

Sacred Body 821

[Chapter 821: Prince Jinwu 10 is a ruthless man, yin and yang meet, chaos...](#)

The tenth Prince Golden Crow's expression was sluggish at first.

Then iron blue, and finally rose to purple blue.

If it weren't for the few people present, they were all seniors from the Sun God Mountain.

The tenth prince of the Golden Crow could not help but yell at them and beat them severely.

"Several elders, are you kidding me? This is... a corpse?"

The tenth prince of the Golden Crow clenched his teeth, and word by word popped out of his teeth.

Although at first, when he heard the news, he vaguely felt that something was wrong.

But I didn't think too much.

Who would have thought that it would be a corpse!

"His Royal Highness, although it's just a corpse, there is also a chance that you will be able to cultivate into an acquired chaotic body, in which the power of the lunar yin is not lost." An elder said.

"Then directly extract the power of the primordial yin!" Golden Crow Ten Prince said with a cold face.

"No, the acquired chaotic body is born from the harmony of yin and yang. It must go through procedures, otherwise the probability will be very low, which is equivalent to a waste." Several elders said solemnly.

"But..." The Tenth Prince Golden Crow wanted to say something.

An old elder interrupted him.

"His Royal Highness, those who make big things don't stick to the trivial!"

"Even the corpse is afraid, then what qualifications do you have to become a top powerhouse!?"

The words of this old old man sounded deafening.

But if you think about it carefully, it's not right.

Do you have to experience such a heavy taste to become a strong person?

What is the logic?

"Or, are you old?" The Tenth Prince of the Golden Crow asked rhetorically.

"Ahem...Well, the old man is old and exhausted, and he is no better than his Royal Highness. He is just as young and strong, and there is still a big revenge."

The old man coughed and almost choked himself.

The tenth prince of the Golden Crow was silent when he heard the words "no revenge".

Indeed, Jun Xiaoyao is too strong.

Desperately strong.

Before, the tenth prince of the Golden Crow had only heard the news that Jun Xiaoyao crushed the overlord.

He only discovered that Jun Xiaoyao didn't even show any real strength when he played against them.

At this stage, in addition to training to become an acquired Chaos.

The tenth prince of the Golden Crow really couldn't find a way to deal with Jun Xiaoyao.

"His Royal Highness, now lay down the salary and try the courage, bear the humiliation, in the future, the power of the chaotic body will surely cover the entire Nine Heavens Immortal Realm!" an elder persuaded.

"His Royal Highness, if it feels cold, you can warm it up first~" another elder suggested.

"Enough, don't say it!" The tenth Prince Jinwu was expressionless, with a gloomy eyebrow, and waved.

All the sun gods around him sighed.

If the tenth prince of the Golden Crow is unwilling, there is no way.

Now, the ultimate trial is about to begin, and Yu Chanjuan is difficult to catch back.

Only this corpse remains.

If you give up, then the tenth prince of the Golden Crow will not be able to cultivate into an acquired chaotic body.

Even if there is a chance to find it again in the future, it will take a long time.

Time does not treat people.

In this world of great competition, winning is the first opportunity!

One step is slow, and step is slow, and in the end, everyone can only be confused.

"I...I would..." The tenth Prince Golden Crow said in a very dry voice.

Even he didn't know why, he would say such things in his mouth.

Maybe it's because I hate Jun Xiaoyao too much.

"The blood feuds of the nine brothers are all on me, and I must take revenge!" The tenth prince of the Golden Crow roared.

"Great!"

The surrounding sun **** Shansu always looked excited.

An elder pushed open the lid of the coffin, revealing a slender figure inside.

He was dressed in a white robe, and his facial features were correct, and his eyebrows were picturesque.

It's just that the skin is pale and blue, and extremely cold. I don't know how long it has been frozen in the Xuanbing coffin.

Seeing this, the tenth prince Jinwu secretly breathed a sigh of relief.

At least not the decayed and decayed corpse as imagined.

Fortunately, barely able to rush.

"His Royal Highness, I will retreat first." Several elders prepared to retreat.

"Well, isn't it?" The tenth Prince Golden Crow's expression suddenly changed.

"How can there be a Adam's apple on this neck?"

"The chest is also flat."

"Why is there more things that shouldn't be too much??"

The tenth prince of the Golden Crow was completely dumbfounded, and the whole person froze in place.

An old elder twitched his cheeks, and said with difficulty: "His Royal Highness, it's almost there, at least it's a person..."

"That's right, if you don't need to be a **** card, it's too dead, you just treat it as a cultivation tool."

"Ahhhh!!!"

The tenth prince of the Golden Crow was crazy, and the whole person was going crazy, with blue veins exposed on his neck!

"His Royal Highness, think about the hatred of your nine brothers!"

"Don't you want to take revenge, don't you want to slay the swordsman Xiaoyao!" a senior old man shouted, his tone deafening.

The tenth prince Jinwu was trembling, his face was blue and his heart seemed to explode.

Forget about the corpse.

It turned out that the special gender is wrong!

How can this be described by a tragic word!

"Jun Xiaoyao, you must die!" The tenth Prince Golden Crow roared bitterly.

If it weren't for Jun Xiaoyao, he would already have Yuchanjuan now.

Isn't it fragrant to hold a fragrant, soft, and perfect girl?

However, Yu Chanjuan was taken away by Jun Xiaoyao.

Even the tenth prince of the Golden Crow, mistakenly thought that Jun Xiaoyao had already repaired with Yu Chanjuan, otherwise it would be impossible to possess the Holy Power of Tai Yin.

"Jun Xiaoyao, wait for me, and Yu Chanjuan, a bitch, when I cultivate into the acquired chaos body, I must let you experience the same pain as me!"

The tenth prince of the Golden Crow screamed angrily.

Finally, tearfully rushed.

Rumble!

The entire ancient star was wrapped in a strong solar and lunar sacred power.

It's just that the Lunar Eucharist is not active, with a faint breath of death.

Several old sun gods, all of them retired from the ancient stars.

"Today's matter must not be spread." An old elder said solemnly.

"Of course."

Several elders nodded.

If this spreads out, the entire face of the sun **** will be gone.

"But... Your Royal Highness, I really saved it..." The old man sighed.

"He's a ruthless man..."

Several elders present glanced at each other and nodded with emotion.

Although the tenth prince of the Golden Crow did some things that crossed his bottom line.

But it has to be said that there is still a role.

Looking at the faintly fused Sun Sacred Power and Taiyin Sacred Power.

In the eyes of several elders, there is a brilliant bloom.

The entire ancient star, surrounded by the sun's sacred power and the lunar sacred power, is like an egg.

About to give birth to a shocking existence!

This existence is destined to make the ultimate trial, which is already turbulent, even more ups and downs!

Because, what will be bred will be a **** of vengeance!

The ten princes of the Golden Crow were not the only ones who were educated by Jun Xiaoyao and left a shadow.

In a realm of the void.

There are two figures standing one old and one young.

It was Long Yuan and Long Yaoer.

"Yao'er, are you sure you think about it?" Long Yuan said solemnly.

"Yao'er thinks about it. UU reading www.uukanshu.com" Long Yaoer's small face expression was more serious than ever.

If she was before, she was still like a child who was not growing up.

Then, after Jun Xiaoyao's beating education.

Her mind has grown a lot.

Weak, we will be beaten!

This is the lesson of Long Yaoer's blood.

Although she is not weak anymore, she is still weak compared to Jun Xiaoyao.

That battle was called a battle of humiliation.

"Long Killing Cave, it's not so easy to break into." Long Yuan sighed deeply.

[Chapter 822: 10 Immortal Qis, Mysterious Heirs of Human Immortal Sect, Ji Dao 1](#)

Long Yaoer, although already strong enough.

But she still has talent and potential that hasn't been used.

Except Cangtianba outside.

She also possesses the rare golden ancient dragon bloodline of the Taixu ancient dragon family.

You know, the Taixu ancient dragon family, the emperor-level figures that have been born in the past, almost all have the golden ancient dragon bloodline.

Even if you have this bloodline, you may not be able to prove Dao Cheng Emperor 100%.

But the possibility is great!

This is also the reason why the Taixu ancient dragon clan, even if they take out the heavenly book and the fountain of life, they have to exchange for Long Yaoer.

This may be a future emperor!

When Long Yaoer played against Jun Xiaoyao, even though he used the ultimate move of the hegemonic body.

But he didn't use the power of the golden ancient dragon bloodline.

The power of her bloodline has not yet fully awakened.

The Dragon Killing Cave is a taboo **** trial ground for the Taixu Ancient Dragon Clan.

Just by hearing the name, this **** trial is terrifying.

Throughout the ages, I don't know how many Tianjiao figures from the Taixu Gulong clan have bled among them and never come out again.

"Yao'er, you can think about it. With your talent, even if you practice alone, you can grow up quickly." Long Yuan said earnestly.

He regarded Long Yaoer as his pro-granddaughter, and naturally did not want her to be in danger.

"Grandpa Long Yuan, Yao'er has already decided." Long Yao'er's small face was extremely serious.

Long Yuan's eyes were complicated, he was relieved, worried, and pampered.

Before Long Yaoer was very greedy for fun, and didn't know how to practice seriously.

Now, after Jun Xiaoyao's baptism, he seems to have grown up overnight.

This made Long Yuan wonder whether he was happy or worried.

"Hey, okay, by the way, from the Tyrant Body Ancestral Hall, I sent some concentrated Tyrant Body Essence and Blood, as well as some ancient artifacts."

"If you can get out of the Dragon Killing Cave, give it to you." Long Yuan said.

"Thank you, Grandpa Long Yuan, then I will go." Long Yaoer said.

"By the way, Yao'er, I still don't recommend you to provoke that Jun Xiaoyao." Long Yuan said.

Although Long Yaoer would definitely undergo a qualitative transformation if he could awaken his bloodline.

But Long Yuan was still a little worried.

This guy Jun Xiaoyao hides too deeply and too mysteriously.

No one knows how much strength Jun Xiaoyao has used.

You thought Jun Xiaoyao was on the first floor, but he was on the fifth floor.

No one has ever been able to force Jun Xiaoyao to make a full shot.

Long Yaoer smiled and said nothing.

But the moment she turned around, a bright seal appeared in her hand.

The Seal of Enlightenment of the Seven Emperors!

Long Yaoer had never been integrated into the body before.

"Jun Xiaoyao has become Yao'er's obsession. If you can't play another heartily, Yao'er will not be reconciled!"

Long Yaoer murmured in her heart, patted her little hand directly, and patted the Zhengdao Emperor's seal into her body.

boom!

With a loud noise, Long Yaoer's purple hair drifted away, and her breath rose steadily.

Countless avenue lines around are circulating, accompanied by the rain of heaven and earth!

Looking at Long Yaoer's back, Long Yuan sighed deeply.

She is still unwilling!

The ten princes of the Golden Crow were driven by hatred.

Long Yaoer uses humiliation as his driving force.

And Jun Xiaoyao's opponents are more than the two of them?

The Nijun Seven Emperors are just part of Jun Xiaoyao's opponents.

Above a certain aura of ancient star.

There is a valley filled with immortality.

A superb figure, wrapped in the endless fairy light.

What's shocking is that this figure is entwined with a lot of immortal spirits!

This is creepy.

Jiu Dao Xian Qi is the extreme number, which is recognized common sense.

In the past epochs, there are only a handful of Tianjiao who have cultivated the Nine Paths of Immortality.

Let alone break the limit.

If this news spreads out, it will cause big waves on the ultimate ancient road.

This is an extremely terrifying young taboo king!

At this moment, the figure wrapped in the endless fairy light seemed to be aware of something.

A faint, gentle voice came out.

"Qing Yi, you are here."

A peerless shadow, sitting on the lotus platform, crossed the sky.

Dressed in Tsing Yi, the roots of her hair are glittering and dancing with the wind.

The whole body was shrouded in Xianhui Daoyun, and on his hazy face, wearing a veil, only a pair of clear and watery pupils appeared, as if reflecting the three thousand world.

The whole temperament, like the first bloom of green lotus, is independent from the world, and is not stained with dust.

It was Ji Qingyi surprisingly.

She was previously tied with Ling Yuan, Jiang Shengyi and others, and is one of the most beautiful and exquisite goddess-level figures on the ultimate ancient road.

But she is also the lowest-key, and there is no amazing record and deeds.

But this, on the contrary, showed Ji Qingyi's deep thoughts.

Even Jun Xiaoyao thinks that this woman is not simple and hides so deeply that she cannot be judged by common sense.

"Ji Daoyi, you have been in seclusion for a long time, and finally you have broken through the limit of nine and cultivated ten celestial energy." Ji Qingyi said lightly with a sweet voice.

The figure in this fairy light is just the mysterious descendant of the human fairy sect, Ji Daoyi, who is in the body of the human fairy.

Ji Daoyi walked out of the fairy light.

He was dressed in simple plain clothes, handsome and handsome, and his black hair was **** with a cloth strap. There was a hint of simplicity in his whole person.

But in this simplicity, there is a natural rhyme, like a fairy in the red dust.

His skin is like fat jade, whiter than many women, his body is crystal clear, and his whole body is filled with spiritual energy, not like the flesh and blood of the world.

This is the human immortal body, the top ten physique with three thousand physiques.

It is juxtaposed with physiques such as the ancient sacrament and the heavenly tyrant.

After Jiang Luoli transformed into the Yuanling Immortal Body, he was actually at the same level as the Human Immortal Body.

It's just that the Yuanling Immortal Body can swallow a huge amount of immortal energy and bless the **** channel method.

The human immortal body is to quench the body with immortal energy to create an immortal human immortal body.

It can be said that in terms of physical constitution, Ji Dao-yi's body of immortality who has undergone the tempering of immortality is not weaker than the body of the Holy Body.

"Qing Yi, do you think that with the amount of immortal energy I have cultivated now, can it be called the number one in the ultimate ancient road?"

Ji Dao smiled faintly, and there was a touch of softness in Ji Qingyi's eyes.

He once asked Ji Qingyi to be his Taoist companion, but was rejected by Ji Qingyi.

But even so, he was not ashamed.

He is the preacher of the human fairy sect, and Ji Qingyi is the saint of the human fairy sect, and is still his assistant.

"If there is no accident, it will be the first." Ji Qingyi said.

The fact that Jun Xiaoyao cultivated the twelve ways of immortal energy, only he knew it, and did not spread it out.

"Then you said that the current me, can I defeat Jun Xiaoyao?" Ji Daoyi continued to ask.

Ji Qingyi didn't say anything, and directly took out a jade slip.

"You have been in seclusion for a long time and the information is not well informed. Please take a look at some of the news inside." Ji Qingyi said.

Ji Daoyi took the jade slip, and after scanning his divine sense, the smile on his face disappeared.

It records a lot of events that Jun Xiaoyao has made.

Pushing invincible on the ultimate ancient road, a Dharma body entered the ancient emperor's wedding banquet and left leisurely.

In Burying Emperor Star, smashing and killing Taboo Tianjiao at will, Shengjia Shengtianyi, Dragon King Palace Xiaolongwang, and Golden Crow Ten Princes combined are not his enemy's one.

The mysterious overlord who is famous in the ancient road is only worthy to fight with the Jun Xiaoyao Dharma Body, the deity can't stop three or two moves.

Ji Dao frowned slightly with this deed.

Even if he breaks the limit, he has cultivated ten celestial energy, and he has an invincible human body.

But seeing such an amazing record still made him silent.

"If you are not sure, you don't have to be hostile to him." Ji Qingyi said indifferently.

This sounded like an exhortation, but for the arrogant Ji Daoyi, why didn't it mean to stimulate the law in it?

Sure enough, when Ji Dao heard the words, his brows deepened.

Men are good-looking, especially in front of women.

What's more, one of his followers fell into the hands of Jun Xiaoyao's follower, Yan Qingying.

Ji Daoyi always remembered this account.

"I admit that he is really good, but I am not easy to provoke."

"The accounts that should be settled are still to be settled, but I have doubts. God appointed me as one of the seven imperial emperors, and lowered the seal of the Emperor of Enlightenment, but couldn't integrate into it. What does this mean?"

As soon as Ji Dao raised his hand, UU Reading www.uukanshu.com a bright seal filled with the aura of heaven, floating in it.

Surprisingly, it is the Seal of Enlightenment of the Seven Emperors of Nijun.

But what made Ji Daoyi puzzled was that the Seal of Enlightenment Dao could not fit into his body.

"Anyone who can kill Jun Xiaoyao with his own hands will be able to get the Crown of Heaven. This should not be false." Ji Qingyi said.

And at this moment, the Emperor Zhengdao's seal suddenly flashed and shivered slightly.

"This is... there are other Seven Emperors who are inferior to the emperor, and will find time to meet afterwards?" Ji Dao joined together.

When Ji Qingyi saw this, a gleam of luster flashed in the glass-like pupils.

"The next situation is getting more and more interesting." Ji Qingyi secretly said in her heart.

[Chapter 823: The new foreign emperor knocks, waves will rise, the secret between the 7 emperors...](#)

The ultimate ancient road is coming to an end.

The ultimate trial, the news about to be opened, also spread throughout the ancient road.

To be honest, there are countless arrogances who set foot on the path of God in the first place.

But in the end, there are very few who are qualified to go to the end of the ancient road and participate in the ultimate trial.

Most of them fell during the trial.

Or witnessed the amazing gap between himself and other Tianjiao, Dao Xin collapsed, frustrated, and stopped forever on the way.

There are still few Tianjiao like Jun Xiaoyao who pushes the ancient road horizontally, like eating and drinking.

The vast majority of Tianjiao are struggling on the line of life and death.

After Jun Xiaoyao was in retreat, the whole ancient road briefly restored calm.

From time to time, some Tianjiao news will flow out.

For example, the three giants of the Jun family, in addition to the other two of Jun Xiaoyao.

The first sequence of Jun Lingcang received the inheritance of an ancient double pupil, and his strength greatly increased.

A double pupil, returning to the basics, can be transformed into a single pupil like an ordinary person, and there is no need for a black cloth seal to cover the eyes.

The ancient freak Lord Grim also suspected that he had inherited from an ancient emperor. The emperor's body is unparalleled and fearful in all directions.

In addition to the three giants of the Jun family, those sequencers, Jun Mulan, Jun Wushuang, Jun Zhanjian and others, also gained a lot and gained a lot of fame.

Of course, there are those followers of Jun Xiaoyao.

Yiyu, Yan Qingying, Wangchuan, Eternal Jie Tiannv and others also gained fame.

As followers of Jun Xiaoyao, they are already superior to others.

The strength is also extremely outstanding.

Some people even think that Jun Xiaoyao wanted to learn from his father and create a general existence of the **** king and eight tribes.

In addition, the people who had been in contact with Jun Xiaoyao, Yan Rumeng, Yu Chanjuan, Xiao Moxian, etc., also had their own gains.

There is also the reincarnation of the sword demon who once launched the king's battle with Jun Xiaoyao on the Emperor Road of the Wild Heaven Immortal Territory. Ye Guchen is also famous and has been inherited by a certain forbidden sword god.

It can be said that Tianjiao who can persist to the present has more or less gains.

After all, no one can survive on this cruel ultimate ancient road for several years.

Of course, apart from the news of the people around Jun Xiaoyao, the biggest news recently is undoubtedly that Ling Yuan was elected as the young emperor of Xian Ting.

The first female queen in history is still shocking.

Ling Yuan's prestige was therefore pushed to a culmination.

However, another news came out, which also shocked everyone.

Ji Daoyi, the mysterious descendant of the Immortal Sect, broke the limit of nine and cultivated ten Immortal Qis.

As soon as the news came out, all parties were shocked.

The ten celestial spirits are rare throughout the ages and absolutely rare.

In general Tianjiao, there are four or five immortal spirits that are among the dragon and the phoenix.

Many people also raised Ji Daoyi to the level of Jun Xiaoyao.

In addition to them, the reincarnated true Buddha of the Western Heavenly Sect has been rumored to have inherited a certain holy Buddha, awakened Su Hui, and can use some of the magical powers of the previous life, and his strength is terrifying.

There is also the line of Pluto, the emperor Yan Mo, who is known as "Death of Death", has been inherited by a mysterious powerhouse from the underworld.

It can be said that at this point, all Tianjiao have their own great opportunities.

And this is also the meaning of the ultimate ancient road.

Concentrate resources, cultivate a small number of top evildoers, and let them rise.

Only in this way can we have the capital to confront the foreign land.

Just as the remaining Tianjiao was making rapid progress in strength.

An astonishing news, like thunder on the ground, blew up the entire Nine Heavens Immortal Territory.

At the border gate of the fairyland, there is a foreign emperor knocking it off!

This news, like a boulder falling into the sea, set off a wave of waves.

After receiving the news, many great figures of immortal forces secretly started to plan for their own forces.

The foreign land, the other side of the fairy land.

The same has endless creatures, endless races.

Hundred great royal families, look around!

Immortal emperor, suppress the world!

It was an extremely strong land, and the peerless powerhouses and the enchanting Tianjiao were no worse than Xianyu.

Moreover, the alien creatures have sturdy characters and harsh methods, and almost all the people are soldiers.

Foreign land has invaded many times, causing boundless catastrophe.

Every battle is recorded in ancient history, and its influence and destructive power are thousands of times more than that of the immortal battle!

Prosperity is like a fairy garden, once the supreme overlord who dominated the Nine Heavens Immortal Realm.

As a result, they all fell apart in the battle of destruction of alien invasion and became the current Nine Immortal Order.

Even the fairy weapon, the throne of the Emperor of Heaven, was lost in an unknown space.

It is conceivable that the threat of alien invasion is so great.

Before, although there were some news, but it was not clear.

And now, knocking at the top of the foreign land is undoubtedly igniting the fuze of explosives.

All directions are shocked!

It's so turbulent!

There was news later that the emperor who knocked off was the new emperor from a foreign land.

Naturally, he would not break into the immortal territory alone, just a single point, shaking the entire border.

This is not a real invasion, but just a beginning and a warning.

The border gate of the fairyland is the accumulation of the flesh and blood of countless strong people, and there are more rules of the fairyland.

Even if it is a foreign emperor, it is difficult to break through without a special method.

Even if it breaks through, its strength will be suppressed.

Therefore, when there is no complete certainty, the top powerhouse in the foreign land will not go deep alone.

But this is a signal.

The signal that Alien is beginning to do it.

Not long after this great event happened in the new foreign emperor knocking.

A message from the gatekeeper came from the border.

The ultimate trial ground of the ultimate ancient road is about to open.

In this era, the top Tianjiao of Xianyu will start a head-to-head confrontation with Tianjiao sent by Foreign Territory.

And this confrontation is not just as simple as sharpening.

Because of the foreign land, it seems to have found a way to break through the border.

And this method is in the ultimate test site, in the world of the gods!

It is precisely because of this news that those arrogant talents who are rushing to the end of the ultimate ancient road are also rushing to the leading place at the end of the ancient road.

Ready to go to the ultimate trial site.

And all the waves and hustle and bustle.

Jun Xiaoyao didn't know.

He was concentrating on Burying Emperor Star, a forbidden place to retreat.

To refine the fountain of life into the inner universe.

In a blink of an eye, three months passed.

There seems to be a smell of gunpowder and tension faintly permeating the entire ultimate ancient road.

Belonging to the younger generation of Xianyu, a **** and cruel trial is about to begin.

Before that, something that could affect the pattern of the younger generation of Xianyu was happening silently.

That is the Seven Emperors of Nijun, who will meet!

Of course, the outside world does not know this.

This is a secret meeting between the Seven Emperors~www.mtlnovel.com~ However, if it is made known to the outside world, it may cause an uproar.

Because now, in the foreign land, the ultimate trial ground, there will be a **** and cruel battle.

At this time, Xianyu Tianjiao should have united, thinking about how to deal with young kings on the other side of the world.

And Jun Xiaoyao is undoubtedly the main force in the main force, the most important.

It can even be said that Jun Xiaoyao is one of the pillars of Xianyu's younger generation!

As a result, the Seven Emperors, who represent one of the top combat powers of the immortal domain, wanted to secretly meet, how to eradicate this pillar!

This is not ironic!

[Chapter 824: The transformation of Lori into the elder sister, the transformation of Long Yaoer, the 7 emperors gather...](#)

Burying Emperor Star, inside a hidden ancient cave.

A slender figure in a black silk skirt sat cross-legged in it.

She wore a grimace mask that looked like crying and laughing.

The blue silk and ink hair scattered like a waterfall.

The skin was pale to sickness.

The slender limbs are like young deer, wrapped in bandages, and they look sickly beauty.

As fascinating as a black rose dripping blood.

On her pale skin, only the scarlet flower on the thorn on her collarbone was very charming and eye-catching.

It was Zhu Xian Pirate, Xuan Yue.

Of the thirteen thieves, she was the only one left.

But Xuan Yue didn't feel anything, and didn't feel sorrow at all because of the fall of the other twelve thieves.

Even the death of the twelve thieves gave Xuanyue a stinging sensation that couldn't be compared with the murderous look in Jun Xiaoyao's eyes when he looked at her.

The similar face in the memory, in order to protect another woman, shot her.

The indifferent killing intent caused Xuan Yue's already dead heart to feel a deep pain.

"He is just a similar flower, nothing more..." Xuan Yue muttered to herself.

She held a spar in her slender jade hand, and a mature and charming female voice sounded in it.

"After the Godxu World opens and the task is almost completed, you can return to our world."

"In addition, on the side of the Nine Heavens Immortal Territory, there are notable Tianjiaos that need to be listed."

"At that time, those Immortal Realm Tianjiao will be the prey of our Realm Tianjiao."

After Xuan Yue finished listening, she was silent.

"A prey?" Xuan Yue muttered.

With the status of Jun Xiaoyao, there is also that unfathomable terrifying power.

If it is discovered by a foreign land, it is definitely the focus of attention, and it may even be hunted by young foreign kings and leaders!

Because characters like Jun Xiaoyao, when they grow up, they pose too much of a threat to a foreign land, and they need to be eradicated and killed in the bud!

Xuan Yueyu clenched her hand tightly, and her silent heart was rarely confused.

Would she like to see Jun Xiaoyao being hunted and his white clothes stained with blood?

Xuan Yue's eyes changed.

And at this moment, Xuan Yue seemed to be aware of something, and inexplicable thoughts flashed through her mind.

It is the energy of Zhengdao Emperor Seal.

"The seven emperors gather together..." Xuan Yue muttered to herself.

...

On the other side, the ancestral land of the Taixu Gulong clan, outside the Dragon Killing Cave.

Including Long Yuan, a group of Taixu Ancient Dragon Clan elders were waiting anxiously.

A few months later, Long Yaoer, who entered the Dragon Killing Cave, did not move at all.

The longer the time stretches, the smaller the probability that Long Yaoer will survive.

"Hey, I knew that she shouldn't have let her enter the Dragon Killing Cave rashly. It's reckless!" Taixu Gulong clan elder stomped and sighed deeply.

They redeemed Long Yaoer at the price of the book of birth and the fountain of life.

If something is wrong with Long Yaoer now.

Their Taixu ancient dragon clan not only lost a super power who might prove Dao to become an emperor, but also lost the heaven and earth treasure.

Simply blood loss.

"I believe in Yao'er. Although she used to be playful and stubborn, she has grown up after this battle of the Eucharist Overlord."

"Her unwillingness in her heart will become the driving force for her breakthrough." Long Yuan said firmly.

Just when Long Yuan's voice fell.

In the entire Dragon Killing Cave, there was suddenly an extremely terrifying blood pressure, which exploded.

The elders of the Taixu Gulong clan present were all powerful and superior.

But now, all the elders feel a slight suffocation.

If it weren't for their cultivation realm strong enough, I'm afraid they would have long been kneeling on the ground.

This is not the coercion of the realm, but the suppression of the blood and soul.

"The golden ancient dragon bloodline, awakened..." a Taixu ancient dragon clan elder trembled.

boom!

Accompanied by a loud bang.

At the entrance of the Dragon Killing Cave, purple qi and blood, the waves gush out, rolling like a tide, pouring everywhere.

These elders can barely rely on the realm to withstand this coercion.

But further away, some young Taixu Ancient Dragon Clan creatures couldn't resist, all knelt down on the ground, with unprecedented shock and enthusiasm on their faces.

"It's Princess Yaoer, Princess Yaoer came out of the Dragon Killing Cave and successfully awakened the golden ancient dragon bloodline!"

Many young Taixu Gulong clan members were roaring and roaring.

They have been frustrated for too long.

Now the Taixu Ancient Dragon clan, like the Tyrant Ancestral Hall, has become the laughing stock of everyone.

They are even more known as the most miserable dragons in history.

Who can stand this?

In the eyes of many Taixu ancient dragon creatures.

An exquisite shadow came out slowly from the Dragon Killing Cave.

"Yao'er!" Long Yuan and other elders all had a touch of excitement in their eyes.

But what surprised them even more.

Every time Long Yaoer took a step, her height increased at a speed visible to the naked eye.

The long purple hair rounded into **** on the back of his head is also completely unraveled, and the purple hair is like a waterfall.

In the end, when Long Yaoer completely stepped out of the Dragon Killing Cave.

She has gone from that petite and exquisite little girl to a slender, exquisite and undulating mature girl.

The purple hair is like a waterfall, and the buttocks are straight and upright.

The chest is full, the waist is slender, and the long legs are shiny and shiny.

The snow-white dress on her body couldn't hide her graceful posture.

The cute face that was originally carved in pink jade has become so beautiful and exquisite.

Those big purple-glazed eyes also turned into a pair of noble phoenix eyes in purple-golden color.

The whole person looks like an extremely noble and all-powerful dragon queen!

All the creatures of the Taixu Ancient Dragon clan were dumbfounded, with a strong surprise in their eyes.

"Yao... Yao'er..." Long Yuan's tone trembled, and he couldn't believe it.

The mature girl in front of her, who was pouring into the country, was a little different from the naughty and naughty little girl in his impression.

"Grandpa Long Yuan, I succeeded." Long Yaoer's red lips lifted up a smile.

Before, she could only be regarded as a juvenile body before her blood was awakened.

Now that she has initially awakened her blood, she has truly entered the stage of growth.

Now she can sling her before!

"Okay, okay, great, Princess Yaoer has the posture of the emperor, and she will definitely be the queen of my Taixu ancient dragon clan in the future!" A dragon elder laughed.

"With Princess Yaoer's current strength, if she is going to deal with that Jun Xiaoyao, I'm afraid he won't feel good!"

These dragon elders are extremely happy, and the scars have forgotten to hurt.

"Jun Xiaoyao..."

Hearing these three words, Long Yaoer's lips narrowed with a smile.

The humiliation of being treated as a little **** is vivid.

"Grandpa Long Yuan, I have something to go out first." Long Yaoer lightly touched the void and was about to leave.

"Wait, this is what the Tyrant Body Zutang gave you." Long Yuan handed some ancient artifacts and concentrated Tyrant Body Essence to Long Yaoer.

That ancient artifact was a bronze war spear stained with blood.

It was used by the ancestors of the Tyrant Ancestral Hall.

I heard that the ancestor used this bronze war spear to pass through the Holy Physique!

The blood stained on it is the blood of the Eucharist!

Long Yaoer took the bronze war spear and the overlord body's essence and blood, lightened her head, and snow-white barefoot a little empty, and instantly disappeared in place.

This is the unique spatial talent of the Taixu Gulong clan.

Long Yao'er, who has awakened the golden ancient dragon bloodline, obviously can perfectly display this talent.

When Long Yuan saw this, UU read www.uukanshu.com and opened his mouth, but said nothing.

Long Yao'er has grown up and doesn't need him to take care of it anymore.

"Yao'er, don't be impulsive." Long Yuan sighed deeply.

He was really afraid that Long Yaoer would provoke Jun Xiaoyao again.

Although Long Yaoer's current strength is not what it used to be.

But when Jun Xiaoyao dealt with her, how much strength did he use?

When Zhu Xian steals Xuan Yue, Long Yao'er has acted.

Their goal is a certain desolate ancient star field with no one.

There is the place where the Seven Emperors gather!

[Chapter 825: The gift from heaven is not only the seal of the Emperor Zhengdao, but also the secret of the seven emperors...](#)

In the depths of the dark stars, there are three or two stars.

This is a remote and desolate unmanned ancient star field located on the 104th pass, the ultimate ancient road.

This ancient star field has no chance and few people come. It can be described as a desolate no man's land.

Today, on a desolate ancient star in this uninhabited star field.

One man and one woman, two figures fall into it.

The man is dressed in a gossip xuan gown, tall and straight, surrounded by gossip anomalies, he is an ancient emperor.

The other woman is naturally Ling Yuan.

She leaned languidly on the throne of the Emperor of Heaven, her jade hands supporting her sharp chin and her long, white legs.

The whole person looks cold, arrogant, charming, and glamorous, like a beautiful female emperor who crowns the world.

The ancient emperor's eyes were astonishing.

A peerless arrogant with his status and status, why can't a woman get it?

But he didn't bother it, but regarded Lingyuan as a forbidden.

"When Jun Xiaoyao falls behind, you can really consider marrying Lingyuan." The ancient emperor thought to himself.

He can distinguish the priority.

The most important thing right now is to deal with Jun Xiaoyao.

As long as he can kill Jun Xiaoyao with his own hands, he will get the crown of heaven.

Then he is justified, the spokesperson of the Way of Heaven.

In addition, he gave up the position of the young emperor to Ling Yuan.

The ancient emperor believed that the immortal lineage of the emperor Wa behind Lingyuan would definitely agree to marry Lingyuan with him.

At that time, he and Ling Yu had the final say in the entire Xian Ting.

I have to say that the ancient emperor is very good at calculating and has a deep mind.

Killing Jun Xiaoyao, embracing beautifully, thinks really beautifully.

But he didn't know it, and he was regarded as a forbidden Ling Yuan.

I have long been with Jun Xiaoyao and experienced sadomasochism in the sea of reincarnation.

The traces of Jun Xiaoyao were left on the thighs.

As the ancient emperor who has not even touched Lingyuan's hand, how will he feel after getting the truth?

"Are you sure the other emperors will come?" Ling Yuan said lightly.

"It will definitely come, because God Ruins World is the best opportunity. If you miss it, it will be very difficult to kill Emperor Xiaoyao again." The ancient emperor said with confidence.

The ultimate ancient road, don't avoid killing.

It is difficult for all major immortal forces to intervene.

Even if his own Tianjiao has fallen, he can only watch it.

Ten princes of the Golden Crow, nine of them died. Isn't the mountain of the sun angry?

But what can it be?

Rules are rules, and the rules of the ultimate ancient road cannot be broken.

That's why the ancient emperor dared to besiege Emperor Xiaoyao in the final ultimate trial ground.

Miss this last opportunity.

After that, it would be very difficult to try to do something with Jun Xiaoyao.

The Jun family behind him will not turn a blind eye.

"It looks like you are holding the winning ticket." Ling Yuanfeng squinted her eyes slightly, her eyes flashed brightly, she didn't know what she was thinking.

"I can't say 100%, but I have some certainty, and I have vaguely understood some of the secrets of the Seven Emperors."

"The weapon God gave us to deal with Jun Xiaoyao may not only be the seal of the emperor of proving Dao." The ancient emperor said with deep eyes.

"Oh?" A strange light flashed in Ling Yuan's eyes.

Did the ancient emperor still comprehend anything?

"But it is also true. With Fuxi Eucharist, you are the best at deducing enlightenment." Ling Yuan said.

Fuxi Eucharist, it is rumored that it was originally an immortal physique, unpredictable.

Of course, so is the Eucharist of Emperor Wa.

"Unfortunately, Ling Yuan, if you and I can marry and refine each other's energy, the final physique born will never be weaker than the chaotic body." The ancient emperor sighed.

The combination of the Lunar Eucharist and the Sun Eucharist can give birth to an acquired chaos.

However, if the Fuxi Eucharist and the Wa emperor Eucharist are refining each other, they can also give birth to the strongest physique.

"Enough, I don't want to talk about this right now." Ling Yuan's eyes flashed with disgust.

For some reason, after experiencing the fate of a hundred times, she increasingly rejected other men.

Of course, it doesn't mean that she likes Jun Xiaoyao, but she also hates it in her heart.

The ancient emperor smiled and said nothing.

At this moment, the space was purged, and ripples like ripples spread out.

An exquisite and tall shadow came out of the void.

She has purple hair draped and her hips hang straight.

The face is beautiful, and the purple-gold phoenix eyes contain a sense of nobility.

Yufeng is full, with a slender waist, long slender white legs and straight, perfect development.

The whole body was entwined with dragon energy, and purple domineering qi and blood were surging.

Naturally, Long Yaoer came here.

"Are you... Long Yaoer?"

Both Ling Yuan and Gu Dizi were surprised.

What they were surprised was not Long Yaoer's identity as the Seven Emperors.

But her image at this moment is too far from the previous news.

A loli who ate candied haws turned into a slender and tall mature girl in a flash.

"I am not what I used to be." Long Yaoer said.

When it comes to temperament, she is not much worse than Lingyuan.

A female emperor who looks high above all living beings.

One is the empress of the dragon clan who is extremely noble and respected by Wanlong.

"Very well, the stronger you are, the greater our grasp." The ancient emperor smiled.

Long Yaoer is one of the seven emperors, and they are not surprised.

The Eucharist is inherently hostile.

It was just the fiasco of Long Yaoer that made the ancient emperor think that her threat to Jun Xiaoyao might be limited.

Now, since Long Yaoer has transformed, he is naturally more sure about dealing with Jun Xiaoyao.

"I want to fight Jun Xiaoyao again, upright, and wash away the shame." Long Yaoer frowned when she heard the words.

She didn't want to besiege Jun Xiaoyao with anyone.

"This kind of spirit is worthy of admiration, but are you sure, or will it be a greater shame?" said the ancient emperor.

"Are you despising me?" Long Yao'er breathed, purple hair fluttered, and a terrifying dragon pouring out.

Although she has matured in appearance, it is obviously impossible for her to mature at once.

This terrifying dragon might make Ling Yuan feel surprised and feel the slightest threat.

Long Yaoer, don't underestimate.

"There is absolutely no such meaning, just in case?"

Facing Long Yao'er's coercion, the ancient emperor stood with his hands behind, still with a faint smile on the corners of his mouth, unaffected by the slightest.

Long Yaoer temporarily calmed down her anger, her pretty face cold.

But if you think about it carefully, it seems to be the case.

Jun Xiaoyao did not try his best to fight against her.

Long Yaoer hasn't ascertained his length yet.

"But it doesn't matter. You can do it single-handedly, but it doesn't conflict with our plan." The ancient emperor didn't care.

Long Yaoer was silent and did not say much.

At this time, there was a surging celestial light in the distance, with great aura. UU reading www.uukanshu.com

The sky was torn apart, as if there was a true immortal, coming from the world, the aura was extremely strong, it was shocking.

"Well, it turned out to be him?"

The ancient emperor, Ling Yuan, and Long Yaoer were all surprised.

Among the fairy light, a young man with a simple dress and a handsome face walked out leisurely.

He seems to be born with fairy rhyme, simple and simple, but unpredictable.

The body is crystal clear and flawless, which makes many women envious of it.

That is the human fairy body after the tempering of the fairy qi, flowing with the fairy light and the gods.

It is the preacher of the immortal religion, Ji Daoyi!

[Chapter 826: The 7 emperors get together, the ultimate move bestowed by heaven, the 7 emperors...](#)

"I didn't expect it to be you, Ji Daoyi." Gu Dizi's eyes dimmed.

He really didn't guess this time.

In the Nine Heavens Immortal Realm, there are several pulses of great teachings that have survived forever.

Demon Immortal Sect, Human Immortal Sect, Xitian Sect, Gulan Sacred Sect and so on.

The religion of the immortals, as a great religion that lasts forever, has an absolutely ancient heritage, and it is heard that it is the orthodoxy left by immortals.

Ji Daoyi, as a contemporary heir of the Immortal Sect, his status, strength and means need not be said much.

But this is not the important thing.

Ji Daoyi also has a mysterious background, and even the descendants of the immortal forces will be jealous.

He is the eldest son of a certain taboo family in the land of the ruins above the nine heavens.

What is the taboo family above the nine heavens?

That is the existence related to the restricted area of life, absolutely terrifying and not to be provoked.

Even the immortal forces will feel jealous and don't want to provoke too much.

When Jiang Shengyi had the fairy fetus, Ji Qingyi had persuaded her to hand over the fairy fetus just to give Ji Daoyi.

He also said that Ji Daoyi's background is taboo.

Later Jiang Shengyi refused, and Ji Qingyi said that she had missed a chance to make good relationships.

And this so-called opportunity to make good relationships is Ji Daoyi's identity, the eldest son of the Taboo family.

The taboo family in the Nine Heavens has a very large background and is related to the forbidden area, and will even participate in key historical events in the future.

It will have a huge impact on the entire Nine Heavens Immortal Territory, and even the immortal forces may turn into ashes at their fingertips.

This is also the reason why the immortal forces and the ancient families are so afraid of the Taboo Family.

Of course, although the Jun family has the name of an ancient family.

But this ridiculous ancient family, even the Supreme Immortal Court, was afraid of it, and it was far from the average ridiculous ancient family.

The Jun family is not afraid of any threats!

As for Ji Daoyi, he was pregnant with a human body, so he was selected by the human fairy cult to be included in the practice and become the heir of the core training.

He taboos the identity of the eldest son of the family, and not many people know it, so it's half a secret.

But as far as Xian Ting's intelligence network is concerned, it is normal to know this news.

It is precisely because of this that Ji Daoyi is even more mysterious and powerful, not to be provable.

"Ji did not expect that of the Seven Emperors, Xian Ting would occupy two of them, and there was also an overlord of the Taixu Ancient Dragon clan." Ji Daoyi's voice was light.

His whole body has a kind of Taoist rhyme, which is very extraordinary.

"Heh, I haven't heard the rumors of Brother Ji on the Ultimate Ancient Road before."

"Until now, I heard that Brother Ji has cultivated ten celestial energy, it really shocked the world." The ancient emperor said with a smile.

When Ji Dao heard the words, his eyes flickered.

Listening to the tone of the ancient emperor, although there is admiration, it seems...I don't care.

"Could it be..." Ji Daoyi thought of something.

Could it be that Lingyuan and Gu Dizi both broke the limit and cultivated ten celestial energy?

Thinking of this, Ji Daoyi had a shadow in his eyes.

But he didn't care.

The mystery of human immortal body is more than immortal energy.

And don't forget, he has another identity, the eldest son of the taboo family.

He practiced the ancient ways of taboos, and asked himself whether he weakened anyone.

"That Jun Xiaoyao is really strong enough for us to join hands?" Ji Daoyi asked indifferently.

Although he has heard of the legend of Jun Xiaoyao, he has never seen it with his own eyes.

They are all the arrogance of the world, who can obey whom?

"In short, it should not be underestimated. It is still necessary to take precautions." Ancient Emperor Zi said.

Ling Yuan glanced at Ji Daoyi, with a touch of doubt in her eyes.

She always feels something is wrong.

The ancient emperor was also slightly aware, but did not say anything.

In short, each has its own calculations.

With the arrival of Ji Daoyi, four of the Seven Emperors have arrived.

call out!

In the void, a slender shadow came.

His skin was pale, he was wearing a black silk skirt, his slender limbs were wrapped in bandages, and he wore a grimace mask on his face.

Xuan Yue came.

"It's you, Zhu Xian Pirate!"

The arrival of Xuan Yue changed the eyes of all four of them.

Needless to say Xuan Yue's wicked name.

Has long become a nightmare in the hearts of many Tianjiao.

Especially Tianjiao, who has a special bloodline physique, is most afraid of being targeted by the thirteen thieves.

"Are you the thief who specializes in plundering the blood and physique of others?" Long Yaoer's phoenix eyes flashed coldly.

She hates such people most.

After all, she herself has a special physique and blood.

Ji Daoyi glanced at Xuan Yue, a strange light flashed under his eyes.

"With chaotic blood and aura, you turned out to be the path of smelting ten thousand laws." Ji Daoyi was astonished.

Does this road of smelting thousands of blood vessels really work?

"You are not paying attention to our blood physique too, are you?" Long Yaoer's tone was hostile.

After all, everyone present has a special blood physique.

Xuan Yue remained silent and didn't say much.

"Hey, it doesn't have to be the case. Since we are all the Seven Emperors, it means that we are on the same front for the time being. Now we have the same goal and can't civil strife." The ancient emperor said.

"It seems that the Seven Emperors of Nijun are headed by you." Ji Daoyi pointed out.

"That's not true, Brother Ji don't think so." Gu Dizi smiled and shook his head.

The five people present each have their own thoughts, and the undercurrent is surging.

At this time, a black-robed man fell silently here.

When the ancient emperor and others saw this, their brows frowned.

"The Law Body? This Xiongtai, are you a bit out of touch?" Gu Dizi said.

They are all coming from the real body, but this black-robed man is coming from the real body.

"It's just a secret meeting, it doesn't matter." The black-robed man's voice was hoarse, obviously not the real voice.

Who is this person?

The ancient emperor, Ling Yuan, and Ji Dao first class have changed eyes and thoughts.

This vitality converges, like a mist, making it unclear.

Then, another black-robed man came again.

The ancient emperor frowned.

Explore the breath of another black-robed man.

Although this breath is also very mysterious, it allows him to capture an unusual breath.

Although this breath is slightly different, it is indeed the same as that one.

"Could it be..." Gu Dizi thought of something.

"Interesting, really interesting, worthy of the will of the fairyland, this trick is absolutely amazing."

"Jun Xiaoyao, you really think you can fight the sky, but in fact, the sky is just playing with you, treating you as a plaything in your palm." The ancient emperor secretly thought it was funny.

If the origin of the black-robed man is really as he suspected.

Then in the world of the gods, I am afraid that there will be a wonderful drama staged!

At that time, Jun Xiaoyao's expression will be very exciting.

"Why, ancient emperor, do you know who I am?" The black-robed man who arrived at the end said lightly, his voice also changed, and he could not tell whether it was a male or a female.

"Haha, I don't know." Gu Dizi smiled slightly.

Then he continued: "Now that you are all here, then I will tell you some secrets that I have learned from the seal of the Emperor Zhengdao."

"The weapon God gave us is not just the seal of the emperor's proof."

After the words fell, the ancient emperor urged the emperor seal in the body, a breath that was as vast as the heavenly way, bursting out.

At the same time, the other six emperors also had that vast aura erupted.

Regardless of whether the Zhengdao Emperor Seal has been integrated into the body, it is the same.

As the seven breaths exploded, in the void, the complicated heavenly lines spread.

It's like a trace carved by heaven's skillful hands.

"That's... Array pattern?" Ji Daoyi asked in surprise.

He had been in retreat before, and he really hadn't carefully comprehended the Zhengdao Emperor Seal.

boom!

An earth-shattering breath erupted, and the power of the Seven Emperors transformed into a giant heavenly formation.

In this array of pictures, a horror fairy sword phantom with incomparable killing air appeared.

Accompanied by this, there are all kinds of horrible visions of the mourning of the fairy Buddha and the blood splattering the heavens.

This fairy sword phantom, as if carrying a powerful force to destroy the heavens and worlds ~
www.mtlnovel.com ~ the gods and demons are afraid!

The desolate ancient stars under their feet all began to tremble, collapse, and the surface spreads with abyss-like cracks, as if they were about to shatter!

This is terrifying, just a breath, an ancient star will be shattered!

This is terrifying!

"Could it be... Immortal implement, Zhuxian sword!" Ji Dao took a deep breath.

Even he couldn't keep calm.

In their minds, a panic-like voice sounded like a mighty sky.

"The gathering of the seven emperors can kill the immortals!"

"Seven Emperors Zhuxian Formation!"

[Chapter 827: Point to break the identity of Xuanyue, the four-fold ultimate move of the ancient emperor, the winner...](#)

Immortal implements, mighty powerful, can suppress eternity.

It is a peerless magic weapon that is rarer and more powerful than the imperial soldier.

Looking at the nine heavens and ten places, I can't find a few of them.

In history, as long as it is a fairy artifact that has appeared, it is very famous and everyone knows it.

For example, the immortal implements of the Supreme Immortal Court, the throne of the emperor, and the power of power suppress the eternal time and space.

The Zhuxian Sword is also an immortal weapon that is famous for eternity.

And it is the ultimate killing weapon in the fairy weapon!

Just listen to the name, even immortals can be punishable!

Of course, right now, what the ancient emperor and others summoned were naturally not the real immortal sword.

The real Zhu Xianjian has been lost for a long time, and has never been discovered.

This is just a plan of killing and attacking the Seven Emperors given by the heavens, named Seven Emperor Zhuxian Array.

Among them is the wisp of killing and cutting sword qi of Zhuxianjian.

"What a terrifying breath..."

Stronger than the ancient emperor, Ji Daoyi and others felt a very dangerous smell.

The Seven Emperors of Nijun, arguably the top group of arrogances, would not be selected otherwise.

But at this moment, even them, facing the Seven Emperors Zhuxian Formation, felt a smell of death.

"It seems that this is the trump card that God bestows on us." The ancient emperor smiled and let out a long sigh of relief.

Originally the seven of them joined forces and it was enough to threaten Jun Xiaoyao's life.

Now add the Seven Emperors Zhuxian Array with a hint of Zhuxian Sword Qi.

So Jun Xiaoyao, can there be a way to survive?

"Unexpectedly, there is such a mystery in it." Ji Daoyi also sighed.

If this method is owned by him alone, it can definitely defeat the ultimate trial ground!

Boom!

In a loud noise.

The desolate ancient star under their feet was directly shattered into several large pieces by Zhuxian Jianqi, drifting in the universe.

Even many stars around were directly broken into powder under this Zhuxian sword aura.

"Everyone, put it away," said the ancient emperor, taking the lead in putting away the power of the emperor's seal.

The rest of the people also put away the power of the emperor's seal.

And around them, I don't know how many stars have been shattered.

This destructive power is terrifying.

"What a powerful force." Long Yaoer's chest was full of ups and downs.

This force is unstoppable by any younger generation.

"Now, we can feel at ease, whoever can personally end Emperor Xiaoyao at that time will depend on luck." Gu Dizi said.

"The crown of heaven is destined to prove that Dao becomes the emperor. This reward is too tempting." Ji Dao joined together.

Xuanyue, from beginning to end, didn't say a word.

She wore a grimace mask on her face, so no one knew that under the mask, her expression was struggling.

Especially after feeling the terrifying power of the Seven Emperors Zhuxian Array.

She seemed to see the fall of Jun Xiaoyao's white clothes stained with blood.

This made her originally stiff heart suddenly throbbed.

Ling Yuan also felt the same way as her.

Ling Yufeng frowned slightly.

"As long as Jun Xiaoyao falls completely, the influence of the Hundreds of Sins and Yuan can be eliminated."

Ling Yuan believes that this is not her will, but the love of the world and Tiannv Yuan are affecting her emotions.

"Since it's over, I should also leave." Ji Dao joined together.

"Everyone, see you in the final trial." The ancient emperor arched his hands slightly.

The two men in black robes were blurry and left straight away.

From beginning to end, they did not reveal their identity.

Ji Daoyi also flashed in his footsteps and left directly.

"Although I have this hole card, I, Long Yaoer, will still fight Jun Xiaoyao to wash away the shame."

Long Yaoer's words fell, and the jade hand flicked, tearing the void and leaving.

In a blink of an eye, left the four.

Xuan Yue didn't say a word, turned around and wanted to leave.

The ancient emperor's eyes were deep, and suddenly he said, "Hold on."

Xuan Yue stopped in his footsteps.

"What's the matter?" A cold and frosty voice sounded.

"You have a relationship with the Bi'an organization, you are from a foreign land." The ancient emperor said straight to the point.

boom!

When the voice fell, a terrifying killing intent emerged.

Xuan Yue squeezed the dark blood-stained death sickle with her backhand, and a sickle came to kill the ancient emperor!

The ancient emperor still smiled and raised a hand.

"Gua Gen, Wan Zhongyue!"

A solid hexagram that filled the mountain emerged.

In the void, layers upon layers emerged, and mountains of ten thousand feet emerged, turning into the most solid barriers.

boom!

The death sickle bombarded Wanzhongyue, bursting with waves of mana.

"Stop temporarily, this emperor doesn't mean to be an enemy of you." Ancient emperor said.

Xuanyue moved for a while, under the mask of grimace, a pair of cold eyes were like cold stars outside the sky.

"How did you know?" Xuanyue said with a killing intent.

"Don't underestimate Xianting's intelligence network. We have a preliminary understanding of the infiltration of your organization on the other side."

"I even know that standing behind the Bi'an organization is the foreign immortal emperor, the Bi'an clan." The ancient emperor said leisurely.

"So?" Xuan Yue's voice was still cold and hostile.

Now that her identity was discovered, she was in great danger, and she might not be able to return to a foreign land alive.

"Don't worry, you are one of the seven imperial emperors, and you are a comrade-in-arms on the same front. Naturally, this emperor will not do anything to you."

"I won't disclose this news either." The ancient emperor smiled gently.

Aside, Ling Yu just watched the ancient emperor's performance faintly.

"So, what is your purpose?" Xuan Yue asked in a cold voice.

The ancient emperor would not break her identity for no reason.

Then there must be a purpose.

"Hehe, talking to smart people is enjoyable. The emperor doesn't ask for much. Jun Xiaoyao is a big threat to your foreign land, right?"

"So the emperor hopes that you can inform the foreign land, in the world of the gods, let the top talents of the foreign land, together hunt for the emperor!"

The words of the ancient emperor made Xuan Yue slightly surprised.

The ancient emperor, but the arrogant of the Nine Heavens Immortal Realm.

But now, he is asking himself to inform the people of the foreign land to go hunting the monarch at ease.

You know, even Xuan Yue, who is a foreigner, is struggling and has not reported anything about Jun Xiaoyao for a long time.

The person who wanted Jun Xiaoyao to die the most was not a person from a foreign land, but a Tianjiao of the fairy land.

This is ironic.

"Well, this is beneficial to you in a foreign land, and it is also a great achievement for you to report."

"At that time, in the world of the gods, you can also directly return to the foreign land. Before that, the emperor will not reveal your identity." The ancient emperor said leisurely.

He strategizes, and the depth of the city is shocking.

"You are really disgusting." Xuan Yue said coldly.

"Those who are big things, don't stick to the trivial, since ancient times, how many methods are clean?" The ancient emperor smiled, not angry at all.

Xuan Yue didn't say a word, turned and left.

"Are you sure, she will report?" Ling Yuan asked.

"Of course, even if we don't click on it, she should report it. Now it's just certain." The ancient emperor stood with his hand.

"If your plan is passed on by her..." Ling Yuan said with deep meaning.

"Don't worry, she won't, at least she's still in Xianyu, she won't. Waiting in the world of Shenxu, after using her to sacrifice the seven emperors to punish the immortal formation, just kill her directly." The ancient emperor smiled.

It turned out that he hadn't planned to let Xuan Yue live from the beginning!

"The ancient emperor, this palace has met you again, and your methods are really vicious." There is a deep disgust in Ling Yuan's eyes.

"It's not normal for people from foreign lands to kill them after they use them." The ancient emperor didn't care.

"Then you can do it for yourself, if you can't kill Jun Xiaoyao like this, it would be ridiculous."

Ling Yuan's words fell, and the light all over her body emerged, breaking through the air.

Seeing Lingyuan leaving, the ancient emperor had a profound meaning in his eyes.

"The first ultimate move, the Seven Emperors join forces."

"The second ultimate move, the Seven Emperors Zhuxian Formation."

"The third killer move, a joint hunt in a foreign land."

"It stands to reason that these triple ultimate moves are enough to kill Jun Xiaoyao."

"but....."

"Even if you can kill ~www.mtlnovel.com~, there is no guarantee that the emperor's son killed it himself."

"Although Ling Yuan promised the emperor to give up the heavenly crown, the other five people are all competitors. They are not afraid of ten thousand, just in case."

"But... the emperor has a fourth trick."

"This trick can guarantee that the emperor will completely kill Jun Xiaoyao with his own hands and get the crown of heaven."

"Even Ji Daoyi, Long Yaoer and others can only make wedding dresses for the emperor, hahaha..."

The ancient emperor laughed and left.

In the game he designed, from beginning to end, there was only one winner.

That is himself!

[Chapter 828: At the end of the ancient road, the original imperial city, the family of gatekeepers](#)

Only the seven of them knew about this secret meeting of the Seven Emperors, but the outsiders did not.

But the seven of them are all powerful and have a pivotal status.

It can be said that looking at the younger generation of Xianyu, no one is qualified to let these seven people join forces.

Jun Xiaoyao is the first one.

It is estimated to be the last one.

After the secret meeting of the Seven Emperors was over, the Seven Emperors also set out to go to the 108th pass of the ultimate ancient road.

That is the last level.

Not only them, but the rest of Tianjiao who can get to this point, are also rushing to the last level.

Before the gatekeeper sent a message in one line, the ultimate trial ground will be opened.

Therefore, many Tianjiao are also prepared to rush early.

Only Jun Xiaoyao is still in Buried Emperor Star retreat, but it has almost reached the final stage.

The end of the ultimate ancient road, the 108th pass.

There is a city here, a big, very big city, so big that it is almost like a continent.

The towering city wall, like a heaven, stretches for countless feet, with no end in sight.

The dark red blood was deposited on the wall, which was left some time ago, revealing a sense of ancient desolation.

The sun, moon and stars circulate around this city.

A hanging star, like a waterfall, falls along the city wall.

This city seems to be shoulder to shoulder with the world, magnificent and extremely ancient.

And if you were below this city, you would be surprised to see it.

An extremely ancient corpse with a body shape like a continent, supporting this city.

That is a corpse of Xuanwu!

The real primordial beast, Xuanwu!

This is shocking.

A corpse of Primordial Xuanwu, supporting a city, has existed in the depths of the universe forever.

Ancient, desolate, barren, mysterious!

Standing in front of this magnificent ancient city, people are not much bigger than the dust.

The gates of the city are like the mouth of an ancient star swallowing beast, extremely tall, vomiting massive amounts of spiritual energy.

This city is the end of the ultimate ancient road, the 108th pass.

The original imperial city!

The origin of the original imperial city is no longer inquiries.

But the rumor is a city built by immortals.

Various ancient runes circulated on the wall, releasing shocking fluctuations.

This is not only a city, but also a fortress that even the emperor can't shake!

In front of the original imperial city, from time to time, Tianjiao came in twos and threes sporadically.

They were all in front of the original imperial city, and they were shocked for a while before they entered the original imperial city.

In the original imperial city, there is a teleportation circle leading to the ultimate trial ground.

"Wow, is this the original imperial city at the end of the ancient road? I didn't expect that I could come here one day!"

In front of the original imperial city, a cute and playful girl who looked twelve or thirteen years old with bright silver hair was marveling.

She has big ruby-like eyes and fluffy rabbit ears hanging from her hair, looking agile.

It's the Lunar Jade Rabbit!

And beside her, stood a beauty in blue.

Dai's eyebrows are curved, her eyes are full of poetry, her nose is pretty, and her red lips are moisturized.

But the most eye-catching thing is not the beautiful and beautiful appearance of the woman.

But the proud figure wrapped in the blue dress.

The twin peaks are full, and the waist is slender.

But under the extremely thin waist, there was a thrilling arc.

Like a plump peach.

This pear-shaped devil figure is too attractive.

Paired with the fair and beautiful face of a woman, it is a combination of an angel's face and a devil's figure.

Can't stand it at all!

This woman is naturally Yu Chanjuan who has the world's best physique.

"Neither did I expect that one day I could reach the end of the ancient road, the primitive imperial city." Yu Chanjuan muttered to herself.

She was originally chased and killed by the ten princes of the Golden Crow, let alone the ultimate ancient road, she was extremely lucky not to be caught.

But fortunately, the heavens let her meet the real son in white clothes.

Without Jun Xiaoyao, she might have been caught by the Tenth Prince Golden Crow already, and the consequences would be hard to imagine.

It was Jun Xiaoyao who changed her destiny.

Yu Chanjuan had already decided that even if Jun Xiaoyao looked down on her, she would follow Jun Xiaoyao forever.

Her body, including the first time, belonged to Jun Xiaoyao.

"Well, I don't know if the son has come to the original imperial city, Xiaoyu misses the time when he was beaten up by the son~" Taiyin Yutu looked nostalgic.

"You, with a new master, do you want to go all the way around, right?" Yu Chanjuan gave the Taiyin Yutu a white look.

"Nothing, but the feeling of being held in your arms and stroked by the son is really great." Taiyin Yutu said with a haha.

"I also want to know what it's like to be hugged by the son?" Yu Chanjuan subconsciously said.

"Miss, what are you talking about?" Taiyin Yutu asked.

"No, it's nothing, let's enter." Yu Chanjuan blushed, and fooled.

Two beauties, one big and one small, stepped into the original imperial city.

Lunar Jade Rabbit's eyes turned straight and looked left and right.

"What's the matter?" Yu Chanjuan asked.

"I'm afraid that someone will catch us." Taiyin Yutu shrank his head and muttered.

Yu Chanjuan shook her head with a wry smile when she heard the words.

Taiyin Yutu was afraid of being chased by the tenth prince of the Golden Crow and others.

Once bitten, twice shy.

"Relax, the top ten princes, because of the fall of nine princes, the remaining ten princes were also in the funeral star and were severely injured by the princes and escaped. Don't worry too much." Yu Chanjuan pursed her lips and smiled.

Naturally, she didn't know that the tenth prince of the Golden Crow had completely lost the bottom line and became frantic for revenge.

The goal has changed from the originally fragrant and soft Taiyin Saint Body Yuchanjuan to...

Uh, something with heavy taste.

Just when Yu Chanjuan was ready to find a place to stay, waiting for the opening of the ultimate trial ground.

In front of the wide road, there was a group of sergeants in iron clothes with **** heads stepping forward.

He carried a wave of iron-blooded killing.

And their goal was Yu Chanjuan!

"Huh, that seems to be the guardian family, the family guard of the Cai family?"

"That woman, is it the Lunar Eucharist?"

At this moment, the eyes of some Tianjiao in the original imperial city were curious and surprised.

"You are..." Yu Chanjuan frowned.

She had just arrived in the original imperial city, she probably didn't provoke anyone?

"You are the Lunar Eucharist?" An iron-clad sergeant said coldly.

"Yes." Yu Chanjuan replied.

"Follow us." The iron-clad sergeant said coldly.

"What are you going to do?" Yu Chanjuan's expression changed.

"Ah, we're going to be arrested again!" Taiyin Yutu cried, recalling the days when he was arrested and fled again.

"It's nothing, it's just asking Miss Yu to be a guest."

A faint voice sounded.

A young man dressed in purple and Chinese clothes, holding a folding fan, walked leisurely.

"It's the son of the Cai family~www.mtnovel.com~Cai Song!"

Many Tianjiao's eyes changed slightly when they saw this Cai Song.

Among them, there are even immortal descendants who look at Cai Song with a touch of solemnity in their eyes.

It's not that Cai Song deserves their respect.

It's the Cai family where Cai Song belongs, which is a family of gatekeepers, with great hard work and great prestige.

It can be said that in the primitive imperial city, the family of the gatekeepers has absolute prestige and dominance.

The descendants of the immortal forces must be obedient to come here, and dare not stand against the descendants of the guardians.

But, why did Mr. Cai Song of the Cai family target Yu Chanjuan?

[Chapter 829: The three great families of gatekeepers, the mysterious adults behind them, all parties...](#)

"How is this going?"

Many Tianjiao looked puzzled.

But they did not dare to step forward rashly.

After all, the line of gatekeepers was too prestigious in the original imperial city.

They are also the group of people most admired by the immortal monks, and they are the heroes who defend the border.

The Cai family, as a family of gatekeepers, naturally enjoys a high prestige, and no one dares to stand against it.

"What are you doing, I'm not interested in going to your place as a guest." Yu Chanjuan frowned.

She is used to this kind of harassment.

After all, it's easy to get into trouble if you are pregnant with the Lunar Eucharist.

Yu Chanjuan subconsciously thinks that Cai Song is eyeing her Lunar Eucharist.

Cai Song shook the folding fan and smiled slightly: "Miss Jade doesn't have to be like this. Cai will not do anything to you, but just wants to introduce you to a noble person."

"Noble?" Yu Chanjuan's face was still cold.

"Yes, it's a noble person. If you follow that adult, you will definitely be able to overlook the fairyland in the future and enjoy the feeling of being under one person and above 10,000 people." Cai Song followed the benevolent way.

"Sorry, I'm not interested."

Yu Chanjuan resolutely refused.

After all, her body and mind had already belonged to Jun Xiaoyao.

Although Jun Xiaoyao didn't let her be a follower, he didn't say to accept her.

But Yu Chanjuan had already regarded herself as Jun Xiaoyao's person.

And take a step back.

Speaking of nobles, how many people can be more noble than Jun Xiaoyao looking at the Nine Heavens Immortal Realm?

"That you are a little unwise." Cai Song's mouth narrowed with a smile.

Taiyin Yutu couldn't see it, and courageously snorted: "What is the nobleman in your mouth, but you know that the son standing behind us is the son of the Jun family, Jun Xiaoyao!"

The words fell, and the Quartet was silent.

Even Cai Song's complexion changed insignificantly.

Although Jun Xiaoyao has not yet come to the original imperial city.

However, the news about him has already caused a lot of noise, blasting the 108 pass on the ancient road.

However, when he thought of that adult, Cai Song's expression calmed down again.

At this time, another group of sergeants stepped on the other side of the street.

The head is also a young son.

"It's the son of the Pang family, Pang Fei." You Tianjiao shouted.

The Pang family is another family of gatekeepers.

Then, the third team reappeared.

The head was a woman with a hot body in a red dress.

"When that adult comes out, the younger generation will reshuffle the cards, and the king's **** son is only temporarily at the top."

The woman in red who spoke was the young lady of the Hong family, Hong Qian.

The same is the family of gatekeepers.

Cai family, Pang family, Hong family.

The three families of gatekeepers gathered on the spot because of Yu Chanjuan!

The Tianjiao of the Quartet is a little bit stunned.

Rao was Yu Chanjuan, but he didn't expect it.

I just arrived in the original imperial city for the first time, so I would make such a big noise.

And these three young arrogances of the guardian family are actually very respectful of the "adult" in their mouths?

He even did not hesitate to offend Jun Xiaoyao for this.

"Come with us, don't worry, we won't do anything to you, you are still useful to that adult." Cai Songpi smiled and said without a smile.

"What if I don't want it?" Yu Chanjuan gritted her silver teeth secretly.

"No?" Cai Song smiled slightly.

boom!

There was a sound of stepping, and the sergeants in iron clothes stepped out neatly, and the slaying spirit surged.

That slaying air is the slaying air that has truly been on the cruel battlefield.

Their cultivation base is also extremely high, at least they are Saint King Realm.

There is even no shortage of great holy realm powerhouses.

Of course, this is the original imperial city after all, the closest city to the border.

Except for some of the younger disciples of the Guardian family, it is impossible for the others to be too weak in cultivation.

Even in the depths of the original imperial city, among the cascading voids, there is no shortage of supreme, even quasi-emperor-level terrorists.

At this moment, Yu Chanjuan clasped her hands tightly.

She couldn't escape even if she wanted to.

"Don't worry, that adult hasn't been born yet, you just go back and stay there, we won't treat you badly." Cai Song laughed.

"This is the original imperial city, isn't there no Wangfa?" Yu Chanjuan said unwillingly.

"Wang Fa?" Pang Fei smiled on one side.

"Our family of gatekeepers guards the border, throws our heads, and shed blood. We are the king of the original imperial city!"

These words were shocking, and silenced the surrounding Tianjiao.

That's right!

This is why they do not want to provoke the family of gatekeepers.

Their ancestors threw their heads, sprinkled their blood, were selfless, and sacrificed too much.

Even the Supreme Immortal Court is stronger than the gatekeeper family, but it still respects it.

Because of this, as a last resort, the descendants of these immortal forces will not provoke the descendants of the gatekeepers.

It's a pity that Yu Chanjuan suffered a disaster and was found proactively.

"The son will definitely save us, just wait!" Taiyin Yutu's cheeks puffed up, angrily.

When Cai Song, Pang Fei, and Hong Qian heard the words, their expressions remained unchanged.

Indeed, Jun Xiaoyao has a special status.

But does he dare to fool around?

Dare to attack their gatekeepers in the original imperial city?

Absolutely dare not.

Because this is a taboo!

It is tantamount to insulting the descendants of heroes.

If it spread out, Jun Xiaoyao's reputation will be stinking.

No matter how high his status, no matter how famous he is, he will be insulted endlessly.

This is also the reason why they dared to arrest Yu Chanjuan in the street unscrupulously.

Finally, Yu Chanjuan and Taiyin Yutu were taken away.

Just after Yu Chanjuan and Taiyin Yutu were escorted away by members of the three major families.

A person who looked like a spy took a deep look, then disappeared instantly.

This spy finally landed in an ancient house in the depths of the original imperial city.

Among them, there is a man and a woman, two figures, wrapped in endless light. UU reading
www.uukanshu.com

After hearing the news of the spies.

The man among them said: "Unexpectedly, the Lord hasn't come out yet, but the doglegs came out to direct people first."

"They are coming out soon, when the time comes, it will be a real hundred-gee competition, a top world." The woman's voice is soft and full of magnetism.

"I want to know, what will Jun Xiaoyao do?" the man said.

"The gatekeeper is not difficult to deal with, but it is not difficult to deal with. If he is not careful, his reputation will be stinky, and he should be cautious."

"Then wait and see."

The two of them fell silent.

On the other side, in a resident of Cai's house.

Cai Song, Pang Fei, and Hong Qian stood respectfully in front of a figure wearing a silver cloak and a white mask.

On the mask of that figure, a star was engraved.

The breath of the whole person is also very deep, not much worse than the supreme taboo Tianjiao.

"I have seen the Star Sage, the Lunar Saint Body Yu Chanjuan has been put under house arrest." Cai Songyu said with a hint of excitement.

"Very well, rest assured, when my lord is born, I will be delighted to see the Lunar Eucharist, pass your taboos, and even accept you as followers." Xing Shenghu said.

"Thank you, Master Star Protector!"

The three of them were all excited.

This star guard is one of the followers of that lord.

Although the adult hasn't been born yet, he was born as soon as he was born.

The entire pattern of Tianjiao of the young generation of Nine Heavens Fairyland will be reshuffled.

At that time, it is better than the supreme taboo Tianjiao, and the glory will be dimmed.

[Chapter 830: The taboo Tianjiao from all sides gathers, waiting for the arrival of the hot man,...](#)

The arrest of Yu Chanjuan did not arouse much turmoil in the original imperial city.

After all, the entire original imperial city was too big, it looked like a continent.

The real bosses, the old antiques, sit in the deepest depths, always observing the situation in the border and foreign land.

I don't have any time to observe the slapsticks of the younger disciples.

However, those Tianjiao who first came to the original imperial city were very concerned.

Because they know that Yu Chanjuan and Jun Xiaoyao are related.

And Jun Xiaoyao's protection of shortcomings is also famous.

To provoke the Jun Xiaoyao, did not end well.

Provoking the people around him will not end well.

These arrogances are also curious.

If Jun Xiaoyao came to the original imperial city, how would this matter be handled?

After all, the guardian family, with a special status and status, is the hero of the fairyland, and cannot be offended casually.

"I'm really curious, where did the prince's son go, and where did he jump around? When he arrives in the original imperial city, will it cause a big wave?"

"This is not necessarily true. After all, this is the original imperial city, and the gatekeeper family is the rule here."

Many Tianjiao have different guesses.

For the next period of time.

There are also Tianjiao one after another, reaching the original imperial city.

Someone saw a young monk sitting on a white jade dragon elephant, surrounded by endless Buddha light.

There seemed to be the sound of ancient Buddha singing in the void.

"It is the supreme taboo Tianjiao of the Western Heavenly Sect, the reincarnated true Buddha, it is said that he has received the inheritance of the holy Buddha, awakened Su Hui, and now his strength is terrifying!"

You Tianjiao couldn't help but exclaimed.

"By the way, I have heard a gossip that this reincarnated truthful son may be one of the seven imperial emperors."

"What, real or fake?"

"I don't know too well, it's just gossip."

Some Tianjiao are whispering.

The game between Jun Xiaoyao and the sky, and the fall of the sky against the monarch and the seven emperors, is no longer news.

Many people have been speculating about who the Seven Emperors are.

There are naturally various news circulating among them.

Later, someone saw the boundless underworld billowing, it was like a **** reappearing in the world.

A magical shadow appeared in it.

That is the supreme taboo Tianjiao of the Hades lineage, the emperor Yan Mo.

Rumor has it that he has been passed on by a certain mysterious strong man in the underworld.

In addition, there are people who have seen endless swords sweeping the sky.

Thousands of sword auras gathered into a stegosaurus.

A stern young man in black clothes, standing on it, walking with the sword, with great power!

"That one is... the reincarnation of the sword demon of the ancient Ye family, Ye Guchen!"

"He used to have a king's decision with the son of the Jun family on the Emperor Road of the Wild Heaven Immortal Territory. Although he was finally defeated, he was respected by the son of the Jun family!"

Ye Guchen is also a bright star on the ultimate ancient road.

He is the reincarnation of the sword demon, but he cut off the past and reshaped the true self.

It is nothing to lose to Jun Xiaoyao, because Jun Xiaoyao is not an existence that can be judged by common sense.

And now, Ye Guchen obviously has reached the level of supreme taboo Tianjiao.

Just relying on the supreme sword created by him to draw the tribulations of all gods is enough to push the enemies horizontally.

"Jun Xiaoyao, Ye Mou is looking forward to seeing you again." Ye Guchen stood with his hands on his feet and walked with his sword, with a burning intent in his eyes.

It is rare to have an opponent in a lifetime.

Then, King Yuhua and his sister Yu Yunshang also came to the primitive imperial city.

"The gentleman hasn't come yet? I really want to see him again soon." Yu Yunshang was full of expectation.

With the reincarnation of the Buddha, the emperor of Yan Mo, Ye Guchen, the king of Yuhua and other young taboos arrive.

The entire primitive imperial city also became lively.

But everyone seems to be waiting for something.

That's right!

They are waiting for the arrival of the spicy man!

Burial Emperor Star.

Inside an ancient cave.

A white figure surpassing the snow, Fengshen Xiuyi, sitting cross-legged in it, as if settled.

An unspeakable force of vitality filled Jun Xiaoyao's body.

It is even more surprising.

At this moment, it is around Jun Xiaoyao and inside the ancient cave.

Countless exotic flowers and grasses are growing luxuriantly and full of vitality.

Just the overflowing breath can produce this kind of scene.

Jun Xiaoyao's vitality is also unprecedentedly vigorous.

The energy and blood of the original ridiculous ancient sacrament was already strong enough.

Now, add the fountain of life.

Jun Xiaoyao's vitality is almost overflowing.

If you observe the inner universe of Jun Xiaoyao.

You will find that his inner space has doubled compared to before!

Reached two light-years in diameter.

In the central region of the inner universe, above a star condensed by the earth element.

A fountain of life, located in it, swallows a huge amount of life essence.

Of course, the inner universe of Jun Xiaoyao is only a preliminary development after all, and there is no ability to give birth to life.

So even if there is a fountain of life, it is impossible to directly give birth to a birth spirit.

Even plants cannot be born.

But this is to lay the foundation.

In the future, the rules of life will be derived from the universe in Jun Xiaoyao, and the fountain of life will naturally play a big role.

With the expansion of Jun Xiaoyao's inner universe, his strength is also rising steadily, and his aura is soaring.

"The Great Sacred Realm Great Perfection?"

Jun Xiaoyao opened his eyes and frowned slightly, slightly dissatisfied with his breakthrough speed.

If this is seen by other Tianjiao cultivators, it will definitely tick his teeth with hatred.

You know, in the Great Saint Realm, it is extremely difficult to break through a small realm.

But Jun Xiaoyao broke through the five hurdles in a row.

From the early stage of the Great Sacred Realm, it directly broke through to the Great Perfection of the Great Sacred Realm, and it was only one step away from the realm of the Holy Master.

Not satisfied with this speed?

What more bikes do you need!

But what made Jun Xiaoyao a little satisfied was that the number of Xumi worlds in his body had exceeded two hundred and sixty because of the life energy of the fountain of life.

"The harvest is not bad," Jun Xiaoyao muttered to himself.

The cultivation base has broken through the five hurdles and reached the Great Sacred Realm.

The inner space has doubled.

The number of Sumeru worlds in the body reached two hundred and sixty.

He also successfully practiced the immortality technique in the Book of Life.

It can be said that the harvest of Jun Xiaoyao's retreat is already great.

"Wait in the ultimate trial ground, get the world tree, and refine it into the inner universe, then my strength will skyrocket."

"Not to mention breaking into the Holy Lord Realm, it is directly breaking into the quasi-sovereign, it is not impossible." Jun Xiaoyao figured out.

Although the Fountain of Life is rare, it is still inferior to the World Tree.

Moreover, the world tree, the power that permeates the world, and the blessing of the inner universe are far greater than the fountain of life.

At that time, Jun Xiaoyao might really be able to step into the Seven Supreme Realms.

In that case, Jun Xiaoyao is definitely the youngest supreme boss in history!

In addition, Jun Xiaoyao did not forget that he had a chance to sign in at the end of the ancient road.

"The sign-in should be at the ultimate trial site, the core of the world of the gods. I always feel that the rewards for this sign-in should be very special." Jun Xiaoyao thought to himself.

After all, this sign in, but across the entire ancient road.

If this doesn't give anything good, then this system is a bit stingy.

"What can I sign in this time, I am looking forward to it." Jun Xiaoyao smiled slightly.

He left the ancient cave in retreat.

After investigating Princess Longji a little, she is still accepting the inheritance of the Nine Fingers Sacred Dragon Emperor. UU reading [www. uukanshu.com](http://www.uukanshu.com)

"Defeat the young Nine Fingers Sacred Dragon Emperor, but the mysterious Tianjiao that is not visible to the world, is it the 'seed' level figures buried in ancient history?"

Jun Xiaoyao had guesses in his heart.

He shook his head slightly, and cast the third seal of Forbidden Immortal.

In this way, no one can disturb Princess Longji to accept the inheritance.

After that, Jun Xiaoyao also left the Emperor Funeral Star.

"At the end of the ancient road, the world of the ruins, it should be a little bit more interesting."

"The Seven Emperor Nijun, and those exotic arrogances, it's best to do something..."

"After all, Invincible is really lonely..."
