

Sacred Body 1001

[Chapter 1001: I am the supreme, I will be the world, strong and perverted horror meat...](#)

Jun Xiaoyao's figure was submerged in the thunder waterfall.

The sky and the ground are filled with all kinds of violent thunder powers.

That kind of power, even the supreme dared not come close, a little bit of influence, the flesh will be shattered.

Everyone around can no longer see the figure of Jun Xiaoyao.

The blazing thunder light flashed the eyes of many Tianjiao.

Only thunder roared endlessly.

A hundred times!

Thousands of times!

Ten thousand times!

The thunder light all over the world, all gathered in the center, turned into a pillar of thunder, piercing through the world!

This scene of eternal wonder made everyone hold their breath!

Everyone can feel that his heart is beating.

Regardless of the immortal realm or the alien beings, at this moment, they can feel that their soul seems to be separated from the flesh.

All their minds fell in the thunder light.

The clock is ticking.

The blazing and dazzling thunder light also gradually began to weaken.

Even if it only exists in the legend, there will be a time when the curtain ends.

"finished?"

"What's the situation?"

"Has Chaos Body succeeded?"

Bafang Tianjiao's eyes were all staring at the place where the light of the thunder beam was gradually weakening.

Everyone can feel that the power of the thunder beam is rapidly weakening.

Something seemed to be absorbing the power of the thunder beam.

at last.

Everyone saw it.

A figure was revealed from the light beam of thunder that gradually dissipated.

A white dress, flowing the brilliance of the Supreme Law.

Holding the halberd of God Cry.

White hair dancing in the wind.

It succeeded.

Everyone's hearts stagnated for a moment at this moment.

Jun Xiaoyao successfully passed the end of the supreme catastrophe and became the supreme!

With a sweep of the Weeping Halberd in his hand, it easily cut through the void.

That is the law of space, which is easily separated by Jun Xiaoyao.

Before the change, Jun Xiaoyao could only break with a powerful force.

And now, at any time, control the law.

Jun Xiaoyao's strength stabilized in the late supreme stage.

Able to break through three small realms in the supreme realm.

This is the speed that many peerless arrogances are looking forward to.

After that, as long as Jun Xiaoyao condenses other laws.

Breaking through the supreme is very simple, it can be said that there is no bottleneck.

In addition, the laws of the physical body that Jun Xiaoyao condenses are also flawless, which can be said to have reached a certain extreme.

Because throughout the ages, few people have been able to survive the end of the supreme calamity.

Not to mention that it has absorbed all the power of kalpa, used to baptize the law and the flesh.

Jun Xiaoyao did what the predecessors could not do.

And Jun Xiaoyao's three thousand Xumi worlds directly reached 520 Xumi worlds.

Almost twice as much as before.

This is because part of the power of the Supreme Heavenly Tribulation was used by Jun Xiaoyao to open up the world of Xumi.

The world of Three Thousand Sumi is the method of refining the body that Jun Xiaoyao comprehend from the body book.

Therefore, whether he is an ancient sacrament or a chaotic physique, it does not hinder the cohesion of the Xumi world.

The other part of Supreme Jie's power is used to temper the body and laws.

The current Jun Xiaoyao is completely reborn.

The laws of the flesh in the body are brilliant.

Every inch of muscles and blood bones on his body are shining and translucent, and there are various laws and gods chains intertwined in it.

There are also runes engraved on the bones.

After mastering the laws of the flesh, Jun Xiaoyao's flesh has already begun to take the first step towards detachment.

"It really succeeded, the Chaos Body has survived the final supreme calamity."

"Is this true? Why does it feel like dreaming now?"

Both Tianjiao and Tianjiao were a little confused, and they still couldn't recover.

They witnessed an impossible miracle with their own eyes.

Jun Xiaoyao looked around with a halo, feeling that he would be extremely high.

When there was no breakthrough, Jun Xiaoyao was not afraid of everything.

Now, you can ignore everything.

What seed level, what emperor son and goddess, in his eyes, are all ants!

Jun Xiaoyao spoke, low and indifferent, but with implied domineering words, slowly sounded.

"I am the supreme, to be the world!"

As the voice fell, the Supreme Law surged and shook the void.

Jun Xiaoyao succeeded and became supreme in the border famine.

Although it was far away from his goal, to become a god, there was still a long way to go.

But supreme is a very important watershed.

If you say above the holy realm, you are the strong, the upper-middle-level figures of the major forces.

Then the supreme is the real big shot.

Even in the immortal forces, they are absolutely at the top.

Even in some weaker forces, the supreme can become a holy ancestor and become an ancestor-level existence.

Jun Xiaoyao can truly stand alone, without relying on the deterrence of the family behind him.

One person is shocking!

"Heh, what a big tone, he has only broken through now, and his situation can't be so good, maybe he is lying to us!"

Golden Crow Little Saint King shouted loudly.

He absolutely didn't believe that Jun Xiaoyao could still be in a state of hey after he passed the Last Tribulation.

It might be a strong one, just to deter others.

"Directly sacrifice the Ninth Swire Killing Array!" Xuan Haoqiong shouted.

In their eyes, even if Jun Xiaoyao breaks through, it is only supreme.

At the same level as them.

There are more than ten people here, and there is only one Jun Xiaoyao.

In addition to the Ninth Swire Killing Array, killing the Chaos Body shouldn't be a problem.

boom!

Under the urging of more than ten seed-level Tianjiao of the Taikoo royal family.

Around the Bone Giant Mountain, formations surged, branding the void.

The surrounding area is sealed off.

All kinds of killing lights emerged, sharp enough to feel that at a glance, the line of sight would be cut in half.

The Ninth Swire Killing Array, even a simplified version, is enough to kill the Supreme.

In addition, it is controlled by more than ten seed Tianjiao, and the power is even stronger.

Looking at the Ninth Swire Killing Array, Jun Xiaoyao's eyes were as calm as lake water, without any fluctuations.

He even put away the God Cry Halberd.

The gray hair turned back to black, and each one was crystal clear.

"Is this going to be caught with nothing?" The descendant of Jiuyou squat grinned, revealing the white wolf teeth.

He couldn't wait, he wanted to taste the flesh and blood of Chaos Body.

"Just kill it." Huang Nu picked her fingernails and whispered coldly.

This kind of performance of Jun Xiaoyao undoubtedly embodies his foreign powers and mediums.

call out! call out! call out!

The slaying light of the Ninth Swire Killing Array shot out at Jun Xiaoyao's hole, and the sky was torn through the hole.

The big stars outside the sky are cut down one by one, and they are extremely powerful!

In the face of these, Jun Xiaoyao still did not evade and did not respond.

boom! boom! boom!

The intensive killing light fell on Jun Xiaoyao, splashing the law ripples.

"do you died?"

The gazes of more than a dozen seeds of the Taikoo royal family were all cast away.

But in the next scene, their expressions instantly solidified and their bodies became petrified.

Jun Xiaoyao just stepped in the void, did not use any defensive means, and did not use the magical immunity divine ring.

With pure physical body, resist the attack of the Ninth Swire Killing Array!

Even the skin on the body surface was not broken, and a drop of blood did not flow!

"This...something's wrong!"

More than a dozen Taikoo royal seed Tianjiao felt their scalp numb, and they were all stupid, as if they were petrified.

They are so scared that their souls are almost flying!

To resist the 9th Swire Killing Array with a physical body, this Nima is going against the sky!

Jun Xiaoyao stretched out his hand and dusted the non-existent dust on his shirt.

"Sure enough, I guessed right, the law of the flesh has caused a qualitative transformation of my flesh."

Jun Xiaoyao is testing his physical law and physical strength.

It now appears that he is very satisfied.

It is said that the magic ant is Xiaoqiang who can't kill, UU reading www.uukanshu.com is very strong in flesh.

Now Jun Xiaoyao's physical body is already many times larger than that of Divine Demon Ant.

Even more than the self before!

"Next, it's my turn."

Jun Xiaoyao slowly raised his right hand.

Faintly, the void fluctuates.

It seems that some kind of great horror is about to come and destroy this world.

This is the essence that Jun Xiaoyao has understood from the black stone tablet and the sacrificial writings of sentient beings.

And then combined with the original source of the original avenue, the creation of magical powers.

The third formula created!

Before this type of power was displayed, even Jun Xiaoyao himself could not be sure how strong it was!

[Chapter 1002: Genesis Type 3, God's Sacrifice, Powerful Sacrifice Technique](#)

Jun Xiaoyao, stepping on the sky of the universe.

More than a dozen seed-level Tianjiao from the Taikoo royal family jointly control the ninth sacred formation.

It couldn't bring him the slightest harm, not even a drop of blood flowed.

Jun Xiaoyao was standing there, allowing the Primordial Royal Family Tianjiao to attack with the ninth killing array, but he could not be affected at all.

"how can that be?"

Little Golden Crow King, Xuan Hao Qiong, descendant of Jiu You, Huang Nu and others, lost their minds, their expressions changed drastically, and their faces were as pale as paper.

In their eyes, even if Jun Xiaoyao broke through, it should be the end of the battle.

Take a step back.

Even if Jun Xiaoyao was not injured.

He is also only supreme, and he is in the same realm with the Golden Crow Little Saint King and others.

But there are more than ten of them, and Jun Xiaoyao has only one.

In the Supreme Realm, it is very difficult to fight one against two, let alone fight one against ten.

"No, his realm is not an ordinary supreme realm!" A royal family Tianjiao sensed the aura overflowing from Jun Xiaoyao.

"Late Extreme Stage!"

"How can there be such a thing, the connection breaks through three small realms!"

In all directions, all Tianjiao was in an uproar, shocked.

Most people who survive the supreme calamity only break through to the early stage of the supreme.

Jun Xiaoyao directly broke through to the late Supreme Realm.

"so horrible!"

All the arrogances of Xianyu all felt fearful.

For them, the alien chaotic body is simply the ultimate **oss-like existence!

It is even more stressful than those immortal kings of foreign land.

Because those immortal kings, no matter how strong they are, it is very difficult to make further progress, and it takes countless years.

And a chaotic body that has survived the end of the supreme calamity, the potential is endless!

"Damn it!"

Even the Little Sage King of Golden Crow, who had been confident before and was holding the winning ticket, had a guilty conscience at the moment, with a cold sweat behind his back, and he was willing to retreat.

However, Jun Xiaoyao standing on the top of the cloud.

His eyes were indifferent, and he swept over the crowd on the spot.

It is appropriate to use these seed-level arrogances to test his Genesis Type III.

Jun Xiaoyao slowly raised his hand, a terrifying secret power was flowing.

In the world, it dimmed instantly.

There is a misty blood mist filling.

Vaguely, there seemed to be a chanting sound.

However, it is not the Buddha chanting sutras.

But...

Demons and ghosts, Shura evil spirit chanting!

In the void, densely packed characters emerge.

It is the sacrificial texts of all living beings, dense like ants, printed all over the universe.

"This... what is this?"

Everyone is terrified and feels hairy.

At the feet of Jun Xiaoyao, there are endless shadows manifesting.

It was countless sentient beings, like ants, weeping, wailing, and cursing at the feet of Jun Xiaoyao.

Jun Xiaoyao lightly stepped on the sole of his foot, and a black flame appeared.

That is the fire of calamity, burning all over the earth.

The endless beings that emerged, screamed harshly, rolled, roared, and floated in the black flames.

The scene is weird and terrifying!

All Tianjiao are hairy, and some people can't help but step back.

Jun Xiaoyao at this moment seems to be the **** of darkness and destruction.

When you step on your toes, all living beings are sinking!

"Sacrifice of God!"

Jun Xiaoyao raised his right hand, and the power of the origin of the universe in the inner universe merged with the power of sacrifice learned from the sacrificial texts of all living beings.

The power of terror is sweeping!

"Retreat!"

At this moment, even the ten princes of the Golden Crow and other primordial royal family seed Tianjiao were extremely timid and felt strange.

However, they found that they seemed to be controlled by a certain field and could not escape.

Just like the phantom of all beings that manifested, they can only sink into it.

"This...what is this!"

The female phoenix body was shocked.

She found that a blood-red mandala flower suddenly grew on her snow-white arm.

This mandala flower is extremely coquettish, as if watered with blood.

Huang Nu also felt that the supreme law condensed in her body was decomposing, breaking, and then being absorbed by the mandala flower.

Then, the second and third mandala flowers emerged from Huang Nu's body.

And they are absorbing the energy of the Phoenix Girl, the power of the law, and so on.

It's like, Huang Nu's delicate body is fertile soil.

And these blood-colored mandala flowers absorb nutrients from the soil, grow and bloom quickly!

This is absolutely weird, terrifying, and the beautiful faces of the female phoenix are completely distorted, terrified!

Not only her, but also the royal seed figures such as Golden Crow Little Sage King, Xuan Hao Qiong, Jiuyou Sangren, and so on!

"What exactly is this!"

"It's drawing on the power of my law!"

Xuan Hao Qiong was yelling, the dragon qi all over his body was surging, and he wanted to shake the mandala flower away.

There is also Tianjiao, reaching out to get rid of it.

But as soon as it was removed, I felt a piercing pain!

It is as if the mandala flower has taken root in the heart!

This caused more than a dozen Taikoo royal family princes to sweat, and their hairs stood up!

Not only them, but the other Tianjiao onlookers also felt terrified.

Even the exotic Tianjiao who was accustomed to the **** killings took a breath, and couldn't help his scalp tingling.

"What the **** are you doing!"

Little Saint King Golden Crow burned with the flames of the sun god, trying to burn all the mandala flowers that grew out of him, but it didn't work at all.

He screamed in horror at Jun Xiaoyao.

Jun Xiaoyao's expression is plain.

Still raising his hands, like the **** of destruction who controls the sacrifice and death of all living beings.

This is the third formula created by Jun Xiaoyao following the light of God and the punishment of God.

Genesis, the sacrifice of God!

Sacrifice to the gods, sacrifice to the common people!

If we say that the light of the first type of God, it represents the radiance of God.

The second type of punishment by God represents punishment for God.

Then this third formula represents.

God, who regards all beings and all beings as lofty and indifferent!

Use common people as a sacrifice to feed yourself back!

At this moment, there is no doubt.

Jinwu Xiaoshengwang and others are all sacrifices.

It is a sacrifice to Jun Xiaoyao, the **** of destruction!

Pouch!

Dense blood-colored mandala flowers grew on the descendant of Jiuyou.

At a glance, people with intensive phobia will definitely die on the spot!

Then, these blood-colored mandala flowers bloom completely at the same time!

The body of the descendant of the Nine Nether Lords, instantly annihilated!

The **** mandala flower ~www.mtnovel.com~ also turned into blood qi and poured into Jun Xiaoyao's body.

Jun Xiaoyao felt it instantly, a burst of law fragments and energy poured into his body.

It was the blood-colored mandala flower, which shattered and absorbed the laws in the body of the Nine Nether Lords, and then fed it back to Jun Xiaoyao.

This trick can be described as extremely overbearing!

"How could it be possible that a seed-level Tianjiao, without any resistance, died like this..."

The surrounding two worlds of Tianjiao, one by one, felt like falling into an ice cave, extremely cold.

"This kind of move..."

Even Ling Yu was shocked.

This terrifying move made her feel a chill in her throat.

It's too **** and weird.

Is this really a move he will create?

[Chapter 1003: Kill 1 enemy, the secret of Heitian 1 clan will be revealed](#)

Then, after the successor of Jiuyou Shou.

The blood-colored mandala flowers on the other Primordial royal family's seeds are also in full bloom.

A royal seed turned into dust and fell, and even the primordial spirit was sucked up.

Even as a supreme, there is no resistance at all.

It's like a dead dog being hanged!

"No! It's impossible!"

Xuan Haoqiong was a little crazy, holding the Golden Dragon King Spear, and directly pointed at Jun Xiaoyao and penetrated through it.

Jun Xiaoyao only raised his eyebrows slightly.

Pouch!

The mandala flower bloomed on Xuan Haoqiong's body, and he also turned into dust!

"No... I won't fall here, but I am the seed of the Sun God Mountain, and I still have to fight for it in this era!"

Golden Crow Little Saint King was shocked and turned around and fluttered his wings to escape.

Pouch!

The mandala flower bloomed, and he also turned into dust.

In the end, only the Phoenix girl was left.

She was frightened, completely no longer the cold and viciousness before.

At this moment, she burst into tears, embarrassed.

Then, among the stunned gazes of everyone, they kneeled directly at Jun Xiaoyao.

"I was wrong, I am willing to be a slave!"

The Phoenix girl's heart was split, like a dying bitch, wailing.

Jun Xiaoyao's lips curled up with a touch of coldness.

He stretched out his hand, slowly pinched Huang Nu's chin, and said indifferently.

"Tell me, who in my world sent you a message?"

"This....."

Huang Nu did not expect that Jun Xiaoyao would ask her this question.

Originally, this should be secret.

However, looking at Jun Xiaoyao, those eyes were as deep as the dark night, unpredictable and deep.

Huang Nu was scared, terrified.

She was tortured almost mad by the weird trick of the sacrifice of the gods.

Jun Xiaoyao is like an elegant **** of death.

Huang Nu faced him without any resistance.

There is even no room to negotiate terms.

"I said, I said, it's the prince of the other side, and the blood emperor, the emperor Jimeng and others."

"They told us that you will definitely come to sacrifice the blood, let us prepare the ultimate move in advance."

Huang Nv, one hundred and fifty-one, revealed all the secrets.

"not good....."

In a dark place in the distance, when the prince and others saw this, their expressions became extremely gloomy for a moment.

They never expected that it would be the current situation.

"withdraw!"

There is no hesitation.

The prince on the other side and others chose to retreat.

As long as you return to the foreign land, there is the backing of the emperor.

Even if they knew that it was their conspiracy, at best they would be put in a dungeon and punished.

"Can you go?"

Jun Xiaoyao smiled contemptuously.

Now, the ordinary emperor's level character, in front of him, is no different from the ant.

Even a character at the level of the Seven Little Emperors is nothing more than a slightly larger ant.

Jun Xiaoyao raised his hand again, and the power of the sacrificial offering of the gods was spreading, locking the prince and others on the other side.

This style is a trick of sacrifice, terrifying.

The power even exceeded Jun Xiaoyao's own expectations.

The Prince Began and the others suddenly noticed that Datura flowers began to grow out of flesh and blood.

His face changed drastically, his figure appeared, and he shouted: "What are you doing to kill your colleagues? Behind me is the emperor of the other side!"

"If you do this, won't you be afraid of offending the emperor behind me!" The Blood Emperor also scolded coldly.

"It's you who colluded with Xianyu to encircle and suppress me." Jun Xiaoyao smiled coldly.

In fact, he had known that Prince Hiran and others were spying in the dark.

You can kill them at any time.

It's just that it's not justified to kill directly, it just needs a reason.

Unexpectedly, he was really forced to ask from Huang Nu's mouth.

But this made Jun Xiaoyao frown secretly.

Does this represent.

Some ancient royal clans secretly have some kind of agreement or collusion with foreign emperors?

Was it only the Primordial royal family doing this, or was there other immortal forces involved?

Jun Xiaoyao felt that the relationship between the two worlds was still not as simple and complicated as expected.

The water in the fairyland is really a bit deep.

Of course, investigating the connection between the Taikoo royal family and foreign land.

That would have to wait until Jun Xiaoyao regained his identity and returned to the fairyland in a fair manner.

Right now, it is enough to kill these annoying flies.

"Die."

Jun Xiaoyao was too lazy to speak.

The power of the sacrifice of the gods directly caused the blood-colored mandala flowers to grow on the prince and others.

"No, you can't do this, there are still people behind me..." The Prince On the other side shouted.

However, he did not finish talking with the Blood Emperor, Emperor Ji Meng and others.

The mandala flower bloomed all over the body, and the soul and flesh were transformed into dust and dissipated.

Jun Xiaoyao probably has guessed who is behind the prince on the other side.

It's nothing more than the Fufeng King.

King Fufeng had already been recorded on the kill list by Jun Xiaoyao.

As the prince of the other side and others fell, Jun Xiaoyao felt once again that a stream of vigorous energy and fragments of law poured into his body.

"This feeling is wonderful, and the speed of collecting law fragments is much faster than cultivating heavenly celestial fruit." Jun Xiaoyao thought to himself.

It's no wonder that in the fantasy world, there will be a genre of "cannibalism".

It directly devours the energy of the enemy's blood and constitution, isn't it fragrant?

It's just a means, a little near magic.

Of course, Jun Xiaoyao would not use this trick just to collect the fragments of the law.

He hasn't reached that frenzied level.

Now Jun Xiaoyao has understood.

Why did the family recorded behind this black ancient stele be submerged in ancient history?

Perhaps it was because they used the power of sacrifice too crazy, which caused destruction.

"Black Sky Clan."

Jun Xiaoyao murmured in his heart.

"I...I have said everything, can you let me go, I am willing to be a slave and a maid!" Huang Nu said tremblingly.

Jun Xiaoyao said nothing.

Mandala flowers bloom.

Huang Nu turned into dust and fell.

"Dead, all dead, Tianjiao of the two worlds, plus a dozen young supreme, were killed by the chaotic body with a single move!"

Those remaining Tianjiao, even their souls were frozen and sluggish.

This is simply unimaginable.

You know, even the one who used to be in the frontier, created a foreign young war-god who slashed ten seed-level tianjiaos in a row.

It was also after experiencing a terrifying battle that all the opponents were beheaded.

And he also suffered serious injuries.

As a result, Jun Xiaoyao.

Just raised his hand.

All his opponents were directly annihilated.

The corner of his own clothes didn't move.

This is ten separate spectra!

"Rewind!"

All the other Immortal Realm Tianjiao, originally separated quite far away, now they have retreated to a far distance.

They are really scared.

Even the Tianjiao on the foreign land side retreats subconsciously.

Although they have a fanatical worship of Jun Xiaoyao.

But Jun Xiaoyao's hand was really weird.

It makes them all subconsciously afraid.

"Now, do you still think that the Lord of Heaven is sure to deal with him?" Jun Qingyan's expression was extremely solemn.

"This..." Emperor Jun Yin was speechless.

The strength displayed by the alien chaotic body is too defying.

It's like the young age of the dark myth emperor.

On Xianyu's side, it is estimated that there are really few people who can deal with it, even if you can't leave.

"What if it is the son of God..." Jun Qingyan murmured in her heart.

I missed that invincible figure again.

If he is still alive, maybe he has the ability to block the invincible chaotic body in front of him with his own power.

See the retreating tianjiao in all directions.

Jun Xiaoyao smiled lightly and didn't care.

The supreme realm was broken, and the laws of the physical body were also condensed.

Also created the third style of Genesis.

Weilijun Xiaoyao is very satisfied.

Next, there is one last thing left.

Jun Xiaoyao fell from the sky ~www.mtlnovel.com~ and came to Su Hongyi who was lying in a pool of blood.

Su Hongyi's limbs have been cut off, leaving only the body, still leaving a breath.

"The son... the son... the red shirt... is it useless?"

Su Hongyi's pretty face was extremely pale because of the loss of blood, his consciousness blurred, and his thinking lost.

"how could be?"

Jun Xiaoyao smiled, ignoring the blood stains, and directly picked up Su Hongyi from the pool of blood.

For some reason, Ling Yuan, who saw this scene in the distance, felt a little uncomfortable and uncomfortable in her heart.

Jun Xiaoyao picked up Su Hongyi, his white clothes also stained with blood.

"The Heitian clan that controls the power of sacrifice will be here for you and see the sun again."

"Great Dark God, it's time to wake up..."

[Chapter 1004: Heitian 1 family secret, Moheitian, reincarnated successor](#)

Before, Jun Xiaoyao was very interested in the origin of Su Hongyi.

But Su Hongyi herself said that she didn't know what family she came from.

He had no father and no mother since he was a child, and he was adopted and brought up.

However, Jun Xiaoyao saw it, and Su Hongyi had a vague six-pointed star mark under her belly.

At that time, he guessed that Su Hongyi should be related to the Six Kings.

And now, on this huge mountain-sized head, there is also a faint mark of a six-pointed star.

In addition, Jun Xiaoyao held Su Hongyi.

It can be clearly seen in Su Hongyi's red pupils that are like blood clotting.

There are blood-red mandala flowers in full bloom.

If there is no connection between the two, Jun Xiaoyao would not believe him.

"If my guess is correct, then everything should make sense and there is a reasonable explanation." Jun Xiaoyao thought.

For example, the Great Sacrifice of Blood, why is it such a coincidence that there will be movement on the eve of the start of the war between the two worlds.

Because at that time, it was the time when Jun Xiaoyao used the blood of chaos to awaken the power in Su Hongyi's body and suppress the power of its curse.

Because the power of the curse was suppressed and Su Hongyi's power awakened, it caused the sympathy of the Great Sacrifice.

As for the source of the curse power in Su Hongyi's body, it is also easy to explain.

The earth-bound spirit in this great sacrifice blood ground is the most straightforward evidence.

The power of the curse comes from all spirits that have been sacrificed by the Heitian clan.

That kind of monstrous resentment and hatred lasted for a long time, and finally turned into a deep curse engraved in the blood!

"Next, it's verification. I guess it's time."

Jun Xiaoyao raised his hand and pointed it as a sword.

The sharp sword light was swallowing.

Zhantian Jue comes out!

Thousand-zhang golden sword light illuminates the sky, and slashes away at the skull the size of a huge mountain!

"What is he doing?"

In the distance, those two realms of Tianjiao who were temporarily waiting and watching were all a little puzzled.

Jun Xiaoyao is now setting a record, and his reputation is stunned.

What else is he going to make?

Rumble!

The Bone Giant Mountain split into two instantly.

What followed were blood-colored petals all over the sky.

Those are the petals of mandala flowers.

In the endless rain of **** flowers.

A dark and simple mirror suddenly appeared.

It is different from ordinary mirrors.

This mirror, even the smooth surface of the mirror, was as black as ink, as if it was blocking the existence of some kind of great horror.

And with this mirror appeared.

Jun Xiaoyao immediately felt that the Shaking Halberd in his spatial magic weapon was also trembling violently.

Before, when Jun Xiaoyao went deep into the ground of blood sacrifice, the Divine Cry Halberd also trembled.

The reaction now is even more intense!

"Sure enough, my guess was correct."

Jun Xiaoyao's eyes lit up.

This further confirmed the idea in his mind.

suddenly.

Su Hongyi in Jun Xiaoyao's arms slowly floated up.

"I am..."

Su Hongyi himself was very confused.

She turned to look at the dark mirror.

For some reason, there is a faint sense of familiarity.

Rumble!

Just when everyone was puzzled.

There was a sudden tremor in the dark mirror!

A huge dark magic hand, struggling to stick out from the mirror.

Then the other hand sticks out.

It looked like it was about to break some kind of sleeping seal.

The existence in the mirror slowly struggled to escape, and a terrifying power spread out.

It makes everyone feel suffocated.

That is a supreme power!

In the end, the presence in the mirror completely revealed the figure.

Surprisingly an eight-armed demon god!

It is said to be a devil, but there is a feeling of Buddha Ming Wang.

It's like the feelings of the Buddha.

It can even be called the Eight-armed Demon Buddha.

Around the eight-armed Demon Buddha, blood-colored mandala flowers bloomed.

The scene looks weird and terrifying, as if it is a calamity demon Buddha who sacrifices to all living beings.

"Appeared, Mo Hei Tian."

Jun Xiaoyao muttered to himself as he looked at the creepy and terrifying eight-armed Demon Buddha.

After comprehending the sacrificial texts of all living beings, Jun Xiaoyao can be considered to have a little understanding of the Heitian line.

There are very few creatures in this ethnic group.

Because they are in control, one of the most forbidden forces between heaven and earth, the power of sacrifice.

Sacrifice all spirits and nourish your body.

It can be said that this is an extremely violent and terrifying force.

It is precisely because of controlling this kind of power against the sky that there are very few people in the Heitian family.

Among these people, the blood is the strongest and the purest existence.

It can condense the Demon Black Sky, that is, the terrifying eight-armed Demon Buddha in front of him.

And the person who can condense the magic black sky.

He will be worshipped by all the tribesmen of the Heitian family, and will be honored as the Great Heitian!

It can also be called the Great Dark God!

Ruojun Xiaoyao guessed well.

Condensing the existence of this Demon Heitian, it should be a heaven-defying figure at the same level as the first God of War.

It is the Great Black Sky in the line of Black Sky.

And Su Hongyi may be the reincarnation and inheritor of the power of the Great Black Sky.

Because of this pulse, there is another ability.

It is through the power of sacrifice to sow seeds.

Even if it falls for some reason, it can be reborn in reincarnation.

Endless reincarnation, immortal and immortal!

This is indeed an extremely terrifying imperial family.

No wonder it will be submerged in ancient history.

Because it's too bad, so I was jealous and hated by others.

Not to mention the immortal domain, even in the foreign domain, most of the emperors are very afraid of the Heitian clan.

"What is that, it's horrible." On the side of Xianyu, a group of Tianjiao had their scalp numb.

On the foreign land side, some talented arrogances with extraordinary vision showed extreme suspicion.

"Then it is... the Demon Heitian of Heitian?"

"Heitian line, a family that has disappeared, might it reappear here?"

"No, the old man in my family once said that the black sky has a deep line of obsession, and the cycle of reincarnation is endless, and it has never been completely destroyed."

The creatures on this side were extremely shocked.

Many people don't actually know that the ancient darkness and immortality who fell on the ground of sacrifice blood.

It was actually the Great Dark Sky God of the line of Hei Tian.

Jun Xiaoyao was watching.

The Mo Hei Tian that emerged from the dark ancient mirror can be said to be the core heritage of that Great Hei Tian.

Representing the source of despair and the beginning of destruction, Mo Hei Tian is so powerful that it is trembling!

This magic black sky, with a pair of eye sockets like a blood moon, looked at Su Hongyi.

Then it directly turned into a surging vast force and escaped into Su Hongyi's body.

Su Hongyi originally belonged to the line of Heitian, the last remaining member of the tribe.

He is also the reincarnated heir to the will and power of the Great Dark Sky God.

So Mo Hei Tian should have returned to Su Hongyi.

With the return of Mo Hei Tian, Su Hongyi's black hair was dancing, dyed with a **** halo.

A pair of blood-colored red pupils are also red like dripping blood, among them are blood-colored mandala flowers in full bloom.

The blood-colored mandala flower is also the flower of the black sky line, used for offering sacrifices.

And Su Hongyi's severed limbs, UU reading [www. Uukanshu.com](http://www.Uukanshu.com) also re-grown at a speed visible to the naked eye.

In her body, the cursing power sealed by Jun Xiaoyao.

Also under the power of Mo Hei Tian, he was refined and consumed.

The source of the cursing power is the all spirits sacrificed by the Heitian clan and the Great Heitian God.

Their unwillingness, resentment, and anger turned into a curse carved into the bloodline, suppressing the bloodline power that eroded Su Hongyi.

This made her unable to become strong and could only become a little beggar who was bullied.

right now.

With the return of Mo Hei Tian, Su Hongyi's red pupils burst out with fascinating blood.

"I know."

Su Hongyi muttered to herself.

She knows all the secrets!

[Chapter 1005: The Great Black Sky God, another world-destroying king awakens, the Great Emperor of Xianyu...](#)

The line of Hei Tian, once the top immortal emperor in a foreign land.

Although the clansmen are scarce, they are all powerful.

In the heyday, even from the strongest ultimate emperor, not much difference.

The so-called ultimate imperial clan is the most powerful, mysterious, and oldest imperial clan in the foreign land.

Originated in an unspeakable place.

Among those unimaginable ultimate emperors, there is an absolute taboo immortal known as the natural disaster level.

To some extent, the most ancient veins of the ultimate imperial clan in the foreign land.

The status is equivalent to the most powerful immortal forces in the fairyland, such as the fairy court, the underworld, and the monarch.

As for Mo Jie, Ming Zhao, Blood Demon, Ji Meng and other emperors.

Although it is also extremely powerful and prosperous, but compared with the ultimate emperor clan of those veins, the background and qualifications, as well as the level of the strong, are slightly weaker.

The Heitian clan has few people, but in its heyday, its strength is close to the ultimate emperor.

It shows the toughness of this family.

And there are naturally reasons why they are so strong.

It's because of this family's inherent bloodline ability.

As we all know, the foreign emperors each have their own destiny.

The magical immunity of the Mojie clan, the evil eye of the Mingzhao clan, the blood demon clan's **** soldiers, and so on.

The Heitian clan's own natal bloodline supernatural powers are too defying and too powerful.

It is the power of sacrifice!

As the name implies, it means to sacrifice to other creatures to obtain their flesh and blood power, mana, and fragments of the law, and so on.

This allowed the Heitian clan to embark on a road of cannibalism cultivation by killing witnesses.

It can be said that even in a foreign land where the laws of survival are cruel.

This method is also absolutely cruel, more terrifying than any evil spirit Shura.

And the heyday of the Heitian clan is superimposed by countless sacrificed creatures.

Not to mention that the monks of Xianyu were frightened by the Heitian clan.

Even here in a foreign land.

There are also many races that have been annihilated by Hei Tian.

Even if some immortal emperor clan provokes the Heitian clan.

They didn't even dare to retaliate and go back.

And hatred, jealousy, and jealousy are also formed in subtle ways.

Later, in the Heitian clan, a dark six-pointed star imprint hole shot into the sky.

It represents the birth of the six kings of the Heitian clan.

The power of sacrifice, plus the destiny of the six kings to destroy the world.

That one quickly grew up.

Through the power of sacrifice, blood sacrifices to countless creatures.

In the end he became the supreme **** of the Heitian clan.

The moment when the Great Dark Sky God appeared.

Even some old antiques in the ultimate imperial clan were alarmed.

The Heitian clan is too uncontrollable.

Go crazy, and even his own people in the foreign land may be slaughtered.

Therefore, a conspiracy was born.

In the previous war between the two worlds.

The Great Dark Sky God of the Heitian clan once played, which brought great pressure to Xianyu.

Because he knew the horror of the Great Dark Sky God, the strong people came out on the fairyland side.

On the other side, someone told the Great Dark Sky God to withstand him first, and they would arrive later.

Da Hei Tian Shen does not suspect him.

As a result, Xianyu showed up five great emperors to encircle and suppress the Great Black Heaven God.

But the Great Black Heavenly God, but he hasn't waited for the help of the Immortal King of Foreign Lands.

He thoroughly understood.

The Heitian clan was stabbed and calculated by its own side.

His line was too uncontrollable, and he provoked too many opponents and was abandoned.

Finally, the Great Dark Sky God looked up to the sky and shouted angrily.

"My great black god, life is endless, reincarnation to death!"

"In the place where the mandala flowers bloom, I will come back again!"

The flower language of the mandala flower represents death and vengeance!

In the end, the Great Dark Sky God sacrificed the five great emperors of Xianyu with his own power.

Bianhuang trembled, forming a vast land of blood.

The barriers and aftermaths that it produced did not begin to dissipate until this epoch.

After the **** * was calculated.

The entire remaining Heitian clan was naturally surrounded and suppressed.

Those imperial clan who had friction and hatred with the Heitian clan, all shot, and showed no mercy.

The Haohao clan, such as the collapse of a building, will be destroyed directly.

Almost no creatures of this race survived.

A few years later, a blood pupil was resurrected and died halfway through.

Then, another woman woke up, with mandala flowers blooming under her feet.

Then it fell.

Until now, Su Hongyi appeared.

The last ethnic group of the Heitian clan, the inheritor of the obsession of the Great Heitian God.

When everything is remembered.

Su Hongyi came back.

She understood everything.

I also know that I don't have the so-called biological parents at all.

In this world, there is no one to rely on, and even the people of the tribe are already dead.

An unprecedented loneliness envelops her.

At this moment, a voice sounded.

"Red, do you know the truth?"

Su Hongyi suddenly came back to his senses when hearing this gentle and jade-like voice.

Looking at Jun Xiaoyao.

His body was white, and he was still stained with blood from his body.

"No, I still have a son."

In Su Hongyi's scarlet pupils, she gradually recovered her look.

She has no father, no mother, and no clans.

But she is by no means alone.

She will not inherit the obsession with revenge of the Great Dark Sky God.

She is just a follower of Jun Xiaoyao, a maid and servant.

When Jun Xiaoyao asked her to go east, she went east.

Let her go west, and she will go west.

What revives the Heitian clan, and what upholds the obsession of the Great Heitian God.

These are completely unimportant to Su Hongyi.

Only Jun Xiaoyao is the most important to Su Hongyi.

Next, there was a roar in Su Hongyi's body.

Her breath also skyrocketed directly.

Finally, he broke through to the Supreme Realm.

It's not that Su Hongyi broke through from the Great Sage to the Supreme in one fell swoop.

It was that she originally had this kind of power, and only after she merged into Mo Hei Tian, her strength was completely liberated.

With the elimination of the curse, the realm skyrocketed.

The dark six-pointed star mark under Su Hongyi's lower abdomen was no longer blurred, and completely condensed.

Finally, it turned into a beam of light that pierced the sky.

The mark of a dark six-pointed star manifested on the boundless sky!

"She is also the Sixth King of Destruction?"

The Chaos Body himself was the Sixth King of Destroying the World, and the followers he picked up turned out to be one of the Six Kings.

Tianjiao on the alien side was a little dumbfounded.

"Another World Destroyer King has awakened!"

Xianyu, here at the border gate, a few quasi emperors standing in the sky, their expressions are extremely serious.

First, the alien chaotic body, after passing through the end of the supreme calamity
~www.mtlnovel.com~ surprised them a little.

Now, another world-destroying king appeared.

And it was the Great Dark Sky God who brought terror and calamity to Xianyu before, and died together with the five great emperors.

Xianyu must not allow these two world-destroying kings to continue to survive!

"Is that ready, ask him to take action and shoot from a long distance!"

"Only he can do it. My strength is not enough to kill them across the border town. After all, there are strongest people on the other side."

Several quasi emperors looked serious.

Suddenly, an old sigh sounded in their ears.

"Let me come this old bone, and see if I can contribute to the Nine Heavens Immortal Territory."

Hearing this voice, the eyes of several Zhun emperors were filled with joy.

This voice originated from a great emperor!

[Chapter 1006: The Mirror of the Great Dark Sky, the real emperor shot](#)

Jun Xiaoyao, who is far away in the frontier, sacrifices blood to the land.

Naturally, I don't know what actions will be taken in Xianyu.

At this moment, he looked at the Su Hongyi who had completely awakened the Six Kings' Destiny, and a smile appeared at the corner of his mouth.

He really made a lot of money this time.

With a drop of chaotic blood, he got a servant of a world-destroying king with infinite potential.

And I absolutely obey my orders.

This pen is really profitable.

But it is also Jun Xiaoyao's high-sighted.

If you are someone else, you will never find this gold buried in the sand.

Of course, Jun Xiaoyao saw Su Hongyi's loyalty.

As long as she does not betray.

Jun Xiaoyao doesn't mind treating her sincerely, treating her completely as his own.

"What is the secret of the Heitian clan?" Jun Xiaoyao asked.

Although he had a general guess based on the information on the black stone tablet, it was obviously impossible to guess that the ground was comprehensive.

Su Hongyi did not have any reservations, and his spiritual thoughts passed.

told Jun Xiaoyao all the information she knew, one to five to ten, without reservation.

Jun Xiaoyao suddenly came across.

is indeed similar to what he guessed.

The power of sacrifice of the Heitian clan is too strong.

also forged many enemies.

and even the oldest ultimate emperor is afraid of it.

So I pitted the Heitian clan and wiped out this clan completely.

became a family submerged in ancient history.

And the Great Black Sky God, the Demon Black Sky was made by sacrifice, because of obsession, reincarnation is endless.

But this time, Jun Xiaoyao won't let Su Hongyi die halfway.

She wants to be her most powerful right-hand man!

"Then, this mirror is..."

Jun Xiaoyao turned to look at the dark ancient mirror.

"This is the Forbidden Device, the Mirror of the Great Black Sky, and the treasure of the Black Sky Clan."

Su Hongyi beckoned slightly, and the **** sky mirror flew in the sky.

Its quality and contained power are not weaker than Jun Xiaoyao's Weeping Halberd.

"It's no wonder that the God Cry and Halberd trembles before. It turns out that they are of the same origin. That is to say, the six kings of the world have a forbidden device."

"My God Cry Halberd, Su Hongyi's Great Black Sky Mirror, if other kings are born, they should have them too."

Jun Xiaoyao is thinking.

He suddenly remembered the person who was almost ignored by him.

Tu Shanwanwan next to the little horseman.

If he is also one of the six kings, he should be looking for his forbidden device.

Jun Xiaoyao always felt that there was a secret behind the God Cry Halberd.

From now on, is there any connection behind the six world-destroying devices?

For example...

is like six keys.

Of course, this is just Jun Xiaoyao's guess.

"My son, leave this to you."

Su Hongyi held the Mirror of the Great Black Sky in both hands and handed it to Jun Xiaoyao respectfully.

Although this thing should have belonged to her.

But she still handed it to Jun Xiaoyao without hesitation.

"No, you keep it first, I will bring it when you need it." Jun Xiaoyao waved his hand.

When it may be useful in the future, it is better to let Su Hongyi put it away to improve her strength.

"Thank you, son."

Su Hongyi showed a smile on Qiaoxiu's cheeks.

This is the embodiment of Jun Xiaoyao's trust in her.

Because of Demon Black Sky, the curse power in Su Hongyi's body has been removed, and there will be no more scars or the like.

At this moment, Su Hongyi's skin is fair and delicate, and his smile is very clear and sunny.

Of course, it is limited to Xiaoyao to Jun.

If you change to anyone else.

She is still the cold and emotionless red devil queen.

"Okay, things are complete, the trip to the border is over, it's time to end."

Jun Xiaoyao let out a sigh of relief.

Although he also wanted to go directly back to Xianyu, to find Jiang Shengyi, return to Jun's house, and meet those familiar with him.

also wanted to prove it to the world.

This game of the game with the sky was won by him, Xiaoyao.

but...

Jun Xiaoyao is in a foreign land, and there is still something unfinished.

The matter of the soul book, the secret behind the Six Kings of the Destroyed World, the relationship between the Hierarch Clan and the ghost face woman, and the most important thing.

His father, Jun Wugui, where is he and what game is he playing?

Because of these things, Jun Xiaoyao cannot return to the fairyland for the time being.

But it is conceivable that if Jun Xiaoyao returns to the fairyland in his true colors, it will cause a sensation.

I am afraid that both the fairyland and the foreign land will have an 18-magnitude earthquake, which will cause an uproar.

"Red, let's go."

Jun Xiaoyao once again looked at Tianjiao in the distance.

The ancient emperor and the others are afraid to take a step forward.

The sacrifice of the gods really suppressed all the heavenly arrogances of the immortal domain.

Jun Xiaoyao is not in a hurry. After returning to the fairyland, he will pack up and torture them.

He also felt a line of sight falling on him.

is Ling Yuan.

"Are you aware of it, but it will only be regarded as an illusion."

Looking at Ling Yuan, Jun Xiaoyao thought.

He could feel that Lingyuan seemed to have some strange feelings for him.

But Jun Xiaoyao is very sensible.

All this, wait to return to Xianyu before solving.

Just when Jun Xiaoyao took Su Hongyi and wanted to leave.

Suddenly, Jun Xiaoyao stopped.

With his keen sense of consciousness, he noticed a trace of extreme danger.

This sense of danger does not come from those fairyland princes.

Now in Tianjiao of the same level, no one can bring him such a sense of danger.

Then the only possibility is...

Jun Xiaoyao suddenly looked into the distance.

That is the border gate of Xianyu!

And in the deeper part of the fairyland, between the stars of the universe.

There are seven stars, gathered together.

And in the radiance of seven stars.

A somewhat old and rickety fuzzy figure emerged.

"Heh, did the little guy notice it? It's really terrifying afterlife, and after having passed the final and supreme calamity, the emperor will not be the end in the future, it's amazing."

"It's a pity, it's not my fairyland hero, it must be strangled in the bud."

The vaguely old figure murmured to himself.

Although his figure is a little rickety, there is the glory of the emperor surging around him.

An emperor's might, incomparably vast, illuminates the heavens and gleams the world!

is like all the heavens, all being trampled under his feet!

This is a great emperor of Xianyu!

You need to know that because of the Primordial Covenant, there are very few real emperors in Xianyu.

And this figure is a real emperor.

A great emperor who is famous for his arrows!

He once drew a bow at the border crossing, straddling the border desert with an arrow, shooting and killing a digital immortal in a foreign land, and made great achievements!

This is simply a human-shaped fort, and those who are locked by his arrows have almost no survivors!

The rickety old man raised his hand.

Around him, seven stars, spreading light, entangled.

turns into a flickering bowstring!

Then, pull it slowly.

suddenly!

The whole piece of stars, all the auras of heaven and earth, UU reading www.uukanshu.com all condensed!

Countless runes and avenues appear!

Hundreds of millions of chains of laws and gods, entangled together.

The great emperor's brilliance is permeated, condensing the rules of the avenue into an arrow shining with the brilliance of the emperor's road!

Take the stars as a bow!

Take the rules as an arrow!

咻!

The arrow of rules is shot!

The speed surpasses the speed of light, penetrates the void, and tears the boundlessness!

The indescribable terrifying force caused the entire universe to tremble and passed it to the frontier!

The edge of the desert is shaking!

"what happened!"

Here at the Great Sacrifice of Blood, all Tianjiao felt shuddering.

That power makes the heavens tremble!

"The Great!"

Jun Xiaoyao frowned and looked in the direction of Xianyu.

A little light emerged.

That is the arrow of rules, almost instantly, across hundreds of millions of spaces, it came to the border.

With one arrow, the entire frontier was shaken!

This is the might of the emperor!

[Chapter 1007: The Great Beidou, the immortal king of the God of War Academy, inherited the Great 1...](#)

What is the Great Emperor?

Step on the road is supreme, it is called the great emperor!

They are the masters of the rules of the road.

is the existence at the pinnacle, overlooking the eternal vastness, all beings and souls.

One thought, the world collapses, one thought, the universe is split!

can even start to involve time.

Fight cause and effect, palm reincarnation, shape the world!

is a perfect expression of the ultimate form of life evolution.

This kind of existence is real, and one person can be called an emperor!

At this moment, a fairy land emperor personally shot.

That kind of wave is beyond words.

The arrow of rules, like the most dazzling light in the world, is extremely dazzling.

From Xianyu, he hit the border in a flash.

Wherever passed, the void collapsed, and the chain of order broke.

A few expansive star fields along the way are all destroyed directly under this arrow, turning into dust drifting in the universe!

The entire frontier trembled under this arrow, shaking.

"Oh my God, that power!"

"It's the emperor, the emperor has taken action!"

"How is it possible, is the target a chaotic body?"

"The Chaos Body actually let the emperor take a shot?"

Throughout the border, countless Tianjiao took a breath, and their minds were trembling.

What kind of character is the Great?

The world is overwhelming, and all beings worship.

They are all self-reliant.

But at this moment, it was shot against a junior.

It can be said that even if Jun Xiaoyao is dead, he is enough to be a celebrity forever.

Because from ancient times to the present, there has never been a great emperor who shot the supreme.

But now, Jun Xiaoyao has attracted the emperor's murderous intent.

It is enough to see that the talent he displayed is so terrifying that even the emperor will directly kill him regardless of his identity.

"It really is....."

Jun Xiaoyao is a little speechless.

This is simply flooding the Dragon King Temple, and the family does not recognize the family.

But it is understandable, after all, Jun Xiaoyao's current identity is different.

In addition, because of the physique of the emptiness of destiny, the cause and effect cannot be detected by others.

So misunderstanding is normal.

"Is the Chaos Body going to die?" Many Tianjiao exclaimed.

Even the emperor made the shot himself, this is no longer suspenseful.

On the side of the Great Sacrifice Blood Land, the surrounding Tianjiao quickly retreated, hiding far away.

The great emperor's shot, even if it is the aftermath, can shake all the creatures around him to death.

And just when the arrow of rules that ruined the world was shot at Jun Xiaoyao.

is on the other side.

An ancient vicissitudes of cold snort sounded.

"Big Dipper, you old immortal, you are so shameless and break the rules."

Hearing this sound, Jun Xiaoyao's eyes flashed.

He has heard this sound.

After beheading the son of Emperor Mojie, the emperor Mojie wanted to attack him.

As a result, a voice sounded, preventing the Mojie Emperor from being quasi-immortal.

And now, this voice sounded again.

is the immortal king of the God of War Academy!

After the voice fell.

On the other side, a big hand that covers the sky and the sun emerges.

is not a hand of flesh and blood, but a hand condensed by various avenue rules, chains of order, and law runes.

With one hand, it seems to be earth-shaking and quake the eternal universe!

rumbling!

The sky in the deserted universe is trembling!

That big hand directly grabbed the arrow of rules that was shot at Jun Xiaoyao.

The two collided together.

Huge gaps of hundreds of millions of miles are popping out!

The space is turbulent, the void is chaotic, and the chain of order is collapsed!

Countless big stars are all turned into powder by the waves of collision in an instant!

This is the battle between the emperors.

Even the simplest collision has a feeling of wanting to destroy the world.

That big hand grabbed the arrow of rules.

Here at the border, several guarding quasi-emperors raised their minds.

If let the two world-destroying kings return to a foreign land.

When they grow up in the future, it will pose a great threat to the fairyland.

in everyone's attention.

The big hand that covers the sky and the sun, with five fingers and a grip.

Fierce sparks are shooting.

That is not a real spark, but the light sputtered by the fire of the avenue.

The two are in a game, and the rules of the control avenue are colliding with each other.

This scene made many of Bian Huang's arrogances silly and stupid.

Even some big figures at the level of Xuanzun, Gods, and Dao are looking closely and observing.

The fight between two emperor-level existences is a great opportunity for enlightenment, which can bring endless inspiration to people.

"Is this the battle of the emperor rank? It is not only limited to the changes of supernatural powers, but the collision of avenues and rules."

Jun Xiaoyao is also watching and comprehending.

It feels like he is not the target of that arrow.

and in this short period of time.

Jun Xiaoyao took advantage of this kind of inspiration.

once again comprehend more than a dozen of the **** of war pictures in the catalog of the **** of war.

Boom!

At this moment, there was a loud noise that pierced the eardrum from the world.

Everyone looked at it in amazement.

realized that the arrow of rules was directly crushed by a big hand.

Various bright brilliance emerged, and regular fragments shot into the sky of the universe.

"Failed?"

On the side of Xianyu, the faces of all Tianjiao were a little pale.

Is the emperor of their fairyland really inferior to the immortal king of a foreign land?

Many people trembled, and they felt sad.

"Emperor Big Dipper, you were severely injured in the war between the two realms, leaving irreversible injuries. Isn't it good to sleep honestly, why bother so much?"

Over there, the voice of the Immortal King of the God of War Academy came.

Many people were shocked when he said this.

"What, you told me that this move was performed by a great emperor who was heavily wounded?"

Many people are confused.

This wave of volatility is ruining the world.

Many people thought that it was a great emperor in his heyday who was doing his best.

As a result, it turned out that it was only a great emperor who was hitting hard.

Then, if the emperor is really intact, what kind of scene would it be?

Many people took a sharp breath, a little sluggish and dazed.

They refreshed once again, their knowledge of the emperor.

People in this state are too powerful to imagine.

"Hehe, Lianpo is very old, if I can still eat, I can also use the last bit of heat."

On the side of the fairyland, the Big Dipper, who was in the depths of the starry sky, smiled slightly.

This side of the desert.

In the arrow of rules that was crushed and exploded.

Suddenly, another miniature brilliance burst out at an extremely fast speed.

In an instant, he flew to Jun Xiaoyao's side.

That gleam is a tiny arrow.

Although power, and the arrow of the rule of the past, it is one world.

But Killing Supreme is definitely more than enough.

is the emperor's trick after all~www.mtlnovel.com~ Even if it is just the aftermath, it can be shocked to death.

"The arrow of the son and mother, you...!"

The voice of the immortal king came from a foreign land.

Everyone was also stunned by this sudden scene.

then suddenly realized.

It turns out that the mighty arrow of rules is just a cover.

Because I know the foreign land, there will be the strongest to intercept it.

The real killer move was only sacrificed after the arrow of the rule was intercepted and destroyed.

I have to say that the emperor's scheming methods are really not that simple.

"The son!"

Su Hongyi exclaimed when he saw this, and directly blocked Jun Xiaoyao.

Jun Xiaoyao's eyes flashed.

Suddenly, he thought of something.

Then there was a slight smile at the corner of his mouth.

To do this, he must suffer a heavy blow to himself!

"Red clothes, get out of the way!"

Jun Xiaoyao directly pulled Su Hongyi to one side with one hand.

[Chapter 1008: The Great Big Dipper, not bad, take the miracle of immortality with 1 move from the Great](#)

All of this happened between the electric light and flint.

exceeded everyone's expectations.

is in an instant.

Jun Xiaoyao all defenses are out!

The power of mana immunity was urged to the extreme by him.

Twenty full magical powers are immune to the divine ring, appearing, covering the whole body of Jun Xiaoyao.

Then in his body, the supreme god's blood was boiling, and the fourth supreme technique was unfolded, all attributes improved!

There are also five hundred and twenty Sumi worlds, which are also a huge defense.

Also in the inner universe, the power of the origin of the universe is flowing, protecting Jun Xiaoyao's body.

God's immortality technique is also operating in the body, preparing to recover his injuries with all his strength.

almost in an instant.

Jun Xiaoyao has done all the defenses.

The reason why I did this was because Jun Xiaoyao thought of a way.

This method may give him another great opportunity.

Of course, the premise is that Jun Xiaoyao has to pay a certain price.

噗嗤!

That miniature arrow penetrates Xiangjun Xiaoyao.

Twenty layers of mana in the periphery are immune to the divine ring, and it shatters directly without any suspense.

Then the arrow directly penetrated Jun Xiaoyao's body.

There are five hundred and twenty Xumi worlds in his body. In an instant, Qi Qi was shattered by the infinite power!

There is blood mist spraying thin!

Jun Xiaoyao, the universe oscillates, and the power of the origin of the universe surges.

But it is still difficult to resist the arrow.

is not that the origin of the universe is weak.

But the emperor-level means are too strong.

at last.

噗嗤!

accompanied by a sound of broken flesh and blood.

That arrow penetrated Jun Xiaoyao's body.

Jun Xiaoyao is still and frozen.

At this moment, it seems that even time has been frozen, and the world has fallen into a dead silence.

"The son!"

Su Hongyi screamed, his face pale as paper.

Everyone else was also stunned.

"Is the chaos body dead?"

"Nonsense, it's just a matter of talking."

"But why didn't it burst into a cloud of blood?"

"Maybe the chaos body is too strong."

Everyone's eyes are staring at Jun Xiaoyao.

Lingyu did not know why, her heart tensed.

Under the attention of countless eyes from heaven and earth.

Jun Xiaoyao does not move.

There is blood overflowing from the corner of his mouth.

He spoke slowly, blood was flowing.

"Beidou Great, not bad."

This voice spread all over the world.

One sentence, everyone is astonished!

"This... is this mocking the emperor?"

"The chaos body is going against the sky, even the emperor dare to provoke it!"

"Does this put one's own position above the emperor?"

Bian Huang was in shock and uproar.

All those who heard it had wide-eyed eyes, wide-open mouths, and numb scalp. They were shocked to the extreme.

What kind of person is the emperor?

As a result, Jun Xiaoyao said, the emperor is not bad.

said the most crazy things in the most plain tone.

Throughout the ages, I'm afraid it's the first one.

And the most important thing is that although Jun Xiaoyao was hit hard, he did not fall!

"In the realm of supremacy, taking the emperor's move and not dying is indeed qualified to say this sentence."

Many people felt shocked and sighed.

Looking at the countless eras of the previous generations, who can take the emperor's move in the supreme realm?

Although the power of that arrow was weakened by the Immortal King of the God of War Academy by ninety-nine percent.

But the remaining power is enough to easily kill any supreme.

It is even possible that even the small Tianzun, the big Tianzun level powerhouse, will die.

As a result, Jun Xiaoyao is still alive.

This is absolutely shocking and astounding.

"My son, how are you doing?"

Su Hongyi leaped forward, his expression extremely nervous, for fear of something wrong with Jun Xiaoyao.

The whole meaning of her life now is for Jun Xiaoyao.

Jun Xiaoyao was covered in blood and had terrible piercing wounds.

If the Ordinary Supreme was hit by this attack, his body would be shattered and turned into powder.

And Jun Xiaoyao, although he has terrible wounds on his body, his body has not disintegrated.

This is already a miracle.

But at the same time that his body was wounded, Jun Xiaoyao Yuanshen was also subjected to a devastating attack.

Because of this arrow, it is not only the destruction of the physical body, but also the destruction of the soul!

Even if it is as strong as Jun Xiaoyao, it is a great price to carry an arrow hard.

It can be said that it is a miracle that Jun Xiaoyao can speak now.

At the border gate, the faces of the quasi emperors standing above the starry sky were changing and unable to remain calm.

"Is it not dead?"

"We have lost our chance."

Several quasi emperors are sighing.

The Great Emperor can't solve the Chaos Body even if he makes a move, this is something they never expected.

is in the depths of the star dome.

The rickety old man shrouded in blurry starlight, also known as the Big Dipper, also shook his head slightly.

"Ahem... I'm old."

"Xianyu new generation, who can deal with him?"

The Big Dipper did not choose to make another move.

He made a shot once, which was already considered to be for the future of Xianyu, and he was pulled down.

If you make another move, it will really be faceless and skinless, and you will not have the posture of being a great emperor at all.

Not to mention, it's useless for him to make another move.

This kind of child-mother arrow method can only be used once.

"But next, the border crossing is probably going to be noisy for a while." The Big Dipper's tone was worried.

Xianyu broke the rules first.

On the other side, it is naturally impossible to give up.

"Huh, Big Dipper, I look forward to fighting with you in the future."

There was a cold snort from the Immortal King of the God of War Academy, shaking the sky of the universe like thunder.

Obviously, Xianyu's first attempt to break the rules has already caused some discomfort to the strongest in the foreign land.

On the side of the Great Sacrifice Blood.

Many Tianjiao are still immersed in deep shock.

Jun Xiaoyao's body trembled slightly.

"This time, it's also a big bet." Jun Xiaoyao thought.

He felt the breath of his own life, like a candle in the wind, extremely weak.

Actually, Jun Xiaoyao still has a lot of hole cards not used.

is that drop of ten-star reward, the black blood of God.

If it is fusion, you can let Jun Xiaoyao enter the dark mode.

In that way, it shouldn't be difficult to resist this trick without injury.

But that would not achieve the purpose of Jun Xiaoyao.

He just wants to make himself suffer.

"The son."

Su Hongyi helps Jun Xiaoyao's body.

"Send me back to the God of War Academy..."

After Jun Xiaoyao finished speaking, he stumbled forward.

Su Hongyi hurried forward, holding Jun Xiaoyao in his chest.

"Don't worry, UU reading www.uukanshu.com, the red shirt will surely **** you back to the God of War Academy!"

Su Hongyi held Jun Xiaoyao tightly in one hand.

At this time, there was a supreme aura all around the place of sacrifice.

Several fairyland seed-level Tianjiao appeared.

"The Chaos Body takes the Great Emperor's move, even if it does not die, it is still in a state of severe damage and death. This is the only chance!"

Several seed-level characters coldly drink, and kill Xiangjun Xiaoyao and Su Hongyi.

"Yes, this is a great opportunity!"

Other Xianyu Tianjiao also reacted, and their eyes immediately turned red.

Killing the alien chaotic body, that can make great achievements.

will definitely stay in the fairyland history!

Even the ancient emperor was also a little moved.

"I want to be unfavorable to the son, and look for death!"

Su Hongyi instantly changed from a pretty girl to a devil in red.

The supreme breath is permeated, and in the void, the blossoming mandala flowers are in full bloom.

"Protect Lord Ares!"

Other exotic Tianjiao also reacted and rushed up.

Tianjiao of the two worlds suddenly fought together.

[Chapter 1009: Bianhuang ends, return to the God of War Academy, dragon vein healing](#)

The sound of slaughter and the shouting are endless.

The Tianjiao on the side of Xianyu was all red eyes, and only wanted to kill the alien chaotic body.

The Tianjiao on the other side is desperately trying to protect the God of War in their hearts.

Jun Xiaoyao now can be said to have become the benchmark and belief of the younger generation of foreign land.

It is self-evident how important he is to the foreign land now.

"You must kill the Chaos Body, this is a great feat left in history!" There was a fairyland seed-level Tianjiao roaring.

"The ants of the fairyland still want to be unfavorable to the Lord of War, and they are looking for death!" The alien Tianjiao shouted.

The Great Sacrifice of Blood, instantly turned into a battlefield for fighting.

There are a few seed-level arrogances of the fairyland, with the supreme aura permeating, shaking away the surrounding alien creatures.

killed Su Hongyi and Jun Xiaoyao directly.

"You wait for death!"

saw several fairyland seed-level Tianjiao surrounded by.

Su red-dressed and black-haired danced wildly, and among a pair of scarlet pupils, there were mandala flowers in full bloom.

The Mirror of the Great Dark Sky was sacrificed by her, releasing the **** light.

This is a world-destroying device of the same level as the God Cry Halberd.

is now under the control of Su Hongyi, exerting unpredictable power.

In addition, Su Hongyi himself has reached the supreme realm, and there is still the existence of Mo Hei Tian in his body.

It can be said that Su Hongyi is now many times stronger than before.

Even among the younger generations of foreign land, they are absolutely top-notch existences.

is one of the six kings of the world after all.

It is estimated that apart from Jun Xiaoyao, looking at the two worlds, there are really not many peers who can hold Su Hongyi.

"Sacrifice of Devil!"

Su Hongyi urged extreme moves.

This is a magical power engraved in the blood.

In the void, blossoms of magnificent blood-colored mandala flowers emerged.

There is a kind of weirdness in the sad beauty.

"This...what kind of power is this!"

There is fairyland Tianjiao roaring in horror.

He found that the power of his whole body seemed to be sucked away by the mandala flower.

is like being sacrificed.

噗嗤！

A arrogant man, his body exploded.

But the strange thing is that there is no blood flowing out.

Instead, it exploded blood-colored petals all over the sky.

This weird scene has made many people hairy.

remembered Jun Xiaoyao's terrifying move before.

"Those who dare to disadvantage the son, die!"

Su Hongyi held Jun Xiaoyao tightly with one arm.

is like a queen of the world who bravely stood out for his sweetheart.

Although she got the power of Demon Black Sky.

But now she is obviously not enough to fully exert the power of Demon Black Sky.

But even if it only played a ten thousandth, it was extremely scary.

After all, this demon black sky, but the supreme form of the **** sky once condensed.

Even the Great Dark Sky God can use this Demon Dark Sky to face the five great emperors.

Although Su Hongyi can only exert the power of Demon Black Sky, it is enough to sweep the enemies in all directions.

A celestial arrogant, fell in front of Su Hongyi.

Even the seed-level Tianjiao of the supreme level is very vulnerable in front of Su Hongyi who has obtained the Demon Hei Tian and the Mirror of the Great Hei Tian.

Su Hongyi's current strength is at least at the level of the Seven Alien Emperors.

The rain of blood is flying.

The blood-colored light beam shot from the hole in the **** sky mirror directly tore a fairyland seed-level tianjiao, and the original spirit was all gone.

"Damn..."

Seeing this scene, the ancient emperor had a calm expression.

Originally, this was the best chance to kill the Chaos Body.

But Su Hongyi's strength is too terrifying.

One demon black sky is enough to make her invincible.

Not to mention there is the Mirror of the Great Black Sky, the gods block and kill the gods, and the Buddha blocks the killing of the Buddha.

On the other side, Ling Yuan did not move.

To be honest, didn't she have never guessed, could the chaotic body be Jun Xiaoyao?

But after thinking about it, I feel a little absurd.

This is really a big brainstorm.

In the end, Su Hongyi killed several Immortal Realm seed-level Tianjiao who shot.

The record can be described as the first person under Jun Xiaoyao.

But Su Hongyi didn't care, she just wanted to send Jun Xiaoyao back to the God of War Academy for treatment.

Jun Xiaoyao, under the **** of Su Hongyi, left the high sacrifice blood ground.

The ancient emperor and others did not make a move in the end.

Because he has no ability to stop Su Hongyi.

After , a strong man from a foreign land came to respond and escorted Jun Xiaoyao back to the foreign land.

This time, the experience in the wilderness is over.

But the matter is not completely over.

After , there is a foreign immortal king, and then knock on the border.

The entire border is trembling, and immortality shines on the heavens.

Xianyu also lost a group of strong men.

They all know that this is revenge from a foreign land.

After all, it was their Xianyu who broke the rules first.

And after a few days, Jun Xiaoyao passed the teleportation array and was sent back to the Styx state.

Su Hongyi took Jun Xiaoyao back to the God of War Academy.

As a result, I just arrived at the God of War Academy.

In the void, a plain-clothed long skirt with fluttering belts, a stunning beauty who looked like a fairy and showed his figure.

is Luo Xiangling.

"Give him to me."

Luo Xiangling's tone is beyond doubt.

Su Hongyi handed Jun Xiaoyao to Luo Xiangling.

Luo Xiangling took over Jun Xiaoyao's body.

Luo Xiangling's heart trembled as he looked at the blood-stained son in the white robe.

"He is badly injured and needs medical treatment."

Luo Xiangling turned around and went to the depths of the God of War Academy.

On the other side, Fei Qingxue also learned of Jun Xiaoyao's severe damage, and was very anxious.

As for Xuanyue, he was still in the process of healing, so he didn't know it.

But Tushanwanwan and Tushan Chunchun have already returned to the Tushan emperor clan.

With the return of Jun Xiaoyao.

The news that was in the border finally reached a foreign land.

immediately caused an uproar!

"With the power of one person, he almost killed more than ten seed-level Tianjiao in Xianyu in seconds, even worse than the previous God of War who created ten consecutive cuts!"

"And even his followers are one of the six kings of the world."

"Master Chaos Body can even take the Great Emperor's move without dying!"

When the alien creatures learned of Jun Xiaoyao's various achievements in the border wilderness.

one by one was shocked to the point that the soul was trembling.

Is this a record that humans can make?

Any evildoer, against the sky, and anomalous, are not enough to describe Jun Xiaoyao's performance.

Perhaps, it can only be called a miracle.

"Great. Under the leadership of the Chaos Body, if the Sixth King of Destruction really grows up, maybe he can really destroy the fairyland in this era!"

Many alien creatures are shouting excitedly~www.mtlnovel.com~ that the dawn has come.

The disciple of the God of War Academy is even more crazy.

The worship of Jun Xiaoyao has reached a culmination.

Because of a foreign land, there is a notion that the strong is supreme.

Jun Xiaoyao has undoubtedly become a benchmark-like existence.

"I just don't know if Master Chaos can recover from his injury."

"That is, the dregs of the Immortal Territory have caused the Great Emperor to take action."

Many alien creatures are worried about Jun Xiaoyao's situation.

and in the God of War Academy.

Jun Xiaoyao lay in a treasure land filled with dragon spirit.

This is the source of dragon veins.

At this moment, several figures gathered here.

all exude a supreme breath.

They are all quasi-immortal powerhouses of the God of War Academy.

Among them is Luo Xiangling.

"There is only one way to save him."

"It is to extract the dragon veins and blend them into his body!"

Luo Xiangling said firmly.

Chapter 1010: King Shenao's decision to extract dragon veins, the plan was successful

"What, this..."

Hearing Luo Xiangling's words, the quasi-immortality of the several God of War Academy present all hesitated.

This is no small matter.

The entire God of War Academy was built on this dragon vein.

If you compare the God of War Academy to a building.

That dragon vein is like a cornerstone.

It is precisely because of this dragon vein that the entire God of War Academy has become a blessed land, capable of nurturing countless heroes.

But if you give the dragon veins to Jun Xiaoyao.

That is tantamount to giving him countless opportunities for Tianjiao.

Although the God of War Academy lost its dragon veins, it would not immediately fall into the altar.

But over time, the effect of Dongtianfudi may be weakened by more than half.

After all, this dragon vein is formed by the gathering of luck from a foreign land, so it is very precious and rare.

"This is a big matter, whether it needs to be discussed in the long term." A quasi-immortal expert hesitated.

"Can you delay now, don't you know what he means to our world?"

"He is one of the six kings of the world, and his followers are also the six kings of the world. If he grows up, he can definitely become the pillar of our world."

"Besides, he is still the inheritor of the first God of War. The entire God of War Academy was originally founded by the first God of War."

"It is only natural to consume a dragon vein in order to save him." Luo Xiangling said.

Hearing this, the quasi-immortals present were a little speechless.

"And I believe that he may surpass the first God of War." Luo Xiangling continued.

Several quasi-immortal powerhouses are all silent.

If they had heard this before, they might still find it a bit whimsical.

But now, after passing through the desert.

Jun Xiaoyao's performance is no longer a dazzling description.

is a miraculous existence!

May I ask which supreme one can survive in the hands of the emperor?

Jun Xiaoyao don't talk about breaking through the emperor, even if it is to reach the quasi-emperor realm, the real emperor may not be able to kill him.

Thinking of this, the quasi-immortals are also a little moved.

And just then, an indifferent voice sounded.

"I disagree."

The comer, dressed in blue clothes, has a pair of ancient azure wings on his back.

is the King of Fufeng.

"Fufeng King." Luo Xiang Ling's eyebrows frowned slightly.

Luo Xiangling also knew about the news about the border shortage.

She also knows that the prince of the other shore, the blood emperor, and others are calculating Jun Xiaoyao.

And behind them, there must be someone instructing them.

Luo Xiangling has doubted whether he is Fufeng King.

But because there is no clear evidence, Luo Xiangling did not say anything.

Fufeng Wang glanced at Luo Xiangling.

After seeing Luo Xiangling's worries about Jun Xiaoyao, his heart grew colder.

"This kid is really fate, and the gang of princes on the other side is nothing more than waste, even the great emperor can't take his life."

Fufeng Wang said coldly in his heart.

On the surface, he was calm and smiled at Luo Xiangling.

"Luo Wang, I can understand that you cherish talents, but the dragon vein is too important. Should you seriously consider it?"

Luo Xiangling expressionlessly said, "Do you think this situation is suitable for a long-term discussion?"

Luo Xiangling didn't know.

Because of his own reasons, King Fufeng had prejudice and resentment towards Jun Xiaoyao.

He was anxious to see Jun Xiaoyao fall.

how could he agree to save Jun Xiaoyao through the dragon veins?

For a time, the situation fell into a stalemate.

Luo Xiangling looked at Jun Xiaoyao, who was lying on the jade platform, closed his eyes, and had a pale face.

There are concerns and worries in those Yingying eyes.

King Fufeng saw this scene, and the emotions in his heart couldn't help but fluctuate.

hasn't really owned her for a moment.

but always feel the green glow on his head.

just when the situation is in a dilemma.

Suddenly, an ancient voice of vicissitudes sounded.

"Heal him with dragon veins."

Hearing this sound, all the quasi-immortal powerhouses present were shocked.

It was the immortal king of the God of War Academy who shot at Bian Huang and intercepted the arrow of the rules of the Great Dipper.

The King of God Ao!

This is an ancient supreme with an extremely long life span and a very high level of generation.

The rumors have been alive for several epochs, sitting and watching the ups and downs of the world and the vicissitudes of life.

It can be said that even King Fufeng and others are quasi-immortal, in front of King Shenao.

That is also a younger brother!

No, not even my brother.

It is estimated that he can be the grandson of the grandson's grandson.

It is precisely because of the long life span of King Shenao that he was able to protect the God of War Academy for several epochs.

This qualification and this credit have made King Shenao, in the God of War Academy, an unparalleled position.

Even the other ancient supremacy of the God of War Academy respects the King Shenao very much.

"Senior King Shenao, is there something wrong with this? The dragon vein is very important." King Fufeng bit his head and said.

Even if he is quasi-immortal, he has to call King Shenao a senior.

Unless the Fufeng King can break through and become the true King of Immortality.

Otherwise, he will always be one head lower than King Shenao.

"No need to say more, he is very important to our world."

The voice of King Shenao had an unquestionable feeling.

"The King of God's Ao is really wise." Luo Xiangling expressed joy.

She has a special status, and she is also the God of War Academy, the only person who does not need to call King Shenao as a senior.

"Then do as Senior King Shenao said."

The other quasi-immortals also said when they saw it.

Since King Shenao agreed, they naturally proceeded along the way.

After the matter was decided, I also acted quickly.

The quasi-immortal joined forces and began to set up an array, drawing out the dragon veins and incorporating them into Jun Xiaoyao's body.

nurture him and restore his traumatic potential.

The King of Fufeng saw this and left with a cold face.

About seven days later, the formation is ready, and Jun Xiaoyao is in the center of the formation.

Several quasi-immortal people began to draw out the dragon veins.

Suddenly, the entire location of the God of War Academy was shaking violently, and the ground was shaking.

The earth cracked through the cracks, and the spiritual energy was boiling and surging.

"what happened?"

"What is going on, I feel that the aura between heaven and earth is rapidly diminishing!"

In every corner of the God of War Academy, Tianjiao's suspicious voice sounded.

The God of War Academy is located on the dragon vein.

That is the place where the luck of the foreign land converges, and it is a blessed place in the world.

The God of War Academy can cultivate so many heroes.

also has a share of the dragon vein's credit in it.

Dragon Vessel provides a huge amount of spiritual energy for those Tianjiao to practice.

As a result, the spiritual energy of heaven and earth has been lost, and the dragon veins have been extracted, all of which must be incorporated into Jun Xiaoyao's body.

is any other Tianjiao, can not accept this majestic energy.

But if it is a chaotic body, it will be no problem, and it can be swallowed.

, after all, is among the top three thousand physiques.

If you don't have this ability, you would be ashamed of the title of invincibility for Chaos Body.

Roar!

Above the sky of the God of War Academy, there was a roar of dragons.

The golden dragon veins are drawn out, UU reading www.uukanshu.com emerged in the void.

After so long incubation, the dragon veins naturally gave birth to spirituality.

It is naturally unwilling to be brought into refining by someone.

"It is your destiny to save Xiaoyao."

Luo Xiangling controlled the formation eye, and together with several other quasi-immortals, suppressed the dragon veins and incorporated them into Jun Xiaoyao's body.

Roar!

The dragon veins are rolling and roaring, mana waves shook the world, and various laws emerged.

As a dragon vein, his strength is also boundless.

But there is a digital immortality, and a pre-arranged formation to suppress it.

No matter how strong the dragon vein is, it is impossible to escape, let alone to overcome any storms.

In the void, endless arrays emerged, pressing against the dragon veins, causing it to shrink.

In the end, it seemed to have shrunk into a golden python, which was pressed into Jun Xiaoyao's body.

In an instant, Jun Xiaoyao's body was radiant and golden, and the terrible wound on his body began to recover quickly.

And in Jun Xiaoyao's sleeping subconscious.

A little gleam of consciousness emerged.

"Finally got the dragon vein, everything is in plan."
