[Chapter 1191: The conjecture of the prehistoric world, the innate gods and demons, touch again...](#)

Jun Xiaoyao is no stranger to the prehistoric world.

He is a traverser.

In the early days of the universe, the world was not divided, everything was chaos.

After that, the fresh air rises, the turbid air falls, and the world is divided.

Between heaven and earth, three thousand innate gods and demons were born, representing the three thousand avenues.

But now, Jun Xiaoyao is like a creation god, or an observer, observing his inner universe.

Isn't this similar to the legendary prehistoric world?

At the very beginning, there were also congenital gods and demons conceived.

Of course, it's just that.

Dao Zu Hongjun, Demon Zu Luohu, Dragon Phoenix Qilin, etc., are impossible to appear.

The innate gods and demons, representing the inner universe of Jun Xiaoyao, have begun to operate initially and can spontaneously give birth to creatures.

The strength of the creatures in the inner universe is also closely related to Jun Xiaoyao.

After all, he is the **** of the inner universe, a creator-like existence.

The strength of the creatures born in the inner universe can't be far surpassed that of Jun Xiaoyao, and everything will be messed up.

If Jun Xiaoyao is strong enough, for example, in the future, he will truly become the Emperor of Heaven overlooking the past and the present.

Then in his inner universe, naturally qualified to give birth to extremely terrifying creatures.

Maybe any Dao Ancestor, Demon Ancestor, could be born in his inner universe.

But that will be the future.

"Eighteen energy light clusters represent that there are eighteen innate gods and demons gestating, and the law I understand happens to be eighteen."

Suddenly, the aura flashed in Jun Xiaoyao's mind.

Each innate **** and demon represents a law.

"It seems that in the future, we still have to continue to comprehend the law." Jun Xiaoyao thought.

If three thousand laws are really collected, three thousand innate gods and demons will be born.

This in itself is an extremely terrifying force.

Even Jun Xiaoyao didn't need to do it himself.

Offering three thousand gods and demons, all enemies can be killed!

"Huh, the harvest this time is really great, but... it's not over yet."

Jun Xiaoyao let out a breath.

Condensing the eighteen principles.

He broke through to Xiaotianzun's Great Perfection in one breath.

The inner universe has advanced into a small thousand world.

Three thousand Sumeru world practiced to perfection.

Jun Xiaoyao's retreat this time can be said to be quite rewarding.

The strength skyrocketed again, and there was a qualitative change from before.

The transformation of the inner universe alone was enough for Jun Xiaoyao to defeat his past self.

But...

Jun Xiaoyao is not satisfied yet, there is still something to do.

He took out the drop of blood that returned to the basics and was as bright as agate.

That drop of flawless holy blood in the virtual world.

It comes from the line of the Eucharist, an unimaginable strong man.

"The source of this drop of blood will go back to the Wild Heaven Immortal Territory and ask Wu Hu about it."

Jun Xiaoyao murmured, and then began to comprehend the refining of this drop of blood.

Of course, the energy of this drop of blood is too powerful, even Jun Xiaoyao can only refine it with a trace.

The most important thing for him is not to use this drop of blood to quench his body.

It is to use this to comprehend the vision of the Eucharist.

The whole retreat fell silent again.

Except for the Great Elder of the Immortal Court and others, they vaguely sensed that Jun Xiaoyao might have broken through.

No one else knows.

However, the guess of the great elder and others is that Jun Xiaoyao broke through from the supreme to the early stage of the small Tianzun.

It is absolutely impossible to think that Jun Xiaoyao has broken through to Xiaotianzun's Great Perfection.

...

The fairy courtyard fell into a temporary calm.

However, the news of Huntian Xianyu and Yinghuxing Xian also attracted the attention of many parties.

The people on Jun Xiaoyao's side are going to wait for Jun Xiaoyao to leave the customs before telling him about it.

After all, this was a great opportunity for Xianting. If they inherited the resources of Ancient Xianting, it would not be a good thing for the Jun family and Jun Xiaoyao.

Especially when Di Haotian was born, he would definitely be able to obtain the highest quality resources of Ancient Xianting.

This is not good news for Jun Xiaoyao.

After all, when the two were in the virtual world before, they were already in a state of opposition.

At this moment, Di Haotian, who attracted many people's attention, was still in retreat in the palace.

But his Law Bodies had already quietly arrived in the Desolate Heaven and Immortal Realm.

The Demon Temple, located in the Demon State of the Desolate Heaven and Immortal Realm, is also a vast expanse of spiritual land.

Although now in the Wild Heaven and Immortal Realm, the Jun Family is definitely a well-deserved overlord-level existence.

But there are still other forces, holy places, and families standing.

The Demon Temple is one of them.

There is another reason why the Demon God Palace is so famous.

Naturally it was the mysterious little demon empress.

It is rumored that she is one of the most beautiful women in Huangtian Immortal Realm.

Many people want to see its beauty, but in the end there is no chance.

The Little Demon Empress is also extremely mysterious and rarely appears before the eyes of the world.

Even if he went to find Jun Xiaoyao, he was only possessed by Yan Rumeng.

The arrival of Di Haotian didn't disturb anyone.

He went deep into the Demon God Palace alone.

Came to a gorgeous and luxurious palace.

There is only a big red bed in the palace with a low curtain.

A faintly curved shadow lies in it.

The lazy and charming voice came out faintly.

"It's impolite to come uninvited."

Di Haotian smiled faintly and arched his hands.

"Under, Xian Ting, Emperor Haotian."

A simple sentence reveals the identity.

And it is a terrifying identity that is enough to deter most of the forces in the Nine Heavens Immortal Territory.

"Oh, it turns out that your Excellency is the ancient young emperor of Xian Ting who has been making waves in Xianyu recently."

"I didn't expect to come to this palace, which is really surprising."

The owner of this voice, the Little Demon Empress, claimed to be in the palace.

But when she communicated with Jun Xiaoyao, she claimed to be a concubine.

Even let Jun Xiaoyao call her Yaoyao.

It can be seen from this that the Little Demon Empress does treat Jun Xiaoyao differently from others.

Di Haotian naturally didn't know about such trivial matters.

Besides, in his memory, there was nothing about Jun Xiaoyao at all.

"I'll just say what I've come here, I hope Xian Ting can cooperate with the Demon God Palace, or... I and the Demon Empress can cooperate with you."

Di Haotian said straightforwardly.

He has a lifetime memory and knows the power behind the Little Demon Empress.

Cooperating with her is profitable and harmless.

The power standing behind her, even if it is above nine days, is enough to make other restricted areas jealous.

"Oh, Xian Ting actually cooperated with my little Demon God Palace, which really surprised this palace."

The Little Demon Empress seemed very surprised.

Indeed, the Demon God Palace deterred one party in the Wild Heaven Immortal Territory.

But compared with the overlord of Immortal Territory, Supreme Immortal Court, it is still a little insignificant, and the two are not at the same level of existence at all.

When Di Haotian saw this, he smiled and said, "You are too self-humbling, the Demon Empress, the Demon Palace, isn't it a toy you just created, just like a play house."

"You are from Nine Heavens, behind which stands an unimaginable existence."

"Huh!?"

At this moment, the temperature of the entire palace dropped suddenly.

A terrifying coercion emerged, making people fall into an ice cave.

A wisp of Ruoyouruowu's fierce killing intent locked onto Di Haotian.

The Little Demon Empress' tone became cold as water.

"Are you investigating this palace?"

"Of course not. It's just a chance to learn some gossip. Cooperating with me to deal with the big waves in the future is a win-win strategy for both parties."

Di Haotian's expression was still calm, smiling, as if he hadn't sensed this killing intent.

He is the ancient young emperor of Xian Ting, with an extraordinary identity.

Even if the little demon has an amazing history, at least for now, it will not treat him well.

What's more, he is just a Dharmakaya here.

It can be said that Di Haotian has calculated everything well, is fully prepared, and is very calm.

"Sorry, I don't seem to be interested in working with you."

The killing intent dissipated, and the Little Demon Empress's tone was still lazy, UU reading www.uukanshu.com with a wisp of indifference that turned away thousands of miles away.

"Why, isn't this young emperor plus Xian Ting still not qualified to cooperate with you the Demon Empress?" Di Haotian frowned slightly.

The situation did not seem to follow his plan.

It stands to reason that the Little Demon Empress should be very happy to cooperate with him and Xian Ting.

Because they are the best partners.

"It's a pity that this palace already has someone who I like, so I can only apologize." The Little Demon Empress said indifferently.

"Oh...could it be..."

Di Haotian's eyes flashed, and he immediately thought of someone.

"It seems that you are also a smart person. That's right, whoever belongs to the Huangtian Immortal Territory, this palace will cooperate with them." The Little Demon Empress lazily said.

"Jun Xiaoyao!"

Di Haotian spit out three words.

[Chapter 1192: Rebirth vs. Traverser, Taboo Family Nether](#)

"Yes, it's Jun Xiaoyao, my palace has decided to cooperate with him."

The Little Demon Empress's tone was lazy and charming.

When referring to Jun Xiaoyao, the tone is obviously different.

"Why?"

Di Haotian was puzzled and puzzled.

This is not right.

Doesn't it follow the script?

Cooperating with him should be the most perfect and the most secure.

The Jun family, cursed by misfortune, is inherently unstable.

And Jun Xiaoyao angered enemies everywhere.

The Primordial royal family, the Holy Spirit, all had wickedness with them.

Such a person is simply not the best partner for cooperation.

The Little Demon Empress let out a coquettish laugh, and then said.

"Your Excellency Shaohuang, this palace kindly reminds you, tell the woman, don't ask why."

"Because women are such emotional existence, they act, there is no reason, only I want."

"Moreover, I also like Junsu's little milk dog very much."

The words of the Little Demon Empress made Emperor Haotian slightly stunned.

In the future, a big storm will arise.

Xianyu, nine days, will be affected.

As a result, the Little Demon Empress chose her partner so easily.

The reason is just because, she likes little milk dogs?

Di Haotian couldn't understand at all.

The same is true for Qianxue before.

Do women now only look at their faces?

Di Haotian even felt that if he had been sealed for too long, he couldn't keep up with this age of looking at faces.

"The Demon Empress, this is a big deal, I think you should think it over carefully." Di Haotian said.

"No, thinking is very tiring, and very sad, not good for the skin."

The voice of the Little Demon Empress already seemed a little cold.

Di Haotian also understood that this was going to be an order to evict guests.

"Well then, the door of my fairy garden has been open. I hope you can change your mind."

After Di Haotian finished speaking, he turned and left.

He is also a proud man.

Since the Little Demon Empress was unwilling, he couldn't drool and ask for cooperation.

This is not in line with Di Haotian's identity and acting style.

After leaving the Demon God Palace.

Di Haotian's expression was completely gloomy.

"Jun Xiaoyao, it's Jun Xiaoyao again."

"It's all three things, but this has been more than three times."

Starting from the Xu Tian realm, his chances have been seized by Jun Xiaoyao.

Originally, without Jun Xiaoyao, Qianxue should be able to be subdued by him.

The Little Demon Empress should also be happy to cooperate with him.

But now, they are all taken up by Jun Xiaoyao.

Is Jun Xiaoyao leeks or is he leeks?

And most importantly, he has no memories of Jun Xiaoyao.

In his memory, Jun Xiaoyao is a non-existent person.

Naturally it is difficult to target him.

"Why in the end, a person who shouldn't exist, appeared."

"Could it be that he is not from this world?"

Di Haotian suddenly had an absurd idea in his heart.

Even he himself felt that this was too whimsical and impossible.

As a rebirth, it is already extremely incredible that he can be reborn.

He could not imagine how a person who did not belong to this world suddenly appeared.

Is this a confrontation between the rebirth and the traveler?

Di Haotian shook his head slightly, feeling that this idea was a bit too fanciful.

Since Sheng Yu, He Shengliang.

"Since there is my emperor Haotian, why should a Jun Xiaoyao come out?"

Di Haotian's face was cold.

But he was not discouraged.

Di Haotian's disposition was extraordinary.

"Since the Little Demon Empress has nowhere to go, we can only arrange the next plan."

"Falling planets now appear, the forgotten kingdom is about to be born."

"This is very important to my plan, and it is also about the unification and rise of Xian Ting."

"Jun Xiaoyao, it is absolutely impossible to come in."

Huntian Immortal Territory was originally the site of Xian Ting.

And the forgotten country also appeared in Huntianxian domain.

Without Xian Ting's permission, it is almost impossible for others to enter the forgotten country.

Di Haotian left.

He will begin to prepare for the next step.

And in the palace of the Demon God Palace.

The big red bed, among the curtains.

The coquettish and exquisite figure of the Little Demon Empress is extremely attractive and coveted.

"Di Haotian, how does it feel that he knows everything?"

"Almost no one knows where I came from. I only told Jun Xiaoyao before. It is impossible for him to tell Di Haotian."

"Di Haotian suddenly came to me and wanted to seek cooperation. He seemed to know what kind of power is behind me."

The Little Demon Empress's tone was also puzzled.

To be honest, she didn't like the feeling of being known.

But instead, the Little Demon Empress said in a self-pitying tone.

"Brother Xiaoyao, people do it for you, but they even turned down the cooperation with Xianting."

"If you still ignore people like that, you will make Yao Yao sad..."

...

It is naturally impossible for Jun Xiaoyao to know about the matter of Huangtian Immortal Territory.

In fact, with Jun Xiaoyao's character, he doesn't care who he works with.

For him, only his own strength is true.

All other cooperation and tactics are in fact imaginary.

For the absolute strong, cooperation is superfluous.

At the Nine Heavens Immortal Courtyard, after the breakthrough, Jun Xiaoyao has been using that drop of flawless holy blood to comprehend the vision of the Eucharist.

The entire fairy courtyard also remained calm.

In the days without Jun Xiaoyao.

Xiao Qianxue looked very boring.

Fortunately, Jiang Luoli was with her.

In addition, Xiao Qianxue also made a friend.

It is Luo Xiangling.

Perhaps it is because Luo Xiangling is not a human being.

That's why Xiao Qianxue likes her pure and innocent temperament, and she is willing to be close without any resistance.

Luo Xiangling also liked the little Nizi that Jun Xiaoyao brought out from the Void Heaven Realm very tightly, and loved him very much.

That feeling, it was like she and Jun Xiaoyao's daughter.

There are also Princess Longji, Yu Chanjuan, Yan Rumeng and the daughters, all of whom can't stand the cuteness of this Nizi.

For a time, Xiao Qianxue became a little princess in the Jun Xiaoyao camp.

And the fairy courtyard is so peaceful and peaceful.

It didn't last too long.

A few months later.

Suddenly, from the depths of the universe, there was a roar.

Then, many Xianyu Xianyu, old antiques, living fossils all felt an inexplicable breath.

That is not the regular atmosphere of the Nine Heavens Immortal Territory.

"That breath, is it..."

When that breath dissipated, countless dormant experts in Xianyu, old antiques, all looked towards the depths of the universe.

Above the nine heavens!

This special breath comes from the nine heavens.

"What's the matter, the killing formation left by Emperor Wuzhu has been completely destroyed and has no effect?"

An old antique who is familiar with history was astonished.

"In the past, the nine-day restricted area was restricted by the Infinite Killing Array, so the following turmoil did not produce irreparable consequences."

"But if the endless killing array is completely destroyed, it will lose the last barrier that limits the nine days."

"Even, Xianyu may welcome ~www.mtlnovel.com~ the most terrifying dark turmoil in history!"

Many big shots are worried.

The horror of the turmoil is no less than an alien invasion.

What's more, this is a golden age, and the catastrophe and turmoil caused will only be more terrifying.

At that time, any immortal forces, in the face of such turmoil, may dissipate like a flash of smoke.

"No, the No Final Killing Array shouldn't be completely destroyed yet, and there is not much movement in the restricted area."

"Could it be that people with taboo families are in the lower realm?"

"At this time, what is the purpose of the Taboo Family Lower Realm?"

For a time, the entire Nine Heavens Immortal Domain was not calm.

On the side of the fairy courtyard, the great elder stood in the void, standing with his hands holding hands, with deep worries on his face.

"Wind and rain are coming..."

[Chapter 1193: Tongtianzhijing, driving to the fairy courtyard, a strong and overbearing forbidden...](#)

The lower realm of the taboo family is actually not a good thing for the immortal forces of the immortal domain.

Because this is a group of families from the nine heavens, backed by the restricted area, with a deep heritage.

Its strength surpasses some of the ordinary immortal forces in the fairyland.

Their lower realms will only disrupt the originally peaceful situation.

There are several wells in the depths of the universe.

These wells are very old, immortal and immortal after thousands of calamities.

In other corners of the universe, you can occasionally see these wells.

The diameter of each well is the size of a star field, and the dark ones are like black holes.

This kind of well is called Tongtianzhijing.

As the name suggests, this well is connected to the mysterious nine days beyond that day.

Nine Heavens and Xianyu are not related to the upper and lower realms, but equal.

It was only nine days, independent of the immortal realm, and formed a realm of its own.

So naturally, an illusion of standing above the fairyland was formed.

Of course, the forbidden zone on the nine heavens is indeed ancient and terrifying, there is no doubt about it.

The Well of Tongtian is not the only portal between Xianyu and Jiutian.

But it is the most convenient transmission port.

Ever since the Emperor Everlasting pacified the chaos, Tongtianzhijing has almost been abandoned.

Because of the isolation of the final killing array, there are certain restrictions on the nine days.

But now, deep in the edge of this fairyland.

A well that opened up to the sky suddenly turned around like a black hole.

Then, a group of powerful and detached figures emerged.

"Is this the fairyland, as usual."

A middle-aged man smiled faintly.

He doesn't look very old.

Although the monk is difficult to be old in appearance, he is definitely not a few thousand years old.

The cultivation base has reached the level of Xuanzun.

This is an absolute genius in Xianyu, and the speed of cultivation is amazing.

This is the advantage of the nine-day creatures.

On the one hand, the rules and aura of Nine Heavens are different from those of Xianyu.

On the other hand, you can also get the life forbidden zone to teach the law.

This also led to the fact that the strength and heritage of the Taboo family were extremely astonishing.

Even some barren ancient families and the supreme family overwhelming the immortal territory.

And they are just the vanguard of the restricted area.

This shows how terrifying the real life restricted zone is.

"This time in the lower realm, our Yu family has a mission." said another expert with a cultivation base at the level of Xuanzun.

They come from the Yu family, and they are backed by Xian Ling, one of the ten most restricted areas of life.

"Of course, I would also like to know, what kind of character is Jun Xiaoyao who killed my brother?"

There was a voice with a coldness.

It was a slender young man with loose black hair and sharp eyes like lightning.

The whole body is shrouded in the gods, and the aura is very powerful, like a young **** of war.

He is a strong arrogant of the Yu family, named Yu Gan.

And his younger brother, Yu Kun, died at the hands of Jun Xiaoyao.

In the beginning, Yu Kun went to the virtual world, but he didn't care.

Because it is only the entry of the soul, there will be no life-threatening.

But who knows, Jun Xiaoyao's move not only killed Yu Kun's soul body.

Even the deities outside the Xutian realm all died violently together.

This made Yu Qian angry.

In his eyes, Nine Heavens stands tall above the fairyland, with a natural high above.

"Master Yu Gan, our main purpose this time is not for Jun Xiaoyao, but the Jiang family." Someone reminded him.

"Of course, but I seem to have heard that Jiang Luoli is Jun Xiaoyao's Taoist companion. If they were to be dismantled directly..."

A sneer overflowed from the corner of Yu Gan's mouth.

Jun Xiaoyao leaned on the Jun family. He wanted to avenge Yu Kun, and asked Jun Xiaoyao to pay for his life, which was a little unrealistic.

Not to mention the restricted area of life, at least one taboo family is not yet qualified to fight against the Jun family.

However, the Taoist companion who took Jun Xiaoyao away, looked at his painful expression.

This can be regarded as retaliation on another level.

And not long after the Yu family came to Xianyu.

There was also a surging breath in the other open-air well, and a group of people appeared.

It is the taboo family, the tribe of the Ji family.

One of the beautiful women was Ji Yingying, who had appeared in the virtual world before.

"Look for Jun Xiaoyao and ask for an explanation." Ji Yingying's face was full of evil.

She didn't ask Jun Xiaoyao to pay for his life.

But at least, we must sincerely apologize to Ji and comfort his spirit in heaven.

Then, another place.

Another group of taboo family members appeared.

It's the Jin family impressively.

They are backed by the Ruins of the Holy Spirit, one of the top ten restricted areas.

As the name suggests, it is a forbidden zone where the immortal Holy Spirit sleeps.

Legend has it that there is the most terrifying dark holy spirit in ancient times, as well as the immortal flame spirit and so on.

There are even rumors that Shi Huang, the legendary powerhouse of the Holy Spirit Island, has an indistinguishable relationship with the Ruins of the Holy Spirit in the Nine Heavens.

"Unexpectedly, the inheritance of the ancient chaos actually fell into the hands of the **** son of the Jun family, which is a bit troublesome."

There is a strong man in the Jin family sighing.

If it is other Tianjiao, the Jin family can be destroyed directly.

But Jun Xiaoyao's identity is too special.

From the immortal and immortal Xeon family.

The ancient mystery of the Jun family is no worse than the restricted area of life.

Even to say something bad.

If the Jun family settles in for nine days, it will immediately become the eleventh restricted area outside the top ten restricted areas.

It can even become a forbidden zone by itself.

Wherever you go, the painted land is the boundary, and wherever you go, there is a restricted area.

So this time, the lower realm of the Jin family also wanted to test Jun Xiaoyao's attitude.

"It's very simple. We don't want his life. As long as he is willing to abandon the Luan Ancient Legacy and hand over the Luan Ancient Emperor Talisman, then he has nothing to do with the Luan Ancient descendant."

The Jin family members discussed, and left.

Who would have thought that the three taboo families in the lower realm would all be directed at one person.

It's an honor to change who you are.

...

A few days later.

Here is the Jiutianxianyuan.

Jiang Luoli, who was cultivating, seemed to be faintly aware of it.

The primordial spirit world in her body seemed to be trembling slightly.

"Is that breath?"

Jiang Luoli is ethereal, her cheeks are condensed, her eyes are like autumn water.

Looking into the distance at this moment, it seems to be felt.

A few days ago, she heard someone discussing in the fairy courtyard that it seemed that nine creatures had come to the fairyland.

This made Jiang Luoli a little uneasy.

Even if the chance she got, it might be related to Jiu Tian.

But she didn't want to leave Xianyu, and she didn't want to leave Jun Xiaoyao.

And at this moment.

Suddenly, in the vast universe not far from the fairy island where the fairy courtyard is located.

A group of detached figures emerged.

"Who is here!?"

The guards of the fairy courtyard asked and shouted.

"Huh!"

Someone among the group made a cold snort.

Suddenly, like thunder, the world was in turmoil.

The guards of the fairy courtyard directly vomited blood and flew out from the heavy wounds.

"What's the matter, someone dare to come to my fairy courtyard to cause trouble!?"

The entire fairy courtyard was in a commotion, and many Tianjiao appeared.

"We are looking for someone to take her to nine days, Jiang Luoli, come out!"

A strong man from the Yu family was drinking coldly.

The fairy courtyard is restless, and then fry the pan!

"Nine Heavens, is a member of the Taboo Family on the Nine Heavens!"

"They really show up, backed by the existence of the mysterious forbidden zone!"

The pupils of many disciples in the fairy courtyard were trembling.

It is different from the previous virtual world. UU reading www.uukanshu.com

This is a true nine-day creature, not a phantom or the arrival of a Dharma body.

What does this mean?

Will there be any big moves in the nine-day restricted zone?

"The visitor is a guest, but you don't seem to put my fairy courtyard in your eyes."

The Great Elder of the Immortal Court appeared, and the cultivation base of the Chaos Dao Zun swept through, suppressing the commotion.

However, there was a touch of disdain on every face of the Yu family.

From their lower realms, they knew that few forces in Xianyu dared to really provoke them.

Because to provoke them is to offend the restricted area behind them.

The entire Immortal Domain really dared to offend the forces in the restricted area of life, but very few.

At least Jiutianxianyuan could not be counted among them.

[Chapter 1194: The strength of 9 Tianjiaozi is close to the extreme supreme](#)

Jiutianxianyuan is just an institution of higher learning.

Although there are many backgrounds, there are also many relationships.

But after all, it's just a place to teach and educate people.

Real strength is not top-notch.

If you really offend the restricted area, few forces will be willing to stand up for the fairy courtyard.

It's a big deal not to let my younger generation go to the immortal courtyard to study.

This is also the reason why the Great Elder of the Immortal Court did not hesitate to shame his face, but also to please Jun Xiaoyao.

Let's not talk about the Jun family.

With Jun Xiaoyao's talent, if he becomes a peerless power in the future, he will at least miss his fate with the fairy courtyard.

Can shelter the fairy courtyard.

This is enough.

"This matter has nothing to do with Xianyuan, don't interfere."

Among the Yu family, an old man stepped out and turned out to be the cultivation base of the Chaos Dao Zun.

This shocked some disciples of the fairy courtyard.

Even in the wild ancient family and the supreme family, the Chaos Dao Sovereign is an absolute ancestor-level existence.

And the Taboo Family in the Nine Heavens, once in the lower realm, there will be Chaos Dao Sovereign accompanying.

From the side, we can also see the background of the taboo family.

This makes some people jealous.

The Taboo Family alone is so terrible.

So how strong is the restricted area of life behind them?

The great elder of the fairy courtyard, his face was gloomy and very ugly.

This is completely disregarding the fairy courtyard and treating them as nothing.

However, the Great Elder of the Immortal Academy is indeed very entangled. After all, the Immortal Academy is just an academy, and it is difficult to compete with the family of Nine Heavens.

And just at this moment, a voice sounded like an Ying out of the valley, with calmness.

"Elder, this matter has nothing to do with the fairy courtyard, they are here to find me."

Jiang Luoli appeared.

She has a slender figure, a pretty body, and a pair of ponytails with blue silk.

The face is pretty and innocent, with bright eyes and white teeth, like an elf between heaven and earth, ethereal and charming.

Only when Jiang Luoli was by Jun Xiaoyao's side, could he keep that sweetness and innocence.

Over the years, her xinxing has also been tempered.

At this moment, facing the taboo family from the nine heavens, she did not have the slightest fear, and seemed very calm.

"Sure enough."

When the Yu family saw Jiang Luoli, their eyes were brilliant.

They didn't expect that the inheritance of the Xianling strongest person would fall into the hands of such a girl.

"Today, follow us back for nine days."

Among the members of the Yu family, a slender man, like a young god, stepped forward.

It is Yu Qian.

There was a coldness in the corners of his mouth.

This coldness was not aimed at Jiang Luoli, but at Jun Xiaoyao.

Jiang Luoli could naturally feel Yu Qian's coldness.

She did not give in and said; "Is the taboo family above the nine heavens great?"

"If it weren't for Brother Xiaoyao in retreat, do you think you can still talk like this?"

Jiang Luoli's words made Yu Gan's complexion suddenly sink.

"My brother died in the virtual world, this account has not yet been settled with Jun Xiaoyao!"

"Your brother, who is it?"

Jiang Luoli was confused.

After all, I was in the Xutian realm, facing the harassment of the Yu family.

Jun Xiaoyao's sword light passed, and everyone was directly wiped out.

So Jiang Luoli really didn't know who his younger brother was.

"You...!"

Yu Gan's complexion was trembling, and his eyes were extremely cold and stern, exploding with cold light.

His brother died tragically in the hands of Jun Xiaoyao.

In the end, Jiang Luoli asked ignorantly, who is his brother?

Isn't this really Chi Guoguo's provocation?

Can you look down on people a little more?

"You are not qualified to take Luo Li, she is from our Jiang family!"

Another group of people came.

Including the Jiang family, the Tianjiao of the Jun family, as well as the followers and friends of Jun Xiaoyao.

They are all people in Jun Xiaoyao's circle.

It was an ancient freak of the Jiang family, Jiang Tianyan.

He has played in the ancient world and also helped the Jun family.

However, Yu Qian just glanced coldly.

Then, with a thunderbolt, he slammed Jiang Tianyan with a palm.

"You!"

Jiang Tianyan also instinctively shot.

The result is one blow.

With a puff, Jiang Tianyan vomited blood and regressed!

"This..."

All the disciples of the fairy courtyard around were stunned.

What Jiang Tianyan said, he was also an ancient freak of the Jiang family.

Not to mention the ability to reach the top, but not everyone can provoke.

As a result, now, he was vomited blood by the Tianjiao of the Taboo family.

"Eight, at least the power of the eight laws!"

A disciple from the fairy courtyard couldn't help but exclaimed.

This caused an uproar for many Tianjiao in the fairy courtyard.

As we all know, in the supreme realm, the strength of strength has a lot to do with the number of laws.

The supreme of the four laws is enough to rub the supreme of the two laws on the ground.

However, the law of cohesion is also very difficult.

Not everyone is like Jun Xiaoyao, comprehending the law is as simple as eating and drinking.

More Tianjiao, in the Supreme Realm, can condense three or four laws, which is already very good, and will directly break through to the next realm.

As a result, some Tianjiao has noticed it now.

When Yu Qian made a move, it turned out to be the power of the Eight Principles.

This is close to the extreme extreme.

No wonder Jiang Tianyan would be injured in a single blow.

"Is this the Tianjiao above the Nine Heavens? Isn't it too enchanting?"

"Just being the Tianjiao of the Taboo Clan is close to the Extreme Realm Supreme. Those godless sons in the forbidden zone of life, the Taboo Tianjiao, aren't they even more terrifying?"

From the corner of Yu Gan.

Everyone felt the horror of Nine Heavens' strength.

It's no wonder that Jiutian creatures look down on Xianyu so much.

"If we also go to the nine heavens to cultivate, wouldn't it be much better than cultivating in the fairyland?"

Many disciples of the fairy courtyard suddenly thought of it.

But if they want to go, they are not qualified.

Jiang Luoli had the qualifications, but didn't want to go.

"You passed."

Jiang Luoli has a pretty face.

The person who injured their Jiang family still wants to take her away?

"I will only stay with Brother Xiaoyao, you will die of this heart, at least it is impossible to go with you!"

Jiang Luoli had nothing but disgust and disgust towards the Yu family.

She got the opportunity of the nine heavens.

It stands to reason that even if it is to attract her, it should be polite.

As a result, the Yu family, like prisoners, wanted to take her away.

But Jiang Luoli also guessed it.

This should not be the meaning of the restricted area behind the Yu family.

It was the attitude of the Yu family.

The reason is also very simple.

It was not that Jun Xiaoyao killed some of the Yu family.

Does the Yu family feel upset?

And that Yu Gan, UU reading www.uukanshu.com is also because of his brother's affairs, which is the attitude.

"Jun Xiaoyao, where is he, let him come out!"

When Yu Gan heard this name, his heart surged with anger.

He still wanted to see the enemy who killed his brother.

At this moment, another cold female voice sounded.

"Jun Xiaoyao? Our Ji family would like to see you too."

Boom!

Another group of people came, also with the ethereal breath from the nine heavens.

The headed woman, Yu Rong Hanshuang, came here.

"Another taboo family!"

The entire fairy courtyard was fried and boiled, with exclamations resounding one after another!

[Chapter 1195: Qingqi brain circuit, three taboo family pressure](#)

It can be said that at this point in time.

The lower realm of the Taboo family is definitely very sensitive and will cause the attention of all forces.

To some extent, these taboo families represent the attitude of the restricted zone behind them.

Therefore, these taboo families can be so arrogant and unscrupulous.

Before the Yu family appeared, although it was for Jiang Luoli, it also targeted Jun Xiaoyao.

Now the Ji family has appeared again, and it is still aimed at Jun Xiaoyao.

"It's no wonder that someone gave the son of the Jun family a slander to provoke the king in private. It's really an image."

"But what kind of hatred does the Ji family have with the son of the Jun family?"

Many people are confused.

"Jun Xiaoyao, in the world of God Ruins, it severely inflicted my Ji Family's Tianjiao, Ji Daoyi, which led to Daoyi's death by a foreign land."

"Today, we are here to discuss an explanation."

Ji Yingying's tone trembled.

She and Ji Daoyi are childhood sweethearts.

Ji Daoyi once told her that his chance was not in Jiutian, but in Xianyu.

When he returned, he married her.

Who ever thought, but heaven and man are forever separated.

However, I heard Ji Yingying's words.

Many Xianyuan disciples are a little dumb.

This woman's brain circuit is indeed a little strange.

Can this account be counted on Jun Xiaoyao?

That Jun Xiaoyao has injured too many people, isn't it because everyone died later on Jun Xiaoyao?

"I seriously suspect that this woman is lacking in her mind. What's the matter with the goddess?"

"To blame, I can only blame that Ji Daoyi was too weak and died in the hands of a foreign land. Who can be blamed?"

"Yeah, didn't you see that even the immortal cult, didn't dare to hold the king's **** son accountable? Although the Ji family is a nine-day taboo family, they are not qualified to fight with the king's family, right?"

Some disciples from the fairy courtyard whispered and whispered.

Of course, they all communicated secretly.

After all, behind Ji Yingying, stood the Taboo family, and no one dared to ridicule loudly in person.

But everyone understood, and they all felt that this woman was a little bit mentally disabled.

It seems to be aware of everyone's veiled ironic gaze.

Rao is Ji Yingying, and her face is slightly red because of a trace of embarrassment.

But she is still strong.

After all, she is from Nine Heavens, behind her are the Taboo Family and the Supreme Forbidden Zone.

All forces in the fairyland must give her a face.

However, others feared her.

Jiang Luoli is not afraid.

She laughed angrily when she heard Ji Yingying's words.

"You woman, the brain circuit is really strange."

"That girl now slaps you in the face, and when you go back, you get caught up in practice, and you're struck to death by lightning."

"The Ji family also asked this girl to settle accounts, saying that I killed you!"

Jiang Luoli's lip and tooth skills were not bad at first.

In addition, she has always been the jewel in the palm of the Jiang family.

I have never suffered a loss since I was a child, and I have never lost a quarrel.

How can she let her Xiaoyao brother be angry with this kind of brain-disabled woman now?

"You...!"

Ji Yingying's expression turned pale.

Jiang Luoli's words were tricky and poisonous.

She couldn't help but want to shoot.

At this time, Yu Gan frowned and said: "Everyone of the Ji family, this woman is related to the immortal tomb behind my clan, don't care about her."

Yu Gan's words made Ji Yingying a little sober.

She came here to seek justice from Jun Xiaoyao, not to quarrel with unrelated people.

"Okay, let Jun Xiaoyao come out."

Yu Gan said lightly.

"You are not qualified to say such things!"

Yi Yu stood up and said coldly.

"Oh?"

Yu Gan blasted out again with a palm.

Upon seeing this, Yi Yu had already prepared in his heart, and opened his bow and arrow.

The power of the law converged, turned into nine arrows, and burst out.

Like the **** of Yi who shoots the sun.

With a bang, Yi Yu was shaken back a few steps, his expression still cold.

"Hey, it's a bit interesting. If you can take my hand, it seems that you are the strongest Tianjiao in the fairy courtyard."

Yu Qian held his hand, and a faint pressure was permeating.

"I'm just a follower of Young Master Xiaoyao." Yi Yu said coldly.

Yu Qian's complexion immediately froze.

This is embarrassing.

In his eyes, Yi Yu's strength is not bad, and he is qualified to fight against him and be his opponent.

As a result, such a Tianjiao is just a follower of Jun Xiaoyao?

"How many catties and taels does Jun Xiaoyao have?" Yu Gan's expression changed uncertainly.

And just when the situation is at a stalemate.

There was another voice.

"Jun Xiaoyao, let him come out to see you."

Another group of people arrived, also with the breath of beings from the nine heavens.

Backed by the forbidden area, the forbidden family in the Ruins of the Holy Spirit, the Jin family appeared.

Hiss!

From all directions, there were countless inhaling air-conditioning sounds.

Many people stood there blankly, their expressions a little dull.

The taboo family lower realm that has attracted the attention of all parties.

It turned out to be all for Jun Xiaoyao!

"It seems that the **** son is not only turning the clouds and raining in the fairyland, stirring the situation, and even nine days are moved by him."

Many Tianjiao couldn't help but sigh.

To be honest, if you change to someone else, you really don't have the qualifications to let the three taboo families deliberately lower the realm.

Only Jun Xiaoyao has this ability.

At this time, even if it was the Great Elder of the Immortal Court, his expression couldn't help but change.

That's the three taboo families.

It means that there are three ancient forbidden areas behind it.

Don't say it's Jiutianxianyuan.

Any immortal force could not bear this kind of pressure.

Except for a few overlord-level forces such as Xian Ting, Jifu, and Jun Family, few forces can withstand this situation.

"Our three taboo families have all appeared, but Jun Xiaoyao is not ready to come out to see him. Doesn't this put us and the restricted area behind him in his eyes?"

Yu Qian began to pull the tiger's skin and pull the banner, and he wanted to put pressure on the fairy courtyard.

The elder of the fairy courtyard, his face was gloomy and extremely ugly.

At this moment, a cold voice resounded with a wave of imperial prestige.

"Xiaoyao is practicing in retreat, who dares to disturb him?"

With the voice of the queen-like royal sister.

Dressed in a plain dress, long blue hair, a magnificent and beautiful woman appeared.

That brilliant and beautiful face, as white as snow, seemed to make heaven and earth lose their brilliance.

All the brilliance is reflected on her.

Besides Luo Xiangling, who else is there?

In front of Jun Xiaoyao, she was a gentle little woman.

But at this moment, facing the attack on Jun Xiaoyao by the three taboo families, she showed the domineering queen's imperial sister.

"Handsome!"

Rao is Jiang Luoli, his big eyes are also shining, showing envy.

She also wanted to have such a day, with such a strong strength, to be able to help her sweetheart stand out.

"Emperor Zhun..."

The expressions of Yu Qian, Ji Yingying and others changed slightly.

No one can keep calm when a figure of this level shows up.

Next to Luo Xiangling, a small head was also poked out.

A little white skirt, silky silver hair, pink and tender skin, delicate and lovely features, like a porcelain doll.

It's not Xiao Qianxue or who.

"Are you the bad guys who came to disturb Daddy?"

Xiao Qianxue's big eyes also showed a vigilant look.

"Huh?"

However, some powerhouses in the three major families were slightly surprised to see Xiao Qianxue.

They vaguely noticed a special breath.

But it was vague, like an illusion.

Not waiting for them to investigate carefully.

On the other side, King Fufeng also appeared, and the quasi-emperor aura exploded likewise.

Two quasi-emperors appeared to protect Jun Xiaoyao.

Rao is the three taboo families who came, and his eyes became a little dignified.

Even in the nine heavens, Zhundi is ranked the strongest, and is the supreme ancestor in the taboo family.

As a result, two popped out at once.

Is Zhundi so worthless?

However, the three taboo families are clearly prepared.

The Yu family sacrificed a stone statue, and the Ji family sacrificed a picture scroll, all exuding a touch of imperial might. UU reading www.uukanshu.com

Obviously, this was from the real emperor's handwriting, and was a method used by them to frighten them after the lower realms.

For a while, everyone felt it, a strong smell of gunpowder.

Many disciples in the fairy courtyard are a little nervous. Could there be a major conflict erupting today?

Just when the atmosphere is tight as a string.

Suddenly, in the depths of the fairy courtyard, there was a roar, the glow of light and thousands of Rui Cai.

A transcendent figure, coming out of mist and chaos, as if walking out of the ancient universe that opened up the world, its style is peerless.

"Unexpectedly, the arrival of the distinguished guests from the nine heavens made Jun a little flattered."

This voice, with a chuckle, but also a kind of irony.

It was a kind of careless contempt and disdain.

"The Lord is coming!"

[Chapter 1196: What is strong and domineering, this is what Jun gave you...](#)

Jun Xiaoyao has a slender figure and a peerless appearance.

Dressed in white, there is no wind automatically.

After the initial Shenhua dissipated, Jun Xiaoyao's aura was restrained and looked ethereal and simple.

But it always gives people a sense of inexplicability and incomprehension.

It seems that the place where Jun Xiaoyao stands is the center of the universe.

This is a very strange feeling.

Naturally, they didn't know that this was a special feeling that Jun Xiaoyao exuded after he cultivated Xiaoqian World.

This feeling can be replaced by a word.

Lord of the world!

That's right, Jun Xiaoyao is now the lord of a small world.

That's why it gives people a feeling of dominating the world.

The appearance of Jun Xiaoyao was like a Dinghai Shenzhen, which made the a little worried people in the Immortal Courtyard feel relieved inexplicably.

Even the Great Elder of the Immortal Courtyard was secretly relieved.

It seems that as long as Jun Xiaoyao shows up, all problems will no longer be a problem.

Some people are also curious about how far Jun Xiaoyao has reached after a period of retreat, and whether he has made a breakthrough?

But as long as Jun Xiaoyao is unwilling, even Zhundi, it is difficult to see his details.

After all, there are very few people who can see through Jun Xiaoyao, plus those who can see through the sky.

Even Di Haotian's silver eyes could not see through.

Jun Xiaoyao first glanced at Jiang Tianyan, who still had a trace of blood on the corner of his mouth.

A drop of spring water from the Fountain of Life fell into Jiang Tianyan's hand at his fingertips.

Jiang Tianyan was overjoyed and said, "Thank you, Young Master!"

Don't forget, Jun Xiaoyao also has another identity, he is the young master of the Jiang family.

"Hi, this handwriting..."

Everyone around was twitching at the corners of their eyes.

That is the fountain of life, rare heaven and earth gods.

A drop of spring water is comparable to a miraculous medicine, but Jun Xiaoyao gave it away.

"Daddy!"

Xiao Qianxue was overjoyed and threw her head into Jun Xiaoyao's arms, rubbing her head against Jun Xiaoyao's chest.

It looks like a coquettish little cat.

"Brother Xiaoyao, you are finally out!"

Jiang Luoli was also delighted.

Luo Xiangling also came to Jun Xiaoyao.

There are also his followers, friends, the Jun family, the Tianjiao of the Jiang family, and so on.

It can be said that in this circle, Jun Xiaoyao is the absolute backbone.

As long as he is there, everyone's heart can be calmed down.

The three taboo families are left alone.

Jun Xiaoyao doesn't seem to care about their identities and origins at all.

"Jun Xiaoyao, you finally showed up, you should not shrink your head."

Yu Qian stepped out, a cold flash in his eyes.

"Jun Xiaoyao, how do you calculate the account of Brother Daoyi?"

Ji Yingying also stood up.

"Jun Xiaoyao, you have a turbulent heritage, which makes the restricted area behind my Jin family a little unhappy."

"Of course, you are the son of the prince family, with a different identity, as long as you are willing to give up the ancient chaos inheritance and hand over the chaos ancient emperor talisman, we can't let you go."

A strong Tianzun stepped out of the Jin family.

The people of the three taboo families, although not deliberately.

But that kind of innate superiority still radiated from the lines.

It can be said that among the creatures Jun Xiaoyao has seen.

Except for the Cang Clan, these nine-day creatures are so proud.

Even the alien creatures are not so proud of this level. They are just warlike and bitter.

But Jun Xiaoyao was not angry, and there was not even a trace of anger on his face.

He first looked at Yu Gan and said, "So, what do you want?"

Yu Gan noticed something wrong, but he couldn't detect anything wrong.

He still said: "It's very simple. First of all, this woman, we have to take away. She doesn't belong here, and you can't protect her."

Yu Qian pointed to Jiang Luoli.

"I only stay with Brother Xiaoyao, not going anywhere!" Jiang Luoli stubbornly stood beside Jun Xiaoyao.

"anything else?"

Jun Xiaoyao is still smiling faintly, as if to discuss.

"And you killed my brother, Yu Kun."

"Your status is indeed not ordinary. Don't say that you pay for your life, but you have to apologize to my brother Zaintian Spirit, and you need a compensation."

"For example, the fountain of life you gave before is not bad. Also, you seemed to be in the virtual world before and got the six roots of reincarnation..."

When Yu Gan said this, he was already very clear.

These words made many disciples of Dexianyuan feel a little bit angry.

This is really completely slaughtering Jun Xiaoyao as a fat sheep.

The Tianjiao of the Jun family and the Jiang family was even more angry.

In Xianyu, Jun Xiaoyao is noble and unparalleled, who would dare to ask him like this?

However, Jun Xiaoyao's expression remained calm, he raised his hand, pressed it down, and signaled everyone to be quiet.

There was silence on all sides.

"how about you?"

Jun Xiaoyao looked at Ji Yingying.

Ji Yingying's heart jumped when Jun Xiaoyao watched like this.

I have to say that this is the first time she has seen such a man with such an extraordinary style.

But in her mind, thinking of Ji Daoyi's face, her face immediately became firm.

"I don't want much, as long as you sincerely apologize to Dao Yi brother and comfort his spirit in the sky."

Jun Xiaoyao said nothing.

He didn't ask the Jin family again.

Because the conditions of the Jin family have already been given.

Ask him to abandon the Luan Ancient Inheritance, and at the same time hand over the Luan Ancient Emperor Talisman.

"It seems that you don't understand Jun's personality, you just heard some of Jun's deeds."

"Also, you have such an attitude, apart from leaning against the restricted area, you just think that the curse of misfortune in my Jun's family has no time for him to take care of him, and he doesn't want to make enemies, right?"

Jun Xiaoyao said nothing.

The three taboo families didn't say anything, but they obviously had this meaning.

If the Jun family hadn't been cursed by misfortune, maybe they would converge a little bit.

"But you are really right."

Uncharacteristically, Jun Xiaoyao nodded slightly.

This made the disciples of Sifang Immortal Courtyard a little surprised.

Is this still that domineering son of the Jun family?

"Hey, it seems that even if it is you, there are times when you are soft."

In the distance, the Son of Truth of the Quran Sect stood in the void, shaking his head and smiling slightly.

"At the beginning, when I faced the Cang Clan's retreat, many people ridiculed me secretly. Now, isn't your King Xiaoyao the same?"

On the other side, the phoenix nirvana was also watching from a distance, and said to himself coldly.

However, everyone is not surprised.

Jun Xiaoyao continued.

"I'm sorry, I did make a mistake. I was wrong. First, you should be reunited with your brothers, not yin and yang."

"Second, I am also sorry for the death of Ji Daoyi. You are so loyal to him. I should find a way to send you to meet him."

"And third, as a descendant of the ancient chaos, I'm sorry."

Three sentences.

Three sentences sorry.

There was silence in all directions.

At this time, everyone felt unusual, Jun Xiaoyao was not such a person.

Yu Gan and the others suddenly jumped in their hearts, and a sense of extreme danger came to their hearts!

In the next moment, he saw it, the figure in white that appeared directly in front of him!

"My son is very kind. This will reunite your brothers."

Jun Xiaoyao still had a smile on his face.

The power of the three thousand Sumi worlds is surging.

There is no need to perform any moves.

One palm down is the most terrifying move!

Break the law with one force!

Only then did Yu Gan react, and Jun Xiaoyao didn't apologize at all.

He was just teasing.

"Presumptuous, Jun Xiaoyao, I really thought I was at the same level as those Xianyu Tianjiao!"

Yu Gan yelled and burst out his own cultivation base.

As a young powerhouse close to the supreme realm, his strength indeed surpassed the Tianjiao of the Immortal Territory.

However...

Pouch!

A sound of bursting watermelon sounded.

Yu Qian Yuanshen and his body were photographed to pieces, and there was no resistance!

The arrogance of the taboo family, fall!

"And you, my son will fulfill your infatuation and send you to meet Ji Daoyi!"

Jun Xiaoyao slapped his backhand, and once again killed Xiang Ji Yingying with a thunderous momentum.

"Do not...!"

Ji Yingying only spit out one word, and the Jiao body was photographed into minced meat, blood and bones splashed all over, very sad and beautiful.

Yuanshen is directly eliminated, UU reading www.uukanshu.com has no chance of escape.

"And you!"

Jun Xiaoyao deliberately sacrificed the law of the ancient emperor of chaos, the secret technique of chaos, and the cross of the cross star field.

The Heavenly Lord who killed the Jin family.

"I'm Tianzun!"

The Jin Family Tianzun was yelling.

He is not considered to be a younger generation, he is extraordinary in his own strength.

However, the result remains the same.

His body, crossed by the cross star field, was divided into four parts, and the soul was also annihilated!

Three tricks!

Three people died!

"This... is Jun's answer to you!"

[Chapter 1197: 1 Punch to destroy Tianzun, the terrifying power beyond the extreme realm,...](#)

The cold and indifferent voice resounded throughout the entire Jiutianxianyuan.

Jun Xiaoyao's sleeves are fluttering, his white clothes are fluttering, his black hair rises, and his roots are crystal clear.

He stands in the vastness of the world.

Indifferent eyes, watching the past and the present!

Strong and domineering!

Resolutely!

What nine days!

What a restricted area!

What a taboo family!

In his eyes, **** is worse!

"Don't get me wrong, Junmou didn't deliberately target which restricted area."

"I mean, the three taboo families are all rubbish, don't you have any comments?"

Jun Xiaoyao stands with his hands in his hands, with a casual tone.

He did not deliberately target, nor deliberately insult.

It was only natural, and he said something that was taken for granted in his opinion.

All sides dumb!

All directions are dead!

In the entire Jiutianxianyuan, needles dropped quietly and could be heard.

Don't talk about the fairy courtyard.

People in the three major families are stupid.

After reacting, the members of the Yu family were the first to get angry.

Because Yu Gan was the arrogant talent cultivated by the core of the Yu family, he was slapped to death by Jun Xiaoyao.

"Jun Xiaoyao, you are presumptuous, no one can keep you!"

One of the great heavenly superiors of the Yu family was full of anger, and his mind was confused, regardless of the identity of Jun Xiaoyao.

With a punch, it is necessary to kill.

However, it is not yet for the Great Elder of the Immortal Court and others to take action.

Jun Xiaoyao actually took the lead in taking the shot, unremarkable, making a fist with his five fingers, and blasting out the same punch.

The power of three thousand Xumi worlds, coupled with the opening of the gods and demon fists of the gods, demons and ants.

There is also the blessing of the law of strength.

This punch is almost the ultimate expression of strength!

"Is the Jun Family God Child crazy!"

Many Xianyuan disciples subconsciously exclaimed.

Before that, Jun Xiaoyao was only a supreme cultivation base, and against a strong person, no matter how strong it is, it is impossible to go against the sky.

"No, the prince's son, has broken through to Xiaotianzun!"

"No, it's not just the little Tianzun, this is... the little Tianzun is close to the big Tianzun!"

All directions are shocked!

Countless Xianyuan disciples, with wide-eyed eyes, were so shocked that their scalp was numb, and their pupils were trembling.

Once retreat, break directly from the supreme to the great consummation of Xiaotianzun!

And still in such a short time!

Not to mention the disciples of the fairy courtyard, the elders of the fairy courtyard are all dumbfounded.

What's so special about it?

"How is it possible, but even the little Tianzun is qualitatively different from the big Tianzun."

In the distance, the Son of Truth was frightened, and then comforted himself.

But the next moment.

The cold reality seemed to have turned into a ruthless slap, and slapped the face of the Son of Truth fiercely.

boom!

Both sides fist.

Jun Xiaoyao punched through the void and shattered the sky!

The big stars in the universe are shaking, trembling, and falling, forming a meteor shower!

After a punch, the ashes were wiped out!

The great Tianzun of the Yu family does not exist!

Dead!

This is a complete silence!

Kill Da Tianzun with one punch!

Even the strong at the same level can't be so clean and neat!

"Extreme state! Is it possible that the son of the Jun family broke through to Xiaotianzun in the extreme state!"

"Yes, this is the only possibility, only by stepping into the extreme realm, is it possible to have this kind of crushing power!"

The disciples in the fairy courtyard couldn't help but exclaim.

But to be honest, their imagination is somewhat limited.

Because in their eyes, the extreme supremacy of the nine laws is the top and the most complete.

However, Jun Xiaoyao is an anomaly.

What is an outlier?

What can be imagined by everyone is not an anomaly.

Present, only Luo Xiangling, the Great Elder and other quasi emperors and Dao Zun were vaguely aware.

Jun Xiaoyao's terrifying combat power seems to be more than the extreme power.

"Jun Xiaoyao, you passed!"

"Jun Xiaoyao, you are presumptuous!"

"Today, we will teach you an unknown junior on behalf of the ancestors of the Jun family!"

The powerhouses of the three major families yelled, and at the same time sacrificed their own reliance.

The Yu family sacrificed a stone statue.

The stone statue glowed, filled with imperial prestige, and vaguely, a vague figure emerged.

This stone statue blended into the spirit of the great emperor.

The Ji family also sacrificed the previous picture.

The scroll unfolded, and thousands of miles of mountains and rivers emerged, as if it could suppress the heavens and the earth, and the universe is prehistoric.

This is definitely an immortal scroll left by the emperor's hand, who painted it himself.

But the Jin family sacrificed a decree, and the emperor's prestige was also permeated, and a vague emperor's shadow appeared.

It can be said that as the taboo family of the Nine Heavens, their background is very deep.

Just take out a treasure that is tainted with the breath of the emperor, and it can shock all directions.

When Luo Xiangling, King Fufeng, and the two quasi-emperors saw this, they wanted to take action to help Jun Xiaoyao resist.

But Jun Xiaoyao's expression remained calm.

He waved his hand to signal other people not to make such a fuss.

Immediately, Jun Xiaoyao also offered a talisman.

But this drew sneers from the three taboo families.

"Just offering a talisman, do you want to resist the treasure of the emperor of my three clans?"

The people of the three taboo families disdain.

Jun Xiaoyao sighed and shook his head.

"You didn't see clearly, whose talisman is?"

The people of the three taboo families were taken aback.

The other disciples of the fairy courtyard also stared at it.

There are only two lines on it.

The gentleman makes his life!

Life without regret!

"That's... the talisman of the King of White Clothes!" Some people lost their voices.

The amulet that Jun Wu regrets bestowed on Jun Xiaoyao bloomed in a thousand colors.

Vaguely, a hazy figure in white clothes emerged, sitting cross-legged in the middle of the vast world.

An immense coercion swept the world!

It is a kind of self-respect, proud of the world!

In front of this majestic aura, even if it is Diwei, that's it.

"It's the **** king in white clothes, my hero of Xianyu!"

"My Lord God!"

In the battle against a foreign land, except for Jun Xiaoyao.

Jun Wugui is undoubtedly a heroic existence.

Jun Xiaoyao, at least relied on the power of the spiritual body of the gods.

But Jun has no regrets, but forcibly transformed from the god-king body into the god-king body of the primordial beginning.

With his own strength, and the ultimate hard-headed fierce man!

After this, the strongest speculate.

If Jun has no regrets, he will be extremely terrifying, and he may become one of the most powerful emperors in ancient and modern times!

You can even make it to the emperor list!

The so-called emperor list is the ranking of the strongest emperors in the immortal domain, ancient and modern.

It can be said that as long as it can be on the list of emperors, it is a legend!

The ancient times, the gods and demons, the endless, and the abandonment of the sky, these former emperors have all been on the emperor list of the eternal world.

But some big figures speculate that Jun Wugui will be on the list of the emperor of the world.

This is already the highest praise.

At this moment, the amulet of Jun Wugui offered by Jun Xiaoyao bloomed with endless brilliance.

That figure, hazy, with only one corner of white clothes, hunting and fluttering.

"I can feel that my father's breath is stronger."

Through this amulet, Jun Xiaoyao can vaguely perceive the state of Jun Wugui.

He is looking forward to when Jun Wugui returns.

When the time comes, the father and son are united.

What nine days, what forbidden zone, all overturned him!

The world is only me, Jun Shi is unparalleled!

boom!

The White-clothed God King Xuying directly crushed the treasures of the three taboo families to tremble, and then trembled.

Finally, there was a bang, disintegrating and cracking!

This is also normal.

The emperor is also strong and weak.

These three treasures are only contaminated with the breath of the emperor.

But Jun Wugui, that was the one who truly surpassed the Immortal King of Foreign Lands, and the existence of the ultimate misfortune.

Normal emperors really don't have the qualifications to confront Jun Wugui.

With the explosion of the three treasures, the people of the three taboo families all vomited blood and flew upside down.

"Live...Stop it!"

This group of high above, extremely proud taboo family members finally trembled, lowered their proud heads, and wanted Jun Xiaoyao to stop.

"The son of the Jun family shouldn't do too much, right?"

"Yes, after all, some members of the Taboo family have been killed. If they are all destroyed, the three major restricted areas will be targeted. Even the Jun family will have a lot of pressure?"

Many disciples in the fairy courtyard contemplated it.

However...

Jun Xiaoyao's expression is still indifferent.

The people of the three taboo families suddenly felt cold and sank to the bottom.

"Jun...Jun Xiaoyao, you won't dare to..."

Pouch!

The people of the Taboo family haven't finished speaking yet.

The powerful God King's coercion directly crushed all the three taboo families into pieces and burst into blood mist!

Between heaven and earth, only the rain of blood is falling!

The lower realm of the three taboo families ended up completely annihilated in the end.

Did not leave alive!

The entire fairy courtyard fell into an unprecedented dead silence.

Rao is the son of truth who is extremely upset with Jun Xiaoyao. UU reading www.uukanshu.com Huang Nidao and others are also dumbfounded from a distance.

Really just so stupid?

Jun Xiaoyao did not move his eyelids from beginning to end.

"A farce, let's go away."

Jun Xiaoyao put away the talisman, turned around and waved his sleeves, and walked away with his hands.

He didn't deliberately pretend to be, but it always felt like he was pretending to be.

A group of dumbfounded, sluggish, petrified Xianyuan disciples remained.

What a farce!

Little did they know that this farce was enough to shake Xianyu and Jiutian.

Only then did they understand.

In front of Jun Xiaoyao.

Even for nine days, bow your head and lower your eyebrows!

[Chapter 1198: The real creatures in the forbidden zone, the Tianlaixian from Xianling...](#)

Today, everyone in the Xianyuan is an eye-opener.

As the vanguard of Jiu Tian, the Taboo family can be said to represent the face of Jiu Tian.

As a result, Jun Xiaoyao was ruthlessly destroyed.

It can be said that as someone else, even if they have the ability to kill the taboo family, they will not do it so absolutely.

After all, many people know that the turmoil in the future swept from the restricted area.

At this time, it is obviously unwise to offend the restricted area and become a thorn in his eyes.

But Jun Xiaoyao just did so without hesitation or regret.

"It's good to have a strong background. I don't have any scruples about anything. When can I be like a **** son, squinting for nine days and despising the restricted area?"

A disciple from the fairy courtyard sighed.

"That's not right, could it be that the curse of evil has no effect on the Jun family at all, so it shouldn't be..."

There are also many people who are puzzled, not knowing the details of the Jun family.

In the distance, the Son of Truth silently glanced at Jun Xiaoyao.

"Xiao Tianzun's cultivation base can kill the ordinary big Tianzun, and he has reached the extreme..."

With the strength that Jun Xiaoyao showed, the Son of Truth could only be silent.

Then he left silently.

If there is no other means, he simply cannot be Jun Xiaoyao's opponent.

On the other side, Huang Nidao's complexion was also frozen, and he left without saying a word.

As the son of the ancient emperor, he is extremely confident and very proud of his talent and blood.

But this kind of self-confidence and pride, in front of Jun Xiaoyao, was fragmented and even seemed so ridiculous.

He needs to use various methods to make himself stronger.

Otherwise, let's not talk about dealing with Jun Xiaoyao, even if he is his opponent, he will not have the qualifications to face him squarely.

It can be said that Jun Xiaoyao's breakthrough this time really shocked some of the clowns, making them afraid to provoke and have illusions.

In the distance of the crowd, Ji Qingyi, dressed in Tsing Yi and covered in gauze, kept watching all this.

"He... got it?"

Ji Qingyi looked at Jun Xiaoyao's back with his autumn eyes.

She felt that Jun Xiaoyao should have guessed it, whose hands Ji Daoyi died in the end.

Strictly speaking, in fact, Jun Xiaoyao is helping Ji Qingyi's back.

After all, it was Ji Daoyi who killed Ji Qingyi, but Ji Yingying passed the anger on Jun Xiaoyao.

Of course, Ji Qingyi only said that Ji Daoyi was killed by alien creatures.

He didn't deliberately splash Jun Xiaoyao's dirty water.

Because she knew early on, Jun Xiaoyao is not a person who can offend at will.

Ji Qingyi even felt that some of her small plots were seen by Jun Xiaoyao.

It's just that Jun Xiaoyao is too lazy to expose and explain.

For him, there is one more Jijia less than one Jijia, but he doesn't care at all.

If you dare to provoke him, you can just destroy it without explaining so much.

"Jun Xiaoyao, does Qingyi owe you a favor?"

Ji Qingyi muttered to herself, unconsciously stretched out her hand, and touched her face through the veil.

There is also a trace left by Jun Xiaoyao on it.

That is a warning.

Warn her not to jump too much.

"With such a strong talent and such deep wisdom, he is really a person who makes his generation desperate."

The scheming is as deep as Ji Qingyi, facing Jun Xiaoyao, there is only a sigh.

Here.

Jiang Luoli and others also caught up with Jun Xiaoyao.

Their eyes are shining, with a strong color of ***** and admiration.

After all, Jun Xiaoyao's domineering and unparalleled performance was indeed amazing.

In the fairy courtyard, there are a batch of little fans of Jun Xiaoyao.

Jiang Luoli was even more delighted, the heart in her big eyes could no longer hide.

Because this is her man.

"Everyone, I hope you can also be prepared."

Jun Xiaoyao suddenly said to the people around him.

Everyone is listening carefully.

"This is not the end, but the beginning."

"Nine-day creatures should move around the fairyland more frequently in the future."

Jun Xiaoyao's words made everyone around him nod slightly.

It's really good.

The collapse of the three major families this time is just the beginning.

It is impossible for the taboo family of the nine heavens to be afraid of this and not come to the fairyland.

"Of course, there is no need to be overly jealous. Practice hard. I will bear all the wind and rain."

Jun Xiaoyao's tone was light.

But it is like a reassurance pill, so that the Jun family, Jiang family, followers, and many people related to Jun Xiaoyao are very stable and feel safe.

"And if it's not surprising, there will be a real lower realm of creatures in the restricted area soon." Jun Xiaoyao smiled faintly.

"what?"

Everyone around was amazed.

Are the real creatures in the restricted zone going to the lower realm?

Jun Xiaoyao looked at Jiang Luoli.

Jiang Luoli naturally knew what it meant.

If her heritage is really important.

Then Xian Ling should send someone to come personally.

...

After the rule, the situation did not exceed Jun Xiaoyao's expectations.

This time, the three taboo families in the group have indeed set off a big storm in the entire Immortal Territory.

Many immortal forces were surprised at how Jun Xiaoyao could be so rigid.

Or is it that the Jun family doesn't even care about the Jiutian restricted area?

Jiu Tian was also shaken.

Many taboo families are angry.

It's not that they have a good relationship with the three big families.

It's the taboo family, where all the glory is, and the loss is all.

Jun Xiaoyao kills the taboo family at will, wouldn't it mean that other taboo families are not in his eyes?

Their feeling of being aloof is gone.

All the forces in the fairyland are watching the show, and there will be any big moves after waiting for nine days.

And it didn't take long.

There was shocking news.

A monk saw that in the Well of Tongtian, a hazy fairy Lingbo came out, and the direction he was heading was surprisingly the Nine Heavens Immortal Courtyard.

This is like thunder on the ground, exploding the fairyland.

Many people think that that kind of detached temperament is definitely not a member of a taboo family.

It may well be the real creature in the restricted zone!

This is undoubtedly set off a huge storm.

The real creatures in the restricted zone have appeared!

Many people are paying attention, and many people are a little nervous.

Above the nine heavens, a mysterious forbidden area, with endless ancient legends.

Although there are terrorists dormant in the restricted area.

But not all restricted areas have been the black hands of turmoil.

Some restricted areas have always remained uncontested and never participated in turmoil.

Of course, it never thwarted the unrest.

Many people are speculating about the origin of the fairy's identity.

Many people turned their attention to Jiutianxianyuan because of this.

The fairy courtyard is here.

A fairy came from the cosmos, with an aloof and dusty temperament.

Many disciples of the fairy courtyard were alarmed, and many elders showed up.

Are the creatures in the restricted zone here to settle the accounts?

Many are anxious.

However, the fairy who was hazy in the rain opened his mouth, and his voice sounded like a natural sound.

"The little girl Yun Tian Lai, from Xian Ling, UU reading www.uukanshu.com hopes to see the gentleman."

The fairy named Yun Tianlai opened his mouth, making everyone around him shocked.

"Sure enough, she comes from the real forbidden zone, not from the taboo family."

"Xianling, that's one of the top ten restricted areas. It is rumored that there are real remains of immortals."

"There are even rumors that Xianling is the real immortal, the descendants left behind, the forbidden zone established in Nine Heavens!"

Tian Lai Fairy self-reported his family, causing waves in all directions.

Many monks are shocked, this is the real background is huge, and the rumors of the restricted area behind it are inextricably related to the immortals.

Otherwise, why is it called Xianling?

However, everyone is also surprised.

In the voice of Tian Lai Fairy, there did not seem to be much hostility.

She didn't come because of the Yu family's questioning.

[Chapter 1199: The ancient fairy inheritance of Xianling, Jiang Luoli is determined to go to 9...](#)

In the universe, the light and rain are shining down, and the gods are everywhere.

The dim figure of Tianlai Fairy is located in it, really like a banished fairy descending from the sky.

And this is indeed true. She came from nine days and came from Xianling, with an extraordinary identity.

She came to Jiutianxianyuan like a fairy in the world.

But it was different from the people from the three previous taboo families.

Tianlai Fairy's expression is very detached and peaceful.

There is no bit of hostility and pride.

Even less like the previous taboo family, defiant and violent.

At this time, there was also a calm voice in the fairy courtyard.

"The fairy from the restricted area is here, welcome."

Jun Xiaoyao and others appeared.

He was dressed in white, detached and vulgar.

Unparalleled face, timeless temperament.

Let Tianlai Fairy light up in front of her eyes.

It can be said that such a character cannot be found in nine days.

Even the children of the forbidden area sealed in the forbidden area, the heirs of the supreme old monster, the sleeping ancient emperor, etc., few can achieve the temperament of Jun Xiaoyao.

Even in front of Jun Xiaoyao, Fairy Tian Lai felt that she didn't seem to be so dusty anymore.

"The **** son of Xianyu Jun's family, I have heard of his name for a long time, and I have seen it today. As the rumors say, he is really a person among the gods."

Fairy Tian Lai smiled slightly, revealing her crystal clear teeth, a peerless allure.

Next to Jun Xiaoyao, Jiang Luoli's big eyes showed a trace of vigilance.

Is this another woman who wants to fall into the charm of Jun Xiaoyao?

"Where, Tianlai Fairy is like a person among the immortals. The person who comes is a guest, and Jun Mou treats people with sincerity."

Jun Xiaoyao also smiles, a gentle gentleman, gentle and moist as jade.

The disciples of the fairy courtyard present were all dumb.

Good one treats people with sincerity.

Wonderful!

The big heads of the three taboo families, under the knowledge of Huangquan, are afraid that the one Buddha who wants to be angry will be born, and the second Buddha will ascend to heaven.

Jun Xiaoyao knows what Fairy Tianlai's intention is.

Therefore, he invited Fairy Tian Lai to have a drink, and he had to discuss carefully. Jiang Luoli was also with him.

Jun Xiaoyao is such a person.

If you make him decent, he will make you decent.

You don't make him decent.

He will teach you what decentness is.

So the three taboo families were sent away decently.

Jun Xiaoyao, Fairy Tianlai, and Jiang Luoli came to a pavilion in Dongtianfudi.

"Prince gentleman, the little girl will speak bluntly. You should know what I am here for." Fairy Tian Lai smiled.

"Isn't it for the Yu family?" Jun Xiaoyao joked.

"The son is joking, although the Yu family is a taboo family under my Xianling, but to be honest this time, it is indeed their fault first."

Tian Lai's tone was calm and casual.

The taboo family looks beautiful in the fairyland, which can shock all directions.

But in the eyes of the restricted area of life, it is nothing more than an eagle dog.

Xian Ling really didn't care about the death of a few taboo family members.

"It seems to have come for Luo Li." Jun Xiaoyao said.

"Yes, if the little girl looks good, she should be the Yuanling Immortal Body."

"In fact, in our fairy tomb, there is a cultivation method dedicated to the Yuanling Immortal Body, called the Yuanling Immortal Sutra."

"And the most important thing is that Jiang Luoli should have a world in her body, it is the remains of an ancient fairy in my Xianling."

The fairy Tian Lai said, without evasiveness.

Because she knew that if she wanted to get Jiang Luoli, she had to get Jun Xiaoyao's approval first.

As long as Jun Xiaoyao said "no", Jiang Luoli would definitely not let her go for nine days.

"It turns out that the world in Luo Li's body comes from a fairy in your Xian Ling." Jun Xiaoyao understood completely.

Jiang Luoli inherited the orthodoxy of an ancient fairy in Xianling.

"Then how can I be sure that your Xianling is kind to Luo Li, after all, you should also know the attitude of the Yu family."

Jun Xiaoyao said slowly.

Jiang Luoli was very obedient and obedient at the moment, letting Jun Xiaoyao go to talk.

She knew that Jun Xiaoyao would consider everything for her.

"The gentleman joked, it is true that the ancient fairy is in our line."

"If Jiang Luoli goes to Xianling, she will become the core trainer of our vein." Fairy Tian Lai smiled, and she was peerless.

"That is also conditional, after all, there is no free lunch in the world."

"That's natural. Our only request is that Jiang Luoli can sincerely become a member of my fairy mausoleum in the future." Fairy Tian Lai said sincerely.

"You Xianling, have also participated in the turmoil in the past?"

Jun Xiaoyao asked suddenly, looking straight at the fairy Tian Lai.

The fairy Tian Lai had a meal, and then said: "At least, we don't have one in this line."

Jun Xiaoyao retracted his gaze, thinking.

It seems that the situation in Xian Ling is not that simple, perhaps, like the Supreme Immortal Court, it is divided into different inheritances and branches.

But it's normal, after all, the restricted area of life is a huge monster.

Not to mention the immortal mausoleum, which is rumored to be a restricted area established by the descendants of the immortal.

Jun Xiaoyao thought for a while.

The best thing for Jiang Luoli right now is naturally to let her go to Xianling to practice.

Tian Lai Fairy saw Jun Xiaoyao still thinking, and continued.

"What else does the gentleman have to worry about, the little woman swears, I will take care of her."

"In addition, no matter what turmoil may arise in the immortal domain in the future, Jiang Luoli will naturally not be affected by my immortal mausoleum."

Tian Lai Fairy is already very sincere.

Attitudes are different from those of the Yu family before.

Jun Xiaoyao nodded slightly.

In fact, he didn't want to stop Jiang Luoli from going to Xianling to accept the inheritance of chance.

After all, this is her way.

Jun Xiaoyao looked at Jiang Luoli.

However, to Jun Xiaoyao's surprise, Jiang Luoli didn't say to stay resolutely.

"Brother Xiaoyao, I'm going to Xianling."

Jiang Luoli's tone was determined.

Before, the three taboo families came to the door.

She saw Luo Xiangling, appeared domineering as a quasi-emperor, and defended Jun Xiaoyao.

At that time, Jiang Luoli was very envious.

Not only Luo Xiangling but also Jiang Shengyi are also working hard, wanting to stand side by side with Jun Xiaoyao instead of letting him fight alone.

In that case, how can Jiang Luoli be willing to be protected only by Jun Xiaoyao?

Although it feels good to be protected, she will continue to walk her way, and want to make Jun Xiaoyao look at her with admiration.

"Good." Jun Xiaoyao nodded slightly.

He would love to see Jiang Luoli's growth.

Instead, Jun Xiaoyao looked at Fairy Tian Lai.

"Since Luo Li agrees, that's nothing, the only thing is..."

"I hope that Luo Li will not be wronged in Xianling, let alone anything unfavorable to her."

"if so..."

Jun Xiaoyao said here, after a pause, then said.

"I will go to nine days personally, so that Xianling knows what decentness is."

Jun Xiaoyao said lightly. UU reading www.uukanshu.com

Tian Lai Fairy was also attentive when he heard the words.

After all, after Tuan annihilated the three taboo families, Tian Lai Fairy knew.

Jun Xiaoyao really has no scruples, and doesn't care about Jiu Tian and the restricted area at all.

He can do such a thing.

Seeing Jun Xiaoyao who protects his wife like this.

Jiang Luoli's love rushed to her heart, couldn't help but impulsively, regardless of the presence of Tianlai Fairy, offered her fragrant lips, and kissed Jun Xiaoyao.

Tian Lai Fairy was a little embarrassed, avoiding her gaze.

But there was a trace of envy in her heart.

Jun Xiaoyao, a peerless figure, couldn't find a few in nine days.

To be his Taoist companion, it should be the last life that saved Xianyu.

[Chapter 1200: Take the 9-day Tianjiao, sign in the forgotten country](#)

Jiang Luoli left with Fairy Tian Lai.

When parting, Jiang Luoli was naturally reluctant to leave.

Jun Xiaoyao was very calm.

The short parting is for a longer time.

This scene has also been seen by many people.

Many people are surprised that Jun Xiaoyao and the fairy in Xianling are so harmonious.

This is in sharp contrast to before.

However, it was also because the fairy in the restricted zone was polite.

Otherwise, regardless of whether he is a man or a woman, Jun Xiaoyao will make him decent.

"This is going to Jiutian, it's a real step to the sky."

"Yes, the cultivation rules of the Nine Heavens and the various cultivation environments are different from those of Xianyu. If you can practice there, you can definitely make rapid progress."

"Not to mention that Jiang Luoli was still attracted by Xianling. This is an opportunity that I can't ask for."

Many people are showing admiration, wishing to replace them.

In fact, before parting.

Tian Lai Fairy had also invited him, wanting Jun Xiaoyao to go to Xian Ling.

It is even possible for him to cultivate in Xianling.

But Jun Xiaoyao declined.

First, he is in Xianyu and has other things to do.

Second, with Jun Xiaoyao's talent, whether in Xianyu or Jiutian, there is actually no difference.

His genius can prove Dao even in the Age of Doom.

The genius of the enchanting is so willful!

Jiang Luoli left.

Jun Xiaoyao didn't look surprised.

He is not the kind of person who indulges in the love of his children.

After that, Jun Xiaoyao continued to stay in the fairy courtyard to consolidate his cultivation realm.

However, the entire fairyland was not peaceful.

The arrival of the three taboo families and Tian Lai Fairy seemed to have started.

There is brilliance surging in Tongtianzhijing every three to five.

Some monks discovered that some nine-day creatures began to wander around the fairyland frequently.

After that, there was another very shocking news that circulated in Xianyu.

Someone saw that there were nine creatures going to the Holy Spirit Island.

The enchanting Tianjiao of the Holy Spirit Island, Little Stone Emperor was taken away, and he was led for nine days.

This has aroused the attention of many monks.

After all, this was the second Tianjiao who was taken to the Nine Heavens after Jiang Luoli.

Later, some people were surprised.

It is said that the Stone Emperor of the Holy Spirit Island is inextricably related to the forbidden area above the nine heavens and the Ruins of the Holy Spirit.

Now Shi Huang's parent and heir, Xiao Shi Huang has been taken for nine days.

There is no doubt that it was taken by the Ruins of the Holy Spirit.

Then there was news that the Phoenix Nirvana Dao who had been staying in the fairy courtyard was also taken up by the Nine Heavens.

There are gossips circulating, this is the blessing of his father, the immortal ancient emperor.

There are nine great figures in the heavens who make friends with the undead ancient emperor.

This made a group of Xianyu Tianjiao angry.

The starting point for a good father is high.

Little Stone Emperor is like this, so is Huang Nidao.

Then, Ji Qingyi of the fairy courtyard was also taken away by the Nine Heavens.

There are rumors that Ji Qingyi's inheritance in a restricted area will be cultivated as a core Tianjiao.

At this time, some of the Immortal Realm Tianjiao couldn't hold back, and their minds were active, and they wanted to go to Nine Heavens.

It is conceivable that these Tianjiao who have been introduced to the Nine Heavens will have extraordinary fortunes.

Cultivation speed will be far better than Xianyu Tianjiao.

Of course, this is not to say that Tianjiao who stayed in the fairyland will be abolished.

Being able to be led for nine days only means that they have some advantages, and it is not a qualitative change.

But these advantages alone are enough to make some Tianjiao tempted.

After all, they can't compare to the strongest rank of Tianjiao.

I can only think about how to "overtake on a curve."

This made the old man, the Great Elder of the Immortal Court, sighed all day long.

Because some of the disciples of the fairy courtyard left, they wanted to be led by Jiu Tian like Huang Nidao, Ji Qingyi and others.

"You guys, have you ever known that the great turmoil that once caused the immortal domain to dissolve hundreds of millions of lives was initiated by the Jiutian Forbidden Zone!"

The great elder of the fairy courtyard sighed up to the sky.

There is quite a feeling of hating iron but not steel.

Some people, for their own benefit, have they taken care of the overall situation of Xianyu?

However, the only thing that comforted the Great Elder of the Immortal Court was.

Jun Xiaoyao said that Xian Ling wanted to invite him for nine days, but he was too lazy to go.

"If there are more brave and loyal heroes like Jun Xiaoyao in Xianyu, what trouble can't be settled?" The Great Elder of Xianyuan sighed.

This is the real eternal outstanding person, the pillar of talent!

However, if Jun Xiaoyao knew, he would be speechless.

The great elder of the fairy courtyard is purely brain supplement.

He is really just too lazy in the literal sense.

After all, with his talent, even if he stays in the most barren place, he can prove the Tao.

After this, one after another, there were also some Immortal Realm Tianjiao who were attracted by Nine Heavens.

Either it is related, or the aptitude is outstanding.

It is conceivable that if turmoil occurs in the future, few of these arrogances should contribute to the fairyland.

After all, they have been bound.

This is also one of the nine-day plan.

Xianyu itself, like a piece of fertile soil, has bred many talents, which can be called "Xian Miao".

Then the time is ripe, nine days later, some fairy seedlings from the fairyland will be absorbed and picked.

In order to strengthen the restricted area of all parties, absorb the invigorating blood.

Of course, not all Tianjiao will be attracted.

Forces such as Xian Ting, Junjia, and Xitian Sect, there is no Tianjiao going to Jiutian.

There are also some forces that have feuds with the Jiutian Forbidden Zone, and it is impossible for their own Tianjiao to go.

Jun Xiaoyao has been staying in the fairy courtyard.

During this period, he also listened to his followers and talked about the appearance of the Yingluo Demon Star in the Huntian Immortal Territory.

This reminded Jun Xiaoyao of the note left by Emperor Wu Endless.

The luminous planet appears, the forgotten land, the waste.

"It seems that the Yinghuo Star is the Yinghuo Demon Star."

"The forgotten land should refer to one of the seven incredible, forgotten kingdoms."

"But the question is, what does that 'wild' mean?"

Jun Xiaoyao was thinking.

At this time, he heard the mechanical sound of the system in his mind.

"Ding, congratulations to the host, the new sign-in place has been refreshed, please sign in the forgotten country!"

Jun Xiaoyao was not surprised by this.

In some special places, it is always easy to activate check-in.

"However, Huntian Immortal Territory is the territory of Xian Ting. Adding God Haotian, he has a lot of calculations, and it is definitely impossible for me to enter the forgotten kingdom."

Jun Xiaoyao's eyes flickered.

This is indeed a problem.

Jun Xiaoyao is definitely going to explore the clues left by Emperor Wu Endless.

"Forget it~www.mtlnovel.com~ or go back to the Wild Heaven Immortal Realm first, and ask Wu Hu about which generation of Communion belonged to this drop of flawless holy blood in the Void Heaven Realm."

After making plans, Jun Xiaoyao prepared.

When he appeared, the whole body was filled with chaos and mist, his aura was restrained, and the whole person was as usual.

After learning that Jun Xiaoyao was going back to the Wild Heaven and Immortal Territory.

Luo Xiangling and Xiao Qianxue both wanted to accompany.

Xiaoqianxue is a simple sticky gentleman.

Luo Xiangling is the family of Curious Jun Xiaoyao.

She wants to understand Jun Xiaoyao's past.

In fact, there is a little ugly daughter-in-law to see in-laws.

Of course, Luo Xiangling would not say this.

Jun Xiaoyao didn't mind, taking Luo Xiangling and Xiao Qianxue, riding the Fufeng King, and returning to the Wild Heaven and Immortal Realm.
