

Sacred Body 751

[Chapter 751: Chaotic world, 1 person from ancient to modern, my name, chaotic ancient!](#)

Qin Wudao felt very aggrieved, very aggrieved!

This feeling is as if it is a game, and it is over before it starts.

"I am a descendant of ancient chaos, only I am qualified to reach the top." Qin Wudao squeezed his fist with five fingers, puzzled.

"I didn't expect you to be able to climb to the ninth and ninth floor, but it was a bit beyond the princess's expectation." Yu Yunshang stepped forward and said.

There was also a solemn look in Brahma's eyes.

Qin Wudao's ability to reach the ninth and ninety-ninth floor is enough to show his talent and strength.

Keep up with the young Emperor Luangu.

Although it did not reach the top, it was not too bad.

"Hmph, to me, it doesn't make any sense if you don't climb to the top." Qin Wudao's face was covered with haze.

If he missed this opportunity, it would be very difficult for him to get the chance of chaos.

"Who is that figure, is so powerful, let alone resisting, I didn't even see it clearly..." Qin Wudao was very unwilling.

But he also knows that even if he breaks again, the result is still the same.

The figure on the nine hundred and ninety-nine floor was terrifying to the extreme.

"Who is the opponent on the ninth floor?" Yu Yunchang blinked her beautiful eyes, very curious.

Qin Wudao's brows were gloomy, and it took a long time before he spoke indifferently, "I didn't see it clearly, but it is definitely an elusive taboo."

"There are elusive taboos? Isn't it possible that no one can get to the thousandth floor?" Yu Yunshang raised her eyebrows and asked.

"Of course, I didn't even see that figure clearly, so I was shocked by the breath. It's the same if I change to anyone else." Qin Wudao said with a calm face.

"Really, is that person a ghost?" A sly look suddenly appeared in Yu Yunchang's eyes.

"Ok?"

Qin Wudao was puzzled, his eyes rolled, and he looked at the chaotic ancient tower.

Then, his eyes freeze!

His face froze!

The body seemed to be turned into a wood, unable to move.

What did he see?

A light spot, one thousand floors.

That means that someone has passed the 999th floor and reached the thousandth floor.

"This... this is impossible!"

Rao is Qin Wudao, who has always been calm and domineering, and couldn't help but lose his voice at this moment, with an unbelievable shock in his eyes.

He also said just now that on the ninth floor, there is a peerless taboo figure that no one can pass.

As a result, someone has reached the top of the tower now.

Don't hit this face too fast!

"It is absolutely impossible for anyone to pass the nine hundred and ninety-nine floor. Could it be that something went wrong with the ancient tower?" Qin Wudao couldn't believe it.

After all, only by experiencing it in person can I know how terrifying that fuzzy figure is.

Don't say it was him who came, but it was the emperor Lingyu, the ancient emperor, the reincarnated true Buddha, and the king of Yuhua. It is estimated that there will be no suspense.

This is simply the dead end set by the Great Emperor Luangu, no one can break it!

Unless that light spot is stronger than all the supreme taboo Tianjiao in the world.

It was even stronger than the Emperor Luangu when he was young, so he could pass it.

But is it possible?

Is there such a villain in this world?

"You can't do it yourself, just say that other people can't do it?" Yu Yunshang curled his lips.

She thought that Qin Wudao might threaten her brother Yuhua King before, but now it seems that it is nothing more than that.

"I can guarantee that even if it is your brother Yuhua Wang, it is absolutely impossible to pass." Qin Wudao said in a deep voice, decisively cutting the railway.

"Oh, do you mean Jun Xiaoyao is better than my brother?" Yu Yunchang said.

"What, is it him?" Qin Wudao's pupils shook, and his eyes were surprised.

He didn't expect that Jun Xiaoyao would come to mess with the ancient tower, let alone reach the top of the tower.

"Yes, that spot of light is Jun Xiaoyao." Yu Yunchang shrugged his fragrant shoulders.

Qin Wudao's face changed.

He and Jun Xiaoyao do not have much contact.

The only intersection is that Jun Xiaoyao killed his clan brother, Qin Zimo.

This hatred is not big, but not small.

But the question is, why can Jun Xiaoyao pass the 999th floor, but he can't?

"Impossible, even if Jun Xiaoyao is as **** as the rumors, it is absolutely impossible to be the opponent of that figure." Qin Wudao gritted his teeth, still unwilling to believe it.

"Oh? Is it because the guarding opponent took the initiative to let him climb to the top?" Yu Yunshang's jade arms wrapped around Ao Ting's chest, disapproving.

She is most disgusted with people who fail to admit failure.

However, it is impossible for Yu Yunshang to know that her guess was actually correct.

Qin Wudao's expression was calm.

Jun Xiaoyao is very strong, he does not deny it, because this is a fact recognized by all Tianjiao in Gulu.

But saying that Jun Xiaoyao could deal with that horrible figure, he was 10,000 unbelievable.

"It doesn't matter if he reaches the top, if he gets the chance of the Great Emperor Luangu..." Qin Wudao was unwilling.

Obviously he is the orthodox heir of the ancient chaos.

Now the chance, but it may be obtained by Jun Xiaoyao.

Jealousy separated him.

"If he really got the chance of chaos, then..." Qin Wudao's eyes were deep and dark.

He is the kind of domineering, self-respecting character.

It's his thing, he must get it!

And Qin Wudao never believed that Jun Xiaoyao could rely on his own strength to pass the nine hundred and ninety-nine floors.

He must have used some special method.

Seeing the cold warfare in Qin Wudao's eyes, Brahma not far away, clasping his hands together, lightly chanted the Buddha's name.

"Amitabha, people always have to experience setbacks before they can learn to grow."

Brahma believes that after Qin Wudao is likely to be taught by Jun Xiaoyao to be a man.

Just when everyone outside was shocked when Jun Xiaoyao stepped onto the top of the tower.

At this moment, Jun Xiaoyao also came to the top of the ancient tower.

"The ninth and ninety-ninth floor is the mark of the ghost-faced woman he encountered when the Great Emperor Luangu got the chance, then this last floor..."

Jun Xiaoyao's eyes changed, thinking in his heart.

What is there in this last layer?

Who is the ultimate opponent of Luangu?

In front of me, there was a lot of fog and darkness all around.

Jun Xiaoyao can be sure that this should not be any real scene.

Jun Xiaoyao strolled in it, not knowing how long he walked.

Suddenly, he heard the sound of dong dong dong.

It sounded like a heartbeat.

Ahead, a giant fetal egg-like appearance appeared, horizontally in the darkness.

It was beating like a heart.

"This is..." Jun Xiaoyao's eyes flashed.

He remembered a record about Emperor Luangu.

After having tasted a thousand defeats in the first half of his life, the Great Emperor Luangu collapsed at one point, and almost collapsed.

But in the end, he transformed, integrated all kinds of opportunities, powerfully proving the Dao, and created an invincible secret technique of chaos, sweeping the contemporary.

One of the most critical points is that the Dao Heart of the Great Emperor Luangu collapsed and transformed into a demon fetus.

Then he was reborn from the cocoon~www.mtnovel.com~ Once he rose, he took part in good luck, swept the contemporary era, and defeated all enemies in the first half of his life!

"Could this be..." Jun Xiaoyao trembled.

At this moment, the fetal egg-like thing suddenly cracked.

The endless chain of gods burst out, and the runes were branded in the vastness, filling this space.

A figure emerged from it, standing with one hand behind, with his back facing Jun Xiaoyao.

The stature is stalwart, alone on the top, lonely forever!

"You are..." Jun Xiaoyao took a deep breath, feeling uneasy.

That figure, with his back to Jun Xiaoyao, slowly spoke, with a vicissitudes of life.

"The world is in chaos, ancient and modern alone..."

"My name, chaos!"

[Chapter 752: The biggest opponent is myself, talking about chaos, what heaven...](#)

The word "luogu" fell, and the endless fighting spirit and vigorous fighting spirit swept the entire space!

That fighting spirit made the sky tremble!

That sense of war trembles the universe!

That is an unwilling roar in the face of fate!

Thousands of hammers, raging fire, a thousand defeats cannot destroy his ambition!

At this moment, this legendary figure appeared in front of Jun Xiaoyao alive!

Although it is just a brand, the pressure of that breath is enough to make any Tianjiao in the contemporary age bow his head!

Jun Xiaoyao also felt a sense of extreme oppression, as if facing an undefeated God of War!

"Sure enough, it's almost as I guessed. The ultimate opponent of Emperor Luangu is himself." Jun Xiaoyao's eyes were deep.

He was not too surprised.

After all, how do you say that sentence.

One's biggest opponent in life is actually oneself.

Conquering others is easy, but conquering yourself is difficult.

The Great Emperor Luangu also experienced countless setbacks and struggles at the beginning, and Dao Xin was destroyed.

In the end, he defeated himself, gave birth to a magic fetus, reborn from the cocoon, and rewritten his own destiny with his own hands.

This kind of person, Jun Xiaoyao admires.

"It seems that this last level is to defeat the predecessors." Jun Xiaoyao smiled faintly.

The person in front of him is indeed the Great Emperor Luangu, but not the Great Emperor Luangu.

Strictly speaking, it was the demons created when the Great Emperor Luangu was reborn from the cocoon and transformed his demonic fetus.

It can also be said to be the other side of Emperor Luangu.

The Emperor Luangu defeated this ego demon and finally succeeded in Nirvana.

And Jun Xiaoyao must defeat him to get the chance of chaos.

"You... let's go."

The imprint of the chaotic heart demon still turned his back to Jun Xiaoyao, his tone indifferent.

He is just a trace of the heart demon brand of Emperor Luangu, and his strength is naturally impossible to compare with the real Emperor Luangu.

But even so, this imprint, looking at the contemporary young Tianjiao, almost no one can beat it.

The trace of the chaotic heart demon is enough to sweep all the young taboos of the contemporary era.

"Why?"

Jun Xiaoyao responded as if he had expected it.

"Your way is inconsistent with me, it is not my descendant..." Chaos Ancient Heart Demon said.

Jun Xiaoyao gave a chuckle, not surprising.

He had previously predicted that the Great Emperor Luangu was unwilling to inherit from people like him.

Because the destiny trajectory of Jun Xiaoyao and Luangu Great is too different, like two extremes.

One was born in a wild, and the other was born in an ancient family.

One has failed a thousand times in the first half of his life, and one has been in the world since his birth.

It can be said that Jun Xiaoyao is the most inconsistent with the standards of the descendants of Luan Gu.

Even if it was Wang Teng, it was because of his strong luck that he was able to obtain part of the inheritance of chaos.

"Senior's Tao, what is it?" Jun Xiaoyao asked calmly.

"My life is against the sky!" Chaos ancient heart demon said.

The simple four words are the footnote of a lifetime of chaos!

"The way of the seniors, the younger ones admire, but..." Jun Xiaoyao's tone of voice changed suddenly.

"It's not new anymore."

As soon as these words came out, a terrifying coercion poured out, and the cover pressed towards Jun Xiaoyao.

Jun Xiaoyao still stood calmly with his hands, even in the face of the inner demon of the Great Emperor Luangu, his expression was still indifferent.

Change to other Tianjiao, even if it is Taboo Tianjiao, now he has definitely been pressed down.

"Later, I give you a chance to regret it." The chaotic heart demon's tone was like a cold abyss.

Everyone's Tao is not to be desecrated, let alone an emperor.

Jun Xiaoyao's words already had some offensive meanings.

"The juniors have their own understanding of the word against the sky." Jun Xiaoyao held his hand and smiled lightly.

Change to other Tianjiao, at this moment, before the chaotic heart demon, he must be trembling, walking on thin ice.

Don't say offense, even dare not say a word.

But Jun Xiaoyao dare!

Although he admires the chaotic ancient times, it does not mean that he will face the chaotic ancient times with a low attitude.

"Oh?"

The chaotic heart demon is still facing Jun Xiaoyao, but there is a hint of curiosity in his words.

This young man is a little different.

Jun Xiaoyao continued: "The so-called prerequisite against the sky is to put yourself under the sky."

"Weak and weaker than the sky, when the sky is suppressed, I will choose to go against the sky, but..."

Jun Xiaoyao's words were here, and there was a sudden stop.

Then, Jun Xiaoyao stretched out his hand and pointed at the sky!

"The birth leader, but I live with the sky!"

"Since they are the same, why do you dare to be above me?"

Jun Xiaoyao's words are shocking!

He is shoulder to shoulder with the sky, how dare the sky be above him!

Simply put, swallow thousands of miles!

His arrogant ambition caused the chaotic ancient heart demon to change his face, and turned around, his eyes were like swords, and he looked directly at Jun Xiaoyao.

This young man dared to compare himself to heaven!

"Later, you are too crazy about this, is this your way?" Luangu Heart Demon said with deep eyes.

"Hehe, crazy? I don't think that when I become an immortal, I will change the day, change the place, reshape the mountains and rivers for hundreds of millions of miles, and establish my order!"

The words of Jun Xiaoyao shocked the chaotic heart.

You know, you can't talk nonsense.

Many things have cause and effect.

Once you offend your existence in the dark, you may suffer unimaginable bad luck!

In front of him, this frivolous young man in white dared to say such arrogant and rebellious words, which is enough to prove that he has his own confidence!

"Lady, your name is taboo." Luangu Heart Demon's face was much more solemn than before.

Even, Jun Xiaoyao has been placed on the same position.

Jun Xiaoyao waved his big sleeve and said.

"Jun's family, happy!"

"The Jun family, it's that Jun family, no wonder..." The chaotic soul was suddenly.

That family, there are always some evil spirits against the sky.

Even at the peak of Emperor Luangu, when he swept the immortal domain invincible.

Never provoke the Jun family.

The status of the Jun family cannot be shaken by a single emperor.

Even if the emperor dared to provoke the emperor's family, he would be killed in unimaginable ways.

"That family, evildoers appeared in large numbers, but I didn't expect that later generations would have such anomalies..."

The chaotic heart demon also faintly felt that the young man in white in front of him was afraid that it would be the biggest anomaly in this world of war!

If so, it is indeed qualified to receive his inheritance.

After all, Luangu's life ~www.mtlnovel.com~ has been fighting against heaven, against people, and against destiny.

If his inheritor is an eternal strange number, it is considered to have inherited his indestructible will.

"If you want to get the chance, then defeat me." Luangu Heart Demon said.

It is impossible for him to pass on Jun Xiaoyao easily like the ghost-faced woman on the 999th floor.

He also wanted to know how true this monarch's unusual number was.

"Oh, seniors are sure to fight?" Jun Xiaoyao raised his eyebrows lightly.

"Why, I'm afraid?" Chaos Ancient Heart Demon said.

"That's not the case, I'm just afraid that seniors will recall some memories that I don't want to recall." Jun Xiaoyao smiled.

"A memory that you don't want to recall?" Chaos Ancient Heart Demon had a deep vision.

"Yes, like... Try the defeat again!"

[Chapter 753: One battle against Luangu Heart Demon, methods emerged one after another, Luangu was despised...](#)

When Jun Xiaoyao said this, the atmosphere was deathly silent.

It can be said that Jun Xiaoyao is the only one who dared to say this in the face of chaos in the world.

Other Tianjiao, if you want to get the inheritance of the predecessors, which one is not respectful, trembling, for fear of not being qualified.

But Jun Xiaoyao didn't care at all.

He regarded this as an exercise.

It is naturally good to be able to inherit the ancient traditions.

Nothing, nothing.

To him, even the emperor is not the end, so what is the inheritance of the emperor!

Hearing this, the chaotic heart demon was silent.

After a long time, suddenly looked up to the sky and laughed.

"Haha, interesting. I didn't expect that there will be a character like you in the future generations. I really want to be born in this bright era."

"Then the predecessor may only be second." Jun Xiaoyao also smiled.

What he said is the truth.

If the chaos is in this era, Jun Xiaoyao is confident to suppress it.

When he becomes emperor, all emperors surrender!

When he becomes immortal, the world will be rewritten!

"Come on, fight with me. A thousand defeats will never destroy my ambition. If I lose this time, why not?" Chaos Ancient Heart Demon waved.

"excuse me!"

Jun Xiaoyao didn't say much anymore and shot directly.

He stepped out, and many mysterious Dao patterns emerged under his feet.

Kunpeng came out quickly!

Almost in an instant, Jun Xiaoyao slid in front of Luangu Heart Demon, simply, with one punch!

The vast golden glow illuminates this world, and the vigorous blood erupts like a volcano, turning into a dragon of blood and blood, running straight through Cangyu!

"Kunpeng method, and...the ancient sacrament..."

Luangu Heart Demon's vision is so high that he can see the details of Jun Xiaoyao at a glance.

He leaned out his palm, and his five fingers came out like a pillar of heaven.

Its power can almost directly shatter an ancient star.

You know, this is just a trace of the heart demon brand created when the Emperor Luangu was young and transformed.

And it is this trace of the heart demon brand that still has this power after such a long time.

It is enough to know from the side how strong the real Emperor Luangu is.

It can be said that this trace of the heart demon brand can defeat the world's arrogant!

Even the supreme taboo Tianjiao will be suppressed to the extreme in front of the imprint of the heart demon, unable to turn over at all!

But Jun Xiaoyao cannot be measured by common sense.

Jun Xiaoyao's fist shook, and among the interweaving Dao patterns, a huge Kunpeng shadow appeared.

A flick, the void splashed with runes!

Kunpeng immeasurable fist!

The fist wind is vast, like the sea surging, and the void is broken!

boom!

The two people collided with their fists, like two ancient stars slamming together, the sound of the voice roared, sonorous trembling, and the endless mana storm swept across the void!

Jun Xiaoyao took a few steps back, his arm shook, and the terrifying force was removed.

There was a look of surprise in the eyes of the chaotic heart demon.

Jun Xiaoyao's performance exceeded his expectations.

In fact, Luan Gu doesn't think that there will be any future generations of Tianjiao who can pass this thousand layers.

The reason for setting up a heart demon brand is just to select the descendants.

If it was Qin Wudao who had come on board, it might be that the Inner Demon of Chaos would give him some tests, and if he passed it, he would pass on the chance of inheritance.

However, he became interested in Jun Xiaoyao's anomaly, so he played against it.

For him, even if Jun Xiaoyao did not defeat him in the end, he would grant some inheritance opportunities.

But now, Jun Xiaoyao seemed to have exceeded his expectations.

"It's worthy of a trace left by the ancient emperor. It seems that you can't hide it." Jun Xiaoyao secretly said.

If the chaotic heart demon hears this, Bacheng will be speechless.

Confronting the brand left by the emperor, there are still some reservations.

Only Jun Xiaoyao dared to do this.

"Slaying Immortal Sword Art!"

Jun Xiaoyao also referred to as a sword, and the sword glow shone with brilliance.

At this moment, he seemed to have turned into an inexhaustible sword fairy, his white clothes moved, and the sword glowed into the sky!

Chaos Ancient Heart Demon also shot, five fingers turned into a fist, and a punch blasted out.

A terrifying intent to fight, gushing out, Jin Ge and Iron Horse, swallowing thousands of miles in anger!

It seems that there are a hundred kings who shake the world, punching at the same time, smashing the universe.

King of Fighters!

This is the emperor Luangu's faculty, with a punch, and the fighting intent alone is enough to deter the enemy and cause its soul to split.

Jun Xiaoyao is not afraid, his soul is so powerful, his level has reached infinite, and he will not be affected by this war intent at all.

Jun Xiaoyao pointed out the sword, the sword aura of ten thousand feet, as thick as a mountain, swept out, as if it could wipe out ten thousand stars.

Swords, fists and fronts collided, exploding with boundless brilliance, and mana surging!

Jun Xiaoyao's eyes flashed, and a dazzling chain of gods of order suddenly rushed out from the center of his eyebrows, which turned into a golden short sword.

It is Yuan Huang Dao Sword!

Moreover, the timing of Jun Xiaoyao's shot was very tricky, just at the moment when the two collided and the magic power drowned everything.

It can be said that Jun Xiaoyao's fighter can be very powerful.

"Heh... not bad."

The chaotic heart demon whispered, and his other hand ran in front of him, directly blocking the Yuanhuang Taoist sword with his bare hands.

"Oh, what about this one?"

Jun Xiaoyao chuckled.

Luangu Heart Demon's eyes condensed.

Around him, a phantom of grass suddenly appeared.

Each grass has nine leaves with extremely mysterious and complicated patterns imprinted on them.

As the blades vibrated, there was an astonishing sword gas gushing out.

Grass word swordsmanship!

And it's not a sword gas.

With Jun Xiaoyao's enchanting talent, he has already mastered the grass word sword art.

Jun Xiaoyao directly planted the sword aura of the grass-character sword jue into the void, surrounding the chaotic ancient heart demon, blooming together.

One after another sword aura shook the void, slashing towards the chaotic heart demon.

The grass-character swordsmanship is extremely powerful, claiming that a single grass can kill the sun, moon and stars.

Slaughter Immortal Sword Jue, Yuanhuang Taoist Sword, Grass Character Sword Jue.

In a short period of time, Jun Xiaoyao displayed three of the five great magic arts.

It can also be seen that Jun Xiaoyao has reached the point where he can master all kinds of moves.

"Fudo Wang Jue!"

A ghost of gods and demon appeared around the body of the chaotic heart demon, protecting his body and resisting the slash of the grass-word sword energy.

The great emperor has so many methods, although the chaotic heart demon is only a trace, but it also has many magical powers.

What he is showing now is only a very small part of it.

"Wan Dao Huaying, Ni Chaan!"

Chaos old heart demon supernatural powers remind again.

Around him, many figures suddenly appeared, and each one was extremely powerful.

The figure of the young true dragon, the young holy spirit, and even the chaotic seven heroes are all manifested in it.

"What a fascinating learning, it has branded all the enemies that have been faced before, and turned them into a means of attack." Jun Xiaoyao was a little surprised when he saw this scene.

Turning the enemy's figure into a means of attack is a bit awesome.

Of course, Jun Xiaoyao is not surprised.

The great emperor is the existence standing at the peak of the red dust, and various methods are unpredictable.

Jun Xiaoyao was handsome and composed, without panic.

boom!

The young real dragon phantom slayed and turned into a golden sacred dragon, the dragon claws tore through the void.

The young Holy Spirit also slayed, like a golden body, crushing everything.

Chaos Qixiong also surrounded Xiangjun Xiaoyao.

"It's almost there." The Heart Demon of Chaos murmured after seeing this scene.

He was already deliberately making things difficult for Jun Xiaoyao, and contemporary Tianjiao could hardly resist.

"The means are good, but... it's far from my limit."

Jun Xiaoyao urged the power of thirty-six Xumi worlds in his body.

Suddenly ~www.mtlnovel.com~ the terrifying divine power directly shattered the void around him.

This space can hardly bear the pressure of divine power overflowing from his body!

"Six Dao... Reincarnation Fist!"

Jun Xiaoyao blasted out with a punch, and six reincarnation vortexes emerged, as if the six reincarnation worlds were moving with his fist.

Rumble!

Like six ancient universes crushed away, all the phantoms, in an instant, were annihilated by Jun Xiaoyao!

"Senior, if you don't show your true ability, you can't help the younger generation." Jun Xiaoyao put away his fist and stood with his hand.

It is as if the censored immortal is coming to the mortal world, as if the **** king overlooks the world!

Even the chaotic heart demon is a momentary loss of consciousness.

Is he despised?

[Chapter 754: Fierce confrontation, chaotic secret technique, eternal exile](#)

The chaotic mind was stunned.

Being despised by younger generations, what is this?

Although he is just a trace of the heart demon brand.

But at any rate, it was also the mark left by the emperor.

Don't you want face?

"It seems that I underestimated you." Luan Gu said.

"Although the seniors will take action, if the juniors fail, they will quit themselves, and will never drag their feet." Jun Xiaoyao calmed down.

He broke into this chaotic ancient tower, although he wanted to get the chance of chaotic ancient times.

But I also want to temper myself.

And the chaotic heart demon is undoubtedly the best opponent.

"Well, if that's the case, then I won't keep my hands." The Chaos Demon is also very simple.

In the beginning, he just regarded Jun Xiaoyao as a junior.

But now, he really regarded Jun Xiaoyao as an equal opponent.

"Wan Dao Hua Ling, the web of the heavens!"

Luangu Inner Demon made another move, and one move was a great move.

All things in the world, mountains, rivers and seas, the shadows of plants, insects, and fishes appear.

In the spirit of the heavens, dense patterns of Dao emerge, intertwined in the void.

It seems to form a net of the heavens, covering the universe and everything, everything must be covered in it.

This is an extremely terrifying method, and you need to understand the universe and all spirits before you can understand its essence.

A touch of joy appeared in Jun Xiaoyao's eyes.

It was the excitement of meeting an opponent.

In the past, Jun Xiaoyao faced any opponent, pushing all the way, sweeping invincible.

But that would be too boring.

Jun Xiaoyao even felt a little boring.

But now, facing the chaotic heart demon, he finally became interested, and his long-silent fighting spirit was aroused.

Jun Xiaoyao stuck out his hands, the powerful magic energy surging.

The meaning of life and death flowed between his palms.

At the same time, behind him, a huge pattern of yin and yang emerged, crushing like a sky.

Eucharist vision, yin and yang life and death chart!

Jun Xiaoyao gave birth with one hand and died with the other.

The wheels of life and death are also displayed!

The chaotic heart demon, if he binds him with the net of the heavens, then he will tear everything apart with the wheel of life and death of the heavens!

Rumble!

Jun Xiaoyao moved both palms, as if breaking the boundary of life and death, superimposing the power of the yin and yang diagram of life and death.

All the lines in front of the heavens were torn apart and wiped out!

At the same time, in his chest, flaming brilliance gathered, and then spread out.

A big hand with Dao patterns filled with the breath of the sky, like the hand of a god, protruded out of the sky, and squeezed away at the chaotic heart demon!

Supreme Bone Magic Power, Hand of God!

"This is... the supreme bone?" Luangu Heart Demon was surprised for a moment.

The supreme bone is also the top physique among the three thousand physiques.

Desolate ancient sacred body, supreme bone, one of them, can rise to the top.

And now, they actually appeared in one person at the same time.

"It deserves to be an anomaly in this era." Luangu Heart Demon also sighed.

He rotated both hands, once again used his magical powers, blocking the hand of God.

Jun Xiaoyao took the opportunity to step in and fight with the chaotic heart demon in close combat.

"I'm not afraid of this kind of fighting..." The ancient mind demon said lightly.

Luangu has spent his entire life in battle, and the means of fighting can be described as unpredictable.

Regardless of other things, in terms of fighting instinct, the Great Emperor Luangu is definitely among the best.

boom! boom! boom!

There was a intensive roar.

In just an instant, the two fought against each other with hundreds of tricks, the mana exploded, and the universe was shaking.

It is impossible for any other Tianjiao to withstand such a fighting intensity.

But Jun Xiaoyao's physique is unparalleled, and his melee combat is equally powerful.

Of course, compared with the Emperor Luangu, who has experienced thousands of battles, he is still a little bit immature.

However, the Chaos Inner Demon was surprised to find.

As time passed, Jun Xiaoyao's fighting methods became more and more sophisticated.

"What a terrifying savvy..." The chaotic heart demon is very surprised.

If ordinary Tianjiao faced his attack, let alone enlightenment, it would be very difficult to even block it.

Jun Xiaoyao was fighting while comprehending his fighting style.

This savvy is simply amazing!

"If that's the case, why don't you help you a little bit." Luangu Heart Demon didn't care.

Jun Xiaoyao steals the teacher when he steals it, he doesn't care.

boom!

With another hit, Jun Xiaoyao retreated, feeling his arm tingling.

"It's worthy of being a strong emperor, even if it's just a heart demon brand, it has such strength." Jun Xiaoyao admired.

Although he is in the Great Sacred Realm now, his realm is already very high.

But compared with the Great Emperor, there is still a long way to go.

However, Jun Xiaoyao also felt very happy to experience a trace of the great emperor's strength in advance.

"I can hold it in my 4 hands for so long, it seems that what you said before was not crazy." Chaos ancient heart demon said.

"Senior's real means, come on not yet displayed." Jun Xiaoyao said.

"If I really show it, it's not as simple as failing to break the tower, but...I will die." The chaotic heart demon looked directly at Jun Xiaoyao.

"Senior, don't worry, just show it." Jun Xiaoyao said with a light smile.

Hearing the words, the ancient heart demon sighed softly.

"Well, if you can resist this time, the inheritance belongs to you!"

The voice of the chaotic heart fell, and his hands began to move, drawing a mysterious track in the void.

One horizontal.

A vertical.

"Mystery of chaos, cross star field!"

Two huge spatial cracks, one horizontal and one vertical, appeared in the void.

It was as if a terrifying door had been opened, and the void had drawn a big cross crack, and everything would be swallowed in it.

"Secret technique of chaos!"

Jun Xiaoyao's eyes were slightly solemn.

Luangu Heart Demon finally displayed the taboo method created by Luangu Emperor.

This is definitely the core inheritance of Emperor Luangu.

If it is obtained by the current Tianjiao, with this secret technique alone, it can rise strongly and slay the powerful!

Jun Xiaoyao is very cautious, and the supreme bone in his chest shines again.

The power of reincarnation is converging, and finally in the void, it condenses into a huge roulette.

The second supernatural power of supreme bone, reincarnation disc!

Boom!

The reincarnation disc smashed away, colliding with the big crack in the void cross.

That power is beyond words.

Fortunately, it is in the chaotic ancient tower.

If it were on Emperor Burial Star, it could definitely sink a continent.

boom!

The violent mana ripples swept out, and Rao Jun Xiaoyao was shaken back by this shock.

Of course, the figure of the Heart Demon of Chaos is also slightly faint, which obviously consumes some strength.

It also requires a lot of mana energy to display the secret technique of chaos.

"Last move, you still have a chance to regret." Luangu Heart Demon said.

"Come!"

A simple single word ~www.mtlnovel.com~ expresses Jun Xiaoyao's attitude.

He will fight to the end!

Chaotic Heart Demon no longer said much, he urged taboo methods.

"The chaos secret technique, eternal exile!"

When a word falls, the void is shattered, and the world is destroyed!

Everything seems to be beaten back to the original!

Countless void cracks appeared, as if leading to different chaotic time and space.

This is a taboo method that can banish people to an unknown plane of chaos.

Even swim in the endless void forever, or be torn apart by the turbulence of the void.

This taboo technique is terrifying to the extreme, once it is displayed, it seems to swallow everything into the chaotic void abyss!

[Chapter 755: Jun Xiaoyao's law destroys all obstacles, seniors, you have lost...](#)

In the void, there are endless void abysses and dimensional cracks.

Every crack in the abyss leads to a chaotic and unknown dark plane.

This is a great method of terror, which can be called a taboo.

If it is displayed from the hands of the Great Emperor Luangu in the peak period, it can even pull a star field directly into the abyss of void in an instant.

All creatures will be involved in unknown dimensions.

It may be shattered by the void storm, or it may be exiled in it forever.

This is the method created by Emperor Luangu, and it is also his method of becoming famous.

With this move, Emperor Luangu banished many powerful opponents.

When Jun Xiaoyao saw this, his face was also extremely solemn.

This eternal exile is the core of the Secret Technique of Chaos and the most powerful one.

Not to be underestimated.

Jun Xiaoyao's whole body, the chaotic mist surging, and the blossoming green lotus.

Eucharist vision, chaos planting green lotus!

At the same time, there is also a majestic figure, unleashing infinite brilliance, celestial energy entwined, and rise to the sky!

The vision of the Eucharist, the fairy king is coming for nine days!

Two big visions came out to hold up this emptiness and resist this ultimate move of the ancient heart demon.

Even if the Chaos Inner Demon is only a trace of branding, the power of this trick he displayed is still shocking.

Boom!

The vast abyss of the void spread.

What makes Jun Xiaoyao surprised is that even the Eucharist vision is about to be swallowed up.

The layers of dimensional abyss buried Jun Xiaoyao in an instant.

Even the vision of the Eucharist was swallowed into it.

Of course, this cannot be said that the Eucharist vision is not strong, but Jun Xiaoyao was exiled by this trick even with the vision.

It cannot be said to be a real failure.

But as long as it is swallowed by the Void Abyss and wants to come out again, it is no ordinary difficulty.

Seeing Jun Xiaoyao who disappeared into the abyss of the void, the look of the chaotic heart demon was a little complicated.

It's not that he deliberately wants to be absolutely.

But once this trick is used, it is difficult to stop.

Since Jun Xiaoyao has been involved in the abyss of void, it is difficult for him to bring him back.

Moreover, the Chaos Inner Demon also said before that Jun Xiaoyao still has the opportunity to regret.

It's just that Jun Xiaoyao is too stubborn.

"It seems to be over, but with his ability, it should not be so easy to die."

"With the abilities of the Jun family, it is not too difficult to find him in an unknown dimension."

"It's just... it's going to be a long time, waiting for the next inheritor."

The chaotic heart demon sighed.

Although he is just a trace of branding, he also has ideas.

To be honest, he admired Jun Xiaoyao very much.

Chaos is crazy enough.

Unexpectedly, there will be a madman like Jun Xiaoyao in later generations.

He simply doesn't put everything in his eyes, surpassing all rules and common sense.

"There is no one talent, but unfortunately, he is still too young."

The ancient heart demon shook his head slightly, and turned around to dissipate.

But the next moment.

Boom!

The trembling sound suddenly came out of the void abyss that was about to be closed.

"Huh?" Chaos Ancient Heart Demon was surprised.

At this moment, Jun Xiaoyao is in a strange time and space.

Layers upon layers of void abyss, interlocking, nested him in.

All the light around was swallowed, as if being banished to the end of the universe.

Jun Xiaoyao drifted in it, as if walking on a road of no return.

Very far ahead, a gap that was about to be closed was vaguely visible.

That is the entrance to exile.

But Jun Xiaoyao felt as if there were countless big hands, pulling him tightly and pulling him into the abyss of endless void.

It can be said that if you are any person, in this situation, your brain will be blank and you can't think at all.

As for Jun Xiaoyao, his expression remained calm, and there was no sign of panic on his peerless handsome face.

"It deserves to be the method created by the Great Emperor Luangu with his life's hard work. This method alone is enough to be famous in ancient history, but..."

A blazing light appeared in Jun Xiaoyao's eyes.

The law of Emperor Luangu was indeed amazing.

But he is not without his own law!

"My law is not weak either!"

Jun Xiaoyao urged mana and divine energy, and the power of thirty-six Xumi worlds gathered together.

In his dantian, the power of the inner universe began to diffuse out.

There is also the power of the origin of the universe, also surging out.

Although Jun Xiaoyao's inner universe was only initially shaped, it was suppressed by good fortune.

It also incorporates the four attributes of Nine Heavens Breathing Earth, Rootless Water, Immortal Fire, and Taixu Wind.

It can be said that Jun Xiaoyao's inner universe has gradually begun to develop itself.

Compared to the beginning, the power of the inner universe has skyrocketed several times.

The power of the universe was mobilized and displayed at this moment, it was earth-shattering.

Jun Xiaoyao raised his left hand, and the endless mysterious Dao spread out the runes.

The ultimate divine light was shining, as if it was the first light that opened up the world, cutting through the dark chaos and illuminating this ancient dark universe.

Genesis, the light of God!

Not only that.

Jun Xiaoyao raised his right hand again.

The power of the origin of the universe spreads out along with the power of sin karma, and the endless dark red sin karma is intertwined.

It seems to be the deepest dark robbery in the world.

Genesis, God's Punishment!

With both hands, Jun Xiaoyao controls two extreme powers, as if he is the **** of destruction and regeneration, coming to the world.

This is his own method, if it continues to transform, it will not be worse than the Secret Technique of Chaos!

There is even the possibility of transcendence!

Jun Xiaoyao's palms slowly merged, and the two types of original avenue supernatural powers are also entangled and merged together.

A terrifying wave of destruction of the world is shaking, and even the dark dimensional universe around it seems to be torn and blasted!

The fusion of the two styles of the original avenue, plus the power of the inner universe, the power of the Xumi world.

That wave is terrifying!

"My way, above everything, my law, destroy all obstacles!"

Jun Xiaoyao's extreme move broke out, and the terrifying world-destroying fluctuations shook out!

The surrounding void abyss was shattered almost instantly!

A powerful and indomitable light of destruction penetrated hundreds of millions of miles in the void and blasted directly to the entrance of the crack!

boom!

The universe collapses and explodes, and the space is shattered!

The entire chaotic ancient pagoda experienced violent shocks, and the world roared.

The chaotic heart demon suddenly looked back, and saw that an indescribable light of destruction broke through the layers of void cracks and swept straight toward him!

The chaotic heart demon has felt a crisis for a long time!

That is a sense of dying crisis!

Unconscious Heart Demon subconsciously shot the rung ~www.mtnovel.com~ but felt an extreme force of destruction.

In the face of this trace of destruction, he even felt that he was disintegrating.

"This is... his law?" The ancient heart demon was in a daze.

In the endless splendid light of destruction.

A peerless figure in white clothes, holding hands, slowly stepped out of the broken void.

Like a god, break through the darkness and return to the world!

"Senior, you are defeated!"

[Chapter 756: Inherit the secret technique of chaotic sky, the brand of imperial soldiers, the whereabouts of chaotic ancient axe](#)

You are defeated.

Luangu Heart Demon only heard these three words.

Then he felt that the power of his own brand was consuming violently.

You know, this is a trace left by the emperor.

At this moment, it started to disintegrate gradually, which is absolutely incredible.

Because it was only a great saint who broke this brand.

The destructive fluctuations of the moves gradually dissipated as time passed.

The spirit of chaos has not completely disappeared.

But it's not much better.

At this moment, his figure is extremely illusory, as if all the energy of this silk mark has been exhausted.

However, the chaotic heart demon didn't have any resentment or anger, instead, there was a look of wonder in his eyes.

Such eternal anomalies are really eye-opening!

"Is this your own method?" asked the chaotic heart demon.

Jun Xiaoyao nodded and said, "Yes, this method is called Genesis."

"Genesis..." the chaotic heart murmured.

Who can Genesis?

There is no doubt that there is only God!

Jun Xiaoyao can be said to interpret the word "crazy" to the extreme.

But his madness is not the kind of madness that talks all day long.

His every move, his talent, and his strength are all proving.

He has crazy capital!

"If this method is perfected, the future will not weaken the Secret Art of Chaos." Luangu Heart Demon said.

This evaluation is very high.

You know, this is the evaluation of the emperor.

Looking at the world's arrogance, who can get such an honor?

Jun Xiaoyao smiled slightly and said nothing.

Naturally, he would not say that the method he created is not only comparable to the secret technique of chaosing the sky, but also beyond the secret technique of chaosing the sky!

The ambition of Jun Xiaoyao is that when he proves the emperor, he must surpass all the great emperors of all ages!

The world only praises the name of his Emperor!

"It seems that I am indeed defeated." Chaos Ancient Heart Demon smiled slightly.

His test of Jun Xiaoyao has reached the extreme.

He also said before that as long as Jun Xiaoyao can resist his methods, he will be successful.

And now?

It's not a problem that can't be carried.

Jun Xiaoyao has already defeated him and almost wiped out his brand.

Jun Xiaoyao's performance has far exceeded the level of customs clearance.

"Since you have passed the test, I will not break my promise."

When the chaotic heart demon's voice fell, Jun Xiaoyao unexpectedly noticed that many mysterious runes appeared around him.

"This is..." Jun Xiaoyao's eyes flashed.

"In fact, just before the fight, the Secret Technique of Chaos has already begun to imprint on you." Luangu Heart Demon said.

Jun Xiaoyao suddenly.

It turns out that the heart demon of Chaos has decided to give him the Secret Technique of Chaos.

This is a taboo emperor created by the emperor.

There is no need to say more about the power, Jun Xiaoyao has already experienced it firsthand.

It can be said that if it were not for Jun Xiaoyao's extraordinary strength, but also displayed his own method, he wanted to escape the eternal exile, the chance was very small.

It is even more impossible to change to other Tianjiao.

Even an ordinary Tianjiao who has obtained the Secret Technique of Chaos will rise up and sweep the enemies.

"Thank you, senior." Jun Xiaoyao arched his hands slightly.

It is good to be able to obtain the Great Emperor's Law.

Moreover, Jun Xiaoyao is already strong enough, if you practice Chaotian Secret Art again, your combat power will be even more important.

"Do you think that the inheritance is only the secret technique of chaos?" Luangu Heart Demon said.

"Oh, isn't it?"

Jun Xiaoyao seemed to have thought of something, and his eyes lit up.

He thought of something.

One thing that is enough to make everyone's heart touch.

Seeing this, the chaotic heart demon smiled slightly and said, "I know what you are thinking, but it is a pity that there is nothing you thought of here."

Upon hearing this, Jun Xiaoyao said: "What the senior is referring to..."

Hearing this, the chaotic heart demon stretched out his hand and grabbed it towards the void.

A mysterious rune brand appeared.

Subsequently, this rune brand turned into a battle axe.

This battle axe, with its breath covering the heavens, seemed to be the great axe of Pangu that opened up the world in mythology.

Even if it is just a brand, it exudes imperial prestige, releasing an aura of endless oppression!

It is one of the two imperial soldiers of Emperor Luangu, Luangu Axe!

Jun Xiaoyao was surprised.

This is indeed the coercive aura of Chaos Ancient Axe, but it is not the real Emperor Chaos Ancient Axe.

Strictly speaking, it is just the imprint of the power of the ancient axe.

"Senior, this..." Jun Xiaoyao was puzzled.

Luangu Heart Demon said: "This is the imperial soldier brand of Luangu Axe. If you hold this brand, you can borrow part of Luangu Axe's power."

Jun Xiaoyao nodded slightly.

Just when he wanted to ask something, Luangu Heart Demon continued: "I know what you want to ask, the real Luangu Axe is not in the Nine Heavens Immortal Territory, but in the...life restricted zone!"

"Life restricted zone?"

Jun Xiaoyao was really surprised.

He couldn't think that the real imperial army was in a place like the restricted area of life.

There was a hint of vicissitudes in the eyes of Luangu Heart Demon, as if recalling something, he said leisurely: "An ancient axe, the forbidden area of the town for thousands of years..."

When Jun Xiaoyao heard the words, a hint of thinking flashed in his eyes.

It seems that there are secrets.

Could it be that the Emperor Luangu once killed the restricted area of life?

The curse of the Eucharist is also related to the restricted zone of life.

It seems that in the future, Jun Xiaoyao said that he must not fight with the restricted area of life.

He was not afraid of anything.

Although the forbidden zone of life is mysterious and powerful, it has a long heritage, and it is a forbidden zone in the legend.

But he was backed by the Jun family, and he didn't have to be afraid.

"However, you don't have to be a pity. You have the imperial soldier brand of the ancient axe. Not only can you use the power of the ancient axe, you can also use this brand to find the real ancient axe in the future." Luangu Heart Demon said.

Jun Xiaoyao nodded slightly, not feeling a pity.

Although emperor soldiers are rare and rare, if Jun Xiaoyao really wants it, it is not uncommon.

I won't talk about the emperor soldiers of the emperor family and emperor court.

The Emperor Soldier and Desolate Armor of the Desolate Ancient Temple was actually owned by Jun Xiaoyao, but he temporarily handed it over to Wu Protector.

Jun Xiaoyao accepted the imperial soldier brand of Chaos Ancient Axe.

"As for the other imperial soldiers and chaotic ancient emperor talisman, half of it is in yours, and the other half doesn't need to be said more." Luan Gu Xin Mo said.

Jun Xiaoyao nodded slightly.

He would naturally obtain the other half of the ancient imperial talisman from Qin Wudao.

Luangu Axe is the Emperor Luangu's attacking imperial soldiers, and Jun Xiaoyao is not in a hurry to take it.

But this chaotic ancient emperor talisman is a life-saving treasure.

Even if it is only half a piece, he has helped Jun Xiaoyao out of danger many times.

He will naturally not let it go. UU reading www.uukanshu.com

Chaos Ancient Axe, Chaos Ancient Emperor Talisman, Chaos Secret Art.

This is the three core inheritance of Emperor Luangu.

When Jun Xiaoyao obtains the other half of the Chaos Ancient Emperor Talisman, he will get two of them. In the future, he can use the Emperor Soldier's brand to find the Chaos Ancient Axe.

In this way, Jun Xiaoyao is almost an orthodox descendant of the ancient chaos.

"Okay, here you can completely write down the chaotic secret technique before leaving, and the chaotic ancient tower will no longer exist in the future." The chaotic heart demon said.

"Thank you senior."

Jun Xiaoyao solemnly bowed his hands and thanked him from the bottom of his heart.

He really admires the great emperor who walks with the sword.

Proving Taoism after a thousand defeats can be called a legend.

[Chapter 757: 7 days to comprehend the secret technique of chaos, the indescribable enchanting comprehension...](#)

Next, Jun Xiaoyao began to remember the secret technique of chaos.

As the emperor's taboo method, Luantian Secret Art is mysterious and complicated.

Even if it is a Tianjiao with no enlightenment, let alone enlightenment, it will take a lot of time to write it down completely.

Jun Xiaoyao didn't mess around either, he just sat cross-legged and started to comprehend.

The chaotic heart demon was watching quietly.

The power of his brand is almost dissipated.

The chaotic heart demon will soon disappear.

But before that, he was a little curious.

How many points can Jun Xiaoyao inherit his secret technique of chaos?

The whole chaotic ancient tower fell into silence.

At the same time, in the outside world, it is not peaceful.

Because before, Jun Xiaoyao and Luangu Heart Demon collided with extreme moves, and Genesis confronted Luantian Secret Art.

Although the resulting wave of destruction did not come out, the entire chaotic ancient tower was violently shaking.

This has aroused everyone's attention.

"What's going on, this shock, is it because the Emperor's Son failed to break through?" Some Tianjiao questioned.

That shock was terrible.

Although there were no fluctuations, everyone could feel that there was an extremely terrifying collision in the chaotic ancient tower.

Then think of Jun Xiaoyao ascending to the thousandth floor.

He must have encountered a terrible opponent.

"It seems that there is no suspense, and he has also failed."

Qin Wudao stepped in the void with his hand holding his hand, and said indifferently.

He adjusted his breath, and the state has recovered.

Then he kept staring at the chaotic ancient tower.

To be honest, in his heart he absolutely didn't want Jun Xiaoyao to inherit the chaos of ancient times.

Since he can't get it, no one else can get it.

"Oh, are you so sure, he hasn't been sent out yet." On the other side, Yu Yunshang said.

"Even if it is sent out, it's just a dying struggle." Qin Wudao said blankly.

In his opinion, the opponents on the ninth and ninth floor are so terrible.

The thousandth floor will only be more terrifying, and no one can pass.

"Amitabha, the little monk still feels that it is too early to make a conclusion now." Brahma chanted a Buddha chant.

For those who have witnessed the strength of Jun Xiaoyao.

Jun Xiaoyao can't be overstated.

Of course, even if it fails in the end, no one will say that Jun Xiaoyao is weak.

After all, even Qin Wudao, the orthodox descendant of the ancient chaos, did not reach the top.

"Huh..." Qin Wudao just snorted when he heard the words, his face was not pretty.

Yu Yunshang and Brahma are all refuting him.

Are they so optimistic about Jun Xiaoyao?

Brahma is indeed sincere.

As for Yu Yunshang, she just wanted to sing against him.

In fact, Yu Yunshang couldn't judge whether Jun Xiaoyao could succeed.

Of course, she still had a little thought in her heart, hoping that Jun Xiaoyao would fail.

Because Jun Xiaoyao is already strong enough, if he gets the inheritance of Luangu Great Emperor again.

That would definitely threaten her brother Yuhua Wang seriously.

As a brother-controlled Yu Yunshang, naturally he did not want others to threaten her brother.

The outsiders were caught in curious waiting.

Seven days and nights passed.

The top of the chaotic ancient pagoda.

The figure of the Inner Demon of Chaos is already extremely illusory.

The power of the brand is about to disappear.

These days, Jun Xiaoyao has been sitting in the void, motionless.

There are countless chaotic sky secret technique runes around, as if they were directly absorbed into his body for insight and refinement.

"Hasn't it been written down completely yet?" The Ancient Heart Demon frowned slightly.

Since he chose Jun Xiaoyao, he naturally hopes that Jun Xiaoyao can get a complete inheritance and carry forward his secret technique of chaosing the sky.

"The time is still too short." The Ancient Heart Demon shook his head slightly.

He felt that before the heart demon brand disappeared, he might not see Jun Xiaoyao leaving the tower.

And just when the figure of the ancient heart demon was about to dissipate.

Jun Xiaoyao, who had been silent for seven days and seven nights, finally slowly opened his eyes.

At the moment of opening my eyes.

His eyes are as deep as an abyss, as if they can pull people into endless darkness!

"Mystery of chaos, cross star field!"

Jun Xiaoyao also refers to it as a sword, while the mysterious Taoism circulates, drawing a horizontal and vertical.

Superimposed horizontally and vertically, huge void cross cracks spread out, as if to swallow everything.

Then, Jun Xiaoyao's methods changed again.

A more complicated law came out of his hands.

"The chaos secret technique, eternal exile!"

In Jun Xiaoyao's body, numerous large voids and spatial faults appeared.

Although the number and power are not as good as those released by the ancient heart demon.

But this is true, it is a complete chaotic secret technique.

After performing this exercise, Jun Xiaoyao closed his hand, let out a sigh of relief, and frowned slightly, seemingly dissatisfied with himself.

"Already started, but not proficient enough, temporarily unable to exert the greatest power."

Hearing this, he was a chaotic heart demon, and he was silent for a while.

I don't know what to say.

After a long time, I spit out a sentence.

"Eternally unusual, unpredictable."

The law that Emperor Luangu took his whole life to comprehend.

Jun Xiaoyao had a preliminary understanding of getting started in just seven days.

Although it is still not up to the level of great success, it is enough to amaze the Chaos Ancient Heart Demon.

This kind of intellect talent can no longer be described as enchanting.

Even to describe it in any words, it looks pale!

"Thank you predecessor for giving the law." Jun Xiaoyao gave his hand again.

Chaos Ancient Heart Demon nodded slightly, "Well, I believe this method will surely shine in your hands."

As the voice of the chaotic heart fell, his figure also turned into a shower of light and gradually disappeared.

"In the future, there may be a day of goodbye..."

Chaos Ancient Demon murmured in his heart.

His body turned into a dazzling light and rained away.

The whole chaotic ancient pagoda also thundered and trembled.

"It's almost done, it's time to harvest that leeks." Jun Xiaoyao left this space with his hands in his hands and a step.

At the same time, the outside world.

The chaotic ancient tower was trembling, and cracks spread rapidly across the ancient tower.

"What's the matter, is the chaotic ancient tower about to collapse?"

"Why hasn't the son of the Jun family come out yet? Has it succeeded or failed?"

In all directions, many Tianjiao who were waiting here eagerly showed surprise in their eyes.

Yu Yunshang and Brahma are also paying attention.

Qin Wudao clenched his fists slightly, his face extremely gloomy.

If the chaotic ancient tower collapses, doesn't he even have no chance?

Just when everyone was shocked~www.mtnovel.com~ a figure in white clothes surpassing snow, with a flying robe, came out of the collapsed chaotic ancient tower and stepped onto the sky.

The coercion released in an instant overwhelmed the audience, and the whole land seemed to sink a foot.

Many Tianjiao felt a strong sense of suffocation.

Rao is Yu Yunshang, Brahma and other top arrogances also felt a strong oppression.

That is a sense of oppression facing the super boss!

"He is... the son of the Jun family, Jun Xiaoyao!"

Yu Yunchang stared at the slender and peerless figure standing in the sky.

That dazzling fairy light was so shining that it made people dare not look directly.

Yu Yunshang was in a daze!

[Chapter 758: It's a heart-moving feeling, this **** child gives you 3 chances, town...](#)

Perhaps it was because Yu Yunshang's elder brother, King Yuhua, was too good.

Strength, beauty, nothing.

Under the influence of ears and eyes, Yu Yunshang looked down on any other man at all.

Even the great masters of the wild ancient family, the descendants of the ancient holy places, and the godsons of the Immortal Great Sect, in her opinion, they are nothing more than that.

No one can compare to her brother.

Yu Yunshang is even a little worried. After her eyes are raised, will there be any men who can come into her eyes?

But at this moment, Yu Yunchang was in a daze when he saw the figure stepping on the sky.

Jun Xiaoyao is like an immortal, with fluttering sleeves, peerless in the dust.

The facial features are like ancient carvings, with sparse eyebrows and handsome looks.

There was no trace of smoke on his body, and it felt a little unreal.

Yu Yunshang was shocked.

What kind of fairy face is this?

She felt that her brother Yuhua Wang was already handsome enough.

Silver hair wins snow, Fengshen is handsome.

Called a male god.

But compared with Jun Xiaoyao in front of him at this moment, it was still a bit inferior.

If the King of Feathering is the perfect male **** in the red dust.

That Jun Xiaoyao is an immortal who has been banished to the world.

There are still essential differences between the two temperaments!

"Amitabha Buddha, Princess Yunshang, the little monk is right. The nun will return to the vulgar when he sees him." Brahma said.

Yu Yunshang did not listen, but just nodded blankly, in a daze.

She thought that the son of the Jun family who pushed the ancient road horizontally should be that kind of heroic domineering type.

It turned out to be such a handsome fairy brother.

Worse, it's a heartbeat feeling.

No, it's the feeling of myocardial infarction!

Jun Xiaoyao didn't look at other people too much.

As soon as he came out, his eyes fell on Qin Wudao.

Almost at the same time, Qin Wudao's eyes also collided with Jun Xiaoyao.

Two people, one in white clothes are as handsome as an immortal, and the other in black and gold costumes, with evil charm and beauty.

His eyes interlaced in the void, sparks burst out.

They can all feel that there is a familiar breath in the other person.

Chaos Ancient Emperor Talisman!

Invisible between the two of them, a kind of murderous aura was produced.

Rao is Yu Yunshang, who can't even get in.

The other Tianjiao was surprised.

Could it be that these two are going to fight?

Thinking of this, everyone had a look of interest in their eyes.

Of these two, one is the son of the Jun family and the other is the son of the Qin family.

The battle between the two great ancient family gods, that's interesting.

"You got the inheritance of the ancient chaos?" Qin Wudao had cold eyes and a calm tone.

"Asking knowingly." Jun Xiaoyao replied lightly.

Hearing Jun Xiaoyao's words, the Quartet was in an uproar.

"The son of the Jun family actually stepped on a thousand floors, and also got the inheritance of chaos!"

"Record, the son of Jun's family has created a new record!"

"As expected to be the Son of God, but how do I feel that creating such a record is not difficult for the Son of God?"

Surprised!

Amazed!

Shocked!

"He really reached the top and passed the test. Doesn't it mean that his talent is comparable to that of the Emperor Luangu when he was young?" Yu Yunshang was even more absent-minded.

In fact, it was impossible for her to think that Jun Xiaoyao had already defeated the chaotic heart demon.

Strictly speaking, Jun Xiaoyao's talent strength surpasses that of the Emperor Luangu when he was young!

Changing from his previous mentality, Yu Yunshang would definitely be very worried, afraid that his brother Yuhua King would have another strong competitor.

But now, looking at that face, Yu Yunshang couldn't really hate it.

"Maybe, he can be friends with his brother." Yu Yunshang suddenly thought of it.

Anyway, they have no grievances or grievances with the Jun Family.

Why can't you be friends?

Compared with the shock and shock of the Quartet, Qin Wudao's face was extremely gloomy.

He can't tolerate other people's inheritance of chaos!

Moreover, Qin Wudao must obtain the inheritance of the ancient chaos before he can reach the next level and truly stand at the pinnacle.

At that time, he will have the confidence to defeat any descendant of the fairy court, the reincarnated Buddha.

Otherwise, Qin Wudao, who cannot obtain the inheritance of the Great Emperor, will be one step behind.

"You should know that I am a descendant of the ancient chaos." Qin Wudao said indifferently.

"So what?" Jun Xiaoyao showed a hint of playfulness.

Qin Wudao wouldn't really think that he was so easy to talk, would he?

"My clan brother Qin Zimo was killed by you?" Qin Wudao continued.

Jun Xiaoyao instantly understood Qin Wudao's thoughts.

He smiled.

It was just a sneer.

"If you want to find a reason, this excuse is lame, no nonsense, come on."

Jun Xiaoyao said, and then slowly stretched out three fingers.

Qin Wudao frowned, puzzled.

Everyone present was also at a loss.

"Three tricks, this **** son gives you three chances, if you can hurt me a bit, the heritage of the ancient chaos will be yours!"

A word fell, and the audience fell into dead silence.

All Tianjiao around, the faces of unprecedented astonishment appeared!

Who is Qin Wudao?

The desolate ancient Qin family **** child, talent cultivation base strength, looking at the ultimate ancient road, is also the handful of the top.

How can I not be so despised?

Jun Xiaoyao is strong.

But Qin Wudao is not a cat or a dog.

Jun Xiaoyao's words were like a senior who gave birth to a baby after looking down, and did not put Qin Wudao on the same level as him.

But also, after the battle with the chaotic heart demon, Jun Xiaoyao did feel that Qin Wudao was really not challenging.

Therefore, he was only willing to make three moves.

"Sure enough, it has the same character as in the legend, so strong and overbearing!" Yu Yunchang's face of national beauty and heavenly fragrance, there is a hint of crimson.

Jun Xiaoyao is gentle and handsome, with an ethereal and ethereal temperament.

Really domineering, but it is a hundred times stronger than Qin Wudao!

"Jun Xiaoyao..."

Qin Wudao said every word, the breath of his whole body erupted, the coercion disturbed the world and shook the surroundings.

As the son of the Qin family, he has never been despised like this.

"Of course, this **** son gives you three chances, and there is a price. If you lose, hehe..." Jun Xiaoyao smiled and said nothing.

But the meaning is already inside.

"You presumptuous!"

Qin Wudao couldn't help it anymore and just shot it.

Seeing this scene, Brahma shook his head slightly, his face showing compassion, his hands clasped together.

"I, Buddha, is compassionate. People always learn to grow after they endure severe beatings."

Obviously, Qin Wudao hadn't received a severe beating, otherwise he would never be so impulsive.

boom!

Qin Wudao was simple, and fisted away.

A breath of imperialism emerged, as if it could suppress a great world!

This is the unique magical power of the Qin family, Zhenshi Huangquan!

The most unique thing about the Qin family is its supernatural powers.

The first emperor of the Qin family, who was famous in the immortal realm, once condensed the belief of all living beings, lit the fire of the emperor's way, and suppressed the nine heavens and ten places, leaving a strong mark in ancient history.

As the contemporary **** son of the Qin family, Qin Wudao naturally also cultivated the emperor's supernatural powers.

With this punch, he really felt like the emperor came to the world, and he punched Kyushu!

"As expected to be the son of the Qin family, he knows the details as soon as he makes a move..."

Everyone is shocked ~www.mtlnovel.com~ is very impressed by the Qin family god's methods.

Yu Yunshang also put away his previous contempt.

Qin Wudao is not weak. He has too many older brothers, and he definitely has the ability to fight against each other.

However, just when she thought about it in her heart.

There was a sudden boom, and everyone was a little startled to see that Qin Wudao's figure fell heavily, shaking the earth out of huge cobweb-like cracks.

His arms creaked, a trace of blood ran down from the corner of his mouth, and his heart vibrated violently.

what's happening?

Everyone looked dumbfounded, and Yu Yunchang was dumbfounded.

"Two tricks left."

Jun Xiaoyao faintly retracted his fist front, his tone without the slightest smoke.

[Chapter 759: With all the cards in the hole, the first emperor's unique learning, the quasi-emperor's soldiers forever](#)

Everyone was completely in a state of confusion and did not react at all.

At the last moment, Qin Wudao fist outrageously.

In the next moment, he was smashed to the ground, coughing up blood at the corner of his mouth, and bleeding in his arms.

The contrast between the front and back is too great, and it takes less than one breath.

At this moment, Qin Wudao's expression was filled with speechless shock.

Only those who have experienced it will know what happened.

In an instant, Jun Xiaoyao broke his Zhenshihuang Fist with a simple punch and smashed him to the ground.

Without any bells and whistles, simple, straightforward, and straightforward.

In the fist, Qin Wudao couldn't believe it with that terrifying physical power.

He knew that Jun Xiaoyao was an ancient sacrament.

But even if it is the ancient Eucharist, the power cannot be so powerful.

Although Qin Wudao didn't specialize in cultivating the body, he still soaked his body with Shenquan Dew every day.

Physical strength is by no means his shortcoming.

But now he was completely suppressed by Jun Xiaoyao in terms of strength.

Naturally, Qin Wudao didn't know that Jun Xiaoyao's idols, jailbreaking power, Daluo's immortal body, three thousand Xumi worlds, etc., were all means to increase physical strength.

The addition of the desolate ancient sacred body allowed Jun Xiaoyao to possess almost unparalleled physical power.

Jun Xiaoyao held his hand, and his long body stood on the sky.

Compared with his transcendence, Qin Wudao, who was now on the ground, was a little embarrassed.

Completely lost the demeanor of the **** of the ancient family.

"Is there such a big gap between the two of them?" Yu Yunshang felt incredible.

Qin Wudao's punch just now made her feel an extreme sense of crisis.

This is definitely a character not to be underestimated.

Yu Yunshang believes that even if Qin Wudao is weaker than Jun Xiaoyao, there is no problem at least making a few hundred moves back and forth.

As a result, it seems that she overestimated Qin Wudao.

wrong!

It's not that she overestimated Qin Wudao.

But she underestimated Jun Xiaoyao!

"There are two more tricks."

Jun Xiaoyao's expression was indifferent, with no change from beginning to end.

Qin Wudao's face was unprecedentedly solemn.

Although he was psychologically prepared for Jun Xiaoyao's strength.

But now that the real match is true, Jun Xiaoyao's strength still far exceeds his expectations.

But Qin Wudao would never give up.

Cultivating to this level, which one is willing to accept?

Qin Wudao pinched the seal technique with his hands, and the power of the stars and rivers flowed around him.

There seemed to be a vast galaxy surrounding him.

In the end, the power of the endless galaxy crazily poured into his body.

Qin Wudao's breath also rose steadily.

His cultivation has not yet reached the Great Sacred Realm.

However, after using this secret technique, his aura strength is close to the Great Sacred Realm!

"It's the secret method of increasing the ancient Qin family, Nine Pole Galaxy Transformation!" Many Tianjiao shouted in surprise.

It's not their knowledge, but because this secret method of augmentation is too famous and is one of the most well-known methods of the Qin family.

Known as the Nine Turns Extreme Change, tread all the galaxies!

Now that Qin Wudao, who is displaying the Nine Pole Galaxy Transformation, feels the surging mana in his body, his self-confidence is gradually restored in his eyes.

The cultivation realm of him and Jun Xiaoyao had shrunk infinitely.

But... not enough!

Although Qin Wudao is sometimes impulsive and passionate, it does not mean that he is a fool.

Jun Xiaoyao only gave him three chances, before he had already used one.

Next, as long as you make a full shot, even if it only hurts Jun Xiaoyao, it is considered a victory.

As for breach of contract?

Qin Wudao believes that this kind of face is still necessary for the dignified son of the family.

"Jun Xiaoyao, I said, you will regret it."

Qin Wudao urged his supernatural powers again, and a burst of imperial aura surged out.

It seems that there are endless beings, worshipping the peerless emperor in the red dust!

That strong imperial aura was actually condensed into five-clawed golden dragons.

Each five-clawed golden dragon is as long as ten thousand feet, like a golden mountain ridge, filling the sky!

It can be said that a five-clawed golden dragon is enough to instantly suppress the saint king.

At this moment, there are hundreds of five-clawed golden dragons in Qin Wudao beings.

This is terrifying!

After a move, any figure in the Great Sacred Realm could hardly resist.

Even the Great Sage has to be injured!

"The first emperor's unique learning, the emperor dragon screams the world!"

Qin Wudao's breath burst, and his moves suppressed.

A hundred emperor five-clawed golden dragons, roar and kill with him!

Shi Huang's unique learning, this is the unspoken secret of the Qin family, and also the unique learning of the town clan. It is beyond imagination!

"Emperor Shi Huang, something."

Upon seeing this, Jun Xiaoyao commented lightly.

His evaluation was for Emperor Shi Huang, not Qin Wudao in front of him.

The emperor's unique learning is very difficult to cultivate, after all, not everyone has the enchanting understanding of Jun Xiaoyao.

To tell the truth, Qin Wudao has already cultivated this genius to a certain level.

It's just that it's not enough to face him!

Jun Xiaoyao sacrificed the spirit of birth and death, and promoted the wheel of life and death.

This is also a taboo method for Jun Xiaoyao to sign in, running the life and death of the heavens.

Rumble!

The meaning of life and death collides with the emperor's dragon spirit!

The sky is falling and the world is shaking!

This is a great collision!

The surrounding earth was instantly torn, destroyed, turned into powder and dust!

Jun Xiaoyao revolved around life and death with both hands, and five-clawed golden dragons were torn, torn, and collapsed into emperor dragon spirit.

Puff!

Qin Wudao spouted another blood.

The figure flew out heavily!

"There is one trick left." Jun Xiaoyao said.

All directions are dead!

Those Tianjiao who retreated far away saw this scene with awe-inspiring expression.

Qin Wudao was also so weak in front of Jun Xiaoyao, who was also the **** of the ancient family.

Of course, strictly speaking, Qin Wudao is really not weak.

It's a pity that his opponent is too strong.

"Jun Xiaoyao, you..."

Qin Wudao coughed, his handsome and evil face, now covered with dust, with embarrassment.

But in his eyes, there is a burning anger of resentment.

Qin Wudao's character is inherently domineering, he is the kind of solo character.

Naihe encountered a more domineering one.

"Shi Huang's unique learning, a picture of the world forever!"

Qin Wudao looked up to the sky and roared, his blood seemed to boil.

He offered a picture scroll, exuding a touch of imperial might.

Quasi-imperial soldiers!

Although not a real imperial soldier, it was scary enough.

This is the bodyguard given to him by the Qin family. UU reading www.uukanshu.com will not be able to sacrifice the necessary life and death.

Moreover, the special feature of this quasi-emperor soldier is that it needs the first emperor's unique learning to urge it.

Therefore, even if other people get this picture of the world, they cannot use it at all.

With Qin Wudao urged Shi Huang to learn.

The entire volume of the picture of the world is slowly unfolding.

Mountains, rivers and seas, sun, moon and stars, one after another ancient star field, manifested in it!

It seemed to unfold a big picture scroll.

The entire vast sky seems to be covered by this picture scroll!

"Jun Xiaoyao, can you take this trick!"

Qin Wudao's eyes were bloodshot, and the mana **** could urge him to the extreme, roaring.

[Chapter 760: The reincarnation robbery shows its power, the ancient emperor of the chaos meets and merges, and the world reappears!](#)

The Nine Pole Galaxy Transformation, coupled with the unique learning of the first emperor, coupled with the quasi-emperor soldiers, is a map of the world.

At this moment, Qin Wudao's methods were so powerful that it was trembling.

The map of the world of lands and mountains obscures the sky and the sun, like a whole sky suppressed.

Everyone was shocked in their eyes and felt a deep suffocation.

The **** son of the wild ancient family, really perverted!

This hand alone is enough to lead the way.

Those monks who thought he was a little weak because of Qin Wudao's performance just now were all speechless.

Because Qin Wudao's current performance is enough to crush all the arrogances present except Jun Xiaoyao!

Even Yu Yunshang and Brahma frowned.

This move, even if they can follow, is estimated to be a heavy blow.

"It seems that this princess really underestimated Qin Wudao, so how would he respond?" Yu Yunshang couldn't help but looked at Jun Xiaoyao.

Facing the tens of thousands of worlds that covered the sky across the sky and suppressed.

Jun Xiaoyao still stood calmly.

The strong wind pressure swept over him, making him black hair dancing and hunting in white clothes.

The deep pupils are calm like water.

Qin Wudao had quasi-imperial soldiers, and Jun Xiaoyao was not surprised.

However, with Qin Wudao's strength, he could not fully display the power of the quasi-imperial soldiers.

In fact, it is generally above the supreme to be able to initially exert the power of the quasi-imperial soldier.

It was Jun Xiaoyao, although he used the Quasi-Emperor Soldier Great Desolate Halberd before, it did not exert its true power.

Just use it as a tool.

Now facing Qin Wudao, Jun Xiaoyao would not sacrifice the Great Desolate Halberd or the Mother Qi Cauldron of All Things.

"Didn't you have always been obsessed with the inheritance of chaotic ancient times? If that's the case, then the son of God will let you know, what's the problem?"

Jun Xiaoyao's voice fell, and he hit it with one palm!

Various mysterious Dao patterns spread out instantly, and the void began to vibrate strongly.

Rumble!

A series of huge space cracks emerged, and then expanded and turned into a void abyss!

Void abyss like this, not two by one.

But hundreds of them!

Every abyss of the void is like the mouth of an ancient star swallowing beast, devouring everything!

Layers of void abysses squeezed down, leading to different chaotic dimensions.

This is a terrifying technique!

Everyone is shocked, their scalp is numb, and their brains are about to explode?

"What kind of horror is this?"

"Yes, I have never seen the son of the Jun family perform it?"

"Could it be the legacy of the ancient chaos he got in the ancient pagoda?"

"By the way, this trick seems to be the secret technique created by the Great Emperor Luangu, the ultimate trick in the secret technique of chaos!"

Shocked on all sides, all in an uproar!

No one thought that Jun Xiaoyao not only inherited the law of chaos, but also displayed it directly.

"This inheritance originally belonged to me!"

Feeling the extreme horror and oppression, Qin Wudao must bite his teeth.

Originally, this law belonged to him.

Now it was taken away by Jun Xiaoyao, and it was displayed.

This is more uncomfortable than being robbed of her own woman.

The woman ran away, you can look for it again.

If the opportunity is gone, it is really missed.

Thinking of this, Qin Wudao did his utmost, pushing out the map of the world.

Although he could not exert the true power of the quasi-imperial soldiers, the power at the moment was also strong enough.

boom! boom! boom!

One after another, the abyss of the void was shaken out by the picture of the world.

But more void abysses and dimensional cracks overlap each other and fall down.

It's like a chain after another, to completely imprison people in it!

Puff!

Finally, after enduring dozens of waves, Qin Wudao vomited a big mouthful of blood.

The power of Wanshijiangshantu has also weakened a lot.

He had used the Nine Pole Galaxy Change to forcefully enhance his strength.

Now that the ability is squeezed to the extreme, the body is naturally unbearable.

What's more, he was also under the suppression of the chaotic secret technique.

"It's over. Bring that thing."

Jun Xiaoyao used Kunpeng's swift speed and stepped forward instantly before Qin Wudao.

"You dream!"

Qin Wudao shouted sharply.

He would rather be involved in the Void Fault than surrender the Luan Ancient Emperor Talisman.

This is his last card to save his life.

"It can't be you..."

Jun Xiaoyao's lips made a sneer.

Biyuanshen, he is equally worthy.

Jun Xiaoyao urges the past soul of the three generations of souls.

In an instant, the primordial soul in the past released the power of immeasurable soul.

"That primordial spirit fluctuation, is it...infinite?"

Feeling Jun Xiaoyao's powerful and powerful soul fluctuations, Yu Yunshang and Brahma were speechless.

It doesn't matter if the physical body is strong, after all, it is an ancient sacrament.

But why is the soul so powerful?

Not to mention the infinite class, how many people of the younger generation can reach the extraordinary class?

In Jun Xiaoyao's deep eyes, an endless vortex of soul suddenly appeared, as if he was about to sink in after a glance.

Qin Wudao's gaze happened to meet Jun Xiaoyao.

Then, his body shook, and he was dumbfounded for an instant!

The soul of the soul* returns to the robbery!

Jun Xiaoyao woke up in the sea of reincarnation under the black abyss for hundreds of generations, finally awakened, obtained the seed of the past, and condensed the soul of the past.

At the same time, he also comprehended the *returning catastrophe of the attack of the soul.

At a glance, it can make people fall into the soul reincarnation.

Some people who are not strong in their cultivation may even sink into it forever.

Although Qin Wudao's will is not weak, he is now close to running out of oil.

Coupled with the crushing of Jun Xiaoyao's strength, he was a little uneasy.

There is also the weirdness of reincarnation, which is also impossible to prevent.

Under various reasons, Qin Wudao immediately fell into the pit, his soul ups and downs in the illusory cycle.

Of course, no matter how Qin Wudao is, he is also a **** from the ancient family, and his strength lies there.

Naturally, he cannot be trapped in the reincarnation forever, he will react quickly.

But Jun Xiaoyao's purpose was not to trap Qin Wudao with reincarnation.

He urged half a chaotic ancient emperor talisman.

In an instant, in Qin Wudao's eyebrows, a stream of light swiftly escaped, carrying a trace of imperial might.

It is the other half of the ancient imperial talisman!

Originally, if Qin Wudao were in a normal state, it would be impossible for the ancient Emperor Luan Talisman to escape easily.

But now he is deeply trapped in the Tribulation of Reincarnation, the whole person is like a walking dead.

Naturally, this half piece of chaotic ancient emperor talisman cannot be kept.

Jun Xiaoyao easily got Qin Wudao's half of the Emperor Talisman.

After that, the two pieces of chaotic ancient emperors conformed to two into one.

boom!

A vast and terrifying imperial might, billowing like a tide, swept out.

Many arrogances around, all slammed to the ground, they were directly pressed to the ground!

This is the might of the emperor!

A ray of breath can make everyone surrender!

But this Emperor Wei did not affect Jun Xiaoyao in the slightest.

Because Luangu Emperor Talisman seemed to have spirit, it sensed that Jun Xiaoyao was a descendant of Luangu.

On the complete emperor talisman, the word chaos is engraved.

"That's... the ancient emperor talisman of the imperial army!"

Many Tianjiao eyes are shocked.

Although based on their origin, it was not that they had never seen the imperial soldiers.

But Emperor Bing, UU reading www.uukanshu.com are generally the treasures of the town clan, not easy to show up.

But now, Jun Xiaoyao got a rare imperial soldier in the world.

Why do you say "again"?

That's because the news of Jun Xiaoyao breaking through the barrier in the Desolate God Armor when he was in Huangxing had already spread throughout the ancient road.

For Jun Xiaoyao, such a rare thing as the Imperial Soldier was not something that was difficult to obtain.

"I feathered the imperial soldiers of the dynasty, and feathered the divine spear, even if it is my brother, I can only use it for cultivation, not bring it out."

"But Jun Xiaoyao alone has more than one imperial soldier..."

Yu Yunshang didn't know what to say.

He is handsome, talented and evil, even if he is invincible.

The luck turned out to be so good.
