

Sacred Body 1211

[Chapter 1211: Swire's 7th killing array, Xiao Qianxue broke out](#)

It can be said that even the three assassin gods did not think of it.

It was such a huge price to deal with Jun Xiaoyao, a junior junior.

Little Tianzun, Big Tianzun, many casualties.

Even the Supreme Xuanzun has fallen.

As for the younger generation of killer assassins, let alone, they fell in pieces.

Jun Xiaoyao was too terrifying at this moment, just like a white-haired demon master who exterminated the world.

Although they have overestimated Jun Xiaoyao's strength.

But Jun Xiaoyao still subverted their imagination.

Xiaotianzun is against the sky and cut Xuanzun, who can think of this?

"Today, the Emperor Lao Tzu will not be able to save you when he comes!"

The strongest of the three assassin gods were all caught in front of Jun Xiaoyao.

The big hands of the law are like the overturning of the sky.

Jun Xiaoyao held the big Luo sword tire, raised his head and looked up, and sighed slightly.

He can do it now, it is already extremely against the sky.

Xiaotianzun Nizhan Xuanzun, looking at the ancient and modern Xianyu, there are not many people found.

And now, even Dao Zun has shot him.

Even if Jun Xiaoyao is against the sky, it is impossible to violate the common sense of practice and fight against the Chaos Dao Zun.

In fact, even if it was against Xuanzun, Jun Xiaoyao had already sacrificed part of his hole cards.

Of course, it's only part.

Jun Xiaoyao never completely revealed his hole cards.

Only three points frivolous and seven points deep can be invincible.

Facing the siege of the three major killers toward the strongest.

Jun Xiaoyao raised his hand and sacrificed Jun Wugui's amulet.

Above the gentleman's life, eight characters with no regrets in his life, blooming with brilliance and eternal brilliance.

A hazy figure in white clothes appeared, as if transcending the heavens, and oppressing the eternal time and space!

"Have you finally come out?"

The Dao Sovereigns of the three major killer gods, and the strong gods, are all stagnant.

They dared to assassinate Jun Xiaoyao, naturally they were fully prepared.

After all, the pioneers of the three previous families were killed by this trick.

The white-clothed **** king Xuying, sitting in the void, shining forever, crushing the heavens.

Even the Emperor Zhun couldn't ignore that breath.

The Dao Sovereign of the three assassin dynasties, the **** Sovereign powerhouse, are all retreating rapidly.

They know that they are also difficult to deal with in the face of the Jun Wu Regret talisman.

However, since they knew the power of the Jun Wugui amulet, they naturally thought of a way to deal with it.

"Huh, do you really think that a talisman can protect you well?"

In the depths of the sky, the quasi-emperor of heaven who was besieging Fufeng King, the nine-winged archangel, let out a cold snort like thunder.

Between him raising his hand, the law of ten thousand ways is intertwined, and the ancient formations are manifesting, turning into a terrifying forbidden zone for killing!

"That's... the Primordial Killing Array!"

Jun Xiaoyao's pupils condensed.

The nine-winged archangel offered an ancient and terrifying killing array.

Jun Xiaoyao is not too unfamiliar with this.

Because the Jun family had used the Swire Third Killing Array before in the immortal war in the Wild Heaven and Immortal Realm.

In order to besieged and killed him, a group of Tianjiao from the Primordial Royal Family had also joined forces to sacrifice an incomplete ninth battle array of Primordial Emperors.

And right now, what the Nine Winged Archangel of Heaven sacrificed was part of the Seventh Slayer Array of Primordial Ancients!

The seventh strongest killing formation in ancient times!

It is reasonable for the Killer God to have the Primordial Killing Array.

Although this is not the complete Seventh Swire Killing Array.

But from the hands of a quasi-emperor, the power is not comparable to the ninth killing array of the ancient imperial family Tianjiao during the previous famine.

Rumble!

As if hundreds of thousands of blood thunders exploded, in the Seventh Killing Array of Primordial Ancients, it seemed that an extremely terrifying world of Blood Tribulation had evolved!

The seventh slaying formation of the ancient times, the talisman that suppressed Xiang Jun Wugui.

Not to mention that it can be completely overwhelmed, at least it can be delayed for a while.

"It seems that you are really trying hard to deal with me."

Upon seeing this, Jun Xiaoyao smiled coldly.

The three killer gods are really well prepared.

Even if he sacrificed a talisman, he would also use the Seventh Primordial Killing Array to fight against it.

"Of course, you are Jun Xiaoyao after all. You can't be too cautious when dealing with you."

A chaotic Taoist priest in heaven said coldly.

To be honest, until now, they really admire Jun Xiaoyao a little bit.

For any other person of the same generation, facing such a situation, there is only despair.

But Jun Xiaoyao was still calm and composed.

That kind of xinxing is not comparable to ordinary people.

"But it's a pity, if you have a peculiar talent, after all, it's the loess, everything is over."

The chaotic Taoist priest of heaven, a big hand cover pressed against Jun Xiaoyao, entwining the original chaotic air.

This is similar to the Chaos Power of Chaos Body, but it's not the same.

The chaotic power of a chaotic body is a natural and inherent power.

And the chaotic power of the chaotic Taoist priest is obtained through acquired, comprehending the true meaning of the chaotic avenue.

This is why, Chaos Dao Sovereign, will be the topmost existence in the Seven Realms of Supreme.

Because they have begun to comprehend the rules and order of various avenues in the chaos.

However, the Emperor Zhun had already realized some rudiments of the Great Dao.

Then, after being tempered by the Nine Tribulations, he attained the Dao that truly belonged to him.

This is the so-called Zhengdao Chengdi.

Chaos Dao Venerable, as the apex of the Supreme Seven Realms, its strength is naturally not comparable to the previous Supreme Profound Venerable.

Jun Xiaoyao, if you want to block this palm, you have to pay a great price.

And just when the big hands of the Chaos Dao Zun were about to press against Jun Xiaoyao.

A crisp, with a little crying, but still firm and tender voice sounded.

"Don't bully daddy!"

A petite figure flashed up in front of Jun Xiaoyao.

It was Xiao Qianxue impressively.

She opened her lotus arm and stood in front of Jun Xiaoyao.

The big eyes were flushed with crystal tears.

Seeing Jun Xiaoyao facing so many enemies alone, she was heartbroken and afraid that something happened to Jun Xiaoyao.

"Humph..."

The Heavenly Chaos Dao Sovereign was expressionless, indifferent as ice, and continued to press away with a palm.

They have also investigated.

This little girl was brought out by Jun Xiaoyao from the virtual world, it may be some kind of "fortune".

Emperor Haotian once told the three assassin gods through Ziyang Tianjun.

That little girl may have some origins.

The people of the three assassin gods didn't care too much.

What about a little bit of origin, there are three quasi-emperors on the field, and everything is not a problem.

The big hand of Chaos Dao Zun continued to press down.

Xiao Qianxue and Jun Xiaoyao are to be buried together.

boom!

The big hand of Chaos Dao Venerable completely covered that piece of space, and placed Jun Xiaoyao and Xiao Qianxue in it.

Then the five Chaos Dao Sovereigns suddenly pinched!

The void seemed to be crushed.

"ended..."

Seeing this scene, the remaining three assassin gods all secretly breathed out.

To be honest, this siege was really unexpected.

Jun Xiaoyao really lives up to his name.

However, at this moment.

The Heavenly Chaos Dao Sovereign who took the shot suddenly shook his heart, and UU reading www.uukanshu.com noticed something wrong.

He saw that the hand of the law he protruded was full of cracks and was falling apart.

Finally, there was a loud noise!

The world is shaken, everything sinks!

Endless bright fairy light blooms from it.

A terrible vortex emerged, as if to pull everything in the universe into reincarnation.

And at the end of the cycle, there was a petite figure with wagging silver hair and closed eyes, like a little banished immortal.

"How can this be!"

The Chaos Daoist of heaven uttered an unprecedented sound of astonishment!

[Chapter 1212: The terrifying Xiao Qianxue, Emperor Zhunxue, Jade and Stone...](#)

Time seems to freeze.

The faces of the three assassin gods are all with unprecedented shock.

A Chaos Dao Sovereign shot, but was blocked by a little girl.

What is this concept?

It was even more shocking than before Jun Xiaoyao killed Xuanzun.

"what's wrong with you?"

The Chaos Dao Sovereign of Heaven has a dazed expression, and has never encountered such a situation.

On the other side, Jun Xiaoyao saw this scene, although there was a hint of expectation in his heart, he was still surprised.

He knew that Xiao Qianxue had a lot of origin.

But she did not expect that she could burst out such a huge power at this moment.

At this moment, above the sky, the heavenly quasi-emperor who sacrificed the seventh slaying formation of Primordial Ancient Times suddenly jumped his eyelids and suddenly shouted.

"Rewind!"

However, it was too late.

Xiao Qianxue is at the end of Samsara, with her eyes closed, she is as pretty and beautiful as a porcelain doll.

But from her body, a wave of terrifying laws rippled out, and wherever she passed, the void collapsed silently.

That terrifying law of fluctuations is far beyond the scope of the Supreme Seven Realms.

This volatility swept out.

Those in the three major assassins had no time to react even to scream.

The physical body and the primordial spirit turned into nothingness.

In the face of this volatility, people of any realm are the same.

Little Tianzun, Great Tianzun, Supreme Xuanzun, Gods of Good Fortune, and even Chaos Dao Zun are the same!

"Do not!"

The Taoist powerhouses of Youguo and Bloody Buddha were incomparably shocked.

In the face of this horrible wave, they can only resist for a second or two, and then turn into fly ash as well!

The Heavenly Dao Venerable who took the shot was so frightened that his souls were all gone, and his whole body was as cold as falling into an ice cave.

What kind of monster did he provoke?

However, next, he no longer needs to think about this issue.

Because he also silently turned into nothingness.

For a time, the whole space is silent.

The three assassin gods, except for the three quasi-emperor powerhouses.

All the other assassins, assassins, died!

Dao Zun, God Zun, Xuan Zun, Tian Zun, none of them survived!

If this scene is seen by outsiders, it is absolutely terrifying!

"cough..."

Fufeng Wang was covered in blood and his stature retreated.

He ran out of oil, and his body was shattered.

To be honest, it was already a miracle to be able to support this long in front of three quasi-emperors who were higher than him.

Upon seeing this, Jun Xiaoyao injected a group of spring water from the fountain of life into King Fufeng's body.

The Fufeng King only breathed a sigh of relief, but he was still hit hard and almost lost his combat effectiveness.

"Damn it!"

Seeing that the rest of the people were all destroyed, the three quasi emperors were all very angry.

However, Xiao Qianxue still closed her eyes, as if she was at the end of reincarnation.

"There is a weird, powerful force..."

When the Three Tribulations Quasi-Emperor of You Country saw this, a dark light flashed in his eyes.

Immediately, he reached out his big hand and grabbed Xiao Qianxue.

The quasi-emperor's shot is vast and powerful, far beyond the power of the Supreme Seven Realms.

At this moment.

Xiao Qianxue, who kept her eyes closed, suddenly opened her eyes.

In an instant, the world was dead, and the world lost its voice!

What kind of eyes are those.

It is crystal clear, but with indifferent indifference, like a **** overlooking the boundless world and reincarnation of all things.

The dazzling reincarnation brilliance burst out.

"It's not good, stop!"

The nine-winged archangel of heaven seemed to have sensed something.

But this time is too late.

"what!"

A scream was made.

That is the Emperor Zhun of You Country, holding his head and roaring.

He felt that his primordial spirit was burning, and he was about to be drawn into an unknown reincarnation.

This is terrifying!

He is a quasi emperor.

The emperor did not come out, and he was almost in the strongest rank.

Have you ever tasted this kind of dying feeling?

His soul was burning and was hit hard.

At the same time, the body of the quasi emperor was shattering, exploding, and blood splattering everywhere.

The emperor Zhun of the Blood Buddha saw this scene, and he also felt a deep sense of fear.

The dignified Emperor Zhun was actually forced to be like this by a little girl.

However, the quasi emperor who could not tolerate the blood of the Buddha thought much.

Because Xiao Qianxue also turned the pair of indifferent and merciless crystal eyes to the Bloody Buddha Zhundi.

Pouch!

Emperor Zhunxuefutu was hit hard and he vomited blood.

The quasi-emperor's body was swept by the wave of mana, and the flesh was exploding.

"Fuck, this Nima is outrageous!"

Fufeng Wang was so dumbfounded, he couldn't help but explode.

He was forced into desperation by the three quasi-emperors just now, severely wounded and dying.

As a result, a little loli instantly severely wounded the two quasi emperors.

Not seeing it with your own eyes, who can believe it?

"What the **** is this..."

The nine-winged archangel of heaven is the strongest among the three quasi emperors, and has survived the four calamities.

With a shock on his face, he turned to look at Jun Xiaoyao.

Finding Jun Xiaoyao, his expression is calm.

"It turns out that this is your trump card!"

The quasi-emperor of heaven has a deep chill in his voice.

Their three assassin gods counted thousands of things, but they didn't count the little girl who was with Jun Xiaoyao, who was so terrifying.

Because no one can think of it.

Before, although Di Haotian reminded.

But who would have thought that Xiao Qianxue could even deal with Emperor Zhun.

And now, look at Jun Xiaoyao's expression.

The quasi-emperor of heaven suddenly realized.

Why has Jun Xiaoyao been so calm.

It turned out that everything was in his plan.

The fierce gaze of the Emperor Zhun looking at heaven.

Jun Xiaoyao said calmly: "The best hunters often appear as prey. Don't you understand this truth?"

Hearing this ironic remark, the quasi-emperor of heaven burst into cold light, full of killing intent.

Now, he just wants to kill Jun Xiaoyao.

If you don't get rid of it, the three assassin gods will all be over.

At this time, the earth-shaking horrible howl erupted.

The two quasi-emperors of the Three Tribulations of You Country and Blood Buddha, their bodies completely exploded, and their souls were all burned out.

The two famous killers in the immortal realm, the quasi emperor, fell.

I am afraid that they themselves would not have thought that they would end up in such an absurd situation.

Finally, Xiao Qianxue's gaze fell on the nine-winged archangel of heaven.

The nine-winged archangel also shook his body.

However, he gritted his teeth and sacrificed a weapon.

Suddenly, the brilliance was inexhaustible, dazzling, and shining in this space.

It was a shiny golden armor with many ancient patterns imprinted on it.

A vast imperial prestige is shaking, setting off thousands of waves.

This is an imperial soldier in heaven.

"The Heavenly Armor!"

The nine-winged archangel screamed.

Rao Shijun Xiaoyao could not have imagined that Heaven had even brought an emperor soldier.

How worthy of him is this?

In order to encircle him, the preparations were too much.

The nine-winged archangel of heaven, wearing the sacred armor of the emperor's heaven, killed Xiao Qianxue and Jun Xiaoyao.

Xiao Qianxue exudes terrifying law fluctuations.

This is a defensive instinct produced after encountering danger.

In her crystal eyes, there seemed to be two whirlpools emerging. UU reading www.uukanshu.com

That is the vortex of reincarnation, as if it can pull the entire world into it.

Strong as the nine-winged archangel, the primordial spirit is shaking and traumatized, as if to leave the body.

"Today, no matter what the price is paid, I will kill you!"

In the eyes of the Nine Wings Archangel, a fierce and decisive color flashed!

His blood, soul, and laws are all burning.

Even the Emperor Soldier he wore, the Heavenly Sacred Armor, was also shaking, bursting out a vast expanse of imperial might!

Jun Xiaoyao understood instantly.

This heavenly quasi-emperor actually wanted to explode and burn the jade!

[Chapter 1213: The Jun family was furious, the immortal realm was shaken for 9 days, and the storm came...](#)

The assassination of Jun Xiaoyao by the three major assassins this time can be said to be a bet on everything.

If you win, you will naturally get endless benefits, and the three major killer dynasties can once again flourish.

And if the mission is completed, someone will naturally shelter them.

They will ascend their clan for nine days.

No matter how strong the Jun family is, it is impossible to reach nine days.

Because that would be an enemy of all nine-day restricted areas.

Even if the background is as strong as the monarch, it is impossible to achieve that step.

One side of the restricted area is enough to deter the immortal domain heroes, let alone the top ten restricted areas.

but...

If it fails.

The consequences could be disastrous.

Not only are there no benefits.

And the three killer gods will usher in the darkest moment.

Assassinating the **** son of the Jun family, the consequences are simply unimaginable!

So now, this nine-winged archangel of heaven has a look of fierceness and determination in his eyes.
He has become a quasi emperor, and his xinxing is naturally not comparable to those previous assassins.

"Jun Xiaoyao, I admit that our three assassin gods have all underestimated you."

"I didn't expect to be planted in your hands today, but..."

"Completing the mission is the highest mission of a killer assassin."

"I die today, don't you even want to live!"

The nine-winged archangel of heaven has a voice like death whispering.

There was a brilliant light all over his body, and that was the law burning.

Even as a Zhun emperor, all the rudiments of the great avenue that he had comprehended were disintegrating and burning.

In addition, the most important thing is.

The emperor soldier of heaven, the holy armor of heaven, was also provoked by the nine-winged archangel to burst open.

A quasi-emperor of the Four Tribulations, plus an emperor soldier blew himself up at the same time.

That power is simply unimaginable!

The nine-winged archangel, like a burning brilliant meteor, crashed into Jun Xiaoyao, Xiao Qianxue and others.

In an instant.

All time and space seem to be frozen.

The nine-winged archangel turned into a brilliant origin.

It's like the core of the sun.

The power of endless terror swelled out.

But strangely, there was no roar that shook the heavens and the earth.

Everything is going on in weird silence.

A quasi-emperor of the Four Tribulations, superimposed on an emperor soldier blew himself up.

That force caused the void to collapse and collapse into nothingness.

After a brief period of weirdness and death.

finally.

The sound of being pulled away returned.

There was a roar that resembled the anger of the gods, and it seemed like thousands of thunders exploded at the same time.

The dazzling brilliance, like 10,000 nuclear bombs exploded at the same time.

This terrifying shock wave of destruction broke through the surrounding God's Domain forbidden air and the fascinating array in an instant!

The originally dark universe was illuminated by the violent brilliance produced by the explosion, as bright as day!

Rumble!

The sound of the explosion, like the roar of Thor!

The volatility of the explosion, like a wave of destruction!

This piece of universe has been shaken, and the void is shattered!

Even some ancient star regions that are tens of thousands of miles away from this place are shaken by the aftermath, and the stars are shaking off.

"That... what kind of fluctuation is that!"

"It's terrifying, could it be that there is a powerful emperor in the battle!"

In the surrounding universe, some ancient star domains were shaking, and many of them looked shocked.

"That's the wave of the emperor's self-destruction!"

Some Xeons sensed this wave of fluctuations, showing unprecedented surprise.

"No...no, there are also emperor soldiers!"

Even the strong are shocked.

Who is it that can force a quasi-emperor to blow himself up with the emperor's soldiers?

Some strong men wanted to find out, but they were afraid of being implicated, so they could only look far away.

At this moment, in a universe.

Di Haotian's Law Bodies stood in the void, looking at the brilliant firelight from far away.

That was the flames of the explosion caused by the emperor Zhun and the soldiers exploding themselves.

"It's really beautiful fireworks."

A big enemy, solved.

A faint smile hung at the corner of Di Haotian's mouth.

The biggest variables and obstacles are removed.

Next, everything will be back on track, as he remembered.

"Next, is the forgotten country, the unification of Xian Ting, right in front of you!"

Di Haotian held his hand and turned and left.

At the same time, there were also people from the Jiutian Taboo family and people from the Cang clan.

Although they were a little surprised, why the encirclement and suppression of a Jun Xiaoyao still required the emperor to blow himself up.

But as long as the final result is good, everything is not a problem.

That wave of self-destruction spread everywhere.

And in almost the same amount of time.

The Huangtian Immortal Territory shook violently, causing a big shock.

There is a vast burst of breath.

The destiny of the eight ancestors of the Jun family, standing in the void, the anger in his eyes seems to burn the nine realms!

He shouted sharply with endless anger.

"Dare to strike at the gods of our race, where the sun and the moon are shining, where the mountains and rivers are, and wherever you go, you will never wait for a way to survive!"

The voice of Jun Tianming blasted the entire Wild Heaven and Immortal Territory, and even spread throughout the entire Nine Heavens Immortal Territory!

This is the anger of the Jun family!

At the first moment of the explosion, the strongest in the Jun family felt it.

Their **** son had an accident, and even the soul lamp in the family's ancestral shrine was trembling.

The roar of Jun Tianming suddenly stirred up endless waves.

"What, someone dared to take action against the son of the Jun Family!"

"I'm darling, is this horrible?"

"The Jun family has made it clear before that if it is a struggle between peers, they will not care."

"But if anyone is shameless and bullies the small, the Jun family will not let anyone go."

"It's so bold, who has the courage?"

It can be said that Jun Tianming's roar immediately caused the entire Nine Heavens Immortal Territory to have a big shock.

The Jun family was upset and turned upside down. This is not just talking.

Soon, the Jun family will have a strong shot, tearing the void, and coming to the place where Jun Xiaoyao was besieged before.

"Happy!"

A beautiful woman with long blue hair in plain clothes and long blue hair also came from the emptiness. It was Luo Xiangling.

Her exquisite and beautiful face, with a sense of anxiety and Zhang Huang.

She did not expect that Jun Xiaoyao would be assassinated.

At the same time, she blamed herself very much. If she didn't stay at Jun's house, but went back to the fairy courtyard with Jun Xiaoyao, the situation might be completely different.

After that, another news came out.

Jun Xiaoyao did not fall, but was severely injured, and Daoji almost destroyed most of it.

After all, this is a quasi-emperor blew himself up, and an emperor soldier was superimposed.

Except for the great emperor.

Under the great emperor, even a high-ranking quasi emperor, if blown up like this, he would have to peel off his skin if he didn't die.

What's more, Jun Xiaoyao is still a younger generation, although he has Xiaotianzun's cultivation base, he can't stand the explosion.

Later, someone saw with their own eyes that Jun Xiaoyao was taken back to Jun's house.

Most of the chaotic energy on his body has dissipated. UU Reading www.uukanshu.com was obviously traumatized, and Daoji ruined a lot.

This is undoubtedly a shock.

Of course, it also aroused a lot of anger.

After all, Jun Xiaoyao was the hero who saved the fairyland, and he personally ended the disaster.

"Who is it, who dares to assassinate the hero of our fairyland!"

"The God Son of the Jun Family saved our Immortal Realm, but now we are despicably assassinated. If I knew it, I would never let it go!"

There are many powerful men and forces who are filled with righteous indignation, claiming to help the king take revenge on Xiaoyao.

Of course, as for sincerely, I still want to use this to please the Jun family, that's not known.

[Chapter 1214: The horn of annihilation blew again, the battle for immortality began, three major...](#)

After that, another news came out.

Those who encircled and suppressed the unrestrained emperor were the three assassin dynasties in the immortal realm.

With the three quasi-emperors taking the lead, with the emperor soldiers, the Primordial Killing Array, and many Dao Venerables, God Venerables, Xuan Venerables and other powerhouses, together they encircled and suppressed the emperor at ease.

The news came out, undoubtedly shocking all directions.

What shocked them first was that the three assassin gods dared to attack the king's **** son.

This is no different from looking for death.

Although the three assassin gods are fierce and mighty, compared with the Jun family, they are still hitting rocks with pebbles.

The second shock is that the lineup sent by the three major killers Shen Chao is too luxurious.

In addition to the top powerhouses, there are also emperor soldiers, the Primordial Killing Array, etc., which are enough to encircle and suppress the quasi emperor.

The result was only to kill the son of the Jun family.

And it's outrageous if it hasn't succeeded yet.

This assassination incident undoubtedly caused the entire Nine Heavens Immortal Territory to be full of rumors.

Because everyone knows that the Jun family has never been the master of forbearance.

In particular, this time it was the Jun family's Nilin, the most precious Qilinzi.

Many people feel that a terrifying storm is about to strike.

The Jun family will not let go.

"What, Jun Xiaoyao is not dead yet, that group of idiots, not enough success, more than failure!"

After hearing the news that Jun Xiaoyao was not dead.

The faces of the three taboo families are extremely gloomy.

They had no idea how Jun Xiaoyao could survive.

It can even force the emperor to blow himself up.

Of course, no more specific news came out.

So the outside world doesn't know how Jun Xiaoyao can survive.

But many people take it for granted, after all, Jun Xiaoyao has too many cards.

In the battle against the ultimate disaster, he resorted to many methods.

The escape this time may have cost a lot of hole cards.

On the other side, several Cang people also got news.

"That Jun Xiaoyao is really fateful, but although he escaped his life, he was hit hard, the foundation of Dao was damaged, and his potential in the future is not great."

"Then what should I do next?" another Cang Clan asked.

"That Jun Xiaoyao is almost a useless person. From now on, it depends on Zhou Tiandaozi's mood."

Huntianxian domain.

In the golden palace where Emperor Haotian is.

Ziyan Tianjun appeared and reported the assassination situation to Emperor Haotian.

"Unexpectedly, he is not dead yet, this monarch Xiaoyao is really blessed and fateful."

An inexplicable color flashed in the silver pupil of Emperor Haotian.

Jun Xiaoyao once again exceeded his expectations.

"But even if that Jun Xiaoyao is not dead, he is almost abolished."

"Even if the Jun family can help him recover, it will take a long time. By then, he will no longer keep up with the pace of the times."

Ziyan Tianjun shrugged.

Di Haotian was thinking.

It stands to reason that this is indeed the case.

For at least not a few decades, Jun Xiaoyao should have a hard time getting over.

The most important thing in this golden world is to seize the opportunity.

Next, Jun Xiaoyao will undoubtedly miss many opportunities, he will not be as beautiful as before.

But Di Haotian always felt a sense of anxiety.

It seems that if you don't get rid of Jun Xiaoyao, there is always a lump in my heart.

"Cut the grass without removing the roots, and the spring breeze will regenerate. This time the three assassin gods are indeed disappointing." Di Haotian shook his head lightly.

But now, since Jun Xiaoyao has been assassinated.

The Jun family will naturally do their best to protect it.

So for a long time, there will never be this kind of assassination opportunity again.

It can be said that this opportunity was wasted by the three major killer gods.

"Well, let's focus on the forgotten country first. As for Jun Xiaoyao, it is now half-waste, so let's find a chance to solve it later."

Di Haotian made a decision.

At this time, Zi Yantian Jundao: "By the way, the three killer gods came over there, saying that they wanted to get help from our Xian Ting."

The three assassin gods did not complete the task, but angered the Jun family.

It can be said that relying on themselves is almost a dead end.

When Di Haotian heard the words, he said calmly: "The three killer gods? Have we ever contacted them?"

Ziyan Tianjun was taken aback, glanced at Emperor Haotian, and shook his head and said, "His Royal Highness, you are truly amazing."

Di Haotian was indifferent.

The three assassin gods are already abandoned.

It was not only Di Haotian that made such a determination.

The rest are like the Cang Clan, the Nine Heavens Taboo Clan, so are the same.

The three major killers God Dynasty sent people to ask for help.

The three taboo families completely ignored them.

As for the Cang Clan, even no figure was found.

This made the three assassin's high-level leaders feel cold to their bones.

Their only extravagant desire is that this matter can cover up the past.

But is it possible?

Jun Xiaoyao is a baby bump of the Jun family, now it is made like this.

It can be said that no one or force can stop the Jun family's revenge.

Sure enough, it didn't take long.

In Huangzhou, a magnificent figure, stepped onto the sky.

That is the contemporary Patriarch of the Jun Family, Jun Xiaoyao's second uncle, Jun Wugui's younger brother, Jun Wuyi.

His eyes were indifferent, condensing eternal coldness.

Jun Xiaoyao, his nephew, is now conspired by the killer gods.

If it's just peers competing, that's fine.

But the problem is, dispatching three quasi-emperors, adding **** soldiers, primordial killing formations, and many supreme seven-level powerhouses.

These three assassin gods really don't have their faces!

"The three major killer gods, dare to assassinate our **** son, boldly, our race will cut off the cycle of life for generations, and never exceed life!"

Jun had no intention of speaking, holding a horn stained with blood.

In the distance, many people are watching, seeing this horn, their eyes are full of horror.

This horn is exactly the horn of the emperor's family!

The sound of this horn means that the Jun family is about to start an immortal war!

The last time this horn was blown, it was the immortal battle of the Desolate Heaven and Immortal Realm, and the monarch fought alone against the seven immortal forces!

But now, Jun has no intention of blowing the horn of extinction again, the desolate horn sound, resounding through the entire deserted and immortal realm, and even spread to the nine-day immortal realm!

This is not just an immortal war.

It's an immortal battle across the fairyland level!

Because the location of the three assassin gods is not in the realm of the desolate heaven and immortal.

But not only that, but the Jun family is not the only one who is angry!

Huangtian Immortal Territory, Qingzhou, this is the site of Huanggu Jiang's family.

The ancient Jiang family, compared with the Jun family, looks a little low-key, no longer low-key at this moment!

An old man stepped on the sky, and his eyes burst into the sky of anger that burned all over the nine realms!

It was Jun Xiaoyao's grandfather, Jiang Daoxu.

"Jun Xiaoyao is my grandson and the young master of my Jiang family!"

"The three big killers are bold and reckless. They will all be removed from Xianyu this time. Don't even want to run!"

As Jiang Dao's false voice fell, he shot the blood-stained flag and fluttered in the wind!

It was stained with blood.

The blood bloomed with an extremely dazzling brilliance, exuding a monstrous imperial might!

This is the battle flag tainted with the blood of Emperor Jiang family!

Jagged Battle Standard!

As soon as this flag comes out, it represents the immortal battle of the Jiang family!

This caused a sensation in the entire Huangtian Immortal Territory.

You know, the last time the Jun family started the immortal war, the Jiang family did not participate.

But this time, the Jiang family also acted.

It can be seen that Jun Xiaoyao's position in the Jiang family is unparalleled.

For one person, set off an immortal war!

But it's not over yet!

In the emptiness of the desolate fairyland.

A turbulent bronze fairy hall emerged. UU reading www.uukanshu.com

One after another figure appeared.

That is a group of high-level officials in the Emperor's Court.

The headed one, with golden blood surging, and the fighting spirit shaking the sky, with cold electricity in his eyes, it is Wuhu!

"Three assassin gods, dare to assassinate the lord of my emperor's court, heaven and earth, there is no way to survive!"

Wow!

One stone stirred up a thousand waves!

The Jun family, the Jiang family, and the Emperor's Court, the three top powers all voiced together, starting the battle of immortality!

This battle is destined to go down in history!

[Chapter 1215: The immortal battle across the immortal domain, the ancestors of the monarch family went out,...](#)

"Oh my God, I saw it, I really saw it!"

"For the rest of my life, I have seen the immortal battle across the immortal domain!"

There are many monks trembling in the Wild Heaven Immortal Realm, and their eyes are excited.

Before, the Jun family also set off an immortal war, but it was limited to the Wild Heaven and Immortal Realm.

But this time, not so.

The so-called immortal battle across the immortal domain is an even greater battle.

Often multiple immortal forces join forces to straddle the endless star field to kill the immortal forces of other immortal realms.

This kind of move across immortal domains to other unfamiliar immortal domains would have taken a great risk.

It can be said that it is not a force with sufficient background and capital, and it is not qualified to start an immortal war across immortals.

Because who knows, after teleporting to other immortal realms, will you fall into any trap or Jedi?

But the Jun family has this capital.

The Jun family is not qualified, and any other immortal forces are not qualified to do so.

It can be said that the Jun family is really angry and wants to make the three major killers pay their debts!

Of course, it's not just the Jun family, the Jiang family, and the Emperor's court that really made the shot.

After all, before, Jun Xiaoyao killed the ultimate disaster and became the hero of Xianyu.

It also made a group of people extremely admired and wanted to assist in the shot.

"The Jun Family God Son saved the Xianyu, but now he is treated like this, which makes my Ye Family extremely uncomfortable."

In Huang Guye's house, some strong men participated in the war.

Of course, it can't be an immortal battle of the whole family, but there are some strong people who want to join.

After all, before, Jun Xiaoyao and Ye Guchen of their Ye family didn't know each other, and their relationship was pretty good.

This time it was the Ye Family's good intentions.

"My demon empress said, whoever dares to hurt the king's son is against her!"

The Demon God Palace also sent a master to come.

"Jun Xiaoyao, did your best for my fairyland, but now you are treated like this, the three killer gods are really shameless!"

In the magic fairy cult, there is a strong shot.

The goddess of this religion, the little demon fairy, also has an old relationship with Jun Xiaoyao.

"Jun Xiaoyao was also the saint son of my Holy Spirit Academy. We can't ignore this matter!"

The famous academy in Huangtian Immortal Territory, the Holy Spirit Academy also sent people to fight.

This is enough to make the entire fairyland a sensation.

Although these forces did not go all out, they just sent some strong players.

But together, it is also a powerful force.

Of course, this is not true for all forces.

Forces such as Ji's family, Renxianjiao, Xiaoxitian, etc., did not move, nor did they send anyone.

The Jun family will not kidnap morally.

In fact, sending people from other forces is just icing on the cake.

After that, Jiutianxianyuan also expressed its stance.

The Great Elder of the Immortal Academy will also personally take action and participate in this battle.

There are also many forces that have made good relations with Jun Xiaoyao or Jun's family, all of them have taken action.

It can be said that the influence of this immortal battle across the fairyland is absolutely unprecedented!

The sound of the trumpet of the extinction of the Jun family resounded throughout the Nine Heavens Immortal Realm.

This immortal family handed down since ancient times, like an angry lion awakens!

Rumble!

The seat of Emperor Huangzhou.

The vast army covers the sky and the sun!

That is the Fenglinhuo four guards of the Jun family, millions of troops, turned out!

In addition, there are half a million iron knights stepping out, among them, there are many masters of the ninth rank, who are the backbone of this battle.

"It's the Heavenly Guard of the Jun Family!"

Some powerful people who were onlookers in the distance exclaimed.

This is a terrifying invincible army of the Jun family.

At this moment, under the command of Qiantian Saint Guard, a powerful supreme is coldly drinking.

"Those who violate my family will be punishable even if they are far away!"

Rumble!

At the Jun Family Ancestral Temple, a series of terrifying auras emerged.

The eighteen ancestors, seventeen ancestors, sixteen ancestors, fifteen ancestors, fourteen ancestors, thirteen ancestors, twelve ancestors, eleven ancestors, ten ancestors, and nine ancestors.

The figures of the ancestors of the monarchs emerged, and their eyes were extremely cold.

Especially the Eighteen Ancestors, Sixteen Ancestors and others, can be regarded as watching Jun Xiaoyao grow up with their own eyes.

Now Jun Xiaoyao has been assassinated, and their eyes are filled with incomparable killing intent.

Eight ancestors' destiny has appeared, and his expression is also indifferent and solemn.

"They should be coming soon too."

Jun Tianming looked up at the sky.

This battle, the real main force, not even their ancestors.

In Xianyu, a mysterious ancient place.

An old man, holding a hatchet, was cutting down an ancient tree towering into the depths of the universe star dome.

Cutting down trees is a very common thing.

In the hands of this old man, it seemed that he possessed a mysterious Taoism.

And if someone sees this tree, they will be shocked to the scalp tingling.

This is actually an ancient tree of chaos rooted in chaos!

It can be said that the strong under the quasi emperor, let alone cut down this tree.

Even a little closer, they will be shaken to the ground by the chaotic energy escaping from it.

But this old man, like a woodcutter, was cutting trees leisurely.

At a certain moment, the old man suddenly stopped working in his hands.

Because he heard the sound of the desolate horn.

"The horn of annihilation? It has sounded for the second time in this era. Are there so many people who don't have eyesight?"

The old man shook his head and sighed.

then.

With a hatchet in his hand, he slashed down.

The universe star dome seems to be divided into two halves under this hatchet!

The ancient chaotic tree that towered into the depths of the star dome suddenly collapsed, splashing countless meteorite dust!

"This ancient chaotic tree is a meeting gift for the little baby in the family."

"My old bone, it's time to go out and move around."

This old man, carrying the ancient chaotic tree on his shoulders and hand-chopping a hatchet, walked out of this mysterious ancient place leisurely.

The fifth ancestor of the Jun family, Jun Tahoe, go out!

Another mysterious place in Xianyu, a place called Dimension Stars.

The endless stream of stars flows, full of the power of stars.

And in this endless star dimension.

There was a woman lying in it.

This woman is not the kind of goddess-level existence that is beautiful, nor the domineering queen temperament.

She was wearing a star-like gorgeous dress, and her gentle face looked like a little Jiabiyu.

Willow leaves with curved eyebrows and cherry mouth, beautiful as spring flowers, as charming as autumn moon.

It even seemed so weak.

Quiet like a beautiful flower shining in the water, acting like a weak Liu Fufeng.

However, the endless star power of this dimensional star is pouring into her body all the time.

At a certain moment, this little jade-like feminine woman opened a pair of dazzling star eyes.

"The family's horn of destruction has sounded, and it's time to go out and do some activities."

The woman sipped a cherry, and the power of the endless stars poured into her beautiful body.

The majestic power radiating from her tender body formed a sharp contrast with her gentle face.

This woman who looks, even looks very young.

It is the fourth ancestor of the Jun family, Jun Taiyan!

Xianyu, in the world of dams near the sea.

Inside an ancient cave with broken rules.

A middle-aged man in an imperial robe is wrapped around a nine-headed golden dragon.

A thick layer of dust has accumulated on him, and he does not know how many years he has been in retreat.

At a certain moment, he heard the horn sound from Xianyu that seemed a little desolate.

A pair of eyes, like the sun and the moon, slowly opened.

At the moment it opened, UU read [www. uukanshu.com](http://www.uukanshu.com) is trembling throughout the ancient cave, and the dam world is trembling slightly!

"First, the inexplicable curse appeared in the body, and then the horn of destruction. I really thought that my monarch, anyone could be deceived?"

The man slowly got up, and a terrifying imperial might was permeating!

Wake up like an emperor!

The nine golden dragons on his body are blooming brilliance, entwined with each other, and finally turned into a Nine Dragons Sword!

"All the world is the emperor's land!"

"The people of the world are all monarchs and ministers!"

The ancient ancestor of the emperor's realm, the third ancestor, the Emperor Taihuang, came from the world of dikes with the Kowloon sword in his hand!

[Chapter 1216: The Ark of War, the monarch's amazing heritage, the twin emperors are coming!](#)

The entire Huangtian Immortal Territory was trembling.

The Jun family's army is gathering.

There are also strong immortal forces from all sides who have come to join the war.

Ancient warships, majestic and continent-like, crossed the sky from the depths of the Jun family's ancestors.

It was a war ark that could cross the immortal realm, and it was printed with many ancient runes, terrorist killing arrays and so on.

The resources consumed by each war ark are astronomical figures.

The general immortal forces can't build a few ships.

As for the Jun family, thirty ships were dispatched at once.

Every war ark has a space array inside, which can easily accommodate millions of people.

And it's even more terrifying.

This kind of war ark is engraved with a special circle, which can bring the power of the strong who control the war ark together.

A group of sacred realm powerhouses driving this ark can hurt the supreme.

And if it is controlled by many supreme at the same time.

Even the Emperor Zhun could not ignore that power.

This is the most terrifying part of the Ark of War!

The last immortal battle, because it was only in the deserted fairyland.

So the Jun family didn't use it.

But now, the Jun family has to use the Ark of War to cross the endless galaxy to destroy the three assassin gods.

"Oh my god, this kind of thing, using all the resources of my dynasty, I can't build a ship..."

The emperor of the ancient dynasty was amazed.

And at the next moment, in the entire Desolate Heaven and Immortal Realm, many powerhouses felt a palpitating breath.

A group of silhouettes appeared in the sky above the Wild Heaven and Immortal Realm.

Every figure is vague and detached, with an aura of crushing eternity.

That's the appearance of the quasi-emperor ancient ancestors of the Jun family.

The seventh ancestor of the Jun family, the Jun Tai.

The sixth ancestor of the Jun family, Jun Taixuan.

Then, another old man appeared with a hatchet in his hand and an ancient tree entwined with chaos on his shoulders.

"That...is it the fifth ancestor of the Jun family?"

"He's resisting on his shoulders, fucking, ancient chaotic tree!"

There are some old antiques that have been dumbfounded.

The ancient chaotic tree is not as rare as the world tree, but it is almost at the same level as the Six Paths of Reincarnation Immortal Root.

As a result, the fifth ancestor of the Jun family, so sturdy, showed up carrying the ancient chaos tree.

"I heard that the little baby of my Jun's family was injured. He inherited the Chaos physique of the Qing Emperor. In that case, this ancient Chaos tree will heal him."

"The essence of innate chaos contained in it should be helpful to his restoration."

The fifth ancestor, Taihao, threw the ancient chaotic tree down casually.

"Thank you five ancestors..."

Rao was the eighteenth ancestor and others, and they all gave their hands slightly.

These ancestors, in front of the ancient ancestors, are also considered juniors.

"That's it?"

A group of powerhouses in the wild fairyland are all dumbfounded.

Such a precious thing, like a Chinese cabbage, was given at hand.

Is this the top immortal family? I love it.

"Hehe, fifth child, you really have the same temperament you used to be."

At this time, a female voice sounded.

A woman dressed in a dazzling dress, with a temperament like Xiaojiabiyu appeared, and a terrifying quasi-emperor fluctuated in all directions.

Many strong people are even more suffocating.

"Nine... Nine Tribulations Quasi-Emperor!"

Someone lost his voice.

Such a seemingly young woman turned out to be a quasi-emperor of the Nine Tribulations!

It may even be not far from the sermon.

"I have seen Taiyan Guzu!"

The Eighteenth Ancestor and others were even more shocked.

Unexpectedly, even the four ancestors showed up, and was alarmed by the horn of Destruction.

"I want to see the Qilin'er from my Jun's family, but before that, I will settle the business and kill the three ants."

The four ancestors of the Jun family, Jun Taiyan, Jiao Ruo Chunhua, Mei Ruo Qiuyue, even gave people a delicate and amiable feeling.

But what she said was extremely domineering and inconsistent with gentle temperament.

The three assassin gods of the dignified fairyland are just ants in her mouth.

However, the arrival of the strong is more than that.

After that, a few hazy figures emerged.

One of the old women was a Jun Cuihua from the Jun family's veins.

This is a group of quasi-emperor powerhouses with hidden veins!

Of course, now the main channel and the hidden channel are not separated.

"Dare to provoke my Jun family, the three killer gods are indeed too long." Jun Cuihua said coldly.

For a time, more than a dozen figures stood on the top of the wilderness and immortal realm.

Like more than ten gods standing tall!

"Is this the background of the Jun family? Just show up more than a dozen quasi emperors!"

All directions tremble!

The background of Jun Xiaoyao really shocked everyone.

And they also knew that this was definitely not the whole story of the Jun family.

At this moment, the entire Nine Heavens Immortal Territory was trembling.

Countless gazes all fell on the side of the monarch of Huangtian Immortal Territory.

Xian Ting, Jifu, Primordial Royal Family, Holy Spirit Line, Gulan Shengjiao, Bati Zutang, Xitianjiao...

Even the Jiutian and Cang clan, there are creatures who cast their eyes on the Jun family.

It can be said that this immortal battle has almost attracted the attention of the entire fairyland!

Many of them want to know how strong the Jun family is?

But now that the tip of the iceberg is exposed, it is enough to arouse the fear of many forces.

but...

Just when everyone thought that the Jun family's conquest army was almost assembled.

Suddenly, many people felt a sense of horror.

Countless star fields are trembling, space is shaking, and big stars are shaking off.

A hazy figure came across the endless space.

Wandao seemed to be trampled under his feet.

With every step taken, the world is trembling!

The brilliance of the endless Emperor Dao illuminates the entire universe.

It was a middle-aged man holding the Nine Dragons Sword, his face blurred, like an ancient god.

With his arrival, the entire Desolate Heaven and Immortal Territory was shaking.

This is the real power of the emperor!

"It's him!"

"He actually showed up!"

Seeing this figure, from Xianting, Taikoo Royal Family and other places, there are all the voices of the supreme old antique, and I was surprised.

Unexpectedly, this immortal battle would have shocked the monarch giant.

"It's the third ancestor coming!"

"We pay homage to the three ancestors!"

Seeing this figure arrive, Rao the eighteenth ancestors and others, like a junior, gave their hands.

The four ancient ancestors of Jun Tai A, Jun Tai Xuan, Jun Tai Hao, and Jun Tai Yan also gave a slight gesture.

The person who came was the third ancestor of the Jun family, the Emperor Taihuang!

But the world, better known, is another name for him.

Too emperor!

This is a real emperor!

Because of the Primordial Covenant, the Great seldom appeared in Xianyu.

Therefore, Emperor Tai has always been retreating in an ancient cave in the depths of the **** world.

"It's really him, Emperor Tai..."

In the fairy court, an ancient existence sighed slightly.

In that era, Emperor Tai was also a name that couldn't go around.

Although not as powerful as the distant ancestor Qitiandi, suppressing the world, it is definitely a shining sun from the Jun family.

The real emperor of the Jun family has appeared, which undoubtedly aroused shocks in all directions!

There have been rumors before that among the three assassin gods, there is likely to be an emperor who has been sleeping for a long time.

But now, when the Emperor Tai appeared, he would stand on the side of any killing of the Dao Great Emperor!

However, it is not only that.

The other direction.

Once again, a vague and terrifying figure emerged, also filled with the radiant emperor's brilliance.

It was a peerless man with silver armor, a visor on his face, and his silver hair shining like a galaxy. UU reading www.uukanshu.com

"It's Emperor Shenyu!"

Countless people exclaimed.

This figure is no stranger to everyone.

In the previous two world wars between Immortal Land and Foreign Land, he had appeared before.

It is the powerful emperor and Taoist of the Jun family, Shenyu the Great, Jun Shenyu!

Emperor Tai, Emperor Shenyu!

The two supreme emperors of the monarch family appeared, and the world trembles together!

"The three killer gods are over..."

This is the thought in everyone's mind.

[Chapter 1217: Deduction of the killer God's lair, the Jiang family's magical magic](#)

Emperor Tai, Emperor Shenyu, like two eternal scorching suns, illuminating the entire deserted fairyland!

The boundless and dark universe was all illuminated by the brilliance of the emperor's way.

There are only two people, but they illuminate the vastness of the world!

With their arrival, all the Jun family members are excited, and their blood is boiling!

This is their Jun family, the invincible Jun family!

Who dares to offend, whoever must be prepared for destruction!

"However, the three killer gods are like mice in the gutter. It is not so easy to find their nest."

The fourth ancestor of the Jun family, Jun Taiyan's beautiful eyes showed a thoughtful color.

As the killer country of Xianyu since ancient times.

The three assassin gods, I don't know how many powerful figures have been assassinated.

Therefore, there are naturally many immortal forces that have enmity with them.

It is precisely because of this that the lair of the three killer gods is extremely hidden.

It is impossible for the outside world to know exactly where the lair of the three killer gods is.

In history, there have been some immortal forces, because they were assassinated by the people of the killer gods, and they were so angry that they united and wanted to crusade the three gods.

In the end, when I found the lair, I discovered that it turned out to be a conspiracy.

Instead of finding a real base area, the crusade against the army suffered heavy losses.

What's more frightening is that after that immortal war.

All the immortal forces that participated in the war suffered ***** revenge from the three assassin gods.

Regardless of the older generation or the younger generation, as long as they are out of their own sphere of influence, they will be assassinated immediately.

That can be said to be a ***** history of Xianyu.

After that, there was no immortal power anymore, and he dared to easily start an immortal battle against the three killer gods.

Only the Jun family dared to have the confidence to make a move.

"Everyone, leave this to me."

This voice came from Qingzhou Jiang's family.

The Jiang family's army had also been assembled, and the ancient warships filled the sky.

In addition to Jiang Daoxu and others, some other strong quasi-emperors of the Jiang family also appeared.

It was a high-ranking quasi emperor of the Jiang family who spoke, named Jiang Heng.

When he raised his hand, three tortoise shells were suspended in the void.

Suddenly, the dense mystic runes imprinted the void.

Various lines of cause and effect emerged.

"Oh, the Jiang family's secret deduction technique is indeed unique. There is a strong man in your ancestor, named Jiang Shang, known as the emperor of Tianji." Sixth ancestor Taixuan said.

The Jiang family has the same ancient heritage.

Not to mention that it can be compared with the Jun family, but at least it is much older and stronger than other ridiculous ancient families.

In this immortal battle, although the Jiang family also participated in the war, because it was led by the Jun family, the Jiang family did not appear to be the emperor.

However, the ancient ancestor of the quasi-emperor of the Jiang family appeared in several places, already representing the meaning of the Jiang family.

Jun Xiaoyao is also an inviolable Ni Lin of their Jiang family.

Jiang Heng is a powerful senior quasi emperor of the Jiang family.

But his most powerful thing is not his strength, but he inherited part of the Jiang family's heavenly secret magic.

This Heavenly Mystery Divine Art originated from the incomparably mysterious and powerful emperor of Jiang Family Ancestor, that is, the Heavenly Mystery Great Emperor Jiang Shang.

But he has a more familiar name.

Mrs. Jiang!

The heavenly secret magic skills he left behind were too complicated.

Even in Jiang's family, few people can comprehend it.

And Jiang Heng, a natural talent, can be regarded as a prominent and stunning figure in the Jiang family's modern period. Proving Tao is not a problem.

The most important thing is that he has comprehended some of the heavenly secrets and can deduce and calculate some heavenly secrets.

Even before, there was a gossip.

It is said that the reason why the Jiang family and the Jun family are so close is that they have been married for generations.

A large part of the reason is that his ancestor, the great emperor Jiang Shang, left a comment.

In the future, the era will be overturned. If you want to see the light, you have to be with the Jun family.

As the emperor of the heavens who is best at deducing the secrets of heaven, Jiang Shang's words are obviously not groundless.

Of course, this is just a gossip. As for the truth or not, no one cares anymore.

Because now the two families are already wearing the same pair of pants.

At this moment, Jiang Heng sacrificed heavenly secret magic.

Although he only understood part of it, it was also mysterious enough that it was difficult for ordinary emperors to understand.

On the contrary, the three ancestors, the emperor, and the emperor of Yinmai Shenyu, flashed a deep meaning in their eyes.

As true emperors, they can naturally see some clues.

"It's worthy of the Jiang family's heavenly secret magic." The Great Emperor Shenyu admired slightly.

Being able to get the admiration of a great emperor shows the mystery of this secret technique.

Soon, the three tortoise shells trembled, emitting a hazy light.

Then, three beams burst out suddenly, pointing to three places!

"Found it, the traces of these mice." Jiang Heng showed a cold smile on his face.

The three tortoise shells represent the three assassin dynasties.

One of the lights pointed in one direction.

Many people were surprised at first glance.

Because that direction is not in any domain in the Nine Heavens Immortal Domain.

It was a dangerous star field that was extremely chaotic, and it was also a trivial zone.

Chaos Xinghai!

"It turned out to be there!"

Many strong people are lamented.

This tortoise shell represents the Blood Buddha, one of the three assassin dynasties.

In other words, the base of the Blood Buddha Tu is in the vast and boundless sea of chaos!

"It's no wonder that I have heard some secret news that the location of the Blood Buddha Slaughter is not fixed, but like a floating fortress."

"That floating fortress is called the Blood Buddha!"

At this time, many people were surprised.

No wonder the location of the Blood Buddha is difficult to find, because it was originally not fixed.

But now, the location was discovered.

Even if the Blood Buddha wanted to run, it would be difficult to do so in a short time.

"Blood Buddha, let us go."

On the Emperor's Court, Wu Hu said.

Strictly speaking, in the three major forces on the move.

The Emperor's Court is considered the weakest.

After all, the establishment time is still very short, and there is not even a real quasi-emperor.

The only Big Dipper emperor is just a famous guest, and he does not live in the Emperor's Court.

As for King Shen'ao, after returning to the fairyland, he went to a mysterious ancient place to retreat to sleep.

After all, he was already too old, he was a creature of the same age as the Qitian Emperor, and he was already very good to live up to now.

It is impossible to stay awake all the time.

"Need my Jun's family to separate some people?"

Bazujun's fate hesitated.

Although among the three assassin gods, Blood Buddha is a weaker god.

But with the Emperor Court now dealing with it, it should not be too simple.

Wu Hu hesitated slightly.

At this time, a beautiful woman appeared, and said with a smile: "No need, the Emperor Court has our help."

The woman who appeared abruptly had crystal clear skin like mutton jade, and her eyes were bright and radiant.

Wearing a white gauze skirt, ethereal and agile, like Fairy Guanghan, banished by the moon.

There is a kind of detached temperament that is indisputable in the world.

It turned out to be the Bi An goddess of the Bi An clan, Meng Nu'er.

Before, after the end of the war between the two worlds.

The Clan on the other side also migrated to the Wild Heaven and Immortal Territory.

However, because of the particularity of the Bi An clan, the Emperor's Court did not absorb the Bi An clan.

And to be honest. UU reading www.uukanshu.com

For the entire Bian clan, just being the mother of Bian flowers alone is enough to compare to all the powerhouses in the Emperor's Court.

It can be said that she alone is the emperor, and she is immortal.

"This... alright."

Jun Tianming nodded slightly.

Other people from the other side may not be in the eyes of the monarch.

But the mother of other flowers is absolutely terrifying.

After all, it is the first life of the ghost face empress.

Now, the prayer should be the Blood Buddha.

Chapter 1218 Three-Route Army Strikes Out

Next, the other two tortoise shells pointed to the ground were also discovered by everyone.

The location of the You Country is located in the Netherworld Immortal Territory in the Nine Heavens Immortal Territory.

"It turned out to be the Immortal Realm of the Underworld. It is rumored that in the ancient times, there was a dojo belonging to the underworld."

Some strong men's eyelids twitched.

If you want to say, in the entire Nine Heavens Immortal Territory, which Immortal Territory is the most ancient and mysterious.

The Netherworld Immortal Domain is definitely on the list.

Because of rumors, it was the birthplace of the underworld, the former underworld dojo.

The underworld, how mysterious and weird, is known as the fairy garden in the dark.

They are very low-key, and it is not an exaggeration to say that they are under the water.

Moreover, the netherworld, like the fairy garden, is not just a simple force, and its branches are extremely large and complex.

The Pluto lineage that had friction with the Jun family before was related to the underworld.

It is said that the deity worshipped by the Pluto family, the one-armed Pluto, is a super boss in the ancient underworld.

And now, everyone thought of it, and there seemed to be rumors that the You Country and the Underworld were also inextricably linked.

Many methods of assassinating curses in Youguo originated from the underworld.

"You Guo, leave it to our Jiang family."

Zhun Emperor Jiang Heng said.

Since the Emperor Court is responsible for dealing with the Blood Buddha.

Then their Jiang family are dealing with Youguo.

"I will be with your Jiang family."

Emperor Shenyu spoke.

The Netherworld Immortal Domain is extremely mysterious and ancient.

In addition, Youguo has a close relationship with the underworld.

There was still a great emperor who suppressed it, which was more stable.

"Then thank Shenyu the Great." Jiang Heng slightly arched his hands.

Next, it's arranged.

Shenyu the Great, and the ancient ancestors such as Jun Cuihua in the hidden veins, and the Jiang family set off on the secluded country.

All that is left is heaven.

In fact, the three killer gods are equally famous.

But among them, there are also vaguely strong and weak points.

Among the three dynasties, the weaker one is the Blood Buddha.

Secondly, it is You Country.

The strongest is heaven.

Because of the three dynasties, heaven has the oldest history.

There are even rumors that the ancient history of heaven is about to catch up with the fairy garden.

Naturally, it was the Jun's family who went to heaven.

However, what is surprising is that the place of heaven is actually in the realm of Huntian.

That is, in the territory of Xian Ting.

The entire Huntian Immortal Territory has a huge scope, and countless power families are located in it.

Heaven is hidden in it, and it is excusable.

Next, everything is arranged in order.

The Emperor's Court went to the chaotic star field.

The Jiang family went to the Immortal Realm of the Underworld.

Jun's family went to Huntian Immortal Domain.

The army set off.

The army of the monarch, steering twenty war arks.

The remaining ten ships were handed over to the Emperor Court for use.

The Jiang family has its own cross-immortal warship, so naturally there is no need to borrow from the Jun family.

The tripartite forces, the tripartite armies, set out from the wild and immortal realm with mighty force!

In the void, the light of various teleportation arrays flickered.

On the Ark of War, the void teleportation array was originally included.

Otherwise, it can't be called a cross immortal warship.

Three-way army, heading in three directions.

Along the way, the void trembled, the big stars collapsed, and no creatures dared to stand in front of the three-way army.

That warfare and murderous intent, shook Xiao Han, swayed the wind and clouds, changed the color of the world, and made the whole world tremble.

And what is even more shocking is.

The three-way army is moving too fast.

Generally speaking, the more powerful the team, the slower the progress.

But the three-way army flashed the void array from time to time, and the speed was extremely fast.

This is the ability of the cross fairyland warship.

However, the only drawback is that every time it spreads across the void, the resources such as the source of immortality are horrible.

It can be said that even the immortal forces are not necessarily willing to use it in this way.

But the Jun Family Jiang Family didn't care at all.

Rich and self-willed!

And most importantly, they are eager for revenge.

Now there is no other purpose except to destroy the three assassin gods.

"It's really horrible, this is determined to eliminate the three great dynasties!"

"This is the consequence of angering the monarch's family. If you say it is destroyed, it will be destroyed, and there will be no falsehood!"

Along the way, many forces were alarmed, and they all wanted to watch.

There are also some forces that have had old grievances with the three assassin gods, and have also joined the team.

For example, the forces that once set off an immortal war against the three great gods eventually suffered **** revenge.

Now, these forces are extremely excited, clapping their hands and cheering.

"There is reincarnation in the way of heaven, who is forgiven by the sky, and the three assassin gods also have today!"

"The cycle of cause and effect, the retribution is unhappy, how arrogant these assassins were once, who dares to provoke them, and now they are in trouble with the emperor's family, committing sins, and can't live!"

"Haha, I'm waiting to witness the destruction of the killer dynasty!"

These tragic forces that had been killed by the three major killer gods also sent people out to accompany the three-way army to destroy the three major killer gods.

This is also a force that cannot be ignored.

Rumble!

The cross-domain ancient warship spans hundreds of millions of miles, breaking through endless stars like a torrent of steel.

The Netherworld Immortal Territory, from the outer universe, seemed to be surrounded by a faint mist all year round.

Compared with other immortal domains in the Nine Heavens Immortal Territory, there are fewer forces and creatures rooted in the Netherworld Immortal Territory.

Because this area is too weird, since ancient times it has been an underworld dojo.

Of course, the underworld was not stationed in the Immortal Territory on the face of it.

No one knows where the real underworld is.

But at this moment, the entire Underworld Immortal Domain seemed to be trembling.

The mighty torrent of steel concealed the sky and the sun, and concealed the stars.

The vast army of Jiang Family and Jun Family's hidden veins traversed the endless galaxy and came to the Netherworld Immortal Realm.

"Today, come to the Netherworld Immortal Realm, Ping You Country!"

On the deck of an ancient warship of the Jiang family, Jun Xiaoyao's grandfather, Jiang Daoxu screamed.

At the beginning, Jun Xiaoyao took a big risk and found the Jiu Miao Reincarnation Immortal Grass for him from the burial soil of eternity, and healed his dark illness.

For this filial and excellent grandson, Jiang Daoxu really regarded it as a baby bump.

Now, Jun Xiaoyao has been conspired by the three major killers.

Jiang Daoxu insisted on going into the battlefield and taking revenge for his great grandson!

The Jiang family's army came to a dark area.

This was originally a hidden ancient world, but it was calculated by Jiang Heng.

He squinted his eyes slightly, and a touch of coldness overflowed from the corners of his mouth.

Between the probing hands, the strength of the high-ranking quasi emperor exploded and crushed away.

Jiang Heng is a quasi-emperor of the Nine Tribulations!

This is already extremely scary, not far from the real emperor, and even only needs an opportunity.

Rumble!

This gloomy area suddenly emptied endless killings, that is the ancient large array in operation, and a shocking air of killing burst out.

"The full version of Taikoo's Eighth Killing Array."

Emperor Jiang Heng's expression was plain. UU reading www.uukanshu.com

The full version of the Taikoo Killing Array is indeed not weak.

Before the Emperor's Immortal War, only part of the power of the third killing formation was used, which was enough to protect the entire Emperor's family.

And now, You Country is fully urging the full version of Taikoo's Eighth Killing Array, which is indeed a very strong protection.

However...

Jiang Heng hasn't waited for it.

A vast hand that covered the galaxy, crushed down from the universe star dome.

With a palm across, Taikoo's eighth killing formation, collapse!

"Today, You Country will be removed!"

Emperor Shenyu, standing above the billions of galaxies, overlooking the Netherworld Immortal Realm, his tone is cold and indifferent, like a **** who judges all living beings!

This is the might of the emperor!

[Chapter 1219: Netherworld quasi-immortal device, soul-attracting lamp, the secrets of the secluded country appear](#)

The galaxies are moving, and the world is trembling!

With a single blow, Emperor Shenyu directly smashed Youguo's Eighth Killing Formation!

How strong, how domineering!

This is the real invincible Diwei!

In addition to the existence of the same level, almost no one can stop!

At this moment, in this dark ancient world, there was a cold and stern shout.

"Don't overdo it!"

The vocalist is the quasi-emperor-level killer of You Country.

In fact, it's not that they don't want to escape.

But as long as the Jiang family is there, the Jiang family's heavenly secret magic skills will definitely be able to deduct where they are.

So it's useless to escape, but will become more passive.

You country can only carry it to death.

"Who on earth is too much, blame it, you have no eyes!"

Jiang Heng's face was extremely cold.

Isn't it too much that Youguo dispatched the quasi emperor to encircle and kill Jun Xiaoyao?

Today, You Country is doomed to perish!

"kill!"

Jiang Daoxu has only one word.

By now, there is no need to talk about any unnecessary nonsense.

Rumble!

On the ancient battleship of the Jiang family, a terrifying array was lit up, converging into a beam of shocking laws, and blasted away at the ancient realm where You Country was located.

Countless beams of destruction fell on You Country.

Killing formations and traps were blasted everywhere.

"Wait, deceive people too much!"

In the quiet country, there was a cold voice like death.

Four figures appeared, exuding monstrous power.

They are all quasi-emperor powerhouses!

Even the lowest is the Three Tribulations quasi-emperor.

The highest among them, like Jiang Heng, is a quasi-emperor of the Nine Tribulations!

Some powerful people from all sides who watched the battle from far away were also shocked.

It is worthy of being the three assassin gods, and easily walked out of the four quasi emperors.

Plus the previous quasi emperor who had fallen.

There are five quasi emperors in You Country!

This is already an extremely alarming number.

"kill!"

Several ancient ancestors of the Jiang family, including Jiang Heng, as well as several ancient ancestors such as Jun Cuihua, who has a hidden vein in the Jun family, took the shot together.

Suddenly, the quasi-emperor war broke out, and the terrifying fluctuations shocked the entire Netherworld Immortal Realm.

And above the billions of miles of galaxy, Emperor Shenyu stood with his hand.

Except for defeating Taikoo's Eighth Killing Array, he did not make any more moves, and a hint of thinking flashed in his eyes.

The originally lifeless Netherworld Immortal Territory suddenly fell into a terrifying battle.

It's not just those quasi-emperors fighting and fighting.

The supreme seven-level powerhouses below, as well as the ninth-order cultivator of the sage, are also fighting and fighting!

"Kill, avenge my young master Jiang family!"

"It's a dead end to dare to encircle and suppress my prince's **** son!"

"Destroy You Country, this group of dark bits and pieces can no longer exist in the fairyland!"

The flames of war have swept all directions!

In the ancient world of Youguo, dense figures also flashed out.

That is the many master assassins of You Country.

They can't escape even if they want to escape, they can only fight to the death.

I'm afraid they can't think of it either.

Originally the **** of death who reaped life.

The result is now the reaped.

Is You Guoqiang?

It's really strong.

As one of the three assassin gods, behind them.

All kinds of ancient artifacts, killing arrays, traps, and magical weapons are constantly being sacrificed.

But the combined forces of the Jiang family and the Jun family were too strong.

In terms of the number of quasi emperors, You Guo was also firmly suppressed.

Boom!

In the ancient world of Youguo, there are vast emperors shaking.

Two imperial soldiers with blood and demon lights appeared, like two blood-colored suns, trying to suppress the battlefield.

Seeing this scene, Jiang Daoxu and others showed disdain.

Buzzing!

Here is the coalition.

The Jiang family also sacrificed two imperial soldiers at the same time.

In addition, the Emperor's hidden veins also sacrificed two imperial soldiers.

The four emperor soldiers once again suppressed the emperor soldiers of You Country.

"how so!"

All the killers in Youguo who saw this scene all had a kind of despair.

How to fight this is absolutely impossible to win.

But the despair is more than that.

Above the sky, there was a drop of blood falling down like a meteorite.

That was the quasi-emperor of You Country. He was severely injured, vomiting blood, and the body of the quasi-emperor was full of cracks.

"It's over..."

Even these killers with incomparably cold temperament, their mentality is about to collapse now.

Many people are even more resentful. Why do the senior leaders agree to participate in the encirclement and suppression of Emperor Xiaoyao? This is simply a dance on the tip of a knife.

Above the star dome, there was the emperor Zhun of Youguo roaring.

"Do you know who drove us to deal with Jun Xiaoyao behind the scenes!"

"It doesn't matter who it is, I only know that your three assassin gods will definitely be destroyed!" Jiang Heng said coldly.

In fact, he guessed it too.

Being able to invite the three major killers to act together, the forces behind it are absolutely terrifying.

Even if the Jun family and the Jiang family are teaming up, they have to be carefully considered.

Now Xianyu is not suitable for the ultimate battle.

So these three assassin gods are undoubtedly the only ones who can only be the brave man.

Seeing that there was no room for reversal at all, the quasi-emperor of You Country was also blushing.

At this time, in the depths of the ancient world of Youguo.

Dense figures appeared again.

It was a figure dressed in blood, his face was extremely numb, and his pupils were blood red.

"Be careful, you are the dead man of You Country!"

When someone from the Jiang family sees this, he reminds him loudly.

The three assassin gods, the most daunting team, is undoubtedly the dead.

These dead men are unsympathetic and ruthless, and can even blow themselves up without hesitation and die with the enemy.

This is a killing machine trained by the killer gods.

Rumble!

In an instant, there was an explosion.

A dead soldier rushed to the coalition team and blew himself up.

Their own strength may not be too strong, but the power of the explosion is also terrifying enough.

There were also casualties on the coalition side.

But compared to You Country, it was still much better.

Anyone with a discerning eye can see that You Guo is just struggling to death.

However, the deeper despair is yet to come.

A earth-shattering explosion came, shattering countless stars.

That was a quasi-emperor of You Country, who was deeply injured and forced to blow himself up.

On the coalition side, there are seven or eight Zhundi Guzu from the Jiang family and the Jun family's hidden veins.

How could this power be comparable to the four quasi emperors of You Country.

Sure enough, it didn't take long for another figure of Youguo Zhun Emperor to splash the galaxy with blood.

The entire ancient world of Youguo has become a scarlet Shura field.

I don't know how many creatures have fallen here, and the blood of the quasi emperor is splashing freely.

At this moment, the Emperor Shenyu, standing on the Wanzhang Galaxy, suddenly had a divine light flashing in his eyes, looking towards the depths of the ancient realm of You Country.

Rumble!

On the ground, there are countless array patterns appearing.

The blood of countless strong monks and killer assassins was absorbed like a sea of rivers and rivers.

"Gather all spirits and blood, sure enough, there is still a dormant existence under the ancient world of Youguo." The emperor Shenyu's eyes were deep.

At this moment, a vast force suddenly spread from under the ancient world, causing most of the Netherworld Immortal Territory to tremble slightly.

A quaint ancient bronze lamp emerged, and a little flame seemed to reflect the soul of all living beings.

In an instant, the entire battlefield, millions of fallen undead, were absorbed and gathered by that light.

"Quasi...quasi fairy!"

On the coalition side, many strong men couldn't help but lose their voices.

The secret of You Country is so strong that it is suppressed by the quasi-immortal device!

"No, how do you feel that it is like a fairy artifact from the underworld, part of the Ten Temple Yama?"

The ancient ancestor of the Jun family hidden veins with a deep vision condensed his eyes.

There is a supreme immortal artifact in the underworld, which can be compared with the throne of the heavenly emperor lost in Xian Ting.

It is the Ten Temple Yama!

It is rumored that this is a supreme immortal artifact composed of ten quasi immortal artifacts.

Before, UU reading www.uukanshu.com, the prince of the Hades family, Sheng Yanluo, used to fight against Emperor Xiaoyao during the experience of the border desert.

He sacrificed the quasi-immortal instrument of the Hades, the immortal instrument imprint of the hand of Yama.

The hand of Yama is also part of Yama of the Ten Temples of Immortal Artifacts.

But right now, this ancient bronze lamp can't help but remind people of the quasi-immortal implement of the underworld, the soul-attracting lamp.

That is also part of the Ten Temple Yama.

"So, You Country is really related to the Underworld." Shenyu Great Emperor murmured.

"Who dares to offend my secluded country!"

At this time, a cold and faint voice sounded, with the meaning of ancient vicissitudes.

But it seems to resound in everyone's ears.

A dark shadow that had been sleeping forever was awakened and emerged.

The real heritage of You Country has appeared!

Chapter 1220 The Soul Master Awakens, The Vast Emperor Fights

Hearing this ancient voice of vicissitudes, the eyes of the remaining two quasi-emperors of You Country were extremely surprised.

"It's the soul master, the soul master has awakened!"

Can make the two quasi emperors so surprised and respectful, call them adults.

It can be seen that this soul master is definitely not an ordinary character.

The shadowy figure appeared silently like a shadow.

It was surprising that he did not have the mighty majestic power of eternal grandeur, nor the majestic prestige that swallowed the galaxy.

But it was such a person, standing there quietly, as if the place where he was standing was the underworld and the yellow spring.

It was an old man in black robes, his back even rickets.

The ancient bronze lamp was held in his hand.

In the flames of lights, millions of people's faces appeared.

All the creatures who fell on the battlefield before.

Most of them are from You Country, and there are also a small number of monks from the coalition army.

However, this old man has a cold face.

He opened his mouth and inhaled, and he swallowed the millions of souls in the soul-attracting lamp.

Suddenly, a majestic soul power was surging.

The old man's rickety back seemed to be slightly straightened.

Such a move undoubtedly caused many strong people on the coalition side to sweat coldly on their backs.

Swallowing millions of souls in one bite, can this be done by ordinary people?

And it's too weird and eerie.

"Emperor, this is the real emperor..."

Countless lights are staring at this old man.

Although he was not like Jun Shenyu, he swallowed the galaxy, and Emperor Hui shone on the world.

It even seemed a little dull and depressed, and the sunset was west.

But he is indeed, undoubtedly an emperor.

"Master Soul Lord!"

The two quasi-emperors of You Country had blood overflowing at the corners of their mouths, and they were both traumatized.

"This is the soul of the soul that has been accumulated over the years."

One of the quasi emperors took out a crystal.

Among them, a dense cluster of ghosts appeared.

Not only the human race, the spirits of the fairyland seem to be in it.

That number is simply uncountable, at least it is counted in hundreds of millions.

"Those are all targets killed by You Country in these eras."

The ancient ancestor with the hidden veins of the Jun family, his eyes are shaking.

How many creatures have been killed to accumulate so many kinds of spirits?

"Soul Lord, he is related to the underworld..."

Jiang Heng's expression was also extremely solemn.

He inherited part of the heavenly secret magic arts, vaguely aware of some traces.

Rao, the quasi-emperor of the Nine Tribulations, seemed a little insignificant in front of this soul master.

At this time, many people were fortunate that Emperor Shenyu was sitting here.

Otherwise, I'm afraid it will be a bit bad this time.

Who knows that there are such mysterious and weird powerhouses in Yuguo?

"Jiang Family, Jun Family, are you trying to destroy my You Country?"

The gaze of the soul master Yin eagle swept towards the coalition forces.

Of course, his main gaze was still on Emperor Shenyu.

"Soul Lord, your origin is not simple."

Emperor Shenyu stepped on top of the galaxy.

Even if the soul master appeared, his expression was still indifferent.

This is the invincible belief that all the strong in the Jun family have.

The old face of the soul master was a little cold.

To be honest, in fact, even him is a bit embarrassed.

I was sleeping, waiting for the best opportunity in this golden world.

As a result, he was awakened now.

As for the reason, a quasi-emperor passed his spiritual thoughts.

The soul master knew everything.

"madness..."

The soul master was extremely cold in his heart.

This plan is utterly stupid!

Your country was completely used.

While he was asleep, the five emperors of Your Country were jointly in charge of Your Country.

They all believed that after the assassination of Jun Xiaoyao, the entire Youguo Ancient Realm could be transferred to Nine Heavens.

Moreover, Emperor Haotian, the Nine Heavens Taboo Family, and the Cang Clan all agreed to give Your Country a lot of benefits.

Even Di Haotian promised.

As long as he could kill Jun Xiaoyao, he could still tell Your Country the location of the Great Emperor's Remnant Soul.

That is the remnant of the emperor's soul.

Even a wisp is stronger than the soul of billions of life.

If the remnant soul of the emperor can be dedicated to the soul master, the soul master may be able to restore the peak as soon as possible.

But who would have thought that this will be the result in the end.

But now, regret is useless.

At this point in the war, it is impossible to make peace.

"In that case, don't blame the old and ruthless..."

The soul master swallowed the crystal that had sealed hundreds of millions of souls in one bite.

In an instant, the vast aura exploded, blooming billions of black rays, as if pulling the entire world into the netherworld.

He held the soul lamp in his hand and shouted coldly.

"A battle outside the sky!"

Emperor Shenyu's eyes were cold, he raised his hand and grabbed it.

A fairy axe came through the air, splitting hundreds of millions of voids!

The dazzling fairy light blooms, and a strand of axe can cut off a piece of the Milky Way!

Jun family quasi fairy weapon, catastrophe fairy axe!

The Great Emperor Shenyu, holding a catastrophe immortal axe, and the soul master with the soul lamp in the palm of his hand, fought to the depths of the universe.

It seems that there are hundreds of thousands of thunder and thunder, and the endless road gods are colliding, erupting and shaking the boundless fluctuations, and then annihilating each other!

That kind of battle fluctuates, and the horror is extreme.

The sun and the moon are shaken, and the galaxy is gone!

One move, one by one, easily destroyed many star regions.

Fortunately, they fought in a faraway place.

Otherwise, the entire Netherworld Immortal Realm will be affected.

This is the imperial war!

"I'll wait for the endgame."

Here, Jiang Heng said with a cold face.

"If it weren't for Xiaoyao's fate, it is very likely that there will be a Xiaoyao soul in the crystal today, You Country, it is necessary to cut weeds and roots!"

Jiang Daoxu hated the killer.

"As soon as the soul master recovers, the You Country will not be destroyed!"

"Yes, you don't even know how strong the soul master is!"

The remaining two quasi-emperors in You Country are struggling to support them, and they drink coldly at the same time.

"Then you, I'm afraid I don't know the strength of Shenyu Ancient Ancestor, he is a real giant in the emperor!"

Jun Cuihua and other ancient ancestors from the Jun family's hidden veins sneered.

Looking at the fairyland, how many forces are there who are qualified to underestimate the Jun family?

The war continues.

The entire Netherworld Immortal Domain seemed to be stained red with blood, shrouded in a layer of blood mist.

There are too many dead creatures.

You Guo fell into an absolute disadvantage.

The remaining two quasi-emperors could only take a group of remnants of defeated generals, rely on some ancient killing formations, and defend the deepest core of the ancient world of Youguo.

The cross-domain ancient warship of the coalition forces constantly shoots a beam of horror laws.

The death of You Country is only a matter of time.

The two Youguo quasi-emperors still hold hope.

If the soul master wins, there is hope for You Country.

However, at a certain moment.

In the depths of the distant star firmament, an old roar came out.

The blood stained the galaxy.

"Hateful, I shouldn't have woken up at this time!"

The person who makes the sound is the soul master!

He is very old and has been sleeping all the time.

Even in order to maintain the strength of the emperor realm, it is necessary to wake up every period of time and devour endless souls.

The soul master is waiting, waiting for the opportunity to become a fairy.

But who ever thought that now, all hopes are shattered.

"You know my true identity, I come from..."

Before the soul master's words were over, UU read www.uukanshu.com Jun Shenyu said indifferently.

"Whoever you are, if you provoke me, the emperor will fall!"

With one axe slashed down, billions of stars shattered.

"No, I am unwilling, I want to wait for the material to become immortal, waiting for the hope of sublimation!"

The soul master finally let out a loud shout.

Then there was a loud bang, the laws of the Billion Avenue were exploded, and the void was blown into nothingness.

Between the heaven and the earth, there are visions, there is a rain of blood, and there are roads to return to the heaven and the earth.

That is the image of the emperor's fall, and it is still in heaven!

At this moment, the entire nine days was shaken!

Countless big forces that are paying attention to this immortal battle are all trembling.

The real emperor has fallen!
