

## Sacred Body 581

### [Chapter 581: Chen Fei, who doesn't know good or bad, is a fox and a pretender, reaping the consequences](#)

Jun Xiaoyao's body, but has the qualifications to become an emperor.

Every drop of blood has the power of life and creation, and contains endless vitality.

If it is an ordinary Tianjiao who refines a drop of Jun Xiaoyao's blood, he will turn into a monster-type Tianjiao.

Even Jun Xiaoyao himself thought that he had become "Tang Monk Meat".

This shows how precious the flesh and blood of Jun Xiaoyao.

Jun Xiaoyao did not change his face, cut his wrist, and the precious holy blood fell into Jiang Shengyi's lips like a trickle.

Some Tianjiao around, all seeing hot eyes.

The holy blood of Jun Xiaoyao is not weaker than a great good fortune.

If they can get it, their physical bodies can definitely go to the next level.

But at this moment, obviously no one is stupid enough to have this idea.

Jiang Luoli and others also gathered around.

She looked at Jun Xiaoyao with big eyes, with endless longing and nostalgia in her eyes.

She hasn't seen Jun Xiaoyao for a long time.

Originally with her temperament, reuniting after a long absence at this moment will definitely give Jun Xiaoyao a big hug, and then hang on him like an octopus.

But now, looking at Jiang Shengyi who fell into a coma and was covered in desolation.

Looking at Jun Xiaoyao who had cut his wrist and was feeding Jiang Shengyi with the holy blood.

Jiang Luoli suddenly felt that she was a bit redundant.

Jiang Luoli, who has always been lively, was rare in silence, just standing by silently.

The missed person is close at hand, but can't embrace it.

"Xiaoyao, you finally came." Lord Grim and the others stepped forward to say hello.

At the same time, they looked at Jun Xiaoyao with surprise.

Jun Xiaoyao's strength even made Jun Mo smile, it was shocked in his heart.

Even if he was stronger than him, he wanted to deal with the current Jun Xiaoyao.

"Master!"

Yan Qingying, Yi Yu and others stepped forward and bowed their hands.

In their eyes, there is also a touch of worship.

Their master is getting stronger and stronger.

The two and You Rongyan.

Princess Longji bit her lip and her complexion was very complicated.

Remembering that when she first broke the seal and joined the world, she only regarded Jun Xiaoyao as an ordinary contemporary Tianjiao.

Who ever thought that Jun Xiaoyao would grow to such a terrifying state, even she, the dragon princess, could only look up at his back.

"I thought I would walk God's way ahead of time, and at least I would catch up with him. As a result, hehe..."

Proud as princess Longji, she was completely admired.

She has to serve!

"not enough....."

Jun Xiaoyao frowned.

Although his holy blood can help Jiang Shengyi recover from his physical injuries.

However, it cannot completely eradicate her hidden dangers.

In this way, even if Jiang Shengyi recovers in the future, his physical body will leave a big problem, which will affect the future preaching.

Jiang Shengyi did this for Jun Xiaoyao, and Jun Xiaoyao would never leave Jiang Shengyi with sequelae.

"Maybe this fairy fetus can be integrated into Sister Shengyi's body." Jun Xiaoyao muttered.

With his own enchanting talent, the immortal tire is just icing on the cake.

At this time, Jiang Luoli hesitated for a while when he heard the words, but bit her lip and went forward: "Brother Xiaoyao, Sister Shengyi is doing this to leave the immortal baby. If you do this, wouldn't it be for Shengyi? Sister's hard work was wasted?"

"I believe that after Sister Shengyi wakes up, she definitely doesn't want to see that the fairy fetus has been fused by her. This is... her mind."

What Jiang Luoli said made Jun Xiaoyao stunned.

He suddenly discovered that this charming and lovely Nizi had grown a lot.

Of course, it's just ideological maturity.

Her appearance remained the same as before, as if she had been shaped, becoming a legitimate loli.

"Yes, little brother Xiaoyao, didn't you fail Jiang Shengyi by doing this?" Xiao Moxian also bounced forward and said.

She looked at Jun Xiaoyao's wonderful eyes, which were brilliant.

The decision to make a relationship with Jun Xiaoyao was really correct.

"That's right." Jun Xiaoyao said.

Then, he sent someone to call Xiao Xian'er and others on the edge of the Huangtian battlefield.

On the way of waiting, a discordant voice suddenly sounded.

"You are the son of the king's family. As expected, you are a bit capable."

Hearing this voice, many people were surprised.

These words seem to praise Jun Xiaoyao, but it always feels light and supreme.

Everyone looked and found that it was a woman in a red dress beside Ji Qingyi.

"Who is that woman, dare to judge the son of the Jun Family in this way?"

"Hush...I heard that this woman seems to be a follower of a taboo Tianjiao from the road ahead."

"That's the case, no wonder you have this confidence." Some people tweeted.

But no one can be called Taboo Tianjiao.

The real taboo Tianjiao requires at least the qualifications of the Emperor Zhun.

This represents the taboo Tianjiao, if it does not fall, at least it will be in the realm of quasi-emperor in the future.

In fact, strictly speaking, Jun Xiaoyao is enough to be called the taboo Tianjiao.

"Chen Fei, you..." Ji Qingyi's eyes flashed, and she didn't expect Chen Fei to do things on her own.

Regarding Chen Fei's words, Jun Xiaoyao hadn't heard of him, and his mind was now focused on Jiang Shengyi, sustaining her body with holy blood.

There is no time to take care of any cats or dogs.

Seeing Jun Xiaoyao turning a blind eye to him, Chen Fei's face changed slightly.

As a follower of her taboo, she is not respected by the Quartet.

Although Jun Xiaoyao is powerful, he can't ignore her so much.

"Son of the Jun family, since you don't need an immortal fetus, it is better to make a good bond and give it to my master. My master will definitely value you and even make you a right-hand man."

Chen Fei's words made many of the talents present dumbfounded.

Although Chen Fei's master is a terrifying and powerful Taboo Tianjiao with a terrifying identity.

But Jun Xiaoyao is not a good thing.

Identity strength will never be weaker than that taboo descendant.

Let Jun Xiaoyao be the right-hand man of that taboo heir, what kind of talk?

"This woman, got my brain kicked by a donkey, right?"

"Who knows, those followers think that their master is the strongest, and it is normal to look down on other Tianjiao."

Discussions came from all directions.

However, most of them are mocking, thinking that Chen Fei is overwhelming.

Chen Fei's expression became even worse when she heard the irony of Tianjiao around her.

"Presumptuous, what are you, what is your master!"

Yan Qingying shouted coldly and released the killing intent.

In her mind, no one can compare with Jun Xiaoyao.

"I'm just telling the truth. It is absolutely beneficial to take a good relationship with my master." Chen Fei lightly challenged.

Yan Qingying couldn't help it, her beautiful eyes were cold, like a dark queen.

She shot, and the wings of Fallen Sky shook behind her, urging the Devouring God Demon Art to directly kill Chen Fei.

Chen Fei's complexion changed suddenly~[www.mtlnovel.com](http://www.mtlnovel.com)~ She didn't expect Jun Xiaoyao's followers to take action.

Two immortal auras appeared on her body, and Yan Qingying did the same.

boom!

After fighting dozens of moves, Yan Qingying strongly suppressed Chen Fei with the magic power of swallowing gods and wanted to make it alive.

"No, you can't kill me, kill me, you will be contaminated with big cause and effect, my master will not let you go!" Chen Fei screamed.

She didn't expect that even Jun Xiaoyao's followers would be so powerful.

Finally, Chen Fei's body was crushed, crushed, and swallowed by the Devouring Vortex.

"The ancient sacred body, the shackles of the sky, cannot prove, and it is destined to be the green leaf to accompany my master!"

Chen Fei finally let out a bitter scream, and then was completely refined by Yan Qingying into a pure flesh and blood energy.

Ji Qingyi on the side saw this scene without any intention to help.

[Chapter 582: Of the Tianjiao who participated in the encirclement and suppression, one did not stay, forcing the Holy Body Spirit...](#)

It stands to reason that Ji Qingyi can also be regarded as the supporter of the mysterious descendant of Human Immortal Sect.

She should help Chen Fei, and at least she must act to protect her life.

But Ji Qingyi did not do this.

Although Jun Xiaoyao's entire attention was on Jiang Shengyi, he didn't pay attention to Chen Fei at all.

But Ji Qingyi believed that if she really stepped in to cover Chen Fei.

It will definitely be defeated by Jun Xiaoyao, and even killed by thunder.

Ji Qingyi had hidden deeply and thought deeply, so naturally he would not do such stupid things.

After killing Chen Fei, Yan Qingying turned around, knelt down on one knee to Jun Xiaoyao, and said, "Sorry, son, it was Qingying who was impulsive. Maybe because of this, he blamed a horror figure. Please son punish him."

Yan Qingying knew that the taboo Tianjiao behind Chen Fei was definitely not an ordinary person.

Even if Jun Xiaoyao can deal with it, it might be a little troublesome.

Until then, Jun Xiaoyao said indifferently: "It's just that someone is seeking a dead end, and it has nothing to do with you. As for the person behind her, I don't care."

Jun Xiaoyao's words were low, and his current mood was not too good.

"There should be some slippery fishes that have participated in the siege and suppression. They haven't come here, so I trouble you to kill them." Jun Xiaoyao said.

"Could it be... the power of the ban is..." The little demon fairy covered his mouth, somewhat inconceivable.

"Yes, it was set by me. Don't even try to run any one of the shots!" Jun Xiaoyao's eyes were cold as frost.

This makes many Tianjiao around feel chill in the bottom of my heart.

If you provoke Jun Xiaoyao, there is really no way to survive.

And the situation is indeed as Jun Xiaoyao imagined.

Some Tianjiao and small giants who participated in the encirclement and suppression did not appear here.

They are running away frantically, wanting to leave the deserted battlefield.

As a result, when he reached the edge, he encountered the third seal of Forbidden Immortal.

"What kind of ban pattern is this?"

"Go out, I want to go out, let me out quickly!"

"That Jun Xiaoyao is a devil, no... more terrifying than the devil!"

Many Tianjiao and small giants of the Ancient Star Region were shouting in panic, and their minds were about to collapse.

Jun Xiaoyao's fierce power is too terrifying, one move kills a hundred saints and a thousand tianjiao.

It was like death came to the world, Shura exited.

However, no matter how they move, they can't break the third seal of the ban.

Seeing those Tianjiao who were struggling and roaring wildly in the battlefield, and the cultivators outside the battlefield, they only felt hairy behind their backs.

"What on earth did the prince's \*\*\*\* son do that caused such a reaction?" Some outside monks still don't understand the situation.

Subsequently, the two Tianjiao, headed by Lord Grim, Jiang Tianyan and others, also started killing those Tianjiao who fled.

Anyone who has participated in the encirclement and suppression plan, even if they just join in a little bit of excitement, will not stay and kill them all.

The entire deserted battlefield was covered with various corpses, blood-stained land.

It can be said that this deserted battlefield is more \*\*\*\* and cruel than any previous time.

The source of the \*\*\*\* killing was from Jun Xiaoyao.

Jun Xiaoyao was furious, and lay his corpse for thousands of miles!

"Hey, after so many Tianjiao deaths, it is estimated that Huangtian Immortal Territory will be making trouble for a while, but with the methods of the Jun Family, Jiang Family and Jun Emperor Court, it is just a small disturbance."

Du Tuo Supreme looked at the blood in front of him and shook his head slightly.

Tianjiao of other forces, even if they have the ability, dare not slaughter like this.

Only Jun Xiaoyao, with the confidence to be so presumptuous, does not have to worry about any consequences.

But for a while, Xiao Xian'er and others came.

As soon as they got here, Jun Xiaoyao said to Xiao Xian'er: "Bloodletting."

"Wh...what?" Xiao Xian'er's face was dull and stunned.

"Cut the wrist." Jun Xiaoyao said.

Xiao Xian'er cried immediately, and the fairy liquid kept flowing from her eyes.

"Little brother is going to eat me, Xiao Xian'er did something wrong, woo..." Xiao Xian'er cried and cried.

"At that time, make up for your motherhood." Jun Xiaoyao said.

"Really?"

Speaking of the motherhood of all things, Xiao Xian'er stopped crying, teardrops on her eyelashes.

To her, motherhood is extremely attractive.

Under Jun Xiaoyao's soft and hard offensive, Xiao Xian'er was still bleeding.

Her blood is not red, but crystal clear, exudes a fragrant fragrance, and makes people smell it, and it feels like a fairy.

Jun Xiaoyao's holy blood, plus the blood of Xiao Xian'er, the king of the fairy marrow.

No matter how serious Jiang Shengyi's physical injury was, he was relieved.

"But this is not enough." Jun Xiaoyao shook his head slightly.

Under this kind of rescue, Jiang Shengyi's life is safe, but his body will leave hidden dangers, which is not conducive to the future cultivation of the Dao.

Thinking of this, Jun Xiaoyao thought a little, then suddenly pointed to a sword and cut his chest open.

"Brother Xiaoyao!"

Seeing this scene, Jiang Luoli's face turned pale.

The others were also moved.

In Jun Xiaoyao's chest, in addition to the glittering supreme bone, there is also a throbbing heart.

The Heart of the Ancient Eucharist!

Jun Xiaoyao's body shook slightly, and drops of Holy Body essence and blood condensed out.

This sacramental blood is not the holy blood before.

Only in the heart of the Eucharist will the blood of the Eucharist congeal.

This can be regarded as the source of the vast vitality of the Eucharist.

After forcing more than ten drops of Holy Body Essence and Blood, Rao Yijun's strength was also slightly pale, and his lips were like paper.

Of course, this is temporary.

Jun Xiaoyao's body is almost flawless, possessing the appearance of becoming an emperor.

Before long, his sacred body essence and blood will be condensed again.

However, this scene fell in the eyes of other people, and it was extremely shocking.

Scratched his chest and forced out the blood in the heart.

What an effort is this?

But Jun Xiaoyao's face did not show a trace of pain.

His eyes were as calm as water, as if he had only done something trivial.

He will not lick any women.

But this is what he should do as a man.

"Brother Xiaoyao..." Jiang Luoli looked anxiously, eyes filled with crystal tears.

At this moment, she suddenly envied Jiang Shengyi.

"If the person who fell was me~www.mtlnovel.com~ Would Brother Xiaoyao save me like this?" Jiang Luoli said to herself.

The Essence of the Holy Body was refined into Jiang Shengyi's body, and finally gathered in the heart.

With this, Jiang Shengyi's physical body will slowly recover.

Not only will it not leave any sequelae, but will make up for Jiang Shengyi's physical weakness.

In the future, Jiang Shengyi will not say that the physical body can be comparable to the ancient sacrament, but it will definitely exceed most of the body-refining Tianjiao.

Jiang Shengyi's injury was stabilized.

Jun Xiaoyao was also relieved.

For him, even if he killed thousands of Tianjiao with a single move, if something went wrong with Jiang Shengyi, he would feel guilty.

And now, his heart can be completely let go.

However, this news came out of the deserted battlefield, but it caused a shocking storm.

[Chapter 583: 3 immortal forces shocked 4 squares, the descendants of the supreme fairy court, the most](#)

Many of the arrogances that Jun Xiaoyao killed were from backgrounds.

They are all heroes of the ancient star realms.

Even if the ancient royal family behind Long Xuhuang and others has been destroyed.

But the forces of the Ancient Star Territory behind those Tianjiao united together, it is also an extremely terrifying force.

After such \*\*\*\* killings took place on the battlefield of the wild, even the guardian of Hangu Pass, Du Tuo Zhizun, couldn't hide it.

He can only truthfully convey this news back to the Wild Heaven Immortal Domain.

Otherwise, if the concealment continues, it will cause even greater disturbances.

as expected.

After this news was sent back to the Wild Heaven Immortal Domain, it was undoubtedly a great shock.

This time Jun Xiaoyao killed not one or two, or more than a dozen people.

But thousands of Tianjiao.

There are more than a hundred small giants among them.

The forces behind these people unite and can even shake the entire Wild Heaven and Immortal Realm.

"It's too hateful, our emperor fell so easily, and the methods of the king's \*\*\*\* son are too extreme!"

There was the lord of the gods roaring in rage, that was the lord of the gods of Tianyao.

"The descendants of my War Demon Cave have also fallen, the son of the Jun family, too domineering."

"That's right, the heroes of my ancient star field in the sky have also fallen. This enmity will be reported!"

"Before the Jun family destroyed the Ancient Neptune Star Territory and killed the Void Sword Sovereign, they didn't put our forces in their eyes at all."

Around the Wild Heaven Immortal Territory, many forces in the Ancient Star Territory expressed their opinions and were extremely angry.

Although the Emperor's Court had destroyed the Ancient Neptune Star Region before, many forces were shocked.

But now, it is not just one or two forces that are dissatisfied.

But the forces of a large group of Ancient Star Regions are dissatisfied.

However, it is not waiting for the forces of these ancient star regions to unite.

There was movement in the wild fairyland.

More than a dozen imperial soldiers rose into the air.

Three emperor soldiers such as the Emperor's Mirror, the Book of the Emperor of the Earth, and the Pen of the Emperor.

There are also emperor soldiers such as the Pan Emperor Sword, the Qilin Wheel, the phoenix winged golden wing, the six reincarnation plates, the Poseidon Trident and so on.

A swarm of vast emperor might swept across the Wild Heaven and Immortal Territory, and pressed toward the surrounding ancient star territory.

"On the emperor road, regardless of life or death, you and the descendants are all rubbish. It is an honor to be killed by our \*\*\*\* son, dare you be dissatisfied?"

In the Jun family, an old man took a step, stepping on the sky, surrounded by chaotic energy, shocking all directions.

His domineering and awe-inspiring voice spread throughout the universe.

It is the eighth ancestor of the emperor family, the destiny of the emperor who has the cultivation base of the chaotic Taoist priest.

After the end of the previous Immortal War, Jun Tianming did not fall into a deep sleep, but sat in Jun's house to prevent further riots.

Now that the Quartet Ancient Star Territory is rioting and is about to move, Jun Tianming has stepped forward.

The cultivation base of Chaos Dao Venerable was enough to shock the Quartet.

What's more, there are more than ten imperial soldiers, blinding people's eyes.

Just in the Wild Heaven Immortal Realm, many forces were shocked.

In the other direction, a figure appeared again from the Jiang family.

"Is you waiting to encircle and suppress my Jiang family goddess, and finally be destroyed by my grandson. That was self-inflicted, and now I dare to bark?"

A supreme ancestor of the Jiang family stepped onto the sky. It was Jun Xiaoyao's grandfather, Jiang Daoxu, the supreme Jiang family.

"Why nonsense, if anyone is dissatisfied, it will be..."

A bronze fairy hall filled with the meaning of the desolate ancient times, appeared above the desolate fairyland.

The Supreme Elder, the old blind man and others in the Emperor's Court showed up with disapproving expressions on their faces.

Before destroying the Ancient Neptune Star Domain, they haven't enjoyed it yet.

For a time, the entire Wild Heaven Immortal Territory trembled.

The three immortal forces of the Jun family, the Jiang family, and the Emperor's Court, all speak together!

Coupled with the coercion of more than a dozen imperial soldiers, that shocking force is simply unimaginable.

You know, even in the fierce immortal battle before, the Jiang family has never intervened.

But now, even the Jiang family can't sit still.

As one of the three imperial families, the Jiang family's background is also at the top of the immortal forces, not much weaker than the Jun family.

For a time, some voices died out in the surrounding ancient star field.

There are even the strong, trembling.

Nima, offer a dozen imperial soldiers at once!

This is nothing about martial ethics!

And there is also the Chaos Dao Venerable. It is almost impossible for this level of power to appear in some ancient star regions.

Therefore, the forces of the Ancient Star Territory were persuaded.

Eight ancestors stepped on the galaxy with his destiny, and shouted: "Who else!?"

A huge voice came out, shattering many stars in the starry sky.

None of the forces responded.

Even the emperor of Tianyao God Dynasty who uttered annoyance before, the strong of Zhanmodong and others, were completely silent.

"Hmph, a group of courageous turtle grandsons." Jun Tianming snorted coldly and walked away.

"Tsk tusk, it's a pity, how good the fight is." At the Emperor's Court, the hanging hair parrot shook his head, looking very disappointed.

A riot that might have caused it was put down.

This also made Huangtian Immortal Territory forces more aware of the prestige of the Jun family.

"Say that the Jun family is the first force in the Wild Heaven Immortal Territory, no one should oppose it?" Some people were discussing.

"I've heard that in the past when the Jun family was at its peak, I seemed to want to replace the Supreme Immortal Court, the master of the order of the Nine Heavens Immortal Realm."

"Replace the Supreme Immortal Court, this is a bit too far, the Jun family is indeed strong, but the Supreme Immortal Court is heard to be related to the will of the immortal domain."

Many old antiques talked about this secret.

In other words, the Supreme Immortal Court is equivalent to an officially appointed power.

The Jun family wants to replace it, how simple it is.

"However, there are records in some ancient books that the Jun family seemed to be close to success before the Long Era, but in the end, it seemed that it failed for some reason."

When it comes to this hidden ancient history, some old antiques and living fossils are all lamenting.

If there is any power, it can be the leader of the Nine Heavens Immortal Realm.

The Jun family is definitely the most likely one.

Of course, there are also other powerful ancient forces, such as the Dragon King Palace, the Gulan Sacred Sect, the Hades One Line, etc., who will not sit back and watch the Jun family dominate.

Since the collapse of the Supreme Immortal Court, many ancient forces have wanted to take control of the Nine Heavens Immortal Territory.

"Don't talk about this, I heard that on the Ultimate Ancient Road, there may be taboo descendants left by the Supreme Immortal Court..."

"Tsk tsk, the taboo descendant of the Supreme Immortal Court, if you meet with the son of the Jun family, it will be interesting."

"Yes, doesn't this also mean that, in the dark, the dispute between the Jun Family and the Supreme Immortal Court for luck."

Some old antiques are communicating.

They felt that the most intense collision was not on the Emperor Road, but on the Ultimate Ancient Road.

The ultimate ancient road must be much more exciting than the Emperor Road.

The waves of the ridiculous immortal realm were calmed down~www.mtlnovel.com~ Even Du Tuo Supreme was surprised when he got the news, and then shook his head with a wry smile.

It seems that he is too worried.

With the background of the Jun family and other forces, suppressing these small waves is not a simple matter.

In the deserted battlefield.

After all the Tianjiao who participated in the encirclement and suppression were killed.

The entire battlefield also recovered slightly.

Jun Xiaoyao also revoked the third seal of the ban on immortals.

But the remaining Tianjiao did not leave.

Because the battle is not completely over.

There is one last thing that is extremely curious.

It is the battle between Ye Guchen and Jun Xiaoyao!

[Chapter 584: Jiang Shengyi wakes up and doesn't expect anything in return. Why does it feel...](#)

Nine Heavens Immortal Domain, Nine Emperor Roads.

For every imperial road, there will be an imperial road king, representing the highest combat power of this imperial road.

To some extent, it also represents the luck of this fairyland.

Whoever can become the king of the emperor will be able to get the blessing of Qi Yun in the wild and immortal realm.

This kind of blessing may seem illusory, but it is real.

And Huangtian Immortal Territory Emperor Road has gone to the present.

The most likely to get the title of Emperor Road King, but only two people.

Ye Guchen, the number one in the sacred list.

There is also Jun Family God Zi Jun Xiaoyao.

Before, Ye Guchen's engagement with Jun Xiaoyao had spread throughout the entire emperor road.

So now, the remaining Tianjiao did not leave the deserted battlefield.

They are all looking forward to the battle between Ye Guchen and Jun Xiaoyao.

I also want to know who will fall on the title of the last king of the road.

"How do I feel that the king's \*\*\*\* son has a greater chance of winning, that anger-bearing magical power is simply ruining the world."

"I think so too, but Ye Guchen is not bad, cutting off the past and reshaping the true self, this kind of courage and great perseverance, not everyone has."

"That's right, Ye Guchen is also hiding very deeply. He fights with people, almost all of them are killed with a single sword..."

"This is interesting..."

In the deserted battlefield, many Tianjiao are discussing.

They are closely following the movements of Ye Guchen and Jun Xiaoyao.

On Jun Xiaoyao's side, he temporarily placed Jiang Shengyi in a cave full of aura.

With this recovery speed, Jiang Shengyi should be able to wake up in a few days.

The rest of the Jun Family Sequence, Jiang Family Tianjiao, and followers and others all gathered together.

Jun Xiaoyao is also simple, telling everyone some things about him before he stepped on the path of God.

Including the specific circumstances of the immortal war.

After listening, everyone sighed.

Unexpectedly, after they set foot on the path of God, such a big thing happened in the Huangtian Xianyu.

After that, Yi Yu said: "My son, since Ye Guchen wants to fight you, why not come to you directly?"

Hearing this, everyone also pricked their ears to listen.

After all, up to now, everyone is most concerned about the battle between the two strongest.

Jun Xiaoyao thought for a moment, and said, "That's because he is waiting for me to find him."

"Ok?"

This answer made everyone puzzled.

Jun Xiaoyao continued: "He wants me to have time to adjust my state and mood, and then confront him with the most perfect posture."

"So that's it." Everyone was in a daze.

This Ye Guchen is quite a martial artist.

Jun Xiaoyao didn't mind that much, he didn't need to adjust his state at all, he could play in any situation.

However, Ye Guchen's attitude gave Jun Xiaoyao a hint of appreciation.

Such an opponent is qualified to let him face it.

For people like Long Xuhuang, Jun Xiaoyao felt that it was a waste of his tongue to say a word.

In the next time, Jun Xiaoyao did not rush to find Ye Guchen to fight, but stayed beside Jiang Shengyi.

Jun Xiaoyao himself couldn't tell how he felt about Jiang Shengyi.

Guilt, pity, perhaps all.

The road ahead is long, and Jun Xiaoyao has a big goal.

He has to go to the end of the ultimate ancient road, to find the heavenly book, to find the hidden veins of the Jun family.

He also needs to find his father, go to a foreign land, go to the burial world, and go to the sea.

Before that, he would not stop for anyone.

But Jiang Shengyi is indeed a distressed person.

Seeing Jiang Shengyi's quiet and calm face while he was sleeping, Jun Xiaoyao remained silent.

A few days later, Jiang Shengyi's curled eyelashes trembled slightly.

Immediately, the clear eyes like a plume of autumn water slowly opened.

When he opened his eyes, he saw the person who was thinking day and night, and Jiang Shengyi showed a weak smile at the corner of his mouth.

Although her body is generally fine, it will take some time to recuperate for a complete recovery.

"Xiaoyao, I had a dream, a very long dream, in the dream, we traveled all over the world of fairyland."

"To watch the mountains, to see the sea, to stroll among the galaxies, to travel among the red dust..."

Jiang Shengyi's smile is as beautiful as a hundred flowers blooming.

"Sister Shengyi, I..." Jun Xiaoyao wanted to say something.

Jiang Shengyi gently raised his crystal-clear lotus root arm, and his jade finger lightly touched Jun Xiaoyao's lips.

"No need to say anything, everything is voluntary, and I don't need Xiaoyao what you do for me." Jiang Shengyi said.

She would not speak, asking Jun Xiaoyao what to do with her.

She knew that Jun Xiaoyao's journey was the sea of stars.

She can't drag Jun Xiaoyao down.

Even more, she was willing to be Jun Xiaoyao's right-hand man, helping him silently behind her back, without any return.

Seeing such considerate Jiang Shengyi, even Jun Xiaoyao, his mood was slightly touched.

He opened the mouth and said: "Sister Shengyi, when I return from the ancient road, I will give you a promise."

Hearing this, Jiang Shengyi's body trembled, and a little bit of sparkle flashed in his eyes.

Will it be the promise she expected in her heart?

Afterwards, seeing Jiang Shengyi awake, Jiang Luoli and others also came in to visit.

"Sister Shengyi, you are fine." Jiang Luoli rushed into Jiang Shengyi's arms.

"Luo Li." Jiang Shengyi touched Jiang Luoli's little head.

At this moment, the separation between them seemed to dissolve.

"It's all Luo Li's useless, I can't save Sister Shengyi." Jiang Luoli blamed herself.

She felt that she was really a useless little short leg.

"Don't blame you." Jiang Shengyi smiled.

"Fortunately, the ending is satisfactory. Nothing happened. If Xiaoyao can defeat Ye Guchen, then he will be more successful." Jun Mo smiled slightly.

"With Xiaoyao's cousin's cultivation base, there should be no problem." Jun Lingcang also smiled, confident in Jun Xiaoyao.

"Xiaoyao, are you going to fight the reincarnation of that sword demon?" Jiang Shengyi was very concerned.

"It's okay." Jun Xiaoyao didn't care.

He does regard Ye Guchen as his true opponent, but it does not mean that Ye Guchen can threaten him.

"By the way, how do I feel my body seems to be better than before." Jiang Shengyi was very puzzled.

Although she is weak now, she can feel that her physical body has undergone a qualitative change, which is more than one level better than before.

"That's because Xiaoyao has refined the Holy Body essence and blood in your heart into your body." Lord Grim said.

"Xiaoyao, why are you so reckless, do you have any problems?"

Jiang Shengyi's face changed slightly, his jade hand stroked Jun Xiaoyao's chest, carefully checking.

She was afraid that because of her own problems, what happened to Jun Xiaoyao's body.

That way she would definitely regret it forever.

"Ahem, talk slowly, I'll leave first." Lord Grim gave a dry cough.

"I'm leaving too." Jun Lingcang smiled.

"Slid away." Nine lions joined in the excitement, with a smirk.

"Oh~www.mtlnovel.com~ I really don't want to eat dog food!" Xiao Moxian also screamed and left.

Only Jiang Luoli had a bleak color in his big eyes.

She reluctantly squeezed a smile and said, "Na Luo Li is also gone."

Just when she was about to leave, Jiang Shengyi grabbed her wrist and said, "Luo Li, you haven't seen Xiaoyao for a long time. Stay and talk."

Jiang Luoli bit her lip slightly and nodded her head.

It is impossible to say that I do not miss Jun Xiaoyao.

It's just that she feels a little out of place.

Jiang Luoli glanced at Jun Xiaoyao bitterly, feeling a little depressed.

Looking at the two beauties in front of me, one big and one small.

Jun Xiaoyao felt strange again in his heart.

Obviously he didn't do anything, why does he always feel a little scumbag?

[Chapter 585: In a rare leisure time, Jiang Loli is never a loser, she must double repair...](#)

The next few days were warm and plain.

Since Jun Xiaoyao stepped on God's Road, he was pushing all the way and fighting in all directions without stopping at all.

Although Jun Xiaoyao is used to this kind of life, there is still a trace of fatigue.

These few days, Jun Xiaoyao had a very relaxed life.

I have nothing to do, and chat with Jiang Shengyi and Jiang Luoli.

Otherwise, it is to discuss with Jun Moxiao, Jun Lingcang and others, or to point out the other Jun family sequences.

Although Jun Xiaoyao is a younger generation, his understanding of evil spirits and his understanding of cultivation are even deeper than some old antiques.

Therefore, during this period of time, some of the tianjiao of the Jun family and Jiang family, under the guidance of Jun Xiaoyao, all have made great progress in their cultivation bases.

Even later, many Tianjiao who stayed in the deserted battlefield came here admiringly, wanting to get advice from Jun Xiaoyao.

Jun Xiaoyao was not stingy either, he started preaching directly, and attracted many arrogances from all directions.

To him, these sermons are just a drop in the bucket.

Jun Xiaoyao's random comprehension is enough for other Tianjiao to comprehend for a long time.

When Jun Xiaoyao preached, the sky was chaotically falling, the ground was surging with golden lotus, and the void was intertwined with avenues and lines, and there was a surging spirit, as if expounding the ultimate truth in the world.

For a time, Jun Xiaoyao's reputation among these Emperor Lu Tianjiao also skyrocketed again.

Those Tianjiao who said that Jun Xiaoyao's methods were too extreme at this moment are all sitting under Jun Xiaoyao's seat religiously, listening to the guidance quietly, with a really fragrant expression.

Even Du Tuo Supreme came to listen to Jun Xiaoyao's sermon.

This surprised a large group of Zi Tianjiao.

Who ever thought that even the Supreme had come to listen to Jun Xiaoyao's sermon.

After listening, Du Tuo Zhizun also had to sigh, that blue is better than blue.

Even as the supreme, he has gained a lot.

At the same time, Du Tuo Zhizun also admired Jun Xiaoyao's methods.

A little favor from Jun Xiaoyao wiped out his fierce killing of thousands of Tianjiao.

Now no one says that Jun Xiaoyao is a murderous madman anymore. They all regard Jun Xiaoyao as a teacher, thank you for your kindness and respect.

In the next period of time, Jun Xiaoyao spoke in a leisurely manner. It was all right to watch the two loli quarrel with Xiao Moxian.

It was Xiao Xian'er, a little bit beyond Jun Xiaoyao's expectations.

She actually knew how to hold her thighs.

"Sister Shengyi, you are so beautiful!"

"Sister Shengyi, Xiao Xian'er also bleeds and saved you!"

"Sister Shengyi, I always feel that Xiaoyao brother wants to eat me..."

Looking at this silver-haired, crystal-clear, snowy, tender little fairy, like a porcelain doll, Jiang Shengyi's maternal love is overflowing, and I love it too much.

"Xiaoyao, you can't refine Xiao Xian'er." Jiang Shengyi said.

Jun Xiaoyao was speechless.

He did intend to fatten up Xiao Xian'er before refining it.

However, this girl has also become a thief, and she knows how to join forces and win allies.

"Don't worry, Xiao Xian'er can be regarded as Sister Shengyi's life-saver, I will not do that naturally."

Jun Xiaoyao smiled at Xiao Xian'er.

However, Xiao Xian'er always feels panicked behind her back, thinking that Jun Xiaoyao is "not dead."

On the other side, nine lions glanced sideways and muttered, "How do I feel like a family of three?"

"Shhh, I don't know how to see it through, but I understand it. It seems that in the future, I can only find a way to be the concubine of Xiaoyao Brother." Little Moxian muttered.

"What nonsense are you talking about, shameless woman!" Jiang Luoli stared openly.

"Oh, no matter how shameless people are, they are better than a certain defeated dog, right?" Xiao Moxian said with a strange air.

The so-called defeated dog naturally refers to Jiang Luoli.

"Ah ah, stinky woman, who do you think is the defeated dog? I want to fight you!"

Jiang Luoli exploded like a cat whose tail was stepped on.

She Jiang Lolita never admit that she is a defeated dog!

As time passed slowly, Jun Xiaoyao enjoyed a rare peace.

All Tianjiao did not leave the deserted battlefield, they were looking forward to the final battle.

"Xiaoyao, the reincarnation of the sword demon is not to be underestimated. He hides very deeply. It can be said that he has never made full progress on the emperor road." Lord Grim warned.

Lord Grim is also very strong, if he wants to compete for the rankings, he is enough to compete with Ye Guchen.

But even if it was Lord Grim, he was not completely sure that he could beat Ye Guchen.

This sword demon, who cut off the past and reshaped the true self, hid deeply and terribly.

Jiang Shengyi on the side stepped forward and said, "By the way, Xiaoyao, you haven't refining that fairy fetus yet. If you refining it, your chances of winning should be even greater."

Looking at that vitality, Li Rong still carried a trace of Jiang Shengyi, who was still pale, Jun Xiaoyao shook his head slightly and said, "Sister Shengyi, your congenital Taoist fetus fits best with the immortal fetus. Progress, if I refining, it is just icing on the cake."

What Jun Xiaoyao said is true.

Although the fairy fetus was of great use to him, it was obviously more effective to Jiang Shengyi.

"No, Xiaoyao, this is my intention, you can't refuse." Jiang Shengyi's face was rare, serious.

"Ahem, can you think about my feelings?" Lord Grim coughed dryly.

He is a single dog, and his face is shown.

"Master, you are an ancient sacramental body, and the Jiang family goddess is a congenital Taoist birth. Why can't you cultivate together?" The nine lions suddenly said.

At this time, the eyes of everyone present suddenly turned to the nine lions.

"What's wrong?" The nine faces of the nine lions were stunned.

"You are really a little clever ghost." Little Moxian muttered.

Even Jun Xiaoyao was slightly stunned, but he didn't expect this.

It stands to reason that he is an ancient sacramental body, and Jiang Shengyi is a congenital Taoist birth. If the two practice together, they can indeed increase the effect.

What's more, there is a fairy tire as an aid.

If the two of them join the avenue together, the effect is absolutely overwhelming.

It's just... isn't this the same as Shuangxiu?

Jiang Shengyi had obviously thought of this too, and her piercing fairy face instantly fainted with a touching blush.

"This is a good way." Jun Lingcang and others nodded in agreement.

They naturally hope that Jun Xiaoyao can surpass Ye Guchen and win the title of Emperor Road King.

It's just that Jiang Luoli, Yan Qingying, Princess Long Ji, Xiao Moxian and other women feel a little bit palatable.

But they also hope that Jun Xiaoyao can become stronger~[www.mtlnovel.com](http://www.mtlnovel.com)~ so they did not object.

"Sister Shengyi, this..."

Jun Xiaoyao just wanted to say whether this is a bit inappropriate.

Jiang Shengyi was a slightly lower head, whispering in a soft voice: "Xiaoyao, I can."

The beautiful lady bowed her head, smiled shyly, and was charming.

"it is good."

Jun Xiaoyao is not a procrastinating character, since Jiang Shengyi agreed, what scruples does a big man have?

Afterwards, everyone evaded suspicion and left.

Jun Xiaoyao and Jiang Shengyi found a cave with ample spiritual energy, preparing to refine the fairy fetus.

Cultivating with Jiang Shengyi gave Jun Xiaoyao a strange feeling.

He remembered in the story of his previous life, a certain Yang surnamed Tianjiao who practiced the Jade Girl Heart Sutra with his aunt...

[Chapter 586: The resonance of the Holy Physique, condenses the three fairy auras, and communicates with each other...](#)

Of course, Jun Xiaoyao has no other ideas.

He just wanted to use the Immortal Tire to improve his cultivation with Jiang Shengyi.

"Sister Shengyi, it's starting." Jun Xiaoyao said.

"Ok."

Jiang Shengyi's expression was also a little more solemn, but there was still a hint of crimson on top of his stunningly beautiful face.

Jun Xiaoyao took out the fairy fetus.

The whole immortal fetus is filled with immortal energy and radiant.

There are mysterious Dao patterns intertwined, and there is a great atmosphere flowing, which makes people see at a glance, as if they want to realize the truth of the world.

"This is the power of the immortal..." There was a faint glow in Jun Xiaoyao's eyes.

In his eyes, there is no worship, no admiration or yearning.

Because for him, becoming a fairy is a goal he will definitely achieve.

So there is nothing to envy.

All he has to do is to move towards this goal step by step.

As soon as the fairy fetus appeared, the congenital Dao fetus in Jiang Shengyi's body, as if resonating, began to release the Dao pattern and tremble.

The congenital Taoist child is the darling of heaven and earth, and is favored by heaven.

The \*\*\*\* of heaven and earth, the fairy fetus, is most suitable for Jiang Shengyi's refining.

"Sister Shengyi, you don't need to suppress your innate power." Jun Xiaoyao said.

Jiang Shengyi nodded, fully releasing the power of his innate Taoism.

In an instant, Jiang Shengyi's whole body was full of fairy lights, like a fairy Lingbo about to fly away.

What makes people feel strange is that Jun Xiaoyao's figure has begun to release his boundless spirit.

The ancient sacrament and the congenital corpse were originally constitutions that could attract each other and resonate.

And the combination of the Innate Eucharist Dao fetus is a super physique capable of entering the top five of three thousand physiques.

Throughout the ages, there have only been so few.

Jun Xiaoyao also has no scruples, urging his own ancient Eucharist power.

The strength of the ancient sacramental body blended with the strength of the innate Taoist womb, the feeling is indescribable.

It seems to have arrived some kind.

Jun Xiaoyao is okay, his expression is calm, and he concentrates on refining the fairy fetus.

Jiang Shengyi was drunk, biting his lip, trying to keep himself from making strange noises.

After all, in some respects, girls usually yell happily, while boys hardly say anything.

The power of the two blended together, and the power of the soul was also released, blending in the void.

The immortal fetus burst out a vast and boundless force in an instant.

Immortal Mang Taotao, billowing like a tide.

That energy swept away, and almost immediately, the clothes on Jun Xiaoyao and Jiang Shengyi melted away like spring snow.

See you frankly in the next moment.

Jun Xiaoyao's figure is perfect, like the most perfect work of art carved by the sky, and every inch is dizzy with fairy lights.

Jiang Shengyi's muscles and bones are also white and crystal clear, like a jade-carved beauty, the injuries she suffered before have long disappeared without a trace.

If the jade body is white and delicate like ivory, it has no flaws.

"Yeah..." Jiang Shengyi couldn't help but whispered, closing his beautiful eyes, his eyelashes trembling slightly, and he seemed drunk.

It was the first time that she showed her body in front of the opposite sex.

He Jun Xiaoyao was ridiculous even if he mistakenly took the tea that Jiang Luoli had prescribed.

But it's only a click and stop, no excessive behavior.

But now, it was a frank meeting.

Jiang Shengyi closed her beautiful eyes, and her heart was like a small deer. Even if she was mature and intellectual, she couldn't help but feel a little flustered in the face of this situation.

At this moment, Jiang Shengyi is beautiful and beautiful, just like a fairy in the Toad Palace.

Such a holy fairy on weekdays treats each other frankly at this moment, and the temptation is naturally beyond words.

Jun Xiaoyao is not a saint, he glanced around and sighed slightly.

It's really thin when dressed, and there is meat in undressing.

"Sister Shengyi, concentrate on refining the fairy fetus." Jun Xiaoyao said.

Art is worthy of appreciation, but the most important thing right now is to refine the fairy fetus.

Jiang Shengyi also opened his beautiful eyes trembling.

too big!

Jiang Shengyi's heart beat even harder.

Some parts of Jun Xiaoyao can make women feel very stressed.

However, Jiang Shengyi was also the arrogant girl of heaven, with a very stable Taoist heart, and soon calmed down.

This is nothing, she can accept it by clenching her teeth!

Jiang Shengyi cheered himself up in his heart.

She will work hard to become Jun Xiaoyao's shape!

Jun Xiaoyao naturally didn't know what Jiang Shengyi was thinking.

At this moment, he and Jiang Shengyi are urging the strength of the ancient sacrament and the congenital fetus.

The two merged with each other and began to refine the fairy tire.

The vast energy of the immortal tire began to be refined and absorbed by them.

A dazzling energy light cocoon enveloped the two of them.

Vaguely, the two of them not only merged with each other, but even the power of the soul began to blend with each other.

In Jun Xiaoyao's body, the power of innate Taoism began to spread.

In Jiang Shengyi's body, the power of the ancient sacrament was also permeating.

The two physiques superimposed on each other, so that the energy of the fairy fetus was doubled out.

On Jun Xiaoyao's body surface, there began to tremble with road lines.

The embryonic form was permeating, it was pale blue, just like the sky.

On Jun Xiaoyao's chest, the supreme bone was shining, and the power of God was circulating.

Under the blessing of the fairy fetus, this pale green fairy qi prototype quickly condensed into a real fairy qi.

Heavenly spirit!

This immortal energy is the manifestation of the first supernatural power of Jun Xiaoyao Supreme Bone, the power of God.

As a result, Jun Xiaoyao's three supreme bone magical powers all have corresponding fairy qi.

God's celestial spirit, reincarnation celestial spirit, sin karma celestial spirit.

At the same time, Jiang Shengyi's body surface also showed a fairy qi again, which was a kind of Tao that she had comprehended.

however.....

Cultivation is far from over, the power of the immortal baby is more than that.

Jun Xiaoyao's body surface, once again has a fairy qi prototype beginning to condense and take shape.

It was a dark fairy air, like the abyss of a black hole, exuding a heart-palpating swallowing force.

It is the manifestation of Jun Xiaoyao's swallowing magic power.

Devour the fairy gas!

At the same time, Jiang Shengyi also condensed a fairy aura again.

It can be said that no Tianjiao can condense the immortal energy so fast that Jun Xiaoyao and Jiang Shengyi are so fast.

After ~www.mtlnovel.com~ time continues to pass.

On Jun Xiaoyao's body surface, a fairy air appeared again.

This immortal spirit is like intertwining the rules of the avenue, with a real meaning of the avenue.

"This immortal spirit is..."

Jun Xiaoyao was very surprised.

This is not the way Jun Xiaoyao himself has enlightened, nor does he have this kind of energy.

"It's the great celestial spirit of Sister Shengyi!" Jun Xiaoyao was surprised, muttering to himself.

This immortal energy is exactly the immortal energy formed by Jiang Shengyi's innate strength.

At the same time, a fairy aura condensed on the surface of Jiang Shengyi's jade body.

There was a trace of blood in the gold.

It was the immortal energy of the flesh that Jun Xiaoyao condensed from the ancient sacramental body practice book!

## [Chapter 587: Full of 8 celestial energy, imitating the innate body, can defeat...](#)

What is happening right now is very strange.

Jun Xiaoyao condensed Jiang Shengyi's great celestial spirit.

And Jiang Shengyi condensed Jun Xiaoyao's physical immortality.

Of these two immortal qis, one is condensed from the congenital Dao womb, and the other is the immortal qi condensed from the desolate ancient sacred body and the body book.

This double cultivation actually allowed Jun Xiaoyao and Jiang Shengyi to condense a fairy energy that belongs to each other.

This kind of scene can be said to have never appeared before.

"Interesting, is this the resonance between the ancient sacramental body and the congenital Taoist birth?"

Feeling this change, Jun Xiaoyao found it very interesting.

Jiang Shengyi also found it strange. He didn't expect the two physiques to have such a connection.

"Perhaps, Xiaoyao and I are destined..."

Jiang Shengyi thought of this, and there was a sweet emotion that seemed ashamed and joyful in his heart.

Next, the two did not condense the fairy qi again.

After all, Jun Xiaoyao and Jiang Shengyi had each condensed three celestial energy in a short time.

Together, it is six immortal spirits, which is already an extremely astonishing amount.

But the fairy fetus still has a huge amount of energy left.

This energy was absorbed by Jun Xiaoyao and Jiang Shengyi each.

The energy will sink into their bodies, and will play an important role next time they condense the fairy qi.

Even if you want to break through the realm, this fairy fetus energy will also play an extremely amazing role.

Jun Xiaoyao and Jiang Shengyi are realizing and consolidating their own gains.

In the blink of an eye, half a month passed.

The atmosphere of the entire Huangtian battlefield also became slightly anxious.

Many Tianjiao wondered why Jun Xiaoyao had not yet attended the appointment.

Ye Guchen was also calm, without any urging, but sitting in the Tiandao arena alone, waiting for the final fateful engagement.

After more than half a month of consolidation in the Spiritual Qi Cave, the energy light cocoon that wrapped Jun Xiaoyao and Jiang Shengyi finally cracked.

Two perfect figures are revealed.

"This harvest is too great." Jun Xiaoyao let out a deep breath, his face also with a hint of excitement.

Now he, together with the immortal energy he newly cultivated, has fully cultivated eight immortal energy!

What is this concept?

It can be said that the Eight Immortals, even on the ultimate ancient road, is a taboo that absolutely no one dares to provoke!

You know, even in some taboo Tianjiao, the cultivation of the Eight Paths of Immortal Qi is unique!

Even more terrifying is that this is not the limit of Jun Xiaoyao.

He can also cultivate more fairy qi!

As for the realm, there is no breakthrough.

If Jun Xiaoyao doesn't break through, it will definitely be a blowout surge.

Therefore, he did not use the power of the immortal fetus to break through this time, but deposited in his body, leaving it to break through the realm in a rush in the future.

On the other side, Jiang Shengyi's delicate and beautiful face also had a touch of joy.

She has also cultivated six fairy qi, even if it is not as good as Jun Xiaoyao, but it is enough to laugh at the crowd.

What made Jiang Shengyi even more pleased was that Jun Xiaoyao's breath became stronger again.

This is happier than her own breakthrough.

"Xiaoyao, how do you feel?" Jiang Shengyi took the lotus steps and approached Jun Xiaoyao.

"Very good, I knew that it was so efficient, so I should have double repaired with Sister Shengyi earlier." Jun Xiaoyao said truthfully.

Hearing this, Jiang Shengyi Xuedi was hot red.

This is too straightforward.

Jun Xiaoyao looked at Jiang Shengyi and said, "Sister Shengyi, are you testing my character?"

Perceiving Jun Xiaoyao's gaze, Jiang Shengyi realized that his whole body was still smooth and sleek, without any traces.

Snow-white skin is like jade, dizzy.

She blushed with a cry, and hurriedly took out her snow coat and put it on.

To be honest, even Jun Xiaoyao didn't think of it.

Wearing snow clothes, Jiang Shengyi, who is slender as a willow, is actually so rich inside.

"Sister Shengyi really hides her secretly." Jun Xiaoyao smiled faintly, and changed into white clothes without delay.

Jiang Shengyi was slightly red, and gave Jun Xiaoyao a charmingly white look.

She didn't know that Jun Xiaoyao was teasing her figure.

This can be regarded as sexual. Harassment, OK?

But Jiang Shengyi didn't feel the slightest disgust, instead, he blushed with Jun Xiaoyao's gaze.

Jiang Shengyi's cheeks remained flushed, his expression pretending to be careless, but his eyes fell quietly on the clothed Jun Xiaoyao.

"It's still too big..." Jiang Shengyi blushed and muttered in his heart.

After some sorting, the awkward atmosphere finally disappeared.

Jun Xiaoyao said solemnly: "Sister Shengyi, you have my physical celestial qi, and I own your great celestial qi. Have you noticed the mystery?"

Jiang Shengyi's expression also recovered, and said: "I feel it, if I urge the immortal energy of my flesh, in a vague way, it seems to have the feeling of an innate body."

"Yes, so did I." Jun Xiaoyao nodded.

To put it simply, if Jun Xiaoyao blessed the great celestial energy on the body of the ancient sacrament.

In a short period of time, it can simulate the Congenital Eucharist, revealing the power of part of the Innate Eucharist.

Conversely, Jiang Shengyi is the same.

Don't underestimate this change.

The congenital body is definitely one of the most enchanting physiques in the world.

Even if only a small part of the power can be simulated in a short period of time, it is enough to be used as a trump card, which will surprise the enemy.

Jun Xiaoyao is very satisfied with this harvest.

Of course, he will not forget that this was brought to him by Jiang Shengyi desperately.

"Sister Shengyi, thank you." Jun Xiaoyao said sincerely.

He stepped forward and held Jiang Shengyi's fragrant shoulders.

Jiang Shengyi's heart is sweet enough to melt.

"Xiaoyao..." Jiang Shengyi called out suddenly.

"Huh?" Jun Xiaoyao just responded.

A picturesque fairy face is in front of you.

Dai's eyebrows are curved, her eyes are like autumn water, her red lips are bright, and her teeth are crystal clear.

A kiss like a dragonfly fell on Jun Xiaoyao's lips.

Touch and leave.

The mature and gentle Jiang Shengyi, at this moment, was like a little girl of first love, his heart throbbing and beating.

Jun Xiaoyao didn't feel much, because he was an old driver in his previous life.

"Let's go." Jun Xiaoyao said.

There are also Emperor Road and King Zhezhan waiting for him, and it is impossible for Jun Xiaoyao to be trapped in this gentle village.

Outside the cave, many people are waiting.

Jun Xiaoyao and Jiang Shengyi walked out at the same time.

Seeing that snow face shines like sunset, the starry eyes are moist, with a shy Jiang Shengyi.

Everyone present was taken aback, and then shook their heads with a wry smile.

Double cultivation, its main purpose is not cultivation.

You understand what you understand, and you will understand when you grow up.

"What are you looking at me?" Jun Xiaoyao said.

"Haha, congratulations, it seems that soon, this world will give birth to a congenital corpus fetus that shakes the past and the present." Jun Mo smiled.

"It seems that soon ~[www.mtlnovel.com](http://www.mtlnovel.com)~ I will have a little master!" The nine lions were also roaring.

Jun Xiaoyao was speechless.

For the first time, he found out why the group of people around him were so gossiping?

Jiang Luoli was even more teary, her mouth deflated, and she looked wronged.

In the end, it was Jun Xiaoyao who explained it, and the misunderstanding was resolved.

"Well, Ye Guchen probably has been waiting for a long time. The Emperor Road of the Wild Heaven and Immortal Realm should indeed come to an end." Jun Xiaoyao said sternly.

Ye Guchen is definitely a very powerful opponent.

"Xiaoyao, you must be careful, don't be careless." Jiang Shengyi stepped forward, stretched out his jade hand to tidy up the skirts of Jun Xiaoyao, and said.

"Don't worry, he is an interesting opponent, but..."

"The only one who can defeat me is myself!"

### [Chapter 588: The battle between the kings and kings, the almost lost golden body of good fortune](#)

In the deepest part of the deserted battlefield, there is a Tiandao arena.

Rumors are the peak battlefield where the enchanting Tianjiao fights and fights for the seal of proof.

Although the Tiandao arena is called a ring, at first glance, it looks like a giant island, suspended in the void.

The patterns of various blocking laws imprint the void, so that the fluctuation of the battle will not spread out.

At this moment, the Tiandao arena is already densely packed, packed with many long-awaited Dilu Tianjiao.

They are all waiting, the final battle of the kings!

One side is the No. 1 in the sacred list of the wild days. Since entering the road of the emperor, the Ye Family Sword Demon who has not been defeated has been reincarnated.

One side is the son of the Jun family who has the title of invincible saint.

The horrible record of killing thousands of Tianjiao in the battlefield of the wild sky is still circulated in Emperor Road and has become a legend.

It can be said that the battle between these two people almost represents the peak battle of the young generation in the Wild Immortal Territory!

If you can observe this level of battle, it is no less than a great opportunity for enlightenment.

So no one Tianjiao monk will miss this battle!

Rao is the supreme Du Tuo, and he has come here long ago and is ready.

At this moment, in the Tiandao arena.

Five jade seals with dazzling light and heavenly aura, rotating up and down in mid-air.

It is the seal of the five sermons!

On the side, Ye Guchen was sitting in the void with a blood-stained Emperor Killing Sword between his knees.

He was waiting, his fateful battle.

"This battle must be won!"

Among the crowd of onlookers, a young man carrying a sword clenched his hand.

He is the ancient freak of the Ye family, Ye Nantian.

But even Ye Nantian, who was an ancient freak, had a lower status in front of Ye Guchen.

Ye Family's luck lies with Ye Guchen.

To some extent, this can be regarded as a battle of luck between the Ye Family and the Jun Family!

At a certain moment, Ye Guchen seemed to sense something.

He stood up slowly.

The Emperor Killing Sword made a clanging sound of swords, and floated beside him autonomously, like the most loyal comrade in arms.

"Is it finally here?"

Ye Guchen murmured.

A sword intent soaring to the sky surged out of his body!

The stars trembled!

The world is shaking!

The cultivation base of the Saint Realm Great Perfection was also released without reservation!

This is Ye Guchen, for the first time in front of everyone, fully revealing his cultivation.

"Sure enough, the Saint Realm Great Perfection!" Some Tianjiao's eyes flickered.

Generally speaking, the reincarnations of some ancient powerhouses have great advantages in the realm of cultivation.

For example, some quasi emperors and even great emperors reincarnated, and they were able to cultivate to a very high level at an early stage.

Although Ye Guchen cut off the past and reshaped the true self, his potential talent is still alive.

It's not surprising that you have cultivated to the sage realm to reach perfection.

It was Jun Xiaoyao, who was able to cultivate to the Saint Realm Great Perfection at such an age was unique in all ages.

At the same time that Ye Guchen released his fighting spirit.

In the distance, there is a vast surging light of gods, a figure in white clothes, like a \*\*\*\* king coming across.

Every step makes the heavens and galaxies tremble.

A wave of terrifying mana ripples that was not weaker than Ye Guchen shook out, making the surrounding Tianjiao feel a kind of coercion like facing a god!

Jun Xiaoyao, come!

Looked at Ye Guchen, who was fighting for the sky and his sword intent was shocking.

In Jun Xiaoyao's bright eyes, there was also a touch of surprise.

Ye Guchen was stronger than he thought.

But this is interesting.

If it had been crushed as always, Jun Xiaoyao would have no interest in going to this appointment.

He hopes that someone can challenge him.

Behind Jun Xiaoyao, Jiang Shengyi, Jiang Luoli, Little Moxian, Nine Lions, Jun Moxiao, Jun Lingcang and others also accompanied him.

A large number of people followed.

Around the entire Tiandao arena, there were loud voices and the atmosphere rose to its peak!

"You finally came."

Ye Guchen spoke, his voice calm and indifferent.

Seeing Jun Xiaoyao's arrival, his stern face showed no waves.

Even if Jun Xiaoyao had already made history, the record of killing a thousand people with one stroke caused a sensation in the entire Wild Heaven and Immortal Realm.

But in Ye Guchen's eyes, there was no hint of fear.

Yes, only the excitement of meeting opponents and the turbulent fighting spirit!

"Thank you too, for not participating in the encirclement and suppression before." Jun Xiaoyao said.

If Ye Guchen joined the ranks of encircling Jiang Shengyi, it would be difficult for Jiang Shengyi to insist on his arrival.

Ye Guchen heard the words, but shook his head indifferently: "Don't say thank you, I don't bother to do something like this!"

Who is he.

It was the sword demon who killed the emperor once under the stars!

Such a character, even if he was reincarnated, would not be in the same way as the generation of Long Xu and Phoenix.

That is an insult to the personality.

"Oh, it's because Jun wants to be bad, if so, let's apologize with war!"

Jun Xiaoyao's fighting spirit was also turbulent.

He rarely has such a passionate time.

Ye Guchen smiled boldly, her black hair danced wildly, and shouted loudly: "Step on the top of kendo, ask the hero of the world, Jun Xiaoyao, are you worth my sword?"

"Ren the wind and the cloud will change, the hero will be replaced, the king will be the king, the world will be the minister!" Jun Xiaoyao's words are equally bold, swallowing thousands of miles like a tiger!

Seeing this courageous rush into the sky, the two invaluable arrogances with the world in mind, the blood of all the arrogances present boiled.

Jiang Shengyi, Jiang Luoli and other women have longing and admiration in their eyes.

This is the person they admire, a man who dominates all generations and swallows mountains and rivers!

Even Du Tuo Supreme, the silent blood boiled after a long absence.

"It's nice to be young and frivolous..." Du Tuo Zhizun smiled slightly.

Next, the stunning showdown between the Ye Family Sword Demon and the Jun Family God Child completely kicked off.

Jun Xiaoyao stepped out, simply, and fisted away.

At this time, any words seemed pale and weak.

Only a hearty battle is the greatest respect for each other.

Jun Xiaoyao shot, the vastness of his fists obscured the sun, moon and stars, as if a sky was overturned.

Ye Guchen didn't use the Emperor Killing Sword, but also blasted out with his palm.

"Is Ye Guchen crazy, actually fighting with Jun Xiaoyao?" Many Tianjiao stared eyes wide.

Jun Xiaoyao's body is notoriously abnormal.

Who can stop the younger generation?

boom!

The two fisted together, as if two galaxies collided together, bursting into waves!

Ye Guchen only felt a terrifying and vast divine power pouring out.

His physical body releases light, with golden Dao patterns intertwined, permeating a breath of vast creation.

"Then it is, the golden body of good fortune almost lost in the rumors!?"

Seeing the changes in Ye Guchen's body, some visionary Tianjiao could not help but exclaim.

Good fortune golden body, that is an extremely rare supreme body refining supernatural power.

It is rumored that some Buddhist monks are practicing immortal flesh by creating golden bodies.

But such an enchanting method is almost lost.

Even in one of the Buddhist heritages, Xiaoxitian, there is only a partial incomplete heritage.

But now, Ye Guchen sacrificed a complete golden body for good fortune, which was shocking.

"It's worthy of being a strong reincarnation, who has awakened Su Hui and can remember many magical powers that have been lost." Some Tianjiao sighed.

These reincarnated enchanting Tianjiao, there is another place that is better than everyone.

After being able to awaken the memories of previous lives ~www.mtlnovel.com~, all kinds of martial arts supernatural powers will be recalled.

Many of them are ancient methods that have been lost and are very precious.

"Oh, good luck golden body?"

Seeing Ye Guchen's punch against him, Jun Xiaoyao raised his eyebrows slightly.

But this was just a random punch from him.

boom!

Jun Xiaoyao urged one hundred thousand idol particles in his body, and even more terrifying power poured out.

Click!

Ye Guchen's arm bones heard the sound of bone cracking.

With a bang, there was a sound of earth-shattering metal trembling!

Ye Guchen's golden body was destroyed instantly!

[Chapter 589: The legend of invincibility will continue, and the rare primordial soldiers will be separated...](#)

In the void, the dazzling golden light flashed.

On Ye Guchen's body, the golden \*\*\*\* pattern began to shatter.

The supernatural power of Jun Xiaoyao's physical body is too terrifying, much more terrifying than some older sage kings and even great sages.

Even if Ye Guchen cultivated the almost lost golden body of good fortune, but at the physical level, he was still not Jun Xiaoyao's opponent.

Click!

The sound of bone cracks kept coming out.

Ye Guchen's expression was very calm.

But seeing his arm trembling at a very fast frequency, every time it trembles, a large amount of strength can be relieved.

"How to relieve strength?" Jun Xiaoyao's eyes flashed.

This is not a magical power, just a fighting technique.

But it can also be seen from here that Ye Guchen, who is the reincarnated sword demon, has so much combat experience.

Many techniques have almost become instinctive.

But even so, Ye Guchen's figure is still dozens of steps back.

Ye Guchen, who monopolized the first place in the sacred list of the wild days, was shaken back for the first time.

Everywhere is dead.

"Sure enough, the son of the Jun family is undefeated!"

"The legend of invincibility, the myth of the son of the Jun family will continue!"

Some enthusiastic admirers of Jun Xiaoyao were shouting excitedly.

Jun Xiaoyao is still that Jun Xiaoyao.

Fight against people, never get hurt or retreat, just to the end.

Of course, not everyone feels this way.

"Now the two parties are only testing each other, and the outcome is still unknown."

"Yeah, Ye Family Sword Demon, based on his own shortcomings, testing the strengths of the Emperor's Son, it is normal to be repelled."

"Don't forget, Ye Guchen hasn't used his saber yet."

These words made some Tianjiao come back to their senses.

Ye Guchen is a sword demon.

With a sword in hand, you have the world.

Ye Guchen now is just a test at best.

"Ye Guchen, there is no need for extra temptation, show your true strength." Jun Xiaoyao said calmly.

Ye Guchen didn't hide himself when he saw it.

His footsteps flashed, and his figure seemed to draw thousands of lights and shadows, blending into the three thousand worlds.

Every world has his figure.

This is an extremely ancient Shenfa magical power, and it also has the ability to confuse the enemy, making it impossible for the enemy to recognize the reality.

Jun Xiaoyao looked indifferent, responding to ever-changing things with no change.

Ye Guchen pointed out the sword, thousands of lights and shadows, and pointed out the sword at the same time.

Tian Luo sword finger!

It seems that there are thousands of swordsmanship, which have separated three thousand worlds, and encircled and suppressed Xiangjun Xiaoyao.

These sword lights are imaginary and real.

Jun Xiaoyao's gaze swept lightly, still without any movement, standing with his hands behind him, very calm.

In the next moment, those sword beams melted into nothingness within ten feet of Li Jun Xiaoyao's body.

"It's that kind of weird mana immunity!"

Seeing this scene, some Tianjiao exclaimed.

Ye Guchen's expression was calm, and his thousands of incarnations were all impacting Xiangjun Xiaoyao.

In Jun Xiaoyao's mind, the primordial spirit was slightly shaken, and the surging strength of the primordial spirit poured out.

In an instant, he locked a figure.

Jun Xiaoyao's footsteps flashed, and a chain of order in the heart of his eyebrows flew out, condensed into a golden short sword, and cut towards the figure.

It is Yuan Huang Dao Sword!

boom!

At the moment the Yuanhuang Dao Sword fell, all the phantoms around him suddenly disappeared.

Jun Xiaoyao got a glimpse of Ye Guchen's true body.

boom!

There was a violent shock.

It stands to reason that if Jun Xiaoyao is cut off by this move, the ordinary sage Tianjiao will fall directly.

But what is amazing is that Ye Guchen actually carried it down.

Between his eyebrows, there is a bell-shaped weapon that protects his soul.

"Oh my god, that is... the original soldier!?"

Seeing that bell-shaped weapon, let alone these arrogances, it was Du Tuo Supreme, and it was also stunned.

Yuan Shen soldiers, as the name suggests, are weapons used by Yuan Shen.

The forging craftsmanship of Yuanshenbing has almost been lost.

It can be said to use one piece less.

As a result, in Ye Guchen's mind, there was a soul guard protecting the soul.

In this way, it would be extremely difficult to kill Ye Guchen's soul.

"It's worthy of being the reincarnation of ancient powerhouses. There are such good things..." Many Tianjiao looked enviously.

At this moment, Ye Guchen's expression became solemn.

Jun Xiaoyao, like a huge mountain, stood in front of him, unwavering.

"Jun Xiaoyao, you are very strong. It can even be said that you are an odd number among Tianjiao from ancient times to the present, but this is only interesting."

After Ye Guchen said, he raised his left hand, blood rushed into the sky, killing intent was wild, \*\*\*\* sword aura shook Cang Ming.

Lifting his right hand, the power of the stars surged, and above the nine heavens, the galaxies converged and turned into a bright galaxy sword.

Ye Guchen actually performed swordsmanship with both hands at the same time.

This kind of ability, not everyone can have.

"Blood kill the sky, kill the stars and destroy the gods!"

The two sword moves were performed at the same time, and the vast sword energy swept Cangyu.

The \*\*\*\* giant sword of 10,000 feet and the giant sword of tens of thousands of stars slashed towards Jun Xiaoyao at the same time.

Every sword aura can easily kill several small saints.

Facing the two swords that struck, Jun Xiaoyao raised his hand.

He still chose to contend with the flesh.

boom!

It was like a series of mountains collapsed, the void oscillated, the gravel pierced through, and the entire Tiandao arena was roaring and trembling.

Ye Guchen raised his eyebrows slightly.

These two swords not only didn't hurt Jun Xiaoyao, but couldn't even make him retreat.

"Come again!"

Ye Guchen's Dao heart is firm, and will not be shaken at all because of Jun Xiaoyao's strength.

He continued to shoot, turning into thousands of swords, and the void seemed to have thousands of sword lights flying.

The sword light layered, like a meat grinder, crushing Xiangjun Xiaoyao.

Jun Xiaoyao, simple, six rounds of reincarnation fists blasted out, breaking all the magic in one move!  
boom!

There seemed to be six small worlds, crushed by Jun Xiaoyao's fist, smashing the surrounding sword qi!

Jun Xiaoyao's fist was undiminished and smashed at Ye Guchen.

Ye Guchen saw this and pointed at the center of his forehead.

Suddenly, the void was shaken, and a hundred thousand sword souls rushed out of his body.

Every sword soul has the power to slay the sun, moon and stars!

But now, one hundred and eight thousand sword souls are coming out, and that power shakes the world.

Sword Qi flooded the world, covered Cangyu, and pressed out toward Jun Xiaoyao.

Rumble!

Jun Xiaoyao's six reincarnation fists collided with one hundred and eight thousand sword souls, and suddenly there was a dense, uninterrupted collision.

Seeing such a duel, everyone around him almost stopped breathing.

One hundred and eight thousand sword souls can be said to be one of Ye Guchen's cards.

He used to fight against people, and a sword soul showed up, which was enough to kill the opponent.

Now there are a hundred thousand sword souls coming out, the kind of power can be imagined.

"Won't the battle be over so soon?"

Looking at Jun Xiaoyao who was completely wrapped in the sword soul~[www.mtlnovel.com](http://www.mtlnovel.com)~ many Tianjiao muttered.

And at this moment...!

boom!

A figure, Ruo Kunpeng jumped out of the sea and penetrated the sword spirit barrier.

A fist smashed straight at Ye Guchen.

With six reincarnation fists, you can control six top supernatural powers. The power seems to be able to pierce the heavens with one punch!

boom!

Jun Xiaoyao's punch is enough to kill everything!

"Just tell the result..."

Everyone looked at the center of the collision and murmured blankly.

It would be disappointing if Ye Guchen, who was the No. 1 on the Huangtian Sacred List, lost in this way.

[Chapter 590: Suppressing the whole process, 5 immortal spirits come out, shocking 8 parties!](#)

Who could have imagined that Ye Guchen, who ranked first on the sacred list of the ridiculous days, would be absolutely disadvantaged in front of Jun Xiaoyao.

This could not help but make everyone wonder, in the entire Nine Heavens Immortal Realm, who of the same generation can suppress Jun Xiaoyao?

"The Ye Family Sword Demon won't be over like this, right?"

Looking at the place where the smoke and dust spread, Tianjiao whispered.

If this is the case, then Ye Guchen's reputation will definitely be reduced to the lowest point.

"No...impossible, Ye Guchen can't possibly lose." Ye Nantian, the Ye family freak, clenched his fists.

No matter how strong Jun Xiaoyao is, it is impossible to kill Ye Guchen so easily.

Just when everyone present was suspicious.

Jun Xiaoyao, who punched out, had a strange color in his eyes.

His fist did not hit the flesh and blood.

The wind blew in and the smoke dispersed.

In the next moment, everyone's eyes converged.

A blood-stained sword stood in front of Ye Guchen and resisted Jun Xiaoyao's fist.

It is the Emperor Killing Sword!

"Oh?" Jun Xiaoyao raised his eyebrows slightly.

Even the supreme weapon, under his punch, not to mention directly exploding, at least will be shaken out of the crack.

But this Emperor Killing Sword was buzzing and trembling, with an amazing edge brewing.

"The sword is coming!"

Ye Guchen retreated, and at the same time raised his hand to grasp.

The Emperor Killing Sword finally fell into his hand.

In an instant, Ye Guchen's temperament changed.

He is like an unsheathed sharp sword, releasing a peerless edge that cuts through the sky!

When a sword repairman holds a sword in his hand, he owns the entire world!

Ye Guchen's fingers gently brushed the blade of the Emperor Killing Sword, and a sonorous trembling sound came.

"Who knows the wind on the sword, Jianque loses and sighs Dugu!"

"Jun Xiaoyao, you deserve my sword!"

Ye Guchen finally used the Emperor Killing Sword!

He swept out at will with a single sword, and the sword aura swept across the world like an ocean!

One after another sword aura, if the Wanli Mountain Range is under pressure!

If Ordinary Tianjiao falls into it, there is absolutely no power to resist.

"In that case, use sword against sword." Jun Xiaoyao said leisurely.

He also pointed out as a sword, and swept away with a Slaughter Sword Art!

The extremely fierce sword light shattered the void, and the scene of the fall of the fairy gods appeared.

Although Jun Xiaoyao is not a special sword repairer, he does not repair swordsmanship.

But at his level, it can turn corruption into magic.

All means are readily available.

At this moment, I saw the peerless sword move that Jun Xiaoyao cut out.

No one would object to saying that he was Jian Xiu.

boom!

With a sword, Jun Xiaoyao opened thousands of sword auras and pointed directly at Ye Guchen.

Everyone exclaimed.

It was Ye Guchen before, who was weak against Jun Xiaoyao's physical power.

But now, Jun Xiaoyao had Ye Guchen's strongest advantage, crushing him on the sword.

Change to a general Tianjiao, seeing this scene, will definitely collapse Dao Xin, completely lose the will to fight.

But Ye Guchen is getting more and more courageous, and flames are burning in his dark pupils.

"The Three Sacred Swords!"

Ye Guchen held the Slaying Emperor Sword and cut out three swords in a row.

A sword aura is as fierce as Haoyang!

A sword gas, the forest is as cold as the moon.

A sword aura is as bright as a star.

This type of kendo supernatural power is integrated with the three miraculous powers of the sun, the moon and the stars, and is mysterious, combining with each other and possessing endless changes.

In an instant, the three types of sword moves were combined with each other hundreds of thousands of times, resulting in countless sword moves.

It can be said that it is almost impossible to crack this trick.

With Jun Xiaoyao's understanding, it is not difficult to crack this sword trick.

But he doesn't need to crack at all.

Ten will be reduced in one effort.

Jun Xiaoyao directly crushes everything with the purest power!

With his left hand, Lei Di's supernatural powers were used to draw the Lei Di's finger!

With his right hand, with Kunpeng's great supernatural powers, display Kunpeng's boundless magic fist!

Two types of supernatural powers were simultaneously displayed by Jun Xiaoyao.

The world seemed to be shattered in an instant, torn in half by Jun Xiaoyao!

Even if it is stronger than Ye Guchen.

The extreme trick he used was also completely collapsed under Jun Xiaoyao's hard power.

Jun Xiaoyao stepped across the void and displayed Kunpeng speed.

His figure instantly flashed in front of Ye Guchen.

The power of the idol's jailbreaking force is fully urged.

The real body of the Primordial Idol appeared, like a magic mountain suppressed.

boom!

Ye Guchen blocked it with the Emperor Killing Sword horizontal sword, but was still shaken back one after another, his chest churning with blood.

The surrounding space was distorted by this terrifying power, as if to burst into pieces.

Not to mention Ye Guchen in it.

It can be said that if you are any Tianjiao, you can't survive the offensive of Jun Xiaoyao.

Although Ye Guchen was repulsed at this moment, blood overflowed from the corner of his mouth.

But compared with Jun Xiaoyao's other opponents, it was much better.

"The son of the Jun family, is it really invincible?"

Seeing the current battle situation, Tianjiao lost his mind.

That was the reincarnation of the sword demon Ye Guchen on Emperor Zhendi Road, but in the hands of Jun Xiaoyao, he was always at a disadvantage.

And everyone knew that Jun Xiaoyao didn't try his best.

If his one-size-fits-all trick of destroying the world is displayed, it is very doubtful whether Ye Guchen will survive.

"You can hold on for so long in my hands, Ye Guchen, you are indeed impressive." Jun Xiaoyao said.

Even if he didn't try his best.

But ordinary Tianjiao, but he couldn't even take a random palm.

In contrast, Ye Guchen was too much stronger.

"Come again!" Ye Guchen wiped off the blood from the corners of his mouth.

With a bang, a surge of sword intent surged out of Ye Guchen's body.

Scarlet sword energy swept the Quartet!

"That is, Shura Jianyi!"

"It is rumored that Ye Guchen has integrated immortal energy into the sword intent, and every sword intent is a fairy energy!"

Ye Guchen finally sacrificed his true trump card, Xianqi.

But unlike ordinary Tianjiao, his immortal energy has been transformed into sword intent!

"Interesting." Jun Xiaoyao's eyes shone slightly.

This is the advantage of playing against a master, being able to verify the opponent's law and to see oneself.

Not just Shura Jianyi.

In Ye Guchen's body, there were five colors of divine light bursting out.

That is the Five Elements Sword Intent!

There was also thunder shining with the sword light.

It's Thunder Sword Intent!

There is also a surge of sword intent, with the appearance of all living beings, that is the sword intent of all things.

The four sword intents represent Ye Guchen, who has fully cultivated four immortal spirits!

"The Ye Family Sword Demon actually possesses four fairy auras!"

Ye Guchen's performance shocked all Tianjiao around him.

You know, before refining the immortal fetus, Jiang Shengyi had only three immortal qi.

Long Xuhuang and other supernatural arrogances have only three immortals.

"Jun Xiaoyao, can you take this sword?"

The four sword intents spouted out, merged with each other, turned into a shocking sword, and went straight to the galaxy.

After that, Wandao Jianqi, raining down, destroyed all directions!

"Wan Jian Qiankun!"

This is an astonishing sword that Ye Guchen spurred by four immortal auras~[www.mtlnovel.com](http://www.mtlnovel.com)~A thousand swords come out together, and the world is washed with blood!

It can be said that this trick is so powerful that it can even threaten the powerful saint king!

"Since you are doing your best, then let you experience the true power of this god."

When Jun Xiaoyao's voice fell, there were also traces of immortal energy emerging from his body.

Fleshly immortal!

All things motherly spirit!

Reincarnation fairy spirit!

Void fairy spirit!

Sin Karma!

Five celestial energy, like a dragon, entangled on the surface of Jun Xiaoyao.

At this moment, all directions are dead, and Galaxy is silent!
