

Sacred Body 1331

[Chapter 1331: Secretly foreshadowing, Destiny God teaches, Luo Xiangling teaches...](#)

After the banquet of the Emperor's Court.

Jun Xiaoyao also handled some things.

Such as Houtu Empress.

Jun Xiaoyao invited her to stay at Jun's house temporarily.

You can also discuss the Tao with a group of ancestors.

At the same time, he temporarily gave her the Mother Qi Ding of All Things.

"You little guy, what are your calculations?"

Seeing Jun Xiaoyao's attitude, Houtu Empress smiled and said.

"Manny, don't worry, Jun Mou treats people with sincerity." Jun Xiaoyao said.

Although he had half a tiger charm in his palm, he obviously couldn't control Houtu Empress.

Her status, status and strength are much higher than those of the ancient fairy court gods.

"Well, anyway, there is nowhere to go for the time being, and there is nothing to stay in Xian Ting now."
Houtu Niangniang shook her head slightly.

To be honest, I saw the current Supreme Immortal Court.

She was very disappointed.

Not only does it lack the prosperity of the ancient fairy garden.

Instead, they are fighting inwardly and intrigue.

This kind of fairy court, in fact, is far from the ancient fairy court.

Houtu Niangniang is not a pedantic person, and there is no need to support such a fairy court.

Even in her opinion.

On the contrary, the Emperor's Court also has a trace of the rudiment and charm of the ancient fairy court.

In addition, Princess Yuan Che didn't even leave.

"Xiaoyao, when will you help me pass on the power of sin?" Yuan Che asked.

Although it is said.

But when I think about it, I know that Yuanche's drunkard's intention is not to drink.

Said to ask when the big sin can be passed on.

In fact, it was to be able to stay by Jun Xiaoyao's rightful words.

After all, Jiang Shengyi gave her too much threat.

If she left like this, she would still feel a little unwilling.

"If the princess doesn't mind, you can take the time later, and I will inform when the time comes." Jun Xiaoyao said.

"Well, I will stay at Jun's side for now."

Yuan Che blinked her glaze gem-like eyes, as if a strategy had succeeded, revealing a touch of girlish cunning.

Jun Xiaoyao was speechless.

Yuan Che is really big-hearted.

Xian Ting and Jun's family are already tit-for-tat.

She, the princess of the ancient fairy court, actually lived in the Jun's house with a carefree attitude.

This is simply living in the enemy's den.

However, the people in Xian Ting must also know that Jun Xiaoyao would not do anything to Yuan Che.

So I feel relieved to let her come alone.

"That's it." Jun Xiaoyao could only nod his head.

Later.

In a pavilion of Jun's house.

Jun Xiaoyao met another group of people.

It is Tuobayu, Tuobalan sister and brother.

And their mission has always been missionary.

The world only knows that Jun Xiaoyao established the six branches of the Emperor's Court.

I didn't expect it.

Jun Xiaoyao secretly had another foreshadowing.

That is the destiny religion!

Tuobayu and others have been spreading beliefs and spreading the magic of Taoism.

Jun Xiaoyao could feel that the massive power of faith poured into his inner universe.

Under a rough sense.

There should be tens of billions of believers who firmly believe in him.

Note that this is a believer, not a person who worships and respects the emperor at ease.

Make an analogy.

A monk worshipped and respected Jun Xiaoyao, thinking that he was the hero who saved the fairyland.

That would also generate the power of faith, but not much.

And if it is a believer, it is a person who firmly believes in Jun Xiaoyao.

The power of faith generated by such a person will be extremely pure, and the amount will be huge.

Now, there are tens of billions of believers in Jun Xiaoyao.

But if you say, worship people who respect Jun Xiaoyao.

That would be innumerable at all.

Xianyu should be at least hundreds of millions.

In addition, the creatures who have cultivated the Dao Heart Demon Secret Art have already exceeded 100 million.

Jun Xiaoyao could feel that he could control their life and death easily.

However, most of these creatures' cultivation bases are only below the ninth rank of Tongsheng.

There are also Supreme Seven Realms, but not many.

As for the Taoist priest, there is almost nothing.

After all, it is not easy to fool those who are strong.

"Very good, you guys did a good job."

"The world now only knows the Emperor's Court."

"But in the future, they will also understand the greatness of Destiny." Jun Xiaoyao said.

It is his habit to plan ahead.

Just like before, let the Xia Family rule the Ten Thousand Clan Business League silently.

And now, the Destiny Cult will also become a behemoth silently.

Even in the future, it will be able to compete with top universities such as Xitianjiao and Gulan Shengjiao!

At this time, a woman with plain clothes, long hair and blue hair, who was astonishingly beautiful, came here like a lotus flower.

"Xiang Ling, what's the matter?"

This woman is naturally Luo Xiangling.

Luo Xiangling looked at Jun Xiaoyao, bit the water and plumped his lips, then said.

"Xiaoyao, I want to join the Destiny Cult."

"Well, why?" Jun Xiaoyao was surprised.

After he brought Luo Xiangling back from the foreign land.

Luo Xiangling first stayed in the fairy courtyard for a while.

Then he lived in Jun's house forever.

"Why, is it because someone in the family offended or contradicted you?" Jun Xiaoyao frowned slightly.

In a foreign land, Luo Xiangling is quite caring for him.

It was the "thigh" he hugged.

And now, Luo Xiangling has come to the fairyland, he naturally wants to take care of Luo Xiangling.

"No, everyone in the family treats me very well, but...I want to help Xiaoyao you."

Luo Xiangling raised her star and looked directly at Jun Xiaoyao.

After seeing Jiang Shengyi, Luo Xiangling understood a lot in his heart.

She has never asked for anything more.

Now I just hope that I can do my part for Jun Xiaoyao.

"Xiang Ling, you don't have to be like this. I brought you to Xianyu, not for you to do anything for me."
Jun Xiaoyao said.

In his opinion, Luo Xiangling only needs to stay in the Jun's house and practice steadily.

Luo Xiangling shook his head, showing a simple stubbornness at this moment.

"Xiaoyao, no matter what I do, I can't eat and drink for nothing."

Jun Xiaoyao laughed slightly, shook his head and said, "It doesn't matter, I can still afford you."

Hearing Jun Xiaoyao's words, Luo Xiang Ling Jiaoyan passed a blush.

How could this be so ambiguous.

But she didn't give up either, and continued.

"Besides, you can see Xiaoyao. The Destiny Cult is different from the Emperor's Court. So far, there are no strong people in charge."

"I'm also a quasi emperor anyhow, and I can still make a difference."

Looking at the stubborn expression on Luo Xiang Lingxue's face.

Jun Xiaoyao was also silent.

This is not young, but he is a little unusually innocent. In some places, he is really like a child.

"Then... well, in that case, then you are the spokesperson of the **** of destiny and creation, the leader of the **** of destiny."

"Tuobayu, you are the vice master, all of you must obey her orders." Jun Xiaoyao said.

"Yes!"

Tuoba Yu and others respectfully said.

Immediately, Tuoba Yu and others retreated.

Luo Xiangling turned around and left too.

Suddenly, a gust of wind blew behind him.

Jun Xiaoyao gently hugged Luo Xiangling from behind.

"Thank you, Xiang Ling, I know all your contributions."

Jun Xiaoyao said sincerely.

Luo Xiangling's body trembled.

She is He Ling~www.mtlnovel.com~ At this moment, she feels like she has turned into a pool of water.

She left with a blushing cheek, with a pure smile.

In this way, she was satisfied.

Jun Xiaoyao smiled slightly.

With Luo Xiangling, the development of Destiny Sect will surely be more smooth.

His belief in the spiritual body of the gods can also accumulate the power of belief faster.

At this moment, Jun Xiaoyao felt a line of sight coming from behind.

When he turned his head, he saw the white-haired and snow-clothed woman, looking at him with a smile.

It's just that beautiful smile, no matter how you look at it, it is meaningful.

"Sister Shengyi..."

Jun Xiaoyao still kept smiling, but there was an inexplicable guilty conscience in his heart.

[Chapter 1332: 2 The secrets of the world, Jiang Shengyi's mind, the heavens...](#)

Of course, Jun Xiaoyao is not the character of strict wife control.

He stepped forward and naturally stretched out his hand to embrace Jiang Shengyi's soft and slender waist.

Jiang Shengyi did not struggle, nor complained.

If it was Jiang Luoli here, maybe she would act like a coquettish or something.

"She is really a very nice woman."

Jiang Shengyi said lightly with red lips.

"So, Sister Shengyi, are you jealous?"

Jun Xiaoyao smelled Jiang Shengyi's hair and smiled lightly.

Jiang Shengyi was silent.

I saw Jun Xiaoyao hugging other women with my own eyes.

Although it was just a courtesy hug.

But it is impossible to say that there is no taste in my heart.

As long as it is a woman, there will be more or less such emotions.

It's just that compared to Ling Yuan, Yuan Che's kind of woman with a strong desire for exclusivity.

Jiang Shengyi will deliberately suppress this feeling.

She didn't want Jun Xiaoyao to feel that she was a naive woman.

For example, Jiang Luoli, her character, can act like a baby to Jun Xiaoyao wantonly.

But Jiang Shengyi couldn't do it.

She is more like a gentle, affectionate big sister next door.

Yes, only a soft and warm heart.

And this mind is only open for Jun Xiaoyao.

"If you don't say it, you just admit it?" Jun Xiaoyao teased.

Jiang Shengyi was a little bit shy, embarrassed to speak, and could only put the head on Jun Xiaoyao's chest.

The two silently enjoyed the rare silence and tenderness at this moment.

"By the way, Sister Shengyi, your cultivation base..."

Jun Xiaoyao wanted to ask before.

Because he himself is the reason of the corpse of the Eucharist.

So I can feel that Jiang Shengyi's cultivation during this period of time has made great progress.

She exudes an aloof and immortal temperament.

It's almost like a feather and soaring away.

"Well, I have initially successfully cultivated the Twelve Orifice Immortal Heart, but it still needs to be consolidated and strengthened." Jiang Shengyi said softly.

Hear here.

Jun Xiaoyao felt a little in his heart.

He didn't feel too happy.

Because I think of the corner of the future I have seen.

The scene of Jiang Shengyi'heart-digging' during the turmoil in the broken universe.

If Jiang Shengyi hadn't cultivated into the Twelve Aperture Immortal Heart.

That Jun Xiaoyao may be happier.

"What's the matter, Xiaoyao, are you unhappy?"

It seemed that he had noticed a trace of Jun Xiaoyao's expression.

Jiang Shengyi lifted up his beautiful and vulgar face and looked at Jun Xiaoyao.

"No, of course not." Jun Xiaoyao said.

In the future, it's better not to tell her.

What Jun Xiaoyao didn't know was.

Jiang Shengyi also had a secret that he didn't tell him.

When Jiang Shengyi inherited the inheritance of Queen Mother of the West.

Queen Mother West once asked her if she was willing to sacrifice herself for her love.

Jiang Shengyi's answer is yes.

These two people are obviously sincere.

But each has a secret to keep from each other.

And this secret is all for the good of the other party.

can only say.

All this is fate.

"Sister Shengyi, in fact, you don't have to practice so hard." Jun Xiaoyao said.

He stroked Jiang Shengyi's white as snowy hair with one hand.

Seeing this hair, I thought of the matter that Jiang Shengyi turned his head all night.

"Happy, I don't work hard."

Jiang Shengyi showed a sweet and contented smile.

"It is a kind of happiness to work hard for the person you like."

"And Xiaoyao, I am very greedy."

"I don't just want to be with you forever."

"I still want to live forever with you, and sit and watch the vicissitudes of life together."

"Until the era fades and the world ends, I want to be by your side and watch the flowers bloom with you."

"And all this requires strong strength."

Jiang Shengyi's tone was very sincere and firm.

She looked at Jun Xiaoyao seriously.

This remark is not a shocking, weeping declaration.

But it really touched Jun Xiaoyao's heart.

Because companionship is the most affectionate confession.

"Sister Shengyi, after we have dealt with these chores, we will hold an engagement banquet." Jun Xiaoyao also said very seriously.

Jiang Shengyi has been waiting for so long.

It was time to fulfill her promise and give her an explanation.

"Um."

Jiang Shengyixia dyed her delicate face, showing a shy and happy smile.

Jun Xiaoyao bowed his head and kissed Jiang Shengyi's soft lips.

With a sweet smell.

Jiang Shengyi screamed and was also intoxicated.

The atmosphere at this moment is gentle.

The feeling at this moment is happy.

I do not know how long it has been.

Neither of them separated.

At their level, it doesn't matter if you don't change your breath.

In theory, it can be kissed to the ground.

However, at a certain moment, Jun Xiaoyao still let go and turned to look outside.

"Who?"

A beautiful figure fluttering with fairy spirit, some embarrassment emerged.

"Sorry to bother you."

This figure is the fairy Tian Lai, Tian Lai Yun.

After the banquet in the Emperor's Court, Tian Lai Fairy did not leave.

Now, she wanted to find Jun Xiaoyao, but came across such a scene.

Jiang Shengyi's face was extremely blushing, his teeth biting his red lips.

Seriously, her lips and tongue were almost numb.

With Jun Xiaoyao's calm and indifferent disposition, a faint sorrow flashed in his eyes at this moment.

After all, if you change to be any man, you will be upset if you are disturbed like this.

Not to mention that Jun Xiaoyao is still a place.

"Fairy Tianlai, do you know what I want to do now?" Jun Xiaoyao said calmly.

"what?"

"I want to spank you."

Tian Lai Fairy made a big red face instantly, with an extremely embarrassed expression.

She is the proud daughter of Nine Heavens Immortal Mausoleum.

Even in nine days, no one dared to say such offensive things.

But now, it is indeed hers.

Tian Lai Fairy was a little blush.

"Xiaoyao..." Jiang Shengyi groaned.

Jun Xiaoyao turned to Jiang Shengyi.

"Can it be continued at night?"

Jiang Shengyi was taken aback for a moment, and then he was ashamed.

The originally banished fairy, who had been icy and clean, was now in a state of disarray, and his eyes were like water, revealing an astonishing fascination.

She and Jun Xiaoyao, although they have experienced so much together.

But it really hasn't taken the last step.

"Well, no kidding."

"Sorry, Fairy Tian Lai, Jun Mou is a little gagged."

Jun Xiaoyao was lightly dressed in white, and once again returned to a gentle appearance.

Tian Lai fairy breathed a sigh of relief.

She was really afraid that Jun Xiaoyao would really spank her.

But it's a pity not to fight...

Tian Lai fairy shook his head, sifting out the messy thoughts.

"Fairy Tianlai, tell me something bluntly, isn't it about Luo Li?" Jun Xiaoyao said.

Fairy Tian Lai opened his eyes slightly.

"Are you a fairy, or a fortune teller?"

"It's not hard to guess." Jun Xiaoyao smiled lightly.

He had noticed before that when Yun Tianlai came, his expression seemed strange.

Obviously, it's not just about coming to a banquet.

Fairy Tianlai looked a little hesitant, and glanced at Jiang Shengyi.

"It's all my own, let's talk." Jun Xiaoyao waved his hand.

Jiang Shengyi showed a knowing smile.

For both parties, this unconditional trust is the most precious.

The fairy Tian Lai let out a sigh of relief, with a hint of apologetic expression in her expression.

"Master Jun, I hope you hear this news, don't be too angry..."

"Oh?"

Jun Xiaoyao's expression was a bit of playfulness.

The red tide on Jiang Shengyi's face also faded slightly, and his face became serious.

She is always very concerned about Luo Li.

"Don't tell me what happened to Luo Li." Jun Xiaoyao's tone became cold.

"That's not true. No one will hurt Luo Li. She has been practicing very well in Xianling. She has excellent talents and is valued by many big people."

Tianlai Fairy explained.

"In that case, what do you mean..."

Tian Lai Fairy finally mustered up the courage and looked at Jun Xiaoyao.

"In fact, it is Luo Li. It is possible that a marriage will be set for marriage with other restricted areas."

Just one sentence.

Fairy Tian Lai immediately felt that the temperature of the entire pavilion seemed to have dropped to freezing point!

She couldn't help but shudder.

Jun Xiaoyao has no expression on his face, his eyes are as cold as cold springs.

[Chapter 1333: Jiang Luoli wants to marry? The pattern of the fairy tomb, competing for the fairy...](#)

Fairy Tianlai felt a chill like falling into an ice cave.

She is also a famous arrogant girl in Jiutian, and she is extremely strong.

If it is placed in the fairyland, it is definitely a top-level Tianjiao.

The result is now.

Jun Xiaoyao did nothing.

Just the invisible aura made Yun Tianlai, the Jiutianjiao female, sweat on her forehead.

"Too strong, the strength of the gentleman is definitely not as simple as what he showed!"

Tian Lai fairy said in shock.

Such strength, even among the Nine Heavens Heroes, is unique!

Even the young masters of the top restricted areas on the Nine Heavens Dragon and Phoenix List, the emperor and the goddess, may not be comparable to Jun Xiaoyao, right?

Fairy Tian Lai himself, himself was on the Nine Heavens Dragon and Phoenix Rankings, and was called the top class.

As a result, he was still shocked by Jun Xiaoyao's breath.

Jun Xiaoyao is worthy of the title of the first person of the young generation in Xianyu!

"If you are joking, I don't mind." Jun Xiaoyao said lightly.

"Feel sorry..."

Tian Lai Fairy also had a hint of apology in his eyes.

Before, when she enlisted Jiang Luoli for nine days, she had promised Jun Xiaoyao that she would take care of her.

As a result, Jiang Luoli is fine now.

But it is also a headache to have a marriage.

She knew what the relationship was between Jiang Luoli and Jun Xiaoyao.

At the beginning, Jiang Luoli was able to go for nine days because Jun Xiaoyao agreed.

Otherwise, Jiang Luoli would never be separated from Jun Xiaoyao.

"What, marriage, how come?"

Jiang Shengyi's face also changed slightly.

She had known before that Jiang Luoli had been led for nine days.

At that time she was still happy for Jiang Luoli, after all, it was her chance.

But now, this kind of news came suddenly, which was indeed unexpected.

"You Xianling want to embarrass me?"

Jun Xiaoyao's tone fell completely cold.

"Of course not..." Yun Tianlai hurriedly retorted.

The current Jun Xiaoyao can be described as unparalleled in power.

Even if she is the proud daughter of Nine Heavens Immortal Mausoleum, she dare not completely offend Jun Xiaoyao.

"I said, if you don't understand decency, then I will teach you what decency is."

Jun Xiaoyao's tone is still very light, but there is an invisible sense of majesty.

"The situation is not as simple as the gentleman thought." Fairy Tian Lai sighed.

"Xiaoyao, let her explain first and make things clear." Jiang Shengyi said on the side.

She regards Jiang Luoli as her own sister and also knows how deeply Jiang Luoli loves Jun Xiaoyao.

It is impossible for her to marry others casually, and there must be a reason.

"Let's talk." Jun Xiaoyao said.

He was still calm and relaxed.

The fairy Tian Lai sorted out his thoughts, and then said.

"How much does the gentleman know about my immortal mausoleum?"

"It seems that there is a treasure of immortals left behind. It is rumored that it is an ancient forbidden area composed of descendants of immortals." Jun Xiaoyao said.

He really didn't know much about the ten restricted areas in the nine days.

"That's just the opinion of the outside world. In fact, there were three ancestors who created my Xianling, who were called Sanxiangu."

"And the inheritance of Taoism left by Sanxiangu is also divided into three veins."

"They are Qiongxiao, Yunxiao, and Bixiao." Fairy Tianlai explained.

"So that's it." Jun Xiaoyao said.

This reminded him of the Sanxiao Empress in the prehistoric myth.

"I am a member of the Yunxiao family, and the Yuanling realm that Jiang Luoli inherited from her is an ancient fairy belonging to the Bixiao family."

"In this way, Luo Li belongs to the Bixiao family." Jun Xiaoyao said.

"That's right." Fairy Tian Lai nodded, then said.

"The reason why the Yu family's lower bounds used Jiang Luoli in the past was not very good because they belonged to the taboo family of Qiongxiao's line."

"Later, Zhu Xianjian attacked the Yu family, causing serious damage to the Yu family, and it also made Qiongxiao's lineage feel dull."

"Don't tell me, it was for this reason that Luo Li was targeted." Jun Xiaoyao frowned.

If this is the case, then Xian Ling would not care too much about Jiang Luoli, the descendant of the ancient fairy.

"That's not the case. In fact, among the three veins in these years, Qiongxiao has the strongest strength."

"My Yunxiao has the second line."

"And Bixiao's line is the weakest because of the fall of that original spirit world master, the ancient fairy."

Hearing this, Jun Xiaoyao's eyes flickered.

The ancient fairy of Bixiao's line has fallen, and I am afraid that it cannot be separated from a certain turmoil.

It is precisely because of this that the Primordial Spirit Realm would fall into the Immortal Realm, and then be acquired by Jiang Luoli.

"In the past few years, because of the prosperity of Qiongxiao's line, it has been a good sight to become the principal of Xianling."

"So my Yunxiao channel and Bixiao channel, I plan to join forces to contain the Qiongxiao channel and keep Xianling in balance."

Fairy Tian Lai sighed when he said this.

"Heh, it seems that the forbidden zone of life is no different from the layman." Jun Xiaoyao laughed.

Fairy Tian Lai said helplessly: "Where is there any real transcendence, even if it is an immortal, I am afraid there will be fighting and intrigue."

"So why did Luo Li get married?" Jun Xiaoyao asked.

Tian Lai fairy continued.

"My Xian Ling has always been dominated by women."

"As for the descendants of inheritance, they are all combined with outstanding people in other restricted areas of Jiutian."

"If you give birth to a girl, you stay in Xianling, if you give birth to a boy, it belongs to the male power."

Jun Xiaoyao waved his hand and said, "Stop it, so what does this have to do with Luo Li's marriage?"

Tian Lai fairy sighed lightly.

"In fact, in my Xianling, there is an ancestral land called Sanxian Cave, which is a treasure of opportunity."

"The time of opening is uncertain, but every time it is turned on, it is the key to the struggle for the three meridians."

"Because among them, there is one thing that is very important to Xianling."

"And that thing comes from the founder of Xianling, San Xiangu, only certain people with predestined ability can get it."

"For a long time, no one in my Xianling has been able to get that thing in Sanxian Cave."

"And in this generation, among the three veins, there are three people who have the opportunity."

"Liu Qiongyan from Qiongxiao's line."

"Yunxiao's pulse is me."

"And Bixiao's line is naturally Jiang Luoli."

The fairy came slowly.

It can be said that this is the secret of Xianling.

Tian Lai Fairy did not hide it.

This also made Jun Xiaoyao's sullen anger, cleared up a lot.

"So what is that baby?" Jun Xiaoyao asked.

"Hunyuan Jindou." Fairy Tian Lai said bluntly.

"Emperor soldiers?"

"No, it's a fairy."

"The meaning of Hunyuan Jindou to my Xianling Mausoleum is equivalent to the throne of the Emperor of Heaven in Xianting and the Yama of the Ten Halls of the Underworld." Fairy Tian Lai said solemnly.

Jun Xiaoyao was also slightly surprised.

The immortal artifact left by the founder of Xianling, Sanxiangu, is indeed an absolute treasure.

And this also showed from the side that the forbidden area like Xianling is so amazing.

"However, the Sanxian Cave itself is also a difficult place, full of all kinds of remnant formations, difficulties, and dangers."

"And I, Xianling, are all women, so every time the Sanxian Cave is opened, Xianling women can enter together with Taoists or followers."

"And Liu Qiongyan is extremely powerful, and the nine-day hero who fell under her skirt is like a crucian carp who crosses the river."

"It is precisely because of this that Bi Xiao's line thought about letting Jiang Luoli marry a powerful person."

"First, it can consolidate the strength of Bixiao's line, increase allies, and restore the decline and decline."

"Secondly, it can increase Jiang Luoli's chances of successfully winning a golden battle."

Fairy Tian Lai finally said the reason.

"It turned out to be like this."

Jiang Shengyi didn't expect that the reason was so complicated.

"So, who did Bi Xiao's line look for to marry Luo Li?"

There was still a smile on Jun Xiaoyao's mouth.

It's just that the arc of the smile is a bit cold.

Hearing Jun Xiaoyao's words, Fairy Tianlai hesitated in a rare tone.

Thinking of the powerful Tianjiao who is about to marry Jiang Luoli, her eyes also have a solemn meaning.

[Chapter 1334: Shenshan Young Master Wang Yan, Jun Xiaoyao kissed him for 9 days, provoke...](#)

Seeing Fairy Tian Lai's somewhat solemn expression.

Jun Xiaoyao smiled slightly and said: "It seems that he is a figure with a lot of background."

Fairy Tian Lai nodded slightly and said, "Yes, the one who wants to marry Jiang Luoli is one of the ten forbidden areas, the young master of the Emperor's Meteorite Mountain, Wang Yan."

"Emperor Meteorite Mountain?" Jun Xiaoyao muttered to himself, with an elusive meaning in his eyes.

He had also heard of Emperor Meteorite Mountain.

The background is mysterious and the strength is extraordinary.

It can be seen from the name that with the name of Emperor Yu, this is a name that ordinary forces dared to take.

"During the turmoil of the past dynasties, Emperor Meteorite Mountain should also be one of the main forces." Jun Xiaoyao sneered.

The fairy Tian Lai was silent and nodded slightly.

Not all ten restricted areas will participate in the turmoil of the past.

There are several pulses, which are quite active.

Emperor Meteorite Mountain is one of them.

"That Wang Yan, as the young master of the Emperor's Meteorite Mountain, seems to be strong enough." Jun Xiaoyao said.

"Indeed, he is at the top of the Nine Dragons and Phoenix Rankings." Fairy Tian Lai said.

"Nine Heavens Dragon and Phoenix Ranking?"

Jun Xiaoyao heard another term.

"The Nine Heavens Dragon and Phoenix List is a record of the heroes of the nine heavens, who have the appearance of a great emperor, with a total of 100 seats."

"The higher the ranking, the higher the talent and the stronger the strength."

"Then Wang Yan is currently ranked in the top ten, but it should be because he has no intention of competing for the rankings and hides his clumsiness."

"Otherwise, it can't be the top ten." Fairy Tian Lai said.

You must know that Jiutian returns to the ruins because of the special environment.

Therefore, Tianjiao Yingjie bred is extremely powerful.

The immortal domain Tianjiao who almost stabilized the stability of his peers.

In that kind of environment, Wang Yan was able to rank in the top ten, which was enough to prove that his identity as the young master of the mountain was not just because he had gained a reputation.

What's more terrifying is that Wang Yan has no intention of competing for the ranking!

Otherwise, his ranking may be even higher!

If this kind of character came to Xianyu, he would be qualified to fight against him, but Di Haotian and a few others would be the only ones.

However, Jun Xiaoyao has a cold expression on his face.

"That's it?"

"Ah...what do you mean..." Fairy Tianlai was stunned.

"On this little thing, I dare to catch Luo Li's attention. I thought it was No. 1 on the Nine Heavens Dragon and Phoenix Ranking."

"In that case, maybe I will still have a bit of fighting spirit."

Jun Xiaoyao said lazily.

Tian Lai Fairy was stunned and froze in place.

Only then did she react.

Standing in front of him, but relying on a Sanqing avatar, he casually slapped the existence of Emperor Haotian!

Although Di Haotian and Jun Xiaoyao were embarrassed in the battle, the defeat was a complete mess.

But not because he is weak, but Jun Xiaoyao is too strong.

Nine Heavens Hero, because of the environment of heaven and earth, may be better than Xianyu Tianjiao.

But even so, if Di Haotian went to Nine Heavens to compete for the rankings, he would definitely not have any difficulty in getting into the top ten.

Not to mention Jun Xiaoyao, the first person in the young generation of Xianyu.

If he goes to the Nine Heavens to compete for the list, even if he is the first in the Nine Heavens Dragon and Phoenix Rankings, he must be treated with caution, right?

With strength, you can be so capricious and contempt all existence!

Rao is a fairy out of dust, and there is also a black line emerging from the snow-white forehead at this moment.

"The gentleman is certainly not comparable to ordinary people."

"The toad really wants to eat swan meat." Jun Xiaoyao shook his head and sighed.

Tian Lai Fairy was even more speechless.

Dare to compare the dignified emperor Wang Yan, the young master of Meteorite Mountain, to a toad.

If this were passed to Nine Heavens, I don't know how many Nine Heavens beings will be shocked.

"Okay, in that case, I don't blame you for this matter. It is Bi Xiao's lineage who is trying to build a bridge from it to facilitate this marriage."

"But I still have a question. You said that Bi Xiao's line is weak now."

"But even if the Bixiao line is the weakest of the three, and an ancient fairy has fallen, there should still be top people suppressed, right?"

"Are they sitting and watching Bi Xiao's line being suppressed?"

This is Jun Xiaoyao's question.

After all, Xian Ling is a restricted area of life, even if it is divided into three veins.

There should also be top-level heritage in every vein.

Yun Tianlai nodded slightly and said: "That's right, I have three channels of Xianling, all of which are supremely asleep."

"But their existence, unless it is a major change in the world, or the destruction of the immortal tomb, or the beginning of the main sacrificial ceremony, they will wake up."

"Otherwise, basically you won't wake up once in several epochs."

Jun Xiaoyao's eyes flashed.

He heard a word.

"What does the main sacrificial ceremony mean?"

Fairy Tian Lai kept secret, then shook his head and said: "Sorry, I am not sure about this either."

Jun Xiaoyao's heart moved, he knew that Fairy Tian Lai didn't want to say more.

But he kept an eye on it and wrote down the matter.

"All right, I see." Jun Xiaoyao nodded.

Dare to hit the attention of his woman.

In his heart, Jun Xiaoyao had already given Wang Yan the death penalty for betrayal.

What about the young master of the restricted area of Emperor Meteorite Mountain, in the eyes of Jun Xiaoyao, that's it.

Jun Xiaoyao doesn't have too many inverse scales.

His only negative scales are the family members, friends, Taoists and confidantes around him.

Whoever dares to offend will have to endure Jun Xiaoyao's anger!

"So, Lord Jun, you plan to..."

As if thinking of something, Fairy Tian Lai held his breath slightly.

"It's better to say things change than to act."

"I will find time later and go there in person every nine days."

Jun Xiaoyao's voice is faint, an understatement.

Falling in the ears of Tian Lai Fairy, it is tantamount to thunder on the ground!

If Jun Xiaoyao lasted nine days, how many disturbances and riots would it cause?

After all, some time ago, a Zhuxian sword disrupted the entire nine days.

Let the entire nine-day creatures know that there is such a monster as Jun Xiaoyao in the family of Xianyu Jun.

There is also an old man who protects the calf.

Up to now, there are still many young masters and emperors in the restricted area, saying that they would like to meet the legendary Jun Xiaoyao for a while.

For example, the evildoers in the Ruins of the Holy Spirit had all said that they would suppress Jun Xiaoyao.

Some people even planned to personally lower the realm after a while to suppress Jun Xiaoyao.

In the end, Jun Xiaoyao had to kiss for nine days instead.

This trip is absolutely wonderful, I don't know how many collisions and fierce battles will occur!

"If the Lord Jun really goes to Nine Days~www.mtnovel.com~, will he push all enemies like in the fairyland?" Tianlai Fairy could not help but think.

If this is the case, I would be surprised to think about it.

Does Jun Xiaoyao want one person to fight all the arrogances of the entire fairyland, foreign land, and nine days?

This is absolutely unprecedented!

At this moment, Tianlai Fairy was feeling a little turbulent.

She even felt that she should not tell Jun Xiaoyao the news.

This is simply for all the arrogance of the nine days, it has provoked a super devil!

"Why, are you afraid that I will go to Jiutian and cause you trouble in the Jiutian restricted area?"

It seems that he has seen through the mind of Tian Lai Fairy, Jun Xiaoyao is playing with it.

"That's not the case." Fairy Tian Lai said.

"Don't worry, as long as you don't mess with me, I'm not interested in crushing the ants on my feet." Jun Xiaoyao said coldly.

Only Jun Xiaoyao is the one who dares to regard Jiu Tian Jiao Zi as an ant.

"Xiaoyao, I will go with you."

Jiang Shengyidao.

"No, Sister Shengyi, don't you still have to practice? Don't worry, I won't let Luo Li suffer any wrongdoing." Jun Xiaoyao said.

If he goes to nine days alone, nothing will happen.

After all, Zhu Xianjian had just been shocked.

Generally, big shots in the restricted area shouldn't risk the world's big deal against him.

But if you bring Jiang Shengyi, it will be a little troublesome.

Jiang Shengyi also thought of this, and didn't insist on it anymore.

She stretched out her soft and delicate hands like suet jade, and took the hand of Jun Xiaoyao.

"Xiaoyao, you must not disappoint Luo Li."

"Don't worry." Jun Xiaoyao smiled.

His woman is not something that cats and dogs can dream of.

[Chapter 1335: Princess Yuanche's grievances are passed on to the power of sin](#)

After that, Tian Lai Fairy also left with a look of anxiety.

She didn't know what turbulence would be caused by Jun Xiaoyao's actions today for nine days.

After all, Nine Heavens is extremely detached, and has a natural superiority to Xianyu.

If Jun Xiaoyao goes this time.

I'm afraid it will wake up some of the illusions, the proud nine heavens.

After the fairy fairy left.

Jiang Shengyi said with a worried look.

"Xiaoyao, I am still a little worried about Luo Li."

"She used to be the jewel in Jiang's house, and everyone loved her."

"And now, it's really heartbreaking that she suffers that kind of grievance alone for nine days."

Jiang Shengyi was also very fond of Jiang Luoli.

She could imagine that with Jiang Luoli's character, she would rather die than marry the young master of the sacred mountain.

Presumably her current situation is also very lonely and wronged.

Jun Xiaoyao took Jiang Shengyi's incense shoulders and made him lean in his arms.

"Don't worry, Luo Li is also the inheritor of the ancient fairy of Bixiao's line, and he is carrying the Yuanling Immortal body."

"They still need Luo Li to get a golden bucket of Hunyuan. No matter what, it won't be harmful to her."
Jun Xiaoyao comforted.

He knew that Bi Xiao's line should still value Jiang Luoli very much.

It was just because she was fighting for the golden battle, so she had to marry the young master of the sacred mountain.

But as long as Jun Xiaoyao goes, all problems will be settled.

"Um."

Hearing Jun Xiaoyao's comfort, Jiang Shengyi also nodded his white jaw.

Indeed, caring is chaotic.

"Well, Luo Li's matter, I will definitely handle it perfectly."

"By the way, can you continue with what was just now?"

Jun Xiaoyao joked, alleviating the atmosphere.

Jiang Shengyi bit his lip and said nothing, but his eyes were lingering, and his fairy face was like fire.

Just as Jun Xiaoyao was about to kiss, Jiang Shengyi avoided him and left Jun Xiaoyao's arms.

"Wait...Wait for you to pick up Luo Li, we...together...to serve you..."

Jiang Shengyi said in the end, the words were as thin as a mosquito.

Her cheeks and snow necks, as delicate as fat jade, were all red.

She turned around, her snow clothes fluttered, leaving lightly like a white jade butterfly.

Looking at Jiang Shengyi's back shyly leaving.

Jun Xiaoyao couldn't help but shook his head and sighed.

It's really awesome!

Who can stand this!

Of course, Jun Xiaoyao still has determination.

Although Jiang Shengyi has a fatal charm.

But it is better for men to restrain themselves.

Jun Xiaoyao is not the kind of person who has long indulged in the gentle village.

Perhaps when he is truly invincible in the world, he will no longer find an opponent.

Only then will I go to bring the United States to Xiaoyao.

But definitely not now.

A few days later, Jiang Shengyi was going back to retreat.

This time, she took the time to come to attend the grand banquet of the Emperor's Court.

It proves that Jun Xiaoyao's position in her heart is always ranked first.

In the past few days, nothing special happened to them.

It's just that they lean against each other.

Or simply hug and kiss.

They all know that it is not the time yet.

Jun Xiaoyao needs to give Jiang Shengyi a name.

So the engagement banquet should also be arranged on the agenda.

When he was leaving, Jiang Shengyi gave a thousand warnings and urged him to bring Jiang Luoli back to Jun Xiaoyao.

After Jiang Shengyi left.

Jun Xiaoyao also adjusted his mentality.

Time to do business.

He will definitely go in nine days.

But before that, he still has a plan about the Emperor's Court to be implemented.

And just when Jun Xiaoyao was about to convene the senior officials of the Emperor's Court.

A stunning beauty came to him with an expression of resentment and anger.

It is Princess Yuanche.

A girl's face that upsides all living beings, no matter when you look at it, it will give people a sense of extreme surprise.

It seems that everything in the world is just to set off her background.

But after staying with Jiang Shengyi for this period of time.

He looked at Yuanche, and his charm was just like that.

It's not that Yuan Che is really less charming than Jiang Shengyi.

But in his mind, the two women are not comparable for the time being.

Seeing the faintly resentful gaze in Yuan Che's eyes, Jun Xiaoyao smiled indifferently: "Why does your Royal Highness look at Jun in this way?"

"Are you with her all this time?"

Jun Xiaoyao nodded.

"Where am I worse than her, or not as beautiful as her?" Princess Yuan Che continued to ask.

"Neither." Jun Xiaoyao still shook his head.

"Then why, because she knew you earlier?" Princess Yuan Che still felt a little sour in her heart.

After all, in the ten-mile peach forest in that dream, Jun Xiaoyao has always been the only one in her eyes.

"A lot of things, unclear, unclear, especially feelings, there is no reason." Jun Xiaoyao said.

"But you obviously didn't forget the agreement with me."

Yuan Che raised his jade hand and extended his little finger.

The young man in white who swears with her in the ten-mile peach forest.

Is it really gone?

"His Royal Highness, let's talk about your sins first." Jun Xiaoyao changed the subject.

Yuan Che took a deep breath, the Su peak undulated.

She told herself not to be anxious.

It's your own, always yours.

"Well, Xiaoyao, can you pass the big sin to me?" Yuan Che asked.

"It's not impossible, but I'm not sure whether it can be eradicated all at once, so let's find a hole in the heavens first." Jun Xiaoyao said ~www.mtlnovel.com~ Then, Jun Xiaoyao took Yuanche and came to a place in the depths of Jun's ancestral land. Everywhere is blessed.

This is his exclusive retreat, and no one will enter it rashly.

"Well, your Royal Highness, try it first, step by step." Jun Xiaoyao said.

However, Yuan Che's next move.

People like Jun Xiaoyao, who are extremely calm, couldn't help showing a slight stunned.

But seeing Yuan Che, he even started to untie his dress.

The skin is as white as fat jade, with a soft luster like porcelain.

That delicate body is like a perfect creation between heaven and earth.

It can even be called art, every curve is perfect and harmonious.

It makes people look at it, and there is no sense of blasphemy in my heart.

Instead, they will marvel at the magic of creation.

This is the blood of the emperor, a perfect body created by the descendants of mythology!

"Your Royal Highness, what are you?"

Jun Xiaoyao was stunned.

Slowly type a question mark.

Do I need to take off my clothes to pass on the big sin?

Yuan Che blushed.

In fact, her heart was beating extremely fast.

On the surface, he pretended to be calm.

"This is to facilitate the circulation of vitality and blood, and to better transfer the power of sin."

Yuan Che spoke nonsense seriously.

Jun Xiaoyao couldn't help but a black line appeared on his forehead.

I believe you a ghost!

Of course, on the surface, Jun Xiaoyao didn't reveal it, but just nodded faintly.

"Oh, well, you are a princess, and everything you say is right."

Jun Xiaoyao doesn't mind, he is not the one who suffers anyway.

After all, Yuan Che is really seductive.

Most people can't stand it.

Only Jun Xiaoyao, a noble son with countless beautiful views, could treat him indifferently.

[Chapter 1336: Jun Xiaoyao is the old actor, and the Emperor's Court plans to destroy...](#)

Jun Xiaoyao is watching purely with the eyes of appreciating works of art.

But it still makes Yuanche's skin pink and a little shy.

After that, Jun Xiaoyao was the beginning, initially trying to absorb the power of sin in Yuan Che's body.

The power of this great sin, even though it was the same as dark matter, was comparable to poison.

But if it can be controlled, it is definitely an extremely terrifying force.

Jun Xiaoyao can strengthen his god's prison by absorbing the power of sin.

Of course, he wouldn't say it.

After all, Yuan Che is now a bargaining chip for multiple competitions.

Emperor Fuxi Xiantong Haotian, and Emperor Wa, both want to compete for Yuanche.

Jun Xiaoyao wanted to continue to draw Yuanche up.

He began to absorb the power of sin in Yuan Che's body.

Jun Xiaoyao only felt that a wave of terrifying resentment, curse, and sinful power poured into his body.

As if to impose the most terrifying and vicious curse on him.

But this has no effect on Jun Xiaoyao.

First, he has also controlled the power of sin karma, and even turned the power of sin karma into the law of sin karma.

Second, Jun Xiaoyao's own luck was too strong, especially after defeating Di Haotian.

Therefore, it is impossible to dispel his luck with such a big sin.

Third, Jun Xiaoyao's bloodline is also extremely terrifying, and even the curse of evil can't help him.

The power of sin is also difficult to erode the blood of Jun Xiaoyao.

It was for these many reasons that Jun Xiaoyao was selected by Emperor Donghua and became the candidate to pass on Yuen Che's sins.

Jun Xiaoyao can pass on the power of big sins without any effort.

However, his handsome and unparalleled face showed a hint of pain.

"Xiaoyao, what's wrong with you?"

Perceiving the change in Jun Xiaoyao's face, Yuan Che said with concern.

"No problem, nothing more than a little pain." Jun Xiaoyao said.

"Why don't you stop temporarily?" Yuan Che worried.

If you let Jun Xiaoyao suffer any harm because of the power of passing on the big sin.

Yuan Che is absolutely not allowed, and will be extremely guilty.

"No, you promised your Royal Highness, you will do what you say." Jun Xiaoyao said firmly.

In fact, he didn't feel anything at all.

The power of this big sin was not enough to cause any impact on Jun Xiaoyao.

The reason why he did this is because it would make Yuan Che be more grateful to him.

Don't worry, Yuan Che will fall towards Xian Ting or Di Haotian.

Jun Xiaoyao, the old actor.

Seeing the slight pain on Jun Xiaoyao's face, he still insisted on helping her pass on the power of sin.

Yuan Che was even more moved.

Sure enough, she still couldn't give up Jun Xiaoyao.

Even now, there are other women beside Jun Xiaoyao.

She still cannot give up.

Several days have passed.

The process of passing on did not stop.

"Sorry, your Royal Highness, the power of sin in your body is too deep."

"It may not be completely transferred once, it needs to be divided into several times." Jun Xiaoyao said.

"it's OK."

Seeing Jun Xiaoyao's slightly exhausted face, Yuan Che was too late to feel distressed, so how could he care about it.

"Xiaoyao, thank you very much." Yuan Che said sincerely.

Jun Xiaoyao smiled and nodded.

In fact, he can pass on the power of all heinous sins in one go.

But Jun Xiaoyao deliberately divided it several times in order to strengthen Yuan Che's guilt and gratitude for him.

Just hold Yen Che firmly in your hands.

I am not afraid that Xian Ting will have a chance to be unified.

Di Haotian will never even think about it, relying on his marriage with Yuan Che to unify the fairy garden.

Although this is the use of Yuan Che.

But it is the best way to deal with Xian Ting.

mean?

Maybe, but Jun Xiaoyao didn't care.

He is not a character like Jun Wuhui.

Sometimes in order to achieve the goal, it will do whatever it takes.

Finally, Yuan Che reluctantly left.

Watching her leaving behind.

The exhaustion on Jun Xiaoyao's face disappeared in an instant, and his expression was calm.

"Controlling Yuan Che is equivalent to controlling Xianting's lifeline."

"At least for now, the internal disputes in Xian Ting are overwhelming. My Emperor Imperial Court just takes this opportunity to develop."

"It's also time to implement the plan to let the Emperor's Court stand up..." Jun Xiaoyao muttered to himself.

After that, in the palace of the Jun's house where important matters were discussed.

Jun Xiaoyao summoned everyone.

His followers, some friends, and senior officials from the Emperor's Court were all present.

"See the Lord of the Imperial Court!"

All the members of the Emperor's Court respectfully bowed their hands to Jun Xiaoyao.

They may have a different relationship with Jun Xiaoyao before.

But now, in public, they are all under Jun Xiaoyao.

"You don't need to be polite, you are summoned this time because I want to implement a plan." Jun Xiaoyao said.

Everyone present showed their doubts.

The Emperor's Court has just been integrated.

Is this going to do something?

However, this is also in line with Jun Xiaoyao's style.

He really likes to do things.

"Presumably you all have a doubt. In addition to the mobile base camp of the Bronze Immortal Palace, I also need a resident."

"Not only you, many people outside are also speculating about where the Emperor's Court will be located."

"Many people think that they will be in the Wild Heaven and Immortal Realm, or even not far from Jun's house."

"But, I don't want to."

"Under the protection of the Jun family, the Emperor's Court will never truly develop."

"So the Emperor's Court has to fight the world and the country by himself."

Jun Xiaoyao's words made the members of the Emperor's Court present feel that blood is boiling. indeed.

Staying in the deserted fairyland, although comfortable.

But born of sorrow, died of happiness.

Without competition, without fighting, how can an immortal force grow up?

Moreover, the Emperor Court now has no record of its own.

Just like Chi You Xiantong before, he also hesitated to join the Emperor's Court.

It is because the Emperor's Court is a new force, and there is no record at all.

If the Emperor Court had his own record, it would undoubtedly attract more powerful players and forces to join.

"And now, I have a goal."

"The Emperor's Court will not be located in the Wild Heaven and Immortal Realm, but..."

When Jun Xiaoyao said this, the words suddenly stopped.

At this moment, he looked at one person.

"Yi Yu."

"The son..."

Yi Yu stepped forward and respectfully bowed his hand to Jun Xiaoyao.

"You are my first follower." Jun Xiaoyao said.

"Yes, without the son, there would be no Yi Yu today!" Yi Yu said sincerely.

"Remember when you were chased by the Sun God Mountain in the Xuantian Immortal Territory, you ended up drifting all the way to the Desolate Immortal Territory and you were taken in by me."

"At that time I also promised to help you solve the problem thoroughly."

"Now that it has been delayed for so long, it is time to fulfill the original promise."

Jun Xiaoyao fell silent.

Yi Yu's pupils trembled.

"What the son said, is it..."

Yi Yu's voice was trembling, extremely excited.

"And you, Yu Chanjuan, the Moon God Palace where you are is also a force in the Xuantian Immortal Territory."

"The former tenth prince of the Golden Crow, in order to refine the acquired Chaos Body, wanted to **** your Lunar Eucharist, and directly let the Sun God Mountain break through the Moon God Palace."

"This is also a big grudge."

Among the crowd, Yu Chanjuan also stepped out.

With a beautiful face like a fairy in the moon palace, a blue dress, concave and convex, very graceful.

Her face was also filled with excitement and expectation.

"Does the prince want..."

Yu Chanjuan was waiting for that sentence.

"Yes, the Emperor's Court will be located in the Xuantian Immortal Territory."

"And my plan is to destroy the Sun God Mountain!"

[Chapter 1337: The immortal war is back, the lightning strikes, and the conspiracy of Xuan Tianxian...](#)

Jun Xiaoyao's words made the presence silent.

Many people did not react.

The Sun God Mountain, although not top-notch among the powers of the Primordial family, is also famous.

It is the overlord of the Xuantian Immortal Territory.

Otherwise, it would be impossible to have that strength and destroy the Yi Clan and Moon God Palace.

Any line of the ancient royal family is definitely not an easy target to provoke.

Jun Xiaoyao's plan was beyond the expectations of everyone present.

However, the senior officials in the Emperor's Court were just surprised, and did not show any fear.

After all, the goal of the Emperor's Court is to rule the world in the future.

Isn't that funny if you run into a mountain of the sun?

Seeing that everyone was only slightly surprised, without the slightest fear, Jun Xiaoyao was quite satisfied.

He continued: "In fact, there are several reasons for choosing the Sun Mountain."

"First, naturally, because I promised to avenge Yiyu and Yuchanjuan and destroy the Sun God Mountain."

"Furthermore, Sun Sacred Mountain and I had conflicts. The top ten Golden Crow princes and the Little Golden Crow King, all died directly or indirectly in my hands."

"This kind of enmity is irresolvable. The Sun Mountain is destined to be a mortal enemy, it is better to start first."

"Secondly, although the Yi Clan and Moon God Palace were broken by the Sun God Mountain, there are still remaining forces. This is also a force that cannot be underestimated and can be absorbed into the Emperor's Court later."

"Third, I didn't have a good impression of the Taikoo royal family. When I was at the border, I noticed some of the Taikoo royal family colluding with foreign lands."

"However, the current strength of the Emperor's Court is not enough to declare war on all the Primordial Royals, so I will use the Sun Sacred Mountain first to practice and practice."

"And we can use this to play out the prestige of our Emperor's Court."

"Fourth, the Xuantian Immortal Territory is also a very good site, adjacent to the Wild Heaven Immortal Territory."

"At that time, my Emperor's Court can swallow the land and resources of the Sun God Mountain, and then expand in the Xuantian Immortal Territory."

"Finally, it will form an alliance of offensive and defensive ties with the monarchs of the Wild Heaven Immortal Territory and other forces."

Jun Xiaoyao whispered.

The reason why he made such a choice was not because of his brain heating.

But after careful consideration, I feel that this is a feasible way.

Although the Emperor's Court is the one-word hall of Jun Xiaoyao.

He could even directly let the Emperor Court take action without giving any explanation.

But now Jun Xiaoyao didn't want to create an arbitrary image of the Lord of the Imperial Court.

After Jun Xiaoyao explained.

All the high-level members of the Emperor's Court were all in a sudden, and then they showed admiration.

"As expected, Lord Monarch, so far-sighted, indeed, our Monarch Court should also be famous."

Chi Long of the Xing Department, Chi Yu and other Tianjiao said.

They Chi You Yimei Fang joined the Emperor's Court, really wanting to make contributions quickly and make a name for themselves.

I also want to show Xian Ting.

Even if they leave the fairy garden, their Chiyu line can also be famous in the fairyland.

"Then Lord, what is the specific plan?"

Xia Bingyun of the Ministry of Commerce asked.

Although they don't have to go to the battlefield by the Ministry of Commerce.

But if you go to war with the Sun God Mountain, it is an immortal war.

The various resources that need to be mobilized are still huge.

Jun Xiaoyao simply uttered three words.

"Blitzkrieg."

"Blitzkrieg?"

Everyone is puzzled.

"My initial plan for the Emperor's Court, many people believe that we should develop steadily in the future."

"No one would have thought that we would directly launch an immortal war."

"Next, mobilize soldiers and horses, cover in a secret manner, enter the Xuantian Immortal Realm, and shoot like lightning."

"When the Sun God Mountain didn't react at all, it shot directly and caught one of them off guard."

"The current foundation of our Emperor's Court is not weak enough to erase the entire Mount of the Sun."

Jun Xiaoyao's thoughts were that lightning and surprise attacks wiped out the mountain of the sun in one go.

Everyone's pupils were shocked.

Unexpectedly, Jun Xiaoyao's tactics were so sharp and decisive.

This move was suddenly shot, and asked who could stop it?

"Of course, before that, you have to send someone to contact the Yi Clan and the Moon God Palace personnel remaining in the Xuantian Immortal Territory."

"After all, they are the local forces in the Xuantian Immortal Territory, and they have a better understanding of the various conditions of the Sun God Mountain."

"When the time comes to unite them, the chance of success is almost 100%."

"My son, leave this to us."

Yi Yu and Yu Chanjuan said at the same time.

Their eyes are also filled with excitement.

The enemy can finally be wiped out.

How long did they wait on this day?

And Jun Xiaoyao wanted to help them realize this wish.

"Everyone, this is the first immortal battle of my Emperor's Court. All I want is victory!"

Jun Xiaoyao flicked his sleeves, showing his domineering emperor's posture!

"It will definitely live up to the trust of the lord of the imperial court!"

All the senior emperors in the court shouted loudly.

Soon, the war machine of Emperor's Court began to act.

From the outside, it felt that the Jun family was calm and nothing happened.

Many people are still wondering which big state the Emperor's Court will be located in.

As everyone knows, the Emperor's Court has secretly planned to expedition to the Xuantian Immortal Territory.

If this news goes out, it will definitely be explosive.

But Huangtian Immortal Territory is the territory of the Jun family.

If Jun Xiaoyao is unwilling, it is impossible for any news to leak out.

And just when the Emperor's Court was preparing to secretly reorganize the army.

However, Yi Yu and Yu Chanjuan ~www.mtlnovel.com~ secretly went to the Xuantian Immortal Domain.

They need to contact the Yi Clan and Moon God Palace.

Although these two forces have been wiped out by the Sun God Mountain.

But there are still some people left.

...

Xuantian Immortal Territory, one of the nine immortal territories, is adjacent to the Wild Heaven Immortal Territory.

Its area is also very vast, with mountains and rivers, and countless caves and blessings.

In this fairyland, many immortal forces also stand.

But it is different from the Huntian Immortal Territory and the Huangtian Immortal Territory.

Xuantian Immortal Domain does not have a real overlord.

Unlike Xian Ting and Jun Jia, they have absolute authority and dominance over their respective Xian domains.

The Xuantian Immortal Territory is like being in a state of being separated by a group of heroes, competing in the world.

Among them, the most prosperous and domineering force.

When it is the sun **** mountain.

As the ancient royal family, the strength of the Sun Mountain is beyond doubt.

And the contemporary leader of the Sun God Mountain, King Golden Crow, is even more famous and powerful.

Rumor has it that long ago, he was already a powerful quasi-emperor of the Nine Tribulations.

As for now, no one knows where his strength has reached.

But the embarrassing thing is.

The ten sons of the Golden Crow King, and the ten princes of the Golden Crow, all fell directly or indirectly into the hands of Jun Xiaoyao.

There is also a seed of the Sun God Mountain, the Little Sage King of Golden Crow, who also died in the hands of Jun Xiaoyao during the experience of the border famine.

It can be said that the Sun God Mountain and Jun Xiaoyao have the deepest grievances among the powers of the Primordial family.

Had it not been for Jun Xiaoyao's special status, Sun God Mountain would have killed him.

And because of this reason, the prestige of the Sun God Mountain in the Xuantian Immortal Territory plummeted.

Many forces are also anxious for the domineering mountain of the sun to deflate.

[Chapter 1338: The four elders of the Sun God Mountain, Yi Yu took the initiative to explain...](#)

Yancheng, a city with a population of one million in the Xuantian Immortal Domain.

A bunch of strange birds, pulling various cages, are preparing, and are about to take off.

The monks in that team were all dressed in golden feather garments with arrogant expressions on their faces.

Surprisingly, they are all creatures of the Sun Mountain.

And in that cage.

Many monks are being held.

"Finally caught a batch of Yi Clan's rebellion, this group of remnants, everywhere assassinated my Sun Shenshan creatures, causing us trouble."

A creature from the sun sacred mountain whispered coldly.

"But that little girl's skin is good, and pungent and exciting."

Another creature from the sun sacred mountain looked at a cage.

Several remnants of the Yi clan were imprisoned inside.

Among them was a woman in a tight leather skirt, with slender arms and thighs all showing a **** wheat color.

The slightly curly black hair is tied into a ponytail and looks very capable.

It's just that at this moment, she looked at the group of sun gods and creatures with a look of resentment.

"Haha, they all have to be put to death in the end, but before they are put to death, they can enjoy this little girl's skin."

The two sun sacred creatures looked at each other, and both laughed.

"You beasts!"

The **** woman ranted coldly with a deep hatred.

Her name is Yi Ting, a member of the Yi tribe.

His parents and several elder brothers all died in the sun mountain.

For Yi Ting's curse, these sun gods did not take any notice of it.

"By the way, there is also the saint of Izumo Palace. I must hurry up and send it to Master Umo, so I can't make him wait in a hurry."

A creature from the sun sacred mountain looked at the last prison car released.

There, a woman in a plain skirt with a beautiful face was imprisoned in it, whispering.

She is a saint of Izumo Palace.

Izumo Palace is also a great power in the Xuantian Immortal Territory. Although it is not the top, there are also quasi-emperor-level powerhouses.

But once, the grandson of the Great Elder of the Sun God Mountain accidentally saw the saint of Izumo Palace.

He directly threatened to **** her as a little wife.

The Saintess of Izumo Palace was naturally unwilling.

After all, that Young Master Wumo, the name of the dude, resounded through the Xuantian Immortal Territory.

Most importantly, his personality is also very distorted and perverted.

Many of his harem concubines were played by him to death.

However, the young master Umo was the grandson of the Great Elder of the Sun God Mountain.

Everyone knows that the four elders of the Sun God Mountain are all quasi-emperor powerhouses.

This also shows from the side that the Sun God Mountain is powerful.

And that great elder was the strongest among the four great elders, second only to King Crow.

As his grandson, the young master Umo naturally developed a self-respecting character.

Without a word, send someone directly to grab the Saintess of Cloud Palace.

Izumo Palace was naturally angry, but he dared not speak.

In the end, only under the humiliation, hand over the saint of Yun Gong.

Because even the strongest quasi emperor in Izumo Palace is not an opponent of the Great Elder of the Sun God Mountain.

Not to mention that the Sun God Mountain has three other quasi-emperor elders, and there are even more unpredictable top powerhouses such as the Golden Crow King.

Izumogu dare to resist, that is, hitting the stone with a pebble.

At this moment, the saint of Izumo Palace was weeping.

If she is sent to the young master Umo, she doesn't know how long she can live.

Seeing the sobbing Izumo Palace Saintess, and many onlookers around, they couldn't bear it, whispering to each other secretly, and sighed.

"This mountain of the sun is really overbearing, and it has caused anger and resentment."

"That is, it is enough to capture the Yi Clan, after all, the Yi Clan and the Sun Sacred Mountain are feuds."

"But even the Saintess of Izumo Palace was robbed at will and played with Young Master Uma. It's really a crime."

"Have the Sun God Mountain provoked few powers? For example, the Moon God Palace before. Clearly, the Sun God Mountain and the Sun God Mountain do not offend the river water."

"But because the saint of the Moon God Palace, who possessed the Lunar Eucharist, was favored by the ten princes of the Golden Crow, the entire Moon God Palace was devastated."

Many whispers, noisy sounded.

"Shut up what you are talking about!"

A sacred mountain creature shouted coldly, arrogantly.

Some monks couldn't bear it, and murmured in a low voice.

"Hmph, what a look, it's just bullying and fearing hardship."

"There is a kind of trouble to find the son of the king's family. Being killed by others, the top ten princes are not even dare to put a fart."

"Humph!"

Suddenly, a cold snort came.

Among the team, a quasi-extreme-level creature from the sun sacred mountain looked at the crowd.

There is real fire from the sun, gushing out from his pupils.

The monks in that area were all burned to ashes.

The other onlookers hurriedly retreated.

"I am the sun **** mountain, how can some ants make unreasonable comments." The quasi-senior said coldly.

He was also extremely upset.

indeed.

Except for Jun Xiaoyao, no one can deflate the Sun God Mountain.

But the Sun God Mountain did not dare to do anything to Jun Xiaoyao.

This is a thorn in the hearts of all the creatures of the Sun God Mountain.

"Go!"

The quasi-supreme shouted.

A group of teams rose into the air to fly back to the Mount of the Sun.

Wait until the team is far away.

The monks in Yan Cheng shouted.

"Damn, a bunch of flat-haired beasts!"

"I really hope that someone can come out and destroy the Sun Mountain!"

Many monks were yelling.

One can imagine how much people hate the Sun Mountain.

In the void, this team is flying in the sky.

Among them, there is no strong one.

Because in the Xuantian Immortal Realm, no one dared to provoke the creatures of the Sun Mountain.

So in this team, the strongest is the Quasi-Supreme.

And at this moment.

Suddenly, the void was pierced through.

Many arrows came through the air, like teleportation, accurately piercing through the bodies of many creatures on the Sun God Mountain.

"Bold, who is it!"

The lead quasi-sovereign roared.

A young figure with his upper body naked, holding a large bow, looked at the crowd with cold eyes.

"You...you are..."

The quasi-senior's mind was short-circuited.

Then, he suddenly showed horror: "You are... the one next to the son of the Jun Family..."

puff!

However, he didn't even finish his words.

An arrow pierced his head, and annihilated with the soul.

The person who appeared was naturally Yi Yu.

"It's really brother Yiyu!"

When Yi Ting and other tribesmen saw Yi Yu appear, they were pleasantly surprised.

In fact, Li Yiyu escaped from the Xuantian Immortal Territory until now.

It didn't take too long.

"Sorry, everyone, I'm late." Yi Yu said.

He saved a crowd.

Moreover, because it is not suitable to smash the grass and startle the snake, Yi Yu killed all the creatures of the Sun God Mountain present.

The disappearance of this team will not cause a particularly big wave. At most, the Sun God Mountain will send some people out to search.

Then, Yi Yu also learned about the situation from Xiang Yiting and others.

The remaining people of the Yi ethnic group did not live very well.

"Brother Yiyu, thank you for saving us, but this is also a temporary solution, not the root cause. You can't save all the Yi people." Yi Ting sighed.

"No, it's not the same anymore." Flames burned in Yi Yu's eyes.

"what?"

All the Yi people, including Yi Ting, stared sharply.

"The son, he is going to make a move!"

[Chapter 1339: The last Zhun emperor of the Yi clan, combined vertical and horizontal, 1 game...](#)

Hearing what Yi Yu said, Yi Ting and the others almost choked.

They naturally understood who the son in Yi Yu's mouth was.

Except for the overwhelming power and power of the Zhenxian Territory, who else is there?

The son of the Jun family is going to take a shot at the Sun God Mountain?

Yi Ting and others all felt like dreams.

This surprise came too suddenly.

In fact, almost all Yi people know it.

Yi Yu, the young master of the Yi clan, followed the legendary son of the Emperor's family.

They are also looking forward to the Emperor's God Son can help them get revenge for the Yi Clan.

But looking forward to looking forward to.

If the son of the Jun family is unwilling, they have nothing to do.

Even less moral kidnapping.

Jun Xiaoyao Gang is sentimental.

It is duty not to help.

Not to mention that the Sun God Mountain is not a cat or a dog, it can be destroyed at will.

To destroy the sun **** mountain, may have to pay a huge price.

So they didn't even think about letting Yi Yu go to ask Jun Xiaoyao to make a move.

Over time, their hearts gradually became desperate.

But now, in despair, there is hope.

"That's right, the son of God values love and righteousness, and is willing to help us get revenge."

"So, I hope you will go and jointly inform all the people of the tribe that our opportunity for revenge is here for the Yi Clan!"

A flame of revenge surged in Yi Yu's eyes.

Not only him, but in the eyes of Yi Ting and others, flames also rose.

"By the way, the brother of the Yiyu clan and the uncle of the Yijingshan clan were imprisoned in a dungeon by the Sun God Mountain."

"He is the last quasi-emperor of our Yi Clan now." Yi Ting said suddenly.

"Uncle Yijingshan, he was caught by the Sun God Mountain. Didn't the Sun God Mountain do anything to him?" Yi Yu frowned.

The Sun God Mountain is not a kind person.

Moreover, the He Yi clan is a feud.

It stands to reason that if a quasi-emperor like Yi Jingshan is caught by the Sun God Mountain, he will be executed 100% to avoid future troubles.

"Because Sun God Mountain wants to find out the whereabouts of Hou Yi bow." Yi Ting said.

"What, you have found the trail of Hou Yi Gong!" Yi Yu burst into light in his eyes.

Houyi bow, that is the treasure of the Yi clan, the top emperor soldier.

Has the potential to transform into a quasi-immortal weapon.

This treasure, which has been lost before, is also one of the reasons for the loneliness of the Yi people.

"Well, it's almost eyebrows. Originally, the uncle of the Yijingshan clan wanted to find it himself, and then use the power of Houyi's bow to take revenge on the sun mountain."

"Unfortunately, he was besieged by the two quasi-emperor elders of the Sun God Mountain, and was finally suppressed." Yi Ting said.

"Well, the next goal is to find the bow of Hou Yi, and then rescue the uncle of the Yi Jingshan clan." Yi Yu's eyes were bright and clear.

A quasi emperor, that is extremely powerful.

Just when Yi Yu and Yi Ting were discussing.

A firm voice came.

"Can I join in Izumo Palace?"

The person who spoke was the saint of Izumo Palace.

"You are..." Yi Yu hesitated.

This plan cannot be leaked out now.

It is also impossible for him to directly trust an outsider.

Afterwards, Yi Ting explained.

The Saintess of Izumo Palace said with a look of hatred: "The Sun God Mountain has caused anger and resentment. I don't know how many forces want it to die."

"If I hadn't had enough strength in Izumo Palace and couldn't deal with the mountain of the sun, how could I be sent out by humiliation."

"That's it." Yi Yu understood.

"Please rest assured, you are the son of the Emperor's family, no matter how bold our Izumo Palace is, we will not dare to ruin the plan of the son of the Emperor."

"I just hope that we Izumo Palace can also join the army that destroys the mountain of the sun."

"And I can conclude that we are definitely not the only power in Izumo Palace who want to destroy the Sun God Mountain by hand!"

The Saintess of Izumo Palace vowed.

A ray of light flashed in Yi Yu's eyes.

indeed.

In the Xuantian Immortal Territory, there are too many forces that hate the Sun God Mountain.

If they are united together, it is also a huge force.

And more importantly.

If they unite their power, the Emperor Court's own loss will naturally be small.

This is simply killing two birds with one stone.

After having been with Jun Xiaoyao for so long, Yi Yu's city mansion didn't say how deep, but it was definitely not comparable to ordinary people.

"That's good, but only the forces that are absolutely sincere and absolutely hate the Sun Mountain to join." Yi Yu said.

"That's natural." The Saintess of Izumo Palace nodded.

With Jun Xiaoyao's influence and appeal.

There will never be fewer forces secretly joining.

It's not just Yiyu's side.

Yu Chanjuan also contacted the remnants of the Moon God Palace.

Although not many, there are some strong ones.

In addition, there are also some forces that hate the Sun God Mountain, and want to join this immortal battle through Yu Chanjuan.

The news of Yi Yu and Yu Chanjuan was passed back to the Wild Heaven and Immortal Realm, and Jun Xiaoyao learned about it.

Jun Xiaoyao clapped his hands and smiled.

"Okay, you deserve to be someone who has followed me for so long, who knows how to work together."

Jun Xiaoyao smiled faintly.

He is actually ready.

No matter how the Sun Sacred Mountain is, it is also an ancient royal family.

It is simply a whimsical idea to destroy the Sun God Mountain without a bloodbath.

From the beginning, Jun Xiaoyao was ready to pay some price.

But now, those local forces in the Xuantian Immortal Territory have joined.

He helped the Emperor Court share the loss.

When the time comes, use them as cannon fodder and rush ahead.

The loss of the Imperial Court's army can naturally be minimized.

It's not that Jun Xiaoyao is good at calculating.

But to destroy the sun **** mountain, is also good for those local forces.

Isn't it normal to pay a little price if you get the benefits?

Jun Xiaoyao itself is not a great person.

He will naturally use the resources that should be used.

After a while, Yi Yu and Yu Chanjuan were also in the Xuantian Immortal Realm and contacted various forces.

In the meantime, Yi Yu also found the treasure of the Yi Clan, Hou Yi Bow.

However, he did not save the quasi emperor of the Yi Clan, Yi Jingshan for the time being.

Because if it is rescued, it will definitely startle.

Yi Yu planned to wait until the Emperor's Court fully raided.

Lead a group of people to rescue Yijingshan.

And now, everything is ready.

Jun Xiaoyao finally left Jun's house.

He didn't bother anyone, and Huangtian Immortal Territory was as plain as ever.

No one can think of what kind of undercurrent is surging under this plainness.

"Daddy, where are we going?"

Jun Xiaoyao held Xiao Qianxue in his arms.

This is just in case.

"Go to a good show." Jun Xiaoyao's mouth curled up.

"Watching a play?"

Xiao Qianxue blinked her big eyes like crystal jewels, looking very ignorant.

Why go to the theater deliberately?

"Don't Xiao Qianxue like watching theaters?" Jun Xiaoyao said.

Xiao Qianxue's head shook like a rattle.

"As long as Dad likes it, Xiao Qianxue will like it too."

"Hey, this is definitely an eye-opening scene."

Jun Xiaoyao stroked Xiao Qianxue's head.

In the deep pupils, a dull cold light flashed.

The Emperor's Court will step on the bones of the Sun God Mountain.

From then on, famous all over the world!

[Chapter 1340: Yangzhou Dungeon, save the quasi-emperor of the Yi clan, the time for revenge...](#)

The Sun God Mountain is located in the eastern region of Xuantian Immortal Domain.

The so-called Sunrise East.

The Golden Crow clan is a symbol of the sun and naturally occupies a position in the east.

The Sun God Mountain sits on dozens of large states in the eastern part of the Xuantian Immortal Territory.

Many of these big states are the Sun God Mountain, suppressed with iron and blood, and snatched them from other forces.

Because of this, the arrogant and domineering nature of the Sun God Mountain has already aroused anger and resentment.

The most core place of the Sun God Mountain is located in Yaozhou.

This is a large state with a very wide range, and it is also the most graceful and blessed land in the eastern region of the Xuantian Immortal Territory.

There are many sacred sources and treasure pits in the state.

There is also fertile soil for planting holy medicine.

It can be said to be the richest land in Xuantian Immortal Territory.

The Sun God Mountain, as a master of the Xuantian Immortal Territory, naturally occupies the most privileged territory.

And adjacent to Yaozhou, there is Yangzhou.

Although Yangzhou is not the place where the Sun God Mountain Ancestor is located, it is also an extremely important site.

Because in Yangzhou, the Sun God Mountain established a dungeon.

It is specially used to imprison those enemies who oppose the Sun Mountain.

Including the remnants of the Yi Clan and the Moon God Palace, if caught, they will also be sent to the Yangzhou dungeon, cruelly to death.

At this moment, outside the Yangzhou dungeon.

Above the sky, golden crows hovered, monitoring all directions at all times.

On the ground, there are also various formations, and there are also creatures from the sun mountain.

Yangzhou Dungeon, although not as good as Yaozhou, has a large number of powerful people sitting in it.

But there is also a top powerhouse here.

It is the fourth elder of the four elders of the Sun God Mountain.

As we all know, the four elders of the Sun God Mountain are all quasi-emperor-level powerhouses.

Among the four elders, although the cultivation base is the weakest, they also have the strength of the Second Tribulation quasi-emperor.

It is more than enough for him to sit in the Yangzhou dungeon.

The entire Yangzhou dungeon is divided into 18 floors.

It is the eighteen hells imitating the ancient fairy garden and the underworld.

The further down, the more important the prisoners are.

And at this moment, in the deepest eighteen-story dungeon.

An old man with red eyebrows dressed in a golden plume, with the hands of the bearer, slowly walked towards the center of the eighteenth-story dungeon.

Only one person was imprisoned in the entire 18-story dungeon.

Look around.

It was a man of heroic appearance, who should have been invincible.

But now, he has long hair scattered and scrawny.

The chain of runes surrounding the breath of the emperor pierced through his lute bone.

Locked his limbs.

He was also densely covered with many squirming bugs.

It looks numb and terrifying.

It is a spirit sucker, with sharp mouthparts, capable of absorbing flesh and blood, and various laws of energy.

The released toxins can rot the flesh.

Even if it is a treasure, it will be corroded.

It can be said that this is the most painful punishment.

However, in the face of such punishment, the man didn't say a word.

"Yi Jingshan, what? Have you figured it out, where is Hou Yi Gong's whereabouts?"

This old man with red eyebrows is exactly the four elders of the Sun God Mountain, a quasi-emperor of the Second Tribulation.

His aura is not obvious, but the faintly revealing power has made the surrounding void distorted.

And this man is the last quasi-emperor of the Yi clan, Yi Jingshan.

He is a quasi-emperor of the Three Tribulations.

But now, being imprisoned and tortured, in terms of breath, it is naturally impossible to compare with the four elders.

Facing the questions of the four elders, Yi Jingshan was silent.

The Fourth Elder's face sank slightly.

"Yi Jingshan, you, as the last quasi-emperor of the Yi Clan, can be said to be all the hope of the Yi Clan."

"Just for an emperor soldier, do you really want to die?" The fourth elder said in a cold tone.

Had it not been for this top imperial soldier, Yi Jingshan would have been swallowed by refining.

At this moment, Yi Jingshan suddenly laughed.

"Hope, you are afraid that you have forgotten someone."

"Oh?" The Fourth Elder narrowed his eyes slightly.

"My young master of the Yi clan, Yi Yu." Yi Jingshan said.

The Fourth Elder shook his head and laughed at the words: "It's ridiculous and ridiculous, you really put your hope on a brat boy."

"Do you think that he alone can kill me the mountain of the sun?"

The Fourth Elder really wanted to laugh.

This is nothing short of the world.

"You are wrong." Yi Jingshan whispered weakly.

"what?"

"The hope I mean is not Young Master Yi Yu, but... the people he follows!"

Yi Jingshan was suppressed only recently, so he naturally knew something about Yi Yu.

The words of Yi Jingshan made the four elders' complexion suddenly sink.

"Jun Xiaoyao?"

"Yes, Young Master Yiyu may not be able to destroy the Sun God Mountain, but the King's Son can!"

Under Yi Jingshan's long messy and dirty hair, a pair of bright pupils shined!

"Heh, really naive, let's not talk about whether the Jun family boy has that courage."

"Just ask him if he will start an immortal battle with me on the Mount of the Sun for the sake of a small follower."

"If you were Na Jun Xiaoyao, would you make such a demented decision?"

The words of the Fourth Elder silenced Yi Jingshan.

indeed so.

For the blood feud of a follower, an immortal battle was set off to attack one side of the ancient royal family.

This is absolutely unwise.

But for some reason, Yi Jingshan always felt that the son of the gentleman was not that simple.

"I believe Young Master's vision, he will not misunderstand people." Yi Jingshan insisted.

"Hmph, stupid, if you don't tell the whereabouts of Hou Yi bow, the old man can only throw you into the sun **** furnace for refining!"

The eyes of the four elders flashed cold and cold light.

The Sun God Furnace is the top imperial soldier of the Sun God Mountain and is extremely powerful.

And at this moment, suddenly, a tremor came.

It was very slight, but it made the Fourth Elder frown slightly.

"what happened?"

As everyone knows, at this moment, in the sky outside the dungeon.

One by one, dark space passages appeared.

Several cross-domain ancient warships emerged from the sky, broke through the space, and landed here.

"Enemy attack!"

The screaming cry just sounded.

On the cross-domain ancient warship, there are rules and gods can gather.

Then it turned into a beam cannon and hit the dungeon fortress fiercely.

All kinds of defensive formations, runes, are all obliterated!

"Presumptuous, who dares to offend me the mountain of the sun!"

There was a cold drink, and it was all over the place.

A figure full of burning red flames rose into the sky from the eighteenth floor of the dungeon, and the mighty quasi-emperor's might swept the world.

And on the deck of a cross-border ancient warship headed by.

Yi Yu, Yi Ting and others stand on their feet.

"You are... the remnant of the Yi Clan!"

Seeing Yi Yu, the four elders looked surprised.

It wasn't because of Yi Yu that was shocked.

It's the person behind him.

Jun Xiaoyao!

"No... how is this possible, how dare the kid be so bold!"

The four elders were slightly confused.

Jun Xiaoyao, he was so courageous to such an extent.

Just after the establishment of the Emperor's Court, did you dare to use him on the Sun God Mountain?

"Sun God Mountain~www.mtnovel.com~ Your death date is here!"

In Yi Yu's eyes, there was a flame of revenge burning.

"Little bastard, the old man will kill you first!"

The four elders had a sullen expression, and he pressed his palm to the cover of Yi Yu, not caring about bullying the small.

In his opinion, if Yi Yu hadn't met Jun Xiaoyao.

How could it cause so much trouble to the Sun God Mountain?

Yi Yu just sneered.

In the void, two figures suddenly appeared, breaking through the world.

Putting out a fist and a palm, he killed the Fourth Elder Town.

One of them was the King of Fufeng.

After the last assassination, although he was severely injured, he did not die.

Jun Xiaoyao was still loyal, so he mobilized the resources of the Jun family and healed him.

And this battle, Fufeng King also shot.

The other one is the God General of Tianguan, one of the four great generals of Ancient Immortal Court.

His face was expressionless.

Only obey the tiger symbol, no other feelings.

Seeing the two quasi-emperors attacking and killing at the same time.

The heart of the four elders suddenly cooled to the bottom.

"This kid, it's real..."

The four elders showed a gray face.
