

Sacred Body 1381

[Chapter 1381: The praying mantis catches the cicada, the oriole is behind, and kills the Xuanzun...](#)

Jun Xiaoyao didn't have any cover, just showed up so generously.

The Scarlet Eyed Dragon Lin in the valley, a pair of scarlet beast pupils, stared at Jun Xiaoyao instantly.

A suffocating coercion came out.

That is the power of the Xuanzun level.

I don't know why, although in the eyes of Chitong Longlin.

The human cultivator in front had only the aura of Tianzun level.

But it always gives it a very dangerous feeling.

This makes Chitong Longlin feel a little weird.

Because those who enter Sanxiandong are the younger generation.

So basically there is no threat to its existence.

"I know that if you can understand people's language, if you are acquainted, you can spare your life if you hand over the golden years."

Jun Xiaoyao stood with his hands in his hands, his expression was extremely calm, and he spoke lightly.

"Roar!"

Hearing Jun Xiaoyao's words, a fierce light appeared in Chi Tong Long Lin's eyes.

In the next moment, he directly culled Jun Xiaoyao.

Jun Xiaoyao stepped on Kunpeng extremely fast, his figure blurred, as if he had penetrated the void.

He fought and retreated, and led the Red Eye Long Lin away.

In the past, there were also some talents who wanted to use this method to harvest the golden years.

But why didn't it succeed?

the reason is simple.

Because there is no one at all, who can fight with the Scarlet Eye Dragon Lin, and can't delay its pace.

In the Supreme Seven Realms, it is more difficult than climbing to the sky to challenge.

In the younger generation, those who have the ability to reach the realm of Xuanzun are almost rare.

It can even be said that those thousands of years old Xuanzun powerhouses are already very young.

As Jun Xiaoyao led the Red Eye Long Lin away.

Yun Tianlai and Jiang Luoli only appeared from the dark.

"Brother Xiaoyao is all right." Jiang Luoli looked worried about her little daughter-in-law.

"Don't worry, don't you believe in the strength of the gentleman."

"What we have to do now is to quickly seize the golden years." Yun Tianlai said.

The two women entered the valley, smelling the breath of golden years, and they felt like they were sublimated.

The half-immortal medicine is much more precious than the undead medicine.

And just when the two women were about to pick it up.

Suddenly, the power of law penetrated.

"Who!"

Yun Tianlai frowned.

At a glance, I saw two figures appearing.

It was the phoenix Nirvana Dao and the little stone emperor.

"Before we were still entangled, how to seize the half-immortal medicine, now it seems that it will take no time." Huang Nidao smiled faintly.

"You don't need to say more, you have to grab the golden years before Jun Xiaoyao comes back." Xiao Shi Huang's expression was indifferent.

"Jun Xiaoyao, can he still come back? That scarlet-eyed dragon lin is a Xuanzun-level monster." Huang Nidao said.

He believes that even if Jun Xiaoyao has the strength, he survived by luck.

It must have been hit hard.

At that time, it may not be a good time for revenge.

"You are so courageous. When Brother Xiaoyao comes back, he will let you know how stupid you are now!"

Jiang Luoli's eyebrows are erect.

There are still people who dare to pick peaches behind them, it is simply unbearable!

"Hmph, wait until he can come back alive and safe." Huang Nidao pulled out a sneer.

"Shoot!"

Little Stone Emperor took a shot, and when he raised his hand, a peculiar gray divine light emerged.

That is a special petrochemical light.

Huang Nidao also shot, and the black undead fire surged.

Two women, Yun Tianlai and Jiang Luoli, could only fight against each other.

However, the two of them are not weak in strength.

Yun Tianlai is the proud daughter of the line of Yunxiao.

Jiang Luoli is also an immortal body of the Yuanling, and has inherited the Yuanling Realm.

She is no longer the useless little short legs.

And just as the fighting broke out.

On the other side of the valley, a beautiful figure appeared as bright as flames.

It was Liu Qiongyan impressively.

She raised her hand to grasp the golden years and uprooted it.

"Liu Qiongyan, you!"

Even Yun Tianlai, who has a quiet personality, is full of anger on the white jade face at this moment.

It seems that Liu Qiongyan also knows the location of this semi-immortal medicine.

Unexpectedly, she picked the peaches now.

"Two sisters, thank you very much."

Liu Qiongyan giggled, showing a charming smile.

With a swing of her slender waist, her figure broke away in an instant.

Jiang Luoli grinded her silver teeth angrily, and wanted to make a move, but was blocked by the Phoenix Nirvana Dao.

And on the other side.

Jun Xiaoyao used Kunpeng extremely fast, shaking with the red pupil Longlin.

"It's almost done, they should do it too." Jun Xiaoyao thought to himself.

He had found out before that there were still people lurking in the dark, most likely Liu Qiongyan's people.

The reason why Jun Xiaoyao didn't expose it at that time was simple.

He wanted to solve Liu Qiongyan's side right now.

Just go to Hunyuan Jindou directly at that time.

Since they all voluntarily gathered together and sent them to the door, Jun Xiaoyao naturally didn't mind teaching them.

However, before that, the Scarlet Eyed Dragon Lin had to be resolved.

"It's almost the same, do you really think it's my son who is afraid of you?"

Jun Xiaoyao suddenly stopped.

The Scarlet Eyed Dragon Lin also showed a look of surprise.

What is this human monk selling?

As soon as Jun Xiaoyao stepped on his feet, the power of the Eucharist Dao's fetus burst out.

Six major visions emerged at the same time, and a terrifying force of suppression emerged around the heaven and earth profound door.

Even more terrifying is that Jun Xiaoyao urged the power of the inner universe.

The power equivalent to two small thousand worlds was brought out by him.

Jun Xiaoyao uses six reincarnation fists to control the six sacramental visions, and then superimpose the power of two small thousand worlds.

Hit the red pupil Long Lin with a punch!

After this punch, the entire Sanxiandong small world seemed to be shaking violently.

The space spreads out of ten thousand feet of cracks, like the sky and the earth hanging upside down, the world collapses!

In the eyes of the Red Eye Dragon Lin beast, there was also an unprecedented sense of fear!

That power of the world is definitely not something that the supreme seven-level creatures can possess.

That is a higher level of power!

Pouch!

With a punch, the red-eyed dragon lin is as strong as the Xuanzun level, the beast's body is blown up, and the flesh and blood are all over the sky!

Jun Xiaoyao once again sacrificed the only black hole, like a giant mouth that swallowed and refined everything, refining the flesh and blood of the Red Eyed Dragon Lin.

Because he has been with the half-immortal medicine all the year round, the flesh and blood of the Red Eyed Dragon Lin is also extremely vigorous.

Jun Xiaoyao's breakthrough is imminent now, no matter how small a mosquito is, it is meat, and naturally it cannot be wasted.

After killing the Red Eye Long Lin.

Jun Xiaoyao stepped into the void and began to return.

Here.

Liu Qiongyan was in a very happy mood after the golden years.

And then she will go to meet the fierce king, and then look for Hunyuan Jindou.

"Jiang Luoli, fight with me, you are a bit too tender."

"As for that Jun Xiaoyao, even if he does not die, he will be severely injured by the Scarlet Eyed Dragon Lin."

"It's a pity, it's a tender and delicious little meat, but it's so arrogant and deceptive."

Liu Qiongyan shook her head slightly.

To be honest, Jun Xiaoyao's appearance and temperament really grew out of her sexual interest.

It's a pity that Tai Shiro is arrogant.

And just as Liu Qiongyan muttered to herself.

A faint voice came.

"Oh? In Miss Liu's eyes, Jun was originally such a person."

Hearing this voice, Liu Qiongyan instantly opened her eyes, astonished by the error on her face.

[Chapter 1382: Liu Qiongyan was shocked, not interested in talking to Aquaman...](#)

Hearing this voice, Liu Qiongyan even thought that she had heard hallucinations.

In the distance of her sight, a dust-free figure in white stepped into the air.

The clothes are neat and tidy and not stained.

It doesn't look like it has experienced a great war at all.

"Jun Xiaoyao, how can you..."

Even Liu Qiongyan was a little confused, unable to think for a while.

Didn't Jun Xiaoyao try to attract the Scarlet Eye Dragon Lin?

Even if he has the ability to fight the Red Eyed Dragon Lin, it is impossible to get rid of it so quickly, right?

And seeing Jun Xiaoyao's body spotless, he didn't feel embarrassed at all.

This didn't look like after the battle with Red Eyed Dragon Lin at all.

So Liu Qiongyan is really confused.

"Jun Xiaoyao, how did you get rid of the Scarlet Eyed Dragon Lin?" Liu Qiongyan bit her lip and asked.

She really couldn't understand.

No matter how the Red Eyed Dragon Lin was, it was also a strange beast of the Xuanzun level.

It is impossible to be thrown away so easily.

Otherwise, the golden years would have been taken away by other Tianjiao.

She feels a little troublesome now.

"Throw away? Is that necessary?" Jun Xiaoyao said.

"Uh...then you..."

Liu Qiongyan just wanted to say something, and then suddenly roused her spirit, and her pupils suddenly shrank when she reacted.

"what do you mean..."

Liu Qiongyan couldn't believe it.

What Jun Xiaoyao said was already very clear.

The red-eyed Longlin had already been beheaded by him.

Liu Qiongyan felt instinctively that this was impossible.

Xuanzun level strange beasts, ordinary human Xuanzun would be troublesome to suppress.

How could Jun Xiaoyao do it.

But as Jun Xiaoyao, there is no need to lie.

And looking at Jun Xiaoyao's extremely plain expression, it didn't seem to be a lie at all.

But what shocked Liu Qiongyan the most was not that Jun Xiaoyao could slay the Scarlet Eye Dragon Lin.

But Jun Xiaoyao's clothes are slender and clean, and there is no trace of fighting.

There was no sign of injury.

In other words, Jun Xiaoyao was probably in a short period of time, simply and neatly solved the Crimson Eye Dragon Lin.

What kind of strength is this?

I'm afraid it won't be possible to change to Wang Yan, right?

Liu Qiongyan thought of the fierce king again.

Looking at the time, the fierce king should be coming to meet her soon.

But if Jun Xiaoyao's real combat power is really so terrifying.

Let alone the fierce king.

Even if it is the second oldest of the four little kings of the Beast Cavern.

Even the boss Yuwang is not necessarily Jun Xiaoyao's opponent.

"How come, how can he be so strong?"

Liu Qiongyan was jealous and hated in her heart.

What I hate is the arrival of Jun Xiaoyao, which completely disrupted her winning situation.

What is jealous is that a man with such a powerful strength and superb looks is actually Jiang Luoli's man.

An aura flashed in Liu Qiongyan's mind.

wrong.

Why can he only be Jiang Luoli's man?

Liu Qiongyan asked herself that she was absolutely not bad Jiang Luoli in all aspects.

Does Jiang Luoli have her long legs that are eight inches tall?

Is she so charming and sexy?

Cuteness is worthless in front of sexy.

In terms of charm, Liu Qiongyan has this confidence.

Otherwise, there won't be so many males bowing down under her pomegranate skirt.

"I take the initiative, or do I want to take the initiative?"

Jun Xiaoyao looked at Liu Qiongyan lightly.

A charming smile appeared on Liu Qiongyan's face.

"Sir, what do you mean by this?"

"Hand over the golden years."

Jun Xiaoyao is not in a hurry.

He knew that with the identities of Yun Tianlai and Jiang Luoli, there would be no major problems.

It is impossible for anyone to dare to really hurt the two of them in the ancestral land of Xianling.

"Actually, Lord Jun, we can find a quiet and unmanned place, and have a deep exchange. There is no need to be so hostile."

"In addition, people have heard of the name of the gentleman for a long time, and I have seen it before, and I was shocked by the heavens. I didn't expect that there is a man like the gentleman in the world."

Liu Qiongyan smiled charmingly.

But what she said was true.

Leaving aside other things, Jun Xiaoyao's appearance did make her a little moved.

Beautiful men, like beautiful women, themselves are a kind of murder weapon.

"Sorry, I'm not interested in saying more to Sea King." Jun Xiaoyao said lightly.

"Sea King?" Liu Qiongyan was puzzled.

"It's a fish farmer." Jun Xiaoyao said.

Liu Qiongyan understood instantly, saying that she had many suitors and ministers.

Liu Qiongyan said with a smile: "I have heard that the gentleman is also surrounded by beautiful women like clouds, and peach blossoms continue."

"If you say this, isn't the gentleman the king of the sea king?"

Jun Xiaoyao was stunned for a moment, and for the first time found himself unable to refute.

She seems to be right.

"Ah... don't say those that are not, you think I don't know, are you secretly urging the charm of the soul?" Jun Xiaoyao changed the subject.

"Then Lord Jun, can you eat other people's set?"

Liu Qiongyan moved a pair of slender, white, and elastic legs, approaching Jun Xiaoyao.

Jun Xiaoyao swept his eyes.

I have to admit that Liu Qiongyan does have the capital to become Sea King.

Only Yan Rumeng can compare with these beautiful legs among the women Jun Xiaoyao has seen.

Of course, it's not that other women's legs are not pretty.

It's just that different women have different characteristics.

And a pair of unusually fair and slender legs are the characteristics of Yan Rumeng and Liu Qiongyan.

Seeing Jun Xiaoyao's eyes on her lap, Liu Qiongyan was not shy, but rather ambiguously approaching Jun Xiaoyao.

The red lips lifted lightly, exhaling like Randao.

"Is there someone who can't compare to Jiang Luoli? Is this place bigger than me, or is the leg longer than me?"

Jun Xiaoyao's expression is always at ease.

He has always looked at beautiful women with appreciation.

After all, it is a man's nature to appreciate beauty.

But if he wanted to disturb his mind, it would be ridiculous.

And just when the atmosphere is ambiguous.

Suddenly, a shout of anger sounded like thunder.

"Jun Xiaoyao, you are looking for death!"

In the distance, a fierce figure burst into the sky.

The black hair was scattered, and the faint green eyes shot fiercely.

A pair of beast wings covered with white bone spurs trembled behind them, and the pressure filled it.

It is the fierce king.

He saw Liu Qiongyan, whose delicate body was close to Jun Xiaoyao, and bloodshot eyes filled the faint green beast pupils.

He chased Liu Qiongyan for so long.

Liu Qiongyan kept a polite distance from him.

As a result, I saw this scene now.

Liu Qiongyan is not the fierce king's woman now.

But the fierce king felt like he was green.

When Liu Qiongyan saw this, her eyes flashed, and she suddenly retreated from Jun Xiaoyao, and said at the same time.

"King fierce, haunt him, I have already got the half-immortal medicine, and then we will divide it up together."

Liu Qiongyan actually wanted to run.

Jun Xiaoyao just glanced, nothing happened.

"Jun Xiaoyao, this is nine days, not a place where you, a little white face, can do it!"

The fierce king was surging with a god-like aura.

In his opinion, apart from this face, what else is worthy of arrogance for Jun Xiaoyao?

"idiot."

Jun Xiaoyao is directly with a palm, pressing against the fierce king!

[Chapter 1383: The fierce king of war, a body that is more terrifying than the fierce Taikoo,...](#)

Seeing Jun Xiaoyao's pressing palm.

The fierce king also made a long roar, and fierce aura surged.

He is like a **** sun, burning with magic flames all over, and rushing towards Jun Xiaoyao.

The palm of Jun Xiaoyao's hand, as if the sky was overturned, the palm prints were visible, dazzling with blood.

boom!

The two collided with each other, as if two giant beasts were fighting.

That's all about King Fierce, because he was originally a Tianjiao in the line of Taikoo's fierceness.

But Jun Xiaoyao is slender, and he even looks a little thin.

However, between the gestures, the space collapsed, the universe turned upside down, and the surrounding huge mountains were shattered by an unknown number.

"Damn, his body is really so perverted?"

The fierce king was violently retreated, and his blood was tumbling.

They are very fierce, and they are known in the flesh.

It can be said that light is better than the physical body, surpassing the rest of the nine gods.

As a result, facing the human monk Jun Xiaoyao, they couldn't take advantage of the flesh.

"Come again!"

Jun Xiaoyao squeezed his fist seal, revealing a series of magical powers.

They are all Sanshou in the catalog of the God of War.

Such as the hand of the war tablet, the hand of the mountain, the hand of the star picking, the void shaking and so on.

With a fist and a palm, it pierced the sky, as if it had caused the galaxy to hang upside down, and the energy in the place was boiling.

"Jun Xiaoyao, don't be mad!"

The fierce king was almost crushed and beaten.

And he could feel that Jun Xiaoyao was using him as a sandbag to practice his hands.

With a long roar from the fierce king, the fierce beast supernatural power deeply rooted in his blood was also manifested.

"Poor and strange biting the world, overwhelming!"

A strong black light rushed out of the fierce king's body, turning into a tide of pitch black.

A huge beast figure that resembled the Primordial Demon Mountain emerged, just like the Demon King of World Devourer.

If it is a real Taikoo Qiongqi, this magic trick can destroy an ancient star field.

Jun Xiaoyao looked indifferent, he really regarded the fierce king as a sandbag training hand.

He emerged with one hand, and a tide emerged.

It seems that there is a scorpionfish, emerging from the tidal water, soaring into the clouds for nine days, and transforming into a big Peng.

This is the ultimate manifestation of Kunpeng's great supernatural powers, the transformation of yin and yang, and infinite power.

At the same time, Jun Xiaoyao has the other hand, thunder light floods the sky, flooding the universe, a supreme figure manifests in the thunder light, and the world stands tall in the sky like the earth.

Awesomely the essence of Lei Di's great supernatural powers.

The two great supernatural powers were almost turned to the point of perfection by Jun Xiaoyao, and both reached a certain extreme.

Jun Xiaoyao's two divine powers are integrated, crushing to the poor and strange phantom.

The world collapsed and energy fluctuations swept across all directions.

It was as if countless stars exploded at the same time, and terrifying auras flooded the place.

And in this violent collision.

The body of the fierce king flew out heavily.

His strength is indeed stronger than King Sha, but his strength is limited.

In Jun Xiaoyao's view, there is basically no difference.

"This guy is so strong?"

The fierce king was terrified.

At first, he did think that Jun Xiaoyao was a little too arrogant.

But now it seems that there are no vain people under the prestige.

"You creatures in the animal cave can all sacrifice the essence of the fierce beast, show it out, otherwise I will feel boring." Jun Xiaoyao said lightly.

"Boy, don't be mad, since you want to see so much, let you see it!"

The voice of the fierce king fell.

The whole body is bulging and inflated like a balloon.

In the end, the fierce king turned into a terrifying beast.

It is as big as an ox, with a head like a liger, and a pair of beast wings covered with white bone spurs on the ribs.

It is the fierce beast!

Roar!

The fierce king, who turned into the body of the fierce beast, came to slay Jun Xiaoyao, with a roaring foul wind.

The sharp claws directly tore through the space, and the open huge mouth seemed to be able to crush everything.

And facing such fierce beasts.

Jun Xiaoyao is also a simple single punch.

But this punch is powerful.

It is the Open Heaven God Demon Fist in the Divine Demon Hercules Supernatural Power!

The gods and demons are also ancient alien worms, and in terms of their degree of age, they are not inferior to the four evils of the ancients.

Jun Xiaoyao's body was originally more terrifying than the Primordial Fierce Beast.

Thousands of Xumi world powers are superimposed.

Plus the terrifying power of the gods and hercules.

This punch of Jun Xiaoyao really seems to be able to break the ground!

Just like the supreme **** who broke through the chaos and propped up the heaven and the earth in that myth!

At this moment, the world, like a drumhead, was struck by a punch by Jun Xiaoyao, and instantly shook thousands of waves!

This is a manifestation of the ultimate strength!

Accompanied by the fist front fell.

A dazzling dark red blood splattered, accompanied by a horrible howl of pain.

The Qiongqi transformed by the fierce king roared.

The body of the powerful and boundless beast turned out to be a blood hole punched out by Jun Xiaoyao, which gave a chill.

"As expected of the body of a fierce beast, it didn't even blow up."

Jun Xiaoyao showed a strange color in his eyes.

His punch, changing to any other creature, is by no means just a blood hole.

The flesh will burst directly into pieces and turn into powder.

And from here, we can also see how perverted the flesh of the descendants of the great fierceness of the ancient times.

It's a pity that I ran into a Jun Xiaoyao whose physical strength was even more perverted.

Immediately, Jun Xiaoyao shook his fists again and again, each of which caused countless waves of strength.

Qiongqi was beaten to pieces and his fur was stained with blood.

He was finally flustered and wanted to escape.

Jun Xiaoyao raised his hand, and the third seal of the forbidden immortal came out, turning into countless forbidden chains, entangled to the fierce king.

"I said, I want to suppress all of your four little kings in the animal cave, and become a horse and a cart for me. I will do what I say."

"Roar, Jun Xiaoyao, you really want to be immortal with my animal den!" the fierce king roared.

"Don't you think it's a bit stupid and ridiculous to say this kind of thing now?"

Jun Xiaoyao's forbidden chains, like silk, entangled the fierce king.

Then he stepped directly on top of Qiongqi's head.

Pouch!

The Qiongqi transformed by the fierce king almost bursts with blood and blood.

He was so angry that he had never been so humiliated and trampled on his head.

"I'm not convinced, I will kill you now. Do you dare to see me?" Jun Xiaoyao's tone was extremely cold.

Although the fierce king was angry and angry, he couldn't resist now.

He really felt Jun Xiaoyao's killing intent.

Thinking that King Sha is still alive now.

He didn't need to pay his life for a moment of anger.

Although the fierce king was about to explode in anger, he still endured it for a long time.

He believed that Jun Xiaoyao would not be arrogant for too long.

Immediately, Jun Xiaoyao turned the third seal of the forbidden immortal into a forbidden seal and infiltrated the fierce king.

The fierce King Qiongqi, one of the four little kings of the Beast Cave, was also suppressed by Jun Xiaoyao.

"go."

Jun Xiaoyao stepped on Qiongqi's head, lightly.

Although the angry beast body was trembling, the fierce king could only endure the shame, and carried Jun Xiaoyao away.

On the other side, Liu Qiongyan turned into a ray of light and swiftly broke through the air.

After knowing that even the Scarlet Eyed Dragon Lin was beheaded by Jun Xiaoyao.

She understood that even the fierce king could not be Jun Xiaoyao's opponent.

However, as long as he can delay for a while, it is enough.

However, at a certain moment, Liu Qiongyan suddenly sensed the peculiar evil spirit of the fierce king.

"How come, did he get rid of Jun Xiaoyao?"

Liu Qiongyan looked suspiciously.

When I saw the graceful white figure standing above the head of Qiongqi.

Liu Qiongyan's expression completely solidified!

[Chapter 1384: To be strong to the end, it takes golden years to scare away the Phoenix Nirvana...](#)

The Qiongqi made by the fierce king is as large as the ancient mountain.

Between the flapping of the wings of the beast, the air currents from the sky and the earth hum and reverberate.

And above Qiongqi's head.

Jun Xiaoyao stood indifferently, looking at Liu Qiongyan.

It was like looking at a mouse in a cage.

Liu Qiongyan's body trembled and her scalp was numb.

How long has this passed?

The fierce king, one of the four little kings, was suppressed.

Although she knew that the fierce king certainly could not be Jun Xiaoyao's opponent.

But this defeat was a bit too fast.

Most importantly, the fierce king was suppressed and surrendered.

Plus the previous Sha Wang.

Two of the four little kings were suppressed by Jun Xiaoyao.

Is it true that there will be a day when all the four little kings are suppressed by Jun Xiaoyao and become the bull and horse pulling carts?

That is not only the shame of the animal cave, but also the shame of the entire Jiu Tian Jiao Zi.

Because the Sha King and the Fierce King are both figures on the Nine Heavens Dragon and Phoenix List.

If they are suppressed, they will become carts of cattle, horses and livestock.

Doesn't that mean that the other Tianjiao on the Nine Heavens Dragon and Phoenix Rankings are at the same level as livestock?

A Tianjiao from the immortal realm can humiliate the Jiutianjiao to such a degree, which is also rare in ancient times.

"Miss Liu, you run a little fast, is it because of the long legs." Jun Xiaoyao's tone was cold and playful.

Liu Qiongyan squeezed out a smile that was even more ugly than crying and said: "The gentleman is really...too unexpected."

"Hand it over, don't think I will pity Xiangxiyu."

Liu Qiongyan was helpless.

She is also a smart woman, otherwise it is impossible to play a group of men in the palm of her hand.

Liu Qiongyan also had no choice but to hand over the golden years.

Although she is the proud daughter of Qiongxiao's line, she also ranks twelfth on the Nine Heavens Dragon and Phoenix List.

But she still had no chance of winning against Shangjun Xiaoyao.

After getting the golden years, Jun Xiaoyao slammed Liu Qiongyan's body with a palm, and punched the seal restriction into her body.

Liu Qiongyan's complexion changed, and she felt that the mana in her body was imprisoned.

"Don't worry, you will be free when the Sanxian Cave ends," Jun Xiaoyao said.

After all, this is the site of Xianling, and Jiang Luoli is also practicing here.

So Jun Xiaoyao wouldn't do anything to Liu Qiongyan.

It wasn't that he was afraid of Xian Ling, but that he didn't want to embarrass Jiang Luoli.

Seeing such a powerful Jun Xiaoyao, Liu Qiongyan was helpless.

Liu Qiongyan couldn't help being jealous, why didn't he have such a powerful Taoist companion.

After suppressing the fierce king and Liu Qiongyan.

Jun Xiaoyao also rushed to that valley.

And here in the valley.

Yun Tianlai and Jiang Luoli are fighting with Huang Nidao and Xiao Shi Huang.

They didn't try their best, as long as they entangled the two women.

"It's time, Fairy Liu Qiongyan must have reached a safe place, we withdraw." Huang Nidao said.

"Brother Huang, what are you doing in such a hurry?" Little Shi Huang said slowly.

"If that Jun Xiaoyao comes back, the situation may be bad." Huang Nidao's tone was solemn.

Unlike Xiao Shi Huang, he had personally dealt with Jun Xiaoyao.

He always felt that Jun Xiaoyao was hiding very deeply.

Although the Scarlet Eyed Dragon Lin was in the realm of Xuanzun, Jun Xiaoyao dared to provoke it, and there must be some trump cards to get away.

"Brother Huang, you won't be really afraid of that Jun Xiaoyao, are you?" Xiao Shi Huang said.

"Hmph, it's impossible for you to leave!" Jiang Luoli said angrily.

How could she let these two people go after being so calculated and picked the peaches.

"Even with Jun Xiaoyao's help, you can't get Hunyuan Jindou."

"If you are not from Bi Xiao's line, I can suppress you now." Little Shi Huang said indifferently.

He knew that Jiang Luoli was also related to Jiang Shengyi.

And that Jiang Shengyi refused to hand over the nine-aperture holy spirit stone fetus, which made the little stone emperor extremely unhappy.

However, at this moment.

The laws of far-space are intertwined, and a giant palm covering the sky is directly bombarded against the little stone emperor, as if a whole sky is pressed down.

At the same time, there was an indifferent voice.

"The woman who dared to lie to suppress me, you are the one who is looking for death!"

"Brother Xiaoyao!"

Hearing this voice, Jiang Luoli's eyes were bright and brilliant.

Feeling the giant palm of the law that was overwhelmingly suppressed, Xiao Shi Huang's expression also changed.

The body shook, and the terrifying force exploded, with a punch, trying to smash the giant palm.

This punch was Shi Huangquan, a powerful magical power passed to him by his father.

The gray petrified light came out with the bombardment of the fist.

However.....

boom!

Little Shi Huang was slapped flying by this palm, and slammed into a huge floating mountain in the distance, smashing the entire mountain to pieces.

"Jun Xiaoyao!"

Huang Nidao instinctively felt a kind of horror.

He glanced at it, and the scene he saw made his breathing even more to a halt.

What did he see?

Jun Xiaoyao, dressed in a peerless white robe, stood on the head of a terrifying beast.

"Ferocious... Ferocious King?"

Huang Nidao took a deep breath, it was unimaginable.

The fierce king, one of the four little kings of the animal cave, was also suppressed by Jun Xiaoyao and became a horse and cow mount.

And beside Jun Xiaoyao, there is a beautiful and beautiful woman who is now a prisoner with a helpless expression.

"Fairy Liu Qiongyan..."

Phoenix Nirvana was even more shocked.

Isn't Liu Qiongyan supposed to stay away from here long ago?

How could you be caught by Jun Xiaoyao?

Didn't Jun Xiaoyao lead away the Scarlet Eyed Dragon Lin, how could it be possible to come back so soon?

And even if Jun Xiaoyao has the ability to throw away the red-eye dragon-lin, but the red-eye dragon-lin should return to this valley.

In an instant, Huang Nidao thought a little.

However, this thought chilled his heart.

That is, the Scarlet Eyed Longlin was solved by Jun Xiaoyao within a short time.

But is that possible?

That's a strange beast at the Xuanzun level!

"Damn it, retreat first!"

Without saying anything, the phoenix wing behind the phoenix vibrated directly, turning into a line of fire and fleeing away.

On the other side, Xiao Shi Huang also emerged from the ruins, his face extremely ugly.

But after seeing the suppressed fierce king and Liu Qiongyan.

He seemed to have thought of something.

Seeing the Phoenix Nirvana Dao ran away first.

Therefore, he temporarily suppressed the anger in his heart, and left.

"Jun Xiaoyao, our business is not over yet."

Little Shi Huang ran away, and didn't forget to miss a cruel word to save a bit of his face.

"what?"

Jun Xiaoyao glanced at Xiao Shi Huang.

After receiving his palm, the little stone emperor didn't suffer much injury.

This is indeed beyond his expectations.

"Is it because of the tattered stone armor on his body?" Jun Xiaoyao thought to himself.

As the son of Shi Huang, Xiao Shi Huang must also have some magic weapons.

Seeing the two of them fleeing, Jun Xiaoyao didn't care.

Even Liu Qiongyan and the fierce king were suppressed, and the two of them couldn't make any waves.

"Brother Xiaoyao..."

Jiang Luoli came to Jun Xiaoyao and saw Liu Qiongyan, who had become a prisoner, her big eyes turned into crescent moons with a smile.

"Liu Qiongyan, you are not a mantis hunting cicadas, are you the oriole behind? Why are you now a prisoner?"

"Huh, it's not that you have a good man." Liu Qiongyan's face was covered with frost, and she didn't have a good air.

Why didn't she run into such a peerless man?

"Why is this jealous? Maybe this is Luo Li's luck and blessing."

Jiang Luoli was in a very good mood at the moment, sweeping away the unhappiness he had had before, and the lotus arm held Jun Xiaoyao's hand.

Yun Tianlai also stepped forward, and she was obviously also surprised by Jun Xiaoyao's performance.

"The gentleman, that red-eyed dragon lin..."

"Kill." Jun Xiaoyao said simply.

Yun Tianlai's chest rises and falls.

Sure enough, no matter how she looked up to Jun Xiaoyao.

Jun Xiaoyao can always exceed her expectations again.

At this moment, Yun Tianlai, Liu Qiongyan, these two fairy tombs.

I was very envious of Jiang Luoli in my heart.

Chapter 1385 Distribution of golden years and fruits, three mysterious mother mountains, Wang Yan has a golden bucket of mixed yuan?

"Next, the only goal is to fight for money."

"But before that, let's distribute the spoils first."

Hear what Jun Xiaoyao said.

The two women Yun Tianlai and Jiang Luoli also had their eyes brightened.

The half-celestial medicine is definitely a precious treasure with no market.

Rao is a place with abundance of aura like Jiutian, and half-immortal medicines are extremely rare.

"It's a pity that these golden years have not yet fully matured."

Yun Tianlai felt a pity.

If it is a ripe fruit, the effect will definitely be stronger.

"Oh, take a look before you talk."

Jun Xiaoyao smiled faintly and took out the golden years.

A strong fragrance of fragrant air is flowing, and all kinds of auspicious light are enveloped, and it is incomparable.

Yun Tianlai took a look at it, and Qiao's face was suddenly filled with astonishment.

Because the five golden years of the golden tree are already ripe.

"This... how could it be?"

Yun Tianlai was extremely surprised.

She had seen it before, that the golden years of fruit are still some distance away from maturity.

Why is it mature now?

Jun Xiaoyao just smiled and said nothing.

The reason is also very simple.

Jun Xiaoyao irrigates the golden years with immortal materials.

Therefore, in such a short period of time, it can reach its final state of maturity.

The immortal substance is so magical.

It is no wonder that this is an energy substance that even the emperor covets.

Of course, Jun Xiaoyao is also very measured, just using the immortal material to ripen the golden years of fruit, and did not nourish the entire sapling.

Otherwise, the golden years may become like a Bodhi, and it will transform into a human form.

"How much do you want?" Jun Xiaoyao asked.

Yun Tianlai felt flattered, but she also knew it well and said, "One is enough."

"After all, it's a mature half-immortal medicine, and it can't be digested if it gets too much."

She is not the kind of unsatisfied woman.

Jun Xiaoyao nodded, and handed a golden years fruit to Yun Tianlai.

Rao is Yun Tianlai's quiet and virginal character, and at this moment, it is also difficult to hide the joy of the eyebrows.

"I only need one." Jiang Luoli also said with a good manner.

Jun Xiaoyao didn't say anything, and handed the two golden years fruits to Jiang Luoli.

Jiang Luoli showed a bright smile, sweethearted.

Jun Xiaoyao really loved her the most.

"Sir, can you give them one too, they are already your prisoners now, what about you?"

Liu Qiongyan spoke at this time.

Both Yun Tianlai and Jiang Luoli got golden years.

If she didn't get it, she would obviously be behind two women in terms of cultivation in the future.

As Liu Qiongyan said, she didn't forget to show her **** charm, her body was full of curves.

Jiang Luoli immediately stood in front of Jun Xiaoyao, pursing her mouth.

Although in addition to height, Jiang Luoli's development is also pretty good.

But compared with Liu Qiongyan's arc, there are still some gaps.

But Jiang Luoli didn't feel inferior.

Maybe Jun Xiaoyao is just like her loli type.

"Liu Qiongyan, it's impossible for you to charm my brother Xiaoyao. Do you really think that Brother Xiaoyao and your skirts are on the same level?"

"Heh...Men, they are all the same in nature, what kind of affection and love, in the end, they are nothing more than greedy our women's bodies." Liu Qiong smoked.

"So what, I'm willing to give my body to Brother Xiaoyao, you haven't had that chance yet." Jiang Luoli said.

"Sister Luo Li, you are really stupid, do you really think that the gentleman will only like you in the future, he..."

However, before Liu Qiongyan finished speaking, Jun Xiaoyao snapped his fingers.

She was speechless immediately, and her mouth was sealed by the force of her body.

"Noisy." Jun Xiaoyao said lightly.

Don't just talk about the truth, okay.

"Prince gentleman, the fruit has been picked, the golden years of this plant..." Yun Tianlai hesitated.

It stands to reason that this half-immortal medicine should belong to Xianling.

But now, Jun Xiaoyao got it.

She naturally had no idea about this half-immortal medicine.

But it's hard to keep the other people in Xianling from not thinking about it.

"Of course these golden years belong to Brother Xiaoyao." Jiang Luoli said.

Jun Xiaoyao said indifferently: "Although the growth environment of Half Immortal Medicine is harsh and challenging, I should be able to feed it."

It is very difficult for other people to feed even if they have had golden years.

But Jun Xiaoyao has too many methods.

He has the world tree, the fountain of life, and the ancestral veins of the immortal source in his body.

There are also some five-element soil, soil and so on.

More importantly, he still has immortal matter.

It can be said that the substance of immortality is the best nourishment for nourishing half-immortal medicine and immortal medicine.

So Jun Xiaoyao will plant the golden years in the inner universe.

Yun Tianlai nodded without any objection.

"Then next, go find Hunyuan Jindou first." Jun Xiaoyao said.

He planned to break through the realm after leaving Sanxiandong.

Now Liu Qiongyan is already a prisoner.

Yun Tianlai also didn't mean to fight.

It can almost be said that Hunyuan Jindou is in Jiang Luoli's pocket.

Next, Jun Xiaoyao and others rushed directly to the deepest part of Sanxian Cave.

Of course there were some obstacles along the way, but they were all smoothed out by Jun Xiaoyao.

After seeing the strength of Jun Xiaoyao with his own eyes.

Both Yun Tianlai and Liu Qiongyan were amazed.

Even the fierce king fell silent.

Finally, Jun Xiaoyao and others stepped into the deepest part of Sanxian Cave.

He could feel it at a distance.

Coming from a distance, a terrifying gravity pressure.

"That is..."

Jun Xiaoyao and others looked at it.

In the deepest part, there are three huge mountains, towering into the clouds, standing between the sky and the earth.

It was not an ordinary giant peak, the whole body was condensed from a special kind of profound magnetic mother iron, with terrifying gravity properties.

It can be said that even if it is an ordinary supreme, just close to these three mysterious mother mountains, the flesh will be squashed and become muddy.

Even a strong Tianzun who wants to get close to these three giant mountains will be suppressed by extreme gravity.

All aspects of strength attributes will be greatly reduced.

"Is this the final test?" Jun Xiaoyao said.

These three mysterious mother mountains may be extremely oppressive to ordinary people.

But for Jun Xiaoyao, a character who is so metamorphosis and enchanting, that's it.

And at this moment.

With a faint voice,. Suddenly there was a sound from one of the mysterious mother hills.

"Jun Xiaoyao, just coming now, is it a bit too slow, right?"

Everyone looked at it.

On that mountain peak, a purple sun rose, enveloping a detached figure, and the purple air filled it like a haze.

It is Wang Yan!

The eyes of Yun Tianlai, Liu Qiongyan and Jiang Luoli all fell on Wang Yan's hands.

In his hand, he held a bronze square tripod, which was extremely simple and exuded a terrifying force.

A strong spatial fluctuation was shaking, even entwined with strands of fairy meaning.

"Could it be that it's a golden bucket of Hunyuan!"

Both Yun Tianlai and Liu Qiongyan couldn't help but lose their voices, staring at the bronze Fangding.

[Chapter 1386: A golden bucket of true and false mixed yuan, under the Mystic Magnetic Mother Mountain](#)

Although Hunyuan Jindou was called by this name, it was actually an artifact similar to Fangding.

There is a vast space in it, which claims to be able to hold the entire Hunyuan, so it is called Hunyuan Golden Bucket.

Yun Tianlai did not expect that Wang Yan would have reached this place first, and won the Hunyuan Golden Fight.

This is simply beyond everyone's expectations.

"Oh?"

Jun Xiaoyao's expression remained calm.

Wang Yan glanced at the fierce Wang Qiongqi who was stepped on by Jun Xiaoyao.

A scornful word came out.

"As the four little kings of the Beast Cave, and even ranked among the nine dragons and phoenixes, he was suppressed by a person from the fairyland. Wang Mou is ashamed to be on the same list with you."

Wang Yan's words made the fierce king also angry.

He didn't get angry: "Wang Yan, don't pretend to be here, you can beat him."

Wang Yan ignored the fierce king, but looked at Jiang Luoli and said lightly.

"Luo Li, I got Hunyuan Jindou for you."

"As long as you marry me, it is yours."

Wang Yan's words changed Jiang Luoli's expression slightly.

To be honest, Jiang Luoli really needs a golden bucket.

This is not only beneficial to Bi Xiao's line.

It is more beneficial to her practice.

But Wang Yan wanted to force her to marry through Hunyuan Jindou, which was just too much.

Don't say Jun Xiaoyao is by her side now.

Even if she wasn't around, Jiang Luoli couldn't agree.

Even if it's just dealing with it on the surface, it's impossible to deceive it.

Jiang Luoli couldn't lie casually about this kind of famous festival.

Although Jun Xiaoyao may not care about these things.

But Jiang Luoli must be innocent and give herself to Jun Xiaoyao.

Even on the famous festival, a little bit of stain is not allowed to exist!

"Wang Yan, just have a dream, this girl is a big deal, don't confuse her!"

Jiang Luoli was very hard.

"You... Jiang Luoli, why are you? There is no need to hang on a tree."

In Wang Yan's mood, he couldn't help but feel a little stunned at this moment.

Although his goal at the beginning was indeed because Jiang Luoli's Yuanling Immortal Body was of great benefit to his grand and purple aura.

But he also had to admit that Jiang Luoli was a likable woman, and it was easy to make a man's heart move.

"But Brother Xiaoyao is my entire forest."

Jiang Luoli blurted out without thinking.

Although they were simple words, they expressed Jiang Luoli's consistent loyalty.

From the ten-year-old banquet, when he saw the figure in white for the first time, Jiang Luoli knew that he was the only one in this life.

"Silly girl, I won't let you suffer any wrongdoing."

Jun Xiaoyao also rubbed Jiang Luoli's head.

This silly girl is like this sometimes, she doesn't know how to work around.

However, this is also her cuteness.

The next moment, Jun Xiaoyao looked at Wang Yan.

"Wang Yan, I originally thought that you should be a character, but I didn't expect it to be so ridiculously stupid."

"Huh? What do you mean?" Wang Yan frowned.

"Take a good look at the Hunyuan Jindou in your hand to see if it is true or not."

Jun Xiaoyao's tone was sarcasm.

His Hengsha-level third-generation primordial spirit is extremely sensitive.

Naturally, we can find out some details that the ordinary Tianjiao can't find.

Wang Yan's complexion changed slightly, and then he felt it carefully.

There has also been a subtle change in his eyes.

"Huh... is it true or not?"

After Yun Tianlai perceived it carefully, he also noticed something wrong.

In the beginning, Wang Yan directly took out the Fang Ding, so they didn't think too much, and instinctively thought it was a golden bucket of mixed yuan.

But now it seems that Wang Yan has also been recruited.

"Have you finally noticed it now? I said you are an idiot, do you have no opinion?" Jun Xiaoyao continued to sarcastically.

"Humph....."

Wang Yan threw away the Fang Ding.

Although his face was still covered by purple haze.

But it can also be vaguely seen that his face is not very good-looking.

"What a fool, I want to deceive this girl with a fake." Jiang Luoli also returned to smile.

"Where is the real Hunyuan Jindou?" Yun Tianlai asked.

Jun Xiaoyao chuckled softly: "It's far in the sky, close in front of you."

"what?"

Yun Tianlai and others were confused.

And Jiang Luoli, with Huiguang flowing in his big eyes, suddenly clapped his hands.

"I see, is it right under the three mysterious mother mountains?"

"Luo Li is still smart." Jun Xiaoyao smiled faintly.

"Hey-hey....."

Jiang Luoli smiled charmingly.

In fact, she also had a vaguely inexplicable perception, and she realized it only after Jun Xiaoyao mentioned it.

"In other words, Hunyuan Jindou is in one of these three mysterious mother mountains."

"If you want to know which mountain is under, you need to hold up this mysterious mother mountain?"

"But can this be done by ordinary people?"

Yun Tianlai is shaking extremely.

The Mystic Magnetic Mother Mountain not only possesses terrifying gravity.

And there is another characteristic, that is, it can absorb all kinds of energy.

Including the power of the laws of the Supreme Realm.

In other words, I want to hold up a mysterious mother mountain.

Don't talk about Tianzun realm.

Even at the Xuanzun realm, they may not be able to do it.

Because it needs to consume extremely terrifying power.

Perhaps the power of the gods and the Taoists came, and it was possible to shake them.

But this is a trial ground for the younger generation, and it is impossible to have a character of that level.

"This is actually the last test. If you are really a predecessor of Hunyuan Jindou, you should be able to sense which mountain the Hunyuan Jindou is under."

"But even if it is sensed, it is almost impossible to hold up the Mystic Magnetic Mother Mountain."

Yun Tianlai understood how difficult it is to get the inheritance of Hunyuan Jindou.

"It seems that no one can get the golden bucket of Hunyuan today." Wang Yan shook his head.

In his current state, it is extremely difficult to hold up a mysterious mother mountain.

Jiang Luoli was silent, and she finally understood how difficult this test was.

Jun Xiaoyao glanced at Jiang Luoli with a smile at the corner of his mouth.

"Luo Li, I will help you get what you want."

After all, Jun Xiaoyao stepped on, and he came directly to the three mysterious mother mountains.

"Jun Xiaoyao, do you want to move this mysterious mother mountain?" Wang Yan said coldly.

"How difficult is this?"

Jun Xiaoyao's words fell, one hand stuck out, his body burst out, and the power of the law surged.

From his body, almost endless power was released.

This is the power of the Eucharist, almost inexhaustible.

Jun Xiaoyao slowly raised his hand across the void.

Get up and down!

Obviously it is slender to even a little thin body.

At this moment, it seems like a great ancient **** who opened up the world, he wants to pull up the Xuanci Mother Mountain!

"Brother Xiaoyao..."

Jiang Luoli was in tears The touch in her heart could not be further increased.

Jun Xiaoyao will help her get everything she wants.

This is a man's promise to his own woman!

Liu Qiongyan was also in a daze at the moment, she said a little lost: "But even if Jun Xiaoyao has the ability to pull up a mysterious mother mountain."

"Then how can he be sure that there is a golden bucket under that mountain?"

Yun Tianlai was also lost at this moment, with a deep shock in her beautiful eyes.

"You are wrong." Yun Tianlai said in a daze.

"What?" Liu Qiongyan was confused.

"Master Jun, he is not going to pull up a mysterious mother mountain, but..."

"All three must be pulled up at the same time!"

[Chapter 1387: Pulling the mountain out of the world, pulling up 3 mysterious magnets at the same time...](#)

"You...what did you say, pulling up three mysterious mother mountains at the same time?"

Liu Qiongyan was shocked when she heard Yun Tianlai's words.

You know, the average Tianzun powerhouse can't even hold up a mysterious mother mountain.

As a result, Jun Xiaoyao now wants to pull up three mysterious mother mountains at once!

This is simply shocking, not something ordinary people can do.

The fierce king who was suppressed, the beast pupils were also trembling at this moment.

Is this something human can do?

Even if it is their line of powerful and powerful Primordial Beasts.

It is also difficult and difficult to hold up a mysterious mother mountain.

At this moment, it is not only the people present that are shocked.

Outside the Sanxian Cave.

Above the ancient Lingshan, a cloud of fog, reflecting the scene in Sanxian Cave.

When I saw that Jun Xiaoyao wanted to pull up the three mysterious mother mountains at once.

Everyone in the audience was in an uproar.

Whether it is the people in the immortal mausoleum, or the nine-natural beings who come to watch the battle and feast.

At this moment, everyone's eyes are filled with shock!

Before, Jun Xiaoyao killed the Scarlet Eyed Dragon Lin and suppressed the fierce king, Liu Qiongyan, which was enough to refresh their knowledge.

And now, Jun Xiaoyao is going to challenge everyone's limits.

Is this really something a young generation Tianjiao can do?

"What kind of character this gentleman is..."

In the fairy mausoleum, many female disciples of the younger generation have brilliance in their beautiful eyes.

At the beginning, they were just curious about this young Tianjiao who came from Xianyu.

But now, after seeing Jun Xiaoyao's performance.

I have to say that this is a peculiar man.

Even if it is placed in Jiutian, it is an absolute top figure.

"There are people outside, and there are days outside the sky. Is it really because my vision is too narrow?"

Aunt Xuan also stared blankly at the void light curtain.

She believes that Wang Yan is a good match for Jiang Luoli.

She thinks that Jiang Luoli's willfulness is because she has never seen a better man.

But now, Aunt Xuan seemed to understand Jiang Luoli a bit.

I have seen the most beautiful scenery in the world, so how can I miss other unnecessary scenery?

At this moment, the entire Xian Ling was a sensation because of Jun Xiaoyao's performance.

But they are even more curious.

Is Jun Xiaoyao able to perform in front of his own woman, or does he really have this ability.

Inside the Sanxian Cave.

Jun Xiaoyao's divine power agitated, the wind and thunder stirred, and the world was trembling.

In fact, Jun Xiaoyao has come all the way.

Except for the ultimate misfortune, he basically never used all his strength.

The same is true now.

He just came before the corpse of the Eucharist Dao for nine days.

The power of Chaos Body is still useless.

But to be honest.

From nine days to now.

Even the body of the Eucharist Dao is far from showing its full strength.

The reason is simple, because in Jun Xiaoyao's opinion, the opponent is too weak.

Regardless of whether it is dealing with the Sha King or the Fierce King, Jun Xiaoyao basically solves it with a few tricks.

So so far, there is no Jiu Tian Jiao Zi who has seen the true strength of Jun Xiaoyao.

On the contrary, it was the Red Eyed Dragon Lin, which made Jun Xiaoyao use some real skills.

At this moment, Jun Xiaoyao's mighty power exploded, such as the ancient gods propping up the world and holding up the universe.

He is almost like an ancient **** resurrecting, the vast power penetrates the heaven and the earth, forming a huge spiritual storm.

Under Jun Xiaoyao's extremely terrifying power perfusion and blessing.

There are three unshakable mother mountains of mysticism that stand forever like Mount Tai.

It began to vibrate violently.

The Mystic Magnetic Mother Mountain itself is extremely heavy and will form an extremely terrifying gravity field.

Being shaken by people now stimulates its gravity properties.

The thick space cracks spread like an abyss canyon.

Ordinary Tianjiao, not to mention shaking a mysterious mother mountain, even facing that gravitational pressure, will suffocate.

But Jun Xiaoyao is thin.

In front of the three vast and boundless, towering mysterious mother mountains, they are almost insignificant compared to ants.

But it was this thin body shape that shook the three mysterious mother mountains at the same time!

"Get me up!"

Jun Xiaoyao shouted.

The power of the vast body of the body burst forth.

Qi and blood turned into a long, blood-colored dragon, rising from the sky spirit cover, roaring the world!

That is the ultimate manifestation of the power of qi and blood!

Rumble!

The universe is trembling violently like a drum!

Wanzhang Xianguang emerged from the bottom of the Xuanci Mother Mountain!

"How is this possible, he can really shake three Xuan Magnetic Mother Mountains at the same time!"

At this moment, even if it was Wang Yan, his figure had retreated far away, and he didn't want to be affected.

The three phantom magnetic mother mountains simultaneously emit the power of phantom magnetic resonance.

That gravitational pressure can directly crush the space, and countless voids are filled.

The scene was terrifying.

Even if the body of the Primordial Fierce Beast fell into it, it had to be crushed into flesh.

Layers of gravitational fluctuations, like turbulent waves, slapped towards Jun Xiaoyao.

It can be said that the body of Tianzun will be crushed by that gravitational wave in an instant.

However, Jun Xiaoyao's body is full of radiant glow, and every inch of his body is stronger and flawless than any fairy material.

"It's just three mysterious mother mountains, can they also stop me?!"

Jun Xiaoyao has a cold face.

The magical powers of the gods and monsters are urged!

Motivated by the power of Kunpeng!

The power of thousands of Sumeru world burst out!

The three mysterious mother mountains quaked again and seemed to be separated from the deep surface.

In the end, Jun Xiaoyao used a trace of the power of a small thousand world.

In an instant, the three mysterious mother mountains roared and rose from the ground!

It can be said that the weight of each mysterious mother mountain is comparable to the superposition of many ancient life stars!

But Jun Xiaoyao used a little bit of strength.

That is the power of a small thousand world!

At this moment, the world is dead silent!

Jun Xiaoyao lifted the void with one hand.

Three mysterious mother mountains, rising from the ground!

And under one of the Mystic Magnetic Mother Mountain, the sacred clouds bloomed, and the fairy atmosphere was permeated.

It can be vaguely seen that an incomparably simple bronze square tripod is located in it, carrying a force of space to suppress all worlds.

It's a fairy, a golden bucket!

"Luo Li, don't go to refining yet."

Seeing Jiang Luoli in a sluggish state, Jun Xiaoyao shouted.

"okay."

Jiang Luoli reacted and hurried to Hun Yuan Jin Dou.

However, she found that only when the Hunyuan Jindou was really initially refined, she could take it away.

As for the Mystic Magnetic Mother Mountain, although Jun Xiaoyao lifted it up, it could not be moved and could only be fixed in this area.

In other words, before Jiang Luoli refined the Hunyuan Jindou, Jun Xiaoyao could only support the Mystic Magnetic Mother Mountain.

Of course Jun Xiaoyao can also put down two of them.

But for Jun Xiaoyao, it made no difference.

He doesn't care at all.

And at this time.

A voice suddenly sounded.

"Jun Xiaoyao, you really have been unexpectedly time and time again, but now, how much strength do you have when you are suppressed by the Mystic Magnetic Mother Mountain?"

Hearing this voice, Jun Xiaoyao looked lightly.

Huang Nidao and Xiao Shi Huang appeared.

On the other side, Wang Yan looked uncertain.

Yun Tianlai's face changed slightly.

"They wouldn't be so shameless, would they?"

Yun Tianlai gritted his teeth secretly, thinking.

[Chapter 1388: Deliberately suppressing strength, still no one can beat](#)

Huang Nidao and Xiao Shi Huang both appeared, their eyes all with faint cold light.

Both of them and Jun Xiaoyao have hatreds.

Before Jun Xiaoyao directly scared away Huang Nidao.

That's because Huang Nidao knew that Jun Xiaoyao's true strength was definitely not simple.

But now, Jun Xiaoyao is holding the Xuanci Mother Mountain in his hand.

Even if he only holds one, it is enough to suppress his many strengths.

Let alone three.

This time is the best time to shoot.

Huang Nidao and Little Stone Emperor didn't expect to really kill Jun Xiaoyao either.

Don't say whether they have the ability or not.

Even if he had the ability, he didn't dare to really kill Jun Xiaoyao, otherwise the consequences would be too serious.

Their father couldn't protect them.

But if you use this to defeat Jun Xiaoyao, humiliate him, and suppress Jun Xiaoyao's arrogance, it is still possible.

So they showed up.

"It wasn't until this time that I dared to show up. It seems that you are more timid than I thought."

Even if these two people showed up, Jun Xiaoyao's face was very calm.

"Jun Xiaoyao, don't be arrogant, I am not afraid of you."

Little Shi Huang's hair fluttered and she was strong and powerful.

The simple and tattered stone armor he wore on his body did not degrade his extraordinary temperament.

On the contrary, it made him a little more primitive and mysterious.

Unlike Huang Nidao, he has never fought against Jun Xiaoyao.

So now I still maintain my confidence.

"In that case, Wang Yan, you can join us."

Jun Xiaoyao looked indifferent.

"Do you have that qualification?"

In this case, even if he won Jun Xiaoyao, he would not be able to win.

"You have passed it a bit."

Yun Tianlai said coldly, wanting to help.

But Jun Xiaoyao stopped it.

"No, I want to see if they have the ability to deal with me." Jun Xiaoyao said.

If in the state of heyday, fight against the little stone emperor Huang Nidao Dao.

He will feel that he is bullying the children, very boring.

Now it's a little bit interesting.

"Jun Xiaoyao, you are really crazy, so let me understand how many catties do you have."

Little Shi Huang couldn't stand it anymore.

What a character he is.

Megatron in the fairyland.

Even if it has been nine days, it is regarded as the top arrogant of the Ruins of the Holy Spirit.

How can you accept such insults from Jun Xiaoyao.

The little stone emperor shot directly, blasted out with a punch, and the light of petrification was diffused.

As soon as he got started, he would use Shi Huangquan.

Obviously he wanted to directly suppress Jun Xiaoyao.

Jun Xiaoyao held up three Xuanzi mother mountains with one hand.

The other hand also made a fist with five fingers and blasted out.

It is to open the gods and demon fists.

The two punches collided, bursting into the sky and the earth, and Xiao Shi Huang's body was shaken and repelled.

He showed an incredible expression.

"Isn't your strength suppressed by the Mystic Magnetic Mother Mountain?"

Little Shi Huang couldn't believe it.

In his opinion, even if Jun Xiaoyao can lift the three mysterious mother mountains, his strength should be suppressed by more than 70%.

In other words, Jun Xiaoyao would spend most of his energy to lift the Mystic Magnetic Mother Mountain.

But how does he feel that Jun Xiaoyao's strength has not been reduced in any way?

"I am willing to give you a chance to challenge me, come on." Jun Xiaoyao said.

He wasn't a fool, but he wanted to hold the three mysterious mother mountains by himself.

Instead, he wanted to use this to suppress his own strength and fight against the Little Stone Emperor and others.

Otherwise, it won't be challenging at all.

"Shoot..."

Phoenix Nirvana also moved.

He also knew that now is the best time to deal with Jun Xiaoyao.

I missed this opportunity to find a time to suppress Jun Xiaoyao, but it would be extremely difficult.

The phoenix Nirvana Dao flicked out with one hand, as if the phoenix wings were manifested, splitting the void like a heavenly sword, slashing towards Jun Xiaoyao.

The phoenix wings are still surrounded by black undead fires, the temperature of which can burn the world and melt everything.

Jun Xiaoyao turned his fist into his palm, and the Kunpeng method was cast out.

The power of the lunar sun flows.

Kunpeng also controls the power of Yin and Yang.

Kun is Yin and Peng is Yang.

Before Jun Xiaoyao was added, he had completely controlled the Sun Celestial Sutra and the Taiyin Celestial Sutra.

Therefore, the profound meaning of the sun and the moon, the change of yin and yang, can be integrated in the hands of Jun Xiaoyao.

The void set off a wave of black.

It seems that there is a giant squid wagging its tail, shattering the void, and splashing runes.

The undead fire was immediately suppressed to the extreme by the power of the yin.

However, the undead fire is worthy of being the top flame, and it has not been completely extinguished.

Little Stone Emperor once again shot, a faint immortal power permeated his entire body.

His father, Shi Huang, is rumored to be an immortal stone fetus.

As the son of Shi Huang, Xiao Shi Huang naturally inherited part of his immortal power.

But seeing his boxing front, it was gray-white, like granite.

In fact, the body of the Holy Spirit Clan is comparable to the Primordial Fierce Beast.

Even in terms of sturdiness, it must surpass the Primordial Fierce Beast.

Jun Xiaoyao, his palms are like jade, unremarkable, and he strikes out with one blow.

The two of them fisted together, and they burst out with a buzzing sound like a fight between gold and iron, shaking the world.

Little Shi Huang instantly felt that his whole body seemed to be in resonance.

A terrifying counter-shock strikes.

If he were not for the Holy Spirit, his internal organs would be displaced by this blow.

"What kind of perverted body is this?"

The little stone emperor was shaken back again, and the petrified skin and body surface were sprawled with fissures.

"Shanhe Dayin!"

Little Stone Emperor screamed, and opened his mouth to spit out a stone seal.

This is his companion natal magic weapon.

Regardless of the size of a fist, its gravity is not much lighter than a mysterious mother mountain.

It's just because this is the natal magic weapon of the little stone emperor's companion.

Therefore, this stone seal allows him to transport it, basically without any weight.

But if it is against the enemy, the enemy's body can be crushed instantly.

But seeing the big seal of the mountains and rivers, rising against the storm, it really seems to be a mountain and river, which can suppress the universe.

The Great Seal of the mountains and rivers fell to Jun Xiaoyao.

"is that useful?"

Jun Xiaoyao's eyes were full, without fear.

In terms of strength, no object can suppress him.

Because the Eucharist is synonymous with the ultimate in power.

In addition, Jun Xiaoyao also cultivates the ultimate body book.

His power, not to mention the three mysterious mother mountains, is to come three more, what's the problem?

So this great seal of mountains and rivers really couldn't bring any pressure to Jun Xiaoyao.

"what?"

Little Shi Huang was startled.

He used to fight against the enemy, and the Great Seal of the Mountains and Rivers has never been disadvantageous, enough to suppress the enemies and crush them.

As a result, Xiang Jun Xiaoyao in Shanhe Dayin Town was still held up by Jun Xiaoyao.

This is equivalent to Jun Xiaoyao, and at the same time lifted four mysterious magnetic mother mountains.

This is so terrifying, it is so enchanting that it is impossible to predict with common sense.

Now, Xiao Shi Huang finally understood.

Why before, Huang Nidao saw Jun Xiaoyao and ran away.

Now Jun Xiaoyao is in such a suppressed state, and his strength is so terrifying.

What if it is in full bloom?

And the little stone emperor didn't expect it.

Even Jun Xiaoyao in his heyday.

It is just the fetus of the Eucharist.

He still has the Chaos Body unused.

so.

The strength of Jun Xiaoyao makes the younger generation desperate.

No one is qualified to let him use his true strength.

And at this time.

Wang Yan, who had been on the sidelines, finally took a step.

[Chapter 1389: With 1 enemy and 3, Hongmeng and purple aura, it is not Hongmeng...](#)

Originally, Wang Yan believed that under the circumstances of Jun Xiaoyao, even if he wins with a shot, he is still invincible.

As one of the most famous Tianjiao in Nine Heavens, Wang Yan still cares about his identity and reputation.

But now, in Wang Yan's view, it seems that Jun Xiaoyao's strength has not been affected at all.

This made his brows wrinkle slightly.

Perceiving Jun Xiaoyao, it seems that there are really two brushes.

So he stopped watching, but stood up.

Of course, it takes a reason to shoot.

So Wang Yan said indifferently: "Wang Meng, a member of my clan, find a living medicine for me. You should have killed him too."

"Do you think about the cost of killing the people of My Emperor's Meteorite Mountain?"

Wang Yan's words made Jun Xiaoyao give a sneer at the corner of his mouth.

"Come if you want to, don't find extra reasons."

"Seriously, you are not more than you are, and you are not a lot less than you."

Jun Xiaoyao's words made Wang Yan's expression even more indifferent.

In Jiu Tian, there was no younger peer who dared to stand in front of him, so defiant.

"If this is the case, then educate you on how to bow your head in nine days."

Wang Yan finally started.

When raising his hand, the divine energy gathered and turned into a mark of destruction.

It is the exclusive supernatural power of the Emperor's Meteorite Mountain, the Seal of the Emperor's Meteorite.

A seal strikes out, as if there is an emperor's meteor appearing, blood is flooding the sky, and the scene is terrifying.

Wang Meng had also used this powerful move before.

However, the seal of the Emperor's Fall displayed by Wang Meng was totally different from the seal of the Emperor's Fall displayed by Wang Yan.

It's not even like the same magical powers.

Through Wang Yan's display, it seems that it can really make the emperor bleed.

At this time, the two of Little Stone Emperor and Huang Nidao also attacked again.

For a time, the three great arrogances all besieged Xiang Jun Xiaoyao.

This is a shocking scene.

Regarding this, Jun Xiaoyao just smiled freely.

"Even if you are one enemy three, you need to hold the Xuan Magnetic Mother Mountain, my lord Xiaoyao can easily suppress you and so on!"

Jun Xiaoyao's free and easy words made Yun Tian Lai and Liu Qiongyan who were present were throbbing.

This is the real peerless arrogant.

And outside the Sanxian Cave, many female monks from the fairy mausoleum also trembled in their hearts.

I have to say that Jun Xiaoyao's performance is too amazing.

There are three mysterious mother mountains in hand, plus a big seal.

In the end, there was even more energy left, and at the same time, he faced the three princes of Wang Yan, Xiao Shi Huang, and Huang Nidao.

This strength is beyond imagination!

"Huh, it's not too late after the big talk!"

Little Shi Huang waved Shi Huang's fist and punched it down, as if the sky broke and the earth broke.

His great seal of mountains and rivers was also urged to the extreme, like a great mountain of Wanjun, continuing to suppress Jun Xiaoyao.

Huang Nidao also exerted its true strength, and his whole body was so fierce that he turned into a black flame Divine Phoenix, rushing towards Jun Xiaoyao, burning everything along the way.

Wang Yan wrote the mark of the emperor's fall, causing the sky to bleed, and the world wailed.

This move is enough to make many Jiu Tian Jiao Zi tremble with fear and trembling in their legs.

The forceful moves of the three great arrogances simultaneously encircled and suppressed.

Jun Xiaoyao is around his body, and the 20-fold magical immunity divine ring emerges.

It was like a layer after layer of the world, superimposed on Jun Xiaoyao, resisting magical moves for him.

However, the three great arrogances attacked at the same time, and that force was terrifying enough.

One after another, the magic immune ring was destroyed.

Upon seeing this, Jun Xiaoyao raised his hand again, offering a terrifying supernatural power.

A black mouth, like a huge black hole that can swallow everything, emerged from Jun Xiaoyao.

Among them, it seems to be the ultimate black, and even the light can't escape.

A terrifying devouring force is refining everything.

The terrifying supernatural powers of the three great arrogances have been reduced by more than half after being weakened by the magical immunity divine ring.

At this moment, he was once again swallowed, refined, and dissolved by this black hole.

This is naturally the only black hole of Jun Xiaoyao.

This only black hole was formed by Jun Xiaoyao's condensed power with many swallowing attributes.

Such as the law of swallowing the gods, the magic power of swallowing the gods, the **** swallowing gods of good fortune art, the devouring great magic powers and so on.

Each of these devouring powers is extremely powerful.

After being integrated by Jun Xiaoyao and turned into the only black hole.

This only black hole seems to be the essence of everything swallowed.

"Huh? This is..."

Wang Yan also showed a strange color in his eyes.

Unexpectedly, Jun Xiaoyao sacrificed this black hole and refined the magical moves of the three of them.

"It's such a terrifying devouring power, how can you feel that it is not inferior to the king of gluttons?"

When the fierce king saw the only black hole, he also felt frightened.

Among the four little kings of their beast cave, the number one is the gluttonous king.

And gluttony is born to be the master of devouring power.

It stands to reason that in terms of swallowing, there are very few creatures that can match the gluttonous.

Only a few creatures who are born with devouring power, such as God Devouring Insect, can barely match it.

But Jun Xiaoyao, a human race, was able to control such a profound way of devouring, which really shocked the fierce king.

Jun Xiaoyao's thoughts moved, and many dark tentacles suddenly stretched out in the only black hole.

The pitch-black tentacles were a concrete manifestation of the law of swallowing, entwining the three of Wang Yan, Xiao Shi Huang, and Huang Nidao.

"Humph..."

Wang Yan let out a cold snort, lifted his palm, and the mighty purple qi emerged, which further set off Wang Yan's incomparable noble and unparalleled temperament.

"Oh, does the special purple qi energy come from that hongmeng purple qi seed?"

Before Jun Xiaoyao, he had learned from Jiang Luoli.

The most talented thing about Wang Yan lies in the fact that he has merged with a kind of grandiose and purple aura.

Hongmeng Purple Qi is also the oldest and noble energy in the world.

Like Chaos Qi, it is one of the most primitive energies at the beginning of the universe.

And the Hongmeng Purple Qi seeds are the seeds born after the Hongmeng Purple Qi energy essence is condensed, possessing all kinds of mysterious powers.

There are also rumors that if the Hongmeng Purple Qi species can metamorphose and sprout.

It may even grow into a Hongmeng tree.

What a fetish the Hongmeng tree is.

That is enough to compare with the World Tree, the world's rare fetish.

Even the mythical emperor must be the supreme treasure.

This is why Wang Yan wants to get Jiang Luoli.

Jiang Luoli's Yuanling immortal body is naturally compatible with the energy of heaven and earth, and can even breathe immortal energy.

It is extremely beneficial to the transformation of the Hongmeng and Ziqi species.

Wang Yan wanted to use Jiang Luoli's Yuanling Immortal body to transform and germinate his grandiose and purple aura.

It may grow into a Hongmeng tree in the future.

Of course, this plan is impossible to achieve.

But even if it hadn't changed, the power of the Hongmeng Purple Aura itself was strong enough.

In the past, the Tianjiao who could completely integrate with the Hongmeng Purple Aura, in the end, all were characters above the emperor. com stands at the pinnacle of every era.

"You can't imagine the power of Hongmeng and Purple Aura."

Wang Yan's expression was faint, his hands turned purple, and the sky filled the sky with haze.

"It's just the species of Hongmeng purple air, not the Hongmeng tree, let alone the Hongmeng Taoist body." Jun Xiaoyao sneered.

The Hongmeng Dao Body is an invincible physique comparable to the Chaos Divine Body and the Eternal Immortal Body.

One of the most powerful physiques in ancient and modern times.

Hongmeng Dao body, evolving Hongmeng Dao.

The chaos **** body controls the profound meaning of chaos.

Eternal fairy body, condenses the essence of immortality.

It can be said that if it is a real Hongmeng Taoist body, then Jun Xiaoyao really has to face it and take it seriously.

But it was too naive to want to overwhelm him just by being just a kind of grandiose and purple aura.

Chapter 1390 Purple Qi comes to the east for three thousand miles, three heroes fight at ease, Huang Nidao is banished

"If the real Hongmeng Dao manifests itself, it is enough to easily suppress you." Wang Yan said coldly.

When his palms were moving, the purple haze was filled, and the light was all over the place.

Block the tentacles extending from the black hole.

"Hongmeng Dao Body, it just makes me take it seriously." Jun Xiaoyao said lightly.

His chaotic body is the chaotic green lotus body.

In fact, there is no difference from the true Chaos Divine Body.

The Chaos Divine Body itself is a top physique at the same level as the Hongmeng Dao Body.

Not to mention, Jun Xiaoyao also has the body of the Eucharist.

If he completely transforms into the Innate Eucharist, he will never be weaker than the three super-divine physiques of Hongmeng Taoist, Chaos Godly Body, and Eternal Immortal Body.

"It's not ashamed to say it, then let you really see the power of Hongmeng Ziqi!"

Wang Yan's body is full of purple flames, like a purple sun, shining all over the world.

"The purple gas is coming three thousand miles from the east!"

Wang Yan urged the power of Hongmeng Ziqi.

The mighty purple qi surge turned into a purple qi sacred dragon.

The dragon's body is as large as a mountain, winding and winding.

The purple scales are thick, delicate and vivid, like real life, and vivid.

The purple-qi holy dragon roared into the sky, as if the entire Sanxiandong ancestral land was trembling.

"Is that the power of the Hongmeng Purple Aura?"

Seeing Wang Yan's tricks, Yun Tianlai, Liu Qiongyan, Xiaowang and others, they were also shocked.

Wang Yan deserves to be one of the top evildoers in Nine Heavens.

This move alone is enough to suppress many arrogances on the Nine Heavens Dragon and Phoenix List.

"If Wang Yan gets serious, he will definitely rank more than tenth." Liu Qiongyan murmured.

Wang Yan is now ranked tenth on the Nine Dragons and Phoenix Rankings.

Just because he was too lazy to compete for the rankings.

"The gentleman..."

Yun Tianlai is extremely worried.

She was like helping before, but Jun Xiaoyao refused.

Although Yun Tianlai believes in the strength of Jun Xiaoyao, there will inevitably be a trace of tension at this moment.

Even Yun Tianlai himself didn't notice it.

Before she knew it, she was so worried about Jun Xiaoyao.

"Something."

"It's just that, in your current state, you are a bit naive to deal with me."

Jun Xiaoyao let out a chuckle, seeming to see through everything.

"Um?"

Wang Yan frowned.

Could it be seen by Jun Xiaoyao?

Jun Xiaoyao raised his hand, and the power of the law formed a big bell phantom that seemed to suppress the world.

"No final seal!"

Wang Yan's eyes exploded.

The Emperor Without End can be said to have a profound influence on Jiu Tian.

Even a supreme being in the sea of reincarnation in the restricted area has been hit hard by the Emperor Without End and has fallen asleep to this day.

As for Jun Xiaoyao, he came to Jiutian with the name of the heir of the Emperor Infinite.

This is simply a challenge to Jiu Tian Chi Guoguo.

boom!

Jun Xiaoyao squeezed the immortal seal, and the big bell Xuying pressed against the purple-qi sacred dragon with a force of suppressing the world.

The purple qi holy dragon roared, the purple clouds were ten thousand feet, and the Rui Cai thousand pieces, bursting out monstrous power.

However, he was still severely suppressed by Dazhong Xuying.

Jun Xiaoyao, like in the dark, the will of the Emperor Infinite is reappearing, and he must once again suppress the Nine Heavens!

On the other side, Huang Nidao and Little Stone Emperor also broke through the pitch-black tentacles protruding from the only black hole.

The whole body of the Phoenix Nirvana is immortal, and the flames are surging.

"Undead Divine Phoenix Slash!"

This is the ultimate move of the Phoenix Nirvana Dao, the phoenix wings lingering in the dark and undead fire, like a heavenly sword, cutting open the universe, and at the same time carrying endless burning power.

And Xiao Shi Huang, between raising his hands, the light of petrochemical surging, condensed into a gray euphoria.

This is a magic weapon that imitated his father Shi Huang, named Shi Huang Ji.

Little Shi Huang held the Euphoria, entrained unmatched power, and cut towards Jun Xiaoyao.

Upon seeing this, Jun Xiaoyao, in the backhand, with his fingertips in the void, drew horizontally and vertically, as if directly cutting the space.

The endless and deep stars emerged from the crack.

Surprisingly, it is the secret technique of Luangu, the cross star field!

"The Secret Technique of Chaos!"

Xiao Shi Huang shot a cold light in his eyes.

It's as if the Emperor Without End had once severely inflicted the taboo on the sea of reincarnation.

The Great Emperor Luangu had an enmity with the Ruins of the Holy Spirit.

Killed more than one ancient Dacheng holy spirit in the ruins of the holy spirit.

And Shi Huang, and the Ruins of the Holy Spirit, have an inseparable relationship.

Little Stone Emperor has always recognized his identity as the Tianjiao of the Holy Spirit Market, and does not regard himself as the Tianjiao of the Immortal Realm.

Therefore, Jun Xiaoyao's display of this chaotic secret technique undoubtedly touched the anger of the little stone emperor.

"Inheritance of chaotic ancient times, must be unparalleled in the world!"

Little Shi Huang roared, and the halberd in his hand chopped off, slashing towards the cross star field.

"Heh... the inheritance of the ancient chaos, how can you break it once you break it?"

"Don't say it's you, even your father Shi Huang is far from qualified!"

Jun Xiaoyao coldly scolded.

He knew it, and Shi Huang guessed that he was really a big man in the Ruins of the Holy Spirit.

It is estimated that very early on, he had already gone to the fairyland, laid out secretly, worked quietly, gathered a group of holy spirits, and formed the holy spirit island.

boom!

With this collision, the cross star field seemed to divide the void.

Xiao Shi Huang was also shaken back, and some traces of cracks appeared on his body surface again.

However, the tattered stone armor on his body is faintly glowing, and a breath is permeated, helping him to recover from his injury.

"I really love my heir..."

Jun Xiaoyao's eyes were deep, and he could see through the source of the tattered stone armor.

There must be some relationship with Shi Huang.

"Are the three of you only having this strength when working together? Since it's so boring, it's better to end it."

Jun Xiaoyao didn't want to delay any longer.

Originally he was the one who had three mysterious mother mountains, plus a big seal of mountains and rivers.

The combination of these three can bring him some fun.

It seems that it is just that.

"Jun Xiaoyao, you are too arrogant."

"The Purple Sky Wheel!"

Between Wang Yan's eyebrows, a little purple divine flower flickered, and the infinite secret power exploded, turning into a monstrous purple qi.

Then, a mouthful of the purple shining treasure wheel rushed out of the misty purple aura, cutting the void, as if dividing the world in two.

At the same time, the little stone emperor also waved the euphoria again, with a broken stone armor on his body, blessing his supernatural power, and slashing towards Jun Xiaoyao with a single halberd.

Huang Nidao made a long roar, and his body was not dead and burning.

He turned into an immortal divine phoenix like Nirvana, with feathers all over his body.

This is the Divine Phoenix's great supernatural powers, alongside Kunpeng's great supernatural powers, Thunder Emperor's great supernatural powers, and so on. They are the most supernatural supernatural powers in the world.

It can be said that the three major arrogances at this moment are all extremely capable, and their power is so terrible that this Fang Qi is disordered, heaven and earth riots!

As for Jun Xiaoyao, his expression is unchanging forever.

The Taishan collapse did not change its color.

In his body, the supreme divine blood from the supreme bone was boiling and burning.

The fourth supreme technique blessing!

boom!

Jun Xiaoyao's body surface the flames of the gods.

That is the supreme god's blood is burning, blessing the power of Jun Xiaoyao.

His power soared several times in an instant.

Then the Eucharist vision, the yin and yang of life and death, turned out like a barrier, temporarily blocking the attack of the three great arrogances.

Immediately, Jun Xiaoyao punched the void, and the cracks in the abyss of endless void spread!

The secret technique of chaos, eternal exile!

The undead divine phoenix that the Phoenix Nirvana transformed into was instantly engulfed and swallowed by a void in the abyss.

He screamed, flapping his wings to escape, but was pulled by an inexplicable gravitational force, and finally fell into the depths of the void.

The son of the immortal ancient emperor was immediately exiled to the unknown void dimension.
