

## Sacred Body 1461

[Chapter 1461: The game of the 3rd emperor of the underground palace, the rebirth of the magic circle, with 1...](#)

The corpse emperor, the ghost emperor, the dark emperor.

They are the three famous emperors in the underworld.

Of course, this is not to say that the young generation of Tianjiao in the underworld, there are only these three emperors.

After all, there are ten temples in the underground palace, with a large number of people, a very deep foundation, and a lot of Tianjiao.

It's just that these three emperors have outstanding strength and are a group of top-notch figures.

In terms of status, in the underworld, it is equivalent to the position of the ten major sequences of the monarch's family.

"Jun Xiaoyao, you have a lot of friction with my Pluto, and it's okay to get rid of you directly."

"Although you still have the Chaos Body, without this corpse of the Holy Physique Dao, it will surely cause a fatal loss to your natural strength."

The Emperor Ming, wearing a black armor, is made of Nine Nether Iron.

He looked at Jun Xiaoyao with extreme coldness.

The Pluto lineage has been grudges with the Jun family since the time of the Immortal War in the Wild Heaven and Immortal Territory.

Jun Xiaoyao is also the arrogant who killed too many Hades.

The hatred between each other is also deep.

The Hades's line is actually the Hades Hall, one of the ten halls of the underworld.

The one-armed Pluto respected by the Hades is a super gangster in the underworld.

The Hall of Hades is ranked high among the ten halls of the underworld.

And the remaining one, the ghost emperor.

Wearing some tattered black robe, his figure alternated between virtual and real, like a ghost, looking extremely strange.

He comes from the ghost hall, one of the ten halls of the underworld.

If it is said that the corpse prison hall where the corpse emperor is located, it is specialized in researching all kinds of dead corpses, physical bodies, and bloodlines.

The ghost hall is dedicated to the study of various souls, the method of the soul.

It can be said that the Ghost Hall is the most notorious existence among the ten halls of the underworld, just like the corpse prison hall.

The corpse prison hall specializes in digging corpses and graves, thinking about those powerful physical treasures.

The Ghost Palace specializes in extracting those special primordial spirits and doing various experiments.

"Jun Xiaoyao, my ghost hall is very interested in your three-generation soul, and maybe I can study the mystery of the three-generation cycle from it."

The ghost of the emperor made a dark laugh, and looked at Jun Xiaoyao, also like looking at a peerless treasure.

Right now, the three emperors of the underground mansion all appeared together.

Hall of the Hades, the Son of Hades.

The corpse prison palace, the corpse emperor.

Ghost Palace, the emperor of ghosts.

It can be said that any top arrogant will have a despair in his heart when facing the three emperors of the underground palace.

After all, the underworld is synonymous with terror and despair.

As long as it is targeted by the underworld, there are few who can die well.

As for Jun Xiaoyao, his expression didn't change a bit, he still said calmly.

"It took a lot of effort to suppress me."

Jun Xiaoyao glanced around, which covered the entire Xiankeng formation.

The Thousand-Handed Moluo, which looked like the Primordial Demon Mountain, made him feel a trace of oppression.

"Heh... In order to kill you, nothing is too much."

"First contact Gu Qianjie, let him use Ji Qingyi as an introduction, and then guide you to this place."

"And we, in this immortal pit in advance, set up a Mora Formation, which is one of the most powerful killing formations in my dungeon."

"Although it is only a simplified version at the moment, it is enough to deal with you."

"Plus the strength of our Three Heavenly Sons, and the assistance of Gu Qianjie and Ji Qingyi."

"Unless you are a god, how can there be a way to survive?"

The corpse emperor calmly said calmly.

Anyway, now, Jun Xiaoyao is already trapped in a cage.

It's not bad to appreciate his despair.

It's just that the corpse emperor frowned.

He couldn't see the slightest despair from Jun Xiaoyao's face.

There was not even a little panic.

"Jun Xiaoyao, are you still pretending to be calm now, although I can't deal with you, but as long as you die, then my humiliation and defeat will not exist."

Gu Qianmei's eyes were filled with a strong killing intent.

Only by obliterating Jun Xiaoyao, his humiliation and taint can disappear.

"Since you think this is the best opportunity, come on, let alone Junmou didn't give you a chance."

Jun Xiaoyao flicked his sleeves, showing his tolerance.

"Still pretending at this time?"

The three emperors felt unhappy in their hearts.

They also shot at the same time, and the majestic cultivation base shook this place.

You know, this is more than just a combination of the three of them.

There is also the blessing of the rebirth devil formation.

This is an undisguised terrorist killing array in the underworld.

Although it is a simplified version at the moment, its power is still fatal to the monks of the Supreme Seven Realms.

Pluto does not move his fist!

The emperor Ming is a forceful move as soon as he starts, as if a shadow of the Pluto appears behind him, punching with him.

The fist surging, shook the world.

This fairy pit is beginning to crack.

The ghost of the emperor is using the Yuan mysterious method.

A horrible soul wave, from the center of his forehead, surged out like waves.

That is the world-destroying soul wave of the ghost hall, which can cause huge damage to the soul of a person.

As for the corpse emperor, he sacrificed a black coffin.

The coffin opened, and a monster covered in red hair came out from it.

The monster was covered with blood-red hair, but it could be vaguely seen that it was in the form of a human.

With a sense of horror killing.

"Ok?"

When I saw the red-haired monster sacrificed by the corpse emperor.

Jun Xiaoyao's eyes flashed coldly.

The disaster of the ancient eucharist is divided into two types.

One is the shackles of heaven.

One is the Curse of the Eucharist.

And it is rumored that the final ending of the Eucharist is very difficult to end because of the curse of terror.

The curse made the Eucharist mad, lose its reason, and finally become a monster-like existence, only knowing to kill.

Now, see this red-haired monster.

Jun Xiaoyao completely concluded.

The underworld is one of the creators of the Eucharist curse.

The other collaborator is Changshengdao.

The underworld is forgiven for the Eucharist.

Probably because of coveting the body of the Communion and the blood of the Communion.

After all, the underworld is collecting the true blood of all spirits, and there seems to be some huge conspiracy.

But, what is the purpose of Changshengdao for the Eucharist line?

This reason is probably related to a big secret.

But Jun Xiaoyao thinks that he wants to know this secret.

I'm afraid I have to find the answer in one person.

It was the mysterious chief priest of Changsheng Island.

And it is very likely to be the first chief priest!

Jun Xiaoyao had many thoughts in his mind, but in fact it was just a moment.

He clenched a fist with five fingers, opened the \*\*\*\* and demon fist, and collided with the unmoving fist of the king of the gods.

Then, the three generations of souls in his mind were running, and the surging power of the souls surging out, suddenly breaking the ghost wave of the world-destroying soul.

Even conversely, his soul was traumatized.

"What realm has your soul cultivation base reached?!"

The ghost emperor said in amazement.

That primordial power is too terrifying.

If we say that the power of the soul of the emperor of the ghost is a vast and surging river.

That Jun Xiaoyao's primordial power at this moment is the endless ocean!

No matter how turbulent the river merges into the sea, it will not be able to turn over the slightest waves.

At the next moment, Jun Xiaoyao held the big Luo sword tire and directly slashed at the red-haired monster that had come to slay.

To Ling Jun Xiaoyao's slight surprise, there was actually the sound of metal clashing.

Corpse Prison Hall, good at refining corpses.

With all kinds of immortal gold, blended into the corpse, refined into a weapon-like existence.

But anyway, in the first confrontation, Jun Xiaoyao shot at will, with one enemy three, not letting go!

#### [Chapter 1462: The laws are all in place, and the destiny is broken](#)

The third emperor of the underground palace did not expect that it turned out to be such a result.

In their imagination, it should be the killing of the king like Xiaoyao.

"Hengsha-level primordial spirit, and he has already cultivated to an extremely high level. How exactly did he cultivate? The three-generation primordial spirit is not so against the sky, right?"

The ghost of the emperor was so shocked that his forehead was about to split.

He no longer dared to easily collide with Jun Xiaoyao with soul power.

That is simply a manipulative arm as a car, not at its own discretion.

"Calm down, he is already a trapped beast in a cage, and he can't turn the sky up no matter what!" said the dead son.

The plan this time is very detailed.

He must get Jun Xiaoyao's body of the Eucharist.

This is the supreme treasure for the corpse prison palace.

In the future, it is very likely that an invincible war corpse will be produced.

Jun Xiaoyao's blood can also be used for research, fused with the true blood of all spirits, and conducted experiments.

All in all, Jun Xiaoyao's body is a treasure.

They must win this action.

"The trapped beast in the cage...heh, who is the real trapped beast?"

Jun Xiaoyao smiled.

At the last moment, it was really not clear who was the hunter and who was the prey.

"kill!"

The three shot again, each performing extreme moves.

On the other hand, Gu Qianmei's physical body was as vigorous as a big stove, with blood circulating.

The injuries on his body are also recovering quickly.

After all, it is the third place in the Nine Heavens Dragon and Phoenix Rankings, and with a demon in the sky, Gu Qianjie is still very resistant to beating.

"Qing Yi, wait for us to take action with the San Tianzi, and then use the big formation here to completely kill the emperor Xiaoyao." Gu Qianjie said.

Jun Xiaoyao has become his demon and must be eradicated.

Ji Qingyi didn't say anything, and nodded slightly.

It's just that the pupils are flickering in the depths, as if thinking about something.

Here, the Son of Heaven urged all his strength to fight Jun Xiaoyao.

Jun Xiaoyao is still like strolling in a leisurely courtyard, with one palm and one sword, powerful and vulgar.

And San Tianzi's face became more and more difficult to look.

They are the top evildoers in the underworld.

Not to mention that the three of them all shot together.

Just one person is enough to stand on top.

As a result, now that the three of them joined forces, they couldn't even force Jun Xiaoyao's true strength.

This is a bit cheating.

"Suppress with formation method!" said the dead emperor.

I don't know why, even if there are many means.

There was still a faint sense of uneasiness in his heart.

So he didn't want to delay anymore.

When Gui Tianzi and Ming Tianzi saw this, they also nodded slightly.

Immediately, the three emperors of the underground palace poured divine energy into the formation of the demon.

This is the secret horror killing array of the underworld.

Rumor has it that the real and complete Rebirth Devil Array is not much weaker than the Taigu Great Killing Array.

There is even the terrifying power of killing the emperor.

Right now, with the three emperors of the underground palace, it is naturally impossible to arrange a complete rebirth demon formation in a short period of time.

And there is no such condition.

But the simplified version of the Death Devil Array was enough to deal with the existence under Dao Zun.

With the urge of the three emperors.

But see the center of the rebirth devil circle.

The figure of Thousand Hands Mauro gradually solidified.

A terrifying vast coercion also gradually emerged.

Even, he was about to break through the shackles of Xuanzun.

Have a little power of good fortune gods!

"Jun Xiaoyao, what do you have to do!" Zie Tianzi shouted coldly.

"Is this the source of your confidence?"

Looking at the figure as high as thousands of feet, like the ancient demon god, Jun Xiaoyao smiled lightly.

"Jun Xiaoyao, I know you still have another card trick, that is, the magic body of the gods that is motivated by the power of faith."

"But I know, it's absolutely impossible for you to use it now."

"The urging of the Law Bodies requires a huge amount of power of faith."

"And you also know that in the next nine-day restricted zone, there will be a terrifying turmoil."

"If you don't have the gods and law bodies, you won't even have the qualifications to participate in the war."

"Furthermore, after the war of misfortune, it is very difficult for your god's spiritual body to accumulate enough power of faith."

"So I conclude that even if your Eucharist Dao fetus falls, you will not use the Divine Spirit Law Bodies."

"At least, you still have a chaotic body."

Shi Tianzi said sentence by sentence.

Jun Xiaoyao unexpectedly glanced at the dead emperor.

Unexpectedly, he even thought of this heavy.

Jun Xiaoyao couldn't help but said with a hint of appreciation: "Yes, originally in my heart, your IQs are all negative."

"Now it seems that your IQ should be zero. I underestimated you."

The words of Jun Xiaoyao made the three emperor stunned.

Are you polite?

Is this a compliment, or is it detrimental?

It sounds so heart-wrenching?

"Jun Xiaoyao, your mouth is really well-deserved." Shi Tianzi said with a gloomy face.

"You guessed it, I really don't use the gods and law bodies."

"That's a gift for some big guys. You miscellaneous fish are not qualified to let me use it."

"Kill the chicken with a sledgehammer!"

Jun Xiaoyao's voice fell, and his whole body seemed to be burning, and a layer of divine flame lifted up.

That is the supreme divine blood in Jun Xiaoyao's body is burning, boiling!

The fourth supreme technique blessing!

Jun Xiaoyao's momentum has skyrocketed several times.

Just like the supreme \*\*\*\* king wrapped in a \*\*\*\* flame!

Then, Jun Xiaoyao came out.

One law after another emerged.

The law of ordinary Tianjiao is one, two.

The nine principles can be called the supreme state of extremes.

but now.

Jun Xiaoyao probed between his hands.

A full 150 laws emerged!

Each rule has a different color.

Like a chain of gods, bursting out.

This is not a magic trick.

It is the specific application of the law.

Jun Xiaoyao condensed it into a chain of gods and sacrificed it in the most simple, direct and crude way.

"That... is that the law?"

"How is it possible, more than a hundred rules?"

When Jun Xiaoyao sacrificed one hundred and fifty laws.

The three emperors of the underworld, people are stupid!

Not only them, but Gu Qianjie was also sluggish.

Is that human being?

Rao Shi's heart is as deep as Ji Qingyi, and waves are also making waves in his pupils.

She could be sure that before Jun Xiaoyao, she hadn't comprehended so many laws.

It should be understood only in the land of Guixu.

In just such a short time, Jun Xiaoyao has elevated himself to this point again.

For Jun Xiaoyao, Ji Qingyi felt a little more in awe.

Wow!

A full 150 rules, has condensed one hundred and fifty chains of laws and gods.

It was directly wrapped around the figure of the Thousand-Handed Mo Luo.

This is like the strongest shackles, and it seems to be God's judgment.

The chain was wrapped around Senshu Maura layer by layer.

Thousand-handed Mo Luo roared, bursting out of strength, thousands of hands slapped out at the same time, as if to destroy the world!

However, hundreds of laws and \*\*\*\* chains have imprisoned them to death, and every law is the most primitive and powerful in the world!

"Exit!"

The word "Jun Xiaoyao" fell, and all the laws and \*\*\*\* chains were shining together, and the terrifying power was transmitted to the thousand-handed Ma Luo, and the wave of destruction broke out!

boom!

With a loud noise.

The core of the rebirth devil formation, Thousand-Hand Devil, was directly wiped out in ashes!

[Chapter 1463: Ji Qingyi turned against the water, hitting the ancients and destroying them, the situation was reversed](#)

The three emperors of the underground palace are all dumbfounded at this moment.

Jun Xiaoyao sacrificed hundreds of laws, which directly refreshed their cognition.

The nine principles are the supreme in the extreme realm.

What are the hundreds of laws?

Is that human being?

If it is said that it is a strong emperor who has comprehended hundreds of laws, it is still acceptable.

After all, a strong emperor, he himself has a deep understanding of Dao, which proves the existence of Dao.

But now, Jun Xiaoyao is still far from enlightenment, and he has comprehended hundreds of laws.

Then wait for him to preach.

Is it really necessary to realize the Three Thousand Ways, melt them in one body, and push the enemies of the world?

And when the Son of Heaven came back to his senses.

It was only then that the Moral Formation had been destroyed almost completely.

"Damn, what kind of evil is this? Is there any heavenly law? Is there any king's law!"

All the ghosts are desperate.

I don't understand how Jun Xiaoyao could be so evil.

How many hole cards does he have yet to show?

"Now, it's my turn!"

Jun Xiaoyao probed out his hand, grabbed and photographed the red-haired monster.

Then suddenly tore.

The power of the four thousand Xumi worlds exploded, directly shattering the red-haired monster.

Shi Tianzi was instantly backlashed, spit out a mouthful of blood, horrified.

"How come, that corpse is fused into immortal gold, and it can even head-on the emperor's soldiers!"

For the monks in the Corpse Prison Hall.

The corpses they sacrificed themselves were their magic weapon.

As a result, it was directly torn by Jun Xiaoyao.

Shi Tianzi, as a sacrificer, naturally suffered a backlash.

"Everyone, sacrifice your hole cards!"

The corpse emperor uttered a long roar.

If you don't do your best, I'm afraid the situation will really be reversed.

The Emperor Zombie sacrificed something, and it was another corpse.

It's just that the corpse is a bit illusory.

But the power entrained is even more terrifying.

"That is..."

Jun Xiaoyao has deep eyes.

He thought of the supreme immortal artifact in the legend of the underworld, the Ten Temple Yama.

It is an immortal artifact made up of ten quasi immortal artifacts.

But right now, the corpse emperor was sacrificed.

It is a quasi-immortal tool in the corpse prison hall, named corpse \*\*\*\* puppet.

Of course, this is not a real corpse \*\*\*\* puppet, but just a brand of the corpse \*\*\*\* puppet.

It's like the brand of the old chaotic axe before.

Just when the corpse emperor sacrificed the corpse \*\*\*\* puppet brand.

Ming Tianzi and Gui Tianzi also sacrificed their quasi-immortal artifacts.

The offerings made by the Emperor Hades are the line of Hades, which is the quasi-immortal implement of Hades Palace.

Yama's hand, also known as Yama's hand.

And what the Guitianzi sacrificed was a primitive bronze ancient lamp.

The flame above seems to be the shadow of endless beings.

It is the soul-attracting lamp.

Before the Immortal War, the soul master of You Country had sacrificed the soul-attracting lantern.

Later, the soul master was beheaded by Emperor Shenyu of the Jun family's hidden veins, and the soul lamp was taken away by the strong man in the underworld.

Now it seems that it is the strong man in the ghost palace.

"Quasi fairy, no, how do you feel the power of the fairy?"

Feeling the three marks, Jun Xiaoyao murmured.

The corpse \*\*\*\* puppet, Yama's hand, and the soul-attracting lamp are all part of the Ten Temple Yama.

According to rumors, the ten magic weapons should all be of the quasi-immortal level.

But now, judging from the power revealed by this brand.

It's almost transformed into a fairy.

When the ten great immortal artifacts are unified, how strong will the ten temple Yamas be?

"Sure enough, the netherworld can get the material resources of the immortal Dao, and it is inseparable from the Jiutian Forbidden Zone, especially the Changsheng Island." Jun Xiaoyao guessed in his heart.

This is undoubtedly more solid, the secret collusion between the underworld and Changshengdao.

The curse of the Eucharist was also jointly planned by the two forces.

But in any case, even if the ten weapons of the underworld are all immortal weapons, there is nothing to fear.

If the four swords of Zhu Xian of the Jun family are assembled, they will never be worse than the Ten Palace Yama.

At the moment, the three emperors of the underground palace have sacrificed three imprints to suppress Xiang Jun Xiaoyao together.

This is their last resort.

Not only that, but Gu Qianjie's injuries have also recovered a bit.

"Qing Yi, kill him together!"

Upon seeing this, Ji Qingyi also shot.

The two once again poured their strength into the broken immortal magic map brand.

Fully four immortal artifacts branded to suppress Xiangjun Xiaoyao.

It can be said that, in addition to driving to the Shengma Luo formation.

This is the biggest killer they hide.

"Just let you experience what despair is!"

Over Jun Xiaoyao's head, a giant bronze cauldron with three legs and two ears emerged. The mother's breath of all things rose and fell, carrying the supreme mighty force to suppress the universe.

At the same time, he was holding a big Luo sword fetus, the sword's edge was shaking forever, and the sword's light was shining for nine days.

Two magic weapons, one offensive and one defensive, are perfect.

This is indeed a trapped beast still fighting.

However, the trapped beast in the cage is not Jun Xiaoyao.

It's the Three Heavenly Sons of the Underworld and the Ancient Thousand Annihilation!

Just when this extreme collision is about to occur.

Sudden!

Ji Qingyi controlled the immortal demon map brand, directly in the opposite direction, and killed the ancient Qianjie heavy town!

That's right!

Not suppression, but suppression!

Her method is absolutely unrelenting, and she wants to kill the ancients in one blow!

"Qing Yi...you!"

Gu Qianjie is worthy of being the third arrogant of the Nine Heavens Dragon and Phoenix Rankings, and he noticed it the first time.

But Ji Qingyi shot faster!

Although Gu Qianmei has gathered rules and gods to defend in a short period of time.

But still suffered a heavy blow from Ji Qingyi!

Huh!

The blood spilled out like money.

Gu Qianjie's figure flew upside down, his bones were broken, half of his body was broken, and his flesh was bloody!

Even if he was a celestial demon, he couldn't hold it.

Most importantly, he was hit hard by Jun Xiaoyao.

It was just temporarily forcibly regaining some physical stamina.

Now he was hit hard by Ji Qingyi again.

New injuries and old injuries erupted at the same time, making him almost violently killed!

"How is this going!?"

Shi Tianzi and others were also dumbfounded.

"Can you control others?"

call out!

A gleam of sword light that was so fast that it passed across the sky, as if time had stagnated.

Ming Tianzi and the others hurriedly manipulated the immortal tool brand to return to defense.

But it is still the head of a sword owl!

"The Emperor Ming!"

The faces of the dead and the ghosts changed drastically.

They never expected that such a change would occur.

"Ji Qingyi, it turned out to be you!"

No matter how stupid the dead emperor is now, he understands what happened.

Good fellow, it turns out that they are the turtles in the urn.

Before taunting Jun Xiaoyao is a trapped beast in a cage.

The clown turned out to be me!

"With you, you also want to plot against the gentleman, it's simply overpowering."

Ji Qingyi's cold pupils looked towards Gu Qianjie with a hint of sarcasm.

"Ji Qingyi, you \*\*\*\* woman, I was so \*\*\*\* you, you actually..."

Gu Qianjie was furious, feeling that his internal organs were about to explode.

What kind of betrayal is most unforgettable.

That is betrayed by a woman.

And she was regarded as a forbidden woman.

"That's just your wishful thinking, Qing Yi only feels sick."

At this moment, Ji Qingyi took off the mask, and the words were also very sharp.

"Damn it, you idiot!"

The corpse emperor and the ghost emperor cast a vicious look at Gu Qianjie.

They dignified the three emperors of the underground palace, and the great demon king of the fairy cave.

It was turned around by a woman.

[Chapter 1464: The general situation is over, the demon disintegrates the Dafa and will not kill Ji Qing...](#)

The corpse emperor and others are very angry.

It was a perfect hunting plan.

As a result, they had already lost.

"Damn it, you ruined our plan!"

The dead emperor and the others roared endlessly, with unspeakable anger.

At the beginning, they really just found the ancient thousand and annihilation.

It was Gu Qianjie who revealed the plan to Ji Qingyi and invited her to join.

Therefore, it can also be said that Gu Qianjie destroyed this plan with one hand.

Of course, to be honest.

It doesn't matter whether Ji Qingyi informs or not.

This plan, wanting to hunt down Jun Xiaoyao, is indeed a bit naive.

But anyway, if the plan fails, then they can only admit that it is Jun Xiaoyao that is too strong.

Now, the plan was leaked ahead of time.

Jun Xiaoyao had known it a long time ago, and had passed Ji Qingyi's ditch secretly.

This is very annoying.

Not only did he lose, but he also set off the Corpse Emperor, Gu Qianmei and others like a silly fork.

Nima, you have to punish your heart for murder!

"Why... why?"

Until now, I was a little unwilling to believe it.

Obviously this woman's physique is the best match for him.

Moreover, Immortal Demon Dongtian was also bringing the two of them together.

Gu Qian destroyed himself, and also regarded Ji Qingyi as forbidden.

And now, Ji Qingyi wants to kill him?

"Ji Qingyi, from the time you arrive at the Immortal Demon Cave Sky, what you want is what you want."

"Any resource, I will let people give it to you, even the immortal material, are willing to share some of you, why are you betraying!"

Gu Qianjie roared, with blue veins on his forehead showing, he felt that all of this was ridiculous and a little unreal.

"What do you want?"

Ji Qingyi's face under the veil was cold.

"If... I want your life, are you willing to give it too?" Ji Qingyi said lightly.

"What did you say?"

Gu Qianjie's eyes were dull.

"As long as you refine your celestial demon body, you will have the opportunity to make me an immortal demon body."

"Then take control of the Immortal Demon Diagram, and go one step further, and perhaps become the only master of the Immortal Demon Cave in the future."

Ji Qingyi's words made Gu Qianjie completely stunned, and his mind went blank.

He couldn't think that this girl who seemed to have no desires and no desires, like a green lotus in the water, had such great ambitions.

He even wanted to cultivate into the Immortal Demon Dao Body, hold the Immortal Demon Diagram, and then become the master of the Immortal Demon Cave Sky.

"Then you don't necessarily have to kill me, we can double repair, and now you still have time to stop."

There is still a glimmer of hope in Gu Qianmei's heart.

I hope Ji Qingyi can look back.

When Ji Qingyi heard the words, her head crooked slightly, and her clear eyes were full of coldness and disgust.

It's like looking at some pickled filth.

"and you?"

It's a simple word, it's not very harmful, and it's extremely humiliating.

Gu Qianjie's face suddenly flushed, and his blood pressure came up.

Burning in anger, it blows the lungs!

What's the matter with this reaction, is he so disgusting?

This is absolutely a fatal blow to the dignity of a man!

"In this world, there is only one person who can make Qingyi dedicate her life without being disgusted."

"But... it definitely won't be you."

Ji Qingyi said lightly.

"You bitch, you bitch, today I will die forever, even if I save my life, I will kill you!"

Gu Qianjie completely broke the defense, and his mentality collapsed.

Being belittled by a woman is more anger than being defeated by Jun Xiaoyao.

This is about the final self-esteem of a man!

boom!

Gu Qianmei completely urged the ultimate power of the heavenly demon body, surging with demonic energy, and killed Ji Qingyi.

No matter what the price, he will kill this bitch!

Ji Qingyi didn't change her face, but also shot, killing Xianggu Qianjie, to completely kill him.

The celestial demon body, the celestial immortal body, the two physiques, fought and collided.

Each other is holding the mentality of killing each other, so it is impossible to keep the slightest hand.

"Wonderful, but on our side, it's time to solve it."

Jun Xiaoyao retracted his gaze and looked at the emperor corpse and the emperor ghost.

Feel the surging power on Jun Xiaoyao's body.

Shi Tianzi and others knew that they were gone.

"Wait...Wait, Jun Xiaoyao, stop it for now, how about we just retreat?"

"We promise that we won't catch your attention in the future. We will also find a way to solve the fall of Emperor Ming and will not trouble you."

The corpse emperor was really a little scared, and his heart retreated.

"Do you think this is possible?"

Jun Xiaoyao sneered, with a touch of mockery.

The dignified emperor would have such a naive time.

Being humiliated by Jun Xiaoyao in this way, the dead emperor was also a little bit ashamed into an angry way.

"Jun Xiaoyao, stay on the sidelines for doing things, so we will meet each other in the future. If you kill the three of us completely here, you will have a complete feud with the underworld, and you will never die!"

"Oh, I didn't have any grudges with the underworld before?"

Jun Xiaoyao said deliberately.

The ridicule is almost full!

"you..."

The corpse emperor's gas is blocked.

If you talk to Jun Xiaoyao, you will be \*\*\*\* off!

"The hunting plan was made by you yourself, and it's time to pay for it."

Jun Xiaoyao's head hangs the mother-of-kind cauldron of all things, and the palm of his hand is big and the sword is born, and his breath is surging.

A sword went horizontally, hundreds of laws, entwined with sword light, blasted out!

As a result, there is no suspense.

But for a moment.

Ghost emperor, once again beheaded by Jun Xiaoyao!

Only the corpse emperor was left, with horror, despair and faint regret on his face.

If they knew this, they shouldn't have implemented this plan.

And at this moment, the other side of the battle.

Ji Qingyi also had the upper hand.

After all, Gu Qianmie was first severely injured by Jun Xiaoyao, and then attacked by her.

Now, it is already the end of the battle.

In addition, Ji Qingyi's tricks are extremely famous, and the ancients are dangerous.

At a certain moment, Gu Qianjie suddenly let out a long roar.

"Bitch, even if I die, I will drag you to hell!"

The voice fell.

Gu Qianjie's blood vessels burst at the same time!

The blood of the demon is burning!

His breath turned from weak to strong.

At the end of his ability, his strength at the moment has reached its peak for a short time!

"This is..." Ji Qingyi's eyes also showed a touch of surprise.

She thought of a taboo trick of the Heavenly Demon!

"Yes, this is the great method of the disintegration of the heavenly demon, the taboo trick of the heavenly demon body."

"Although I might die after the show comes, but... I will drag you to bury you when I die!"

Gu Qianjie's mouth was full of blood, and a blood-stained smile appeared, looking hideous and terrifying!

Demon disintegration Dafa!

This is the taboo trick of the celestial monster!

Burning the full potential of the celestial demon body, greatly increases the body's power.

But after using it, there will be great side effects, causing backlash, squeezing the talent potential, and the cultivation base may stop moving forward.

The most important thing is that Gu Qianjie is now a severely wounded body.

After the demon's disintegration method was performed, the lamp was basically exhausted, and death was not far away.

However, if it is not displayed, the ancient thousand will die.

Now the show has come, although it will still die.

But at least he can pull Ji Qingyi to die together.

It can be regarded as venting the hatred in my heart.

If you don't kill Ji Qingyi, he won't look down!

[Chapter 1465: The illusion of the corpse emperor, I can fight back, and all fall...](#)

With the forbidden move by the ancient thousand mistress, the demon disintegrated.

His strength also climbed to the peak.

It was even stronger than when he was fighting against Jun Xiaoyao before.

But this is like a flash of fireworks.

Although extremely gorgeous, afterwards, it will sink into a cold and dead silence.

The ancient thousand extinction is now the last firework.

Although destined to die, now, he is so strong that no one can stop him!

Huh!

Fight with one blow.

Ji Qingyi retreated.

Tan spit out a trace of blood, dyeing the veil red.

Ji Qingyi did hide very deeply.

But even if she really wanted to kill Gu Qianjie, she would have to pay a great price.

Out of the corner of her eye, she glanced at Jun Xiaoyao.

It was discovered that Jun Xiaoyao was still fighting with the corpse emperor.

Jun Xiaoyao naturally saw the movement of the ancient thousand dying.

He also didn't expect that the Heavenly Demon Body would have such a trump card that burned with jade and stone.

But there was only a hint of surprise.

This move can cause damage to Ji Qingyi, but it can't threaten him.

However, Jun Xiaoyao did not solve the dead emperor in the first time, and then went to assist Ji Qingyi.

Because he wanted to beat Ji Qingyi.

The icing on the cake is simple.

It is profound to send charcoal in the snow.

When Ji Qingyi is injured, she will have a deeper experience before she takes action.

Therefore, Jun Xiaoyao is also unhurriedly fighting with the dead emperor.

The corpse emperor suddenly found out.

I can already go back and forth with Jun Xiaoyao.

"I poke, is it possible that the emperor's strength is also steadily improving?"

The corpse emperor had a big illusion in life.

Think you can fight back.

And after hundreds of tricks.

Ji Qingyi's veil was completely dyed red with blood.

"Bitch, this trick will bring you to \*\*\*\* together!"

Gu Qianjie also noticed that the time limit for the demon to disintegrate Dafa was about to pass.

He must kill Ji Qingyi.

"The blood of the demon!"

Gu Qianjie sacrificed his ultimate move, and his blood flowed back directly, as if it had turned into the shadow of a \*\*\*\* heavenly demon.

Then he went to kill Ji Qingyi!

"Do you really want to sacrifice your hole cards?"

Ji Qingyi bit her jade lips slightly.

She can indeed stop the ancients, but she also has to pay a great price.

Who called Gu Qianmie, now like a mad dog, he completely saved his life.

The so-called soft ones are afraid of the hard ones, and the hard ones are afraid of death.

And at this moment.

Seeing that the time is almost time.

Jun Xiaoyao flashed his eyes and slashed towards the emperor corpse with a sword.

"I can fight back!"

The corpse emperor wailed a long whistle.

Then the head exploded, and the primordial spirit died.

Here, just when Ji Qingyi was about to pay the price for confrontation.

Suddenly, an arm embraced her slender waist, and stepped back.

At the same time, a gleam of sword light slashed towards the shadow of the scarlet demon, split it into two, and collapsed in the void.

"The gentleman..."

Ji Qingyi showed a hint of joy.

Since Jun Xiaoyao helped, she didn't have to pay a big price.

"Jun Xiaoyao..."

Gu Qianmei glanced at it and saw Jun Xiaoyao hugging Ji Qingyi's slender waist.

But Ji Qingyi did not reveal the slightest discomfort, and there was even a hint of joy in his eyes.

Gu Qianmei is exploded!

It's really angry!

He paid so much that even Ji Qingyi's hand hadn't been touched.

But Jun Xiaoyao directly held her waist, but Ji Qingyi showed no disgust or discomfort.

"Bitch, you bitch!"

Gu Qianjie roared in anger, leaping into thunder.

"Noisy."

Jun Xiaoyao Daluo's sword fetus, cut off with a sword, the sword glows, like a galaxy, entrained hundreds of rules, dividing the world.

Gu Qianjie's figure was divided into two, and the soul was annihilated.

Third in the Nine Dragons and Phoenix Rankings, the Great Demon King will die and fall!

At this point, the hustle and bustle has calmed down.

The three emperors of the underground palace also fell, without a lifetime.

"Thank you Lord Jun for your help." Ji Qingyi said sincerely.

Although her city has always been deep.

But the sincerity at this moment can be seen.

"Actually, I'm just taking care of my business. Without me, you can solve ancient times by yourself." Jun Xiaoyao said.

"In that case, Qing Yi will have to pay the price."

"Now, Qingyi finally understands why Jiang Shengyi and Jiang Luoli are so obsessed with you." Ji Qingyi said.

"Why?" Jun Xiaoyao said.

"This feeling of being protected is really not bad." Ji Qingyi said.

"Hehe..." Jun Xiaoyao suddenly laughed.

"What is the gentleman laughing at?" Ji Qingyi asked.

"You are not a woman who is willing to be protected by others."

"And, really, whoever protects you, you might even stab someone in the back."

"Ji Daoyi, the ancient millennium, isn't it all like this?"

"Who is your flower protector is really bad luck." Jun Xiaoyao joked.

Hearing this, even if his mind was as deep as Ji Qingyi, there was a slight embarrassment.

She opened her lips and said: "The gentleman is different from them, how dare Qingyi be malicious to you?"

"Really, at that time, didn't you really want to suppress me with Gu Qianmei?"

"Later, I discovered that my strength was indeed much stronger than I thought, so I still cooperated with me according to the original plan."

Jun Xiaoyao's words have deep meaning.

At that time, Ji Qingyi joined forces with the ancients to suppress him with the immortal magic map.

But I didn't keep anything.

That might be a kind of temptation to test the true strength of Jun Xiaoyao, how strong it is.

"Prince gentleman, in your eyes, is Qing Yi such a woman full of calculations?"

Ji Qingyi said with a hint of grievance in the air.

"It seems to be the same, but it doesn't matter. With your cleverness, you should understand who can calculate and who can't." Jun Xiaoyao said.

"Qing Yi understands it, it's just that... can you let go of Qing Yi first?"

Only then did Jun Xiaoyao react, his hand still wrapped around Ji Qingyi's waist.

Ji Qingyi's waist is extremely thin and flexible, not inferior to the snake-human tribe.

The degree of bending should also be very good, and it can make a lot of difficult movements.

Jun Xiaoyao released his hand.

Ji Qingyi relied on the broken Immortal Demon's mark to refine the remnants of the ancients.

In the end, it was refined into a mass of pure blood of the demon.

The combination of immortality and demon can create the body of immortality and demon.

However, Ji Qingyi naturally couldn't refine it on the spot, but collected it and practiced slowly in the future.

After some repairs, Jun Xiaoyao was also ready to set off again.

A lot of time has been delayed here.

Although the three emperors of the underground palace and the ancient thousand are solved, he still needs to find the immortal material.

Ji Qingyi came to Jun Xiaoyao and took off the \*\*\*\* veil on his face.

Suddenly revealed a face that eclipsed heaven and earth.

The face is like a bright moon, the distant mountains and eyebrows, and the eyes of autumn water, everything is so perfect and harmonious.

There is only a little disharmony.

It was the pretty face that was as slippery as fat, with a trace.

That was when I was practicing in the frontier wasteland.

As a foreign chaotic body, Jun Xiaoyao left a trace on her face with the help of the power and rules of chaos.

In order to beat her, let her not jump too much.

And this trace can only be erased by Jun Xiaoyao himself.

[Chapter 1466: Super fairy pit, super fairy veins, sad sea of reincarnation...](#)

"Master Jun now, can you help Qingyi erase the marks on his face?" Ji Qingyi said.

She didn't say, Jun Xiaoyao almost forgot about it.

At that time, he was a foreign chaotic body in the Bianhuang experience, and he took this opportunity to repair Ji Qingyi well.

"This can be regarded as a mark I left for you. If it is erased, will it be of any benefit to me?" Jun Xiaoyao said.

Ji Qingyi said: "Qingyi can tell you that there is a super fairy pit deeper in the land of Guixu."

"Then, among them, there may be special-class immortal veins that surpass the first-class immortal veins."

"Now that many Tianjiao have gathered there, the gentleman will be too late if he doesn't go."

"Special Class Xianmai?" Jun Xiaoyao raised his interest.

"The first-class immortal veins are thousands of miles long, while the special-class immortal veins are more than tens of thousands of miles, and more immortal veins can be extracted."

"This news is even a thank you to the gentleman." Ji Qingyi smiled slightly.

"Okay then, thanks a lot."

Ji Qingyi has done this, and Jun Xiaoyao is not good at embarrassing her anymore.

He raised his hand and brushed Ji Qingyi's cheek.

The trace on that face disappeared immediately.

Ji Qingyi restored her flawless face.

She picked up another white veil and put it on her face.

Covered that stunningly charming dick.

"It's so beautiful, but it's hard for anyone to see it, but it's a pity..." Jun Xiaoyao tweeted.

Ji Qingyi turned her eyes and said, "Isn't this better, it's the scenery enjoyed by the gentleman alone."

In this case, there is something in it.

Jun Xiaoyao changed the subject and said, "That super fairy pit, don't you go with it?"

Ji Qingyi shook his head slightly and said: "Qingyi will not go. If I show up with you, the prince, the death of the ancient thousand will be suspected on me immediately."

I have to say that Ji Qingyi is very thoughtful.

"Your thoughts are indeed meticulous, although you still have to let me back the pot in the end." Jun Xiaoyao said.

Gu Qianmei's death will definitely be counted on his head.

But Jun Xiaoyao didn't mind, he had no worries about debts.

"Then trouble the gentleman, and besides, there is also that long-life goddess..."

Ji Qingyi glanced at the longevity goddess in the distance.

She witnessed the whole process.

"Don't worry, she can't get out of the ruins." Jun Xiaoyao smiled.

The tone is plain, but there is an inexplicable coolness.

Ji Qingyi also took a deep look at Jun Xiaoyao.

"It's really tragic to be the enemy of the Lord Jun, and I hope that in the future, there will be opportunities to cooperate with the Lord Jun."

Ji Qingyi bid farewell and prepared to leave.

Looking at Ji Qingyi's leaving shadow, Jun Xiaoyao suddenly had a question.

"By the way, Miss Qingyi, what you said before, the person who can dedicate but doesn't dislike him, wouldn't it be Jun?"

Hearing this, Ji Qingyi took a lot of steps.

After a while, she looked back and smiled, full of charm.

There is no color in the world.

"you guess?"

Jun Xiaoyao was taken aback for a moment.

It was the first time he saw this girl who was full of calculations in the city, showing this innocent, innocent smile like a little girl.

Is it the innocence that only he can see?

When Jun Xiaoyao recovered, Ji Qingyi had already gone.

There is no muddle-headedness or nostalgia.

"What an interesting woman, I am curious about where you can go on your own."

Jun Xiaoyao shook his head lightly.

Next, he was also going to the super fairy pit that Ji Qingyi had informed.

After all, the special immortal veins, the refined immortal path matter should not be less.

Jun Xiaoyao raised his hand and pulled the longevity goddess over with the law and \*\*\*\* chain.

Her face was full of horror, and she lost her voice: "The woman in Immortal Demon Cave Sky is also yours, and your calculations are too deep!"

The longevity goddess did not expect this result.

At the beginning, when I saw Jun Xiaoyao falling into a trap.

She was also a little gloating, thinking that Jun Xiaoyao was going to be out of luck.

Maybe it's not even the emperor Changsheng's turn to make a move, and Jun Xiaoyao is about to finish.

Who ever thought that there would be this wave of reversal.

For Jun Xiaoyao, the longevity goddess really can't see through.

"Are you surprised? The more unexpected is still to come." Jun Xiaoyao played with it.

The most deadly blow to a person is to let her see hope and then destroy the hope with her own hands.

The only hope for the longevity goddess right now is the emperor of longevity.

"No... No matter how many conspiracies you have, Lord Emperor can still deal with you. He is the first person in the younger generation of nine days!"

The longevity goddess still has faith in her heart.

"First person?"

Jun Xiaoyao smiled.

"With me, he can't afford this title!"

Jun Xiaoyao pulled the chain of laws and gods, dragged the eternal goddess, left this fairy pit, and continued to return to the ruins.

...

By this time, the Tianjiao who entered the land of the ruins had been reduced by more than half.

Most of them died in all kinds of weirdness.

The remaining Tianjiao are almost all the elites in the major restricted areas.

They can truly enter the depths of the homeland.

The spread of a piece of news made some Tianjiao shining in their eyes.

That is, in the depths of Guixu Land, a super fairy pit appeared.

It was a huge immortal pit with a radius of hundreds of thousands of miles.

Among them, there may be special immortal veins that surpass the first-class immortal veins.

The refined substance of the Immortal Dao is absolutely amazing, many times that of the first-class immortal veins.

Therefore, the remaining Tianjiao all began to converge towards that super fairy pit.

Presumably, there will be an extremely fierce battle at that time.

Jun Xiaoyao is also advancing.

From time to time, he can also meet some nine-day princes.

And carried out the most sincere care and greetings to them.

Those Nine Heavens, all crying in the end, handed the fairy veins in their hands to Jun Xiaoyao.

After Jun Xiaoyao left.

They just started to cry in mourning.

"Damn, what kind of prince's son, keep some for me, and some roots of the leeks..."

Here, Jun Xiaoyao counted the harvest, with a gentle smile on his face.

"Yes, it really is the fastest method."

"Huh, what kind of prince's son, there is such a shameless side."

From the rear, the longevity goddess said coldly.

Jun Xiaoyao didn't mind, there was no need to be stunned with a mortal person.

"What do you know, I serve people with virtue, don't you see that they cry with gratitude on their faces?"

The longevity goddess are all speechless.

Unexpectedly, this aloof, Jun Xiaoyao who usually always has a cold face.

There is also this humorous cell.

At this time, three figures appeared in front of him.

Jun Xiaoyao's eyes lightened slightly and said, "I didn't expect to meet old acquaintances."

That's right.

Those three figures were surprisingly the three young masters of the sea of reincarnation.

Xuan Mi, Xuan Li, Xuan Mo.

Although everyone entered the land of the ruins, they all landed randomly.

But the three brothers were of the same mind, so they soon joined together.

"Brother, after waiting for the super fairy pit, if you can find a special immortal vein, then you can extract enough immortal material for the cultivation of our three brothers."

"Yes, although we have collected a lot of immortal veins now, it is still not as good as the special-class immortal veins."

Xuan Li and Xuan Mo said.

"Of course." Xuan Mi nodded slightly.

At this moment, a voice suddenly remembered.

"Everyone, haven't seen it for a long time, and even miss it."

Hearing this sound, the three brothers instinctively exploded their hairs, feeling a horror, and cold air rushed into their throats.

"Don't come here!"

"Run!"

Without any hesitation, the steps of the three brothers are neat and uniform.

Who can think of it.

These three famous three young masters of the sea of reincarnation for nine days.

The moment he heard Jun Xiaoyao's voice, Sa Yazi ran wildly without looking back.

Jun Xiaoyao was completely speechless.

He turned his head and glanced at the Longevity Goddess, wondering: "Is this young man a devil? Is it so scary?"

Hearing the words, the longevity goddess had a touch of weeping but no tears on her filthy and blood-stained cheeks.

Damn you, is it a devil, don't you have any points in your heart?

The longevity goddess wanted to swear, she had never met a devil like Jun Xiaoyao.

[Chapter 1467: Sadly reminds the 3 brothers to gather in the super fairy pit, the gluttonous king now...](#)

Of course, no matter how the Samsara Sea Brothers run, they will naturally not escape the palm of Jun Xiaoyao.

Just a few breaths.

Jun Xiaoyao fell in front of the three brothers.

When I saw the long-lived goddess who was dragged by Jun Xiaoyao and was embarrassed like a dog.

The faces of the three brothers changed drastically, they were extremely pale, and their faces were trembling.

That's the eternal goddess!

The first beauty in the nine days, the fourth in the dragon and phoenix list.

What is it like now?

A dirty mad woman!

At this time, the three brothers shivered even more.

What kind of devil did Jun Xiaoyao use to torture the longevity goddess like this?

"Jun...Jun Xiaoyao, what do you want to do?" Xuan Mo's words were a little uncomfortable.

After all, he had experienced Jun Xiaoyao's severe beating more than once.

On the surface, it looked like a man who was banished to an immortal. In fact, his methods were more ruthless than anyone else.

"That's right, Jun Xiaoyao, if you really dare to do anything to us, the sea of reincarnation will not let you go." Xuan Li is also an outsider, and said in a trembled voice.

If Jun Xiaoyao really killed them in the land of Guixu, then they would have nowhere to complain.

"Jun Xiaoyao, if you really dare to do it, we will die!"

Xuan Mi was a bit courageous as the young master.

Only at this moment, his heart is also playing drums.

After all, who can live, who wants to die?

"What are you talking about, this son hates fighting and killing the most."

Jun Xiaoyao smiled slightly, and even felt a kind of nuclear amiability.

A question mark was slowly played on the three brothers' foreheads.

Jun Xiaoyao hates fighting?

This is so special, the arrogant of the Nine Dragons and Phoenix Rankings, I have been beaten all over by you!

The four little kings of the Beast Cave, three were suppressed by you!

The three of us, we were brutally beaten by you!

This is also called hate to fight and kill?

"Jun Xiaoyao, what are you selling?" Xuan Mi's expression was uncertain.

Jun Xiaoyao was too lazy to say something, and said directly: "You three brothers are so many, you should have collected a lot of immortal veins now."

"This kind of good stuff is easy to be missed by people. Give it to Jun, and I will take care of it for you and take your risks."

Jun Xiaoyao said calmly.

The blood pressure of the three Xuan Mi brothers rose sharply.

Good guy, I wanted to be a bandit.

It happened to be so high-sounding.

"Jun Xiaoyao, you are too much!"

Xuan Mi's face was bloodshot.

They entered the land of the ruins to find precious immortal materials.

This is the best treasure for cultivation and promotion.

If they had no immortal matter, they would fall behind.

See the reaction of the three brothers.

Jun Xiaoyao didn't say anything. He took out the big Luo sword fetus, and while picking his nails, he said, "Could it be that Jun was kind enough to treat him like a donkey liver and lungs?"

The three of Xuan Mi were speechless.

What else?

Can't beat and beat, accept the reality.

The three of them had no choice but to hand over all the immortal veins.

They didn't dare to hide their privates, if they were spotted by Jun Xiaoyao.

There may be a crisis in life.

Seeing those fairy veins, Jun Xiaoyao's eyes lit up.

Among them there is actually a first-class immortal vein.

It can be said that these immortal veins have been able to extract many immortal substances.

It can only be said that when there are more people, the speed of collecting immortal veins is fast.

When the three brothers saw Jun Xiaoyao putting away Xianmai, they all wanted to cry without tears.

This is what they worked so hard to dig out, and it turned out to be nothing.

After Jun Xiaoyao put away Xianmai, he looked at the three people and said.

"Looking at what you look like, you should also go to Super Xiankeng."

The three brothers nodded.

Jun Xiaoyao smiled faintly: "That's good, follow me, the task of mining is left to you."

"What, Jun Xiaoyao, you..."

The faces of the three brothers were flushed.

They are the three great young masters of the sea of reincarnation.

Now Jun Xiaoyao is regarded as a miner?

Is there any reason for this, is there any king's law?

"No?"

Jun Xiaoyao narrowed his eyes slightly.

"No, no."

Xuan Mi and the others, forcibly swallowed this bad breath.

He believes that the emperor of longevity, the king of gluttons, and the top heavenly arrogant will definitely go to the super fairy pit.

At that time, you might be able to suppress Jun Xiaoyao.

As for killing Jun Xiaoyao, they really didn't think about who could do it.

I'm afraid that the emperor Changsheng might not be able to do it.

It's just that they don't know that the ancient thousand extinction has already fallen into Jun Xiaoyao's hands.

After that, Jun Xiaoyao took the longevity goddess, the three brothers of the reincarnation sea, to the super fairy pit.

...

The land of the ruins has a very wide range.

It's basically comparable to a continent.

And in the depths of Guixu Land, there are also some fairy pits strewn across.

Basically, most of the fairy veins were excavated from the fairy pit.

And now, the most attractive.

There is nothing better than the depths of the ruins, the super fairy pit with a range of hundreds of thousands of miles.

Among them, there may be special immortal veins, enough to extract a large amount of immortal substances.

Therefore, the remaining Tianjiao in the land of the ruins are all converging towards the super fairy pit.

In the depths of the land of the ruins, clouds of smoke shrouded.

Looking around, that super fairy pit, you can't see the end at a glance.

Outside Xiankeng, there is a desolation.

But inside Xiankeng, it is colorful, with old medicine growing, and fragrant flowers and plants.

This is the sign of the hidden veins.

The breath escaping from the fairy veins nourished these magical elixir flowers.

And now, there are also many Tianjiao appearing here.

"It seems that this is the largest fairy pit in the land of Guixu."

To the east of Super Xiankeng, a man and a woman appeared.

Surprisingly, Kun Xuze and Kun Lingyu are two brothers and sisters.

"I don't know where the gentleman is now." Kun Lingyu turned his eyes.

"Why, Nizi is tempted, it doesn't matter, I can talk about matchmaking for you as a brother." Kun Xuze joked.

"Brother, what are you talking about, I just want to worship Master Jun as a teacher." Kun Lingyu blushed.

She really wanted to be Jun Xiaoyao's apprentice, she had absolutely no other ideas.

It is even more impossible to have the idea of a jockey destroying the ancestor.  
as time flows.

The rest of the remaining nine-day princes also gradually gathered here.

Although there are fighting from time to time, conflicts erupt.

But on the whole, they are still relatively harmonious, each occupying an area.

After all, up to now, no one has the strength to completely occupy the entire fairy pit.

At this moment, a ray of sword light swept from the sky.

A figure in black came across the sky.

It is Ye Guchen!

"It's the descendant of Sword Tomb!"

Seeing Ye Guchen's arrival, the surrounding nine-day princes, There is a touch of vigilance in com's eyes.

Ye Guchen's strength had already been proven in the sea of reincarnation.

"Brother Jun hasn't come yet, in that case, you can't let others get the chance of this fairy pit first."

Ye Guchen's eyes flickered.

He knows that Jun Xiaoyao is in charge of a huge Emperor's Court, and he needs immortal Dao material very much.

The first thing Ye Guchen thought of was not himself, but Jun Xiaoyao.

If you are a confidant, you must consider the other party.

Jun Xiaoyao is willing to accompany him to face the sea of reincarnation.

He is also willing to help Jun Xiaoyao get a chance.

At this moment, a young man with black eyes and black hair stepped into the air, and everything seemed to be swallowed up wherever he went.

Surprisingly the king of glutton!

[Chapter 1468: The emperor Changsheng appears, Jun Xiaoyao arrives, strong touch...](#)

As soon as the king of gluttons appeared, he focused on Ye Guchen.

When Jun Xiaoyao is not there, the people around Jun Xiaoyao are naturally the primary target.

As for Kun Xuzi, his threat was not as great as Ye Guchen, so he had to rank behind.

"It's a bit troublesome now." Kun Xuzi's face was a bit solemn.

"You all get out, here, I want it."

The king of gluttony, judging from his appearance, was a young man with a pair of pupils without white eyes, as black as ink, like two black holes.

His tone is also very domineering, directly letting everyone go.

After all, it is the second place on the Nine Heavens Dragon and Phoenix Rankings, and the top of the four little kings in the Beast Cave. It is also normal to have this domineering personality.

There are some nine-day princes present, although there is anger in their hearts.

But he also dared not speak.

The gluttonous king is too powerful.

He himself seemed to be a dark star field, devouring all the existence of resistance.

But Ye Guchen had no fear in his eyes.

"dream."

The simple two words showed Ye Guchen's tough attitude.

"Oh?"

Wang Yu stared at Ye Guchen coldly.

"It seems that after being with Jun Xiaoyao for a long time, your confidence has swelled."

"You Sword Tomb, there was a rebellious person before, now are you going to follow in his footsteps?"

Regarding Jian Tomb, the king of gluttons has no good feelings.

The Dugu Sword God in the Sword Tomb had also hurt the supreme taboo of their beast cave.

"Stop talking nonsense, everything will be clear."

Ye Guchen is not the kind of person who talks a lot, holding a sword for defeat, black hair flying, and sword aura.

"Good fellow, dare to directly challenge the No. 2 gluttonous king..."

Seeing the two needles facing Maimang, the surrounding nine-day princes all took a deep breath.

The gluttonous king's strength is second only to the emperor of longevity.

Although Ye Guchen had shown his strength in the Sea of Reincarnation before.

But at most it can only squeeze into the top five of the dragon and phoenix list.

Of course, outsiders don't know how fast Ye Guchen's cultivation speed is.

Especially after discovering the power of Dugu Sword God.

Just when the atmosphere is at a tense.

A chuckle suddenly sounded.

"It's really lively here."

The voice was calm and gentle, which made people feel like a spring breeze.

But hearing this voice, everyone's eyes suddenly converged.

"That one is coming!"

Far in the sky, thousands of runes, thousands of Rui Cai.

A slender figure, golden palms, like a figure like a god, walked leisurely.

Isn't the emperor of longevity, or who?

"The Emperor Changsheng is here!"

Tianjiao couldn't help being present, looking up at that figure.

It is different from the king of glutton.

What the king of gluttons brings to people is a kind of fierce and fearful might, and everyone is afraid of it.

But the emperor of the longevity, like the longevity goddess, usually has a calm temperament, calmness, and a leader-like atmosphere.

Coupled with the strength that firmly occupies the top of the nine-day dragon and phoenix list.

Therefore, the prestige of Emperor Changsheng in Nine Heavens is still great.

It is also admired by many people.

It's a bit similar to Di Haotian before he fell off the altar.

But it was different from Di Haotian who had fallen off the altar.

The emperor Changsheng is still in the midst of the sky, maintaining a transcendent status.

Many Jiu Tian Jiao Zi even thinks.

Emperor Changsheng is the only one who can contain the power of Jun Xiaoyao.

If the emperor Changsheng couldn't keep the dignity of nine days.

The entire nine-day young generation is really going to be swept away by Jun Xiaoyao alone.

This is a situation that Jiu Tian Jiao Zi does not want to see.

"Emperor Changsheng..."

Seeing the emperor Changsheng coming, Wang Wang's eyes were also solemn.

Although he is domineering.

But facing the emperor Changsheng, he still knew how to measure.

In addition, Changsheng Island and the animal cave are all forbidden areas for the Purgatory School.

Therefore, there is no contradiction between the king of glutton and the emperor of Changsheng, apart from competing for the top ranking.

Although Wang Wang was domineering, it was obviously impossible to drive away the Emperor Changsheng.

Emperor Changsheng also looked at Ye Guchen.

"Sword Tomb, it's an interesting character."

Although he has a kind of high-level calmness.

But Ye Guchen could also bring him a slight sense of danger.

Although there was only a trace, it also surprised the Emperor Changsheng.

After all, Ye Guchen, like Jun Xiaoyao, were both arrogant talents from the fairyland.

Under different circumstances, it stands to reason that Xianyu Tianjiao should be weaker than Jiutianjiao.

Ye Guchen was able to catch up in such a short period of time, and even dared to face tit-for-tat against Wang Wang.

This is indeed a hidden danger.

"Why, do you want to make a move too? Yemou doesn't mind. One is against two."

Ye Guchen's begging sword shocked.

Even in the face of Emperor Changsheng and Wang Wang, he still didn't back down.

"I'm going, it's really red near Zhu, black near Mo, I've been around Jun Xiaoyao for a long time, are all of them as crazy as him?"

Seeing Ye Guchen's attitude, the crowd of Nine Heaven's Prouds around them were all embarrassed.

This is the first and second existence on the Nine Heavens Dragon and Phoenix Rankings.

Hearing Ye Guchen's words, the emperor Changsheng just smiled.

"Oh, sure enough, you Sword Tomb, do your best to show off some brain-born people."

"The Dugu Sword God back then was like this, and so is you now."

"However, as strong as the Dugu Sword God, in the end, it can only end sadly, let alone you?"

"Destiny is not in your sword tomb, but in my Changsheng Island!"

The emperor Changsheng spoke mighty.

The one on their Changsheng Island is the head of the priests, the first priest!

It is precisely because of the existence of that person that their Changshengdao can always be ranked first in the top ten forbidden areas.

As a rebel, the Dugu Sword God was naturally not seen by them.

Therefore, the emperor Changsheng did not have a good impression of Jianzhong and Ye Guchen.

And Ye Guchen is the same.

"The tallest must fall, and when you fall, you will be even more miserable!"

In Ye Guchen's eyes, a sharp edge surged.

Even with one enemy and two, he would not allow it, the Emperor Changsheng so contemptuously despise the sword \*\*\*\* Dugu!

That's a hero who has tens of millions of people!

The atmosphere at the scene is like gunpowder, as long as a spark can be burned!

"Hey, how should this be good."

Seeing this situation, Kun Xuze was also helpless.

He naturally knew that Ye Guchen was a member of Jun Xiaoyao's camp.

It's just that he himself, and only ranked sixth in the Dragon and Phoenix rankings, can't get involved in this level of battle at all.

There is no intention but powerless.

And at this moment.

In the distance, a figure appeared again.

"The existence of the first and second place in the dignified nine-day dragon and phoenix list, does it mean to bully the less by more?"

Hear this voice.

The emperor Changsheng and the gluttonous king turned their gazes at the same time.

However, at this look, the face of Emperor Changsheng suddenly froze!

The vocalist is naturally Jun Xiaoyao who rushed here.

But it was not Jun Xiaoyao that made the Emperor Changsheng's face freeze.

It was him, the figure led by the chain of laws and gods.

His white skirt was covered with dirt.

Unkempt, bloodstained, like a mad woman in a garbage dump.

"Hey, is Jun Xiaoyao!"

"The three people behind him turned out to be the three young masters of the Sea of Reincarnation. Could it be that they were suppressed and tamed like the Three Little Kings of the Beast Cave?"

"Look, how does the woman who is \*\*\*\* by the chain feel so a little bit like the eternal goddess?"

"No, it's a bit like what it means, it's just a good lady!"

The arrival of Jun Xiaoyao caused an uproar of shock.

They were shocked, not Jun Xiaoyao himself.

It was the woman who was \*\*\*\* by the \*\*\*\* chain of his law.

A generation of goddess, the first beauty in the nine days, is actually embarrassed to this point.

And more importantly, she is regarded as the emperor of longevity.

This is tantamount to a loud slap in the face of Emperor Changsheng!

[Chapter 1469: Emperor Zhan Changsheng, the duel field of the four great arrogances](#)

It is unimaginable that this scene before him shocked Jiu Tian Jiao Zi's heart.

The eternal goddess, but the goddess in many people's minds.

Pure, unsullied, and approachable, without the shelf of an iceberg beauty.

But now?

His face was bloodstained and unkempt.

The most important thing is that he was chained to his neck, embarrassed like a dog.

Is this still the goddess of their dreams?

This feeling is as if the beauty filter is broken, revealing an ugly reality.

At this moment, the longevity goddess is almost numb.

He simply ignored the many gazes around him.

At this moment, there is only one person in her eyes.

That is her only hope!

"My Lord Emperor!"

The longevity goddess let out a cry of mourning.

"Jun Xiaoyao, you..."

The emperor Changsheng, who has always been indifferent, is full of anger at this moment.

The longevity goddess, no matter how to say, is also the goddess of Changshengdao.

In the future, she is also destined to be his woman.

As a result, now, it is so miserable and embarrassed.

What made the emperor of longevity even more angry was that he was afraid that the emperor of longevity had already been taken a blood.

It's not how much he likes longevity goddess.

But the eternal goddess, destined to be one of his women.

This feeling is like the most plump and juicy peach on my plate.

The result was the first bite by someone else.

"Emperor Changsheng, I know what you are thinking, don't worry, Jun's vision is not so low."

"I can't speak at all."

Jun Xiaoyao shook his head slightly.

The longevity goddess is a green tea bitch, a low-quality human female, and he really doesn't even have the interest to take another look.

"you..."

Hearing this, the Emperor Changsheng not only didn't calm down his anger, but his face became even colder.

To belittle his woman is to belittle him.

"My lord, you must kill him!" The longevity goddess sobbed and yelled.

A blood-stained and dirty cheek was distorted because of the thick humiliation and hatred, and it looked nauseous.

"I'm going, my dream is broken..."

The jiutian princes around, seeing this scene, have a feeling of broken dreams.

Is this the true face of Nine Heavens No. 1 Beauty?

"Enough, shameful!"

The corners of Emperor Changsheng's eyes twitched slightly.

The eternal goddess simply lost his face and Changshengdao.

"The Emperor...?"

The longevity goddess was stunned.

At this moment, she felt that Emperor Changsheng was so strange.

"Jun Xiaoyao, even if you rely on the Jun family, you can't bear the anger of my Changshengdao!"

The golden lamp in the hands of the emperor Changsheng, the flame of the lamp beating, like its owner, his heart is not calm.

"Stop talking nonsense, just let this young man see, you are the number one person in nine days, how capable you are!"

Jun Xiaoyao didn't bother to say any more nonsense.

He came for nine days this time to sweep everything and suppress all dissatisfaction.

Defeating the Emperor Changsheng basically swept the entire nine-day young generation.

boom!

No more words.

Emperor Changsheng took the initiative.

If the longevity goddess is not saved, his face will be ashamed.

The emperor of longevity has aloof temperament.

As the first person in the young generation of nine days.

If he was in the fairyland, he would be a top figure like Di Haotian.

They are all absolute people.

If one person emerges from an era, he can dominate the ups and downs, and become a waver of the great world.

Unfortunately, this golden world.

Jun Xiaoyao, an alien, appeared.

All the brilliance that originally belonged to the top enchanting evildoers such as Emperor Haotian and Emperor Changsheng was taken away.

But now, the emperor Changsheng made a move, and it was not unreasonable that he wanted to seize the luck of Jun Xiaoyao.

What is luck?

It is invisible, but it can affect a person's future trend.

For example, the emperor Changsheng, who is now the first person in the young generation of nine days, has the luck of the first person.

Regardless of cultivation, or getting treasures, it's all going smoothly.

If he could defeat Jun Xiaoyao here, he would be able to take away Jun Xiaoyao's share of luck.

For him, that is undoubtedly a great advantage.

So, no matter what the purpose is.

The only thought of Emperor Changsheng now is to completely suppress Jun Xiaoyao.

Of course, it would be even better if it could be killed.

Although it will offend Jun's family.

But he believed that the first chief priest of their Changsheng Island, the one whose real name should not be mentioned, would block all wind and rain.

Emperor Changsheng held the golden lantern in one hand, and the other hand, raised his palm to suppress Jun Xiaoyao.

Five kinds of brilliance flashed on the five fingers.

The power of the five elements flowed between his fingers.

Feel free to grasp the five elements, upside down the good fortune.

From this hand, it can be seen that the cultivation base of the Emperor Changsheng has indeed reached the realm, reaching a realm that is difficult for ordinary Tianjiao to reach.

This is not a simple cultivation power, but an understanding of Tao.

It can be said that using the emperor's ability to prove Dao to become an emperor is indeed not a particularly difficult task.

When Jun Xiaoyao saw this, it was also simple and referred to as a sword.

The bright sword light instantly tore the power of the five elements.

The emperor Changsheng urged his cultivation base, and his five fingers pressed down like a pillar of heaven.

At the same time, the energy of the five elements is surging, and the robbery is everywhere.

Five Elements Heaven Punishment Technique!

It can be said that this move is enough to severely damage all the arrogances below the top five of the Nine Dragons and Phoenix Rankings!

"Is this the strength of the first person in the nine days?"

What Kun Xuze looked at was slightly shocked.

He is the young arrogant of the Kunlun survivors, sixth on the Dragon and Phoenix Rankings.

But if it was him, he would have to suffer if he took this trick.

"This kind of temptation is unnecessary."

For other Tianjiao, it is a move that can cause severe damage.

But Jun Xiaoyao showed a kind of laziness and calmness.

The Emperor Changsheng was obviously testing his details and wanted to know how strong his true strength was.

But a pity.

Even Jun Xiaoyao himself didn't know where his limits were.

If he gets serious, he is afraid of himself.

Jun Xiaoyao, unremarkable, blasted out with a punch, with enough power to open the sky!

This is the magical powers of the gods and demons of the ant clan, one punch opens the sky, making the void tremble like paper.

Fortunately, this place is home to the ruins, with special rules, otherwise Jun Xiaoyao might really punch out a big hole.

The Five Elements Heaven Punishment Technique was directly broken by a punch.

The Emperor Changsheng was not surprised, this was all in his expectation.

If Jun Xiaoyao really had a false name, it would not be possible to go to the present.

The emperor Changsheng got serious and began to use strong moves.

He probed his hands again, and in the void, there was the sound of dragon chants.

A golden and shining dragon's claw, as if it were a substance, appeared along with his palm, grabbing Xiangjun Xiaoyao.

The dragon claw grabs!

"Oh, true dragon supernatural power?"

Jun Xiaoyao finally raised a little spirit.

The real dragon's supernatural powers are the same as the Divine Phoenix's supernatural powers, Kunpeng's supernatural powers, the Thunder Emperor's supernatural powers, and the divine demon Hercules supernatural powers.

They are all the top sacred beasts in this world, and they are infinitely powerful.

The True Dragon Technique is also rare, but he didn't expect that the Emperor Changsheng could master it and cultivated thoroughly.

Jun Xiaoyao also took a little seriousness, and Kun Peng quickly displayed his steps.

If he is a scorpionfish, it breaks open the sea, spreads its wings into a peng, and crushes it to the emperor of longevity.

The emperor Changsheng urges the true dragon technique, and the whole body is surrounded by a five-claw golden dragon phantom, setting off like the emperor of the universe.

Emperor Changsheng collided with Jun Xiaoyao.

Ruo Kunpeng is fighting with the real dragon.

At the same time, the gluttonous king also moved.

Although he also wanted to shoot Jun Xiaoyao very much.

But someone won't let him so much.

A gleam of sword light blocked him.

"Since you want to die, the king will fulfill you!"

The gluttonous king also released a monstrous evil spirit, if the ancient ferocious beast gluttonous, reappearing the world, devouring the world!

"A beast, I'm afraid you won't succeed!"

Ye Guchen was holding a three-foot wooden sword with a bitter sword spirit, as if the sword \*\*\*\* reappeared in the world.

Jun Xiaoyao vs. Emperor Changsheng!

The King of Gourmet vs. Ye Guchen!

The entire super fairy pit with a radius of hundreds of thousands of miles has suddenly become a duel field for the four great arrogances!

[Chapter 1470: The battle between the first person in the 2nd world, the longevity celestial scripture, day...](#)

It can be said that this is definitely a rare battle.

One is the first person in the younger generation of Nine Days.

One is the first person in Xianyu's younger generation.

This is the battle between the first people in the two worlds, which is rare in the world.

Putting it in the outside world is enough to start a huge wave, and it will cause many forces to watch the battle.

But now, only Tianjiao around Super Xiankeng was lucky enough to see this battle.

In addition, there are Wang Wang and Ye Guchen.

It is needless to say that the king of gluttons is powerful, as the second in the nine-day dragon and phoenix list.

He is also one of the few people who is qualified to challenge the status of Emperor Changsheng.

And Ye Guchen, as the descendant of Jian Tomb.

The outside world has also begun to circulate, he may have something to do with the buried Sword God Dugu.

It can be said that the battle among the four basically represents the peak battle of the younger generation.

"No, the emperor will definitely kill you..."

The long-lived goddess, at this moment like a mad woman, is muttering.

Her only hope is right in front of her.

Rumble!

In the void, Kunpeng broke through the sea, flapping his wings and striking the sky.

There is also the long roar of the dragon, the world of Weihe.

In the eyes of everyone, it seemed that Taigu Kunpeng was fighting the Taigu true dragon.

That fluctuation is terrifying.

The power of the law is as vast as the ocean.

It is hard to imagine that these are two younger generations fighting.

Just the aftermath, if you get too close, you will be injured.

The emperor Changsheng had indeed cultivated the real dragon's supernatural powers to the realm of transformation.

Between the gestures, it seemed that it really turned into the ancient dragon clan.

The dragon claw grabs, the dragon chants broken the world, the dragon wobbles its tail, the dragon  
\*\*\*\* Bo Ruo Jin...

In the real dragon's supernatural powers, various powerful derivative martial arts were used by the emperor of longevity.

Of course, Jun Xiaoyao can't show weakness either.

He is not only in control of Kunpeng's supernatural powers.

There are also the great supernatural powers of the Thunder Emperor, and the supernatural powers of the gods and demons.

When Jun Xiaoyao raised his hands, he was accompanied by Kunpeng and evolved Yin and Yang.

Thousands of thunderstorms also appeared, turning the surrounding void into a boiling sea of thunder.

Thunder stars condensed out, confining the world into a terrifying field of thunder.

In addition, there are magical powers of the gods and demons, which are the manifestation of pure power.

It seemed as if a purple-gold ant emerged, smashing the sky with one punch.

The real dragon's supernatural powers are indeed very strong and good.

But Jun Xiaoyao immediately used three methods of the same level, and all of them had reached the realm of transformation, and they had cultivated to the extreme.

boom! boom! boom!

But just a few breaths, the two collided hundreds of times.

Finally, the emperor Changsheng stepped back a few steps, and a solemn color appeared in his eyes.

"What, the emperor Changsheng is a little weaker?"

See this scene.

The Jiutian Jiaozi around Super Xiankeng was a little surprised and couldn't believe it.

The emperor Changsheng has made very few shots in the past.

Because basically few people dare to challenge him.

Occasionally, a few dark horses appeared, wanting to challenge the emperor Changsheng, and become famous in one fell swoop.

The final result was nothing more than being suppressed by Emperor Changsheng.

Therefore, in the eyes of Jiu Tian Jiao Zi, the emperor of the longevity confronts others, basically one move and one move is enough.

It is impossible to be like this, after hundreds of tricks, or even a slight disadvantage.

"Jun Xiaoyao, you should have learned so many laws, you deserve to be an abnormal level of aptitude."

Emperor Changsheng is really serious.

At the beginning, he still had an inertial sense of superiority as a nine-day creature.

And now, he really regarded Jun Xiaoyao as a strong opponent.

"This is just a warm-up." Jun Xiaoyao said lightly.

He didn't explain, his current talent is already the king of odd numbers.

This is a bit too high-profile to say it, and the abnormal aptitude is amazing enough.

And Jun Xiaoyao did not have two or two tricks to suppress the Emperor Changsheng.

Because it was hard to run into someone who could play two tricks with him, Jun Xiaoyao also wanted to use this to polish himself.

It was just like fighting against Di Haotian before.

Emperor Changsheng and Emperor Haotian are both top evildoers of the same level.

"The emperor is just warming up." The emperor Changsheng said coldly.

Their unique magical powers on Changsheng Island are not true dragon magical powers.

It's the longevity celestial scripture!

This is one of the top rare fairy sutras, claiming to be able to live forever in the world after thorough comprehension.

Even the entire Changsheng Island is named after this.

It is precisely because of the existence of the longevity celestial scripture.

Changsheng Island can become one of the oldest life restricted areas in nine days.

It is rumored that the Changsheng Island person, without mentioning the existence of his real name, has cultivated the Longevity Immortal Sutra to a near-perfect state.

"If that's the case, let you see the true knack of my Nine Heavens Longevity Island!"

The emperor Changsheng had a mighty breath, and his body was branded with ten thousand runes.

He didn't allow it, and he fell into a disadvantage.

On the emperor Changsheng, an aura of transcendence emerged, and Dao patterns were intertwined.

Before Jun Xiaoyao, I had also experienced it in the longevity goddess.

This is the law of the Immortal Sutra of Longevity.

It's just that the longevity goddess' understanding of the longevity immortal sutra, and the current emperor of longevity, are not at the same level.

In the hands of Emperor Changsheng, the golden lantern floated up.

He squeezed a seal with one hand.

It seemed that the sun and the moon were held in his hands.

At this moment, the emperor of longevity is like a king of sun and moon, controlling yin and yang and revolving the universe.

"The sun and the moon are immortal!"

This is the top method in the Immortal Sutra of Longevity, which is to control the yin and yang, control the sun and the moon, change the universe, and move the world!

As soon as this move was released, the entire super fairy pit was shaking.

If it weren't for the special rules of heaven and earth here, it would really be a landslide.

"It's terrifying, is this the real strength of Emperor Changsheng? How many people can take this trick in Jiutian?"

The Sifang Tianjiao retreated quickly for fear of being affected.

"The Emperor is indeed invincible!"

Seeing the grace of Emperor Changsheng, the goddess of Changsheng once again raised hope.

"Longevity Celestial Sutra, something."

Jun Xiaoyao nodded secretly.

Although his vision is extremely high, he is not an arrogant person either.

The longevity celestial scripture of Changsheng Island is indeed a rare inheritance in the world.

If you can get it, and use this to confirm your own Fa, that Dao is also a good opportunity.

The most important thing is that this Immortal Sutra of Longevity is also the method practiced by the mysterious first priest of Changsheng Island.

If you get the Immortal Sutra of Longevity, maybe you can also study the targeted method.

Jun Xiaoyao's mind turned, and he focused his attention on the Longevity Fairy Sutra.

But at the same time, he also started.

Controlling life and death with two hands, runs the heavens.

Life and death are between one hand!

Surprisingly, it is the wheel of life and death of the heavens!

This move is also extremely overbearing, controlling the life and death of all spirits for the gods.

The emperor of longevity, if the sun and moon \*\*\*\* king, stepped out, the sun and the moon rotated and bombarded out.

Jun Xiaoyao, like the lord of the gods, controls the life and death of all spirits.

The sun and the moon imprint on the wheels of life and death against the heavens!

The two of them violently collided like two ancient emperors.

The vast waves that set off exploded like a nuclear bomb, and everyone was full of brilliant light of law.

However, the nine-day prince present still tried his best to open his eyes.

Even if tears are coming out of their eyes, they want to see for the first time how the battle is going.
