

Sacred Body 1351

[Chapter 1351: Those who rebel against me shall die, the royal family will be destroyed, no...](#)

The creatures of the Sun God Mountain were basically strangled.

Except for the King Crow and the Great Elder.

But they are just struggling and struggling to support them.

The fall is just a matter of time.

"If this king dies, I won't let you wait better!"

King Golden Crow began to burn his blood, and his emperor was full of flames.

Every cell seems to be burning, squeezing its own fine pressure to the extreme.

The breath of the Golden Crow King actually climbed up again, and the coercion was grand.

Although he has not yet reached the emperor, he is very close.

However, this does not help.

After all, there are real great emperors present.

Even if the King of Golden Crow opened up and proved Dao Chengdi on the spot, he couldn't escape.

The king of killers, the Big Dipper two shots.

Even with the support of Zu Shan, King Crow was shocked to his body cracked.

The imperial soldiers on his body, the Scarlet Sun Divine Armor, were completely unstoppable, and began to produce traces of cracks.

As for the Sun God Furnace, it was suppressed by several imperial soldiers in the Emperor's Court, and it was unable to exert its power at all.

And that great elder, even the flesh began to fall apart, and the quasi-emperor's body would collapse.

But at this moment, there was a loud shout from Yuankong, resounding like thunder.

"Sovereign Court, you are crazy, you dare to destroy the Sun God Mountain!"

Those who speak out are quasi-emperor-level figures.

Jun Xiaoyao's eyes were faint.

At this time, there is another strong man in the other side of the void, stepping out of the space channel.

"Junior junior, you have passed, how can our ancient royal family be destroyed so easily?"

After that, several powerful men broke through the air, all of them quasi-emperor figures.

"Those are... the Primordial Royal Family?"

The cultivators of the Xuantian Immortal Territory were all speechless.

Those who arrived first were the strong men of the Primordial Royal Family.

From the Dragon King Palace, Yaohuang Ancient Cave, Shencanu, Jiuyou Mountain and other imperial forces.

"The Taikoo imperial family is prosperous for all, and it is lost for all losses. Although it is not a family, it can be regarded as the same camp."

"Naturally, they can't just sit and watch the Sun God Mountain be destroyed like this."

Some strong men exchanged spiritual thoughts.

After that, some other powers broke through the air.

But they did not speak.

Because they are purely watching the excitement and have nothing to do with the Sun Mountain.

"Jun's son, stop now, there is still a little leeway."

In the void, a quasi-emperor said indifferently that was filled with purple and black darkness.

Behind him, nine faintly appeared, each with a head of a fierce beast.

This is the great fierce Taikoo, a strong man in the line of Jiuyoushang.

The force they are in is named Jiuyou Mountain.

The reason why these Primordial royal clans made their voices was not because of how good their relationship with the Sun God Mountain really was.

But the destruction of the Sun God Mountain will undoubtedly create an impression on everyone.

The so-called ancient imperial clan is nothing more than that, and it will be ruined.

Of course, they can only talk about it.

After all, there is really a great emperor present.

They, the quasi-emperors of the ancient royal family, couldn't join the battlefield unless they wanted to die.

As for the real ancient emperor, the ancient emperor, it would not have been born because of this kind of thing.

However, Jun Xiaoyao turned a blind eye to the voices of various royal quasi-emperors.

"Go out."

Jun Xiaoyao waved his hand.

There is no suspense in the ending.

Even if King Golden Crow burned his vitality and sublimated to the utmost, he was nothing but a man's arm.

In the end, his head was cut off by the king of killers, his body was torn apart, and the light of the soul was shattered.

The same is true of the great elder, his body exploded, the laws flowed, and his death disappeared.

"Junior, you..."

Seeing this scene, the several quasi-emperors of the Primordial family all looked cold.

Although they are not real ancient emperors, they are also quasi-emperors.

In the Taikoo royal family, they can be called quasi-emperors!

However, these quasi-emperors were so ignored by a junior, it was a shame.

"Dare to call this monarch this way, or do you want to be with the Golden Crow King?"

Jun Xiaoyao's tone is extremely cold, not anger or prestige.

Now he is really like the lord of the imperial court who holds the authority of the heavens.

The quasi-emperors of the Primordial family were very cold.

But they endured it for life and didn't say much.

After all, the Killer King and others, but stared at them all the time.

"Hi, a word, silenced the quasi-emperors of the Taikoo royal family..."

The masters of the great powers of the Xuantian Immortal Territory are all astounding.

You know, Jun Xiaoyao still belongs to the younger generation.

But it already has such prestige.

Even the Emperor Zhun dare not to be presumptuous to him!

Everything is completely settled.

This ancient imperial family, the Sun Sacred Mountain, which stood in the Xuantian Immortal Realm for many eras, was completely destroyed.

This is as if an immortal myth has shattered.

The most important thing is that it is a new immortal force that destroys this immortal force.

And the master of this immortal force is even less than thirty.

Among the monks, the younger generation is considered to have passed.

Other Tianjiao of the same age, at this age, are at most just going out to practice.

As a result, Jun Xiaoyao commanded an immortal force and annihilated a vein of Primordial Royal Family.

This is simply a legend!

Moreover, the power of the Jun family or the Jiang family was not used in the whole process!

This is the most symbolic.

When everything is over.

Jun Xiaoyao soars into the sky, standing in the sky, hunting in white clothes, like an immortal emperor.

"I, Emperor Court, don't want to provoke any meaningless war, but..."

"If anyone dares to be unruly towards my Emperor's Court, then there is only one way to destroy it."

"Nine heavens and ten earths, my lord ups and downs, whoever rebels against me shall die!"

The last words of Jun Xiaoyao shook the world and resounded through the boundless sky!

From the moment he was born, this young man had been shrouded in the aura of the son of the Jun family.

Now I finally made my own voice!

He is dazzling, like a young emperor!

In the entire Xuantian Immortal Realm, countless people are looking up to Jun Xiaoyao who stands above the Nine Heavens.

If he is a young god, he has proved his ability by destroying an immortal force!

And in the stars in the distance of Xuantian Immortal Territory.

The ancestors of the Jun family are all in the void.

Seeing this scene and hearing Jun Xiaoyao's words, they were extremely relieved.

Among them, the eighteen ancestors are naturally the most emotional.

This little doll, who has been by his side since childhood and under his guidance, is now also growing up to be able to destroy an immortal hero with his own power.

"Finally grown up the eighteenth ancestor sighed.

"Although the family is still a safe haven, he has already begun to soar freely." Sixteenth Ancestor and others are also emotional.

But to be honest, the Jun family didn't care much about Jun Xiaoyao.

Because the stocking policy has always been adopted.

If Jun Xiaoyao has no ability.

Even with the background of the Jun family, he would be one at most, similar to the second generation of Emperor Nirvana and Little Stone Emperor.

And in Xuantian Immortal Domain.

Jun Xiaoyao was admired by countless people.

After today, everyone thinks of Jun Xiaoyao, and no longer just thinks that he is the son of the Jun family.

even more.....

Monarch of the Imperial Court!

[Chapter 1352: To annex the territory of Mount Sun, make a fortune, the sun...](#)

Xuantian fairyland, Jun Xiaoyao stepped into the void.

He just said a few words briefly, but it has already revealed him and the entire Emperor's Court.

It is an existence that is absolutely not to be provoke.

Anyone who dares to hit their attention will have to pay the price of blood.

The quasi-emperors of the Taikoo royal family who came here looked ugly as if they were eating Xiang Xiang.

They were not angry because of the demise of the Sun Mountain.

Mainly because.

If Jun Xiaoyao can destroy the Sun God Mountain.

Can that also destroy other Primordial royal families?

This gives them an extra layer of caution.

But these primordial royal families are not good.

If they know in advance, they will definitely be prepared, and even join forces to prevent risks.

"Jun Xiaoyao, don't be complacent, the Sun God Mountain is just the inheritance of the Golden Crow Clan in the Xuantian Immortal Territory."

"The true Zuwu lineage is far beyond your imagination, but they are not in the Nine Heavens Immortal Realm."

The quasi emperor from Jiuyou Mountain said coldly.

He didn't dare to call Jun Xiaoyao a junior of the Jun family now.

Jun Xiaoyao said nothing, just glanced at the quasi-emperors coldly.

The killer king, with a nuclear smile on his lips.

"go!"

A group of quasi-emperors of the Primordial Family, the heart of the assassin king looked at them, and they went straight away.

Since the Sun God Mountain has been completely destroyed, it doesn't make sense for them to stay here.

Next, these Primordial imperial families will obviously take action and beware of the Emperor's Court.

Jun Xiaoyao didn't care either.

He naturally knew that the ancient royal family, inherited from the ancient royal family, is obviously not that simple.

For the dragon clan alone, there are such forces as the Dragon King Palace and Ancestral Dragon Nest.

Even strictly speaking, the Taixu ancient dragon clan can be regarded as the ancient royal family inherited from the ancient times.

The Phoenix tribe is also divided into different forces such as the Ten Thousand Phoenix Spirit Mountain and the Ancient Demon Phoenix Cave.

Therefore, it is obviously impossible for the Golden Crow tribe to have only the Sun God Mountain.

But this is nothing.

The ancient ancestor of the Golden Crow also said before that the Zuwu line should be at the so-called "source."

When Jun Xiaoyao is eligible to go to the "source".

At that time, his strength, there is no need to worry about Zuwu anymore.

Next, Jun Xiaoyao looked around.

Although the entire war had spread too much, the sky collapsed and the earth shifted.

But this is the Sun God Mountain Ancestor Land after all, so it hasn't been completely destroyed.

Jun Xiaoyao said directly.

"Everyone, today's victory belongs to our entire Emperor's Court. Next, we will integrate the resources of the Sun God Mountain, and everyone has a share."

"In addition, the entire Sun God Mountain Ancestral Land will be transformed and become the new residence of our Emperor's Court."

"In addition, dozens of large states, including Yangzhou, Yizhou, and Yizhou, occupied by the Sun God Mountain, will also be ruled by the Emperor's Court."

"Can any other forces have opinions?"

Jun Xiaoyao looked into the distance, and a crowd of local forces in the Xuantian Immortal Territory looked lively.

Among them, there are some strong immortal forces.

But at this moment, all of them were silent.

See the end of the Sun God Mountain being cut and rooted.

Who dare to have an opinion?

Even those immortal forces who were greedy in the beginning and wanted to fish for a bit of oil and water are all very well-behaved at this moment.

Don't talk about the Jun family, the Jiang family.

The combat power displayed by the Emperor's Court alone is not something that ordinary immortal forces can provoke.

"We, naturally, don't have any opinions."

"The Sun God Mountain, it's going against it, and it has caused anger and resentment. I'm still grateful to Lord Monarch for helping me get rid of a scourge in the Xuantian Immortal Territory."

In the next moment, some immortal strong men with active minds stepped forward, salivating their faces to please.

"Well, please don't worry, everyone, my Emperor's Court came to Xuantian Immortal Territory and didn't want to provoke any war."

"The Emperor's Court will only occupy the big state occupied by the Sun Mountain."

"It is even more impossible to invade other people's territory at will like the Sun Mountain."

Jun Xiaoyao was considered a reassurance for all the forces in the Xuantian Immortal Domain.

After all, the Emperor's Court is not particularly strong now.

It hasn't reached the point where it can be an enemy of the entire Xuantian Immortal Territory.

Jun Xiaoyao didn't want to do this either, it didn't make any sense.

"Haha, the lord is joking, with your strong capital, how can we be worthy of our three-square acre of land." Some powerhouses said haha.

It's not good to say.

The resources controlled by the Jun family alone are comparable to the sum of the resources of these Profound Sky Immortal Realm forces.

If Jun Xiaoyao grabs their resources.

It is equivalent to a wealthy local tyrant who is going to grab a beggar's job.

It's totally unnecessary.

"Well, that's the case. Of course, if there are any forces, I want to take the initiative to join."

"After the screening, you can naturally join." Jun Xiaoyao added.

At this time, there were powerful forces stepping out of the Izumo Palace, Zixiao Gate, Yuding Pavilion, and Astrology Sect.

"I'll wait, I'm willing to join the Emperor's Court, I hope the Lord can accept it!"

Most of these forces have been persecuted by the Sun God Mountain before, and their vitality has been severely damaged and it is difficult to rebuild.

Instead of lingering, it is better to join the Emperor's Court directly.

"Very well, my Emperor's Court is open to all rivers. Any force, as long as it is sincerely loyal to the Emperor's Court, can join." Jun Xiaoyao said.

This is exactly why he started this immortal war.

It is to beat the reputation of the Emperor's Court.

"Thank you, Lord Monarch, I will definitely be loyal to the Emperor Court!"

The strong of these forces are all excited.

The next step is to search the many resources of the Sun God Mountain.

Xia Bingyun and others from the Ministry of Commerce arrived and wanted to integrate resources.

Of course, all monks who participated in the war could get rich rewards.

As for Jun Xiaoyao, he is also walking in the Sun God Mountain.

To be honest, there is really nothing he can see.

The Emperor Soldier, the Sun God Furnace, had become the spoils of the Emperor's Court.

There was also the cracked Emperor Soldier, the Red Sun God Armor, which was also handed over to the top casting masters of the Mo and Lu family to repair.

However, Jun Xiaoyao looks down on it, it doesn't mean that the Sun God Mountain is really nothing.

All kinds of rare divine materials, weapons, holy medicines, piled up in the underground warehouse.

There are also various magical powers, scriptures, manuscripts and so on.

These things were not used by Jun Xiaoyao, but for the Emperor's Court, they were a huge amount of material.

"No wonder, war fortune is indeed the best way to pay."

Jun Xiaoyao also had to sigh.

It made him want to start the immortal war again, and rob a few more Primordial royal families.

Of course, Jun Xiaoyao is just thinking about it.

He knew that now, other Primordial royal families must have taken precautions.

Maybe even soon, there will be some rumors, so that the Emperor Court cannot act rashly.

Jun Xiaoyao did not intend to start an immortal war again.

To destroy the sun sacred mountain, one is that the hatred is too deep.

The second is to establish prestige for the emperor's court.

The goal is achieved, is enough.

"My Lord..."

At this time, Xia Bingyun stepped forward, her pretty face as tender as jade.

She looked at Jun Xiaoyao with a look of reverence in her eyes.

There is also a hidden admiration.

"Bingyun, what's the matter?" Jun Xiaoyao said.

"I think adults should be interested in this thing."

Xia Bingyun took out an ancient book that he had searched. It was golden, like gold leaf.

There is an inexplicable mysterious meaning flowing.

"This is... the sun celestial scripture."

Jun Xiaoyao lifted his eyelids.

Finally there is something interesting for him.

[Chapter 1353: The Emperor's Court settled in the Xuantian Immortal Realm, and the forces of Tianjiao from all sides...](#)

Prior to this, Jun Xiaoyao also received some of the profound meaning of the Sun Immortal Sutra from the tenth prince of the Golden Crow.

But he did not control the true and complete celestial scriptures.

This celestial scripture alone is very precious, and has a higher value than many other resources combined.

And it's what Jun Xiaoyao needs.

He had previously obtained the Lunar Immortal Sutra of Moon God Palace from Yu Chanjuan.

Now, I got the real and complete sun celestial sutra.

After Jun Xiaoyao, he can thoroughly comprehend the two immortal sutras and comprehend the profound meaning of sun, moon, yin and yang.

In this way, it should also be of great benefit to Jun Xiaoyao's inner universe expansion.

After all, the changing of the sun and the moon and the alternation of yin and yang are the laws of the world.

Before Jun Xiaoyao, although he had condensed the sun and the moon in the inner universe.

But because there is no complete sun celestial sutra, there are still some omissions.

Now, with two complete celestial scriptures in hand, Jun Xiaoyao has the ability to condense the perfect sun and moon in the inner universe.

Then the yin and yang alternate.

Thus making the inner universe flourish again.

"Very well, even if it's just for this celestial scripture, it's worth starting this immortal war."

Jun Xiaoyao is also smiling.

For him, building the inner universe is equally important work.

Regarding his future proof of the power of the Empress Dao, he must not be careless.

After getting the Sun Celestial Sutra, Jun Xiaoyao was no longer interested in other resources.

At this time, a group of people came to Jun Xiaoyao.

It is the people of the Yi nationality and the Moon God Palace.

"Thank you son, take revenge for us!"

The faces of Yi Yu, Yu Chanjuan and others were filled with excitement and gratitude.

They waited for this day, how long have they waited.

Now, the long-cherished wish is finally fulfilled.

On the side of the Yi clan, the quasi-emperor, Yi Jingshan, knelt down on one knee directly facing Jun Xiaoyao.

You know, he is a quasi emperor.

He actually knelt down like this.

"The grace of the lord, we will never repay forever. I only wish to do the best for the emperor's court!"

"Please, it is an honor for you to join the Emperor's Court." Jun Xiaoyao lifted up Yijing Mountain.

The joining of a quasi emperor is of great significance.

"Our Moon God Palace is the same."

The strong of the Moon God Palace also chose to join.

Their Moon God Palace was previously invaded by the Sun God Mountain, and it was impossible to rebuild most of the loss of personnel.

So joining the Emperor's Court is naturally the only choice.

Jun Xiaoyao nodded in satisfaction.

Yi Clan, Moon God Palace, plus the previous Izumo Palace, Zixiao Gate, Yuding Pavilion, and Astrology Sect.

The addition of these local forces in the Xuantian Immortal Territory is undoubtedly extremely beneficial to the Emperor's Court.

They are very familiar with the Xuantian Immortal Territory, and can help the Emperor's Court consolidate its position.

After that, after searching and integrating all the resources of the Sun God Mountain.

The Emperor's Court also began to move the base camp to the Xuantian Immortal Territory.

And the Xuantian Immortal Territory is very close to the Wild Heaven Immortal Territory, and there are even many portals.

Otherwise, Yi Yu, who had fled back then, would not be able to end up in the Desolate Heaven and Immortal Realm.

The two immortal domains are horns to each other.

Jun Xiaoyao also intends to establish a portal that communicates with the Jun family in the residence of the Emperor's Court.

In this way, it is foolproof.

Any changes can quickly establish an offensive and defensive alliance.

Jun Xiaoyao's move did not mean that the Emperor's court should rely on the Jun family.

Instead, they form an alliance with each other and advance and retreat together, just like the Jiang family.

as time flows.

The news that the Emperor's Court destroyed the Sun God Mountain was finally blasted through the entire Nine Heavens Immortal Territory.

Countless forces were amazed and felt incredible.

Many people do not even believe it, but still have to confirm the details.

"Are you really sure that the Jun family did not intervene, it was the power of the Emperor Court alone?"

"Yes, it is true, it is the strength of Emperor Emperor Court."

"The Emperor's Court just held a big banquet some time ago, established the pattern, and now directly destroys one of the Primordial Royal Family, this is simply dreamy!"

"Yeah, I can't believe it. Even without the help of the Jun family, the methods of the Jun family's **** son are so terrifying."

"Now it's not just the son of the emperor's family, he is also the emperor of the court."

This battle undoubtedly caused many monks to completely change their views on Jun Xiaoyao and Jundi Court.

Now that the Emperor's Court is mentioned, no one will think that it is just a force attached to the Emperor's family.

It is a true, independent and immortal force!

"Really excellent, such a young master of immortal forces, absolutely refreshed the fairyland record, right?"

"Yes, this is definitely the youngest immortal leader ever!"

Jun Xiaoyao accidentally broke another record.

But he has broken enough records.

There are also many young Tianjiao in Xianyu. After hearing this news, they feel enthusiastic.

"A force like the Emperor's Court is the most suitable for me. There is no dispute, no infighting, as long as you have the strength, you can get ahead!"

"I also want to join the Emperor's Court and build a career!"

"Following the Emperor's Court, you will definitely be famous in the Quartet!"

Suddenly, in every corner of the fairyland, there were Tianjiao excited and rushing to the Xuantian fairyland to join the Emperor's Court.

There are even some of them. Among the three thousand physiques, they rank hundreds of powerful physiques.

There are even some of the top 100 physiques.

In addition, there are many forces that are also intent and tend to join the Emperor's Court.

This is the situation Jun Xiaoyao wants to see.

It is conceivable that in the next period of time, the scale and power of the Emperor's Court will skyrocket again.

There are enough forces that Xuantian Immortal Domain wants to join.

Coupled with the forces that come here intriguingly.

The Emperor's Court is short-term, but some are busy.

Regarding these miscellaneous incidents, there was also a small meeting in the Emperor's Court.

At the meeting, Jun Xiaoyao kept all arrangements in order, and let the various ministries work together to handle the compilation.

Of course, after having tasted the sweetness of this immortal battle.

Some senior officials of the Emperor Court also said that if they fight a few more battles, it will be fine.

Jun Xiaoyao smiled faintly.

"Our goal in this battle has been achieved."

"And if the immortal war is set off again, it won't be that simple. Look, soon, there will be some news from the Taikoo royal family."

Jun Xiaoyao put a deep smile on his chest.

And it didn't take long for a news to come out.

A group of Primordial royal families strongly condemned the King's Court's raid on the Mount of the Sun.

And announced to the public that they will communicate with each other and advance and retreat together.

The Taikoo royal family has been inheriting ancient times and is complex and chaotic.

If a real alliance is really formed, it would be terrifying.

It is definitely a huge monster except for the forces of Xian Ting, Jifu, and Junjia.

Of course, the Taikoo royal family is only temporarily cooperating and has not formed a real alliance.

When they revealed this news, the true meaning was nothing more than to deter the Emperor's Court and let the Emperor's Court stay out of chaos.

This news made all the high-level members of the Emperor's Court admire Jun Xiaoyao with nothing to say.

Jun Xiaoyao is like a **** who knows everything like a god, holding the group of Primordial royal family to death.

"Please don't worry, everyone, this monarch does not have the slightest affection for this ancient royal family."

"Our goal now is to accumulate strength."

"When the real turmoil arrives, if it's this group of Primordial royal family, what else will happen."

"At that time, let's liquidate it all at once."

Jun Xiaoyao's eyes were cold.

He wanted to liquidate, but it was not just the Taikoo royal family.

The line of Pluto, the Holy Spirit Island, the Holy Church of Gulan, the Pati Zutang...

These are his goals.

But it's not in a hurry now.

He is waiting for the best time.

Jun Xiaoyao is a very patient hunter.

[Chapter 1354: Di Haotian's reaction, goodbye Bai Luoxue, mysterious...](#)

With the blast of this immortal battle.

Naturally, Xian Ting also got the news.

In a golden palace.

A figure sits crouched in the hazy air of chaos.

The faintly exposed figure is extremely slender, carrying a breathtaking coercion.

Like the innate gods and demons born in the chaos.

This is impressively Di Haotian.

It's just that compared with before, his temperament has changed.

After cultivating the Hunyuan Divine Demon Immortal Sutra given by the Wu Lao.

Di Haotian's physical body has made great progress, and he has initially cultivated into the Hunyuan God Demon Body.

This is the special physique of the innate gods and demons born from the chaos.

Enough to be one of the strongest bodies in the world.

Not to mention the overwhelming physique such as the ancient sacrament and the chaotic body.

But at least the physical body will not become Di Haotian's shortcomings.

"Yes, it's what the old man likes."

A ray of divine thought came out from the mysterious immortal in the fragments of the stone plate of the immortal.

"Thank you so much for the unyielding." Di Haotian said lightly.

Wu Lao gave him the Hunyuan Divine Demon Fairy Scripture.

He also gave him several extremely ancient terrifying supernatural powers.

Each of them is an inheritance that is almost cut off.

It can be said that the strength of Di Haotian now is much stronger than when it was in the Forgotten Realm, and it is not the same.

"However, Jun Xiaoyao seems to have made a lot of wind and rain recently."

Di Haotian's face was gloomy.

He naturally also knew the news about the Emperor Court.

To be honest, after hearing this news, Di Haotian's mentality was extremely unbalanced.

He tried every means to unify Xian Ting, but in the end he fell short.

On the contrary, the current Xian Ting split into a tripartite camp, and also lost Chi You Xian's unified line.

Not to mention the direct weakness, but also the vitality.

On the other hand, the Emperor's Court built by Jun Xiaoyao is mixed with wind and water, and now it has destroyed the Sun God Mountain, and is famous for the Nine Heavens Immortal Territory.

Countless forces want to join the Emperor's Court.

This contrasts down.

Doesn't it seem that Di Haotian is extremely incompetent?

"Actually, you don't have to think too much. The person the old man likes is not bad," said Wu Lao.

"But the younger generation just feels like it's hard to calm down."

Di Haotian's chest rises and falls.

Although his strength has risen sharply now, he is still not sure that he can beat Jun Xiaoyao.

Because at that time, Jun Xiaoyao defeated him by relying solely on the body of the Eucharist Dao.

If Chaos Body is superimposed again, Di Haotian's advantage will be wiped out again.

"Hehe, in fact, you don't need to care."

"The next thing you have to do is to obtain other stone disc fragments."

"When the time comes, the real epic terror turmoil strikes, and any immortal forces are at risk of destruction."

"The Emperor's Court of the junior family is just a small paper boat in a huge wave, and it will be submerged in an instant."

Everyone cares about it.

When Di Haotian heard this, his mood was a little calmer.

"Wu Lao is right. What Jun Xiaoyao is doing now is just a little trouble. In the face of the real turmoil, it is not worth mentioning."

"The winner is the one who has the last laugh!"

Di Haotian's eyes are Zhan Zhan.

With the help of Wu Lao, his confidence doubled.

Plus he knows the context of future events.

He believes that it must be him, not Jun Xiaoyao, who can have the last laugh.

...

After the end of the battle of immortality.

The Emperor's Court is also officially rooted in the Xuantian Immortal Domain.

Yaozhou, Yangzhou and other dozens of big states that originally belonged to the Sun God Mountain.

All belonged to the Emperor's Court.

It can be said that after this immortal war.

The already strong Emperor's Court, its strength has skyrocketed, and the major arrogant forces have joined.

The attitude is full of enthusiasm, vigorous and upward.

And all this is attributed to Jun Xiaoyao's determination and courage.

If it weren't for him to make a decision, blitzkrieg annihilated the Mount of the Sun.

There is no such a prosperous Emperor's Court today.

After the end of the Immortal War, Jun Xiaoyao didn't stay in the Xuantian Immortal Realm for too long.

It is impossible for him to put all his energy on the Emperor's Court.

Jun Xiaoyao's main energy is still to focus on cultivation.

As long as one's strength is strong enough, the Emperor's Court will be safe.

In Jun Xiaoyao's view.

A truly powerful force is able to operate steadily even without the backbone.

For example, the Jun family, whoever is missing, the Jun family will still stand forever, unwavering.

Of course, the Emperor's Court is naturally not up to this level now.

Now, 80% of the Tianjiao forces who have joined the Emperor's Court are all joined because of Jun Xiaoyao's influence.

But Jun Xiaoyao believed that in the future, the Emperor's Court would definitely have that ability.

After that, Jun Xiaoyao also started to be a shopkeeper, and began to return to the Wild Heaven and Immortal Realm.

He has not forgotten that there are still important things to do next.

It's nine days!

Among the stars, Jun Xiaoyao embraced the sleeping Xiao Qianxue and crossed the void.

Although the two immortal domains have teleportation arrays.

But relying on Jun Xiaoyao's current strength, it can flash thousands of miles in an instant.

At a certain moment, Jun Xiaoyao suddenly stopped.

Look into the depths of Xingyu.

A crane comes with flapping wings.

Sitting on it was a white skirt fluttering with a misty temperament.

It is Bai Luoxue.

"Luo Xue has seen the son of God, no, is it more appropriate to call him Lord Monarch now?"

Bai Luoxue saluted Jun Xiaoyao.

There is also a trace of admiration in the beautiful eyes.

"Whatever you want." Jun Xiaoyao waved his hand with a faint expression.

"Luo Xue didn't expect that the son of God would have such a means, so young, that he would destroy an immortal royal family."

"It seems that Luoxue's vision is right. It is an honor for Luoxue to cooperate with the son of God." Bai Luoxue said.

She wasn't flattering.

She really admired Jun Xiaoyao.

In contrast, Di Haotian, who was previously regarded as a ***** by her.

How do you look at it now?

People and people are really incomparable.

"Well, don't talk nonsense, just talk about it." Jun Xiaoyao said.

"The Son of God is really cold..."

Bai Luoxue groaned.

But she also knew that even if she posted upside down, Jun Xiaoyao would not look down on her.

"Luo Xue said before that Di Haotian was looking for a certain ancient artifact, but now he has found a corner." Bai Luoxue said.

Di Haotian has always entrusted Bai Luoxue with the task of finding fragments of ancient artifacts.

Therefore, Bai Luoxue was able to obtain the fragments of ancient artifacts in the first time.

"Oh, let's take a look."

Only then did Jun Xiaoyao reveal a look of interest.

Bai Luoxue originally wanted to use some caution, using this fragment as a bargaining chip or something.

But seeing Jun Xiaoyao's star-like gaze, she honestly took out the things.

Playing scheming with Jun Xiaoyao, I don't even know how to die.

Jun Xiaoyao took the ancient artifact and examined it.

It was like a fragment of a corner of a stone plate.

Engraved on it are countless complex and profound patterns like star tracks.

It seems to be expounding the simple principles of heaven and earth.

"This is the golden finger fragment of Emperor Haotian's rebirth?" Jun Xiaoyao thought to himself.
According to the general routine.

The fragments obtained by Di Haotian, the son of destiny.

Most of them have great cause and effect.

Unimaginable existence may be involved behind it.

But just looking at this ancient artifact fragment, Jun Xiaoyao really couldn't perceive any fluctuations.

However, at this moment.

The expression in Jun Xiaoyao's eyes changed slightly.

After touching this stone disc fragment.

The blood of the Eucharist in his body seemed to be faintly agitated.

"Is this..."

Jun Xiaoyao's eyes are prosperous!

[Chapter 1355: The secret gradually surfaced, it takes 9 days to return to the market](#)

He thinks a lot.

Why does this piece of ancient artifact make his blood of the Eucharist faintly agitated?

Could it be that there is a connection between the two.

In an instant, Jun Xiaoyao's mind revolved thousands of times and thought of many.

There are also some clues he has collected before.

Now, these clues seem to be faintly intertwined.

The birth of the virtual world, the contest between Huangdi and the **** hand behind the scenes.

There is also the horrible dark turmoil.

Even the Curse of the Eucharist.

All of this seems to be extended by a core.

As long as Jun Xiaoyao finds this core, he can know all the secrets.

The secret of Emperor Haotian's rebirth.

The cursed secret of the ancient Eucharist.

The secret of the dark turmoil.

The secrets of Emperor Huang and his enemies behind the scenes.

These secrets can all be solved.

"What the **** is that core secret?"

Jun Xiaoyao pondered inwardly.

His wisdom is evil.

At the moment, I am working hard to calculate.

But Jun Xiaoyao can be sure.

Want to know the core secret.

You must go to a place.

That is Jiutianguixu!

Because the source of the turmoil comes from above the nine heavens.

And Changsheng Island, which is in collusion with the underworld to impose a curse on the Eucharist, is also a force above the nine heavens.

Originally, Jun Xiaoyao's reason for going to Jiutian was only to solve Jiang Luoli's affairs and to sign in.

But now, he has one more task.

It is to find the source of the Jiutian turmoil.

That source, it is very likely that all secrets can be unlocked!

The bottom of Jun Xiaoyao's heart, although his mind has changed.

But on the surface, he didn't change his face, making it impossible to guess what he was thinking now.

Bai Luoxue also stared at Jun Xiaoyao's handsome face.

But there is no clue.

"Hey....."

Bai Luoxue sighed inwardly.

She is the think tank of Yanyun Eighteen Horsemen.

But facing Jun Xiaoyao, she seemed to become dull, and she couldn't guess Jun Xiaoyao's thoughts at all.

The more so, the more Bai Luoxue felt that she chose the right way for her back.

As if thinking of something, Bai Luoxue continued.

"God, Luo Xue has another discovery."

"What?" Jun Xiaoyao asked.

Bai Luoxue said: "After the Forgotten Kingdom, Emperor Haotian has been in retreat."

"But Luo Xue always felt that Emperor Haotian's aura became more and more terrifying, unfathomable."

"In addition, Di Haotian seems to have begun to search for fragments purposefully, otherwise this fragment will not be found so quickly."

Bai Luoxue's words made a dark light flash across Jun Xiaoyao's eyes.

In such a short time, unless there is any special opportunity.

Otherwise, it would be very difficult for the strength to suddenly skyrocket.

Even if it is Jun Xiaoyao, there must be some opportunities to increase his strength in a short period of time.

"Could it be that in addition to being reborn, Di Haotian also activated the portable grandfather?"

Jun Xiaoyao thought of this again.

Generally based on routines.

After the Son of Destiny encounters huge setbacks, he will always turn around and have opportunities.

For example, some adventure, or the help of an expert.

And Di Haotian could rise again in such a short period of time.

There must be something tricky.

Add the fragments of this ancient stone plate.

It was hard for Jun Xiaoyao not to imagine that the grandfather in the stone pan had been activated, and he might even have instructed Di Haotian.

Furthermore, Di Haotian suddenly began to search for fragments purposefully.

This is probably due to the guidance of the mysterious grandfather.

Otherwise, this phenomenon cannot be explained.

Based on the clue provided by Bai Luoxue, Jun Xiaoyao inferred that a mysterious existence might have emerged behind Di Haotian.

"If the guess is true, that mysterious existence is definitely a vital clueer."

Jun Xiaoyao had enlightenment in his heart.

But now, he wasn't going to go directly to Di Haotian.

One is that you don't have to be stunned.

The second is that Jun Xiaoyao has that confidence.

Even if Di Hao really got the help of a mysterious existence.

It is also difficult to set off any storms.

Let alone defeat him.

"God, what do you do next, if you want to collect this ancient artifact fragment, then Luoxue will be exposed." Bai Luoxue said.

She took the risk and gave the fragments of ancient artifacts to Jun Xiaoyao first.

If Jun Xiaoyao accepted it.

She will definitely be exposed.

Di Haotian is not a fool, he can definitely detect it.

However, Jun Xiaoyao shook his head.

"No, take this stone disk fragment back and hand it to Di Haotian."

"Not only that, you have to do your best to help him find other stone disc fragments."

Jun Xiaoyao returned the stone plate fragments to Bai Luoxue.

"God, this..."

Bai Luoxue was completely stunned, extremely confused.

According to common sense, Di Haotian desperately searched for the stone disk fragments, Jun Xiaoyao should take it, and it would be right to prevent Di Haotian's plan from succeeding.

As a result, Jun Xiaoyao not only returned the stone disk fragments to her.

Let her try her best to help Di Haotian find the remaining fragments.

This made Bai Luoxue completely unable to understand, what kind of medicine is sold in Jun Xiaoyao Gourd?

"Don't the **** son want to destroy Di Haotian's plan?" Bai Luoxue couldn't help but be curious and asked.

She didn't even notice that her position had already turned to Jun Xiaoyao's side subtly.

"You don't have to know so much, just do it."

Jun Xiaoyao has no patience to explain to Bai Luoxue this scheming bitch.

Bai Luoxue sighed and nodded slightly.

In front of Jun Xiaoyao, she felt like a three-year-old child.

The brain is not enough.

After that, Bai Luoxue also left with the fragments of the Immortal Stone Disk.

In Jun Xiaoyao's eyes, there was a touch of elusive meaning.

"If it's what I think, it would be interesting."

Jun Xiaoyao showed a smile.

"A chess piece, but mistakenly thought that he was a chess player, Di Haotian, Di Haotian, you are really sad..."

Jun Xiaoyao shook his head and sighed.

He said before that he wouldn't care about the defeat of his opponents.

No matter how much Di Haotian tossed, it would be like that.

Jun Xiaoyao's attention now has begun to turn to nine days.

But before that, he had to go back to Jun's house first to digest the results of the battle.

After that, Jun Xiaoyao also returned to the Wild Heaven and Immortal Realm.

Naturally it caused a sensation again.

After all, Jun Xiaoyao's identity is now unusual.

His current identity as the Lord of the Imperial Court is deeply rooted in the hearts of the people.

Jun Xiaoyao is very indifferent to these false names.

The only function of fame is to help him gather the power of faith.

After that, Jun Xiaoyao took back the mother of all things Qi Ding from Houtu Niangniang.

And from Houtu Niangniang, got an extremely shocking news.

"Little guy, I have the root of the mother of all things."

The Houtu Empress is graceful and luxurious beautiful and peerless, at the moment she is smiling and looking at Jun Xiaoyao.

Although Jun Xiaoyao's current status is unusual, in her eyes, in terms of age and qualifications, she is indeed only a little kid.

"If the mother is willing, I am willing to pay any price to exchange the source of the mother's aura of all things." Jun Xiaoyao said.

If he could get the source of the mother qi of all things, then his mother qi cauldron of all things could almost directly transform into a top emperor soldier.

It will be easy to transform into a fairy in the future.

"Yes....."

Houtu Niangniang looked interested.

"The source of the mother qi of all things is my body, why, do you want to refine me and eat me?"

The words of Houtu Niangniang made Jun Xiaoyao's face suddenly stagnant.

Is this kidding him?

[Chapter 1356: Evolve the Sun and Moon Profound meaning, the power of 2 small 0 worlds,...](#)

Jun Xiaoyao also had a slight accident.

Unexpectedly, the body of Houtu Niangniang is actually the source of the motherhood of all things.

But think about it, it's normal.

Houtu Niangniang is the mother of the earth.

And the mother root of all things is also the mother root that nourishes the earth.

So nothing wrong.

"Niang Niang joked, how can I refine Niang Niang..."

Jun Xiaoyao looked at Houtu Niangniang's stalwart chest, a little embarrassed.

This can't be suppressed at all.

The Houtu Empress right now is just a clone.

As one of the "Four Royals" of the ancient fairy court, Houtu Empress is definitely not as simple as the average emperor.

"Hey, in fact, if you give me this mother-of-all-kind spirit, I can help Monarch Court sincerely."

Houtu Niangniang really wanted to get the mother-in-law of all things.

Because this fits well with her body, the source of the mother qi of all things.

It's like it was tailor-made for her.

But she wouldn't take it by force.

First, she is not a person of this kind.

After all, she is the mother of the earth, who is kind and merciful to the world, she still can't do this kind of robbery.

Second, did anyone grab the things of Jun Xiaoyao?

Even if she was one of the four imperial princes of the ancient fairy court, she would not offend the emperor's family for being a mother of all things, that would be unwise.

"Sorry, this is one of my natal magic weapons, but if the mother needs it, I can borrow it from you from time to time in the future." Jun Xiaoyao said.

The power of Houtu Niangniang is also very helpful for condensing the motherhood of all things.

"Why, kid, want to prostitute me for nothing?"

After all, the qualifications of Houtu Empress are here, and you can see at a glance what kind of calculations Jun Xiaoyao is playing.

Want to use the power of her earth to perfect all things motherhood.

Jun Xiaoyao didn't hide it, and smiled lightly: "This is an act of mutual benefit, which is good for me and my mother."

"If the two of us together understand and practice a magic weapon, wouldn't it be... double cultivation?"

Houtu Niangniang's expression is meaningful.

Jun Xiaoyao felt more ashamed.

After all, Houtu Niangniang is a figure in the ancient Xianting period.

This is no longer an old aunt.

He is simply a grandmother-level figure.

But Houtu Niangniang's character is not that kind of old antique type.

On the contrary, she is like a woman who is graceful and luxurious, mature and charming, who likes to molest small meat.

"Niang Niang joked." Jun Xiaoyao could only say that.

Although some places of Houtu Niangniang are indeed very attractive to men.

But at this age, the gap with Luo Xiangling is much larger.

"Hey, it's just a joke." Houtu Niangniang said with a smile.

But in the end, they reached an agreement.

When Jun Xiaoyao doesn't need the mother of all things, he can lend it to the mother of Houtu.

After that, Jun Xiaoyao also returned to the depths of the ancestral land again and began to digest the fruits of the battle.

The most important thing is naturally the sun celestial sutra.

Jun Xiaoyao really didn't like other things.

Even if it was the Emperor Soldier Sun God Furnace, Jun Xiaoyao did not intend to occupy it alone, but used it as the Emperor Soldier of the Emperor Court.

However, the things of the Emperor's Court, that is, his things, did not make much difference.

After that, Jun Xiaoyao began to comprehend the real sun celestial sutra.

Then combined with the previous Taiyin Xianjing.

In the inner universe of Jun Xiaoyao, the real rotation of the sun and the moon, the change of yin and yang began to be outlined.

This is extremely important.

The so-called one yin and one yang is the way.

Only by real alternate rotation, the whole world can "live".

It's not like a pool of stagnant water.

And with the aptitude of the king of unhappy and odd numbers.

Now I want to comprehend a book of immortal scriptures, not to mention that it is as simple as eating and drinking.

But it's not much worse.

Ordinary Tianjiao may take dozens of hundreds of years to comprehend the immortal scriptures, even if they get started.

Even if it is an extremely enchanting Tianjiao, it will take several years.

Even a son of destiny like Emperor Haotian can only quickly cultivate and comprehend the immortal scriptures under the guidance of that mysterious and innocent person.

But Jun Xiaoyao relies on his own savvy.

In just two or three months, I have comprehended the Sun Celestial Sutra very well.

And with his comprehension.

In his inner universe.

The sun, moon and stars began to become more condensed.

And it is not a round of big sun and bright moon.

In every corner of the universe within him, there is the alternation of the sun and the moon, and the circulation of yin and yang.

The thirty laws he condensed were all transformed into innate gods and demons.

Strength is also rising steadily.

Even the World Tree, the Six Paths of Reincarnation Immortal Roots and other gods are growing vigorously and exuding energy.

Divine objects such as the World Tree are helping Jun Xiaoyao expand the inner universe all the time.

Now, Jun Xiaoyao has perfected the yin and yang way of the sun and the moon.

Suddenly, Jun Xiaoyao's inner universe began to expand rapidly.

The nebula is permeated and the universe flows at its source, causing the entire inner universe to begin to expand at an accelerated rate.

Jun Xiaoyao's inner universe was originally a small thousand world level.

Now it continues to expand, and that small thousand power is also expanding.

I do not know how long it has been.

The expansion of the universe in Jun Xiaoyao began to slow down gradually.

At this time, Jun Xiaoyao could already feel the power of the universe's origin that flourished to the extreme.

The power of a small thousand world can also be referred to as the power of a small thousand.

Now Jun Xiaoyao felt that his inner universe was very full, and he had reached two small thousand powers.

In other words, the cosmic power in Jun Xiaoyao has changed from a small thousand world to two small thousand worlds.

Fully doubled!

Among them, in addition to Jun Xiaoyao comprehending the profound meaning of the sun and the moon.

The expansion of the World Tree is also extremely important.

As a rare **** from heaven and earth, the world tree is a treasure that even the mythical emperor would covet.

Such treasures obviously played a pivotal role in Jun Xiaoyao's inner universe.

The reason why Jun Xiaoyao didn't use the power of the World Tree much.

It is because his current strength and realm are not enough.

Just like a three-year-old child, even if he was given a dragon-slaying sword, it would be difficult to wield it.

So the World Tree has been silently in the universe within Jun Xiaoyao until now, helping him expand the universe.

When Jun Xiaoyao is strong enough in the future, he can use the power of the World Tree to suppress all enemies.

"Yes, in the realm of Tianzun, there are two small thousand world powers, there should be no one except me." Jun Xiaoyao smiled faintly.

He can clearly feel that although his realm has not changed, his strength has once again reached a new level.

For ordinary monks, the easiest way to measure strength is the level of realm.

But for Jun Xiaoyao, this is not the case.

The enhancement of the inner universe is no less than a realm breakthrough for him.

Even Jun Xiaoyao doubted it.

After reaching the real Emperor Realm.

It is very likely that one of the indicators to measure the strength of the strongest in the emperor realm is the power level of the inner universe.

In other words, if a great emperor has only one small thousand world power, he will definitely be at a disadvantage against a great emperor who has ten small thousand world powers.

"Although inner universe cultivation is also very important, the realm should also be raised."

"I heard that Jiutian has a special environment and countless treasures in the secret realm. There should be opportunities to help my realm break through." Jun Xiaoyao thought.

Next, his goal is to go to nine days!

[Chapter 1357: Set foot on 9 days, magical space, activate sign-in](#)

Jiutianguixu, a mysterious place in Xianyu since ancient times.

Like the Burial Ground of the Ancients and the Borderless Sea, it is a place with endless great cause and effect and great mystery.

At the same time, Jiutian is also a place that some fairyland Tianjiao yearn for.

Rumor has it that the rules of heaven and earth are different from those of Xianyu.

The world is full of spiritual energy, and there are countless treasures in the secret realm.

As a result, the average strength of the nine-day creatures is one step stronger than the creatures of the fairyland.

This also naturally developed the arrogant and arrogant character of nine-day creatures.

For example, before, the Nine Heavens Taboo Family Lower Realm was so arrogant and defiant.

Finally, I met Jun Xiaoyao and suffered a big loss.

And Jiutian is more famous, naturally it is the top ten restricted areas of life.

The inheritance of each restricted area is extremely ancient.

Even compared to many immortal forces in Xianyu, they are much older.

No one knows how deep the inside of the restricted area is.

In fact, even the previous turmoil.

The penalty area has never been exhausted.

The relationship between the Jiutian Forbidden Zone and Xianyu is also very complicated.

Although the previous turmoil has been set off from above the nine heavens.

But nine days, will also absorb some outstanding people of the fairyland.

Moreover, apart from the special turmoil, Jiutian and Xianyu are basically well waters that do not interfere with river waters.

But from Jun Xiaoyao's point of view, isn't it just raising and cutting leeks?

The fairyland is the leek field.

When it grows lush, cut a crop and continue to raise it.

As for the major forces of Xianyu, why don't they make their heads.

One is that it is difficult to shake the foundation of these hegemonic forces due to the turmoil in the past.

Although the restricted area is high above, but these overlord forces in Xianyu are not vegetarian.

Therefore, the restricted area will not easily engage with these overlord forces.

And forces such as Xian Ting could not commit a desperate confrontation with the Nine Heavens Forbidden Zone for some beings in the Immortal Territory.

As for the Jun family, he was simply too lazy to do it.

It's like an outsider.

Therefore, in the past turmoil, generally speaking, only the emperor with a sincere heart is willing to fight the nine heavens for the common people of the fairyland.

And these emperors were all regarded as heroes by the immortal domain and all the spirits, and their names stayed in the history for generations.

The most famous of these is naturally the Emperor Wushu.

With one's own strength, he carried the coffin for nine days, and laid down the endless killing array.

This reduced the catastrophe of the restricted area to a minimum.

And after countless years.

This Jun Xiaoyao is barely counted as a descendant of Emperor Wushu.

Finally embarked on the road to ascend nine days again!

To a certain extent, this is a reappearance of Emperor Wushu's nine-day journey.

This time, Jun Xiaoyao went to nine days with the body of the Eucharist Dao.

Chaos body is practicing in the depths of Jun's family ancestors.

He went there alone, without alarming anyone, and without fanfare.

Many people in the outside world still believe that Jun Xiaoyao should still be in command of the Emperor's Court and take root in the Xuantian Immortal Territory.

As everyone knows, the Lord of the Emperor's Court has already left as the shopkeeper.

Jun Xiaoyao's plan is to enter the nine days through the Well of Tongtian.

After all, that is the most convenient channel.

In the previous nine days, the lower realm of the Taboo Family also passed through the Tongtian Well.

Those wells that open to the sky are located on the remote edge of the Nine Heavens Immortal Territory, a desolate and desolate land on the edge of the universe.

In fact, if the creatures in the fairyland want to enter the nine days.

In addition to being attracted by the nine-day creatures, other methods are dangerous.

Not to mention other things, on the way to Tongtianzhijing, there will be many dangers, and ordinary Tianjiao can't handle it.

Jun Xiaoyao also saw many dangers along the way.

Nebula tides, cosmic rifts, etc.

He even saw a young star-swallowing ancient beast, devouring stars in the universe.

Jun Xiaoyao ignored this.

He stepped on the mysterious footwork, and the space around him vibrated.

Jun Xiaoyao controls the empty book, one of the nine heavenly books.

The grasp of the way of space is already perfect.

In addition, there is the Kunpeng Extreme Speed among the Kunpeng's great supernatural powers.

So Jun Xiaoyao's speed is unmatched.

He broke through the space and headed to the edge of the desolate universe.

I don't know how long it has passed, but in front of Jun Xiaoyao, there is no longer any dynamic star field.

Looking around, there is only a lifeless darkness.

Of course, it is said to have come to the edge of the universe.

In fact, the entire Nine Heavens Immortal Domain is boundless.

Even the emperor can hardly set foot in every corner.

The Well of Tongtian is just in an uninhabited and desolate place near the edge.

Not a real edge.

Jun Xiaoyao continued to move forward, each step spanning thousands of miles in an instant.

Although his current cultivation base is a small Tianzun, his strength and speed are far beyond the average Tianzun in all aspects.

"There is Tongtianzhijing!"

Jun Xiaoyao paused and looked around.

Looking around, in the depths of the universe.

There are several "wells" scattered around

It is said to be a well, but in fact, the diameter of each well is the size of an ancient star field, black, like a bottomless abyss.

Most importantly, the well is upside down, leading upwards.

It's like a few black holes, devouring everything.

Jun Xiaoyao could feel that there was a breath that was different from the fairyland, flowing out from the black hole-like well.

"Is that the breath of Nine Heavens?" Jun Xiaoyao thought to himself.

What is the secret of Jiutian?

Jun Xiaoyao is very interested.

Without hesitation, he stepped directly into the Well of Tongtian.

Suddenly, the world changed, and the stars shifted.

The surrounding space is bizarre, as if it is distorted, but also like water waves on the surface of the lake.

At the same time, Jun Xiaoyao gradually felt it.

The rules of heaven and earth in Xianyu seemed to fade away gradually.

Instead, there is an extremely unfamiliar rule.

However, Jun Xiaoyao could feel that the abundance of the heaven and earth essence was much higher than that of the Nine Heavens Immortal Territory.

I don't know how long has passed.

Jun Xiaoyao finally fell into a stable space.

He looked around, with a slight exclamation in his eyes.

Nine days, different from what he imagined.

It is not a splicing or stacking of continents.

Unlike Xianyu, nine areas are divided.

The entire nine days is an extremely vast universe.

Permeated with rich spiritual energy and desolate atmosphere.

It's almost like going back to the ancient or ancient times.

There are huge and incomparable ancient trees growing in the nebula, with branches and leaves reaching into the depths of the universe.

There is a hanging waterfall, like a star river hanging upside down, scouring down.

There is also the mighty Milky Way across the universe, which is full of many stars, and there are many ancient stars with life.

It can be said that this is a wonder that is difficult to see in Xianyu.

Of course, it is not that Jiu Tian is more advanced than Xianyu, and the two are not related to the upper and lower planes.

Nine days, independent of the immortal territory, became a forbidden zone on its own.

That's why the scene is rare in Xianyu.

However, Jun Xiaoyao is also someone who is used to seeing the big world.

He was just a little surprised, and then his eyes were calm.

Jun Xiaoyao raised his hand and grabbed his five fingers towards the void, as if he could feel the strands of essence pouring out from between his fingers.

"No wonder some Immortal Realm Tianjiao are looking forward to being attracted by Nine Heavens. The environment here is indeed superior to that of the Immortal Realm."

Jun Xiaoyao had to admit that the cultivation environment for nine days was indeed good.

It is no wonder that a group of nine-day creatures with high-pitched and upturned nostrils have been raised.

However, Jun Xiaoyao himself has a talent for cultivating evildoers, and for him, the cultivation environment does not have much perception, at best it is icing on the cake.

Then Jun Xiaoyao noticed again.

Above these nine heavens, there is a bright moon.

It stands to reason that this is not unusual.

In Xianyu, every continent has the alternation of the sun and the moon, and the change of yin and yang.

In Jun Xiaoyao's inner universe, many sun, moon and stars were also derived.

But this nine-day bright moon is different, it seems to shine through the entire nine days.

For the entire nine days, only this round of bright moon shined, and there was no sun.

This is very strange.

Jun Xiaoyao felt that all these nine days were filled with mystery, as if separated by a hazy veil.

Just as Jun Xiaoyao was thinking about it, the mechanical sound of the system rang in his mind.

"Ding, congratulations to the host, I have arrived at the sign-in place for nine days, do you want to sign in?"

[Chapter 1358: Sign-in 10 star reward, mysterious chief priest order, no...](#)

"Sign in."

Jun Xiaoyao said silently in his heart.

"Congratulations to the host, sign in for a ten-star reward, and a master order!"

With the voice of the system falling.

In front of Jun Xiaoyao, a dark token suddenly appeared.

This black and faint token is very simple and simple, neither gold nor wood, nor stone nor jade, and it is impossible to see what material it is made of.

Exudes an extremely ancient atmosphere.

On the token, a number "five" is engraved in the ancient Chinese characters.

The reason why Jun Xiaoyao recognized Taikoo scripts is because there are many Taikoo dictionary books in the Junjia Collection of Scriptures.

Looking at this so-called chief priest's order, Jun Xiaoyao inexplicably felt heart palpitations.

This black faint chief sacrificial order did not emit any special fluctuations.

Not to mention the emperor soldiers, even the aura of the supreme weapon seems to be countless times stronger than this main sacrificial order.

But Jun Xiaoyao always felt a slight tremor in his heart.

With his disposition, he can have this feeling, one can imagine how mysterious this chief priest order is.

Jun Xiaoyao seemed to have seen it, on this chief sacrificial order, it was stained with the blood of countless creatures.

And just when Jun Xiaoyao signed the chief sacrificial order.

The entire nine days seemed to be surrounded by a vague air.

One of the ten forbidden areas, the Ruins of the Holy Spirit, was alarmed by ancient existences.

"Hey, that breath, could it be..."

On the other side of the restricted area, in the fairy tomb, there are also Xeon who are surprised.

"Sure enough, that breath, it seems that this 'Great Purge' will be the most terrifying in history."

One of the top ten restricted areas, in the Emperor Meteorite Mountain, there are also strong whispers.

"A long time ago, after the one in the sea of reincarnation was severely injured and fell asleep, that position remained vacant."

"Now, is there finally a latecomer? I don't know which side is the supreme existence of the restricted area, wait for me to speculate."

However, the strongest of Emperor Meteorite Mountain, after some calculations, revealed an unprecedented look of surprise.

"It can't be calculated. It seems that he is the owner of a restricted zone. The cause and effect are shielded and cannot be spied on. Forget it, don't offend it."

"It seems that this main sacrificial ceremony will create history. Maybe someone can step into it and achieve the ultimate sublimation..."

At this moment, for the entire nine days, in all major restricted areas, there were ancient existences that were alarmed, and then suspected and calculated.

Not only nine days.

Even in the fairyland, there are some ancient and powerful powerful people who vaguely feel.

And these powerful people that can be sensed are all ancient and incomparably old and have gone through several epochs.

Even once, I personally experienced a certain terrorist disturbance.

"Sure enough, is it still unavoidable?"

"The turmoil in this life, even if it reappears endlessly, will not necessarily be suppressed."

In the depths of the Nine Heavens Immortal Courtyard, a descendant of the creator of the Immortal Courtyard shook his head and sighed, his eyes filled with worry.

In Xian Ting, the emperor of Fuxi Xian Tong is also meditating.

"In the past, the turmoil did not affect Xianting, and Xianting only symbolically saved the common people."

"But now, it's the weakest period since the epochs of Xian Ting, and we still need to make preparations in advance."

If it was the heyday, the fairy garden where the nine immortals gathered.

Naturally, you can ignore the so-called Jiutian turmoil.

But now, Xian Ting itself is on the verge of splitting, precariously wind and rain.

At this time, it is difficult to guarantee that the nine-day restricted zone will not have any crooked minds.

Xian Ting's background is extremely deep, even if it is now in the semi-splitting stage, it is still a behemoth.

Even so, Xian Ting didn't dare to take it lightly for the biggest turmoil in history that might occur.

In a mysterious place in Xianyu, a gloomy atmosphere, with Yin soldiers crossing the border, and a hundred ghosts traveling at night.

This is one of the ten halls of the underground palace.

A dumb whisper sounded.

"That wave, if there is no accident, it should be a new priest who has appeared."

"The one who was in the sea of reincarnation last time was severely wounded by Wushu, and has not been replaced since he fell asleep."

"It seems that this life will really be the most terrifying super turmoil in history, an epic cleansing, and we are expected to witness history."

"I'm really looking forward to it, this is also the best time for the rise of my land..."

Jun Xiaoyao didn't even know.

The chief sacrificial order signed by him has caused a lot of waves throughout Jiutian and Xianyu.

Of course, only the top Xeon have a foreboding.

It is impossible for ordinary people and ordinary strong people to be aware of it.

At this moment, Jun Xiaoyao looked at this chief sacrificial order and fell into contemplation.

Although Jun Xiaoyao was lucky, all who signed in were rewarded by high stars.

But ten-star rewards are still very rare.

Generally speaking, the ten-star reward, if the sign-in is an item, there is definitely a big cause and effect.

For example, the black blood of God.

Jun Xiaoyao still feels that the origin of God's black blood is not simple.

There must be a deeper secret behind it.

It's just that he can't reach it yet.

And this main sacrificial order is the same.

Jun Xiaoyao's mind suddenly flashed.

He thought of the chief sacrificial ceremony Yun Tianlai had mentioned before.

Whenever the main sacrificial ceremony begins, those ancient existences in Xianling are likely to be awakened.

What exactly is this main sacrificial ceremony?

And what does the chief sacrificial order mean?

There is a "five" engraved on the main sacrificial order.

In other words, there are at least five main sacrificial orders.

The other four, in whose hands?

And what is the function of this chief sacrificial order?

Where did it come from, and who made it?

What is the relationship between the main sacrificial order, the main sacrificial ceremony, and the nine-day restricted area?

What does it have to do with the dark turmoil?

For a time, many questions came to Jun Xiaoyao's mind.

It can be said that if you change to anyone else, you will feel that all this is too complicated and profound.

It is definitely not a young Tianjiao who can find out clearly.

But the light in Jun Xiaoyao's eyes became brighter.

"Interesting, more and more interesting, how many secrets are there in Jiutian?"

"It doesn't matter, this nine-day trip, I will understand all the secrets."

Jun Xiaoyao rubbed the chief priest's order in his hand, looked at the bright moon, and thought to himself.

Afterwards, Jun Xiaoyao put the chief sacrificial order into the inner universe.

He felt that the chief priest's order would definitely come in handy at a crucial moment.

After all, it is a ten-star reward, how could it be useless at all.

"Okay, next, let's investigate the situation of Nine Days first." Jun Xiaoyao thought.

He was still at a loss about the nine-day pattern, and he didn't even know where the Xian Ling was.

Jun Xiaoyao wandered among the nine-day stars.

Suddenly, he felt something in his heart and noticed that in the distance, there was a strong spiritual aura, similar to the breath of an elixir.

With Jun Xiaoyao's Hengsha Grade III Yuanshen, his spirit perception range can be said to cover a vast world.

This kind of probing is naturally a piece of cake for him.

"Did I just come here for nine days, and I came across a place with great opportunity?"

Jun Xiaoyao couldn't help showing a weird look. Although the nine days are full of aura, there are countless treasures in the secret realm.

But his luck was too good.

Jun Xiaoyao thought, and swept forward.

Shortly after.

His eyes were surprised.

Because in front of him, there was an extremely vast void and crack like an abyss.

Like the Great Rift Valley, it appears horizontally in the universe.

But what surprised Jun Xiaoyao was not the abyss crack itself.

But around this abyss, there are pieces of ancient remnant formations, exuding an aura of extreme terror and fierceness.

For this breath, Jun Xiaoyao is not too strange.

"This is... the endless killing formation?"

[Chapter 1359: Taboo Family Tianjiao Rally, Half Immortal Medicine](#)

The pieces of ancient ruined formations in front of them were absolutely endless killing formations.

As for why Jun Xiaoyao would be familiar.

Because of him, he got the Unfinal Emperor's Sutra of Unfinalized Emperor.

The Sutra of the Unfinished Emperor is a chapter condensed by the essence of the lifetime of the Unfinished Emperor.

Which naturally also recorded the endless killing array.

Jun Xiaoyao didn't expect that he could see the endless killing formation just after entering nine days.

But think about it.

The reason why Emperor Wujie set up the killing formation was to isolate the passage between Nine Heavens and the Immortal Realm.

Prevent the strongest people in the nine-day restricted zone from lowering the bounds at will.

And it is obviously normal to have a final kill formation near the Well of Tongtian.

It's just that as time passed, some nine-day bosses shot.

The Endless Killing Array has been weakened a lot, and it will not last long.

What Jun Xiaoyao saw before his eyes was a fragment of it.

"Could it be that this huge crack in the abyss is a trace of the trace left by the emperor endlessly carrying the coffin for nine days?"

Looking at the vast and boundless cracks in the abyss, Jun Xiaoyao also had to sigh.

"I have cultivated the Unfinished Emperor Sutra, this Unfinal Killing Formation should be inspiring for me."

"And the breath of the Immortal Potion that I felt before is also in the abyss of void."

Although the immortal medicine is not particularly attractive to Jun Xiaoyao now.

But he understands that where the elixir exists, obviously there may be other opportunities.

Jun Xiaoyao came for nine days, in addition to solving Jiang Luoli's matter, he also had another purpose, which was to find opportunities to break through his realm.

So he will not let go of any possible opportunities.

After thinking about it, Jun Xiaoyao took a step, straddling the void, and stepped into the endless killing array.

If this scene were to be seen by other nine-day creatures, it would definitely be shocked to the point of silence.

Because the endless killing array is almost like a forbidden zone for the nine-day creatures, and it is impossible to step into it.

Even if the power is weakened now, it is not ordinary creatures who dare to enter.

Jun Xiaoyao went in directly like this.

And at this moment, on the other side of this void abyss.

Areas separated by hundreds of thousands of miles.

Above a star, a small party is being held.

A magnificent palace is located in it.

A group of very young men and women sit in it, each with aloof temperament and extraordinary demeanor.

Their auras are very strong, at least a bit stronger than some immortal descendants of the Immortal Territory.

"The killing array in the area of the Abyss of Infinite Abyss is getting weaker and weaker. It seems that the Yaoling Mountain hidden in it is almost nowhere to hide."

A man in a golden robe muttered to himself.

His eyes showed a metallic texture, and even his hair seemed to exude sharp air, splitting the air.

He is a taboo family, a arrogant of the Jin family, named Jin Yu.

And the Jin family, the family backed by the restricted area, the Ruins of the Holy Spirit, had found Jun Xiaoyao's troubles in the Lower Realm.

"When the killing array is completely annihilated, Yaoling Mountain should be divided up, but I heard that it seems that there is a half-immortal medicine in it."

On the other side, a man with a tiger-backed waist and a beast-like pupil.

He is the arrogant of the Tu family, Tu Battle.

And Tujia, also backed by a fiercely famous forbidden area, called the Beast Cave.

"That half-immortal medicine, we can't get involved, it is destined to belong to an adult in the restricted area, but the rest of the undead medicine can be divided."

A fair and beautiful woman in a light-colored dress said lightly.

"Why, Lu Qing, do you want to find that half-immortal medicine and give it to Young Master Wang Yan of Emperor Meteorite Mountain, but his thoughts seem to be on the woman named Jiang Luoli."

Jin Yu of the Jin family couldn't help but smile when he saw this.

When the woman named Lu Qing heard this, her face suddenly became gloomy.

What Jin Yu said was true.

She really had longing and admiration for Wang Yan, the young master of the sacred mountain.

After all, the restricted area backed by the Lu family is the Emperor's Meteorite Mountain.

When Lu Qing was a child, he was fortunate enough to meet the young master of the sacred mountain, and he was shocked as a heavenly man.

Beautiful appearance, strong strength, coupled with the background of the young master of the mountain.

All of this is simply perfect.

It can be said that in nine days, the woman whom Wang Yan fancied was definitely a kind of happiness.

But Lu Qing didn't expect it.

Wang Yan's first woman was a woman from Xianyu.

Lu Qing couldn't accept it.

In her opinion, the cultivators of Xianyu were born to be inferior to their nine-day cultivators.

And what made her most angry was that the fairyland woman even rejected Wang Yan.

This makes Lu Qing unable to imagine.

In this world, how many men are better than Wang Yan?

Even in Jiutian, there are only so few people who can compare with Wang Yan.

"It's just a self-reliant, high-minded, short-sighted, and extremely ignorant woman. I really don't understand how Young Master Wang Yan would like that kind of woman."

Lu Qing said in a sour tone.

"I heard that the woman named Jiang Luoli seems to have something to do with the gentleman Xiaoyao of Xianyu." Tu Zhan said suddenly.

His words made the faces of the few people present suddenly sink.

Except for Jin Yu from the Jin family.

There is another man, the arrogant of the Ji family, named Ji Mingfeng.

The Jin family, the Ji family, and the previous Yu family were all severely injured by the deterrence of Zhu Xianjian, and many of their tribes fell.

This is an eternal pain for the three of them.

"So, what the woman meant is that Jun Xiaoyao is comparable to Young Master Wang Yan?" Lu Qing said with a look of disapproval.

Although Jun Xiaoyao is now in Jiutian, he is also extremely famous.

But after all, hearing is false, and Lu Qing doesn't think how far that Jun Xiaoyao can go against the sky.

"Hmph, the emperor of the Ruins of the Holy Spirit has already said that, afterwards, there will be a chance to defeat that monarch Xiaoyao personally in the lower realm." Jin Yu said coldly.

His words made the eyes of some taboo family princes present flash.

The emperor of the Ruins of the Holy Spirit, but the reputation is outside.

He is a top figure of Wang Yan's level.

"Well, let's not talk about this, anyway, there will naturally be adults in the restricted area to clean up that Jun Xiaoyao."

"The next nine days are nothing more than two major events. The first thing is the Sanxian Cave in Xianling."

"But it doesn't have anything to do with me, and not everyone is eligible to participate. "It's the sword tomb in the restricted area. It will open the door and choose the descendant. This is a great opportunity to fight." Tu Zhan said.

Jian Tomb is a very special restricted area among the ten restricted areas in nine days.

Because of this restricted area, only a few people existed in ancient times, and they were ridiculed.

There is no bloodline or power inheritance formed.

As long as they can get their approval and pass the test, they can join the sword tomb, and even become the descendant of the sword tomb.

And importantly, there is no limit to identity, background, or status.

In other words, any creature has a chance.

"After picking the 'living medicine' from Yaoling Mountain, you can go back and prepare." Jin Yu said.

They talk freely here, but in fact, the clansmen of each family have entered the abyss of endlessness and have begun to pick "living medicine".

[Chapter 1360: Could it be a young adult in the restricted area, an elixir of transformation?](#)

At the same time, on the other side of the Abyss of Endlessness.

There are several floating flying boats, driving through the air.

The surface of the boat body is engraved with many mysterious lines, which is extremely complicated.

This is a special kind of boat called the Breaking Formation Boat.

Can break many formations and restrictions.

At the time when the endless killing formation was at its strongest, it was absolutely impossible to go deep into it if it broke the magic ark.

But now, the endless killing array is already incomplete, and its power has also been weakened.

It is precisely because of this that it is possible to enter it.

And the people standing on the ark of the breaking formation were all members of the taboo families.

Such as the Ji family, the Jin family, the Tu family, the Lu family and so on.

The top talents of these families are all attending the party on that star.

The rest of the tribe came to the Abyss of Endlessness to pick "living medicine."

now.

In front of these broken array magic boats.

Awesomely, there was a girl with a slender figure and a beautiful face, with red lips and white teeth, running in a hurry.

Her slender ankles swept, leaving a string of flowers in the void.

But what is surprising is that the endless killing formation does not seem to have any effect on this girl.

"Where can you run?"

A young man sneered on the ark of breaking the formation.

He is the arrogant of the Lu family and his name is Lu Song.

As his voice fell.

A giant net woven with mana suddenly spurted out of the magic boat breaking the formation.

In the void, it seemed to have turned into a net covering the world, covering the girl with red lips and white teeth.

The girl's slap-sized bright white face suddenly revealed a touch of anxiety, faintly desperate.

She knew how to treat herself if caught by these taboo family members.

And at this moment.

Suddenly, in the depths of the Infinite Killing Array ahead.

A hazy figure, sitting crouched in the void.

Dimly shrouded in various colors, it was like an ancient **** sitting cross-legged.

"That is....."

The Lu family member who was on the ark of breaking the formation saw the figure sitting in the depths of the killing formation.

His face was startled for a moment, and then he took a violent breath.

"How come, he actually sat in the middle of the killing formation?"

Lu Song rubbed his eyes and couldn't believe it.

There was a special reason why the girl he captured was able to move freely in the killing formation.

But although the aura and coercion that the figure exudes is terrifying, it is obvious that it is absolutely the same as a human being.

It stands to reason that no one can directly step into the killing formation.

Let alone practice in the killing array.

"Then...Is it a certain adult in the restricted area?" Another Lu family member couldn't help but tremble.

Except for the young adults in the restricted area.

They really couldn't think of anyone with such an ability to sit unscathed in the endless killing formation.

On the other side, the escaping girl was shocked when she saw the vague figure.

But her soul perception was extremely keen, and she was vaguely aware of it.

On that figure, there is no breath that is unique to those creatures of Nine Heavens.

So it is absolutely impossible to be a young adult in the restricted area.

She couldn't help shouting: "I beg your lord to save my life!"

This figure sitting in the killing formation is naturally Jun Xiaoyao.

After he stepped into the depths of the killing array, he silently realized the various rules, runes, and order of the killing array.

The arrival of these people disturbed his tranquility.

However, Jun Xiaoyao was not the kind of person who saw uneven roads, drew swords to help, heroes save beauty.

So Jun Xiaoyao subconsciously ignored the girl's call for help.

At this time, the net had already enveloped the girl.

The girl looked desperate.

"Sorry, I offended the adult, and disturbed the adult's cultivation. Let's leave now."

Lu Song was frightened.

Dare to practice in the endless killing formation, this is definitely a ruthless person, and his identity is definitely not ordinary.

Although their Lu family is backed by Emperor Meteorite Mountain.

But if they really offend the restricted area of the other side, Emperor Meteorite Mountain will not necessarily help them out.

Lu Song took back the net and was about to take the girl away.

Jun Xiaoyao glanced subconsciously.

A dim light flashed in his eyes.

"Hey, it's interesting..."

This girl aroused his interest.

Of course, there is no other meaning, Jun Xiaoyao is interested in the origin of this girl.

"Hold on."

The faint words came from Jun Xiaoyao's mouth.

The desperate little face of the girl suddenly showed hope.

But when Lu Song heard this voice, his face became difficult to look.

Sure enough, does this adult still want to **** their prey?

"My lord, we are from the Lu family."

Lu Song said cautiously.

"Lu's family?"

Jun Xiaoyao's tone was light.

He is not clear about the Jiutian Taboo Family.

Before, I only knew the Yu family, the Jin family, and the Ji family.

Mainly also, Jun Xiaoyao doesn't care about these taboo families.

Because they are just running dogs in the restricted area.

Jun Xiaoyao doesn't even care about the restricted area of life, will he care about their lackeys?

Hearing Jun Xiaoyao's dismissive tone, Lu Song's face was ugly, and he emphasized again.

"Our Lu family is a family under the Emperor's Meteorite Mountain. This prey is also to be captured and dedicated to the Young Master Wang Yan of the Emperor's Meteorite Mountain. I hope you will forgive me."

Wang Yan's reputation in Jiutian is still very strong.

Even Tianjiao in other restricted areas did not want to offend Wang Yan.

Lu Song pulled the tiger's skin and pulled the banner, trying to move out of Wang Yan to shock Jun Xiaoyao.

As everyone knows, this has driven him to a dead end.

After the voice fell, Lu Song immediately felt that the temperature between the surrounding sky and the earth seemed to have dropped to freezing point in an instant.

He shuddered and noticed something bad.

"Wang Yan..." Jun Xiaoyao had a cold playful look in his eyes.

For this guy who hit his woman's attention, Jun Xiaoyao had already sentenced him to death in his heart.

And Lu Song in front of him even took Wang Yan out as a backer.

It is simply seeking a dead end.

Jun Xiaoyao left without saying a word.

The giant palms woven by the laws, even the palm prints are clearly visible, like the sky collapses, the cover is pressed down!

Lu Song and a group of Lu family members were shocked.

This breath is too terrifying.

Lu Song, in particular, had the privilege of seeing Wang Yan from afar and was deeply shocked by his aura.

But right now, when this mysterious young adult made a move, that breath was even worse than Wang Yan!

Pouch!

There is no suspense at all.

Lu Song and other tribesmen even if they sacrifice any means, they can only be destroyed in this palm.

Nine Heavens Tianjiao, although it is stronger than Xianyu Tianjiao.

But Jun Xiaoyao's strength, no matter where it is placed, is absolutely top-notch.

Could it be that the arrogance of their taboo family can resist it?

Seeing Jun Xiaoyao obliterate everything with one palm.

The girl with Yan Ruotaohua was also stunned, her palm-sized crystal face was filled with surprise and shock.

"Much...thank you for your help..."

The girl's tone was stumbling, and with a little fear, she thanked Jun Xiaoyao.

But Jun Xiaoyao, his eyes faintly, fell on the girl, said.

"Interesting, it's an indestructible medicine. I'm very interested in your history."
