they enter the police station, they only check the things they did before, which is enough for the police to be busy for a while.

Before Shen Ming left, he glanced at the group of people wailing in the room, and the little girl in his heart was ruthless, and thought of the last time he was beaten, he couldn’t help but be happy, it seems that she has mercy for her subordinates!

Back in the private room, Shen Ming asked the manager to transfer the video of Su Xi's departure to his mobile phone.

He looked at it twice, his face was full of interest, when she left after beating people, she looked calm, took off her coat while walking, and threw it into the trash casually, looking particularly handsome!

If the two didn't have a feud, he really wanted to make friends with her!

But I helped her so much, I have to think about how to get her back!

.....

Ten minutes later, when Ling Jiuze took Su Xi off the car, he only felt that her body was soft as if she had no bones, and her body was hot and scary.

Entering the elevator, Su Xi seemed to have a little consciousness, but it was better not to, at this time, she was like a little beast that had been starved for a day and a night outside, threw herself into the arms of the mother beast, and asked for milk to eat.

Ling Jiuze pressed her tightly, pinched her face with his fingers, and said in a deep voice, "Bear with me, otherwise I will throw you out!"

Su Xi's eyes were confused, and he blinked aggrievedly, and then lay limply on his shoulder.

Ling Jiuze inhaled secretly.

The elevator for tens of seconds, as if tens of minutes long, the elevator is silent, only the slight, rapid breathing sound is particularly eye-catching.

Both are restrained!

Su Xi was restraining himself from hungry wolves to pounce, and Ling Jiuze was restraining himself from throwing Su Xi down.

The elevator stopped on the thirty-first floor on the top floor, Ling Jiuze strode out, entered his fingerprint into the door, did not turn on the light, and kept entering the bathroom under his feet.

"Boom" cold water rushed down, Su Xi hit a spirit, looked at the man stunned, only to feel that cold

water came down from the top of her head, poured into her facial features, and could drown her at any time.

She breathed heavily and hugged Ling Jiuze like a life-saving straw.

The cold water made her consciousness a little clearer, her eyes were facing each other, in addition to embarrassment, there were some inexplicable emotional vines growing and spreading.

Su Xi couldn't stand on her own, Ling Jiuze held her waist, accompanied her to flush cold water, her voice was through the sound of water, and she was in a low trance, "Is it better?"

Su Xi inhaled heavily, and the heat of his body was slightly relieved by the cold water, but thousands of insects were like giving birth to in his bones, surging out one after another, drilling in the bone crevices, looking for the coolness outside.

She shuddered, suddenly remembering that night, the same thing, the same scene, the same person, only replaced by the fact that she needed him.

The picture of that night flashed clearly in her mind, making her even more impatient, she could help him, why couldn't he help her?

She hugged the man tightly and pressed her whole body to it.
