### [Chapter 551: The new sign-in place is refreshed, the 19th floor of Hell Star, powerful...](#)

"Huh, stinky lady, you know what a fart." Nine lions and nine mouths were shouting at the same time.

"You..." Kong Xuan's eyes were cold.

At this time, the leader offered a bronze mirror, and after a while, all corners of Hell Star were reflected.

Of course, the only thing that was not reflected was the legendary nineteenth floor.

There is a special mysterious field there, no magic weapon or means can be peeped.

"It just so happens that you can open your eyes and watch how the long-haired bald donkey was abused by my master." Nine lions shouted.

"Maybe at that time, what you will see is the embarrassing scene of the Jun Family God." Kong Xuan retorted coldly.

At this moment, in the void, suddenly an old man in white appeared.

When he saw the old man, the leader jumped his eyelids and hurriedly said, "I have seen the guardian!"

This old man is the guardian of Hulao Pass, Chongming Supreme.

"What, even Master Guardian is here?"

Many Tianjiao who did not enter the Hell Star below were extremely surprised.

"Hehe, just a little curious and interested." Chongming Zhizun said.

"It seems that Lord Guardian should have come for the son of the Jun family." The commander thought to himself.

If it weren't for Jun Xiaoyao's move, presumably Chongming Supreme wouldn't have this interest, coming to \*\*\*\* to watch the stars.

Although Tianjiao such as Yufozi is strong, but still can not arouse the interest of Chongming Supreme.

"Not only entered the Bronze Immortal Palace, but also came out alive, and even took control of the Bronze Immortal Palace."

"Jun's son, this time, will you create an impossible miracle again?" Chongming Zhizun was curious.

...

Hell Star, somewhere on a barren and desolate land.

A quaint teleportation array released a burst of light.

Immediately, Jun Xiaoyao's figure flashed out of it.

"Is this \*\*\*\* star?"

Jun Xiaoyao looked at it, and the earth was dark red, as if it had been dyed red by the deposited blood.

The mountains filled with the meaning of recklessness, like the white skeleton of the ancient beasts, are desolate and desolate.

There are bones everywhere on the earth, not only human monks, but also various creatures and aliens.

"It really is an ominous place." Jun Xiaoyao said to himself.

However, he cherished the ancient sacrament and was born to restrain all kinds of evil spirits. This kind of trial ground was quite suitable for him.

Jun Xiaoyao walked forward, and after a short while, he encountered a group of humans and demons unique to Hell Stars.

Before entering the Hell Star, the commander explained a little bit.

In Hell Star, because of the gathering of resentments, terrifying demonized creatures, such as human demons and monsters, have formed.

Generally speaking, the gods, the earth demons, and the human demons are the most important magical things.

Human demon, wandering on the surface of the \*\*\*\* star.

The demons live underground.

As for the demon, it is a group of magical thoughts, without substance, but this kind is often more weird and terrifying.

The group of humans and demons in front of them were covered in black scale armor and had a fierce face.

With this kind of existence, Jun Xiaoyao can be killed by a finger.

Between his fingers, the sword aura of the Slaughter Immortal Sword Jue burst out, sweeping away all the humans and demons in front of him.

"The fairy marrow is generally located underground, and the rare fairy marrow veins are more likely to encounter the existence of the heavenly demon emperor, the earth demon emperor, etc." Jun Xiaoyao muttered to himself.

The Heaven Demon Emperor, the Earth Demon Emperor, is a boss-like existence among the Heaven Demon and the Earth Demon. According to the commander's words, almost all of them are the combat power of the Saint Dzogchen level.

If you are unlucky, it is possible even to meet the Saint King level.

But as far as Jun Xiaoyao is concerned, there is no fear. His only goal is to obtain the fairy marrow and condense the fairy energy.

Next, Jun Xiaoyao began to look for an entrance into the underground.

The other parties, Jade Buddha, Void Sword, Third Prince of the Sea God and others, also pushed all the way.

The human demons on the surface could not hinder them at all.

They also decided to find a way to condense the second immortal energy before dealing with Jun Xiaoyao.

These surface human demons, although they could not form the slightest obstacle to these little giant Tianjiao.

But if the rest of the Tianjiao encounters, they will be entangled, maybe they will fall.

Soon, those Tianjiao who entered the \*\*\*\* star suffered casualties.

Some Tianjiao was directly besieged by a group of demons, torn into pieces, and swallowed up.

On the other side of the dojo, the brutal scene of the light curtain turned into a bronze mirror made the rest of the Tianjiao who had not entered the Hell Star turned pale and had lingering fears.

It seems that sometimes it's not a bad thing to be counseled.

"Look, the son of the Jun Family has found the entrance!" A Tianjiao suddenly exclaimed.

All eyes are gathered away.

On the side of Hell Star, Jun Xiaoyao stopped.

In front of him, there appeared a bottomless pit like an abyss, without bottom, as if going straight to hell.

The breath of coldness and coldness exudes, and there is a strong smell of blood rising, which is prohibitive.

"Is this the entrance? Below should be the first layer of Hell Star." Jun Xiaoyao secretly said.

From the surface of the earth to its extension, the \*\*\*\* star has eighteen layers.

As for the legendary nineteenth floor, it should be almost the core of the Hell Star.

Maybe there are hidden secrets of the formation of the \*\*\*\* star.

"One of the seven incredible things, the nineteenth floor of the Hell Star, if you have a chance, do you want to go in and take a look?" Jun Xiaoyao was thinking.

At this time, the voice of the system came into his mind.

"Ding, congratulations to the host, the new sign-in place has been refreshed, please sign in on the nineteenth floor of Hell Star!"

When Jun Xiaoyao heard this, he was a little embarrassed and said: "System, do you want me to die like that?"

These sign-in places are either the burial world, the bronze fairy hall, or the nineteenth floor of hell.

They are all places like the underworld.

Does the system think he is not enough to die?

"The system serves the host wholeheartedly, and there is absolutely no bad heart, and absolutely no idea of killing the host." The system replied with a mechanical voice.

"Well, I believe you." Jun Xiaoyao said.

He himself didn't believe what he said.

Of course, this is just an episode, and Jun Xiaoyao is indeed interested in the legendary nineteenth floor of hell.

Next, Jun Xiaoyao descended to the first floor.

After descending to the first floor, Jun Xiaoyao's body surface seemed to have a shackles faintly emerging.

As this shackle emerged, Jun Xiaoyao felt that his physical strength had been suppressed by a tenth.

Because I knew that Jun Xiaoyao didn't panic.

With his physical strength, let alone weakening by one tenth, it is weakened to only one percent of the strength, which is far more than the same rank Tianjiao.

Jun Xiaoyao continued to move forward ~www.mtlnovel.com~ at the same time as he went deeper, he also encountered the demons.

This kind of earth demons, compared to human demons, looks more ferocious, like wild beasts.

Of course, the strength is also stronger, and the weakest cultivation base is Dao Shen Realm Great Perfection.

However, with Jun Xiaoyao's cultivation base, naturally he pushed all the way.

Along the way, he was also searching for the fairy marrow.

At the same time, in another place underground.

A man in a black robe cloak slayed a group of earth demons.

On the surface of his body, two fairy qi appeared vaguely, and the second fairy qi was slightly illusory.

This is enough to shock everyone.

Such cultivation is enough to be called a small giant.

But he is unknown!

[Chapter 552: The plan to besiege Jun Xiaoyao, the fairy marrow veins, the Demon Emperor appears...](#)

"How come that black robe cloak man has the strength of a small giant?"

In the dojo beyond the stars of hell.

Some Tianjiao noticed the man in the black cloak through the light curtain of the bronze mirror.

"Huh?" Even the commander was a little surprised.

Such Tianjiao, logically speaking, should be as famous as Jade Buddha, Void Sword, Third Prince of the Sea God and others.

But he was extremely low-key, and he didn't even show his appearance.

"Could it be that it was sent by the Taboo Tianjiao on the Ultimate Ancient Road..."

Chongming Supreme has deep eyes.

As the guardian of the Imperial Pass, he knew very well.

There are some enchanting Tianjiao who dominate the ancient road, which can be called taboo, and they are destined to reach the end of the ultimate ancient road.

These taboo arrogances, even if they are just followers, have the strength above the small giants.

Some taboo Tianjiao also like to send some followers to various ancient roads to inquire about the intelligence and news of Tianjiao from all sides and plan ahead.

And this man in the black cloak, if not unexpected, should also be the taboo Tianjiao on the ultimate ancient road, sent out to inquire about the news.

"I don't know which of the taboo Tianjiao's subordinates sent, but... if it provokes the king's \*\*\*\* son..."  
Chongming Zhizun shook his head.

Even if it is a taboo Tianjiao, if you provoke the son of the king's family, there is probably no good fruit to eat.

Just when everyone in the Hell Star Dojo was amazed.

The man in the black robe cloak thought about it: "The \*\*\*\* son of the Jun family has not fully grown up yet. I heard that even the immortal energy has not yet condensed."

"If this is the time to take action and remove the roots, maybe it can solve a hidden danger for the master."

"But he has a jade talisman that can temporarily release the suppression. To be on the safe side, it is not safe for me to act alone."

"By the way, there seemed to be a few people who had shown hostility towards the prince's son..."

The man in the black cloak murmured to himself, a sharp glow flashed in his eyes, his figure flashed, and he started to go to other places.

On Jun Xiaoyao's side, he moved very fast, but within half an hour, he found the entrance to the second floor.

He continued to go deeper, and a shackle appeared on his flesh again.

However, this kind of shackles were dispensable to Jun Xiaoyao.

Soon, after killing a group of earth demons, Jun Xiaoyao found a piece of chalcedony in a cave-like place. This chalcedony is crystal clear and entwines the fairy qi, its pure energy is more refined than the fairy source.

"Yes, but what I want is not just a piece of fairy marrow." Jun Xiaoyao put away the fairy marrow.

For him, it's a piece of magic, but a drop in the bucket.

What he needs is a mineral vein of fairy marrow!

But obviously, it is impossible for the Celestial Marrow Vein to appear in the first few layers.

At least ten floors deep.

Jun Xiaoyao pushed all the way horizontally, sinking at a very fast speed as if he was about to penetrate the \*\*\*\* star.

In the Hell Star Dojo, many people just stared at it.

Jun Xiaoyao's speed is simply shocking.

Any magical thing is not Jun Xiaoyao's enemy.

"Have you seen it, stinky lady, keep your eyes open, this is the strength of my master!" The nine lions cried out.

As for Kong Xuan, she was silent, with stubbornness in her eyes.

She believed that Jade Buddha would not be weaker than Jun Xiaoyao.

The fact is also true. Although the speed of Jade Buddha and the others is not as fast as Jun Xiaoyao, it is definitely not slow.

In another place, the whole body was radiant, the Golden Ancient Profound, who was the infinite golden spirit, had reached the seventh floor.

Because he is Tao Jin transforming the spirit, the physical limitations have little effect on him.

His physical body is already stronger than many Tianjiao.

After he killed a group of earth demons, he seemed to have suddenly noticed something, and suddenly turned around and said coldly, "Who is it?"

In the cave behind, the figure of a man in a black robe cloak appeared.

"Ah you are....."

"I'll just tell you the truth, are you interested in killing the son of the king's family together?" The black robe cloak said humanely.

"Exterminate the king's \*\*\*\* son?" Jin Guxuan frowned slightly.

Although Jun Xiaoyao killed his fellow Taoist Geng Jin Shiling.

But where Jun Xiaoyao's strength lies, he still has a jade charm that ignores the suppression of the field of vision.

It is definitely not that simple to kill Jun Xiaoyao.

Seeing Jin Guxuan's hesitation, the figure in the black robe cloak was slightly shocked.

The aura of the saint realm small perfection exudes.

At the same time two fairy qi appeared, one of which was the embryonic form of fairy qi.

"How is this possible, little giant, who are you?" Jin Guxuan was also shocked, very surprised.

"You don't need to know, just answer yes or no." The man in the black cloak said lightly.

"Okay, if you are sure." Jin Guxuan agreed.

"Very well, next, I have to find other people." The man in the black robe cloak sneered.

Afterwards, he went to find Qinghong, Hongling and others.

They are the followers of Long Xuhuang and Huang Jiuyan, strictly speaking, they are also opposite to Jun Xiaoyao.

Originally, they were hesitant, but after seeing the cultivation of the black cloak man, they still agreed without hesitation.

As for the Jade Buddhazi and others, they have gone deeper and deeper, looking for the fairy marrow veins, and condensing the fairy energy.

And with their pride, they disdain to join hands with others.

After about seven or eight days.

Jun Xiaoyao has reached the fourteenth floor of Hell Star.

At this point, his physical body and mana were suppressed to four tenths, and the soul was suppressed by two tenths.

"What a rich spiritual energy, there should be the fairy marrow veins ahead." Jun Xiao wandered around in the courtyard, but in this fierce place, he seemed to be visiting his back garden.

As for the limitation of the field, for him, there is not much impact at all.

In the cave in front, the fairy light surging like a sea tide.

Jun Xiaoyao glanced at it, and saw a crystal clear vein of fairy marrow, stretching for several miles.

Although it is not particularly long, you must know that even a piece of fairy marrow is extremely precious.

But right now, there are several miles of celestial veins.

Of course, although the opportunities are precious, there are also many demons around the mineral veins.

Otherwise, Jun Xiaoyao also felt a few powerful breaths.

"Devil Emperor?" Jun Xiaoyao said.

"There is fresh blood again!"

Three terrifying figures appeared, each with the cultivation base of the Saint Dzigchen  
~www.mtlnovel.com~ is exactly the three-headed Demon King.

In addition, there are densely packed, hundreds of earth demons.

"It's a little trouble, but it's okay." Jun Xiaoyao's face was pale.

He sacrificed the mother of all things, and the killing began.

In the Hell Star Dojo, when you saw Jun Xiaoyao facing the three-headed Demon Emperor alone, there were many other Demon Emperors.

Even the nine lions stopped talking and raised their throats.

You know, the current Jun Xiaoyao is in a state of being suppressed by the field.

Although he had a jade charm, it was an emergency life-saving thing, and it only took a quarter of an hour.

Just when everyone is nervously paying attention.

They also saw a scene impressively.

"It's over, now the Emperor's Son is really dangerous..."

[Chapter 553: Heavenly Demon Emperor Mo Nian, set the game under the set, the follower of the overlord](#)

On the edge of the fairy marrow veins, I looked at the three-headed Demon Emperor and many of them.

Jun Xiaoyao looked lightly.

Now although his physical power and mana have been suppressed by 60%, the power of the soul has also been suppressed by two levels.

But he has the title of the strongest saint in history.

Although these Demon Sovereigns were powerful, they still seemed inadequate to threaten Jun Xiaoyao's life.

Jun Xiaoyao urged the mother of all things, and suppressed it.

The wisps of motherhood hung down, enough to crush the mountains.

Those earth demons didn't even have time to scream, they were crushed into blood foam.

The three-headed Demon Emperor roared and killed Jun Xiaoyao, and the terrifying blood evil spirit surged.

Unlike Jun Xiaoyao, the strength of these Demon Emperors was not suppressed.

Jun Xiaoyao's palm traversed the path of the mysterious, like Kunpeng waving his tail, sweeping away at the Demon Emperor.

The void set off ripples, and the tracts of Dao patterns rushed out like waves.

boom!

The three Earth Demon Sovereigns were shocked at the same time, and there was a slight tremor in their bloodthirsty scarlet eyes.

Obviously, they had never encountered a human monk who was suppressed yet so powerful.

"It's just some monsters that have been polluted by resentment, and if you succeed or lose, what can you complain about." Jun Xiaoyao's eyes were cold.

Survival of the fittest is the law of the world.

Isn't it normal for the weak to bleed the emperor's road?

Upon hearing Jun Xiaoyao's words, the three Earth Demon Emperors seemed even more angry, and continued to slay Jun Xiaoyao.

Jun Xiaoyao used Kunpeng's great supernatural powers with one hand and the Thunder Emperor's great supernatural powers with the other hand.

His left hand turned into a Kunpeng god, whose mighty power seemed to shatter a void in front of him.

On the right hand, he used the Thunder Emperor's finger, and the thunder light entangled, until the sun, and destroy all evil!

boom!

The three powerful Earth Demon Sovereign, under Jun Xiaoyao's offensive, was completely crushed and screamed.

"dead!"

Jun Xiaoyao urged all things mother Qi Ding, and fell down fiercely.

With a snap.

The three-headed Demon Emperor was directly shocked into blood foam.

At this moment, Jun Xiaoyao's eyes flashed darkly.

He seemed to be aware of something, and the corners of his mouth curled up slightly.

As for him, he didn't show any abnormality, still beheading the remaining demons.

After a while, all the earth demons were beheaded.

Jun Xiaoyao breathed a sigh of relief, and said: "Directly refine this fairy marrow vein."

After that, he sat down cross-legged and began to enter concentration.

And that is at this moment.

Suddenly a cloudy wind blew.

The wisps of blood filled the cave.

There were invisible thought power fluctuations that directly rushed into the mind of Jun Xiaoyao who was sitting cross-eyed with his eyes closed.

In this fairy marrow vein, in addition to the three earth demon emperors, there is still a heaven demon emperor.

The Heavenly Devil Emperor, invisible and invisible, is a group of extremely terrifying magical thoughts, killing people in the invisible.

Even a Tianjiao at the level of a small giant, if it is accidentally swiped and taken advantage of, it is possible for Dao Xin to collapse, directly fall into the demon, and fall into madness.

At this moment, in Jun Xiaoyao's mind.

Endless resentment burst out, like countless fallen Tianjiao resentful spirits, crying in his ears.

At this time, there was movement in Jun Xiaoyao's three-generation soul.

The current soul sitting on the flower of the avenue suddenly opened his eyes, with a cold contempt in his eyes.

"What can you do with me?"

After all, the endless golden light rose into the sky, and a vast ancient Buddha appeared.

It is the great day Tathagata cultivated by the present-world Tathagata.

As soon as the Great Sun Tathagata came out, the Heavenly Demon Emperor's resentful spirit screamed, and began to melt rapidly like spring snow.

Although Jun Xiaoyao's primordial spirit power was suppressed by 20%, his primordial spirit was the three-generation primordial spirit.

Before absorbing the will of the ancient world, the power of the soul is vast, far surpassing the saints of the same rank.

However, looking from the outside world at this moment, Jun Xiaoyao was frowning, as if struggling.

"good chance!"

At this moment, a breath burst out in a dark place far away.

The four figures rushed out like arrows, and used methods at the closed eyes of Jun Xiaoyao.

It is the man in the black robe cloak, Jin Guxuan, Hongling and Qinghong.

They searched all the way down, looking for them under the leadership of the man in the black cloak.

After seeing Jun Xiaoyao being suppressed, and still crushing the three major earth demon emperors, Hongling, Qinghong and others hesitated, and some were afraid to take action.

But who knows, next, Jun Xiaoyao, who was about to refine the fairy marrow vein, was invaded by the Heavenly Devil Emperor.

This is an excellent opportunity to eradicate Jun Xiaoyao.

If they don't make a move, they are all sorry for this god-given opportunity.

Therefore, they did not hesitate to use the strongest means to strike out, and they must join hands to completely kill Jun Xiaoyao!

However, just when the moves of the four of them were about to fall to Jun Xiaoyao.

Jun Xiaoyao's expression suddenly became calm.

The eyelids opened slowly.

That look is as cold as a star outside the sky.

"No, there is fraud!" Jin Guxuan couldn't help but cried out.

Hong Ling and Qing Hong also looked dazed, and never expected this to happen.

That's the Devil Emperor, even a small giant who accidentally invades the primordial spirit, not to mention being crazy, at least will be muddled and struggling in chaos.

But Jun Xiaoyao, how did he feel like a okay person.

"How is it possible, the ancient saint body is unparalleled, but the soul can't be so strong!" The man in the black robe cloak was also very surprised.

"The rat hidden in the dark is not a threat, but it's annoying. It's better to shoot it to death."

Jun Xiaoyao blasted out with a punch, and Kunpeng phantom manifested, sometimes turned into a Kun, sometimes turned into a Peng, with the power of attacking nine days and going down to the town of Jiuyou!

This is exactly a manifestation of Kunpeng's great supernatural power, called Kunpeng Boundless Divine Fist.

"Oh no!"

"Master Huang Jiuyan will not let you go!"

Qing Hong and Hong Ling screamed, obviously they couldn't bear this trick.

"Long Xuhuang and Huang Jiuyan, when I have time, I will definitely go ahead and take their lives."

Jun Xiaoyao's tone was indifferent, and he punched, let alone Qinghong and Hongling.

It was the existence of Jin Guxuan, Dao Jinhualing, who also exploded under this fist.

However, Jun Xiaoyao was slightly surprised.

The man in the black cloak was not killed in seconds.

An illusory clock emerged on his body surface, barely resisting Jun Xiaoyao's blow.

However, it was only tolerable, and the black robe on his surface was torn by the force of the impact, revealing a bronze body.

"Huh? This is..." Jun Xiaoyao showed a different color in his eyes.

He was familiar with this illusory clock.

The incomplete ancient Cangtian Tyrant body Chu Tianba also used this trick in the Burial Ground of Eternal Ages.

It is the Dazhong Dao Body, one of the nine gods of the Tyrant Body.

"The Heavenly Tyrant Body, no, it's not the Heavenly Tyrant Body." Jun Xiaoyao frowned slightly.

He had anticipated it before, but he didn't expect to encounter a person related to the Heavenly Tyrant Body now.

"Who are you?" Jun Xiaoyao said indifferently.

"Heh... Fortunately, there is a drop of blood from the master, the ancient sacred body, what a ridiculous ancient sacred body..." This man, majestic and bloody, had jealous eyes.

He turned around and wanted to escape.

"Master?" Jun Xiaoyao's face was faint, and he stuck out a palm.

With a bang.

This man couldn't stand Jun Xiaoyao's attack at all, and he vomited a big mouth of blood again, his internal organs were almost shattered.

"Your master is the Heavenly Tyrant Body?" Jun Xiaoyao said calmly.

"Cough... wait, the son of the king's family, the master is destined to dominate this era. When you embark on the ultimate ancient road and meet the master, it will be your death date." The man shouted frantically, with a fanatical worship in his eyes. The color.

This is the worship of his master.

"Don't worry, you will see your master in Huangquan soon."

Jun Xiaoyao took it with a palm of his hand, even if the man tried his best to resist, and even sacrificed immortality ~[www.mtlnovel.com](http://www.mtlnovel.com)~, he was still killed by Jun Xiaoyao.

"A drop of blood can make this person manifest some of the abilities of the Heavenly Overlord Body. Could it be that the Overlord, the Overlord, appeared in Chu Tianba's mouth?"

Jun Xiaoyao figured it out.

But he immediately shook his head, no matter what overlord it was, it was the same for him.

His invincible Taoism has long been forged, and he has no fear of any challenge.

"If the overlord really wants to die, I don't mind, let the old grudge between the Eucharist and the overlord be completely ended." Jun Xiaoyao said indifferently.

Although that overlord is the king of overlord body that has never existed before.

But Jun Xiaoyao is also unique in all ages, breaking the ten shackles of the complete ancient sacred body.

It can be said that the two of them are the most perfect representatives of their respective physiques.

This is the ultimate contest between the peak body, and the peak body!

[Chapter 554: The Golden Winged Xiaopeng King was transformed, the fourth fairy qi, the void fairy...](#)

Regarding the matter of Overlord, Jun Xiaoyao didn't think so much.

Anyway, when the time comes to embark on the ultimate ancient road, I will naturally run into it.

If the overlord doesn't know each other, Jun Xiaoyao doesn't mind completely cutting off the overlord.

"Let's refining this fairy marrow vein first." Jun Xiaoyao murmured.

He urged the idols to suppress the prison and sacrificed the heaven and earth oven.

At the same time, it urged the Devouring God Demon Art.

Two kinds of energy of devouring refining exploded, and this fairy marrow vein began to be absorbed by Jun Xiaoyao frantically.

And on his body surface, the embryonic form of Void Immortal Qi emerged.

This semi-imaginary fairy qi prototype also became more and more solid with the absorption of the fairy marrow.

At this moment, on the side of the dojo, everyone who saw this scene was dumbfounded.

They all thought that Jun Xiaoyao was afraid that he was in a fatal crisis and might be in great danger.

Who would have thought that this kind of danger would be easily resolved by Jun Xiaoyao.

"As expected to be the son of the king's family, I thought he would spur Yuyin." The leader also sighed.

"Haha, stinky lady, have you seen it?" When the nine lions saw this, their tails wagged and their eyebrows were flying.

Kong Xuan's face was dull and she stopped talking.

Then, she suddenly saw a scene in the light curtain, and her eyes suddenly burst into surprise.

"Master Buddha also found a mineral vein of fairy marrow, he is about to condense a second immortal energy!" Kong Xuan shouted in surprise.

Everyone had been paying attention to Jun Xiaoyao before, but at this moment, they discovered that Jade Buddha, Void Sword, Third Prince of the Sea God, and others all found a vein of fairy marrow minerals and began to condense the second fairy energy.

"Master Buddha is about to condense the second immortal aura, but Jun Xiaoyao is only condensing the first immortal aura. Which one is stronger and weaker, do you need to talk about it?" Kong Xuan's expression recovered, and she faced the nine lions. Sneered.

The nine lions grinned, with a slight embarrassment on their expressions, and then said forcefully: "What's the matter? Immortal Qi doesn't represent everything."

"If you don't see the coffin, you won't shed tears, then wait and see." Kong Xuan looked expectant, hoping to see the scene of Yufozi suppressing Jun Xiaoyao.

The trial is still going on throughout Hellstar.

The Tianjiao who entered the Hell Star had already died more than half within this short period of time.

Most of the remaining Tianjiao were also active above the tenth floor, and they did not dare to enter below the tenth floor.

Only Jun Xiaoyao and others can go deep without scruples.

In another celestial vein.

Jade Buddha sat cross-legged.

There was Buddha's light shining around him, and his whole temperament was aloof, like a handsome jade Buddha.

Suddenly, at a certain moment, Yufozi felt a little bit, and said lightly: "Come out."

In the front, a heroic figure appeared, the blonde hair was scattered, the wings spread, and it was the Golden Winged Xiaopeng King.

"King Golden Wing Xiaopeng, this Buddha has no grudges against you."

Seeing the visitor, Jade Buddha said lightly.

"I don't care what method you use to confuse Kong Xuan, but you don't deserve to be her master!" Jin Wing Xiaopeng King's pupils burst into cold light.

After hearing the words, Jade Buddha chuckled and shook his head: "The world is fascinated by love. I didn't expect that even the descendants of the Golden Wing Dapeng line would be inevitable. If this is the case, let the Buddha come to save you. "

"not that simple!"

King Jin Wing Xiaopeng shot without hesitation, his wings stretched out, and a hundred thousand sword feathers burst out.

At the same time, behind him, there seemed to be a faint shadow of Kunpeng appearing.

This is not a Kunpeng great supernatural power, but a mysterious change formed by the Golden Winged Xiaopeng King after refining Kunpeng's true blood.

"Oh, no wonder you have confidence, it turned out that Jun Xiaoyao gave you Kunpeng true blood."

The Jade Buddha who saw this scene was slightly surprised, but his face remained calm.

He also shot, and shot out with one hand.

The palm of the hand is like gilt gold with a brilliant Buddha light.

A "卐" Buddha seal appeared, with a vast breath.

With a clear roar from the Golden Winged Xiaopeng King, one hundred thousand sword feathers gathered together and turned into a golden divine sword, cutting away horizontally.

The two immediately collided.

In the external dojo, Kong Xuan's complexion was slightly complicated when she looked at the scene in the light curtain.

She didn't know that King Jin Wing Xiaopeng shot Jade Buddha for her.

However, after another thought, Kong Xuan shook her head slightly, and muttered to herself: "Golden Winged Xiaopeng King, you are still too naive, Lord Buddha can not be challenged by anyone."

In her mind, Jade Buddha is the strongest and supreme being.

King Jin Wing Xiaopeng confronted Jade Buddha, but he hit the stone with the egg.

However, it is true.

However, after dozens of rounds of fighting, the Golden Winged Xiaopeng King was already a bit unable to hold it.

He looked up to the sky and roared, with long golden hair fluttering, and a prototype of fairy qi appeared on his body.

Upon seeing this, Jade Buddha shook his head slightly, and a green fairy air appeared on his body.

It is the bodhi celestial energy he condensed with the mind of Bodhi Buddha.

Jade Buddha entrained Bodhi's immortal energy, suppressed it with a palm, and said in a calm tone: "Golden Winged Roc has a very deep relationship with my Buddha. In the future, you can become the protector of this Buddha."

boom!

With one blow, King Jin Wing Xiaopeng vomited blood and flew out.

Yufozi whispered in his mouth, offering the technique of saving energy.

The magnificent Buddha sounded everywhere.

King Jin Wing Xiaopeng screamed while clutching his head.

But after a while, he stopped struggling, his face was expressionless, only a piece of numbness in his eyes.

"Master." Jin Wing Xiaopeng Wang said without emotion.

"Heh...you protect me outside." Jade Buddha smiled slightly.

"Yes." Jin Wing Xiaopeng Wang nodded slightly.

Seeing this scene in the dojo outside the hell, many Tianjiao felt their scalp tingling.

Xiao Xitian's transformation technique is too weird.

"You said, if the \*\*\*\* son of the Jun family meets, will he be saved?"

"I don't know, but the primordial spirit cultivation base of the \*\*\*\* son of the Jun family does not seem to be weak."

Many people are guessing.

Time passed bit by bit.

Jade Buddha, Void Sword, and Seagod's Third Prince each condensed a second immortal energy with the help of a fairy marrow vein.

Their strength has increased sharply, and they have entered the ranks of the real top arrogance on this emperor road.

"Keep going, I want to see what the eighteenth floor looks like..."

The three small giants unanimously chose to go deeper.

Not only do they have a surge in strength ~[www.mtnovel.com](http://www.mtnovel.com)~, they also have jade charms that are immune to field suppression for a quarter of an hour, so they don't worry about being in danger.

And in about the same time.

Jun Xiaoyao, who was sitting cross-legged on the mineral vein of the fairy marrow, shook his body suddenly.

The entire fairy marrow vein was absorbed by him.

On the surface of his body, the semi-illusory embryonic form of Void Immortal Qi finally condensed completely and turned into a true Void Immortal Qi.

"Finally, the fourth immortal energy." Jun Xiaoyao let out a deep breath.

Everyone thinks that this is the first immortal energy he condenses.

As everyone knows, this is already the fourth immortal energy that Jun Xiaoyao condenses.

"Continue to go down." Jun Xiaoyao hit the road again.

Not only did he go to the nineteenth floor of Hell Star to see, he also had to clean up the three small giants by the way.

### [Chapter 555: 3 small giants gathered together, Lori, the king of the fairy marrow](#)

Right now, the few Tianjiao who are still in the planet of Hell have two brushes.

However, those Tianjiao only dared to experience the tenth floor and above, and did not dare to go deep.

At this moment, on the eighteenth floor of the Hell Star.

Looking around, the entire eighteenth floor of the Hell Star is really like hell, with purgatory flames everywhere, as if it came to the center of the earth.

The suppression of the field here has reached its extreme. Any Tianjiao who falls to this level will be suppressed in all directions, leaving only 40% strength.

At this moment, a golden Buddha palm blasted out, killing the group of earth demons in front.

The one who made the shot was Jade Buddha.

He never kills people, but those earth demons are not strictly human.

Beside Jade Buddhazi, King Jin Wing Xiaopeng followed numbly.

"Ben Fuzi sensed the fairy marrow veins, no... even rarer than normal fairy marrow veins, could it be..." Jade Buddhazi's eyes flickered slightly.

He thought of a rumor that on the eighteenth floor of the Hell Star, there may be a human-shaped fairy king!

This is like the previous Gengjinshiling and Jinguxuan, they are the transformation of \*\*\*\* gold and Daojin.

Strictly speaking, the fairy marrow is also a rare treasure, and it is possible to transform into a human form.

If you can really find the King of Celestial Marrow, whether it is used for refining or branding, for training, it will be of infinite value.

Even with the character of Jade Buddha's heart like water, his breathing at the moment was a little short.

He and the Jin Wing Xiaopeng King who had been saved continue to go deep.

After about an hour, the aura in front of him suddenly became rich.

The mana of the Jade Buddha converged between his pupils and glanced at it.

Awesomely in front of it is an elder vein.

However, this fairy marrow vein was much larger than the one he had seen before.

The celestial spirit is rich, wispy, and overflowing in the air.

And in the depths of the mineral vein, there is a translucent crystal jade cocoon, faintly, you can see a small and exquisite figure, like a baby in the mother's womb, half curled up.

And the power of the entire fairy marrow vein is converging towards that crystal jade cocoon, as if to gather all the powers together to give birth to an amazing existence.

"That is... the king of the fairy marrow!" Jade Buddha couldn't hide the heat in his eyes.

Even with the state of mind he had meditated on, there were waves at this moment.

That is the rare king of the fairy marrow, with infinite value.

And I don't know if it is because of the birth of the king of the fairy marrow here, there is no trace of the demons around.

Just a few steps forward Jade Buddha.

In the other direction, there was the sound of the sea tide, and a figure wearing a seven sea dragon armor and holding a sea king trident appeared, and it was the third prince of the sea god.

He also cultivated two immortal auras. At this moment, his aura was strong. When he saw the king of the immortal marrow, his eyes were sharp.

At the same time, another karst cave in the surrounding area was shocked by the power of space, and a figure broke through the air, a sword of the void.

The three small giants all sensed the fluctuations of the King of Celestial Marrow, and then gathered here.

"Hehe, it seems that we have all locked on the same target." Void Jianzi looked around and said lightly.

"Then Jun Xiaoyao is still in the future, he doesn't even have the strength of the lower eighteenth floor, right?" There was a coldness in the eyes of the third prince of the Seagod.

He also planned to end up with Jun Xiaoyao on Hell Star.

"If he shows up, it will only be suppressed by us." Jade Buddhazi said indifferently.

"Unexpectedly, you actually saved the Golden Winged Xiaopeng King."

Looking at Yufozi, the expressionless Golden Winged Xiaopeng King, Void Jianzi and the Seagod Third Prince were full of jealousy.

Jade Buddha's saving technique is indeed weird and daunting.

"Hehe, the king of the fairy marrow, the Buddha wants it. I don't know if the two can make concessions. I will pay some compensation."

Void Jianzi shook his head slightly and said: "Don't say anything in this kind of scene, let's see the real chapter."

The king of the fairy marrow is so precious that even the supreme will be moved when he sees it, not to mention the arrogance of them who want to condense immortal energy.

If you get the king of fairy marrow, it is not impossible to condense a few more fairy qi.

"Stop talking, let's fight!" The Sea King's trident shook in the hands of the third prince of Seagod.

The three of them had nothing to say, and they shot at the same time.

Mana shocked, and the void trembled.

Even if it was suppressed to only 40% of the strength, the power that the three small giants exploded is still shocking.

When the war started, the three parties all refused to give in, and the terrifying mana ripples shook and swept across the four parties.

The battle between the three was extremely fierce, and the aftermath oscillated out, which actually shook the crystal clear jade cocoon slightly.

After that, all the aura energy in the entire fairy marrow veins converged towards the crystal jade cocoon.

"Ok?"

Yufozi and the three of them are watching.

Click...

On the surface of the crystal jade cocoon, cracks spread.

Immediately, the petite and exquisite figure inside was revealed before their eyes.

It was a loli who looked about seven or eight years old, covered with a dress made of energy.

She has long silver-white hair, a tender face, cute ice and snow, curled and slender eyelashes, and delicate eyebrows.

Perhaps because she is in the form of a fairy marrow, the skin all over her body is as clear as ice and snow, exuding a scent and aura.

It's like a moving ginseng fruit.

"The king of the fairy marrow of transformation!"

When seeing this loli, the eyes of the three Jade Buddhazi burst out.

They can feel that if this girl is refined, they will definitely be able to condense a new fairy energy again!

"King Jin Wing Xiaopeng, catch her!" A strange light flashed in Yu Fozi's eyes.

Jin Wing Xiaopeng Wang fluttered his wings instantly and flew away at the little Lolita.

"what....."

That little loli, who had just conceived and emerged, obviously could not have the same mature and sound thinking as Geng Jin Shi Ling and Jin Gu Xuan.

But she can also instinctively detect a danger.

"Don't... don't eat me!" Little Lori shouted weakly.

call out!

A sword light burst out, blocking the figure of King Golden Wing Xiaopeng.

"The king of the fairy marrow is mine!"

The person who came out of the sword was the Void Sword. It was naturally impossible for him to watch the King of the Fairy Marrow be taken away by the Jade Buddha.

Suddenly, the scene became chaotic again.

Taking advantage of this opportunity, the fairy-marrow-shaped little loli ran away with her slender legs.

Just when Yufozi and others wanted to stop.

With a bang, little Lolita suddenly seemed to hit a wall.

"Damn!"

She sat down on the ground, her slender hands covering her forehead, and she didn't understand why something was blocking her.

"Well, that's..." Yufozi and the three of them condensed.

They were clearly aware that there was a powerful banning force ~ www.mtlnovel.com~ that had imprisoned them all around.

"What's the matter? When I entered before, there was no formation around me?"

Just when their three little giants doubted.

There was a faint sound of footsteps coming from the cave in the distance.

A peerless figure in white clothes walked slowly and stood in front of the little Lolita.

Little Lori looked up and saw a face that was as handsome as a heavenly face.

The perfect breath exuding from him actually made little Lori feel a sense of being close.

Because of her immortalized form, she is also a kind of existence approaching perfection.

So for a more perfect existence, there will naturally be a feeling of wanting to be close.

"Oh? Good luck, the king of the fairy marrow transformed."

The person who appears is naturally Jun Xiaoyao.

[Chapter 556: Jun Xiaoyao gave out to 3 small giants and 4 fairy spirits, all...](#)

Jun Xiaoyao looked at the little Lolita in front of him.

A strong spiritual energy, let people smell, there is a feeling of wanting to fly.

"You... do you want to eat me too, I don't taste good, there is no meat..." Little Lori's petite body trembled slightly.

"Stay here and don't move." Jun Xiaoyao took a faint look, then retracted his gaze.

He has just condensed the fourth immortal energy now, so he is not in a hurry to refine this immortal king for the time being.

And right now, there are still some troubles to be solved.

Little Lolita heard the words and sat on the ground with her knees hugged, surrounded by the forbidden formation pattern of the second seal of the forbidden immortal, and she could not escape.

"Jun Xiaoyao!"

Seeing Jun Xiaoyao's arrival, the eyes of the third prince of the Seagod shot out cold as cold as the killing intent.

In the eyes of Void Jianzi, there was a fiery fighting spirit.

Jun Xiaoyao has what he needs.

As for the Jade Buddha, the corners of his mouth are smiling, but his mana is also gathered.

Obviously, he also has the idea of shooting.

Suddenly, the three small giants all targeted Jun Xiaoyao.

This scene was also caught in the eyes of Tianjiao from the dojo.

"Oh my god, that is the king of immortal marrow transformed, enough to make the top Tianjiao grab a bloodshed."

"The son of the Jun family is a pair of three small giants, this is worth seeing."

"But the Big Three shouldn't join forces to deal with the son of the Jun Family. That would be too shameful."

Many people are talking.

Kong Xuan had a look of expectation in her eyes.

She was expecting Yufozi to suppress Jun Xiaoyao and vent her anger.

"Hmph, as much as the hope is now, the disappointment will be as great as the time comes." The nine heads of the nine lions all let out a cold snort.

It also worships Jun Xiaoyao unconditionally.

Eighteenth floor of Hell Star.

The third prince of the Seagod moved first, and the Sea King trident in his hand shook, and the mana swept out like a vast ocean, rushing towards Jun Xiaoyao.

Now that there is no one to obstruct him, he can also do his best.

Jade Buddha and Xukong Jianzi did not besiege for the first time.

At their level, it would be a little shameful to besiege.

Seeing the offensive impact of the Seagod's Third Prince, Jun Xiaoyao still reached out with his bare hands, trying to catch the Sea King's trident.

"Want to do this trick?"

Seeing Jun Xiaoyao despising him so much, the Seagod's third prince danced wildly, and the strength of a saint realm burst out.

Although suppressed by the field, his breath is still amazing.

Various water system road patterns are intertwined, as if this place is turned into a sea.

Clang!

Jun Xiaoyao still caught the Neptune Trident with his bare hands, and violent sparks were shooting.

"Poseidon wakes up!"

Seeing this, the third prince of Poseidon gave a long roar.

In his body, the hidden blood of the Seagod is boiling, and the surrounding space is shaking.

The Trident of the Sea King seemed to have also been sensed, and golden mysterious lines appeared on the surface, and the divine power burst out, breaking the palm of Jun Xiaoyao.

"Oh? Seagod bloodline." Jun Xiaoyao raised his eyebrows, but his expression remained calm.

Poseidon is also a mythological emperor, like the one-armed Pluto, Quran God and other mythical emperors, he was once a deity worshipped by all spirits of the ocean.

However, the Seagod bloodline of the third prince of the Seagod was similar to the bloodline of the Pluto in that prince of the Seagod. It was very thin, and it was not a true bloodline.

But it was so, it was enough for the Seagod Third Prince to make a name for himself in Dilu.

But unfortunately, what he met was Jun Xiaoyao.

"In front of me, the gods have to bow their heads, not to mention the mere descent of mixed blood." Jun Xiaoyao said, and the palm of his hand struck out, drawing a mysterious arc, like Kunpeng jumping into the sea.

"Kunpeng's great supernatural power!" The third prince of the Sea God gritted his teeth, this is exactly the supernatural power he dreamed of.

boom!

With one hit, Jun Xiaoyao used one hundred thousand idol particles to activate Kunpeng's supernatural powers.

Both idols and Kunpeng are synonymous with divine power, and this blow is powerful enough to sink the earth.

Puff!

The third prince of the Sea God only felt an incomparable supernatural power, and he shook back along the Sea King's trident, spitting blood out of his mouth, and the seven sea dragon armor on his body couldn't protect him.

"Poseidon's blow!"

At the same time that the third prince of the Sea God was injured, the Trident of the Sea King thrust into Jun Xiaoyao's chest, wanting to replace the injury.

however.....

On the surface of Jun Xiaoyao, the dragon gas surged, and the silver dragon armor with colorful luster appeared on his body surface.

It is the colorful holy dragon armor.

This defensive power can even exceed the Seven Seas Dragon Armor of the Seagod Third Prince.

Clang!

The metal collision sounded, and the Trident of the Sea King could not break through the defense of the colorful holy dragon armor.

"Die."

Jun Xiaoyao was too lazy to delay, he blasted out with a punch, intending to kill the third prince of the Seagod.

Seeing this, the third prince of the Sea God said with a clear whistle: "Jun Xiaoyao, don't be proud, you don't have what I have!"

After all, a blue fairy gas suddenly emerged from his body.

In an instant, the rules of water were flowing, and the void was filled with fairy light lines.

This is a fairy energy condensed by the Seagod Third Prince with his own Seagod bloodline.

"Is it just that?"

Jun Xiaoyao's expression was faint, and there was also a golden fairy qi mixed with blood on the surface.

It is a physical spirit.

Seeing this physical immortal energy, the Seagod Third Prince was not surprised, and sneered: "Sure enough, it seems that you have also found a vein of fairy marrow, but I am more than that."

After all, on the surface of the Seagod Third Prince's body, a second fairy qi emerged.

Like Jade Buddha and Void Sword, he has now condensed two celestial energy, which is stronger than the average small giant.

"Jun Xiaoyao, can you still laugh?" The third prince of the Seagod showed a hint of joy.

No matter if you are the superior son of the noble family, but if you miss the best time, you will fall behind.

"Two celestial spirits, this is what you rely on." Jun Xiaoyao's expression was not as shocked as the Seagod Third Prince expected.

On his body surface, a second immortal energy also appeared, thick as the heaven and earth, and it was the immortal energy condensed from the mother qi of all things.

"This..." The Seagod Third Prince was stunned.

The Jade Buddha and Void Jianzi who watched the battle were also startled, feeling that the matter was a little beyond their expectations.

"Isn't it enough, I still have it." Jun Xiaoyao said, a fairy air with the meaning of reincarnation once again appeared on his body.

It is the immortal energy of reincarnation that he condenses from the power of reincarnation.

"you you....."

They did not see Jun Xiaoyao's shocked expression, but now their own expressions were shocked.

No, it should be horror.

They were a little frightened.

"Not enough, it doesn't matter, I still have."

On Jun Xiaoyao's body surface, a fairy qi appeared again.

The fourth fairy qi, the void fairy qi emerged.

Patter...

The palm of the Seagod's third prince trembled, and the Trident of the Sea King fell to the ground~[www.mtnovel.com](http://www.mtnovel.com)~ The Void Sword couldn't keep calm anymore, and his eyes were almost staring.

As for Jade Buddha, the smile on his face disappeared completely for the first time, replaced by stiff, disbelief, and stagnant.

"Four fairy spirits?"

These three little giants were completely confused.

Didn't it mean that before Jun Xiaoyao, even a fairy qi hadn't been condensed.

Where did this immortal energy pop out, and when it came out, there were four realms, scaring to death.

And beyond the stars of hell, on the other side of the void dojo.

All Tianjiao who watched the excitement were silent at this moment.

Even those who are watching the lively Chongming Supreme and Commander, the expressions are somewhat wonderful.

Kong Xuan's face changed wildly like never before, as if she had seen the most shocking and unbelievable picture!

[Chapter 557: The four powers of immortal energy, like a young fairy king, there is no magic in the world...](#)

"Is my eyes dazzled, four immortals?"

"One, two, three, four, yes, it is four immortal spirits!"

Looking at the scene in the light curtain at the void dojo outside hell, everyone was confused.

Four immortals!

This has never happened before on Emperor Road.

Perhaps in the ultimate ancient road at the end of the road, there may be the taboo Tianjiao of the four immortals.

But the problem is that Dilu has only been opened for more than two years, and even Ye Guchen, who ranked first on the sacred list of the wild days, has not condensed four immortal spirits.

"I'll take it, the master is too violent, right?" The nine lions jumped up in shock.

Jun Xiaoyao's move can be described as shocking everyone.

"How can this be? He has four immortal auras, why didn't he show it at all before?" Kong Xuan's whole body, like a soul drawn, disappeared from the beautiful eyes.

"Hey, maybe the master is disdainful to show it. After all, it's not anyone who is qualified to make the master offer four immortal spirits." The nine lions wailed even more.

"It's worthy of being the son of the king's family, this hand is really hidden." Chongming Zhizun is also very emotional.

He originally just came to watch the excitement, but now, he is also shocked.

He remembered the horrible record of the immortal battle in the Wild Heaven and Immortal Realm, and Jun Xiaoyao shocked and killed hundreds of saints.

Suddenly Chongming Zhizun felt that Yufozi and others were afraid that it would be a tragedy.

And at this moment, on the eighteenth floor of Hell Star.

Seeing Jun Xiaoyao, whose body was entwined with four celestial spirits, the third prince of the Seagod was heartbroken, shaking violently.

"You...you, how is this possible?" The third prince of the Seagod could not imagine.

How long has Jun Xiaoyao been on the road of God, and how can it be possible to directly condense the four celestial energy?

"Could it be that he had already condensed more than one immortal energy before he stepped on God's Road?"

Thinking of this, the third prince of the Seagod was even more shocked, unable to believe it.

Not only him, but Jade Buddhazi and Xukong Jianzi, their expressions changed suddenly.

Shocked in my heart.

And the little Lolita who stayed aside, immortalized, stared at the celestial qi condensed from the mother qi of all things on Jun Xiaoyao, and there was crystal saliva flowing down her mouth.

"Think...want..." Little Lolita muttered, and the color of desire appeared in Jingcancan's big eyes.

"The Son of God has said that using your short thinking to try to figure out the ability of the Son of God is really ridiculous."

Jun Xiaoyao shook his head slightly.

He is simple and takes a shot.

The four immortal qi blessed on his palm, as if a sky overturned, carrying the power of four different attributes.

The ultimate physical body, the maternal energy of all things, the power of reincarnation, the energy of the void.

With this palm down, the fairy light rushes, and the ten thousand zhang land will be directly sunk.

The third prince of the Sea God also urged his abilities to the extreme, holding the Trident of the Sea King in his hand, and two fairy auras wrapped around it, piercing the void.

boom!

The earth-shattering collision seemed to make the entire eighteenth floor of Hell Star tremble.

The third prince of the Sea God only felt a vast and unparalleled force, coming along the sea king trident.

His arm holding the halberd exploded directly, and his body flew upside down, and the seven sea dragon armors on his body were all shaken out of the cracks.

The third prince of Poseidon was hit hard!

This is a Tianjiao at the level of a small giant, but now it is like a dead dog, falling to the ground and vomiting blood.

"Shoot!"

Jade Buddha and Xukong Jianzi, directly shot at the same time.

They are also not pedantic people who uphold a fair and just duel. At this moment, seeing Jun Xiaoyao offering four immortal spirits, he ignored his identity and face, and went straight together.

Both Jade Buddhazi and Xukong Jianzi had two immortal airs emerging from their bodies.

One of them squeezed the Buddha seal, and the other shot at Jun Xiaoyao with sword light.

"It's a good come, so that's interesting." Upon seeing this, Jun Xiaoyao calmly responded.

In the dojo, Kong Xuan, who saw this scene, looked startled.

"How could it be possible, how could Lord Buddha join hands with others..."

In Kong Xuan's mind, Jade Buddha has always been an invincible existence, possessing an absolutely confident style.

But now, he didn't hesitate to join forces with others to deal with Jun Xiaoyao.

This made Kong Xuan's certain beliefs collapse little by little.

On the eighteenth floor of Hell Star, looking at the two rushing up, Jun Xiaoyao used Kunpeng's great supernatural powers with one hand and the Thunder Emperor's great supernatural powers with the other hand.

There are also the blessings of four immortals.

He felt like an invincible God of War, sweeping across the four directions, and the thunder light intertwined into a large web of destruction, covering the two.

At the same time, a Kunpeng phantom appeared, and the void burst into pieces between the flicks!

boom! boom! boom!

The continuous roar resounded throughout the eighteenth floor of Hell Star.

Jun Xiaoyao is like a \*\*\*\* banishing the dust, holding the supreme power of the universe, with his hands and feet, the world collapsed.

"cough!"

Jade Buddhazi and Xukong Jianzi both retreated violently at the same time, and there was an unprecedented shock in their eyes.

The two of them shot at the same time, instead of suppressing Jun Xiaoyao, he was suppressed instead.

"Ananda Buddha Seal!"

On the chest of Jade Buddha, there is a turbulent green light, that is his Bodhi Buddha heart exuding divine glory.

It seems that there is the sound of chanting, coming out of the void, vast and solemn.

Yufozi shot out with a seal, as if an ancient Buddha took action to suppress the robbery.

On the other side, the Void Sword also urges its own Void Celestial Body, the surrounding space is washed away like a wave, and various spatial channels emerge.

He holds swords in both hands, entraining endless void power.

It is the ultimate move, the spatial wave sword!

However, not only that, the third prince of the Seagod who fell to the ground also stood up again.

He was carrying the blood of the Seagod, and his physical recovery ability was not weak. The broken right arm also recovered at a speed visible to the naked eye.

The third prince of the Sea God was also unwilling and continued to take action.

They know that today either Jun Xiaoyao died or they died.

The three small giants shot at the same time, the power can be imagined, and they want to destroy this space.

Jun Xiaoyao's expression was faint, his body shook, and the immortal body of Daluo came out through sacrifice, and the power of the physical body broke through the limit again.

Every inch of his skin ~www.mtlnovel.com~ seems to be stained with golden glow, and the bones in his body are like jade, branded with golden runes.

One hundred thousand idol particles also exploded.

Then make a fist with five fingers and perform six reincarnation fists.

Kunpeng immeasurable divine fist, Lei Di's finger, the idol collapses the sky, the seven dragons destroy the world, the Yuanhuang Taoist sword, the sword of killing immortals.

Six reincarnation fists, controlling these six terrifying supernatural powers, bombarded out together.

The fluctuation is unparalleled, as if it can sink a continent, it has the power of destroying the world.

boom!

The shock of piercing the eardrum came out.

In this blow, the three little giants all flew out, their arms exploded, and the body was spread with cracks, like porcelain, torn apart!

Jun Xiaoyao punched, showing invincible demeanor, crushing the three small giants, such as the young fairy king, the power is invincible!

[Chapter 558: Crush the jade seal, fight with all strength, 40% strength is enough to deal with...](#)

The entire eighteenth floor of the Hell Star produced a roar.

The three little giants flew upside down like a rag pocket, cracking all over, shooting blood.

"How could it be so strong?"

The third prince of the Seagod and the Void Jianzi were roaring.

Jade Buddha was considered the most calm of the three, but there was no sign of smile on his face, and he became extremely calm.

On the other side of the dojo, seeing Jun Xiaoyao behaving like this, there was a dead silence.

They knew that Jun Xiaoyao was very strong, but they didn't expect that it would be so strong as to be such a pervert.

The three small giants joined forces, but none of them were Jun Xiaoyao's enemies, and each suffered heavy losses.

Looking back at Jun Xiaoyao, there wasn't even a trace of wrinkles on the white clothes.

This contrast gap is amazing.

Kong Xuan's entire three views began to collapse, and Jun Xiaoyao's strength refreshed her knowledge of the strong.

"No, Jade Buddha and others are going to crush the jade seal!"

A Tianjiao pointed at the light curtain and exclaimed.

Everyone's eyes are locked tightly.

They knew that Yufozi and others were going to give it a go!

Eighteenth floor of Hell Star.

Yufozi and others got up and wiped off the blood from the corners of their lips.

All of their three human bodies have all kinds of light surging, filling the cracked flesh.

The Jade Buddha has the heart of Bodhi Buddha, the Void Sword is a virtual heavenly body, and the third prince of the Sea God has the blood of the Sea God.

It can be said that their physical bodies, under the blessing of their respective talents, are not weak.

But no matter what, I met Jun Xiaoyao this big abnormality.

Jun Xiaoyao's physical body, but with the qualifications to become an emperor in flesh, was not comparable to ordinary Tianjiao.

"When this happens, I can only do my best." Void Jianzi took out a jade seal.

The Third Prince of the Sea God and Jade Buddha also took out the jade seal at the same time.

Don't forget, they are still on the eighteenth floor of the Hell Star, suppressed by the field, and can only show 40% of their strength.

"Jun Xiaoyao, no matter what, you will definitely die today!" Void Jianzi's eyes showed determination.

He must kill Jun Xiaoyao and take the chance from him.

With a click, Void Sword crushed the jade seal.

In an instant, the aura on his body exploded like a volcano, and the surrounding space shattered.

His strength has returned to its peak.

At the same time, the Jade Buddha and the Third Prince of the Sea God also crushed the jade seal.

Their auras have skyrocketed, their shackles have been lifted, and their strength has been fully revealed.

"Although it only takes a quarter of an hour, it is enough to solve the battle, Jun Xiaoyao, come on."

Feeling that his strength has returned to its original level, Jade Buddha's heart has also stabilized.

The strength of the three of them was restored to the peak, and their confidence was restored again.

However, what surprised them was that Jun Xiaoyao didn't even move.

"Huh? Jun Xiaoyao, are you trying to find your own death?"

Seeing that Jun Xiaoyao didn't crush the jade seal, Void Sword raised his eyebrows and said.

"To deal with you, why smash the jade seal?" Jun Xiaoyao shook his head and chuckled.

"What, do you want to fight with the three of us with 40% strength?" A cold light flashed in the eyes of the Seagod Third Prince.

Jun Xiaoyao, this is naked contempt.

The strength of the three of them has recovered to the peak, but Jun Xiaoyao still has to fight them with 40% strength.

This is not what contempt is?

"Forty% of the strength is too much." Jun Xiaoyao said.

"The lion fights the rabbit, you still need your full strength, it seems that you don't know this truth, Jun Xiaoyao." Yufozi said.

"Needless to say, only a quarter of an hour to kill him!"

Xukong Jianzi took the lead, his physique was a virtual celestial body, plus he understood half of the empty book.

So his shot speed is also the fastest.

With a step, as if crossing the void, the long sword in his hand stabs out against Jun Xiaoyao.

This time he did his best, not as before, being suppressed by 60% of his strength.

Jun Xiaoyao took the same step, displayed Kunpeng's extreme speed, and then flicked his fingers and landed on the sword's edge.

Daluo's immortal immortal body was moved to the extreme by him, his fingers were stronger than the \*\*\*\* Jinbaotie.

With a clang, the blade of Void Sword was broken.

Jun Xiaoyao turned his finger into a fist print, and stamped a fist on Void Jianzi.

Void Jianzi hurriedly crossed the sword to block, but the vast divine power still made Void Jianzi look terrified and flew out like a cannonball.

"what?"

When the Seagod Third Prince and Yufozi saw this, their expressions condensed, and they didn't dare to look at them anymore and directly shot.

In the dojo outside the hell, everyone who saw this scene all lost their voices.

The three Jade Buddhas crushed the jade seal, and within a quarter of an hour, they had complete combat power.

Just when everyone thought that Jun Xiaoyao would also crush the jade seal and fight the Big Three in a complete state.

They were surprised to find that Jun Xiaoyao still didn't use the jade seal.

In other words, the current Jun Xiaoyao is fighting against three complete small giants with 40% strength.

This is absolutely terrifying and alarming.

What shocked them even more was that the Void Sword was still smashed into the air by Jun Xiaoyao.

When everyone on the sideline was extremely shocked, Jun Xiaoyao once again crushed and left.

His body surface is surrounded by four fairy qi, even if he can only show 40% of his strength, it is still amazing enough.

Plus one hundred thousand idol particles, and the blessing of Daluo's immortal body.

Even if Jun Xiaoyao can only play 40% of his strength, it is still easy to deal with Yufozi and others.

He smashed a punch, the fairy light was surging, and the four fairy qi blessed, and bombarded the Seagod Third Prince.

The third prince of the Sea God also used two immortal qi to contend, but in the end, under the eruption of Jun Xiaoyao's four immortal qi, he was completely crushed, and the immortal qi seemed to be broken.

He roared, the Sea King's trident entrained the sea mysterious power, and once again pierced Jun Xiaoyao.

"Do you really think I can't break it?" Jun Xiaoyao slid his palm, offering a cauldron of the mother-in-kindness of all things.

"That is....."

When Jun Xiaoyao sacrificed the Qi Cauldron of the Mother of All Things, the little loli who was transformed into the King of Celestial Marrow suddenly burst into unprecedented brilliance in her big eyes.

It's like seeing what I want most.

And here, the qi cauldron of the mother of all things directly slammed the third prince of the sea god.

The third prince of Poseidon resisted with the Trident of Poseidon.

But what made his face shocked was that ~www.mtlnovel.com~, as the mother of all things suppressed, his sea king trident was spread with crack marks.

"Impossible!" The Seagod Third Prince screamed frantically.

This is a supreme device, how could it be destroyed like this?

"town!"

Jun Xiaoyao once again urged the immortal qi condensed from the mother qi of all things to fall down.

With a bang, the Trident of the Sea King was directly crushed to pieces.

The splashed fragments directly pierced the Third Prince of the Seagod, piercing his body into a sieve.

Then, the qi cauldron of the mother of all things was completely suppressed, and the silk of the mother qi fell, like the sky of the earth, and it was pressed down.

Puff!

The third prince of Poseidon was accompanied by weapons, and was pressed into a meatloaf by the magisterium of all things.

[Chapter 559: Kill 3 small giants, the title of invincible saint sits down, 2 volumes...](#)

The Third Prince of the Sea God, one of the three little giants, fell directly under the Cauldron of the Mother of All Things.

Moreover, his death was extremely miserable, even the complete remains were not left, only the pool of meat that made people feel chilly.

"Next, it's you!"

Jun Xiao stepped out, with a mysterious space pattern blooming under his feet, which was the rapid manifestation of Kunpeng.

Jun Xiaoyao held the Qi Cauldron of the Mother of All Things in his hand, and once again killed the Void Sword Town.

"Billions of Space Destruction Technique!"

Void Jianzi had goose bumps all over his body, he hurriedly resisted and used strong moves.

His virtual celestial body was urged to the extreme, mobilizing the power of the surrounding space, plus the blessing of two fairy qi.

When this sword came down, it seemed that it could kill hundreds of millions of layers of space, and the space was filled with fierce sword energy.

However, Jun Xiaoyao's methods are very simple and direct, directly pushing the Qi Cauldron of the Mother of All Things to crush forward.

All the sword qi along the way, colliding on the qi cauldron of the mother of all things, are directly exploded.

"Not good..."

Void Jianzi's heart trembled, his steps swept, and he was about to leave with the power of space.

However, Jun Xiaoyao also comprehended the half-volume empty book, and had the power to control the space, and he also cultivated Kunpeng's great supernatural powers.

Compared with Void Sword, the speed is only faster or slower.

boom!

Jun Xiaoyao pushed the Qi Cauldron, the mother of all things, just like pushing a big star, smashing the Void Sword with the void.

Void Jianzi's figure was directly shattered, and even his soul was strangled.

In an instant, the second little giant fell.

Jade Buddha was stunned.

He hadn't even reacted yet, but only for a few short breaths, the Seagod Third Prince and Void Jianzi were dead.

At this moment, Jade Buddha's heart was cold.

Jun Xiaoyao held the mother-in-chief of all things in his hand and looked at Jade Buddha indifferently.

"You Buddhism emphasizes cause and effect. Before I killed Xiaoxitian Buddha Fahai and Buddha Miao Wuxin, you thought that my \*\*\*\* son would get retribution, but now?"

Jun Xiaoyao sneered.

"Jun Xiaoyao, if you do such a killing, even if you don't get retribution now, you will definitely have karma retribution in the future."

Although Yufuzi tried his best to calm down, his tone still trembled.

"Even if there is a cause and effect in this world, we must look at it. Do you dare to fall on this son of God!"

Jun Xiaoyao's voice fell and raised his hand.

In the Dantian Linghai, the power of the origin of the universe in the origin of the gods burst out.

Jun Xiaoyao discovered with one hand, the power of the origin of the universe turned into a dazzling chain of order, intertwined into a touch of eternal light.

It is Jun Xiaoyao's own magical power, Genesis, God's Light!

Jun Xiaoyao rarely uses this self-made magical power, because few people deserve him to use it.

Jade Buddha was also not qualified, but Jun Xiaoyao wanted to resolve the battle quickly, so he played this hole card.

That ray of light seemed to be the first ray of light born from the beginning of chaos, illuminating endless darkness.

Everything in the world seems to return to its origin and disappear into the invisible under this ray of light.

Feeling this terrifying power, Yufozi looked terrified, chanting with his hands together, and also displayed his strongest trick.

"Thousand-handed Buddha, Bodhi sighed!"

Behind the Jade Buddha, a phantom image of the Thousand-Hand Buddha appeared.

Thousands of palms slapped out together, turning into a jasper-colored Buddha seal, as if they could suppress three thousand worlds.

The ultimate move collided together, and the surrounding land turned into dust.

If it were not for the second seal of the Forbidden Immortal to seal this place, the entire eighteenth floor of the Hell Star might collapse.

And just under such turbulence, in the deepest part of the eighteenth floor of the Hell Star, the dusty soil was crushed down.

A gate that seemed to lead to the netherworld revealed its appearance.

Of course, Jun Xiaoyao doesn't know yet.

The dazzling magic, deprived of vision.

Even people in the outer dojo can't see the specific situation.

Everyone is curious about who wins and who loses.

Kong Xuan's heart lifted even more.

In such a public eye, the light slowly dissipated.

A huge pit appeared on the spot.

Jun Xiaoyao stood calmly in place, clean in white.

The Jade Buddha on the opposite side was gone.

Strictly speaking, Jade Buddhazi's whole person is in the light of God, annihilated into nothingness, and there is no dust left behind.

This is Jun Xiaoyao's own Tao, combined with the power of the origin of the universe, plus the supernatural powers that have evolved, and the terrifying power formed.

"I don't know when to comprehend the second formula." Jun Xiaoyao shook his head slightly.

He was not surprised by this result.

This trick is enough to kill the small giant in a second.

If it doesn't work, then make one more move.

So far, the three little giants have all fallen to Jun Xiaoyao. The most important thing is.

Jun Xiaoyao didn't crush the jade seal.

In other words, with 40% strength, he played against the three small giants at their peak, and also killed them all.

If this record were to be passed out, it would definitely make waves on Emperor Road.

Now, in the dojo outside the hell, it is already boiling.

"Hey, my son, with the strength of 40% of the king's son, can kill the Big Three, am I dreaming?"

"Forty% of the strength is so terrifying, if the king's \*\*\*\* son makes an all-out effort, who can stop him?"

"Even Ye Guchen, who is No. 1 on the Huangtian Sacred List, is not enough to look at, right?"

Amazing!

Shocked!

In awe!

Various expressions and emotions appeared in the eyes of all Tianjiao.

Even Chongming Supreme could not help but sigh deeply, muttering to himself: "The previous rumors of the immortal war are indeed worthwhile, and the son of the king is indeed worthy of the title of invincible saint.

Invincible saint, this is not a title that anyone can hold.

Only those who are truly invincible in the realm of Saints are qualified to have this title.

Otherwise, it would be a joke to be defeated by others casually.

Before the Chongming Supreme had heard of Jun Xiaoyao's record of smashing hundreds of saints to death, there was still some disbelief.

After all, that's horrible.

But now, Jun Xiaoyao proved it with facts.

The rumor is not false.

"Haha, that long-haired bald donkey finally died, stinky lady, how about it, do you know that my master is great?" The nine lions danced.

Kong Xuan's whole person was petrified, as if her soul was taken away abruptly.

The Lord Buddha she admired the most was not the enemy of Jun Xiaoyao!

This kind of gap is so huge that she cannot accept it in a short time~www.mtnovel.com~!

No matter how noisy the outside world is.

On the eighteenth floor of Hell Star, Jun Xiaoyao looked calm.

To him, killing the Big Three was nothing particularly remarkable.

It's just easy.

His main purpose is the nineteenth floor of the Hell Star.

But before that, Jun Xiaoyao still has some chores to deal with.

He first walked up to Xukong Jianzi and deprived him of the space magical weapons on his body. After a glance at his spiritual sense, Jun Xiaoyao smiled at the corner of his mouth.

As expected, the remaining half-volume empty book was in hand.

At this point, Jun Xiaoyao is already the owner of the two books of heaven.

"The remaining owners of the Seven Heavenly Books must live well and wait for the gods to harvest you..." Jun Xiaoyao muttered to himself.

[Chapter 560: Little Lolita is a treasure all over, feeds on the mother spirit of all things, and will...](#)

After getting the complete empty book, Jun Xiaoyao's heart was also slightly let go.

He turned his head again, looked at the expressionless, numb Golden Winged Xiaopeng King, secretly shook his head.

"It seems you still failed."

After Jun Xiaoyao sighed, he urged the power of the three generations of Yuanshen directly into the mind of King Jin Wing Xiaopeng.

He discovered that there was a golden seed on the Golden Wing Xiaopeng Wang Yuanshen.

Presumably that was the seed planted by Jade Buddha with the technique of saving.

But at this moment Jade Buddha is dead, and this seed has no binding power.

With a slight movement of the power of the primordial spirit of Jun Xiaoyao, this seed was annihilated.

King Jin Wing Xiaopeng's body shook, and some luster gradually appeared in his numb eyes.

He seemed to wake up from his sleep, seeing Jun Xiaoyao in front of him, and remembering what happened before in his mind.

"Thank you God for saving, it seems that I still failed." King Jin Wing Xiaopeng looked ashamed.

"It doesn't matter, you don't have to worry about Jade Buddha in the future." Jun Xiaoyao smiled.

"Could it be..." King Jin Wing Xiaopeng's eyes shook.

After learning that Jun Xiaoyao had killed the Jade Buddhazi and other three small giants, King Jin Wing Xiaopeng was also full of emotion.

He was really convinced by Jun Xiaoyao.

Next, Jun Xiaoyao's gaze fell on the little Lori who was transformed into the king of the fairy marrow.

He slowly approached Little Lolita, and smelled a refreshing scent at the end of his nose that made the pores relax.

"Is it really ginseng fruit?" Jun Xiaoyao muttered secretly.

"Little...little brother, don't eat me, I'm not good..." Little Lori shrank her body, her long eyelashes trembling slightly.

If this scene is seen by some copper alchemists with a certain habit, I am afraid that they will go crazy directly and turn into a wolf.

Even if there is no such habit, to the average monk, the king of the fairy marrow is extremely attractive.

What's more, it is the king of the fairy marrow after transformation.

"How should we deal with it? Should we refining the arms first, or refining the legs, or stew in a pot?"

Jun Xiaoyao wondered whether he should use the heaven and earth oven to throw this king of the fairy marrow directly into it for refining.

Little Lori started crying when she heard the words, and tears the size of soybeans kept streaming from her big eyes.

"what?"

Jun Xiaoyao raised his eyebrows, reached out and wiped the tears on Little Lolita's face, carefully examining it.

Little Lori was stunned, but she didn't expect that Jun Xiaoyao would suddenly and gently wipe her tears.

But Jun Xiaoyao's attention was on tears.

"Even tears are fairy liquid?"

Jun Xiaoyao was surprised.

This little loli is really a treasure.

The tears that flowed out were all rare fairy liquids.

That being the case, Jun Xiaoyao has a bold speculation that the other liquid that Little Lolita flows out may also be a rare treasure.

For a while, Jun Xiaoyao hesitated.

Killing chickens to get eggs can only be used temporarily.

You can always use it for raising chickens and eggs.

As if feeling the hesitation in Jun Xiaoyao's expression, little Lolita was full of eagerness to survive, and hurriedly shouted: "Little brother is so good-looking and handsome. He must not be a bad person, right?"

"Heh...Although you were just conceived, you don't seem to be stupid. You tell the truth." Jun Xiaoyao smiled lightly.

He decided not to deal with this little loli now, anyway, his fourth fairy qi had just condensed, and he was not in a hurry to condense the fifth fairy qi.

Feeling the danger in Jun Xiaoyao's eyes disappeared, Little Lori breathed a sigh of relief.

However, she blinked her eyes, her small face said with desire: "Little brother...before, that tripod..."

Jun Xiaoyao was stunned for a while, and then sacrificed the Mother Qi Cauldron of All Things.

When she saw the mother-in-kindness tumbling in the cauldron of mother-in-kindness, little Lolita's face suddenly became eager.

"Do you want the motherhood of all things?" Jun Xiaoyao asked.

Little Lori nodded her head in a hurry.

Jun Xiaoyao thought about it, and then separated a ray of motherhood.

But in the next scene, Jun Xiaoyao was startled.

This little loli actually opened a small cherry mouth and swallowed all the mother-in-kindness directly.

"This is fine too?"

Jun Xiaoyao was really surprised.

Although the motherhood of all things is a treasure of heaven and earth, not everyone can absorb it.

The ordinary Tianjiao can't bear even a ray of motherhood, and the body will be directly crushed.

Jun Xiaoyao was also able to temper his body with the help of the Mother Qi of all things because of the ancient sacred body and the immortal body of Da Luo.

But the little Lolita in front of her swallowed all things motherly.

"Also...can you give me a little bit? I haven't eaten enough..." Little Lori wringed her fingers, embarrassed.

"Interesting." Jun Xiaoyao showed a trace of novelty.

This feeling is like discovering some novel toy.

He once again separated out a few wisps of motherhood, and the little Lolita also refused to come, and swallowed all of them into his belly.

Her breath actually started to rise, and her whole physique seemed to have become more solid and pure.

"If we continue to cultivate, can we really cultivate a little holy spirit?" Jun Xiaoyao thought from the bottom of his heart.

The Holy Spirit, truly made of immortal gold, can exist on par with the great emperor and ancient emperor.

The level of the king of the fairy marrow is actually no worse than the fairy gold.

If this little loli really has this kind of potential, it will be a bit violent if it is directly refined.

"Whether to treat her as food, fatten and kill again, or raise her as a pet, maybe she will become a little holy spirit in the future." Jun Xiaoyao thought.

Then he asked: "What's your name."

"I...I don't have a name." Little Lori is weak.

"You are the king of fairy marrow, then call you Xiaoxian'er," Jun Xiaoyao said casually.

Soft and cute Lori Xiaoxianer, a good name.

Xiao Xian'er's face showed surprise, at least this means that Jun Xiaoyao will not eat her temporarily.

"King Xiaopeng, look at her, I have something to do." Jun Xiaoyao turned to King Winged Xiaopeng.

"Don't... God son, you want to..."

King Golden Wing Xiaopeng seemed to have thought of something~[www.mtlnovel.com](http://www.mtlnovel.com)~ eyes widened, seeming unbelievable.

Jun Xiaoyao, do you want to challenge the nineteenth floor of Hell Star, one of the seven incredible things?

"I would also like to see what the scenery on the nineteenth floor of \*\*\*\* looks like." Jun Xiaoyao smiled.

King Jin Wing Xiaopeng was really shocked.

There are seven incredible things. Ordinary people must keep a distance when they encounter one, and dare not contaminate the slightest cause and effect.

But Jun Xiaoyao, knowing that there are tigers in the mountains, he leans towards the tiger mountains.

However, the most speechless thing is that Jun Xiaoyao actually came out of the Bronze Immortal Palace.

After leaving this sentence, Jun Xiaoyao turned around and held his hand and continued to go deeper.

Looking at the back of Jun Xiaoyao, Jin Wing Xiaopeng Wang faintly felt that, I am afraid that Jun Xiaoyao will once again create shocking miracles!
