The sweet pursuit Chapter 51-Hua Ying glanced at the necklace around Chen Yuan's neck again, and she smiled slowly, "Is Mrs. Su misunderstood, I don't know this Miss Su."

"Huh?"

There was a stunned cry from the crowd, and then they all fell silent, looking at Su Tong with different eyes.

Su Tong lowered his head tightly, pulled Chen Yuan, and said in a low voice, "Mom, I'm not comfortable, let's go home first!" The

smile on Chen Yuan's face froze, and her eyes flickered, full of doubts.

Mrs. Zhang immediately said in a harsh voice, "Don't know? How is that possible? Just now, Miss Su also said that she knew Miss Hua, and the necklace given to Mrs. Su was also ordered from Miss Hua. Could it be,"

she deliberately showed an incredulous expression, "someone is lying?"

Hua Ying smiled at the corner of her lips, and her eyes were cold, "I really don't know."

Mrs.

Zhang let out a sneer, "Oh, that's interesting." Friends are fake, necklaces can't be fake, right?

Hua Ying spoke lightly, "Is it the necklace worn by Mrs. Su?" The necklace is real, and it is indeed a Miss Su who ordered it from me, but not this Miss Su. At the

end of the words, Hua Ying bowed to everyone, "I still have business, take a step first, everyone has a good time!"

"Miss Hua, goodbye!"

"Goodbye!"

Everyone said goodbye to Hua Ying, and then looked back at Chen Yuan's mother and daughter's eyes changed, Fang Cai also envied Chen Yuan for giving birth to a smart daughter who could draw, and marveled that Su Tong knew Hua Ying, and the envious eyes turned into contempt and ridicule.

Mrs. Zhang put her hands around her chest and did not hide her schadenfreude, "This person, it's better to keep a low profile, especially if you don't have that strength, so as not to be punched in the face, it's too ugly!"

"That's it, at a young age, it's so vain!"

"Fortunately, Miss Hua came, so we weren't fooled!"

"Let's talk less, everyone!"

Chen Yuan's face was ugly, especially in front of her nemesis, Mrs. Zhang, which made her even more angry, she pushed Su Tong hard and scolded lowly, "Don't leave yet, is it a shame to stay here?"

After

that, he stepped on high heels and walked downstairs quickly with a calm face.

Su Tong followed with tears in her eyes.

The banquet also did not participate, and Chen Yuan directly took Su Tong home.

Today and Saturday, Su Zhengrong did not go to the company, was practicing at the desk in the living room, saw the two enter the door, smiled and looked up, "It's not to attend the birthday banquet of the old lady of the Fang family, why did you come back so soon?"

Chen Yuan sat on the sofa with her butt on her butt, her face tensed, and she didn't say a word.

Su Zhengrong then realized that something was wrong, walked over, saw Su Tong standing aside, his face was blue, and hurriedly asked, "What's wrong?"

His words fell, and Su Tong cried out with a "wow".

Su Zhengrong was startled, and Chen Yuan next to him threw the pillow towards Su Tong, and shouted angrily, "You are still crying, you still have a face to cry!"

Su Tong did not dodge, was smashed by the pillow, cried even harder, covered his face with his hands, and trembled all over.

Su Zhengrong grabbed her shoulders distressedly and said in a deep voice, "What happened?" "

The sweet pursuit Chapter 52-Chen Yuan grabbed the necklace around her neck and pulled it hard, threw it on the coffee table, and gritted her teeth, "She said she bought this chain, and said that she knew Hua Ying from GK, but today in front of so many people was debunked, my face was lost by her!"

Su Zhengrong looked at the diamond necklace on the coffee table and frowned, "Isn't this what Tongtong gave you on your birthday?"

Chen Yuan raised her hand and pointed at Su Tong, "You ask her!"

Su Tong choked with a crying convulsion, lowered her hand, her face was full of tears, she looked at Chen Yuan with teary eyes, "I'm sorry, mom, I'm sorry!"

Su Zhengrong frowned, "What the hell is going on?"

Su Tong sobbed, "The necklace was given by my sister!"

Su Zhengrong was stunned, and Chen Yuan was also stunned, "Su Xi?"

No wonder Hua Ying said that the person who ordered the necklace with her was also surnamed Su, and it turned out to be Su Xi!

Su Zhengrong sank his face and said positively, "Tongtong, this is what is wrong with you, since it was sent by your sister, why do you say that you sent it?"

Su Tong cried breathlessly, "I'm not vain, I'm not trying to lie to you, I'm just, scared!" I was afraid that my mother would not like my gift when she saw that my sister gave such a beautiful necklace, and I was even more afraid, my parents did not like me and did not want me!

"Mom and Dad, I'm really scared of losing you!"

She covered her face and squatted down, crying bitterly, as if she had been depressed and suffocated for a long time, and today she finally took advantage of this incident to speak everything in her heart.

Chen Yuan was originally still angry because Su Tong lied, but at this time, she seemed to suddenly wake up, it was because since they recognized Su Xi, Su Tong had been insecure, so she lived so carefully.

The anger dissipated, only distressed, Chen Yuan walked over, hugged Su Tong, and said with pity, "Silly child, how can I not like you?" Su Xi is our daughter, and you are also our daughter!

Su Tong immediately hugged Chen Yuan and cried out, "Mom, I'm sorry!" I lied and embarrassed you, and when I earn money in the future, I will also buy you the best necklace.

"I'm not as good as my sister, not as good as my sister will make money, do you still like me?"

Chen Yuan hurriedly comforted her, "Of course I like it, you are your mother's heart, and you are not allowed to say such stupid things in the future."

"Mom, I will never lie to you again in the future, you forgive me!" Su Tong threw himself into Chen Yuan's arms.

The mother and daughter were half-kneeling on the carpet, holding their heads and crying, comforting each other for a long time.

Su Zhengrong looked at the mother and daughter on the ground who had a very good feeling, and his heart was very comforting, but he always felt that something was wrong.

Where?

It took a full hour for Chen Yuan to calm Su Tong from crying and sent her back to her room to rest for a while.

When she came out, Chen Yuan's eyes were still swollen, and Sister-in-law Zhang took an iced towel to give her a cold compress.

"I really don't know, Tongtong is so angry in his heart!" While speaking, Chen Yuan burst into tears again.

Su Zhengrong poured water for her, soothed a few words, remembered Su Xi, and said in a low voice, "We also owe Xixi."

Chen Yuan suddenly thought of what Su Tong said, she didn't have Su Xi to make money...

Yes, the GK limited edition necklace is so expensive, or is it a complete set, at least more than a million, where does Su Xi get so much money?

She chuckled in her heart, her face had sunk, and asked urgently, "Where has Su Xi lived for more than two years, what do he usually do, and he won't do anything unseemly!"

Su Zhengrong was stunned for a moment, his face was ugly, "What are you talking about?"

"Then how could she have the money to buy GK's necklace?" Chen Yuan questioned.

Su Zhengrong originally wanted to tell the truth, but thought that the marriage with the Ling family had been dissolved, and if he said it, he would bother to explain, so he simply concealed it to the end, and only said, "It's the money I gave Xixi." "

The sweet pursuit Chapter 53-Chen Yuan's eyes widened, "Why did you give her so much money?"

Su Zhengrong said, "We owe her so many years, it's not easy for her to be a girl outside, what's wrong with me giving more money?" That's not all you give Tongtong to buy clothes every year.

Chen Yuan looked away with a weak heart, "I'm afraid that she will have money in her hand to spend indiscriminately and learn badly."

"She didn't spend it indiscriminately or learn badly, but saved all her money to buy you a birthday present." Su Zhengrong snorted, got up and left.

Chen Yuan felt a little bad in her heart, she couldn't tell what was going on, she was very irritable.

.....

Su Xi finished the lesson for Ling Yihang, and Sheng Yangyang went to her private styling room to change her clothes at the gate of the river before going to the birthday banquet.

On the way, Su Xi received a call from Hua Ying, and Hua Ying briefly explained what happened at Fang's house today.

Su Xi let out a "hmm" to indicate that he understood.

Hung up the phone, Sheng Yangyang asked her something.

Su Xi told Sheng Yangyang's words to Hua Ying, and Sheng Yangyang directly burst into foul language, "Shameless things, you deserve to throw your cheek on the ground and be trampled on!" I said before that your sister is not a good thing, otherwise your own mother would not be so cold to you in recent years!

After

speaking, he snorted coldly, "We are not rare, holding a white lotus flower as a baby, sooner or later there will be a day she regrets!"

Su Xi remembered the last time he returned to Su's house, his eyes were as cool as water, and he turned his head to look out the car window.

When the two arrived, Mrs. Sheng was waiting for the two outside.

As soon as the car stopped, Mrs. Sheng pounced and hugged Su Xi, "My Bao'er, my mother hasn't seen you for a long time, you have become beautiful again!"

She looked at Su Xi, and the more she looked, the brighter her eyes became.

The small dress that Su Xi wore today was chosen by Sheng Yangyang, with a black velvet knee-length skirt with a little puff sleeves, showing half of his shoulders, showing cute and little sexy, and participating in this semi-formal banquet is not ostentatious or rude.

Su Xi is already delicate, and today she pulled up her hair and put on a little light makeup, which is beautiful and beautiful.

She doesn't like to be intimate with people, but every time she meets Mrs. Sheng, she doesn't have a problem.

Su Xi turned his head to look at Sheng Yangyang for help, and Sheng Yangyang leaned against the car door, only gloating and laughing.

Sheng Yangyang was kidnapped when he was twelve years old, and the robbers wanted to blackmail the Sheng family, but met Su Xi halfway.

Su Xi directly followed the robber's car to their old den, beat the four people to their knees and begged for mercy, and saved Sheng Yangyang.

The Sheng family regarded Su Xi as a lifesaver, and despite the opposition of the Jiang family who adopted Su Xi at that time, they directly recognized Su Xi as a righteous daughter and asked Su Xi to call her godmother.

also sent Sheng Yangyang to the Jiang family to learn the kung fu of self-protection with Su Xi, Sheng Yangyang stayed in the Jiang family for a summer vacation, did not learn kung fu well, but became lifelong friends with Su Xi.

Mrs. Sheng and Su Xi made out for a while before taking the two to the birthday banquet.

Entering the courtyard, Mrs. Sheng said with a smile, "Upstairs are a group of noisy women, not suitable for you young people, you two go to the wine banquet on the first floor to eat and drink, and after the banquet in the evening, let's go to the hot spring together." Sheng

Yangyang lacked interest, "What's so fun about eating and drinking, I heard that today the Fang family who is performing a big drama of fighting for property, let's not go up to see, isn't it for nothing?"

"What's so good about this kind of thing, well, you take Xi Bao'er to eat delicious, and I'll tell you about it when you turn back with a big drama." Mrs. Sheng pushed Sheng Yangyang and solemnly instructed, "Look at Xi Baoer!"

Su Xi, "..."

Because when she first came to Jiangcheng, she didn't know anything about this place, and even some people didn't understand the world, so until now, Mrs. Sheng treated her as a child.

"Got it!" Sheng Yangyang waved his hand impatiently, holding Su Xi's arm and walking towards the banquet on the first floor.

The sweet pursuit Chapter 54-The first floor is a Western-style wine banquet, most of the people who come here are young people, there is soothing music playing in the hall, some people are dancing, some people are drinking and chatting, some people notice here at the door, their eyes flashed with amazement, and immediately asked their companions who is the girl in the black dress who just came in?

Su Xi was not used to wearing high heels, and as soon as he sat on the sofa, he didn't want to move anymore. Sheng Yangyang knew that she liked sweets, so she took a portion of each dessert, and finally brought a large plate on the coffee table in front of her, as well as two cocktails.

Su Xi only ate something in the gap between makeup at noon, and now she is hungry, she takes care of eating by herself, she is not fast, but she also quickly finished half a plate of pastries.

She ate seriously, as if she had come to eat, and did not mind the strange eyes of others at all.

When she was almost full, she reached for the cocktail next to her and saw a man in white leather shoes and a gray plaid vest standing in front of her.

The man looked very young, his hair was meticulously combed, and a pair of slightly raised peach blossom eyes looked at Su Xi, seeing her look over, he immediately thought he was handsome and smiled, "This young lady, do you mind if I sit here for a while?" There

were still many empty seats around, apparently he deliberately approached Su Xi.

Su Xi's face was light, "Mind." The

man was startled, and then smiled even more greasy, "Miss, don't be too guarded, I just see that Miss is lonely and sit with you for a while."

Su Xi's tone was serious, "I'm not lonely.

Man, "..."

He was thinking of another reason to talk, when he heard a sneer behind him, "I heard that Li Er Shao is pursuing Miss Su family, why did he come here to hook up again, is it Su Tong who doesn't pay attention to you?"

Li Jing turned his head abruptly, and seeing that it was Sheng Yangyang, he immediately showed an embarrassed smile, "Miss Sheng!"

Sheng Yangyang is famous in the upper-class celebrity circles for her poisonous mouth and temper, and these sons and brothers also scare her, and no one dares to provoke her usually.

"It turned out to be Miss Sheng's friend, faux pas!" Li Jing smiled and slipped away.

Sheng Yangyang put two glasses of wine on the table, glanced at Li Jing's back, and explained to Su Xi, "The second son of the boss of Zhiheng Industry has been pursuing your sister Su Tong recently. However, Su Tong may not look at this third-rate rich second generation, so he does not refuse or agree, and has been hanging him.

Su Xi was not very interested, only answered faintly, looked at the colorful wine on the table and asked curiously, "What kind of wine is this?"

"The taste is sweet, with a little milky taste, you taste it." Sheng Yangyang took a sip and felt good.

Su Xi took a sip, it was indeed delicious, and drank half a cup directly.

Sheng Yangyang said with a smile, "Drink less, although it is sweet, but with Vogart in it, the stamina is still great."

"Hmm!" Su Xi took another sip, feeling that drinking this wine would not be drunk.

The two leaned on the sofa to chat, drink, watch the banquet people in various dresses shuttle, talk and laugh, they seem to blend in, and seem to be isolated from these drunken gold fans.

Su Xi hadn't sat and chatted with Sheng Yangyang like this for a long time, and the two leaned on the sofa, talking and laughing, and all the people became the background.

Most of the time, it was Sheng Yangyang who spoke, saying how she drove away those fox spirits around Lu Mingsheng, saying that Lu Mingsheng had signed a batch of new people in the company, and a few of them were not honest when they looked at it...

Su Xi felt that Sheng Yangyang was very tired, but she enjoyed it.

Occasionally someone came over to talk, Sheng Yangyang blocked in front of Su Xi, and raised his eyebrows enchantingly, "Do you want to have a drink with me?" The

man immediately politely stepped down.

Nonsense, not to mention Sheng Yangyang's temper, even with her identity as Lu Mingsheng's fiancée, no one dares to approach her.

In the evening, Su Xi saw Ling Jiuze at the banquet.

On the other side of the living room, several men from the Fang family spoke with Ling Jiuze with a humble and flattering smile in their expressions.

The sky has darkened, the lights are turned on in the courtyard and the banquet hall, the lights are bright, the man is dressed in a well-fitting formal suit, his temperament is calm, and he has a sense of power and nobility.

At this moment, he seemed to gather magnesium lights, and all the people became foils.

The moment she looked at him, five or six women in sexy dresses pretended to casually pass in front of him.

The sweet pursuit Chapter 55-Sheng Yangyang went to dance, there was only Su Xi left on the side of the sofa, she and Ling Yihang played a game for a while, a smell of perfume wafted over, Su Xi looked up, it was Xu Yiyi.

Ling Jiuze's lover? Or is it one of them?

Xu Yiyi was wearing a dark blue diamond-set backless dress, with a beautiful face and a cute smile, "Miss Xixi."

Su Xi and Ling Yihang said hello, quit the game, and smiled back, "Miss Xu!"
With

the resources of Sheng Entertainment, Xu Yiyi made a guest on the hottest variety show, and became a small fire.

Her attitude was much kinder than before, and she said with a smile, "I saw President Ling just now, Miss Xixi came with President Ling."

Su Xi drank four or five kinds of wine in the afternoon, and now he was a little uncomfortable, only smiled lightly, and did not speak.

"Your second uncle must have hurt you a lot, right?" At the mention of Ling Jiuzi, Xu Yiyi's eyes lit up.

Su Xi nestled in a wide and comfortable sofa, her head leaned slightly, bent her eyes to look at the woman, her voice was clear and childish, "Miss Xu likes my second uncle?"

Xu Yiyi's face slipped with a hint of embarrassment, lowered her eyes, pursed her lips and smiled, "How can I be worthy of President Ling?" Not

worthy, that is, admit to like.

Su Xi's smile became even purer and asked, "Last time I heard you chatting with Miss An, Miss An said that you got into my second uncle's bed, is it true?"

Xu Yiyi was even more embarrassed, "It's just, it's just a coincidence."

Su Xi blinked his eyes, becoming more and more curious, "What is going on, you tell me in detail." My grandmother is chasing my second uncle to find a woman to marry recently, if you really have something, I can help you say a few nice words in front of my grandmother, and also let my second uncle be responsible for you.

Xu Yiyi's heart jumped, and there was a surprise light hidden under his eyes, "Really?"

Su Xi looked at her, "Trust me!"

Xu Yi leaned closer, her face was painted with delicate makeup, her black beautiful pupils blurred her uneasiness at the moment and the expectation in

her eyes, and said in a low voice, "Last month, in Tianyue Mansion, your second uncle was drunk, we,"

She lowered her eyes shyly, and did not say any more, but everything was already silent.

A hint of stunned glided in Su Xi's calm eyes, thought about it, and asked, "Is it the 14th of March?"

Xu Yiyi was surprised, "How do you know?"

Su Xi stared at the woman's eyes and suddenly smiled, "Because I also had some special circumstances that day, and the second uncle came back late in the evening, I remember clearly."

Xu Yiyi's eyes were clear, and he said a little unnaturally, "Actually, I didn't want to make President Ling responsible, it was originally a coincidence and misunderstanding. Mr. Ling is now very good to me."

Su Xi chuckled, "I'll talk to grandma."

"Don't, don't let your second uncle think it's my idea." Xu Yiyi's expression was coquettish, and she lowered her eyes and whispered, "I don't dare to climb high."

Su Xi smiled, looked up at the person standing behind the tall hydrangea ball, and said quietly, "Is that looking for Miss Xu?"

Xu Yiyi turned around and saw that it was a friend who came with her who was looking left and right looking for her, so she got up and said, "It's my friend, maybe there is something wrong with me, I'll go over first, and then come and talk to Miss Xixi later." "Good

."

Xu Yiyi returned her with a gentle and exceptionally sincere smile before leaving.

Su Xi took a sip of the cocktail, sweet and not at all spicy with vogart.

When she was about to take a second sip, a man in a suit stood in front of her, handsome, looking at her with stunning eyes, stretching out his right hand, and the gentleman's opening, "This young lady, can you dance?"

She looked down at the man's hand, and before she could speak, she heard a familiar voice sound overhead, "Sorry,

she can't accept your invitation because it's time for her to go home."

Su Xi raised his head and met Ling Jiuze's long inky eyes.

The sweet pursuit Chapter 56-"Gone!" Ling Jiuze also stretched out his hand to her.

The man was tall, blocking the light, and this small piece of light suddenly dimmed, outlining the man's perfect side face, warm as usual, and could not see any emotions.

At this time, someone played dynamic music at the banquet, and her heart also beat with the beat, probably because she drank too much, her head was dizzy, and her heart was racing.

The man who began to invite him to know Ling Jiuze said hello and left quickly.

Su Xi held Ling Jiuze's hand, got up, and followed him out in a daze.

After taking two steps, her high heels were crooked, and the whole person hit Ling Jiuze's shoulder.

Ling Jiuze stretched out his arm around her waist, picked her up directly, and walked out with calm steps.

Xu Yiyi happened to see this scene when he looked up, and whispered to his companion with some envy, "President Ling is so good to his niece!" "

.....

As soon as he came out of the villa, Su Xi threw off the high heels on his feet, buried his head in the crook of the man's arm, quiet and well-behaved, like a docile cat.

Ming Zuo had already driven the car over, and when he opened the door, his gaze swept over Su Xi's face and immediately moved away.

Ling Jiuze put her in the back seat, walked to the other side to open the door and get into the car.

The car started and drove out in the dusk.

Su Xi closed his eyes and was dizzy, only then did he know that he was really a little drunk, especially sitting in the car, the feeling of dizziness was more obvious.

Ling Jiuze saw Su Xi frown obviously.

“Uncomfortable?” The man asked.

Su Xi closed his eyes and let out a “hmm”, his voice was delicate, as if it came from his nose.

“Do you want to lean in?” Ling Jiuze lowered his voice.

Su Xi opened his eyes and looked at the man in the dimness, obviously he was very cold before, why did he take the initiative to come over today?

A few seconds later, she moved closer to the middle, tilted her head on the man’s shoulder, and smelled the faint cold spring fragrance on the man, which made her feel a lot more comfortable.

She opened her eyes, and through the faint light in the car, she saw the scar behind the man’s ear.

Ling Jiuze side-eyed, “Look at what?”

Su Xi lowered his eyes and frowned, “Headache.”

She raised her head slightly as she spoke, her lips touched the man’s neck, and for a moment she seemed to feel the beating of his neck pulse, so clear and powerful.

The man lowered his long eyes, raised his hand to pinch her chin, and there were tiny lights flickering in his eyes, more of a bottomless darkness.

I don’t know who approached first, and when the two lips were pressed together, Su Xi closed his eyes.

Ling Jiuze also drank wine, and the aromas of various wines were mixed together, making people intoxicated and upset.

Perhaps it was alcohol, Su Xi felt pleasure from the inside out, like a child who did not know satisfaction, pestering him for it.

Ling Jiuze stretched out his arm and pressed the button, the car was centrally controlled to start, and the baffle separated the car into two independent spaces.

Su Xi became more and more unscrupulous.

For a long time, the two separated, Ling Jiuze fingers pursed the corners of her pink lips, deep eyes smiled, "Does the head still hurt?"

Su Xi grabbed the shirt on his chest, her always clear eyes were covered with a layer of water mist, she nodded slowly, "Lack of oxygen, the pain is even worse."

Ling Jiuze laughed lowly, "What should I do?" Continue rescue respiration?

Su Xi bent his eyes, "You can try again."

Ling Jiuze held her on his lap, supported the back of her head with his palm, and kissed her gently and delicately.

In the middle, the two are obsessed with this game that makes dopamine rise rapidly, and they are also addicted to giving and taking.

Because no one paid attention, the phone screen quickly returned to darkness.

The car entered the city, and half an hour later stopped in the underground parking lot of the imperial court, Ling Jiuze got out of the car with Su Xi in his arms, and went straight to the elevator.

went upstairs, opened the door and entered, and before he had time to turn on the light, Ling Jiuze put the girl in his arms on the bar and continued to kiss her.

The hot kiss went from the side of her face to under her ear, and the man suddenly spoke, his voice was magnetic and low, "What did you say to Xu Yiyi?"

Su Xi breathed low, grasped some sanity in the haze, and said slowly, "She asked me if I came with you?"

The man hooked her earlobe, "What else did you say?"

In the darkness, Su Xi gently kissed the side of his face and whispered, "She said, she likes you."

"So how did you answer?"

Su Xi tilted his head and leaned on his shoulder, and said with a warm smile, "I said, you have to work hard to catch up with my second uncle."

Ling Jiuze let out a low laugh, his palm pinched her slender waist, and his lips lingered between her neck, "If I didn't show up today, would you go with the man who invited you to dance?"

Su Xi spoke in a dumb voice, "No."

"Good!"

Ling Jiuze's voice was low and gentle, a gentleman's invitation, "Want to be happy?"

Su Xi's body was soft, and if he wanted to slide down the bar, he could only stretch out his arms around his neck, and under his burning gaze, he obeyed his body's reaction and nodded, "Think."

"Kiss me." Ling Jiuze seduced her softly, "Make me happy, I'll make you happy."

Su Xi's slightly misty gaze fell on the man's lips, and she tightened her arms, turned her head sideways, approached, and kissed tentatively.

The man's breathing became heavier, and the anti-guest deepened the kiss.

Su Xi gradually couldn't support it, and almost the whole person leaned into his arms.

The man held her waist with both hands, took her into his arms with a slight force, and strode to lie on her side.

Only the balcony shone through the faint light in the bedroom, and the chaos was unclear, Su Xi was not the first time, but he was still a little nervous, and he kept grabbing the man's arm.

Ling Jiuze kissed her forehead soothingly, and asked in a low voice, "Are there any preparatory measures?"

"Huh?" Su Xi's mind was already confused, and it took a while to react to what the man said, and he spoke lowly, "In the drawer of the cabinet next to the bed." After

Sheng Yangyang told her last time, she bought a box when she went to the supermarket to buy daily necessities for the second time.

Ling Jiuze seemed to laugh and asked, "When was it prepared?"

Su Xi's half-lowered eyes reflected the lights outside the window, and her pink lips lightly opened, "It's been many days." The

man kissed her side of the cheek and whispered, "Waiting for me?"

Su Xi looked at him for a moment, and the beautiful eyes were dyed with moonlight lights, and that bright color spread all the way to her face.

"You guess!" There was a hint of playfulness in her half-drunken eyes.

The man smiled with thin lips, "You can call me next time to invite."

"Okay!"

She whispered in his ear, causing him to chuckle as the two of them chattered each other, like lovers who loved each other.

The lights turned on, turned off again, and the night really began...

Su Xi has always felt that gentleness and calmness are the appearance of Ling Jiuze, and this man is still the defiant and domineering of his youth in his bones!

Especially in the dark, the wildness he hides will be unconsciously revealed, and every part of his body is terrifying aggression.

The sweet pursuit Chapter 58-The next day, when Su Xi woke up, it was already dawn, Ling Jiuze was not there, and she was alone in bed.

When she got out of bed to find clothes, her thighs shook and she almost stood unsteadily, and she breathed softly, as if she had returned to the time when she had just participated in the intensity training.

She thought that Ling Jiuze had left, opened the door and went out, and saw the man sitting on a chair on the balcony with a cup of coffee looking at the computer.

Ling Jiuze was dressed in a casual suit, as usual handsome and noble, even more energetic than yesterday.

Ling Jiuze heard the voice and looked over, and Su Xi greeted with a smile, "Mr. Ling early!"

When she said the words, she realized that her voice was a little hoarse, and her ears suddenly became hot, and she put away her laughter.

Ling Jiuze looked as usual, as if he didn't notice her little embarrassment, and said quietly, "I ordered breakfast, you go to wash first, and come over to eat later."

Su Xi looked at the time, it was almost nine o'clock, and said busily, "Thank you, but no need." I'm going to go out right away, and I'm going to be late for a lesson.

She didn't expect to sleep so deeply, and when she woke up, half of the morning had passed.

"No hurry!" Ling Jiuze said, "I have already called Yihang and said that you have something to ask for leave, and you will come over two hours late."

Su Xi's eyes widened slightly, "You've already called?"

"Yes, is there a problem?"

Su Xi bent his eyes, "No problem, thank you!" "

.....

The breakfast was sumptuous, Su Xi glanced at the lunch box, it was a five-star hotel nearby.

When you meet Ling Jiuze, even if it is a five-star hotel, you have to deliver takeaway.

Ling Jiuze sat opposite her and put a bowl of sea cucumber maw soup in front of Su Xi, "This is for you." This

look is a big supplement, Su Xi subconsciously shook his head and pushed back, "You're welcome, or you need it more." Ling

Jiuze looked deep, raised his eyebrows, "Do you think I need to make up?" Weren't you happy last night?

Su Xi was stunned and stammered, "No, yes" "

No?" The man narrowed his eyes, "Obviously," "What I said is that you don't need to make up,"

Su Xi immediately interrupted him, the first time nervous to the point of incoherence,

"You really don't need to make up, really, no."

"Then you drink it!" The man smiled lightly.

"Oh!" Su Xi didn't dare to say a word, and drank the soup obediently.

She squeezed the spoon and drank the soup, lowered her head, her face alternated red and white, and almost bit her tongue when drinking the soup.

After that, the two ate in silence, and neither spoke again.

The atmosphere is not awkward, nor is it nervous, there is always something unspeakably strange.

Probably because, this was the first time they had breakfast together.

After eating, Ling Jiuze said, "The table doesn't need to be cleaned up, the hour union will come over, wait for me for a while, I'll go change clothes."

Su Xi asked, "Shall we go together?"

Ling Jiuze said naturally, "Yes, what's wrong?"

Su Xi blinked, "I'm afraid that Yihang will misunderstand." Ling

Jiuze's long eyes were as deep as ever, if you look carefully, it is always calm and indifferent, and he spoke, "What misunderstanding?"

Su Xifan pursed her lips and shook her head with a light smile, "It's nothing, I'm waiting for you here." Ling

Jiuze went to change clothes, Su Xi looked at her mobile phone, Sheng Yangyang sent her WeChat, [Beauty, last night was not happy?]

Su Xi replied to her, [It's okay]

Sheng Yangyang, [The latter again?

Then sent a bad smile emoji.

This is a meme that only the two of them understand, Su Xi looked at the phone and laughed.

When Ling Jiuze came out, he saw Su Xi sitting on the sofa, smiling silly at his mobile phone.

The morning sunlight shone through the floor-to-ceiling windows, casting a soft light on the girl's white face, her eyes were clear and dark, slightly bent, as if there was something in her mobile phone that made her happy.

He suddenly remembered that yesterday morning Ling Yihang told him that if a person always giggled at his mobile phone, he must be in love.

Because his sister Ling Yinuo is like this now.

Is there someone in Su Xi's mobile phone who makes her want to fall in love?

Ling Jiuze walked towards the entrance and said lightly, "Let's go?"

Su Xi put away his phone, "Here it is!" When

the two drove to Ling's house, it was already half past ten, Su Xi went upstairs to give Ling Yihang the first lesson, Ling Jiuze and her separated at the entrance of the stairs and went to their study on the third floor.

Ling Yihang didn't ask her why she was late, and she didn't even know that she came back with Ling Jiuze, and she was glad that Ling Jiuze didn't come back last night, and the make-up class was delayed again, so he slept a lazy night.

What he didn't know was that these two things were actually one thing.

During the class, the maid came up and said that the second young master wanted to leave Teacher Su for dinner, and asked Su Xi what taboo things were there?

Last time, Su Xi had a meal at the Ling family, but that time it was a temporary decision, the meal had been prepared, this time it could be prepared in advance, and the maid came up very politely to inquire.

It was already half past eleven after the class, Su Xi and Ling Yihang went downstairs together and saw an acquaintance in the living room.

Han Xiao's gaze fell on Su Xi, without the very obvious hostility before, just swept at a glance, like an irrelevant person.

Ling Jiuze got up, "The class is over?" Let's eat first!

Han Xiao also got up, and when she walked to Su Xi's side, she smiled politely and politely, "It turns out that Miss Su is Yihang's tutor, I misunderstood before, there is something offended, and please Miss Su don't mind."

She had just learned from the mouth of the maid that Su Xilai Ling's family was tutoring Ling Yihang, and when she heard the news, she suddenly relaxed and relieved, it turned out to be like this.

She was very sure that the Ling family could not let Ling Jiuze marry a woman who was a tutor.

Even with the wealth and status of the Ling family, there is no need for Ling Jiuze to marry commercially, but the wealthy and high-ranking families are also particular about the right door.

Su Xi listened to her words, a stunned look flashed in his eyes, and turned his head to look at Han Xiao.

Han Xiao smiled at her, his smile was arrogant and distant, like a peacock who had defeated his love rival.

Su Xi's mood was slightly complicated.

The

meals are served the same, there are many seafood, especially crabs, it seems that the Ling family likes seafood very much.

Ling Jiuze sat in the main seat, Han Xiao sat next to him on the left side of the first row, Ling Yihang didn't seem to like her, sat in the second row on the right side of the long table, and Su Xi sat next to him.

From such a seat, Han Xiao also saw his future status in the Ling family, and his heart was even more happy.

Starting to eat, Han Xiao asked Ling Jiuze when the Ling family's parents would return?

Ling Jiuze Jun's face was indifferent, and he said lightly, "Big brother, their meeting has been postponed, and I don't know yet."

Han Xiao frowned, "My father wants me to work in the family's company, I can't make up my mind, and I want to discuss it with Aunt Ling." Ling

Yihang looked up, "What do you ask my grandmother to do?" "

The sweet pursuit Chapter 59-Han Xiao's face was embarrassed, and he said with a sneer, "In the past, I always got guidance from Aunt Ling when I encountered difficulties, so I also wanted to ask her opinion this time.

Ling Yihang said nonchalantly, "Then when you marry someone in the future, do you also have to ask my grandmother?"

Han Xiao's face turned red, and he glanced at Ling Jiuze at the end of his eyes, meaningfully, "Of course!"

Ling Yihang sighed, "Then you are miserable, my grandmother likes the one who pulls the erhu under the Jiangdong Bridge the most, and I will point you to him."

Han Xiao, "..."

Su Xi held back a smile and stuffed a green vegetable into his mouth.

A smile slipped through Ling Jiuze's eyes, pretending to be angry, "Don't talk when children eat." Everyone's

faces were different, only Han Xiao's face was the most ugly.

After a moment of silence, Han Xiao spoke again, this time only talking to Ling Jiuze, "Jiuze, my friend has a nightclub, I went to see it, pretending to be good, let's go over and sit tonight?" Ling

Jiuze lowered his head to eat, his eyebrows indifferent, "I slept late last night, and I want to rest early today."

Han Xiao asked with concern, "Did you have a meeting last night?"

Ling Jiuze's eyes were as usual, "No, something else."

Han Xiao was abrupt, "By the way, last night was a snooker tour doubles, did you watch the game?"

Ling Jiuze glanced at Su Xi and answered nonchalantly, "Hmm."

Han Xiao was earnestly concerned, "Don't sleep too late, pay attention to your body."

After

eating, Su Xi continued to teach Ling Yihang a lesson.

Han Xiao came under the guise of visiting the Ling family's parents, and then rubbed another meal, and after eating, there was no reason to stay, so he reluctantly left.

.....

After the lesson, Ling Yihang asked Su Xi to teach him to shoot, and the two went to play on the lawn in the yard for a while.

Ling Jiuze was sitting on the balcony on the third floor, the sun was very comfortable on his body, he really didn't sleep well last night, and he was sleepy leaning on the sofa at this time.

There was laughter in the courtyard, and he turned his eyes and saw Su Xi at a glance.

She was teaching Ling Yihang to shoot again, wearing a simple sweatshirt and trousers, her hair was blown by the wind, but her body stood straight.

Ling Jiuze's ink eyes reflected the sunlight, and the light floated on the inky pupils, like a streamer.

He never thought he would find a bed partner.

Physiologically, he is rarely impulsive.

When he first married the Su family, he resisted from the bottom of his heart, let alone took this marriage to heart, and did not think about really marrying a wife by his side.

Before that night, he didn't think that he would have anything to do with Su Xi, after all, they were too different, whether it was age or experience.

But after that night, everything seemed natural again.

He was a little confused about Su Xi's intentions, and he didn't care, they were like passengers on the wrong train, and after getting off at the end, they parted ways and disappeared into each other's world.

He closed his eyes, squinted for a while, and when he opened them again, he had returned to his usual calm and sharpness, he was not looking at Su Xi's back of the arrow, got up and walked towards the study.

The sweet pursuit Chapter 60-In May, Jiangcheng has begun to heat up, and as the semester comes to an end, the students in Jiangdali become busy.

Senior students are busy looking for jobs, busy preparing for graduation defenses, busy saying goodbye... And Su Xi and them also began to be busy preparing for the exam and the internship in the second half of the year.

On Thursday night, there was a party in Su Xi's class, which was the birthday of the class president, just for everyone to relax and relieve the recent study pressure.

When eating at noon, Cheng Yiyi asked Su Xi if he would go at night?

She was a little excited, "This time the class leader is bleeding, the meeting place at night is Kaisheng, I haven't been to Kaisheng yet, I will definitely go to meet the world this time."

Su Xi took a spoon and put chili peppers in the noodles, and said quietly, "Don't go!"

"You don't participate in every activity in the class, you know that you don't like to be lively, and you don't know that those people always talk about you behind your back." Cheng Yiyi ate the noodles one by one, and his speech was slurred, "The squad leader also specially found me this time, saying that he must let you go!"

Su Xi concentrated on eating the noodles and was unmoved.

Cheng Yiyi coquettishly, "Go, I'm not interesting alone, you should accompany me, and I boasted about Haikou in front of the squad leader."

Su Xi held chopsticks in his right hand to eat noodles, raised his left hand, and stretched out two fingers.

Cheng Yiyi was immediately happy, "Two ice creams, deal!"

She raised her hand and slapped it towards Su Xi's hand, and Su Xi's hand was all opened, and the two high-fived in tacit.

In the evening, the two arrived in Kaisheng and entered the private room, and Su Xi found that the squad leader had not only invited people from their class, but also other classes.

In the crowd, Zhou Ting and Qiao Yu sat together, and when they saw her come in, Qiao Yu stared at her face for three seconds, looking away with a gloomy face.

Zhou Ting has been raised at home for more than a month, and has returned to class last week, perhaps because love has diluted her hatred for Su Xi, and she has not found trouble with Su Xi after she came back.

Seeing Su Xi, Zhou Ting immediately leaned on Qiao Yu's shoulder, glanced at Su Xi, and silently swore sovereignty.

In the huge private room, it was very lively, and the squad leader welcomed Su Xi and Cheng Yiyi into it, and said with a hearty smile, "Cheng Yiyi, you are still powerful, really invited Su Xi to me!"

Su Xi handed the squad leader a box and said softly, "Happy birthday!"

"Thank you, I have such a big face!" The squad leader patted his chest and deliberately made a flattered look.

"Lao Cheng out of the horse, a top two!" Cheng Yiyi laughed arrogantly, and stuffed the gift he had prepared to him, "Happy birthday!"

"Thank you, thank you two big beauties, find a place to sit, eat and drink whatever you want!" The squad leader said with a smile.

"Bold!" Cheng Yiyi gave him a thumbs up and pulled Su Xi to sit down on the sofa.

The lights in the private room flickered, and everyone's faces seemed to be different from usual, such as girls who usually looked very gentle, but at this time they would sit on the boys' lap and drink, and the usually stable boys would also say loud words after drinking.

There are always boys who glance at Su Xi, looking at her cold appearance and not daring to approach, so they encouraged Cheng Yiyi, "Ask Su Xi to play games together."

Cheng Yiyi rolled up his sleeves one by one, "Su Xi doesn't like to make such a vulgar bustle with you, I'll play with you."

One of the girls said with a smile, "Yes, we are all vulgar, where is the elegance of sitting in a Mercedes?"

Su Xi turned his head and saw that the girl who spoke was tilted, holding a few cards in her hand, and her painted red lips were pursed, making a contemptuous expression.

Cheng Yi got up one by one, grabbed a handful of cards on the table and threw it in the girl's face, and said sharply, "What do you say?" There is a kind of clear words, don't be so yin and yang weird!

Everyone was stunned, and the girl who was thrown the cards lost the toughness she had just now, and said, "What did I say, I was just joking!"

Cheng Yi spat out the fragrance one by one, "Make your fucking joke!" Do we know you well? "
