

Sacred Body 561

[Chapter 561: Test of the 19th floor of the Hell Star](#)

Dojo outside the hell.

Everyone is still in the tremor before.

The fall of the three little giants is undoubtedly the big news on Emperor Road, and it will make the whole Emperor Road a sensation.

And Jun Xiaoyao, with 40% strength, the record of killing the three small giants with his own hands, will undoubtedly become a topic everyone talks about.

"The Lord's Son has completed his merits, so it's time to come out."

"Hey, don't you see, the son of the Jun family is continuing to go deeper?"

"What does he want to do, does he want to enter the nineteenth floor of the Hell Star?"

"The nineteenth floor of the Hell Star, one of the seven incredible things, is a taboo place!"

Jun Xiaoyao's actions undoubtedly set off another violent disturbance in the dojo.

Everyone could not imagine that Jun Xiaoyao would really choose to go deep.

"The master is too rigid, right?" The nine lions were also speechless.

"On the nineteenth floor of the Hell Star, can he break through?" Kong Xuan was still in a state of loss.

Jun Xiaoyao's performance has refreshed her perception of strength.

She didn't know if Jun Xiaoyao could perform miracles again.

"Haha, the son of the Jun family, you deserve it." Chongming Supreme also shook his head and smiled.

The reason why he came here in person is to take a look at Jun Xiaoyao's choice.

Now it seems that Jun Xiaoyao is indeed the same Jun Xiaoyao.

It would be strange if Jun Xiaoyao didn't explore the nineteenth floor of Hell Star.

Outside the entire dojo, there is already a tumult.

In the depths of the Hell Star, Jun Xiaoyao walked with his hands in his hands, with a faint expression.

Along the way, he also encountered many earth demons and heaven demons.

Even the Earth Demon Emperor and the Heaven Demon Emperor have quite a few.

But it was killed by Jun Xiaoyao casually.

The title of invincible saint is not to be trumpeted. In this realm, Jun Xiaoyao is almost invincible.

Even Jun Xiaoyao still has the ability to fight beyond the ranks.

Even the saint king, or even the great saint, wants to deal with Jun Xiaoyao, it is not that simple.

Finally, Jun Xiaoyao came to a gate.

The door was mottled and dark, as if watered with blood.

An ominous resentment was permeating, like the gate to the nether yellow spring.

"Is this the entrance to the nineteenth floor of Hell Star?"

Jun Xiaoyao looked at it.

Just a door, standing there, gives people a sense of horror.

Tianjiao with a slightly weak Taoist heart will be unstable. If he gets close, he will be directly branded by a mysterious curse and die in extreme pain and madness.

But Jun Xiaoyao's body, immortal mans Zhazhan, Jinhui surged.

The power of warding off evil spirits of the ancient sacramental body was exerted to its extreme at this moment.

Jun Xiaoyao is like an endless light god, suppressing all evil.

Jun Xiaoyao opened the door very decisively without hesitation or hesitation.

As soon as he opened the door, Jun Xiaoyao only felt a whirl of heaven and earth, he couldn't see anything in front of him, as if he was suddenly thrown into the dark universe.

I do not know how long it has been.

Before Jun Xiaoyao's eyes, it seemed to suddenly brighten up.

Around it, there are mountains, like the station of a certain force.

"Brother, it's impossible between you and me. The person you love is a hero who oppresses Emperor Road."

Suddenly, a female voice came.

Before Jun Xiaoyao's sight, a pure and beautiful woman appeared.

She looked at Jun Xiaoyao with contempt in her eyes.

Jun Xiaoyao just wanted to say something, but found that he couldn't say anything.

In the ear, instead, I heard a voice, like myself, but not like myself.

"Junior Sister, I will go the emperor's road, I will prove to you, I have the ability to protect you!"

Hearing this voice, Jun Xiaoyao was confused.

Is this what he said himself.

How could he lick the dog like this?

"Brother, then I'll wait, and wait until the day when you become famous, that's when I marry you."

This brother, with firm eyes, set foot on the road of the emperor.

Jun Xiaoyao suddenly realized that he seemed to have become a group of consciousness, residing in others.

In other words, Jun Xiaoyao's consciousness gradually merged with that senior brother.

"On the nineteenth floor of the Hell Star, what the **** is it?" Jun Xiaoyao thought to himself.

This is simply weird, like sitting in a movie theater and watching other people's lives.

Jun Xiaoyao had thought about the dangers of the nineteenth floor of the Hell Star.

But I didn't expect it to be so weird.

Next, this brother resolutely and confidently set foot on the road of the emperor.

And compared with Jun Xiaoyao's detached existence, standing above all beings.

This brother is a bit ordinary.

He is just a humble outer disciple among the first-class forces.

Going the emperor's road is no different from sending death.

as predicted.

It didn't take long for this poor brother to be on the road of God, and he was completely abused by a proud man from the top power.

"You want to finish the emperor's road even with ants like you, haha, it's ridiculous!" The proud man of heaven stepped on the head of the senior, and stepped it into the ground.

Then, the whole head burst into pieces!

Jun Xiaoyao felt very strange, as if his head had been trampled on.

If you are a general Tianjiao, you will definitely go mad when faced with such things.

Jun Xiaoyao felt very novel.

At this time, a cry of blood came out.

"Unwilling...unwilling...I'm unwilling...why...I am the one who buried the bones of the Emperor Road!"

This voice, weeping blood and tears!

Vaguely, Jun Xiaoyao even noticed that his consciousness seemed to have been infected.

He seems to have become that senior, with unwilling resentment, as if he was going to turn into a curse of everything!

"So, is this the test of the nineteenth floor of the Hell Star?"

At this moment, Jun Xiaoyao suddenly realized.

Hell Star, it is rumored that countless monks buried in the path of the emperor, the monstrous resentment gathered.

The nineteenth floor is where resentment gathers.

These resentments want to assimilate Jun Xiaoyao's consciousness.

In this case, Jun Xiaoyao will fall into endless madness, stay here forever and become a part of resentment.

"No wonder, those who accidentally enter the nineteenth floor of the Hell Star have never come out." Jun Xiaoyao understood.

But this test, now it seems, is not too scary.

However, Jun Xiaoyao was naive.

Behind the head of the senior who resided in his consciousness was trampled on.

After a while, Jun Xiaoyao's consciousness recovered again.

This time, he became a young man of the Yaozu.

This line of monster races has been persecuted by a major force.

This monster young man vowed to become stronger and protect his family line.

Then, he resolutely set foot on the road of Emperor, seeking a way to become stronger.

The result is also visible.

He didn't pass a few levels, but was pierced through his chest by a human talent.

"No...I am not reconciled, I want to become stronger~www.mtlnovel.com~I want to protect my ethnic group, protect my blood relatives!"

The demon youth's mouth was bleeding and he let out a desperate roar.

"The strong live, the weak die, just rely on you ants, and want to protect your own race?" The Human Race Tianjiao smiled contemptuously.

"Ahhhhh... I hate it!"

In the end, the demon youth's body exploded and the soul was shattered.

But the endless resentment and curse power can't dissipate for a long time.

This is the truth about Dilu.

Except for a few dazzling evildoers like Jun Xiaoyao.

Most of the rest of the monks and creatures who walked on the path of God were humble waves in the sea.

A small wave rushed over and disappeared, leaving no trace.

Dilu has a pile of bones, but their bones are left.

[Chapter 562: The torture of endless reincarnation, the true origin of the incomplete ancient talisman,...](#)

I have to say that the nineteenth floor of Hell Star is very strange.

It does not have the straightforward danger, but it is subtly making people crazy.

Next, Jun Xiaoyao seemed to experience endless reincarnation.

He is a certain vigorous young monk, but in the end he is buried in the bones.

He is a young man who wants to rejuvenate his family, bloodsickly in Dilu.

Even, he also realized that a certain infatuated woman, walking on the road of God, wanted to pursue the arrogant man she admired.

The result was that she never saw the Tianjiao side until she died, and that Tianjiao didn't even know her existence.

Resentment, hatred, unwilling!

All kinds of negative emotions, like poison, began to infect Jun Xiaoyao's consciousness.

This is the unwillingness of countless creatures on the road of buried bones.

Why is someone superior?

Why, they are the dry bones that pave the way?

This force of resentment is terrifying.

Even if it was Jun Xiaoyao's third-generation primordial spirit, there were faint signs of turning black.

"Big Sun Tathagata!"

Jun Xiaoyao urges the Tathagata Sutra in this world, and a panic-stricken Big Sun Tathagata emerges, trying to suppress the evil spirits.

But that monstrous resentment was so terrifying that it was hard to suppress even the Great Nation.

"The nineteenth floor of this **** star is indeed dangerous. Although there is no bright murderous intent, it is secretly killing people invisible."

Jun Xiaoyao also sighed.

Even a person with a strong cultivation base will be vulnerable to the pollution of this consciousness, and will break the defense if he is not careful.

Jun Xiaoyao seems to have reincarnated for thousands of times.

But in the outside world, it only took more than a month.

In this more than a month, the Tianjiao who had been in the Hell Star experience almost all returned.

The entire Hellstar is about to close.

Mu Yuehan, the Golden Winged Xiaopeng King, and the Xiaoxian'er who was transformed into the King of Immortal Marrow, are also back.

Some Tianjiao looked at Xiao Xian'er with fiery eyes, but they did not dare to make any presumptuous actions.

Because this little fairy is Jun Xiaoyao's thing.

Although no one knew whether Jun Xiaoyao could come out of the nineteenth floor of Hell Star.

But after seeing Jun Xiaoyao's strength, no one will try again, because if you are not careful, you may lose your life.

"It's been more than a month, the son of the Jun family hasn't come out yet."

"Yes, I heard that at the end of the eighteenth pass of Emperor Road, the battlefield of Huangtian will soon be opened. When that time, all Tianjiao will gather in it, and strive to win the seal of the Dao of Enlightenment and the title of King of the Emperor Road.

"Huangtian Battlefield, that is the ultimate test site of Huangtian Immortal Territory Emperor Road. It has endless opportunities. If you can win the legendary Seal of Proving Dao, then you will have the least achievement in the future."

"If the king's **** son participates, not to mention directly becoming the emperor, he can at least win a seal of proof."

"However, depending on the situation at the moment, whether the Emperor's Son can come out is still a matter of two opinions."

Tianjiao on the dojo was all talking.

If you can win a seal of the Dao, it will be extremely beneficial for the pair to embark on the ultimate ancient road.

And if you can get the title of King of the Emperor Road, it can almost be said to be the leader of the Emperor Road in the Wild Heaven Immortal Territory, and there will be endless glory and honor.

With Jun Xiaoyao's current performance, he is one of the people most likely to compete for this honor.

But now, more than a month has passed, and the Hell Stars are all closed.

Jun Xiaoyao didn't move at all.

If it weren't for Jun Xiaoyao's performance to be too dazzling before, many people would even think that Jun Xiaoyao would really be planted.

However, the situation is indeed as some people think.

Jun Xiaoyao's situation is indeed not too good.

Before he was able to come out of the Bronze Immortal Palace safely, except for various factors.

The most important thing is the cause and effect of the bronze fairy palace and the ghost face woman.

And he and the ghost face woman have unclear causes and effects.

Because of this relationship, Jun Xiaoyao can treat the Bronze Immortal Palace as his home.

If other people enter, even the Supreme will be destroyed.

But the nineteenth floor of Hell Star is different.

In this incredible place, Hejun Xiaoyao has no cause and effect.

In other words, Jun Xiaoyao can only pass this level on his own.

...

For the outside world, it was just over a month.

But to Jun Xiaoyao, who is deep in the nineteenth floor of the Hell Star, it feels like a reincarnation that has passed thousands of times.

He was possessed by countless Tianjiao who had fallen on Dilu, and each time he died with endless despair.

Over and over again, I may not think there is anything.

But when a person has experienced that kind of endless despair, that kind of death like an abyss millions of times.

No one can guarantee that he will not go crazy.

At least, if you change to any other Tianjiao, even if it is Supreme, it can't be longer than Jun Xiaoyao.

Jun Xiaoyao's invincible Dao Heart had already gone through countless trials, and would not collapse so easily.

But even so, in the face of this endless torture, even Jun Xiaoyao is a little tired.

"It's a torture." Jun Xiaoyao thought to himself.

His primordial spirit's power began to fade away, and layers of pitch-black resentment and sin karma were contaminated with his primordial spirit.

Finally, after experiencing the cycle of eternal reincarnation, Jun Xiaoyao's primordial spirit almost turned black.

At that moment, even Jun Xiaoyao himself was powerless.

Just when Jun Xiaoyao prepared the last resort to fight to the death.

An incomplete ancient talisman suddenly emerged.

"this is....."

Jun Xiaoyao was taken aback and remembered.

This is half of the incomplete ancient talisman he seized from Wang Teng when he was in the Bronze Immortal Palace.

This incomplete ancient talisman is engraved with the word "Chaos" and has the power to protect the soul.

Even if the soul of Wang Teng is cut, he can use this to recover.

But now, this incomplete ancient talisman exudes a little light again, like a spark in the darkness.

As the incomplete ancient talisman was urged, in a vague way, Jun Xiaoyao seemed to see a stalwart figure, gradually emerging.

In the ear, there was a sonorous and powerful voice with endless perseverance.

"In the first half of my life, I fought ten thousand times, and lost ten thousand times, without winning a single victory!"

"After ten thousand defeats, let the saints enter the demons, reverse the chaos of yin and yang, reverse life and death, and participate in good luck!"

"In the second half of my life, I have fought tens of thousands of times, and won every tens of thousands of times. It's not a defeat!"

The deafening voice resounded in Jun Xiaoyao's consciousness.

The half of the incomplete ancient talisman also released an infinite divine beauty, illuminating the vast darkness.

Jun Xiaoyao's consciousness was alarmed, and he awakened like a sleeping lion.

These words ~www.mtlnovel.com~ reminded him of a person who can be called a legend among emperors.

Emperor Luangu!

A great emperor who had a rough life and tried all defeats.

It can be said that he is an odd number among the emperors.

The other great emperors, from the time they were born, have been amazed by the world and their glory has been added.

But he has risen from the end of his life, recovered from the hasty, step by step.

The first half of his life did not win a victory, the second half of his life did not miss a defeat.

Before Jun Xiaoyao, he also read about the deeds of Emperor Luangu in some classics.

At this moment, Jun Xiaoyao's consciousness was shaken and he looked at the incomplete ancient talisman.

Looking at the word "chaos" engraved on the ancient talisman, Jun Xiaoyao was finally certain.

This incomplete ancient talisman is the imperial soldier of the former Emperor Luangu, the ancient emperor talisman!

[Chapter 563: Emperor Luangu breaks the cycle of reincarnation, sign in the sin karma and immortal spirit, eternally dying...](#)

When I saw this ancient talisman engraved with the character "Chaos" in the Bronze Immortal Hall before.

Jun Xiaoyao was already guessing in his heart whether it might be related to the legendary Luangu Great Emperor.

However, it is not certain that this ancient talisman is related to the Great Emperor Luangu just by the word "Chaos".

After all, it is not uncommon to have strong people in the name of chaos.

But now, this ancient talisman is actively recovering in desperation, which undoubtedly confirms its belonging.

It is the Emperor Luangu's guardian emperor soldier, Luangu Emperor Talisman.

But it is rumored that the Great Emperor Luangu had two imperial soldiers, one for the main attack and the other for the defense.

The main attacker is called Luan Gu Axe.

It is this chaotic ancient emperor talisman that is the main guard.

"It seems that Wang Teng, as the protagonist of heaven and earth, and the son of luck, is likely to get a complete inheritance of the ancient Luangu Great Emperor, but now I am stopped halfway."

Jun Xiaoyao also had to rejoice.

At this moment, the reason why this half of the ancient emperor talisman was actively inspired.

It is probably because of the special circumstances at the moment.

The Emperor Luangu was unyielding all his life.

Fight with heaven, fight with earth, fight with destiny.

And these losers of Emperor Road will only curse heaven and earth.

This negative emotion is completely contrary to the will of the Great Emperor Luangu.

Therefore, the Luan Ancient Emperor Talisman will be inspired.

The ancient imperial talisman released an infinite divine light, illuminating the darkness.

There seemed to be a stalwart figure holding a giant axe, trying to cut off this endless cycle.

Jun Xiaoyao is also refreshed.

Although relying on his own willpower, if he fights desperately, it is possible to get out of this cycle.

But now, with the help of Luangu Emperor Talisman, Jun Xiaoyao is undoubtedly easier.

"The endless resentment is just the clamor of the ants. There must be countless corpses on the road to the king."

"You are only worthy to be dead souls withered bones, cursing the world, and my lord Xiaoyao will step on your bones and reach the supreme peak!"

Jun Xiaoyao's consciousness spread cold words.

He had no mercy for those spiritual monks who died in Dilu.

The strong live, the weak die, and the survival of the fittest is the law of the world.

What is the use of complaining about the heavens and others, and complaining about fate?

Everyone has his own destiny, and God is destined.

Some people are born kings, while others are invaders.

And Jun Xiaoyao is the one destined to be king!

Under his feet, it is also destined to have endless bones paving the way!

"The nineteenth floor of hell, but Er, break it for me!"

Jun Xiaoyao let out a clear whistle, his white clothes moved and his hair fluttered.

Along with the brilliance of the ancient emperor talisman, the entire endless cycle was instantly broken!

The darkness in front of us was torn apart, and replaced by a dark red, a world like purgatory!

Many withered bones, unjust souls, undead, earth demons, heaven demons, earth demons, and heaven demons are everywhere.

Jun Xiaoyao held the Qi Ding, the mother of all things, and crushed the jade seal with the other hand.

In an instant, the shackles on Jun Xiaoyao's body were completely broken.

He has a quarter of an hour to show his heyday strength.

"kill!"

Jun Xiaoyao pushes the Qi Cauldron of the Mother of All Things with one hand, like a **** king pushing an ancient star, crushing all obstacles in front of him.

In fact, it is compared to the previous cycle of reincarnation.

It's easier to deal with these existences.

It was terrifying for Jun Xiaoyao to exert all his strength.

One light of God can annihilate one party.

A six rounds of reincarnation fist, you can easily destroy the Demon Emperor.

Jun Xiaoyao pushed all the way horizontally, without any disadvantage, no existence could hinder him.

In the end, Jun Xiaoyao entered the nineteenth layer of Hell Star.

Jun Xiaoyao discovered that there were countless red lotus-like flames blooming here.

"This is... the red lotus industry fire." Jun Xiaoyao condensed his eyebrows.

The red lotus karma fire is a flame formed by the power of sin karma.

This fire, burning, is sin and cause and effect.

How many Tianjiao buried their bones on the emperor road.

Countless Tianjiao's grievances have formed vast sin karma and cause and effect, converging here.

Even the Supreme, coming here, will tremble.

These sin karma causal powers are difficult to get rid of as soon as they are involved, and they will affect themselves.

After all, who would dare to say that he has no sin at all?

Who would dare to say that he is not contaminated with cause and effect?

At this time, Jun Xiaoyao vaguely felt that the supreme bone in his chest seemed to be slightly hot.

Just when he wanted to explore, the mechanical sound of the system rang in his mind.

"Ding, congratulations to the host for arriving at the sign-in place, do you sign in?"

"Sign in." Jun Xiaoyao said silently in his mind.

"Ding, congratulations to the host, get the seven-star reward, sin karma immortal!"

With the sound of the system falling.

Jun Xiaoyao suddenly noticed that a dark red celestial energy appeared out of thin air in his body, carrying the power of endless karma and sin.

On the surface of the immortal energy, it seemed that there was still a thin layer of red lotus karma.

It is sin karma immortal spirit!

"Is there a fairy gas?" Jun Xiaoyao was a little speechless.

If this matter, let the other Tianjiao know, I am afraid it will vomit blood.

After all, they condensed an immortal energy, worked hard, and devoted countless efforts to condense them successfully.

As a result, now Jun Xiaoyao only signed in once, and gained a fairy air in vain.

This is basically nothing.

Counting sin karma and immortality, Jun Xiaoyao unknowingly had five immortal energy.

This is a very scary number.

"If I can get immortal spirit every time I sign in, then I won't have to work hard to condense immortal spirit." Jun Xiaoyao shook his head slightly.

But he was just joking.

The sign-in opportunity was originally refreshed randomly.

And it is impossible to get a fairy reward every time you sign in.

This time is a surprise.

Therefore, afterwards, Jun Xiaoyao still has to be honest and condense the fairy energy by himself.

With the immortal energy of sin karma condensing, the red lotus karma fire and the power of sin karma here poses no threat to Jun Xiaoyao.

Jun Xiaoyao continued to deepen.

Suddenly, he stopped.

Because there is no way ahead.

Instead, there is a wall.

A wall made of endless dead bones and flesh and blood looks creepy.

In the center of the wall, there was a figure sitting cross-legged.

It was a woman in a blood red dress.

A blue silk is also blood-red, venting down like a flowing river of blood.

Although the face is beautiful, there are many weird black curse lines.

In a pair of beautiful eyes, blood and fire seemed to flow, burning with endless red lotus karma.

"How long has it been...someone came here again."

The weird woman spoke quietly.

"You are..." Jun Xiaoyao looked plain.

"I, the eternal goddess, is in charge of the number of sins and karma. On the nineteenth floor of this **** star, strangers can enter but not leave..."

The woman named Yong Jie Tian Nu ~www.mtnovel.com~ has a cold tone.

The implication is that Jun Xiaoyao don't want to go out alive.

"Oh, can you take the life of this **** son?" Jun Xiaoyao smiled faintly.

He did not perceive the irresistible coercion from the Eternal Jie Tianmai.

In other words, Eternal Jie Tian Nu is not the kind of top powerhouse.

She is more like the spokesperson chosen by the countless cultivators who have fallen on the road of the emperor, who is in charge of the crime and karma.

"Don't say it's a saint, even the supreme can't escape the punishment of crimes."

Eternal Jie Tian Nu stretched out her hand, and the surrounding red lotus industry cremated into entangled fire snakes, rushing towards Jun Xiaoyao.

Jun Xiaoyao stood there with his hands in his hands without any resistance, and even a smile appeared at the corner of his mouth.

On his body, the dark red sin karma immortal air emerged.

[Chapter 564: Ranked No. 1 in 3000 physique, the terrifying fate is nothing...](#)

This dark red sin karma immortal air, like flowing lava, carries endless sins and calamities.

At the same time, there is a thin layer of red lotus industry fire lingering on it.

When Jun Xiaoyao sacrificed the immortal energy of sin and karma, the fiery snake formed by the red lotus karma fire fell on him, without causing any waves.

"This....."

Even Eternal Jie Tian's lady was shocked, and she had never encountered such a situation.

Any creature, regardless of the level of cultivation, as long as there is cause and effect, calamity, and guilt, can be affected by her.

However, now, the immortal spirit of sin and karma on Jun Xiaoyao's body caused a flash of surprise in the eyes of Heavenly Maiden Yongjie.

"How can the immortal spirit formed by sin karma?" The Eternal Jie Tian Nu felt incredible.

The power of sin karma is one of the most terrifying powers in the world.

All spirits in the world are making karma.

If you compare the world to a furnace, then karma is the flame under the furnace.

There is no peace in the Three Realms, like a house of fire, full of suffering and terrible fear.

Even some top powerhouses cannot completely eradicate their own sin karma.

What's more, just a young talent?

The world is like a melting pot, and Jun Xiaoyao at that moment seems to be standing outside the melting pot.

This is also the reason why the Eternal Jade Lady feels incredible.

"It seems that your methods are useless to me." Jun Xiaoyao's expression was indifferent.

It is naturally impossible for the Eternal Jietian Girl to know that there is something called a system in the world.

In her opinion, it is impossible for Jun Xiaoyao to condense the celestial spirit of sin and karma through her own power.

"Don't be complacent, all spirits in the world can't escape the shackles of cause and effect. If they can't be punished by sin karma, then kill by cause and effect!"

Eternal Jie Tiannv is still unwilling.

No one has ever been able to get out from the nineteenth floor of Hell Star, and Jun Xiaoyao naturally couldn't break this rule.

She shot again, and the surrounding red lotus karma was boiling, and countless illusions appeared, as if the cause and effect of countless sentient beings were flowing.

Jun Xiaoyao was surrounded by this energy, but his face remained as usual.

At this moment, the Eternal Jade Heavenly Lady seemed to have noticed something, her face changed drastically.

Looking at Jun Xiaoyao's eyes, there was even a look of horror!

Yes, it's just panic!

It's like seeing a great horror that can't exist in the world!

"Impossible, this is absolutely impossible, I don't believe it..." The Eternal Jade Heavenly Girl shook her head frantically, her expression in awe.

"Ok?"

Jun Xiaoyao felt a little strange looking at the abnormal reaction of Heavenly Jade Woman.

Eternal Jie Tiannv said to restrain him with cause and effect, but Jun Xiaoyao himself did not feel any abnormality.

I don't feel anything yet, are you crazy?

Jun Xiaoyao found it incredible.

"How is it possible, your past is a blank, without any cause and effect, without any involvement..."

"All the souls in the world are involved, and they are due to chance. Why do you have nothing, like a person who does not exist here?"

The goddess of Eternal Jietian looked horrified, even with a touch of fear.

It is said that the nineteenth floors of **** are weird.

But the Jun Xiaoyao in front of him makes the Eternal Jade Heavenly Girl feel even more weird and terrifying!

Obviously a person who is alive and exists in the world, why doesn't he even have any past or cause and effect?

This is the real hell!

"Oh, that's the case." Jun Xiaoyao understood the eternal jealousy's rant.

It turned out to be because I didn't stick to cause and effect.

"Is it because I am a traverser?" Jun Xiaoyao thought of this.

He came through, strictly speaking, he is not exactly a creature in this world.

Moreover, Jun Xiaoyao didn't care about causal destiny.

As long as he is strong enough, he can decide everything.

"This...why is this? No, it's because..." Eternal Jade Heavenly Girl thought of a certain possibility.

"Could it be that in the legend, the three thousand physique ranked first, the fate of nihility?" Eternal Jie Tianmai thought.

Three thousand physiques are the three thousand physiques that have been the most stunning in the world since ancient times.

The top hundreds are all extremely rare physiques.

The top 100 are all proud.

The top 30 are already absolute arrogant leaders, such as double pupil, supreme bone, human emperor, and congenital fetus.

The top ten is unparalleled.

Desolate Ancient Saint Body, Heaven Overlord Body, Chaos God Body, etc., are among them.

These top physiques, in fact, it is difficult to completely distinguish one from the other.

After all, physique is one aspect, and so is personal strength.

The Wild Ancient Saint Body has fought against the Heaven Overlord Body for countless years, without any difference.

However, there is a physique that is exceptional.

This kind of physique ranks first among the three thousand physiques, stably stabilizing other physiques, and the ranking has not changed since ancient times.

That is the fateful nihilist in the legend.

The emptiness of destiny jumps out of the three realms and is not among the five elements.

There is no fate, no cause and effect.

No one can explore his past, and no one can speculate about his future.

This is the only anomaly between the world and the earth throughout the ages. It does not touch the cause and effect, and does not fall into the world.

This physique does not seem to have various fancy abilities, but it is the most terrifying.

Because possessing this physique is equivalent to being a non-existent person.

Not to mention the emperor, even the real immortal, can't grasp the fate of such people.

What a terrifying existence that even immortals can't detect!

But it is also because this physique is too defying, and has never been discovered since ancient times.

Some people even wonder if there is such a constitution at all?

Still, it was just made up.

However, some people think that if there is such a physique, it is definitely impossible to be discovered.

Because the fate of the emptiness is difficult to calculate and grasp.

Even Eternal Jade Heavenly Girl only has this kind of speculation, and dare not really confirm it.

But no matter what, Jun Xiaoyao is definitely an anomaly, and even she can do nothing.

"How many years have I met someone like you, the biggest anomaly in the world, without me, you will endure many calamities." Eternal Jie Tian said.

When Jun Xiaoyao heard the words, he smiled and said: "I've been through the tribulation more than once. It seems that God, there is nothing I can do for the time being. UU Reading www.uukanshu.com"

"You really are a unique existence, without cause and effect, without sinning, and without falling into the world." The Eternal Jie Tianmai sighed slightly, a little weak.

Could it be a taboo on the nineteenth floor of **** that should be broken because of Jun Xiaoyao?

"You go." Eternal Jietian woman said.

Her ability is terrifying, even the Supreme will be jealous.

However, there is nothing he can do about Jun Xiaoyao.

And if, Jun Xiaoyao is really the fate nihility in the legend.

Then she is a small eternal mistress, it is even more impossible to threaten Jun Xiaoyao.

"It seems that you can't help this god." Jun Xiaoyao showed playfulness in his eyes.

He stepped forward step by step and approached the Eternal Jietian Lady.

"What are you going to do?" The Goddess Eternal Jietian was dazed, with a look of vigilance in her eyes.

[Chapter 565: Flickering Eternal Jietian Woman as a follower, the third supernatural power of the Supreme Bone...](#)

Eternal Jie Tiannv admitted that she can do nothing about Jun Xiaoyao.

But it was impossible for Jun Xiaoyao to deal with her.

The nineteenth floor of this **** star is her home court.

Every moment, there is a steady stream of energy infused into her body.

Therefore, the Eternal Journey Goddess is almost immortal in this nineteenth floor.

Unless Jun Xiaoyao can destroy the entire Hell Star.

Jun Xiaoyao walked to the Yongjie Tiannv, stretched out his hand to pinch her chin, and said lightly: "Don't stand high in front of this **** son, you are just a monk who is buried in the bones of the Emperor Road, gathered with resentment karma, and formed a creature."

"It really angered me. It's not impossible to destroy the entire Hell Star."

Although Jun Xiaoyao can't do it by himself now.

But the power behind him can do it.

"So, what else do you want?"

Because it was suspected that Jun Xiaoyao was the nihilist of destiny, the eternal jealous goddess was jealous, but did not act.

If it is an ordinary woman, and Jun Xiaoyao is so close, 80% will blush and heartbeat.

Eternal Jie Tiannv does not, she is a creature formed by a simple sin and karma resentment, with almost no human emotions.

"Your ability is not bad, you are qualified to be a follower of the son of God." Jun Xiaoyao said calmly.

Jun Xiaoyao deliberately created a follower like his father, the king of gods.

So he has been paying attention, looking for talents who can be attracted by him.

And now, Jun Xiaoyao has three followers.

Yi Yu, the descendant of the ancient emperor clan, Yan Qingying, the descendant of the swallowing gods, and the reincarnation of the Holy Body Wangchuan.

As for the Eternal Jie Tiannv, although she has a special origin, she has the terror ability to control causal sins and is indeed a rare talent.

"What, you want to accept me as a follower?"

Even the Eternal Jade Heavenly Girl was a bit dumbfounded, and the beautiful cheeks imprinted with black curse lines were all frozen.

Who is she?

The master of the nineteenth floor of hell.

The embodiment of the power of sin karma.

Being jealous by countless people, it became one of the legendary seven incredible things.

As a result, Jun Xiaoyao actually said that he wanted to take her as a follower.

This is crazy.

"Are you kidding?" Eternal Jie Tiannv said coldly.

"With your words and demeanor, you must have your own mind and soul."

"You just want to stay in this place where the birds don't shit?"

"Furthermore, you are good at speaking, you are the master of karma, you are not good at speaking, but you are just a puppet of those resentful spirits."

Jun Xiaoyao's words, like thorns, pierced into the heart of the eternal jealous lady.

Indeed, the meaning of her birth was nothing more than the grievances of countless cultivators on the Bone Dilu.

To put it bluntly, it's just a tool man.

And freedom was restricted forever.

"You are in charge of karma, but you can't cut off your own cause and effect. Isn't this also a kind of sorrow?" Jun Xiaoyao said.

He felt that he was like a magic stick, fooling people.

And the Eternal Jie Tianmai has always stayed on the nineteenth floor of Hell Star.

To some extent, thinking can be considered simple.

Compared with Jun Xiaoyao, who was full of black water, he still seemed very naive.

"And tell you the truth, only I can give you freedom, and promise to let you get rid of the shackles of resentment and gain true freedom."

Jun Xiaoyao continued to persuade him.

The Eternal Jade Heavenly Girl finally moved slightly and said: "Can you really give me freedom?"

"Of course." Jun Xiaoyao nodded.

"However, I cannot leave the Hell Star, and the Hell Star is my source of strength. If I leave, my strength will weaken a lot." Eternal Jie Tian said.

"You can rest assured, as long as you agree, I will naturally come back in the future and take you out."

"As for the source of strength, I will find a way when the time comes, and with your talent, even if you don't rely on the Hell Star, the future strength will not be weak." Jun Xiaoyao said.

"Then... okay." The Eternal Jietian woman nodded.

She really wanted to get rid of the influence of those resentments and gain freedom.

Jun Xiaoyao just awakened her desire.

Jun Xiaoyao smiled.

Since Eternal Jie Tiannv agreed, then this is also a cause and effect.

But now, Jun Xiaoyao alone is not capable of taking the Eternal Jietian Girl out.

But there is definitely a chance in the future.

"Next, do you want to leave?" Eternal Jie Tian Nu asked.

"Of course not. After finally coming to the nineteenth floor of Hell, how could you leave so easily?" Jun Xiaoyao said.

When he entered the depths of this **** star, the supreme bone in his chest was always hot.

"Could it be... my supreme bone third magical power is about to awaken?" Jun Xiaoyao doubted.

The first supernatural power of his supreme bone is the power of God, and the second supernatural power is the power of reincarnation.

Could this third magical power be the power of sin karma?

Jun Xiaoyao thought, he sat down cross-legged, urging the supreme bone.

Suddenly, the supreme bone shone out of the gods, and a horrible suction burst out.

The power of sin karma and the fire of red lotus karma around him are like a sea of rivers converging, rushing to Jun Xiaoyao's chest.

This scene is shocking!

The Eternal Jade Heavenly Girl also took a deep breath, but Jun Xiaoyao did not expect such a change.

"Sure enough, it seems that my supreme bone third magical power is indeed related to the power of sin karma, in that case..."

Jun Xiaoyao opened his hands and fully urged the supreme bone.

"Thousands of causes and effects, add to my body, eternal sin karma, all go to my body!"

Jun Xiaoyao swallows the endless karma of the nineteenth floor of the Hell Star with supreme bones!

He seems to be the center of hell!

A terrifying ability seemed to gradually brew, converge, and awaken in Jun Xiaoyao's chest.

In his chest, the shining supreme bone also seemed to have been contaminated, and it began to be contaminated into a dark red color, carrying a magical power and sin karma!

Obviously, the power of the third supernatural power of this supreme bone will be very strange and terrifying!

Before Jun Xiaoyao's supreme bone didn't have much sense of existence, because Jun Xiaoyao could sweep everything by relying on the waste ancient sacrament without using supreme bone.

But now, Jun Xiaoyao's third supernatural power of the supreme bone is about to awaken, and the ability of this bone will also be revealed.

In addition, Jun Xiaoyao seemed to have some kind of understanding.

"Causality~www.mtlnovel.com~ sin karma, creation..."

Jun Xiaoyao murmured, sitting cross-legged on the spot, and a spirit of evil karma appeared on his body.

The power of endless sin karma forms a cocoon and envelops it.

Seeing this scene, Eternal Jade Heavenly Girl also showed a silent shock.

She has never seen anyone who can use the power of sin karma so skillfully.

"Is this the power of the Destiny Void?" Eternal Jie Tianmai secretly asked.

If Jun Xiaoyao is really the fateful nihility in the legend, then being his follower is not only not a humiliation, but an honor.

Jun Xiaoyao's state has been maintained.

Unconsciously, more than half a year has passed.

The dojo outside the stars of **** is full of hustle and bustle, all talking about Jun Xiaoyao.

[Chapter 566: The record made a sensation in Emperor Road, and the hatred of Void Sword Master is the strongest...](#)

"It's been more than half a year. The Emperor's Son has not yet emerged from the nineteenth floor of the Hell Star. Isn't it really cold?"

"That's not the case. Before, the son of the Jun family entered the Bronze Immortal Palace, but it took a long time to come out."

"Without waiting for a few years, no one knows whether the son of the Emperor's family has really fallen, or if he is developing in a wretched manner."

"The deserted battlefield of the eighteenth pass of the Emperor Road is about to open. If the son of the king's family does not come out, wouldn't he miss the opportunity to obtain the seal of proof?"

Many Tianjiao are whispering.

The seal of sermons is very important, and this is the recognition given by heaven.

Tianjiao who has obtained the seal of enlightenment will be greatly facilitated when enlightenment in the future.

Many of the peerless Tianjiao who are qualified to embark on the ultimate ancient road are Tianjiao who have won the seal of the Dao.

The Tianjiao that incorporates the Seal of Proving Dao is far stronger than the Tianjiao without the Seal of Proving Dao.

It can be said that if you don't get the seal of proving Tao, even if you walk on the ultimate ancient road, you will be looked down upon by other Immortal Domain Tianjiao, inferior to others.

It is precisely because of this that many arrogances of the Emperor Road in the Huangtian Immortal Territory will begin to gather towards the Huangtian Battlefield of the Eighteen Passes of the Emperor Road.

The sooner you go in, the more chance you will find the seal of enlightenment.

In addition, there are other opportunities in the battlefield of Huangtian, and the Supreme Inheritance is nothing.

Even Zhundi chances may appear.

"Why doesn't the master come out yet." The nine lions are also a little bored.

Immediately, he squinted at Kong Xuan who was aside, and said, "Your master is dead, why are you still not leaving? I really want to grab a seat with me, there is no door!"

The nine lions thought that Kong Xuan was addicted by Jun Xiaoyao and didn't want to leave.

This gave the nine lions a sense of crisis.

Even as a mount this year, the competition is so fierce.

"I'm just curious, can Jun Xiaoyao get out of the nineteenth floor." Kong Xuan said.

Until now, she was a little unacceptable, the fact that Jade Buddha was abused and killed by Jun Xiaoyao casually.

She wants to witness with her own eyes whether Jun Xiaoyao can create this impossible miracle again.

"Heh...Does this still need to be doubted? The word miracle was created specifically for my master." Nine lions grinned.

It has completely become Jun Xiaoyao blowing.

There are also Golden Winged Xiaopeng King, Mu Yuehan, and Xiao Xian'er, none of them left.

"Why isn't my little brother coming out yet? Xian'er's belly is starving." Xiao Xian'er said with a crystal clear face wrinkled.

She was originally afraid that Jun Xiaoyao would refine her.

Now that she has tasted the sweetness of all things motherly, even if Jun Xiaoyao drives her away, she will not leave.

King Jin Wing Xiaopeng was also helpless when he saw this.

This little fairy has too much appetite.

She didn't even look at ordinary rare materials, treasures, etc.

I am afraid that only the treasures of the fairy marrow, the fairy gold, and the treasure of heaven and earth can arouse her interest.

"I believe Lord Godson will definitely come out safely." Mu Yuehan said firmly.

None of them went to the Eighteenth Pass of Dilu to participate in the deserted battlefield, but chose to wait here.

While they were waiting, the news that Jun Xiaoyao killed the three little giants and broke into the nineteenth floor of Hell Star also completely detonated the entire road.

It can be said that from the first pass of Dilu to the eighteenth pass of Dilu, Tianjiao is discussing things about Jun Xiaoyao in every city.

"The son of the Emperor's Family is too terrifying, right? With 40% strength, he can kill the three small giants like Jade Buddha and the like."

"Yes, and the **** son of the Jun family has also cultivated four immortal qi, this Nima is a super abnormal!"

"Even in the ultimate ancient road, the Tianjiao who can cultivate the four immortal spirits is a rare existence. The **** son of the Jun family has not embarked on the ultimate ancient road, and has such an enchanting strength."

"Unfortunately, the son of the Jun family was still too impulsive. He even stepped into the nineteenth floor of the Hell Star. Although it is uncertain whether he will fall, at least, it is possible to miss the opening of the wild battlefield."

Some Tianjiao felt that Jun Xiaoyao was impulsive, which was a pity.

If you miss the battlefield of the wild sky and fail to obtain the seal of proof, the loss will be great.

The whole Emperor Road is coaxing about Jun Xiaoyao's deeds.

So this incident inevitably spread out gradually from Dilu.

The Tianxu Ancient Star Territory is a star territory outside the Wild Heaven and Immortal Territory, with more than a dozen ancient stars of life.

And at this moment, in a temple deep in the starry sky of the Ancient Star Territory of Tianxu, an old voice of anger was heard.

"Jun Xiaoyao, dare to kill my disciple, good, good!"

Inside the hall, an old man in a white robe, complexion crimson, twisted and hideous.

He is the master of Void Sword, the strongest supreme of the Ancient Star Territory, Void Sword.

There is no power and no master behind the Void Sword, only Void Sword Master.

Void Sword Sovereign only had the apprentice Void Sword.

He almost cultivated Void Sword as a half son.

Even the half-volume empty book on Xukong Jianzi was discovered by the Void Sword Sovereign first, and then handed over to Xukong Jianzi.

This shows that Void Sword Sovereign's doting on Void Sword.

But now, this disciple who was given high hopes by him was killed by Jun Xiaoyao casually.

This kind of hatred, one can imagine, is simply endless.

"Damn, the disciple is so strong, plus he has also practiced half of an empty book, it is absolutely impossible to be killed casually.

"It must be that Jun Xiaoyao, oppressing my disciple with background forces."

The more Void Sword Sovereign thought, the more angry and hatred he became.

He didn't want to believe that the apprentice he carefully cultivated would be killed by Jun Xiaoyao like sweeping garbage.

Therefore, he thought that it must be Jun Xiaoyao oppressing his disciples from the back of the ancient Jun family.

"Disciple, don't worry, this hatred, as a teacher, I will never let it go!"

"The Jun family is very strong, I can't afford it, but a Jun Xiaoyao, I still have the ability to secretly kill." Void Sword Sovereign's eyes were cold.

He didn't think that Jun Xiaoyao would fall on the nineteenth floor of Hell Star.

He will personally avenge his disciples.

"As long as I forbear, wait for Jun Xiaoyao to leave Emperor Road, I will find a chance to kill him secretly." Void Sword Sovereign said to himself in a cold tone.

"Oh, really?"

Suddenly, a voice without emotion sounded.

"Who is it?" Void Sword Sovereign suddenly felt his hair stand up and his hair was horrified.

This is his dojo. Generally speaking, no one dares to step into the Ancient Star Territory.

Void Sword Sovereign suddenly turned his head and saw two figures in gray clothes.

An old man in a gray robe, and a gray boy about ten years old.

"You...you are..." Void Sword Sovereign vaguely sensed something wrong.

"Dare to plot my descendants, I have to say ~www.mtlnovel.com~You are very courageous." The gray-robed old man grinned and smiled.

Void Sword Sovereign heard the words, his mind was violently shocked, and endless horror surged!

The gray-clothed child snorted coldly: "Why do you talk nonsense, dare to calculate the lump on my gentleman's baby and destroy him!"

After all, with one hand raised, a golden octagonal ancient mirror emerged, engraved with gossip lines, and the mirror seemed to reflect three thousand worlds.

A vast imperial prestige, pervading out, suppress all directions!

Void Sword Master was about to stop breathing, and a chill surged from his spine!

When this golden ancient mirror emerged, he thoroughly understood everything!

boom!

A golden beam of light that destroyed everything burst out from the ancient mirror, and the Void Sword Master couldn't even struggle. It was directly turned into ashes under this move.

The strongest supreme of the dignified Tianxu Ancient Star Territory was killed by a single move!

[Chapter 567: The ancient star field of Neptune, the bronze palace descends](#)

If this scene were seen by other monks in the Ancient Star Territory of Tianxu, it would definitely be shocked to the heart.

This is the strongest supreme of the Tianxu Ancient Star Territory.

Not only that, but in the surrounding ancient star regions, they also have great names.

As a result, he was killed by a spike, and he died so cleanly.

Looking at the Void Sword Sovereign who had turned into a robbery ash, the Sixteenth Ancestor retracted the Emperor's Mirror, with a cold snort in his nostrils.

"It's a idiot who knows nothing about life and death. I am afraid that it will be difficult for me to reincarnate."

"Hehe, Xiaoyao, this child, has only been on the road of God for a long time, and he has created such an amazing record." Eighteenth Ancestor said with a light smile, his tone full of pride.

Although the Jun family did not intervene in Emperor Road.

But they all paid attention to Jun Xiaoyao's every move.

Before, after hearing that Jun Xiaoyao killed Jade Buddha, Void Sword, and Seagod Third Prince.

They just kept a mind, and wanted to eliminate some hidden dangers for Jun Xiaoyao.

Therefore, the Eighteenth Ancestor and Sixteenth Ancestor came to the Tianxu Ancient Star Territory.

If this Void Sword Sovereign was honest and didn't want to take revenge, the Eighteenth Ancestor and Team Sixteen would be too lazy to kill him.

But no matter what, you have committed sins and you cannot live.

Void Sword Sovereign was looking for death on his own, and wanted to calculate Jun Xiaoyao, so no wonder they shot it.

"On the nineteenth floor of Hell Star, it shouldn't matter much to Xiaoyao, right?" Eighteenth Ancestor said lightly.

"It's just a harder test. It's not a big deal. Something really went wrong. Just wipe out Hellstar."

They were extremely confident that Jun Xiaoyao had crossed the nineteenth floor of Hell Star.

At the same time, in another vast ancient star field.

Looking at this ancient star field, it was a azure blue with more than ten ancient life stars, all of them blue, most of which were oceans.

It is the Neptune Star Field.

At this moment, in the central main star, a magnificent and luxurious underwater palace.

"Hateful, my son just fell!"

In the hall, on a throne inlaid with pearl crystals and other precious treasures, a middle-aged man with blue hair and golden armor roared and roared.

Below him, stood two powerhouses, the weakest of which was also the Great Sacred Realm.

There are even as many as six or seven of the Supreme Powers.

This is an extremely powerful force, comparable to an immortal force.

It's just that at this moment, these powerhouses are also hanging their heads, not daring to touch the mold.

This middle-aged man who was roaring angrily was the master of the Neptune Ancient Star Territory, Neptune.

The entire Ancient Star Territory, most of the territories, and many powerhouses are under his control.

This shows how terrifying the power that Neptune possesses.

"My lord, you must avenge our son, he died too miserably, the son of the king's family, he must not die!"

Beside the throne, a beautiful woman with a delicate face was sobbing and crying.

She is the mother of the third prince of the Sea God and the concubine that Sea King loves most.

"Don't you hate this king, it's just that the identity of the monarch Xiaoyao, it's hard to do!" Haiwang's face was gloomy, like an angry lion.

Although he has many descendants.

But among them, the third prince of Seagod was the strongest and the most talented.

Hai Wang also attached great importance to the third prince, and even thought about passing the throne to him in the future.

However, his son, who was regarded as his successor, died tragically in Dilu.

With the temperament of the sea king, those who dare to kill his heirs must definitely return them a hundred times.

But the one who killed him was Jun Xiaoyao.

That claimed to be the Wild Heaven Immortal Realm, one of the most unprovoked people.

Even though Sea King had witnessed the immortal battle in the Wild Heaven Immortal Territory before, he had also heard the news.

Now who dares to provoke Jun Xiaoyao, unless it is desperate.

"This matter, let's discuss it in the long term." Sea King's hand was tight.

He is not stupid, how could a fool be in charge of the Ancient Neptune Star Territory.

On the contrary, after hearing the news, Hai Wang temporarily calmed down from the initial anger to the present.

It's hard, almost impossible, to get revenge.

Unless the Neptune Star Region can develop stronger, strong enough to make the Jun family jealous.

Otherwise, the shot now is a death.

As for the assassination?

Aquaman believes that the Jun family is not that stupid.

If Jun Xiaoyao died, the Ancient Neptune Star Region would be the first to be suspected.

"What, my lord, do you mean that we will not avenge our son?" Aside, the beautiful woman screamed even more when she heard this.

Mothers are expensive with children.

Now that she has lost her third prince, the beautiful woman is not only heartbroken because of the pain of losing her son, but she is also afraid that her status will plummet.

If the third prince is not dead, she will be the queen mother of the Neptune Star Region in the future.

It is for this reason that the beautiful woman hates Jun Xiaoyao who killed the third prince to the extreme.

"Then what do you say?" Hai Wang said annoyed.

"I don't care, that Jun Xiaoyao, he must die, and he can't let him die so happy, he must peel him, cramp him, and break his body into pieces!"

The tone of the beautiful woman was filled with deep hatred and resentment.

Hearing this, Hai Wang sighed deeply.

This is basically impossible.

At this moment, a charming female voice suddenly sounded.

"Oh, even though they are both women, I have to say, the most poisonous woman's heart."

"who is it?"

Hearing this voice, Hai Wang and other powerful people, their eyes trembled, and they shouted coldly.
boom!

In the next moment, the entire palace above was bursting open!

Even the sea water is divided into two, revealing the clear sky.

A magnificent and simple ancient bronze palace filled with the meaning of predicament, broke through the sky and descended here.

Four figures slowly stepped out of the bronze palace.

A blind old man, a lame old man, a charming woman, and a parrot.

It looked like an ordinary existence among all beings.

But at this moment, even a fool knows that these four supreme beings are absolutely unprovoked!

"This is...Bronze Immortal Palace~www.mtlnovel.com~ You are..." Upon seeing this, the sea king seemed to stop breathing instantly, and his mind went blank.

"Dare to pay attention to the Lord of the Emperor's Court of my house, you are very courageous." Fang Xiuniang smiled slightly, charmingly like a flower.

At this moment, all the powerful Neptune Star Regions present felt cold from head to toe.

In that immortal battle, it was not only the Jun family who became famous in World War I.

There is also an emerging immortal power.

A force specially shaped by Jun Xiaoyao.

Monarch Court!

The four in front of them are the four great elders of the Emperor's Court.

"Oh my God, the four Supreme Profound Venerable Powers!" Some powers in the Ancient Neptune Star Region have weakened their feet.

Not to mention the other powers of the Emperor's Court, these four Supreme Profound Experts alone are enough to completely destroy the entire Ancient Neptune Star Territory!

[Chapter 568: The Emperor Court takes action to destroy the Ancient Neptune Star Territory, Xiao Xitian recognizes...](#)

Although there are some supreme powerhouses in the Neptune Star Region.

But there is no powerhouse of the supreme Xuanzun level.

And now, with the arrival of the four supreme Xuanzuns, these supreme powerhouses in the ancient Neptune Star Region felt very panicked.

A faint panic flashed in Sea King's eyes, but he quickly calmed down and said slightly, "It turns out that the four elders of the Emperor's Court are coming, and this king has missed a long way to welcome him."

Hearing this, Fang Xiuniang smiled and said, "Don't talk any nonsense. We also heard what this woman said just now. What should she do to insult the Lord of the Imperial Court?"

"This..." Sea King's expression was shocked.

The beautiful woman on the side was frightened and stupefied when she heard the words, her face was pale, as if she was coated with powder, and her body was trembling like a quail.

"She just said something, let her taste it for herself, otherwise, our Emperor's Court won't let it go." Fang Xiuniang smiled.

"Yes, if you don't know each other, then burn all, grab all, kill all!" The hanging feather parrot cried with a drake-like voice.

In the last Immortal War, the Emperor Court ransacked the Wang family, and the hanging parrot was directly addicted to copying.

Hearing this, the beautiful woman was even more frightened and convulsed, her tears and nose burst out, and she knelt down at the sea king and said, "My lord, you can't treat your concubine like this..."

Aquaman's palm trembled slightly, closed his eyes, and then opened them, with a touch of determination flashing in his eyes.

On one side is the entire Neptune Star Region, on the other side is his favorite concubine.

Sea King naturally knows which is lighter and heavier.

"Don't blame me." A coldness flashed in Sea King's eyes.

"No!" The beautiful woman screamed.

Next, there was an extremely **** scene.

This beautiful woman cursed bitterly before, saying that she would take Jun Xiaoyao's skin, draw Jun Xiaoyao's tendons, and smash him into pieces.

As a result, I had tasted this extreme pain first.

The beautiful woman was cramped and shattered into a mass of flesh and blood.

"That's enough, isn't it?" Hai Wang breathed heavily, his face crimson, and faintly distorted.

As the king of the ancient star field, he was threatened to kill his concubine by cruel means.

If it spread out, he will be laughed at by people.

"Do you think it is enough?" Fang Xiuniang asked, turning her head.

"Why is it so troublesome, kill it."

"I feel so too."

"Quack, great, it's time to burn, kill, and loot again!" The hanging hair parrot stood up with excitement.

"Are you teasing this king?"

Hearing this, Hai Wang exploded.

"Do you believe women's words?" Fang Xiuniang didn't mind.

The next moment, the old blind man snapped his fingers.

In the void, a series of spatial vortices emerged, and dense figures walked out of it.

It is the ancient world army.

Li Xian, Ao Cangyuan and other powerful people of the four major races of Xianggu also led their respective elites and came out in full force.

"You are presumptuous!" Sea King shouted angrily, he fully understood.

From the very beginning, the Emperor's Court planned to completely destroy the Ancient Neptune Star Territory, regardless of their attitude.

"Now that the Emperor's Court is still developing, how should I say, I lack a little money." The old blind man said with a smile.

Although the Emperor's Court has the support of the Emperor's family, it still needs a huge amount of resources and heritage to develop.

Where do these things come from?

The easiest way is naturally to grab.

As for the Ancient Star Territory of Neptune, he gave the Emperor Court an excuse to send troops to conscript.

If for no reason, bloodbath an ancient star field, it would obviously have a bad influence on the reputation of Emperor Court.

But now, it doesn't matter. Using Jun Xiaoyao as an excuse, they can act grandiosely.

Sea King is not stupid either. When he turns his mind, he understands. He dances with blue hair and roars angrily: "You monarchs, you deceive people too much!"

"Kill!" The old blind man was too lazy to talk nonsense.

The immortal ancient army of the Emperor's Court came out together, and the four of them personally took action, even if all the powerhouses of the entire Neptune Star Region are united, there is no chance of winning.

"Sovereign Court, if you want to destroy my Neptune Ancient Star Territory, you also have to bleed, and the emperor will come out!" Sea King screamed.

A trident filled with golden light pierced from the depths of the seabed, carrying a vast imperial might.

It is the Godless Soldier of the Ancient Neptune Star Territory, the Poseidon Trident!

The Poseidon's Trident was exactly an imitation of Poseidon's Trident.

At this moment, the real imperial soldiers appeared, vast and powerful.

"Emperor soldier?" Fang Xiuniang tilted her head.

then.....

With a bang, in the Bronze Immortal Palace, five emperor soldiers emerged.

In addition to the trophies from the previous immortal battles, the unicorn wheel, the phoenix wings and the golden platters, the broken crocodile teeth, and the Northern Emperor Ruler.

There is also a roulette wheel, slowly spinning out, with a vast aura, as if forming six reincarnations, crushing all enemies in the world!

It is the emperor soldier of the Samsara Demon Sect, the six reincarnation discs.

But now, it belongs to the Emperor's Court.

The five emperor soldiers came out together, and all the strong men of the Ancient Neptune Star Region were dumbfounded, as if their souls had been taken away, and their bodies stiffened in place.

Which immortal force can take out five imperial soldiers in one go.

In Huangtian Immortal Territory, apart from the Jun Family, it is estimated that only the Emperor's Court can take it out.

Hai Wang's entire face was pale, and his body trembled as if he was about to fall to the ground.

"It's over..." Sea King muttered to himself blankly.

Who would have thought that a third prince of the Seagod would eventually lead to the destruction of the entire Ancient Neptune Star Territory.

Next, needless to say, with the power of the Emperor's Court, it is more than enough to destroy an ancient star field.

More than ten ancient life stars have all suffered devastating blows.

The team of the Emperor's Court, like a locust crossing the border, will be scoured wherever they go.

It's almost like getting the true story of Jun Xiaoyao's cutting the leek, but this time, even the roots were cut, leaving no room.

In the end, the entire Ancient Neptune Star Territory was completely destroyed, and all forces related to Neptune were wiped out.

And this kind of thing, obviously can't hide.

It didn't take long for the entire Wild Heaven Immortal Territory to be known.

The strongest supreme of the Tianxu Ancient Star Territory, the Void Sword Sovereign fell.

The Neptune Star Territory was completely destroyed and almost extinct.

Reminiscent of the previous Emperor Road, the rumor that Jun Xiaoyao killed the three small giants.

Everyone instantly understood.

For a time, all forces were shocked.

Just because it provokes Jun Xiaoyao~www.mtlnovel.com~ the people and forces behind the Seagod Third Prince and Xukong Jianzi have also been eradicated.

Everyone was sighing that within the scope of the Wild Heaven and Immortal Realm, anyone can provoke anyone, just don't provoke the emperor's son.

Otherwise, it is not just that you are dead, it may even involve the family and forces behind it.

As for Xiaoxitian, it is in the first time frame.

Everything is doomed by fate, and the death of Jade Buddha was also doomed long ago.

And their Buddhism will not have revenge, and everything will follow.

Later, Xiao Xitian even announced that it would be temporarily closed for a period of time.

Some monks went to investigate outside Xiaoxitian and found that Xiaoxitian had already raised a large array of guardians.

"As for..." Many people are slanderous.

Xiao Xitian is also an immortal sect that has been passed down for generations, and he has been so thorough.

[Chapter 569: Ye Guchen's engagement, the king and the king will finally meet, the fairy womb will come out...](#)

However, some forces can also understand Xiao Xitian's prudent approach.

After all, the emperor is used to being domineering, and now a more domineering emperor court is added.

The two major forces unite, even Xiao Xitian has to bow his head and admit his counsel.

What made Xiao Xitian breathed a sigh of relief was that the Jun family did not trouble them.

It's not that the Jun family didn't dare to provoke him, but Xiao Xitian was indeed not so bad that he would secretly murder Jun Xiaoyao.

Since there is no threat to Jun Xiaoyao, the Jun family is naturally lazy.

However, this turmoil has obviously made people aware.

Jun family, don't mess with it.

Jun Xiaoyao, let alone mess with it!

The storm in the Desolate Heaven and Immortal Territory continued for a while, and it also became quiet.

The destruction of an Ancient Star Territory is nothing more than talk for the immortal forces of the Wild Heaven Immortal Territory.

However, on the road to the emperor, the storm still did not stop.

In the depths of the Eighteen Passes of Emperor Road, the opening of the deserted battlefield undoubtedly set off a situation in all directions.

An ambitious Tianjiao stepped into the deserted battlefield, desiring to seize the fate of a lifetime.

Junjia, Jun Moxiao, Jun Lingcang and other sequences.

Jiang family, Jiang Shengyi, Jiang Luoli and others.

Ji family, Ji Qingyi and others.

And Yan Rumeng of the Demon Temple.

The little magic fairy of the magic fairy sect.

There are also Long Xuhuang, Huang Jiuyan, the ancestor of Crocodile.

And on the road of Emperor, Yi Yu, Yan Qingying, Princess Long Ji and others, who had gained a lot of fame, were all preparing to enter the deserted battlefield.

In addition, there are many enchanting Tianjiao of the Ancient Star Region, who are also preparing to enter.

In the depths of the Eighteen Passes of Dilu.

An immeasurable peak towering into the stars.

A black-clad figure with a stern face, standing positive and negative, looking at the deep starry sky in the distance.

He carried a blood-stained sword on his back, and the biting sword aura made the stars of Zhou Tian shake, as if they were about to fall down.

In the distance, there are some Tianjiao's eyes that have been paying attention here.

This black-clothed young man is the reincarnation of the Ye Family Sword Demon, Ye Guchen, who is now ranked number one on the Sacred List.

"Jun Xiaoyao, not only did you not die, but you were even stronger, the nineteenth floor of the Hell Star, I am afraid it will be difficult to trap you." Ye Guchen's tone was flat.

Jun Xiaoyao, this is a name that is mentioned by people, and will not help but rise in awe.

But from Ye Guchen's mouth, in his eyes, there is only war spirit and no other emotions.

In the past, Ye Guchen once said in Huangtian Immortal Realm that the king does not see the king.

But now, the king and the king will finally meet!

"In my hand, I have only a three-foot sword in my hand, looking around and invincible, reincarnating and rebuilding for defeat!"

Ye Guchen's voice fell, and the Emperor Killing Sword behind him bloomed with a sword light, directly cutting down many stars suspended in the starry sky!

"Jun Xiaoyao, if you leave the customs, at the end of the deserted battlefield, there will be a battle of the heavens!"

As soon as it fell, the countless stars in the starry sky burst at the same time, as if a battle for this peak had kicked off.

"Ye Guchen is this Xiangjun Xiaoyao writing a war?"

"Interesting, so interesting, this will be the ultimate Tianjiao battle of this emperor road!"

In the distance, many Tianjiao who paid attention to Ye Guchen showed excitement in their eyes.

These two people, one of them was the reincarnation of the ancient sword demon and rebuilt, cut off the past, reshaped the true self, and not long after walking on the path of God, won the first place in the sacred list.

And the other person is the son of the Emperor's family who has never been defeated since he was born. He is known as the invincible saint, and the first person in the young generation in the Huangtian Immortal Realm.

If these two meet in a battle, there is no doubt that it will be the most dazzling battle on the entire road!

"Oh, it doesn't work anymore. I'm going to bet. Who do you bet win?"

"Don't worry, the son of the Jun Family may not be able to get out of the nineteenth floor of the Hell Star yet."

"But no matter what, if the son of the king's family comes out, he will definitely keep the appointment, and it will be worthwhile."

"This will be a battle for the emperor!"

It can be said that Ye Guchen's engagement has detonated the atmosphere of the entire Dilu.

In such a hot mood, the battlefield of Huangtian finally opened.

It was an ancient and vast battlefield, located at the end of the Eighteen Passes of Emperor Road in the Wild Heaven Immortal Territory.

In this vast ancient battlefield, there are supreme relics, quasi-emperor chances, immortal gold, immortal medicine, immortal marrow veins, and all kinds of treasure opportunities, which are attractive to covet.

Of course, there is also what Tianjiao desires most, the seal of proof!

There is more than one seal of the sermon.

Generally speaking, it is very remarkable that a Tianjiao can get a seal of the Dao.

But there are some extremely enchanting Tianjiao who can even get two or three.

This kind of existence, even on the ultimate ancient road, is definitely a monster at the top.

With the desire to prove the Tao in his heart, many Tianjiao have stepped into the deserted battlefield.

It was destined to be a **** battlefield.

Of course, there are also some Tianjiao waiting for Jun Xiaoyao to appear, such as the Golden Winged Xiaopeng King, Mu Yuehan, and Kong Xuan. They did not go to the deserted battlefield, but were waiting for Jun Xiaoyao.

This waiting, another year has passed.

In a blink of an eye, Lidi Road opened, and three or four years have passed.

Most of the arrogances who walked on the road of God have fallen.

A small part of them consumed their will, stayed in the city gates along the way, or left sadly.

The remaining Tianjiao who can step into the deserted battlefield are all dragons and phoenixes among the people.

Talent, strength, temperament, all aspects are perfect.

And only these tianjiao are qualified to embark on the ultimate ancient road and compete with tianjiao from other immortal realms.

During this year, there were also many news that came from the deserted battlefield.

For example, the Dragon Void Phoenix, who is carrying a dragon and phoenix body, has obtained the opportunity in the battlefield of Huangtian, and even cultivated three celestial energy, which shocked the entire battlefield.

He was also an ancient freak who was in the same line as the Ancestral Dragon Nest Canglong, Princess Longji, and wounded him in the end.

There is also the ancient freak Phoenix Jiuyan from Wanhuanling Mountain. Some people say that his phoenix nirvana art has already reached eight times.

After he has performed the final ninth nirvana, he will be able to trace his origins and possess a pure bloodline comparable to the descendants of ancient queens.

There are also ancestors of crocodiles, fierce and monstrous, devouring more than one small giant.

But what makes some people wonder is that Ye Guchen, who ranked first in the sacred list of the wild days, did not have any record.

That's because no one dared to compete with him at will.

No one dared to fight, Ye Guchen naturally didn't have any amazing record.

But isn't this the most amazing record?

In addition to these people, there are many deeds of Tianjiao also spreading.

Recently, the most noticeable thing is about Jiang Shengyi, the goddess of the Jiang family.

There are rumors that Jiang Shengyi suspected to have found a fairy fetus somewhere in the historic site in the deserted battlefield ~www.mtlnovel.com~.

This is undoubtedly detonating the entire deserted battlefield.

Immortal fetus, there are rumors, it is the energy source left by the remnant immortal.

Before in the ancient world, Jun Xiaoyao received a drop of the blood of the remnant immortal, which attracted many coveted.

Not to mention a fairy fetus.

The birth of the fairy fetus undoubtedly made all Tianjiao crazy.

"That might be the energy left over by Canxian. If you get it, you can at least cultivate an immortal energy!"

"More than one, I think you can at least cultivate two immortal energy!"

In the wild battlefield, all Tianjiao was jealous.

For a time, Jiang Shengyi, the goddess of the Jiang family, was on the cusp of the storm.

There are rumors that there are already some small giants who are secretly uniting and preparing to seize the fetus!

[Chapter 570: The third supernatural power of the supreme bone, the second style of Genesis, the cultivation base again...](#)

Just in the entire deserted battlefield, because of the birth of the fairy fetus, it was surging.

The dojo outside the stars of **** is also lively.

On Emperor Road, there were no Tianjiao who went to the deserted battlefield, almost most of them came here to watch the excitement.

"It's been more than a year, why hasn't the son of the Jun Family come out yet?"

"Who knows, maybe it's really cold."

"If this is the case, it would be good news for other Tianjiao, but when the time comes for the ultimate ancient road hegemony, I may be weak in the Wild Heaven Immortal Territory."

There was news before that in other immortal domains, the extremely enchanting taboo Tianjiao appeared.

It can be said that this world of great controversy is truly wonderful, with the rise of Tianjiao and the kings fighting for hegemony.

At the time when many Tianjiao in the dojo were discussing endlessly.

The nineteenth floor of Hell Star.

It was still crimson, a world like purgatory.

But if you look closely, you will find it.

The power of sin karma here is actually much thinner.

"How is it possible that the Hell Star has accumulated countless epochs of sin karma, and he has absorbed most of it."

In the eyes of the Eternal Jade Maid, there was an unprecedented shock.

In this more than a year, the cocoon formed by Jun Xiaoyao has been absorbing the power of Hell Star's sin karma almost all the time.

This terrifying power of sin karma, even if it is contaminated, is enough to destroy an ordinary Tianjiao's body and soul.

However, Jun Xiaoyao is like a bottomless pit, constantly absorbing.

Eternal Jie Tiannv even felt that her strength had decreased a lot.

Because most of the power of the Hell Star was absorbed by Jun Xiaoyao.

"There are so many sin karma, even the supreme can't bear it. Is this the horror of the emptiness of destiny?"

Now, Eternal Jade Heavenly Girl is more and more sure that Jun Xiaoyao should be the true fate of nihility.

Only those who have no destiny can absorb causal karma without any scruples.

Because the karma of cause and effect can't affect him at all, and can't contaminate his body.

Just as the Eternal Jade Heavenly Girl was secretly shocked, the cocoon that had been silent for more than a year finally began to tremble.

Cracks spread across the cocoon.

At the same time, an eternal jealous lady felt a little trembling, spewing out like a volcano.

This kind of breath is too powerful, and it feels like an ancient **** is waking up.

boom!

The entire cocoon burst open, and the endless red lotus karmic fire raged out.

The entire nineteenth floor of Hell Star is shaking.

A peerless Jun Xiaoyao dressed in white, stepped out of the red lotus industry fire, like a supreme **** awakened from hell.

The soles of his feet stepped out.

Every time you take a step, your own breath will skyrocket!

The first step is the early stage of the Saint Realm!

The second step is the middle stage of the Saint Realm!

The third step is the late saint stage!

Take the fourth step, the saint realm is perfect!

Take the fifth step, the Saint Realm is complete!

Jun Xiaoyao took five steps, which directly skyrocketed five small realms!

This allows outsiders to see that the absolute heartbeat must stop.

You know, this is the realm of saints, not the realm of **** bridge, unity, and harmony.

In that state, some Tianjiao may be able to continuously break through.

But in the holy realm, every small realm is comparable to the previous big realm.

It is extremely difficult to make continuous breakthroughs, even for some enchanting Tianjiao.

As a result, Jun Xiaoyao easily broke through the five barriers and wanted to eat and drink.

"Sage of Dzogchen, just make do with it."

Perceiving his own realm, Jun Xiaoyao slurped his lips, not too surprised.

This is just a basic operation, Jun Xiaoyao has long been used to it.

But before him, he had the title of invincible saint.

Now that he has broken through to the Dzogchen Saint, to what extent his strength will skyrocket.

Jun Xiaoyao himself, if he doesn't make a move, he is not particularly clear.

Of course, the realm is incidental, and Jun Xiaoyao doesn't care.

His retreat this time was not mainly for breaking through the realm.

"Finally awakened, the third supernatural power of Supreme Bone."

Feeling the hot bone in his chest, Jun Xiaoyao murmured.

In his chest, the supreme bone, which absorbed the power of endless sin karma, had already turned into a weird dark red, full of magical intent and sin karma.

Jun Xiaoyao urged the supreme bone, the terrifying dark red magic light, accompanied by the red lotus karmic fire.

In general, Tianjiao, even if it is contaminated, will be entangled in endless sin karma, burned with karma, and finally turned into ashes.

"The third supernatural power of the supreme bone, the demon light of sin karma." Jun Xiaoyao muttered to himself.

The first magical power, God Tribulation Light.

The second magical power, reincarnation of Nirvana.

The third magical power, the magic light of sin karma.

Of course, the demon light of sin karma in front of him is only the prototype of the third magical power. After Jun Xiaoyao goes deep into his cultivation, he will transform into a true and complete magical power.

Just like the hand of God and the reincarnation disk.

Jun Xiaoyao controlled the supreme bone again, the karma dissipated, and the supreme bone became crystal clear again.

"The harvest this time is more than that." Jun Xiaoyao looked deep.

"In this world, where there is light, there is darkness. My source of power, Genesis, the first type is the light of God."

"When light appears, darkness is accompanied by it."

"The endless sins of cause and effect in the world are all dark side forces."

Jun Xiaoyao muttered to himself, as if he had fallen into some kind of enlightenment.

His hands began to evolve various mysterious trajectories, and within the origin of the gods in the dantian within his body, the power of the origin of the universe surging out again.

And this cosmic origin power actually started to merge with the power of sin karma.

"This breath..."

In the distance, Eternal Jie Tian Nu felt the dangerous aura exuding from Jun Xiaoyao.

Fang Caijun Xiaoyao's supreme bone, the power of controlling sin karma, has already shocked her.

But now, on Jun Xiaoyao, a terrible aura emerged once again, and at the same time there was another force that made the eternal jealous lady jealous.

That is not the power of sin karma, but the power of the origin of the universe.

In the end, Jun Xiaoyao is combined with the power of sin karma with the power of the origin of the universe.

Countless thin dark red lines ~www.mtlnovel.com~ emerged from his body.

That is the line of sin, the line of cause and effect. If anyone is entangled, they will be robbed and bear great terror!

"This trick is called God's Punishment." Jun Xiaoyao said lightly.

Sin karma entangles and punishes sentient beings.

This is the magical powers of Jun Xiaoyao's Origin Avenue, the second formula of Genesis, the punishment of God!

This trick also implies that Jun Xiaoyao will punish the gods and censure the souls.

"This second type of God's punishment represents darkness, while the first type of God's light represents light. If these two tricks can be combined..."

Jun Xiaoyao has already begun to figure out whether these two moves can be combined into a more terrifying big move of destroying the world.

But at this moment, the Eternal Jade Heavenly Lady who was watching not far away was already shocked and speechless, her body as if frozen, extremely stiff.

Jun Xiaoyao is simply an anomalous number among anomalies, the evil one among the evildoers!
