

## Sacred Body 1361

### [Chapter 1361: In the depths of the endless abyss, the mysterious medicine spirit mountain](#)

Jun Xiaoyao is naturally not idle and doing nothing, the hero saves the United States.

But he saw through the identity of the girl.

She is not human, she has a strong breath of immortality.

When the girl saw this, she was not too surprised.

With the strength of this mysterious adult, it is not a simple matter to see through her.

Besides, their Yaoling Mountain, in nine days, can be considered to have some popularity.

It is a place of opportunity.

If you inquire a little bit, it should be clear.

"My name is Yao'er, and I come from Yaoling Mountain. My body is a flat peach immortal medicine."

The young girl named Yao'er was very good, and she told her all about her identity.

After all, in the face of Jun Xiaoyao's existence, if you conceal it, you might attract murderous intent for yourself.

"Yaoling Mountain..." Jun Xiaoyao muttered to himself.

He naturally hadn't heard of Yaoling Mountain.

But it sounds like it should be a great opportunity for nine days.

Seeing Jun Xiaoyao pondering, Yao'er thought that Jun Xiaoyao was thinking about whether to refine her.

Yao'er immediately knelt down to Jun Xiaoyao.

"I hope you won't refine me..."

She looked very pitiful, but it was quite touching.

The reason why Yao'er was so frightened was because she had seen too many of her clan being captured, burned alive and refined in a medicine furnace.

Although their body is an elixir, they have been transformed into form after all, and they have human emotions and perceptions.

You will also feel pain and suffering.

Jun Xiaoyao smiled slightly.

"Don't worry, it's just an elixir, I really don't need it."

"However, I am quite interested in your ability to transform."

It stands to reason that although the elixir is rare and precious, it is extremely difficult to transform it.

Generally speaking, only the legendary half-immortal medicine, or immortal medicine, is eligible for transformation.

However, the rarity of semi-immortal medicine and immortal medicine is equivalent to that of quasi-immortal artifact and immortal artifact.

General immortal forces are impossible to possess.

Jun Xiaoyao probably didn't care much about the elixir.

But if it was a half-immortal medicine, Jun Xiaoyao would still be tempted.

The reason why he rescued this girl was because he felt that there might be traces of half-immortal medicine where she came.

"The reason why we can transform is related to a secret of Yaolingshan..."

Yaoer hesitated to speak but stopped.

This is their secret.

But if she didn't say it, she was afraid of offending the mysterious adult in front of her.

However, she instinctively felt that Jun Xiaoyao should be harmless.

It is different from those of the taboo family who want to capture them.

Jun Xiaoyao naturally knew what Yaoer was hesitating.

If Yaoling Mountain really had a half-immortal medicine, it might have already been transformed.

In this way, if you take arrogant measures, it may be counterproductive.

He has to understand first, what is the reason why these immortal medicines can transform themselves?

This is probably related to a great opportunity.

Thinking of this, Jun Xiaoyao had a solution in his heart.

The light on his face disappeared slightly, revealing a handsome face like a heavenly man.

There was a gentle smile on his face.

Actress-level acting, once again online.

"Actually, you should have noticed that I am not a nine-day creature, and I don't have a good impression of those forbidden families and life forbidden zones."

"Presumably, Yaoling Mountain, you should be persecuted from time to time, right?"

Yaoer looked at Jun Xiaoyao, slightly dazed.

Although she is an immortal form, her aesthetics is no different from that of a human being.

The man in front of her was really the best-looking person she had ever seen.

Coupled with Jun Xiaoyao's gentle attitude, Yao'er's defensiveness has been reduced a lot.

It has to be said that Jun Xiaoyao's appearance is itself a big killer for females, and even an immortality is no exception.

Yao'er nodded and said: "Yes, those forbidden families and monks in the forbidden zone often come to arrest our people."

"But because of the reason why Yaoling Mountain is hidden in the Abyss of Endlessness, they can't go deep."

"But now, the formations around the Abyss of Endlessness have become weaker, and it is very likely that they will no longer be able to guard Yaoling Mountain."

"When the formation completely disappears, those people will definitely invade our Yaoling Mountain. At that time, even Grandpa Bodhi will no longer be able to protect us."

Speaking of which, Yao'er, the young girl, was crying, very pitiful.

Jun Xiaoyao's eyes flashed slightly.

Grandpa Bodhi?

Could it really be a half-fairy medicine?

Jun Xiaoyao's smile became more gentle.

He felt that it was necessary to include Yaolingshan in his bag.

"It seems that your situation is indeed not so good. Perhaps, I have a way to help you." Jun Xiaoyao said.

"My lord, you..." Yaoer looked at Jun Xiaoyao with teary eyes.

Jun Xiaoyao is indeed very strong.

But after all, it's just one person.

"If you believe me, you might as well take me to Yaoling Mountain."

"Relax, with me here, no one dares to attack Yaoling Mountain during this time." Jun Xiaoyao smiled.

At this moment, he seemed to be the strange uncle who was deceiving the little girl.

But Jun Xiaoyao looks great.

If it is placed in the fairyland, I don't know how many women there will be, rushing to be deceived by Jun Xiaoyao.

Although Yaoer seems innocent and innocent, she is not stupid.

When most people say this, she must think they are lying to her and bragging.

But for some reason, speaking from the transcendent young man in front of her, she actually felt that it seemed to be the case.

This is the aura that Jun Xiaoyao has cultivated for a long time.

It always gives people an inexplicable sense of steadiness and security.

Later, Yaoer took Jun Xiaoyao to the depths of the Abyss of Endlessness.

And on the way, they also met again some taboo family monks who were arresting "living medicine".

For example, the monks of the Jin family are chasing five small things.

It looked like they were five little dolls about three or four years old, with soaring braids, plump and round.

But now, they are being caught as prey.

"Ginseng baby!" Yaoer couldn't help but shouted.

The five little dolls were transformed into five ginseng plants.

"Sister Yaoer!"

All five babies seem to have seen a savior.

Yaoer looked at Jun Xiaoyao pitifully.

Jun Xiaoyao's face was faint, and he slapped it over at random, and knocked over the Jin family monk.

The Jin family also had friction with him.

It can be said that Jun Xiaoyao does not have the slightest affection for these taboo families who are arrogant in the fairyland.

Seeing Jun Xiaoyao's behavior, Yao'er was even more kind to him.

Five people participated in the baby, and they also circled him.

"Big Brother, there is a very comfortable breath..."

All five people said to the baby.

Jun Xiaoyao naturally understands that this is because in his inner universe, there are world trees, six reincarnation fairy roots and other strange things.

Especially the World Tree, known as the ancestor of thousands of trees.

For all kinds of immortal medicine, half-immortal medicine, and even immortal medicine, it has a fatal attraction.

This is also Jun Xiaoyao's bargaining chip.

Afterwards, Jun Xiaoyao went all the way, and also saved many sacred medicines that were transformed into Yaoling Mountain.

This made Yao'er and others feel more at ease with him.

It didn't take too long Yao'er brought Jun Xiaoyao to the depths of the abyss of endlessness.

A majestic, vast mountain with immortal flow waterfall, suspended in the void, like a paradise outside the world.

"Is this Yaoling Mountain?"

Jun Xiaoyao thought.

He wants to unlock the secret that these elixir can transform.

And on the other side.

Those members of the Taboo family who escaped also rushed to the star where the arrogances gathered.

"It's not good, sirs, there is a mysterious strong man who stopped me from waiting and saved all the 'living medicine'!"

"what?!"

Hearing this, the top princes of the taboo families at the party changed their expressions and became gloomy.

#### [Chapter 1362: Emperor Meteorite Mountain Tianjiao Wang Meng, Yaoling Mountain Bodhi](#)

"Is there really such a kind person these days?"

Jin Yu, Jin Jia Tianjiao, frowned.

"What kind person, I think that person wants to collect those 'living medicines' together and swallow them alone."

Ji Jia Tianjiao Ji Mingfeng said coldly.

"Yes, those 'living medicines' have been contaminated with special substances and are of infinite value."

"A metamorphic elixir is more than five times stronger than ordinary elixir." Tujia Tianjiaotu campaign said.

"My lords, the strength of that mysterious person cannot be underestimated. It is a slap in the face of anyone. I just glanced at it from a distance and felt terrified."

The taboo family monk who whispered the news shuddered.

"Oh, is it a strong man of the older generation?" Lu Qing said.

"Although the figure is dimly visible, it should not look like the older generation, perhaps a young adult in the restricted area." The monk said.

"Even if it is an adult in the restricted area, this behavior is too overbearing. Do you really think that Yaoling Mountain is his hunting ground alone?" Lu Qing frowned.

"Yes, we are not only arresting the living medicine for ourselves, but also for the adults in the restricted area." Jin Yu said.

Behind them, stood the Ruins of the Holy Spirit, Emperor Meteorite Mountain, Beast Cave, and Changsheng Island, the four major life restricted areas.

Do not look at the face of the monk and look at the face of the Buddha.

Even the young strong in the restricted area can't kill anyone in their family at will.

"Let's go, let's take a look, where is that person sacred!"

At the most explosive massacre battle, get up directly and go in person.

But at this moment, suddenly, a figure descended on this star.

It was a handsome man with extraordinary bearing, and a mysterious aura surrounded him.

Seeing this person, Lu Qing in the crowd suddenly got up and saluted the person who came.

"It turned out to be Prince Wang Meng's visit."

Lu Qing's words changed the expressions of all the taboo family Tianjiao present.

"It's the Tianjiao of Emperor Meteorite Mountain..."

Tu Zhan, Jin Yu, Ji Mingfeng and other taboo family Tianjiao all stood up and signaled.

These taboo family gods, facing the creatures of the immortal realm, have an illusion of superiority.

But in front of the real creatures in the forbidden zone, he was just a younger brother.

Even if the strength of some of them may not be weaker than Wang Meng.

But in front of Wang Meng, he did not dare to have any presumption.

This is the supreme majesty of the restricted zone of life.

"I'm here for Yaoling Mountain, Lu Qing, telling you to arrest the living medicine, how are you doing?"

This Tianjiao named Wang Meng from Emperor Meteorite Mountain glanced at Lu Qing.

Lu Jia is a taboo family under the command of Emperor Meteorite Mountain, and is naturally under their jurisdiction.

Lu Qing's expression changed slightly, showing hesitation.

Upon seeing this, Wang Meng frowned and said, "Why, maybe it hasn't been caught yet?"

"The chance of the Sanxian Cave is about to start, and Young Master Wang Yan wants to take out an elixir of life and death as a meeting gift for Miss Jiang."

"If this matter is messed up, it is likely to make Young Master Wang Yan unhappy."

Wang Meng said with indifferent eyes.

"No, of course not, it's just..."

A look of jealousy flashed through Lu Qing's eyes.

It was jealous of Jiang Luoli.

That woman from the immortal realm, how can He De, be so valued by Wang Yan?

It seems to see the jealousy in Lu Qing's eyes.

Wang Meng's eyes showed a hint of sarcasm: "Lu Qing, you should also have admiration for Young Master Wang Yan."

"Let's tell you the truth, that Jiang Luoli, the Yuanling Immortal body she carries is extremely important to Young Master Wang Yan's cultivation."

"If you can double cultivation with that Jiang Luoli, the realm strength of Young Master Wang Yan will be qualitatively improved."

"It is completely impossible for you to compare with that Jiang Luoli."

"But if you do a good job, and you can be appreciated by Young Master Wang Yan, you still have a chance to be a concubine." Wang Meng said lightly.

"Yes, actually, it's like this..."

Lu Qing suppressed the jealousy in his heart and told Wang Meng the matter.

"What, someone wants to swallow all the living medicine in Yao Lingshan?"

There was a chill in Wang Meng's eyes.

"Yes, but the mysterious Tianjiao is very powerful, and it may be an adult in the restricted area." Jin Yu said beside him.

Wang Meng said with a touch of disdain.

"What about Tianjiao in the restricted area, Young Master Wang Yan, who is on the Nine Heavens Dragon and Phoenix List, no matter which Tianjiao in the restricted area is, he must give Young Master Wang Yan a face and go!"

Wang Meng waved his hand and wanted to go in person.

Jin Yu, Ji Mingfeng, Tu Zhanzhe and others also showed joy in their eyes.

If it were them, they wouldn't dare to provoke the mysterious young adult.

But Wang Meng, the emperor Tianjiao of Meteorite Mountain, was in his early days.

Then they are not afraid.

Immediately, a group of Tianjiao, mighty and mighty, left here, drove the ark of breaking the formation, and sailed to the abyss of no end.

the other side.

In the depths of the endless abyss.

Jun Xiaoyao looked at the incomparably magnificent mountain in the distance, like Yaoling Mountain like a fairy mountain, and his eyes also showed a touch of wonder.

He could feel that the origin of this Medicine Spirit Mountain might be extremely extraordinary.

That kind of energetic aura is too rich.

It is even more favorable than Jiutian's environment.

It is no wonder that these transformed holy medicine spirit strains can be derived.

However, Jun Xiaoyao felt that the reason for their transformation may not only be due to environmental reasons.

"My lord, this is Yaoling Mountain, Yaoer will take you to see Grandpa Bodhi." Yaoer smiled sweetly.

They came along, Jun Xiaoyao also saved many Yaolingshan creatures.

This gave Jun Xiaoyao a very good impression in the hearts of these Yaolingshan creatures.

"Of course." Jun Xiaoyao smiled slightly.

They entered Yaoling Mountain.

In the mountains, the aura is rising, the gods are ten thousand wisps, and the fairy qi is lingering, like a fairyland on earth.

There are Danya strange rocks, cliffs and strange peaks, this is a place where the sky and the earth are beautiful.

Rao is a person with a very high vision like Jun Xiaoyao.

I also feel that this is a rare place in the world.

Even in Xianyu, there are few such places.

"good....."

Jun Xiaoyao became more satisfied.

He had already regarded this Yaoling Mountain as his own thing.

"Such a blessed place, and so many medicine clan creatures, falling into the hands of those forbidden families and forbidden areas, it is simply a violent thing." Jun Xiaoyao thought.

Suddenly, his eyes stopped.

Because he discovered that a mountain in front of him actually looked like a pill furnace.

"Could it be..."

Jun Xiaoyao had a guess in his heart.

At this time, an old voice sounded.

"Thank you, little friend, for saving my people."

Jun Xiaoyao glanced at it, on the mountain shaped like a pill furnace.

Standing a little old man in a bi-colored old shirt.

The reason he is small is that he is only about one-third the size of an ordinary person.

It's almost like a shriveled walnut.

But the faint aura exuding all over him made Jun Xiaoyao's eyes show a touch of surprise.

"Emperor Zhun?"

The small old man in front of him is a quasi-emperor!

"Old Bodhi, I feel a special breath in my little friend. My little friend shouldn't be a nine-day creature."

The old man named Bodhi had green eyes, and he looked deeply at Jun Xiaoyao.

Jun Xiaoyao didn't mean to conceal his identity, and said freely.

"Xiajun Xiaoyao comes from the family of the Xianyu Monarch."

"Jun's family?"

A strange color flashed in Bodhi's eyes.

In his extremely old and vague memory.

It seems that I have heard of the Jun family.

Bodhi didn't expect that he would be able to meet someone with Jun's blood here.

[Chapter 1363: Half Immortal Medicine, Immortal Bodhi, Where Did Medicine Spirit Mountain Come From](#)

"Presumably senior's body should be a half-immortal medicine, right?"

Jun Xiaoyao directly pointed out.

The Bodhi also nodded slightly and said, "Yes, the old body is an immortal bodhi."

Immortal Bodhi!

That is a real half-fairy medicine.

Rumor has it that by refining the immortal bodhi, you will have an incomparably enchanting comprehension.

Because Bodhi is a symbol of wisdom.

It can be said that even if it is a mortal or even a fool, as long as it can refine the immortal bodhi.

Immediately become one of the most enchanting talents in this golden world.

This is the power of the half immortal medicine, each plant has the ability to guard against the sky!

As for the real fairy medicine, it is even more rare and rare, with the ability to change fate against the sky!

Rumor has it that immortal medicine is planted by real immortals.

Even in the realm of some strongest emperors, if they control a plant of immortal medicine, they are enough to live out the second life, and even the third life!

It is precisely because of this that the preciousness of the immortal medicine is unimaginable.

Now in Xianyu, let alone immortal medicine.

The half-immortal medicine is extremely rare, and if it appears, it will attract a \*\*\*\* battle from the immortal forces.

It can be said that if a plant and a half of immortal medicine appear in front of anyone, it is absolutely impossible to keep calm.

As for Jun Xiaoyao, he had already guessed it, so now he was still calm and calm, his expression unchanged.

Seeing that there was no greed in Jun Xiaoyao's eyes, Bodhi also couldn't help showing a touch of appreciation in his eyes.

Worthy of being a gentleman.

"Senior should be the leader of Yaoling Mountain, but at the moment, Yaoling Mountain's situation seems a bit bad." Jun Xiaoyao said.

When Bodhi heard the words, he sighed and nodded.

"The little friend is right, it is true."

"My Yaoling Mountain is regarded as a hunting ground by those taboo families and creatures in the forbidden area."

"And we medicine family are regarded as 'living medicine' and prey."

"For a long time, many medicine families have been arrested, harvested, and refined."

Bodhi said here.

Yao'er and Ginseng Baobao and other medicinal creatures also showed heartbreak.

"Senior, as a half-immortal medicine, has quasi-emperor-level strength after being transformed, can't it protect Yaoling Mountain?" Jun Xiaoyao asked.

Bodhi said: "Those nine-day creatures regard the arrest of the medicine race as a kind of hunting and experience."

"If the old man takes action to deal with those arrogances, there will be a stronger person immediately to catch the old man."

"The old man is ashamed, and can only hide in the depths of this Yaoling Mountain."

Bodhi sighed endlessly.

When Jun Xiaoyao heard the words, his eyes flashed darkly.

It seems that Yaoling Mountain has indeed reached the point where there is nowhere to go.

This is exactly what he wants.

Jun Xiaoyao really didn't think much about them.

Even if it was the half-immortal medicine of Bodhi, Jun Xiaoyao didn't mean to refine it.

Because immortal bodhi is a blessing in understanding.

But Jun Xiaoyao already possesses the utmost understanding of evildoers.

So even this immortal bodhi is nothing but tasteless to Jun Xiaoyao.

What he cared about was Yaolingshan itself.

And the secret that their medicine clan can transform into form.

That is the real value.

Jun Xiaoyao said directly: "Senior, forgive me for your bluntness. If this goes on, you may not be able to hold on for long."

Bodhi nodded and said: "Yes, it is true. The reason why Yaoling Mountain is hidden in the depths of this endless abyss is also to prevent the nine-day creatures from coveting it with the endless killing formation."

"But the killing array is beginning to disintegrate, and it will eventually become annihilated."

"At that time, there will definitely be creatures in the restricted area to catch the old. They have been coveting for a long time."

Jun Xiaoyao tapped his jaw slightly.

indeed so.

Even if it is transcendent like a restricted zone of life, it is impossible to ignore it in the face of a half fairy medicine.

Jun Xiaoyao said: "Senior, maybe I can help you."

Bodhi glanced at Jun Xiaoyao, and said, "People of the Jun family may indeed have such abilities."

"Does the predecessor know the Jun family?" Jun Xiaoyao's eyes flashed.

He actually didn't know the origin of Yaoling Mountain.

But listen to what Bodhi said.

It seems that they are not the native race of Nine Heavens.

Maybe it came to Jiutian from other places.

A hint of hesitation flashed in Bodhi's eyes.

This is about the secret of their Yaoling Mountain.

But he still said: "The age of the old is very ancient, but in the vaguely vague memory fragments, there was an impression of the Jun family."

"That is an immortal clan that governs the heavens and all spirits."

"Oh?"

Jun Xiaoyao even showed a touch of thoughtfulness.

Where did this Bodhi child come from?

And where did Yaoling Mountain come from?

Why can they be transformed?

Just when Jun Xiaoyao wanted to inquire again.

In the distance, a medicine clan creature suddenly hurried to say.

"Grandpa Bodhi, those wicked people are here again, they have gone deep into the abyss of endlessness, and have arrested some of our kinsmen!"

Upon hearing this, Yaoer, Ginseng Baobao and others also showed anxious expressions.

Bodhi sighed deeply.

If he makes a move, the quasi-emperor fluctuation cannot be concealed, and it will definitely attract the covetousness of the forbidden family and the strong in the forbidden area.

Upon seeing this, Jun Xiaoyao said: "Senior and you don't have to worry, let me go and see."

"grown ups....."

Yao'er's eyes were brilliant when she heard Jun Xiaoyao's words.

"Long live big brother!"

Five plump ginseng babies are also spinning around Jun Xiaoyao.

Jun Xiaoyao turned and left.

Seeing Jun Xiaoyao leaving behind, there was a hint of thinking in Bodhi's old eyes.

"Should you trust him and bet the fate of Yao Lingshan on him?"

Bodhi was lost in thought.

After all, his decision may have determined the fate of the entire Yaoling Yam Clan.

And knowing people, knowing the face and not knowing the heart.

In case the choice was wrong, it would definitely be a devastating blow to the entire Yaoling Yam Clan.

So he couldn't help being careless.

On the other side, in the void tens of thousands of miles away from Yaoling Mountain.

Wang Meng, Jin Yu, Tu Zhan, Ji Mingfeng, Lu Qing and others are on the ark of breaking the formation, offering artifacts such as heaven and earth nets to capture the transformed medicine clan.

"Is that person already gone?" Jin Yu suspiciously asked.

"He doesn't really have anything to do with Yaoling Mountain?" Ji Mingfeng guessed.

"Impossible, the Yaoling Yam Clan, who has been arrested all year round, is suspicious of nature, and it is impossible to trust any creature outside Yaoling Mountain." Wang Meng said lightly.

And just as his voice fell.

Void in the distance.

A breath of transcendence, the whole body enveloped the gods, like a figure who was born and banished, and walked leisurely.

Beside him, there are Yaoer, Ginseng Baby and other medicinal creatures.

"Um?"

Wang Meng looked at it, his face sinking.

Did he get slapped in the face just after he finished speaking?

"it's him....."

"The breath is really deep..."

Seeing Jun Xiaoyao, Ji Mingfeng, Tu Zhan, Jin Yu and others, there was a solemn look in their eyes.

They are all Tianjiao figures in their respective taboo families.

Looking at the fairyland, it is stronger than some immortal heirs and seed-level figures.

But at this moment, facing that celestial light hazy, aura of aloof figure.

They also felt an unprecedented pressure.

"These characters are definitely among the nine dragons and phoenixes..." the group guessed in their hearts.

There was also a solemn look in Wang Meng's eyes.

He didn't care at first.

But seeing a real person now is indeed not to be underestimated.

Few creatures in the restricted zone of life are fools.

"I don't know where your ex is from the restricted zone, where is your ranking on the Nine Dragons and Phoenix Rankings?"

Faced with Wang Meng's question, Jun Xiaoyao had only one simple sentence.

"Go away, or die."

#### [Chapter 1364: 1 Palm annihilation of Wang Meng, animal cave in the restricted area of life](#)

As soon as this remark came out, the expressions of everyone present changed.

Although Wang Meng is not as good as Wang Yan, he is famous for nine days.

But it is also a well-known Tianjiao of Emperor Meteorite Mountain.

As a creature in the restricted area, wherever he goes, he won't be noticed by all parties.

As a result, at this moment, he was so despised and scolded.

"Presumptuously, you know that Young Master Wang Meng is from Emperor Meteorite Mountain and is from the line of Young Master Wang Yan!"

Lu Qing couldn't help but snorted.

Jun Xiaoyao turned to Lu Qing.

Suddenly!

Lu Qing felt a terrifying coercion like a mountain whistling a tsunami!

That feeling is like being watched by a god!

Lu Qing immediately went dumb, his snow-white skin was covered with goose bumps, and he felt a terrifying chill like falling into an ice cave!

"you you..."

Lu Qing suddenly made no sound like a hen pinched by the neck.

Her pupils shrank, shocked.

Although Lu Qing is not the strongest arrogant, she is also the arrogant daughter of the taboo family.

Shocked by a look, what is this concept?

Jun Xiaoyao only glanced at Lu Qing, then withdrew his gaze.

In his eyes, this kind of person is inferior to ants and can be ignored directly.

"Emperor Meteorite Mountain, Wang Yan's person."

Jun Xiaoyao's tone had a touch of cold play.

It was just nine days ago, and I ran into the Tianjiao of Emperor Meteorite Mountain.

It's really a narrow road to Yuanjia.

Originally, if Wang Meng didn't reveal his origin and identity, Jun Xiaoyao might really be too lazy to take action against this group of ants.

But now...

"Yes, since you know where we came from, you should also know that you are robbing the prey of our Emperor Meteorite Mountain."

"I don't care where you come from in the restricted area, I will give my Emperor Meteor Mountain a face."

Wang Meng is still ignorant.

I don't know what a fatal crisis I have fallen into.

"Emperor Meteorite Mountain is overbearing."

Jun Xiaoyao's tone was indifferent.

The corner of Wang Meng's mouth evokes a cold and proud arc.

Only with strength can you have the qualifications for domineering.

Here, Yao'er and others are all worried.

They naturally knew what a terrifying forbidden area the Emperor Meteorite Mountain was.

Can this young adult from Jun's family handle it?

However, the answer to Wang Meng was only a palm.

Jun Xiaoyao was too lazy to say anything.

Let alone Wang Meng.

Even if it was Wang Yan in his eyes, that was the case.

Faced with the palm that Jun Xiaoyao probed, Wang Meng didn't expect it either.

After reporting his identity, the mysterious young powerhouse still had no fear or scruples at all.

"presumptuous!"

Wang Meng was also the method of urging the Emperor's Meteorite Mountain, and the vast aura surged.

He condensed a knot with a force of destruction.

That is the great supernatural power unique to Emperor Meteorite Mountain, the seal of the Emperor Meteorite.

Suddenly, the surrounding world, as if an emperor's meteor appeared, blood floated in the sky, echoing the sound of weeping.

The Emperor Meteorite Mountain has a huge background, and it is unusual for it to be named Emperor Meteorite.

Wang Meng, as the Tianjiao of Emperor Meteorite Mountain, is far inferior to Young Master Wang Yan.

But with his strength, placed in Xianyu, it is also an absolute top-notch existence.

"It's worthy of being an adult from the restricted area..."

Lu Qing's beautiful eyes were bright.

Wang Meng is so strong.

Wang Yan, who is much stronger than Wang Meng, how strong will he be?

However, Jun Xiaoyao's eyes were extremely cold.

His palm changed, and a knot was pinched out.

The power of the endless law is intertwined, forming a vague phantom of the big clock, with a supreme mighty force to suppress the universe.

And even more surprising is.

When Jun Xiaoyao sacrificed this seal.

The entire endless killing array around the endless abyss seemed to be activated by a certain kind of aura and began to move around.

Suddenly, the power of the big bell phantom skyrocketed, like an ancient mountain, suppressing Wang Meng.

Wang Meng's expression was shocked instantly, with unprecedented tremors.

He was not only shocked by the power of Jun Xiaoyao's terrifying moves.

But because of Jun Xiaoyao's breath.

"You are not a nine-day creature, and that breath...!"

Wang Meng was shocked.

Who is this person, and his moves can resonate with the endless killing array!

Before, Jun Xiaoyao's aura was restrained.

But now, as soon as he took action, Tu Zhan, Jin Yu, Lu Qing and others, they immediately understood that he was not a nine-day creature.

It is even less likely to be a young adult in the restricted zone.

But at the moment, they have no time to be surprised.

Jun Xiaoyao made a seal, and the town killed Wang Meng.

Naturally, there is no final seal.

Facing Jun Xiaoyao's move, Wang Meng's emperor's mark was broken almost instantly.

It was not that this supernatural power was not strong, but that Wang Meng himself was too weak in Jun Xiaoyao's eyes.

If Wang Yan used this trick instead, it might be ten times more powerful.

boom!

The illusory body of the bell fell, and the town faced Wang Meng.

There is no suspense.

Wang Meng's body exploded, and the original spirit died.

A talent in the restricted zone has fallen!

The battle of Tu Zhan, Jin Yu, Ji Mingfeng, Lu Qing and other taboo family Tianjiao were all dumbfounded.

My mind was blank.

There are actually people who dare to kill the creatures in the restricted area?

And it's not a nine-day creature.

If it is not the nine-day creature, then it basically comes from the fairyland.

An immortal monk dared to kill Tianjiao in the restricted life zone in Nine Heavens.

This is simply playing a lantern in the hut, looking for death.

"Who are you, dare to kill the lord of the Emperor's Meteorite Mountain!" Ji Mingfeng's pupils were also trembling.

This is definitely a fierce man.

"No matter what your background is, no one can save you if you kill the adults in the restricted area." Jin Yu also said with a trembling tone.

They are not stupid either.

Since the mysterious and terrifying power in front of him can kill Wang Meng, he can naturally kill them easily.

And just now, with one move, Jun Xiaoyao spurred the Infinite Killing Array.

This is even more shocking in their hearts.

Where is this person sacred?

And at this moment.

In the distance and deep in the void, suddenly a black battleship broke through the formation, breaking through the barriers of the formation.

Standing on it was a young man who looked a little refined.

There is a totem-like pattern on the center of his eyebrows, which looks like some kind of ancient animal pattern.

"Interesting, really interesting. I wanted to come here to hunt some living medicine and give it to Fairy Liu Qiongyan."

"But I didn't expect to see such an interesting scene."

This elegant young man standing on the deck of the battleship, looked at Jun Xiaoyao with deep eyes.

But Jin Yu, Ji Mingfeng, Lu Qing and others were surprised when they saw this elegant young man.

Upon seeing the battle of Tianjiao Tu of the Tu family, he hurriedly said, "It turns out that it is your Royal Highness Sha, I didn't expect you to come in person!"

The forces standing behind the Tu family are also the animal cave, one of the ten most life restricted areas, an ancient forbidden place with a fierce reputation.

The beast cave is the ancient heritage of the ancient fierce beasts.

The reason why you rarely see the pure-blooded Primordial Fierce Beasts in Xianyu.

It is because their pure-blood descendants have established a fierce and powerful life restricted area on the nine heavens.

That is, the beast's den.

And there are four most outstanding Tianjiao in the Beast Cave, and they are called the Four Little Kings in the Beast Cave.

Right now this young man is the Sha King of the Four Little Kings!

[Chapter 1365: One of the 4 little kings in the beast cave,?? 1 pulse king, use...](#)

The Beast Cave is a line of Primordial Beasts, the supreme forbidden area established in nine days.

Among the Primordial Fierce Beasts, the most famous are naturally the Four Fiends.

Gluttonous, chaotic, singular, singular.

These four-veiled fierce beasts have a prestigious name in Taigu.

It is an existence that stands shoulder to shoulder with the strongest beasts such as true dragons, divine phoenixes, and Kunpeng.

It is precisely because of this that the strongest four veins in the beast cave are precisely the four evils of the ancient times.

And the strongest of the younger generation of Beast Cave is the four little kings of Beast Cave.

It is the four strongest young pride among the four fiends of Taikoo.

At the moment this young man with a somewhat refined temperament.

It is the line of Tianjiao in the four evil spirits, known as the evil king.

It is hard to imagine that he is obviously a descendant of the Taikoo line of fierceness.

But this Shawang seemed to have such a refined temperament.

This peculiar sense of contrast makes him even more unfathomable and powerful.

"Catch the living medicine in a small amount, just tell me to wait, why not come here personally."

The Tu family's battle of Tianjiao Tu had a very respectful tone.

Because they Tujia is a taboo family under the command of the Beast Cave.

The animal cave gave them the cultivation method of the butcher, as well as some fierce beast essence and blood.

Their butchers are naturally loyal to the animal cave.

This elegant young man, also known as King Sha, waved his hand indifferently.

"It's okay, after all, it is a gift to Fairy Liu Qiongyan. You still need to obtain it personally to appear sincere."

"However, I didn't expect that if I hadn't come, I wouldn't have seen such a wonderful scene."

King Sha glanced at Wang Meng who had turned into a cloud of blood, his face was very calm.

Jun Xiaoyao looked at the visitor.

He could also feel that this young man, the Tianjiao of the taboo family, and even Wang Meng, weren't a level figure.

This should be the real Jiu Tian Jiao Zi, the figure on the Dragon and Phoenix list.

Aside, Yao'er saw King Sha, with a look of fear in his eyes.

Don't look at the Shawang, it looks a bit refined.

In fact, the creatures in their animal caves are also the most brutal in the forbidden areas.

After all, that is the instinct rooted in the blood of the fierce beast.

Yaoer also told Jun Xiaoyao some information about the animal cave.

"Oh, it turned out to be a restricted area established by the line of Primordial Beasts."

Jun Xiaoyao suddenly.

Not only was there no fear in his eyes, but an expression of interest was added.

Don't forget, his Jiuli Tu needs the sublimation of the soul of the four evil spirits to be promoted to the quasi-immortal weapon.

Although the Jun family had raised fierce beasts before.

Even during the Immortal War, it was used as a war behemoth.

But the blood of the fierce beasts raised by the Jun family is not particularly pure.

There is still a gap with the pure-blooded fierce beasts in the beast cave in the Jiutian Forbidden Area.

After all, now in Xianyu, it's hard to find the pure-blooded Primordial Four Fiends.

Jun Xiaoyao didn't expect that he would find nowhere to go after breaking through the iron shoes, and it would take no effort to get it.

In his eyes, the Beast Cave was simply an upgrade kit for Jiuli Tu.

However, at the moment this Shawang does not meet the conditions.

The four evil spirits of Jiulitu must at least be the evil spirits of the emperor realm.

"My lord, this person killed the Emperor Meng, the king of the Emperor Meteorite Mountain. He doesn't seem to be our nine-day creature."

Tu battle against the evil king.

"I know."

The Sha King looked at Jun Xiaoyao with a deep meaning in his eyes.

"You just had that trick. If you read it right, it should be the Endless Seal, and it can also evoke the resonance of the Endless Killing Array."

"It seems that the rumors are correct, you are really a descendant of the Emperor Everlasting."

The words of King Sha caused Tu Battle, Lu Qing, Ji Mingfeng, Jin Yu and others, their eyes widened, and all of them were petrified at once.

"Wh...what, heir to Emperor Wushu?!"

They took a breath, they couldn't believe it.

The Emperor of Endlessness, in Xianyu, is a hero and patron saint respected by thousands of people.

In Nine Days, it was a terrifying opponent.

So far in some restricted areas, there are many records about Emperor Wushu.

One person carries a coffin, kills for nine days, and defeats the master of the restricted area.

That is simply a legend.

Wushu's reputation in Jiutian is no weaker than in Xianyu.

However, the nine-day creatures are more jealous and fearful to the Emperor Without End.

"He is the heir of the Emperor Without End?"

Jin Yu, Lu Qing and others have not turned their minds now, and they can't believe it.

And here, Yao'er also stared wide, surprised.

The reason why their Yaolingshan survived was because of the guardian of the final killing formation.

As a result, all the descendants of Emperor Wu end appeared, which made Yao'er and other medicine clan creatures feel like they were dreaming.

"And, if I didn't guess wrong, you must be the rumored Jun Xiaoyao."

King Sha looked at Jun Xiaoyao.

This sentence made the taboo families sluggish, shocked, and their faces changed suddenly!

What is the biggest storm in the nine days in recent times?

Undoubtedly, Zhu Xianjian was killed for nine days.

And warned all the restricted areas not to take action against Jun Xiaoyao.

How arrogant and overbearing.

It even aroused the dissatisfaction of many Nine Heavens Proud Sons, who wanted the lower realms to crusade and suppress Jun Xiaoyao.

And now, this righteous master came to Nine Heavens by himself.

This is simply beyond their expectations.

"He is Jun Xiaoyao?"

Lu Qing's eyes were surprised.

She had heard that Jiang Luoli refused Wang Yan.

It is because she is only obsessed with Jun Xiaoyao.

Before, Lu Qing was a bit disdainful, thinking that Mr. Xiaoyao had any qualifications to be able to compare with Wang Yan.

Now, I saw the man in white who was shrouded in the gods, like an immortal on earth.

Only then did Lu Qing understand that he seemed to be a little ignorant.

But at the moment, shock is shocked.

But because of the Sha King, these taboo family Tianjiao were calm.

Jin Yu and Ji Mingfeng had a deep sense of resentment in their eyes.

The Jin family and the Ji family behind them have been severely injured by Zhu Xianjian, with heavy losses, and countless casualties among their tribesmen.

And all this was caused by Jun Xiaoyao.

They naturally hope that Jun Xiaoyao will suffer.

"Unexpectedly, I was so famous in Jiutian." Jun Xiaoyao said casually.

Sha Wang smiled slightly and said: "Yes, I don't know how many princes in the restricted area want to suppress you."

"Now, it gives me a chance."

Before, Zhu Xianjian was just a warning, those older generations, don't bully the small.

But it did not say that peers cannot challenge Jun Xiaoyao.

Now, King Sha is playing this attention.

If Jun Xiaoyao can be suppressed, his reputation will definitely skyrocket.

And Liu Qiongyan should also be happy to see that Jiang Luoli's infatuated man was suppressed by him.

At that time, take the suppressed Jun Xiaoyao to Xianling. I think that scene will be extremely exciting  
Do you want to suppress me? "

Jun Xiaoyao saw the intention of King Sha.

"What do you mean, such a good opportunity, if I don't take the shot in advance, it is very likely that other people will seize the opportunity." Sha Wang said.

"It seems that you all think I am a soft persimmon, and all want to pinch it." Jun Xiaoyao said playfully.

These nine-day princes were born aloof and looked down upon the cultivators of the fairyland.

It is only natural to have this mentality.

"Isn't it?" Sha Wang smiled.

Jun Xiaoyao said: "I am sacrificing a weapon, and I just need the soul of the four evil spirits."

"But your realm seems to be too low, you don't even have the qualifications to be a material."

"But the livestock used to pull carts should be pretty good."

[Chapter 1366: Excessive arrogance, against the evil king, the real beast](#)

Jun Xiaoyao's words made several Tianjiao from the Taboo family think that there was a problem with their ears.

Jun Xiaoyao wants to use King Sha, one of the four little kings of the Beast Cave, as a cart for livestock?

This is so crazy!

How exist the four little kings of the beast cave.

Each is ranked among the nine dragons and phoenix lists.

It can be said that even Wang Yan of the Emperor's Meteorite Mountain had to face the four little kings of the Beast Cave.

As a result, at the moment, this prince from the immortal realm actually wanted to use them as cattle, horses and livestock to pull carts.

This is ten separate spectra!

"Presumptuous, you know what kind of person His Royal Highness is. In the Nine Heavens Dragon and Phoenix Ranking, His Royal Highness is ranked 15th. In the future, he will definitely prove the existence of Dao Cheng Emperor!"

As the taboo family Tianjiao under the command of the Beast Cave, Tu Zhan naturally wanted to stand up at this moment.

He is also telling the truth.

Regardless of the fifteenth place, it seems that the ranking is not particularly high.

But you must know that the cultivation base and strength of the Jiutian Jiaozi is much stronger than that of the Immortal Domain Tianjiao.

Can be ranked fifteenth in nine days.

Looking at the fairyland, they are absolutely top-notch, and they are the existence that can fight against a few enchanting evildoers such as Di Haotian.

In Xianyu before, except for Jun Xiaoyao, Emperor Haotian was unparalleled in power and had few rivals.

But if Di Haotian came for nine days, there would definitely be more than one or two people who could become his opponent.

Jun Xiaoyao took a light look at the Battle of Tu.

The Battle of Tu also felt a burst of horror in an instant.

It is as if there is cold in every pore of the body, and the cold in the heart and spleen!

"It's horrible, just one look..."

The battle of Tu was like a drake caught in the neck, unable to speak.

Thinking that he is also the arrogant of the taboo family, he can't bear the gaze of a person!

Jun Xiaoyao turned to look at King Sha.

The faint smile on King Sha's face was also slightly restrained.

"Can you say that again?"

King Sha knew that Jun Xiaoyao definitely had two brushes.

But here is not Xianyu, but Jiutian.

It's a dragon, you have to hold it.

It's a tiger, you have to lie on your stomach.

At the home court of the penalty area, Jun Xiaoyao even dared to provoke him like this.

This is a bit too arrogant.

"It's not just you, it should be good to suppress the four little kings of your animal cave together and use it to pull a cart for me." Jun Xiaoyao said.

The soul of his Jiu Litu sacrificed at least needed the soul of the fierce beast of the great emperor level.

These four little kings do not even have the qualifications to be materials, so they can only be used as cattle, horses and livestock to pull carts.

Hearing this, even the Sha King, who has always maintained an elegant air, was a little bit nervous.

The corner of his mouth lifted up with an extremely cold smile.

The teeth of that mouth turned out to be as sharp as a beast!

Elegant appearance, bloodthirsty sharp teeth, this contrast gives people a sense of extreme horror!

"It is rumored that the sage son of the Xianyu Jun family is arrogant and domineering, and there is no one in his eyes. Now it seems that it is really mad and boundless."

"In that case, let me have a taste of what your flesh and blood is like!"

Until now, the Sha King has truly exposed the bloodthirsty side of his fierce beast.

On him, a monstrous evil spirit surged and turned into \*\*\*\* clouds.

Almost instantly, he broke through the air and landed towards Jun Xiaoyao, and reached out with one hand.

The sharp blood-colored claws shattered the void directly.

The supernatural powers of the fierce beasts are like this, fierce and domineering, straight to and fro.

As for Jun Xiaoyao, the method is very simple.

Waved with one hand, like Kunpeng spreading his wings, set off a large piece of rune law, like a wave like a turbulent spread.

"Kunpeng method?"

A fierce light appeared in King Sha's eyes.

He is in the line of 梼杌, and he uses the 梼杌 method.

And Kunpeng is also a Primordial Mythical Beast.

In ancient times, the relationship between the four evil spirits and Kunpeng was not good.

The four evil spirits set off an infinite blood catastrophe, and Kunpeng had been hostile to them.

boom!

The two collided with each other, shaking up the boundless rune law.

In the distance, a group of taboo family gods are all watching.

"That Jun Xiaoyao is really looking for death, he is in Xianyu, maybe he can be the king and hegemony."

"But this is Nine Heavens. His Royal Highness, Sha King, ranks 15th on the Nine Heavens Dragon and Phoenix Rankings. How can it be comparable to Xianyu Tianjiao." Tu Zhanzhe said coldly.

Until now, they have not put down the pride of being a nine-day creature.

But the next moment.

Accompanied by a sound of vomiting blood sounded.

A figure flew out one after another!

Surprisingly, it is King Nasha!

"you....."

King Sha vomited blood, with broken internal organs.

His calmness and ferocity were gone.

It was replaced by a kind of horror.

He knew that Jun Xiaoyao was definitely not easy.

So when he shot, he also showed his strength to the full, and didn't underestimate the enemy.

But even so, he still far missed Jun Xiaoyao's strength.

Jun Xiaoyao just flicked it casually, but it brought him overwhelming pressure.

That supernatural power is too terrifying.

People who didn't know thought that Jun Xiaoyao was the ancient fierce beast.

But the fact is like this, Jun Xiaoyao's physical body has reached the extreme, his supernatural power is unparalleled.

Superimpose the power of the vast Kunpeng.

That power, even if it was a true Primordial Relic, the pure-blooded fierce beast couldn't bear it.

"It's okay, the strength is good, it should be more than enough to pull the cart." Jun Xiaoyao raised his eyebrows lightly.

It's worthy of being a line of Primordial Beasts, and a collision can make his palm slightly numb.

But it's just that.

"It's not over yet!"

King Sha is here for real.

His blood boiled, and his skin turned red like a lobster in boiling water.

Each blood vessel is knotted with muscles and muscles.

The Shawang who originally looked like an elegant young man, his body soared as if he was blowing a balloon.

Then it exploded directly, and a terrifying roar came out!

The last thing that appeared in front of Jun Xiaoyao was a terrifying beast that was fierce and overwhelming the world!

That strange beast, resembling a tiger, was covered with blood-colored hair.

It is nine feet long and has fangs like saber teeth.

He was surrounded by \*\*\*\* fierce aura, entwined like a horse.

Surprisingly it is the main body of 樗杓!

"What, his Royal Highness that forced the Sha King to display the true nature of a fierce beast!"

In the distance, the pupils of the battle of Tu were trembling.

The fierce beasts and creatures in the animal cave all have the means to transform themselves.

Even their butchers, because they have received the blood of the fierce beasts bestowed by the beast den, they also have the ability to transform into beasts.

But generally speaking, these are all moves at the bottom of the box and cannot be easily displayed.

"Is this the main body of 樗杓? It's okay to look good, at least pulling the cart won't lose my face." Jun Xiaoyao nodded slightly.

"Jun Xiaoyao, you are looking for death!"

This also known as King Sha, uttered words and slaughtered Jun Xiaoyao.

The evil spirit surging on his body also turned into an upright and fierce beast.

The characteristic of the creatures in the Beast Cave is that their strength will skyrocket after the body is transformed from

After all, the fierce beast's body is still much stronger than the human form.

But this has no effect on Jun Xiaoyao.

It was like a scum with a combat power of only 0.5.

Even if his strength soared tenfold, he was still a scum with five combat effectiveness.

Of course, this is so in the eyes of Jun Xiaoyao.

If you change to another opponent, it will definitely be different.

Upon seeing this, Jun Xiaoyao also threw a punch directly.

The meaning of reincarnation surged.

It seems that there are six small worlds, accompanied by Jun Xiaoyao's boxing front, suppressing them together.

It is the Six Reincarnation Fist!

[Chapter 1367: 3 tricks to suppress the King Sha, when pulling a cart, Lu Qing's...](#)

As one of the magical powers that accompanied Jun Xiaoyao for the longest time.

The power of the six reincarnation boxing can be improved as Jun Xiaoyao's strength increases.

Not to mention that Jun Xiaoyao fully understood the six visions of the Eucharist.

That is also a kind of reincarnation.

And Jun Xiaoyao had already understood the law of reincarnation.

Under these blessings, Jun Xiaoyao now displays six reincarnation fists, and the power is simply earth-shattering.

With one punch down, the reincarnation tribulation light surged.

It seems to reflect many worlds, the six cycles, the reincarnation of all things, and so on.

It's like everything in the world must be drawn into the six reincarnations!

The coercion of such a powerful move made the Sha King's heart burst into shock.

What kind of evildoer is this?

puff!

With a punch, the void bursts!

The endless light of reincarnation dissipates everywhere!

This punch goes down.

The sacred image of the Sha King sacrificed was directly blown out!

The Sha King himself was also hit hard in an instant.

Fortunately, he is a fierce beast body, and his physical body is far stronger than the average Tianjiao who refines his body.

Otherwise, his body would burst into pieces with this punch.

But even reluctantly resisted it.

The bones of Sha Wang also made an overwhelmed click.

The body of the ancient beast could not stop Jun Xiaoyao's punch!

"The third seal of the forbidden immortal!"

Jun Xiaoyao raised his hand and grabbed it, all kinds of banning laws, order \*\*\*\* chain, intertwined, imprisoned to the Sha King.

The Sha King who was hit hard was immediately imprisoned.

Three tricks!

Just three tricks!

Take one move at will.

Hit hard.

One move banned and suppressed.

In just three short moves, he ranked fifteenth on the Nine Heavens Dragon and Phoenix Rankings, and the Sha King, one of the four little kings of the Beast Cave, was suppressed!

If this is seen by other nine-day creatures, their eyes will come out.

And Tu Zhan, Jin Yu, Ji Mingfeng and other taboo family Tianjiao.

People are stupid.

They thought that at least there would be a fierce fierce battle.

Who ever thought that the battle would end in just three strokes.

Soon they didn't react!

As for Lu Qing, the beautiful face is full of surprises.

seeing is believing.

Before, because she had only heard the rumors, she did not take Jun Xiaoyao seriously.

I think this is just an error.

But now, facts speak louder than words.

Jun Xiaoyao's performance was simply a slap in the face.

Now, Lu Qing finally understood why Jiang Luoli would reject Wang Yan without hesitation.

At the beginning, Lu Qing also felt that Jiang Luoli was a self-reliant, and extremely stupid and ignorant woman.

For a gentleman Xiaoyao, even Wang Yan dared to refuse.

Now, after seeing Jun Xiaoyao with his own eyes, as well as his strength.

Only then did Lu Qing discover that there are people outside the world, and there are heaven outside the sky.

In contrast, she herself is a truly stupid, ignorant and short-sighted woman.

I didn't know that besides Wang Yan, there were other better men in this world.

But right now, it's not the time to reflect.

Even the Sha King has been suppressed, and the arrogances of their taboo families are just sending food.

Lu Qing was very decisive, and he turned his head and left.

Not even the live medicines caught.

Ji Mingfeng and Jin Yu also turned around to run away.

As for the Tu battle.

He really wanted to escape.

But Tujia is a family under the command of Beast Cave.

Now that King Sha is suppressed, if he escapes, he can't justify it.

The master was arrested, and when the slave escaped, there would never be a good end.

More importantly, Jun Xiaoyao did not kill King Sha, but suppressed him.

If Tu Zhan escapes at this time, then King Sha will return to his freedom and be held accountable.

The entire butcher will be implicated.

Therefore, the battle of Tu can only gritted his teeth and did not leave.

See the Taboo Family Tianjiao who escaped.

Jun Xiaoyao just flicked his fingers.

Sword Qi burst out, traversing the void.

Just now, Jun Xiaoyao saw the hatred towards him in the eyes of Ji Mingfeng and Jin Yu.

If Jun Xiaoyao guessed right, they should be from the three previous taboo families.

The Jianmang hole shot out, piercing through the bodies of Ji Mingfeng and Jin Yu, strangling together with the soul.

As for Lu Qing, the first to run was already ahead.

Jun Xiaoyao doesn't matter, it's just a worm that doesn't even count as an ant.

He turned to look at the Battle of Tu, with an unexpected look in his eyes.

"It's really a loyal dog."

"Jun Xiaoyao, now let go of Your Royal Highness Sha, there is still room for return." Tu Zhan said bitterly.

Jun Xiaoyao shook his head lightly.

"Obviously he is an individual, but it is sad to regard livestock as his master."

Jun Xiaoyao also refers to it as a sword and cuts it out at will.

Tu Zhanbae roared, and there was a fiery blood burning in his body.

It is the blood of the fierce beast bestowed by the beast cave.

However, he hasn't waited for him to be animalized.

The sword light passed, the head fell, and the soul was instantly annihilated.

"Jun Xiaoyao, you are presumptuous!"

The Sha King was roaring and roaring.

He wasn't angry because of the fall of the Tuzhan.

It's just because, Jun Xiaoyao said, livestock was the master in the Tu Zhan.

This is the greatest humiliation to the line of Primordial Beasts.

"It's just a prisoner."

A touch of coldness appeared in Jun Xiaoyao's eyes.

Immediately, there seemed to be a whirlpool of reincarnation in his eyes.

It is one of the three primordial powers of Jun Xiaoyao.

The reincarnation of the soul of the past.

Suddenly, King Sha felt himself as if he had fallen into a vortex of reincarnation.

Experienced a hundred times catastrophe, all kinds of torture.

Jun Xiaoyao's current Yuanshen cultivation is terrifying, and his peers are almost invincible.

The line of fierce beasts may be very strong in flesh, which is a strong point.

But the soul is not the top.

It's only a quarter of an hour.

Jun Xiaoyao withdrew his magical powers.

King Sha was panting, and his whole body was extremely weak, as if he had collapsed.

There was even a touch of fear in his animal eyes.

The torture of reincarnation for a hundred generations is not something ordinary creatures can bear.

"Either obediently be a horse to pull a cart, or just kill you now." Jun Xiaoyao said coldly.

The Sha King is still animalized at this moment.

He didn't say a word, obviously tacitly acquiescing.

"Jun Xiaoyao, I admit that I was planted."

"But I am only the weakest of the four little kings."

"Wait for you to meet them..." Sha Wang said coldly and quietly.

"Don't worry, when you meet them, let them accompany you and become bulls, horses and livestock pulling carts together."

"At that time, the Taikoo four evil spirits will pull the cart together, which is a bit interesting." Jun Xiaoyao smiled faintly.

King Sha didn't say anything.

Humiliation is only temporary.

When the time comes, the other three little kings in the animal cave will naturally come to rescue him.

No matter how bad, there are so many Jiu Tian Jiaozi, there will always be able to defeat Jun Xiaoyao.

At that time, he can also regain his freedom.

Jun Xiaoyao's palms are intertwined with Dao patterns.

The power of the third seal of the forbidden immortal turned into a rune and penetrated into the Sha King's body.

If there is any change in King Sha, he will die suddenly.

The storm temporarily ended.

Those of the medicine clan creatures who were arrested have also regained their freedom.

They all looked at Jun Xiaoyao, with a look of admiration.

In Yao'er's wonderful eyes, there are even small stars glowing.

She doesn't know how strong Jun Xiaoyao is.

But it can be seen from Jun Xiaoyao's performance.

He is very strong!

Strong beyond imagination!

At this moment, Bodhi's voice came from Yaoling Mountain.

"Little friend really deserves to be a member of the Jun family, and he didn't expect to have a fate with Emperor Wushu."

In Bodhi's tone, is more kind.

Because of their Yaoling Mountain, they can survive to this day.

The endless killing array played a vital blocking role.

Therefore, they are grateful for Emperor Wushu.

And now, Jun Xiaoyao revealed this level of relationship with his descendants of the Emperor Infinite.

Those who are so sincere and sincere in Emperor Wushu are even admired by Bodhi.

Then his descendants would not be a black-hearted person.

Therefore, Bodhi is naturally more trusting and relieved to Jun Xiaoyao.

Jun Xiaoyao smiled.

Now it seems that things are easy to handle.

He will uncover the secrets of Yaoling Mountain.

[Chapter 1368: Yaolingshan, which has gained trust and is good at refining medicine, is comparable to...](#)

Jun Xiaoyao didn't have any thoughts about these medicine clan creatures.

Even the Bodhi child of the half immortal medicine, Jun Xiaoyao never thought of refining anything.

What he cares about is the origin of these medicine clan creatures.

And the secret that they can transform into form.

But this must be related to their secrets, and it is impossible to reveal to outsiders.

Therefore, Jun Xiaoyao can only gain their trust first.

Now it seems that after the relationship of the Emperor Wushu is established.

This group of medicine clan creatures trusted him even more.

Jun Xiaoyao, Yaoer and others returned to Yaoling Mountain.

Bodhi saw Jun Xiaoyao and slightly arched his hands at him.

"Thank you, little friend, for saving my medicine clan creature again."

With his quasi-emperor realm's cultivation base, he can't make a move, otherwise the quasi-emperor fluctuations and the breath of semi-immortal medicine will attract the strong coveted.

So in the past, he could only watch those medicine clan creatures being arrested, and couldn't make a move.

This time, thanks to Jun Xiaoyao, these medicine clan creatures were unharmed.

"Senior is polite, but I can't stay here for long."

"I can save the medicine clan once or twice, but what about afterwards?" Jun Xiaoyao said.

When Bodhi heard the words, there was also a touch of worry and hesitation on his face.

Jun Xiaoyao continued: "Moreover, the endless killing formation around this area should also slowly dissolve, and there will eventually be a day of disappearance."

"Although I have obtained part of the inheritance of the Emperor Without End, it is impossible to completely repair the endless killing formation."

Although Jun Xiaoyao wanted to know the secrets of Yaozu.

But he did not explore directly.

But from the side, it points out the current plight of Yaoling Mountain.

This is the shrewdness of Jun Xiaoyao.

Words are almost full.

"My little friend is right. Actually, Yaoling Mountain is just holding on. One day is counted as one day." Bodhi sighed.

A dim light flashed slightly under Jun Xiaoyao's eyes, said.

"Actually, the younger generation may be able to help everyone from the medicine clan."

"Since the predecessors know the Jun family, they should know the ability of my Jun family. I can guarantee that the medicine is in good condition."

Jun Xiaoyao's tone is light and breezy.

Bodhi also nodded slightly.

indeed.

After seeing Jun Xiaoyao's three tricks to suppress Sha Queen.

He also understood that this young man is definitely the top and core figure in the Jun family.

Maybe he really has that ability.

"The strength of the Jun family naturally believes in the old, but..."

Bodhi is still hesitant.

After all, they have a special identity and belong to the medicine clan.

In the eyes of monks, they are resources.

Especially Bodhi seed is still a half-immortal medicine.

Jun Xiaoyao may not have any thoughts about them.

But what about the other Jun family members?

Upon seeing this, Jun Xiaoyao said, "Senior, I know what you are doubting about."

"It's just that I'm afraid that I will turn back and it will be bad for Yaolingshan then."

"I can swear here that I still have the Jun family. If there is any disadvantage to Yaoling Mountain, I will be condemned by heaven."

Jun Xiaoyao's words are very sincere.

"Little friend, you..."

Bodhi also did not expect that Jun Xiaoyao would do this for them.

Yao'er and other medicine clan creatures are even more touched.

In fact, they don't know.

This so-called oath had no effect on Jun Xiaoyao at all.

After all, he is a man of nihilism, not even causal.

A mere oath, there is a fart.

However, it should be expressed.

After all, Jun Xiaoyao was really interested in the secrets of Yaoling Mountain.

There may be unexpected gains.

"Grandpa Bodhi..."

Yao'er, Baby Ginseng and other medicinal creatures all looked at Bodhi with a pitiful face.

Obviously, they have been completely moved by Jun Xiaoyao.

Bodhi finally let out a long sigh.

"It's the old man who is a little suspicious, and has saved the abdomen of a gentleman with a villain."  
Bodhi laughed at himself.

Jun Xiaoyao smiled and said: "Senior said and laughed, you are special, and there is excuse for this level of doubt."

"How do you plan next, little friend?" Bodhi asked.

After Jun Xiaoyao pondered for a while, he said, "I'm here for nine days this time. There are other important things."

"But after the matter is over, I can take you back to Xianyu together, and will shelter Yaoling Mountain, so that you won't be threatened with any life."

Upon hearing Jun Xiaoyao's words, Yao'er, Ginseng Baobao and other creatures cheered suddenly.

"Great, I can finally get rid of the frightening life all day long."

All medicine creatures are extremely happy.

They hadn't thought about it before, hiding in the fairyland.

But first, it was not easy for them to go to Xianyu.

Secondly, even if they go to the fairyland, if no forces are willing to shelter them.

They will still be targeted by others and coveted by others.

And Jun Xiaoyao's promise undoubtedly solved their troubles.

So that they can go to the fairyland with peace of mind.

Bodhi also showed a smile and said, "The little friend helped me Yaolingshan so sincerely, and I have to reciprocate my love for Yaolingshan."

"In fact, what Yaolingshan is best at is refining medicine."

"Refining medicine?"

Jun Xiaoyao looked at the huge mountain like a Ruodan furnace.

But think about it.

These medicinal creatures, their bodies are all spiritual herbs, and they should be naturally gifted in refining medicine.

Bodhi continued to say.

"Don't think that the strength of the old is only in the quasi-emperor, but if you talk about the cultivation of alchemy, even the great emperor who specializes in the alchemy is definitely not better than the old."

Bodhi said this, with a touch of pride in his tone.

After all, his body is Immortal Bodhi.

Innate savvy is bursting.

Naturally, his talent for alchemy and medicine is extremely terrifying.

As Bodhi said, he took out an emerald green pill that looked like an emerald jade.

"This is the Bodhi Enlightenment Pill. It is a drop of medicinal essence of the old man. The pill that is refined is of great help to enlightenment and enhance cultivation talent."

Jun Xiaoyao took this Bodhi Enlightenment Pill, and then took it.

In an instant.

He felt that the rules of the world around him seemed to be much clearer.

It's like a film has been uncovered.

Of course, Jun Xiaoyao's own savvy is already a evildoer, and his talent is also the qualification of the king of anomalies.

This bodhi enlightenment pill effect is just icing on the cake for him.

But be aware.

If these medicines were used by the younger generation of Emperor Tianjiao, what effect would it have.

For example, to Ren Jiangliu, Yao Daojiao and other Tianjiao.

If they take this pill, the effect is most obvious.

Not only that, but it can also be given to other senior officials of the Emperor's Court.

The important thing is that it is obviously impossible for Bodhi to only refine this kind of medicine. What does this mean?

It means that Yaoling Mountain can be regarded as a powerful refining power!

Among the six departments of the Emperor's Court, the Ministry of Engineering is a department that specializes in alchemy refining and talisman making.

But so far, there are only two refining families of the Lu family and the Mo family.

Yaoling Mountain can be incorporated into the Ministry of Industry and become the medicine refining department of the Emperor's Court.

It is conceivable that there is Bodhi, an alchemist who is comparable to emperor alchemy.

There is absolutely no shortage of elixir from the Emperor's Court.

With sufficient pills, the talent strength of all monks in the Emperor's Court will skyrocket.

The strength of the entire Emperor's Court will skyrocket!

For Jun Xiaoyao, this is definitely a surprise.

[Chapter 1369: The origin of Yaoling Mountain falls through that "door"...](#)

In the beginning, Jun Xiaoyao's purpose was just to explore the reason why the medicine clan creatures can transform into form.

But now, Yaoling Mountain obviously has greater value.

The Bodhi child also knows that to be favored by others must be rewarded.

So he is also willing to contribute his own strength.

"It just so happens that the power I have established also needs a pharmacist." Jun Xiaoyao said.

When he said this, he also gave the Bodhi seed a pill of reassurance.

As long as they can play their part, they don't have to worry about safety.

Jun Xiaoyao also simply told Bodhi about the Emperor's Court.

"It turns out that the little friend is really a young hero. At such a young age, he is the lord of an immortal power."

"In that case, I am naturally willing to join the Emperor's Court."

Only then did Bodhi subdue his mind completely.

After all, there is nothing to be courteous.

Jun Xiaoyao took the initiative to help them at the beginning, and Bodhi could not have no doubts at all.

And now, the knot is completely untied.

After reaching an agreement, the atmosphere is also harmonious.

Jun Xiaoyao said: "Actually, I still have a question, where did Yaoling Mountain come from, and why can Yaozu be transformed?"

Although ordinary elixir has spirituality, it is impossible to transform unless there are special circumstances.

The half-immortal medicine may still be possible.

If it is a real immortal medicine, it is basically the same as a real creature.

"this....."

The Bodhi child hesitated to speak but stopped.

To be honest, this is their core secret.

Let alone outsiders, even some of the medicine clan creatures may be confused and not very clear.

Seeing Bodhi hesitating, Jun Xiaoyao's eyes flashed darkly.

"If it's inconvenient, let's just say it. Originally, I was thinking about whether it can help your medicine clan creatures continue to transform."

Jun Xiaoyao said, quietly leaking a ray of breath.

It is the breath of the World Tree!

And when this breath came out.

Bodhi's old face immediately stiffened.

The eyeballs were round, almost impatiently flashing in front of Jun Xiaoyao.

"The breath on my little friend is..."

Rao Yibodhi's age and experience are a bit gaffe, unable to remain calm.

"It's true that I have a world tree below." Jun Xiaoyao said calmly.

Plain words, in the ears of Bodhi and other medicinal creatures, are undoubtedly like thunder and explosion!

"World Tree!"

Bodhi, Yao'er, Ginseng Baby, all the medicinal creatures were stunned.

Then there was an unprecedented light in his eyes.

That is the light of desire!

The world tree is known as the ancestor of thousands of trees.

That value is not an immortal medicine, it can be measured by a half-immortal medicine.

It can be said that it is a real \*\*\*\* of heaven and earth, the supreme treasure!

"Little friend actually has this kind of treasure..."

The eyes of Bodhi looking at Jun Xiaoyao were completely different.

In the beginning, they were just repaying their gratitude.

But now, Jun Xiaoyao, who owns the World Tree, has a different meaning.

If they follow such an existence, maybe they also have the ultimate possibility of transformation.

"Not only the World Tree, but also..."

Jun Xiaoyao once again leaked the breath of six reincarnation fairy roots.

"This breath... is it the Six Paths of Reincarnation Immortal Root?" Bodhi was shocked again.

Although the Six Paths of Reincarnation Immortal Roots are slightly weaker than the World Tree, they are not much worse. They are both heaven and earth gods, and they are of infinite value.

"There is also this, I can also give it to you."

Jun Xiaoyao waved his hand again, and a group of crystals and bright, sweet-scented liquid emerged.

"This is... the fountain of life!"

Bodhi was shocked and numb.

How terrifying is this young man from the Jun family? There are so many treasures!

"The fountain of life, if we can absorb it every day, the benefits are endless!"

Yao'er, ginseng baby and other medicinal creatures are all absorbing the spring water from the fountain of life.

"It seems that the old man underestimated the little friend, and the handwriting of the little friend is really amazing..." Bodhi smiled bitterly.

Jun Xiaoyao smiled and said, "Since Yaolingshan has joined the Emperor's Court, then I will naturally help you too."

"The fountain of life, as much as you want."

"Even, I can cut off a branch of the World Tree for you." Jun Xiaoyao said.

What he has done can be regarded as benevolent and righteous.

Bodhi's old face was also a little ashamed.

"The little friend treats it so sincerely and does not even conceal the existence of the World Tree. On the contrary, it is old and concealed, and it is ashamed."

"Little friends, please come with me."

Bodhi said, leading the way.

Jun Xiaoyao's eyes flashed.

After spending so much energy, he is finally about to uncover the secrets of this place.

While leading the way, Bodhi said to Jun Xiaoyao.

"Little friends should be very curious about the origin of our Yaoling Mountain."

"Indeed." Jun Xiaoyao said.

Bodhi said directly: "In fact, to tell the truth, the memory of the old is also very vague, only some fragments can be vaguely remembered."

"Our Yaoling Mountain seems to have fallen into the nine heavens through a 'door'."

"A'door'?" Jun Xiaoyao's eyes flashed.

"Yes, it's a 'door', but the old man really can't remember exactly what it was like, and he didn't deliberately keep it from the little friend."

"Then you can't go back from that'door' anymore?" Jun Xiaoyao asked.

Bodhi shook his head and said.

"That'door' is basically closed, but every countless years, there will be a slight change."

Upon hearing this, Jun Xiaoyao fell into deep thought.

Every countless years, there will be a slight change.

This had to remind Jun Xiaoyao of the dark turmoil, which was also launched every countless years.

Is there any relationship between the two?

Jun Xiaoyao couldn't help but think of the chief sacrificial order he signed when he first came for nine days.

The main sacrificial order, the main sacrificial ceremony, the great turmoil, and a 'door'...

The more Jun Xiaoyao thought about it, the brighter his eyes became.

He thought of Di Haotian again.

Thinking of the fragments of ancient stone discs that Emperor Haotian was looking for in secret.

At the beginning, Jun Xiaoyao didn't understand the relationship between these clues.

At that time, he lacked a core.

And now, if Bodhi is right.

Above the nine heavens, there really is such a 'door'.

Then it is very possible that that 'door' is the core of all secrets!

The secret of Emperor Huang and the black hand behind the scenes!

The secret of the curse of the ancient Eucharist!

The secret of Emperor Haotian's rebirth!

The secret of the Dark Turmoil!

The secret of the main priest ceremony!

All will be unlocked because of that 'door'!

"Sure enough My idea is correct." Jun Xiaoyao was excited.

He always felt that the origin of Yaoling Mountain was probably related to some kind of great secret.

Unexpectedly, behind the scenes, the core source is directly involved.

It's just that Jun Xiaoyao still knows too little about that 'door'.

After that, he still needs to continue searching for clues about that 'door' for nine days.

Just when Jun Xiaoyao's thoughts in his heart turned around.

Bodhi said: "My little friend, when you are here, you should be very curious about the reason why our medicine family can transform, and this is the reason."

Jun Xiaoyao sensed the breath, raised his eyes and looked up, his eyes shook suddenly.

[Chapter 1370: The energy beyond the immortal realm level, the immortal substance, the extreme realm...](#)

Looking around, the depths of Yaoling Mountain.

The fairy waterfall falls down, and the old medicine is fragrant.

Xia Guang Rui Cai, Dao sound buzzed.

It's like coming to a paradise on earth, a paradise.

The world seems to be filled with a special, inexplicable, and inexplicable fairy rhyme.

And in the center of this world.

There is a lake.

Said it is a lake, in fact it is more like a small pool, because the scope is too small.

It's about three feet in diameter.

And in this three-zhang small pool.

There is endless brilliance flowing.

It is a substance like liquid and gas.

Transform between the two forms.

Along with the white mist rising.

The white mist sometimes turned into a real dragon, sometimes a divine phoenix, and sometimes a unicorn.

It seems like it can evolve all souls.

At the same time, accompanied by a very special kind of immortal spirit, people have a feeling of touching the truth of the world.

"This is..."

Jun Xiaoyao immediately felt that this was a very special energy.

Any substance different from Xianyu or Jiutian.

"This is why we can transform." Bodhi said bluntly.

"This power..."

Jun Xiaoyao stretched out his hand and touched it.

He immediately felt that his own cultivation realm seemed to tremble faintly.

I feel that every cell in the whole body is craving for this power.

"This is a substance that transcends the energy of the fairyland..."

Jun Xiaoyao's eyes are deep.

As we all know, there is a lot of energy between heaven and earth.

At the very beginning, the monk absorbed the essence of heaven and earth, forming a sea of spirits in his dantian.

In addition, there are many special powers.

For example, the Qi of Chaos, the Holy Power of the Sun, the Holy Power of the Taiyin and so on.

And the supreme seven realms, it is to transport a variety of different laws and energies.

But now, this special substance that Jun Xiaoyao has come into contact with.

It feels beyond the many energies of Xianyu, as if it is the power of another world.

"This kind of thing, we call it the immortal substance."

"The reason why our medicinal creatures can transform is also because they have absorbed this immortal material." Bodhi said.

It can be said that this is the biggest secret of Yaoling Mountain.

It is impossible for ordinary outsiders to explore.

Jun Xiaoyao was only able to know all this after he had completely gained trust.

"Sendor substance..."

Jun Xiaoyao's eyes were very bright.

He could feel that every cell in his body was thirsting for this immortal substance.

That kind of desire comes from the most primitive instinct of living beings.

It's like a baby craving milk instinctively when it falls to the ground.

"Senior said that you came to Nine Heavens through a 'door', so in other words, this immortal Dao matter also originated from that 'door'?"

Jun Xiaoyao asked.

"Yes, that's the case." Bodhi said.

Jun Xiaoyao's eyes flickered.

He knew how important this immortal material was.

Not to mention that he is now in the realm of Tianzun.

Even if it is an emperor realm powerhouse, if they see this immortal Tao material, they will definitely be extremely eager.

This is a kind of energy that Xianyu doesn't have, surpassing many energy substances.

Jun Xiaoyao's mind flashed, and he suddenly took out the top emperor soldier Jiuli Tu.

The Devil Emperor Chi You once wanted to refine the Jiuli Tu Sacrifice into a real fairy artifact.

But it lacks a special substance.

"Could it be..."

Jun Xiaoyao instantly understood.

What is the missing material for casting immortal artifacts?

It is the immortal substance in front of me!

The fairy artifacts that have been circulating in the fairyland since so many epochs are all legacy left over from the extremely ancient times.

In other words, in recent times, no one can create a real fairy.

The Lu family, Mo family and other forging families all dreamed of creating a fairy.

But at most they can only create quasi-immortals.

Why?

It is because of the lack of this immortal material.

Moreover, this immortal Dao matter is not only about immortal artifacts.

This kind of material has infinite temptations even for the strongest in the emperor realm.

Because of this substance, if there is enough, it is absolutely possible to let them sublimate to the extreme and climb the peak again.

Even Jun Xiaoyao doubted.

If it is the legendary emperor of mythology, a large amount of immortal material has been refined.

Is it possible to become a fairy? !

Jun Xiaoyao took a deep breath.

He didn't expect that he could discover such a big secret because of Yaoling Mountain.

He also understood how attractive that 'door' is to the real strongest.

Because that is the best opportunity for their extreme sublimation.

"Could it be that the sleeping forbidden zone bosses are all waiting for the 'door' to appear."

"But the appearance of that door has nothing to do with the great turmoil."

"Furthermore, Bodhi had already said that the door seemed to be closed, and it had not been fully opened."

"Who is it that closed that 'door'?"

"There are also chief priests and chief priest rituals, what does it mean?"

Jun Xiaoyao wanted to understand something.

But there are still some things that need to be resolved.

He always felt that there was a big conspiracy behind this 'door'.

It's definitely not just an opportunity to sublimate and become immortal.

He thought of the \*\*\*\* hand behind the battle against Huang Di.

"Don't tell me, the \*\*\*\* hand behind the scenes is also one of the four apocalyptic revelations of the doomsday." Jun Xiaoyao thought.

The four apocalypse knights of the last days are the four great apocalypse knights who brought the ultimate destruction to the world in the bible of the previous life.

They are war, famine, plague, and death.

The ultimate disaster is the plague in the four apocalypses of the last days.

So in this way, the \*\*\*\* hand behind the battle against Huangdi, who is the war, famine, and death again?

"Little friend, it seems that you need this kind of immortal substance."

Seeing Jun Xiaoyao offering Jiuli Tu, Bodhi was meditating there.

I thought that Jun Xiaoyao needed this immortal material.

Jun Xiaoyao came back to his senses and chuckled lightly.

"I'm afraid that in the entire Immortal Realm and Jiutian, there are no creatures that don't need this kind of immortal substance, right?"

This kind of immortal substance, strong people of any level will crazily desire.

But the only pity is that the immortal Dao material in front of him is indeed somewhat lacking.

Only the size of a small pool, although rare and precious, the quantity is too small.

"In other words, there may be a lot of immortal substances in that'door'."

"Even... If the'door' is a passage, then the world behind the'door' is the real fairyland?"

Jun Xiaoyao's thinking diverges.

Xianyu is already an extremely advanced world.

Does a world more advanced than Xianyu really exist?

There is also the "source" that has been mentioned before.

Is that source connected to the world behind the "door", or does it have nothing to do with it.

The more Jun Xiaoyao thought about it, the more he felt that there were still many things he didn't understand in this world.

Even with his current experience, he was only exposed to the tip of the iceberg of this world.

This world is very magnificent, very magnificent, far more mysterious and colorful than he imagined.

Jun Xiaoyao strengthened his belief in becoming stronger.

One day, we must understand the big truth of this world.

Just when Jun Xiaoyao was thinking about it.

Bodhi said: "If the little friend needs it, then all these immortal things will be given to the little friend."

"Senior, this is too precious..."

Jun Xiaoyao did not expect that Bodhi would be so generous.

After all, this is the material of the Immortal Dao, something that even the big brothers of the Emperor Realm would \*\*\*\* up, related to the ultimate sublimation.

Bodhi smiled and shook his head.

"Although the immortal material is precious, we have transformed it and absorbed a lot."

"Little friends are selfless dedication, not only willing to shelter us, but also to give us the spring of life, and even the branches of the world."

Bodhi still understands the principle of repaying peaches for plums.

When Jun Xiaoyao heard the words, he was not polite, smiled and nodded.
