

## Sacred Body 1101

### [Chapter 1101: God king forbidden style, 12 gods day hunting!](#)

At this moment, the hearts of all the creatures in the fairyland are desperate.

The emperor of the fairyland is silent.

The Great Big Dipper let out an old sigh.

Even if it was him, he could never stop the ultimate disaster.

Jun Wugui can fight the ultimate evil to such an extent, it has exceeded many people's expectations.

The king of white clothes lives up to his name!

At this moment, there is no sky in the dark world.

Jun Wugui's white clothes are stained with blood, and the blood on his chest is blooming like a peach blossom.

"Father..."

Jun Xiaoyao's pupils also trembled.

He is invincible since he was born, and he is so energetic.

But now, Jun Xiaoyao rarely felt a kind of weakness.

This is an emotion he has never had before.

"It's still too weak."

Jun Xiaoyao secretly said in his heart.

Although he pushes the younger generation invincibly.

Even some of the older generation's strong men are not his opponents.

But Jun Xiaoyao still feels that he is too weak.

And just now.

Jun Xiaoyao suddenly noticed that the seed of faith in his body seemed to be trembling slightly because of his emotions.

Something is going to be brewed.

At the same time, Jun Xiaoyao also noticed that the ten-star reward for signing in, the third bronze coffin, seemed to tremble.

"this is....."

Jun has a happy look.

And at this moment, Jun Wugui continued to shoot.

In the face of the ultimate misfortune, he did not reserve, and directly sacrificed the forbidden move!

The king has no regrets and urges the king's body to the extreme supernatural power.

At the same time, he slapped his chest with his palm, and the blood in his heart came out.

If you want to sacrifice this trick, you need to sacrifice with blood!

Behind Jun Wugui, twelve faint brilliance converged, and a breath of terror swept across the vast universe!

Every breath is extremely amazing.

is like twelve gods, behind Jun Wuhui, the gods shine all over the world, shocking the world!

Sun and sky, moon sky, Brahma, earth and sky, Ishe day, Bishamon sky, Dishu sky, wind sky, fire sky, water sky, flame skyscraper, Raksha sky!

The twelve gods come out together, and the world will shake the universe!

"God King Forbidden Style, Twelve Gods Heaven Hunt!"

Jun has no regrets and screamed, and his whole body can explode!

This is the horrible forbidden move of the King of Gods, the Twelve Gods Heaven Hunter!

Once a forbidden move is made, the world collapses, the world is destroyed, and everything is dead!

The power of the twelve gods, blessed on Jun Wuhui, sacrificed a forbidden blow to destroy the universe, as if to annihilate all existence!

"Hiss!"

At the edge of the wilderness, countless creatures saw this scene, and their scalp was tingling.

"Is this the true strength of the King's Family God King? It's too terrifying!"

There are the strongest people sighing.

This trick is enough to kill the emperor!

"Ok?"

The ultimate misfortune also made a soft sound.

Then, he shot.

This time is not a finger, but a palm!

It can be seen that this trick makes the ultimate misfortune an accident, and it is a little more solemn.

boom!

An indescribable collision erupted.

The weird thing is that there is no sound coming out.

Because even the void is silently annihilating, there is no matter there, and the sound can't be transmitted naturally.

Such a terrifying collision has knocked out all the chaotic energy!

There seems to be a fault in time!

there was a puff.

The black blood shield of the ultimate evil has been broken!

Then, the ultimate misfortune was taken a step back.

is this step, making the pupils of the kings of the foreign land suddenly shrink at the same time!

"How could it be possible that the great misfortune was taken a step back!"

Countless alien creatures are screaming, unbelievable.

What is the ultimate misfortune?

Even a step back is enough to shock countless people!

On the other hand, the king has no regrets, the body of the \*\*\*\* king is disintegrating, and many blood holes appear on the surface of the body.

The sorrowful blood stained the white clothes of the king.

He was traumatized, and even the origin of the \*\*\*\* king was hurt a bit.

After smashing many stars, Jun Wuhui stopped his figure and coughed up blood again.

"Father!"

Jun Xiaoyao couldn't help but speak, and at the same time looked at the ultimate misfortune, with boundless coldness.

He is not like Jun Wuhui, who cares about sentient beings.

He only cares about his family, his relatives.

And Jun Wugui is the one who has the deepest blood with him!

So Jun Wugui is also one of Jun Xiaoyao's inverse scales, so you can't be touched!

"You are not dead yet, you are indeed beyond my expectation."

The ultimate misfortune was a little surprised to see Jun Wugui, who was still standing, covered in blood.

"The battle is far from over."

Jun has no regrets and looks firm.

The twelve gods are forbidden by his \*\*\*\* king.

However, it just broke the black blood shield of the ultimate misfortune and knocked him back one step.

But to be honest, this is an amazing feat in itself.

No one would look down upon him without regrets, but would admire him even more.

Because no one can fight the ultimate disaster to such a degree.

In the face of adversity, the emperor is extremely vulnerable, as weak as a child.

You have no regrets, the \*\*\*\* can urge again, and cast the \*\*\*\* king regeneration technique.

However, his recovery ability is not as good as before.

And at this moment, outside the world of skyless darkness, there was once again an aura of immortality permeating.

Those are some immortal kings who are still in a foreign land.

Although this side is deserted, many top combat powers from foreign land have been gathered.

But the vastness of the foreign land, there are always immortal kings who have never played.

At this moment, several immortal kings appeared outside the world of Wutian, wanting to see the ultimate misfortune.

"not good!"

On the other side of the wilderness, the faces of the beings in the fairyland who saw this scene were as pale as paper.

Just being the ultimate disaster is enough to make Jun Wugui fall into death.

Now, a few more immortal kings have appeared.

Jun Wugui and Jun Xiaoyao, the father and son, apart from death, seem to have no second choice.

"It's not good, go and save them!"

There are elders in Jun's family shouting.

"Calm, it's too late to go now, I can only trust them, no regrets are not so reckless people!"

The eight ancestors of the Jun family, Jun Tianming shouted coldly.

Despite this, Jun Tianming's fist is also clenched.

This father and son, but the hope of the Jun family's long-lasting clan fortune, must not be missed!

"This is terrible."

The three great emperors of the Jun family, including Shenyu the Great, had their eyes sharpened at the same time, trying to tear the void, create a passage, and go to a foreign land.

With the means of their great emperor, it is naturally easy to do all this.

But in an instant, he was blocked by the king of the ultimate foreign emperor.

"Where are you going, isn't it good to watch the show here?"

The kings of the ultimate emperor are sneering.

"The consequences of angering my Jun family, can you bear it in a foreign land?"

The Great Emperor Shenyu is all in anger, and his power shakes the boundless world!

But on the side of the Wutian Dark Realm.

A majestic, continent-like god's Ao, finally turned into a turtle-backed bald old man.

just stayed out of the Wutian Dark Realm.

"Shenao King, what do you mean?"

Those immortal kings who wanted to go to see the ultimate misfortune, saw King Shenao, their expressions sank.

"No one can enter it." King Shenao said indifferently.

Jun Wugui didn't let him enter the depths of the dark world together.

Although King Shenao is not weak, he will only be more vulnerable than Jun Wugui in the face of the ultimate disaster.

"Shenao King, it seems that you are going to betray my world!" The Immortal King was furious.

King Shenao didn't say anything, his breath exploded.

Words have no meaning at all.

Even if he is alone, he would rather die to hold the kings, not let them in, disturbing Jun Wugui.

"My God Ao King~[www.mtlnovel.com](http://www.mtlnovel.com)~I would like to be the benefactor family, gracious to the ground!"

The aura of the God Ao King erupted, rushing to the Nine Heavens, actively killing the immortal kings.

"Hey, that immortal king, is it..."

On the side of Jun's house, an ancient ancestor passed through the light curtain and saw King Shen'ao, with a flash of surprise in his eyes.

Some ancient ancestors seem to vaguely remember, in some vague records, that distant ancestor once saved a god's ao in a forbidden place.

But then there was no whereabouts.

I didn't expect to have lurked in a foreign land for several epochs and became the immortal king of the foreign land.

"However, there is only one person who can't stop it." There is a gentleman and his parents are anxious.

And just now.

On the side of the dark world, Jun Xiaoyao also noticed that on the edge of the dark world, the aura of the immortal king's collision erupted.

Jun Xiaoyao did not hesitate at all, and directly sacrificed a flower from the other shore.

At the same time, a red line appeared on his wrist.

"Good steel must be used on the blade. This time, it depends on whether you can keep your promise." Jun Xiaoyao thought to himself.

Now, it is the moment of extreme crisis!

It's easy to icing on the cake, but it's hard to send charcoal in the snow!

#### [Chapter 1102: God king will fall into darkness? The mother of other flowers comes!](#)

accompanied Jun Xiaoyao to sacrifice this other shore flower.

A large scarlet flower of the other bank suddenly bloomed in the void.

A splendid, stunning and detached image, stepping on the flower bridge on the other side, emerges.

Three thousand green silks, dissipating in the void, the roots are crystal clear.

is the phantom of the mother of flowers on the other side.

Jun Xiaoyao had only sacrificed once before, and directly killed a quasi-immortal of the Baqi Emperor Clan through the endless void.

At this moment, the phantom of the mother of flowers from the other shore reappeared, and immediately swept to the edge of the dark world and joined the battle.

"The mother of other flowers?"

King Shenao was also surprised, but soon thought of it.

"It seems that it should be the method of that Xiaoyao Young Master." Shen'ao King thought to himself.

He also had to sigh.

The tiger father has no dogs.

The father and son are really evil.

Jun Xiaoyao breathed a sigh of relief when he saw the phantom, the mother of flowers on the other side, went to fight.

To be honest, he has some hope that the true body of the mother of Higan Flower will appear.  
is, after all, the first life of a ghost-faced woman.

The strength of the mother of the other shore flower is still beyond doubt.

has far surpassed the realm level of ordinary immortal kings.

However, Jun Xiaoyao did not pin his hopes on the mother of flowers on the other side.

It is love to come, but it is duty not to come.

On the other side, in the void, there are endless rain of flowers emerging.

In the light of , a beautiful, charming and coquettish peerless shadow of all beings emerged.

Behind , nine sparkling snow-white foxtails stretched out, enveloped in endless runes.

On Fenghua, it is not much worse than the mother of the other side flower.

is impressively the immortal king of the Tushan emperor, the King of Nine Tails, Concubine Da!

At the Tushan Emperor Family Recruitment Conference, Jun Xiaoyao improved the Tushan Emperor's Love Dream Fairy Scripture.

Therefore, the King of Nine Tails promised Jun Xiaoyao a favor.

"The mother of the other shore flower, the King of Nine Tails, you two, have you also betrayed my world?!"

Seeing the appearance of these two figures, the faces of those Immortal Kings became more solemn.

If it is King Shenao alone, they can take action together, and they can quickly suppress it.

But with the addition of the mother of Higan Flower and the King of Nine Tails, they are not sure about that.

The king of nine tails is okay.

The mother of the other shore flower, even if it's just a phantom, it can't be underestimated.

"Oh, this king didn't betray him, he just owed the little guy a favor, and I asked the kings to make him feel embarrassed."

Nine-tailed princess Da, her soft body is shrouded in endless fairy lights, her face is not real.

But that high-cooling and charming voice seems to be able to confuse the mind of any creature in an instant.

Rao is the immortal kings, all feel a little shock, almost shaken by Concubine Da.

"You know what you are helping is from the family of Xianyu Jun. This is betrayal!"

asked an immortal king.

"At that time, the king didn't know that he was a member of the fairyland monarch family, but the king's promise never failed."

Princess Nine-tailed Princess, her voice is also colder.

"Huh, then there is only one battle!"

Those immortal kings shot again.

Here, the phantom, the mother of flowers of the other side, the king of Shenao, and the king of nine tails, also shot.

Suddenly, outside the world of no sky, a melee of kings broke out, shaking the earth.

Although it is not as easy to destroy the world as the ultimate misfortune shot, it is also extremely terrifying, with waves hitting all directions, heaven and earth reverse, and the world trembles!

Jun Xiaoyao breathed a sigh of relief.

I won't say anything about the mother of Higan Flower, after the King Kyuubi knew his true identity, he was still able to keep his promise.

This did make Jun Xiaoyao take a high look.

"In this way, no one can bother for the time being, but the real crisis is not the immortal kings, but the ultimate disaster."

Jun Xiaoyao once again looked at the battlefield here.

Jun Wugui stands upright, but his white clothes are stained with blood, like blossoming peach blossoms.

"The boring battle is over here."

The ultimate disaster has obviously lost patience.

Jun Wugui's strength is beyond his expectations.

But it's still a worm shaking the tree, and he doesn't know what he can do.

The ultimate misfortune explores the palm again.

This palm is more than just pressing against Jun Wugui.

also suppressed Xiang Jun Xiaoyao and wiped him out!

"The son!"

Su Hongyi's blood-red eyes were even more dripping with blood.

"You get out first!"

Jun Xiaoyao flicked his sleeves, shaking Su Hongyi out of this realm.

Kagura looked at all of this with extremely complicated expressions.

Jun Xiaoyao didn't have time to pay attention, at the moment he frowned.

Waiting for death is not the style of Jun Xiaoyao.

Boom!

Jun Wugui once again stood in front of Jun Xiaoyao.

The horrible dark runes and black blood envelop Jun Wugui and want to corrode it.

"Hehe, I changed my mind. Let the black blood erode your mind and let you watch yourself fall into the darkness. It must be wonderful, isn't it?"

He changed his mind to erode Jun Wugui's will.

Let the white \*\*\*\* king become a dark killer!

"No, Lord God King!"

"The Lord God King is undefeated!"

At the border, everyone who saw this scene had their eyes cracked!

Fourth Master Scar's eyes seemed to burst even more.

They can see that the black blood has wrapped up Jun Wugui, trying to corrode him and dye his white clothes black.

This is unacceptable to all the cultivators of Xianyu.

How can a generation of God Kings end so sadly?

"Father!"

Jun Xiaoyao was also shocked, his body was surging with chaos, and the supreme divine blood surged.

At the same time, black blood was spurred, black hair turned white, and purple light burst into his eyes.

The power of horror is brewing in Jun Xiaoyao's body.

"Hey, how can you control the power of black blood?"

The ultimate misfortune looked at Jun Xiaoyao, and was extremely surprised. The dark and numb pupils burst into a breathtaking cold light in an instant.

His mood swings this time are greater than before.

Jun Xiaoyao is a creature in the fairyland, not only is he not crazy about black blood, but he can control the power of black blood.

This is indeed beyond the expectation of the ultimate disaster.

Jun Xiaoyao shot, his power was shocking, and he hit the black blood that wrapped Jun Wugui.

However, it couldn't break open.

Even if Jun Xiaoyao breaks the extreme realm, it can be called the supreme of an anomaly.

But after all, it is only supreme.

is far from being able to contend with existences such as the ultimate misfortune.

"Interesting, if that's the case, then erase your sanity and make you the true Lord of Demon."

Ultimate misfortune, and at the same time approaching Jun Xiaoyao, also wanting to completely contaminate him with black blood.

To tell the truth, Jun Xiaoyao's talent and strength surprised the ultimate misfortune.

It would be a pity for the misfortune to kill such characters directly. UU reading  
[www.uukanshu.com](http://www.uukanshu.com)

He felt that instead of killing Jun Xiaoyao.

It would be better to let Jun Xiaoyao become the real Lord of the Devil, which is also a good choice.

Looking at the big dark hand that came in, Jun Xiaoyao's eyes were extremely sharp.

"My lord Xiaoyao, I would rather die than use it for you!"

Jun Xiaoyao is burning with the blood of the supreme god, boiling!

He wants to give it a go.

is also worthy of this life!

But...

Just when everyone was nervous and focused.

A peerless shadow, quietly, tearing through the void, emerged from the front of Jun Xiaoyao.

a black dress, wrapped in a proud body.

The beauty is outstanding, the graceful and beautiful, the world is beautiful!

stepped barefoot in the void, and the lines of the avenue spread out under his crystal clear feet.

The boundless shore flowers are in full bloom all over the body, the universe is full of flowers, and it is splendid and faded!

The avenues mingled together, and the world shook together. This is the vision of the strongest!

The person who appeared is the mother of the other shore flower!

is not the previous phantom, but the real body!

[Chapter 1103: The mother of flowers on the other side shoots, Aquarius on the road, the king of God breaks the ban](#)

The mother of flowers on the other side, a powerful legend in a foreign land, with unfathomable strength, far surpassing the average immortal king.

At the same time, Jun Xiaoyao also knows that the mother of flowers on the other side is the first life of a ghost-faced woman.

And who is the ghost girl?

Wandering through ancient history, wandering through the existence of the long river of time.

Jun Xiaoyao can't tell which realm the ghost face woman is in.

But from the previous situation, it seems that the ghost face woman had entered the skyless dark world.

The ultimate misfortune should be nothing to do with the ghost-faced woman, even if the misfortune may be in a sealed state of sleep at that time.

"Senior, you really are here."

Jun Xiaoyao smiled slightly.

Although he had already expected it in his heart.

But when he really saw the mother of flowers from the other side appeared, Jun Xiaoyao still secretly breathed a sigh of relief.

It seems that as the first life of a ghost-faced woman, the mother of Higan Flower is indeed heavily influenced by her.

Ghost noodle woman, once left many backs to help Jun Xiaoyao grow up.

This time, Jun Xiaoyao encountered life and death.

As the mother of the Higan Flower in the first life of a ghost face woman, it is naturally impossible to remain indifferent.

"You are so foolish."

The mother of the other shore flower stood in front of Jun Xiaoyao and spoke lightly.

Obviously, he didn't understand Jun Xiaoyao's life-threatening behavior.

Jun Xiaoyao sighed silently as he looked at the back curve of the mother of flowers on the other side, Graceful.

He knew that this time it was considered to have caused a lot of trouble to the mother of flowers on the other side.

After all, if there is a choice, the mother of Higan Flower definitely does not want to cause the ultimate disaster.

"I'm sorry, but I hope senior can save my father." Jun Xiaoyao said calmly.

He also doesn't want to eat soft rice.

But he was forced to be helpless.

No matter how enchanting Jun Xiaoyao is, it is impossible for a small universe to erupt and destroy the ultimate disaster.

That is not realistic at all, contrary to common sense.

The mother of the other shore flower didn't say anything.

Reasonably told her that she shouldn't come to mix up this matter.

But there is always a voice that rang in her consciousness, asking her to come to rescue Jun Xiaoyao.

I heard Jun Xiaoyao's request again.

There is a slight accident in the mother of the other shore flower.

She knows how arrogant Jun Xiaoyao possesses, and her spirit.

As a result, now, I am willing to ask her like this.

It can be seen that Jun Wugui is a very important existence for Jun Xiaoyao.

The mother of the other shore flower didn't say too much, the crystal-like jade hand flicked out, and a large number of petals of the other shore appeared in the void, rushing to Jun Wugui.

Jun Wugui is wrapped in endless dark runes and black blood.

The situation is extremely critical.

However.

The hand of the mother of the other shore flower did not break the layer of black blood.

Ultimate disaster, dark and numb pupils, looking at the mother of flowers on the other side, his eyes are extremely indifferent.

"A supreme statue, has not yet reached the near \*\*\*\* level, and is more distant from the mythical natural disaster."

"What qualifications do you have to resist me?"

Ultimate misfortune, a palm cover presses against the mother of the flower of the other side, like a dark universe, to melt the mother of the flower of the other side.

The mother of the other shore flower, she has a beautiful face, very cold.

On the snow-white forehead, there is a little imprint of the other shore flower, which is very bright red and charming.

She raised her bare hand, and the endless avenue \*\*\*\* pattern appeared, gathered, and finally turned into a side avenue aquarium.

The mouth of the bottle turns as if it can swallow everything.

This is the law of the ghost face woman!

rumbling!

The void was shattered into pieces, the chain of the \*\*\*\* of order shattered, and everything seemed to be swallowed by that big aquarium.

But even so.

The power of the ultimate disaster is too strong.

The power of black blood, majestic enough to destroy the universe, poured into the aquarium on the road.

In the end, it directly burst the Aquarius of Avenue!

The terrifying energy exploded, making this already shattered universe even more riddled with holes.

It can be said, if it is not the dark world without sky.

placed in the outside world, battle fluctuations can definitely destroy the world!

Humph...

There was a faint muffled hum, and the mother of flowers on the other side was shaken back, and her figure retreated.

In the end, a body reached behind the mother of the other side flower and supported her shoulders.

is Jun Xiaoyao.

"Senior, I can't do it, let's leave first."

Jun Xiaoyao has a calm voice.

He really wants to understand.

Although the mother of the other shore flower is strong, it is still useless against the ultimate disaster.

In that case, why sacrifice the innocent.

The cause and effect of their father and son, let them face it personally.

"What's the point of saying this now?"

The mother of the other shore flower has a very cold voice, with a trace of anger, she seems to be so dissatisfied with Jun Xiaoyao, somewhat resentful.

"Senior..."

Jun Xiaoyao was speechless for a while.

"Everything should end. After you fall, it will be the day when the fairyland is destroyed."

Ultimate misfortune has no patience.

The game of cat playing mouse should also be over.

Hearing this, all the cultivators of the fairyland in the border area were pale and bloodless.

An emotion called despair fills everyone's hearts.

"What to do, the \*\*\*\* king is imprisoned and is about to fall into darkness, who can save it?"

"The ultimate disaster strikes, and the ancient emperor can't stop it. Is there any hope for my fairyland?"

Many monks in the fairyland are crying in sorrow, and it is difficult to accept this result.

In the borderland, the guards such as Scar Four are also rushing into the canthus, calling for the name of the \*\*\*\* king.

It can be said that the entire fairyland is caught in a desperate mood.

Contrary to Xianyu, on the other side, the fighting spirit is high and morale is like a rainbow.

"Haha, this golden age has indeed ushered in the final game of Xianyu!"

"In the battle between the two worlds since ancient times, our world is better!"

A host of immortal emperors in the foreign land, the kings of the ultimate emperor are shouting, majestic and grand.

"Hateful, if it weren't for my Jun family's strongest..." The Jun family's ancestors were secretly squeezing their punches.

Especially the eighteenth ancestor, he watched Jun Xiaoyao grow up, and treated him like his own grandson.

Naturally, he couldn't accept that Jun Xiaoyao fell into the hands of the ultimate evil.

"Don't worry, the matter has not been finalized, and the result is still unknown."

The eight ancestors of the Jun family, Jun's fate, his eyes are calm.

These ancestors didn't know the Jun's plan this time.

But he vaguely knows one or two.

There is no sky in the dark world.

The ultimate misfortune is to completely plunge Jun Wuhui and Jun Xiaoyao into darkness.

And the mother of the other shore flower, he will also be destroyed directly.

Just when the ultimate misfortune is about to be shot.

Jun Wugui, who was wrapped in black blood, suddenly disappeared from reading  
[www.uukanshu.com](http://www.uukanshu.com).

Before , the black blood was still shaking, proving that Jun Wugui was struggling and wanted to break the black blood imprisonment.

But now, nothing happens.

"Oh, is it over so soon?"

Ultimate misfortune said indifferently.

"Father."

Jun Xiaoyao's heart tightened.

He is usually indifferent and rarely cares about anyone.

But now, Jun Xiaoyao is really hard to calm down.

was afraid that his father would become unfamiliar and would fall into darkness completely.

At this moment, a roar suddenly sounded.

The black blood wrapped in trembled violently.

This moment, suddenly made the world silent!

In the desert, countless creatures are holding their breath.

Could it be that desperate situation, there is still a turning point?

After a short silence.

was accompanied by an extremely terrifying power fluctuation.

An awe-inspiring voice sounded.

"I have no regrets, I am willing to use this body to dispel the vast darkness of this world!"

[Chapter 1104: Please fight for my fairyland, the body of the gods in the early days, the gods Huang...](#)

The awe-inspiring voice resounded through the dark universe.

is like the dawn of dawn, erupting in the endless darkness.

The dazzling brilliance broke through the shackles of black blood!

A figure that surrounds the endless gods, emerges from the broken black blood!

Black hair fluttering, and blood-stained white dresses show up!

The eyes are like the sun and the moon, shooting out a compelling glow!

The King of God reappears!

At this moment, Jun Wuhui's whole body has no three thousand visions of the kingdom of God.

Because of the three thousand kingdoms of God, all of them have been incorporated into his body.

The king has no regrets, breaking the limit again and climbing to a new peak!

"That is..."

At the edge of the desert, countless people were so excited that they almost suffocated!

The elders of the Jun family also breathed a sigh of relief temporarily, saying: "It's no regrets, the  
\*\*\*\* king body has been used by him to make it superb."

"Yes, there is another characteristic of the God King Body, which is endless fighting spirit, and strong when it is strong."

"The stronger the enemy, the more able to stimulate the physical potential of the King of God, break the limit of his own strength, continue to break through the peak, until it surpasses the opponent!"

is not only the Jun family.

The other big figures in the fairyland, old antiques, and living fossils were all dumbfounded and amazed.

Many people finally understand.

Why is Jun Wuhui called the King of White Clothes, God of War Wushuang.

Born and fearless, fighting to the end, this is the true God of War!

On the other side, all the kings were silent.

What else can they say?

"You have no regrets, haha, what a gentleman has no regrets!"

The king of the ultimate emperor is whispering coldly.

At the border, the guards such as Scar Four who saw this scene were so excited that they couldn't help but roar, and their mood was agitated.

"Benefactor, born king!"

Four Master Scar was surging, and he couldn't wait to stand beside Jun Wugui and fight the darkness with him!

"Master God, please fight for my fairyland!"

A guard, leaning up to the sky and howling, facing the direction of the Wutian Dark Realm, knelt down on one knee!

"Master God, please fight for my fairyland!"

The second gatekeeper's eyes were flushed, with blood and tears, roaring and roaring!

Then came third!

Fourth place!

fifth place!

These gatekeepers have been guarding the border since their ancestors for countless generations.

The prosperity of Xianyu has nothing to do with them.

And what is the faith that I have adhered to until now?

In addition to protecting the Xianyu side of safety.

is because you have no regrets!

The \*\*\*\* king in white clothes is the belief of all gatekeepers!

"Master God, please fight for my fairyland!"

Fourth Master Scar also screamed, so excited that he could hardly feel himself.

It is impossible to imagine that a dignified chaotic Taoist priest is so excited and completely lost.

One pass ten, ten pass a hundred, a hundred pass a thousand, a thousand pass a thousand!

Even the major immortal forces, there are many monks shouting.

This is true whether it is the older generation or the younger generation!

The quasi-di ancient ancestors of the Jun family, as well as the Shenyu Great Emperor, are all facing the direction of the Wutian Dark Realm, giving their hands!

"No regrets, please fight for my Jun family, for the fairyland!"

Even Xian Ting, who is in a competitive position with Jun's family, is the Emperor Xian Ting who holds the Fuxi dragon stele in his hand.

also let out a sigh, and then arched his hand in the direction of Wutian Dark Realm.

"You have no regrets, please fight for the fairyland!"

Billions of creatures bow down!

The Supreme Emperor handed over!

Countless voices converge into a shocking wave, shaking the sky, and surging!

resounded through the border!

resounded through the borderland!

resounded through the Nine Heavens Immortal Realm!

resounded through the heavens and all realms!

The white king, please fight for my fairyland!

All over the world, who has this kind of power, has this kind of faith!

Only, Jun Family, God King has no regrets!

rumbling!

On the edge of the desert, on the edge of the desert, and even in the Nine Heavens Immortal Domain, there are countless light spots rising and gathering!

"That is... the power of faith!"

Seeing the strong of the Western Heavenly Sect and the Gulan Holy Sect, they were shocked!

Every point of light is the prayer and belief of an immortal creature.

They prayed that Jun Wugui would continue to protect the border and protect the fairyland!

Densely dense, endless light of faith, rising from all over the fairyland, converging into the tide of supreme faith, rushing to the dark world of the sky!

The faith and prayer of a creature may be as faint as a flame.

But one hundred, one thousand, ten thousand, in the end, countless creatures, the power of faith converge.

can be turned into a shocking power, sweeping the darkness!

"That is...!"

The kings of the foreign land were suffocated at this moment, and there was a touch of shock in their eyes.

The tide of faith formed by the gathering of hundreds of millions of living beings shocked these foreign kings beyond words!

"This is the power of all living beings' belief." Shenyu the Great was whispering.

That torrent of faith, across the border and wasteland, poured into the skyless and dark world!

"How is it possible, so much power of faith!"

Outside the dark world, the fighting immortal kings are all shocked and speechless!

"Is this the real source of strength for adults?" King Shenao was also amazed.

In the past, he thought that Jun Wugui was still a little away from his benefactor.

But now, King Shenao only discovered.

You have no regrets and are not inferior to the emperor of the eternal family!

The dark world, which is like eternal night, is illuminated by the bright light of faith.

You have no regrets inside the body, and there is a sound of the Brahma singing of sentient beings.

The endless stream of faith is blessed on him.

Ling Jun Wugui's whole body is full of golden brilliant light.

Jun has no regrets, if the God of War is reborn from the ashes, he will be nirvana in the faith of all living beings!

"What a terrifying power of faith!"

Jun Xiaoyao's eyes are shaking.

From the time he got the seed of faith, he was also studying the power of faith and established the Destiny Church.

In the end, he has the power of tens of billions of believers.

But even so, the power of faith shrouded in Jun Wugui's whole body is what makes Jun Xiaoyao sigh.

He remembered again, Jun Wuhui once left him a talisman.

there is a sentence engraved on it.

A gentleman has his life, no regrets in his life!

Perhaps, this is why Jun Wugui can gain the faith of all living beings!

Only true heroes are worthy of the pious belief of all living beings!

At this moment, Jun Wugui burns with flames all over his body!

was full of black hair, turned into brilliant gold, shrouded in glory!

The \*\*\*\* of abundance is like jade, and on the face like a knife, there is also a mysterious golden \*\*\*\* pattern appearing!

Jun Wugui's sun and moon-like awe-inspiring eyes have also turned into a mysterious and deep dark gold!

Like the eyes of a god, overlooking the world!

At this moment, the body of the king without regret has reached a new peak under the blessing of the faith of all living beings!

"That is, the ultimate transformation of the legendary \*\*\*\* king body, the \*\*\*\* king body in the early days!"

Xianyu, countless old antiques are shocked, their scalp is numb, and the shock is beyond words!

God King Body, ranked very high among the three thousand physiques.

Throughout the ages, there have also been some amazing god-king bodies.

But it is said that there is a kind of ultimate transformation in the body of the king of god, called the body of the \*\*\*\* king of the beginning!

But this kind of metamorphosis of the God King's body in the early days is too rare, and there are not many God King's bodies that can reach this state in the long age.

The only record is that in the ancient times, there was a god-king body from the beginning.

And the record of that king body of God from the beginning is also very simple.

The real dragon is torn by hand, and the phoenix is on its feet!

Fight against the ancient sacred body, slash the sky overlord body!

also suppressed a current chaotic body!

The record is so strong that it's a mess!

And now, there is a lapse of eternal years.

Another God King from the Beginning has manifested in the world!

At this moment, hundreds of millions of creatures in Xianyu are extremely excited, shouting to the sky.

Transformed into a god-king body in the beginning, Jun Wugui, and gave everyone a hope!

In the dark world, the ultimate misfortune standing in the endless dark tide, looked at Jun Wugui indifferently.

There was a hint of surprise in the dark eyes, but it was still calm as stagnant water.

"Is this your real hole card, but... it's still hard to escape."

Although the body of the God King in the early days was extremely against the sky, what he faced was the great horror of the world, the ultimate disaster!

Jun Wugui smiled, extremely free and easy.

The blonde hair is brilliant, and the light of faith burns like a god's flame.

Jun Wugui is like a supreme king bathing in golden sacred fire!

"A big man was born in heaven and earth, what is the trouble of life and death!"

"If there is only darkness left in the world, UU reading [www.uukanshu.com](http://www.uukanshu.com), then I would like to be the only spark!"

"If there are tens of thousands of sparks in the world, then I would like to be the flame of a prairie fire!"

"On behalf of all beings, we will help you to reduce the misfortune!"

The sound of rang, resounding through the universe!

This scene is enough to be engraved in the heart by all the creatures of the fairyland!

The ultimate misfortune stared at Jun Wuhui, his eyes indifferent as ice deep.

"In this case, then I will fulfill your benevolence and justice."

Ultimate misfortune changed his mind. He no longer wanted to pollute Jun Wugui, but he wanted to kill him directly!

He lifted his palm, the vast black tide surged, the power of black blood surged, and the boundless universe shook!

This is an invincible dark power!

You have no regrets when you see it, God can urge you to the extreme.

Every strand of hair seems to be burning.

In the early days, the body of the \*\*\*\* king burst out with unprecedented powerful divine power, shaking the sky for thousands of miles, smiling proudly in all directions!

Jun Wugui's body is splendid, and in the end, the whole person seems to be burning in the endless fire of faith!

One person as a torch, dispelling the darkness of all ages!

"The gods are at dusk, and the world is dawn!"

[Chapter 1105: Sacrifice the true spirit with blood, the emperor of the emperor of the emperor's family, the power of the world...](#)

Unparalleled light radiated from Jun Wuhui.

Everything is annihilated in this light.

The Twilight of the Gods, this is the ultimate move of the God King's body.

But now, what Jun Wuhui is displaying is not just the dusk of the gods.

The blessing of the power of belief in sentient beings makes Jun Wugui after the dusk of the gods, there is a more terrifying style.

dawn on earth!

After the dusk of the gods, the dawn of the world will usher in!

This is the ultimate meaning of the ultimate ultimate move of the God King Body!

The endless dim light is shining!

And in this evening light, it is the dawn of dawn!

That is the dawn of the world!

is this light, breaking through the endless darkness!

Rao is the hand of the law of darkness that the ultimate misfortune has revealed, and it is also penetrated!

An indescribable collision was born and annihilated in this universe.

didn't even make a sound, because the medium through which the sound was transmitted was annihilated.

The universe is collapsing silently.

Various chaotic auras, and even the cracks in time and space have been punched out.

In such an unimaginable collision.

Everyone is watching nervously.

In the wasteland, the heartbeats of the creatures in the two worlds seemed to have stopped.

held his breath and looked at the scene in the light curtain.

Even the entire light curtain became unstable due to the impact of that energy.

"My Lord God King..."

Countless people are praying.

"This trick is enough to be included in the history of the fairyland." Shenyu the Great sighed.

Regardless of the success or failure of this battle.

Jun Wugui and his move are enough to be remembered by all generations!

In the dark universe, there is a sound of shock.

Everyone saw it in amazement.

Since the resuscitation, it has an invincible posture, bringing the ultimate disaster of endless killing and calamity to all living beings.

is going backwards.

Take dozens of steps back.

The hand he put out gave out a burnt smell, the golden light of faith for all living beings, like a flame, burning the darkness.

Ultimate misfortune spat out a small mouthful of black blood.

That rotting body with black blood flowing with it was also burnt.

Ultimate disaster, wounded!

this moment!

The world is dead silent.

The ultimate darkness of all souls, the great misfortune of a foreign land, has been wounded!

This is something that all alien creatures can't imagine.

is like the collapse of faith.

In their eyes, the ultimate disaster, which is always invincible, will be injured!

"No, it's impossible, how could the great misfortune be hurt?"

"This king doesn't believe me!"

There are foreign immortal kings roaring, the world is turbulent.

They can't believe their eyes at all!

"Great!"

"The King of God is invincible!"

On the fairyland side, Wan Ling was excited, roaring and roaring!

The ultimate disaster that was revealed in the world in an invincible posture was wounded.

This is very significant.

can be injured, at least represents the ultimate disaster, it can be suppressed or even eliminated.

The ultimate disaster is not an eternal and invincible existence.

But compared with the cheers of countless Xianyu monks.

Those top powerhouses in the fairyland, Shenyu Great, Xianting Great, Beidou Great, and so on, their expressions were not too relaxed.

Jun Wu regrets the power of that trick, they see it in their eyes.

It can be said that even the emperor can easily kill in seconds.

Even a stronger existence can kill.

This trick only brought trauma to the ultimate disaster, and did not cause fatal and severe damage to it.

Moreover, since the ultimate disaster has been injured.

The man who confronted him has no regrets, can he be in good condition?

Such worries have caused many immortal domain experts to frown.

and on the dark side.

Jun Xiaoyao saw the ultimate disaster, but a dark light flashed in his eyes.

"The power of faith seems to have the effect of restraining the power of black blood."

Jun Xiaoyao observes very carefully.

He found out.

The power of faith is like a golden flame, burning the power of black blood.

Although it is not complete restraint, it can indeed cause effective damage to the ultimate disaster.

Jun Xiaoyao immediately thought of his seed of faith.

In his inner universe, it has been brewing for a long time, like the seed of faith that is as brilliant as the sun.

is also time to bear fruit.

"However, father's state..."

Jun Xiaoyao immediately looked at the other side of the battlefield.

He was a little nervous, I don't know what happened to Jun Wugui.

Not only Jun Xiaoyao, everyone is paying attention.

The elders, ancestors, and ancient ancestors of the Jun family stared at the light curtain without blinking.

In a chaotic emptiness.

There is light emerging, and a hazy figure is exposed before the eyes of the world.

The blood-stained white clothes moved, and his spine was straight.

His head is full of brilliant blonde hair, and the roots are pierced.

is Jun Wugui!

"Well, how could it?"

An indifferent and hoarse magic sound echoed, surprisingly from the ultimate misfortune.

The reason why he was so surprised is because.

Jun has no regrets, it seems that he has not suffered any injuries!

This scene shocked everyone's eyes!

"how so!?"

The kings of the foreign land were dumbfounded, completely unbelievable.

The ultimate disaster has been wounded, how can Jun Wugui be safe and sound?

"Is it strong support?"

just when the creatures of the two worlds are puzzled.

Behind Jun Wuhui, a golden and supreme decree emerged.

"That is..."

Countless creatures are dead, unable to make a sound!

The sharp-eyed Xeon, seeing some handwriting on the golden decree, took a breath!

Then, the eyes of many big figures in Xianyu all fell to the Jun family.

"Is that the decree left by the Jun family?"

Many people think of this because they feel numb on their scalp.

In the dark world, the golden decree is rising against the storm, like a golden sky, expanding to the entire dark universe!

And on the decree, two lines of pen-and-snake-like handwriting were written impressively.

Tiandao crowned, but cumbersome!

I personally prove that a thousand catastrophes become immortals!

Every handwriting shocked the eternal sky, crushing endless time and space!

Jun's family, the decree of Emperor Qitian!

Jun Wu regrets his chest, coughing up blood from his heart, falling on the decree of abandoning the sky.

"Call the true spirit of the distant ancestors, stand shoulder to shoulder with me, and suppress the dark misfortune!"

You have no regrets to sacrifice the true spirit with blood!

Some of the strongest, if the younger generation calls their name, they can manifest some of their power.

Not to mention now, there are still the decree of abandoning the sky and the blood of Jun Wugui's heart as the medium.

An inexplicable vast force emerged from the decree of abandoning the sky.

Every ancient word on the decree seems to come alive, like an ancient star.

Immediately, a vague figure appeared quietly.

That figure, UU reading [www.uukanshu.com](http://www.uukanshu.com) carries a domineering aura of overwhelming the heavens and stepping on the ten thousand worlds!

is like the Lord of Ten Thousand Emperors, the Lord of All Realms!

Endless stars, surrounding the fuzzy figure.

Billions of galaxies, but a stream at his feet.

The vast star field is just a stone at his feet.

The force that is so majestic to open the universe is surging!

Jun's family abandons the emperor, the true spirit is real!

"That is really the true spirit of Emperor Jun's Abandoned Heaven!"

"Hi, the most glorious emperor of the Jun family in recent times, although it is called the emperor, but the true strength is unfathomable, far beyond the reach of ordinary emperors!"

"No wonder, I said that no matter how brave Jun Wuhui is, he cannot be reckless to face the ultimate misfortune. It turns out that Jun Wuhui has been hiding this hole card.

When the true spirit of Emperor Qitian appeared, the creatures of the two worlds were in an uproar.

Many people would not have thought that Jun Wuhui was already prepared.

"Abandoned the Emperor, the invincible ancestor who abandoned the heavens!"

Jun Xiaoyao's expression was also shocked.

[Chapter 1106: The True Spirit of Abandoned Heaven Fights Misfortune, the abnormal movement of the grimace mask](#)

In the skyless dark world, majestic forces have filled the universe.

That vague figure, although only a true spirit of the Abandoned Heaven Emperor, its power is far beyond the real Emperor!

All emperors respect, all spirits worship!

This is the most amazing and talented existence of the Jun family in ancient times!

The majestic energy sweeps across all extremes.

The dense black mist was dissipated by this energy.

The dark and dark universe ushered in a brilliant dawn.

"Ok?"

The ultimate misfortune looks at the true spirit of Emperor Qitian.

In the dark and numb pupils, a solemn color appeared for the first time.

"It's just a true spirit. If the true body comes, it will make me look squarely."

The final misfortune tone is still indifferent.

Black blood is flowing on his body, and the wounds he has just healed on his own.

However, the faith energy of the sentient beings is like a flame, burning the body of the ultimate disaster, making it unable to heal completely.

After hearing the words of the ultimate misfortune, all the foreign kings in the frontier can't help being shocked.

You must know that the ultimate misfortune is absolutely invincible since it appeared in the eyes of the world.

No existence will be seen by misfortune.

But now, the ultimate misfortune says that if the Qitian Emperor really comes, it is worth his attention.

This is already a very high evaluation.

"It seems that the Jun family is indeed unimaginable." The faces of some foreign kings are very solemn.

"The Abandoned Heaven Emperor, the White-clothed God King, and the God Child Jun Xiaoyao."

"There are talented people from generation to generation, how lucky is the Jun family."

There are also many immortal figures sighing here.

Three times, three evildoers.

It is absolutely fortunate for any party to win one.

Jun's family, but every era has it.

This is undoubtedly jealous.

"But at the moment, the Emperor's Abandoned Heaven is truly alive, is it possible to fight a catastrophe?"

The creatures of the two worlds are all watching nervously at this moment.

This is the biggest change!

There is no sky and dark world, and the ultimate evil stands in the boundless dark universe.

There is a deep coldness in the dark pupils.

He put out a palm, covering the world, imprinting the sky with endless dark runes.

To the true spirit of the Qitian Emperor, Jun Wugui, the mother of flowers on the other side, Jun Xiaoyao and others, all suppressed and left!

The ultimate misfortune is actually thinking of killing everything with one hand!

This time, the ultimate misfortune is not the same as before, like cats and mice.

is a real full shot.

That hand of the law of darkness swept across the vast universe!

The boundless tide of black blood, following the hand of the law, rushed to Jun Wuhui and others.

"War!"

Jun Wugui shot the killing sound in his mouth, like a golden iron horse, shaking the sky!

At this moment, Jun Wugui, who has transformed into the ultimate primordial \*\*\*\* king body, has reached the pinnacle of strength again!

God King's forbidden move came out, his power skyrocketed ten times, the light of the beginning surged, and this universe was about to be destroyed!

Abandoning the true spirit of the emperor, his figure is extremely vague, like an ancestor of the emperor standing in the universe of billions.

Same as the ultimate misfortune.

Abandoned the true spirit of the emperor, and did not use any magical powers.

but the same simple, sticking out with a palm.

A strong person who has reached this level, ordinary supernatural powers are just a drag.

One punch and one palm, return to the original nature, enough to destroy the heavens!

rumbling!

It seems that there are tens of thousands of universes, and with the palm of the True Spirit of the Qitian Emperor, they are suppressed together!

The heavens are dead!

Everything has fallen!

The strength of the True Spirit of Abandoning the Heavenly Emperor is beyond everyone's imagination!

And the mother of the other shore flower, is also the force to mobilize unmatched!

But her purpose is not to contend with the ultimate disaster.

But just to protect the gentleman's happiness and thoroughness.

Jun Xiaoyao became a drag at this time.

He has a cold face.

For the first time, Jun Xiaoyao, who has always been aloof and invincible, felt that he was a little superfluous.

But this is also normal.

After all, this level of battle is difficult for even the emperor to intervene.

intervene at will, it is likely to become cannon fodder.

And Jun Xiaoyao is only supreme, the gap is beyond words.

At this time, no one in Xianyu would blame Jun Xiaoyao.

Jun Xiaoyao is so old, but only twenty or thirty, he has become a hero of the immortal realm, using his body to suppress the evil thoughts of the gods.

But Jun Xiaoyao himself is unwilling.

He has very high demands on himself, so he is unwilling to watch the show like this.

And at this moment, in the universe in Jun Xiaoyao, the seed of faith, as brilliant as the sun, continued to tremble.

With the convergence of the power of faith, it seems that something very powerful is about to be bred.

However, time does not treat people!

rumbling!

The collision of destruction erupted, and everything seemed to be beaten back to the beginning of the universe!

Various cracks in time and space emerge, reflecting various scenes of ancient and modern times.

This kind of scene is so amazing, the Imperial War is not as magnificent as it is to destroy the world!

The light curtain at the edge of the barren trembled violently, and it was obviously disturbed.

But still barely able to manifest.

At this moment, the creatures of the two worlds are holding their breath. I wonder what will happen next?

Abandoning the true spirit of the emperor, can it block the terrible power of the ultimate disaster?

When the chaotic fog of the universe dissipated, the scene manifested.

Abandon the true spirit of the emperor, step on the road, and surround the endless world.

The brilliance of the vast emperor, illuminating all the heavens and all realms!

"Block it, the true spirit of Emperor Qi Tian blocked the full palm of the misfortune!"

At this moment, countless cultivators in Xianyu are shouting, their necks are red, very excited!

Xianyu, there is hope!

The people of the Jun family are also extremely happy and proud at the same time.

On the other hand, all the powers in the foreign land changed their complexion.

When the ultimate disaster of invincibility, after becoming less invincible.

Faith, it will start to waver!

"We haven't reached the end yet, and I don't know how it will end."

"That is, the great misfortune is immortal!"

The strongest of the immortal emperor clan whispered coldly, biting his head.

But obviously, the confidence in their words is not as strong as before.

There is no sky and dark world.

Abandoned the true spirit of the heavenly emperor stands above the world, the emperor's brilliance is shining all over the world.

Jun Wugui also stepped into the void, although blood was dripping from the corner of his mouth, but the problem was not big.

The body of the king of God in the early days, coupled with the blessing of the beliefs of sentient beings, the combat power is already at the absolute peak.

Seeing the ultimate misfortune of this scene, an unprecedented chill emerged in the dark and numb pupils.

"The light of rice grains, dare to compete with Haoyue for China?"

The ultimate misfortune came out of both palms, and an unparalleled tide of black blood swept from all corners of the universe.

is like a pitch-black storm, about to drown the boundless universe.

This is a horror forbidden move, and it is also a way to destroy the world.

If it falls in the Nine Heavens Immortal Realm, one can imagine what kind of catastrophe it will cause.

Countless creatures ~[www.mtlnovel.com](http://www.mtlnovel.com)~ will be contaminated with black blood, falling into madness, fighting, and chaos.

This move also covers everyone in the world of Xiang Wutian.

Su Hongyi had been shaken back by Jun Xiaoyao a long time ago, and Kagura also left.

Under this move, Qitian Emperor True Spirit and Jun Wugui are self-defeating.

The mother of flowers on the other side of the sea, exerts divine power, while resisting the power of misfortune, while protecting Jun Xiaoyao.

ahem...

There is some blood flowing down the corners of the red lips of the mother of the other shore flower.

Although her strength is far superior to the King of Immortality, she is still a little weak and traumatized under the impact of misfortune.

"Senior..."

Jun Xiaoyao's pupils trembled.

The blood-stained mother of the other bank flower in the black dress is extremely beautiful at this moment!

"This king is okay."

The voice of the mother of the other shore flower is weak.

And at this moment, there was something trembling in the magic weapon of Jun Xiaoyao's space.

"That is....."

Jun Xiaoyao paused, and then directly sacrificed.

was obtained in the Bronze Immortal Palace, that grimace mask that looked like crying and laughing!

[Chapter 1107: The back hand of the ghost-faced woman, the time is long, three big...](#)

This bronze grimace mask is extremely clumsy, like crying and laughing.

But it is what the ghost-faced woman left in the Bronze Immortal Palace in the past.

And now, this grimace mask suddenly trembled, exuding a trembling breath!

This universe seems to have some kind of resonance.

A series of incomparably ancient and mysterious lines appeared in the dark void.

The avenue lines are intertwined, the chains of order and gods collide, and they are intertwined, and finally outline a taboo array that encompasses the world!

And the breath of this taboo array is incompatible with the ultimate evil!

In other words, this taboo formation was not set by the ultimate disaster!

"That is, how can it be a formation!?"

Everyone who saw this scene was dumbfounded.

Especially the kings of foreign land.

They know that the skyless and dark world is an ancient forbidden place in a foreign land.

In addition to the kings of the ultimate emperor, there are also six kings from the previous era, who can enter it.

Other creatures are almost inaccessible.

Let alone set up a formation.

And now, there is such a terrifying taboo array emerging.

This makes all alien creatures unbelievable.

"How could this happen, who set it up?" An immortal king was gritting his teeth secretly, unable to believe it.

This is equivalent to zooming in at the door of the hometown.

"Could it be that the Jun family did it?"

"It's not the Jun family, is it..."

There is a foreign immortal king, and I thought of the mysterious woman who was amazing forever and broke into the foreign land, and no one dared to stop it.

"this is....."

In the dark world of no sky, when the taboo formation emerged, Jun Xiaoyao was also a little dazed.

He looked at the grimace mask in his hand.

"Could it be that this is the key to trigger the taboo formation, so in other words, the ghost-faced woman expected that I might come to a foreign land and face misfortune?"

Jun Xiaoyao feels a little weird.

If this is the case, then the layout of the ghost face girl is too deep.

This ghost-faced woman who wanders in ancient history has left behind many successors.

Every time, at a critical moment, I helped Jun Xiaoyao.

In the Bronze Immortal Palace, Jun Xiaoyao got the motherly spirit of all things, and also got the grimace mask.

At that time, Jun Xiaoyao didn't know the function of this grimace mask, but just put it away at will.

Now, it has become the key to unlocking the depths of the dark world and the great taboo formation.

can only say that every step of the ghost face woman is calculated.

Moreover, Jun Xiaoyao thought about it again. The mother of the flower on the other side once said that the ghost-faced woman had entered the dark world without heaven.

Jun Xiaoyao thought that the ghost-faced woman had met the ultimate misfortune.

It seems that at that time, the ultimate disaster should still be in a state of sleeping and sealing.

The ghost noodle woman took advantage of the situation and laid a taboo array.

I think I can help Jun Xiaoyao in the future.

This hand plan is simply a stroke of magic!

"That breath..."

The ultimate misfortune looks at the grimace mask on Jun Xiaoyao's hand.

During his deep sleep, he vaguely felt that an astonishing breath had come to the world of the skyless dark world.

But in the end they left silently.

It seems that this taboo formation should have been laid out at that time.

Right now, the taboo array is being urged.

In the void, blossoming flowers appear on the other shore.

At the same time, a misty river emerged, with a breath of time.

turned out to be a long time!

The composition of this taboo formation briefly manifests itself in the long river of time.

What an amazing method is this?

Even the True Spirit of Abandoned Heavenly Emperor, his eyes were looking at the long river of light at that time.

There are also creatures from the two worlds on the border, staring at them.

This scene of change, it can be said that no one expected it.

"The Jun family still has a helping hand?" Some people wondered.

is under the attention of hundreds of millions of eyes.

A long and slender figure that is stunning forever emerges from the other side of the long river of time.

The beauty of the world, like a fairy flower, blooms in ancient history.

is also like a female fairy walking out of a picture scroll, her stunning posture makes countless people look a little dazed.

Many men were captured in an instant and regarded as goddesses in their hearts.

Even some women are in a trance, without the slightest jealousy in their hearts, they just feel extremely amazing and shake their hearts.

The only pity is that the peerless woman has a grimacing mask on her face and can't see her face clearly.

"Who... is that?"

Some people are at a loss.

Some of the ancient ancestors of the Jun family are a little surprised.

"Sure enough, it is the one who has lived out the world, it seems that she and Xiaoyao have a deep cause and effect."

Some ancestors of the Jun family also breathed a sigh of relief.

In the beginning, they were very cautious about this cause and effect.

It seems that this cause and effect is beneficial to both Jun Xiaoyao and the Jun family.

The eyes of countless people are all staring at the light curtain.

Now the situation is changing, and everyone is waiting for how the ending will develop.

As for some foreign kings, I don't know why, but there is a hint of ominous premonition in my heart.

There is no sky in the dark world.

There is a long river at the other end.

A ghost-faced woman appeared, stepping on all walks of life, strolling through time.

Her true strength is also a mystery.

But she who can live out the world and wander through ancient history is obviously impossible to be weak.

"It's you....."

The mother of the other shore flower looked at the ghost-faced woman.

A peerless shadow that is deeply in the consciousness emerges.

The ghost face woman looked over the mother of flowers on the other side, looking towards Jun Xiaoyao.

A glance at ten thousand years!

She just watched silently, did not speak, nor said anything.

is like a silent, peerless fairy.

"Humph!"

A cold snort, shaking and boundless!

The ultimate misfortune shot again, to obliterate this taboo formation.

It is already extremely offensive to set up a formation at his door.

The peerless fairy posture of the ghost face girl turned into a splendid rain at this time.

The light rain poured directly into the body of the mother of the other shore flower.

Jun Xiaoyao's hand, the grimace mask, directly suspended, and then fell to the mother of flowers on the other side.

The current mother of Bianhua is no longer just the mother of Bianhua.

Ghost face woman, through the taboo array, manifests the long river of time.

transferred part of the power to the mother of other flowers.

Because the mother of Higan Flower was originally the first life of the ghost face woman, the power was integrated without any rejection.

The mother of other flowers, no...

It should be said that she is a ghost-faced woman now. She raised her bare hand and put the ghost-face mask on her peerless and flawless face.

suddenly...

Boom!

Time fragments dance!

The vast power is surging!

Endless other shore flowers, burning like fire, bloom in the dark universe!

Its surging breath is not weaker than the true spirit of Emperor Qitian!

In a flash!

Abandoning the true spirit of the heavenly emperor, a ghost-faced woman, two supreme beings, breath bursting out at the same time, shaking this universe!

Even the invincible breath of ultimate misfortune was suppressed back.

"How can it be?"

The ultimate misfortune complexion became serious.

Now, although he seems to be invincible, he is not in perfect condition.

A true spirit of the Abandoned Heaven Emperor is enough.

plus a ghost-faced woman from the other side of the long river.

Even if the invincibility is like the ultimate disaster, it is the vast and surging pressure that swept over!

"There should be an ending."

Jun Wugui urged the God King Body of the Beginning to the extreme, the power of faith of all living beings gathered, and finally turned into a brilliant spear that penetrates the world!

"This trick, the dawn of all beings!"

Jun Wu regrets throwing the dazzling spear out~[www.mtlnovel.com](http://www.mtlnovel.com)~ to break through the vast universe and drive away the darkness!

The True Spirit of the Abandoned Heavenly Emperor also moved, lifted his palm, and the endless power gathered.

This is a power that makes the heavens tremble!

The endless bright light of the emperor's calamity emerged, which is more terrifying than the wrath of God!

The terrifying divine punishment came down, this is the power of the Emperor Qitian!

The ghost-faced woman who borrowed the body of the mother of Higan Flower also moved.

The endless rain of flowers flew, and every petal seemed to reflect a great world.

And in every great world, there is a peerless female emperor standing on the top of time, with a fairy-like appearance and super dusty temperament!

One hundred thousand great worlds, one hundred thousand mirrored bodies, suppress the vast darkness!

This supernatural power, proud of the past and present, unparalleled in the world!

"With a thought, the flowers bloom, and the king is over the world!"

The most pleasing voice comes from the lips and teeth of the ghost-faced woman, but it carries the most terrifying power in the world!

God King has no regrets!

Abandon the true spirit of the emperor!

Ghost Face Empress!

The three ultimate moves, the ultimate disaster!

[Chapter 1108: Destroy the ultimate disaster completely and regenerate after the accident](#)

It's hard to describe the horrible fluctuations.

It's almost as if the world is about to be shattered.

That destructive power, even the emperor was a little frightened when he saw it!  
can be called an era showdown!

The person who holds the body of the \*\*\*\* of the beginning of the time, blesses all living beings without regrets.

The most stunning true spirit of the Abandoned Heaven Emperor in the Jun's family in recent times.

plus a ghost-faced empress wandering in ancient history with unimaginable strength.

The three powerful forces united together, enough to suppress everything!

This dark universe seems to be shattered.

Even if there is no order and rules of the dark world, it is different from the outside world, and it is very strong, but now it can't be supported anymore, and it collapses piece by piece.

Jun Xiaoyao urged the whole body's divine energy to resist this wave, but he was still shaken back, and the blood in his chest was churning.

The evil evildoer is like a gentleman, and it was shocked to resist this aftermath.

One can imagine how terrifying this collision is.

The supreme will be instantly torn apart and shattered into nothingness when he falls into it.

While in the border, the light curtain was trembling violently, and finally it was shaken out with a puff!

"Quickly, come out soon!"

There is a shout of the immortal king.

This is the most critical moment, and it may even determine the direction of the war between the two worlds in the future!

Boom!

Several kings of the ultimate emperor joined hands, surging aura, reflecting the scene in the skyless dark world.

In an instant!

The eyes of hundreds of millions of creatures were attracted to the past.

On the fairyland side, countless people are also watching nervously!

咚!

咚!

咚!

Between the heavens and the earth, there are vibrating sounds.

That is the heart of countless creatures in the two worlds, beating, very nervous.

under the gaze of hundreds of millions of eyes.

Above the light curtain, the dark universe, which seemed to have turned into the original chaos, was finally slowly revealed.

Countless time cracks, void vortexes, scattered in all directions.

The entire universe was crippled.

You need to know, that is the ultimate dojo of misfortune, extremely strong, and the emperor's full blow can hardly cause major damage.

Now, it looks like a broken house, with a crumbling feeling of collapse.

ahem...

There is an endless magic sound, with the sound of coughing up blood.

Everyone was shocked to see that a drop of black blood fell from the chaos-filled nothingness.

Every drop collapsed the void.

"This... is it..."

All foreign creatures, including kings, feel a little cold in their hearts.

Finally, the chaotic mist in the void dissipated.

revealed the figure of the ultimate disaster.

At this moment, his chest was pierced by a bright golden spear.

is the spear of dawn of all living beings condensed with the power of the faith of all living beings without regrets!

Only then did that blow destroy and collide, abandoning the Heavenly Emperor True Spirit and the Ghost Face Woman, to counteract the power of the ultimate disaster.

And the spear of dawn of all living beings without regrets, directly penetrated the chest of the ultimate misfortune!

"Cough...cough!"

The ultimate disaster is coughing, the rotting flesh makes a sneer, and white smoke comes out.

The power of belief in sentient beings, a certain restraint caused by the power of black blood.

His body seemed to be disintegrating, and pieces of rotten flesh and blood fell down.

Black blood is also dripping.

The ultimate misfortune at this moment, compared with the previous invincible posture, is very different and somewhat embarrassed.

"No, how is it possible!"

"The great misfortune, how could it be so!"

Seeing this scene of the alien spirits, the eyes are about to stare, and they are yelling in amazement, unable to believe it.

The ultimate disaster that brought the final catastrophe to the fairyland, will it end in such an embarrassing manner?

All alien creatures don't want to believe it!

And at this moment, there is the king of the ultimate emperor, and the space around his body is shaking, actually wanting to return to the foreign land and rush to the ultimate disaster.

"Where do you want to go?"

Shenyu the Great and the three emperors of the Jun family stepped out and stopped.

and the emperor of Xian Ting also moved, locked into the immortal king of the foreign land.

Some of the strongest people in the rest of the fairyland are also staring at the foreign movements and not letting them return for help.

"Jun Family, you are incurring the scourge of genocide for yourself!"

The king of the ultimate emperor has an extremely cold tone, with extreme killing intent!

"Heh... Feng Shui turns around, how similar this scene is." Shenyu the Great sneered.

Caijun Wugui and others fell into a deadlock. They wanted to rush to help, but they were blocked by foreign kings.

The situation is now reversed.

Naturally they can't let the foreign land back.

just when the battle on the border is sluggish.

Here in the dark world, Jun Wuhui and the others have made another move.

"kill!"

The three major Xeon once again shot, they must take advantage of the victory and chase, and completely solve the disaster!

"How could I be created by Er and other ants?"

The ultimate misfortune that didn't have the slightest emotion, finally appeared an emotion called anger.

He looked up to the sky and howled, the magic sound shook forever!

But to outsiders, this is more like a dying counterattack and wailing!

The king has no regrets at the beginning of the gods body is urged to the extreme, blessing the belief of all living beings, if a \*\*\*\* at the beginning, suppress the eternal!

Abandoning the True Spirit of the Heavenly Emperor, although he didn't say a word from beginning to end, he raised his hands, bursting out the power that even the heavens tremble!

The ghost face woman is also powerful and boundless. With the help of the body of the mother of the flower of the other side, the ultimate law is manifested, reflecting the body of the world, and suppressing it all!

This kind of battle is terrifying.

Order collapsed!

Avenue is obliterated!

In the end, the three of them fought against the misfortune, until the world died.

is as strong as a misfortune, being repeatedly shaken back, the spear of dawn of the sentient beings in his chest cannot be pulled out.

His rotten body continued to disintegrate, and black blood dripped.

In the end, a rotten arm of the misfortune fell off.

Then the leg also fell off.

His chest was burnt to pitch black.

The handsome face with half of the iron mask is also distorted to the extreme, looking strange and awe-inspiring.

"what.....!"

Finally, accompanied by a terrifying roar that pierced the world!

The ultimate misfortune was directly beaten to the flesh by the three strongest!

Countless black blood, rotten flesh and blood, scattered like meteors, fell into the boundlessly broken dark universe.

The ultimate misfortune, was knocked down.

The flesh and blood are scattered, disappearing into the world.

The terrifying force of destruction exploded like a nuclear bomb, returning that area to the vacuum of chaos!

The sound of the rumbling world fell silent.

All sounds seem to be lost instantly.

At this moment, I'm on the edge.

A rare absolute silence enveloped the world.

It is clear that there are hundreds of millions of living beings gathering, but no one makes a sound.

The alien spirits, when they saw the ultimate disaster that the body completely disintegrated and exploded, his mind went blank.

The great misfortune, the ultimate misfortune that brought endless calamities to Xianyu, just fell?

"Am I dreaming?"

"No, all this is false!"

After a short silence, the noise broke through the sky!

The alien creatures are shouting, their faces pale and gray.

More creatures fell to the ground, unbelievable, and fainted directly.

"How is it possible?"

Even some immortal kings can't believe it.

So the ultimate misfortune is gone?

is the opposite of Foreign Land, Immortal Land Wanling is so excited that it is hard to control it!

Border Pass, Scar Four and others are shouting, very excited!

"We won, we won!" The cultivators of Xianyu were all roaring up to the sky, venting the excitement in their hearts.

On the battlefield belonging to Tianjiao, many female monks were crying with excitement.

"Great, everything is over, brother Xiaoyao."

Jiang Luoli burst into tears with joy, her eyes filled with crystal tears.

The longing in her heart can no longer be suppressed, she can't wait to see Jun Xiaoyao really.

However.

Just when all the creatures in the fairyland cheered for the joy of victory.

Shenyu Great Emperor and the other three emperors of the Jun family, standing in the void with their hands holding their hands, their complexions did not change much.

There are also the ancient ancestors of the Jun family, and the emperor of Xian Ting, as well.

There is not much joy on his face.

Looking at the foreign land, although they are all wailing and roaring.

But the kings of the ultimate imperial clan, their faces are as cold as ice, their eyes fixed on the light curtain.

"Do you really think that ~www.mtlnovel.com~ can end like this?"

A long time ago, the ultimate emperor who had entered the dark world of skylessness sneered.

At this time, some immortal creatures also noticed through the light curtain.

Although the ultimate misfortune has been destroyed.

But Jun Wuhui and the others still stood in the void, their expressions did not relax at all.

On the contrary, it is more solemn.

"Could it be..."

Some immortal creatures suddenly had a terrifying conjecture in their hearts!

There is no sky and dark world.

Jun Xiaoyao looked at the ultimate disaster that completely disintegrated, and his eyebrows were also tightly locked.

"This is the end?"

Jun Xiaoyao always feels something is wrong.

rumbling!

at this time!

In the deepest part of the Wutian Dark Realm, that has been shattered into a dark universe full of holes.

There is a shadow that is too large to imagine slowly emerging.

The order of heaven and earth is broken, and the avenues are wailing!

Everything that exists, seems to be in eternal silence in front of the huge shadow!

[Chapter 1109: The true face of the ultimate misfortune, \\*\\*\\*\\* eyes, the sword of death...](#)

This is an unspeakable feeling.

Just when everyone thought that everything was over.

has ushered in such a terrifying change.

"What it is?"

In the light curtain, the terrible scene in the skyless dark world appeared.

A huge, universe-like shadow slowly emerged from the darkness.

All the cultivators of the fairyland stopped at this moment, and there was panic in their eyes.

"Isn't the ultimate evil already wiped out, what is that?"

Many cultivators of the fairyland showed a sense of trepidation.

As the saying goes, the unknown is the most terrifying.

Not to mention the cultivator of the fairyland, it is the living beings in the foreign land, they are all a little dazed, they have not been relieved, and their minds are blank.

They were still wailing and desperate just now.

But I didn't expect the situation to change like this.

"Is the main coming?"

The light of Emperor Shenyu also became serious.

Everyone is holding their breath, not daring to gasp, as if waiting for a nightmare to come.

There is no sky deep in the dark world.

The indescribable aura is permeating, almost to subvert everything.

That is a force that can easily destroy all living beings, and many heaven and earth avenues are collapsing!

Jun Xiaoyao's eyes also became sharp.

He felt something was wrong just now.

I feel that things are not so simple.

It seems that he really thinks of the ultimate misfortune too simple.

under the gaze of billions of dollars.

The shadow in the depths of the Wutian Dark Realm finally surfaced.

And from this look, everyone is suffocated.

What kind of monster is that?

What appeared in front of everyone was an eyeball!

A huge eyeball like an ancient star of life!

That eyeball is like a dark red spark, and it looks like a stack of countless rotten flesh.

Thick black blood oozes from the eyeballs.

Around the eyeball, there are countless tentacles, densely packed.

Every tentacle seems to extend into a world, and there is black blood flowing in the tentacles.

is as huge as an ancient star, flowing with black blood, like a coalescence of rotten flesh, and carrying dense tentacles.

This scene is suffocating enough, and the thinking is all in chaos.

is a fairy cultivator, frantic, vomiting frantically, feeling mentally confused.

unspeakable!

Do not look directly!

This is the true face of the ultimate misfortune!

"What the \*\*\*\* is this?" A monk from Xianyu couldn't help yelling, he was about to lose his mind, and his soul seemed to be emptied.

"Sure enough, this is the true body of the ultimate disaster. The so-called ultimate disaster before is just a projection of power."

Shenyu Great Emperor murmured, his face also became extremely dignified.

"What, this is the real ultimate disaster!?"

All the cultivators of the fairyland are dumbfounded.

After such a hard battle before, what was destroyed is only a power projection of the real ultimate disaster?

噗通!

Many cultivators of the Immortal Territory had their legs weakened, collapsed to the ground, and instantly drained all their strength.

This is so desperate, there is no hope at all.

On the other side, most of the creatures are also dumbfounded.

They were all shocked, it was the first time they saw the true face of the ultimate misfortune.

And to be honest, it's kind of disgusting.

can't look directly, it makes people mentally confused.

is completely different from the ultimate evil they imagined, like a dark god.

"This is the true face of the ultimate misfortune in my world." The tone of the king of the ultimate emperor clan was all turbulent, slightly agitated.

"Hey, no, there is a sword above the eyeball!?"

On the side of Xianyu, a big man spoke.

The ultimate misfortune appeared in the real body, it was too shocking, so many people subconsciously ignored it.

There is a sword stuck in the eyeball that is as huge as a planet!

The sword itself is extremely huge, and it penetrates the eyeball.

is dazzled by the dazzling slaying fairy light, even if it is in the eyeball for endless years, it is still sharp, exuding a stunning fairy light!

This caused the pupils of many immortal domain experts to suddenly shrink.

"Is that...Zhu Xianjian?"

Many strong people have numb scalp, and take a breath!

诛仙剑, the most famous killing weapon in the fairyland, has been found by people all the time.

As a result, now, it is inserted in the body of the ultimate evil!

And who is it that inserted the Zhuxian Sword into the ultimate evil, causing it to fall into a sealed sleep?

The gazes of many immortal powers in the Immortal Territory all fell to a group of people.

Jun's house!

"Is the legend actually true? The Jun family once had unimaginable taboos, went deep into a foreign land and fought misfortune?"

The Great Elder of Xianyuan was also extremely shocked.

There have been rumors in the fairyland before, in the very ancient times, there was a taboo in the monarch's family, fighting the ultimate misfortune.

But it was falsified by forces such as Xian Ting and the Taikoo imperial family, saying that it was an error.

It seems that this is the case.

The existence of the taboo of the Jun family should be the immortal sword to seal the ultimate misfortune suppression and put him into deep sleep.

"The ultimate disaster, has not really recovered."

Seeing that Zhuxian sword, the king of the ultimate emperor was whispering.

However, even if it does not fully recover, its power is enough to annihilate everything.

There is no sky here in the dark world.

looked at the star-sized black blood eyeballs with the Zhuxian sword inserted.

Jun Xiaoyao Yan was also very surprised.

I didn't expect that the real ultimate disaster was just an eyeball.

Whose eyeball is that?

But Jun Xiaoyao wanted to understand the cause and effect.

His ancestors of the Jun family used the Zhuxian Sword to seal the ultimate misfortune.

But the ultimate misfortune, self-proclaimed no sky and dark realm, recuperates and regenerates, accumulates power, it is difficult for even alien creatures to enter, let alone fairyland creatures.

The purpose of Junjia He Junwugui is to punish the immortal sword.

When Jun Wugui appeared before, he also said it.

He came here to retrieve things belonging to the Jun family.

"Zhu Xianjian actually belonged to my Jun's family?"

Jun Xiaoyao also feels incredible.

诛仙剑, the most powerful weapon for killing and cutting immortals, is also a superb existence in immortal tools.

He also wanted to understand that the remaining sword energy he encountered before was actually left by Zhu Xianjian.

The reason why Jun Xiaoyao feels that Jian Qi is a bit familiar is because Zhu Xian Jian is the property of the Jun family.

Jun Wugui came to lurking in a foreign land, just to wait, the Six Kings opened the Heavenless Dark Realm, and then obtained the Zhuxian Sword.

The cause and effect, I completely figured it out.

But there is only one thing, Jun Xiaoyao can't understand.

Jun Wugui wants to retrieve the Zhu Xianjian, then what method does he use to deal with the ultimate misfortune?

just when Jun Xiaoyao is thinking about it. UU reading [www. uukanshu.com](http://www.uukanshu.com)

The boundless magic sound is coming out.

The black blood-stained eyeball, as big as a planet, even though it has no mouth, it can directly make a mighty sound.

"I really think that the seal of the monarch family can seal me forever? Impossible, the boundless black disaster is about to strike, covering the vast expanse, and destroying the fairyland!"

The blood-stained eyeballs, the real misfortune, released amazing power, and endless black blood burst out.

That Zhu Xian Sword also bloomed with dazzling celestial light at the same time, it was like a real celestial being descended to the world, killing everything.

"Zhu Xianjian, originally belonging to my monarch's family, got it back today, but you have to kill it too!"

Jun has no regrets and said coldly, the blood from his heart's mouth was sacrificed, and he fell directly on Zhuxian Sword, and at the same time pinched the seal art.

In an instant, the sword of Zhu Xian revived, the extremely brilliant fairy light flowing on the blade, endless light and rain.

Even more, a fuzzy human figure emerged.

It was Zhu Xian Jian Ling, who was awakened by Jun Wuhui.

This is a means left by the existence of the Jun family's taboo.

"It's the ancient emperor Tongtian, he has left behind?"

The sound of the ultimate disaster is cold, bursting with the power of monstrous darkness, to completely get rid of the seal of Zhu Xianjian!

[Chapter 1110: The king's family is cleared, the ultimate misfortune method, the overall situation has been determined...](#)

"Tongtian Ancient Emperor?"

Jun Xiaoyao's eyes flashed, and he heard another name from the mouth of the ultimate misfortune.

This reminded Jun Xiaoyao, the ancestor of the Jun family who discussed the Tao with Qing Emperor, Yuanshi Gudi, Jun Yuanshi.

"Yuanshi, Tongtian, could it be..."

Jun Xiaoyao suddenly remembered the so-called Sanqing.

Yuanshi Tianzun, Master of Tongtian, Taishang Laojun.

Of course, this is just an instinctive association, and there is no real relationship.

But Jun Xiaoyao felt that these three should be the real bosses of the Jun family, and they were laid out for eternity, spanning the epoch.

Even the ultimate misfortune is calculated in it.

But for now, the situation is still severe and the crisis has not been resolved.

Although the ancient Emperor Tongtian had left behind in Zhuxianjian.

Even Zhu Xian Jian Ling was activated by Jun Wuhui.

But the ultimate misfortune that has been sleeping forever has also accumulated a lot of strength and restored a lot of strength.

After all, as long as the black blood spreads, the ultimate disaster can draw energy from the polluted world.

This is where the ultimate disaster is truly terrifying.

It is difficult to eliminate.

It is as strong as the ancient emperor Tongtian, but it is only to seal the ultimate disaster with Zhuxianjian town.

And importantly, the ultimate misfortune is just an eyeball.

If this eyeball belongs to a certain taboo.

It is simply unimaginable, how strong that kind of existence will be.

Zhu Xianjian awakened and released a sword light that would shine forever.

The vague figure, Zhu Xian Jian Ling, was also shooting.

The fairy is alive.

In fact, the spirit of the fairy weapon itself is already strong enough to compete with the strongest.

The boundless force generated by the collision seems to have swept hundreds of millions of universes!

All kinds of Taoism are crumbling, close to disintegration!

"Shoot!"

Jun Wu regret suppressed it again.

The True Spirit of Abandoned Heaven Emperor and the Girl with Ghost Face also shot.

However, compared with just now, their strength has been weakened.

After all, one of them is the manifestation of the true spirit, and the other has transferred part of the power to the mother of flowers on the other side over a long period of time.

Can't fight for a long time.

Now, the two of them are exhausting their last strength and are about to inflict trauma on the ultimate disaster body.

There is another shocking battle here.

In addition to the three of Jun Wuhui, Zhu Xian Jian and Zhu Xian Jian Ling also joined the battle for the ultimate disaster.

Zhu Xianjian glows surging, blooming with hundreds of millions of rays of fairy light!

There is Immortal Dao Thunder, bursting and flickering in the void, as if to destroy the dark worlds.

As the strongest killer, the power of Zhuxianjian shocked everyone!

Only this kind of immortal weapon has the ability to suppress the ultimate misfortune.

"It's terrifying, this is the power of the Zhu Xianjian, I didn't expect the Jun family to have such a heavy weapon!"

"Although the Zhuxian Sword is strong, I feel that the ultimate disaster is even more terrifying. The Zhuxian Sword has been sealed for a long time, but it has not been completely wiped out!"

"What the \*\*\*\* is this eyeball, is it really the eye of an unimaginable taboo?"

Some people are guessing, it feels creepy.

A single eyeball can be called the ultimate disaster, causing boundless darkness and catastrophe.

So if the eyeball really has a master, how much does that master exist?

At this moment, the sentient beings in the fairyland were in a mess and very nervous, staring at the light curtain tightly.

The kings of the foreign land breathed a sigh of relief, with a calm expression.

"Since the misfortune chooses to wake up during this time period, it proves that his strength has been accumulated enough to be completely present in this golden age."

Countless creatures in the two worlds are all paying attention to this final battle!

...

In the world of no sky and dark, all kinds of great destruction erupted, nothingness was beaten into chaos, and chaos returned to nothingness.

The ultimate evil body, the power is indescribable, the black blood flows, turning into a river, sweeping the heavens!

At the same time, many tentacles, densely packed, such as the whip condensed from the chain of order, slammed away at Jun Wuhui and others.

The space was blasted apart, and endless dark runes splashed!

"cough..."

Jun Wugui was shaken back again, and a little blood appeared at the corner of his mouth.

Even in the early days of the God King's body, it was still scarred from the battle until now, and it was a little unsupportable.

The True Spirit of Qi Tian Di dimmed a little.

After all, this is just a ray of true spirit, and the power will always run out.

As for the ghost-faced woman, cracks began to spread on her delicate skin.

That was the body of the mother of the other shore flower, and she couldn't bear it.

After all, the power of the ghost-faced woman is still a bit too strong for the mother of flowers on the other side.

In addition, it collided with the ultimate disaster, no matter how strong the body was, it was difficult to withstand it.

The physical body of the mother of the other shore flower can support her for so long, which is enough to prove her own strength.

"No one can stop the ultimate black disaster, everything will be submerged, and the era will be annihilated."

"Wait, it's just a mantis arm as a car!"

The ultimate evil sound swept across the sky.

It spurred the greatest means!

The endless dark power is surging.

Then, in the shocking eyes of hundreds of millions of creatures.

Dark figures were reflected from the void.

Those are all dark emperors who are contaminated with black blood, demonized, and fallen to the dark side, as well as immortals and so on.

Every one is extremely blurred, black particles are scattered all over the body, and the black mist is incomparably blurred.

It is not one, two.

It was densely packed, with hundreds of dark figures being reflected.

All the cultivators in Xianyu were about to suffocate, feeling that their heart was firmly pinched by a pair of invisible big hands!

Hundreds of dark emperors, kings of immortality, what is that concept?

Although it is just a stigma and projection, it is powerful enough and it is frightening.

Roar!

Hundreds of dark emperors, immortal projections, all rushed towards Jun Wuhui and others.

That kind of fluctuation is beyond words.

Can tear the world easily!

boom! boom! boom!

In an instant, countless roars rang from the heavens and the earth.

This is the most powerful means of ultimate misfortune, which can reflect the once contaminated supreme emperor and immortality.

cough...

Jun Wugui was shaken back again, and was besieged by more than a dozen dark emperor projections.

There was even the emperor's brand that blew himself up instantly, causing Jun Wugui to be injured.

On the other side, the body of the mother of the other shore flower, like cracked porcelain, even burst out of blood.

If the ghost face woman continues to exert greater strength.

Not only could it not be shot, but it would directly explode the body of the mother of the other side flower.

A faint sigh came from the corner of the ghost face woman's lips.

She also tried her best.

From the other side of the long river, transfer power.

However, the physical body of the mother of the other shore flower cannot fully carry the power of the ghost face woman.

Now, if the ghost-faced woman does not stop, the body of the mother of the other side flower will collapse directly.

Her strength began to fade and dissipated.

The long river of time reappeared again, that immortal figure standing on the other side, staring at Jun Xiaoyao.

It seems to be quietly speaking, hoping that he will not die and survive this catastrophe.

With a bang.

The long river of time dissipated into light and rain.

The mother of the other shore flower returned to her consciousness, and her red lips spit out a mouthful of blood, feeling that her body was extremely weak, and she was about to disintegrate.

And on the side of Qitian Emperor True Spirit.

Dozens of dark emperors and immortal projections surrounded them, and then blew themselves directly.

The power that erupted, the true spirit of the Qitian Emperor was shocked and shaken.

A ray of real spirit, UU reading [www.uukanshu.com](http://www.uukanshu.com) has been able to fight so far, and he has exerted such a terrifying power, which is enough to amaze everyone.

But now, the True Spirit of Qitian Emperor also sighed.

Then it disappeared like a mirror flower.

The decree of abandoning the sky also lost its golden light and dimmed.

When this scene appeared on the edge of the light curtain.

All the cultivators of the immortal realm were silent, their bodies were like wood, and their hearts were like ashes.

What is the most tragic thing in the world?

There is nothing more than hope in despair, and then hope is shattered, ushering in a deeper despair.

Rather than that, it might as well cut everyone's thoughts from the beginning.

"It's over, everything is over..."

At this moment, all spirits of the fairyland were weeping, desperate, ready to usher in the ultimate darkness and destruction.
