

## Sacred Body 1261

### [Chapter 1261: The supreme-level half-puppet army, brutal cavalry](#)

This floating island is extremely huge, like a small continent.

Scarlet palaces are located in them, magnificent, flowing with a wild and majestic atmosphere.

This is a place of inheritance of Chi You Xiantong.

Many of these opportunities can only be found by Chi You Xiantong's Tianjiao.

But Jun Xiaoyao didn't care.

He swept away with the spirit of the Hengsha-level primordial spirit, and everything around him was revealed, and there was no secret at all.

Even all kinds of hidden aura formations, etc., can't completely block the perception of Jun Xiaoyao's divine consciousness.

All kinds of treasure medicines, ancient artifacts, materials, and Jun Xiaoyao can be found at will.

It's just that he doesn't care about these things.

Mo Yanyu and Lu Fugui who followed were happily received.

As for Chi Long and others, although their expressions were not very good, they didn't dare to say anything, so they could only follow behind silently.

"Blood Jade Essence, Silver Mother of Ten Thousand Years, Dao Yuanmu, really made a lot of money..."

Lu Fugui was happy, the fat on his face was shaking.

Mo Yanyu is also happy.

These treasures, even in the Mo family, as her identity, can't get much.

As a result, Jun Xiaoyao was completely despised.

Soon, Jun Xiaoyao came to a scarlet palace in the deepest part of this area.

This palace was also suspended in the void, chained to it, connected to the ground.

The wave that Jun Xiaoyao faintly sensed before came from this place.

This is where he said that good things are born.

Jun Xiaoyao was about to enter, and at this moment, Chi Long's voice came from behind.

"Senior, wait a minute..."

"Huh?" Jun Xiaoyao looked back lightly.

Lu Fugui raised his eyebrows and glanced at Chi Long with his small eyes.

That hot and tight figure, it doesn't lose much of Mo Yanyu.

"What, do you still want to stop us?" Lu Fugui grinned.

"Of course not, it's just that this place is a bit dangerous. If we don't have the blood of our Chi You Immortal Clan, it might be dangerous," Chi Long said.

In the back, Chi Yu and others' faces were not pretty.

In fact, they were all thinking that if Jun Xiaoyao was cheated to death by the dangerous means, it didn't matter to them.

On the contrary, you can finally get the benefit.

As a result, Chi Long actually made her point clear now.

"Isn't this just what you want?"

Jun Xiaoyao glanced at Chi Long.

"It stands to reason that it is true, but the predecessor helped us after all." Chi Long sighed in a serious tone.

"Nothing."

Jun Xiaoyao turned around and entered with his hand.

"Sister Chi Long, since he doesn't care, just forget it." Chi Yu whispered.

Pushing the door open, the dusty breath came to his face.

Inside the Scarlet Palace, it was extremely vast.

Looking around, there is an empty space, and there is a palace in the back.

"Formation?"

Jun Xiaoyao swept away his spiritual thoughts and noticed the faint fluctuations underground.

He didn't care either, and walked straight away.

Suddenly, killing all around, the thick \*\*\*\* sword energy swept out.

If the general Tianzun is caught off guard, he will suffer severe damage or even fall.

However, these \*\*\*\* sword auras disappeared invisible when they fell to Jun Xiaoyao.

This is naturally the effect of mana immunity.

This ability can grow with Jun Xiaoyao.

The stronger he is, the stronger the mana immunity is.

"how come?"

Chi Yu and other Tianjiao were completely dumbfounded.

This strength is simply not something the younger generation should have.

They became more certain that this should be an older generation.

Only after hiding his identity, Ling Yuan was brought in quietly.

Afterwards, Jun Xiaoyao continued to enter the latter palace.

And when I saw this temple.

Everyone present held their breath.

What did they see.

Rows and rows of terracotta warriors are located among them.

Count them down, there are five thousand.

The five thousand terracotta warriors all had their faces covered in visors, and they were dressed in heavy black and gold plate armor, and their surfaces were branded with dark gold runes.

They all held huge spears or halberds in their hands, and their lethality was overwhelming.

Riding under the crotch is a dragon horse mixed with dragon blood.

It looked like five thousand steel statues, with a terrifying aura that made the air heavy.

"This is..."

Jun Xiaoyao's pupils are deep.

What surprised him was the breath of these five thousand terracotta warriors.

They are all Supreme Realm powerhouses!

Although Jun Xiaoyao's current strength has far surpassed the supreme.

But it does not mean that the Supreme is the Chinese cabbage on the street.

In some big forces, the Supreme is still a sanctified and ancestor-like existence.

But now, the five thousand terracotta warriors in front of him are filled with a breath of supreme dignity.

This is a little surprising.

How big is an army composed of the supreme?

Even the Jun family has never appeared.

Of course, it's also possible that the Jun family hasn't sacrificed this kind of hole cards, but that doesn't mean that they didn't.

But now, the army composed of these five thousand supreme beings appeared alive in front of Jun Xiaoyao.

Just when Jun Xiaoyao was slightly surprised.

Behind, Chi Long and other Tianjiao of Chi You Xiantong couldn't help but lose their voices.

"This is... the savage iron cavalry of the Nine Li Moguo!" Chi Long lost her voice, her hand covering her lips, very shocked.

In fact, they don't know much.

All I know is that the predecessor of Chi You Xiantong, the Demon Kingdom of Jiuli, once had an invincible army named Manshang Iron Cavalry.

There are not many people in this one.

Even in the peak period, it will not exceed 10,000, but the combat power is extremely terrifying.

Even Xian Ting, at that time, when fighting against this iron cavalry, it also paid a price, and a large number of heavenly soldiers and generals fell.

Chi Long and others did not expect to see this invincible supreme army again here.

"The Iron Knight..."

Jun Xiaoyao's eyes lit up slightly.

If this army can be used by him, it will be incorporated into the Emperor's Court.

That is not a small improvement to the battle effectiveness of the Emperor's Court.

After all, this is an army composed of the Supreme.

Jun Xiaoyao's pupils flashed, and the perception of the Hengsha-level primordial spirit covered him.

Soon, he noticed something.

"No, these savage iron knights don't seem to be real living creatures."

"It's more like a half-human, half-puppet-like existence." Jun Xiaoyao murmured.

At this time, Chi Long said: "Senior is really smart, this savage cavalry is indeed Chi You's predecessor, the army of the Nine Li Devil Kingdom."

"They were originally humans, but they were refined into half-humans and half-puppets by special methods, so they can live forever in the world."

"Their cultivation base has been forcibly promoted to supreme, but their potential is exhausted and they can only stop here for the rest of their lives."

Chi Long's words solved Jun Xiaoyao's doubts.

He just said, Supreme is not a Chinese cabbage, how could it be easy to form an army.

Was sacrificed to become a half puppet, UU reading [www.uukanshu.com](http://www.uukanshu.com) loses the potential for promotion.

This is the price to be paid.

And Jun Xiaoyao concluded.

If you fight alone, the supreme among the iron cavalry is absolutely unable to beat the real supreme.

But to be honest, there are pros and cons.

Although the price paid is high, such a supreme army depends not on quality but on quantity.

Three or five, maybe it doesn't make sense.

But if the number is tens of thousands, it would be terrifying, absolutely invincible, and no one can stop it.

"Let me try it."

Jun Xiaoyao was curious and stepped into the puppet formation.

Suddenly, murderous aura surging!

[Chapter 1262: The weapon that the Devil Emperor Chi You once sacrificed, the quasi-immortal weapon, 9...](#)

Those savage iron knights who had been silent forever began to tremble.

The dust on the black gold plate armor on the body surface shakes off.

It was like a machine that had been silent for a long time and started to move.

All the savage iron knights, and the dragon horse under their seat, opened their eyes.

Those pupils were extremely numb and silent.

But there is a bit of inspiration.

Obviously, these half-humans, half-puppets exist.

Although it looks like a puppet, it retains a trace of human thinking and fighting instinct.

This is the most powerful place of the Iron Knight.

It has the immortal body of the puppet and its powerful strength.

There is also a trace of human aura and fighting instinct.

This kind of existence is far more powerful than those ordinary puppets.

Rumble!

Those savage iron knights are all awakened.

Holding Jin Ge spears, each supreme aura rushed into the sky.

For Jun Xiaoyao, the Supreme is almost the same as the ant.

But the five thousand supreme breaths were superimposed on each other and burst out, making Jun Xiaoyao look slightly.

"Huh, it's interesting..."

Jun Xiaoyao was surprised.

He saw it.

This savage iron cavalry seems to have a special formation arrangement.

Their five thousand supreme powers seem to be twisted into a rope.

The power of this combination is not just that one plus one equals two.

Instead, they are superimposed in multiples.

boom!

Five thousand barbaric warriors took one step together, and the entire Scarlet Palace was trembling.

If it hadn't been for this palace to be suppressed by a special array pattern, it would have been broken into \*\*\*\* long ago.

"My mother, that breath is terrifying!"

Both Lu Fugui and Mo Yanyu couldn't help taking two steps back.

That terrifying breath, even if it is Tianzun, must be hated.

"Is this the strength of the Iron Knight, Senior is in trouble."

Chi Long was a little frightened, but also a little worried.

"We have reminded him that if anything happens to him, we can't be blamed." Chi Yu curled his lips and said.

In fact, he was also very jealous of this savage iron cavalry.

If you get it, it will undoubtedly be a big help for Chi You Xiantong.

But when Chi Long saw this, she suddenly sneered: "Even if something happens to the predecessor, we can take over this savage iron cavalry, but do you think that Xian Ting will let us Chi You Xian all get it?"

Chi Long's words made Chi Yu and others immediately awake like a divine enlightenment.

That's right.

Even if this is a chance that belongs to their Chi You Xian Tong.

But how could Xianting give this supreme army that killed Xianting to Chi You Xiantong again?

Before you know it.

Chi You Xiantong has a deep sense of rejection and alienation towards Xian Ting.

And here, Jun Xiaoyao also shot.

The palm shot out, colliding with the power of five thousand cavalry.

The rock broke and the sky was shaking, and the ripples surged.

Jun Xiaoyao's palm was slightly numb.

"Interestingly, the power of the five thousand supreme being superimposed and increasing, the ordinary Tianzun will die, and it is enough to block the Xuanzun's move."

The superimposed power of Five Thousand Supreme is definitely not something that the seed-level Tianjiao can stop.

Jun Xiaoyao can stop it because he now doesn't need to be too jealous when facing the powerhouse Xuanzun.

And the superimposed power of this savage iron cavalry is just comparable to the Xuanzun, and it is not really capable of competing with the Xuanzun.

Jun Xiaoyao's blood is surging, and the vastness is like a sea, which inspires the true power of the corpse of the Holy Physique.

With a punch, the power of qi and blood turned into a dragon, and the power of Dao Wen swept and spread.

The five thousand barbaric iron knights were suddenly destroyed, and all of them were shaken off.

It is said to be comparable to Xuanzun, but after all, it is impossible to be the same as the real Supreme Xuanzun.

"That...that breath..."

The breath that Jun Xiaoyao released at that moment suffocated Chi Long and others.

They vaguely felt something.

But because it was only a moment, it was not certain.

"Why, it's kind of like that physique..." Chi Yu was surprised.

But he was not sure.

Because of that physique, it was rare in ancient times.

Like the chaotic body and the eternal fairy body, it is very likely that it is difficult to produce one in an era.

How could such a god-defying pride appear in front of them so by chance?

"Yes... the induction is wrong, right?"

Chi Long is also not sure.

If it was really that kind of physique, it would definitely shock the entire Nine Heavens Immortal Territory.

And here, after completely defeating the Iron Cavalry Man Shang.

Jun Xiaoyao is a direct step, continuing to step into the last palace.

Then, Chi Long and others cautiously stepped up.

I don't know if it was because of being defeated by Jun Xiaoyao, or because of the blood of Chi Long and others.

Man Shang Iron Cavaliers did not act again.

It's like a dead silence.

Jun Xiaoyao came to this last hall.

On the face, a \*\*\*\* breath came out, carrying a monstrous evil spirit and imperial might.

Looking around, there is only a pool of blood in the entire hall.

The blood in the blood pool is not bright red, but colorful.

It seems that the blood of countless racial creatures has been incorporated into it to show such a color.

And the most important thing is not this blood pool.

But in this pool of blood, there is a picture scroll soaking up and down.

That's right, it's just a picture scroll.

It seems to be made of special leather, slightly yellowed.

There are densely packed, countless ancient characters written on it.

The most important thing is the four beast designs, imprinted in them, as if they were alive.

Jun Xiaoyao glanced at it.

The four fierce beast designs seem to be the four great fierce beasts of the Primordial Age.

Gourmet, Qiongqi, 檮杌, chaos.

These four evils are opposed to the four mythical beasts, the green dragon, the white tiger, the Suzaku, and the basalt.

However, this ancient pure-blooded fierce beast is almost extinct.

In modern times, there were at most some mixed-race offspring.

However, in the true Taikoo period, the four evil spirits were absolutely terrifying.

For example, the gluttonous family once produced a pure blood, known as the gluttonous emperor, who swallowed more than one great emperor alive.

"This is..."

Jun Xiaoyao can feel it.

This picture scroll is filled with a strong imperial prestige.

This is definitely a top imperial soldier.

But Jun Xiaoyao was puzzled.

In it, he also noticed a ray of immortal Dao aura.

This picture scroll seems to be more than just an emperor.

"Oh my God, that's..."

Chi Long, Chi Yu, and others who entered from the back, were all over Tianjiao. Seeing this picture scroll, they almost suffocated and couldn't help but scream.

"What do you know?" Jun Xiaoyao said lightly.

Chi Yu and the others were speechless, only tremors and fiery eyes.

Chi Long came back to his senses, and then spoke.

"This should be my quasi-immortal implement of Chi You Xiantong, Jiuli Tu, originally belonged to Chi You Demon Emperor." Chi Longdao.

"The former quasi-immortal weapon?" Jun Xiaoyao noticed Chi Long's words.

"That's right, this nine-li map was made by the Devil Emperor Chi You himself."

"With nine great human skins, superimposed on each other, blended into the emperor's rune rules, and then tempered with the blood of the found immortal. UU看书www.uukanshu.com"

"Finally merged into the four evil spirits, the quasi-immortal weapon formed."

"Originally, the Devil Emperor Chi You of my clan wanted to sacrifice and refine a real fairy tool."

"But it seems that it lacks some kind of substance to make immortal artifacts."

"At the same time, the four fierce souls of the ancient times, Chiyu Devil Emperor only found two, and finally sealed them in Jiuli Tuli."

"It's just that later, in the battle between Devil Emperor Chi You and Xian Ting, the souls of the two fierce beasts were released."

"This may be the reason why Jiuli Tu fell as an emperor."

Chi Long told the truth about what she knew.

These news have been recorded in Chi You Xiantong's Tibetan Scripture Pavilion.

As Chi You Xiantong's top genius, she naturally checked it.

[Chapter 1263: The quasi-immortal device of the drop class, charge 9 Litu](#)

After Jun Xiaoyao heard about it, he also had to marvel at the handwriting of Devil Emperor Chi You.

Nine great emperor human skins, those are nine emperors.

And with the strength of the Devil Emperor Chi You, the emperor he beheaded was obviously impossible to be an ordinary emperor.

At least it should be an imperial Chinese giant, maybe even stronger!

In addition, the runes of the emperor were also inscribed, and the blood of the immortal was found.

Finally, I want to find the four fierce souls.

But in the end, only two were found.

In addition, if you want to make immortal artifacts, it seems that you need some kind of substance.

And this kind of substance, it seems that Xianyu doesn't have it.

Therefore, the Devil Emperor Chi You didn't make a real immortal weapon in the end.

It's just being refined into a quasi-immortal weapon.

Later, Jiuli Moguo and Xianting fought.

Devil Emperor Chi You released the souls of the two fierce beasts in Jiuli Tu.

Therefore, Jiuli Tu fell from the quasi-immortal weapon again and became an emperor soldier.

However, with Jiuli Tu's qualifications, even among the imperial soldiers, it was an absolute top imperial soldier.

"In other words, as long as the soul of the fierce beast is found again and sealed in it, will this Jiuli Tu be promoted to a quasi-immortal weapon again?" Jun Xiaoyao said.

"I don't know."

Chi Long couldn't guarantee anything.

Jun Xiaoyao nodded lightly.

On the side, Lu Fugui drooled and was amazed.

You know, even if they were the ancestors of the Lu family, they had exhausted the whole family's efforts, but they had only created a quasi-immortal weapon.

But the Devil Emperor Chi You used such a big hand to create a quasi-immortal weapon.

Even if it weren't for the lack of a certain substance, it would really be possible to create a real fairy artifact.

This is simply against the sky.

"Don't think too much, the strength of Devil Emperor Chi You is not something ordinary people can achieve."

It seems that he saw Lu Fugui's thoughts, Jun Xiaoyao said.

Lu Fugui also nodded.

indeed so.

Who is Chi You Demon Emperor?

That is one of the myths of the magic way.

Even to say something bad, Devil Emperor Chi You could easily destroy the Lu family.

Those mythological figures are indeed not comparable to ordinary people and forces.

"It's a pity."

Jun Xiaoyao sighed slightly.

During the battle with Xian Ting, Devil Emperor Chi You released the souls of two fierce beasts.

Otherwise, the Jiuli Tu is now a quasi-immortal weapon.

The value of the quasi-immortal weapon and the imperial soldier are not the same.

But fortunately, this Jiuli Tu has the possibility of promotion.

As long as you find the souls of the four fierce beasts, you should be able to sacrifice and refine them into a quasi-immortal weapon again.

Even, if you can find that special substance for forging fairy artifacts.

It is not impossible to transform into a real fairy tool in the future.

So this Jiuli Tu, although it is now only a top imperial soldier.

But his true value is obviously not only the imperial soldier.

Hearing Jun Xiaoyao's tone and attitude, Chi You Xiantong Tianjiao's complexion present had a subtle change.

It sounds like this Jiuli Tu is already in Jun Xiaoyao's bag.

On the side, although Lu Fugui was very greedy for these Jiuli Tu.

But he also knew that this was not something he could get.

"My buddy, I have a small request, I don't know if it should be said or not."

Lu Fugui was a little nervous, and said seriously.

Before, he had always been a foolish, carefree look.

This is the first time I have seen him so serious.

"Why, do you want these nine Litu?" Jun Xiaoyao chuckled lightly.

"Of course not." Lu Fugui shook his head like a rattle.

"Coming this way, my buddy gave us all the chances. How am I embarrassed to ask for it again."

"It's just that after you got the Jiuli Tu, can you take the time to study it for me."

"If you want to promote this Jiuli Tu to a quasi-immortal weapon in the future, let us Lu family observe it?"

Lu Fugui asked cautiously.

If Jiuli Tu can be promoted to Quasi Immortal Tool, it will definitely be a rare experience.

If their Lu family can observe it, they will definitely gain a lot.

"It's just a small matter." Jun Xiaoyao waved his hand.

On the other side, Mo Yanyu also blinked and looked at Jun Xiaoyao eagerly.

"You can do the same with the Mo Family." Jun Xiaoyao said.

At this time, Mo Yanyu and Lu Fugui were also relieved.

In the future, they will have the opportunity to see the birth of the quasi-immortal device with their own eyes, and they may have a special understanding of forging.

And a group of Chi Youxian dominates Tianjiao, and their faces are not pretty.

This should have been theirs, but now, Jun Xiaoyao and others are already discussing how to use it.

Afterwards, Jun Xiaoyao began to think about accepting Jiuli Tu.

At this moment, Chi Long hesitated for a moment, and then spoke again: "Senior, these nine Litu..."

"What?" Jun Xiaoyao glanced at Chi Long.

He felt that the people of Chi You Xiantong should not be so ignorant.

"Senior, don't get me wrong. I mean, this Jiu Litu can only be inherited by people with the unified line of Chi Youxian, if not..."

"What will happen then?" Jun Xiaoyao said.

"Otherwise, unless you can get the approval of Jiuli Tu, it means that you have to get the approval of the Demon Emperor Chi You." Chi Long said.

"Is that so?" Jun Xiaoyao was still plain, without any waves.

What about the Shinhwa Emperor, he hasn't seen it before.

He had met Qingdi once.

And after experiencing the misfortune, Jun Xiaoyao's vision was completely opened.

Now that the strong myth is in front of him, it is estimated that he will not even blink his eyes.

Jun Xiaoyao began to prepare to put away Jiuli Tu.

And Chi Long watched this scene silently.

She still didn't say one thing.

That is, if it can be recognized by the Devil Emperor Chi You.

Then he will become the spiritual leader of Chi You Xiantong.

Because Chi You Demon Emperor was the founder of the Nine Li Demon Kingdom.

And if you can inherit the Jiuli Tu, it means that you have been approved by the Chi You Demon Emperor.

Will become the leader leading the rise of Chi You.

"What happens if I fail?"

Mo Yanyu suddenly asked, she was worried about Jun Xiaoyao.

Chi Long was silent for a moment, and said, "If you fail, you will die."

The Nine Li Demon Kingdom itself is the origin of the Demon Dao, and it pays attention to one extreme.

If it fails, there is absolutely no way to survive.

"This is exciting."

Jun Xiaoyao smiled and stepped directly into the blood pool.

Suddenly, that Jiu Litu began to tremble, and the majestic light of blood enveloped the entire blood pool.

Before Jun Xiaoyao's eyes, it went dark for an instant, and then the world changed drastically.

He seemed to be in a \*\*\*\* world.

That terrifying soul pressure is almost crushing the soul of man.

Jun Xiaoyao is a little bit lucky now, UU reading [www.uukanshu.com](http://www.uukanshu.com) broke through to the Hengsha-level primordial spirit by himself.

Otherwise, there is still not much confidence in dealing with this unknown situation.

At this moment, four groups of evil spirits suddenly appeared.

The four-headed giant beasts as high as the Primordial Demon Mountain began to invade the sea of knowledge of Jun Xiaoyao, to devour his primordial spirit.

"Four ferocious souls!"

Jun Xiaoyao's eyes were sharp.

This obviously cannot be the real four evil spirits.

It's just a trace of remnant soul breath.

But even if it was just the remnant soul aura, it was terrifying enough, and its power was enough to completely crush the human soul.

At least in the Seven Supreme Realms, few people should be able to stop them.

[Chapter 1264: Destroy 4 ferocious souls, Chi You Demon Emperor's mind appears](#)

The four ferocious souls, like four ancient magic mountains, are as high as ten thousand meters, towering between the heaven and the earth.

It can be said that almost no action is required.

The coercion alone was enough to crush and swallow the primordial spirit of the ordinary Tianjiao.

Jun Xiaoyao stood indifferently.

His soul is also unparalleled in the world.

In the entire seven supreme realms, it is difficult to find an existence with a talent that can rival him.

In Jun Xiaoyao knowing the sea.

The three generations of souls bloom endlessly.

The soul of the past, the soul of the present, and the soul of the future, sitting crouched on the flowers of the three avenues.

Like three supreme gods, overlooking the vastness of ancient and modern.

Roar!

The four ferocious souls uttered a roar that shattered the soul.

Even a ray of remnant soul is extremely fierce.

This also shows from the side that the four fierce Primordial Four are so powerful, they are not weaker than the four beasts.

The Four Fierce Cruel Souls are directly the third primordial spirit who slaughtered Xiangjun Xiaoyao, to tear it up and swallow it.

The three primordial spirits of Jun Xiaoyao moved together.

In the past, the primordial spirit lifted the palm of the hand and performed the reincarnation robbery.

A vast vortex of reincarnation emerged, and there seemed to be a phantom of eternity in it.

Now the primordial spirit is offering the image of the Great Sun Tathagata.

A golden Buddha of ten thousand feet, shaking down from the void, with a mighty aura that suppresses the three thousand dharma realms.

No birth, no death, no dirt, no increase, no decrease.

In the future, the soul of the future will sacrifice the soul of the other shore clan, the soul bridge of the other shore.

Scarlet flowers from the other bank emerged, and an ancient bridge that seemed to spread from the other bank emerged.

Like to extradite thousands of souls in the world.

The three primordial spirits were sacrificed together.

And the most important point is.

The current Jun Xiaoyao is no longer the infinite primordial spirit before.

It is the Hengsha-level soul.

This is a qualitative change.

The power of the three-generation primordial spirit and primordial spirit method naturally also skyrocketed, much stronger than before.

The moves of the three primordial spirits suppressed the four ferocious souls.

It was like three gods descending from the sky, trying to suppress the four evil beasts that wreak havoc on the world.

Roar!

Among the four ferocious souls, they were so strange that they hissed and roared.

It was actually involved in the Tribulation of Reincarnation, and it has gone through all ages.

Although they are beasts.

But beasts also have reincarnation, just like humans and any other creatures.

Reincarnation can also affect them.

The Tathagata image of the great sun, like the suppression of a golden mountain, suddenly made the souls of the fierce beasts scattered a little.

The Soul Bridge on the other side was also depressed, extraditing thousands of souls, even the remnant souls of fierce beasts could hardly be immune.

I don't know how long has passed.

The four ferocious souls were all shattered.

Jun Xiaoyao's knowledge of the sea restored Qingming.

"This is the end?"

Jun Xiaoyao thought.

This level is indeed very simple.

The reason why Jun Xiaoyao didn't seem to have much effort.

It is because he is different from ordinary people and cannot be inferred by common sense.

Change to other Tianjiao, basically can only end up being swallowed by the four ferocious souls of the soul.

at this time.

Suddenly, in the emptiness, the wind was surging again.

Vaguely, a faint black figure emerged.

Tall and majestic, but not clear, but rather vague.

Although it was only an extremely faint shadow, the faintly radiating aura seemed to make all realms tremble.

Anyone appears small and vulnerable in front of him.

"That is..."

Jun Xiaoyao's eyes narrowed.

He saw it, beside the black figure.

There is also an extremely large black and white beast shadow.

Surprisingly, it is an iron-eater.

As a traverser, Jun Xiaoyao naturally knew what the other name of the iron-eater was called.

Panda!

It is rumored that the Devil Emperor Chi You rode an iron-eater, that is, a giant panda.

There is no doubt as to who this vague black figure is.

Jun Xiaoyao had also felt the breath that came out on another figure.

That is Qingdi.

no doubt.

This black figure is the Devil Emperor Chi You.

Or in other words.

It was a ray of divine thought left by the Devil Emperor Chi You in Jiuli Tu.

The possible purpose is to choose a new owner for Jiulitu.

It is also for Chi You Xiantong to select the younger generations who have the potential of leadership.

"In Xiajun Xiaoyao, I have seen the Devil Emperor Chi You."

Jun Xiaoyao faintly arched his hands, very decent, but did not appear to be humbling.

He has never seen any big storms.

Now there is nothing that can arouse Jun Xiaoyao's shock and fear.

"A member of the Jun family?"

Chi You's magical thoughts gave Jun Xiaoyao a deep look.

"Where are the descendants of my Demon Kingdom?" Chi You Demon Emperor said.

"It's already one of the nine immortals of Xian Ting, but it doesn't seem to be a good time." Jun Xiaoyao said truthfully.

"Your hand is stained with the blood of the people of my devil country!"

The Devil Emperor Chi You fell.

An overwhelming coercion pouring down!

It's almost like the eternal universe, and the cover is pressed down at the same time!

Jun Xiaoyao immediately understood.

What he was referring to should be Chi Lie.

That terrifying coercion can crush everything.

Any Tianjiao, in the face of this coercion, the will will collapse, and the soul will collapse.

But Jun Xiaoyao just stood with his hands behind his hands, his sleeves being blown by the wind.

"It's just passive defense, it's really helpless." Jun Xiaoyao said.

He is not deceiving either.

At that time, it was indeed Chi Lie who took the initiative and wanted to step on him to become famous in the ultimate ancient road.

"Huh, Jun Family, one and two are so arrogant."

Devil Emperor Chi You snorted coldly, as if thinking of some unpleasant memories.

Jun Xiaoyao's eyes flickered.

Could it be that the Devil Emperor Chi You also had an intersection with some of the strongest predecessors of the Jun family?

"It seems that the descendants of my Demon Kingdom have nothing to create." Chi You Demon Emperor sighed.

If Chi You Xiantong still maintains prosperity.

It is not Jun Xiaoyao who enters Jiuli Tu and participates in the test.

Jun Xiaoyao's eyes flashed darkly, and then he also told the Devil Emperor Chi You about the situation of the Chi You Xian Tong.

Including the discrimination and unfair treatment suffered by Chi You Xiantong in Xianting.

"Xian Ting is really untrustworthy."

"At the beginning, if they hadn't used the hundreds of millions of creatures in the Nine Li Devil Kingdom as a threat, how could I go to the 'source'."

The words of Devil Emperor Chi You made Jun Xiaoyao's heart tremble.

When I first heard this word, I heard it from Concubine Luo Shen Mi in Tai'e Temple.

The so-called "source" and "Era Great Tribulation".

And now, he heard the word source again. UU reading [www.uukanshu.com](http://www.uukanshu.com)

What does Chi You mean in the words of Devil Emperor, he went to the so-called "source"?

What does "source" really mean?

Could it be that some of the top emperors of Xianyu have all gone to the "source"?

Although Jun Xiaoyao was curious, he didn't ask much.

If he wants to ask, he can directly ask the ancestors of the Jun family.

The ancestors didn't take the initiative to tell him, maybe it meant that even if Jun Xiaoyao knew this, it didn't make any sense.

However, Jun Xiaoyao can be sure.

Devil Emperor Chi You is no longer in the Nine Heavens Immortal Territory.

So naturally, he can no longer shelter Chi You Xiantong.

And this is Jun Xiaoyao's biggest breakthrough!

[Chapter 1265: Flicker Chi You, Demon Emperor, 9 Li Tu got it, Emperor Haotian...](#)

"Senior Chi You, you should know that if you are not of my race, your heart must be different."

"The Nine Li Devil Kingdom is always an outsider. Even if you become a Chiyu Xian Tong, you will be rejected by Xian Ting."

"Now, we need a person who can change Chi You Xiantong to appear." Jun Xiaoyao followed the temptation.

The cultivation base reached the level of Chi You Demon Emperor, obviously his scheming couldn't be worse.

"So, you mean, you, an outsider, can lead Chi You Xiantong?" Chi You Demon Emperor said indifferently.

Jiuli Tu has special significance to Chi You Xiantong.

Being able to get the approval of Jiuli Tu means that he can get the approval of Chi You Demon Emperor.

Such a person can lead the entire Chi You Xian Tong immediately, not to mention.

But at least it is like a spiritual leader.

Although Jun Xiaoyao said tactfully.

But for the existence of Devil Emperor Chi You, Jun Xiaoyao's ambition can be seen at a glance.

He wants to lead the entire Chi You Xian Tong.

When the Devil Emperor Chi You saw it through, Jun Xiaoyao didn't panic at all.

This had already been expected by him.

If a magical myth can be fooled so easily.

Then it is impossible for him to cultivate to this state.

"The leader can't talk about it, just seeing the situation of Chi You Xiantong now, and regretting them for them."

"After all, their predecessor, the Nine Li Demon Kingdom, how prosperous, was once one of the origins of the Immortal Domain Demon Road."

"And you, the predecessor who created the Nine Li Devil Kingdom, are even more powerful than the Immortal Territory, and even forced Xian Ting to negotiate with you."

Jun Xiaoyao whispered lightly.

Devil Emperor Chi You was silent, and then took a deep look at Jun Xiaoyao.

Facing a magical myth, he could still be so calm and clever.

This vision, this courage, this boldness.

Even in the era of the rise of the Devil Emperor Chi You, few Tianjiao could reach it.

"How come the Jun family always has some freaks and evildoers..." Devil Emperor Chi You whispered secretly.

He couldn't help but think of the freak who had risen from the Jun family back then.

Heaven descended to prove the Dao Emperor Seal, but dismissed it.

Later, when the heavens were all silent, they challenged the gods and even myths from all walks of life.

And now, when he saw Jun Xiaoyao, he seemed to have seen the freak again.

He also sighed deeply at the same time.

If Chi Youxian Tong, there are characters like Jun Xiaoyao.

Do not...

Even if there is only one-tenth of Jun Xiaoyao's talent and courage, he will not be oppressed.

"You junior, you do have courage, but you are really not afraid, I will destroy you?" Chi You Demon Emperor said.

Jun Xiaoyao still chuckled.

"Senior can take action, juniors may be destroyed, but they won't die."

"Oh, are you..."

Rao is the Demon Emperor Chi You, with a touch of strange color in his eyes.

Right now, Jun Xiaoyao is just a clone?

He could feel the imperfect fetal breath of the Innate Eucharist in Jun Xiaoyao's body.

And this is actually just one of his clones?

The evildoer of the Jun family is from blue to blue.

Jun Xiaoyao went on to say: "If the seniors take action, the juniors will have no complaints or regrets. It is just the fate of Chi You Xiantong, which may be doomed."

"If there is a war between the two realms in the future, or there is a major turmoil, Chi You Xian Tong will definitely be the first to be destroyed."

"And the only one who can change the fate of Chi You Xiantong is me!"

Jun Xiaoyao's words were shocking.

Devil Emperor Chi You was completely silent.

It is impossible to be stupid to cultivate to his status, knowing what choice is best for Chi You Xiantong.

"You passed the test, but... I hope you won't be more absolute than what Xian Ting did." Chi You Demon Emperor said indifferently.

The voice is flat.

But the pressure is not small.

Although he was not in the Nine Heavens Immortal Domain, he went to the so-called "source".

But it is obviously not a wise move to have a grudge with a devil myth.

You know, this kind of existence does not even need to do it yourself.

Just a movement of a thought in your mind has destructive power.

"Thank you, Senior, don't worry, Senior, Chi You Xiantong in my hands will only grow stronger."

"If the predecessors return in the future, you may be able to see a prosperous force that is not lost to the Nine Li Demon Kingdom." Jun Xiaoyao folded his hands and smiled.

Devil Emperor Chi You only glanced at Jun Xiaoyao one last time, and his figure slowly faded away.

Before completely faded away, he murmured in his heart.

"The Jun family really has a remarkable descendant."

"If you have this talent, I am afraid that you will not be able to go to the source for a thousand years."

After Chi You's demon emperor's spirit dissipated.

Jun Xiaoyao is finally able to begin the preliminary practice of Jiuli Tu.

This nine-li map is very important.

Although he is a top imperial soldier, he has the potential to become a quasi-immortal weapon.

In the future, it is more likely to become a fairy.

So far, the Emperor's Court hasn't had a real quasi-immortal weapon.

Strictly speaking, the Bronze Immortal Palace is an ancient artifact. Although its power is huge, it is not the same concept as the quasi-immortal artifact.

As for the Jun family, naturally there are quasi-immortal implements, and there are definitely more than one.

But it is impossible for Jun Xiaoyao to bring it directly to the Emperor's Court.

This Emperor's Court is a force that belongs to him alone.

If it depends entirely on the monarch's blood transfusion, then it will also manage chaos.

After obtaining the Jiuli Tu, at least the Emperor's Court may have a quasi-immortal artifact in the future.

In the following time, Jun Xiaoyao began to practice Jiuli Tu.

And at this moment, in other places in the land of the gods.

There are also other Tianjiao of Xiantong who are getting opportunities.

On a floating island somewhere.

A young man dressed in a dazzling battle armor, heroic, like a \*\*\*\* of war, looked at the army of more than ten thousand puppets in front of him, his eyes bursting with anger.

It is Xing Meteo.

"This is... a puppet army of Xingtian Xiantong, Zhantianwei, who is in charge of punishment, and specifically kills Xianting rebellion."

The light in Xing Yishen's eyes was very bright.

The combination of more than 10,000 Heavenly Swordsmen is definitely a strong force.

"With this team, I might be able to break my wrists with Di Haotian." Xing Meteoshen said heartily.

He looked at the depths of this heritage again.

"There should still be the inheritance of Xingtian Xiantong!"

Like Xing Meteorite, he is not the only one who has obtained the opportunity of Xiantong's remains.

In another area.

The golden-haired and silver-eyed Emperor Haotian, passing like a god, was holding a bright flower bud in his hand.

Surprisingly, it is also a flower of the past.

He didn't know that Jun Xiaoyao picked a peach from a former flower.

But for him, it is obviously not difficult to find another one.

Emperor Haotian descended on a magnificent ancient ruin.

He flicked his sleeves directly.

The remains of the dilapidated palace are all collapsed.

An army of puppets neatly arranged underneath was exposed.

Those puppets, all dressed in primitive battle armor, carved with dragon patterns on their chests, and armed with dragon spears, have extraordinary aura.

"The Fulong Army of the Fuxi Immortal Order? There are not many, but it can be used at once."

Di Haotian waved his sleeves again, which was to take all Fulong Army into his bag.

"There is also the Xihuang sword, I must get it."

"After getting it, it's time to go deep into the real ancient fairy court ruins. I need to find the treasure that only I can use."

"Besides, it's time to find 'her'."

"At that time, with the power and prestige of 'her', I will be able to unify the entire fairy garden!"

Di Haotian, with self-confidence in his expression, arranged everything in an orderly manner.

As for Ziyun Tianjun, UU reading [www.uukanshu.com](http://www.uukanshu.com), the red hair ghost and others have fallen, and Emperor Haotian also vaguely perceives.

But he didn't care at all.

When this opportunity passes, he will unify Xian Ting.

At that time, all the nine immortals will respect him.

Those Yanyun eighteen riders had little effect on him.

Di Haotian is different from Jun Xiaoyao.

Jun Xiaoyao is a very short-term person.

But Di Haotian only cared about himself.

Even his followers, if it is not important, they will die if they die, as long as they don't affect his plan.

If you say that Jun Xiaoyao is a domineering man who covers the world.

That Emperor Haotian was a cold and ruthless emperor.

[Chapter 1266: Recruit the Barbarian Iron Cavaliers, the spiritual leader of Chi You Xian Tong](#)

The site of Chi You's Xiantong Relics.

Lu Fugui, Mo Yanyu, and Chi Long and other Chi Youxian dominate Tianjiao.

All eyes were staring at Jun Xiaoyao in the blood pool without blinking.

Jiuli Tu has completely overshadowed Jun Xiaoyao's figure.

No one knows what happened in it.

"There has been an accident, right?" Chi Yu hesitated.

"impossible."

A cold, tender drink sounded from Mo Yanyu.

Her reaction made others look a little surprised.

Why is she so confident in the black-robed man?

"If you want Jiulitu's recognition, it means you have to get the approval of Chi You Demon Emperor. This is not something that everyone can do."

"Especially for an outsider." Chi Yu said.

"Master, he will succeed." Mo Yanyu vowed.

Because she was there, only she knew the identity of Jun Xiaoyao.

In her eyes, Jun Xiaoyao is a fabulous existence.

There is nothing he can't do.

There are too many miracles that Jun Xiaoyao has created.

Compared with those, it was just a mere nine Litu, and it was ridiculous to want to stump Jun Xiaoyao.

Perhaps it was to meet Mo Yanyu.

Suddenly, there was a boil in the pool of blood.

The Jiuli Tu, like a living thing, began to squirm, tremble, and burst out with a monstrous blood suffocating aura.

This is actually a rare murderous soldier.

After all, it was built on the basis of nine great emperor human skins.

Naturally, it is born with that monstrous evil spirit.

This is also the reason why it is difficult for ordinary people to control Jiuli Tu.

Because of that fierce aura, it is likely to affect the mind of controlling people.

If you can't get the approval of Jiuli Tu.

Even if you forcibly obtain Jiuli Tu, your mind will be eroded.

In the end, it may even become a madman who only knows how to kill.

In the nervous gaze of everyone.

The figure of Jun Xiaoyao emerged from it.

The breathing of Chi Long and others almost stopped at this moment.

Jun Xiaoyao raised his hand, and that Jiu Litu shrank in a gleam of blood, and finally fell into his hand.

"Success..."

Chi Yu and other Tianjiao of Chi You's immortal order, their eyes widened, and their eyeballs were about to fall.

Their Chi You Xian Tong Jiuli Tu was really acquired by an outsider.

"Really naughty batch!" Lu Fugui is no longer an adjective.

Mo Yanyu had expected it a long time ago, so she was not too surprised.

Chi Long's eyes vibrated.

"He really succeeded, which means..."

Chi Long knows what this means.

This mysterious senior in black robe was approved by Devil Emperor Chi You!

He may be the key to changing the fate of Chi You Xiantong!

"This time the harvest is indeed great..."

Looking at Jiuli Tu floating in his palm, Jun Xiaoyao was very satisfied.

Although this Jiuli Tu is currently at the top imperial soldier level for the time being.

But its material and foundation are of the quasi-immortal level, and its value is infinite.

And most importantly, Jun Xiaoyao also discovered a little bit.

In the next moment, he poured a trace of law into the Jiuli map.

Suddenly, the Emperor Dao rune engraved on the Jiuli map lit up.

Immediately, everyone only felt a roar coming from the five thousand barbaric warriors before.

They actually knelt on one knee directly towards Jun Xiaoyao.

"This is....."

All Chi You Xiantong people are sluggish.

These five thousand barbaric warriors seemed to have been controlled by Jun Xiaoyao.

You know, this is a supreme-level army.

Five thousand supreme!

Although it is impossible to compare with the real supreme, this is also an invincible elite!

Especially in the forgotten kingdom.

Controlling such an army is enough to crush other Tianjiao!

Jun Xiaoyao is very satisfied, very satisfied.

Such an army is definitely an important force for the Emperor Court, and it will form a great deterrent.

"It's almost there, let's leave first."

In the hands of Jun Xiaoyao, Jiuli Tu was shocked.

Those five thousand barbaric warriors were all included in Jiuli Tu.

Jiuli Tu is not only a fierce and powerful soldier, but also a spatial magic weapon.

There is more space in it, and even the sun, moon, mountains and rivers can be included in it.

This murderous soldier can also be regarded as a weapon of war.

At this moment, Chi Long suddenly spoke.

"Senior, wait a minute!"

"how?"

Jun Xiaoyao asked lightly.

"Senior has ever seen Lord Chi You Demon Emperor?" Chi Long asked nervously.

"I saw a ray of spirit from the Devil Emperor Chi You." Jun Xiaoyao said truthfully.

"The Devil Emperor Chi You, recognized Senior?"

"For... yes." Jun Xiaoyao said casually.

Hearing this, even if it was Chi Yu who had a little resistance and doubt towards Jun Xiaoyao at the beginning, his expression became solemn.

After all, for Chi You Xiantong, Chi You Devil Emperor is like a god.

"Since Chi You Demon Emperor has approved Senior, then Senior is also the spiritual leader of my Chi You Xian Tong!" Chi Long saluted Jun Xiaoyao.

"Yes, who can be recognized by Chi You Demon Emperor, who is the leader of my Chi You Xian Tong!"

Chi Yu and others also said solemnly, and then knelt down on one knee to Jun Xiaoyao.

Jiuli Tu is of extraordinary significance to Chi You Xiantong. Since Jun Xiaoyao has obtained it, he is their leader.

This is an iron rule.

"you....."

Jun Xiaoyao pretended to hesitate, and then a faint curve formed on the corner of his lips.

Sure enough, everything was as he expected and planned.

"You don't even know who I am, so you should elect me as the leader?" Jun Xiaoyao asked.

"Regardless of the senior's identity, being able to be recognized by Chi You Demon Emperor means that seniors will definitely help us Chi You Xiantong." Chi Long vowed.

"Yes, we, Chi You Xiantong, have had enough of Xianting's anger!" Chi Yu also added.

When they think of the discrimination and unfair treatment they have suffered, anger surges in their eyes.

"Well, if this is the case, you will be by my side for the time being, and there should be no other Xiantong people who dare to bully you again." Jun Xiaoyao said.

In the eyes of Chi Long and the others, there was a burst of joy.

"Thank you senior!"

They certainly don't know the identity of Jun Xiaoyao.

But if you know it, maybe the expression will be wonderful.

After that, Jun Xiaoyao and others also left this heritage site.

The entire land of the gods remains extremely wide~[www.mtlnovel.com](http://www.mtlnovel.com)~, even the periphery, it will not be able to be explored in a short while.

Jun Xiaoyao's Hengsha-level primordial soul has a very wide range of perception and is very keen.

He also found some other heritage sites.

However, most of the things in it, he has no interest.

They were all divided up by Lu Fugui, Mo Yanyu, and Chi Long.

At a certain moment, Jun Xiaoyao suddenly felt an inexplicable throbbing feeling in his heart.

It was a breath that seemed to be of the same origin, causing his soul to tremble slightly.

Jun Xiaoyao's mind moved.

His quasi-congenital body fetus was trembling.

"Does that breath... have something to do with Emperor Huang?"

[Chapter 1267: Ancient Xianting experience ground, clues about Huangdi, Chen...](#)

Jun Xiaoyao comes to the forgotten country.

A big reason.

It's because of the clue left by Emperor Wushu.

The luminous planet appears, the forgotten land, the waste.

Jun Xiaoyao figured out that Huangdi was probably referring to Huangdi.

But Jun Xiaoyao also has doubts.

How could Gu Xianting have anything related to Huangdi?

Huangdi built the ancient temple, and it should have nothing to do with the ancient fairy court.

The difference between the two is the extent to which the well water does not interfere with the river water.

Jun Xiaoyao always had doubts.

And now, he personally sensed this breath.

It's in the depths of the land of the gods.

"There, it should be the scope of the ancient fairy court ruins." Jun Xiaoyao thought.

The entire sacred land.

The outer and middle walls should be the heritage sites of the major immortals.

The inner area is the oldest and core ancient fairy court ruins.

And the breath that resonated with Jun Xiaoyao came from the ancient Xianting site.

Without hesitation, Jun Xiaoyao went deep directly.

The rest followed him.

I don't know how long has passed.

Ahead, the clouds and mist, the rays of sunshine, filled with a vast breath.

It was a golden mountain with no top.

This golden mountain, like other floating islands, is suspended in the void.

Jun Xiaoyao glanced at it, a little strange.

It feels like this golden mountain looks like a human shape.

Of course, it's just similar in shape, and the outline looks very vague.

However, around this golden mountain, the runes are vast as the sea.

There seems to be a strong gravitational position.

Ordinary Tianjiao couldn't go deep at all, and as soon as he stepped into this area, he would be crushed to fall from mid-air.

"It seems that it is difficult for us to enter."

Chi Long and others were embarrassed.

Not to mention them, even Lu Fugui and Mo Yanyu would need to use magical artifacts to reluctantly enter.

Upon seeing this, Jun Xiaoyao waved his hand gently, the vast breath surged.

Like a cocoon, this group of people is wrapped in it.

Everyone immediately felt that the pressure disappeared.

"Thank you, senior."

Chi Long and others were even more pleasantly surprised.

The strength of this black robe senior was too far beyond their expectations.

And Jun Xiaoyao and his party were not the only ones who came here.

In other directions of the Golden Mountain, there are also groups of figures appearing.

In one direction, a team of Tianjiao appeared.

The head of a young Tianjiao, hair like a burning flame, a pair of red pupils, like melting magma.

It is Zhu Rong Xiantong's seed-level arrogant, Yan Xiao.

On the other side, Tianjiao of Shennong Xiantong also appeared, headed by Yao Junzi.

Then, Xing Tianxian unified all the figures also appeared.

The leader is Xing Meteorite, Long Xuan and others.

There was also the man in the black cloak who had been concerned by Jun Xiaoyao before and had a special aura.

"Here, it should be the holy mountain, the opportunity to experience the ancient fairy court Tianjiao." Xing Meteo Shen said to himself.

Guxianting naturally also has some experience places to cultivate young talents.

And this holy mountain is one of them.

This sacred mountain is born with a vast coercion, which is a kind of training and tempering for any Tianjiao.

In addition, if you stay on this holy mountain, your physical body can get a lot of exercise.

Because this holy mountain is filled with a special breath that can automatically temper Tianjiao's physical body.

This is also the reason why Xing Meteo Shen and others came here.

They want to use this to transform their bodies.

Beside him, the man in the black cloak with a special aura raised his head slightly and glanced at the holy mountain, revealing a slight smile.

In another part of the holy mountain, a group of people also appeared.

Among them, there are two generations with heads and corners, and their appearances are seven-point similar.

It is the second and largest of Yanyun's eighteen riders.

Brilliant combat body, Yuhui.

Dark Night King Body, Yu Mo.

In the era of Emperor Haotian, they could also be called the most stunning twin stars.

The two complement each other, and the world is invincible.

Although a bit exaggerated, this is enough to prove their strength.

If the two of them joined forces, even Emperor Haotian would have to treat it a little more cautiously.

Beside them, there is a beautiful woman with a cold temperament and bright eyes.

Surprisingly, Bai Luoxue is the fourth-ranked think tank among Yanyun Eighteen Cavaliers.

She frowned slightly and said, "Ziyan Tianjun and others should have fallen."

Yu Mo said lightly: "In the Forgotten Realm, there are many dangers in itself, and it is normal to fall."

"I don't know why, I always have a sense of anxiety. They might have been killed by other people." Bai Luoxue said solemnly.

"Does anyone really dare to provoke us?"

Yuhui didn't believe it either. Someone dared to attack them.

After all, they are followers of Emperor Haotian, and they don't look at the face of the monk or the face of the Buddha.

It can be said that at present, even the contemporary Young Emperor Ling Yuan dare not confront Emperor Haotian head-on.

Not to mention other Xiantong people.

"Anyway, we should be more careful." Bai Luoxue said cautiously.

"You, sometimes it's too shocking." Yu Mo shook his head slightly.

Subsequently, all walks of life began to approach this holy mountain.

Among them, Qin Yuanqing's team also came.

All Tianjiao began to climb the holy mountain.

And on this holy mountain, there are also many qi and blood medicines.

Some people even saw the light flashing on the top of the holy mountain.

That is the light of the elixir.

Jun Xiaoyao also led a group of people to start climbing.

It's just that he protects everyone alone.

And at the moment when I set foot on the mountain.

Everyone felt it, a special breath penetrated into the flesh, assisting in tempering.

After sensing this breath, Jun Xiaoyao's face suddenly changed.

He looked at the top of the sacred mountain, with a deep meaning in his eyes.

He understood what that clue meant.

Jun Xiaoyao led the crowd and continued to reach the summit.

And the higher you go, the greater the pressure.

Others, such as Xing Meteorite, Yuhui and other Yanyun eighteen riders, Zhu Rong Xianxian Yan Xiao, Shennong Xianxian Yaojunzi and others, also want to reach the top.

Jun Xiaoyao's speed is naturally the fastest.

But for too long, he led a group of Tianjiao to the top of the mountain.

Looking around, there is a golden pagoda on the top of the mountain.

The pagoda has seven floors.

Exudes an extremely terrifying banning power.

And in each layer of the golden pagoda.

There is a source of immortality.

In the fairy source.

Each sealed a figure with a deep breath.

"That is..."

Behind Jun Xiaoyao, Chi Long and others were shocked upon seeing this.

"What do you know?" Jun Xiaoyao asked. UU reading [www. uukanshu.com](http://www.uukanshu.com)

"Is that the saint child-level figure sealed by the ancient fairy court?" Chi Long was surprised.

"Gu Xianting's saint child?"

Jun Xiaoyao's eyes flashed.

In fact, he is a sleeping seed-level figure.

However, the Saint Child who can be sealed by the Ancient Immortal Court, the talent and strength obviously cannot be underestimated.

And this time, it was seven.

If they were released, they would become an extremely powerful force in Xian Ting in the future.

This is not what Jun Xiaoyao wants to see.

And more importantly, he has almost understood everything.

The practice of Xian Ting really made him feel a little uncomfortable.

[Chapter 1268: 1 Fight against the heroes, the fetus of the congenital body is exposed](#)

In the golden seven-story pagoda.

On each floor, there is a source of immortality.

In each piece of the fairy source, there is a holy child-level Tianjiao from Gu Xianting.

In Jun Xiaoyao's soul perception.

The tempering aura that the entire holy mountain exudes is all converging towards the golden pagoda.

Then poured into the seven sealed saint children.

In other words, these seven saint children who were sealed by the ancient fairy court.

In the long sleep time, they are all being tempered by the aura of the holy mountain.

They take the breath of the holy mountain as nourishment to temper themselves.

After such a long time, it is hard to imagine how strong these seven ancient fairy court sons have become.

"But why do they sleep in the forgotten kingdom?"

This is Jun Xiaoyao's point of doubt.

The forgotten country is closed, and the time of birth is uncertain.

If Ancient Xianting wanted to seal the seed-level Tianjiao, it should not be sealed in the forgotten kingdom.

In contrast, these seven ancient fairy court saints are more like someone who was sealed here with them.

It's like Yanyun eighteen riders, sleeping with Emperor Haotian.

"Could it be that there are still big figures in Ancient Xianting here, and these seven saints are just followers?"

Jun Xiaoyao suddenly thought of it.

"But no matter what, first of all, this golden pagoda has to be destroyed." Jun Xiaoyao's eyes flashed coldly.

He already knows some causes and consequences.

The most important thing now is to destroy the golden pagoda of the town's holy mountain.

And just when Jun Xiaoyao wanted to make a move.

In all other directions, there are also some Tianjiao who have come up.

They saw Jun Xiaoyao and others at a glance.

"It's you!"

The first to come up was the line of Xing Meteorite.

Xing Meteorite, Long Xuan and others saw Jun Xiaoyao with a touch of coldness in their eyes.

When fighting for the Feixian Waterfall in the Forgotten Lands before, they were also pitted by Jun Xiaoyao.

There is no chance to win the Feixian Waterfall.

Immediately, Yuhui, Yu Mo, Bai Luoxue and others in the eighteenth ride of Yanyun also came up.

They glanced at Jun Xiaoyao, and a strange color suddenly appeared in their eyes.

The eighteen riders of Yan Yun had some feelings between each other.

They could vaguely feel the breath of Ziyun Tianjun.

In other words, Ziyun Tianjun and others fell into the hands of this black robe man.

But Bai Luoxue looked at the black-robed man, and for some reason, she felt more uneasy in her heart.

Immediately, Yan Xiao of Zhu Rong Xiantong, Yao Junzi of Shennong Xiantong and other Tianjiao, and even Qin Yuanqing and others, also came up.

For a while, the atmosphere stagnated.

"Hey, is that the seed-level figure of Gu Xianting?"

Yan Xiao, Junzi Yao and others looked at the seven figures sealed in the golden pagoda, revealing a look of surprise.

"If you can win them over..."

The descendants of the great immortals began to liven up their minds.

"I'll talk about this later, but right now, there are still some private enmities that need to be resolved."

Xing Meteo said coldly, looking at Jun Xiaoyao.

"It's a coincidence, we also have private feuds that need to be resolved."

Yuhui and Yumo also stepped forward.

Yan Xiao and Yao Junzi saw this scene, looked at each other, and then took a step back.

They don't want to get involved in the three-way war.

This black-robed man, they had seen before, was from Ling Yuan's line.

And Yuhui Yumo and others belonged to Emperor Haotian.

Naturally, there is no need to say more about Xing Meteorite and others.

Their three veins are the strongest tripartite forces, and they stand together.

The other Tianjiao of Xiantong only watched from the sidelines.

Qin Yuanqing also watched.

He also wanted to confirm whether his thoughts were right.

"You guys step back first."

Jun Xiaoyao waved his hand to let Lu Fugui, Mo Yanyu and Chi Youxian retreat.

Lu Fugui hesitated, because those opponents at the moment were not easy to provoke.

Yuhui and Yumo joined forces, and even Emperor Haotian couldn't ignore it.

Xing Meteorite is a sacrament of fighting and fighting, and its combat effectiveness is even more powerful.

There is also Long Xuanyi, the son of the ancient emperor Longteng.

One or two are not easy to provoke.

Unless the identity of the black-robed man is really what he guessed.

As for Mo Yanyu, she simply stepped back.

She was the only person present who knew the identity of Jun Xiaoyao.

In her eyes, although these opponents are strong, they cannot be Jun Xiaoyao's opponents.

"It seems that this battle is unavoidable." Jun Xiaoyao's tone is still very indifferent.

Yan Xiao and others looked at Jun Xiaoyao curiously.

In the face of Xing Meteorite, Long Xuanyi, Yuhui, Yu Mo and other peerless arrogances, they could still be so calm.

His identity is arousing curiosity.

"Do you think that if you have Lingyuan to support you, you can provoke me to wait?" Xing Meteo's breath shook.

Several people faintly blocked the retreat around Jun Xiaoyao.

Jun Xiaoyao chuckled lightly.

"I think you have misunderstood from beginning to end."

"what?"

Several people looked indifferent.

"You guys, don't deserve me to provoke me, will the true dragon in the nine heavens provoke the loach in the mud?"

Jun Xiaoyao's words suddenly changed the expressions of the few people present, even more cold.

boom!

Xing Meteorite shot directly.

He is a resolute temperament.

With a punch, the world is shaking.

Fighting the Eucharist, known as the first combat effectiveness.

Of course, there may be some water in it, but the strength of this Eucharist is also beyond doubt.

Jun Xiaoyao also blasted a punch, and the two punched each other.

boom!

With a thunderous bang, Xing Meteorite only felt a monstrous power from his arm.

He was as if hitting a rock with an egg, his chest trembling sharply, the blood in his body was surging, and he almost vomited out a mouthful of blood, but he still swallowed it.

"you..."

Xing Meteoshen looked suspicious.

"One force drops ten guilds, fighting skills are worthless in the face of absolute strength." Jun Xiaoyao said.

Not to mention his power, completely overwhelm Xing Shen Meteorite.

Even if he talked about fighting skills, cultivated the God of War catalog, and confronted Emperor Luangu with Jun Xiaoyao, he was only stronger than Xing Meteorite.

"who are you?"

Long Xuanyi also stepped out.

Jun Xiaoyao didn't answer, but said indifferently: "Let's go together, otherwise, I'm not even interested in making a move."

"It's really a bit arrogant." Yu Mo said.

"But this reminds me of a person who used to be so arrogant, but now he is lying in his ancestral land to heal his wounds." Yu Hui said indifferently.

Tianjiao at the scene took a look at each other, UU reading [www.uukanshu.com](http://www.uukanshu.com) all knew who Yuhui was talking about.

But Mo Yanyu couldn't help but chuckle in her heart.

She really wanted to see these people, the funny expressions after knowing the truth.

Jun Xiaoyao was very indifferent to this, he stepped out.

Suddenly, the entire holy mountain seemed to tremble.

An extremely terrifying aura emerged, and the power of qi and blood rushed to the heavenly spirit, as if it had turned into a dragon of qi and blood.

At the same time, ten thousand runes appeared, as if the avenues between heaven and earth were resonating with them.

This breath burst out, and it was not weaker than the feeling of the pressure of the holy mountain.

All Tianjiao's expressions changed drastically at this moment, and said in amazement.

"Innate Eucharist Dao Fetus!"

[Chapter 1269: The seal of no end, the bell of no end, he is the biography of the great emperor...](#)

At this moment, Jun Xiaoyao did not hide his breath.

The vast dragon of blood traverses the sky.

Hundreds of thousands of runes flickered, and in the void, flowers of the avenue bloomed.

Jun Xiaoyao seemed to be standing in the middle of ten thousand ways, overlooking Yingjie from all directions.

Although he still wore a black robe.

But everyone has an illusion, he seems to be a great god, descending here.

"How is it possible, the Innate Eucharist!"

The expressions of Xing Yi Shen, Long Xuan Yi, Yu Hui, Yu Mo and others all changed drastically.

The previous indifferent completely no longer exists!

No one can calm down in the face of this invincible physique!

Before, Jun Xiaoyao was just a barren ancient sacred body, but he pushed the Bafang Tianjiao horizontally and pierced the ultimate ancient road.

Later, it was transformed into a chaotic green lotus body with the same properties as the chaotic body, and it was the same as the chaotic body.

The Congenital Eucharist is one of the most prominent physiques.

As we all know, the ranking of three thousand physiques is not fixed.

There are often ups and downs.

But the real strongest physique, no matter how weak it is, it can't be weak.

Such as the chaotic body, the congenital body, the eternal fairy body, etc., have never fallen out of the top five positions.

This is enough to prove.

As long as they have these physiques, no matter how bad they are, they are enough to overwhelm an era.

Before, some people wondered why there was no news of the Innate Eucharist in this golden age.

But now, after personally feeling this breath, everyone's eyes widened, and their breathing almost stopped.

"Innate Eucharist Dao Fetus!"

Chi Long, Chi Yu and other Tianjiao of Chi You's immortal lineage were all surprised.

Unexpectedly, this mysterious person who was recognized by Jiuli Tu was such an anti-celestial physique.

"No wonder he can be recognized by Lord Demon Emperor."

Chi Long and Chi Yu recovered.

If this physique has not been recognized, it would be surprising.

Mo Yanyu was also a little surprised.

Although she knows the identity of Jun Xiaoyao.

But I didn't know that Jun Xiaoyao was of this physique.

To be honest, she is also very fascinated.

As for Lu Fugui, it is even more fascinating.

"Is it because I guessed wrong?" Lu Fugui murmured in his heart.

He previously guessed that this black-robed man might be the rumored son of the Jun Family.

But the son of the Jun family could not have this physique.

When in the world of the gods, his ridiculous ancient sacrament shattered in front of everyone.

Then when he returned from a foreign land, he returned with a chaotic green lotus body.

This has nothing to do with the Innate Eucharist.

In the distance, Qin Yuanqing's face was as pale as paper, and he was extremely afraid.

"Before I, I had been provoking an Innate Eucharist Dao fetus?"

Qin Yuanqing's soul was trembling, almost wanting to slap himself twice.

"Fortunately, that adult doesn't seem to care about me at all, otherwise, I would be gone."

Empress Qin Yuanqing was afraid of repeatedly, and felt like escaping from death.

In addition, Yan Xiao, Yao Junzi, Bai Luoxue and others were all shocked.

"No, it is indeed the breath of the Innate Eucharist, but it is not perfect..."

The man who spoke was the man in the black cloak who was on the way with Xing Meteorite.

His words immediately calmed down Tianjiao who was present.

Xing Meteoshen and the others carefully investigated, and they also noticed something wrong.

"Yes, it is indeed not a perfect congenital body." Xing Meteorite and others also reacted.

But their expressions were not much relieved because of this.

Even if it is an unsatisfactory Innate Eucharist, it is definitely not something that ordinary people can despise.

There are strong physiques such as the Battle Saint Body, the Glorious Battle Body, and the Dark Night King Body.

But in the face of this unsatisfactory congenital body, it still looks dwarfed, not on one level.

"It seems that we are really going to join hands." Yu Mo said solemnly.

He also doesn't have the ease he had before, and his tone is very solemn.

"Let us come and meet you for a while, and reveal your true face." Xing Meteo Shen said.

Their current tone has also been reduced a lot, not as arrogant as before.

After all, no one knows whether the unsatisfactory congenital body in front of him will be complete in the future.

If it is fulfilled, it is definitely the existence at the pinnacle of this golden world.

boom!

Next, Xing Meteorite, Long Xuanyi, Yuhui, and Yu Mo, the four of them shot directly.

The man in the black robe cloak didn't make the first move.

Bai Luoxue never made a move either.

The anxiety in her heart still exists.

Xing Meteorite urged himself to fight the Eucharist, his five fingers clasped his punches and punched out, instantly forming thousands of fist shadows.

That is the king of catastrophe boxing.

Long Xuanyi also shot, his own pure blood of the ancient emperor was boiling.

When he raised his hand, it was an inverse dragon claw, and thousands of runes emerged in the void, condensed into a golden dragon claw with five claws.

The five-clawed golden dragon is the emperor and the most noble symbol among the dragons.

His father, Long Teng Gu Huang, was a five-clawed golden dragon.

As for Yu Mo, he carries the body of the Dark Night King.

Around him, the black tide overwhelmed like ink, as if it had flooded the world, trying to turn this world into eternal night.

Rumor has it that in ancient times, there was a dark night king body who had cultivated to the peak, turning an ancient star field into the eternal night, and hundreds of millions of creatures could not escape from it.

As for Yuhui, it was just the opposite. His body was radiant, like a shining sun.

Beside him, hundreds of dazzling light clusters emerged, like a rain of light shooting away.

It can be said that the four great arrogances have all displayed their own powerful moves.

After learning that the opponent was the corpse of Innate Eucharist, they did not dare to underestimate the enemy.

Jun Xiaoyao is still simple, launched in one palm.

Only this time, there seemed to be lines in his palm, transforming into a big rune.

That rune seemed to be combined and built into a bell.

That clock seems to contain the world and suppress the universe.

"That is..."

The Tianjiao present will be suffocated.

They are all outstanding people of Xian Ting, with extraordinary vision.

I immediately noticed that this clock seemed a bit familiar.

"The Bell of No End, that is the magic weapon of Emperor No End!" Shennong Xiantong Yaojun said in surprise.

In one word, Bafang Tianjiao was trembling.

The Endless Emperor, this is definitely an existence inscribed in ancient history.

Even now, Xianyu has spread his name.

With an ice coffin on his back and a bell hanging on his head, he will kill for nine days.

And the Bell of Endlessness is the magic weapon of Emperor Endlessness, suppressing the nine heavens and ten earth.

Of course, at the moment, Jun Xiaoyao is just using runes to construct an endless clock.

This is a faculty he learned from the Sutra of the Unfinished Emperor, called Unfinished Seal.

It can be said that in the entire nine heavens and ten places, no one is more suitable than Jun Xiaoyao to practice the method of the Emperor Without End.

"Could it be... he is the heir of Emperor Wushu?"

"Yes, he is also a congenital body, although he is not Consummation, but now, he can sacrifice the law of the Emperor Infinite!"

All Tianjiao figured it out in an instant.

"I rub, is it really a descendant of the Emperor Infinite?" Lu Fugui was also taken aback.

If this is the case, then it makes sense.

Why is this black-robed man so powerful that he can kill the Son of Truth, Ziyao Tianjun and others in seconds. UU reading [www.uukanshu.com](http://www.uukanshu.com)

Successor of the Emperor Without End, that is no small matter.

In fact, the descendants of the Great Emperor are not weak.

As for those famous descendants of the Great Emperor, their strength is even more terrifying.

Jun Xiaoyao did not refute either.

He already has the name of a descendant of the Great Emperor Luangu.

It doesn't matter if there is more name of the descendant of the Emperor Without End.

Furthermore, he obtained the Unfinished Emperor Sutra, which is also considered as half of the Unfinished Emperor's successor.

But once this identity came out, Sifang Tianjiao's eyes changed again.

After all, Emperor Wushun has a special status in Xianyu and is praised by thousands of people.

His descendants are obviously also of extraordinary status, and they are not the existence that can be provoke casually.

[Chapter 1270: The battle of visions, the fifth vision of the Eucharist, beautiful mountains and rivers!](#)

Jun Xiaoyao squeezed the seal of no end, directly facing the four Tianjiao to suppress.

What kind of courage is this, with the power of one person, overshadowing the four great arrogances.

These four great arrogances are the Saint Body of Fighting, the Glory Body, the Body of the Dark Night King, and the blood of the ancient emperor.

It can be said that no one is weak, they are all standing on the top of Tianjiao.

But now, facing Jun Xiaoyao, there is no final seal.

They only feel that it is really like the reappearance of Emperor Wushu.

The endless bell formed by the law of runes quaked down, as if trying to suppress the universe.

That vast and mighty force is too terrifying, it really has an invincible demeanor.

The whole holy mountain was trembling, as if the breath of Jun Xiaoyao was resonating.

The thunderous collision erupted.

Qi Qi of the four great princes was shocked to retreat violently, vomiting blood, and suffered a lot of trauma.

The surrounding Tianjiao was still surprised when he saw it, but it was no longer as shocked as before.

The reason is also very simple.

They all believed that this mysterious black-robed man was the heir of the Emperor Infinite.

The Emperor Without End is synonymous with invincibility.

To be qualified to be his descendant is obviously invincible.

So seeing this scene, although other people were a little surprised, they wouldn't be too surprised.

Although Xing Meteo Shen and others are strong, they are obviously weaker than the descendants of Emperor Wu Endless.

"Are you really a descendant of the Emperor Without End?"

Xing Yishen wiped off the blood from the corners of his mouth, and his eyes showed extreme jealousy.

The emperor without end is too loud in the immortal domain.

If it is really his descendant, then the influence will be great.

In addition, it can be regarded as a quasi-innate body constitution.

The spread of this news will definitely shake the Nine Heavens Immortal Domain.

All forces will want to win over the heir of the Infinite Emperor.

Jun Xiaoyao smiled faintly, neither admitting nor denying it.

"If you dare not make a move, just please."

Jun Xiaoyao has no time to spend with this group of people.

Xing Meteoshen's face was extremely ugly.

He was in Xian Ting, and many people believed that he was qualified to compete with Ling Yuan and Emperor Haotian.

As soon as this happened today, his prestige might fall to the bottom.

"The descendant of the Great Emperor Without End, if you can defeat him..." Xing Meteor thought secretly.

He didn't expect to completely suppress or kill the black-robed man now.

Even if it can be defeated, it is a kind of glory.

"It's not an honor to be able to fight against the heirs of the Emperor Without End, I want to try it too!"

Xing Meteorite did not give up, and shot again.

This time, he no longer had any reservations, and the power of fighting the Eucharist was urged to the extreme by him.

Behind him, the power of the law surged and turned into a vast vision.

In that vision, a figure standing upright like a \*\*\*\* of war was fighting a real dragon.

The meaning of fighting is like boiling, sweeping across the world.

"That is... the vision of fighting the Eucharist, the God of War Fighting the Dragon!"

Some Tianjiao exclaimed, unexpectedly Xing Meteorite even sacrificed the trump card vision of Fighting Saint Body.

The war \*\*\*\* fights the dragon, lifelike, as if it happened in the world.

That fighting spirit, under pressure, is infinitely powerful.

And Yuhui, Yu Mo and others also started.

Behind Yuhui, a dazzling sun appeared, with an incredibly hot dawn, which turned into a beam of light that brightened the eyes of the blind, piercing the void and killing Jun Xiaoyao.

The glorious war body vision, dawn is breaking!

Around Yu Mo, the darkness was raging like a tide, turning into a realm of darkness.

And in this darkest realm, a dark god, sitting cross-legged, seemed to be the lord of the dark night, the silent spokesperson.

"The King of Dark Night, the king is over the world!"

The dark night king, raised his hand, the \*\*\*\* hand, pressed against Jun Xiaoyao.

It's almost like a dark night, overturning.

Everyone around them hurriedly pushed away, and at the same time was amazed in their hearts.

It is worthy of being able to challenge the existence of Di Haotian.

The strength of the two brothers is indeed amazing.

In addition, there is Long Xuanyi.

Although he has no special physique.

But he is a pure-blood descendant of the ancient emperor, with the blood of the ancient emperor.

This ancient emperor bloodline is not weaker than any kind of strongest physique!

Long Xuanyi also shot, and the dragon blood boiled all over his body.

The dragon's energy surged into the sky, and in the end it turned into a terrifying image of the true dragon.

A lifelike, five-clawed golden dragon with full scales emerged.

With a length of ten thousand feet, like a mountainous ridge, the power of the dragon is surging, covering the world.

Some Tianjiao around were pressed back together, and their faces were shocked.

"It deserves to be the pure-blooded son of the ancient emperor, this true dragon's image is not weaker than other physical anomalies!" You Tianjiao exclaimed.

Right now, everyone is watching.

God of War Fighting Dragon!

Dawn breaks!

The king of the dark night, king over the world!

The real dragon!

Four visions, Qi Qi suppressed Xiang Jun Xiaoyao.

It can be said that even if Di Haotian is here, he must be absolutely cautious.

If you are not careful, you may capsize in the gutter.

But Jun Xiaoyao, standing with his hand held, the corners of his lips fell and let out a light sigh.

"If you don't see the coffin, you won't shed tears."

Linguistically.

Jun Xiaoyao stepped out!

Suddenly, blood rushed into the sky, and the whole holy mountain was trembling, as if it resonated with Jun Xiaoyao.

All Saints appeared around and worshipped together.

Eucharist vision, halloween worship!

Then, a fairy king stood, and after nine days, the immortal spirit fell like a waterfall, and the coercion shocked the world.

The fairy king is coming for nine days!

Chaos Qi surged, and blossoming green lotus appeared, mysterious and magnificent, and each green lotus could crush the starry sky.

Chaos planting green lotus!

In the void, the Tai Chi diagram emerges, yin and yang coexist, life and death are interchangeable, and in the rotation, it seems to be able to run the good fortune of yin and yang of life and death.

Yin and Yang life and death chart!

Seeing the four great visions that emerged, all Tianjiao was suffocated.

They were even in a daze, feeling like Jun Xiaoyao was fighting.

After all, before, Jun Xiaoyao was the ancient sacrament.

And now, the Eucharist vision is reappearing.

But no one doubted anything.

The reason why the Congenital Eucharist is so strong is that it combines the advantages of the ancient Communion and the Congenital Dao.

The vision of the ancient Eucharist, the Congenital Eucharist, can naturally also be displayed.

This scene is extremely shocking.

The four great arrogances all displayed amazing visions together.

As a result, Jun Xiaoyao had four visions alone.

This is so exciting!

However!

Not only that!

After these four eucharistic visions.

There is actually another vision emerging!

In the void, hundreds of millions of miles of rivers and mountains appeared.

All the beautiful landscapes in the fairyland fall into it.

In this scene, the mountains are towering, the silver carvings are hanging down, the ancient trees are towering, and the river is rushing.

Immortal spirit is full, a scene of immortal family.

It is not an exaggeration to say that it is the legendary misty fairy world.

"This is... the fifth vision of the Eucharist, beautiful mountains and rivers!" someone exclaimed.

Xing Yishen and the others were also a little bit hungry in their hearts. UU reading [www.uukANAnshu.cm](http://www.uukANAnshu.cm)

Rao was the former Jun Xiaoyao, and only cultivated four visions.

And the successor of the Infinite Emperor in front of him has cultivated five types!

Under the hood, Jun Xiaoyao looked calm.

He had previously understood the follow-up vision through the blood of Emperor Huang.

Coupled with his later aptitude, he broke through to the King of Abnormal Numbers, and his understanding of the vision became even more profound.

Now, including the Jinxiu Mountains and Rivers, five visions of the Eucharist have appeared.

But in fact, Jun Xiaoyao has already understood the last one.

It's just that the last vision is to be left to Di Haotian.

As for the four people in front of them, using the five visions is more than enough.
