

Sacred Body 401

[Chapter 401: Princess Longji is trapped, and Jun Xiaoyao is behind the scenes?](#)

I have to say that Princess Longji is very courageous and has a queen-like character.

Even the Tianjiao of the Xiang race, she couldn't kill it.

Princess Longji stuck out her jade hand and transformed into an inverse dragon hand. The golden dragon claws grasped the Fengling Tianjiao, and the fluctuations were astonishing.

"True God Realm Little Perfection!"

The Fengling Clan Tianjiao was surprised and startled.

This Princess Longji is much stronger than the rest of the outside world arrogance, right? It's not of the same grade at all.

"It's no wonder that the noble lady of the Dragon Race said that she would be introduced into the killing formation to deal with it. Now it seems that it is so." Tianjiao of the Wind Spirit Race was shocked.

If it is not arranged in advance, it is estimated that even if they can kill Princess Longji, they will suffer heavy losses.

Fengling Clan Tianjiao is also displaying supernatural powers, wanting to resist a wave.

The cyan wind blade burst out, splitting the void.

However, all were pushed and annihilated by the golden dragon claws.

Puff!

Fengling Clan Tianjiao spit out a mouthful of blood, shook the blue wings, turned and ran.

The wind spirits are naturally compatible with the law of wind, so in terms of speed, they have a great advantage.

Seeing the Fengling Clan Tianjiao who turned into a cyan light and shadow, Princess Longji did not hesitate and chased directly.

This Wind Spirit Race Tianjiao offended her so much and took away her dragon snake fruit.

Not killing is not enough to calm the anger in Princess Longji's heart.

Of course, Princess Longji is not a fool, knowing that the Wind Spirit Race Tianjiao might have gone to find other companions.

But Princess Longji had great confidence in her own strength.

Even if there were a few more people, she had no fear at all.

"If you dare to provoke this palace, don't think of a way to survive!" Princess Longji's beautiful eyes shot coldly.

Next, it was a scene of chasing and fleeing.

Not long after, Fengling Clan Tianjiao was chased into a canyon.

Fengling Clan Tianjiao gritted his teeth and slid into the canyon.

Princess Longji frowned slightly, and took a long pause.

She swept away her spiritual consciousness, and a sneer appeared at the corner of her mouth.

Sure enough, in the canyon, she vaguely sensed a few breaths, and her cultivation was not weak.

"Thinking that if a few people ambush, my palace will be afraid?"

If the breath is not detected, Princess Longji may hesitate.

But since she was asked to detect her aura, Princess Longji would naturally not be afraid of anything.

She moved with a lot of steps, and walked directly into the canyon.

However, not long after entering the canyon, Princess Longji's face changed slightly.

In the void, a faint incomplete array pattern flashed.

Then, sword energy rushed out from the void.

"Killing formation?" Princess Longji reacted and fell into the trap.

The real killer move was not the aura hidden in the dark, but the incomplete ancient killing array.

"Hehe, I really fell into the trap."

Around the canyon, four young figures emerged.

In addition to the Fengling Clan Tianjiao at the beginning, there are also the Rock Demon Clan, Thunder Monkey Clan, and Diamond Clan Tianjiao.

The four of them are the strongest young talents among the four major races.

Among them, the weakest ones are in the late True God Realm.

The Tianjiao of the Thunder Monkey Clan has even reached the cultivation base of the True God Realm Small Perfection.

It can be said that with the strength of the four of them, together with this killing formation.

It is not impossible to kill Princess Longji.

Princess Longji also reacted immediately. While avoiding the sword aura in the killing formation, she said coldly: "You dare to calculate this palace, who is behind you?"

Princess Longji and these four major races have no grievances or hatreds, and no intersection.

The Tianjiao criminals of the four major races could not deliberately target her, but also deliberately lured her to come.

Obviously, someone behind it is instructing.

"Hehe, really smart, but unfortunately, we can't tell you." Lei Yuan Clan Tianjiao smiled.

Ao Luan had instructed them not to tell her out, they naturally wouldn't break their mouths.

Princess Longji's mind turned over and over, and she couldn't think of who it was.

Because under normal circumstances, no one dared to provoke her, let alone calculate.

If you insist...

"Could it be..." Princess Long Ji flashed a flash of light in her mind, and then gritted her teeth.

"Jun...Xiao...Yao!" Princess Longji's beautiful eyes shot into cold light.

Except for Jun Xiaoyao, who had fought against her, Princess Longji really couldn't think of anyone who would target her in this way.

Moreover, with Jun Xiaoyao's dark-bellied means and character, it is indeed possible that he is planning behind.

"Jun Xiaoyao, with your strength, you can fight against this palace dignifiedly, why use this kind of trick to act like a villain!" Princess Long Ji exclaimed.

However, the four major races Tianjiao glanced at each other, and their eyes were all suspicious.

Who is Jun Xiaoyao?

But they didn't think too much, and began to prepare for a siege.

Princess Longji didn't know that in the dark, the real master behind the scenes, Ao Luan, was observing in secret.

"Who is Jun Xiaoyao, but it doesn't matter, this is just right." Ao Luan was also surprised, she had never heard of Jun Xiaoyao's name.

But this is just right, and no one will doubt her Ao Luan's head.

On the other side, Bai Meier was also observing.

In the canyon, the war has broken out.

Princess Longji was trapped in the killing array, not only to resist the power of the killing array, but also to resist the attack of the four major races Tianjiao.

The four major races, Tianjiao, did not step into the killing formation, but attacked from the periphery, trying to kill Princess Longji.

The wings of the Fengling Clan Tianjiao shook, and countless blue wind blades whizzed away, sweeping the world.

The Diamond Clan Tianjiao blasted out with a punch, and many sharp diamonds burst out, enough to pierce a mountain into a hornet's nest.

The Rock Demon Clan Tianjiao raised his hands, the power of the earth surged, and a huge rock was thrown out, enough to crush everything.

Lei Yuan Clan Tianjiao raised his hand, thunder surging, turned into a thunder whip, stretched thousands of feet, and threw it at Princess Long Ji.

It can be said that the four major races Tianjiao joined forces to attack, and the fluctuations were extremely strong.

Looking at the Tianjiao who entered from the outside world, few people could resist it.

Upon seeing this, Princess Longji also felt a sense of danger.

Even though she is an ancient freak with a strong background, facing such an offensive, coupled with the intrusion of the killing array, it will be dangerous.

Princess Longji displayed the supernatural power of the real dragon, and the vigorous dragon aura boiled into the void.

She used an ancestral dragon to break Cangyu, and the terrifying phantom of the ancestor dragon emerged, filling the sky.

Ancestral Dragon stuck out a claw, as if it had cut off Tianyu, the powerful fluctuations caused the four major race Tianjiao's faces to change suddenly.

After refining a drop of the blood of the ancient blue dragon, Princess Longji displayed the supernatural power of the true dragon, which was obviously more powerful than that.

Rumble!

The place is boiling, and the entire canyon is roaring and shaking.

The terrifying mana ripples trembled everywhere.

The four major races, Tianjiao, retreated violently, all with a burst of energy and blood.

However, this kind of fluctuation seems to have even more affected the killing array.

The runes in the killing array flashed more intensely, thousands of terrifying sword qi emerged, and Qi Qi looted and killed Princess Longji.

"Damn it!"

Princess Longji has a gloomy face.

This killing formation is extremely powerful, and it is impossible for Princess Longji to break through in a short time.

Coupled with the harassment of the four major races Tianjiao~www.mtlnovel.com~ Princess Longji may really be trapped in it.

"Fortunately, I listened to the words of the noble lady of the Dragon Race, otherwise, we would be in danger." Lei Yuan Clan Tianjiao sighed.

Without this killing formation, even if they could kill Princess Longji, it is estimated that they would die two or three here.

Puff!

A thick and unparalleled sword energy slashed across the air, even if Princess Longji used her body protection, the jade arm was wiped, and blood sputtered out.

"Damn it, Jun Xiaoyao, don't let this palace see you, or you will have to be broken into pieces!" Princess Longji hated her.

In her opinion, Jun Xiaoyao's hand was too dark, and he dared to calculate her like this.

However, what everyone does not know is.

Hundreds of miles away in this place, a hidden void.

Jun Xiaoyao stood with his hands indifferently, with a smile at the corner of his mouth, as if watching a play, watching Princess Longji struggling in the killing formation with interest.

[Chapter 402: Jun Xiaoyao appeared and shot, Princess Longji misunderstood, all of them...](#)

"What an interesting sight."

Jun Xiaoyao murmured with a smile.

Ancient freaks like Princess Longji do not have many times of embarrassment.

Apart from being crushed by Jun Xiaoyao last time, this should be the second time Princess Longji has been so embarrassed.

Lei Mingyuan on the side saw this scene and swallowed secretly.

Jun Xiaoyao didn't move a finger, and only relied on some small means to make an ancient freak so embarrassed.

Thinking about it, I feel scary.

"Obviously, it can be crushed by force, but it happens to be teasing the opponent, playing the opponent in the palm of his fingers." Lei Mingyuan sighed in his heart.

People in the same camp as Jun Xiaoyao feel very safe.

But if it were his enemy, it would be miserable.

"My Lord God son is a good method. Princess Longji will be trapped and killed without a **** sword." Lei Mingyuan flattered and flattered.

"Do you think my purpose is to kill Princess Longji? That would be too simple." Jun Xiaoyao shook his head slightly and smiled.

"What, is this not the purpose?" Lei Mingyuan was stunned.

He thought Jun Xiaoyao was on the fifth floor.

As a result, Jun Xiaoyao was afraid that he was on the tenth floor.

This kind of thought is too deep and creepy.

"Let's continue watching the show, now Princess Longji is not miserable enough." Jun Xiaoyao said.

On the side of the canyon, Princess Longji could not give up naturally, and she was still resisting.

After refining the blood of the Canglong Ancient Emperor, Princess Longji's strength in all aspects soared, and it was not so easy to kill her.

The four major races, Tianjiao, feel extremely strenuous.

Of course, Princess Longji could not leave the killing array.

All in all, as long as the delay continues, it will be absolutely detrimental to Princess Longji.

As time goes by, the power of the killing array seems to be getting stronger and stronger.

Even Princess Longji started to suffer injuries, with a stream of blood flowing down her mouth.

She does have a lot of supernatural protection.

However, because of the special rules of the ancient world, some protective objects with power exceeding the upper limit cannot be used.

Therefore, Princess Longji can only rely on her own strength to get out of trouble.

But she just couldn't get out.

As time passed, Princess Longji became more embarrassed and miserable, coughing up blood from the corner of her mouth.

There were also many sword wounds on the snow white jade body, and the blood set off the white jade skin, which was extremely dazzling.

"Hateful!"

Princess Longji danced wildly, her face was cold.

Except for the previous time when Jun Xiaoyao was severely abused, Princess Longji had never been so embarrassed.

At this moment, within the killing formation, the formation pattern flashed.

Many sword auras gathered and turned into a thousand-zhang sword light, slashing down at Princess Longji.

Princess Longji urges the Supreme Law of the Dragon Emperor, the defensive magic in the Dragon Emperor Code, and the Golden Dragon Immortal Shield.

The golden dragon rose into the sky, coiled around the knot, and turned into a golden dragon shield.

The sword light slashed on the dragon shield and broke it open in just a moment.

Puff!

Princess Longji was violently retreated, vomiting blood in her mouth, and was immediately seriously injured.

The power of this killing formation exceeded the upper limit of the general true gods, even Princess Longji couldn't bear it, and her body was severely injured.

"good chance!"

When the four major races Tianjiao saw this, their eyes burst.

Naturally, they cannot miss this opportunity.

The four major races, Tianjiao, Qi Qi burst out of his strongest supernatural powers, and the horrible fluctuations swept out, turned into a tide of destruction, and blasted away against Princess Longji in the formation.

Feeling the fluctuation, Princess Longji finally revealed a faint despair in her eyes.

"Is this palace going to die here today?" Princess Longji gritted her silver teeth.

As the earliest freak born in ancient times, she could have taken the lead, rise strongly, and become the most dazzling existence.

But meeting Jun Xiaoyao seemed to consume all her luck.

It was a bit bumpy along the way.

Now it is facing a near-death crisis.

"Heh, I'm finally dying!" In the dark, Ao Luan's beautiful eyes also showed a touch of pleasure.

However, just as Princess Longji was desperate.

A touch of sword light came across the air!

That is not the sword light in the killing array, but the sword light of the Slaughter Immortal Sword Art!

With a bang, the mana torrent of the four major races was directly cut off by this sword light.

Then, a gentle male voice sounded with a little smile: "Princess Longji, you are a little embarrassed now."

In the void, a long, faintly celestial figure appeared.

It is Jun Xiaoyao!

With his hands behind him, his handsome and innocent face, with a hint of interest, looked at the extremely embarrassed Princess Longji in the killing array.

"Jun... Xiao... Yao!"

Princess Longji's beautiful eyes stared at Jun Xiaoyao, her silver teeth were about to be crushed like she wanted to breathe fire.

At this last moment, Jun Xiaoyao really showed up and mocked her.

This is enough to prove that the black hand behind the scenes is indeed Jun Xiaoyao.

However, as unexpected as Princess Longji, there are four major races, Tianjiao.

"Who is he?"

The Tianjiao of the four major races are all dumbfounded, and they don't know how sacred Jun Xiaoyao is and how he suddenly appeared.

At the rear, Lei Mingyuan watched this scene with great surprise.

He didn't expect that Jun Xiaoyao would shoot at the last minute.

Princess Longji, isn't it his enemy?

It stands to reason that Jun Xiaoyao should be happy to see Princess Longji die.

Lei Mingyuan is a little confused now.

Jun Xiaoyao doesn't play cards according to the routine.

Here, Princess Longji was so angry that she was about to blow her hair.

Even if Jun Xiaoyao pitted her, in the end she even appeared to ridicule, it was a murder and condemnation.

But the next moment, Princess Longji was stunned.

Because Tianjiao of the four major races spoke up.

"Who are you and what are you going to do?" Feng Ling Clan's Tianjiao asked.

There is a solemn color in their eyes.

Jun Xiaoyao's breath is almost like an abyss, making them unpredictable.

"Noisy."

Jun Xiaoyao's eyes were faint, and he pointed out.

The top attacking method in Lei Di's supernatural powers, Lei Di pointed out.

A powerful and powerful thunder finger condensed out, crushing to the Fengling Clan Tianjiao with lightning speed.

The Fengling Clan Tianjiao didn't even react, and he didn't even have a chance to escape. He was directly killed by a finger and burst into death!

The whole world is dead silent.

The other three races, Tianjiao, were buzzing in their brains, and they were dumbfounded.

The Fengling Clan Tianjiao, whose cultivation base was in the late stage of the True God Realm, was killed by the sudden appearance of the young son.

This is incredible to my eyes!

"Shoot together!"

Lei Yuan Clan Tianjiao shouted loudly~www.mtlnovel.com~ Rock Demon Clan Tianjiao and King Kong Clan Tianjiao also shot at the same time.

The three major races, Tianjiao, all kill Xiangjun Xiaoyao.

Princess Longji who watched this scene was also dumbfounded.

"How is this going?"

Princess Longji puzzled.

Isn't the black hand behind the scenes Jun Xiaoyao, why does he want to make a move?

In the dark, Ao Luan's heart trembled fiercely, and he took a breath.

This young man who appeared suddenly was too terrifying in strength, and killed the Fengling Race Tianjiao with a single finger.

"He is Jun Xiaoyao, how can there be such a powerful Tianjiao in the outside world?" Ao Luan couldn't believe it.

And Bai Mei'er, although she controlled her expression, her eyes were full of fanatical love and admiration.

Everything is in Jun Xiaoyao's plan!

[Chapter 403: Princess Longji's plight, call the master to listen](#)

Looking at the three major race Tianjiao who had been killed, Jun Xiaoyao's expression was light.

Bai Meier, Ao Luan and others are tool people.

These arrogances are even more tool people in the hands of tool people.

The only value is to be used and then die.

Jun Xiaoyao raised his hand, and a note of Ren Wang Yin blasted out.

With a bang, the Rock Demon Clan Tianjiao's body was torn apart, and the whole person was about to burst.

"Presumptuous, how can the outside Tianjiao be fierce in front of my Immortal Ancient Race!" The Diamond Clan Tianjiao shot, wanting to fight with Jun Xiaoyao in close hands.

The body of the Diamond Clan is very hard, unparalleled in its class, and it is difficult for anyone to match it.

However, Jun Xiaoyao was simple and blasted out with one punch, colliding with the punch of the Diamond Clan Tianjiao.

The face of King Kong Clan Tianjiao's face changed drastically. The arm where he punched was shattered every inch, and then his entire body was shattered.

The Tianjiao of the Diamond Clan, known for his physical body, was shattered by Jun Xiaoyao!

What Princess Longji saw was also shocked in her heart. Although she refined the blood of the ancient Canglong Emperor, her body had greatly improved.

But it is impossible to knock out the Tianjiao of the Diamond Clan.

"This monarch Xiaoyao, to what extent has the physical body been abnormal?" Princess Long Ji was shocked while resisting the killing sword aura.

The rest of the Thunder Monkey Clan Tianjiao was shocked.

However, he also has the cultivation base of True God Realm Small Perfection, which is stronger than the other three.

He is also using a powerful thunder system magical power, wanting to compete with Jun Xiaoyao.

But what is the magical power of the Thunder system that is comparable to the magical power of the Thunder Emperor?

"Ban Men Fuck!"

Jun Xiaoyao raised his hand and grabbed it, and the thunder was very powerful, converging into a dazzling thunder.

It is the method of Lei Di's supernatural power, Nine Tribulations Slaying Demon Thunder!

This thunder light was thrown out like a spear, directly piercing through the abdomen of Thunder Ape Clan Tianjiao, blasting a big hole, and his whole person was also planted down and suffered heavy damage.

Lei Mingyuan hurried forward to check and balance the Lei Yuan Clan Tianjiao.

As for the remaining two Tianjiao, Jun Xiaoyao waved his hand, and their bodies were completely shattered and turned into dust.

However, in a short moment, Jun Xiaoyao killed the three true gods in the late stage, and severely injured a true gods Xiao Wan.

Of course, Jun Xiaoyao deliberately left Lei Yuan Clan Tianjiao's life temporarily, because he still had a role.

Seeing Jun Xiaoyao who had resolved the battle simply and neatly, Ao Luan in the dark felt annoyed.

However, Princess Longji was still trapped in the killing formation and never escaped.

Jun Xiaoyao turned to look at Princess Longji.

While princess Longji struggled to resist the murderous sword aura, she gritted her teeth and said: "It's not you who set the scene to frame this palace?"

"What do you think?" Jun Xiaoyao looked at Princess Long Ji with a foolish look.

Princess Longji's expression is also extremely unnatural.

Before, she instinctively thought that Jun Xiaoyao was behind the scenes.

Thinking about it now, with Jun Xiaoyao's current strength, it does not seem to be necessary.

"Why did you shoot?" Princess Long Ji asked coldly.

It stands to reason that Jun Xiaoyao would be happy to see her die?

Why is she still helping her kill the four major race Tianjiao now?

But Jun Xiaoyao's next sentence almost made Princess Delongji spit out a mouthful of old blood.

"The mount is difficult, how can I not help as the master?" Jun Xiaoyao smiled calmly.

"Jun Xiaoyao, you are presumptuous!" Princess Longji breathed fire with beautiful eyes.

When Caijun Xiaoyao stepped in to help, she still felt a little strange and uncomfortable.

As a result, Jun Xiaoyao said this sentence now.

Well, it still smells like a black belly.

"I said last time that you are qualified to be my new mount." Jun Xiaoyao smiled.

"You are dreaming!" Princess Long Ji yelled.

However, just as her voice fell, the power within the killing array actually skyrocketed.

Countless sword auras moved the void, with extreme sharpness.

Princess Longji was accidentally injured again, her body stained with blood.

"Damn it, with the current state of the palace, it is impossible to break out of the formation." Princess Longji Yuyan was cold.

Jun Xiaoyao saw through Princess Longji's embarrassment, he just smiled and stood with his hands on the sidelines.

Over time, the power of the killing array has been increasing.

In the end, even Princess Longji was unbearable, and the jade body was covered with wounds and suffered heavy injuries.

"No, how can this palace die here, this palace will become the arbitrariness of the dragon queen!" Princess Longji was extremely unwilling.

She glanced at Jun Xiaoyao, who was outside the killing array with a chuckle, and her teeth were tickled with hate.

But he still opened his mouth and said: "Jun Xiaoyao, do you dare to release this palace, then we will have a fair fight."

When Jun Xiaoyao heard the words, he smiled.

"Princess Longji, are you testing my IQ, or are you testing your own IQ, don't you think it is ridiculous to say this?"

Princess Longji heard this, her face flushed with shame.

She has always been indifferent and indifferent, but always in front of Jun Xiaoyao, she couldn't help being angry, as if she had become an ordinary woman.

Princess Longji also knew that her proposal was a bit ridiculous.

She gritted her teeth and said: "Then tell me, how can we help my palace get out of trouble."

Princess Longji couldn't think that one day she would ask Jun Xiaoyao for help.

A strange color flashed through Jun Xiaoyao's eyes, and then he said: "It's very simple, let's call the master first."

Upon hearing Jun Xiaoyao's words, Princess Longji was stupid.

Jun Xiaoyao actually regarded her as a mount?

"Impossible!" Princess Longji's jade cheeks flushed.

Let her be called Master Jun Xiaoyao, it was more uncomfortable than death.

She is a noble dragon princess, how could she be called someone else's master?

Even if this person is Jun Xiaoyao, it is absolutely impossible.

"Then I can't help, I will only save what belongs to me." Jun Xiaoyao shrugged slightly and didn't mind.

Seeing Jun Xiaoyao's light and breezy face, Princess Longji was itchy with hatred.

At this time, within the killing formation, the formation pattern surging, drawn a full seven thousand zhang sword aura, and slashed away at Princess Longji one after another.

Princess Longji was also struggling to resist. After resisting three or four swords, she vomited a big mouthful of blood again and was hit hard.

"If you continue, this palace may really die." Princess Longji secretly said.

For her, Jun Xiaoyao's proposal was a bit too much, but it did not completely touch the bottom line.

After all, Jun Xiaoyao just asked her to call the master, and didn't say that she wanted to plant a slave mark in her mind.

Jun Xiaoyao also knew in his heart where Princess Longji's bottom line was.

If you really want to plant a slave mark on Princess Longji, then she would rather die.

But if you just ask the owner~www.mtlnovel.com~, it is not absolutely impossible.

"Training, you must take your time and break through the psychological defenses step by step." Jun Xiaoyao thought to himself.

He immediately opened his mouth and said: "If you don't shout, there will be no chance, and you don't want to know who is the one who really framed you behind?"

The words of Jun Xiaoyao suddenly awakened Princess Ling Longji.

That's right.

Compared to Jun Xiaoyao who made her crazy.

What she hates more is the man behind the scenes that made her fall into such a desperate situation.

If he died like this, wouldn't it just let the black hand behind the scenes succeed.

Princess Longji's hatred for the black hand behind the scenes even exceeded her hatred for Jun Xiaoyao.

After making a difficult decision in her heart, Princess Longji gritted her teeth, almost spit out two words from her teeth in a thin voice.

"the host....."

[Chapter 404: Good, master save you, Princess Longji's shame](#)

Princess Longji never thought that one day she would call a man master.

And this man is still her enemy.

But at the moment, the situation is pressing, and Princess Longji does not want to die like this.

The most important thing is that she swears that she must cut and smash the corpse of the man behind her, otherwise it will be difficult to understand her hatred.

"Okay, help this palace go out soon." Princess Long Ji said coldly.

Jun Xiaoyao stood with his hands behind, without even moving his fingers.

"Jun Xiaoyao, you..." Princess Long Ji gritted her silver teeth.

"The sound is too small to hear." Jun Xiaoyao smiled.

Although it was an extremely handsome smile, in the eyes of Princess Longji, it was no different from a demon.

"Jun Xiaoyao, don't overdo it!"

Princess Longji was ashamed and angry, her beautiful eyes breathed fire, and her whole body was not calm.

She was originally a noble princess of the dragon clan with a dusty temperament and a fairy aura, but now she was born into a shrew by Jun Xiaoyao.

Princess Longji grinned a bite of her fine silver teeth, wishing to bite Jun Xiaoyao.

"The son of God does not force you." Jun Xiaoyao said leisurely.

At this time, another wave of sword aura struck in the killing formation, and Princess Longji raised her body's mana to resist, and then was severely injured again, with a tearing feeling in her delicate body.

"Master..." Princess Long Ji spit out a mouthful of blood, forcibly endured the humiliation, and shouted again.

Anyway, I already yelled once, and I don't care about yelling again.

"It's not strong, it's not loud, it can't be heard at all." Jun Xiaoyao said slowly.

"you....."

Princess Longji is really going to vomit blood.

There has never been a man who has left such a deep mark in her heart.

It is estimated that Princess Longji will never forget Jun Xiaoyao for a lifetime.

"Master." Princess Long Ji continued to endure the humiliation.

"So quietly, do you still want this **** to save you?" Jun Xiaoyao said lightly.

"Master!" Princess Longji yelled softly, her beautiful jade face flushed with shame, her jade body trembling.

At this moment, within the killing array, another wave of sword energy gathered and was about to strike.

"It's over..." Princess Longji bit her lips with blood.

At this juncture, Jun Xiaoyao faintly smiled and said, "Hey, Master, save you."

Having said that, Jun Xiaoyao moved his feet and finally shot.

He blasted out with one punch, which was the extremely powerful six rounds of reincarnation fist, directly pinpointing the weakness of the formation, and blasting it!

Six whirlpools of reincarnation emerged, fists shocked the world, and the world roared!

Upon seeing this, Princess Longji also flew towards that weak spot.

With a bang, a gap was broken in this killing formation, and Princess Longji came out with a blood-stained body.

The fairy dresses on her palace dress were all stained with blood, just like peach blossoms in full bloom.

At the first moment of coming out, Princess Longji locked Jun Xiaoyao.

"Death to this palace!"

Princess Longji jealously raised her mana and shot Jun Xiaoyao.

"Heh, is that how you treated the master who saved you?" Jun Xiaoyao smiled.

Upon hearing this, Princess Longji was even more ashamed and angry.

This is definitely a black history that she cannot erase.

Unless Jun Xiaoyao dies, otherwise this humiliation will accompany her throughout her life.

Seeing Princess Longji's bombardment, Jun Xiaoyao can easily resolve it with just a simple stroke.

"With your current state, it's better not to be aggressive." Jun Xiaoyao said.

At this moment, Princess Longji was hit hard and her condition was extremely poor.

Not to mention confronting him, even making moves is difficult.

"Jun Xiaoyao, don't be smug..." Princess Long Ji tried to make a move again, but the mana in her body was disordered, and she vomited blood in her mouth.

The whole person directly fell forward, and just fell into Jun Xiaoyao's arms.

Jun Xiaoyao put his arms around Princess Longji's slender waist, but there was a cold smile on his mouth.

Princess Longji had fallen into a coma because of severe injuries.

In the dark, Ao Luan cursed secretly and turned to leave.

After seeing the terrifying strength of Jun Xiaoyao, Ao Luan knew that even if she showed up, it was impossible to kill Princess Long Ji from Jun Xiaoyao's hands.

Seeing Ao Luan leaving, Bai Mei'er took out a light and shadow stone from the spatial magic weapon.

Then I recorded the scene of Jun Xiaoyao hugging Princess Longji.

While recording, Bai Meier's heart was a little bit jealous and jealous.

But when he thought that after completing the task, Jun Xiaoyao would praise her, and the fox's tail behind Bai Mei'er waved excitedly.

On the other side, seeing Princess Longji being held by Jun Xiaoyao, Lei Mingyuan had no other emotions in his mind except for admiration.

Regarding making up sisters, he only serves Jun Xiaoyao.

Forget the goddess of the Tianhu tribe, now even his number one enemy, Princess Longji, Ancestral Dragon Nest, is in his arms.

Lei Mingyuan even suspected that as long as Jun Xiaoyao was willing to make a move, no woman could escape his palm.

"Let's go, leave first." Jun Xiaoyao said.

Lei Mingyuan nodded, pressing on the Lei Yuan Clan Tianjiao who had been hit hard, and left with Jun Xiaoyao.

Bai Meier secretly followed behind.

But for a while, Jun Xiaoyao found a secluded valley.

Jun Xiaoyao took the unconscious Princess Longji into the valley, while Lei Mingyuan guarded the Thunder Monkey Clan Tianjiao outside the valley.

Bai Meier appeared outside the valley and entered it.

Seeing Bai Mei'er, Lei Mingyuan was slightly surprised, but didn't ask much.

In the valley.

Jun Xiaoyao looked at Princess Long Ji who was seriously injured and unconscious, his expression pale.

Princess Long Ji, who was in a coma at this moment, had a different kind of tragic beauty even though she was covered in blood.

Especially that beautiful and innocent face, unprepared when he was in a coma at the moment, without the noble and glamorous, it looked calm and beautiful, and anyone who saw it would be very excited.

However, Jun Xiaoyao's eyes were as indifferent as ever.

"Princess Longji, how can you let you die like this? Your role has not been fully utilized." Jun Xiaoyao smiled, waved his hand, and took off Princess Longji's half skirt.

Snow-white shoulders came out.

Jun Xiaoyao took out some precious herbs and began to heal Princess Longji.

Of course, he took off half of the skirt on purpose.

On the other hand, Bai Meier took out the light and shadow stone and recorded the scene of Jun Xiaoyao healing Princess Longji.

Although Princess Longji's delicate body was blocked by Jun Xiaoyao's figure.

But the white fragrant shoulders can still be seen.

Everyone with a discerning eye knows that Princess Longji has no trace of her upper body.

After recording this scene, Bai Meier glanced at Jun Xiaoyao affectionately, turned and left without disturbing him.

Because of her, there are still tasks to complete.

Naturally, someone will read these recorded things.

After Bai Meier left, Jun Xiaoyao continued to heal Princess Longji~www.mtlnovel.com~ In a blink of an eye, several days passed.

The princess Longji who was in a coma was severely injured and finally woke up.

The first moment she woke up, she was a little confused, and then she remembered the scene before the coma.

Thinking of the previous humiliation, Princess Longji grinded her silver teeth with an angry face.

Then, she noticed that the palace dress on her body had been untied.

And the wounds on the Jiao body were almost healed.

It stands to reason that although the Dragon Clan's physical body has strong resilience, it is impossible to completely recover from the trauma in these short days.

There is only one possibility, that someone cleaned up her trauma.

"Could it be..." Princess Long Ji buzzed in her head, her body stiffened.

Jun Xiaoyao, this hateful guy.

Did you watch her all?

[Chapter 405: Self-directed and self-acted play, Princess Long Ji successfully set](#)

"Jun Xiaoyao!"

Princess Longji was extremely shocked and embarrassed.

As a sleeping ancient freak, a noble and glamorous dragon princess.

Princess Longji was icy and clean, and her jade body was sacred. No man had ever touched her body, even her fingers had not been touched by others.

Not to mention being overlooked.

However, now, the fact that Jun Xiaoyao had seen it all made Princess Longji's mind buzzing, her face pale and she couldn't believe it.

She could not keep calm.

At this moment, Jun Xiaoyao walked in slowly from outside the valley.

"You woke up, what do you tell the master?" Jun Xiaoyao asked.

"Jun Xiaoyao, what did you do to this palace?" Princess Longji's silver teeth bit her teeth and stared at Jun Xiaoyao.

"The son of God has finally been kind. Listening to your tone, I don't seem to be happy?" Jun Xiaoyao turned his head slightly.

"My palace killed you!"

Princess Longji got up and rushed towards Jun Xiaoyao.

However, before taking two steps, Princess Longji shocked her chest and coughed up blood.

"I advise you not to be self-willed. The kindness and compassion of the **** son are limited. If you annoy the **** son at that time, it is useless for you to call the master." Jun Xiaoyao's tone was suddenly cold.

Although Princess Longji still had an effect on him, it didn't mean that Jun Xiaoyao had to accommodate her princess illness.

If Princess Longji is really ignorant, he annoys him.

Jun Xiaoyao was too lazy to plan anything, and slapped her to death.

Feeling the coldness in Jun Xiaoyao's eyes, Princess Longji suddenly became sober.

Although Jun Xiaoyao rescued him, strictly speaking, they were still hostile.

Jun Xiaoyao is not used to her bad ailments.

And now, with her serious injury, in front of Jun Xiaoyao, there is indeed no resistance at all.

If you were killed by Jun Xiaoyao now, you would lose a lot, and her master would have screamed for nothing.

Thinking of this, Princess Longji abruptly suppressed her anger, her full double peaks undulating, her heart was very angry.

"This is the only acquaintance, if you want to fight, this son of God will naturally satisfy you this opportunity in the future, but don't you want to know who framed you behind?" Jun Xiaoyao held his hand and said calmly.

"Do you have a way?" Princess Long Ji asked, with deep hatred in her beautiful eyes.

If it were not for the black hand behind the scenes, how could she have been humiliated by Jun Xiaoyao.

Regarding the man behind the scenes, Princess Long Ji couldn't wait to cut him a thousand times.

"There is a way for this **** son, but... are you pleading?" Jun Xiaoyao said.

"What do you want?" Princess Long Ji was mad, almost mad.

In front of Jun Xiaoyao, she was completely unable to remain noble and glamorous.

"Pay attention to your address and attitude, now it is you who beg me, not me." Jun Xiaoyao said.

Princess Longji Yinya bit her red lips and said in a harsh voice: "Lord...Master..."

"I didn't hear it." Jun Xiaoyao said.

"Master!" Princess Long Ji shouted, enduring shame.

However, Princess Longji seemed to find that she seemed to shout more and more smoothly.

"Remember, you will call me that from now on." Jun Xiaoyao turned around and walked out of the valley.

Princess Longji was annoyed and grinned secretly, but still followed Jun Xiaoyao obediently.

Outside the valley, Lei Mingyuan is still guarding the seriously injured Lei Yuan Clan Tianjiao.

When he saw Jun Xiaoyao and Princess Longji walking out, Lei Mingyuan's eyes widened.

Princess Longji was as good as a sheep, following Jun Xiaoyao.

Is this still the aloof dragon princess?

If he hadn't seen it with his own eyes, Lei Mingyuan would even doubt whether Princess Longji had changed.

But this will only make Lei Mingyuan admire Jun Xiaoyao even more.

This method of training is almost no one.

Jun Xiaoyao took Princess Longji and walked to the Lei Yuan Clan Tianjiao.

Lei Yuan Clan Tianjiao was hit hard and couldn't escape at all, and he was guarded by Lei Mingyuan, and he could not communicate with Lei Yuan Clan.

The most important thing is after seeing the strength of Jun Xiaoyao.

This Thunder Monkey Clan Tianjiao knew that even if more clan members were called, they would only be slaughtered by Jun Xiaoyao.

As for the strong, they can't leave their clan, they can't get out.

"Let's go, who instigated you?" Jun Xiaoyao asked.

He actually knew it well, because this was a play he directed and acted.

But in front of Princess Longji, he still had to pretend.

"I admit, we planted this time. I didn't expect you to have such a powerful Taoist companion." Lei Yuan Clan Tianjiao looked at Princess Long Ji coldly.

"What nonsense are you talking about, it's not..." Princess Longji hurriedly retorted with a hot cheek.

Inwardly, there is a strange feeling.

"How could this palace form a Taoist couple with such a nasty guy?" Princess Longji muttered to herself.

Jun Xiaoyao is her number one enemy and must be eliminated.

"You die this heart, I won't say it." Lei Yuan Clan Tianjiao looked like a dead pig not afraid of boiling water.

"Do you think I can't do anything like this?" Jun Xiaoyao smiled.

For some reason, seeing Jun Xiaoyao's smile, Lei Yuan Clan Tianjiao suddenly had a bad feeling.

Jun Xiaoyao urged the power of the original spirit, and the vigorous soul power surged out.

In an instant, Lei Yuan Clan Tianjiao felt that in front of him, a golden ancient Buddha with a magnificent momentum and a height of ten thousand meters appeared.

The entire ancient Buddha is extremely oppressive, and it almost suffocates the Thunder Monkey Clan Tianjiao.

This is the great day Tathagata that is manifested after the practice of the present Tathagata.

The Great Sun Tathagata formed entirely by the power of the soul, like Mount Tai, is extremely oppressive.

However, more ruthlessness is yet to come.

But seeing Da Ri Tathagata raising his hand, a horrible black grinding disc appeared, stained with blood stains.

It is the chaos divine mill that is derived from the idea of chaos divine mill.

The two are superimposed on each other, the oppression on the soul, it is simply.

The soul of Lei Yuan Clan Tianjiao was crushed in the chaos divine mill, and suffered unprecedented pain.

This kind of soul crushing pain is not something ordinary people can tolerate, it is even more terrifying than the eighteenth hell.

Coupled with the suppression of the Da Ri Tathagata, the Lei Yuan Clan Tianjiao's spirit was completely defeated. In the end, he couldn't bear it and shouted: "I said, I said, it was Ao Luan, the noble daughter of the Dragon Clan, who instigated us."

"Aristocratic Dragonite?"

Princess Longji heard the words~www.mtlnovel.com~ her eyes were blank.

She had never heard of the name of the dragon noblewoman, let alone conflicted with her.

"Why did she frame this palace?" Princess Longji asked.

"I don't know this. She didn't tell us, just let us kill you." Lei Yuan Clan Tianjiao said weakly, and he was tortured to collapse.

"Hateful!" Princess Long Ji gritted her silver teeth and hated Ao Luan very much.

He had nothing to do with her, but he wanted to cheat her like this.

"When the palace finds Ao Luan, she must be broken into pieces!" Princess Long Ji said coldly.

Listening to Princess Longji's words full of killing intent, the corner of Jun Xiaoyao's mouth evoked a slight arc.

Princess Longji has been completely covered.

Next, Long Aotian should also be about to put on a set.

[Chapter 406: Jun Xiaoyao is an old tauren, Long Aotian is green again](#)

After finding out the news, Jun Xiaoyao directly killed the Thunder Monkey Clan Tianjiao with a palm.

Princess Longji looked at Jun Xiaoyao's eyes, somewhat unnatural.

Although Jun Xiaoyao was her enemy, she had to admit it.

Without Jun Xiaoyao, not only would she not be able to find out what was behind the scenes, she might even have lost her life.

But Princess Longji still hated Jun Xiaoyao, after all, Jun Xiaoyao humiliated her so much and watched her.

"Now that you know the black hand behind the scenes, you should heal your wounds first, and then take revenge. As for the grievances between you and me, the son of God will naturally give you the opportunity to challenge me at that time.

Jun Xiaoyao said in a calm tone.

Upon hearing Jun Xiaoyao's words, Princess Longji was silent.

She couldn't see what kind of person Jun Xiaoyao was.

Said he was bad, it was so bad, she was so black, she wanted to go crazy.

But this time, Jun Xiaoyao not only saved her, but also found her behind the scenes.

As an enemy and opponent, Jun Xiaoyao actually didn't have to do this at all, just watch her die.

"Adjust your breath yourself, I won't help you heal your injuries." Jun Xiaoyao turned and left.

Looking at the back of Jun Xiaoyao, Princess Long Ji was slightly lost.

After a long time, she sighed deeply: "Jun Xiaoyao, what kind of person are you?"

With a sigh, Princess Longji also returned to the valley, adjusting her injury.

She vowed to make Na Ao Luan pay the price of blood.

Here, Lei Mingyuan looked at Jun Xiaoyao, the reverence in his eyes couldn't get rid of it.

"My lord son of god, you are so amazing, and my respect for you is like a continuous river." Lei Mingyuan worshipped.

Jun Xiaoyao shook his head and smiled: "It's nothing. Sometimes women are complicated, sometimes they are simple. It's not difficult to control."

"I am afraid that only Lord God Son can easily do this." Lei Ming said.

He also knew that only Jun Xiaoyao had the capital to do this. It would be impossible for Princess Longji to take another look.

"Heh, Princess Longji is just a tool man. Next, let's look at Long Aotian. Then maybe we can watch a wonderful double dragon fight." Jun Xiaoyao smiled.

Compared to horizontal pushing and rolling, this feeling of playing with the enemy in the palm of one's hands seems to be good.

Jun Xiaoyao is like God, in control of the whole situation!

On the other side, Long Aotian had no idea what happened.

He is adjusting his breath, ready to seize the chance when the Xiangudao Lake erupts.

As for Ao Luan and Bai Mei'er, Long Aotian didn't restrict them. They could also find their own opportunities.

At this moment, Bai Mei'er's voice came not far away.

"Brother Aotian."

Long Aotian opened his eyes and saw Bai Mei'er coming back. A smile appeared on the corner of his mouth and said, "Mei'er is back. It won't be long before we can go to Xiangudao Lake together."

However, Bai Mei'er's face was not very natural.

Long Aotian was also aware of this.

He frowned and said, "Meier, what's the matter, is someone bullying you?"

Bai Mei'er shook her head slightly and said, "It's not, it's just... Brother Aotian, while the Nujia was looking for opportunities outside, he accidentally saw something that he shouldn't have seen."

"What do you mean by something you shouldn't see?" Long Aotian was puzzled.

"Brother Aotian, Meier doesn't know whether to tell you or not, but I hope you don't get too excited." Bai Meier hesitated.

"What the **** is it, tell me, my mentality is still okay." Long Aotian was free and easy.

His temperament is indeed good, and he also has an invincible heart. Otherwise, it would be impossible for him to get to this point just by luck.

"Hey..." Bai Mei'er sighed softly, and then took out the light and shadow stone.

"This is something the Nujia saw accidentally, and then the Nujia recorded it secretly."

The light and shadow stones flashed, and scenes appeared.

The first scene that appeared was the scene in which Jun Xiaoyao hugged Princess Longji.

And Long Aotian originally had a light smile on the corner of his mouth.

But at this moment, he was completely frozen, his eyes widened slowly, and the blue veins near his temples burst out one by one.

"This this....."

Long Aotian's eyes were so wide as to stare at the scene carefully.

The beautiful person that Jun Xiaoyao is holding in his arms is not Princess Longji, but who

As for Jun Xiaoyao, Zu Longchao deliberately analyzed his strengths in various aspects to Long Aotian before, so Long Aotian knew him, and this white-clothed man was Jun Xiaoyao.

However, it was precisely because of knowing that Long Aotian was so shocked.

"How is this possible?" Long Aotian couldn't help but lose his voice, his liver trembling with anger.

How could Princess Longji get together with Jun Xiaoyao?

This is simply unreasonable.

Seeing Long Aotian's attitude, Bai Meier's eyes were full of mockery, but her face also had an unbelievable expression.

"Yes, the Nujia can't believe it, aren't Princess Longji and Na Jun Xiaoyao dead enemies? How could they get mixed together."

"But the Nujia did see in secret that Princess Longji accidentally entered the killing formation and was wounded. It was Jun Xiaoyao who rescued her."

Hearing Bai Meier's words, Long Aotian took a deep breath.

He looked at the scene carefully, it was definitely not an illusion or illusion.

In other words, this is true.

However, it hasn't waited for Long Aotian to slow down.

The next blast scene made Long Aotian's mind roar again, and his internal organs seemed to be burned with anger.

This scene is exactly the scene where Jun Xiaoyao is healing the unconscious Princess Long Ji.

Although Princess Longji's delicate body was blocked by Jun Xiaoyao's figure.

But from the snow-white shoulders, it can be seen that Princess Longji's upper body should be invisible.

Seeing this scene, Long Aotian's face flushed, and he attacked his heart with a breath of blood and blood. He actually vomited a mouthful of blood!

"Damn it!"

Long Aotian looked up to the sky and roared, his whole body exploded.

At this moment, he didn't know whether to hate Princess Longji, or to hate Jun Xiaoyao~www.mtlnovel.com~Long Aotian only felt that above his head, there was already a lush green grassland, the kind of greenery.

Although Princess Longji did not have any substantial contact with him.

But in Long Aotian's heart, Princess Longji was already his palace.

His own palace was hugged and watched by other men, which made Long Aotian unacceptable and he was very gloomy.

More importantly, this man is still his life and death enemy.

Is there anything more that makes Long Aotian vomit blood?

Long Aotian's xinxing was indeed good, but his xinxing was limited to cultivation.

In terms of women, Long Aotian couldn't tolerate any sand in his eyes.

"Hateful, Princess Longji, a bitch, is so cold and reserved when facing my pursuit, and does not eat the fireworks, but now he is engaged with Jun Xiaoyao!"

Long Aotian hates and desires madness, his mana surges, and the surrounding void bursts with shock.

He hates it so much!

Princess Longji pretended to be cold in front of him, not even letting him touch her fingers.

As a result, the cabbage he ordered was harvested first by Jun Xiaoyao.

This is absolutely unacceptable to Long Aotian, who is determined to become a harem king.

Seeing Long Aotian's hateful appearance, Bai Meier's eyes were full of mockery.

"Sure enough, this Long Aotian is completely incomparable with the gentleman, he is just a idiot in the brain of a worm!" Bai Mei'er said sarcastically.

She felt more and more whether she had been so funny before, how could she like such a man who thinks with his lower body.

In contrast, there are countless beauties around Jun Xiaoyao, but he has never missed it.

Passed through thousands of flowers, the leaves did not touch the body.

Such a man who does not eat fireworks is the white moonlight in Bai Meier's heart.

[Chapter 407: This **** son likes the way you can't understand me and can't kill me](#)

The Longao weather makes all internal organs hurt.

He did not doubt the authenticity of this incident.

First, he trusts Bai Mei'er very much. Bai Mei'er admires him so enthusiastically and will never lie to him.

Second, Long Aotian has carefully checked it, and the scene in the light and shadow stone is not fake at all.

Everything is true.

"How can it be, that Princess Longji, even if she likes other men, she can't like Jun Xiaoyao." Long Aotian said with a grimace.

This is what puzzled him most.

The grudge between Princess Longji and Jun Xiaoyao is well known.

Unless Princess Longji was caught in the door, it would be impossible to mix with Jun Xiaoyao.

"The Nu Family does not believe this, but seeing is believing, the Nu Family definitely did not deceive Brother Aotian." Bai Meier said pitifully.

"Of course, Mei'er, I believe you." Long Aotian looked at Bai Mei'er with affectionate eyes.

Although he was very angry by Princess Longji, fortunately, there was still Bai Meier.

But just don't know, if Long Aotian learns the truth in the future, knowing that Bai Mei'er is also Jun Xiaoyao, how will he react when that happens.

Seeing the affectionate expression on Long Aotian's face, Bai Mei'er might be delighted before changing it.

But now, she only felt nausea and nausea in her heart.

If it weren't for Jun Xiaoyao's task, she would not bother to stay by Long Aotian's side.

"Anyway, I have to go to that **** to settle the account, and that Jun Xiaoyao, I must also want him to die!" Long Aotian's eyes were completely stunned.

Long Aotian also has a bottom line.

The woman who was touched by Jun Xiaoyao, wouldn't he become a picker?

But if the suppression is to vent their anger as a female slave, it is still possible.

As for Jun Xiaoyao, in his eyes, naturally, he must die.

Just when Long Aotian was full of anger and wanted Bai Meier to take him to find Jun Xiaoyao.

Ao Luan appeared.

"Young Master Long."

"Girl Ao Luan, you are back too."

Seeing Ao Luan coming back, Long Aotian's mood was a little calmer.

Although he lost a princess Longji, he was not bad for a woman.

Although Ao Luan is not as superb as Princess Longji, she is also a beauty.

Moreover, she is extremely powerful and will be of great help to him in the ancient world.

"President Long, what are you..." Ao Luan asked knowingly.

"I'm going to kill someone." Long Aotian's tone was murderous.

Ao Luan persuaded: "Long son, the eruption of Xiangudao Lake is about to begin. If you leave at this time, it is easy to miss the opportunity, and if you are injured, you are more likely to miss the opportunity."

Ao Luan's words made Long Aotian calm down a bit.

Indeed, his previous plan was to first go to Xiangudao Lake to win the chance, and then find Jun Xiaoyao to settle accounts.

If he were to go directly now, Long Aotian might not be sure that he could kill Jun Xiaoyao.

"Young Master Long, don't be anxious, there are still forces from my Dragon Clan on the side of Xiangudao Lake."

"After Young Master Long has finished his chance, if he wants to take revenge, Ao Luan can also let the dragon people do their part." Ao Luan said sincerely.

Seeing Ao Luan caring about him so much, the anger in Long Aotian's heart also temporarily calmed down.

"Girl Ao Luan, thank you for your concern." Long Aotian said.

"Well, compared to Lord Long's life-saving grace, this reward is nothing." Ao Luan's face was dizzy and a little shy.

"That's good, then after Immortal Gudao Lake, I will find them to settle the general ledger!" Long Aotian said coldly.

He has decided in his heart.

To suppress Princess Longji strongly and become a slave girl.

Jun Xiaoyao, he must be tortured and killed, so that he can vent Long Aotian's anger.

But Bai Meier, who had been watching, sneered in her heart.

Long Aotian, after all, is a clown, played by Jun Xiaoyao in his hands.

Next, just wait for the time to come and watch the show.

...

In an instant, another seven or eight days passed.

Princess Longji's injury has finally recovered.

The reason why the recovery is so fast is that the first reason is that Princess Longji is a dragon, and she has also refined a drop of blood from the ancient Canglong Emperor, so she has a strong resilience.

Moreover, as an ancient freak, she has a deep background, using various rare medicinal materials to restore herself, even using an elixir.

Second, it was because Jun Xiaoyao had healed her injury before, which made her recover faster.

Princess Longji walked out of the valley, and saw that Jun Xiaoyao, who was sitting on a cliff, looked like an immortal.

Jun Xiaoyao is sipping tea leisurely.

The tea is the precious tea that Lei Mingyuan picks hard.

Seeing Jun Xiaoyao's leisurely look, Princess Longji grinned secretly.

For some reason, it was obviously a handsome face that was so good to see that it made people feel disappointed, but Princess Long Ji wanted to smash it with a punch.

Reminiscent of the previous humiliation, Princess Longji's breath couldn't help but burst out.

The cultivation base of the True God Realm Small Perfection is enough to rank the top among the arrogances in the ancient world.

But unfortunately, she was facing Jun Xiaoyao.

Feeling the breath of Princess Longji, Jun Xiaoyao slowly put down the tea cup and said lightly.

"It's raining, and the sky is clear, do you think you can do it again?"

Listening to Jun Xiaoyao's words with contempt, Princess Longji was even more angry, completely losing her noble and glamorous temperament.

She wanted to make a move, but when she thought of the scene when Jun Xiaoyao casually killed the four major race Tianjiao, Princess Longji forced herself to calm down.

Although she has recovered from her injuries, Jun Xiaoyao's cultivation is even more unfathomable.

"Is it really true God Realm Dzogchen?" Princess Longji's eyes changed.

Jun Xiaoyao's breath is like a deep pool, bottomless.

So the cultivation base can only be higher than her.

"How on earth did this Jun Xiaoyao cultivate? Even the cultivation speed of ancient freaks can't match him." Princess Long Ji secretly annoyed.

Upon seeing this, Jun Xiaoyao ~www.mtlnovel.com~ smiled and said: "Yes, it's a bit of a brain. If you really do it, I'm afraid you will have to take revenge in the next life."

"Jun Xiaoyao, don't be complacent, if it weren't for this palace to retaliate against Ao Luan, it would have suppressed you a long time ago." Princess Long Ji said in an unhumane tone.

"It's okay, you can imagine, this **** son likes the way you can't understand me and can't get rid of me." Jun Xiaoyao took a sip of tea and smiled.

"Jun...Xiao...Yao!" Princess Long Ji was so angry that she couldn't help but want to scream, Qing Si danced wildly.

This Jun Xiaoyao was so irritating, Princess Longji couldn't help but want to explode.

At this moment, Jun Xiaoyao suddenly put down his tea cup and looked far away.

Vaguely, he felt the aura between heaven and earth, all seemed to be flowing, converging towards one place.

"Could it be, Xiangudao Lake?" Jun Xiaoyao's eyes flashed.

[Chapter 408: Xiangudao Lake, the 4 strongest Xiangu races, have to pay tolls...](#)

The biggest opportunity in this area is naturally Lake Xiangudao.

Jun Xiaoyao is also very interested in the Immortal Ancient Road Lake, and wants to know what the chance will be.

Not to mention, there is also the Jun family sequence in Xiang Daohu, Jun Xiaoyao also wants to find out, and then use this to understand the current situation of the ancient world.

Jun Xiaoyao called Lei Mingyuan to understand the situation.

"If Lord Shenzi sensed it, then it should be very close to the time of Daohu eruption. I know the location of Xiangudao Lake and I can lead the way for Shenzi."

Lei Mingyuan gave full play to the role of servant and guide.

"Well, yes, let's go now." Jun Xiaoyao nodded slightly.

Then, he looked at Princess Longji and said lightly: "If there is no accident, the dragon race should also be in Xiangudao Lake. If you want revenge, you can also go."

After speaking, Jun Xiaoyao was ready to leave.

Princess Longji's beautiful eyes flashed, looking at Jun Xiaoyao's leaving back, she gritted her teeth and even followed.

Jun Xiaoyao paused, then looked back at Princess Longji, and said, "Do you want to follow the master?"

Princess Longji grinds her silver teeth, but still endures her anger and said: "My palace doesn't know the way, can you?"

Jun Xiaoyao shook his head slightly and said, "I'm afraid you are afraid of what tricks the dragon race will use to entrap you, so I followed."

After being exposed, Princess Longji's expression was unnatural.

Indeed, although she is strong, if she is framed as before, there is nothing she can do.

Moreover, the dragon people are still earth-headed snakes. It is not too simple to frame Princess Longji.

Thinking about it this way, following Jun Xiaoyao, it might be safer.

"Forget it, as the master, I am still very tolerant towards mounts." Jun Xiaoyao didn't care, but sneered in his heart.

Jiang Taigong is fishing, and those who wish to take the bait.

Princess Longji took the initiative to put it on herself, and Jun Xiaoyao could only accept it kindly.

Princess Longji was silent, completely silent, hanging behind Jun Xiaoyao like a gas bag.

The three of them walked in the direction of Xiangudao Lake.

On the other side, Long Aotian, Ao Luan, and Bai Mei'er also set off.

...

Although Xiangudao Lake is called Daohu, it is not just a lake, but a very wide area.

In this area, there are many large and small lakes.

These lakes will erupt at certain times, and many treasures of chance will be taken out at the same time.

The entire Xiangudao Lake is divided into the outer area, the central area, the inner area, and the core area.

In the outer area, there are only a few scattered lakes, which are said to be lakes, but in fact they are no different from small water pools. The treasures spouted out are also ordinary.

In the central area, you can see some Daohu lakes with a radius of hundreds of meters.

The opportunities in Baizhangdao Lake are much more precious, and some Tianjiao can be eye-catching.

In the inner area, there will be some Qianzhang Dao Lakes. Such Dao Lakes are extremely rare and scarce in number.

But the chance treasures ejected are much more precious than Baizhangdao Lake.

Generally speaking, some Tianjiao of the immortal forces may find opportunities in this area.

As for the core area, there is Wanzhangdao Lake.

This is the rarest and most precious Daohu Lake, which is generally occupied by powerful immortal ancient race forces.

Only a small number of Tianjiao who are extremely powerful, or have a good relationship with the ancient race, are eligible to seize opportunities in it.

After a few days, Jun Xiaoyao arrived at Xiangudao Lake under Lei Mingyuan's guidance.

Jun Xiaoyao looked around and saw that the Xianhu Daohu Lake was boundless and extremely wide, and it was a treasured land full of aura.

The rich aura from the surrounding Immortal Ancient World gathered in this area.

Obviously, it is not far from the eruption of Xiangudao Lake.

"Master Shenzi, this Immortal Ancient Road Lake is also divided into regions, let me explain." Lei Mingyuan said.

After some explanation, Jun Xiaoyao also got a general understanding of the situation of Xiangudao Lake.

"Then what else, go directly to the core area." Jun Xiaoyao said lightly.

Only Wanzhangdao Lake in the core area is the most precious.

In that case, there is nothing to say.

"This...Is the son of God want to be so direct? The core area is occupied by some powerful ancient races. In addition to the dragon people, there are people from the ancient witch race and the three-eyed saint race."

Lei Mingyuan hesitated.

Jun Xiaoyao is very strong.

But the strong dragon does not crush the earth snake, and some ancient races are still very strong.

In this group of ancient races, there are four strongest ancient races.

They are Dragon Race, Ancient Witch Race, Three-Eyed Saint Race, and Beauty Race.

These four major races are enough to walk sideways in the ancient world.

Even some descendants of immortal forces, when they encounter these ancient races, must give in three points and dare not be too offensive.

Is Jun Xiaoyao's attitude a little bit stronger?

"What's this, whoever dares to prevent this **** child from gaining the opportunity will have to die, even the four ancient races, it is no exception!" Jun Xiaoyao said indifferently.

Princess Longji stared at the rear.

"This Jun Xiaoyao is indeed as aggressive as ever." Princess Long Ji thought to herself.

Lei Mingyuan also nodded, and said nothing.

Following Jun Xiaoyao intently, maybe he can really eat some meat.

Give it a try, a bicycle becomes a motorcycle.

He also considered it safe.

Seeing the determination in Lei Mingyuan's eyes, Jun Xiaoyao nodded secretly.

Lei Di's great supernatural powers, it is not impossible to give him later.

Just when Jun Xiaoyao and others wanted to enter the Fairy Road Lake area.

There was a quarrel from the front.

It was a group of external talents arguing with the creatures of the ancient race.

"You are too much, we have already handed over the source of the gods, why don't we let us in?" A pretty girl's face flushed with anger.

They are disciples from several first-class forces from outside, not particularly outstanding, but they also have some strength.

However, at this moment, it was blocked by a group of immortal creatures and had to pay tolls.

What annoyed them most was that they had already handed in the source of the gods, but these immortal creatures still refused to let them in.

"You have too many people, you have handed over too few gods, and any treasures can be handed over to repay the debt." An ancient creature who was surrounded by thunder and lightning sneered.

Coincidentally, this immortal creature belongs to the Thunder Ape clan.

In addition, there are the creatures of the King Kong, Wind Spirit, and Rock Demons who charge tolls here.

What Jun Xiaoyao killed before was only the strongest Tianjiao among the four major ethnic groups.

There are still many other young people.

"Too much deception!" A young man clenched his teeth, his mana shocked.

"You want to do it~www.mtlnovel.com~ you can try it, I'm sure you can't mix in this ancient world, you will all die!" The Thunder Ape clan creature threatened with a cold voice.

"Forget it." The charming girl before gritted her teeth, her body was trembling, forcibly tolerated.

At this moment, the Lei Yuan Clan creature's eyes were out of sight, and suddenly he saw a few figures who wanted to enter the Immortal Ancient Road Lake from the side.

"Wait, you guys stop for me, if you want to enter, pay the toll first!" Lei Yuan Clan creature shouted loudly.

The pretty girl and others also subconsciously turned their gazes.

When the girl saw the figure in the white robe, her pretty face was frozen.

"Are you talking to me?"

Jun Xiaoyao tilted his head slightly, with a smile at the corner of his mouth.

That smile is very dangerous.

[Chapter 409: The predicament of Jun Xuehuang and others, the three princes Tianjiao](#)

"Yes, I'm talking to you, Immortal Ancient Dao Lake is a great opportunity for my Immortal Ancient World. If you want to enter, you have to pay tolls."

Lei Yuan Clan creatures said in an arrogant tone.

At this moment, Jun Xiaoyao's aura is restrained and not exposed, so these immortal creatures don't particularly care about him.

But the pretty girl had her pretty face frozen, as if she had seen the most incredible sight.

She had the honor to meet Jun Xiaoyao, and she naturally knew what Jun Xiaoyao looked like.

"Is that... the prince's son?" The rest of the outside world's arrogances also widened their eyes.

However, what made them even more incredible was the beautiful woman who followed Jun Xiaoyao.

"It's Princess Longji in Ancestral Dragon's Nest, what is going on? Did the gods subdue her?" Many outside Tianjiao were surprised.

Here, looking at these arrogant immortal creatures, Jun Xiaoyao still has a smile on his face.

He turned his head and said faintly: "Princess Longji, these little guys, don't you need the master to act."

Princess Longji's expression stagnated.

Does this Jun Xiaoyao really use her as a servant?

But when she thought that she had followed up on the initiative, Princess Longji couldn't say anything to refute.

She turned to look at these immortal creatures with a pair of beautiful eyes.

Upon discovering that these immortal creatures were the four major races besieging her, Princess Longji's killing intent skyrocketed.

She vented all her anger towards Jun Xiaoyao on these ancient creatures.

"You guys who don't have eyes, come to death for this palace!"

The breath of Princess Longji's True God Realm Xiaoyuan burst out, and the jade hand pushed out horizontally.

The void draws out the blue dragon claws, as if it can grasp the void, and kill the group of immortal ancient creatures.

"True God Realm Little Perfection!"

The expressions of these immortal creatures changed drastically.

Although their cultivation base is stronger than the outside Tianjiao, but it is only in the early to middle stage of the True God Realm, and it is impossible to block Princess Longji's move.

What's more, Princess Longji shot in extreme anger, without any reservations, and they were even more unlikely to stop.

puff! puff! puff!

Under the suppression of Nilongshou, the creatures of these ancient races burst into pieces like watermelons, and their flesh and blood splashed.

Princess Longji killed these immortal creatures with a single move.

I have to say that her strength is still very strong.

Looking at the bones all over the floor, Princess Longji let out a deep breath, her anger calmed down a lot.

She cast a cold glance at Jun Xiaoyao quietly, without saying a word, with a pair of lotus arms around her chest, like an iceberg beauty.

Jun Xiaoyao smiled without talking.

At this moment, the group of outside Tianjiao all looked at Jun Xiaoyao.

The pretty girl summoned the courage to step forward and bowed to Jun Xiaoyao: "Thank you, Lord Shenzi, for your help."

"Do you know me?" Jun Xiaoyao said lightly.

"Once in Nantian City, I was fortunate enough to see Lord God Son from afar."

Seeing Jun Xiaoyao's gaze, the pretty girl's face was flushed and her heart beating quickly.

"I've only seen it from afar before, and I look more handsome when I look up close..." The pretty girl thought to herself.

"Well, it's okay now, you can also enter the Xiangudao Lake." Jun Xiaoyao said calmly.

"If it weren't for the Lord God's righteous action, we are afraid that we will be in big trouble today." The pretty girl said gratefully.

Princess Longji raised her eyebrows.

Obviously she killed these immortal creatures, so why did the credit go to Jun Xiaoyao?

Did Jun Xiaoyao move a finger?

"That was because they were looking for death by themselves and hit the gun. There is no need to be afraid of the ancient creatures." Jun Xiaoyao said freely.

If the ancient creatures hadn't stopped him, Jun Xiaoyao wouldn't bother to take care of such nostalgia.

It can only be said that these ancient creatures do not have eyes.

Jun Xiaoyao and others left.

The rest of the arrogance of the outside world stepped forward with awe.

"It's worthy of being the son of the king's family, and he is so strong in the ancient world."

"Yeah, haven't you seen the Princess Longji in the Ancestral Dragon Nest, she is just like a maid following the Lord God Son."

"Hehe, I was against the Lord God before, but now I am afraid it has been tamed."

"I really envy Princess Longji, if I can follow Lord Godzi, it will be fine." The charming girl said with a longing voice.

"Okay, let's also enter the ancient world, with the **** son at the head, can those ancient creatures still arrogant?"

This group of outside Tianjiao is full of spirits, and also entered the Xiangudao Lake.

After officially entering the Xiangudao Lake area, Jun Xiaoyao did not stop.

Jun Xiaoyao couldn't even look at these small lakes in the outer area.

The Baizhangdao Lake in the central area also couldn't get into Jun Xiaoyao's eyes.

Jun Xiaoyao might have glanced at Qianzhangdao Lake in the inner area, but it was only that.

Only the Wanzhangdao Lake in the core area is what Jun Xiaoyao is most interested in.

At the same time, in the inner area of Xiangudao Lake, there was a piece of Qianzhangdao Lake.

The smell of gunpowder was in the air.

The two women stood by Daohu Lake, facing a large group of creatures.

Of the two women, one of them was wearing a light blue fringed long dress, with a blue silk tied by an ice blue phoenix hairpin.

The whole temperament is cold and immaculate, like a beauty carved by ice and snow.

It was the seventh sequence of the Jun Family, Jun Xue Phoenix with an ice spirit body.

And beside her, the woman standing side by side with her, dressed in a red dress, has a charming and gorgeous appearance with a natural charm.

It is the eighth sequence of the Jun family, Jun Xiyu who is naturally charming.

At this moment, the two girls' faces were both cold and solemn.

They looked resentful and looked at a large group of creatures on the opposite side.

Among them are the creatures of the ancient royal family and the creatures of the immortal ancient race.

"This lake is already occupied by our Jun's family. Are you still going to leave?" Jun Xuehuang said with a cold voice and said softly.

"Hehe, tell us to leave. Why, does your Jun family still have deterrent power?"

A brawny man with horns and black hair sneered.

He is the supreme royal family, the top talent of Niu Moshan, Niu Dali.

Niu Moshan is also one of the vassal forces of Ancestral Dragon Nest.

"That is, now your monarchs, in the ancient world, it seems that it is not easy ~ www.mtlnovel.com ~ the monarch **** son you rely on has not even come to the ancient world.

A woman with purple-black lips and a seductive face is yin and yang strange.

She comes from the Pansi Cave of the Primordial royal family, and her name is Spider Beauty, and she is also a top talent with extraordinary strength.

Hearing her words, there was a ray of anger in the eyes of the two women.

After entering the world of immortal ancients, the ten major sequences of their noble family were targeted unprecedentedly.

Three of the ten major sequences have fallen.

Of course, Jun Lingcang, Jun Wushuang and others also slaughtered a group of Primordial royal families, as well as the Tianjiao who fell into the palace.

But this still cannot conceal the fact that the Jun family was targeted.

The so-called tree attracts wind, that's it.

"Two beauties, recognize the reality, if you are willing to catch it, maybe we won't kill you yet." said a young man with sharp eyes.

He glanced at the two women, with a disgusting filthy desire in his eyes.

He is the ancient royal family, the arrogant of the Snake Emperor Valley, and his name is Jiumu.

The strength is stronger than Niu Dali of Niu Demon Mountain and Spider Beauty in Pansidong, almost comparable to the Golden Wing Xiaopeng King of Jialou Holy Mountain before.

Feeling the hostility of the three great ancient royal clans, Jun Xuehuang and Jun Xiyu looked coldly.

If it were just the Tianjiao of the three great ancient royal families, they might be able to let go of a fight.

But the problem is that there are still creatures of the ancient race watching!

[Chapter 410: Jun Xiaoyao appeared, the dawn at the end of the long night!](#)

Seeing the two women seems to have no intention of retreating.

A creature of the ancient race stood up.

He was covered with pitch black scales, from the ancient race, the black scale race.

"Your monarch, you may call the wind and rain from the outside world, but this is the ancient world, our ancient race has the final say, you still not going out?" Heilin tribe Tianjiao shouted coldly.

What about the ancient monarchs?

They couldn't attack the ancient world anyway.

And no matter how strong Jun Family Tianjiao is, will he dare to provoke them to the ancient race?

The other creatures of the immortal ancient race also sneered.

This Qianzhang Dao Lake is regarded as the best Dao Lake in the internal area.

They are naturally impossible for the outside world to occupy.

The Taikoo royal family Tianjiao did not want to occupy this Daohu lake, but did not want the monarch to occupy it.

"You..." The two women, Jun Xuehuang and Jun Xiyu, had their pretty faces flushed.

As the Sovereign Order, have they ever suffered such humiliation?

"Are you not afraid of Sister Mulan's revenge?" Jun Xiyu said coldly.

Hearing this, the expressions of the three royal princes, Jiumu, Spider Beauty, and Niu Dali, all changed.

They knew that Jun Mulan was also in Xiangudao Lake, but she was in the core area.

As the third rank of the Jun Family, Jun Mulan's strength is much better than Jun Xuehuang and Jun Xiyu.

Jun Lingcang, Jun Wushuang, and Jun Mulan rank among the top three ranks of the Jun family, all ranked on the top level of Tianjiao.

Even facing the top Tianjiao of the Immortal Race, there is nothing wrong with it.

The remaining few sequences, although slightly weaker, are also top-level arrogances, at least all of the cultivation base of the Great Perfection of the Void God Realm.

Nine Eyes of Snake Emperor Valley heard this, although his complexion changed a little, he calmed down and said coldly: "Don't support Jun Mulan, she might be driven out of the core area."

"What?" Jun Xuehuang and Jun Xiyu gritted their silver teeth secretly.

Indeed, although Jun Mulan is strong, it is difficult to support it alone.

With her alone, it is still difficult to occupy a place in the core area.

What's more, the Jun family is now being targeted like never before.

It can only be said that the Jun family tree attracts the wind and makes too many enemies.

As for the Jun Lingcang and other sequences, they are scattered in other areas, and it is impossible to concentrate all of them in Xiangudao Lake.

The opportunity of the entire Immortal Ancient World is not only the Immortal Ancient Dao Lake.

But even so, the two women did not retreat in the slightest.

It is a shame to retreat as a ruler.

Seeing the decisiveness in the eyes of the two women, Niu vigorously shook his head and said: "If you don't see the coffin, you won't cry. It seems that the Jun family today has two fewer sequences."

After all, Niu Dali, Spider Beauty, and the three of Jiu Eyes all shot at the same time.

Niu vigorously held a giant axe in his hand, and drove the mountain with one axe, as if it could split the earth.

The spider beauty fiddled with her ten fingers, and the silver spider silk shot out with terrifying toxicity.

As for the Nine Eyes, he is the strongest among the three royal family Tianjiao. His body is the Nine Eyes Heavenly Snake. It is rumored that he has a trace of the blood of the ancient beast Jiuying.

Seeing the three royal family Tianjiao making a move, Jun Xuehuang and Jun Xiyu looked at each other and they also made a move.

"Frozen World!"

Jun Xuehuang urged the ice spirit body to shoot out with the mana of the cold attribute.

The strength of Jun Xuehuang is the early stage of the True God Realm.

At this stage, among the external arrogances, being able to reach the realm of the gods is already considered the top level.

Jun Xiyu's cultivation was also in the early stage of True God Realm, and she also displayed her own methods.

I have to say that as the Sovereign Sequence, they are very strong and can stand alone.

Facing the three great royal families, Tianjiao, there is nothing wrong with it.

Even if there are nine eyes comparable to the Golden Winged Xiaopeng King, they cannot be completely suppressed.

"Nine Eyes Magic Light!"

The nine-eye shirt was broken, and there were nine long narrow eyes on his chest, which looked creepy.
Kiss

Nine terrifying magic lights shot out from the nine eyes.

This is exactly the nine-eyed natal supernatural power, extremely powerful.

Upon seeing this, Jun Xuehuang and Jun Xiyu hurriedly used defensive methods.

At this time, the black scale tribe and other immortal ancient race creatures, their eyes flashed, and they all shot together.

"Xiangudao Lake will erupt soon, don't delay, go directly together and kill them!"

A group of immortal creatures have all shot, and their mana is surging like a torrent.

In the face of opportunity, fairness and justice are all false.

The winner is the one who can compete.

"Snow Phoenix, shall we retire?" Jun Xiyu bit her lip.

Although this has fallen into the prestige of the Sovereign Family, there is no alternative.

Jun Xuehuang's eyes changed.

She thought of the peerless figure in white clothes.

He never took a step back.

Even in the face of no matter how difficult the situation is, his face is still calm and calm.

"If you let the son know that I retreat, will you look down on me?" Jun Xuehuang murmured.

The torrent of magic power of the ancient race, coupled with the natal magical powers and magic light displayed by the nine eyes, united together and swept across the two of them.

Even if the two women can carry this blow, it is estimated that they will be hit hard.

After all, among those immortal creatures, there are also many creatures of true gods.

Seeing that Jun Xuehuang had no plans to back down, Jun Xiyu bit her lip and did not go back.

Just when the two women gathered their magic power and wanted to die.

Suddenly, a gust of wind came.

A figure in white clothes appeared between the two women like a flash.

Then, stretched out a palm flat.

In an instant, the world seemed to freeze like death.

The torrent of mana that came surging silently solidified in front of this palm, then dissolved, and then dispersed.

Heaven and earth, silence!

World, silent!

The three royal family Tianjiao, and a group of immortal ancient creatures, saw this scene, their backs were chilled, and their faces were shocked.

What the **** is this?

Their terrifying torrent, even the top arrogant of the late True God Realm, dare not resist at will.

But in front of this palm, there is no ripple, and it dissipates directly into nothingness!

"How could you be here?"

Seeing the white figure in the middle of the two women, with nine eyes, Niu Dali, and Spider Beauty, their expressions were extremely shocked.

The immortal creatures may not know who this abruptly appeared Young Master Junxiu is.

But they are clear.

"Master!"

Jun Xuehuang's eyes trembled ~www.mtlnovel.com~ and turned his face to see Jun Xiaoyao's handsome and flawless side face.

He stretched out a hand flatly, mana immunity urged, thousands of magical powers, all kinds of mana, before him, all vanity!

"My Lord God!" Jun Xiyu was also shocked, her beautiful eyes showing excitement.

It is difficult to describe in words, the joy in the hearts of the two women at this moment.

This feeling is like seeing a ray of light at the end of a long night.

In the current situation, the appearance of Jun Xiaoyao is tantamount to being the last pillar and backbone of the Jun family!

"This..." Tianjiao, the three great royal families, only felt a chill.

There is no need to test too much, just the random hand of Jun Xiaoyao is enough to be shocking.

"What is his cultivation base now?"

Even the Nine Eyes with the strongest cultivation among the three, felt like falling into an ice cave, chilling.
