The sweet pursuit Chapter 61-The girl looked at Cheng Yiyi, her eyes were red, and tears flowed down, as if she had suffered a great grievance.

Several people gathered around came to persuade, pulled Cheng Yiyi one by one, and coaxed the crying girl.

Su Xi held Cheng Yiyi's hand and whispered, "Sit down, don't be impulsive."

Cheng Yiyi snorted coldly, "I'm annoyed with this kind of green tea essence that talks." The

crying girl hid aside, and the others persuaded Cheng Yiyi, "Li Wen speaks like that, Su Xi, don't go to your heart, don't be angry one by one!"

Su Xi's face was unharmed, and asked Cheng Yiyi to continue to play games with everyone one by one, not to affect his emotions.

Everyone livened up the atmosphere, just as if it was an unimportant episode just now.

Fortunately, the private room was very lively in groups of three or five, and no one noticed the movement here, and the overall atmosphere was still joyful and lively.

Cheng Yi played games one by one, and Su Xi watched from the side.

When she came to Jiangcheng, her grandfather talked with her for a long time, asking her to put away her anger, let go of all the past, live a good life, and treat people warmly.

She is gentle and never cares if she doesn't touch the bottom line, but she still has a hard time integrating into others.

At first, she also wanted to get along with the girls in the class, but most of the people they talked about together were makeup, clothes, bags, and boys.

She didn't know any of this, and she couldn't interject at all.

Over time, she became an independent specialty in the class.

He and Cheng Yiyi can become friends only because they both love sweets.

.....

Zhou Ting's wave of people were playing a big adventure, Qiao Yu was selected, and a girl asked him, "Who is the favorite person?" Zhou

Ting looked at Qiao Yu with burning eyes.

Qiao Yu's eyes looked towards Su Xi's side, and Cheng Yi tilted his body one by one, blocking Su Xi behind him.

Before she also supported Qiao Yu to chase Su Xi, but since the last time Qiao Yu failed to confess and was directly with Zhou Ting, she automatically put Qiao Yu on the opposite side.

The people over there were coaxing, and Qiao Yu lowered his eyes and said lightly, "My favorite person is here." The

girl who asked the question did not hesitate, "What is this answer, you must say the name." The

girl next to her pulled her, "It must be Sister Ting, what else do you ask, hurry up, continue to play!"

Zhou Ting glanced at Qiao Yu, smiled at the corner of her lips, and reached out to shake Qiao Yu's hand.

Qiao Yu avoided her hand, took a glass of wine, raised his head and drank it.

Zhou Ting's face was slightly gloomy, and she glanced at the opposite side, and said in her heart, as long as some people appear, they will make her uncomfortable!

.....

Su Xi drank two glasses of juice and got up to go to the bathroom.

The bathroom door in the private room was locked from the inside, and Su Xi wanted to wait for a while, but suddenly heard a strange sound from inside.

She was stunned, here?

She subconsciously turned her head to look in the private room, the lights flickered, a group of people were hi, and she couldn't see who was missing at all.

The two people inside may not end for a while, and Su Xi can only go to the bathroom outside.

When she returned, a tall figure leaned against the wall next to the door, his eyes downcast, as if he had drunk too much.

Su Xi walked straight in front of the boy, and just about to push the door, Qiao Yu suddenly reached out and held her wrist, and his voice was hoarse, "Su Xi!"

Su Xi turned his head, "Have you drunk too much?"

I don't know if this sentence stimulated Qiao Yu, he suddenly forced, grabbed Su Xi's hand and turned around, leaning her against the wall, the tall figure shrouded down, and a pair of red eyes stared at Su Xi for a moment.

Su Xi's back was against the wall, and his eyes were cold, "Get out of the way!"

Qiao Yu refused, put his hands on her shoulders, stared down into her eyes, and said in a dumb voice, "Just now someone asked me who my favorite person was, I didn't finish, my answer is that the person I love the most is here, her name is Su Xi."

Su Xi frowned, just about to push the half-drunk boy away, looked up, and saw two people walking in the corridor.

The man walking in front was wearing a light gray casual shirt, his handsome face was still the usual indifference, a pair of long eyes slid over her face, and his face was no different.

The man next to him glanced at Su Xi a little more, and smiled at Ling Jiuze, "It's still a good young man, and there is always an endless passion." "

The sweet pursuit Chapter 62-Ling Jiuze glanced at him, "Don't be intimidated, you can too."

Jiang Chen shook his head with a smile and sighed, "I'm already old, I have long lost the impulses of my youth, and sometimes I look at the women on the bed and feel that they are all the same."

Ling Jiuze said calmly, "The price is still different!"

Jiang Chen laughed.

The two figures had already walked away, and Qiao Yu's attention was all on Su Xi, "How do you feel when you see me and Zhou Ting together?" Regret it? If you regret it, we,"

"Qiao Yu!" Su Xi interrupted him, "Do you want me to call Zhou Ting out?"

Qiao Yu looked at her in shock, his eyes full of pain and disbelief, "Su Xi, are you without feelings?"

Su Xi's pupils shrank slightly, through the injured man, as if she saw the face of a hysterical woman, she grabbed her hair, slammed down against the wall, and scolded her, "Are you a fool?" Did you give birth to me?

"You emotionless trash!"

How old was she then?

Three years old, or four years old?

Su Xi couldn't remember exactly.

Her gaze was cold, pushed Qiao Yu's hand away, and entered the private room expressionlessly.

Pushing the door in, Zhou Ting sat in a group of people and immediately looked up, her eyes full of panic and vigilance.

She suddenly felt that Zhou Ting was pitiful.

.....

At ten o'clock in the evening, a group of people did not have the slightest intention of dispersing, Su Xi and Cheng Yi said together with the squad leader and left first.

Cheng Yiyi took the last subway home, and Su Xi walked back to the imperial court.

Get home, take a shower, go to sleep.

In the middle of the night, Su Xi woke up in a nightmare and heard movement in the living room outside.

It was dark outside the window, and she looked at the time, one o'clock in the morning.

Thief?

There should be no thieves in such an upscale community.

Su Xi got up, opened the door and went out, and saw that the kitchen light was on, and a figure was standing in front of the refrigerator.

Ling Jiuze stood in front of the refrigerator, looking at the refrigerator stuffed with yogurt, chocolate, and cake a little confused, and it took a long time to find his water in a corner.

"Mr. Ling." Su Xi spoke.

She didn't expect Ling Jiuze to come back at this time.

Ling Jiuze unscrewed the water bottle and took a sip, and said quietly, "Woke you up?" I drank a little wine, closer to here, come and rest, you go to sleep. Kaisheng

is indeed close to here.

Su Xi nodded and went back to his room.

Ling Jiuze drank the water, went back to the room to take a bath, and lay on the bed without a little sleepiness.

He had trouble falling asleep, and after drinking tonight, the cerebral cortex was particularly excited, and he couldn't sleep for a while.

He got up and walked to the sofa and took a book to read.

When Su Xi knocked on the door and came in, he saw that under the floor lamp, the man was sitting on the sofa, and the warm yellow halo outlined his sharp side face, and under the dark night, there was a sense of indifference and alienation.

Ling Jiuze looked up, "What's going on?"

Su Xi took the tea in his hand and put it on the coffee table, and his voice was warm, "I brewed decanting tea, which can relieve the headache."

Ling Jiuze smiled lightly, "Thank you."

"You're welcome, if it's okay, I'll go first,"

"Stay with me for a while!"

Su Xi's words were interrupted by Ling Jiuze, and he slowly spoke, "If you are not sleepy, can you sit with me for a while?" "

The sweet pursuit Chapter 63-Su Xi bowed his head and sat on the sofa beside him.

The first time she entered the master bedroom, it was much larger than the side bedroom, and there was a separate lounge room by the balcony, with only a sofa and a bookcase.

Ling Jiuze took a sip of the decanting tea, looked back at Su Xi, and asked softly, "Today in the corridor, that boy is confessing to you?" The

sofa was wide, and Su Xi put his feet up and nodded, "Yes."

Ling Jiuze took the tea in his mouth and seemed to think about it for a while, "Very handsome young man, did you agree?"

Su Xi's voice was warm and waveless, "No."

The man asked, "Why, don't like it?"

Su Xi still had a faint expression, "I'm afraid that after I agree, I will lose this house that only makes me pay five thousand rent." Ling

Jiuze laughed lowly, because he drank wine, his voice was low, mellow, and exceptionally good.

He moved closer to her, raised his hand and pinched her chin, his eyes dyed with a mist of drunkenness, "Know what? In fact, your face can change a lot of houses.

Su Xi looked at him, "I just want a unique house." The man's eyes narrowed, "What is a one-of-a-kind house?"

Su Xi blinked his eyes, "What enters my eyes is unique." Ling

Jiuze leaned closer, and his voice was lower, with an inexplicable temptation, "Like me, or do you like the house?"

Su Xi paused and replied, "House."

"Like me, or like the pleasure I give you."

Su Xi said, "I like to be happy. Ling

Jiuze smiled slowly, his eyes flashed, as if he was very satisfied with her answer, and said in a low voice, "Remember your answer today, because if you answer me, then the house and happiness will be gone."

Su Xi looked at him calmly and did not speak.

Ling Jiuzhe lowered her head and kissed her, the faint aroma of wine faded in her mouth, soaking every place, and she closed her eyes in response.

From gentle to hot, without any skill, but one can't help but shudder.

The man took her to his lap and pressed her into the sofa to kiss.

He drank, but not out of control, just more vigorously than usual.

For a long time, Ling Jiuzhe stopped, his eyes were dark, and he asked her in a dumb voice, "Do you want to be happy?"

Su Xi raised his head slightly, pressed his forehead against his chin, and let out an almost inaudible "um".

Ling Jiuze breathed heavily, tilted his head and kissed her side face, along the line of her graceful side face to the corner of her lips, and then continued to kiss deeply.

He kissed her while holding her up, and instead of walking towards the big bed next to her, he opened the door and went to lie on his side.

He held her shoulders with one hand and her waist in the other, and walked through the long living room, without leaving her lips all the way.

.....

The first few times there seemed to be a bit of a breach, either not sober or someone was drunk, and tonight, both were sober.

Ling Jiuze returned to the room before three o'clock, and Su Xi lay on the bed after bathing, and fell asleep with a pillow.

At dawn, Su Xi's mobile phone at the end of the bed rang, she couldn't open her eyes sleepily, took the mobile phone, and didn't see who it was, answered it vaguely a few times, and continued to sleep.

At eight o'clock, Su Xi got up, opened the door and went out, and found that Ling Jiuze had left.

On the table was a five-star hotel takeaway breakfast, and the packaging was not unpacked.

She went back to her room to wash, change her clothes, eat breakfast and go to class.

During class, she suddenly remembered the phone in the morning, immediately took out the mobile phone, and after opening it, saw that it was Su Zhengrong who called her.

In an instant, she also remembered the content of the call.

Su Zhengrong told her that there was a party in the old house this weekend and asked her to participate in it.

The sweet pursuit Chapter 64-She seemed to have said yes.

Su Xi frowned, now her reaction and vigilance have decreased a lot, is it because she was too tired yesterday?

The party was on Saturday, and she was going to take a day off with Ling Jiuze.

After class, Su Xi called Ling Jiuze and rang twice, and picked it up over there, "Hello?"

"It's me, Su Xi!" Su Xi said busily.

Ling Jiuze seemed to laugh, "I know, you called me with this number before.

Su Xi was stunned for a moment, remembering that it was the night she accompanied Qingning to Landu, she wanted to call Sheng Yangyang, but she called him, and her face couldn't help but get hot.

The man asked, "What's going on?"

Su Xi returned to his senses and said quietly, "I have something to do on Saturday, I can't go to teach Yihang a lesson, and I will take a day off with you."

"Well, it's okay, I'll tell him." Ling Jiuze's voice was warm.

"Thank you and goodbye!"

"You're welcome!"

Hanging up the phone, Su Xi's face turned into a thoughtful expression, what kind of relationship are they?

Husband and wife? Mate? Employers and employees?

What a confusing comparison!

The next day was Saturday, and it began to rain since the morning, and Su Xi took a taxi to the Su family's old mansion.

The Su family's parents, that is, Su Xi's grandparents, are now alive.

The two gave birth to three sons, the eldest Su Zhengchun, his wife Zhang Nianyun, and a daughter, Su Chuci.

The second eldest is Su Zhengrong, his wife Chen Yuan, and two daughters, Su Xi and Su Tong.

the third Su Zhengxing, his wife He Li, and the eldest daughter Su Shishi, nineteen years old, a junior student at Jiangcheng Academy of Fine Arts; The second son, Su Qinghao, is ten years old.

The old residence of the Su family is in an old villa community, located in the south city, a row of European-style villas, with the vicissitudes of history, announcing to the world that the people who live here are the relatively old nobles in Jiangcheng.

Because of the rain, the taxi driver saw Su Xi a beautiful little girl, so he drove the car inside for a while.

The housekeeper Wang of the old mansion saw the taxi coming at the door, pretended not to see it, and turned around and went into the courtyard.

The one who came in the rental can only be the eldest daughter on the second master's side.

Sure enough, as soon as he walked to the yard, he saw Su Xi get out of the car at the end of his eyes, and a touch of disdain appeared at the corner of his mouth.

Su Xi walked through the courtyard and in the direction of the main house.

The maid Mother Chen looked over with the fruit, and opened her mouth without smiling, "Miss Su Xi is here!" The

room was lively, and her third uncle's family was talking and laughing around Su's father Su Hetang and Su's mother, and when she heard Mother Chen's voice, she suddenly fell silent.

Su Xi walked over and greeted politely, "Grandparents, third uncle, third aunt."

"Hey, Xiaoxi is here today!" Third Aunt He Li exaggeratedly spoke, "I haven't seen you for a while, but it's really rare."

“Sit down and eat the fruit yourself.” Su’s mother glanced at Su Xi, and after speaking, she continued to watch the video of Su Qinghao participating in the TV program on her mobile phone.

Su Xi had attended two family gatherings, got used to their way of speaking and attitude, and found an inconspicuous position to sit down.

Su Qinghao ran over and showed Su Xi his mobile phone, “Sister Su Xi, can you play games?” We team up.

Su Xi looked at the game she usually played with Ling Yihang, and she said truthfully, “It’s not good!”

Su Qinghao was enthusiastic, “I’ll take you!”

Su Xi took out his mobile phone, “Okay, I’ll pull another teammate.” Butler

Wang suddenly ran in, and the voice of surprise instantly penetrated the entire hall, “Master, madam,

grandma and Miss Chu Ci are here!”

The sweet pursuit Chapter 65-Su Hetang Su Mu immediately got up, “Chu Ci is here? Su

Xi heard about Su Chuci’s name several times, looked up at the door, and saw that the woman who walked in was tall, wearing an off-white suit, inside was a burgundy long skirt, her face was delicate, her temperament was high and cold, and her eyes were full of arrogance.

The children of the Su family are all outstanding.

Su Chu smiled lightly, “Grandpa, grandma!” Third uncle, third aunt, hello everyone!

“Oh, my big darling, you can be counted as coming, I have been nagging you with your grandfather for a morning!” Su Mu held Su Chuci and looked up and down, her eyes were earnest and kind.

Third Lady He Li pouted at her man with some taste, suggesting that Su's father and mother were biased, but there was no way, who let Su Chuci be the most outstanding child of their Su family!

Su Chuci has been smart since he was a child, piano and violin have won the highest level of certificates, full scholarship admitted to the world's famous school, and after graduation, he entered the world's first consortium as the president's secretary, which simply represents the face of their entire Su family.

Maybe even they will have to befriend this eldest daughter of Dafang in the future.

The eldest lady Zhang Nianyun said with a smile, "Chu Ci also misses you, but he is too busy with work to spare time."

"Doing things in the Ling family must be hard, but don't get tired of my family." Mother Su frowned in distress and shouted, "Mother Chen, is the bird's nest ready, bring a bowl to Chu Ci immediately."

"Coming, coming!" Mother Chen carefully held the white bone china bowl and said happily, "Knowing that Miss Chu Ci is coming, I stewed it early in the morning."

Su Chu politely thanked Mama Chen.

On the sofa here, Su Xi and Su Qinghao, with Ling Yihang, played games in full swing.

When Su Zhengrong came in, he just saw this scene and frowned slightly.

"What about Tongtong, their mother and daughter?" Su Mu saw that he came alone and asked.

"Next month Tongtong will participate in an art exhibition, and today Chen Yuan took her to visit Teacher Li, so she just came." Su Zhengrong explained.

"Participating in art exhibitions? That's business, and it's the same next time, but I haven't seen her for some days. Mother Su said lovingly.

“That art exhibition was held very grandly, all famous artists participated in the exhibition, and Yutong was selected, which is really more and more prominent.” Zhang Nianyun said politely.

“Where, it’s not comparable to Chu Ci.” Su Zhengrong said modestly, subconsciously looked at Su Xi, but saw that Su Xi had been looking down at Su Qinghao playing games, and did not pay attention to the matter here, and couldn’t help frowning again.

He shouted, “Xixi, come here!”

Su Xi looked up, put down his phone and walked over.

Su Zhengrong smiled kindly at Su Chuci, “Chu Ci, this is my daughter Su Xi, she didn’t come when she picked up the wind for you last time, today I will introduce you to formally get to know each other.” Su

Chuci has always been abroad, and the two have never met.

Su Xi opened his mouth first and shouted, “Cousin!

Su Chuci’s eyes glanced at Su Xi’s body, and said with a light smile, “It’s very beautiful!”

Su Zhengrong said with a warm smile, “In the future, I will take more care of Xixi.”

Su Chuci had a formulaic smile on her face, “There are many people who let me take care of, and she has to work her own!”

Su Zhengrong immediately said, “Yes, Xixi will definitely learn from you.” Su

Xi’s face was always light, as if he hadn’t taken the words of the two to his heart at all, but he seemed to be well-behaved and gentle, making people unable to say anything to blame.

The sweet pursuit Chapter 66- Su Zhengrong asked Su Chuci to take more care of Su Xi, and the third room was afraid of falling behind, and he was also busy praising his daughter and son, so that Su Chuci took care of him.

Su Xi took the opportunity to leave quietly and returned to the sofa to continue playing games with Su Qinghao.

The Su family's old mansion has a small gathering every Monday, and a large gathering in half a month, which is the rule set by Su Hetang. At parties, men talk together about business, while women talk about family life to enhance bonding.

When Su Shishi was about to eat, Su Shishi came, because she was studying art, she dressed more differently, and after coming, she threw her leather bag on the sofa, and put her legs on the coffee table, looking like a hanging erlang.

He Li came over and hinted that she went to Su's mother to say hello, but Su Shishili ignored it.

The meal was laid out, everyone took their seats one after another, Su Hetang sat in the main seat, on the left hand side was Su Mu, on the right hand side was the position reserved for Su Chu, and the others sat down in turn, and when Su Xi passed, only the position at the end of the table was empty.

Su Zhengrong was a little distressed and wanted to call her to his side, but Su Shishi sat down on his butt, and he had to shut up.

The Su family likes to talk about things at the dinner table, so there is no rule of not eating, everyone talks and laughs, it is very lively, and Su Chuci is still the central topic of everyone's discussion.

"Chu Ci is doing things in the Ling family, and he can help our family business more in the future." He Li said with a smile.

Su Chuci smiled implicitly, "Mr. Ling knows my identity, but he can let me follow him and completely trust me."

The implication is that she will not steal the company's business information to the Su family, and let them not have this heart.

Su Hetang smiled and said, "If that is the case for our little family to be angry, the Ling family trusts us, and we can't do that kind of thing." The

smile on He Li's face was a little stiff, and he smiled and did not speak.

"As long as Chu Ci does well in the Ling family, the Ling family will take care of our Su family even if they take care of Chu Ci's face." Su Mu looked at Su Chuci with amiable eyes.

"It is!" Zhang Nianyun took the words, pulled Su Chuci's sleeve, and revealed a diamond bracelet with exquisite workmanship, "This GK's new bracelet was given by President Ling, which shows that it still cares for our Chuci."

"Oops!" He Li exaggerated and exclaimed, "This bracelet has long been fancy to our family poetry, and I didn't grab it at all, but it's still Mr. Ling!" Su

Xi, who was eating spicy shrimp, was startled by He Li's voice and looked up at Su Chuci's wrist.

Su Chu quietly pulled down his sleeves to cover the bracelet, the corners of his lips were slightly hooked, and said generously, "It's just company welfare."

"Is it a company benefit to give such a gift? Why don't I believe it! He Li's eyes were full of shrewd calculation, "Maybe in the near future, our Chu Ci will not only be a secretary, but Mrs. Ling, and then Chu Ci will have to take good care of your third uncle." Su's

father and mother all looked at Su Chu with expectant eyes.

Su Chuci, who has always been generous and decent, blushed and laughed lightly, "The third aunt said and laughed." Su

Zhengshang and He Li flattered Su Chuci, and the anger at the dinner table became more and more lively, but the side at the end of the table was unusually quiet.

Su Zhengrong had been a little awkward since everyone talked about the relationship between Su Chuci and Ling Jiuzhe, frowning while observing Su Xi's face.

Su Shishi couldn't see her parents' tendency to follow the trend, and took out her mobile phone to play.

He Li glanced at her daughter, and patted her hand with some hatred, "I know to play games all day, only unmotivated people play games, you can't study well with your sister Chu Ci."

Su Shishi's face was a little ugly, put down her mobile phone, and poked the chicken wings in the bowl with chopsticks, as if she had a hatred.

Zhang Nianyun came out to play the round, "Poetry is also very talented, learning design, you can open your own studio in the future."

Speaking of this, He Li said reservedly, "She is still young and has little experience, so I plan to let her enter King's design studio for a period of time after graduation."

The sweet pursuit Chapter 67-"Is King Who Created the Arctic Design Studio?" Zhang Nianyun was surprised for a moment and asked directly.

"It's the Arctic." He Li said with a smile.

Su Chuci looked over, "The Arctic has just won the highest artistic achievement award at the international film festival. Strictly

speaking, the Arctic is a team, this team has won countless design awards abroad, and the costume styling of the protagonists of many classic movies in China is created by this team, and has a very high status in the entertainment industry. And KING and GK jewelry, who are the chief designers of the Arctic, also seem to be related.

GK is a legend, initially founded as a top domestic brand, and then spent three years to enter the international luxury market, becoming one of the three major international luxury brands, the design of jewelry and clothing has won many awards in the world, every time a new product is released, it will definitely cause a sensation in the aristocratic circle.

Such a top-level team is naturally not so easy to enter, so Zhang Nianyun and Su Chuci were shocked.

Zhang Nianyun looked at Su Shishi and asked with a smile, "Shishi knows King?"

King herself has always been mysterious and low-key, and few people have seen it, but they have heard of her legend.

Su Shishi had a hint of pride on her face, and He Li explained, "I don't know, but Shishi has a friend who is a steward in the design studio, and he said that he can let Shishi break into the North Pole." Hearing

this, Su Xi raised his head and looked at Su Shishi, his eyebrows flashing.

"Are friends reliable?" Su Hetang suddenly asked.

Su Shishi raised her head and said resolutely, "Of course!

Everyone no longer said anything, they were all praise, He Li's face was red, and he felt that he had finally regained some face today.

In the middle of speaking, Su Hetang coughed lightly, looked at Su Xi, and said seriously, "Xiaoxi, it's not that grandpa said you." Your sisters and sisters are very accomplished, and you can't be too mediocre, although you returned to the Su family later, but you are also the Su family, representing the face of the Su family. Tongtong is better than you,"

"Dad!" Su Zhengrong suddenly interrupted Su Hetang's words, "Xiaoxi has good grades in school.

He Li lifted the corners of her lips, "If I remember correctly, Xiaoxi repeated it for a year in his third year of high school."

So repeat students have good grades, what is there to boast of?

"Dragon gives birth to nine sons, there is always a difference. Just have Chu Ci to win glory for our Su family! Su Mu smiled meaningfully.

He Li looked at Su Qinghao, who was sitting with Su Xi, and reprimanded, "Put your phone down and play with your phone all day, do you also want to repeat a grade?"

Su Zhengrong's face suddenly looked a little ugly, and just about to explain for Su Xi again, he heard Su Xi speak softly, "Yes, I will work hard."

"Hmm!" Su Hetang replied lukewarmly, and the point was reached, "Okay, let's eat."

After

eating, Su Mu and several people played mahjong, and Su Xi took his leave and left.

Coming here, she actually wanted to integrate into the Su family, but every time she seemed to fail a little.

When I went out, I heard the butler talking to Su Chuci, “Miss Chu Ci, don’t you go with the eldest lady?” I’ll drive you!

“No, I came by car!” Su Chuci quietly refused.

The housekeeper also said something, and followed behind Su Chuci like a pug.

The rain has stopped, but the wind in late spring is still a little cold, out of the villa area, Su Xi stood on the side of the road waiting for the car, a red sports car whistled in front of his eyes, only to see Su Chuci’s long curly hair blown up by the wind.

Another Ferrari drove over on the road, and soon turned around and came back, stopping in front of Su Xi, and the window was lowered, revealing Shen Ming’s handsome face.

He took off his sunglasses and grinned, “Girlfriend, long time no see!”

Su Xi was unfazed and looked ahead.

Shen Ming raised his eyebrows, and his tone of disappointment was disappointed, “Ignore me again?” I paid so much for you behind my back, even Li Rong and those people cleaned up for you.

A hint of surprise slipped in Su Xi’s eyes, and she looked at him, “You called the police that day?”

“You get in the car, I’ll tell you!” Shen Ming squinted at the fox eyes.

The sweet pursuit Chapter 68-Su Xi said lightly, “I don’t want to know.

“Yes?” Shen Ming smiled enchantingly, “I told the police that they beat each other by themselves, the police didn’t believe it, and now they are still looking for clues, do you say do I want to give the copied surveillance records to the police?” Don’t worry, I won’t harm my girlfriend, I’ll delete the monitoring with

you, and only leave the little girl who went with you, how about it? By the way, Li Rong's people outside seem to have been looking for the little girl's father.

Su Xi frowned, stared at Shen Ming for three seconds, opened the door and got into the car.

Shen Ming showed a triumphant smile, "It would be good if it was already like this, it would cost me so much to speak."

Su Xi looked at him coldly, for a long time, his eyes calmed down, and he said, "I apologize for hitting you last time, and thank you for not handing over the monitoring, in the future, our well water will not violate the river water, and it will be leveled, how about it?"

Shen Ming laughed, "You hit me, I'll help you, it seems that this can't be put together and leveled, right?"

Su Xi asked, "What do you want?" Let's draw a path!

Shen Ming couldn't help himself with a smile, "What kind of Daoer to draw, do you think the competition?" Then I really can't compare to you, I still want to ask you, where did you learn kung fu, Shaolin Temple?

Su Xi looked at him and did not speak.

Shen Ming slapped the steering wheel with his right hand and said with a smile, "In this way, I went to a drinking party today and forgot to bring a female companion, you are my female companion today, it can be regarded as helping me, then our previous grudges are all leveled."

Su Xi's eyes were calm, wanting to see Shen Ming's intentions.

Shen Ming smiled again, "You won't be afraid, right? Don't worry, your martial arts skills are so high, I can't beat you, what can I do with you? Otherwise, I'll add another one, so that Li Rong's people can't find the little girl's father, so it's always okay!

Su Xi felt that he really owed Shen Ming a favor, and he was not afraid of what bad tricks he would make, so he nodded and agreed, "Okay, I'll go with you."

She added, "I don't have a dress."

Shen Ming smiled casually, "It's okay, it's very good, it's beautiful!" "

.....

The place where the part was opened is not far from the Su family, and it is also a villa area in the south city, a garden villa, which is rarely lived in in normal times, and is used by the rich for gatherings.

Shen Ming's car drove into a European-style villa, and the huge courtyard was full of luxury cars.

The uniformed greeter ran over to open the door for them, and when he saw that it was Shen Ming, the smile on the greeter's face was a little more respectful, as if he knew him.

Shen Ming stood there, waiting for Su Xi to come over, and then stretched out his hand to her.

Su Xi knew what he meant, and his eyes were slightly cold, asking him not to go overboard.

Shen Ming smiled and emphasized, "You are my female companion!"

Su Xi also emphasized the tone, "Yes, as long as you are not afraid that I will crush your arm."

Shen Ming, "..."

He suspected that Su Xi had traveled from primitive times.

So rough and barbaric!

The two entered the hall one after the other, but as long as they appeared with Shen Ming, whether the two held hands or not, they were destined to become the focus of everyone's attention.

Especially the attention of women.

As soon as Su Xi came in, she noticed that several eyes with obvious jealousy and hostility fell on her, and at this moment, she seemed to understand Shen Ming's purpose.

The woman was not afraid, but what made her uneasy was that she saw Ling Jiuze among the guests of the party.

She and Ling Jiuze assumed that they couldn't teach Ling Yihang a lesson today, but at this time, they appeared here with Shen Ming.

She sighed softly.

The sweet pursuit Chapter 69-Today's host is surnamed He, and he is not as good as the Ling family and the Shen family in Jiangcheng, but he has been a businessman for several generations, and he is also considered a rich family.

Mr. He is in his forties, slightly blessed, with a refined style, seeing Shen Ming, he greeted him with a smile, "Ming Shao, I haven't seen you for a long time, how is Ling Zun's health?"

Shen Ming is the old son of his father, who is over seventy this year, lives in seclusion, and rarely attends such occasions.

Shen Ming smiled at Sven, "Okay, I also said that you have time to go to your home as a guest."

"I'll definitely visit another day!" Mr. He smiled and looked at Su Xi, "This is?"

Shen Ming held Su Xi's hand without a trace, and introduced with a light smile, "My friend."

Su Xi didn't expect Shen Ming to suddenly come to hold her hand, and she was not guarded for a while, and at this time, it was not easy to shake it off in front of the master, and she stiffened for a moment, secretly enduring.

There were many people standing in the banquet hall, all looking towards this side, and one of them smiled, "Shen Shao changed his girlfriend again?"

Another said, "Looking young, college student?"
Jiang Chen,

who was standing beside Ling Jiuze, glanced at it and scoffed, "Shen Shao's taste has always been mixed!" Ling

Jiuzi ink eyes have been staring at Su Xi since she entered the door, and when she heard Jiang Chen's words, a dark color flashed under her eyes.

Seeing the simplicity of Shen Ming's introduction, Mr. He did not dare to ask in detail, but only smiled, "Feifei, they are not there, it is better to,"

Before his words fell, a girl in a purple dress ran over and shouted excitedly, "Brother Shen Ming, you are here!"

Mr.

He pretended to be angry and said, "I have graduated from college, and I am still so frizzy and unruly."

He Feifei stuck out her tongue and made a delicate expression, but when she saw Su Xi, her smile froze, and she blurted out directly, "Who is she?"

Mr.

He's face sank, afraid that Shen Ming would not be happy, and just about to speak, he heard Shen Ming smile without minding, "My friend, bring her to play, and sister Fei'er will entertain me well."

He Feifei had a smile on her face, there was no smile in her eyes, and she said meaningfully, "It's Shen Ming's brother's friend, how can I snub?"

Shen Ming let go of Su Xi's hand, gently pushed her, lowered his head and showed a pampered smile, "Girlfriend, happy to play, you must call me if you have something!"

Her hands were so cold that even his, they were already stained with a chill.

Su Xi looked back and lightly pursed his lips, "It will satisfy you."

Shen Ming's fox eyes blinked, and Gu Panshenghui was full of charm.

Seeing the two "intimate", He Feifei was even more jealous in her heart, and immediately said to Su Xi, "Come with me and introduce a few sisters to you."

Su Xi didn't look at Shen Ming anymore, and followed He Feifei to the flower hall next to him.

The flower hall and the banquet hall were connected, and a group of young women sat on the sofa, looking at what happened just now, and got up one after another, with different eyes, "Miss is Shen Shao's friend?"

“Your last name?”

“Looking at Mian Sheng, it’s not a person in the circle, right?”

.....

Everyone was staring at something new, looking around Su Xi, if it was a little girl who did not know the world, with this face, they would have to be scared of the six gods and masters.

He Feifei was already sitting on the sofa, staring at Su Xi watching the show.

Because it is to participate in the banquet, all the women have been carefully dressed, even if they are not wearing formal dresses, they are all brand-name formal clothes, only Su Xi, simple white T-shirt, jeans, in a group of people, looks out of place.

Being embarrassed by others and embarrassing her is Shen Ming’s purpose.

“My surname is Sue.” Su Xi only answered this question, and then sat on a small sofa without changing his face, calmly bearing the gaze of others.

One of the women in a long red diamond-encrusted dress sneered, “When did our Shen Shao’s taste become so clear and waterless?”

After she said that, she looked at another girl in a white bandeau short dress, “No wonder you didn’t see us vivi.” The

woman named vivi was wearing a wrapped skirt, with a convex front and back, plump and charming, she had a cold face and shot back, “Say what I do, you stick to President Ling, people don’t pay attention to you!”

“What nonsense are you talking about!” The woman in the red dress was embarrassed and angry, stood up and wanted to rush over.

The sweet pursuit Chapter 70-He Feifei hurriedly got up to stop him, and said coquettishly, “What are you doing, I invited you to play, not quarrel!”

Other women also came to persuade.

Vivi both sat down indignantly, turned their heads, and looked like they were at odds with each other.

He Feifei's eyes looked at Su Xi, seeing that there was a mess here, Su Xi sat firmly on the sofa, a pair of black and white eyes looking with interest.

Well, they didn't let Su Xi become a joke, and they made a joke for Su Xi to see first.

She was even more angry in her heart, sitting on the sofa and laughing coolly, "What are you all doing, Shen Shao let us take care of Miss Su, you guys are good,, and leave Miss Su cold, like words?"

Everyone looked at He Feifei's eyes, and immediately understood what she meant, and they all agreed, aiming at Su Xi.

The first to take the lead was the woman sitting next to her, with a chin like an awl, who asked, "Miss Su, where do you usually go shopping?"

Su Xi replied, "I don't go shopping."

The second woman asked, "Which brand of jewelry does Miss Su usually like?"

Su Xi said, "As long as it is jewelry, I like it."

The third woman asked, "What bag does Miss Su usually carry?"

Su Xi said, "School bag."

The crowd ,.....

The fourth woman came over with a glass of red wine, "Miss Su, see you for the first time today, toast you."

Just when she deliberately hit the corner of the table, pretended to trip, and poured the wine in her hand towards Su Xi, Su Xi helped her, raised her leg and kicked the table away a second earlier.

The heavy solid wooden table was quietly kicked out by her for half a meter.

The woman didn't hit the table, the force she let out couldn't be retracted, shook it, and directly lay on the ground, the wine glass was crushed on the chest, miserable.

He Feifei's eyes widened, and a few words squeezed out between his teeth, "How did you do it?" A

few women next to them rushed to help the woman who bumped into, making a mess.

At this time, a woman with short hair pulled Su Xi aside, pursed her lips and smiled, "You are so powerful!" They are usually like this, seeing a person who does not belong to this circle, they will have fun together, especially if you are still the person brought by Shen Ming, their hostility towards you is even deeper.

Su Xi was noncommittal, she would only use these straightforward methods to deal with it, if Yang Yang was here, it would be good, even if they were beaten, these people were not her opponents combined.

The short-haired woman smiled sincerely, "My name is Zhao Na, it's nice to meet you."

Su Xi nodded lightly, "Su Xi."

Zhao Na lowered her voice, "Don't worry, they also have this trick, as long as you don't be afraid, they don't dare to treat you well!"

Su Xi bowed, "I'm not afraid!"

Zhao Na smiled widely, looked down and saw that Su Xi's shoes were splashed with wine stains, and took out a wet wipe from her bag, "Your shoes are dirty, I'll help you wipe them."

With that, she crouched down.

Su Xi also immediately squatted down, "Thank you, I'll come by myself!"

She went to pick up the wet wipes in Zhao Na's hand, her eyes suddenly turned cold, grabbed Zhao Na's left hand that reached for her pants, and asked coldly, "What do you do?"

Zhao Na's hand was painful, and the things in her hand fell out, and the "ding" fell to the ground, it was a ruby set diamond-encrusted earring.

Her face changed and she screamed loudly, "Ah!

He Feifei and they immediately looked over, "What's wrong?"

Zhao Na pushed Su Xi hard, took a few steps back, pointed to the earrings on the ground and shouted, "I saw something falling out of her pocket, and I wanted to pick it up, she grabbed my hand, it hurts!"

Su Xi took a deep breath and slowly got up.
