The sweet pursuit Chapter 91—"Yes, Yinuo is beautiful and has a good personality, if you rob her boyfriend with her, it is estimated that it will be a little difficult." Cheng Yi analyzed for her one by one.

Su Xi glanced at her, "What are you thinking all day in your head?"

Cheng Yiyi smiled, "Miss you!"

Su Xi walked forward calmly, "I'm not interested in you."

"Who are you interested in?" Zhou Yang? Cheng Yiyi jokingly caught up, "If you really like it, I'll inquire for you, how is Zhou Yang?"

Su Xi was about to refuse, his eyes flashed, and he nodded and came down, "Good."

Cheng Yiyi was surprised, "You really like him?

Su Xi smiled lightly, "I'll tell you when you inquire clearly." Cheng

Yiyi raised his eyebrows one by one, and Qi Suxi deliberately sold Guanzi.

It was night When

Ling Jiuze returned to the imperial court, it was already eleven o'clock at night , he thought that Su Xi had already slept, opened the door and entered, and saw that there was still a TV in the living room.

When he approached, a man with half a missing head poked out from under the heroine's bed, and the remaining one eye was staring at him deadly.

Ling Jiuze...

In the evening, Jiang Chen came back, the two drank some wine, originally fine, but now the alcohol is surging up.

He walked behind Su Xi and said lightly, "What do you see?"

Su Xi turned back abruptly, with a little strawberry jam on the corner of his mouth, looked straight at him, and only spoke for a long time, "When did you come back?" Ling

Jiuze, “...”

He raised his hand and pinched the corner of his eyebrows, and said quietly, “I'll go take a bath first.”

“Hmm!” Su Xi answered and continued to be attracted by the movie.

When the movie was in the second half, Ling Jiuze came out of the master bedroom, walked to Su Xi without hurry, sat down, and leaned on the sofa to watch a movie with Su Xi.

Su Xi took the time to glance at the man, and saw that he was leaning lazily against the back of the chair, a few strands of slightly wet black hair scattered between his forehead, a pair of long eyes as black as ink, covering all the sharpness and emotions, only the light emitted by the TV was reflected between his eyebrows, flashing brightly and darkly.

He was wearing a bathrobe, his legs were apart, and the outline of his abs could be vaguely seen upwards...

Su Xiwei's eyes were different.

The heroine in the movie was screaming, Ling Jiuze frowned, turned his head to look at Su Xi, and saw that the strawberry jam at the corner of her lips was still there.

He showed a smile that was incomprehensible, approached Su Xi, raised his hand to sip it for her, his voice was as magnetic as ever, “So much like ice cream?”

He saw that there was a lot of hoarding in the refrigerator.

Su Xi smelled the faint aroma of wine on the man, swallowed the ice cream in his mouth, and then said slowly, “When I was a child, my mother only bought ice cream for my younger brother, and he deliberately ate me, in front of me, took a small bite, and then told me how delicious it was.

She couldn't help but drool, and her adoptive mother kicked her off the stool, scolding her for not showing up.

Su Xi smiled lightly, “At that time, I thought that I would definitely have a lot of ice cream in the future.” Ling

Jiuze heard her mention the family affairs for the first time, and frowned slightly, "Where are your parents now?"

Su Xi said without expression, "When I was four years old, they died in a car accident, and then I was sent to a welfare home with my brother."

Ling Jiuze asked, "Didn't you say you still have a grandfather?"

"Hmm." Su Xi nodded, "I stayed in the orphanage for a year, was adopted by my grandfather, and brought home. Ling

Jiuze didn't expect Su Xi to have such a worried background, and he was speechless for a while, raised his hand to touch her head, and said with a light smile, "Then eat more, if it's not enough, I'll buy it for you."

Su Xi raised his head and looked calm, "I don't have a childhood shadow, it's not because I was abused as a child, I just like it."

Ling Jiuze looked down at her, deep and dark, for a long time, before his thin lips lifted, and asked, "What does ice cream taste?"

Su Xi handed him the half box in his hand, "Do you want to eat it?" Ling

Jiuze reached out and took the ice cream box, but put it aside, stroked her face with his hand back, lowered his head and kissed the corner of her lips, and rolled the strawberry jam into his mouth.

The sweet pursuit Chapter 92-Su Xi subconsciously closed his eyes, his eyelashes trembling slightly.

The man's warm lips kissed all the way down the corners of her eyebrows, lingering on her cherry pink lips for a while before holding her to her lap and kissing her deeply.

He tasted the sweetness of strawberries deep in her lips and teeth, and Su Xi sucked the aroma of wine, mellow, rich and intoxicating.

When his consciousness was hazy, Su Xi suddenly thought of what Han Xiao had not finished saying in the Ling family today, who was the person in Ling Jiuze's heart?

With a character like him, will there be someone who wants to not get it?

Suddenly, the tip of the tongue hurt, and the man deliberately bit her, punishing her for being distracted at this time.

Su Xi wrapped her arms around the man's neck and responded attentively as if flattering.

This night, Ling Jiuze was exceptionally gentle, and even if she was slightly out of control, she would say many soothing words in her ear.

The movie has long been over, and the soft wind of early summer blows in from the half-open window, blowing the curtains slightly, blowing Su Xi's soft black hair, flying in the dark night.

It feels like in the hot weather, suddenly eating my favorite ice cream, the sweet feeling faints from between the lips and teeth, down the throat, countless pleasures slowly burst and explode in the body.

.....

On Monday, in the VIP ward of Jiangda Medical Affiliated Hospital, Wei Qingning was sitting on the sofa reading a book when she heard Xu Yan calling her inside, "Qingning, I want to eat an apple, you cut an apple for me." "Oh

!" Wei Qingning responded lightly, picked up an apple and began to peel it.

Xu Yan is the cousin of her uncle's family, her uncle's family is in business, and she is rich, and she has never looked down on their family.

This time Xu Yan was injured, her mother had to come to take care of Xu Yan, she knew her mother's thoughts, felt that her own father was unreliable, and hoped that her uncle could help her and her brother in the future.

She is not rare at all, but she doesn't want her mother to be called by Xu Yan, so she can only take care of Xu Yan herself.

In fact, Xu Yan's injury has long been fine, I don't know why, she has to live in the hospital.

An apple was not finished, suddenly someone knocked on the door, Qingning went to open the door, and saw a tall and handsome man standing outside the door, looking gentle and polite, "Is Xu Yan in this ward?"

Qingning was stunned by the man's handsome appearance, and said a little nervously, "Yes, who are you?"

Xu Yan, who was lying on the bed, ran out, her eyes were red, and she choked up, "Brother Chen, you're finally back!"

Jiang Chen walked in and smiled, "Let you be wronged."

Xu Yan threw herself into the man's arms, whimpered and cried, and coquettishly said, "I'm dying of pain!"

Wei Qingning looked at the two who suddenly hugged together, turned his head suddenly, and the roots of his ears were red.

She heard her aunt say before that Xu Yan has a very capable boyfriend, and I think it is this man.

No wonder he never left the hospital, it turned out to be waiting for him!

Wei Qingning's eyes didn't know where to look, and he said embarrassed, "Let's talk, I'll go get some hot water."

She carried the thermos and hurried out.

Jiang Chen carried Xu Yan to the sofa, soothed her warmly, and handed her a GK box, "See if you like it?"

Xu Yan said with displeasure, "Is this considered comforting me?"

Jiang Chen smiled lightly, "No, it's a breakup gift."

Xu Yan's smile froze at the corner of her lips, "What do you mean?"

Jiang Chen was still smiling, but there was not the slightest smile in his good-looking eyes, "Follow me, lack of money or lack of jewelry?" You have to wear a piece of broken jadeite sent by Chang Bo to show off around your neck, is my girlfriend so worthless?

Xu Yan's face turned pale, the whole person trembled slightly, there was panic, there was fear, and hurriedly grabbed Jiang Chen's hand, "Brother Chen, I was wrong, I know I was wrong, you give me another chance!"

Jiang Chen stood up, condescendingly, and looked at her indifferently, "Everyone who told me knows that since I said to break up, there is no room for turnaround, and I haven't treated you badly in the past few months, let's get together and scatter." "

The sweet pursuit Chapter 93—"No, I don't want to break up!" Xu Yan burst into tears, the man who was so gentle just now, in an instant mercilessly mentioned the breakup, she couldn't accept such a change, put down her face and begged, "Brother Chen, I love you, I really love you, you give me another chance, okay, I will be obedient!"

Jiang Chen sneered, "Do you love my people, or do you love my money?"

Xu Yan immediately said, "Of course I love you!"

Jiang Chen's voice was cold, "Since you don't like money, what do you do with the jadeite that collects Changbo, don't say that you think it looks good."

Xu Yan's face was full of regret, "I don't dare anymore, Brother Chen, I won't dare again in the future."

Jiang Chen was already a little impatient, "We still have a little good memories, don't let me dislike you, and don't do things in my name outside in the future, otherwise, you know my means."

After he finished speaking, he turned and walked out.

Xu Yan pounced, but tripped over the carpet, she watched Jiang Chen leave without looking back, crying loudly, "Brother Chen, forgive me, I really know it's wrong!"

When

Wei Qingning came back from fetching water, she happened to run into Jiang Chen, and she asked in surprise, "Are you leaving?"

Jiang Chen smiled lightly, "Is there anything else?"

“Isn’t Xu Yan your girlfriend?” Wei Qingning handed him the kettle in his hand, “You take care of her, I still have something to do in the afternoon.”

Jiang Chen was noble and gentle, like a noble prince who came out of a book, “Sorry, it’s not anymore.”

After

speaking, he crossed Qingning and walked away.

Wei Qingning didn’t understand what he meant for a while, and the outstretched hand didn’t have time to take back, and the man had already left.

She looked at the man’s back inexplicably, turned her head and walked towards the ward.

When I opened the door and entered, I saw Xu Yan lying on the ground crying, “Brother Chen, I’m really wrong, please don’t break up with me!”

Others told her that none of Jiang Chen’s girlfriends were older than three months, but he was so gentle with her, she thought she would be an exception, but she didn’t expect that the final result would be like this!

She is unwilling!

Wei Qingning’s eyes widened, really broke up?

Wasn’t it okay just now, hugged and hugged, how did she go to fetch water, and broke up!

Wei Qingning put down the water bottle and went over to help her, “Don’t cry, he broke up with you when you were sick, and when you saw it, he was a scumbag, break up and break up!”

“What do you know!” Xu Yan forcefully threw her hand away, and her face full of tears looked terrifying, “Even if he is a scumbag, he is also a scumbag that you can’t climb high in your life!”

Wei Qingning blushed angrily, “Then you deserve to be dumped by him!” I still have to work part-time in the afternoon, I’m gone, you cry slowly!

After

that, she picked up her bag and angrily opened the door and went out.

Until he left the hospital, Wei Qingning was still angry, the man didn't look sad at all, he was very calm, and he clearly had no feelings for Xu Yan.

Xu Yan wants to die for such a person, I really don't know what good is that scumbag?

Isn't it a good skin bag!

The good-looking skin bag is the same, and the kind soul is one in a million!

But Xu Yan is not worth pitiful, one is willing to beat, one is willing to be beaten, what is she angry with as an outsider?

But as soon as she walked to the door of the hospital, she received a call from Xu Yan, "Wei Qingning, you give me back!"

Qingning said coldly, "Why go back, be your punching bag?" There is a kind of you go to find that scumbag, and if you don't dare to go, you hide in the quilt and cry, what is it to be angry with others?

Xu Yan said angrily, "You're crazy, dare to talk to me like this!"

"I have wanted to say these words for a long time, you are obviously fine, you have to lie in the hospital and pretend to be sick, my mother serves you, you shout to her, what are you?" She's your own aunt! If it weren't for my mother, you think I'd like to see that stinky face of yours! Wei Qingning said all the words in his heart in one breath.

Xu Yan was going crazy, "It's clear that you poor ghosts took the initiative to serve me in order to befriend our family, and your mother herself is willing to wash my feet and pour water, I can afford you with you!" "

The sweet pursuit Chapter 94-Wei Qingning opened her eyes, tears flowed down her eyes, and she suddenly choked up, unable to say a word.

Xu Yan is right, they are poor and short-minded, and they took the initiative to post it, and she scolded it at all!

She also had a happy home, all Wei Linsheng, who ruined their home after becoming addicted to drugs, so that her mother lived so lowly!

She doesn't feel sorry for herself, she only feels sorry for her mother, as an elder, she was insulted like this by her niece of her mother-in-law!

She couldn't refute it!

There was a Maybach parked next to it, and Jiang Chen sat in the driver's seat, looking at the girl on the side of the road and crying.

The women he had seen cry, either crying because of the breakup, or crying with grievances, had never seen anyone cry like this, there was no expression on their faces, only tears kept flowing out of their eyes.

It looks so sad.

A touch of pity even rose in his heart, and he wanted to ask her, why did she cry so sadly?

.....

Wei Qingning ignored Xu Yan's still losing her temper on the phone, hung up the phone, and wiped the tears on her face vigorously.

She will definitely work hard to make her mother raise her head in front of the Xu family!

She was just about to leave, suddenly a luxury car stopped in front of her, the window was lowered, revealing the man's handsome and gentle face, he looked at her with a light smile and asked, "Who did you just say is a scumbag?"

Qingning was stunned for a moment and looked at the man blankly.

Jiang Chen looked up at the girl in front of him slightly, and saw that her crying eyes were very red, like a rabbit.

The red-eyed rabbit was obviously in a bad mood, his expression changed from surprise to anger, and he looked at him sadly and indignantly, "It's you!"

She knew that she shouldn't be angry with others, but who let him appear when she was crying when Xu Yan was angry.

Jiang Chen was also not annoyed, and said with a smile, "What's wrong with me?" It was Xu Yan who called you to cry just now, right? I broke up with her and just avenged, shouldn't you be grateful to me?

Qingning was stunned, almost fooled over, and quickly found his logic, "It's clear that she was angry with me because you broke up and she was in a bad mood."

Jiang Chen said with a smile, "The reason is not important, the result is important!" Anyway, I taught Xu Yan a lesson for you, don't you say?

"It's your size!" Qingning said coldly, turned around and left.

Jiang Chen drove behind and followed, "Little girl, where are you going, I'll send you!"

"No need!" Qingning strode forward without looking back at him.

Jiang Chen had a particularly good temper today, "You cry like this, no one dares to take you, where are you going?"

Qingning stopped and looked at Jiang Chen with a frown, "What do you want to do, chase me?" Tell you, I hate you as a son-in-law the most, thinking that every woman can be played with in the palm of your hand, right? You go to coax Xu Yan with this set!

Jiang Chen looked at her guarded and angry face, and suddenly smiled three seconds later, smiling gently and handsomely, "Are you misunderstanding us brothers in your mouth?"

Qingning sneered, "Did I misunderstand you?"

"Of course!" Jiang Chen smiled warmly, "Those of us who are in the twilight of the day, even if we chase women, we are chasing Xu Yan's kind of chest and ass, you like this,"

he said in a tone and deliberately looked at Qingning's thin and thin body, and laughed badly, "We won't chase!"

Qingning was stunned there.

"Don't you really need me to send it? Then I'll go first, bye! Jiang Chen raised the window, stepped on the accelerator, and sped away.

After a while, Qingning was coming back from his stunned, his face was flushed, and his anger was about to explode!

"Scumbag, bastard!" Qingning kicked the stone on the ground hard.

.....

Jiang Chen returned to the company and received a call from his subordinates, "Brother Chen, Li Bo hid in the mountains, we looked for him for a few days, it was easy to find, but someone took the lead, someone arrested Li Bo!"

Jiang Chen narrowed his eyes unexpectedly, "Do you know who the other party is?" The voice on the other side of the

phone was low, "It seems to be a hawk hook!"

Jiang Chen was stunned, "Are you sure?"

"It should be right!"

But no one has ever seen anyone in the eagle hook.

Who spent money this time to find the person with the eagle hook to catch Changbo?

Su family?

The Su family really hated Chang Bo.

Jiang Chen had a battle in his heart, and said quietly, "You don't have to worry about this, bring someone back!"

He asked people to catch Chang Bo, not for Xu Yan, but because his heart couldn't swallow this breath, and someone dared to chase his woman, which was still something that had never happened.

But now that someone has helped him, he doesn't have to do it himself.

"Yes, Brother Chen!"

Jiang Chen sent out to inquire again, and sure enough, in the early hours of this morning, Chang Bo was tied up and thrown at the door of the police station.

The people from the police station went to check the surveillance, wondering who arrested Chang Bo, and the monitoring turned out to be blank

...

After class at noon, Su Xi and Cheng Yiyi went to eat outside the school one by one.

When the two went out of school, they happened to see Su Tong leave in the Su family's car.

Cheng Yiyi saw Su Tong's back, thought of something, and said, "I have a school group with seniors in it, yesterday I asked casually, someone said that Zhou Yang had chased Su Tong before, but he didn't catch up."

Su Xi was a little surprised, "When did it happen?"

Cheng Yiyi, "Probably when they were in their freshman year, they were one year older than us, and Ling Yinuo had not yet come to Jiangda at that time." A

thought slipped through Su Xi's mind, and without further ado, Cheng Yiyi pulled her to walk a few steps faster, "I Bai Yueguang is on the opposite side, go quickly."

Su Xi, "..."

Su Tong took the car to meet Li Zheng, a teacher of Chinese painting, whose paintings were about to be exhibited, and Li Zheng instructed her to revise some details.

When she came out of Li Zheng's studio, it was already four o'clock in the afternoon, and the driver had been waiting outside, and as soon as she got into the car, she received a call from Su Hetang.

Su Tong swiped open the phone and shouted sweetly, "Grandpa!"

Su Hetang laughed and asked, "Tongtong is about to graduate, have you been busy lately?"

Su Tong said softly, "The graduation thesis has been almost prepared, and I have been busy with the art exhibition recently."

"I heard your dad say, Tongtong is really powerful."

"Thank you Grandpa!"

The two seemed to exchange a few words of affectionate pleasantries, and Su Hetang spoke, "Tongtong, some time ago, the young master of the Xu family saw you at the birthday banquet of the old lady of the Fang family, and he had a very good impression of you, his father found me twice, I want to introduce you to each other, just today is free, you came out to meet him." Su

Tong chuckled in his heart, and when Chen Yuan had dinner last night, he also mentioned Xu Geng, the young master of the Xu family, but in a mocking tone.

Xu Geng is more than Chinese New Year's Eve years old now, and he took a fancy to a female star before, despite the opposition of the Xu family, he had to marry home, and the wedding was very luxurious and lively.

But less than a year, the two divorced, and the female star revealed to reporters outside that Xu was more violent and often fooled around with women outside, and even had many hobbies that could not be put on the table in private.

The female star unveiled her clothes, and the new and old injuries on her body were superimposed, which was shocking.

At that time, this report caused quite a storm.

The Xu family had someone on it, and soon sealed the female star's mouth, making her completely disappear in the entertainment industry.

Su Tong has also seen Xu Geng on some occasions, one meter six tall, one hundred and sixty pounds, with a pothole on his face, looking like he is ten years older than his actual age.

Now Xu is more eyeing her?

Su Tong couldn't help but shiver.

She spoke carefully, "Do my parents know?"

Su Hetang still had a warm and kind tone, "You guys meet first, and I'll talk to your father later." "

The sweet pursuit Chapter 96-Su Tong's palm sweated while holding his mobile phone, "Grandpa, I just graduated, and I don't want to talk about friends for the time being. Su

Hetang was silent for a moment, and his voice became cold, "Tongtong, the business has not been good in the past two years, our Su family is not as good as before, Jiangcheng is about to develop a big project, it happens that Xu Geng's uncle is in charge, if our two families are on good terms, then we are likely to participate in it."

He said seriously, "Tongtong, the Su family has raised you for more than twenty years, and you can't raise you in vain. Grandpa knows that you have always been sensible, and you must know what Zhi'en Tubao is."

Su Tong's voice tightened, "Grandpa, I know that I have received the great favor of the Su family, and I will definitely be filial to my parents and grandparents in the future."

Su Hetang smiled lightly, "No need in the future, now there is an opportunity for you to fulfill your filial piety."

He said meaningfully, "It stands to reason that Su Xi is the daughter of our Su family, and your parents' property should have been given to her, but if you are obedient, grandpa will also hurt you."

Su Tong's mind was buzzing, and after a while, she spoke, "Where to meet?"

“At six o’clock in the evening, the west bank of the Champs. Behave well. After

hanging up the phone for a long time, Su Tong’s hands and feet were still cold, and there was only one thought in her mind, the Su family was going to sell her!

Usually, Su Hetang’s mother is kind and loving to her, as if she is a biological granddaughter, but when it comes to the critical time, she knows that in their eyes, she is just a goods that can be exchanged for benefits.

Why didn’t they let Su Xi marry that Xu Geng?

Is it because she is not biological, so she can give it up casually!

No, she was pampered for twenty years and would never let herself be ruined at their hands.

Su Tong’s eyes flashed, and he quickly had an idea.

Su Xi finished class in the afternoon, and when he left the classroom, he received a call from Su Tong, and as soon as he connected, Su Tong choked and called “sister”, and then began to cry.

The crying liver sausage was broken, and the crying could not be silent.

Su Xi walked to the place where no one was and spoke quietly, “Su Tong, what’s wrong with you?”

Su Tong was breathless, and his tone was flustered, “Sister, you help me, help me!”

Su Xi said calmly, “What did you say first?”

Su Tong sobbed a few times before crying, “Grandpa called me today and asked me to talk to the young master of the Xu family about friends, because he needed Xu Geng’s uncle to help him bid. Xu more, you must have heard of it

,” Su Tong’s crying voice was even more sad, “He has been divorced and subjected to domestic violence, if I marry into the Xu family, I will definitely not be able to live.” I just graduated from college and still have many ideals, I don’t want to get married, let alone marry into the Xu family.

Su Xi asked, "Do parents know?"

Su Tong cried pitifully, "I don't know, grandpa won't let me tell my parents, he said that the Su family has raised me for more than twenty years and wants me to repay the Su family." Sister, help me!

Su Xi said, "How can I help you?"

Su Tong said helplessly, "I don't know, I'm very scared now, I don't have any ideas, I don't dare to tell my parents, I can only call you, the only thing I can rely on now is my sister."

She sobbed and continued, "Grandpa asked me to go to the west bank of the Champs at six o'clock in the evening to meet Xu Geng, sister, you go with me, I dare not go alone."

Su Xi was silent for a moment, "Okay, I'll go with you."

"Thank you sister, or sister is good to me!" Su Tong's throat was hoarse with tears, "I'm waiting for my sister on the west bank at six o'clock, you must come."

"Well, I'll definitely go!"

Su Xi hung up the phone, and there was coldness in his picturesque eyebrows.

In the evening, at almost six o'clock, the Su family driver drove Su Tong to the west bank of the Champs.

Su Tong asked the driver to park the car on the opposite side, but he did not get out of the car, but kept staring at the door of the west bank.

At six o'clock sharp, she saw Su Xi get off the taxi and walk towards the restaurant.

The sweet pursuit Chapter 97-She looked at Su Xi's back and smiled slowly.

Su Xi is very beautiful, and even she is ashamed of her beauty.

If Xu Geng saw Su Xi, he would definitely see Su Xi and like Su Xi.

Marrying into the Xu family is such a good thing, let the Su family's biological daughter do it!

She is not the Su family, why should she dedicate herself to the interests of the Su family?

She turned off her phone and waited quietly.

Time passed minute by minute, Su Tong did not dare to wait too long, and at almost half past six, he got out of the car and walked to the west bank.

After entering the western restaurant, she reported the room number, and the waiter took her over.

Standing outside the private room, probably because the sound insulation was too good to hear the movement inside, Su Tong rolled his eyes and knocked lightly on the door.

“Come in!” Inside, came the man’s irritable voice.

Su Tong was stunned, and had already pushed open the door and entered, and in the private room, there was only Xu Geng.

Xu Geng was already waiting very impatiently, but the moment he saw Su Tong, his eyes lit up, and he immediately grinned, “Miss Su.”

Su Tong subconsciously asked, “What about Su Xi?”

Xu Geng was surprised, “Who is Su Xi?” Su

Tong’s face changed, she saw Su Xi come in openly, how could she not be there?

Xu even asked the waiter to retreat, closed the door, and a pair of triangular eyes swept around Su Tong’s body without concealment, and said with a smile, “Miss Su sit!” The

private room decoration is brilliant, crystal chandeliers, precious murals, exquisite tablecloths, flowers, candlesticks, waste and luxury.

Su Tong had to sit down and explained, "There was a traffic jam on the road, so I was a little late."

"It's okay!" Xu Geng sat directly on the chair next to Su Tong, picked up the red wine and poured it into the crystal glass, "As long as Miss Su is willing to come, I will wait for as late as possible."

He squinted and smiled, the potholes on his face flashed with greasy light, and Su Tong felt a pang of nausea in his heart, and immediately turned his head.

"When we first met, I toast Miss Su for a drink." Xu Geng put the wine glass in front of Su Tong.

Su Tong sideways to avoid Xu Geng's approach, bowed his head and said, "I won't drink."

"Then drink less, you can't get drunk." Xu Geng's whole person pasted over, almost close to Su Tong's face, stared straight at her face, and said stupidly, "Miss Su is so beautiful."

Su Tong endured the nausea in his heart and laughed softly, "That's Xu Gongzi has never seen my sister, my sister is more beautiful than me."

Xu was even more surprised, "You still have a sister?"

"Yes, she is taller than me, whiter than me, and more beautiful than a star." Su Tong praised softly, and sure enough, he saw Xu Geng showing an obsessive gaze.

Su Tong continued, "It's better that I call my sister and ask her to come over, and Xu Gongzi will see if what I said is true?"

Xu Gengxiao's eyes rolled around, thinking that Su Tong deliberately wanted to divert his attention, so he grinned, "No hurry, let's drink the wine first, and then you will call."

Su Tong had to pick up the wine glass and take a sip.

"Can I call now?" Su Tong dodged Xu Geng's body getting closer and closer, clutching the mobile phone tightly.

"Is your sister really that beautiful?" Xu didn't believe it even more.

“Really!” Su Tong swore an oath.

As soon as her words fell, suddenly the door of the private room was opened, she looked back and said in amazement, “Sister! ”

Xu looked at Su Xi stunned, stood up, squinted and smiled, and couldn't help but be surprised, “It's really beautiful!” Su

Tong secretly sighed in relief, the corners of her lips unconsciously hooked, fortunately, although Su Xi came a little late, everything was expected by her.

Xu Geng stared directly at Su Xi and said in surprise, “I didn't know that the Su family still had such a good-looking daughter!” Doesn't

it mean that Su Zhengrong only has one daughter?

Su Xi's eyes brightened and asked him, “What did you do to my sister just now?”

Xu Geng immediately laughed, “We're talking about you.”

“Say me?” Su Xi glanced at Su Tong, “What do you say about me?”

Su Tong suddenly became nervous, and hurriedly spoke, “I made an appointment with my sister at six o'clock, but I didn't see that my sister was a little worried, so I asked Xu Gongzi if she had seen my sister?”

Su Xi lightly hooked the corners of his lips, “Is it?”

Xu Geng's eyes flickered, and said with a smile, “Miss Su is just here, let's have a drink together.”

Su Xi's face suddenly sank, “Are you worthy?”

Xu Geng's face froze with a smile, “What did you say?”

“Su Tong said that your toad wants to eat swan meat, I see that you are not even a toad, you want to marry my sister, hurry up and reincarnate!” Su Xi’s tone was mocking, like a cold wind flicked on Xu Geng’s disgusting face.

Su Tong’s face changed drastically, “Sister, what are you talking about?”

Su Xi raised his eyebrows, “Didn’t you say you didn’t like Xu Geng, let me help you?”

Xu Geng’s face became gloomy, his eyes were fierce, and he glared at Su Tong, “Cousin!”

Su Tong trembled, “No, I didn’t say such a thing.”

Xu was even more embarrassed, raised his hand to splash wine on Su Tong’s face, and reached out to grab her hair.

Su Xishan stepped forward, stopped in front of Su Tong, slapped his hand, hit Xu Geng in the face, and directly hit him.

Xu Geng staggered back, slammed his back against the hard corner of the table, and screamed like a pig.

“What’s it called!” Su Xi’s face turned cold, and he kicked him on the waist, directly kicked his fat body out, and hit the wall with a “bang” and landed on the ground.

Su Tong’s eyes widened, looking at Xu Geng, who was rolling on the ground and wailing, and his heart was only panicked.

Su Xi turned his head to look at Su Tong and spoke quietly, “It’s solved!”

Su Tong looked at Su Xi’s delicate and immature face, and his body trembled slightly.

The two went out of the west bank together, it was already dark, and the streets were lit up as bright as day.

The light shone on Su Tong’s face, blue and white and ugly, she looked at Su Xi, her tone was unclear, “Sister is really powerful!”

She said a pun, her tone implicitly annoyed.

Su Xi turned around and said indifferently, "I was bullied when I was a child, I learned kung fu for a few days, and someone will bully you in the future, just tell me."

"It will." Su Tong said lightly, walked to the opposite side, and did not look at Su Xi.

Su Xi looked at the girl's back, her face was as usual, and she turned away.

Su Tong received a call from Su Hetang on the way home, and Su Hetang said angrily, "Su Tong, what good have you done?" If you don't agree, you can tell me directly, you actually found someone to beat Xu Geng, now the Xu family is very angry, if the Su family has any losses, I will definitely not spare you. Our Su family can raise you as a young lady for twenty years, or we can throw you out like a beggar!"

Su Tong hurriedly explained, "Grandpa, you listen to me,"  
Su Hetang  
hung up the phone directly.

The sweet pursuit Chapter 99-Su Tong's face was pale, and hatred grew in his heart, Su Xi must have done it on purpose!

She was jealous of her excellence, jealous that she was favored by Chen Yuan, and took the opportunity to take revenge on her, it must be like this!

She didn't let her get her wish, not only did she want to monopolize Chen Yuan's favor, but in the future, the Su family's property would all belong to her!

A worthless hillbilly, why fight with her!

.....

Su Xi bought a pasta in the supermarket, returned to the imperial court, and received a call from Chen Yuan while cooking noodles.

When the phone was connected, Chen Yuan's cold voice with anger rushed straight to her eardrums, "Su Xi, why are you bullying Tongtong?" Where did you learn the kung fu of a little punk, I know that you hate Tongtong, I lost you in the first place, you are angry and sprinkle at me,"

Su Xi saw that the soup in the pot was already boiling, hung up the phone, threw the mobile phone aside, and concentrated on cooking noodles.

Chen Yuan called again, and Su Xi pressed mute.

She could probably guess what Su Tong said to Chen Yuan after she went back, saying that Su Hetang introduced her to a friend, and when the two were having a happy meal, they went over and beat each other.

Let Su Tong offend Su Hetang, and also offend the Xu family.

All the fault is caused by her.

Even if she explained, Chen Yuan would not choose to believe her.

Sheng Yangyang was right, Chen Yuan was a fool, even if she was her biological mother, she had to admit it.

People's feelings are limited, and all of Chen Yuan's maternal love has been given to Su Tong, and there is no extra distribution for her.

Nor does blood make up for twenty years of vacancies.

.....

The next day, when Su Xi finished his first class, he received a call from Su Zhengrong.

Su Zhengrong's tone was slightly tired, "Xixi, what happened yesterday?"

Su Xi said, "It was Su Tong who said that she didn't like Xu Geng, so let me go over and help her."

Su Zhengrong was silent for a moment, and his voice was slightly slow, "Dad believes you, Tongtong is a little wrong in this time, maybe because after you came back, she didn't feel safe in this family."

Su Xi heard that Su Zhengrong was speaking for Su Tong, so he didn't speak.

Su Zhengrong said again, "Last night, your grandfather called me to lose my temper, and the Xu family may not give up, but don't be afraid, there is a father." Hearing

this, Su Xigang wanted to say that she could solve the Xu family's affairs, and before he spoke, he heard Su Zhengrong continue, "Originally, I thought of taking you home after you and the Ling family broke off the marriage, but now like this, you better live outside for a while, if the money is not enough, tell your father."

Su Xi's eyes were cool, and he smiled lightly, "I rented a house outside and won't go back for the time being."

"You moved out of Qingyuan?" Su Zhengrong's tone was surprised, and he hurriedly explained, "Dad doesn't mean that, it's your mother who is angry, and Tongtong's mood is not right, even if you are brought back, everyone will not be happy together, maybe it will make you wronged."

Su Xi let out a faint "hmm", "I know."

They found her back, but did not leave a place for her at home, and she understood this matter after returning to the Su family, so when she signed an agreement with the Ling family to ask her to live in Qingyuan, she agreed without hesitation.

Chen Yuan didn't know where she was going at that time, she didn't keep her, and she never cared, and she probably rejoiced that she wouldn't stay in the Su family to compete with Su Tong!

As for Su Tong, she can be regarded as not knowing the careful tricks she usually plays.

But if Su Tong really played her like a fool, it would be a big mistake!

Some people always think that they are the smartest, but this is also a kind of stupidity!

The sweet pursuit Chapter 100-In the Su family's study, Su Zhengrong just hung up the phone, Chen Yuan pushed the door in, and said with a cold face, "In the future, if you are not allowed to call Su Xi again, we should not have this daughter!"

Su Zhengrong frowned, "We should listen to Xixi's explanation."

“Explain what?” Chen Yuan said angrily, “She must be jealous that her grandfather introduced Su Tong to a boyfriend and deliberately went over to make trouble!” She still dares to hit someone, is this what a girl should do? What she has learned outside all these years, like a gangster!

Su Zhengrong said in a deep voice, “What kind of boyfriend is that Xu Geng?” It’s better to make a mess like this, if Su Xi doesn’t go to make trouble, do you really want Tongtong to marry into the Xu family?

Chen Yuan sneered, “These are two different things, I don’t want Tongtong to marry into the Xu family, but Su Xi is jealous of Tongtong and calculates Tongtong behind her back, which is also a fact.”

“What if Tongtong called Xixi over?” Su Zhengrong asked.

“Impossible!” Chen Yuan was determined.

Su Zhengrong knew that Chen Yuan was prejudiced against Su Xi, and no matter what he said, Chen Yuan would not believe Su Xi.

Chen Yuan’s anger did not subside, “This is good, offended the Xu family, the old house and the Xu family have calculated this account on Tongtong, this is all a good thing done by Su Xi!”

How could I have such a naughty, violent daughter? Anyway, from now on, you are not allowed to contact her again, and you are not allowed to give her any more money, she is not worth the money we invest in her at all, we should put all our energy on Tongtong.

Chen Yuan said resolutely, “For the rest of our lives, we can only count on Tongtong.”

Su Zhengrong frowned and did not speak.

.....

At night, Ling Jiuze came over, Su Xi hugged him, and suddenly shouted, “Second uncle.”

Ling Jiuze stopped, kissed her face in the dark, and laughed softly, “Trouble again?”

Su Xi shook his head, hugged his neck, and took the initiative to approach.

At one o'clock in the morning, Ling Jiuze took Su Xi out of the bathroom, put her on the bed, pulled the quilt to cover her, and got up to leave.

The bathrobe was suddenly grabbed.

He turned around, Su Xi looked at him with clear eyes, probably just happy, so he looked particularly soft and sticky, and his voice was soft, "Sleep here tonight." Ling

Jiuze never stayed in the side bedroom, no matter how late it was, he would return to the master bedroom.

He bent down and gently touched her hair, "What's wrong?"

Su Xi pursed her pink lips and whispered, "Tonight's movie is a little scary."

Ling Jiuze hooked his lips and smiled, "It turns out that you will also be afraid."

Su Xi didn't speak, only a pair of watery eyes stared at him.

Ling Jiuze felt like he had been scratched by a cat, and his voice was low and soft, "Leaning in."

Su Xi's eyes were bright, and he immediately leaned into the bed with the quilt.

Ling Jiuze lifted the quilt and stroked her face, "I'll leave when you fall asleep, sleep."

He didn't stay, just waited for her to fall asleep before leaving.

Su Xi leaned into his arms, smelling the familiar woody fragrance on his body, although it did not belong to him, but still felt at ease, she closed her eyes and said quietly, "Don't wake me when you leave." Ling

Jiuze stirred in his chest and seemed to smile, "It's really overbearing."

Su Xi gently "shushed", "Don't speak."

Ling Jiuze hugged her slender waist and smiled again, but really didn't speak again.

Su Xi fell asleep quickly, the faint moonlight fell on her white face, reflecting a soft light, she was very well-behaved when she fell asleep, and even her breathing was light.

Ling Jiuze looked at the girl in his arms, his heart seemed to fall a layer of soft moonlight, delicate and quiet, inexplicably, he was sleepy.

Closing his eyes, I don't know when, he also fell asleep.
