

## SCORING THE SACRED BODY OF THE ANCIENTS FROM THE GET-GO

Chapter 12: The ancient emperor asks for medicine, does it mean to greedy my body?

Huo Zhou is one of the three thousand states in the ridiculous fairyland.

Its area is far less than that of Huang Zhou where the monarch's family is located, and even only one percent of the size of Huang Zhou.

But even if it is only one percent of Huang Zhou, Huo Zhou is still a vast Dao Zhou.

In Huo Zhou, there are no standing forces.

It is the ancient country of Suzaku that rules the entire Huo Zhou.

Suzaku ancient country is an ancient power with a long heritage. Even if it is not as good as the ancient aristocratic family, it has a profound background and a prestigious name.

In addition to the ancient kingdom of Suzaku, there are also the ancient kingdom of Qinglong, the ancient kingdom of Baihu, and the ancient kingdom of Xuanwu.

The four ancient kingdoms are also known as the Four Elephants.

At this moment, inside the ancient palace of Suzaku, there is a magnificent hall.

A middle-aged man in a red-gold Suzaku robe is lying on a bed, the hall is black, his body is weak, as if he is seriously ill, his life is like a fire.

He is the master of the ancient country of Suzaku.

A beautiful woman stood beside the bed.

She has a red feather robe, a slender figure, long legs and white skin.

Long red hair, like a flame.

A pair of beautiful eyes present a beautiful crimson color, with a tall jade nose, bright red lips and crystal clear teeth.

Especially she has a little cinnabar between her eyebrows, with the whole piece of Yurong, it looks even more beautiful and charming.

This woman is the Suzaku ancient country emperor, worshipping Yuer.

"Father, Yuer will definitely find the elixir to save you." Bai Yuer bit her lips tightly.

"Yu'er, it's hard for you, the elixir can't be forced..." The Lord of the Suzaku shook his head slightly, his tone was extremely weak, and he was also desperate.

Immortal medicine, what a rare existence it is.

Even those supreme orthodoxy and immortal forces cannot have much inventory.

It is even more impossible to give it to Suzaku Old Country so kindly.

Although the ancient country of Suzaku has a strong background, it also has many top holy medicines, but there is not a single plant for the immortal medicine.

After all, looking at the outside world, the birth of an undead medicine will set off a \*\*\*\* storm, and it is too late to compete. How can it be sold to others?

"Father, rest assured, with Yu'er's ability, he will definitely be able to get the elixir!" Bai Yuer's beautiful eyes are firm, turning grief into strength.

Who is she?

Suzaku ancient country emperor, there is Suzaku divine fire in her eyebrows, and she has extraordinary talent.

Not to mention its appearance, in the wild and immortal realm, it can be considered to be ranked high.

Many young talents of the powers are the licking dogs of Bai Yuer.

Therefore, Bai Yuer has developed a somewhat noble and superior character.

She believes that she must be able to rescue his father and the entire ancient kingdom of Suzaku.

"The young talents of those forces are all waste. When they are needed, they can't come up with the elixir."

"And my fiancé, Xiao Chen, as the prince of the ancient kingdom of Qinglong, can't even get an elixir."

Bai Yuer walked out of the palace with a serious face.

A few years after her father's accident, the national power of the ancient country of Suzaku was deteriorating.

After       , the ancient kingdom of Qinglong came to marry.

At that time, the ancient kingdom of Qinglong promised to give the ancient kingdom of Suzaku an immortality.

Bai Yu'er and Xiao Chen, the eldest prince of the Qinglong Ancient Kingdom, have known each other since childhood. Although they have kept a distance, they are still childhood sweethearts, and the relationship is not bad.

After inner weighing, Bai Yuer agreed.

It turned out that after such a long time, the marriage contract had been set long ago, but the elixir has never been seen.

And the current Suzaku ancient country's national power is weak, and there is no ability to ask for it from Qinglong ancient country.

Therefore, I can only rely on Bai Yuer to find the elixir by himself.

"What should I do, the father can't fall..." Bai Yuer couldn't help feeling a little anxious.

"By the way, how come I almost forgot, my girlfriend, Jun Linglong?" Bai Yuer suddenly thought.

She once met Jun Linglong by chance in a secret realm, and they got along well with each other.

Although he didn't contact him much later, with Jun Linglong's character, he would definitely not ignore it.

Furthermore, the Jun family absolutely possesses the elixir.

Thinking of this, Bai Yuer was short of breath, and hurriedly took out a jade slip to pass the message.

On the other side, Jun Linglong also received the news.

"The Lord of the Vermilion Bird is seriously ill and needs elixir to heal?" Jun Linglong frowned when she heard the news.

To be honest, if it weren't for Bai Yuer's message, she would have almost forgotten this "girlfriend".

Although Bai Yuer is an ancient emperor, she has a noble status.

But Jun Linglong is the proud daughter of the ancient family.

Don't look at her now as Jun Xiaoyao's maid, but when she walks out of the outside world, she is still a gentleman who is sought after by all quarters.

"As soon as you open your mouth, it's an elixir, and you have a good appetite, but you can get acquainted with her anyway." Jun Linglong frowned slightly.

But the problem is, she doesn't have an elixir.

At this time, a divine sound transmission fell into Jun Linglong's mind.

"Linglong, make tea."

Jun Linglong hurriedly got up, this is Jun Xiaoyao asking her to make tea.

In a hot and immortal pool, Jun Xiaoyao has his upper body naked, his body carved like immortal jade, dizzy with flowing light.

Jun Xiaoyao, who is eight years old, has a very long body.

Aside, Jun Linglong entered and gave Jun Xiaoyao a cup of enlightenment tea.

Watching Jun Xiaoyao gradually open up and become more and more handsome and handsome, Jun Linglong has the illusion that she is cultivated by the Taitai.

"What's wrong, something?" Jun Xiaoyao took a sip of tea and said lightly.

"No." Jun Linglong's eyelashes trembled slightly.

"Go ahead, can you hide it from me?" Jun Xiaoyao shook his head and smiled.

Jun Linglong bit her lip slightly, and after all, she said about Bai Yuer.

"So that's the case, is it not dead medicine, I don't lack it." Jun Xiaoyao shrugged.

When he was on the Taiyue monument, he received three immortal medicines, and then the eighteenth ancestor successively gave him five immortal medicines.

Jun Xiaoyao has only refined three plants over the years, and five plants remain.

"Since it is your best friend, it's okay to give one to her, let her come over." Jun Xiaoyao waved his hand.

"Is this for it?" Jun Linglong was slightly stunned.

The world of local tyrants, she really didn't understand!

But Jun Linglong nodded slightly, and replied to Bai Yuer.

Jun Xiaoyao has a slight smile at the corner of his mouth.

Naturally he does not want to be a good old man, but has his own ideas and plans.

This righteous light, let those righteous pillars come.

The Virgin and the like are not suitable for him.

Let's talk about another immortal medicine. Although Jun Xiaoyao doesn't pay much attention to it, he is not so atmospheric that he can give it away.

"The sequence of the monarch family is not only supported by various veins, but even vassal Orthodoxy forces. UU reading [www.uukanshu.com](http://www.uukanshu.com)"

"Even if it is the sword, there are vassal forces such as Ancient Sword Sect behind him."

This kind of vassal force is not surrendering to the family, but to the individual.

"Although the national power of the ancient Suzaku country has declined in recent years, the lean camel is larger than the horse, but it can be taken over. Maybe the other three ancient countries can also be taken as vassal forces by the way."

Jun Xiaoyao is thinking about it.

After all, he is the zero sequence, if there is no vassal force behind it, it would be a little shameful.

There must be some cards.

As for the worship of Yu'er, how can it be possible to get an undead medicine for nothing?

Jun Xiaoyao is not doing charity, he will not do things that are not beneficial to him.

And Bai Yuer, who got Jun Linglong's reply, was also surprised.

This feeling is like a long drought in the rain.

is just the words passed by Jun Linglong, which made Bai Yuer think about it.

Because she was going to give her the elixir, it was not Jun Linglong herself.

"A proud boy of the Jun family, who promised to give me an immortal potion, did he fall in love with me?"

Bai Yuer couldn't help but think.

She is quite confident about her appearance, and she is the first beauty in the ancient country of Suzaku.

is also quite famous in the entire Wild Heaven and Immortal Realm.

In her mind, the person who is willing to give her an elixir must be greedy for her body.

"Sure enough, even the prince of the Jun family is inevitable." Bai Yuer felt a little disappointed inexplicably.

Junjia Tianjiao, it seems that he is not as extraordinary as he imagined.

"But no matter what, get the elixir to save the emperor first."

Bai Yuer shook his head and set off for Huangzhou.
