

## Sacred Body 541

[Chapter 541: In this wave, Jun Xiaoyao is in the atmosphere, completely cutting off the way forward](#)

Kong Xuan and the others got the Kunpeng talisman bone fragments, and they were also very wise, so they chose to escape directly.

Fight with Jun Xiaoyao?

Unless it's a funny brain.

Not only did Jun Xiaoyao look playful, but even Mu Yuehan, who was beside him, shook his head slightly.

Jun Xiaoyao had already laid out a net of heaven and earth.

This wave, Jun Xiaoyao is in the atmosphere.

However, what surprised Jun Xiaoyao was that one person also got a piece of Kunpeng Talisman bone fragment.

But he did not leave.

It is the Golden Winged Xiaopeng King.

"Interesting, King Jin Wing Xiaopeng, it seems that you are still dissatisfied with this \*\*\*\* son."

King Golden Winged Xiaopeng won the Kunpeng rune bone fragments and didn't flee, did he want to come with him?

King Golden Wing Xiaopeng trembled when he heard this, and hurriedly shook his head and said, "No, this Kunpeng rune bone fragment took the initiative to fly over. I didn't take the initiative to fight for it."

The words of King Golden Winged Xiaopeng are true.

Probably because he was the Golden Winged Roc, a piece of Kunpeng Rune Bone fragment was pulled by the Qi machine and flew to his side.

"This \*\*\*\* son can give you a chance to take action." Jun Xiaoyao said.

King Jin Wing Xiaopeng shook his head like a rattle.

Want to set me down again?

Am I a fool?

King Jin Wing Xiaopeng firmly refused.

Whenever Jun Xiaoyao said this, as long as he really dared to make a move, he would definitely lose his life in the end.

"It's boring, take it."

Jun Xiaoyao said lightly.

Although King Jin Wing Xiaopeng was reluctant to give up, he also knew that it was impossible for him to get Kunpeng Talisman under Jun Xiaoyao's eyelids.

King Golden Wing Xiaopeng handed the pieces of Kunpeng rune bone to Jun Xiaoyao.

Jun Xiaoyao waved his hand again, directly taking that pool of Kunpeng's true blood into the bag.

Afterwards, he took out a few drops and handed them to Mu Yuehan.

"My Lord God, this is too expensive!" Mu Yuehan was pleasantly surprised and unexpected.

She is not very demanding, and she is already content to find some babies.

Unexpectedly, Jun Xiaoyao would give her a few more drops of Kunpeng true blood.

"Take it." Jun Xiaoyao said.

He does not lack these few drops.

Mu Yuehan accepted Kunpeng's true blood, with joy on her cold jade face.

Seeing that even the real blood of Kunpeng had been taken away by Jun Xiaoyao, the remaining Tianjiao shook his head.

They are also ready to leave.

"However, the son of the Jun family still failed to obtain the complete Kunpeng's supernatural powers."

"Yeah, if you let the prince's son get Kunpeng's supernatural powers, wouldn't no one be able to deal with him?"

These Emperor Lu Tianjiao talked in secret.

"Let's go out too." Jun Xiaoyao smiled slightly.

He also wanted to see the desperate expression of Kong Xuan and others when they couldn't get out.

On the other side, Kong Xuan, who was the first to rush out of Kunpeng's nest, turned Jianghou, Naohaihou, Su Biyu and others were fleeing frantically.

"Let's leave this place first, and then we will win or lose." Kong Xuan shouted.

The four of them all had a tacit understanding, and instead of robbing each other now, they decided to leave the galaxy first.

However, when they really left the Kunpeng Nest and wanted to escape from the Sea of Galaxy.

They suddenly bumped into the ban pattern.

"This...what's going on?"

"How can there be a banning technique here?"

"Impossible, there was none when I came in!"

This forbidden formation pattern was naturally the second forbidden immortal seal set by Jun Xiaoyao before entering the Kunpeng nest.

This second seal forbidden immortals, even ordinary saints, would never want to break it easily.

Not to mention their quasi-sages.

"No, it's impossible!"

Turning over Jianghou, Naohaihou panicked, hurriedly resorted to methods and bombarded away.

However, the banned formation pattern remained unmoved.

Kong Xuan was also a little panicked, the nine-colored glow in Yu's hand surged, turned into nine beams, and went through the hole.

The ban pattern remained motionless.

Su Biyu panicked a group, almost crying.

No matter how they shot, they couldn't break the second seal of the forbidden immortal.

A sense of despair spread in my heart.

At this moment, in the sea of galaxy behind, a calm voice came.

"I've given you so much time, can't you break through and escape? It's a pity..."

Although this voice was gentle, it sounded like a demon whispering from the ears of Kong Xuan and others.

From the rear, Jun Xiaoyao stepped forward leisurely, not worrying that Kong Xuan and others would break the forbidden formation pattern, and fled with the Kunpeng rune bone fragments.

"It turns out that there is this hand, no wonder the son of the Jun family didn't panic."

The Dilu Tianjiao who followed him were also shocked when they saw this.

What Jun Xiaoyao did was incredible.

The Golden Winged Xiaopeng Wang was even more sweaty behind his back.

Fortunately, he was acquainted and didn't escape, otherwise, wouldn't it be a dilemma now.

"Unexpectedly, the dignified gentleman's son would use such a despicable method." Kong Xuan's face was condensed.

"Despicable?" Jun Xiaoyao smiled.

"Despicable is the pass of the despicable, and the noble is the epitaph of the noble. The son of God has never said that he is a great hero."

Jun Xiaoyao responded calmly.

"Aren't you afraid that others will criticize you?" Kong Xuan bit her lip.

"Heh... they are just barking jealous people who can't reach the height of the \*\*\*\* son, so why bother?" Jun Xiaoyao sneered.

Then, he stopped talking nonsense, first pointed to the two of Fanjianghou and Naohaihou.

"We are followers of the Third Prince of the Sea God, so you are not afraid that the prince will be held accountable!" Both of them yelled in horror.

Jun Xiaoyao didn't even bother to say anything~[www.mtlnovel.com](http://www.mtlnovel.com)~ directly crushed the two with one finger, and the Kunpeng rune bone fragments fell back into his hands.

Then, Jun Xiaoyao pointed to Su Biyu again.

"No, Lord God, I am willing to be a slave and a maid, even if you are a bitch!" Su Biyu screamed, crying for mercy, she didn't want to die.

"Bitch? Sorry, I'm not lacking either." Jun Xiaoyao pressed down with a finger, crushing Su Biyu's body.

Kong Xuan, who saw this scene, was like a basin of cold water pouring from head to toe, and it was as cold as possible.

"Next, it's your turn." Jun Xiaoyao looked lightly.

At this time, King Golden Wing Xiaopeng gritted his teeth and couldn't help but say: "God, can you spare her life?"

"Oh?"

Upon hearing the words of King Jin Wing Xiaopeng, Jun Xiaoyao was slightly surprised.

He looked at Kong Xuan, then looked at King Jin Wing Xiaopeng, and instantly understood.

"That's the case, but, are you sure you want to be the picker?" Jun Xiaoyao smiled lightly.

Although Kong Xuan was only a follower of Yufozi, her heart had been placed on Yufozi.

"She was just bewitched by Jade Buddha." Jin Wing Xiaopeng said.

He looked at Jun Xiaoyao, gritted his teeth secretly, and then knelt down to Jun Xiaoyao on one knee.

"I hope Lord Godson can spare her life."

"You..." Even if Kong Xuan was a little surprised, she didn't expect King Jin Wing Xiaopeng to intercede for her.

"Licking the dog, licking the dog, licking to the last nothing." Jun Xiaoyao shook his head slightly.

Kong Xuan has her own stubbornness, she said coldly: "Master Jade Buddha will not sit idly by, your nine lions are still suppressed by him."

"Ok?"

Jun Xiaoyao's indifferent expression gave a slight pause.

There was a cold light in his eyes.

"What did you say, say it again?"

[Chapter 542: Use his own way to treat his body, suppress Kong Xuan as a sitting...](#)

"Nine lions used to be your mount, but now they have been suppressed by Lord Buddha."

"After Master Buddha has practiced in the \*\*\*\* star, and cultivated the second immortal energy, you may not be able to deal with Master Buddha!"

Even at this time, Kong Xuan still had absolute confidence in Jade Buddha.

"The dog left was actually suppressed." Jun Xiaoyao sighed softly.

The original name of the nine lions was Gou left.

Although Jun Xiaoyao had used Princess Longji as a mount before, the nine lions were also his mounts after all.

"Jade Buddha, Xiaoxitian's ancient freak, for some reason, I don't have a good impression of these bald donkeys." Jun Xiaoyao said with a light smile.

"Do you dare to insult Lord Buddha!" Kong Xuan bit her lip.

"Enough, I think you are definitely brainwashed by that bald donkey!" King Jin Wing Xiaopeng couldn't stand it anymore and shouted sharply.

"This kind of brainless stupid woman should wake her up."

Jun Xiaoyao's voice fell, taking a step, and instantly fell in front of Kong Xuan.

Kong Xuan's complexion changed, and she naturally couldn't catch it all.

She uttered a clear shout, her entire body exaggerated.

Then, she sacrificed a nine-color \*\*\*\* fan with the Nine Gentle Life Feathers on it, which was a natal \*\*\*\* soldier made from her own true feather sacrifice.

Kong Xuan waved the nine-color \*\*\*\* fan, and suddenly the waves of the nine-color \*\*\*\* rushed out like a big wave.

The surrounding stars and meteorites are all burst.

I have to say that, as a daughter of the Peacock King, Kong Xuan is very powerful.

However, Jun Xiaoyao's eyes were always faint.

He didn't use any magical powers, just made a fist with five fingers, and blasted out with one blow.

The void exploded, and a large black hole appeared.

That nine-color \*\*\*\* fan was directly smashed by Jun Xiaoyao's punch.

Kong Xuan spit out a mouthful of blood when the natal soldier was broken.

She was still unwilling, and an illusory nine-color fairy gas was flowing on her body.

This is exactly the prototype of the fairy qi she condensed.

"kill!"

Kong Xuan blasted out with one hand, carrying the rudiment of this nine-color fairy qi, and blasted towards Jun Xiaoyao.

Jun Xiaoyao is still a punch, urging six reincarnation punches.

After condensing the celestial energy of reincarnation, Jun Xiaoyao's six reincarnation punches became more powerful.

However, he didn't manifest the celestial spirit of reincarnation, because there was no need at all.

boom!

The void exploded, and a wave of air surged out, shaking in all directions, and many meteorites burst into pieces.

Affected by this shock wave, Kong Xuan's body flew upside down again, vomiting blood in her mouth.

At this moment, Jun Xiaoyao appeared in front of Kong Xuan like a teleport.

He was merciless and slapped him in the face.

"God, please be merciful!" King Jin Wing Xiaopeng changed his face.

Snapped!

Jun Xiaoyao slapped, Kong Xuan slapped her eyes with gold stars, her face was swollen.

Jun Xiaoyao continued to slap.

Snapped! Snapped! Snapped!

Kong Xuan was red and swollen, all bleeding.

The corners of the mouth are also cracked, and the jade face is swollen high.

It stands to reason that, in the face of such a beautiful woman, few men will be cruel.

But Jun Xiaoyao didn't mind at all, and he didn't mind hitting women.

Those male geniuses who say that they never shoot at women are either cerebral palsy or idiots.

Seeing that Jun Xiaoyao didn't kill Kong Xuan, King Jin Wing Xiaopeng heaved a sigh of relief.

"Jun Xiaoyao, kill me if you have a seed!" Kong Xuan screamed, she couldn't stand the humiliation.

"I did want to kill you, but I heard you say that the nine lions were suppressed by the Jade Buddha as a mount."

"The son of God, then suppressed her followers as a mount."

"This is called treating one's body by the way of a person."

"You...you want to use me as a mount?" Kong Xuan was sluggish, but Jun Xiaoyao had no intention of this.

Then, she showed horror and shook her head and said: "No, I am a follower of Lord Buddha, you can't ride me!"

Kong Xuan turned around and was about to leave.

She would rather die than be ridden by Jun Xiaoyao.

If Jun Xiaoyao rides, then Jade Buddha, will she still be a follower?

Obviously not.

Jade Buddha would not ask for a woman who was ridden by others as a follower.

Jun Xiaoyao's eyes were dull, and then he said to King Golden Wing Xiaopeng: "King Xiaopeng, don't you mind if I ride the woman you like?"

King Jin Wing Xiaopeng's mouth twitched, and he pulled out a stiff smile and said, "No... don't mind, as long as Lord Godson can spare her life."

The Dilu Tianjiao present all showed weird looks.

How do you feel that Jun Xiaoyao's hand has directly greened Jade Buddha and King Xiaopeng?

Jun Xiaoyao put out a hand, the mist was surging, and the fairy light surged, like the five-finger mountain of the Buddha, suppressing Xiangxuan.

Kong Xuan tried her best to resist, but in the end she couldn't do anything. In a scream, she was beaten back to her original form and turned into a beautiful nine-color peacock.

Jun Xiaoyao stepped on and landed directly on the back of Nine-Colored Peacock.

The nine-color peacock flickered all over, trying to shake Jun Xiaoyao away.

As a result, Jun Xiaoyao stomped fiercely, and the Nine Colored Peacock let out a scream, and finally stopped struggling to resist.

"That's right, Jade Buddha suppressed my mount, and I suppressed his followers as mounts. Isn't that reasonable?" Jun Xiaoyao said.

When everyone heard this, the corners of their mouths twitched.

Listen, is this human?

After suppressing Kong Xuan, UU read [www. Jun Xiaoyao at uukanshu.com](http://www.uukanshu.com) also obtained all the Kunpeng rune bone fragments, and finally merged into one, forming a complete Kunpeng rune bone.

The greatest opportunity of Kunpeng Nest here, Kunpeng Talisman Bones, Kunpeng True Blood, and Jianmu, all fell into Jun Xiaoyao's hands.

As for the resources searched by the rest of Tianjiao, Jun Xiaoyao simply didn't like it.

At this moment, the rest of the Dilu Tianjiao who came out alive are all extremely worried, for fear that Jun Xiaoyao will force them to give up their chances.

Jun Xiaoyao raised his hand and snapped his fingers.

Suddenly, the surrounding forbidden formations dispersed.

"You can go now." Jun Xiaoyao said.

"Thank you, Lord God!"

"My Son of God is as broad-minded as the sea, I'll admire it!"

"My Lord God is the most handsome, love you!" Some female gods were also screaming.

Everyone was relieved.

They suddenly felt that Jun Xiaoyao was also very kind and kind.

These arrogances also disappeared after their respectful thanks.

However, King Jin Wing Xiaopeng did not leave.

"What are you doing?" Jun Xiaoyao glanced at King Jin Wing Xiaopeng.

Although King Jin Wing Xiaopeng once had some friction with him.

But now, King Golden Winged Xiaopeng is not even troublesome in his eyes, as small as dust.

Therefore, as long as King Jin Wing Xiaopeng is honest, he won't be okay to kill him.

A struggling color flashed in the eyes of King Jin Wing Xiaopeng, and then he knelt down on one knee to Jun Xiaoyao again.

"I have an unrelenting request. I hope that the son of God can give me some Kunpeng true blood."

"Why do you want Kunpeng's true blood?" Jun Xiaoyao raised his eyebrows slightly.

He collected a pool of Kunpeng true blood, but he didn't lack these two drops.

"Because I want to challenge Jade Buddha!" King Jin Wing Xiaopeng's eyes were sharp, with a firm look.

[Chapter 543: King Golden Wing Xiaopeng's determination, bestowing Kunpeng true blood](#)

The Golden Wing Xiaopeng King, the reason why he cares about this Kunpeng nest.

To a large extent, he also wanted to obtain Kunpeng's great supernatural powers and Kunpeng's true blood, realize his own transformation, and then challenge the Jade Buddha.

He wanted to let Kong Xuan know that Jade Buddha is also a human being, not a god, and he will fail.

"Only you, dare to challenge Lord Buddha!" Nine-color Peacock uttered words, obviously dissatisfied with the words of King Golden Wing Xiaopeng.

Nobody in her family is qualified to challenge her.

"No matter how noisy you are, you can't even be a mount, just stew you." Jun Xiaoyao said coldly.

The nine-color peacock stopped talking now.

She wants to live, she wants to see Jade Buddha personally suppress Jun Xiaoyao.

King Jin Wing Xiaopeng ignored Kong Xuan, but looked at Jun Xiaoyao and said, "I don't ask Kunpeng's supernatural powers. As long as the son of God gives me a few drops of Kunpeng's true blood, I am willing to be a follower of the son of God!"

When these words fell, Mu Yuehan on the side was surprised.

Although King Golden Wing Xiaopeng is not the top tianjiao on the road of the emperor, he is also on the sacred list.

It was surprising that he would ask to be a follower.

"You... are not enough." Jun Xiaoyao looked calm and shook his head slightly.

The Jin Wing Xiaopeng King's talent is indeed not weak, but his followers, which one is not talented peerless.

It is not a descendant of an ancient emperor, or it has the ability to swallow all things, or it has a rare reincarnation body.

Compared with these few, the Golden Winged Xiaopeng King is indeed not enough.

King Jin Wing Xiaopeng was also stunned.

He didn't expect that the gap between himself and Jun Xiaoyao was so big that he was no longer qualified to be a follower.

But after thinking about it, it seemed to be true.

Without Kunpeng's great supernatural powers, without Kunpeng's true blood, Golden Winged Xiaopeng King, even the qualifications to challenge the Jade Buddha.

King Jin Wing Xiaopeng lowered his head and clenched his fists. He was unwilling to do so, but he was helpless.

At this time, Jun Xiaoyao spoke again: "However, I can give you a few drops of Kunpeng true blood."

King Jin Wing Xiaopeng suddenly raised his head, his eyes exploded.

"What the son of God said is true?"

His mood was ups and downs, and he was very happy at the moment.

"Of course, the son of God never broke his promise." Jun Xiaoyao said.

He wasn't pitying or anything, he just wanted to watch the excitement.

Even if it is disgusting, Jade Buddha is good.

Jun Xiaoyao likes watching the show the most.

"Thank you God, I would like to follow him!" King Jin Wing Xiaopeng arched his hands, eyes full of excitement.

He didn't expect that Jun Xiaoyao could give him Kunpeng's great supernatural powers, and it was an unexpected joy to be able to give him a few drops of Kunpeng's true blood.

Jun Xiaoyao waved his hand and handed a few drops of Kunpeng true blood to King Golden Wing Xiaopeng.

As for Kunpeng's great supernatural powers, he naturally wouldn't give it to King Golden Wing Xiaopeng.

He just wants to watch a movie, but he doesn't really want to be charity.

"Master God, where are we going next?" Mu Yuehan asked.

After this battle, Jun Xiaoyao must have shocked many Tianjiao.

Jade Buddha, Void Sword, Third Prince of Sea God, and others, it is obviously impossible to turn a blind eye.

"Go to Yumenguan first, I need to digest this opportunity." Jun Xiaoyao said.

Having reached the ninth pass of Dilu, he was not in a hurry anymore.

You can digest Kunpeng's supernatural powers and the half-volume empty book first.

Next, Jun Xiaoyao was sitting on the nine-color peacock that Kong Xuan transformed into, and went to Yumen Pass with Mu Yuehan and King Jin-winged Xiaopeng.

When Jun Xiaoyao returned to Yumen Pass, many Tianjiao had already returned from Kunpeng Nest.

The news about Jun Xiaoyao had naturally spread.

"Unexpectedly, the Emperor's God Son reappeared, with such a strength, with a single move to kill the mirage of the Saint Realm Dzogchen."

"There is also the Void Sword. Although it is only a spiritual body, it is also very powerful, but in the end it is still killed by the King's Divine Child."

"There is also that Gengjinshiling, with the body of \*\*\*\* gold, even Ye Guchen, who is the number one in the sacred list of the wild days, is estimated to be difficult to kill with a single sword."

"How do you think these two people will react when they encounter each other? Will the \*\*\*\* son of the Jun family win the first place on the holy list and become the king of this emperor road?"

At this moment, in Yumen Pass, the voices are full of voices and the noise is boiling.

Everyone is discussing about Jun Xiaoyao.

Because Jun Xiaoyao is too legendary.

Entering the bronze fairy hall that is almost mortal, everyone can come out alive.

Not only that, although the period of spiritual energy recovery was missed, but the cultivation base was not pulled down, on the contrary, it was higher than most people.

Now stepping on the road of God is even more horizontal.

These people didn't know the immortal battle that took place in the Wild Heaven and Immortal Territory, and Jun Xiaoyao's record of shaking hundreds of saints to death.

If you know, their shock is definitely a hundred times, a thousand times as much as it is now.

It didn't take long for Jun Xiaoyao and others to arrive at Yumen Pass.

Looking around, Yumen Pass is also magnificent and magnificent, with moon blooms hanging down, galaxies surrounding it, and the weather is endless, standing tall forever.

Jun Xiaoyao and the others caused a sensation before entering Yumen Pass.

"Oh my God, it's the son of the Jun Family who is here!"

"Is that the prince's son, really handsome!"

"Could it be Kong Xuan that the peacock the son of the Jun family sat down?"

"Let me go, Kong Xuan, a follower of the Jade Buddha, was actually used as a mount by the son of the Jun family?"

"If I were Jade Buddha, I am afraid it would be difficult to calm down."

The arrival of Jun Xiaoyao caused the entire Yumenguan to boil and stir.

When Jun Xiaoyao saw such a battle, he even had the illusion of a fanatic fan picking up the plane from his previous life.

A soldier guarding the gate saw Jun Xiaoyao, his eyes flashed with surprise, and then respectfully stepped forward, slightly arched his hands and said, "Dare to ask but the son of the Jun family?"

"Exactly, you are..." Jun Xiaoyao said.

Could it be that the soldier at Jianmenguan is the same as the soldier who is coming to trouble?

"In Xia Nai Yumen Pass, the commander of the guardian ~[www.mtlnovel.com](http://www.mtlnovel.com)~ has prepared a residence for the son of God, please come with me."

The soldier commanded respectfully leading the way for Jun Xiaoyao.

This made all Tianjiao in Yumen Pass dumbfounded.

When they first arrived at Yumen Pass, the soldier's attitude was extremely indifferent, and even refused some weaker Tianjiao to enter the city.

As a result, now that Jun Xiaoyao arrived, he was able to receive such courtesy.

Even the high-ranking guardian has prepared a home for him.

"Is this the difference between people?"

Some Tianjiao were a little downcast, they desperately wanted to climb high positions.

As a result, as soon as someone was born, he stood at the top and was respected.

"It's intentional," Jun Xiaoyao said lightly, and did not refuse.

Under the leadership of the captain of the soldier, he came to a blessed land with extremely strong spiritual energy.

This is almost comparable to the aura in the Kunpeng Nest.

"It just happens to be convenient for me to practice." Jun Xiaoyao smiled slightly.

He decided to spend ten days and a half month to comprehend Kunpeng's supernatural powers.

King Jin Wing Xiaopeng and Mu Yuehan also went to practice separately.

As for Kong Xuan, Jun Xiaoyao had already set a seal and she couldn't escape.

"Let's start enlightenment next." Jun Xiaoyao said to himself.

If you change to other Tianjiao, even if you get Kunpeng's great supernatural powers, it will be difficult to get started completely within a few months to a year.

But with Jun Xiaoyao's enchanting understanding, no matter what magical powers he cultivates, it is as simple as eating and drinking.

Not to mention, with the help of Kunpeng's true blood, he is even more comfortable in his cultivation.

Just when Jun Xiaoyao sank into practice.

The news about Kunpeng's Nest and Jun Xiaoyao gradually spread.

Yufuzi and others also learned the news.

[Chapter 544: The provocation of the three small giants of Dilu, a highly anticipated battle](#)

There are thousands of Tianjiao participating in the Kunpeng nest opportunity.

In the end, hundreds of people left alive.

So the news about Jun Xiaoyao couldn't be hidden.

He killed Void Jianzi's spiritual body, killed the followers of the Seagod Third Prince, and suppressed Kong Xuan, a follower of Jade Buddha, into a mount.

It can be said that just by chance, Jun Xiaoyao offended three top Tianjiao famous Yangdi Lu at the same time.

Moreover, all three of them have cultivated a small giant with fairy spirit.

If the average person offends the three small giants, they will definitely be extremely flustered and feel that the road ahead is worrying.

Jun Xiaoyao, as if there is nothing to do, he is cultivating leisurely.

Many Tianjiao at Yumen Pass are sighing, they are worthy of being the sons of the king's family, and they are not afraid of any challenges.

Of course, Jade Buddha and others could not turn a blind eye.

In the twelfth pass of Dilu, inside a Buddhist hall.

The Jade Buddha, dressed in jade-white Zen clothes, sits cross-legged on the futon.

He has long hair down, and his face is like a jade, like a handsome Buddha carved in jade.

There is a vaguely celestial spirit on his body, more than one.

It was just the second fairy qi, which seemed a bit illusory, obviously just a rudimentary form, not solid.

Jade Buddha also got news about Kunpeng's Nest and Kong Xuan.

"Suppress Kong Xuan as a mount, Jun Xiaoyao, are you expressing dissatisfaction with my suppression of the nine lions?" Yufozi muttered to himself.

On the side, the suppressed nine lions cried with joy and almost cried when they heard Jun Xiaoyao's name.

"Haha, I knew that the master would never die, he would walk the way of God, he would come to save me!"

The nine lions screamed and looked extremely excited, sweeping away the previous malaise.

"Are you sure, he is here to save you, not to die?" Jade Buddha was still smiling, like the Buddha with flowers, but his eyes were filled with cold light.

"You long-haired bald donkey, how can you figure out what the master can do? It is estimated that your follower has been trained by the master to not want it..."

What else the nine lions wanted to say, Jade Buddha frowned and waved casually.

The nine mouths of the nine lions were sealed at the same time, and they could only make a whining sound.

"Dare to suppress my followers as a mount, Jun Xiaoyao, you are very courageous, if you can save you, you should be a very good servant." Yufozi smiled.

He never kills, only saves.

But Jade Buddha is not going to find Jun Xiaoyao now.

Because the Hell Star is about to open, he needs to enter it, search for the fairy marrow, and thoroughly condense the second fairy qi.

When the time comes, he will be more sure.

Although Jade Buddha didn't act now, the news had spread.

Many people heard that Jade Buddha said that he wanted to Duhua Jun Xiaoyao as a slave, but their reaction was only one.

Just sluggish.

It is simply not something ordinary people would dare to say that the \*\*\*\* son of Duhua Jun's family was a slave.

"Is Jade Buddha crazy? He dare to say this?"

"Jade Buddha is a fierce man who quickly cultivates two immortal spirits. Although he heard that he is also a saint, he has never revealed immortal energy, and may not have successfully cultivated."

Immortal energy is not only a hole card, but also the most obvious way to measure a person's aptitude.

Jun Xiaoyao has never shown fairy spirit in the eyes of the world since he stepped on the road of God.

Therefore, many people think that Jun Xiaoyao may be able to catch up with him, but he has not had time to condense the immortal energy.

In such a comparison, without immortality, it appears to be at a disadvantage.

But what shocked everyone even more was that it was not just Jade Buddha that said the words.

Twelve Passes of Dilu, another boundary, above a mountain peak.

A swordsman in a blue shirt, a sword in the void, sitting cross-legged on a peak, will be the top.

He is also waiting for the opening of Hell Star.

"Dare to destroy my spiritual body, that Jun Xiaoyao is really hateful!" Void Jianzi's eyes were sharp as a sword.

However, Jun Xiaoyao's strength and means did make him a little jealous.

"But why do I always feel that there is something on Jun Xiaoyao that attracts me. If I get it, it may be of great help to me."

Void Jianzi thought in his heart.

Then, he took out a half volume of dark golden scroll, and the surrounding space made waves slightly.

It is half an empty book.

"Since I have studied and understood the half-volume empty book, I am finally about to use this to condense the second celestial energy of the void. When I get to the Hell Star and obtain enough celestial essence, I can completely condense the second celestial energy.

"And that Jun Xiaoyao, if I kill him, maybe I will be able to get what I want." Void Jianzi's eyes shone with cold light.

He has already lost to Ye Guchen and can no longer lose to Jun Xiaoyao.

Xukong Jianzi also let the words go, let Jun Xiaoyao have a seed, come to the twelve pass of Dilu, and he will attend the meeting in person!

For a time, the Quartet shook again.

However, it is more than that.

In the void of Emperor Road, a gorgeous water-blue dragon boat is sailing towards the Twelve Passes of Emperor Road at a very fast speed.

Inside the dragon boat, a handsome young man wearing a seven sea dragon armor and holding a trident of the sea king sits on the throne inlaid with the night pearl with a cold expression.

Around him, some beautiful women who served him felt the cold atmosphere, standing with their hands trembling, not daring to speak.

"Kunpeng's supernatural powers and Kunpeng's true blood are gone."

"There is also Fanjianghou, and Haihou is also dead."

"What a gentleman's son!"

This handsome young man is the third prince of the Seagod from the Ancient Star Territory~[www.mtlnovel.com](http://www.mtlnovel.com)~ Although he is a prince from the Ancient Star Territory, his strength is no weaker than the immortal descendant of the Wild Heaven and Immortal Territory.

This time, he sent two followers to Kunpeng's Nest because Kunpeng's supernatural powers are extremely important to him.

If he gets it, his strength will skyrocket.

As a result, they were all taken away by Jun Xiaoyao now.

"Jun Xiaoyao, the first person in the young generation in Huangtian Immortal Territory, but he hasn't cultivated immortality, it's nothing at all!" The eyes of the third prince of the Seagod burst into cold light.

Soon after, another news came out.

The third prince of the Sea God will also be at the Twelfth Pass of the Emperor Road for a while, the son of the Jun Family.

For a time, from the ninth to the twelfth level, all kinds of news were flying in the sky, and many Tianjiao were excited, ready to rush to the twelfth level to watch a good show.

You know, the two sides of this collision.

On the other side is the rumored, invincible young son of the Jun Family in Huangtian Xianyu.

On the other side, there are Jade Buddha, Void Sword, Third Prince of Sea God, these three little giants named Yangdilu.

It can be said that this level of collision is very rare in Diludu, and will attract everyone's attention.

"Go, go to the Twelfth Pass of Emperor Road, maybe you can witness a great battle on Emperor Road!"

"Moreover, the Hell Star will also be turned on. It is estimated that by then there will be more variables and more worth seeing."

Many Tianjiao, driving various starry sky flying boats, set off for the Twelve Passes of Emperor Road.

But Jun Xiaoyao, who was in the center of the eye of the storm, was still practicing in the heaven and blessed land of Yumenguan Cave.

It took about half a month.

Jun Xiaoyao finally opened his eyes.

Suddenly, a vast and terrifying breath rose into the sky, sweeping across the four directions with the mighty ancient power.

At the same time, on the surface of Jun Xiaoyao, there was a faintly fourth fairy qi, which began to emerge...

[Chapter 545: Comprehend Kunpeng's great supernatural powers, the embryonic form of the void fairy](#)

At this moment, Jun Xiaoyao's aura was extremely powerful, and a wild and reckless aura radiated out, like an ancient strange beast came to the world.

His palms began to churn and move.

The palm of the hand evolved a mysterious trajectory, as if a kunpeng was tossing.

The palm of his hand swept forward suddenly, like Kunpeng wagging his tail, sweeping the void in front of him, and there were spatial cracks spreading.

After that, Jun Xiaoyao's mysterious trajectory changed again, as if it was a scorpionfish, rising from the sea into the sky and turning into a big dragon.

His other palm flicked out, like a big Peng spreading his wings, directly cutting the void in front of him again, as if countless Kunpeng sword feathers were sweeping.

In the end, Jun Xiaoyao suddenly rose into the sky, as if a Kunpeng phantom appeared behind him.

His peerless look in white clothes seemed to be combined with the Kunpeng virtual photo, transformed into a powerful Kunpeng \*\*\*\* figure, attacking the nine heavens and down the nine quies, and the gods are surging.

"Is this Kunpeng's supernatural power? It really lives up to its reputation." Jun Xiaoyao was speechless.

Kunpeng's great supernatural powers, alongside the real dragon's great supernatural powers, the Divine Phoenix's great supernatural powers, and the Thunder Emperor's great supernatural powers, are rare supernatural powers in the world.

And the power did not disappoint Jun Xiaoyao.

"The evolution of this Kunpeng is actually a bit like the Kunpeng \*\*\*\* shape that the previous Cangtian Hegemony evolved. Could it be the ancient Cangtian Hegemony body, after gaining the Kunpeng's great supernatural powers, he merged into his body and transformed into the nine gods of the hegemony body. One form?" Jun Xiaoyao guessed.

This Kunpeng great magical power really reminded him of his previous battle with that ancient overlord, Chu Tianba, in the Burial Ground of Eternity.

That Chu Tianba had evolved the Kunpeng \*\*\*\* form, one of the nine gods of his body.

When thinking of Chu Tianba, Jun Xiaoyao couldn't help but think of another thing.

It was the overlord that Chu Tianba said.

The strongest heaven overlord body destined to rise in this era.

"If that overlord really appears, he might touch it on the ultimate ancient road." Jun Xiaoyao thought to himself.

The Eucharist and the Overlord are the enemies of fate.

Although on this emperor road dedicated to the Wild Heaven and Immortal Realm, it should be impossible for him to meet that overlord.

But obviously, on the ultimate ancient road where the nine roads intersect, it is possible for him to encounter the legendary overlord.

"Forget it, what do you want to do now." Jun Xiaoyao shook his head slightly.

Right now, only the current issues need to be resolved.

"The role of Kunpeng's great supernatural powers is not only in the ability to attack."

As Jun Xiaoyao said, his steps flashed.

In an instant, under his feet, there seemed to be mysterious spatial lines spreading out.

His figure also passed through the void at a very fast speed.

"Kunpeng is extremely fast." Jun Xiaoyao said to himself.

This is also one of Kunpeng's great supernatural powers.

And most importantly, this ability is related to space.

And the half-volume empty book he owns also records the subtle ways of space.

There are some similarities between the two.

Thinking of this, Jun Xiaoyao's figure shook slightly.

On his body surface, the embryonic form of the fourth fairy qi emerged.

This fairy qi is translucent, carrying a force of space.

This is the fourth immortal energy that Jun Xiaoyao condensed after studying Wukong Shu and Kunpeng's great supernatural powers.

Void fairy gas.

This immortal energy is the concrete manifestation of the way of space.

It's just that this is still just a fairy qi prototype, not a complete fairy qi.

"It seems we have to look for opportunities to condense the immortal energy." Jun Xiaoyao thought.

If this Void Immortal Qi is condensed, then Jun Xiaoyao will make tremendous progress in space control and Void Speed.

"Most of the Kunpeng True Blood is left, so I will save it for the next breakthrough." Jun Xiaoyao said.

Jun Xiaoyao was able to comprehend Kunpeng's great supernatural power in just half a month.

In addition to his own savvy evildoer, there is also part of the reason, because he has refined part of Kunpeng's true blood.

In this way, it will be easier to cultivate Kunpeng's great supernatural powers.

Jun Xiaoyao walked out of his residence, and saw Mu Yuehan and King Jin Wing Xiaopeng both standing outside.

They were all startled by the aura from Jun Xiaoyao before, so they came.

Mu Yuehan took a deep breath when seeing Jun Xiaoyao appearing.

She could feel that Jun Xiaoyao's breath was even more unfathomable, and her strength was stronger than before.

As for King Golden Wing Xiaopeng, he could clearly feel the changes in Jun Xiaoyao's strength.

He arched his hand slightly, and tentatively said: "Dare to ask the \*\*\*\* son, has he already begun to comprehend Kunpeng's great supernatural powers?"

Jun Xiaoyao tilted his head slightly and said: "Almost fully understood, after that, a certain amount of running-in and research is needed."

"what?"

Upon hearing this, King Jin Wing Xiaopeng was struck by lightning.

This is only half a month, Jun Xiaoyao has fully understood Kunpeng's supernatural powers?

Even the Golden Wing Xiaopeng King, if he obtains the Kunpeng great supernatural powers, it will take at least a few months or even half a year to get started with the benefit of his own Golden Wing Roc bloodline.

As a result, it was only half a month, and Jun Xiaoyao had fully understood it.

King Jin Wing Xiaopeng was completely impressed.

"My Lord God is indeed the strongest, that Yufozi and others dare to provoke, it's almost reckless." Mu Yuehan said.

"Oh, there's this thing, let's hear it." Jun Xiaoyao said.

He was in retreat for half a month without hearing anything outside the window, so he didn't know what news was outside.

Mu Yuehan also told Jun Xiaoyao all the news for a while.

"Jade Buddha wants to save me and take me as a slave?"

"There are also Void Jianzi, Seagod Third Prince and others, also want to shoot at me?"

After listening, Jun Xiaoyao smiled.

Why are there so many people who are overpowered in the world?

At this time, the nine-color peacock lying in the distance, uttered: "Just say, Lord Buddha will not let you go!"

Jun Xiaoyao lifted his eyelids and said, "I'm itching again, not being trained?"

After all, Jun Xiaoyao swept away and came to the nine-color peacock behind the body that Kong Xuan transformed into.

With one hand, he directly pulled out Kong Yu behind the \*\*\*\* of Nine Color Peacock.

"You can make a good nine-color feather fan." Jun Xiaoyao tweeted.

"Ah You!"

The nine-color peacock, that is, Kong Xuan, screamed, beyond belief.

The feathers on her \*\*\*\* were actually pulled off by Jun Xiaoyao.

This is simply a humiliation for the Peacock King Daming!

The nine-color peacock was trembling, and the back of its \*\*\*\* was bald.

This feeling ~www.mtlNovel.com~ is like being stripped of the underpants.

"Noisy again, pluck out your whole body hair, and see what Jade Buddha's expression will be at that time." Jun Xiaoyao said.

The nine-color peacock lowered his head, not daring to say more.

She was afraid that Jun Xiaoyao would really pluck her hair out, and then she would not be able to see people.

"It turns out that Lord God's Son is so good." Mu Yuehan thought to himself when seeing this.

She even felt that in Jun Xiaoyao's spatial magic weapon, would there be such things as whip candles.

"By the way, do you know where there is an opportunity to condense the immortal energy?" Jun Xiaoyao asked.

The embryonic form of his Void Immortal Qi has been formed, and all he needs to do next is to condense thoroughly.

[Chapter 546: Go to Hulao Pass, \\*\\*\\*\\* star chance, chasing by Tianjiao from all walks of life...](#)

"My Lord God is finally about to start condensing immortal energy." Mu Yuehan thought to herself.

On the side, the Golden Winged Xiaopeng King opened his mouth and said: "God, it's a coincidence, the twelve gates of the Emperor Road, the Hell Star of Hulao Pass is about to open, and there may be the essence of condensed immortality.

"Hell Star, Immortal Marrow?" Jun Xiaoyao's eyes flashed upon hearing the words.

He didn't know much about Hell Star, but Xianmie did.

This is a cultivation thing that is higher than the level of Xianyuan.

Even the supreme powerhouse will use the fairy marrow to cultivate.

However, the number of fairy marrows is too small, even in the huge wild fairyland, it is difficult to find such a rare thing.

So naturally it is impossible to use it as a currency like Shenyuan and Xianyuan.

But Jun Xiaoyao didn't expect that there would be a place to get the fairy marrow on this emperor's road.

As for the Hell Star, from the name it sounds, it is a very dangerous place of experience.

But Jun Xiaoyao didn't care, he even dared to enter one of the seven incredible bronze celestial halls, would he still be afraid of a \*\*\*\* star?

"By the way, Lord God, Jade Buddha and others are also at Hulao Pass, waiting for the Hell Star to open." Mu Yuehan said.

"It just happened to be on the way, they were liquidated together, and their lives ended." Jun Xiaoyao's tone was flat.

His words are understated, and it feels like killing pigs and dogs.

"Only the son of God can have this kind of courage." Mu Yuehan was deeply impressed.

King Jin Wing Xiaopeng said: "I hope that the son of God can let me take action to deal with the Jade Buddha first."

After refining the true blood of Kunpeng, the aura of King Golden Winged Xiaopeng was much stronger than before.

"It's up to you." Jun Xiaoyao didn't mind.

After resting for a few days again, Jun Xiaoyao was sitting on the nine-color peacock, and went on the road with Mu Yuehan and King Golden Wing Xiaopeng.

When they left Yumen Pass, many Tianjiao were paying attention, and many people followed behind them, wanting to watch a good show.

"The three little giants of the king's \*\*\*\* son will be worth seeing." These Tianjiao's eyes were filled with excitement.

It took several months for Jun Xiaoyao and others to go from the ninth to the twelfth.

During this period, Mu Yuehan also talked to Jun Xiaoyao about the Hell Star.

Regarding the formation of the Hell Star, there are rumors that there are too many Tianjiao who died on the road of the emperor.

The unwillingness, resentment, anger, hatred, and jealousy of these Tianjiao before his death converged into a monstrous resentment karma, and finally formed the \*\*\*\* star.

On Hell Star, there are many slaying demons, monsters, wraiths, etc., which is a very dangerous trial place.

Of course, there are also many treasures of heaven and earth, including the fairy marrow that can help condense immortal energy.

In general, danger and opportunity coexist.

Such dangerous places, speaking from Mu Yuehan's mouth, made her face solemn.

But Jun Xiaoyao's eyes were light and he didn't care at all.

For him, this dangerous place is nothing more than his own back garden.

A few months later, Jun Xiaoyao could be regarded as the Twelfth Pass of Dilu, Hulao Pass.

Looking around, Hulao Pass is magnificent, above the stars, silent and quiet.

Compared with the previous levels, Hulao Pass is more barren and ancient, with its walls dull and mottled, with a breath of vicissitudes after years of baptism.

Before Jun Xiaoyao completely entered Hulao Pass, he had already attracted the attention of all quarters.

"It's the son of the king's family, he is here!"

"Yes, the mount under him is indeed Kong Xuan."

"There are also two Tianjiao, Jin Wing Xiaopeng King and Mu Yuehan, who have become the left and right followers of the God's Son."

The arrival of Jun Xiaoyao undoubtedly completely detonated the atmosphere at Hulao Pass.

Even those sergeants who defended the city were secretly speechless.

There has never been a Tianjiao coming, which will cause such a big sensation like Jun Xiaoyao.

Is this the influence of the young generation top talents in Huangtian Xianyu?

Jun Xiaoyao's face was flat and calm, and he entered Hulao Pass.

There were no soldiers who didn't stop him with long eyes.

After entering Hulao Pass, Jun Xiaoyao could feel that a lot of powerful aura was dormant.

Although it doesn't count as much in his eyes, but looking at Dilu, he is considered a top talent.

"Sure enough, the closer you go to the back of Emperor Road, the stronger the Tianjiao you will encounter." Jun Xiaoyao secretly said.

But to his surprise, he did not sense the aura of Jade Buddha and others.

There are many female cultivators around, looking at Jun Xiaoyao with strong brilliance.

They had also seen the Jade Buddha, the Third Prince of the Sea God, and others, all of whom were extremely handsome.

But compared with Jun Xiaoyao, Yinghuo and Haoyue were not comparable at all.

Jun Xiaoyao is that kind of perfect-level handsome.

There are also some male monks who also have worship in their eyes, and regard Jun Xiaoyao as the goal of their struggle.

Of course, not everyone is like this.

Jun Xiaoyao can also feel some coldness and hostility.

In the crowd, there is a golden creature with many mysterious lines imprinted on the surface, like a metal carved person.

"It's him, Jin Guxuan, it is rumored to be made of a kind of supreme gold and spirit, and it is a good relationship with that Geng Jin Shi Ling." Some people were a little surprised when they saw the creature.

On the other side, there was a woman in a red dress with a nice face, looking at Jun Xiaoyao with coldness.

Although Jun Xiaoyao's appearance gave her a moment of trance, it could not change her position.

"It's the proud girl of Hongling. She is an ancient freak of Wanhuan Lingshan, a follower of Huang Jiuyan."

Huang Jiuyan, one of the top arrogances of this emperor road, cultivating the phoenix nirvana art, every time he is put to death and reborn, it is a transformation.

I heard that Huang Jiuyan has been transformed seven times. If he were to be transformed nine times, he would have the terrifying potential of being a contender for the emperor's road.

"The spirit of the son of the Jun family is really extraordinary, but after the nine times of my son's transformation, he will definitely not be afraid of the son of the Jun family." Hong Ling is very confident of Huang Jiuyan.

In addition, there is a young man with blue wings on his back, with thoughtful eyes in his eyes, looking at Jun Xiaoyao.

"It is a follower of Long Xuhuang, a descendant of the Qingtianpeng clan~www.mtnovel.com~Qinghong." Some people looked sideways.

This is another follower of a top Tianjiao.

Obviously, in front of Emperor Road, many people are paying attention to Jun Xiaoyao.

Invisibly, Jun Xiaoyao has become a sword of Damocles that stands on top of all Tianjiao in Dilu.

Jun Xiaoyao poses a huge threat to all Tianjiao who want to fight for the title of Emperor Road King.

In the dark, there was a man in a cloak wearing a black robe, also observing Jun Xiaoyao.

Unlike Hongling, Qinghong, Jin Guxuan, and others, he did not attract the attention of some Tianjiao around him.

"The son of the Jun family, is this the ridiculous ancient sacrament of this generation? The aura is indeed not weak, but... the master is stronger."

When mentioning this master, the black-robed man's tone was full of fanaticism.

His master is destined to step on the remains of the desolate ancient sacrament and walk on the pinnacle throne of this era!

[Chapter 547: Mermaid 1 family, fish mermaid, kill at will, give it to sea god...](#)

Jun Xiaoyao came to Hulao Pass, which caused a sensation in all directions.

What made Jun Xiaoyao slightly puzzled was that he did not sense the breath of Jade Buddha and others.

Jun Xiaoyao naturally wouldn't think that Jade Buddha and others were afraid of him.

At this moment, in the void ahead, the sound of a wave came.

Amidst the waves formed by the lines, a woman with aqua-blue curly hair emerged.

Her upper body is a human body, her skin is white as ivory, and her chest is covered by shells.

The lower body is a silver fish tail with brilliant scales and magnificent beauty.

This is a mermaid.

"It's the mermaid clan of Neptune Star Territory."

"She is the princess of the mermaid clan, the mermaid, and one of the Taoist companions of the third prince of the sea god."

Seeing the arrival of the fish mermaid, many Tianjiao exclaimed.

The fish mermaid looked at Jun Xiaoyao, and she was lost for a moment.

She thought her Taoist companion, the Third Prince of the Sea God, was handsome enough.

But the young man in white in front of him was actually much more handsome than the Third Seagod Prince.

She settled her mind and said: "His Royal Highness the Third Prince will be waiting for you at the dojo outside the stars of Hell. I hope you don't dare to go."

"Hell Star Dojo." Jun Xiaoyao muttered to himself.

Yumeiren spoke again: "Of course, the third prince also said that as long as you are willing to hand over Kunpeng's great supernatural powers and Kunpeng's true blood, then go and apologize to him, maybe he will forgive you."

With this, the entire Hulao Pass was quiet for a moment.

There was a Jade Buddha in front of him, who wanted to save the emperor and become a slave.

Later, the third prince of the Sea God asked Jun Xiaoyao to take the initiative to surrender the opportunity and go to forgive the sin.

Even Jun Xiaoyao was slightly stunned.

Has he become so devoid of cards, anyone dare to speak harshly to him?

Mu Yuehan and King Golden Wing Xiaopeng on the side scolded at the same time: "What is the third prince of Seagod, who dare to threaten the son of God?"

Upon hearing this, the fish mermaid shook his head slightly and said: "In this era, the heroes are rising together. It is not the stage where you are alone. You have offended His Royal Highness the Third Prince, so you can do it for yourself."

Jun Xiaoyao nodded and said, "You are right, I should really consider what should I pay to the Seagod Third Prince."

Hearing this, the entire Dilu Tianjiao at Hulaoguan was stunned.

The king's \*\*\*\* son, who has always been domineering, is really low-key?

Just when everyone thought this way, Jun Xiaoyao continued to smile and said, "How about using your head as a gift?"

As soon as she said this, Yumei's face changed immediately.

However, she hasn't waited for any response.

Jun Xiaoyao stepped on his feet, and mysterious spatial lines spread out under his feet.

Vaguely, behind him, a Kunpeng phantom appeared.

It is Kunpeng speed!

Almost in the blink of an eye, everyone hadn't fully reacted yet.

Jun Xiaoyao had already snatched before Yumei Ren.

The fish mermaid retreated instinctively, and at the same time screamed: "Sir, you are crazy, this is Hulao Pass, dare you do it!?"

No hands are allowed in the Eighteen Gates of Emperor Road. This is an iron rule.

"In front of this \*\*\*\* son, what are the rules?"

Jun Xiaoyao's tone was indifferent.

He swiped his palm forward, showing a mysterious trajectory, like a Kunpeng waving his tail, bombarding the fish mermaid.

"Do not!"

The fish mermaid tried his best to resist, but how to resist Kunpeng's great supernatural power.

Her beautiful body exploded almost instantaneously, blood splattered, and bones flew around.

Only a beautiful head remained intact.

On the beautiful cheeks, the final expression was condensed in panic and unbelievable.

She didn't expect that Jun Xiaoyao would attack her in Hulaoguan, under the public.

Besides, when the two countries are at war, they will not be cut.

She was just here to send a message, and she fell into the yellow spring, which is simply deadly wrong!

After beheading the fish mermaid, Jun Xiaoyao flicked his wrist, and the fish mermaid's head fell towards Mu Yuehan.

"Packed, isn't the Third Prince of the Sea God wanting to apologize? I wonder if he likes this gift?"

Seeing the head of the fish mermaid, Mu Yuehan's body trembled slightly and hurriedly took out a piece of cloth to hug it.

As for the Tianjiao in the entire Hulao Pass, all of them are like clay sculptures, standing still on the spot, unable to recover for a long time.

Yumei is also considered a proud woman of the generation, but it is easier than killing a chicken to be beaten to death by Jun Xiaoyao.

"Killed, the son of the Jun family killed someone in the city gate!"

"Where are the defenders, don't you care?"

"Fart, haven't you heard that before, the son of the Jun family killed people at Jianmen Pass, and even the guardian came out to apologize."

There was a lot of noise and discussion around.

"He actually controlled Kunpeng's supernatural powers in such a short time?"

Hongling, Qinghong, Jin Guxuan and others also had a sense of dread in their eyes.

On the one hand, they are afraid of Jun Xiaoyao's decisive action.

On the other hand, I was surprised that Jun Xiaoyao was able to directly display Kunpeng's supernatural powers.

As for the man in the black robe cloak hidden in the dark, he also said unexpectedly: "This generation of wild ancient sacrament is indeed not weak."

The entire Hulao Pass was trembling because of Jun Xiaoyao.

At this time, a soldier stubbornly stepped forward, with a trace of shock remaining in his eyes.

Seeing this scene, many Emperor Lu Tianjiao were surprised. Could this soldier be asking the guilt?

"Huh?" Jun Xiaoyao glanced at the soldier captain lightly.

Snapped!

The long soldier stumbled to the ground with a weak leg. Then he got up in embarrassment and arched his hands respectfully.

"The son of the Jun family, the guardian has previously ordered that the Hell Star will be turned on. If the son of God is interested, he can go to the dojo outside the \*\*\*\* and wait.

The captain bowed his head respectfully.

"It turned out to be so, I understand." Jun Xiaoyao nodded slightly.

This scene silenced all Tianjiao.

The fish mermaid was killed in front of everyone in the city gate, but the soldier did not even dare to mention it.

Even the guardian lord did not have the slightest opinion, instead, he issued an order early to allow Jun Xiaoyao to go to the Hell Star Dojo.

From these various aspects, it can be seen that Jun Xiaoyao's identity and strength are enough to allow him to stand above the rules.

His words are dogma!

"Even if the Dragon Xuhuang, Huang Jiuyan, the descendants of Crocodile Ancestor and other Tianjiao before, it is impossible to be as unscrupulous as the Emperor's Son?"

"In the eyes of the Guardians of the Emperor Road, the Jun Family is more terrifying than other immortal forces."

Some Tianjiao whispered.

They didn't know the huge immortal battle that took place in the Wild Heaven and Immortal Realm.

If they knew it, they wouldn't be surprised.

If the Jun family is really angry, use all the details.

The entire Emperor Road ~www.mtlnovel.com~ can be destroyed directly!

Therefore, these high-ranking guardians of the Imperial Pass did not dare to offend Jun Xiaoyao at all.

Even if Jun Xiaoyao killed people in public, they would just treat it as if they hadn't seen it.

"Okay, let's go directly to the Hell Star Dojo, by the way, give this great gift to the Seagod Third Prince."

Jun Xiaoyao held his hand and stepped on the head of the nine-color peacock.

Mu Yuehan, Golden Winged Roc, accompanied from left to right, they rushed to the Hell Star Dojo.

"Go, let's go to a good show too!"

All the Tianjiao in the entire Hulao Pass were dispatched, following Jun Xiaoyao, preparing to watch a big show.

There are also Jin Guxuan, Qinghong, Hongling, the black cloak, and others, who also flashed their eyes and followed behind.

For a time, the Tianjiao of the entire Hulao Pass, under the leadership of Jun Xiaoyao, formed a mighty river and went to the Hell Star Dojo.

[Chapter 548: Arrive at the Hell Star Dojo, get off the horse, and 3 small giants appear](#)

The Hell Star is located in the void a million miles outside Hulao Pass.

It is a dark red star shrouded in ominous.

And beyond Hell, there is a magnificent dojo, suspended in the void.

This is the place where Dilu Tianjiao prepares and settles for his experience.

There is also the teleportation array leading to the \*\*\*\* star, also here.

And at this moment, in the starry sky not far from the Hell Star Dojo.

The mighty flow of people came surging, like a rushing Tianhe, across the void.

And the one in the lead, standing on top of the nine-color peacock, standing with his hands in his hands, his clothes floating, like a real fairy and dust.

"what happened?"

"A lot of breaths are coming, oh my god, those arrogant talents from Hulao Pass are all here!"

"Look, the one headed is the rumored son of the Jun Family!"

So many people coming, obviously also attracted the attention of Tianjiao in the dojo.

Hell Star is about to open, and they are also preparing.

"Is that \*\*\*\* star?"

Jun Xiaoyao looked at the dark red star.

The whole star is like a dark red monster eye, carrying a drop of blood.

A wisp of blood-colored mist, like a horse, entangled outside the star.

Because of Jun Xiaoyao's primordial spirit, he can feel that this \*\*\*\* star is shrouded in monstrous resentment.

"Is it really a dangerous place where those Tianjiao who died on the road of Dilu, converged with resentment?" Jun Xiaoyao thought to himself.

Afterwards, Jun Xiaoyao turned to look at the dojo suspended in the starry sky.

He can also feel that there are many powerful auras hidden in the dojo.

Tianjiao who dare to go to the \*\*\*\* star experience has two brushes, which are not comparable to ordinary mediocrities.

And in this powerful aura, Jun Xiaoyao can also feel the incomparably powerful aura of the three realms.

If the breath of those arrogances is a fire.

Then these three powerful breaths are like the sun.

boom!

In the Hell Star Dojo, the three breaths rose almost simultaneously.

A breath, with a golden Buddha light, as if possessing the great power to save sentient beings.

A breath, extremely fierce, turned into a terrifying sword aura, as if it could cut thousands of miles of void.

A breath, vast and boundless, like an ocean, surging mana, surging out like a big wave breaking a bank.

These three breaths spewed out like a volcano, and then Qi Qigai pressed towards Jun Xiaoyao!

Feeling the three terrifying auras that came from crushing, those who followed Hulao Guan Tianjiao's eyes flashed.

This is not to show up yet, do you want to give the Jun's \*\*\*\* son a smash?

Jun Xiaoyao's complexion was flat, feeling the breath coming from the cover.

He snorted and flicked his sleeves.

The breath broke out, and the universe broke apart, as if a supreme fairy king had awakened, the breath was so powerful that it was trembling!

boom!

The three crushed auras were directly destroyed by Jun Xiaoyao's hand!

With the breath of one person, Jun Xiaoyao resisted the breath of the three little giants, and he was still crushing!

This caused Tianjiao in the rear to take another deep breath.

At this moment, indifference laughter came from the dojo.

"Hehe, you deserve the courage to take away this prince's chance, Jun Xiaoyao, you, the first person in the young generation in the Wild Heaven Immortal Realm, really have something."

With this cold voice came out.

In a building in the dojo, a big wave suddenly turned into a jet of water, and a figure appeared.

This is a young man with a handsome face, with long sea-blue hair shed lightly.

He is wearing a seven sea dragon armor and holding a sea king trident.

It was the third prince of the sea \*\*\*\* from the ancient Neptune star domain.

His eyes first glanced at Jun Xiaoyao, and then swept slightly, but he didn't see the figure.

"Where did the fish beauty go?" The third prince of the Seagod was slightly puzzled.

But he didn't think too much, the main energy at the moment still had to be placed on Jun Xiaoyao.

In another dojo building, a golden Buddha light surged out.

Many Tianjiao who were illuminated by the light of this Buddha were in a trance, as if they had a kind of worship.

After a while, they woke up in shock, with a deep shock in their eyes.

Just a ray of Buddha's light shakes their minds. How terrifying is that Jade Buddha?

In the light of Buddha, the figure of Jade Buddha also appeared.

He is dressed in jade-white Zen clothes, with a jade-like face and a smile, like a Buddha smiling with flowers.

He was not the only one who showed up.

Those arrogant followers who were saved by others also followed.

Next, the nine lions who were suppressed, saw the long-lost figure of Jun Xiaoyao, it was crying with tears.

"Master, master, it's me, nine lions, oh, you are finally here, I'm so bitter!" the nine lions cried, with tears in their eyes, as if they had seen their closest relatives.

"Dog left, it seems that you are quite energetic, but I don't have to worry about you." Jun Xiaoyao smiled.

The tears of the nine lions stopped immediately.

Some Tianjiao around, all looked at the nine lions with weird eyes.

Dog left, this name...

"Master, reunion after a long time, can you not mention my dark history?" The nine lions grinned, grinding their teeth.

Jun Xiaoyao shook his head slightly, his eyes fell on Jade Buddha, his expression condensed slightly.

This jade Buddha really has something.

Not only is his own strength strong, it seems that the power of the Primordial God is far beyond ordinary Tianjiao.

"No wonder it can save others." Jun Xiaoyao secretly said.

"You are Jun Xiaoyao, insulting a weak woman, but you have the demeanor of your son." Jade Buddha still squinted and smiled.

"Master Buddha, you must suppress this hen!"

Under Jun Xiaoyao's feet, the nine-color peacock uttered words with hope in his tone.

She hoped that Jade Buddha could suppress Jun Xiaoyao and let her breath out.

"Noisy." Jun Xiaoyao stepped on it.

The nine-color peacock screamed.

Yufozi smiled slightly.

"Why don't you continue to laugh, always squinting, do you really think that squinting is a monster?" Jun Xiaoyao sneered at the corner of his lips.

He is also extremely bored of such hypocrites.

"Huh, why bother with this person, anyway, as long as he dares to enter the Hell Star, he won't even want to come out alive!"

Suddenly, a cold drink came out.

A swordsman in a blue shirt stood up with a flying sword on his foot, the space around his body was trembling, and the sword energy was vigorous.

It is the sword of the void.

It's just that at this moment, he is the deity ~www.mtlnovel.com~, and the aura is much stronger than that of the previous Kunpeng Nest.

When Void Jianzi appeared, Jun Xiaoyao could clearly feel that he had comprehended the empty book.

When Void Jianzi saw Jun Xiaoyao, he could feel the space around Jun Xiaoyao trembling slightly.

"Could it...could it be!" In the eyes of Void Jianzi, he exploded with a shot of three feet of fine light.

Empty book!

On Jun Xiaoyao, there is another half-volume empty book he dreams of.

Void Jianzi took a deep breath, suppressing the excitement in his heart.

He must get half an empty book, even if he pays any price.

Jun Xiaoyao and Xukong Jianzi have deep eyes.

They had a good understanding, and they didn't talk about breaking the empty book.

At that time, it's up to who can get half of the empty book on the other side.

[Chapter 549: The gift given by this \\*\\*\\*\\* son can be liked, the flesh against the supreme weapon,...](#)

The appearance of the three small giants undoubtedly pushed the atmosphere to a high point.

The air was filled with a strong smell of gunpowder.

The third prince of the Sea God said coldly: "Jun Xiaoyao, although you are not weak, this emperor road is not yours alone."

"Now hand over Kunpeng's great supernatural powers, Kunpeng's true blood, etc. This prince can choose not to be your enemy."

The Third Poseidon is not stupid.

Although it is unlikely that the Jun family will personally intervene in the battle of Emperor Road.

But the background of Jun Xiaoyao is there.

Even if he was the third prince of the Ancient Neptune Star Region, he had to be a little jealous.

Therefore, if he can directly benefit, he does not need to be an enemy of Jun Xiaoyao.

The price paid was too great.

Jun Xiaoyao smiled and nodded slightly and said, "You are right, this \*\*\*\* son does have something to give you."

After all, Jun Xiaoyao clapped his hands.

Mu Yuehan on the side, with a hint of irony in her beautiful eyes, threw something wrapped in cloth to the third prince of the Seagod.

"Oh? Could it have been prepared long ago?" The third prince of the Seagod revealed a trace of doubt.

He took the thing and opened it.

Suddenly, a \*\*\*\* woman's head with a frightened and distorted expression appeared in front of him.

boom!

The third prince of the Sea God was struck by lightning, his brain roared!

"Fish Mermaid!"

The pupils of the third prince of Poseidon shrank to the size of a needle eye, and then leaned back to the sky, and the sea-blue hair danced wildly, and the whole person was angry.

Although Yumei is only one of his Taoists, she is the one he values and loves most.

As a result, there was only a cold head left.

"How about it, do you still like this gift from this god?" Jun Xiaoyao held his hand, the corner of his mouth still had the gentle and indifferent smile.

Seeing this scene, many Dilu Tianjiao are chilling.

It is said that Jade Buddha is a smiling tiger.

How do you feel now, the degree of black abdomen of the Jun Family God's son is not too much.

"This prince wants you to die!"

The third prince of Poseidon was holding the Trident of Poseidon, and violently stabbed Jun Xiaoyao directly.

Now, no one is afraid of any monarch or background.

Jun Xiaoyao has already stepped on his head, if he still swallows his breath, his heart will collapse.

The golden sea king trident, with a supreme secret power, stabs at Jun Xiaoyao.

This is a rare supreme weapon.

In the ancient star field of Neptune, there is a real imperial soldier, the Poseidon Trident.

And this Trident of the Sea King, although it is an imitation of the Trident of Sea God, its level has reached the level of a supreme weapon.

The attack of the Third Seagod's prince blasted out, like a sky full of stars, all surging out with the Neptune Trident, and the power was frightening.

Upon seeing this, Jun Xiaoyao didn't sacrifice the mother of all things, but stretched out a hand flatly.

This scene caused many Dilu Tianjiao around to stare.

"Don't tell me the son of the Jun family wants to resist the supreme weapon with a physical body?"

"How is this possible, even if it is the ancient sacramental body, it is impossible to resist the supreme weapon without the cultivation of the home!"

Jun Xiaoyao's move surprised everyone.

A coldness flashed in the eyes of the Third Prince of the Sea God.

If he could kill Jun Xiaoyao in this way, then he might really make a sensation in Emperor Road.

As for the consequences?

Jun Xiaoyao killed his Taoist companion and stepped on his head to humiliate him. What consequences can he manage?

"Die!"

The third prince of the Sea God burst into the power of the saint, holding the Trident of the Sea King, and piercing Jun Xiaoyao in the chest.

Jun Xiaoyao stretched out \*\*\*\* flatly.

Clang!

As if two shots of heavenly soldiers were colliding, sparks burst out.

The next moment, the third prince of Seagod was dumbfounded.

Jun Xiaoyao clamped the tip of the trident with his index and middle fingers.

The power that was as vast as the sea was directly in Jun Xiaoyao's \*\*\*\* and stopped completely.

All around watching Tianjiao, their pupils shrank, and their minds suddenly shook.

"Is it really blocked?"

"What kind of evil body is the son of the Jun family?"

"The ridiculous ancient Eucharist of the Lord of the Gods, how many shackles have been broken, how can the physical body be so strong?"

All Tianjiao are incredible.

Resisting the supreme weapon with the physical body, this is a long time to see!

"A strong body, not much weaker than the master." In the dark, the man in the black cloak also whispered in surprise.

"You..." The third prince of the Seagod looked dazed.

His arm shook, and the saint's mana was poured into it, trying to shake Jun Xiaoyao's fingers away.

However, Jun Xiaoyao's fingers seemed to contain billions of billions of power, and locked the Sea King Trident.

"Let go!" There was a sense of anger in the eyes of the Seagod Third Prince.

This is too humiliating and detracts from his reputation.

Jun Xiaoyao snapped his fingers, and the terrifying counter-shock force surged out, and the entire Sea King Trident was buzzing, directly bending out a curve.

Then the expression of the Third Seagod Prince suddenly changed, and he quickly let go.

But the power of horror still hit him.

Although the third prince of the Seagod had seven sea dragon armors on his body for protection, he still groaned from the shock, and his mouth was full of sweetness.

There was a look of horror in his eyes.

You know, this is just a flick of Jun Xiaoyao.

"Even the third prince of Seagod retreated with a finger?"

The eyes of Void Jianzi and Yufozi condensed slightly.

They never despised Jun Xiaoyao.

But Jun Xiaoyao's performance was still somewhat beyond their expectations.

"I don't believe it, come again!" The third prince of the Seagod looked ashamed and was about to make another move, ashamed.

At this time, a cold shout sounded.

"Stop it!"

In the dojo, a figure walked through the air, a leader of Hulao Pass.

"Hell Star is about to start, you can fight whatever you want back then, but now you are in the dojo, don't mess around!"

The commander had a hard and indifferent expression, like a selfless judge with iron face.

However, the third prince of the Sea God was a little bit angry.

When Jun Xiaoyao shot, why didn't he show up to preside over the rules.

Now he was at a loss and wanted to fight back, but the leader showed up.

Do you look down on people so much!

"Then let's talk about it when the time comes, after all, this \*\*\*\* child is the most law-abiding." Jun Xiaoyao smiled lightly, not in a hurry.

This makes countless people complain.

Who said that the sword gate should be closed in blood?

Who killed people in public at Hulao Pass?

"Zunji and law-abiding monarchs are free, sincerely I am not deceiving~www.mtlnovel.com~ some arrogants are complaining.

Jade Buddha took a deep look at Jun Xiaoyao, then looked at the peacock under his seat and said: "Kong Xuan, bear with me for a while, I will naturally save you."

The Void Sword's eyes also contained the intent to fight, and he had to get the empty book on Jun Xiaoyao.

The third prince of the sea god, holding the head of the fish mermaid, with a deep coldness in his eyes.

He didn't say anything, but obviously, the enmity between him and Jun Xiaoyao is endless.

Just as the atmosphere eased slightly.

Suddenly, the dark red \*\*\*\* star in the distance began to tremble slightly.

A terrifying force of resentment turned into a billowing dark red thick fog, which almost enveloped the entire \*\*\*\* star.

"It seems that the difficulty of the trial this time is more severe than before. Will the nineteenth floor of the legendary Hell Star be opened?"

There is a solemn color in the eyes of the commander.

#### [Chapter 550: 7 incredibles, the 19th floor of the Hell Star](#)

Hell Star can be said to be one of the most dangerous trial sites on this emperor road.

Ten arrogances who can live out of it will not keep one in ten.

But even so, there are countless Tianjiao going forward.

Because in Hell Star, there is a chance to find the essence of condensing immortality.

Even if you have better luck and find a celestial marrow vein, then it will be regarded as a chance against the sky and fully developed.

Of course, the fairy marrow veins are very rare, and they are generally located in the depths of the Hell Star.

"Next, I will tell you some rules about the Hell Star. Listen carefully. If your life is not guaranteed, don't blame me." The commander said.

"The Hell Star has eighteen layers from the surface to the depths. Of course, in addition to this, there is an additional layer, the nineteenth layer. I think you have also heard of it." Commander said.

"The nineteenth floor of the Hell Star is in the legend..." A Tianjiao seemed to have thought of something, his face was blue, and he looked a little frightened.

"Yes, one of the seven incredible things, the nineteenth floor of the Hell Star, that is definitely not a place you can enter."

"However, in the past, the nineteenth floor of the Hell Star was generally not opened, but this time it may be possible."

If you command it, all Tianjiao in the dojo will look more solemn than ever.

"One of the seven incredible things, the nineteenth floor of the Hell Star..." Jun Xiaoyao muttered to himself.

At this time, Jun Xiaoyao suddenly realized that the nineteenth floor of the seven incredible hells referred to the nineteenth floor of the Hell Star.

As we all know, there are eighteen layers of hell.

The nineteenth floor is very meaningful, no one knows what is in it.

Because the people who went in did not come out alive.

The leader continued: "No more talk about the nineteenth floor. As long as you don't die, don't go in."

"As for the remaining eighteen floors, every next floor will have a field, suppressing one-tenth of your ability."

"For example, the first six levels are the suppression of the physical body, and each next level will put your physical bodies with shackles, suppressing one-tenth of the power."

"Finally, when you reach the sixth floor, you only have four-tenths of the power left in your physical bodies."

"After the next six levels, there is a restriction on mana. Just like the physical body, when you enter the twelfth level, you will only have four tenths of mana left."

"The last six levels are the suppression of the soul. If you can reach the eighteenth floor, the power of the soul will also be left only four tenths."

"In other words, if you get to the bottom, you will only have four tenths of your ability in all aspects."

These words of the commander silenced all the Tianjiao in the dojo and swallowed deeply.

"This... In the end, only four-tenths of the strength remains, how can this be played?"

"That's right, Hell Star is already dangerous, and only four tenths of the strength is left. Isn't that going to die?"

Many Tianjiao feel that this is no different from sending death.

"Who made you go down to the eighteenth floor? If you don't have enough ability, you will be mixed in the upper level. You are really timid, and you can withdraw." The leader said indifferently.

These arrogances secretly gritted their teeth and are unwilling to give up.

If they are timid and retreat, it will have a great impact on their Dao Xin.

"Hey, I'm afraid there are only small giants, as well as the Junjia Shenzi and others, who are qualified to go deeper." Some Tianjiao faintly looked at Jun Xiaoyao.

They were curious as to whether Jun Xiaoyao had the ability to reach the eighteenth floor of the Hell Star.

"Okay, you guys should prepare for it. It should be turned on in a few days."

After the commander finished speaking, he looked at Jun Xiaoyao, Jade Buddha, Void Sword, and Seagod's Third Prince. Then, with a wave of his palm, the four streams of light fell on them respectively.

"This is..." Jun Xiaoyao reached out and took it, and found that it was actually a jade charm.

"This jade talisman can resist the constraints of the \*\*\*\* star's field within a quarter of an hour."

"That is to say, within a quarter of an hour, no matter which layer you are on, you can fully exert your full strength." Commander said.

"What, there is such a good thing?"

When other Tianjiao heard it, their eyes all burst into light.

This jade talisman is simply a life-saving talisman at a critical moment.

"Dare to ask Master Commander, where is our jade talisman?" a Tianjiao asked with his hands.

"You?" The leader glanced at him lightly: "No."

"How can this be done, this is not fair!" Many Tianjiao shouted.

"If you have their talents, strength and family background, you can ask me for it. If you don't, don't beep." The commander waved his hand and ignored it.

All Tianjiao looks ugly.

This is the privileged class.

But they can't say anything to refute.

The third prince of the sea \*\*\*\* is the prince of the ancient star field of Neptune, the Void Sword behind the Void Sword, but a famous supreme powerhouse.

Jade Buddha is backed by the immortal ancient teaching Xiaoxitian.

As for Jun Xiaoyao...

Let alone, the background is the most prominent of the four, backed by two great ancient families.

Tianjiao, who can have such a background?

And they still don't know that Jun Xiaoyao is the lord of the Emperor's Court. If they knew it, they would be even more shocked.

Jun Xiaoyao is simply a pronoun of power, and he is the only one who dares to ignore the rules of the emperor's road, and no one dares to blame him.

"Evil privileged class..." You Tianjiao gritted his teeth secretly, but there was no way.

this is the truth.

"It's not bad to use your full strength in a quarter of an hour."

Jun Xiaoyao was not polite and put it away.

What fairness and justice are all tricks to deceive children.

It is the \*\*\*\* to have the advantage and not take it.

In the next few days, it was calm and nothing happened.

Yufozi and the others also exercised restraint and didn't bother with Jun Xiaoyao.

But obviously, after entering the Hell Star, there will be a fierce battle.

Finally, about seven or eight days passed.

The Hell Star in the distance trembles again, all kinds of resentment, hatred, and other negative emotions are boiling, as if it turned into a substantial blood mist.

Even if there is a distance between the dojo and the star of hell, the arrogant people can feel that shudder.

Suddenly, some Tianjiao began to play drums in their hearts and gave up.

"Well, the teleportation array will be opened. After you step in, you will immediately teleport to all corners of the \*\*\*\* star."

The commander appeared and opened the teleportation formation of the dojo.

Jun Xiaoyao, Mu Yuehan, King Wing Xiaopeng and others appeared.

Yufozi~[www.mtlnovel.com](http://www.mtlnovel.com)~ Void Jianzi and others also appeared.

The third prince of the Sea God, with a look of vulture, cast a cold glance at Jun Xiaoyao.

Jun Xiaoyao was calm and composed, completely ignoring any gaze.

"Let's go." Jun Xiaoyao stepped, the first to enter the teleportation formation.

The other Tianjiao also stepped into the teleportation formation one after another.

Jin Guxuan, Qinghong, Hongling, and the man in the black robe cloak also stepped into it.

Of course, not all Tianjiao had this courage, and some Tianjiao remained.

Nine lions and Kong Xuan were also left behind and did not enter the Hell Star.

"Master, you must teach that long-haired bald donkey to be a man!" the nine lions roared.

"Impossible, my Buddhist master is really invincible!" Kong Xuan retorted.
