The sweet pursuit Chapter 81-He Li was moved by Su Shishi and nodded, "Okay, wait a while, I'll transfer you <>, <> yuan."

Su Qinghao said anxiously, "Are you fools? I know that Chang Bo is a liar, and I have to give him money!"

"Who are the liars?" Su Shishi pinched Su Qinghao's face again, "I see that sister Su Xi of yours is a liar!"

"She's not a liar, but you're definitely a fool!" Su Qinghao shouted loudly.

"Haohao, don't talk to your sister like this!" He Li reprimanded Su Qinghao with a straight face.

Su Qinghao saw that they didn't believe themselves, and angry tears swirled in his eyes, "You guys will be deceived by him, sooner or later there will be regrets!"

With that, he got out of his chair and ran upstairs.

He Li shook his head, "This kid is not sensible at all!"

Su Shishi sneered, "It's not with that Su Xi yet, Mom, you still let Qinghao Shao interact with Su Xi."

He Li said angrily, "Who let them come and go, it was that day in the old mansion that the two of them played a game together for a while, and that Su Xi climbed Haohao."

Su Shishi pouted, looking very clear, "Can't you see this?" Su Xi wanted to go back to the Su family, but no one else paid attention to her, so she used this little fool in our family.

He Li sank his face, "I'll tell Haohao later, don't take care of her in the future!" As soon as Su Qinghao went upstairs, he called Su Xi, and when the phone was connected, he was about to cry, "Sister Xi, my mother and sister don't believe what I said, what should I do?"

Su Xi just finished eating, stood in front of the refrigerator to take ice cream, listened to Su Qinghao's words, and said quietly, "You can find your father."

Su Qinghao said helplessly, "My father is usually very busy, and everything at home is listened to my mother, and it is useless for me to tell him."

He lowered his voice, "Sister Xi, help me again."

Su Xi thought about it and should come down, "Then I'll try!"

In fact, she didn't want to help He Li's mother and daughter at all, and she didn't care if they were deceived, but this matter also had something to do with her, after all, the one named Chang Bo was deceiving people outside with the reputation of the Arctic.

The next day, when He Li was playing mahjong with a group of wives, she received a phone call.

"Hello Mrs. Su, I am the personnel department of the Arctic Design Office, I heard that someone pretended to be our Arctic name and lied outside,"

Before the man finished speaking, He Li interrupted him, "Hey, the phone calls have come to me, Su Xi asked you to call, right?" The

person on the phone frowned, "What do you mean, who is Su Xi?"

He Li sneered, "Don't pretend, if you don't know Su Xi, how do you know my phone?"

After

speaking, he hung up the phone, and when the call came in again, he directly blacked out.

.....

Su Xi was speechless when he heard Qin Jun talk about this, some people's determination to be deceived was really firm, and no one could shake it.

However, things moved quickly, and over the weekend, something went wrong.

The day before Su Shishi's accident, He Li called Su Zhengrong and asked Su Xi to find Su Qinghao less and not delay her son's study.

Su Zhengrong didn't think about how to talk to Su Xi, and the next day, he heard that Su Shishi had been arrested for beating someone.

He called Su Xi and said this by the way.

Su Shishi wanted to enter the Arctic Design Studio, not only boasted about Haikou with He Li, but also boasted with her classmates that she would definitely be a senior designer of the Arctic.

The sweet pursuit Chapter 82-After she took 100,000 yuan from He Li and gave it to Chang Bo, Chang Bo said that their deputy director couldn't see the gift of 100,000 yuan at all, so let her have more blood and get it all at once.

Su Shishi knew that He Li was already a little hesitant and did not dare to ask her for money, so she stole a family heirloom jadeite treasured in the family and gave it to Chang Bo.

Chang Bo was chasing a woman named Xu Yan and gave her this piece of jadeite.

Coincidentally, Xu Yan and one of Su Shishi's classmates are cousins, and several people met in the disco, Su Shishi saw the jadeite hanging around Xu Yan's neck, and asked it was given by Chang Bo, only then did she know that she was deceived.

She was filled with grief and indignation, and her two classmates beat Xu Yan hard, and I heard that Xu Yan's head was broken.

But this woman named Xu Yan is not a vegetarian, she is the girlfriend of Jiang Chen, the eldest young master of the Jiang family.

So now, Su Shishi is locked up in the police station, and Xu Yan wants to sue her.

If Su Shishi is prosecuted and sentenced, she will be imprisoned for at least three years!

Chang Bo saw that something had happened and had already run away overnight.

When such a big thing happened, Su Zhengshang went home and scolded He Li, and He Li's face was full of tears, "Shishi swears that Chang Bo is reliable, I don't know that he is a liar!"

Su Qinghao stood on the stairs and looked at it coldly, he had already said it, but they didn't believe it!

"What now?" He Li was remorseful, "Before the people in the Arctic called me, saying that Chang Bo was a liar, I still don't believe it!"

Su Zhengshang trembled with anger, "You brainless stupid woman, I see that this family will be defeated in your hands sooner or later!"

He Li cried, "Don't scold me, the most important thing now is to save Shishi, she can't really go to jail!"

Su Zhengshang looked angry, "How to save?" She hit Jiang Chen's girlfriend, don't you know who Jiang Chen is? That's the prince of the Jiang family! I called his father, but people ignored me and hung up the phone.

He Li wiped a handful of tears, "Then let's find Dad and let Dad call the Jiang family, they always have to give Dad some face."

Su Zhengshang sat on the sofa with his butt and said annoyedly, "Our Su family is no longer as good as before, now the Ling family, the Jiang family, and the Shen family are the sky of Jiangcheng, that Jiang Chen I have seen, the personality is moody, not easy to mess with, even if Dad goes to intercede, he may not give us face." When

He Li heard the Ling family, he suddenly thought of something, and said busily, "Let's go and ask the Ling family, I heard that Jiang Chen and Ling Jiuze have a good relationship, we can find Chu Ci to help, Chu Ci is doing things next to Ling Jiuze, and he will definitely be able to speak."

Su Qinghao ran down the stairs, "I think it's more useful to find Sister Xi to help!"

"Little ancestor, don't add to the chaos!" He Li anxiously pushed Su Qinghao away.

Su Zhengshang considered He Li's words, "Then let's call Chu Ci and ask."

"Okay, I'll hit it!" He Li immediately turned around to find her phone.

Seeing that they still didn't trust themselves, Su Qinghao shouted angrily, "You are all stupid!"

“Bunny, what did you say?” Su Zhengshang snorted coldly.

Su Qinghao looked at him stubbornly, “You will regret it sooner or later!”

He Li had already found his mobile phone and said to Su Qinghao, “Haohao, go upstairs to play, don’t make trouble?”

“Call quickly!” Su Zhengshang urged.

He Li found Su Chuci’s phone, dialed it, and waited nervously.

After six or seven rings, it was only connected over there, and Su Chuci lowered his voice, “Third aunt, what’s the matter with you, I’m in a meeting!”

He Li choked and said, “Chu Ci, I didn’t mean to disturb you, your sister Shishi had an accident, Chu Ci, only you can help her!”

Su Chuci walked outside the conference room, “What happened?” ”

The sweet pursuit Chapter 83-He Li cried and cried and said the matter again, and finally begged Su Chu to ask Ling Jiuze to help intercede, so that Jiang Chen could let Su Shishi go.

“That’s right!” Su Chuci’s voice was faint, “Okay, when Ling is free, I’ll talk to him.”

“Then please, Chu Ci, Shishi is still locked up in the police station, she has never experienced such a thing, she must be frightened, you have to hurry.”

Su Chuci was a little impatient, “I know, I still have to go to the meeting, hang up first.”

He Li still didn’t speak, and when he saw that the phone hung up, he didn’t dare to call again.

“What did Chu Ci say?” Su Zhengshang immediately asked.

He Li said, “Chu Ci said that he would talk to Ling Jiuze.” “That’s good!” Su Zhengshang was relieved.

He Li was still a little worried, but she could only wait.

At this time, Su Chuqi returned to the conference room to continue the meeting, and an hour later, the meeting dispersed, and she followed Ling Jiuze back to the president's office.

Su Chuci remembered He Li's words and considered how to open his mouth to Ling Jiuze.

He Li's mother and daughter were actually deceived by a man, and she was embarrassed to open her mouth about such a thing, and she was afraid that President Ling would laugh at her when she said it.

.....

Ling Jiuze sat behind the huge desk, behind him was a whole floor-to-ceiling window, standing by the window, overlooking half of the river city.

The man was wearing a well-fitting handmade suit, his face was handsome, his temperament was indifferent and distant, the pen in his hand signed several documents, seeing Su Chuci's appearance that something seemed to be something, he raised his head and asked softly, "Is something wrong?" Su

Chuci was a little hesitant, when she first interviewed Ling, she had firmly said that she would distinguish between public and private, and now she was afraid that harassing him with private matters would ruin her impression in Ling Jiuze's heart.

Especially such a thing that would make her embarrassed.

Suddenly Ling Jiuze's mobile phone rang, and the man picked it up and walked to the window to answer it.

The sunlight shone in, shrouding the man's tall figure in bright light, he was in his trouser pocket in one hand and holding the phone in the other, his voice was low and magnetic, and the whole person exuded dazzling light.

Su Chuci's eyes were gentle, and he looked at the man's back for a moment.

It was Su Xi who called Ling Jiuze, she didn't see him all morning, and heard Yihang say that he went to the company,

"Are you at work?"

“Well, there’s something going on with the company temporarily, you say.”
The man said softly.

“That’s right, Yihang said that his father’s birthday is coming, let me accompany him to choose a birthday gift in the afternoon.”

Ling Jiuze’s long eyes reflected in the soft light, a faint touch, and the color was bright, “You don’t want to go?”

Su Xi paused for a moment, “No, ordinary people don’t like tutors to interact with their children in private, so I ask your opinion.” Ling

Jiuze hooked his lips and smiled lowly, “In your eyes, am I so clear about public and private?”

Su Xi pursed the corners of his lips and did not speak.

Ling Jiuze said softly, “Go, pay attention to safety, you can also buy something you like, and find Uncle Fu to reimburse it, which is considered a welfare.”

Su Xi snorted, “Then don’t bother you with work, goodbye.”

Su Chuci was stunned when she listened to the man’s voice, Ling Jiuze had always been moody, keeping an appropriate distance from anyone, she had never heard him speak so gently, although she saw his expression, he must be in a good mood.

Who is the other party?

It doesn’t sound like a girlfriend.

When the man hung up the phone and turned around, Su Chuci already had an idea, she stepped forward, dignified and gentle and spoke, “President Ling, I have something I want to ask you for help.” Ling

Jiuze sat on the chair and looked up, his tone indifferent and distant, “What’s the matter?”

Su Chuci said the matter of He Li’s mother and daughter, and his tone was apologetic, “My cousin was spoiled by my third aunt, she was impulsive, she didn’t use her brains, and she hurt Jiang Shao’s girlfriend when she was excited.” But she is still young, if she really goes to prison, the rest of her life

will be ruined, and I asked President Ling to see my face and say a few good words for her in front of Jiang Shao. ”

The sweet pursuit Chapter 84-Ling Jiuze’s long eyes were usually cold and indifferent, and he bowed his head, “Well, when I see Jiang Chen’s words, I will talk to him.”

Su Chuci didn’t dare to let him call immediately, and he was already very satisfied with promising her to help intercede, and immediately said with a smile and gentleness, “Thank you President Ling, you are busy first, I’m out.”
Ling

Jiuze nodded lightly and continued to look at the document in his hand.

Su Chuci left the president’s office and immediately called He Li, telling her that he had already looked for Ling Jiuze, and Ling Jiuze also promised to help speak for Su Shishi.

He Li was excited, and thanked him again and again, “Chu Ci, you still have the ability, really thank you so much, as long as Shishi can come out safely, your third uncle and I will remember your kindness for the rest of our lives.”

“Family, say this and see the outside.” Well, I still have work, hang up first! Su Chu hung up the phone politely, with a mocking and arrogant arc at the corner of his mouth, and stepped on high heels and walked towards his office.

He Li thought that Su Chu resigned from the horse, and this matter should be solved soon, but after waiting for a day, two days, three days... Su Shishi is still locked up in the police station.

A week later, when she went to see Su Shishi, Su Shishi’s whole person changed, her eyes were sunken, her face was pale, her eyes were full of panic, and she was no longer arrogant before, “Mom, I’m going out, I don’t want to stay here!”

“Mom, you get me out!”

He Li was distressed, she called Su Chuci again, but Su Chuci did not answer at all.

Back home, He Li scolded Su Chu.

Today is Saturday, and at noon, Su Xi stayed at Ling's house for lunch.

It just so happened that today the kitchen made glutinous rice wine duck soup, sweet and nourishing, Su Xi liked it very much, and drank a bowl in one go.

Ling Jiuze swept his gaze over her lips that had been moistened by the soup, and said softly, "If you like it, let the kitchen pack a copy for you."

Lest she go back in the evening and make that half-cooked, pasty noodle soup to spoil herself.

"Huh?" Su Xi was stunned and immediately shook his head, "Thank you, no need." It

is too late to stay to eat, and there is no reason to piggyback.

"It's just a soup, let you bring it." Ling Yihang snorted.

Ling Jiuze asked the maid to pack the duck soup in a thermos bucket and bring it to Su Xi later.

Su Xi didn't say anything more, only smiled and thanked the two.

Her mobile phone rang suddenly, and she walked to the side to answer, it was Su Qinghao, begging Su Xi to save his sister.

Although Su Qinghao was angry that Su Shishi was stupid, he couldn't help but feel distressed and anxious when he saw He Li crying all the time.

After all, it was his sister, and he didn't know who to find to help, so he could only call Su Xi again.

Su Xi did not promise to help, calmed Su Qinghao a few words and hung up the phone.

Back at the table, Ling Yihang asked, "Is it Su Qinghao?" The

three of them used to team up together to play games, and with tacit understanding, they already had a comradeship.

Su Xi said, "Yes, something happened to his sister." Ling

Yihang let out an “oh”, “No wonder he hasn’t been online in the past few days.”

Ling Jiuze listened to the words of the two, looked up and asked, “Is it Su Zhengshang’s daughter?”

Su Xi nodded, “Yes, you know this?” Ling

Jiuze said lightly, “Know a little.” Su

Chuci asked him for help before, but when Jiang Chen went abroad, he didn’t pay attention, and the company was very busy this week, and he almost forgot about it.

He raised his eyebrows and looked at Su Xi, “You have a good relationship with that one named Su Qinghao?”

Su Xi’s eyes moved slightly, and he said quietly, “Fortunately, he is quite sensible.”

Although Su Qinghao was young, he was one of the few in the Su family who could carry it clearly, at least when Su Shishi didn’t have an accident, he was keenly aware that Chang Bo was lying to them.

Ling Jiuze lowered his head to drink the soup and asked nonchalantly, “Do you need my help?” ”

The sweet pursuit Chapter 85-Su Xi did feel a little sorry for Su Qinghao, thought about it, and replied, “Can you help?”

Ling Jiuze raised his eyes to look at her, “It’s not a big deal, if you want to help, I’ll call Jiang Chen later.”

Su Xi met his deep and dark eyes, his gaze subconsciously avoided, and said softly, “That’s bothering you, thank you.” Ling

Jiuze glanced at her, did not speak again, and continued to eat.

After eating, when Su Xi left, the kitchen maid handed her the insulated bucket containing glutinous rice wine duck soup, and instructed her by the

way, "If you want to eat noodles, you can boil the duck soup and put the noodles in it, and cook for three or five minutes."

Su Xi's face was a little red, as if the fact that she couldn't cook noodles was known by the entire Ling family, she smiled warmly and thanked and left with the insulation bucket.

Upstairs, Ling Jiuze was calling Jiang Chen and asked him to release Su Shishi.

Jiang Chen was curious, "Who interceded with you?"

Ling Jiuze frowned, "You don't have to worry about this, quickly release the person."

Jiang Chen said with a smile, "My girlfriend was beaten and is still hospitalized, you let me let the Su family go so easily?"

Ling Jiuze lit a cigarette and sneered coldly, "Xu Yan was beaten, you are still surfing outside, do you mean to say that she is your girlfriend?"

Jiang Chen laughed, "At least for now." Ling

Jiuze glanced at the yard and just saw Su Xi leaving, she wore a skirt with a tight waist today, the waist was very thin, and the legs were white and long.

He was a little absent-minded and said quietly, "Don't talk nonsense, I still have business, you call the lawyer to withdraw the lawsuit."

Hanging up the phone, he turned his head and saw that Su Xi had already got into the car and left the yard.

.....

In the evening of the same day, Su Shishi was picked up by the Su family and returned home.

Su Zhengshang took the family and bought a heavy gift, and went to Su Lao to thank Su Chuci.

On the way, Su Qinghao frowned and said, "Why go to the uncle's house, it was Su Xi's sister who helped, and my sister went home so quickly."

He Li frowned, "What nonsense are you talking about, it is clear that your sister Chu Qiqi went to the Ling family to help."

Su Shishi was locked up for a week, her expression gloomy, "Don't mention that Su Xi again, don't deal with her again in the future, hear no!"

Su Qinghao hurriedly said, "Why don't you all believe me?"

"Believe you what?" He Li scolded, "She is a student, how can she help?" I see that you have fallen for her evil, and if you dare to mention Su Xi half a word, I will confiscate your mobile phone, and don't play games in the future!"

Su Qinghao was very aggrieved, but no one believed him at all, he clenched his palms into fists, and turned his head angrily to look out the car window.

His mother looked for Su Chuci for a week, but the matter was not solved, he called Su Xi at noon, and his sister was released in the afternoon, isn't it who Su Xi is?

Why is his family so stupid?

When they arrived at Su Zhengchun's house, Su Zhengshang and He Li thanked Su Chu for their kindness, and always praised her for her ability and ability.

Su Chuci was a little surprised, and she was moved by surprise, she thought that Ling Jiuze had forgotten about it, it turned out that he had always remembered it in his heart.

Does this mean that he values her very much?

Anyway, the matter was settled, and the two families were happy until late at night.

As soon as Su Qinghao returned home, he immediately called Su Xi, his voice choked and apologized to Su Xi, "I'm sorry, Sister Xi, no matter what I say, they just don't believe that it was you who helped."

Su Xi sat on the bed and smiled indifferently, "It's okay, letting your sister go home is the goal, as long as the purpose is achieved."

She never thought that Su Zhengchun's family would thank her, she just wanted to help Su Qinghao.

Su Qinghao said in a solemn tone, "Sister Xi, you are the best in my heart!" No matter what others say, I will treat you as my own sister in the future anyway!

Su Xi pursed her lips, Ling Jiuze hugged behind her, warm lips kissed her neck, she trembled slightly, and said goodbye to Su Qinghao, so that he didn't have to pay attention to it and went to bed early.

Hanging up the phone, Ling Jiuze hugged her waist, "That Su Qinghao?

"Hmm." Su Xi nodded lightly, "He called to thank me."

Ling Jiuze kissed her softly all the way up with his lips against her neck, and his voice was hoarse, "Then how do you thank me?"

Su Xi breathed and pursed his lips, "Why didn't you say thank you when you helped?"

Ling Jiuze's voice became more and more low, "If I don't say it, won't you thank you?" Isn't that the minimum courtesy? "

The sweet pursuit Chapter 86-"That," Su Xi said seriously, with pure eyes, "I'll go cook you a noodle and thank you, just as there is half of the duck soup left." The

man pressed his forehead against the back of her head and chuckled, "Su Xi, did you do it on purpose?" So

cute on purpose!

Su Xi raised her eyebrows and muttered lowly, "I already know how to cook noodles, if I don't believe it, I will now,"

She was suddenly pushed down by the man, and then the overwhelming kisses fell together.

.....

The next morning, Ling Jiuze took Su Xi to Ling's house together.

Entering Ling Yihang's room, he was playing a game, saw Su Xi come in, put down his mobile phone, and walked to the desk.

"I saw you coming with my second uncle, how could you be together?" Ling Yihang asked casually.

Su Xi lowered his head to sort out the books, his face did not change color, "He happened to pass by Jiangda." "Oh

!" Ling Yihang didn't doubt it, and only said quietly, "My second uncle didn't come back last night, and I don't know where to fool around."

Su Xi's face was a little hot, and he scoffed, "If you are bold, you dare to ridicule your second uncle!"

Ling Yihang snorted, "Are you going to snitch?"

Su Xi smiled lightly, "Don't dare, you are my gold lord, where do I dare to offend you!"

Ling Yihang smiled proudly.

Su Xi took out a set of rolls, "Today we will do a small test."

"Huh?" Ling Yihang's small face suddenly fell.

"Ah what, I'm more nervous than you, I want to show your second uncle your roll, you can't take the test, it means that I can't teach it." Su Xi said.

"Who wants to take the exam?" Ling Yihang snorted lightly, rolling his eyes, "If I pass the exam and let you grow a face in front of my second uncle, what good will I have?"

"What benefit do you want?" Su Xi asked.

"If I score above 95, you do me a favor." Ling Yihang said positively.

Su Xi raised his eyebrows, "What's busy?"

"I broke a watch that my second uncle particularly liked, and I have asked people to fix it, but I dare not return it to him, and you will help me send it to his study later, okay?" Ling Yihang looked at her earnestly.

“That’s it?” Su Xi asked.

Ling Yihang nodded heavily, “That’s it!”

“Okay, if you score above 95 on the test, I’ll do you this favor!” Su Xi agreed.

Ling Yihang sat down and said happily, “Bring the roll!”

Su Xi found a roll for him, sat aside, and proctored the exam while playing games.

In less than an hour, Ling Yihang finished answering the scroll and pushed it in front of Su Xi with confidence, “Look!”

Su Xi smiled and said, “It seems to be very sure!”

“The main thing is that the teacher teaches well!” Ling Yihang patted her by the way.

Su Xi was happy in his heart, with a smile on his face, “Let’s talk after 95 points!”

She began to judge the papers, and Ling Yihang threw darts next to him, not worried at all.

Soon, Su Xi finished the roll, 98 points, better than she expected.

Su Xi folded the scroll and said to Ling Yihang, “What about the watch, bring it!”

Ling Yihang opened the drawer, took out a wooden watch box, and handed it to Su Xi, “Go back quickly, I’m waiting for you outside the door.” The

watch box was a brand of a high-end watch, and Su Xi took it in his hand and took Ling Yihang’s roll to see Ling Jiuze together.

Ling Jiuze’s study was on the third floor, and Su Xi stepped on the thick carpet upstairs, stopped outside the door, and knocked lightly.

“In!” A man’s deep voice came from the door.

The sweet pursuit Chapter 87-Su Xi pushed the door in, the study was very large, facing the wide floor-to-ceiling window, you could see the lawn in the yard, Ling Jiuze's desk was on the side of the floor-to-ceiling window, and opposite was a row of mahogany bookshelves with a roof.

At this time, Ling Jiuze was sitting behind the desk reading the documents, and turned his head to see that it was Su Xi, and a touch of surprise slipped in his long eyes, as if he did not expect that Su Xi would come to him.

He wore the black shirt he had gone out with her in the morning, with two buttons open at the neckline, and a little languid in his coldness.

"Mr. Ling." Su Xi closed the door, stepped forward two steps, and put the roll on the table, "This is a small test of Yihang's knowledge points this month, please take a look."

Ling Jiuze picked it up and looked at both sides and nodded, "Not bad, he learned well, and you taught it well."

"Thank you for the compliment." Su Xi smiled lightly and handed over the watch box, "This is for you by Yihang."

"What?" Ling Jiuze took it and opened it smoothly.

The moment the wooden box opened, Su Xi saw a black thing burst out and rushed towards Ling Jiuze's face, bloody fangs, and made a "chatter" strange cry, which was even more terrifying than the ghosts in the horror movie she watched last night.

Her eyes widened, and without thinking, she pounced and tried to grab it.

Ling Jiuze was also taken aback, raised his hand to throw the wooden box out, but saw a black smoke coming out of the black-faced monster's mouth, his face changed slightly, threw the wooden box, and reached out to drag Su Xi into his arms.

Su Xi lay on the man's chest, his heart palpitated, turned his head to look at the wooden box, and saw that the black-faced monster was still laughing, and the black smoke was dispersed.

There was a three-second silence in the room, only the laughter of blackfaces.

At this time, it sounds not mad, but it is a little funny.

Su Xi was still lying in the man's arms, and the heartbeats of the two coincided, and the rhythm was chaotic, and I don't know whose heartbeat was faster.

The laughter coming out of the wooden box finally stopped, Su Xifang was about to get up, his chin was suddenly pinched by the man, "I now doubt whether you have a grudge against me,

so that you let this mess fool me again and again."

Su Xi raised his head, his eyes innocent, "I said that I was deceived by Ling Yihang, do you believe it?" The

four eyes were facing each other, a stone's throw away, the man's long eyes were inky black, and there was a thin smile at the corner of his lips, "Didn't it mean it?"

"Of course not!" Su Xi said and muttered in a low voice, "Why should I harm myself?"

The man looked into her eyes, moved closer, and whispered, "No hatred is something dissatisfied with me?"

Su Xi's face was hot, and he lowered his eyes, "No."

"Since it's for fun, if there are dislikes, we communicate in time, huh?" The man's voice was low, and the tail tone was slightly raised, sultry.

"Not really!" Su Xi emphasized, raised his eyes and crashed into the man's smiling eyes, only to realize what he said, "Teng" red face, fingertips numb.

"I'll go over in the evening." The man whispered, pinched her chin, and lowered his head to kiss it.

He kissed very lightly, lingering only on her lips, like a patient angler, constantly probing with bait, waiting for Su Xi to take the initiative to open his mouth before he went to catch the small pink fish.

Su Xi closed his eyes, and in an instant he was like a fish in water, indescribably comfortable and happy.

I have to admit that the man's kissing skills are becoming more and more masterful, like a team battle game, he can be the main attack or the assistant, giving her tenderness or fanaticism at the right time.

Even if it's not intimacy between lovers, it will make people feel great.

Therefore, when kissing a man, Su Xi always has the illusion that she is deeply pampered by him, and it will take a long time for her to recover from this illusion and wake up.

For example, now, after the deep kiss, she crouched on the man's shoulder and breathed lowly, the sunlight fell on her face through the bright floor-to-ceiling window, her eyes were in a trance, lazy and unwilling to get up, thinking that this embrace really belonged to her.

Ling Jiuze hugged her waist and waited for her to calm down.

Su Xi took a deep breath, her eyes gradually sobered, she should go, otherwise Ling Yihang would suspect that she was destroyed by his second uncle.

Ling Jiuze bowed his head slightly, his voice lazy and magnetic, "There is something at night, it will be a little later, wait for me."

Su Xiben's calm heart thumped again, she didn't dare to stay any longer, nodded slightly, got up, didn't look at him, and walked straight out the door.

Opening the door and going out, Su Xi subconsciously raised his hand and pursed his lips, removing the traces left by the man.

The oncoming maid took Han Xiao up to the third floor, and when he saw Su Xi standing at the door of the study, Han Xiao's face sank.

She looked at Su Xi warily, frowned and asked, "Why are you here?"

Su Xi's face returned to normal, and said lightly, "Send Mr. Ling a flight of exam papers."

Han Xiao's face slowed slightly, and he nodded lightly, "If it's okay, don't come to the third floor."

Su Xi chuckled, "I'm afraid Miss Han said it or not."

Han Xiao's eyes widened, watching Su Xi walk in front of her, revealing a gloomy expression of jealousy.

.....

Su Xi returned to Ling Yihang's room, without saying a word, and stepped forward to collect his things.

Ling Yihang was waiting to see Su Xi's good show, and when he saw her like this, he was a little flustered, "Why don't you talk, the class is not finished yet, what are you doing to pack your things?"

"I was dismissed by your second uncle, you can find another tutor." Su Xi's face was calm, and he continued to collect his books.

"Dismissal?" Ling Yihang's eyes widened, and he went up to stop Su Xi and said urgently, "Impossible, you didn't tell him that I let you go?"

Su Xi lowered his eyes, "Said, he doesn't believe it."

Ling Yihang frowned, "Don't go, I'll go and tell the second uncle that I was playing tricks on you, it's my fault, and it has nothing to do with you."

Su Xi's face tightened, "No need to go, it just so happens that you don't like me either, he fired me, didn't you get your wish!"

"Who says I don't like you, I'm just kidding you, really!" Ling Yihang became more and more anxious, "You wait, I'll go to my second uncle to explain clearly."

He turned around and hurriedly walked out the door, and as soon as he reached the door, he heard Su Xi sneering behind him.

He turned around, saw Su Xi sitting on the chair and smiling, suddenly came back to his senses, his face sank, and pounced to scratch Su Xi's itch.

Su Xi dodged and dodged, "You lied to me first!"

Ling Yihang gritted his teeth, "Who said that being a teacher should lead by example and stop lying."

Su Xi smiled and said, "What I said is not lying to your second uncle."

"I know that you are partial to my second uncle."

"He pays me a salary, of course I am partial to him. The

two chased one by one, making a mess in the house, Ling Yihang couldn't catch up with her, and blurted out breathlessly, "You're not partial to him, you like him!"

Su Xi raised his eyebrows proudly, "I just like him, how?"

When her words fell, the door suddenly opened, and the man standing in the doorway looked at her, his eyes as deep as night.

The sweet pursuit Chapter 88-Su Xi's scalp was numb, and he was stunned when he saw the man's sudden appearance, forgetting to dodge for a while, and was smashed straight on his head by the pillow thrown by Ling Yihang.

"Don't mess around!" Ling Jiuze rolled his eyes and reprimanded Ling Yihang in a low voice.

Ling Yihang didn't expect to really hit Su Xi, and jumped neatly from the sofa, "You're stupid, why don't you know to hide?"

Su Xi touched his head, "It's okay, it doesn't hurt."

Ling Yihang looked at

Ling Jiuze, "Second uncle, Teacher Su said that she likes you!"

Su Xi, "..."

She was really thinking about resigning.

Ling Jiuze looked at Su Xi and seemed to smile, "Is it?"

Su Xiwen smiled and said calmly, "Yes, I also like Yihang and Yinuo, thank you for giving me work, you are all good people." Ling

Yihang shook his shoulders in disgust, "Goosebumps are about to rise!"

Su Xi smiled gently, "Mr. Ling, the papers of this exam are not comprehensive, and I want to continue to give Yihang a comprehensive test next week." Ling

Yihang's eyes widened instantly.

Ling Jiuze chuckled, his eyes were profound, and said lightly, "I came for this matter, this time the question is too simple, next time Teacher Su will make the question a little more difficult, so that you can see the true level of Yihang."

After he finished speaking, he added, "I will take pictures of the results of the next exam to show his father." Ling

Yihang, "..."

He was like a small sail floating on the sea, struck by two large ships at the same time.

.....

When Su Xi went downstairs after the second class, Han Xiao was still in the living room, and she was alone.

She deliberately ignored Su Xi, only looked at Ling Yihang, and smiled gently and enthusiastically, "Yihang, I went to the mall today and saw a new model from the Lego Planet series, and specially bought it for you, see if you like it?"

Ling Yihang glanced at Lego placed on the coffee table lightly, "No need, my second uncle already asked people to buy it for me a few days ago."

"Yes?" Han Xiao smiled awkwardly, "Then you take it and send it to your classmates."

Only then did she turn her head to look at Su Xi, and her smile became lighter, "I heard that Yihang's grades have improved a lot, Teacher Su has worked hard, and Yihang's parents are not at home, I thank Teacher Su for them." Teacher Su walks slowly, I won't send it! It

was completely the tone of thinking of herself as the female master of the Ling family.

Before Su Xi could speak, Ling Yihang suddenly spoke, "Teacher Su is not leaving, she will stay for dinner at noon."

Han Xiao made a look at Ling Yihang, "An outsider, it's not appropriate to always eat at home, right?" "Whose

home is this?" Ling Yihang asked rhetorically.

Han Xiao's smile froze, and his face turned red.

Ling Yihang's tone was cool, "This is my home, I say who is an outsider, who is an outsider, Teacher Su is my teacher and my friend, and others are not qualified to say that she is an outsider." Su

Xi's eyes moved, and he turned his head to look at Ling Yihang, and his heart slid warmly.

Han Xiao's eyes were cold, and he looked up at Ling Jiuze who was coming down the stairs, and spoke with a slight grievance, "Jiuze!"

Ling Jiuze didn't look at her, but at the maid outside the kitchen, "Teacher Su likes rice wine duck soup, are you ready?" The

maid immediately said, "Ready, you can use the meal immediately."

Han Xiao stood there, feeling the wind blowing in outside the window like a slap on her face, she was angry and aggrieved, and wanted to snatch the door out in an instant, but when she saw Su Xi, she calmed herself down and pretended to stand there indifferent.

.....

Su Xi was forced to stay to eat, and when he went to the bathroom on the first floor to wash his hands, he was blocked by Han Xiao.

There was undisguised disgust and jealousy in Han Xiao's eyes, "Don't think that Jiuzawa really likes you, he did it on purpose to anger me!"

Su Xi felt that Han Xiao was more pitiful than Zhou Ting, whether it was sincere or not, at least Zhou Ting got Qiao Yu.

The sweet pursuit Chapter 89-And Han Xiao has always been wishful thinking.

Han Xiao said coldly, "As a tutor, do your duty, keep your due distance from the master, don't think about what you shouldn't, Jiuzawa won't like you."

Su Xi asked, "Does he like you?"

Han Xiao's eyes seemed to have a flash of sadness, and she said calmly, "He doesn't like me."

Su Xi raised his eyebrows, it turned out that Han Xiao understood.

Han Xiao continued, "He doesn't like me, and he won't like you, the person in his heart is," "Teacher Su,"

the maid suddenly interrupted Han Xiao's words and said politely, "Second Young Master said that you like sweets, and cakes are made in the kitchen, what flavor do you want?"

Han Xiao's face suddenly sank.

Su Xi smiled lightly, "Chocolate mousse, thank you." "Okay." The maid responded respectfully.

Su Xi ignored Han Xiao, passed her by, and left the bathroom.

Han Xiao glanced coldly at Su Xi's back, and the hatred in his heart became more and more intense.

In the past, she lost because she was inferior to the woman, but now, she can't lose to a poor student who is a tutor!

During the meal, the maid brought over the cake made for Su Xi, which was six inches in size.

Su Xi saw Ling Yihang look over and asked him, "Do you want to divide you half?"

Ling Yihang immediately shook his head, "Only you girls like this kind of thing.

Han Xiao elegantly took a knife and fork to eat cheese salmon, and when he heard Ling Yihang's words, he laughed lightly, "Yihang, not all girls love to eat cake, only some girls who have not seen anything in the world will like it, because they have not eaten really good things, and they feel very happy when they eat a little cake."

After she said that, she also smiled at Su Xi, "I'm talking about things, not about Teacher Su, don't go to your heart."

Su Xi took the spoon, raised his head, and said quietly, "No, after all, I am also trying to be quick to talk, and I can't care what others say."

Han Xiao's face sank, knowing that Su Xi was sarcastic that she could only be happy on her lips, and just about to refute, he heard Ling Jiuze open his mouth and asked Su Xi, "Is the cake finished?"

Su Xi turned around, "It's a little big."

Ling Jiuze said, "That's half of me."

Ling Yihang also joined in the fun, "The cake looks good, and I suddenly want to eat it."

Su Xi's eyes lit up, and he smiled warmly at the maid, "Take two more plates and divide the cake into three parts." The

maid responded respectfully, took the cake down and separated.

The atmosphere at the dinner table suddenly became subtle, Han Xiao's hand holding the knife and fork trembled slightly, grievance, irritation, embarrassment, all kinds of emotions surged up, making the fake smile on her face no longer hang.

Ling Jiuze and Ling Yihang obviously favored Su Xi.

She was isolated and bullied by the three, and should get up and leave immediately.

But she didn't have that backbone, and she would rather be disliked by Ling Jiuze than dare to leave like this.

I'm afraid that if I gamble like this, I can't come again!

She swallowed the salmon in her mouth, stared at Su Xi fiercely at the end of her eyes, and couldn't wait to use the knife in her hand to cut a few holes in her face!

After eating, Su Xi took his leave and left.

Han Xiao was afraid that Ling Jiuze would personally send Su Xi, so he immediately said to him, "Jiuzawa, I have something to tell you." Ling Jiuze said in a cold voice, "What's the matter?" "It's important!" Han Xiao emphasized.

The sweet pursuit Chapter 90-Su Xi had already walked to the entrance, changed his shoes, and turned around to say goodbye, "Mr. Ling, Yihang, goodbye."

Ling Yihang watched Su Xi go out the door, turned his head and said, "Second uncle, my father's birthday is coming, I chose a gift for him, I want you to see it."

Ling Jiuze nodded, "You go up first, I'll go find you later."

"Hurry up!" Ling Yihang's eyes swept over Han Xiao and went upstairs.

Ling Jiuze walked to the living room and asked quietly, "What the hell is going on?"

Han Xiao frowned, "Jiu Ze, don't you think Su Xi and Yihang are too close?"
Ling

Jiuze sat on the sofa, his eyebrows distant and cold, "What's the problem?"

"Of course there is a problem!" Han Xiao sat across from him with a serious look, "The tutor that my third uncle's family hired before deliberately wooed Han Li, let him make trouble with his family, gave her a salary increase, and was finally dismissed by my third uncle. And the regular tutoring company also has rules that you are not allowed to get too close to the children of the master's family, all for a reason! Ling

Jiuze disagreed, "Su Xi knows the proportions.

Han Xiao scoffed, "I see that Yihang is very protective of her." Don't be fooled by her simple appearance, I don't think she's simple at all!

Ling Jiuze's eyes sank slightly, "Does this have anything to do with you?"

Han Xiao's face turned pale in an instant, and she laughed at herself coldly, "Yes, it has nothing to do with me, it's my wishful thinking!" Do you like this schoolgirl? What about Gu Yunshu? Ling

Jiuzhe's face became a little cold, his eyes seemed to be dyed with ice and snow, cold and unpredictable, he got up and stared at Han Xiao coldly, "If you are too idle, go sweep the street, don't worry about what you shouldn't worry about!" Also, don't come to the house without my permission in the future!

After

saying that, he turned around and walked upstairs, his back was cold, and he didn't seem to want to see Han Xiao again.

Han Xiao's tears welled up, she knew that she shouldn't mention Gu Yunshu, she was angry for a moment before she didn't say anything, and now it's too late to regret it.

At that time, she must find out what the relationship between Su Xi and Ling Jiuzhe is!

.....

The driver sent Su Xi back to Jiangda, and on the way, Su Xi received a call from Cheng Yiyi.

Cheng Yiyi asked her to go shopping, afraid that Su Xi would refuse, she explained first, "Next week my cousin gets married, I want to choose a skirt, you accompany me, two ice cream, how about it?"

Su Xi was in a good mood and agreed very happily.

She asked the driver to stop at the entrance of the mall that she had agreed with Cheng Yiyi, and after getting out of the car, she waited for a few minutes, and Cheng Yiyi rushed from the opposite road.

Cheng Yiyi bought the dress for her cousin's wedding, but also to find a job during the summer vacation, planning to buy a brand of formal clothes with heavy bleeding.

The two walked from the first floor to the third floor, Cheng Yi went to buy ice cream one by one, and Su Xi waited on the chair.

Suddenly, in the AJ counter opposite, she saw a familiar figure, Zhou Yang.

She didn't know Zhou Yang before, and she was familiar with him only because of Ling Yinuo.

Ling Yinuo was not at home today, but she didn't date Zhou Yang, and I heard that she went to her grandmother's house, so Zhou Yang appeared here alone.

At this time, Zhou Yang was interviewing for a pair of shoes, and after standing up, he looked left and right in the mirror, looking very satisfied.

A moment later, Zhou Yang came out of the box with the box, not knowing who was on the phone, and left with a warm smile.

Su Xi got up and went over, walked around the shoe store, and saw the shoes that Zhou Yang tried, limited edition, 9880 yuan.

Her eyes narrowed slightly, a pair of high-end AJ shoes can not be compared with the price of GK necklaces, but buying fake GK for your girlfriend, but buying a limited amount of AJ for yourself, this is a little disgusting!

And Ling Yinuo said that Zhou Yang's family is ordinary, how can he afford tens of thousands of shoes?

"Su Xi!" Cheng Yiyi ran over with ice cream, "Why are you here, you want to buy shoes?"

"No, just take a look." Su Xi and Cheng Yi walked out one by one and asked, "Do you know Zhou Yang?" What about others?

"Which Zhou Yang?" Cheng Yi asked.

"The one from the Department of Foreign Languages."

Cheng Yiyi thought about it for a while, and suddenly said, "Oh, it's him." Haven't touched, don't know much.

She looked at Su Xi playfully, "Why, you fancy him?" People have a girlfriend, the relationship is very good, you are out of drama!

"Girlfriend is Ling Yinuo?" Su Xi asked.
