

Sacred Body 1181

[Chapter 1181: The mysterious Xiao Qianxue, Emperor Haotian, felt that...](#)

Let's not say whether these six reincarnation fairy roots are true or not.

Even if it is a pseudo-root.

The power contained in it is also extremely powerful.

Even the supreme must be careful in refining.

But this little girl, like a snack, nibbled it off in twos or twos.

And the body hasn't reacted at all.

This is weird.

"How does she exist?"

Jun Xiaoyao is really confused.

He didn't deliberately investigate, it would be bad if it was backlashed.

But all signs indicate that there is a big secret behind this little girl.

Di Haotian stepped forward and looked at Jun Xiaoyao and said, "This Young Emperor is a little interested in this little girl. Can Brother Jun cut his love?"

The strength of his current soul body was less than half of what he had before. After all, the backlash he had suffered was too serious.

Hearing this, Jun Xiaoyao didn't say anything, but the little girl wrinkled her nose and turned her head to look at Di Haotian.

"Bad guy!"

She is not an item, how can she be exchanged.

And I want her father to surrender her, what is it that is not a bad person?

Di Haotian didn't care.

He understood it, as long as he didn't kill himself, he shot the little girl.

She herself should be harmless, without any threat.

Di Haotian looked at Jun Xiaoyao.

The little girl had her big bright eyes open, sparkling in her eyes.

Both pitifully and innocently stared at Jun Xiaoyao.

When she woke up in the dark, the first person she saw was Jun Xiaoyao.

Instinctively treating him as his father, he naturally didn't want Jun Xiaoyao to abandon her.

Jun Xiaoyao is not stupid.

The mysterious origin of this little girl may be unimaginable.

Not to mention that Jun Xiaoyao originally liked his cute daughter.

Although he likes to be a dad, Jun Xiaoyao doesn't mind being a dad.

He stretched out his hand and shaved the little girl's delicate and curled nose.

The little girl chirped and kissed Jun Xiaoyao's cheek.

She knew that Jun Xiaoyao would not abandon her.

Di Haotian's eyes sank slightly.

He did not regard the little girl as a creature, but as an opportunity.

Jun Xiaoyao took the opportunity that originally belonged to him.

"It seems that you don't seem to put Ben Shaohuang in your eyes."

Jun Xiaoyao raised his eyelids lightly.

"As long as you know."

Jun Xiaoyao doesn't talk much about lip service, but he can definitely anger people.

No matter how stable Rao Shidi Haotian's personality is, he is also a little unhappy at this moment.

Next, there is nothing to talk about.

He shot directly, the golden soul power was surging, and turned into a brilliant golden palm, like immortal gold poured out.

Haoyang God Palm!

It can be said that Di Haotian knew the horror of its background.

In the entire virtual world, there are very few people who can take this palm.

Jun Xiaoyao reveals the image of the Great Sun Tathagata.

The golden Buddha also stuck out a palm and collided with Haoyang's palm.

Suddenly, thousands of waves burst out here, which was originally a chaotic space, but now it is full of holes.

Jun Xiaoyao didn't want to delay, and directly sacrificed if I cut it.

An unremarkable sword light swept out, sweeping towards the three of Di Haotian.

"Um?"

Even Di Haotian was aware of the peculiarities of this sword light.

"The law of the sword?"

Astonishment appeared in Di Hao Tian's eyes, he opened his mouth and displayed an ancient primordial spirit technique.

The golden sound wave oscillated out, like a bell in the evening, like a bell in the morning, and like an old Buddha roaring.

There are golden "swastika" characters appearing in it.

This is an ancient Buddhism Yuanshen Dharma called Da Brahman Yin.

Once it came out, it seemed to resound through the three thousand worlds of Dharma, and shook the ears of hundreds of millions of beings.

This is an extremely terrifying law, not only has great lethality, but also saves all souls.

Change to any other Tianjiao, facing Di Haotian this trick will be a headache, and it will easily be annihilated.

However, Jun Xiaoyao's slashing like me is also terrifying, and it is the essence of the fusion of the five great swordsmanship tactics.

boom!

With a single blow, the primordial spirits of Bai Luoxue and Chi Fagui were directly beheaded.

Of course, because of the weakening of the Great Brahma, both of his deities were only injured and did not fall.

Although Di Haotian was not killed.

However, he was shaken back, and his already illusory shape became thinner and almost transparent.

"I was knocked back?"

Di Haotian himself didn't believe it.

"You can still keep the soul immortal when you take my sword, but it's beyond my son's expectation."

Di Haotian's performance also surprised Jun Xiaoyao.

Of course, he didn't try his best.

However, Di Haotian was not in a complete state. He had just been backlashed, and the power of the soul was weakened by at least half.

It can be seen from this that Di Haotian is indeed very different from the leeks he encountered before.

But leeks, after all, are leeks.

Even if it is strong, it is very special.

In the end, still can only wait to be harvested.

Jun Xiaoyao urges the power of the three generations of Yuanshen.

The reincarnation of the soul of the past!

Now the Great Sun Tathagata of the primordial spirit!

The soul bridge of the soul of the future soul!

The three primordial spirits were sacrificed by Jun Xiaoyao at the same time.

That power, chaos, the entire Xutian realm was trembling, and it was unstable because of this breath.

"Your primordial spirit is... the three-generation primordial spirit!"

Emperor Haotian was surprised.

This is definitely a kind of primordial spirit that is extremely against the sky, and it is definitely not weaker than his primordial spirit.

And his primordial spirit, but inherited from the most powerful guy in the ancient fairy court, can be called the emperor.

"If it's your deity coming, maybe it will arouse my interest."

"But it's just a soul body, and it has also been weakened. You are not qualified to fight me officially."

Jun Xiaoyao's words were light, and the three primordial spirits were suppressed together.

As strong as Emperor Haotian, now it is only the end of the force.

Because she was bitten by the little girl before, her soul was weakened.

He wanted to resist, but in the end the soul still collapsed.

However, it is different from others like the Son of Truth, Phoenix Nirvana and others.

Di Haotian was not anxious, and his mentality was still very stable.

"Come to Japan, Fang Long, Jun Xiaoyao, this young emperor will play this game with you!"

Di Haotian held his hand, and the primordial soul dissipated into a golden rain of light.

Looking at the disappearing Di Haotian, Jun Xiaoyao's face was not happy.

Because Di Haotian made him feel very strange.

He has the confidence to control everything.

Before that, he seemed to have known what opportunities existed in the Void Heaven Realm.

If it weren't for Emperor Haotian, he wasn't a destiny nihilist.

He really wanted to doubt whether Di Haotian and himself were fellow villagers, both from the earth.

"I have to take it seriously."

Jun Xiaoyao took this matter to heart.

He has always been very casual with other enemies, especially those of the same generation.

But Di Haotian deserves to be a little more serious. U U Reading www.uukanshu.com

"Daddy beat the bad guy away, Daddy is great!"

The little girl was smiling, her face was as rosy and cute as an apple.

"I'm not your father." Jun Xiaoyao was a little speechless.

Is this what it feels like to be a father?

"You are my father!" The little girl pursed her lips, seeming to cling to Jun Xiaoyao in one bite.

She is very well-behaved, but in this matter, she is definitely not negotiable.

"Do you have a name?" Jun Xiaoyao asked.

The little girl shook her head.

Looking at her silver hair as brilliant as a milky way and crystal clear as snow.

Jun Xiaoyao suddenly said, "How about you called Qianxue, Xiao Qianxue?"

"Qianxue?"

The little girl blinked her big star-like eyes.

"Daddy's name is nice, I will be Qianxue from now on!"

Xiao Qianxue was very happy, her brows and eyes were crooked.

"By the way, Daddy, Qianxue can feel it, as if there is still the aura of this thing." Xiao Qianxue said suddenly.

"what?"

"Daddy gave it to Xiao Qianxue." Xiao Qianxue said.

Jun Xiaoyao's eyes flashed.

Did Xiao Qianxue feel the true roots of the six reincarnations?

[Chapter 1182: Set foot in the world of dams and pick up 6 samsara roots...](#)

From a young age, Qianxue ate the six roots of reincarnation as a snack.

Jun Xiaoyao understood.

The immortal root he obtained is indeed not the true six-path reincarnation immortal root.

The true Six Paths of Reincarnation Fairy Root is not much worse than the World Tree.

Even if Xiao Qianxue's life background is mysterious, it is impossible to directly eat the Six Paths of Reincarnation Immortal Root.

Because that energy is too majestic.

Even if it is a real emperor, it is impossible to refine that energy at once.

"Can you detect that breath?" Jun Xiaoyao asked.

"Of course, if Dad wants it, Qianxue will help Dad find it."

Seeing that she could help Jun Xiaoyao, Xiao Qianxue smiled brightly.

"Then trouble you." Jun Xiaoyao is also in a good mood.

The rarity of the six realms of reincarnation is not much worse than that of the world tree.

The emperor will be heartened when he sees it.

"It's just that..." Xiao Qianxue suddenly lowered her head, wringing her white and tender fingers.

"how?"

"Well, can Qianxue ask for a reward?"

Xiao Qianxue took a peek at Jun Xiaoyao.

Jun Xiaoyao smiled faintly, as expected, he was still a child's disposition.

"What reward?"

"Daddy, can you kiss Qianxue?"

Qianxue's face was a little red.

She didn't know how long she had been asleep in the dark.

The first time he opened his eyes, he was Jun Xiaoyao.

So she has absolute kindness to Jun Xiaoyao, and wants to get Jun Xiaoyao's love.

Jun Xiaoyao was stunned and didn't care, bowed his head and kissed Xiao Qianxue's white forehead.

Xiao Qianxue was very happy, showing two deep dimples when she laughed.

Jun Xiaoyao also secretly sighed.

How long has this little thing been alone, and how lack of love?

But it's okay for Xiao Qianxue to recognize him as a dad.

If she fell into the hands of Di Haotian and other opponents, the consequences would be unimaginable.

Let alone whether it can pose a threat to Jun Xiaoyao.

At least it can pose a big threat to the people around him.

Next, under the guidance of Xiao Qianxue, Jun Xiaoyao walked through the chaotic place in the deepest part of the virtual world.

His vigorous soul swept away, avoiding some dangers.

And at this moment, a huge void crevice across Cangyu suddenly appeared in front of him.

A land of chaos was faintly reflected in it.

And in the center of the world of chaos.

A fairy root, rooted in the void.

There is not such a dazzling brilliance, and there are no amazing visions of the road.

It's just a six-petaled flower, and every petal reflects a world.

one flower one World.

Six ways to reincarnation.

"This is the real Six Paths of Reincarnation Immortal Root!"

Jun Xiaoyao took a deep breath.

Even if separated by void cracks.

He can also feel the incomparably powerful force.

It is indeed incomparable with the previous pseudo-root.

"Xiao Qianxue, you are awesome."

Jun Xiaoyao was also in a good mood, stretched out his hand and gently squeezed Xiao Qianxue's red cheek.

Xiao Qianxue smiled, as if enjoying Jun Xiaoyao's pampering.

"But that place..."

Jun Xiaoyao noticed that the dark and chaotic land resembled the black Gobi desert.

Vaguely, one could hear the sound of the wave hitting the shore.

"Could it be the world of dams blocking the borderless sea?"

The other side of the void rift.

It turned out to be the dam world they saw when they came to the virtual world.

There are even terrifying quasi-emperor-level creatures who want to swim ashore from Jiehai.

Finally, I was shot by a wave without a trace.

The roots of the six reincarnations actually grow in the world of dams.

No wonder few people can find it.

Such a place, even the Emperor Zhun would not go easily.

Jun Xiaoyao was thinking, but his eyes turned firm.

The Six Paths of Reincarnation Immortal Root is very important to him.

With the world tree, he can continuously expand his inner universe.

But in the inner universe, it is difficult to multiply all beings.

Because of the lack of reincarnation structure of life and death.

And if Jun Xiaoyao can get the six roots of reincarnation.

Then his inner universe will undergo a qualitative change.

The creatures born in the universe within him can also enter the cycle of birth, old age, sickness and death.

In this way, to some extent, Jun Xiaoyao became a true god.

God of the inner universe!

This is of great significance to his spiritual path.

Therefore, even in the world of dykes, Jun Xiaoyao has to go for a break.

But there is only one chance.

If his primordial spirit body is annihilated, it will be difficult to enter the virtual world again.

Unless you really set foot on the world of dams from the outside world.

But that kind of danger is undoubtedly much more dangerous than it is now.

"Xiao Qianxue, you stay here first, waiting for me to come back."

Jun Xiaoyao put down Xiao Qianxue and didn't want her to get involved.

Even if his soul body died, his life would not be in danger.

But Xiao Qianxue is different.

"No, Qianxue wants to follow Daddy." Xiao Qianxue said with a waxy voice.

"Hey, wait here."

Jun Xiaoyao touched Xiao Qianxue's little head.

Hearing Jun Xiaoyao's firm tone, Xiao Qianxue could only nodded weakly.

But she could also feel that the other side of the void and crack seemed to be a dangerous place.

Jun Xiaoyao didn't want to put her in danger.

This actually made Xiao Qianxue's intimacy and trust in Jun Xiaoyao firmer.

Leaving Xiao Qianxue, Jun Xiaoyao entered the Void Crack alone.

The world is turning around.

The endless stars all around seemed to be spinning.

The next moment, Jun Xiaoyao came to this chaotic land.

That is, the world of dykes.

"It's really strange. A dam is comparable to a vast world." Jun Xiaoyao looked around.

The remains of broken stars are everywhere on the ground.

All kinds of unknown bones are buried in it.

I don't know how many years have passed, and still exudes the aftermath of imperial prestige.

Jun Xiaoyao seemed to have come to the end of the world, extremely dark, with a faint mist lingering all year round.

The sound of the wave hitting the shore was heard in the distance, and there was the boundary sea.

Of course, it is still far away from here, so it is not a fatal threat.

Jun Xiaoyao directly sacrificed the ancient imperial talisman.

no way.

In such a place, even if the deity Jun Xiaoyao comes, he must raise the spirit of twelve minutes.

Not to mention that it's just a soul body now.

call out!

In front, a light like an aurora swept across, it was a very special light of rules.

Boom!

The ancient imperial talisman was shaking, and after being attacked, it spontaneously exuded imperial prestige.

A ray of light shook the ancient emperor talisman.

Even a Taoist priest who was accidentally swept by the light would have to fall.

One can imagine how dangerous the world of dykes is.

Jun Xiaoyao, perceives and senses all directions with a powerful spirit.

All kinds of time and space rifts, weird blood mud, unknown emperor bones, etc., were all avoided by Jun Xiaoyao.

Even if some can't hide, the ancient imperial talisman can resist it.

Finally, Jun Xiaoyao came to Liudao Samsara Xiangen.

He probed his hand and wanted to take it off.

As a result, the six reincarnation fairy roots shook their petals, exuding a terrifying force.

All things have anims, let alone such heaven and earth gods.

It creates false roots, which proves that it does not want to be picked by other creatures.

Jun Xiaoyao didn't panic, on the one hand, he also released his various powers of reincarnation, as well as the law of reincarnation.

On the other hand, he directly released the breath of the world tree in the inner universe.

The world tree is the ancestor of thousands of trees.

Before, even the Heavenly Immortal Tree was attracted by the World Tree and took the initiative to embrace Jun Xiaoyao.

Sure enough, the resistance of the Six Paths of Samsara Immortal Roots became smaller.

"Relax, UU reading www.uukanshu.com, I will not rudely refine you, I want you to take root in my inner universe and carry out the cycle of life with the world tree."

"This is a win-win situation for you and me." Jun Xiaoyao said.

The six reincarnation fairy roots seem to understand people's words.

It did not resist any more.

Jun Xiaoyao smiled slightly and stretched out his hand to pick it up.

Although directly refining it, it can be of great benefit.

But this is a bit wasteful.

Putting it in the inner universe is more beneficial to Jun Xiaoyao.

"Well, everything is over, this trip is perfect."

Jun Xiaoyao finally let out a long sigh of relief after obtaining the true Six Paths of Reincarnation Immortal Root.

The journey to the virtual world should also end.

And just when Jun Xiaoyao turned around, ready to leave here.

Suddenly, from the corner of his eye, he saw a boundary in front of him.

There is a line of faint footprints that stretches far away.

"That is..."

Jun Xiaoyao's eyes narrowed.

In this dam world, there is a line of footprints, lonely, extending far away.

Obviously, it is a humanoid creature.

Who left the footprints?

[Chapter 1183: At the end of the footprints, the crying emperor, there is nowhere to say sadness](#)

The world of dams has been extremely mysterious since ancient times.

Like the borderless sea, it has become a legendary existence.

That is also a region that only the strongest can set foot in.

And now, in the world of dikes.

Jun Xiaoyao actually saw a line of faint footprints.

Obviously, it belongs to the human beings.

Moreover, the rules of the **** world are also different from the fairyland.

To be able to leave footprints here, and after eternity, has not been wiped out.

It can be seen that the creatures who left their footprints are so powerful that they are unimaginable.

"Could it be that the creature that left its footprints is the owner of the perfect drop of holy blood?"

Jun Xiaoyao couldn't help but guess.

Of course, this is just a guess.

These eternal secrets are too deep for Jun Xiaoyao.

Jun Xiaoyao has insufficient clues.

Now, Jun Xiaoyao faces a choice.

Is to leave directly.

Or follow this line of footprints, looking for some clues?

This line of footprints extends to the depths of the **** world.

Say there is no danger, that is impossible.

And Jun Xiaoyao, almost without hesitation, walked directly along the traces of this line of faint footprints.

In his dictionary, there is no word fear.

Of course, Jun Xiaoyao is not the kind of brash man who has no courage.

He felt confident that he did this.

Jun Xiaoyao protected himself with the ancient emperor talisman, and walked along the footsteps.

The deeper you go, the more you can feel the desolation and danger of the **** world.

It is hard to imagine who created this dam.

And what kind of existence is Jiehai?

Jun Xiaoyao even had a brain hole. Could Jiehai be the inner universe of an unimaginable strongest person?

There are too many secrets in this world.

As smart as a gentleman, sometimes I feel dull, like being bound by an invisible frame.

This is why Jun Xiaoyao wants to reach the supreme peak.

He wants to overlook the eternal time and space and unlock all secrets.

Just when Jun Xiaoyao was thinking about it.

Suddenly, he heard a faint cry.

At first, Jun Xiaoyao thought it was an illusion.

After all, this is the **** world, how could there be people's cries suddenly, this is too abrupt.

However, the next moment, Jun Xiaoyao's expression condensed.

This is not an illusion, he really heard the cry.

That cry, low, dumb, dull.

It even seems to be able to make people feel the kind of unspeakable pain and despair.

"What's the matter, is this some kind of soul interference?"

Jun Xiaoyao immediately raised his vigilance.

After all, this is the mysterious and dangerous world of dams.

Suddenly there was crying, and everyone would feel hairy in his heart, something was wrong.

Jun Xiaoyao concentrates on alert, ready to urge the ancient emperor talisman to turmoil at any time.

Finally, Jun Xiaoyao followed that line of footprints and saw the distant scene.

That's also the source of the cry.

Because of the distance, Jun Xiaoyao could only see a hazy back.

The figure from the back looked like an extremely tall man.

His long gray hair was scattered all over his head in a mess.

It can be seen from the back that this should be a very heroic man.

But now, in front of him, there is an ice coffin.

The man just lay on the ice coffin like that and let out a hoarse cry.

It's almost like a middle-aged widower who lost his wife in the dust, lonely and desolate.

"this is..."

Jun Xiaoyao was surprised.

In this weird world of dams.

At the end of this line of faint footprints, such a scene unexpectedly appeared.

An extremely desolate man, lying on a coffin and crying.

If it weren't for the **** world, Jun Xiaoyao really thought he was in the dust.

This is incredible.

"Is that..."

Jun Xiaoyao seemed to have thought of something, and an astonishing thought flashed through his mind like a sparkle of lightning!

Rao is Jun Xiaoyao's breathing, and it also rises slightly.

He approached under pressure.

And when he got closer.

Only then found out.

The vision of the eye is not real.

If there is Tao, the breath remains.

"This is the sight of ancient times, which has remained until now!"

Jun Xiaoyao took a deep breath.

Because the rules of heaven and earth in the **** world are different from the fairyland.

As long as it can leave a mark, it is difficult to disappear.

This is the once real scene has been branded down, forming an indelible mark.

Today, the scene still remains and has not disappeared.

In other words, the scene that Jun Xiaoyao saw before his eyes.

It was something that happened here long ago.

Jun Xiaoyao was surprised because he thought of someone.

I thought of a great hero who astounded the past and dazzled the present, with a name left in the fairyland history.

Emperor Everlasting!

The Emperor of Endlessness, who was once a desolate ancient sacred body for a lifetime, has cultivated to a level close to Dacheng.

He and the Queen Mother of Yaochi West are the Taoists envied by everyone in the Nine Heavens Immortal Territory.

Then, a terrifying turmoil broke out in Xianyu.

Emperor Wujing wants to go to the Nine Heavens to calm the chaos.

Queen Mother Xi refused, and wanted to go with him, sharing life and death on the same road.

After that, Emperor Wushu compromised, saying that he would retreat with Queen Mother Xi, and go on for another nine days after the breakthrough.

As a result, it was Emperor Wu Endless who lied to Queen Mother Xi.

Leaving the sentence of living up to the common people and living up to the Qing, I went alone for nine days.

But then, from above the nine heavens, a remnant body fell.

Queen Mother of the West turned white head overnight, sacrificing herself for love against the sky.

With the twelve orifice immortal heart, take his life to the sky.

He abruptly rescued the Emperor Infinite.

Since then, the world has lost a couple of lovers.

But there is a strong congenital corpus.

The Endless Emperor sealed the Queen Mother of the West in the Wannian Ice Coffin.

Carrying the coffin to kill for nine days, healed the turmoil of the first life.

After hearing that, the Jiutian restricted area was severely damaged, for several epochs, without any further action.

This is something that all spirits of the fairyland know.

They also regarded Emperor Wushu as the hero who saved the fairyland.

But the Emperor Without End, in the end he carried the coffin and went away, missing him.

A generation of heroes saved the common people in the fairyland.

In the end, she was lonely, and there was nowhere to say sorrow.

Now, if there are no accidents.

The branding scene that Jun Xiaoyao saw in front of his eyes.

It is the former emperor without end!

This is a bit beyond Jun Xiaoyao's expectation.

In the eyes of the world, Emperor Wushu is a hero and a god-like existence.

He has great love and universal love, has saved hundreds of millions of living beings, and completed the mission of the Eucharist.

but now.

It appeared in front of Jun Xiaoyao.

Not that tall and stalwart, godlike hero.

It was a desolate man lying on the ice coffin, crying and crying.

Will the emperor cry too?

Jun Xiaoyao was in a trance for a while.

It can be said that those who can cultivate to the stage of the great emperor, not to mention being unfeeling and ruthless, at least are also full of Taoism.

Any emotion can be easily controlled by UU reading www.uukanshu.com.

Because they have seen many falsehoods in the world and pointed to the truth.

All seven emotions, six desires, various emotions, for a great emperor-level figure, can be felt, can also be easily isolated, or even abandoned.

This is why, some supreme beings sleeping in the Jiutian Forbidden Zone will cause endless catastrophes and turmoil.

Because for them, they have already abandoned all the feelings of being a creature.

All that is left is the cold pursuit of longevity and immortality!

And now, Jun Xiaoyao saw an emperor who was crying in sorrow.

This is the emperor!

Not to mention that the Emperor Infinite is still a congenital body, his true strength is definitely not just as simple as that of the emperor.

The so-called Emperor Without End is just a title, not that his cultivation is limited to the level of the Emperor.

But now, this is the strongest person in the ancient history of the fairyland.

But crying like a child is sad.

This contrast is silent.

Jun Xiaoyao saw it again. On the side, there was a stone in the shape of a stele.

There are two lines of writing written in blood on it.

There is no return date.

Life and death are boundless.

[Chapter 1184: There is no end to the emperor, there is reincarnation in the world, there is no beginning and no end](#)

Jun Xiaoyao understood, after the turmoil ended, where the Emperor Wu Endless had gone.

He carried the ice coffin in which the Queen Mother of the West was buried, came to the dam, and walked towards the sea.

But why is this?

Jun Xiaoyao has doubts.

The Emperor Wu Endless took the body of Queen Mother West to Jiehai, is there a way to bring people back to life in Jiehai?

Jun Xiaoyao believes that it should not exist.

If the Emperor Everlasting was really found, it would not be possible until now, he has never appeared in the world, and there is no movement at all.

Especially Queen Mother Xi, if it is really resurrected by Emperor Wu Endless.

Then she would definitely return to the Yaochi Holy Land to take a look.

Instead of letting the Yaochi Holy Land fall to the present day.

Therefore, the Great Probability of Endless Emperor is a failure.

Look at the two lines of verse on this stone tablet.

Jun Xiaoyao couldn't help but sigh slightly.

The Endless Emperor is definitely the most special among all emperors.

Cultivating to the emperor's sake, the Taoist heart is round and round.

Even if a loved one falls in front of him, it is impossible to cause too much fluctuation in their emotions.

But the Emperor Without End, even if he cultivated to the highest realm, he still maintained his true temperament and had a sincere heart.

Weep and mourn for my lover.

"There is no return date, life and death are boundless."

Jun Xiaoyao read the handwriting on the stone.

At this moment, he was suddenly moved.

A hint of thinking flashed in his eyes.

Then, he slightly bowed his hand towards Emperor Wu Endless.

One hand leaned under the stone.

Under the stele-shaped stone, the soil is extremely strong.

After all, the rules of Levee World are different from those of Xianyu.

If you want to cause great damage here, it is very difficult to do without the strength above the Taoist priest.

Jun Xiaoyao also released the breath of his quasi-innate body.

The soil finally broke open.

A corner of the scripture emerged.

Jun Xiaoyao's eyes lit up and picked it up.

Surprisingly, it is a golden scroll.

The material looks like gold and not gold, wood and not wood.

Jun Xiaoyao opened it up.

The densely packed ancient characters carry an unprecedented mysterious meaning.

There are avenue lines flowing, and there is a supreme avenue radiating.

Every handwriting is like pouring of gold and iron, and as brilliant and dazzling as the stars of the sky.

Most people are blind when they see it.

This is not a scripture that ordinary people can read.

But Jun Xiaoyao is different, he urges the breath of the quasi-innate body of the Tao, and covers the eyes of the body.

Finally read the text clearly.

The Endless Emperor Sutra!

Jun Xiaoyao recognized this scripture.

This is the real Scripture of the Great Emperor!

It's the law of the emperor without end!

There are also many magical powers, techniques, formations, and Taoist perceptions left behind by the Emperor Infinite.

And more importantly, there are insights and cultivation methods specifically for the innate body.

This is the most precious thing to Jun Xiaoyao, it is a priceless treasure.

Because Jun Xiaoyao only merged into the quasi-innate eucharist Dao embryo when he accidentally signed in to the origin of Dao.

As for how to become a true congenital body, Jun Xiaoyao really didn't have a clue.

At this time, the Unfinal Emperor's Sutra of the Unfinished Emperor became extremely precious.

"This is too precious. The value of the Sutra of No Final Emperor is not inferior to the Six Paths of Samsara Immortal Root."

"For most people, the Sutra of the Unfinished Emperor is an absolute treasure."

"For me, it is priceless!"

Jun Xiaoyao has bright eyes.

This is definitely a surprise.

I'm afraid that the great elder who invited him to the virtual world would never have thought that Jun Xiaoyao would be able to get this kind of thing.

And why is there no final emperor scripture here.

The reason is obvious.

Before going to Jiehai, Emperor Wuzhu was afraid that he would never return.

Although he is an eternally famous congenital body.

But the borderless sea is also the absolute ultimate forbidden land from ancient times to the present.

Even the Emperor Without End is not sure that he will return safely from Jiehai.

Therefore, before he left, he left the essence of his life, that is, the Emperor Wushu, and waited for the destined.

And in this world, who else is more qualified than Jun Xiaoyao to get the Sutra of the Unending Emperor?

If Jun Xiaoyao gets the treasure, put it away.

The complexity of the Sutra of the Unfinished Emperor is by no means weaker than that of the Celestial Sutra. It requires a long period of insight and cannot be understood thoroughly overnight.

At this moment, Jun Xiaoyao discovered that there was still a page of paper in the pit where the Sutra of the Unfinished Emperor was buried.

Jun Xiaoyao picked it up and took a look.

There is only one line on it.

"The luminous planet appears, the forgotten land, the waste."

Jun Xiaoyao read the line above, feeling very confused.

Yinghuo is the name of a star.

The forgotten place should be a place.

But what is it?

"Emperor Wusong is involved in good fortune, it is impossible to leave this sentence for no reason, this should be a clue." Jun Xiaoyao thought.

Although the emperor without end is bleak in his life.

But he did care about the common people, otherwise it would be impossible to kill nine days before reaching the Great Eucharist.

After the turmoil was calmed down, the Emperor Wu Endless, although frustrated, carried the coffin and went away.

But he should always worry about the turmoil afterwards.

And the person who can get the Sutra of the Unfinished Emperor must be a predestined person, and it is very likely that it is also the Eucharist or the Congenital Eucharist.

The Emperor Everlasting left this sentence just to remind his successor.

Jun Xiaoyao has no clue for the time being, but he still keeps this clue in his mind.

This trip, Jun Xiaoyao is considered a complete harvest.

There is no time for the blood of the sacred body, the six roots of reincarnation, and no final emperor sutra.

There is also a cheap little Lori Qianxue who doesn't know the origin.

It can be said that the Great Elder of the Xianyuan really didn't lie to him.

These things, even the Jun family, can't get them out. They are too precious and can only be obtained by chance and luck.

Finally, Jun Xiaoyao took another look at the man crying on the ice coffin.

Gray hair, messy and shabby, shaggy beard.

Without knowing it, no one would think that this was the eternal emperor.

Jun Xiaoyao sighed.

Although there is no lack of despicable people in Xianyu, such as some ancient royal families.

But there is no shortage of real heroes.

For example, the Emperor Without End, the Emperor Luangu, and his father, the white-clothed **** Wang Jun Wugui, and so on.

These people are the existence worthy of respect and remembering.

Jun Xiaoyao solemnly bowed his hand to Emperor Wushu to show respect.

He got the Unfinal Emperor's Sutra of Unfinalized Emperor, and he can be regarded as his successor.

The scene of Emperor Wushu remains unchanged.

This is just a stigma left over from ancient times, and it has continued to the present. UU reading

Jun Xiaoyao took one last look, then turned and left.

However, what even Jun Xiaoyao didn't know was.

Just after he left here.

The Endless Emperor, who was crying on the ice coffin, turned his head slightly as if he had felt it.

"There is reincarnation in the world, with no beginning and no end."

"Everything is fate..."

A muffled low voice came from the mouth of Emperor Wu Endless.

If Jun Xiaoyao could detect it, he would definitely be astonished.

There is no end in front of the emperor, but the remnants of the Tao and the brand from ancient times.

It is impossible to be conscious at all, let alone to detect his existence and speak.

But everything is so magical...

[Chapter 1185: The end of the virtual world, a duel between the two strongest evildoers,...](#)

After so many days, the experience of the virtual world finally came to the end.

There are many Tianjiao, one after another from the virtual world.

Because they can't go deep anymore.

Not everyone can reach the deepest part of the virtual world like Di Haotian and Jun Xiaoyao.

Of course, there are also some talented arrogances who have gotten enough opportunities to satisfy themselves.

Don't want any more accidents, so take the initiative.

Huang Nidao, ancient emperor, Ling Yuan.

The people on Jun Xiaoyao's side, his followers, and the strong of the Jun family, as well as Jiang Luoli and others, all awakened.

And as soon as they woke up, they talked about something.

"I didn't expect the mysterious Cang Clan to show up."

"There is also above the nine heavens, the heavenly arrogant of the Taboo family."

"Is the turmoil in this life going to rise again? Why do I have an ominous premonition?"

"The foreign storm has only temporarily calmed down, is my fairyland about to usher in a new storm?"

After waking up, many Tianjiao in the fairy courtyard were communicating.

After all, no one would have thought that there would be people from the Cang clan and Taboo clan in the virtual world.

The third elder Xu Mo, his face was slightly solemn after hearing these news.

At this moment, the Cang Clan and the Jiutian Taboo Family appeared.

In fact, it is not a good thing.

"Hey, that guy, could it be..."

Some Tianjiao who were not in the virtual world, met Di Haotian, and saw the peerless man who was sitting cross-legged and surrounded by brilliant lights, and his eyes were shocked.

"This is the ancient young emperor of the fairy garden, Emperor Haotian. He came here alone later."

"Is he Di Haotian?"

Many Tianjiao are surprised.

Huang Nidao, his face was cold, he was defeated by Jun Xiaoyao before and came out of the virtual world.

He looked at Di Haotian, thinking in his heart that he hoped that Di Haotian could expel Jun Xiaoyao as well.

"He is Emperor Haotian..."

Jiang Luoli's small face was very serious.

Jun Xiaoyao's enemy is her enemy.

"The breath is indeed not weak."

Jun Farewell and waiting for Jun Family Tianjiao, his eyes are also extremely solemn.

Di Haotian is undoubtedly an extremely terrifying evildoer.

Otherwise, it would not be so valued by Xian Ting.

In fact, in his lifetime, he was absolutely qualified to prove the truth and become the true leader of Xian Ting.

But Di Haotian refused.

Because he wants to bloom his own brilliance in this most glorious world of ancient and modern times.

And when everyone was paying attention to Di Haotian.

Suddenly, Bai Luoxue, Chi Fagui and others woke up, and at the same time vomited a large mouthful of blood.

In their eyes, there was a look of panic and fear.

"That sword is terrible..."

Bai Luoxue's beautiful face is very pale, and she has lingering fears.

Rao is a maddened ghost with red hair. His body is trembling now, and his chin is dripping with blood.

He thought that Di Haotian was strong enough, and once slapped him over.

Who ever thought that in this era, there should be such a terrifying Tianjiao who could stand shoulder to shoulder with Di Haotian.

"Hey, they are also awake."

"It looks like it was beaten by the prince's ***** son?"

Everyone knows the friction between Yanyun Eighteen Horses and Jun Xiaoyao.

"Does this mean that Di Haotian has already met Jun Xiaoyao?"

Many people have different colors in their eyes.

If the two really collided, it would make everyone curious.

However, it didn't take long.

Di Haotian's figure was shocked, and he slowly regained consciousness.

Everyone was shocked when they saw this scene.

Di Haotian unexpectedly woke up so quickly.

And most importantly, Jun Xiaoyao has not yet regained consciousness.

Could it be...

There was an idea in everyone's mind.

Di Haotian, lost!

In the fight with Jun Xiaoyao, he fell into a disadvantage and was defeated by the soul.

Of course, although all the Tianjiao thought so in their hearts, they did not dare to say it.

Speaking out, it is undoubtedly a provocation to Di Haotian.

"Master Young Emperor!"

Bai Luoxue, Chi Fagui and others were also stunned.

My lord, did they really lose?

Di Haotian remained silent, but looked at Jun Xiaoyao's deity, with a dark glow in his eyes.

"I really underestimated him."

Di Haotian's words made everyone present in a silent shock.

Not to mention, at least this first confrontation, it was Jun Xiaoyao who had the upper hand.

"My brother Xiaoyao really is always a god!" Jiang Luoli smiled brightly, revealing two dimples.

How about the ancient young emperor of Xian Ting? Isn't there only one defeat in the face of Jun Xiaoyao?

"How can this be?"

The Phoenix Nirvana, the Son of Truth and others, were a little bit unbelievable.

Couldn't even Emperor Haotian deal with Jun Xiaoyao?

After a while.

Almost all the arrogances of the Xutian Realm came out.

In the end, only Jun Xiaoyao was left.

At a certain moment, Jun Xiaoyao's whole body was enveloped in the brilliant light, and he began to return and regained consciousness.

"The Son of God is out!"

The eyes of all the people present converged.

Jun Xiaoyao stayed the longest in the virtual world.

Many people speculated that Jun Xiaoyao should have reached the deepest part of the virtual world and got a great opportunity.

The light dissipated, and Jun Xiaoyao's figure emerged.

The difference from the previous one is that beside him, there is a little silver-haired girl who is exquisite and cute like a doll.

"this is..."

The disciple of the fairy courtyard present was dumb for a while.

The third elder Xu Mo was also surprised.

He looked at the little girl, and suddenly, there was an inexplicable feeling of palpitations.

He hurriedly withdrew his gaze and stopped probing.

"What on earth did Jun Xiaoyao bring out of the virtual world?" Elder Xu Mo was also extremely surprised.

"Brother Xiaoyao, this is..."

Jiang Luoli looked at Xiao Qianxue with surprise.

"Daddy, there are so many people here..."

Xiao Qianxue was a little afraid of life, she shrank beside Jun Xiaoyao's legs.

The audience is absolutely down!

All the disciples of the fairy courtyard looked like they had seen a ghost.

Jun Xiaoyao enters the virtual world and becomes a father?

Jiang Luoli was even more shocked, like a bolt from the blue.

When did Jun Xiaoyao become a father?

She also wants to give birth to a baby girl for Jun Xiaoyao!

"It's a long story."

Jun Xiaoyao didn't intend to explain either.

Because even he himself hadn't figured out the origin of Xiao Qianxue for the time being.

The Tianjiao who was present, after thinking about it, came back to his senses.

Knowing that this little girl comes from a not simple source, it may be one of the "opportunities" in the virtual world.

If Jun Xiaoyao didn't explain, it was natural for them to inquire.

Some of the female disciples also breathed a sigh of relief.

Jun Xiaoyao is the white moonlight in many women's hearts.

If he is really a father, then I don't know how many women will be sad.

Jiang Luoli also understood, her eyebrows were bent, she looked at Xiao Qianxue.

I have to say that this icy white little Nizi is so cute and very attractive.

Rao is Jiang Luoli, who is full of motherhood, and wants to go up and squeeze her little face.

It's just that Xiao Qianxue is a little afraid of life, holding Jun Xiaoyao's calf tightly.

"It seems that this time, the son of God has gained a lot."

Elder Xu Mo smiled slightly, and his heart settled down.

After all, this time the Xutian Realm was to please Jun Xiaoyao.

And the harvest of Jun Xiaoyao, UU reading [www. uukanshu.com](http://www.uukanshu.com) should not be bad.

At this moment, on the other side, Di Haotian stood up.

For a while, the atmosphere stagnated.

Everyone present understands.

In the process of fighting for the opportunity, Di Haotian should have lost to Jun Xiaoyao.

Although I don't know the specific situation.

And now, they all came out of the virtual world.

Di Haotian, would he be willing to let Jun Xiaoyao get a chance?

"Are you going to witness the duel between Emperor Haotian and Jun Xiaoyao today?" Everyone raised their minds.

This is not just a duel between the two Xeon Tianjiao.

Behind them, the collision between Xian Ting and Jun's two behemoths!

[Chapter 1186: A brief fight, is this protecting your wife? It's just the Dharmakaya...](#)

On Xian Ting's side, the ancient emperor looked at the play.

Before he, in the ultimate ancient road, including the world of the gods, tried various ways to deal with Jun Xiaoyao.

In the end, they failed one by one.

On the contrary, he was miserable by Jun Xiaoyao.

And now, when Di Haotian was on the move, the ancient emperor didn't believe that Jun Xiaoyao could be so calm.

As for Ling Yuan, her expression is very complicated.

Emperor Haotian was born and was called Lord Young Emperor.

So what is she, the contemporary young emperor?

Ling Yuan is very strong, and even the arrogant cultivated by the core of the Wa Emperor.

But her appeal in Xian Ting was not as good as Di Haotian's.

What's more, she is still a girl.

A little bit less the domineering power of Emperor Haotian.

At this moment, Di Haotian and Jun Xiaoyao were facing each other, her identity was embarrassing, and she was caught in the middle, which was really uncomfortable.

"Jun Xiaoyao, I have to say that you are beyond the young emperor's expectation."

Even if Jun Xiaoyao seized the opportunity, Di Haotian's expression was still indifferent.

He knew too many opportunities, and the virtual world was only a small part of it.

"Di Haotian, you are not qualified to put up a score in front of this young man." Jun Xiaoyao was also indifferent.

Although this Emperor Haotian was slightly different from some of his previous opponents.

A little stronger, a little special.

But Jun Xiaoyao, with invincible faith in his heart, did not fear Emperor Haotian.

What's more, this time he has gained quite a lot. Going back to the fairy courtyard to retreat, his strength will surely skyrocket again.

At that time, he would have to see if Di Haotian had the ability to catch up with him.

"Am I not qualified?" Di Haotian didn't care.

Then, he suddenly shot and clapped a palm.

In an instant, the dragon's roar shook the sky.

Nine-nine-nine-eighty-one dragons roared and crossed out.

Each Tianlong is like a pouring of gold and iron, which is as long as ten thousand meters.

With a flick of your tail, you can split the stars.

"That's... the strongest method of the Dragon Race!"

Some disciples from the fairy courtyard exclaimed and recognized them.

It was a strong law of the Dragon Clan long ago, but it was later lost.

Unexpectedly, it reappeared from Di Haotian's hands.

But when he thought that Di Haotian was not a person of this era, he was able to perform such a method, it was excusable.

Jun Xiaoyao also shook casually, and the chaos was filled.

The big mudra of Chaos was stamped away and collided with ninety-nine and eighty-one dragons.

Chaos Qi and Dragon Qi erupted, shocking the world.

Jun Xiaoyao was also slightly surprised, this Emperor Haotian did have something.

Previously, in the world of the virtual world, the Great Brahma of Buddhism was displayed.

Now he has displayed the Dragon Clan's method.

I feel that Emperor Haotian seems to have learned all the ways.

Chaos mudra is like the hand of a god, capturing the Tianlong.

The power of the collision alone shocked many disciples in the fairy courtyard present.

Is this really a person in the same age group as them?

"Okay, stop both of you."

Sumo couldn't stand it anymore and came out to stop it.

To be honest, he was also uncomfortable.

Because of these two people, he can't afford to offend anyone, and it's hard for him to favor either side.

Jun Xiaoyao stopped, so did Emperor Haotian.

Elder Xu Mo said earnestly and earnestly: "Now you have also seen that in the Void Heaven Realm, the Cang Clan and the Taboo Clan on the Nine Heavens have appeared one after another."

"The fairyland will not be calm in the future."

"You are all the pillars of Xianyu, and you should not be internalized."

"I don't care." Jun Xiaoyao said casually.

Di Haotian glanced at Jun Xiaoyao deeply.

He felt that the true Six Paths of Reincarnation Immortal Root should have fallen into Jun Xiaoyao's hands.

There was also Qianxue, which also made Di Haotian very curious.

"Well, it's mine, it's mine after all." Di Haotian was also relieved.

He has that confidence, and what he loses in the future will return to his hands.

Immediately, Di Haotian turned to look at Ling Yuan.

Of these two, one is the contemporary young emperor, and the other is the ancient young emperor.

The atmosphere suddenly became subtle.

Di Haotian said with a faint expression: "Ling Yuan, as the young emperor of Xian Ting, the most important thing to understand is the measure."

"My followers, I might be acting a little inappropriately, but... the flies don't bite seamless eggs."

"I hope you will understand what is called boundary and measure in the future."

In this case, preaching is full of meaning.

The implication is that the relationship between Lingyuan and Jun Xiaoyao is a bit vague, which does not match her background and standpoint.

Rao is Ling Yuan, and her glamorous face has also changed slightly.

Emperor Haotian is the ancient young emperor.

But it doesn't seem to be qualified to accuse her in such a superior tone, right?

She is also a contemporary young emperor anyhow.

The result is now like a child being educated by an adult.

Di Haotian didn't care about Ling Yuan's face that had become a little ugly.

Because he knew that Ling Yuan would play an extremely important role in the future.

It concerns an important figure in the ancient fairy garden.

Therefore, Ling Yuan must not have anything to do with Jun Xiaoyao.

Otherwise it will also affect his plan.

At this time, Jun Xiaoyao stood up.

"Your people, I killed them, they must be targeted, and they must be targeted at me."

"Fighting in the same room, is it the tradition of Xianting?"

Jun Xiaoyao's words made many people present different colors.

They looked at Jun Xiaoyao and then at Ling Yuan.

Is this... protecting your wife?

Before, their relationship was only fuzzy.

At this moment, Jun Xiaoyao stood up and spoke, and the meaning of maintenance was full.

It's hard not to be fanciful for the deity of the Jun family to maintain the Little Emperor of the Fairy Court.

Rao is Lingyuan, but he never expected that Jun Xiaoyao would be so straightforward and speak for her.

This made Ling Yuan feel a touch of indescribable complexity and joy in her heart.

The joy is that Jun Xiaoyao maintained her.

The complicated thing is that Jun Xiaoyao's move undoubtedly deepened the contradiction between her and Di Haotian.

As everyone knows, this is the purpose of Jun Xiaoyao.

But he didn't want to arouse the contradiction between Ling Yuan and Di Haotian.

Instead, he wanted to arouse the contradiction between the Wa Huangxian Order and Fuxi Immortal Order.

Now these two immortals are the most prestigious immortals in Xian Ting.

If the two immortals split, it would undoubtedly be a fatal blow to Xian Ting.

"This gentleman Xiaoyao, sure enough..."

Di Haotian also showed a different color in his eyes.

Realizing that Jun Xiaoyao is not only a monster of talent and strength.

Even the calculations of the city are so deep.

He clearly wanted to provoke him and Ling Yuan.

Although they themselves, it doesn't matter.

"This is our own business in Xian Ting, so we don't need outsiders to intervene."

"Jun Xiaoyao, this young emperor remembers you and looks forward to seeing you officially."

When Di Haotian's voice fell, his figure turned into a burst of golden light rain.

"This...this is the Dharmakaya?"

When seeing this scene, all the disciples of the fairy courtyard in the audience were very surprised and exclaimed.

Just now, Di Haotian and Jun Xiaoyao simply fought against each other, and the power was overwhelmed by all the arrogances present.

As a result, this turned out to be just a Dharmakaya!

Di Haotian's true body has not yet been released.

Many Xianyuan disciples were silent, and Dao Xin was shocked.

With just the Emperor Haotian's dragon clan method, not many people on the scene could stop it.

They couldn't even compare Di Haotian's Law Bodies.

Of course, there are some people who disdain, they are all people who are looking at Jun Xiaoyao.

"Using the Dharma body to pretend, UU reading www.uukanshu.com really thinks that everyone is a son of God. At the beginning, Lord God of God is enough to contend with the hegemonic body."

You Tianjiao mentioned such an old thing.

In the crowd, Long Yaoer's face was black, like the bottom of a pot.

Which pot is not open and which pot is to be lifted? It's all short.

This is her dark history, an unbearable past, a nightmare existence.

As for Jun Xiaoyao, his face was dull from beginning to end.

He knew it a long time ago.

Otherwise, he wouldn't say that Di Haotian was not qualified to fight him when he was in the Xutian Realm.

"Di Haotian, I have some expectations, and I have officially met with you."

Jun Xiaoyao smiled slightly.

It's rare to run into a role that can make him so interested.

[Chapter 1187: 3 big taboo families want the lower realms, a big storm will arise!](#)

The journey to the virtual world ends here.

All the disciples of the fairy courtyard could not think of it, it was just a good experience, and so many things happened.

The mysterious ancient young emperor appeared in the fairy garden.

Below the surface of the water, the ancient Cang clan appeared in this world.

There are also taboo families above the nine heavens.

After this trip, many Tianjiao were reporting to the forces and families behind them.

They can foresee that a big storm no less than an alien invasion is about to sweep.

Of course, this trip, many Tianjiao have also gained.

Jun Xiaoyao is full of harvest, and even likes to be a father.

Everyone, including the three elders Xu Mo, was very curious about Xiao Qianxue.

But this Nizi has been stuck to Jun Xiaoyao, and has no contact with anyone else at all.

Even Jiang Luoli felt a little jealousy in his heart.

She and Jun Xiaoyao haven't stuck to this level yet.

Of course, she also loved Xiao Qianxue tightly.

Next, everyone began to return to Jiutianxianyuan.

The harvest of Jun Xiaoyao's trip is not just some chance.

He also got some clues.

But there are some things that need to be investigated.

For example, from which eucharist did that drop of flawless holy blood come from?

Jun Xiaoyao believes that the drop of blood should not be the blood of Emperor Wushu.

The Great Emperor Wu End later metamorphosed into the Innate Eucharist Dao womb, and it was no longer a mere ancient Eucharist.

Therefore, after Jun Xiaoyao will go back to the Wasteland Immortal Territory to ask Wu Hu.

As the last sacred body of the deserted ancient temple, Wu Hu should know some clues.

In addition, Jun Xiaoyao was also very curious about the whereabouts of Emperor Endless.

What happened after he went to Jiehai? Is he still alive?

Why so far, there is no news.

The mystery in Jun Xiaoyao's heart increased again.

And just when Jun Xiaoyao and his party were returning to the fairy courtyard.

In a mysterious place shrouded in mist.

Here, it is not the heaven and earth rules of Xianyu, but another piece of space.

Like the foreign land, the border desert, the boundary sea and other places, they are not bound by the rules of the fairy land.

Here, in an area, a group of people got up.

"Yukun and they are all dead, and I didn't expect that the prince's **** son of Xianyu would be so powerful and decisive."

"My Yu family members can't die in vain."

"Even if he is the son of the Jun family, we are standing on the nine heavens with our backs on the Xian Mausoleum, one of the top ten forbidden areas.

"And the girl from the Jiang family must also be found. She has the inheritance of Xianling."

"We have already sent a message to Master Yu Gan, he should go, after all, Yu Kun is his younger brother."

"If it hadn't been for the endless killing formation left by the Emperor Without End, the restricted area would have long been in the lower realm."

"But time is fast. Before that, let our families take action first."

And in another area.

There is also a group of people communicating.

They are members of the Nine Heavens Taboo Family, the Jin Family.

Backed by the Holy Spirit Ruins, one of the top ten restricted areas, they once had enmity with the Great Emperor Luangu.

"Unexpectedly, the descendant of Luangu is actually the son of the Emperor's family, which is a bit troublesome now."

"The Great Emperor Luangu, the forbidden area behind the same race back then, the ruins of the Holy Spirit, the enmity is too great to be resolved."

"However, in the Ruins of the Holy Spirit, there are big people who speak, and all people and things related to the chaos of ancient times will be eliminated."

"It seems that it is time to go to Xianyu."

Located in another place, there is a group of people.

Among them is a woman with a beautiful and delicate face.

It was in the Xu Tian realm that Ji Yingying, the Ji family woman who questioned Ji Qingyi.

The Ji family is also a taboo family above the nine heavens.

His eldest son, Ji Daoyi, was also a preacher of Immortal Sect.

Later, he fell to the world of the gods.

Ji Yingying wanted to find out the real cause of Ji Daoyi's death.

Ji Qingyi insisted that Ji Daoyi was attacked to death by a foreign creature.

But Ji Yingying thinks.

If Ji Daoyi had not been injured, it would be absolutely impossible for a foreigner to kill him.

Therefore, the point of contradiction naturally fell on Jun Xiaoyao.

If it hadn't been for him to severely inflict Ji Daoyi, Ji Daoyi would not have been attacked and perished by alien creatures.

"Are we really going to face Jun Xiaoyao?" You Ji family member hesitated.

"Brother Daoyi can't die in vain." Ji Yingying gritted her teeth secretly.

"It's true that the people who teach the gods dare not target Jun Xiaoyao, but our Ji family wants to get justice back."

There are also members of the Ji family who support Ji Yingying's decision.

The Taboo Family is located on the nine heavens, backed by the forbidden area, in fact, there is no need to be too afraid of the monarch's family.

"And don't forget, they may be overwhelmed by the curse of evil in your house."

"Yes, if it weren't for the endless killing array, the supreme existence in the forbidden zone would have been able to live long ago, and that's how the Jun family will be."

"But I have heard that some young supreme and immortal emperors in the restricted area seem to be born."

What the immortal creatures don't know is.

In the beginning, the Emperor Wuyou killed for nine days, and after the turmoil of the first generation, there was still an endless killing array.

This is the real Supreme Emperor Formation, used to limit the nine-day forbidden area, and form a barrier with the fairyland.

It is precisely because of this that there was peace and peace for a period of time later.

However, as time passed, the effect of the No Final Kill Array also weakened.

Coupled with some big shots in the restricted area, the effect of this array is gradually eroding.

So, wait until the endless killing array is completely wiped out.

It was when the turmoil broke out completely.

But now, the effect of No Final Kill Array is actually much worse than before.

That's why those taboo families above the nine heavens have the ability to go to the immortal domain.

Yu family, Ji family, Jin family.

The three taboo families on the Nine Heavens must all go to the fairyland and target Jun Xiaoyao.

If this matter breaks out, it will arouse the attention of the entire fairyland!

But now, Jun Xiaoyao didn't know that these taboo families wanted to do something.

Even if I knew it, I wouldn't feel anything.

After more than ten days, they also returned to the fairy courtyard.

Yan Yun eighteen riders, on the contrary, was a lot more honest, and never appeared in front of Jun Xiaoyao again.

Bai Luoxue and Chi Fagui left the fairy courtyard even more.

When they think of Jun Xiaoyao's sword, they have lingering fears.

If it weren't for Di Haotian's help, they might have really died.

The Son of Truth and Phoenix Nirvana did not bother to find Jun Xiaoyao anymore.

Didn't you see that even Emperor Haotian couldn't take advantage of Jun Xiaoyao?

Next, Jun Xiaoyao was about to retreat for a while.

He wants to digest the opportunity he got in the virtual world.

And Xiao Qianxue, although very sticky, Xiaoyao.

But she is also very sensible, UU reading www.uukanshu.com knows that Jun Xiaoyao has business affairs, and did not disturb him.

Fortunately, Jiang Luoli and Xiao Qianxue get along well.

The entire fairy courtyard fell into calm once again.

They didn't even know that soon, the disturbance in the lower realm of the Taboo family would come to the fairy courtyard.

On the other side, in the Huntian Immortal Domain, one of the Nine Heavens Immortal Domains.

Amidst the star field of the ancient star field, Emperor Haotian sat in the golden palace with no expression on his face.

Before he had just traveled to the Void Heaven Realm with a ray of Dharma Body, the deity was still sitting in the temple, blending with the breath of this era.

"Jun Xiaoyao, it is indeed beyond my expectation, but the next plan needs to be pushed forward."

"No one can stop this young emperor's path to hegemony, neither can Jun Xiaoyao."

"This world, I am the master!"

[Chapter 1188: Yanyun 18th rides third, Ziyun Tianjun, Yingluo Yao...](#)

Di Haotian is a proud man.

Even if he is not reborn, he is also the proud young emperor of Xian Ting.

Not to mention now, mastering the memory of a lifetime.

Di Haotian didn't think he would lose.

It is even more unlikely to lose to a current Tianjiao.

For Di Haotian, the defeat of the Xutian Realm was just a small episode.

It can't affect his plan and the overall situation.

"It's really important, but this one."

Di Haotian took out the fragment of the immortal stone plate.

It was this fragment that brought him back to the early days of this golden age.

But there are three remaining fragments, missing.

"Ancient history, the secret of becoming a fairy, and the turmoil is also caused by it. I have to find the remaining three pieces."

"Because this may be the greatest opportunity in the early days of this golden age!"

Di Haotian's silver pupils bloomed with divine light.

He knows things that other people don't know, so he can seize the opportunity and work every step of the way.

"Bai Luoxue." Di Haotian said.

"Master Young Emperor!"

Bai Luoxue appeared as a woman with a beautiful face and an ethereal temperament in a white dress.

"I need to find the remaining three pieces of this ancient artifact and use the power of Xian Ting to find it."

Di Haotian said with the fragment of the fairy stone plate.

"Yes, Master Young Emperor."

Bai Luoxue took a deep look at the fragment of the immortal stone plate.

She was very smart, and didn't ask what it was or what it was for Di Haotian.

Sometimes, as a subordinate, you just need to follow suit.

Only in this way can it be taken seriously.

As the think tank of Yanyun Eighteen Riders, Bai Luoxue naturally understood this simple truth.

"By the way, don't say anything, don't make any big movements, I don't want others to know." Di Haotian said.

"Subordinates understand." Bai Luoxue nodded.

"Luo Xue, you are very clever, so this Young Emperor is relieved to leave it to you." Di Haotian smiled faintly.

"It is an honor to be appreciated by Master Young Emperor!" Bai Luoxue's eyes showed joy.

"Go." Di Haotian waved his hand.

Bai Luoxue retreated.

Thoughtfulness appeared in Di Haotian's eyes.

"In the virtual world, the Cang clan and the Taboo clan appear one after another."

"Not surprisingly, the Taboo family should begin to show up next. They are the vanguard of the life restricted zone."

"Jun Xiaoyao, who was once a barren ancient sacred body, is logically opposed to the restricted area."

"In addition, there is news that he is a descendant of the ancient chaos, and there should be grievances with that line of restricted areas. In that case..."

Di Haotian had an idea again in his heart.

He suddenly said: "Ziyan Tianjun!"

Outside the golden palace, a flash of fire flashed by.

A man dressed in purple clothes and purple hair appeared on the spot.

The man has a strong body, and his entire body is wrapped in a group of purple divine flames, and the flames in his eyes seem to be gushing out.

His breath is very strong, standing there, shining like a purple shining sun.

"What's the matter with Young Emperor?"

It is different from other knights in Yanyun Eighteen Riders.

Ziyan Tianjun, to Emperor Haotian, did not bow to his knees, but had a hint of challenge in his eyes.

"Tianjun Ziyan, after so long, your character still remains the same."

Di Haotian didn't care either.

This Purple Flame Heavenly Sovereign, ranked third among the eighteen riders of Yanyun.

Was one of his challengers.

It is said that Ziyan Tianjun, without father and mother, is a creature bred from a purple shining sun, who is born in control of all fires.

In that era, Ziyan Tianjun was an absolute dark horse rank arrogant, rising all the way and defeating the proud sons of immortal forces.

In the end, he met Di Haotian and was defeated in his hands, willing to be a follower.

Therefore, his temperament is also different from other followers, and he is not too humble.

"It's been a long time since I competed with Shaohuang, and my hands are indeed itchy." Zi Yantianjun said.

"Relax, after finishing this matter, this young emperor will give you a chance to temper." Di Haotian said.

"What's the matter?"

"You go and check it out in secret. You should always report to me about the taboo family. When necessary, I need to contact them." Di Haotian said.

"Okay." Ziyan Tianjun nodded slightly, turning into a ball of fire and leaving.

"Next, it depends on how the Taboo family did it, but no matter what, Jun Xiaoyao, you can't beat me."

"Sooner or later, you will actively ask me to accept you as a follower." Di Haotian smiled.

"By the way, I almost forgot one thing. I went to Huangtian Immortal Territory and contacted the Little Demon Empress. Her identity and background are unusual."

Di Haotian just wanted to call someone, but finally shook his head.

"Forget it, Ben Shaohuang will take a trip in person to show his sincerity in cooperation."

After all, in front of Di Haotian, mana was intertwined, and the light surged.

A Dharmakaya appeared again.

He now, the deity's breath has not yet blended with the breath of this era, so it is not convenient to go out for the time being.

After the Di Haotian Law Body left.

His deity is still sitting cross-legged in the golden palace.

"Step by step, my plan is perfect, and then I will wait for that place to open."

"That place is extremely important to my Xian Ting. It is about unification and integration, and there is no room for mistakes."

Di Haotian's eyes shone with light.

Everything, as well as key historical nodes, are in his memory.

How can you fight with Jun Xiaoyao?

...

Di Haotian's arrangement and layout did not alarm anyone.

Nine Heavens Immortal Domain, as usual.

It was just that some monks saw that some of the people from the fairy garden began to frequent various star regions.

It feels like it's not like patrolling, it's like looking for something.

Of course, this did not cause much attention.

The fairy courtyard is also very peaceful.

After Xu Tianjie returned, no one without eyesight dared to provoke Jun Xiaoyao and the people around him.

Many disciples from the fairy courtyard began to practice hard after they got the chance.

Because the Cang Clan and Taboo Clan that appeared in the Xu Tian Realm made them feel uneasy.

It feels like the peace before the storm.

So they practice hard.

The stronger the strength, the more self-protection.

And Jun Xiaoyao, after returning to the fairyland, specially asked the Great Elder to choose a retreat isolated from the outside world.

Will not be disturbed by anyone.

And shortly after Jun Xiaoyao retreats.

There is an amazing news from the Huntian Immortal Domain.

In that fairyland, a monster, blood-colored star appeared, clearly extinguished, as if to illuminate a certain place.

The star is called Yinghuo, and it is rumored to be an ominous demon star at www.uukanshu.com.

But what is surprising is not Yingzhuo itself.

But it is related to one of the seven incredible things in Xianyu's rumors.

The seven incredibles are the seven taboos and weird legends in the fairyland.

Just what Jun Xiaoyao has experienced is the Bronze Immortal Palace, the nineteenth floor of the Hell Star, and so on.

And the legend related to Yinghuo Demon Star.

It is one of the seven incredible, forgotten kingdoms.

It is rumored that it is an ancient forbidden land, forgotten by time, and usually not visible at all.

Only the place where the magic star appeared and illuminated was the place where the forgotten kingdom was revealed.

After that, even more shocking news came out.

The important ruins of the ancient fairy court are actually in the forgotten country!

[Chapter 1189: One of the 7 incredible things, the forgotten country,...](#)

The seven wonders of Xianyu, each of which is mysterious and weird.

Ordinary monks would never dare to step in.

Jun Xiaoyao should be the only one who has experienced two incredible things, but is still safe and sound.

And this forgotten country, even among the seven mysteries, is the most mysterious and eerie.

Rumor has it that it is a land forgotten by time, and no one can find a specific location.

Only when Yinghuo Demon Star appeared.

Its blood-colored light, wherever it shines, will the forgotten kingdom be revealed.

Of course, from ancient times to the present, there is no shortage of powerful people in Xianyu. By chance, they have entered the forgotten kingdom.

It's just that after many people entered, they never came out.

Many monks would never have imagined that the ruins of the ancient fairy court were actually in the forgotten kingdom.

But everyone changed their minds.

The most dangerous place is the safest place.

The ancient Xianting ruins are in it, and it is indeed difficult to be disturbed by outsiders.

After the news came out, Xian Ting immediately took action.

Someone saw that Xian Ting dispatched many celestial soldiers and generals to block off the entire Huntian Immortal Territory, not allowing monks from other Immortal Territories to enter.

Many monks were cursing secretly.

That was the ruins of the ancient fairy garden. God knows how many opportunities there will be. It is absolutely valuable.

That is equivalent to a supreme treasure house, containing the treasures of the ancient fairy garden.

Even if an ordinary monk gets one or two things, it is enough to endure it.

For a time, the entire Nine Heavens Immortal Territory was full of turmoil because of this matter.

Of course, many people are curious about Jun's reaction.

After all, if the Supreme Immortal Court is allowed to get the chance wealth of the ancient Xianting ruins.

The strength of that fairy court will undoubtedly skyrocket.

This is not a good thing for the Jun family.

But now, the Yinghuo Demon Star appeared, and it was still a while before the forgotten kingdom was born.

Nine Heavens Immortal Courtyard is also surging.

Even the Tianjiao of the Nine Great Immortals, such as Ling Yuan and Gu Dizi, were summoned back.

Obviously to prepare for the forgotten country.

That was a big event in Xian Ting.

As for Jun Xiaoyao, because he is in retreat, he doesn't know the news for the time being.

In the depths of the fairy courtyard, in an ancient mountain range isolated from the outside world.

Here is full of aura and mist.

There are exotic flowers of Yao Cao, colorful, Changchun in all seasons.

This is the top cultivation treasure place in the fairy courtyard.

Generally speaking, it is a retreat for the great elders and others.

As a result, now, it was given to Jun Xiaoyao.

Dressed in white, Jun Xiaoyao sat cross-legged in the middle of this ancient land.

He is ethereal, handsome, handsome, sitting cross-legged like an immortal at the moment.

He is emptying himself, preparing for a breakthrough.

After all, this time, his gains were not small.

Jun Xiaoyao didn't want to delay any longer.

He sacrificed the third bronze coffin.

There is also part of the law fragment energy left over after the ultimate disaster of refining.

With the help of this huge law energy, Jun Xiaoyao once again condensed his chaotic fairy energy into the law of chaos.

"Also, the power of faith..."

Jun Xiaoyao, in the virtual world, swallowed and refined the soul of the Son of Truth.

Although that is only part of the primordial energy of the Son of Truth.

But for Jun Xiaoyao, it is still enlightening.

Let him have a deeper understanding of the way of faith.

In addition to Jun Xiaoyao itself, there is also a spiritual body of belief in gods.

Therefore, Jun Xiaoyao also has a deep understanding of the power of faith.

After a period of comprehension.

Jun Xiaoyao finally condensed the law of belief.

This law is shining brightly, and it seems that there are hundreds of millions of sentient beings up and down, praying, and worshipping.

Because Jun Xiaoyao killed the ultimate disaster.

Therefore, to this day, there is still a steady flow of power of faith, pouring into the universe within Jun Xiaoyao.

"The law of faith is condensed, and then there is... the law of power."

Jun Xiaoyao again began to understand the law of comprehension.

He himself is an ancient sacrament, and his understanding of power is naturally extremely profound.

In addition, he later got the magical powers of the gods and demon ants from the little gods and demon ants.

The comprehension of the way of power is also very profound, not weaker than the comprehension of the law of the sword.

After another period of time, Jun Xiaoyao once again condensed the law of power.

"Next, there is also a way to change yin and yang."

Jun Xiaoyao began to comprehend again.

He once killed the ten princes of the Golden Crow and obtained the true meaning of the Sun Celestial Sutra.

From Yu Chanjuan, I got the Taiyin Immortal Sutra.

In his inner universe, there are also the sun, the lunar, and the two stars alternate, representing the rotation of the sun and the moon, and the change of yin and yang.

Soon, Jun Xiaoyao condensed the law of yin and yang.

So far, Jun Xiaoyao has fully condensed seventeen rules!

This is an extremely terrifying amount.

The nine principles can be called the ultimate supreme.

What are those seventeen rules?

Definitely far beyond the extreme.

Jun Xiaoyao breaks through in this situation, no matter which stage of the Supreme Seven Realms, he has the power to crush the same realm!

"It's not over yet."

Jun Xiaoyao took out six reincarnation fairy roots.

This six-color strange flower is hazy, lingering around Xianhui, with a force of rotating six ways.

This is a **** of heaven and earth close to the level of the World Tree, and it is also an indispensable thing in the universe in Jun Xiaoyao.

He implanted the six roots of reincarnation into the inner universe.

Suddenly, the inner universe, which was originally like a pool of stagnant water, started to become active.

To use an analogy, Jun Xiaoyao's former inner universe was like a pool of stagnant water.

Even if a fish is put in, there is no running water for irrigation, no flow, that fish will soon die.

However, these six reincarnation fairy roots seem to have turned the whole pool of stagnant water into living water.

Living beings and all things are in it, and they can reincarnate, become and live in the emptiness, and there are six reincarnations.

Even, Jun Xiaoyao does not need to extradite life from the outside world.

In the inner universe, there are conditions for the spontaneous birth of life.

This is like a real world, a world with reincarnation.

Boom!

In an instant!

In the universe within Jun Xiaoyao, it is like opening up the world.

Fresh air rises.

The turbidity drops.

Six reincarnations.

All things reincarnate.

"My inner universe is moving towards the little thousand world!"

Jun Xiaoyao's expression was shocked, showing joy.

The level of the inner universe starts from the world of dust.

To the small thousand world, the medium thousand world, the big thousand world, the single universe, the multiverse and so on, we will move forward step by step.

Before that, Jun Xiaoyao's inner universe had always been at the level of the dust world.

And now, with the long-term nourishment of the world tree, plus the addition of the six reincarnation fairy roots.

Jun Xiaoyao's inner universe finally evolved towards the world of Xiaoqian.

His entire inner universe, UU reading www.uukanshu.com is trembling and expanding.

This is different from the advancement of the cultivation realm, but for Jun Xiaoyao, it may be even more important.

Generally speaking, it is almost above the quasi emperor before starting to practice the world.

But Jun Xiaoyao is nothing more than supreme, and the universe within it has already begun to evolve into a small thousand world.

If this is spread out, it will definitely cause endless shock.

Because Jun Xiaoyao refreshed everyone's understanding of cultivation!

And with the gradual transformation of the universe within Jun Xiaoyao.

His understanding of the way of the world is getting deeper and deeper.

After all, this is the rule that evolved within him.

At a certain moment, Jun Xiaoyao blessed his soul.

The immortal energy of the world in his body has once again transformed into the law of the world!

[Chapter 1190: Small 0 world, strong breakthrough, Xiaotianzun great perfection](#)

So far, Jun Xiaoyao has condensed a total of 18 laws.

The law of the flesh, the law of everything, the law of reincarnation, the law of void, the law of sin, the law of God, the law of swallowing, the law of great power, the law of life and death.

The law of good fortune, the law of the world, the law of magnetism, the law of chaos, the law of soul, the law of sword, the law of power, the law of belief, the law of Yin and Yang.

It can be said that this spread out, I don't know how many people's jaws were shocked.

This is terrible, unimaginable.

Ordinary supreme, condensing one or two rules, is already considered good.

The Nine Laws are already the supreme in the extreme realm, and can stand on the summit of the supreme.

As a result, the law that Jun Xiaoyao has condensed now is twice that of Extreme Realm Supreme.

This is outrageous, it is simply not something that humans can do.

It's really not wrong to say that Jun Xiaoyao is an eternal number.

"It's almost done, it's time to break through." Jun Xiaoyao nodded in satisfaction.

He had been slow to break through to Tianzun before, because his law was not fully condensed.

And now, the Eighteen Principles are already pretty good.

If you continue to practice, it is possible for Jun Xiaoyao to comprehend more rules.

But that also doesn't make sense.

Because Jun Xiaoyao has already broken the limit and reached a certain kind of culmination and completion.

Continuing to comprehend more rules is just a slight icing on the cake, it will not be a qualitative change.

"Wait to prove the Dao in the future, and then comprehend more Dharma, when the time comes to control the Three Thousand Dao, who is the enemy?" Jun Xiaoyao was muttering to himself.

If anyone said they wanted to control the Three Thousand Avenue, that would definitely be ridiculed, because they were a little overwhelmed.

But these words, from Jun Xiaoyao's mouth, seemed to be taken for granted.

"By the way, my Sumi world..."

Jun Xiaoyao noticed again.

Before, he had been cultivating the method in the style book, the world of three thousand Xumi.

Two thousand have been condensed before.

And now, with the transformation and evolution of the inner universe.

The majestic power of the world is absorbed by the cell and cultivated into the Xumi world.

Unconsciously, the remaining thousand Sumeru worlds were also condensed and succeeded.

Jun Xiaoyao successfully cultivated the world of three thousand Xumi.

He clapped his hands, and the power of the three thousand Xumi worlds was overwhelmed.

The enemy's attack fell on him, and it had to pass through three thousand Xumi worlds before it could completely fall on him.

Jun Xiaoyao successfully completed the most powerful body refining method in this body book!

"But how do I feel that this seems to be just a starting point, a beginning?" Jun Xiaoyao was trying to figure it out.

In his body, three thousand cells turned into three thousand Xume worlds.

But the human body has 40 trillion to 60 trillion cells.

If they are all cultivated into the Xumi world...

Hiss...

Even Jun Xiaoyao couldn't help taking a breath when thinking of this.

The world of Three Thousand Sumeru alone is so terrifying.

If you really cultivate to that level, the human body itself is an incredible universe, right?

When the time comes, one finger will go down, the heavens will collapse, all the ways will sink, and one force will break the ten thousand laws.

Of course, this is only Jun Xiaoyao's conjecture.

Moreover, just cultivating these three thousand Xumi worlds consumes such a majestic world power.

If you really want to cultivate every cell in the human body into the Xumi world.

The resources that need to be consumed are simply unimaginable.

Therefore, Jun Xiaoyao just kept this idea in his heart.

At this moment, in Jun Xiaoyao's inner universe, there was a sound that opened up the world.

That was Jun Xiaoyao's inner universe, which finally transformed successfully, from the world of dust to the world of Xiaoqian.

The World of Small Thousands is more than a thousand times bigger than the World of Dust.

Various stars move in it, and the power of the world flows.

Xianyuan ancestral veins and exotic dragon veins provide massive auras of heaven and earth for the inner universe.

It can be said that Jun Xiaoyao's inner universe is full of vitality.

At this time, his realm cultivation level could no longer be suppressed, and he began to erupt like a volcano.

Jun Xiaoyao didn't suppress it anymore, and began to break through.

The sky and the earth are thundering, and this retreat ancient mountain range has fallen into a terrifying calamity.

However, because of the isolation from the outside world, not many people noticed it.

Only the elder of the fairy courtyard and others who were meditating suddenly opened their old eyes, and a look of surprise appeared in their eyes.

"This wave of volatility comes from that ancient place. It is Xiaoyao Xiaoyou. Is he going to break through?"

Rao was the great elder of the fairy courtyard, and he was very surprised, very surprised.

How old is Jun Xiaoyao?

At this age, achieving supremacy is an absolute evildoer.

But now it seems that it is about to break through to Xiaotianzun.

"It's really scary for the younger generation." The elder of the fairy courtyard also shook his head with a wry smile.

Comparing with Jun Xiaoyao, these old men of them almost lived on pigs.

He even felt that it might not be long before Jun Xiaoyao would be able to surpass him.

But the great elder was also very fortunate that the fairy courtyard wooed Jun Xiaoyao and made friends with him.

On the side of retreat ancient land.

The robbery is very terrifying.

All kinds of chaotic divine thunder, world-destroying demon thunder, seven-color profound thunder, etc., billowed and smashed down.

It can be said that this kind of calamity is many times more terrifying than the extreme extreme calamity of the Nine Laws.

As for other people, even if the Extreme Realm Supreme who has cultivated the Nine Laws, being smashed by this kind of tribulation, there is a danger of death and elimination.

But Jun Xiaoyao was very indifferent, and did not even deliberately resist.

Rely on the flesh alone to bathe in thunder.

After cultivating the Three Thousand Sumi World, Jun Xiaoyao's body became more and more terrifying.

In addition, the inner universe has evolved into a small thousand world.

The current Jun Xiaoyao really couldn't judge his strength by realm.

Soon, the catastrophe passed without leaving any injury to Jun Xiaoyao.

Jun Xiaoyao's breath also began to soar like a blowout.

From the supreme to the Xiaotianzun.

Xiaotianzun early!

Xiaotianzun mid-term!

The late Xiaotianzun!

Xiaotianzun Xiaozhuo!

Xiaotianzun is great!

Ordinary strong people, in the supreme realm, it takes a lot of time to break through a small realm.

And Jun Xiaoyao, in an instant, broke through a big realm and reached the pinnacle of Xiaotianzun.

This is just the realm on his face.

His true strength definitely doesn't stop there.

"In the Seven Supreme Realms, you can directly break through a big realm. It's okay, accumulate more and more."

Jun Xiaoyao's face was flat, which was all in his expectation.

Although in the Supreme Seven Realms, the breakthrough of each small realm is comparable to the ninth level of Tongsheng superimposed on each other.

But Jun Xiaoyao suppressed himself for too long.

If it were not for deliberate restrictions, Jun Xiaoyao would have been able to break through to Xiaotianzun early.

So this is also accumulating.

"In the realm of Tianzun, the control of various laws has reached the point of perfection."

Jun Xiaoyao raised his hand and walked around his fingertips like a fish.

This is the power of Tianzun, and the control of the law is far from the supreme.

"By the way, my inner universe."

Compared with Boundary Breakthrough~www.mtlnovel.com~ Jun Xiaoyao is more curious about his own inner universe breakthrough.

From the world of dust to the world of Xiaoqian, it is a qualitative change.

But if you want to transform from a small thousand world to a medium thousand world, that can be too difficult, and it can't be done overnight.

Because a thousand small thousand worlds add up, it can be compared to a middle thousand world.

And one thousand middle-thousand worlds can be compared to a big one-thousand world.

It is conceivable that it will take a long time for Jun Xiaoyao's inner universe to change.

At this moment, Jun Xiaoyao noticed that in his inner universe, there are eighteen energy light clusters conceived in the original Qi of the universe.

"That's... the innate gods and demons."

Jun Xiaoyao was really surprised.

He thought of a word.

The prehistoric world!
