

SCORING THE SACRED BODY OF THE ANCIENTS FROM THE GET-GO

Chapter 17: After all, I am not a devil, Xiao Chen came to provoke me

At the entrance of Tiandi Palace.

Bai Yuer still knelt on the ground, and did not get up for a whole year.

The red feather coat on her body was covered with dust.

The cheeks that were originally snow-white and pretty, but also lost their blood, they looked very pale and weak.

Bai Yuer Even though she is the proud girl of heaven and possesses the Suzaku divine fire body, but she has been kneeling for a year, and she has not yet entered the rice, which still makes her very weak.

Over the past year, Jun Xiaoyao has been in and out of the Heavenly Emperor Palace many times, but he never looked at her directly once.

The heart of worshipping Yuer also sinks into the bottom with the passage of time.

She felt that Jun Xiaoyao might not forgive her anymore.

This shows that she will never get the elixir from Jun Xiaoyao, let alone treat her own father.

In the ancient country of Suzaku, because of Jun Linglong's orders, the news that the lord of Suzaku got the immortal medicine was not passed on to Bai Yuer.

Bai Yuer still feels stupidly that he has no hope.

She seems to have sunk into the bottomless deep sea, her whole person is about to suffocate, and despair appears in her beautiful crimson eyes.

At this moment, a faint footstep sounded.

Bai Yuer subconsciously raised her beautiful eyes and looked at her, her breathing almost stagnated.

The figure that made her miss her day and night, actually came to her.

Jun Xiaoyao wore white clothes to win the snow, snow-white without dirt, his skin was dizzy and glowing.

One year later, Jun Xiaoyao is nine years old, his body is more radiant and long, his facial features are as skillfully carved by the heavens, and he has begun to look amazing.

His expression was flat at the moment, and he walked to Bai Yuer.

Jun Linglong followed behind him.

"I have seen Lord Godko!"

Bai Yuer's expression is also surprised.

a whole year, she finally waited for this day.

Jun Xiaoyao looked at Bai Yu'er, she was a lot thinner, and she was indeed a sincerely regretful attitude.

But Jun Xiaoyao didn't say anything, but just looked at her lightly.

After seeing Yuer, he gritted his silver teeth slightly, and banged his head three times at Jun Xiaoyao: "My Lord God, Yuer knows something wrong, please forgive Yuer once."

Jun Xiaoyao said lightly: "Just know what's wrong, get up, after all, I am not a devil."

Jun Linglong heard this, a little bit slanderous.

Are you not the devil and let the family kneel there all year?

Even the elixir had been taken out, and Bai Yu'er was not told to keep her kneeling.

is really an old devil.

"Thank you, Lord Shenzi." Bai Yuer struggled to get up, his legs were paralyzed, and he was shaken for a while.

Jun Xiaoyao saw it, and with a flick of his finger, a top sacred pill fell into the hands of Bai Yuer.

Bai Yuer felt flattered even more.

The top sacred pill is enough to sell at a high price in the outside world, but Jun Xiaoyao gave it to her casually.

For a while, Bai Yuer did not complain to Jun Xiaoyao at all, but was grateful.

She took the Holy Pill and started to regain her strength.

Jun Xiaoyao's lips curled up with a slight sneer.

He can't play the trick of drawing a whip to give candy.

The efficacy of the Holy Pill was amazing, and Bai Yuer quickly swept away his weakness.

However, when I think of the severely ill Suzaku Kingdom Lord, Bai Yueryu clasped his hands tightly, and it was a little hard to speak.

It is an unexpected joy to be forgiven by Jun Xiaoyao.

How embarrassed she now, let Jun Xiaoyao take out the elixir.

Thinking of this, Bai Yuer took a deep breath and bowed to Jun Xiaoyao: "Thank you, Lord God, for forgiveness, Yuer retired."

Bai Yuer sighed deeply, but in the end she still failed to bring back the elixir.

At this time, Jun Linglong smiled softly: "Bai Yuer, don't you want elixir?"

Bai Yuer heard the words, and smiled bitterly: "It is fortunate to be forgiven by the Son of God, how can Yuer dare to ask for it?"

"Then why don't you contact Suzaku Ancient Country?" Jun Linglong's beautiful eyes turned brightly.

Bai Yuer was taken aback for a moment, and then took out Yujian to send a message.

There is also a message from the ancient country of Suzaku.

"The emperor's family sent me the elixir some time ago. This is all a gift from the Son of God."

"The Lord of the country has not only recovered from his injuries, but is now in retreat, attacking a higher level."

"Everything is the blessing of Lord God Son!"

All these news made Bai Yuer's mind blank for an instant.

Then his face was flushed with excitement, and he couldn't believe it.

"My son, it's you..."

Bai Yuer's eyes were hot and excited, looking at Jun Xiaoyao, his voice choked and choked.

"My son said, I am not a devil." Jun Xiaoyao smiled lightly.

At this moment, Jun Xiaoyao's figure is deeply carved into Bai Yuer's heart.

From the inside to the outside, she seems to have become the shape of Jun Xiaoyao.

Fang Fang's heart is deeply imprinted by Jun Xiaoyao, which is difficult to erase in a lifetime.

This feeling is like a person who has fallen into deep despair and suddenly realized all his hopes.

And these hopes were brought to her by Jun Xiaoyao.

"Yu'er is willing to serve the son of God for the rest of his life, as a slave and a maid, don't dare to fail, if he violates this oath, the sky will thunder!"

Bai Yuer knelt in front of Jun Xiaoyao, decisively cutting the railway.

If she was to beg for forgiveness before, now she is sincerely surrendering to Jun Xiaoyao.

And it happened that at this moment, a voice filled with anger sounded from outside the gate of Jun's Mountain.

"Where is the son of the king's family, what is the ability to insult a weak woman, there is a kind of fight with me!"

The sound was like thunder and thunder, shaking the world.

Many of your family members were shocked.

A guard of the Jun family walked to Jun Xiaoyao to report.

"Enlighten the son of God, there is a presumptuous young boy outside the door, he should be a person from the ancient kingdom of Qinglong."

"Heh... It seems that this fiance still doesn't know himself..." Jun Xiaoyao sneered secretly in his heart.

He said lightly: "Let him in, I will settle this matter."

"Yes." The guard retired.

Bai Yu'er, who was kneeling on the ground, turned pale.

Jun Xiaoyao just forgave her, and now his fiancée comes to provoke her.

Isn't this bad to her?

At this moment, Bai Yu'er actually had a little bit of complaint towards the fiancée Xiao Chen.

"My Lord God, I..." Bai Yuer was panicked and hurriedly wanted to speak out.

"It's okay." Jun Xiaoyao waved his hand.

In just a moment, a handsome and handsome young man in a green dragon robe came here.

When he saw Bai Yu'er kneeling in front of Jun Xiaoyao, his eyes immediately stood up, and an angry murderous aura spread out.

Changing to be any man, he couldn't accept his fiancée, kneeling under the other sex.

"Yu'er, get up quickly, this person dares to force you like this!" Xiao Chen shouted angrily.

"Xiao Chen, shut up, you dare to be disrespectful to Lord God Son!" Bai Yuer immediately scolded.

Xiao Chen was stunned, and looked at Bai Yu'er with disbelief.

"Yu'er, I'm here to save you, how can you speak for him?" Xiao Chen was puzzled.

"Enough, I kneel voluntarily, Lord God son is willing to forgive me, I am too happy to have time, what are you coming to join in the fun?" Bai Yuer said coldly.

Originally, she had a slight affection for Xiao Chen, a childhood sweetheart.

However, the ancient kingdom of Qinglong broke its promise and did not give the ancient kingdom of Suzaku the elixir.

She had also asked Xiao Chen before, Xiao Chen agreed, and as a result, she hasn't seen the shadow of the elixir.

If it hadn't been for Jun Xiaoyao to take out an undead medicine, now her father may be seriously ill.

I would like to ask Jun Xiaoyao and Xiao Chen, who on earth is grateful to Bai Yuer?

"Yu'er, why do you think this way? Could it be that he forced you into this way?"

Xiao Chen gritted his teeth, and his heart was even more angry.
