

Sacred Body 1171

[Chapter 1171: Emperor Haotian entered the virtual world, the truth of the six reincarnation fairy roots...](#)

Outside the virtual world, on the broken stars.

The three elders must be guarded here with boredom.

At this moment, in the depths of the starry sky in the distance, a bright glow suddenly appeared.

A golden avenue intertwined by law spans the stars.

A long and slender figure with golden light all over the body, walking slowly along the Golden Avenue.

"That is....."

All the disciples in the fairy courtyard were shocked.

Several Yanyun knights expelled, with excitement in their eyes, knelt on one knee and shouted.

"See Young Emperor Haotian!"

In a word, let the disciples of the fairy courtyard sluggish!

"Yes... it's the ancient young emperor!"

Many people have numb scalp.

Did the ancient young emperor of Xianting finally break through and be born?

In the turbulent golden light, Di Haotian's figure appeared.

Wearing a loose robe, long golden hair and silver eyes, his expression is plain, with a calmness that dominates everything and is in his chest.

"He is the mysterious ancient young emperor from Xian Ting. He has three natural talents and once dominated an era?"

The Son of Truth also looked at Emperor Haotian with a very solemn expression.

If you say that you are in Xianyu now, who else has the confidence to dare to fight with Jun Xiaoyao.

The ancient young emperor, Emperor Haotian, was definitely one of the few people.

"Senior is the leading elder of the Immortal Academy this time, I wonder if this Young Emperor is qualified to enter the Void Heaven Realm?" Di Haotian said indifferently.

"Of course you are, after all, you were also a disciple of the fairy courtyard." The third elder Xu Mo twitched his mouth and said.

If you really want to care about it, he doesn't necessarily have the senior who is qualified to be Emperor Haotian.

"Thank you elder." Di Haotian nodded slightly.

Then sat cross-legged in the ancient formation.

There are many faint glances around.

"This is the ancient young emperor Haotian of Xian Ting. He is indeed a natural **** and man. That temperament is too outstanding."

"And the breath is also very strong, I don't know what state he has reached?"

"It's hard to say that Emperor Haotian is rumored to have three talented physiques, extremely defying to the sky. It is estimated that it is a few, which can be compared with the gods of the Jun family."

Some arrogant people around are discussing.

Di Haotian didn't care.

He was born again, just want to seize the opportunity, step by step.

"If there is no deviation, there are many opportunities for the virtual world. The first one should be the six reincarnation fairy roots."

Di Haotian muttered to himself, closing his eyes.

Ancient young emperor, enter the world of imaginary heaven!

...

In the outer area of the virtual world, the figure of Emperor Haotian emerged.

"It's a nostalgic place."

Di Haotian sighed.

If it hadn't been for him, he had picked up that piece of fairy stone disc fragment in the virtual world.

It is impossible for him to return to the starting point of this golden world.

Then, Di Haotian began to penetrate into the virtual world realm.

His primordial spirit body, releasing endless Haoguang, turned out to be a very special primordial spirit.

Any ancient heroic spirit, in his hands, is annihilated.

The Soul Diffusion Mist couldn't stop his pace either.

Then, Di Haotian came to the birthplace of the Six Paths of Reincarnation Immortal Root.

There is a mess here, and there is no shadow of the Six Paths of Reincarnation Immortal Root for a long time.

But there is still a faint breath of reincarnation.

"Gone?"

Di Haotian frowned slightly, then stretched it out again.

"Sure enough, the ignorant people actually take the fake as real." Di Haotian shook his head lightly.

Because the six reincarnation fairy roots are too rare.

So most people don't know.

The Six Paths of Reincarnation Immortal Root also has a special ability.

It can create false roots and form an illusion.

That pseudo-root is simply more brilliant and gorgeous than the real one, and it can attract the attention of the world.

The true roots of the Six Paths of Reincarnation are hidden in the dark, safe and secure.

It can be said that without the rebirth plug-in, Di Haotian would also be completely impossible to know this little secret.

"Since the pseudo-root has appeared, the true six-path reincarnation fairy root should be in the deepest part of the virtual world."

Di Haotian muttered to himself, standing with his hands behind him, and moving on.

At this moment, in the depths of the virtual world.

The figure of Jun Xiaoyao continued to deepen.

"Why do I always feel something is wrong?"

Jun Xiaoyao showed doubts in his eyes.

The more he thought about it, the more he felt that there was something wrong with the breath of these six reincarnation fairy roots.

"Could it be..."

Jun Xiaoyao thought of a certain possibility.

Some heaven and earth are the most precious treasures, and they can even give birth to their own spirituality.

Will use various methods to ensure their safe development.

"These six reincarnation fairy roots were born, so powerful, as if they were afraid that others would not know that there is a baby here."

Jun Xiaoyao already had some kind of speculation in his heart.

"However, it still has to be verified, and we should enter the deepest part of the virtual world first." Jun Xiaoyao murmured.

He had heard of it before.

In the depths of the virtual world, there is an illusion of blood evil.

That can be described as an absolute forbidden place in the virtual world.

Any primordial spirit body entering it will be annihilated.

Reminiscent of the special induction of the Saint Body bloodline when he first entered the Void Heaven Realm.

Jun Xiaoyao guessed that its source should be in the illusion of Blood Fiend.

It just so happened that he had to go deep into the virtual world to sign in, so he went along.

Just when Jun Xiaoyao was about to go deeper.

His footsteps suddenly stopped, and his face sank suddenly.

"Luo Li..."

When entering the virtual world, Jun Xiaoyao merged a strand of primordial spirit into Jiang Luoli's primordial spirit.

In this way, he can also know for the first time what is wrong with Jiang Luoli.

But now, Jun Xiaoyao sensed that Jiang Luoli was in trouble.

...

The virtual world, another realm.

Wearing a pink and white long skirt and light blue gauze, Jiang Luoli is slim, like a beautiful elf in the world.

Only at this moment, she looked suspiciously and disgustingly at the group of people on the opposite side.

The figures of the group of people were also very hazy and vague, which made people indistinct.

"What have you been doing with this girl?" Jiang Luoli said coldly.

"Not why, just want to know a truth, you have a familiar breath in you." Someone from the opposite group of people ~www.mtnovel.com~ stood up and said.

"You are not from the fairy courtyard, who are you?"

Jiang Luoli's pretty eyes had strands of solemnity.

This group of people seemed to pop up suddenly, and there was absolutely no such group of people in the Tianjiao who came here.

"Oh, this imaginary world is not a treasure land exclusively owned by the Immortal Courtyard. It will scare you to death if we speak of our origins."

The leader shook his head slightly.

"Scared me?"

Jiang Luoli found it ridiculous.

She is the jewel in the palm of the ancient Jiang family.

What forces can tell her to scare her to death?

"Well, we won't be embarrassed by the girl, please ask the girl to come with us." The leader of the humanity.

"impossible!"

Jiang Luoli shot, the bright light of the soul blooms.

Her own physique was also an immortal body, capable of vomiting a huge amount of immortal energy.

And her primordial spirit is also constantly receiving the tempering of heaven and earth aura.

So Jiang Luoli's primordial spirit is definitely not weak.

"This kind of physique, Yuanling fairy body, really..."

When they saw Jiang Luoli urging the Yuanling immortal body, the mysterious people's eyes brightened.

[Chapter 1172: Above 9 Heavens, Taboo Family](#)

This time, when they came to the virtual world, it was originally just an experience. By the way, see if they can get any chance.

As a result, he ran into Jiang Luoli by accident.

That kind of breath immediately caught their attention.

"Girl, don't make us embarrassed, just follow us, it will only benefit you."

The head is a man, listening to the voice, not very young.

But there is a faint sense of superiority in the tone.

It was similar to the tone of the Cang people.

"This girl is from the ancient Jiang family, what is your background?"

Jiang Luoli urged the power of the primordial spirit, and the bright light bloomed.

She is on guard.

Because I can't figure out the origin of the other party.

"Just follow us and you will know."

The man in the lead, the voice fell, offering a gesture.

A chain-like weapon was sacrificed by him, like a giant dragon entwined with immortal energy, bound to Jiang Luoli actively.

That was a primordial soldier that was motivated by soul power.

The so-called primordial spirit weapons are weapons that are based on the primordial spirit and can launch attacks or defenses.

This kind of primordial soldier requires a lot of rare treasures for sacrifice, so it is much rarer than ordinary magic soldier.

To some extent, Jun Xiaoyao's Luan Ancient Emperor Talisman is also a Yuanshen Emperor's soldier who guards the Yuanshen.

At this moment, the chains offered by the young people were the chains of the gods, specifically to capture the **** souls.

Jiang Luoli's beautiful eyes breathed fire.

This is like using her as a pig and dog, do you want to catch it?

boom!

Jiang Luoli jade hand seal, the bright immortal seal blasted out, fighting against this group of mysterious people.

Possessing a meta-spirit fairy body, it has inherited a meta-spirit realm.

The current Jiang Luoli is no longer that useless little short leg.

The two sides are fighting together.

But what surprised Jiang Luoli was that.

The law of this group of mysterious people is very peculiar, and it seems a little bit unlike the law of the Nine Heavens Immortal Realm.

"Who is this group of people?" Jiang Luoli was extremely confused.

She did not expect that such a group of people with mysterious origins would break in in the good fortune place of the fairy courtyard.

Jiang Luoli is not weak, but the group of people is also very strong.

And also occupy the advantage of the number of people.

Jiang Luoli is a woman who has been able to fight against this group of mysterious people for so long, which is already considered very good.

Finally, the headed young man's eyes flashed, while the others suppressed Jiang Luoli.

He shot, and bound Jiang Luoli's body with a **** chain, as if wrapped in rice dumplings.

Jiang Luoli has a pretty face, like a cat with exploded fur.

As the jewel in the hands of the Jiang family, she has never received such treatment.

Even Jun Xiaoyao is extremely doting on her.

When did Jiang Luoli suffer such grievances?

"Girl, we really have no malice, but you have something that attracts us."

"Yes, we won't hurt you, we just want to verify some things."

This group of mysterious people slowly walked up.

"Go away!" Jiang Luoli scolded.

She doesn't care whether these mysterious people treat her well or badly.

Even if it was only the Yuanshen body now, she didn't want the group of people to get too close.

"Don't worry, we are just investigating your primordial spirit fluctuations, after all, your deity is still outside the virtual world."

The headed man smiled slightly, put his hand out, and was about to grab Jiang Luoli.

And at this moment.

The man suddenly felt a kind of extreme cold.

That kind of cold, just like the spring of March, suddenly the sky is full of ice and snow, freezing all souls.

His eyes moved up suddenly.

I saw the detached figure of Shengxue in white standing in the void.

A pair of indifferent and deep eyes, like a god, stared at him coldly.

Suddenly the man trembled slightly, feeling as if he was being stared at by a peerless man.

"Brother Xiaoyao!"

Jiang Luoli showed surprise, but she was also a little ashamed.

Unexpectedly, Jun Xiaoyao was still alarmed and asked him to come to the rescue.

Jun Xiaoyao looked at the group of people with an indifferent expression.

The headed man felt tight.

He just heard Jiang Luoli's name in his mouth, and his heart shook.

"Xiaoyao... Could it be that one..."

He wasn't a fool either, he thought of one, even in their world, there are some well-known names.

"You are the Jun Xiaoyao of the Jun family?"

The headed man frowned, although he was on guard.

But it seemed that he was not too afraid of Jun Xiaoyao either.

Their origins are enough to give them this kind of calmness.

Jun Xiaoyao was indifferent.

Although they did not cause any substantial harm to Jiang Luoli.

But for Jun Xiaoyao, daring to attack his woman is a mortal sin in itself!

It seemed to be aware of the killing intent in Jun Xiaoyao's eyes.

The headed man hurriedly said: "Jun Xiaoyao, although you are very popular, you can be called the first person in Xianyu's young generation, but we are from nine days..."

However, it is not waiting for the man to finish.

Jun Xiaoyao shot directly, and pointed it as a sword.

An ordinary sword light appeared, as if it was reflecting the heavens forever, and swept away at the group of people.

"I don't care who you are, I only care that you provoke my woman, and you deserve to die."

A glimmer of sword light passed, and there was nothing left.

Before Jun Xiaoyao sacrificed the move like I Slash, even the creatures of the Cang Clan were directly obliterated.

Although the origins of this group of people are also extremely extraordinary, there is still a gap compared with the Cang Clan.

So there is no suspense, the souls of these people are directly annihilated and turned into nothingness.

On the other side, Jiang Luoli felt sweet in her heart.

Jun Xiaoyao's overbearing presidential speech also made Jiang Luoli feel safe.

"Brother Xiaoyao!"

Jiang Luoli's beautiful body was trapped by the god-bound chain, like a chubby silkworm, moving towards Jun Xiaoyao.

Upon seeing this, Jun Xiaoyao's original indifferent expression also showed a slight smile. UU Reading

Jiang Luoli is really a pitiful living treasure.

At the moment, she looked like a silkworm baby, so naive.

"Brother Xiaoyao, look at it!" Jiang Luoli blushed a little, angered.

Jun Xiaoyao saw her embarrassing appearance.

Jun Xiaoyao smiled and shook his head, and stopped teasing Jiang Luoli, and directly shattered the God-Binding Chain.

"Sorry, Brother Xiaoyao, let you come to rescue again." Jiang Luoli was ashamed and embarrassed.

"No problem, it's good for you to fight with a group of them for so long, do you know where they come from?" Jun Xiaoyao said with deep eyes.

"Where?" Jiang Luoli asked like a curious baby.

"Nine days return to the ruins, taboo family." Jun Xiaoyao said.

Apart from this, he couldn't think of any other identities in this group.

"Sure enough, he is a man above the nine heavens."

No wonder she said before that she was from an ancient family, and the group of people seemed disapproving.

If it is a taboo family above the nine heavens, then there is indeed no need to fear the ancient family.

She also understood why she felt that the law of that group of people was not like the law of Xianyu.

It turns out that they are the creatures above the nine heavens.

[Chapter 1173: The secret of the Yuanling Realm, taboo families have emerged one after another,...](#)

It can be said that for the entire Xianyu, Jiutianguixu is an extremely ancient and mysterious place.

Independent from the outside world, it becomes a restricted zone on its own.

The rules of heaven and earth there are also different from Xianyu.

Because there is a forbidden place that has been passed down since ancient times, there are unimaginable existences dormant.

They are also very low-key and rarely show up.

The so-called taboo family is the existence of the forbidden zone of life.

They are family forces formed by servants, followers, etc. in the life forbidden zone.

Back to life restricted zone.

While doing things for the life forbidden zone, you can also get shelter in the life forbidden zone.

It is even possible to get the law passed down by some big people in the life forbidden zone.

Therefore, most of these taboo families have a high self-esteem, except for the restricted area of life, they are very contemptuous of everything else.

Even if Jiang Luoli said she was a member of the ancient family, those people didn't care too much.

In their eyes, only the restricted area is the supreme and immortal existence.

"But, above the nine heavens, how come the Taboo family members come to the Xutian Realm?" Jiang Luoli was puzzled.

Jun Xiaoyao showed thoughts in his eyes, and said: "The world of the virtual world is a place of chaos in time and space."

"The fairy courtyard controls the way to enter the virtual world, but it doesn't mean that there is no other way to enter the virtual world."

Jun Xiaoyao just wants to understand.

The former Cang Clan, as well as the current Taboo Clan, should have entered the Void Heaven Realm through other unknown channels.

"Interestingly, these existences that were originally hidden behind the scenes began to show up one by one. It seems that a big storm is about to come."

The Cang Clan, as well as the nine-day taboo family, appeared one after another.

It is enough to represent that this is a precursor to the storm.

Recalling what the Little Demon Empress had said before.

I am afraid that a dark catastrophe is really not far away.

"By the way, why did these taboo families target you?" Jun Xiaoyao asked suddenly.

When mentioned here, Jiang Luoli was also a little angry and said: "I don't know, they have followed me when they saw me."

"It's a disgusting pervert to say that I have an aura that makes them familiar. To ask me to go with them."

"Oh?"

Jun Xiaoyao deliberately smelled it.

Jiang Luoli immediately blushed and said, "Brother Xiaoyao, what are you smelling, I am now a soul body."

"Scented."

"Brother Xiaoyao~" Jiang Luoli blushed, his voice greasy and a little shy.

Jun Xiaoyao is getting more and more flirting.

"Okay, stop making trouble, I probably know the reason." Jun Xiaoyao smiled lightly.

"Could it be..." Jiang Luoli was also very smart and reacted.

"Essential Spirit Realm!"

The two said at the same time.

Jiang Luoli had once blended into the Yuanling Realm and refined it into her own inner universe.

"I had doubts at that time. The rules of the Primordial Spirit Realm seem to be different from those of the Xianyu.

"In this way, if you guessed right, the original master of the Primordial Spirit Realm should be an existence above the nine heavens." Jun Xiaoyao said.

"No wonder they would pester me, their family should be related to the original master of the Yuan Ling Realm." Jiang Luoli also thought.

"Yes, it seems that Luo Li has another chance for you." Jun Xiaoyao said.

If the Primordial Spirit Realm is really related to a certain Xeon above the Nine Heavens.

That might not be a good thing for Jiang Luoli.

Of course, the premise is that those people will not do anything bad to Jiang Luoli.

"It seems that this is also a trouble." Jiang Luoli sighed.

But it is impossible for her to give up the Primordial Spirit Realm.

Jun Xiaoyao also used the power of the World Tree to help her repair and reshape the soul world.

How could she just give up like this.

"It doesn't matter, I want to see, who dares to trouble you." Jun Xiaoyao said casually.

What about the taboo family above the nine heavens.

To put it bluntly, it is just a dogleg in the restricted zone of life.

It's just that the name sounds a bit bluffing.

"Brother Xiaoyao..."

Jiang Luoli's eyes were full of love.

It is almost every woman's dream to have such a husband who can protect his wife.

"Don't worry, they will definitely come to the door later, depending on their attitude."

"If you are courteous, that's all."

"But if it's to grab someone..."

Jun Xiaoyao smiled faintly.

He will let the taboo family on the Nine Heavens know what the world is sinister.

Subsequently, the two separated.

Jiang Luoli didn't want to be by Jun Xiaoyao's side, being his little oil bottle.

Instead, choose to find other opportunities for yourself.

Jun Xiaoyao is also at will, anyway, Jiang Luoli will not be in danger of life in the Void Heaven Realm.

...

Outside of another passage in the virtual world.

A group of people looked a little ugly.

In front of them, there were a few split eyebrows and a breathless figure.

It was the people who provoke Jiang Luoli before.

After they were hit by Jun Xiaoyao, even the deity fell.

"What a terrifying move, even the deity has fallen."

"The news that they revealed before they died was really shocking. I didn't expect that the last inheritance would fall in the fairyland and be obtained by the girl from the Jiang family."

"But the enmity of Yu Kun and others can't stop there, even if he is the son of the king's family."

"Yes, our Yu family is a taboo family in the nine heavens, backed by the forbidden zone of life, what forces dare to provoke us?"

This group of people from the Taboo family, the Yu family, did not enter the virtual world again, but returned to the family.

It is conceivable that the storm has just started.

But the scary thing is.

The Yu family is not the only one who came to the Xutian realm to experience.

Another place in the virtual world.

Ji Qingyi wears a green dress, covering the fairy flower, her hair is crystal-clear, and her whole person is pure and flawless, like the first bloom of a green lotus.

Her appearance is delicate and beautiful.

Covered with a light veil, a pair of star eyes are as clear as lake water and as brilliant as stars.

The whole person appears to be super dusty, not stained with dust, and independent from the world.

Opposite her, there was also a group of people.

The head was actually a woman of twenty-eight fragrant flowers, her skin was crystal clear as snow, and her face was very beautiful.

Only at this moment, her eyes were questioning, and she looked at Ji Qingyi.

"What is the truth about Brother Daoyi's fall in the world of God Ruins?"

This woman was a little excited.

Her name is Ji Yingying, and she came to the virtual world not for experience or chance, but to seek a truth.

Brother Daoyi in her mouth.

It is the descendant of the former immortal religion, above the nine heavens, the taboo family, the eldest son of the Ji family, Ji Daoyi.

Ji Daoyi, in the world of God Ruins, was first hit hard by Jun Xiaoyao.

Then Ji Qingyi's knife ~www.mtlnovel.com~ was directly killed.

Because of this, Ji Qingyi was firmly seated on the throne of the Supreme Saint of the Immortal Cult.

In addition, he also received the core training of Xianyuan.

It can be said that the benefits have been exhausted.

Not to mention, she also got the chance that might have belonged to Ji Daoyi.

Immortal tool, immortal magic map imprint!

And therefore

Got a certain inheritance.

It can be said that Ji Qingyi's thoughts are too deep, Ji Daoyi was played by her to death.

Facing the people of Ji Daoyi's family, Ji Qingyi looked calm.

A pair of autumn water pupils are as clear as water.

"The truth is that Ji Daoyi was assassinated by a foreigner after he was hit hard."

"Blame me too. I didn't pay attention at that time. If I walk with him, maybe he won't die."

Ji Qingyi sighed, with a hint of self-blame and helplessness.

This acting is a pity not to win the Oscar statuette.

When Ji Yingying saw this, there was still anger and hatred in her eyes.

"If it wasn't for that Jun Xiaoyao severely inflicted Dao Yi's brother, how could Dao Yi's brother be so easily killed by a foreign creature!"

"Jun Xiaoyao, brother Daoyi's blood account, my Ji family remembers it!"

[Chapter 1174: The blood evil illusion, the blood evil thunder dragon, meet the Phoenix Nirvana again](#)

In the depths of the virtual world, Jun Xiaoyao was walking and thinking at the same time.

At the beginning, he thought that the virtual world would be a simple experience.

As a result, the situation has become more complicated now.

The virtual world itself seems to have some kind of secret.

For example, something that caused him to feel the blood of the Holy Physique.

There is also the Cang Clan, the taboo family above the Nine Heavens, connecting and appearing.

Originally, these forces were hiding behind the scenes.

And now, all have surfaced.

Does it mean that the restricted area of life above the nine heavens is also somewhat uncontrollable?

There is another point worth thinking about.

Jun Xiaoyao did not forget the curse of the Eucharist.

Before, he had investigated some situations in the ancient ruins of Heiyuan, which is the underworld.

Participating in the Curse of the Eucharist, except for the underworld.

There seems to be a restricted area of life, Changsheng Island.

If the restricted area appears later, Changsheng Island will naturally surface.

"Since the restricted area of life may surface in the future, the matter of the Curse of the Eucharist must be investigated clearly."

Jun Xiaoyao thought.

He believes that before the forbidden zone of life is truly present.

The taboo family should be a **** and show up first.

"But right now, we still need to focus on the opportunities in the Void Heaven Realm."

Jun Xiaoyao continued on.

In fact, there are not many disciples of the Immortal Court who are still in the Xutian Realm.

After all, the deeper into the virtual world, the greater the danger.

Except for a few Tianjiao, it is difficult for anyone to guarantee that their soul will not be destroyed.

It didn't take too long.

Jun Xiaoyao finally came to the blood evil illusion in the depths of the virtual world.

This is a forbidden area at the deepest core of the Xutian Realm.

Even if it was the previous experience in the Void Heaven Realm, no one could enter it and come out again.

In fact, as soon as they step into the realm of the illusion of blood, the primordial spirit will be annihilated.

"The bloodline that belongs to the Eucharist is getting stronger and stronger." Jun Xiaoyao muttered to himself.

The power of his primordial spirit is surging, boundless and endless, directly stepping into the illusion of blood evil.

Suddenly, Jun Xiaoyao seemed to be in a **** world.

Looking around, everything is blood red.

It was like an ancient battlefield, but it was stained with a bleak blood.

Various phantoms left over from ancient times emerge.

There are ancient emperors colliding, and ancient fierce beasts fighting.

All things in the sky, blood flowed into rivers.

It was like the destruction of an era, it was a world-shattering battle.

Vaguely, Jun Xiaoyao also saw the golden blood rushing into the sky, and the roaring sound spread all over the universe.

"That is, a great Eucharist!"

Jun Xiaoyao was extremely surprised.

What kind of battle was that, and was the Eucharist line involved in it?

But...

If there is such a terrible battle, why hasn't it been recorded?

Now, the record of the virtual world is only a vague record, and it is a place of time and space chaos formed by the collision of the strongest.

Jun Xiaoyao vaguely felt that this battle definitely had extremely important significance.

It may even be a major turning point for Xianyu!

It's just been erased deliberately, and it has never been recorded in ancient history.

And the merits of the Eucharist line in this battle were also deliberately buried, and they have never been extolled among the living population.

"There are more and more unknown secrets." Jun Xiaoyao frowned.

at this time.

Those remaining scenes quivered like rippling water waves.

In the depths of the Blood Fiend illusion, a roar suddenly sounded.

Furious blood surging, under the blood-colored sky.

It turned into a **** thunder dragon.

"What a terrifying power of vitality..."

Rao is Jun Xiaoyao, his pupils are shaking slightly.

Just a wisp of blood, it turned into a **** thunder dragon.

That ray of vitality should come from an unimaginable strong man!

It is even very possible that they are the ancestors of the Eucharist!

Jun Xiaoyao understood now.

Why do I have that special Eucharist bloodline induction.

"Could it be that a certain ancestor in the Saint Body line was one of the strongest people who led to the formation of the Void Heaven Realm?"

Jun Xiaoyao had a bold conjecture in his heart.

Roar!

The blood fiend thunder dragon, the aura is too strong.

Especially in the illusion of Blood Fiend, you can also get the bonus increase of the environment.

And Jun Xiaoyao, just stepping into the blood evil illusion, the soul was greatly suppressed.

If it weren't for his strong spirit.

I am afraid that without the Blood Fiend Thunder Dragon, he would also be annihilated by the Blood Fiend's Qi in the Blood Fiend illusion.

This blood energy is just reaching yang.

The primordial spirit is yin.

So it will be subject to great restraint.

It is no wonder that the Blood Fiend illusion will be a forbidden place in the Void Heaven Realm where no one can step.

The Blood Fiend Thunder Dragon, rushing towards Jun Xiaoyao, opened his mouth to vomit blood Fiend Thunder.

This kind of thunder has great restraint on the soul primordial spirit and so on.

Jun Xiaoyao urges Yuanshen Law.

The Great Sun Tathagata manifests itself, and the golden glow is radiant, immovable like a mountain, blocking Jun Xiaoyao.

boom!

The whole Tairi Tathagata tremor was trembling, and there were traces of cracks on the body surface.

"So strong."

Jun Xiaoyao's eyes are also solemn.

If his deity is in its heyday, dealing with this blood fiend thunder dragon is nothing to worry about.

But now, Jun Xiaoyao is just a pure soul body, and it is also part of the power of the soul.

The Great Sun Tathagata is falling apart.

And at this critical moment.

Suddenly, there was a sky black flame sword feather, attacking and killing from behind Jun Xiaoyao!

"Huang Nidao."

Jun Xiaoyao's eyes flashed coldly.

In the rear, the figure of Huang Nidao emerged.

He also pried out the news from a disciple of the fairy courtyard.

Later, Jun Xiaoyao appeared, killed the Cang people, and obtained the six roots of reincarnation.

Phoenix Nirvana is naturally unwilling to be reconciled to Jun Xiaoyao getting the Six Paths of Reincarnation Immortal Root.

Therefore, he also went deep into the Xutian realm, looking for traces of Jun Xiaoyao.

When Jun Xiaoyao was in danger, he wanted to secretly attack and kill with one blow.

"Jun Xiaoyao, should you say you are brave, or should you say you are stupid, even the people of the Cang clan dare to kill."

"If you provoke the Cang Clan, there will be no end to it. It's better to have these six reincarnation fairy roots, let me help you endure it."

There was a sneer on Huang Nidao's face.

Jun Xiaoyao's expression was indifferent, and the light of the soul of his body was surging, blocking the power of that flame sword feather.

However, Huang Nidao raised his hand again, and the endless fire condensed into a pitch-black spear.

This is the law of the immortal soul.

The dark spear lingered around the flames, UU reading www.uukanshu.com could burn even the soul, and threw it at Jun Xiaoyao.

At the same time, the Blood Fiend Thunder Dragon also rushed towards Jun Xiaoyao.

It can be said that if there is no big means, the soul of Jun Xiaoyao may be annihilated.

Then the opportunity for him to explore the virtual world will also be lost.

Huang Nidao's handsome face just wanted to show a sarcasm, but found that Jun Xiaoyao's complexion was as calm as water.

"Um?"

Huang Nidao felt something was wrong.

Jun Xiaoyao said nothing.

Between his eyebrows, an ancient emperor talisman appeared, with a sense of supremacy.

Suddenly, an immense imperial might swept the entire Blood Fiend illusion.

Vaguely, there seemed to be a vaguely tall figure, manifesting between the heaven and the earth.

Surprisingly, it is the phantom of the Great Emperor Luangu!

And the emperor talisman sacrificed by Jun Xiaoyao is naturally the emperor soldier guarding the soul, the ancient emperor talisman of chaos!

Just when the emperor's way of the ancient emperor talisman was shining brightly.

Not far away, another group of mysterious people who were searching for opportunities in the depths of the Void Heaven Realm, saw the phantom of the Great Emperor Luangu, their expressions changed instantly and became extremely cold.

"Could it be... the descendants of the ancient chaos are now alive again?"

[Chapter 1175: Huang Nidao came for nothing, the taboo family reappeared, and...](#)

The resplendent chaotic ancient emperor talisman carries an endless vast expanse of emperor prestige.

Before, this ancient imperial talisman was passively manifested.

Because when he got this emperor talisman, Jun Xiaoyao's strength was not enough to mobilize the emperor's soldiers.

And now, Jun Xiaoyao, whose cultivation has reached the Supreme Realm.

Even if you can't use the full power of the imperial soldiers.

At least one or two can be controlled initially.

This ancient imperial talisman has helped Jun Xiaoyao many times.

In the Bronze Immortal Palace and the World of Shenxu, Jun Xiaoyao's body collapsed and fell into a great crisis of the death of the soul.

They are all ancient imperial charms of chaos, which protects the primordial spirit of Jun Xiaoyao.

At this moment, Jun Xiaoyao initially urged the power of the ancient emperor talisman to turmoil.

The attack of the **** thunder dragon and the attack of the Phoenix Nirvana could not break through the defense of the ancient chaotic emperor talisman.

In terms of attack, Luangu Emperor Talisman may be at the bottom of the ranking among the Imperial Soldiers.

But in terms of Yuanshen defense, Luangu Emperor Talisman is definitely one of the top existences.

"Damn it, Emperor Soldier!"

Huang Nidao's face was cold.

Seriously, now, few people really remember that Jun Xiaoyao still has another identity, that is, heirs of the ancient chaos.

He also controls the Secret Art of Chaos of the Great Emperor Luangu.

There is also the imprint of Luangu Great Emperor's attacking imperial soldiers, and the brand of Luangu Axe is also in Jun Xiaoyao's hands.

"That's an emperor soldier."

The corners of Huang Nidao's eyes were twitching.

Even as the son of the ancient emperor, he only had one quasi-emperor soldier left to him by his father.

It's not yet the Yuanshen Emperor's soldiers exclusively dedicated to the Yuanshen.

And looking at the Nine Heavens Immortal Realm, how many people can sacrifice an emperor like Jun Xiaoyao?

Even if it is a descendant of the immortal forces, it is impossible to be so extravagant.

Now, the top rank of Tianjiao, a quasi-imperial soldier is already the top match.

Of course, if you let Huang Nidao know, Emperor Xiaoyao's many soldiers can be sold. I don't know how he feels.

In addition to the ancient imperial talisman.

The emperor soldier of the deserted ancient temple, the deserted **** armor, strictly speaking, also belongs to Jun Xiaoyao.

It's just that Jun Xiaoyao temporarily gave the Desolate God Armor to Wu Hu to use it.

There is also the Emperor's Court, in the previous immortal battle of the Desolate Heaven and Immortal Territory.

The emperor soldiers of the immortal forces, such as the Ancestral Dragon Nest, Wanhua Lingshan, and the Royal Family of the North, were all confiscated by the Emperor's Court.

You know, this still doesn't include the emperor soldiers of the Jun family.

Therefore, it is not a lie to say that Jun Xiaoyao has a lot of soldiers to sell.

"Huang Nidao, don't think it's great to have a father."

"The world will only remember that you are the son of the undead ancient emperor, and they will not remember that you are called Huang Nidao."

Jun Xiaoyao said as he sacrificed the Soul Bridge on the other side.

The sky is full of flowers on the other bank, and a bridge on the other bank emerges, and the cover presses toward the Phoenix Nirvana Dao.

Upon hearing Jun Xiaoyao's words, Huang Nidao's handsome face immediately became savage, even a little distorted.

Jun Xiaoyao is so insightful.

Poke straight at the sore spot of Huang Nidao.

That's right!

In his heart, he was actually unwilling.

The world is just afraid of his father.

Not in awe of him.

Even the Cang Clan members just said that they would leave because of the undead ancient emperor's face.

This is a scar in the heart of Phoenix Nirvana.

As a result, now, Jun Xiaoyao **** untied!

"You want to mess with my Dao Xin, it's impossible!"

Huang Nidao's whole body was surging with undead fire, colliding with the Soul Bridge on the other side.

However, there was the repression of the imperial prestige of the ancient emperor talisman.

With this move, the phoenix nirvana was directly at a disadvantage, and the primordial spirit was shaken a little by the soul bridge on the other side.

However, the next moment, Huang Nidao was immortal and fiery.

His originally collapsed primordial spirit started to condense.

"It's useless, I am an immortal soul, in this virtual world, who can destroy me!"

Huang Nidao shouted, with a cold arrogance on his face.

Jun Xiaoyao's expression is calm.

Before, the Son of Truth also had such a confident expression.

"The immortal soul is invincible?"

Jun Xiaoyao urged all kinds of devouring methods to sacrifice the only black hole.

This can be said to be the ultimate manifestation of the way of swallowing.

Just like I Slash, it is the ultimate manifestation of kendo.

The only black hole suppressed and swallowed everything.

What about the immortal soul?

If it is a complete immortal soul, perhaps it can barely resist the swallowing of the only black hole in a short time.

But the problem is that Phoenix Nirvana is only part of the power of the primordial spirit entering the Void Heaven Realm.

He is naturally hard to contend.

"Do not!"

Huang Nidao was furious.

I wanted the praying mantis to catch the cicada, but the oriole was behind.

As a result, now, stealing chicken won't lose the rice, and put oneself in it.

Do not say that the roots of the Six Paths of Reincarnation cannot be obtained.

Even the chance to search for luck is gone.

The problem is that he didn't get any big chances at all in the Void Heaven Realm.

This time, the Tao of Phoenix Nirvana came in vain.

Pouch!

The primordial spirit of the Phoenix Nirvana was annihilated in the only cave and was refined by Jun Xiaoyao.

It's also a big tonic.

"Believe in the primordial spirit, immortal primordial spirit, if these primordial spirits can be swallowed by me." Jun Xiaoyao thought to himself.

It's no wonder that the monk who controls the way of swallowing can easily become a demon.

Because I can't help but want to swallow people.

On the other side, the Blood Fiend Thunder Dragon has been attacking Jun Xiaoyao.

It's just that there is a Luan Ancient Emperor Talisman to protect him, so there is not much threat to Jun Xiaoyao.

With a thought on Jun Xiaoyao, he released a breath of Eucharist.

The world only thinks that his ridiculous ancient sacrament has shattered in the world of the gods, and now he is returning as the descendant of the Qing Emperor, in a state of chaotic physique.

As everyone knows, Jun Xiaoyao's ridiculous ancient Eucharist is still there, and even transformed into a quasi-innate Eucharist.

However, Jun Xiaoyao did not deliberately disclose.

This can also be used as his trump card, and it may be of great use in the future.

After Jun Xiaoyao released the breath of the Holy Body.

The Blood Fiend Thunder Dragon suddenly froze.

At the next moment, he actually made an amazing move.

The Blood Fiend Thunder Dragon's head lowered, as if worshipping Jun Xiaoyao!

This also made Jun Xiaoyao a little surprised.

However, the blood fiendish thunder dragon formed by a strand of vitality and blood, turned out to be like a real living creature, possessing spiritual wisdom.

This can only prove one point.

The master of this blood is so powerful that it is unimaginable!

And just when Jun Xiaoyao wanted to go deep into the blood evil illusion.

He suddenly noticed something unusual.

Behind him, there was a sound of surprise.

"How is it possible that he can be safe and sound?"

When Jun Xiaoyao turned his head, he saw a group of people not far away.

Their hazy figure ~www.mtlnovel.com~ their breath is also very detached.

And very strange, not the same as the aura of Xianyu.

"That is the Emperor Luan Ancient Talisman, it seems that you are really a descendant of Luan Gu?"

Among the group of people, the headed one stepped out and asked Jun Xiaoyao.

Such a lofty posture.

In addition to the Cang clan, there are only taboo families.

"It seems that in this Void Heaven Realm, there is indeed a channel connected to the Jiutian Guixu, which is a trial ground for these taboo family Tianjiao."

Jun Xiaoyao thought about it in his heart.

only.

Looking at the manners of those people, it seemed that they were full of hostility towards Jun Xiaoyao.

Jun Xiaoyao was puzzled, he had never seen those people, and had little connection with the Taboo Family on the Nine Heavens.

If there is the only connection, there is only one season.

"They reacted so strongly to Luangu Emperor Talisman, could it be..."

A glimmer of light flashed in Jun Xiaoyao's mind.

He remembered that the Great Emperor Luangu seemed to have suppressed the turmoil in the first life.

His imperial soldier, Luangu Axe, also lost his whereabouts in that great battle.

Jun Xiaoyao's eyes lit up.

He felt that he seemed to have found a clue to the ancient axe.

[Chapter 1176: Forbidden areas that have grudges against chaos, 10 mysterious forbidden areas...](#)

Suppressing unrest is the responsibility of the Eucharist, but the Eucharist is not the only one involved.

In fact, some of the strongest emperors who care about the common people and cherish fraternity have all shot.

Emperor Luangu is also one of them.

This group of people come from the nine heavens, and they are extremely sensitive to the chaos of ancient times.

Ruojun Xiaoyao guessed well.

The family behind them, or even the restricted area standing behind them, may have a connection with the Great Emperor Luangu.

And it depends on their attitude.

Presumably it will not be a friendly experience.

"You are also members of the Forbidden Family on the Nine Heavens?"

Jun Xiaoyao looked at the mysterious group of people.

"Huh... you are, Jun Xiaoyao?!"

The mysterious people stared carefully, and there was a hint of surprise in their eyes.

Obviously, the name of Jun Xiaoyao has spread in the nine heavens.

Although it is impossible to be as prestigious as Xianyu, but at least he has heard of it.

This made the faces of these people change slightly.

If it is someone else, relying on the identity and background of their taboo family, they can directly find out and destroy it.

But if it was Jun Xiaoyao, it would be different.

Even if the taboo family is aloof, and if you want to provoke Xiaoyao, you have to weigh how capable you are.

Unless they are behind the restricted area of life shot.

But that is not what they can control.

Thinking of this, the faces of these people were uncertain.

They are not stupid either.

Although he is hostile to Jun Xiaoyao, he thinks of Jun Xiaoyao's name.

In addition, even the Blood Fiend Thunder Dragon was very strangely surrendering to Jun Xiaoyao.

They will not provoke foolishly.

"Huh, let's go."

The leader waved his sleeves and prepared to leave.

"Hold on."

The indifferent voice sounded from Jun Xiaoyao.

The clue I just met can't be broken.

"Did I tell you to leave?"

Jun Xiaoyao's expression was light.

Others, facing the taboo family in the nine heavens, may be extremely jealous.

Don't talk about provoking, it's already grateful if you can't be provoked.

However, Jun Xiaoyao did not have this awareness.

He is arrogant, ignoring any background or influence.

"Huh? Jun Xiaoyao, what do you mean?"

The head of the person's face sank slightly.

They didn't take the initiative to provoke Jun Xiaoyao, but Jun Xiaoyao took the initiative to provoke them.

"Your kind of hostility makes this young man upset, let's talk, why are you so sensitive to the descendants of the ancient chaos?"

"Nothing to do with you!"

The group turned around and were about to leave.

Jun Xiaoyao shook his head slightly and snapped his fingers.

Roar!

The Blood Fiend Thunder Dragon in the Blood Fiend Illusion Realm opened its mouth and roared, vomiting bleeding Fiend Thunder.

"Jun Xiaoyao, you are too much!"

"Don't think we are afraid of you!"

The group of people was screaming, also offering a means.

I have to say that the methods used in Nine Heavens are different from Xianyu.

But even so, now in the territory of the Blood Fiend Illusion, it is the home of the Blood Fiend Thunder Dragon.

Even people from the Taboo family can't compete.

Pouch!

The soul of a taboo family collapsed.

They came to the virtual world, and they hadn't found too many opportunities before they had lost the opportunity.

Only the one headed was left, his face was ugly to the extreme.

"I don't want to repeat what I said a second time, understand?" Jun Xiaoyao said indifferently.

The headed man gritted his teeth and said indifferently: "The Emperor Luangu has offended the restricted area behind my Jin family."

"As long as you are a descendant of the ancient chaos, even if you have the identity of the king's son, you will not end well in the future!"

"Sure enough."

Jun Xiaoyao guessed well.

If there are no accidents, it should be when the Great Emperor Luangu suppressed the chaos of the first generation.

Had a grudge with a nine-day restricted area.

Perhaps it was killing a big man in the restricted area, thus forging a big feud.

The Jin family is a taboo family that follows the restricted area of that side.

Therefore, it is only natural to be hostile to him, the descendant of the chaos.

"Heh, I think there is indeed something wrong with the method of the Great Emperor Luangu." Jun Xiaoyao said suddenly.

The person of the Jin family showed a strange color in his eyes and said, "Why, you want to make peace with the forbidden zone behind my clan. If you are sincere enough, it's okay..."

But the next moment, Jun Xiaoyao said casually.

"The wrong thing with Emperor Luangu is that you shouldn't leave the restricted area alive. If it's me, what if the restricted area is directly leveled?"

"Jun Xiaoyao, you are bold!"

"The restricted area behind my clan is one of the top ten restricted areas.

The person of the Jin family paled, and said inwardly.

I thought Jun Xiaoyao wanted to make peace.

What turned out to be is that this descendant of Luangu is even more absolute than Luangu itself.

Jun Xiaoyao flicked his fingers at will, and directly wiped out this Jin Family's Yuanshen.

"Ten restricted areas..."

Jun Xiaoyao muttered to himself.

For the creatures of the fairyland, Nine Heavens is an extremely mysterious area.

However, the mystery belongs to the mystery, and the ten restricted areas of life are also widely circulated in the world.

That is ten forbidden land that must not be provoked.

"According to the Little Demon Empress, this turmoil started from above the nine heavens."

"Ten restricted areas are the most important role."

"What is the power behind the Little Demon Empress, what about the restricted area related to Luo Li, and the restricted area that is grudges against the chaos."

The more Jun Xiaoyao thought about it, the more he felt that the situation was intricate and complicated.

The ten restricted areas are too complicated and messy.

"Never mind, think about it later."

Jun Xiaoyao temporarily put it down.

Since the Blood Fiend Thunder Dragon has surrendered, Jun Xiaoyao can naturally enter the depths of the Blood Fiend illusion safely.

And at the moment.

The scene turns.

In another part of the Xutian Realm, a great battle is breaking out.

Both sides of the battle were the followers of Di Haotian and Jun Xiaoyao.

The followers of Di Haotian were Bai Luoxue, the red-haired ghost, and the others.

On Jun Xiaoyao's side, Yiyu, Wangchuan, Yan Qingying and others.

This is a very curious duel.

Bai Luoxue and others were the most elite group of outstanding people in the era of Emperor Haotian.

And Yi Yu, Wang Chuan and others are outstanding figures in the world, and UU Reading www.uukanshu.com was accepted by Jun Xiaoyao.

"Everyone, are you sure you want to continue fighting?"

Bai Luoxue wears a white dress, with a subtle temperament.

She herself has a special physique, coupled with her wisdom, that's why she became the fourth oldest in Yanyun's eighteen rides.

The primordial spirit she cultivated was also very special, and it was related to her physique.

It can release a terrifying cold force, and can completely freeze the soul of a person.

"Who is the first to provoke? Isn't it that you Yanyun Eighteen Cavaliers provoke my son first!" Yan Qingying shouted coldly.

She wears a black dress with fallen wings on her back, like a beautiful fallen angel in the dark night.

"What do you do with these nonsense now, just tear them up!"

The red-haired ghost with the blood of the devil is very irritable.

And at this moment.

Suddenly there was golden light in the distance.

A golden avenue emerged from the void.

A transcendent figure, stepping forward, like a child of a fairy god.

The golden hair is as bright as the sun, the silver eyes are as deep as the sun and the moon, and the temperament is lazy, casual, but like a **** king with the sun and the moon in the palm of his hand, able to grasp everything and control the universe.

It is Di Haotian!

[Chapter 1177: The strength of Emperor Haotian, his silver eyes, the strongest sacrament...](#)

The dazzling divine light shines on the universe, the rays of sunshine are endless, and the rich colors are thousands of pieces.

Di Haotian, walking on the golden avenue, his whole person is super dusty and vulgar.

It's like a god's heir walking in the world.

"Master Haotian!"

Seeing Di Haotian appeared, Bai Luoxue and others all bowed down and bowed.

In Bai Luoxue's eyes, there was also a strong admiration and implicit admiration.

"Not good..."

"That is the ancient young emperor of Xian Ting, why did he come directly to the Xutian Realm?"

Yi Yu, Wang Chuan and others are all in the heart.

As the saying goes, seeing is better than hearing.

The name of the ancient young emperor, no matter how much you hear, it is not as shocking as seeing it in person.

This breath is too strong.

And his tolerance is extremely detached.

Although I don't want to admit it, I have to say it.

Except for Jun Xiaoyao, few people can beat him in temperament.

Di Haotian faintly swept through Yi Yu and others.

"Yi Shen blood, reincarnation..."

Di Haotian glanced around and easily revealed the secrets of the talents of Yi Yu and others.

This ability stems from his pair of silver eyes.

It is also one of his three talented physiques, Broken Silver Eye!

It can break the falsehood and point to the source.

It is an extremely sky-defying pupil, not much weaker than a heavy pupil.

And what is terrifying is that this is only one of Di Haotian's three talented physiques, not all of his abilities.

"Yes, they are all talents. That's not bad for Jun Xiaoyao's vision." Di Haotian smiled slightly.

Aside, a Yanyun knight gritted his teeth and said: "My lord, the old thirteen, the old fifteen also died in the hands of Jun Xiaoyao's followers."

Five of the eighteen riders of Yanyun had died, all of them were caused by Jun Xiaoyao and his followers.

Di Haotian waved his hand, his expression indifferent.

To him, Yanyun Shibaqi was like a tool man.

Except for the top few people, it has some effect on him.

The rest is nothing more than idleness, and just pick up the number of people at will after acceptance.

"Give you a choice and follow this young emperor. In the future, you will all be under one person and above hundreds of millions of beings."

Di Haotian's tone was plain, but he was domineering.

As an ancient young emperor, plus the rebirth plug-in.

Di Haotian believed that he was destined to win the luck of this golden world.

If you follow him, you are indeed below one person, above hundreds of millions of sentient beings.

"Our master, there will always be only one, the son."

Yi Yu's loyalty is unshakable.

Because they were all pulled out of the mud by Jun Xiaoyao one by one.

Sending charcoal in the snow is much harder than icing on the cake.

"A good bird chooses wood and lives, it's a bit irrational to be foolish." Di Haotian's expression was still flat.

"nothing to say!"

Yi Yu and others shot directly.

Yi Yu drew his bow, tens of thousands of arrows, and went away.

Forget Chuan to lift the sword, the power of reincarnation is vast.

Yan Qingying offered to devour the whirlpool.

The Eternal Jade Heavenly Girl is also a sacrifice to the power of sin karma.

"presumptuous!"

Bai Luoxue, Chi Fagui and the others scolded, they were about to take action.

However, Di Haotian took a step forward, lifting his palm and pressing it away at will.

The vast and resplendent golden soul power swept out like a big wave, turning into a supreme golden god.

Suppress three thousand realms like the Jade Emperor!

boom!

After the blow, there was no suspense.

The four souls of Yi Yu and others collapsed at the same time.

"hateful..."

They gritted their teeth and disappeared in unwillingness.

However, this is only part of the primordial spirit, Yi Yu and others have not fallen, but have lost the opportunity to continue to stay in the Void Heaven Realm.

"As expected, Master Young Emperor..."

In the eyes of Bai Luoxue and Chi Fagui, there was even more awe and respect.

If they dealt with it, it would be difficult to kill, but Di Haotian could do it with a single blow.

"It's just a follower of Jun Xiaoyao. If he himself is so fragile, I will be disappointed." Di Haotian didn't care.

However, the next moment, his brow suddenly frowned.

It is not waiting for him to fully react.

Two shadows suddenly appeared.

He did not kill him, but sneaked on the other Yanyun Eighteen Cavaliers.

Except for Bai Luoxue and the red hair ghost, it was a little closer to Emperor Haotian.

For the remaining knights, the primordial spirit was directly destroyed.

The indifferent expression on Di Haotian's face converged slightly.

He frowned and walked away.

The surging golden soul power turned into a golden giant palm, and the cover pressed against the two shadows.

One of the beautiful shadows shocked her delicate body.

A terrifying eight-armed demon statue appeared, actually blocking Di Haotian's palm.

"A tooth for a tooth, an eye for an eye!"

Another indifferent female voice sounded.

Then two shadows disappeared into the void at the same time.

"It's them again!"

Seeing this, the red-haired ghost couldn't help but shout.

Those two fascinating ghosts, like an assassin's killer.

Naturally Xuan Yue and Su Hongyi.

Just now, it was Su Hongyi who sacrificed the Mo Heitian of the Heitian Emperor Clan and blocked the palm of Emperor Haotian.

"Are they also followers of Jun Xiaoyao?" Di Haotian was slightly surprised.

Among Jun Xiaoyao's followers, there was someone who could block him.

It was indeed beyond his expectations.

And there are still two girls.

"It's the two of them, the old thirteenth and the old fifteen were both killed by them before." Bai Luoxue said.

"These two people are two sharp knives."

"A person does not seem to have any special physique, but it seems to be a fusion of many special blood physiques."

"The power of the other person is somewhat incompatible with the immortal realm. It seems to be the law of the emperor in a foreign land."

"This gentleman Xiaoyao has a unique vision."

Di Haotian's deceptive silver eyes immediately saw the clues of the two.

"That's the eldest brother and they never came, otherwise, those two women wouldn't be able to kill our people." Chi Fa ghost said.

Among the eighteen riders of Yanyun, the top three knights are the strongest.

And they were once opponents to challenge Di Haotian.

Being able to become Di Haotian's opponents, it is conceivable that they will not be too weak.

It was only after the final defeat that he was willing to follow Emperor Haotian.

"Okay, let's go."

Di Haotian held his hand and didn't care.

This is just an episode.

"Next, it's the Blood Fiend illusion. There is a great opportunity in UU Reading www.uukanshu.com. If I get it, it can be used to temper my emperor's golden body."

Di Haotian had the intention to take Bai Luoxue and the scarlet ghost to the blood evil illusion in the depths of the virtual world.

And here.

Jun Xiaoyao has already penetrated into the blood evil illusion.

Because of the Saint Physique bloodline, he did not encounter any danger.

After continuing to go deep into the Blood Fiend illusion, Jun Xiaoyao found it surprisingly.

In front of it was a **** abyss.

There is a drop of blood in it.

A drop of ordinary, red blood.

It seems ordinary, but not so ordinary.

Because the entire Blood Fiend illusion was formed by this drop of strong blood.

Even the Blood Fiend Thunder Dragon is just a drop of blood, formed by a ray of blood.

The moment he saw this drop of blood, Jun Xiaoyao had a clear understanding in his heart.

This is the blood of the ancient sacrament!

And it's not the blood of the ordinary ancient sacrament.

It's the ancient sacred body...

Do not...

Even more perfect than the great ancient sacrament.

This is the line of the Eucharist, the blood of the strongest!

[Chapter 1178: No time for the blood of the Eucharist, step by step to be the first, sign 8 stars...](#)

The drop of blood was very bright red, like a fire diamond.

I don't know what a long time has passed, but still exuding a powerful and terrifying qi and blood.

Even the entire Blood Fiend illusion was formed because of this drop of blood.

In the depths of the Xutian Realm, the blood of the ancient sacrament appeared.

What does this mean?

In the battle that was hidden in ancient history, the Eucharist was the absolute main force.

This drop of blood should be left over from that war.

So far, the years are too long to imagine.

However, this drop of blood is still alive, like a heart beating, as if there is a pulse of life.

"The blood of the sacramental vein is covered with a layer of shining gold, and the perfect sacramental body will return to the original and true colors."

"And this drop of blood is absolutely perfect, even in the Great Eucharist, it is absolutely flawless."

Jun Xiaoyao is very curious, who is the owner of this drop of blood?

"Although I don't know who it is, it means a lot to me."

Jun Xiaoyao's eyes were very bright.

To him, the value of this drop of blood is definitely not weaker than the Six Paths of Reincarnation Immortal Root.

Although Jun Xiaoyao signed for a ridiculous ancient Eucharist that broke the ten chains when he was born.

But strictly speaking, it is not a big success.

The true great ancient sacrament, but the existence that can stand shoulder to shoulder with the emperors and emperors.

Jun Xiaoyao just possesses a perfect eucharist with no limits.

But now, this drop of blood is too important to Jun Xiaoyao.

This is the blood of the strongest person in the Eucharist, and it is of great help to him to understand the secrets of the Eucharist.

And don't forget.

Jun Xiaoyao can only comprehend four of the six visions of the Wild Ancient Eucharist.

It's not that he is not savvy enough.

It was because he had too many magical powers to comprehend, and he had been cultivating the chaotic physique afterwards.

So there is no extra energy to comprehend the vision of the Eucharist.

And now, after getting this drop of blood.

Jun Xiaoyao can not only use this to temper his own Eucharist, but also get the opportunity to comprehend the vision of the Eucharist.

At that time, the six visions will gather to form six reincarnations, which can push the enemies of the ages horizontally.

This is the same as the nine gods of the Tyrant Body, all of which are realized, and the power will be multiplied.

Without any hesitation, Jun Xiaoyao just put away this drop of Eucharist blood.

If someone else came and approached this drop of blood, the soul would be shaken away.

Because the blood of the Eucharist is as strong as the sun.

But the primordial spirit is yin, so it is difficult to approach it at all.

Jun Xiaoyao is completely unaffected, because he himself is the Eucharist.

After putting away this drop of perfect holy blood, Jun Xiaoyao was also in a good mood.

"The sign-in hasn't been triggered yet, it should be possible to go deeper."

After making a judgment, Jun Xiaoyao continued to move deeper.

He perceives it carefully, faintly aware that, deeper, there seems to be a kind of faint reincarnation fluctuation.

And it didn't take long for Jun Xiaoyao to get closer.

Outside of the illusion of blood, three figures appeared.

It was Di Haotian, Bai Luoxue, and the red-haired ghost.

"Master Young Emperor, this is the Blood Fiend Illusion Realm, the forbidden place of the Void Heaven Realm, and it is difficult for the primordial spirit to go deep." Bai Luoxue said.

"Of course I know, but...no problem."

Di Haotian's expression was light.

With a wave of his sleeve, the vast golden spirit power surged, wrapping Bai Luoxue and the red-haired ghost in it.

Then, the three of them directly entered the illusion of Blood Fiend.

"As expected, Master Young Emperor..."

Bai Luoxue had more admiration in her eyes.

These forbidden places couldn't stop Di Haotian's pace in the slightest.

However, what made Di Haotian frowned slightly.

He noticed that the qi and blood in this place seemed to weaken a lot.

Thinking of a possibility, he quickened his pace.

Soon, they came to the depths of the blood fiend illusion.

In the great pit of the abyss, only traces of blood remained.

Among them, what Di Haotian really wanted was gone.

Emperor Haotian's eyebrows locked tightly.

If it was the first time, that the pseudo-root of the Six Paths of Reincarnation Immortal Root was not obtained, that's it, Di Haotian didn't care.

That time, what he wanted, the drop of blood that could temper his physical constitution, was gone.

This aroused Di Haotian's vigilance.

It seems that there is always someone who has taken the lead and occupied the opportunity that should have belonged to him.

"One time is accidental, and two times are coincidences. Let this young emperor see if there will be a third time!"

There was a dark glow in Di Haotian's eyes.

The true six-path reincarnation fairy root, in the deepest part of the virtual world, he must get it!

Di Haotian and the other three quickly went deep.

On the other side, Jun Xiaoyao, who was walking at the forefront, found that he had walked out of the illusion of Blood Fiend.

Looking around, there is a strange starry sky ahead.

All kinds of space cracks, time cracks are all over it.

Broken universe, dim stars.

Formed a place of extreme chaos.

"It seems that this should be the deepest part of the virtual world, and it may be the central area where the strongest collides." Jun Xiaoyao thought.

If one of the strongest is said to be the master of this drop of perfect holy blood.

Then how strong should his opponent be?

"Is there such a terrifying enemy in the line of the Eucharist? Has that enemy of the Eucharist been wiped out?"

Jun Xiaoyao is thinking.

He felt that the enemy of the Eucharist shouldn't be in the line of the Domineering Body.

Although the hegemony body is strong, it is impossible to wage such a huge war with the Eucharist.

"Changsheng Island, the netherworld, the Curse of the Eucharist, the battle that has been reflected in the virtual world..."

Jun Xiaoyao thought while walking, thinking that there must be a shocking secret in this.

The forbidden zone in the nine heavens, the mysterious underworld, the curse of the Eucharist, the battle of the imaginary world.

Everything in this is like a net, which is secretly related.

It's just that Jun Xiaoyao hasn't found a key clue yet, and hasn't clarified the context.

Just when Jun Xiaoyao thought about it.

Suddenly, the mechanical sound of the system rang in his mind.

"Ding, you have reached the sign-in place, the virtual world realm, do you sign in?"

"Sign in!"

"Ding, congratulations to the host, get the eight-star reward, the heart of protecting the world!"

"The heart of protecting the world?"

Jun Xiaoyao was puzzled, and then checked the role of the heart of protecting the world.

Discovering the heart of protecting the world is a very powerful means of amplification.

As long as the host has a compassionate heart of protecting the world, he can integrate into this heart, and he can break through a great realm directly under the quasi-emperor.

"Unconditionally raise a level, and can you continue to increase yourself?"

This is a very good sign-in reward, no wonder you can get eight stars.

Although there are restrictions under the quasi emperor. UU reading www.uukanshu.com

But it is conceivable that if a chaotic Taoist priest is refining, he can directly break into the Zhun Emperor.

This is absolutely against the sky, I don't know how many Dao Venerables will break the head fight when it is spread out.

But Jun Xiaoyao didn't get too excited.

Because for him, it is really not difficult to break through the quasi emperor.

And to integrate into this heart of protecting the world, you need a heart of great compassion and salvation.

Jun Xiaoyao is not there.

He is willing to protect his relatives, family, friends, and beauties.

But he has no interest in saving the world.

Now that he became a hero respected by everyone in Xianyu, it was just a coincidence.

Collect the power of faith by the way.

It can be said that Jun Xiaoyao doesn't care about being a hero of salvation.

He is more of an anti-hero.

As for Jun Xiaoyao's father, Jun Wugui is very suitable.

He is a real hero.

But Jun Wugui has his own way and his own way to go.

He doesn't need this heart of protecting the world either.

"correct..."

Jun Xiaoyao's eyes brightened.

Think of someone.

A person who is most suitable for protecting the world!

[Chapter 1179: Emperor Hao Tianjun finally meets freely, an invisible confrontation, God...](#)

The person Jun Xiaoyao thought of was naturally the last sacred body of the deserted ancient temple, Wuhu.

Jun Xiaoyao felt that if turmoil really came in the future.

The Eucharist is definitely a vital role.

And now the entire fairyland is on the bright side.

In addition to him, only Wu Hu is the ancient sacrament.

This heart of protecting the world couldn't be more suitable for him.

And Wu Hu himself also has a compassionate wish to protect the world.

"I always feel that Wuhu will play an extremely important role in the future."

The sacramental line, including the former deserted ancient temple, once assumed the mission of preventing the catastrophe.

Wuhu is the last sacrament of the deserted ancient temple, and it is naturally a person born in response to the catastrophe.

Jun Xiaoyao himself should also be a person who should be robbed.

But if you can have one more helper, why not do it?

Moreover, Wu Hu is now a god-sovereign cultivation base, and a big brother in the Emperor's Court.

Helping him is beneficial to Jun Xiaoyao and Emperor Court.

In the future, the Emperor's Court will have a Great Enlightened Eucharist, which will also be more stable.

After the decision was made in the heart, Jun Xiaoyao put away the heart of protecting the world.

He continued to wander in this chaotic area.

It can be said that few people can reach such a deep place in the virtual world.

"Hey, there is a breath..."

Jun Xiaoyao noticed a certain breath, and he looked at it.

In front, there was a dark void crack.

Among them, there is a faint brilliance surging.

Jun Xiaoyao condensed his eyes and found that it was a light cocoon.

Among them, there is a hazy figure, which is not real.

"what happened?"

Jun Xiaoyao felt very surprised.

There was such a light cocoon in the cracks in the space deep in the virtual world.

This is weird.

And that light cocoon was filled with a faint wave of reincarnation, containing extremely terrifying energy.

"Is this the true Six Paths of Reincarnation Immortal Root?" Jun Xiaoyao guessed.

And just when he wanted to step forward to find out.

A faint voice came from behind.

"Finally met, Jun Xiaoyao."

The voice was calm, flat, with a sense of confidence, as if it were the ruler of the heavens.

When Jun Xiaoyao turned around, he saw Di Haotian and the others.

She has long golden hair, silver double eyes, slender figure like jade, and beautiful face like a god.

I have to say that when he first saw Di Haotian, Jun Xiaoyao's eyes flashed with a faint surprise.

He rarely saw a person with such an excellent temperament.

Not to mention comparing with him, but not much worse.

"Xianting ancient young emperor." Jun Xiaoyao said calmly.

Except for the mysterious ancient young emperor, Jun Xiaoyao couldn't think of anyone else.

Not to mention that Bai Luoxue and the red-haired ghost were standing beside him.

While Jun Xiaoyao was looking at Emperor Haotian.

Di Haotian was also looking at Jun Xiaoyao.

I have to say that this man's appearance and temperament are the only thing he has seen in his life.

Di Haotian's silver eyes shone with faint silver light.

"The aura of chaos is indeed similar to the aptitude of the chaos body, he has indeed obtained the inheritance of the Qing Emperor." Di Haotian muttered to himself.

Just when he wanted to urge the Silver Eyes to make a higher level of investigation.

A strange color appeared in Jun Xiaoyao's eyes, and his figure was slightly shaken.

Chaos Qi surged and filled his body, giving Jun Xiaoyao a vague and ethereal meaning.

Facing the sky and changing the sun, Dafa urged!

"Broken silver eyes."

Jun Xiaoyao has long heard that this ancient young emperor of Xian Ting has three natural physiques.

Broken Silver Eye is one of them.

It can break through the many falsehoods in the world, and it is not much worse than the heavy pupil.

There are many secrets in Jun Xiaoyao, and there are many rare and strange things in the inner universe.

He naturally wouldn't let Di Haotian see through himself.

Not to mention, the constitution of the quasi-innate Eucharist, he also needs to be hidden, which will be of great use in the future.

Di Haotian's eyes showed a different color.

He found that his broken silver eyes could not see through Jun Xiaoyao.

"Is it a secret method to cover my breath? It's a pity that my ability to break the silver eye is more than this." Di Haotian muttered in his heart.

After breaking through the silver eyes, after practicing to the advanced realm.

You can even see the line of cause and effect.

"Let me take a look, what is the cause and effect of you who didn't exist before?"

In Di Haotian's pupils, there were silver runes circulating.

Before, in the memory of his rebirth.

Jun Xiaoyao is a non-existent character.

And now, all the deviations point to Jun Xiaoyao.

It can be said that Jun Xiaoyao is a character who has changed the world line.

So Di Haotian wanted to see through, what is the secret behind Jun Xiaoyao.

However, what surprised Di Haotian again was that.

He couldn't see the cause and effect of Jun Xiaoyao!

There are only two reasons.

First, the cause and effect of Jun Xiaoyao is blocked.

Second, Jun Xiaoyao doesn't stick to cause and effect at all.

Di Haotian thought it was the first one.

"Interesting, this makes the young emperor more and more interested." Di Haotian smiled faintly.

Jun Xiaoyao's expression was equally calm.

He also noticed that Di Haotian was investigating his cause and effect with broken silver eyes.

It is a pity that he is a man of nihilism.

Want to grasp his cause and effect and destiny.

Di Haotian was a bit too tender.

"Master Young Emperor..."

The red-haired ghost and Bai Luoxue are puzzled.

Di Haotian and Jun Xiaoyao stood opposite each other, keeping silent.

None of them knew.

In just a short time.

These two people have gone through a round of psychological contention and contest.

This is the real master's trick, the trick is fatal!

"Since the young emperor was born, the name Jun Xiaoyao has heard the most is Jun Xiaoyao. I see this deity today, and it really deserves its reputation."

Emperor Hao is so graceful and graceful, just like the mythical Jade Emperor.

"The ancient young emperor of Xian Ting does not live up to his name." Jun Xiaoyao also smiled faintly.

In the face of the most enchanting Tianjiao in Xian Ting, he was not in the slightest.

"The six roots of reincarnation were obtained by you." Di Haotian said.

"So what?"

"And that drop of blood, you got it too?"

"Huh? Do you know that there is a drop of blood in the Blood Fiend Illusion?" A strange color flashed in Jun Xiaoyao's eyes.

"Judging from the blood remaining there." Di Haotian said calmly and calmly.

Rebirth is his greatest secret, which cannot be known by anyone.

Otherwise there will definitely be trouble.

A hint of thinking flashed in Jun Xiaoyao's eyes.

This ancient young emperor of Xian Ting seemed to have something in it.

It was different from the other leaks he had seen before.

"So, what do you want?"

"You killed my followers. It stands to reason that the young emperor should get back this account."

"But, after all, it was they who provoked first."

"Furthermore, you are indeed one of the most outstanding personalities of this era, and this Young Emperor admires you very much." Di Haotian said.

The implication is already obvious.

Di Haotian actually wanted to take Jun Xiaoyao as a follower.

It can be said that now looking at the Nine Heavens Immortal Domain.

Even the real emperor is not qualified to say that Jun Xiaoyao is a follower.

Because of Jun Xiaoyao's future achievements, UU Reading www.uukanshu.com is the lowest emperor.

One can imagine how mad Di Haotian is.

No one has a higher self-esteem than him.

When Jun Xiaoyao heard the words, he was not angry, but calmly said.

"Di Haotian, don't let this son underestimate your IQ."

Jun Xiaoyao's mouth is not poisonous.

Obviously there is no dirty word, but the curse is invisible.

If I change to another person, I'm probably going to die long ago.

But who is Di Haotian, his expression is still plain.

"Ben Shaohuang knows that you may not be convinced in your heart, but it doesn't matter."

"My subordinates, the first few of the Yanyun Eighteenth Cavaliers, all challenged me, but in the end they all failed and became followers of the young emperor."

"And you Jun Xiaoyao is no exception."

Di Haotian's tone was extremely calm.

"Then you can give it a try." Jun Xiaoyao's sleeves shook.

Even in the face of this ancient young emperor, he did not have the slightest fear.

At this moment, the light cocoon in the crack of space suddenly trembled.

The surface is covered with cracks and then cracks.

A petite figure appeared in the eyes of Jun Xiaoyao and Di Haotian.

[Chapter 1180: The little loli bred by the light cocoon, is it the six reincarnation fairy...](#)

When Di Haotian came here, he noticed the light cocoon for the first time.

He also guessed that this is definitely something special.

It might even be the Six Paths of Reincarnation.

Even though Di Haotian had heard the news of the Six Reincarnation Immortal Roots, he had never actually seen the Six Reincarnation Immortal Roots.

After all, Di Haotian only knew some news of great opportunities.

He could not have experienced every opportunity.

But now, what makes Di Haotian and Jun Xiaoyao very surprised is that.

What emerged from that light cocoon was not the imaginary Six Paths of Samsara fairy roots.

But a little girl curled up!

The little girl does not look very old, about five or six years old.

He was wearing a little white dress that was as light as a cicada's wings.

She has long silver-white hair, and her skin is as white as ice and snow.

The white and delicate, porcelain-like face is carved and jade.

Her eyes are closed and her eyelashes are very long.

The slender limbs were curled up, like a baby in the belly.

The whole person looks like a delicate and beautiful, extremely cute porcelain doll.

This made Di Haotian and Jun Xiaoyao both show unexpected colors.

In the deepest part of this virtual world, in a cocoon in a void in the crevice, such an elf-like little girl unexpectedly bred.

"Is she the fundamental body of the Six Paths of Reincarnation?" Di Haotian couldn't help but guess.

There are indeed some fairy medicines, possessing spirituality and wisdom, which can transform the human form.

This is not uncommon.

Just when the two were looking at the little girl.

The little girl seemed to feel something, her long eyelashes like butterfly wings trembling slightly.

Then he opened those **** and white eyes that were as flawless as gems.

At first glance, I saw Jun Xiaoyao.

There are rumors, when the chicks break their shells.

He will regard the creature he first saw as the closest being.

And now, the first thing the little girl saw was Jun Xiaoyao.

Subconsciously, the little girl shouted in a voice that was still tender and milky.

"Daddy!"

At the scene, even Jun Xiaoyao, who has always been in the mood for joy and anger, was slightly stunned.

He glanced at the left and at the right, a little surprised.

This little girl is calling him?

Do you like to be a father?

Even Jun Xiaoyao had a little head covering, but he didn't react for a while.

Is this really a creature formed by the fairy roots of the Six Paths of Reincarnation?

But there was only a very weak breath of reincarnation in her body, which was not obvious.

If this little girl is really the fundamental body of the Six Paths of Reincarnation Immortal, then he really feels a bit responsive after refining.

After all, copper smelting is not allowed.

On the other side, a silver light flashed in Di Haotian's eyes.

He urged the broken silver eyes, and in the mercury-like pupils, there were fine silver runes circulating.

He wanted to see through the little girl's secret and know whether it was really transformed by the fairy roots of the Six Paths of Reincarnation.

However, in the next moment, Di Haotian only felt that his eyes were extremely dazzling.

He felt as if he was staring at a great emperor!

Even more terrifying!

Pouch!

In an instant, a terrifying backlash emerged.

Di Haotian's eyes instantly left tears of blood!

Even he couldn't help but screamed, and his body burst into pieces!

"Master Young Emperor!"

Bai Luoxue and the red hair ghost on the side saw this, their expressions changed, extremely pale.

How is this going?

Di Haotian's soul body was directly exploded!

When Jun Xiaoyao saw this scene, his pupils shrank slightly.

Then resisted the urge to investigate the little girl's details.

However, even though Di Haotian's Yuanshen body exploded.

But the golden soul power was shaking.

Faintly, as if there is a terrifying breath, the golden emperor that suppresses the world emerges.

The scattered golden spirit power was actually re-condensed into the shape of Di Haotian.

It's just that, compared with before, Di Haotian's Yuan Shen body was seven points illusory.

The current Di Haotian was really a little like a ghost, thin and transparent.

"Sure enough, isn't it gone?"

Jun Xiaoyao slightly felt a pity.

If Di Hao was so innocent, it would be a little ridiculous.

However, Emperor Haotian's primordial spirit also made Jun Xiaoyao a little alert.

Di Haotian's special soul is also one of his three talents.

Rumor has it that an ancient strong emperor inherited from Guxianting is too strong to imagine.

But this is also proved from the side.

This little girl has an unusual origin.

Di Haotian used his silver eyes to explore, but was met with a terrifying backlash.

"Daddy!"

The little girl seemed to be a little afraid of Di Haotian's aggressive eyes.

Directly rushed to Jun Xiaoyao's side.

Like a suckling swallow, it crashed into his arms.

Jun Xiaoyao was stunned.

Is really stunned.

The little girl's body is light and fluffy, soft, as soft as cotton.

Silver shines like silk and satin, and skin is as delicate as warm jade.

Those big eyes that flickered like stars and were pierced like gems were blinking, staring at Jun Xiaoyao closely.

"Daddy, you look so good!"

The little girl put her arms around Jun Xiaoyao's neck.

Jun Xiaoyao is speechless.

Is this girl looking at her face to choose her father?

Sure enough, on the other side, Rao Di Haotian's eyes twitched slightly.

Is he not handsome enough?

Not really.

Standing out, you can definitely fascinate countless women.

But now, the little girl with a strange identity and a mystery of origin is the chosen Jun Xiaoyao.

Even a fool knows that this little girl is absolutely extraordinary.

It is conceivable that all his deceptive silver eyes can be backlashed, which is absolutely extraordinary.

If she can get her trust, maybe she will come up with a big surprise.

"No more than three things, this is the third time."

Di Haotian began to face it squarely.

From the beginning, the six paths of reincarnation fairy roots are pseudo-roots.

That drop of blood to the blood evil illusion.

The little girl now.

It stands to reason that these opportunities should have belonged to his Emperor Haotian.

When he was reborn into the golden age, didn't it mean that God's will told him to dominate this life?

Add memories of rebirth.

All Tianjiao, in his eyes, are leeks that can be harvested.

But why, Jun Xiaoyao seems to have replaced him, always able to take away his chances in advance?

This feeling made Di Haotian not happy.

It was as if the things that belonged to him had been snatched by Jun Xiaoyao.

If there is no Jun Xiaoyao, UU reading www.uukanshu.com Di Haotian is confident that this little girl will definitely recognize him as the master.

"Daddy, hungry..."

The little girl blinked big eyes, so cute.

With a thought of Jun Xiaoyao, he directly took out the six-path reincarnation fairy root.

He wanted to test whether this little girl was the fundamental body of the Six Paths of Reincarnation.

From here we can see how clever Jun Xiaoyao is.

As expected, the little girl's eyes lit up.

"Is this ok?"

The little girl is seeking Jun Xiaoyao's consent. She is very well-behaved, not a kind of bearish existence.

"certainly."

Jun Xiaoyao wanted to test the little girl.

On the other hand, I also want to have a good relationship with the little girl.

After all, the origin of this little girl is a big secret in itself.

But who ever thought, after Jun Xiaoyao agreed.

This little girl opened her ruddy mouth and gnawed away the six roots of reincarnation!

The six reincarnation fairy roots the size of a basin were swallowed by the little girl.

Seeing this scene, both Di Haotian and Jun Xiaoyao were stunned.

What is the existence of this little girl?
