

Sacred Body 1081

[Chapter 1081: The final preparations, 0 billion believers, eucharistic changes](#)

Being loved by such a peerless woman can be said to be a blessing that no man can ask for.

"Thank you, but you have other tasks this time."

Jun Xiaoyao began to arrange follow-up plans.

Regarding Tuobayu and others, they are still some of his followers and need to be properly arranged.

Jun Xiaoyao doesn't have that time, so it can only be handed over to Luo Xiangling.

He also believes that Luo Xiangling's ability is more than enough to accomplish these things.

"But..." Luo Xiangling was still worried about Jun Xiaoyao.

Jun Xiaoyao sighed helplessly, and then grabbed Luo Xiangling.

Lips are close to Luo Xiangling's crystal earlobe, and he warmly said: "Don't worry, I promise you, you will be safe and sound."

"At that time, we will return to Xianyu together."

These gentle words made Luo Xiangling's body soft.

Jun Xiaoyao usually has an indifferent personality, and rarely has a gentle time.

But being really gentle is still fatal.

"understood..."

Luo Xiangling didn't say anything anymore, but quietly leaned on Jun Xiaoyao's shoulder.

After some greetings, Jun Xiaoyao still separated from Luo Xiangling.

Luo Xiangling began to prepare for the follow-up plan.

is going to unite those who are loyal to Jun Xiaoyao, such as Tuobayu, Fei Qingxue and others.

As for Jun Xiaoyao, he went to the ancestral land of the Moshi clan.

He will adjust his breath there, and then go to the dark world with the kings.

One day later.

Jun Xiaoyao came to the ancestral land of the Moshi clan.

Looking around, dark palaces are suspended in the void.

There is a lot of powerful aura dormant in it.

Even, there is a breath that makes Jun Xiaoyao feel extreme heart palpitations.

"Is the natural disaster immortal?"

Jun Xiaoyao muttered to himself.

The kind of taboo strong, known as a natural disaster, any one can bring tremendous pressure to the fairyland.

If there is no strong resistance, the border will be broken.

But Jun Xiaoyao let out a sigh of relief.

Those most terrifying auras seem to be in a state of sleep, not active.

This is good news.

"His Royal Highness!"

"grown ups!"

In the distance, several figures appeared, it was the kings such as Kagura and Mohira.

They sensed the breath of Jun Xiaoyao and came to greet him.

Even Zhuye and Yun Xiaohei came here bitterly.

It's just that his face is unnatural and stiff.

Of course they don't want to come, but if they don't, they may be said to disrespect the monarch.

They are now, but they don't dare to offend Jun Xiaoyao.

"Is this the Lord of Demon Evil, he is really a young hero."

There are also some elders appearing, each with a strong aura, at least at the level of Xuanzun.

There are some gods and Taoists who are strong.

They all have deep eyes, looking at Jun Xiaoyao, they seem to want to see something.

Jun Xiaoyao looks calm and calm, even in the face of a group of strong, he is not arrogant, not irritable, and not hurried.

"Deserves to be the Lord of Demon Evil, it seems that there is an invisible power that has buried all his cause and effect."

"Nonsense, Lord Demon is a direct line chosen by the great evil, naturally it is impossible to be so easy to be peeked out."

The strong of the Moshi clan are communicating.

Invisible to the brain, they even confirmed that Jun Xiaoyao is the Lord of Demon Darkness.

"My lord, when we leave, my 'key' is also ready."

Mo Xiluo said, and also took out his World Destroying Device.

is a nine-story dark pagoda.

Ten Thousand Magic Towers!

At this time, the six world extinction devices were completely gathered.

Jun Xiaoyao's Godly Weeping Halberd.

Kagura's magic sword heaven cries.

Su Hongyi's Great Dark Sky Mirror.

The Ten Thousand Demon Pagoda of Mohula.

The candle dragon lamp of the candle night.

Yun Xiaohei's Ten-tailed Sky Disk.

"Don't be in a hurry, everyone adjusts their breath first, and then enters the dark world of the skyless after they are fully prepared." Jun Xiaoyao said.

"Yes." Ma Xiluo nodded.

After that, the Moshi clan gave the superior cultivation treasure to Jun Xiaoyao.

Jun Xiaoyao sits alone.

Next, to enter the dark world of skylessness, this is definitely a test of life and death for Jun Xiaoyao.

A cultivator of the fairyland has entered the dark world of the skyless and unspeakable in the depths of the unspeakable foreign land.

This is definitely a feat that few people have ever achieved.

That ghost face woman, maybe counted as one.

Because the mother of the flower on the other side once said that the ghost face woman has also entered the dark world of the sky.

"Whether it is success or failure, it depends on this trip. If I can succeed, I will be able to thoroughly understand the secrets of the foreign land."

"This will have extremely important strategic significance for the war between the two worlds."

"In addition, there is a chance to sign in. I don't know what good things can sign in?"

Jun Xiaoyao thinks while looking inward.

in his inner universe.

The mighty power of faith is as big as a star field.

is like an endless golden sea.

is in the center.

The seed of faith is as brilliant as the sun.

There are countless Sanskrit singing and sacrificial sounds.

Jun Xiaoyao has a rough perception.

There are tens of billions of believers in the God of Destiny and Creation.

has expanded a hundredfold in a short period of time!

This is an extremely terrifying speed.

Of course, Tuobayu's role as a missionary tool is indispensable.

He is really a missionary ghost.

Tens of billions of believers, it sounds like a lot, and there are indeed many.

If this is known to the experts of Xitian Sect and Gulan Sacred Sect, they will definitely be jealous.

Ten billion believers, even if they are to develop and spread, it will take a long time.

Jun Xiaoyao has directly developed in this not-so-long period of time in a foreign land.

also because there is no religious power in the foreign land, otherwise it would really not be so smooth in development.

"Although there are many tens of billions of believers, they are nothing compared to the trillions of slave creatures in the foreign land." Jun Xiaoyao thought.

The power of faith of tens of billions of believers is all absorbed into the seed of faith.

Jun Xiaoyao can feel that the seed of faith is beating like a golden heart.

Vaguely, it seems that something shockingly transcendent is brewing.

"This can be used as a trump card. After returning to Xianyu, we must also vigorously develop believers." Jun Xiaoyao decided.

In a foreign land, he can only rely on his own plan.

But if you return to the fairyland, you can use the influence of the Jun family to promote the destiny religion.

At this moment, Jun Xiaoyao had a faint feeling again.

This feeling comes from a distant tomb.

"Could it be..."

In the eyes of Jun Xiaoyao, UU reading www.uukanshu.com showed a touch of joy.

...

in the distant Tianmu Dazhou.

Eternally forbidden place in the heavenly tomb.

In a dark valley.

There is a voice rumbling, and the world is shaking.

Countless avenues of gods, circulating around the dark valley.

At the same time, there is a majestic qi and blood surging.

even turned into a golden dragon of vitality and blood, also surrounding the valley.

In the valley, endless dazzling brilliance is surging.

There are thousands of runes, imprinted in the void.

Simultaneously...

咚...

咚...

The drumbeat sounded like thunder on the ground.

Every sound seemed to shake the void.

Exist in this valley.

is another body of Jun Xiaoyao, and it is also the fundamental body.

The Ancient Eucharist!

Do not...

It should be said now, the quasi-innate body of the Communion!

[Chapter 1082: Quasi-innate Eucharist, the fetus is transformed, the monarch raises troops, the emperor...](#)

Before , Jun Xiaoyao set up a shocking situation and concealed it from the sky in one fell swoop.

not only won the game with the sky, but also let the Jun Family Yin Mai return to the main line by the way.

And the only price that Jun Xiaoyao paid was the broken body.

Even the ancient Eucharist can't hold it.

But fortunately, Jun Xiaoyao signed in for ten consecutive draws.

Incorporate the eight-star reward, the origin of Tao, into the body of the ancient sacrament.

enables it to transform into a quasi-innate eucharistic fetus.

In addition, the Jiu Xian Ni Ming Pill and San Sheng Xian Yao from the sign-in were also incorporated.

It can be said that without these superb pill and immortal medicine, Jun Xiaoyao's physical body would definitely spend countless hours to recover.

Although the chaotic physique shaped by the 33rd-rank Chaos Qinglian of Qing Emperor is also extremely sky-defying.

But children only make choices, and Jun Xiaoyao wants them all.

These two bodies belonged to Jun Xiaoyao. There is no distinction between good and bad, they are both heaven-defying-level treasures.

Even the two can be superimposed and blended.

Jun Xiaoyao is simply unimaginable, how strong he will be after fusion.

Now in the entire dark valley, the sound of the road is roaring.

obviously.

This body that has been silent for a long time is finally about to fully recover.

is not only that, but also stronger than the simple ancient Eucharist!

.....

Immortal domain, Jiutianxianyuan.

Within a palace as majestic as a heavenly palace.

Many elders with fairy style and Dao bones sit cross-legged here, all the elders of Jiutianxianyuan.

The elder sitting in the first seat said with a solemn expression: "You must all know that, on the other side, the six kings have already gathered."

Hearing this, many elders' expressions changed.

"You should know what the six kings will bring together, it is not only about the doomsday legend of the destruction of the six kings."

"It's more about the real horror that has never been known in the foreign land since ancient times."

"The ultimate disaster!"

The words of the first great elder suffocated the atmosphere of the entire palace.

Yes, Xianyu also knows the existence of the ultimate misfortune.

But only for some older generations and high-level powerhouses.

After all, this kind of thing, let ordinary people know, it has no effect, but it will only increase panic.

"The ultimate disaster, what is it?" an elder asked.

"I don't know, I'm afraid I don't even understand the foreign land."

"If we knew what it was, then we wouldn't be so passive." The first elder shook his head slightly.

In his opinion, this should be a permanent secret.

Something that I can't understand even in the foreign land.

How could anyone figure out their fairyland?

"However, I seem to have heard that in an ancient war between the two worlds, there seems to be a taboo of the Jun family, and has ever fought against the ultimate misfortune?"

Some elders also kept secret.

"This matter is too old, even some forces from Xian Ting and the Taikoo imperial family said that it was nothing more than an error."

"No one knows what the truth is." The first elder shook his head.

This matter is so old that even the Jun family may not understand it.

With the addition of forces such as Xian Ting and the Taikoo royal family to refute the rumors, as time passed, no one cared.

"Hey, it's a pity that no one was able to slay that chaos body in the frontier battlefield before, and the chaos body even smashed more than ten seeded Tianjiao."

An elder hated that iron cannot become steel, and sighed deeply.

That experience in the wilderness, can be said to be the shame of the Jiutianxianyuan.

was completely suppressed by the God of War Academy.

Strictly speaking, it was suppressed by Jun Xiaoyao alone.

"Even the Big Dipper can't kill the chaotic body with the help of the little guys in our hospital, is it possible?" An elder smiled bitterly.

When thinking of this scene, many elders have a solemn expression.

The hidden danger of destroying the six kings of the world, plus the hidden danger of ultimate misfortune.

In this war between the two worlds, the future of Xianyu is truly precarious.

At this moment, an elder outside the door told me.

"What's the matter?"

Seeing that elder, the first great elder said lightly.

"Going back to the Great Elder, the Jun family has made a big move." The elder said with excitement.

"Oh, haven't you heard of movement before?" The elder raised his eyebrows.

"This time is different. Not only did the Jun family dispatch an army, but also many Jun family ancestors and ancient ancestors appeared."

"Even, the emperor has appeared!"

"What, how is this possible?"

In the entire hall, all the elders couldn't help standing up.

The elder's eyes trembled even more.

Fairyland and Alienland, until now, although there have been many frictional battles, they are all limited to a certain scale.

That's because there is no real emperor-level figure to take action.

Even the former Alien Scarlet King, the Great Emperor of Xianyu Beidou, etc., were only for a certain purpose, not really wanting to fully participate in the war.

But now that Emperor Jun's family appeared, the situation must be different from before.

"No, because of the Primordial Covenant, how many great emperors are there in my fairyland, and how can there be an emperor in the monarch family?" the great elder said.

In this era, the emperor rarely shows up, and there are few feathers and feathers.

The reason is because of the Taikoo Covenant.

Even if the Jun family hides deeper, how many emperors are there?

"It is the hidden veins, the hidden veins of the Jun family, and the emperor," said the elder.

The Great Elder was speechless.

He almost forgot, the Jun Family Yin Channel has returned to the main channel.

Before him, he just ignored the power of the monarch's main line.

, an elder said: "Great elder, the Jun family is fighting so aggressively this time, is it to stop the Six Kings of the World Destruction and the ultimate misfortune?"

The Great Elder pondered for a while, and said: "Well, it's not impossible."

"If the order continues, I will also mobilize the Nine Heavens Immortal Academy. This time I will send all the Tianjiao to experience it. This is a rare baptism, and it may even witness the battle of the emperor!"

This kind of war between the two realms has more impact than the immortal war, and it is a good experience for the younger generation.

"Yes!"

The elders left, ready to mobilize.

The elder showed his eyes and thought deeply: "What exactly does the Jun family want to do, do you really want to start a decisive battle in advance, and let the war between the two realms come?"

said to prevent the evil, the elder does not believe it.

No matter how strong the Jun family is, it is impossible to kill the unspeakable place, that is simply unrealistic.

Those ultimate emperors in the Unspeakable Land are not the ones who eat dry food.

The intent of the Jun family, the elder of the fairy courtyard really couldn't figure it out.

After , the entire Jiutianxianyuan was mobilized, and it was boiling.

Ling Yuan, the ancient emperor, King Yuhua, Long Yao'er, Ji Qingyi, Princess Long Ji, Yan Rumeng, Yu Chanjuan and others, all prepare to set off.

There are some newly born seed-level characters who will also go there.

In addition, Jiang Luoli will also go.

Some time ago, Jiang Luoli also ended his solo experience and joined the Nine Heavens Academy.

Her strength today is not what it used to be.

The body's constitution has transformed from the Yuanling Dao body into the Yuanling fairy body. even got the broken primordial spirit world.

Her strength can also be ranked among the young generation.

Compared to before, Jiang Luoli now has too much silence.

also rarely laughs.

Because I heard the news of Jun Xiaoyao's fall in the world of the gods.

Although she didn't believe her ten thousand in her heart, waiting was always suffering.

Her originally lively and playful temperament is much more restrained.

It's not just Jiutianxianyuan who got the news.

The Supreme Immortal Court, a group of Primordial royal families, the line of Hades, the Gulan Shengjiao, Xitianjiao, and the great ancient families, etc., have all received this news.

In the beginning, because there was no leader, there was no immortal force who dared to be the leader.

Even Xian Ting chose not to move for the time being.

But now ~www.mtlnovel.com~ Jun's family suddenly took the lead, and even the emperor-level figures of the hidden veins appeared.

There is the Jun family in front of him, and the other immortal forces are naturally willing to follow, and maybe they can get a share.

So one after another echoed and raised troops.

It seems that the decisive battle between the two worlds is about to come.

And the movement of Xianyu is obviously not hidden from the foreign land.

In the unspeakable place, all the ultimate emperors have received news.

On the side of the Moshi clan, Jun Xiaoyao also got the news from Mashuluo.

"The family has also taken action, could it be..."

Jun Xiaoyao was thinking in his heart, thinking of a certain possibility.

A bright brilliance flashed in his eyes.

Soon, he called Maura.

"What's the matter with your lord?" Mohula respectfully said.

"It's time, ready to go to the dark world without sky!"

Jun Xiaoyao waved his big sleeve, commanded, his eyes were as sharp as a sword!

"Yes, subordinates obey!"

Mo Xiluo showed a look of excitement.

The gate of the skyless dark world is finally about to open!

[Chapter 1083: The ultimate imperial action, open the skyless dark world, cut the red owl](#)

The energy of the Monarch of the Fairyland is extremely huge.

pulls the whole body.

As the Jun family took action, Xian Ting and other major forces also took action.

The mighty team, the strong, go to the border.

Such a movement, naturally, has long been known by the foreign emperors.

For a time, the immortal emperors in the foreign land also began to move.

Mizhao Emperor Clan, Mojie Emperor Clan, Anlan Emperor Clan, Jimeng Clan, Misfortune Clan, Blood Demon Clan...

The top royal families, the top hundred royal families, etc., have also taken actions one after another.

The creatures in both worlds are a little nervous, knowing that the real big storm is coming.

At the same time, the ultimate emperor in the Unspeakable Land obviously has actions.

In the clan of the beginning of the devil.

Just when Jun Xiaoyao and the others were preparing to set off for the dark world without sky.

In a dark palace deep in the Moshi clan.

There are many powerful spirits communicating.

The weakest among them are quasi-immortal.

There is even true immortality!

"Does Xianyu really want to launch a general attack?"

"It's just a dying struggle. This time, let me wait for the king of the ultimate emperor to take action."

"Yes, although all the ancestors are in a deep sleep state, as long as the great misfortune wakes up, the ancestors will also wake up and bring natural disasters to the fairyland!"

"If this is the case, then we will go to meet the great emperors of the fairyland for a while, how many catties are there?"

These openers are the strongest of the Moshi clan.

Although they have an arrogant tone, they do have this kind of capital.

After all, the ultimate emperor clan, sitting and watching the epoch change, the ups and downs of all ages, the background is unimaginable.

There is nothing that can threaten their existence.

Even if the world withers and all things die, they can live forever in the immortal darkness.

This is their confidence.

However, there are also immortality, so keep a cautious attitude.

"It is better to be more cautious, I always feel that the family of Xianyu Jun's family seems to have a conspiracy in this action."

"That's right." Another immortal spoke.

"If Xianting is the leader this time, then I won't be afraid. They were destroyed by us before and split into the Nine Immortals."

"But the Jun family is different, don't forget the incident."

"Hush, silence." There was a cold tone of immortality.

This is the past that is buried in history and no one wants to uncover it.

"Well, there is no need to mention things that have become history."

"This time, what conspiracy can the Jun family have, do you still want to plot against the kings of our ultimate emperor?"

"Make some preparations, and then head to the border."

"After that, wait for the disaster to come."

The dark palace fell silent.

The breath in it disappeared.

is not only a clan of demons.

The other ultimate emperors who existed in the Unspeakable Land also disappeared in the ancestral land with a powerful aura.

They broke through the void and headed to the frontier desert to have a terrifying duel with the fairyland!

Here, Jun Xiaoyao and others have already left the Moshi clan.

Jun Xiaoyao felt something and looked back.

He noticed that many powerful auras in the Moshi clan had disappeared.

"Sure enough."

Jun Xiaoyao's eyes flashed with a hint of thinking.

Then, he looked at Mahuluo and said, "Mahuluo, you should know the specific location, let you take the lead."

"Yes." Mo Huiluo held his hand, his expression unconcealed with excitement.

The younger generation of their ultimate imperial clan has been influenced by the ears and eyes since childhood, and they worship the ultimate evil.

It is possible to see the real misfortune now, and he is very excited.

Jun Xiaoyao and a group of people continue to go deep into the unspeakable place.

The whole unspeakable place has a huge range.

is much larger than a foreign state.

Even Jun Xiaoyao and others are almost supreme cultivation bases.

It's also difficult to cross.

Because the deeper into the unspeakable place, the stronger the law of heaven and earth.

To the back, other people have a supreme cultivation level, and it is very difficult to break through the space.

Only Jun Xiaoyao still has the ability to break open space.

the reason is simple.

He has free books!

The way to control the ultimate space, even in the depths of this unspeakable place, Jun Xiaoyao still comes and goes freely.

Of course, he did not manifest.

It is always right to hide one hand.

and manifested, and the others couldn't keep up with him.

More than ten days have passed.

Jun Xiaoyao and others finally came to the depths of the unspeakable place.

There is a dark place in front of it, like eternal night.

But it's not without the slightest light, it's just very dim, with a gray-black mist that surrounds it all year round.

There are pools of small black puddles on the ground.

Jun Xiaoyao carefully perceives.

It was discovered that it was a dense dark matter, gathered together.

It can be seen how thick the dark matter is in this dark place.

"This is the dark world of skylessness?" Jun Xiaoyao looked at Mashuluo.

"That's right." Mahuluo nodded slightly.

"Where is the gate, where is the gate?" Kagura asked curiously.

Didn't it mean that together with the six kings, can they open the door of the skyless dark world?

But now there are no doors.

"You go over and try it." Mashuluo smiled slightly.

Kagura glanced suspiciously at Mashulu: "You're not testing the water with me, are you?"

"Don't worry, although I haven't been in, but here, there is not a fatal crisis."

"Besides, without you, we won't be able to enter the dark world without heaven." Mohuluo smiled.

Kagura hesitated, raised his jade feet, and stepped into the dark place ahead.

咻...

But in a flash.

Kagura's figure reappeared in the same place, as if he hadn't moved.

"this is..."

Kagura is a little dazed.

"There is no sky and dark world, with ancient rules, and almost no one can enter it without permission." Mohuluo smiled.

Jun Xiaoyao's eyes flashed.

Mahula uses the word "almost".

Then it means that someone can enter it.

such as...

That ghost girl.

"Okay, don't talk nonsense, just start." Kagura said.

Everyone sacrificed their own forbidden devices.

God Weeping Halberd, Magic Sword Heaven Weeping, Great Black Sky Mirror, Ten Thousand Demon Pagoda, Candle Dragon Lantern, Ten Tailed Sky Pan

Six world extinction devices appeared at the same time.

Then on the six Jun Xiaoyao, the dark six-pointed star mark once again released a faint light.

Six faint black beams blasted straight into the sky, as thick as a pillar supporting the sky.

The dense black light gathered, turning into a giant dark six-pointed star mark.

Almost the entire unspeakable place, and even the ten foreign states, can be clearly seen.

Then, six world-destroying devices fell on the six horns of the dark six-pointed star.

is like six keys falling on six keyholes.

In an instant, in the dark place ahead, black mist was surging.

The heavens and the earth change, ghosts cry and wolves howl, like the gate of Yan Luodi Mansion has opened!

Endless black fog, surging out of it!

And the scene in it has changed.

There are various stars falling, and the universe is exhausted, time and space are broken, and the terrifying illusion of the destruction of the world emerges from it.

The coercive force surging in an instant directly squeezed Mohuluo, Zhuye, and Yun Xiaohei on their faces.

As for Kagura and Su Hongyi, they wisely hid on Jun Xiaoyao.

Jun Xiaoyao hunts and moves in white clothes.

The pressure is so strong that even his chaotic physique is under tremendous pressure, and his bones are creaking!

"The gate of the skyless dark world finally opened."

Jun Xiaoyao muttered to himself.

and at the same time.

In the depths of the God of War Academy, underground caves in heaven and blessed earth.

The misty land suddenly filled with fog.

The figure who had been sitting cross-legged finally stood up slowly.

"Time, it's almost time."

"My lord, do you go directly to the dark world without sky?"

Shenao Wangdao beside him.

"No, before that, there is one more thing to do," the voice said.

"What's the matter?" King Shenao was puzzled.

"Zhan Chi Xiao!"

[Chapter 1084: Jun's family, Jun has no regrets!](#)

Dazhou demon.

A land of red desert with thousands of miles of red land.

This place is the ancestral land of the quasi-imperial clan, the Chi Xiao clan, which is famous in a foreign land recently.

The Red Owl family, originally not too famous, is not particularly outstanding among the top ten royal families.

But because the ancestor of his clan, the Scarlet King, was a strong proving of the Dao, and he became the King of Immortality.

At once, the clan soared and became the quasi-imperial clan.

After , the Scarlet King even fought against the white-clothed **** king of Xianyu Jun's family in the deserted land.

This battle can be said to be the famous battle of the Scarlet King.

After all, the fighting power of the white king of the Jun family is obvious to all.

Later, there was news from the Red Xiao clan.

The white-clothed **** king of the Jun family was unaccounted for because he was severely injured by the Scarlet King.

This is undoubtedly a kind of momentum.

Let the Chi Xiao King and the entire Chi Xiao clan, the prestige to a higher level.

And now, in the depths of the ancestral land of the Chi Xiao clan.

The top of a mountain of flames.

An old man with red robe and red eyebrows, sitting cross-legged in the void.

A pair of red wings behind are imprinted with endless ancient runes.

Surrounded by the sea of fire ups and downs, endless fire runes emerged.

Behind it, there seems to be endless beings and spirits, undulating in the sea of hell.

This is almost the ultimate evolution of fire.

The old man sits cross-legged in the center of heaven and earth, like the ancestor of ten thousand fires, who can burn the sky of the universe.

This old man with red eyebrows is exactly the immortal of the Scarlet Xiao family, the Scarlet King.

At this moment, under the Throne of Scarlet Owl.

There is a valiant man in a scarlet gold armor, listening to the sound of Taoism and comprehending the avenue of fire.

If Jun Xiaoyao is here, he will definitely be familiar with this person.

is Chi Hongyu.

He is also the closed disciple of the Scarlet King.

was in the Tushan Emperor Family Recruitment Conference.

Chi Hongyu was defeated by Jun Xiaoyao, and even the soul book was taken away.

can be said to be the spokesperson of the miserable character.

"Huh? Has the door finally opened?"

In the void, the Scarlet King is like a big sun, and the light of flames shines on the sky.

At a certain moment, he suddenly opened his eyes, looking straight into the sky like two small suns.

The black six-pointed star mark is reflected on the firmament of the Unspeakable Land.

"It's him, Yu Xiaoyao..."

Below , Chi Hongyu also felt something, and his face instantly became difficult to look at.

What happened at the pro-promotion meeting was simply a nightmare that he couldn't wake up.

Jun Xiaoyao has become his demon.

And now, the gap between him and Jun Xiaoyao is getting bigger and bigger.

One is the Lord of Demon.

One is a loser who has lost the aura of Tianjiao and is ridiculed.

"Hongyu, your heart is not at peace." Chi Xiao Wang said lightly.

"Sorry, Master, I really think about that Yu Xiaoyao, and I can't calm my heart. Now there is more news that he is still the Lord of the Demon Darkness."

Chi Hongyu's face looked a bit sullen.

"Well, that junior now has a special identity, so it is inconvenient to move him, but after that, you have to retrieve the soul book by yourself."

The Red King's tone is still light.

Although the soul book is precious, it is impossible for him to take it personally.

Of course, it is also the King Shenao and others behind Gu Jijun Xiaoyao.

"Master, can I still catch up with Yu Xiaoyao?" Chi Hongyu's face was gray and devilish.

The Scarlet King frowned slightly, and said, "Hongyu, this bit of a bumpy ride is just a little tribulation on the road to becoming the strongest."

"When you become a strong person like a teacher, you will find that your past opponents are no longer in your eyes."

Chi Hongyu's eyes lit up, and he admired: "Indeed, Tu'er is ashamed. Unlike the master, who is strong in proving the Dao, he can easily and severely injure the **** of the fairyland!

Speaking of this, Chi Hongyu has a sense of worship in his eyes.

His master, the Scarlet King King, is his belief.

Although Chi Hongyu had a demonic in his heart.

But as long as the faith of the Scarlet King exists, he will still have confidence.

"That's right, I can prove that I will put down the immortal domain and have a three-point chance of winning."

Faced with Chi Hongyu's compliments and admiration, King Chi Xiao also fully accepted it.

"Master, can you talk about the battle with the king of the king? The disciple wants to realize, worship, and realize the true meaning of the strong."

Admiration appeared in Chi Hongyu's eyes.

"No, the strong will not be obsessed with past achievements. Fighting against Jun Wugui is just a boring crush."

The Scarlet King shook his head slightly, his tone of voice was indifferent, showing the supreme demeanor of the King of Immortality.

It can be said that the forced grid is completely full.

"Master is mighty!"

Chi Hongyu has fanatical worship in his eyes.

However, at this moment.

The Scarlet King suddenly felt something and looked at the void far away in front of him.

Vaguely, there is an extremely majestic force, breaking through the space, and descending on this area.

rumbling!

The heaven and the earth resonate, the endless void splits, and the mighty coercion pouring down.

The ancestral land of the Chi Xiao clan, the entire area of Chi Xiao, a large earthquake occurred, and the plates were cracked.

"Gosh, what's the matter?"

"Did any big man descend?"

"It doesn't matter, there is my ancestor, what are you afraid of?"

In the Red Owl clan, many members of the clan were shocked.

There are even a few quasi-immortal figures who were awakened from the practice, and then looked angry.

"Bold, who dares to come to my red owl clan to be presumptuous!"

"Don't you be afraid that the king of my clan will sin!"

There is a quasi-immortal shout.

At this moment, the world suddenly went dark.

Everyone looked up, and suddenly discovered that a huge figure had covered the sky.

That figure, like a moving continent, even the sky is covered by it.

"Is that... a tortoise?" The clansmen of the Chixiao tribe were taken aback.

"No, it looks like a dragon head." And humanity.

At this moment, the voice of King Scarlet Xiao came out.

"Who is my Dao? It turned out to be the King of God Ao from the God of War Academy, who came to my clan so aggressively, what is the so-called?"

"What, it turned out to be the Shenao King of the God of War Academy?"

Hearing the voice of King Scarlet Owl, many creatures of the Scarlet Owl tribe were shocked.

Shenao is an archaic alien with a turtle-shaped dragon body.

In ancient legends, the sky collapsed, Nuwa cut the feet of the god's Ao, and set the tripod four poles, referring to the ancient alien species of the god's Ao.

The words of King Scarlet Owl did not make King Shenao move at all.

Instead, another voice sounded.

"No, it's just here to take your life!"

This voice, the words are like thousands of sharp swords, UU reading [www. uukanshu.com](http://www.uukanshu.com) blooms sharply, resounding through the void.

Golden Ge and Iron Horse, the heaven and the earth are suddenly filled with a majestic warfare, as if to tear the heaven and the earth!

And all the creatures of the Red Owl clan who heard this were stunned, shocked to the point that their scalp numb.

Did they hear me wrong?

Someone even said, want to take the life of the Scarlet King?

in countless shocking eyes.

A slender figure in white clothes slowly stepped out from above the head of Shen'ao.

his face is fuzzy, with immortal glow permeating.

There is also the sound of sacrificial rituals of sentient beings, and the sound of Sanskrit singing of gods.

Behind the figure in white clothes, it seems that there are three thousand kingdoms of God among them.

And he is like the king of the gods, with his breath covering the eternal heavens, like a **** who opens the sky!

"How could it be, it was you..."

The pupils of the Scarlet King suddenly condensed, and the sea of flames overturned, sweeping the sky.

He can't control his breath!

That figure appeared in the glow, straight and slender, as if supporting the backbone of the sky!
a corner of white clothes moving, is the nightmare of countless alien creatures!

"Jun's family, you have no regrets!"

[Chapter 1085: Overbearing, strong, secretive Scarlet King, you are not as good as...](#)

The awe-inspiring sound resounded through the boundless sky.

The three characters Jun Wu Regret, like thunder, blasted in the ears of all the creatures of the Red Owl clan!

On the spot, most of the Red Owl creatures vomited blood and collapsed to the ground.

can't bear the awe-inspiring sound.

In the endless divine glow, the figure of Jun Wuhui emerged.

White clothes wins snow, abundance is like jade.

The eyes are like the rotation of the sun and the moon, seeing through the vastness of the world.

There are endless vicissitudes of life in it, as if through ten thousand battles.

Three thousand kingdoms of gods, surrounded by them, chanting Sanskrit.

This is the special vision and ability of the **** king body, the gods worship, and the world respects together!

The invincible King Family God King, finally showed his true body!

dead silence!

An unprecedented dead silence!

There are countless creatures of the Red Owl family, feeling that their throat is strangled and they can't breathe!

Jun has no regrets!

This is definitely the most famous Xianyu Xianyu in a foreign land.

After all, Jun Wugui is one of the three avatars, and he sits in a foreign land all year round. No one does not know him.

Thousands of troops to avoid white robe, this is not just a description.

is precisely because of Jun Wugui's reputation.

The Scarlet King was able to enshrine the gods in that battle.

But now, Jun Wuhui unexpectedly appeared in the ancestral land of the Chi Xiao clan.

This is incredible.

There are several fairyland characters who can act so grandly in a foreign land.

Even the great emperor of the fairyland would not go deep into foreign land at will, for fear of being encircled and intercepted.

Ke Jun has no regrets, just like this appeared, to everyone's surprise.

However, thinking of the achievements of King Scarlet Owl, the hearts of many creatures of the Scarlet Owl clan were calmed down.

What if you have no regrets, you are not defeated by their ancestors.

A quasi-immortal of the Chixiao clan, looking towards Jun Wugui, his face said with indifference.

"You have no regrets, did you come here to seek revenge? That would be wrong. With our ancestors, how dare you be presumptuous!?"

This quasi-immortal is scolding.

Jun has no regrets and there is no trace of turbulence.

Those awe-inspiring eyes like the sun and the moon, deep and boundless, without unnecessary emotions.

is like the king of the gods, without any emotional changes due to the clamor of the ants.

The next moment, Jun Wuhui directly poked his hand out.

The law of endless divine power shrouded and turned into a giant hand.

In a ten thousandth of an instant, holding the quasi-immortal statue.

Then...

噗嗤!

pinched to death!

Drops of quasi-immortal blood fell on the ground, smashing deep pits.

All the creatures of the Scarlet Owl tribe, their hearts seemed to be frozen, and they stopped beating.

one move!

is just a trick!

In the eyes of the world, it is quasi-immortal aloof.

, like an ant, was pinched to death!

What kind of power is this?

"Damn it, you have no regrets, you!"

The Scarlet King was furious, and the world burned with flames.

Even he didn't react, Jun Wuhuijing made such a decisive move, leaving no time for people to react.

On the back of the turtle of King Shenao.

A blue bird appeared.

I am afraid that no one would have thought that it is the quasi-immortal of the God of War Academy, Fufeng King.

At this moment, King Fufeng looked at the quasi-immortal Clan Xiao Clan who had been crushed to pieces of blood and bones, with a cold sweat from his back.

quickly wiped the non-existent sweat on the bird's head with his little wings.

It is beginning to rejoice.

I am fortunate to admit my counsel.

"how can that be?"

Chi Hongyu saw this scene, his pupils suddenly shrank, and his scalp burst.

A quasi-immortal, so he was second?

Chi Hongyu's heart is shaking.

The impact on him was too great.

But...

Chi Hongyu looked at Jun Wugui, always feeling inexplicable.

seems to have a vague sense of familiarity, as if I have seen it somewhere.

But after another thought, Chi Hongyu still shook his head.

He looked at the Scarlet King with infinite confidence in his eyes.

Although Jun Wugui's strength is frightening.

But with his master, the Scarlet King is here, everything is not a problem.

Jun has no regrets?

is just a defeated man.

It is not only Chi Hongyu who thinks so.

The rest of the Red Owl clan also think so.

"Please let the ancestors take action, kill you without regrets!"

"Yes, revenge for the quasi-immortality of our clan, please ancestors!"

Many of the Scarlet Owl creatures are roaring.

The Scarlet King is their last backing.

However...

Scarlet King's red eyebrows are like flames, but they are tightly frowned.

took it, and finally he spoke.

"You have no regrets, you take advantage of the trend and kill my clan to be immortal. This is not a big wave."

"But if you go one step further, the world will be turned upside down!"

The Red King's words are sharp and seemingly powerful.

But if you taste it carefully, you will notice it.

The Scarlet King didn't even think about making a move, but instead wanted Jun Wugui to retreat on his own initiative.

"Master..."

Chi Hongyu's face also changed slightly.

The Scarlet King said so, didn't he let the quasi-immortal die in vain?

Jun has no regrets and heard the words, looked at the Scarlet King, and said lightly.

"The Scarlet King, it seems that the battle against the border has given you the illusion that the illusion can have the strength to contend with Jun."

"But... in Jun's eyes, you are not as good as a worm!"

regards the immortal king as a worm.

just ask, who else!

"Presumptuous, the king must not insult!"

The red owl king's eyes sprayed with flames, angrily rushed into the sky, and the heavens and the earth changed.

He also no longer tolerated and shot directly.

The mighty rules of fire emerged, burning all over the sky.

The temperature between heaven and earth has risen drastically.

The universe has been burnt down, the scene is amazing.

The rest of the Red Owl clan creatures hurriedly hid in the ancestral land and raised the clan guardian array.

Otherwise, the aftermath alone is enough to shake all living things to death.

"Ten thousand fire lotus!"

The Scarlet King raised his hand, and the fire gathered and turned into a colorful fire lotus.

This is the ultimate skill cultivated by the Scarlet King by collecting thousands of fires.

When the fire lotus comes out, thousands of miles of ocean will be instantly evaporated.

In the face of Jun Wu regrets, King Chi Xiao dare not have the slightest reservation.

Feeling the wave of destruction emanating, King Shenao shot directly.

The immortal rules emerged, condensed into a light curtain like a tortoise shell, directly covering the ancestral land of the Red Owl clan, preventing the aftermath of the battle from leaking out.

"What is King Shenao doing?"

The quasi-immortal of the Red Owl clan frowned, with an ominous premonition faintly.

In the face of the strong move of the Scarlet King, Jun Wuhui's expression is light, only white clothes and black hair are fluttering.

He squeezed it casually and pressed it forward, and a big seal crushed the void in front of him.

The big seal is filled with vast divine glory, as if the seal of the gods has fallen from the nine heavens!

Thousands of miles around the sky are collapsing, UU reading www.uuk a nshu. Tens of thousands of order **** chains on com collapsed in an instant!

God King Fallen Immortal Seal!

This is also an extremely terrifying trick!

Boom!

The God King Fallen Immortal Seal collided with Ten Thousand Dao Fire Lotus, like two universes colliding together, bursting into shocking waves!

The sky and the earth seemed to be turned upside down, the universe was pouring, and countless galaxies outside the sky were shaken down.

The Milky Way falls for nine days!

This is the real battle of the strongest. After the first battle, one star field will be easily destroyed.

If it weren't for the Shenao King and the Scarlet Owl Clan Guardian array to resist, this area would be destroyed in an instant!

At this moment, everyone's eyes are condensed in the center of the collision.

Among them, it seems that there are countless universes arising and ending, and the power of destruction is so strong that it is impossible to look directly at it!

Humph!

Void, suddenly remembered a muffled hum.

A figure was repelled.

When the figure was clearly seen, all the creatures of the Scarlet Owl clan stopped breathing.

"Old...old ancestor?!"

[Chapter 1086: The dusk of the gods, one person destroys the quasi-emperor, the king of the gods...](#)

All the Chixiao people, their hearts twitched in an instant, and their faces were extremely stiff.

Their clan, the invincible ancestor, the Scarlet King, was repelled?

This is unimaginable, the thinking will be broken, it is difficult to think.

"Master... Master?"

Chi Hongyu's complexion instantly turned pale, and every drop of blood in his body seemed to be frozen.

The battle of the frontier desert, isn't the Scarlet King pressing Jun Wugui to fight it?

Even just now, the Scarlet King said that the battle was a boring crush.

But now, the one who was repelled turned out to be the Scarlet King!

What exactly is going on?

"Damn it, Jun Wugui, you obviously haven't taken that step yet, how could you be my opponent!"

The Scarlet King is shouting and roaring.

originally reached his state, his emotions can be easily controlled.

But now, King Chi Xiao has lost his temper.

was shaken back in front of all the people.

This invisible humiliation made him even more angry!

Faced with the question of the Scarlet King, Jun Wu's expression was calm and calm.

"The realm is meaningless to me, it's not a problem to kill you!"

Jun stepped without regrets, and the space under his feet seemed to be shortened to one point in an instant.

He jumped to the front of the Scarlet King in a flash, raised his palm and took a picture.

The vast divine energy is surging, and there is immortal divine glory blooming, like the heavens and all realms are illuminated by this divine glory.

"You can come and try as much as you can. I will prove the truth in the world and take the fate of the whole life. Who can crush me, and who can defeat me!"

The Scarlet King screamed, and the sound shook the world.

also sacrificed his own emperor soldiers.

Take a mouthful of Akawang furnace!

The Red King Furnace is incredibly hot, enveloping the flames of the gods, like a core of the sun.

This is the exclusive emperor soldier that the Scarlet King has spent his painstaking efforts to refining, although he has not refined the Great Emperor and the Immortal King.

But it has refined the quasi-emperor and quasi-immortal.

The Red King Furnace came out, and the overwhelming divine fire emerged from the mouth of the furnace. The sea of fire overturned ten directions, the void burned and collapsed, and all tangible things were burning!

Jun has no regrets on the body surface, with brilliance emerging, and one after another ancient words appearing, with a transcendent divinity.

That is the divine text, the divine text!

Jun Wu Regret urged his own defensive move of the king's body.

The blessing of the gods!

The immortal brilliance formed by many divine writings seems to separate eternity.

Even if the sea of flames is overturned, the ten directions are annihilated.

Jun Wugui also stands on the sky without being contaminated by the slightest.

"God King Body..." The corner of Chi Xiao Wang's eyes twitched slightly.

This is also an anti-celestial physique. It is claimed to be able to cultivate into a true god, immortal, immortal, and lasting forever!

The law of no regrets is like the law of no regrets.

He slid in front of the Scarlet King in a flash, fisted out, and directly destroyed the front.

The Scarlet King resisted with the Scarlet King Furnace.

There was a sound.

Jun Wugui's flesh-and-blood fist fought against the imperial soldiers, and unexpectedly made the sound of gold and iron clashing, the sound shook away the clouds in the sky, and endless wind and sand were sweeping.

Next, Jun Wuhui and the Scarlet King start a stunning battle.

The essence of heaven and earth is boiling, and the laws of mighty waves undulate like oceans.

This level of battle is absolutely rare, as if it is going to break the world.

"Old ancestor..."

The creatures of the Red Owl race, one by one, their complexions trembled, and their hearts were tense.

Originally in their hearts, it should be a crushing battle, who would have thought it would be like this.

"Could it be that the master is talking big?"

Chi Hongyu thought of this, his face instantly paled.

His Dao Xin was cracked because of Jun Xiaoyao.

The Scarlet King is his only faith.

And now, if faith collapses, Chi Hongyu's Dao Heart will definitely be shattered.

"No, I don't believe it, Master is invincible!" Chi Hongyu clenched his fists and shouted in his heart.

Above the universe, the situation changes color.

A series of abyss-like void cracks emerged, as if reflecting other worlds.

This is extremely scary, and the rules representing this world are a bit unstable.

It can be seen how terrifying the real imperial war is.

Boom!

is another shocking collision.

The Scarlet King was shaken back again, with blood appearing on the corners of his mouth.

"The ancestor was injured..."

Some of the Red Owl creatures looked dull and unbelievable.

"You have no regrets, you can't kill the king. If you continue to delay, you will die!"

The Scarlet King wiped off the blood from the corners of his mouth, his eyes were extremely cloudy.

With his breath and breath, the wounds in his body began to heal quickly.

This is the power of the Immortal King, if you say suppress or even defeat, it is still somewhat possible.

But if you want to kill, the difficulty will definitely be doubled.

"Words must be done, deeds must be resolute, I said to cut you, I must cut you!"

Jun Wugui's voice fell, and he stepped on the sole of his foot.

rumbling!

Three thousand kingdoms of gods lined up behind them, forming a vast field, covering the entire ancestral land of the Chi Xiao clan.

It seems that there are three thousand gods, sitting cross-legged in the void, singing Brahma.

And the king has no regrets, standing in the center of the three thousand gods, his eyes are shining, and I am the only one!

A powerful aura that overwhelms the heavens and worlds emerged.

Peerless King of Gods, who will compete with you!

"The Pure Land of the Gods!"

Monarch raised his hands without regrets, as if there were three thousand gods blessing, and the endless brilliance gathered and turned into eternal glory, illuminating the world!

This is the forbidden technique of the king's body, the ultimate vision!

Boom!

The Scarlet King was suppressed in an instant, as if there were a hundred thousand universes pressed on his shoulders, and all the strength of aura cultivation was suppressed.

"I am the king of the world, who can press my shoulders!"

I have to say that the Scarlet King is worthy of being the King of Immortality, and he is also powerful enough.

He was furious, endless flames filled, as if he was about to turn the world into scorched earth.

"All beings in the Three Realms, the Fire House Buddha Prison!"

The Chi Xiao King revealed the ultimate method of the Chi Xiao clan, and the whole world became a red.

The whole world seems to be burning.

All sentient beings cannot escape the torment of burning.

This kind of taboo technique is extremely powerful, and it is a magical power of scope.

The heavens and the earth that the Scarlet King's mana can reach are included in it.

Even if it is quasi-immortal, it can only be imprisoned in it, hopelessly turned into ashes.

"Our ancestors are invincible!"

In the guardian group, the creatures of the red owl clan are shouting.

However, in the face of this trick, Jun Wuhui looked very indifferent.

After thousands of battles, what kind of weird and terrifying moves he has never seen?

Jun Wuhui slowly raised his hand, as if the power of the gods was held in his hand.

At this moment, Jun Wugui is like the king of the gods who manipulates the secrets of heaven and runs life and death, and wants to punish him.

"The dusk of the gods!"

You have no regrets to urge taboos!

In an instant!

The sky and the earth are dimly yellow, with sunset shining on.

Three thousand gods, all seem to be burning divine power, the endless light of the evening shining on the Scarlet King.

The Scarlet King felt a smell of death in an instant.

retire!

Without any hesitation, the Scarlet King shook his wings and wanted to escape.

As for the tribe, it doesn't matter.

He has worked so hard to prove the Dao in the world, so how can he be willing to die like this?

"Can you escape?" Jun Wugui said lightly.

The realm of the Pure Land of the Gods imprisoned the four poles of the heavens and the earth, and even the void was imprisoned, and it was impossible to break open.

"Damn it, how can this king die here, King Shenao, what is your position on earth?!"

The Scarlet King urges the immortal law in his body, and adds the Scarlet King Furnace to resist the power of Jun Wugui's ultimate ultimate move.

asked while facing the king of Shenao.

As the king of the Foreign War God Academy, King Shenao should be on his side.

is now getting entangled with Jun Wuhui, which is puzzling.

The Scarlet King hoped that King Shenao could change his mind and help him escape.

However, King Shen'ao uttered words and said indifferently: "From beginning to end, this king is a member of the Jun family."

"what?"

The Scarlet King was stunned.

Shenao King is a member of the Jun family?

What exactly is going on?

If it is an undercover agent, it would be too long, and it would have spanned all epochs.

And in this, what is the cause and effect?

"ended..."

Jun has no regrets.

Eternal dusk descends, like the finale to bury the immortal king.

Amidst the tribulations of the gods in the dusk, the flesh of the Scarlet King began to disintegrate, and the laws of the Great Dao that escaped poured out into the world.

The attained way, after all, dissipated and returned to the world.

Even the soul cannot escape the end of dusk.

Even the tool for proving Dao, the Red King Furnace was disintegrated, and countless fragments were scattered.

In the ancestral land of the Chi Xiao clan, all the creatures were stunned.

The quasi-immortality of the Red Owl tribe is the roar of the mind and the loss of the soul.

As for Chi Hongyu, his brain is buzzing, and there is no trace of blood on his face.

The body is like a wood, and the heart is like ashes.

The faith in his heart collapsed.

Jun Wugui's expression is still indifferent in the face of these Red Owl creatures.

"The kindness to you is the cruelty to the sentient beings in the fairyland."

You have no regrets and have the heart to protect the world, but it is limited to the immortal domain.

To the enemy, Jun Wu regrets never benevolent to a woman.

The twilight light of the gods shone on the ancestral land of the Chi Xiao clan.

A creature of the Scarlet Owl tribe, even quasi-immortal, the flesh is annihilated, turned into ashes, and has no resistance at all.

As for Chi Hongyu, his body is also disintegrating, turning into flying ash every inch.

His heart is actually dead.

But inadvertently, Chi Hongyu raised his head again, looking up at the white-clothed God King of the Emperor's family who stood on the sky with boundless power.

For a moment, a flash of electricity suddenly flashed through his mind.

Then his pupils trembled!

The body also shuddered!

"You have no regrets, Yu Xiaoyao..."

"Jun Xiaoyao!"

Chi Hongyu understands.

He understood thoroughly. U U Reading www.uukanshu.com

The man who killed his brother was once in front of him!

Even the entire foreign land was played in the palm of his hand!

Chi Hongyu was trembling, trembling, and cold.

is not because of the unrepentant power of the king in front of him.

but because of his only heir.

That so resourceful, who has deceived the entire foreign land's son of the Jun family, Jun Xiaoyao!

And now, Jun Xiaoyao is already the Lord of the Demon, and he has gone deeper into the biggest secret place in the foreign land, the world of no sky and dark.

The cause and effect are connected, and Chi Hongyu's heart is cold.

What kind of shocking situation does Jun Xiaoyao want to make in a foreign land?

But now that this secret is discovered, is there any sense?

A bitter smile appeared at the corner of Chi Hongyu's mouth.

Not only the Chi Xiao clan, Chi Hongyu felt that even the entire foreign land could be destroyed in the hands of the father and son.

But unfortunately, Chi Hongyu can no longer send a message.

Under the shining of the gods at dusk, Chi Hongyu turned to ashes and scattered with the wind.

The foreign quasi-imperial family, the red owl family.

Ju family is wiped out!

[Chapter 1087: If the heart is afraid, it is not worthy to be called Jun Wugui, no sky and dark world...](#)

Thousands of miles of wind and sand, hunting noises.

The ancestral land of the Red Xiao family no longer exists.

All the creatures of the Scarlet Owl, the guardian formation, and all the matter.

are all annihilated under the light of the gods at dusk.

didn't even leave a trace of blood on the remaining bones.

It seems like this place, from beginning to end, there is no Red Owl clan.

The sky, the abyss-like gap in space, could not be healed for a long time.

There are also deep pits on the ground, where countless meteors from outside the sky have fallen.

This is the real battle of the strongest.

Fortunately, there is the blockade of King Shenao, otherwise there will be big movements in the whole demon state.

And Jun has no regrets, his white clothes stretched out, standing with his hands holding his hands, his expression flat.

Destroying a quasi-emperor is definitely a great feat.

But Jun has no regrets, he is always very plain, and there are no waves in his eyes as deep as the sun and the moon.

He is not for fame, not for profit, only to protect the prosperous world of the fairyland, and to inherit the emperor's family.

"Blue is better than blue, and the strength of the adult should be close to the benefactor."

King Shenao spoke, with a touch of respect in his tone.

He was respectful to Jun Wuhui before, just because Jun Wuhui is the king of the family.

When the benefactor rescued him, King Shenao had already vowed to be loyal to the monarch for the rest of his life.

But now, after seeing the true strength of Jun Wugui.

The King of God Ao has no regrets and respect for the king from the heart.

And don't forget, Jun Wuhui transforms into Sanqing, suppresses foreign land, burial soil, and the three secret places of the sea.

In other words, the current Jun Wugui is just one of the three avatars!

Although it is said that the Three Purifications of One Qi are very against the sky, the three clones have the strength not to lose the deity, and they can practice independently.

But it can also be seen from this that this is not all of Jun Wugui's strength!

If the Sanqing avatars gather and merge, how strong will Jun Wugui be?

"That's not true. My current strength is still far from the distant ancestors."

"But... if the plan goes well, I may not be able to catch up."

Jun Wugui smiled faintly, his eyes deep.

If it wasn't planned, he would be able to kill the arrogant Scarlet King as early as he was in the frontier.

Why do you have to do a show?

From beginning to end, the Scarlet King was just passively becoming an actor who cooperated with Jun Wugui.

The king of Shenao sighed even more when he heard this.

Jun's house is really a lot of evildoers.

The benefactor who saved him first is the emperor of the eternal family.

Then came out an invincible white king.

Now, there is even the son of God Xiaoyao.

That's right.

It is because Jun Wugui wakes up that King Shen'ao knows the true identity of Jun Xiaoyao.

Otherwise, he would not take care of Jun Xiaoyao that much.

Even the Dragon Veins of the God of War Academy were directly given to Jun Xiaoyao.

"My lord, should we leave? After all, this is a foreign land, and there is still danger." Shenao Wang said.

Jun Wugui shook his head slightly and said: "Don't worry, most of the attention of Foreign Land is on the side of the desert."

"The strongest among the ultimate emperor should have already gone to the frontier."

"The door to the dark world has been opened. This is the best time." Jun Wuhui said.

"But my lord, you have entered the skyless and dark world alone, in case there is a real misfortune..." The King of God Ao hesitated to say something.

As an undercover gentleman lurking in a foreign land for multiple eras.

The King of God Ao knows how mysterious and terrifying the ultimate disaster is.

Although the king has no regrets and his fighting power is against the sky, he can even kill the immortal king.

But the ultimate misfortune is an unspeakable, unknowable, and unspeakable existence.

Even the immortal king has to worship and worship.

"He even dared to enter Xiaoyao, then I, a father, can't be afraid of it."

"If my heart is afraid, then I am not worthy to be called Jun Wugui."

Jun Wugui smiled faintly.

afraid of the word.

does not seem to exist in the dictionary of the father and son Jun Wuhui and Jun Xiaoyao.

Shenao Wang was helpless.

This father and son are really an odd number between heaven and earth.

Incomprehensible evildoer.

It can only carry Jun Wuhui to the dark world of Wutian.

...

This is a dim and lifeless area.

is surrounded by a thick band of black mist all year round.

The sky and the earth here are always night, extremely dim, and you can't see the end at a glance, as if you have come to a chaotic place in the depths of the universe.

There was not even a sound, and there was no sign of agitation.

And in such a lifeless weirdness.

Suddenly, the sound of footsteps broke the ancient tranquility.

In the darkness in the distance, several figures appeared.

are the six Jun Xiaoyao.

After opening the door of the Wutian Dark Realm, they continued to penetrate into it.

Without the power of the rules of the sky and the dark world, it is stronger than the outside world.

None of them can break through the void, they can only advance in the most primitive way of walking.

Jun Xiaoyao is looking at this mysterious place.

Except for the six of them, there doesn't seem to be any vitality.

But in the depths of the Wutian Dark Realm, Jun Xiaoyao could feel it again, with a chilling aura.

"Everyone, be careful when you get into it."

"It is rumored that there are not only chaotic space cracks in the dark world of the sky, but there are even time cracks. If you accidentally step in, you may instantly age for thousands of years."

Mohula warned everyone.

As a creature of the Moshi clan, he knows the Wutian Dark Realm better than anyone else.

"What, so scary?"

A small lump formed on the snowy skin of Kagura.

What women fear most is undoubtedly aging.

Although as a monk, you can't protect your face, but the baptism of the years is unavoidable.

"Don't worry, I will not cause you problems." Jun Xiaoyao said.

The last secret has not been solved. Before that, Jun Xiaoyao will not let them have trouble.

Of course, once the secret is solved, it's hard to tell.

"It's still the first palace that loves slaves." Kagura Mei smiled.

"We believe in the Lord, who can lead us to rise." Maura also expressed respect.

Only Zhuye and Yun Xiaohei, their faces have always been unnatural, and there is always an ominous premonition in their hearts.

I am afraid that Jun Xiaoyao will be disadvantageous to them.

Next, Jun Xiaoyao urged the majestic spirit of the three generations of souls.

Various strange places with murderous intent, gaps in space and time, etc., have been avoided by them.

At a certain moment, Jun Xiaoyao at UU Reading www.uukanshu.com sensed that there were strong aura fluctuations in front of him.

"what is that?"

The rest of the people also felt it.

"Could it be..."

Mo Huiluo seemed to have thought of something, and his face was surprised.

"The chance of our six kings is here!"

Mo Huiluo's words surprised everyone and moved forward.

In front of , there was a huge misty lake.

There are the skeletons of unknown creatures, which fall into it. They have survived through several epochs without being broken, exuding the supreme and immortal aura.

Jun Xiaoyao and others stepped forward and took a closer look.

found that the lingering fog is not real fog, it is a broken rule!

Not only that, even the water in the lake is composed of broken rules and fragments, exuding a great atmosphere!

"this is..."

Rao is a well-informed Jun Xiaoyao, but also surprised, aware of the unimaginable energy in it.

"This should be Huadao Lake. It is the most precious place in our world that has been passed down from ancient times to the present!"

Mo Xiluo's tone was so excited that he trembled slightly!

[Chapter 1088: Huadao Lake, the goal of transcending the extreme](#)

"Huadao Lake?"

Jun Xiaoyao looked at the lake full of fragments of the law, a flash of light in his pupils.

Mo Xiluo continued: "You should know that when the strongest falls, the laws and avenues in his body will disperse and return to the world."

"But there is no sky and dark realm, but the dwelling place of great misfortune. It is a realm of its own, its own rules, and it is not governed by the rules of the world."

"And Huadao has always been recorded in ancient books."

"Whenever a strong person is about to fall, or is close to falling, he will come to Huadao Lake and sit in the lake. Dissolve his energy in the lake."

"This is a kind of inheritance, the treasure land formed will be for the descendants of Fuze."

Mahyluo's eyes were also red, with longing in his eyes, and his breathing became rapid.

"But the world of no sky and dark world, isn't it always closed?" Kagura asked rhetorically.

"Yes, but as I said before, the skyless and dark world has its own rules, not to block all living beings."

"A long time ago, the natural disaster grade immortality of those ultimate emperors often obtained opportunities from the skyless dark world." Mohuluo said.

This is true.

Because the Moshi clan he was in was originally one of the ultimate emperor clan, he naturally knew some things.

"That's it." Kagura understood.

She also looked at Nahuadao Lake covetously.

Among them, there are many essences of ancient and powerful existences. I am afraid that no one will not be greedy.

Jun Xiaoyao's eyes are very bright and bright.

He knows how difficult it is to get the fragments of the law.

Now, in his body, the fruit produced by the fairy tree contains fragments of the law.

Of course, the power of the world tree and other treasures can also replace the fragments of the law.

But in general, Jun Xiaoyao lacks training resources.

Because of him, it is not just to condense a law.

, but at least nine or more, to achieve extreme supremacy!

Do it, do it to the extreme.

Although there are one or two rules, you can continue to break through the realm.

But after the breakthrough, the strength was mediocre.

is like the little Tianzun in the line of blue flowers.

Jun Xiaoyao can be killed in the Supreme Realm.

The gap between the ordinary supreme and the extreme supreme is like a heaven.

This is not a quantitative change, but a qualitative change.

And now, the appearance of Huadao Lake is undoubtedly sending welfare to Jun Xiaoyao.

Give pillows when doze comes.

"I'm afraid that foreign land will never think that their supreme treasure will be used by a person of immortal land." Jun Xiaoyao sneered in his heart.

He did not hesitate, and was the first to enter Huadao Lake.

There are various bones in the lake, all branded with mysterious Dao runes.

Even though it may have been dead for several epochs, it still exudes a panic of immortal coercion.

"Comfortable."

Perceiving the strength of the law that is so rich as to overflow, Jun Xiaoyao let out a sigh of relief.

This is simply a chance benefit tailored for him.

After seeing Jun Xiaoyao entering Huadao Lake, the remaining five people were actually you looking at me and I looking at you, none of them dared to move.

Invisible, the authority of Jun Xiaoyao is already in the first place, deeply rooted in the hearts of the people.

Jun Xiaoyao didn't speak, they didn't even dare to enter Huadao Lake directly.

"Red, come here."

Jun Xiaoyao spoke.

Su Hongyi is loyal to him wholeheartedly, so Jun Xiaoyao will naturally not treat his own people wrongly.

"Thank you, son."

Su Hongyi gave Jun Xiaoyao a sweet smile.

She is so indifferent to others, she will only smile at Jun Xiaoyao.

"One King Palace..."

Kagura cast an innocent look at Jun Xiaoyao, with a tingling tingling scent of coquettishness in his tone.

"Come on, too."

Although Kagura's loyalty is impossible to compare with Su Hongyi.

But she also passed a lot of information to Jun Xiaoyao.

Not to mention the heart and lungs, at least it is sincere.

The two women quickly sat down to Jun Xiaoyao.

The remaining three men are very embarrassed.

Especially Zhuye and Yun Xiaohei are greedy.

This kind of feeling that Jinshan can't get in front of my eyes is so uncomfortable.

"You also find a place to seat." Jun Xiaoyao glanced at Mashuluo.

"Thank you, sir."

Mo Hui Luo slightly arched his hands and entered Huadao Lake.

Zhuye and Yun Xiaohei remained, clenching their fists.

They and Jun Xiaoyao have a holiday.

"That, my lord, we..."

Although my face is shameless.

But compared to improving strength, what is losing this face?

Aside, Mahuluo hesitated for a while, and said, "My lord, or let them come in, after all, if two of the six kings lack strength, it will be detrimental to future development."

The six kings of the world are destroyed, and each one has an important role.

"Then let them in."

Even though Jun Xiaoyao said so, the corners of his lips curled up.

Let them come in.

But if you can get energy, let's talk about it.

Speaking of refining, Jun Xiaoyao is in control of the swallowing law and the swallowing magic power.

He also beheaded the God Devouring Emperor of the God Devouring Clan, and obtained the Devouring Great Supernatural Power of the God Devouring Insect.

There is also Xuanyue, who also taught Jun Xiaoyao about the **** swallowing good fortune from the mother of flowers on the other side.

The law of devouring, devouring magic power, devouring great supernatural powers, swallowing gods of good fortune.

The four swallowing powers are gathered in one body.

It can be said that in terms of swallowing, Jun Xiaoyao said second, no one dared to say first.

Then, the practice began.

Above Jun Xiaoyao's head, a huge black hole suddenly appeared.

Like the entrance to the abyss of the universe, it swallows everything and refines everything.

This is Jun Xiaoyao, the only black hole produced by fusing the laws of devouring the law, devouring magic power, devouring great magical powers, swallowing heaven and creating magic art.

At this moment, Jun Xiaoyao is like an incarnation of heaven and earth, with nothing but nothing, nothing intolerable.

The entire huge Huadao Lake, instantly set off huge ripples!

Numerous law runes are being imprinted, and the scene is terrifying!

"Am I special..."

Zhuye and Yun Xiaohei are dull, their mentality can't be stretched!

Are they here to make soy sauce?

On the other hand, Su Hong's body also began to practice, and sacrificed his trump card.

A terrifying eight-armed demon **** appeared, like King Buddha, half devil, half Buddha, mysterious and powerful.

is the demon black sky that can be condensed from the blood of the black sky.

Mo Hei Tian opened his mouth and inhaled, and the power of the boundless law also poured into Su Hongyi's body.

Although the ability to swallow and refine is not as good as Jun Xiaoyao's only black hole, it is also extremely amazing.

Kagura was also shocked when he saw this.

These two people are too terrifying, they are simply plundering!

She was also busy sitting cross-legged, and hurriedly practiced.

Mo Huiluo, Zhuye, and Yun Xiaohei were also hurriedly meditating, trying to seize the opportunity.

However, the momentum of Jun Xiaoyao's cultivation is too grand.

Except for Su Hongyi, everyone else was affected.

Kagura is not bad, Jun Xiaoyao took care of her a little secretly, and did not go to excessively plunder the law fragments in her area.

But for the other three, Jun Xiaoyao is not welcome.

Whoever can compete, it belongs to whom.

was swallowed with Jun Xiaoyao.

The laws in his body, UU reading www.uukanshu.com is rapidly condensing.

The fragments of the law in the Huadao Lake, because they were left over by the immortal after turning into the Tao.

So it is very pure and powerful.

As for the dark matter contained.

There is the black blood of God, which can't affect Jun Xiaoyao's cultivation at all.

Soon, in Jun Xiaoyao's body, another new law was born, with a mysterious meaning of reincarnation.

Reincarnation Immortal Qi, condensed into the law of reincarnation!

Jun Xiaoyao has another breath of law.

"So fast?"

On the other side, Mahuluo felt the change in Jun Xiaoyao's breath, and his face couldn't help but change.

But when he thought that Jun Xiaoyao was the Lord of Demon Darkness, he was relieved.

The Demon Lord should have been stronger than the Destroyer King.

After a while, there is another mysterious yellow rule in Jun Xiaoyao's body.

The mother-in-law of all things!

Jun Xiaoyao continues to practice.

The Extreme Realm Supreme of the Nine Principles is no longer his goal for Jun Xiaoyao.

What he wants is to transcend the extreme!

[Chapter 1089: Unparalleled in the history of anomalous supreme, strength improved by a billion points](#)

In terms of cultivation, Jun Xiaoyao always likes to break the limit.

From the very beginning, Jun Xiaoyao was breaking the record of the ancients.

Later, thirteen immortal auras, which were unprecedented in history, were condensed, which was even more shocking to the world.

And now, Jun Xiaoyao is in the supreme realm, and he is also ambitious.

The extreme supremacy of the Nine Laws is no longer his goal.

Transcending the extreme is what he should do.

"The enchanting talent plus the system, if I can't walk out of an unprecedented road, I will never be reconciled."

Jun Xiaoyao was determined in his heart, and continued to devour the power in Huadao Lake with the only black hole.

In the Huadao Lake, a storm was set off.

The only black hole can swallow everything.

Even the law can be easily swallowed and refined.

Under the fierce devouring and refining of Jun Xiaoyao.

The laws in his body are also rapidly condensing.

The Law of Void!

The Law of Sin Karma!

God's Law...

Those laws that originally took endless time to condense.

, but within this short time, quickly condensed.

It is because the energy in Huadao Lake is too magnificent.

and they are all the law energy left by the strongest immortals.

It can be said that if other people cultivate in this way, they can't contain this energy at all, and their physical bodies would have been burst long ago.

There is no extra energy to condense the law.

But Jun Xiaoyao's physical body can bear it.

Don't forget, he still has three thousand Sumi worlds to practice.

The overflowing energy is directly incorporated into the cells to cultivate the Sumi world.

So Jun Xiaoyao doesn't need to care about the endurance of the body at all.

Instead, he should care whether Huadao Lake will be sucked dry.

Compared with Jun Xiaoyao's crazy swallowing.

The rest are not so comfortable.

Su Hongyi and Kagura are okay, they are not affected much.

The speed of depends on their own refining ability.

But Mo Huiluo, Zhuye, and Yun Xiaohei were greatly affected, and it was difficult to cultivate at all.

If Jun Xiaoyao is eating meat.

Then they don't even count soup.

is just licking the splashing drops of gravy.

and it's more uncomfortable.

Zhuye and Yun Xiaohei can't say anything about Jun Xiaoyao.

Jun Xiaoyao allowed them to enter the lake to practice, which is already considered as a net opener.

Even if they knew in their hearts that Jun Xiaoyao might be deliberate, they did not dare to show dissatisfaction on the surface.

This kind of aggrieved, not to mention how uncomfortable it is.

Jun Xiaoyao naturally doesn't care about their feelings.

It's not good to say that they have already been recorded by Jun Xiaoyao on the death notebook.

Now they live one more moment, they are all the kindness of Jun Xiaoyao.

In the ever-silent world of skyless darkness, the concept of time has become blurred.

Everyone does not know how long they have been practicing in Huadao Lake.

The aura on Jun Xiaoyao's body is getting stronger and stronger.

Later, the pores all over the body seemed to be gushing out the magic.

Inside , a series of laws are extremely bright, as if they are engraved with the principles of heaven and earth.

"How many laws are there in him?"

Zhuye and Yun Xiaohei felt the terrible breath of Jun Xiaoyao, and their hearts throbbed.

For Jun Xiaoyao, this Huadao Lake is simply a seesaw for taking off.

Boom!

Finally, at a certain moment, Jun Xiaoyao's whole body was enveloped in Shenhua, and the avenue was shining brightly, bright and boundless.

illuminates this dim expanse, like the only light.

His realm aura, once again improved, breaking through to the Supreme Dzigchen.

It's only a step away from the realm of Tianzun.

But Jun Xiaoyao did not choose to break through.

Feeling the rushing power in his body, Jun Xiaoyao's eyes are bright and bright.

Ten rules!

In his body, ten rules were condensed!

The law of the body, the law of the soul, the law of everything, the law of reincarnation, the law of the void, the law of sin, the law of God, the law of devouring, the law of great power, the law of life and death.

Some of these laws were later obtained by Jun Xiaoyao, such as the laws of the soul.

Some are obtained through the condensing of fairy qi.

But without exception, they are extremely powerful.

It can be said that as long as Jun Xiaoyao is willing, he can now step into the realm of Tianzun.

But Jun Xiaoyao didn't do that.

the reason is simple.

He can condense more laws!

Just now, the energy in his body seems to be saturated.

In such a short period of time, it is unprecedented to condense so many laws.

Speaking out will shock everyone.

"Ten Laws, I have broken through the Extreme Realm Supreme and reached a new realm. Maybe I can call it... the Abnormal Supreme?"

Jun Xiaoyao said to himself in his heart.

What is an abnormal number?

Something that shouldn't exist between heaven and earth is called an anomaly.

Condensed the nine principles, called the Ninth Five-Year Sovereign, also called the Extreme Realm Sovereign.

and broke the nine extremes, it is an anomaly!

Before , even Tiandao thought that Jun Xiaoyao was an anomaly, and descended the Seven Emperors to obliterate this anomaly.

As a result, Jun Xiaoyao abruptly went against the sky.

Now, he is going against the sky again.

"Although my current cultivation level is still the supreme, but the ordinary Tianzun has no deterrent power in front of me."

Feeling the surging power of the law in his body, Jun Xiaoyao is very confident.

When he had only two or three laws before, he had killed the strong Xiaotianzun.

Now that there are ten laws condensed, it can be said that even the kind of extremely powerful little Tianzun can directly kill him.

The general big Tianzun powerhouse does not have much deterrent power to him.

In addition, the Xumi world in Jun Xiaoyao's body is also because of the law energy of Huadao Lake. directly from five hundred and twenty, broke through to two thousand.

reached two-thirds in an instant.

The majestic power of the world made the void around Jun Xiaoyao tremble, as if it were about to split.

You must know that there is no sky and dark world here. The rules of heaven and earth are different from those of the outside world, and they are extremely strong.

can make the space here tremble, showing how strong Jun Xiaoyao's Sumi world is.

is equivalent to the power of two thousand worlds, superimposed on Jun Xiaoyao.

It can be said that although the realm of Jun Xiaoyao has only taken one step forward, it has changed from childhood to great perfection.

But his real combat effectiveness is definitely more than a little better than before.

is a billion little bit.

At this moment, Huadao Lake is making waves.

Jun Xiaoyao sitting cross-legged, UU reading www.uukanshu.com If a white-clothed god, his body exudes unparalleled coercion.

even alarmed the five cultivating kings around, all of them were shocked.

"How could it be possible that his realm hasn't broken through to Tianzun, so why does it give me a feeling that I can't compete at all?"

Zhuye and Yun Xiaohei looked at the gushing law of fairy light, like a god, Jun Xiaoyao, with shock written on their faces.

They asked themselves before, although Jun Xiaoyao is strong, but at least he has a few tricks.

And now, Jun Xiaoyao gives them the feeling.

can completely crush them with one move!

"With such an aura, you deserve to be a monarch. Could it be that the nine principles are condensed in the adult body and become the supreme supreme?"

Mo Xiluo's face is full of admiration.

"What, Extreme Realm?!"

Hearing this, Zhu Ye and Yun Xiaohei only felt that their hearts were hit hard by a hammer.

The extreme supremacy of the nine principles.

This is an absolutely enchanting talent.

The same realm is almost invincible!

But they don't know that Jun Xiaoyao's true talent is far beyond the so-called extreme supreme!

Chapter 1090: Inheritance and Practice Section

"The talent of the Palace of One King is too enchanting, the extreme realm is supreme!"

Kagura also sighs incomparably.

These six world-destroying kings, although their talents are also extremely enchanting.

But wanting to condense the nine rules, it is still a bit difficult, and it can't be done in a short time.

Su Hongyi did not sigh.

She is almost a fanatical belief in Jun Xiaoyao.

Jun Xiaoyao achieves any achievements, she will not be surprised.

At this moment, Jun Xiaoyao is flowing all over his body, and his white clothes are flawless.

Every pore is gushing and thinning.

Although the energy in the body is temporarily saturated.

But Jun Xiaoyao did not stop absorbing the power of the law.

He continued to devour, integrating the power of the law into his inner universe.

Take it to cultivate the fairy tree and the world tree.

There is also the **** demon ant Xiaoyi, also in his inner universe.

Since devouring the God-Emperor Son, that is, the God-Eating Insect, the Little God Demon Ant has also turned into a cocoon, falling into sleep and metamorphosis.

The strong law energy is also incorporated into this cocoon.

The remaining energy is used by Jun Xiaoyao to reinforce and expand the inner universe.

was also incorporated into his own body and stored.

It can be said that Jun Xiaoyao interprets the word plunder to the extreme.

If it weren't for this Huadao Lake, it could only exist in the skyless and dark world, and could not be moved away.

He even wanted to take away the entire Huadao Lake directly.

In addition to him, Su Hongyi has also gained a lot.

exudes a powerful atmosphere of law.

It can be said that in the supreme realm, except for Jun Xiaoyao, Su Hongyi is not afraid of any other supreme.

She can even easily crush most of the seed-level Tianjiao in Xianyu now.

Among the followers of Jun Xiaoyao, Su Hongyi's strength is also one of the best.

In addition, Kagura's harvest is also good, his body aura has grown a lot, and more than one law has been condensed during this time.

Mura, also has some gains.

Zhuye and Yun Xiaohei are a little sad, and they have been under the influence of Jun Xiaoyao.

Although he has made some progress, he obviously did not enjoy the real benefits of Huadao Lake.

"Everyone is almost there, let's go deeper."

Jun Xiaoyao said.

is not a suggestion, but an order.

"Follow the orders of your lord, in the depths of the Wutian Dark Realm, there should be inheritance that belongs to our six kings." Mohula said.

Hua Daohu is just a big opportunity in the world of no sky and dark.

The creatures who can enter it can enjoy it.

But their six kings, who opened the skyless dark world, wanted to accept the inheritance of annihilation in it. After they fully grow up in the future, they can go to destroy the fairyland.

"Is it true the inheritance of the Six Kings of Destruction?"

Jun Xiaoyao's eyes also showed a hint of interest.

If it weren't for inheritance, Jun Xiaoyao would have killed these people long ago.

Next, the six left Huadao Lake and continued to deepen into the dark world without sky.

Zhuye and Yun Xiaohei were extremely reluctant to leave, and didn't want to leave at all.

But there is no way, the situation is better than people.

The deadly skyless dark world is like the icy and boundless universe of ancient times.

The sky and the earth are dim, misty and dead.

The deeper, the more everyone can feel the invisible pressure.

seems to have something indescribable, peeping at himself in secret.

That kind of invisible pressure is enough to make anyone confused or even crazy.

But fortunately, the six kings are not ordinary characters.

The dark six-pointed star on them is shining with black light.

This is a kind of identity blessing.

If it were other creatures who rushed deep into this place, I am afraid that they would have encountered some difficulties long ago.

Suddenly, there are six vague shadows in front of them, towering into the dark starry sky.

"What is that..." Kagura's eyes narrowed.

"Could it be..."

Mo Xiluo thought of something, and his eyes were filled with joy.

They approached.

found out that there were six dark towers.

very old, towering into the sky.

"Mahira, this is..."

Jun Xiaoyao looked at Mashuluo.

He came from the Moshi clan, he should be the most clear about these situations.

"This should be the inheritance training tower belonging to our six kings."

"As we all know, as long as the fairyland is not destroyed, the destiny of the six kings will not stop, generation after generation reincarnation."

"And how to make the Six Kings of Destruction grow up quickly depends on the inheritance cultivation tower in the skyless dark world."

"There is a great opportunity that belongs to our six kings!"

Mo Xiluo was very excited.

If you say Huadao Lake, it is an opportunity that all creatures who enter it can enjoy.

Those six inheritance and cultivation towers are just a chance for their six kings.

"It turns out that, is it one of the six kings to destroy the inheritance of the Immortal Realm?" Jun Xiaoyao asked.

"It should be, but in the past, the six kings have never gathered together."

"So even though in each generation, there are several Destroyer Kings who have obtained the ultimate inheritance, but they have never been able to truly destroy the fairyland."

Mo Xiluo's tone could not hide his excitement.

Jun Xiaoyao's eyes are deep.

Those who destroyed the world, although they did not destroy the immortal realm, the damage they caused was not small.

The gap in the Bianguan God Ruins World should have the credit of the King of Destroying the World in it.

Jun Xiaoyao wants to figure out what is the ultimate inheritance that will allow the Six Kings to destroy the immortal realm?

Without hesitation, each of the six entered a training tower.

When they entered the inheritance cultivation tower, the dark six-pointed star marks on their bodies were all slightly brighter.

is like a key.

Without this, there is no way to enter it.

As soon as he entered the inheritance training tower, Jun Xiaoyao felt the biggest change.

"The time flow is different!"

Jun Xiaoyao was surprised to find out.

The time flow rate in the training tower is different from the outside world, and it is much slower.

In other words, in the inheritance training tower, you can get more training time.

Of course, anything that involves the existence of time is absolutely generous.

As for the power of time like candle night, it is like a pediatric existence.

In addition, the laws and auras in the inheritance tower are also extremely strong, and they hardly weaken Daohu.

"No wonder, with this cultivating treasure, it would be difficult for the Six Kings to grow up or not."

Just when Jun Xiaoyao thought about it.

In front of , light and shadow suddenly gathered, and a powerful brand appeared.

That was a young and strong man in a foreign land, but judging from his appearance, he should not be the arrogant of the foreign land contemporary.

The brand of the young strong man directly killed Jun Xiaoyao. UU reading www.uukanshu.com

Jun Xiaoyao patted it with a palm.

has the power of ten laws, surpassing him who is the supreme realm.

This palm directly annihilated the brand.

In the void, a ball of light emerged, and it was a precious undead medicine!

"It turned out to be like this."

Jun Xiaoyao understands.

In the inheritance training tower, there will be many strong people in foreign countries from ancient times to the present, for the six kings to practice.

If you can kill, you can get different rewards, and then you can go up one level.

"In this way, the ultimate inheritance that will allow the Six Kings to destroy the immortal realm should be at the top of the tower."

After trying to understand this, Jun Xiaoyao's eyes are firm.

can destroy the ultimate inheritance of the fairyland, think about it, you know it's not that simple.

is definitely the ultimate technique that is beyond imagination, and the rarest magical technique in the world.

And this method, one person can't push it, it needs the six kings to work together.

But Jun Xiaoyao's eyes flashed with light.

His ambition is more than that.

Jun Xiaoyao wants one person to control the ultimate method of six kings!
