

Sacred Body 841

[Chapter 841: The ultimate trial begins, goodbye to the goddess](#)

As time goes by, the entire original imperial city, the gathering of Tianjiao is also more and more.

Of course, compared to Tianjiao who set foot on the ultimate ancient road, there is still no one in a million, and the number of people is only a very small part of it.

On the other side, above an ancient star.

The ancient star originally covered by the sun's sacred power and the lunar sacred power.

At this moment, it has become a chaotic color.

Vaguely, a terrifying chaotic energy was boiling.

"His Royal Highness is about to succeed?"

In the starry sky beyond the ancient stars, several old elders from the Sun God Mountain glanced at each other, and they all saw the surprise in each other's eyes.

After several months, the tenth prince of the Golden Crow finally moved.

boom!

At a certain moment, a loud noise broke out.

The whole ancient star began to tremble and split.

The chaotic atmosphere set off waves, destroying the surface of the ancient star into nothingness.

In the end, the chaotic energy permeating the entire ancient star was suddenly gathered, and finally was sucked into the mouth by a powerful figure.

That figure was the tenth prince of the Golden Crow who broke through the barrier.

But see, at this moment, the ten princes of the Golden Crow, the golden hair is scattered, and the pair of pupils are no longer all golden, but one gold and one silver.

At the same time, the golden black wing behind it is also golden and silver, like the wings of the sky that can cut off the sky.

The ten princes of the Golden Crow wrapped around the lunar yin with one hand and the sun with the other, and finally converged and turned into an endless wave of chaos.

The breath is amazing!

"Congratulations to your Royal Highness!"

The old man of the Sun God Mountain is extremely happy.

The Tenth Prince Jinwu himself, his face was still handsome, but it seemed to have become a little more feminine.

He frowned and said: "The acquired Chaos Body, but...it has some flaws."

All the elders were slightly surprised, and then they wanted to understand.

The lunar yin and the sun blend together, making it a perfect acquired chaotic body.

But the problem is that the blending objects of the ten princes of the Golden Crow are not alive.

There are some flaws in the end.

"But, it doesn't matter, now my strength, revenge, is enough!" The tenth Prince Golden Crow shouted angrily.

The expressions of several elders are slightly weird.

They always feel that the tenth prince of the Golden Crow is a little different from before.

"Jun Xiaoyao, this prince will torture you to death!"

The tenth prince of the Golden Crow had monstrous resentment in his heart, and his hatred was rolling in waves.

Because the shadow of this incident was too big for him, he felt nauseous when he thought of it.
and so.....

He couldn't beat his power, and he was completely withered.

The exit of the tenth prince of the Golden Crow did not cause much sensation.

Because now the eyes of the entire ancient road are focused on the original imperial city.

In the past, the friction between the foreign land and the fairy land was just a little play.

Until this time, the new foreign emperor knocked, as if it was the first shot in the war between the two worlds.

And the ultimate test site, the world of the gods, is the beginning of the confrontation between the two realms, which belongs to the younger generation of kings.

This battle is very important, not only related to the morale of the Nine Heavens Immortal Territory.

It is more about the safety of border crossings.

About a month later, news spread throughout the original imperial city.

The ultimate trial ground is finally about to open.

In the emperor city, in a fairy family mansion.

Sitting cross-legged, Jun Xiaoyao opened his deep eyes.

"Is it finally going to start."

Jun Xiaoyao let out a breath.

This battle is also very important to him.

About getting to a board.

A game with the sky.

"My son, the Fourth Master Scar sent someone to come and said that he was going to assemble." Yu Chanjuan came to inform.

Jun Xiaoyao got up and walked out with Yu Chanjuan.

As for the Lunar Jade Rabbit, it will not enter the God Ruins world, after all, it is too dangerous.

She's just a little rabbit, she's okay to sell cute.

Really on the battlefield, it's just a gift to the alien creatures, maybe more cumin will be sprinkled.

"Xiaoyao, this time is a real challenge." Lord Grim also came out.

"The ancient emperor and the others will not let go, and there are seven imperial emperors, even if the enemy of a foreign land is present, they will be stumbling."

Jun Lingcang also appeared, frowning and said.

He didn't expect that the people of the ancient emperor would take care of the overall situation.

Jun Xiaoyao's rule over Xian Ting is a big hidden danger.

After all, he has grown too fast, and he is likely to reach an incredibly powerful state in the future, and he will be shaken to the authority of Xian Ting.

"Don't worry about me, everything is under my control." Jun Xiaoyao smiled, confidently, and grasping the winning ticket.

"It's okay to have you. After all, our Jun family can be without me and Mo Xiao, but you can't be without you." Jun Ling smiled faintly.

A border elder came to pick up Jun Xiaoyao and others to a square in the depths of the original imperial city.

This square is huge enough to hold hundreds of thousands of people.

At this moment, on the square, many teams have been listed.

In every team, there are warriors who have experienced many battles.

Their cultivation may not be the highest in the imperial city.

But very experienced with alien creatures.

The captain of each team is a quasi supreme cultivation base, wearing a **** armor, sitting on various ferocious beasts.

They are the great knights in each guardian family, and they are also the backbone of the fight against foreign land.

The Tianjiao who came here was a bit puzzled when seeing these strong and powerful troops.

Isn't it the ultimate trial of Tianjiao?

Why are these great knights and gatekeeper teams participating?

Some Tianjiao faintly felt that this trial might not be so peaceful.

Above the sky, Fourth Master Scar stood calmly.

Seeing the crowded figures in the square below, he sighed slightly.

This time, I don't know how many people can return safely.

At this time, as if perceiving something, the fourth master Scar looked far away and smiled slightly.

Jun Xiaoyao and others are here.

Their arrival naturally caused a lot of noise.

Many people look at Jun Xiaoyao with a sense of worship.

As long as there is Jun Xiaoyao, they feel that the world of the gods should be stable this time.

There can be no Tianjiao as enchanting as Jun Xiaoyao in Foreign Land.

Jun Xiaoyao glanced away, and his brows condensed when he saw the battle.

He knows that there are special tasks for this ultimate trial.

Otherwise, these great knights would not be sent out.

After a while, the descendants of Xian Ting also came.

Naturally, it also attracted the eyes of all directions.

As the young emperor of Xian Ting, Ling Yuan is naturally the most eye-catching existence.

However, it was not only her who attracted the attention, but also the beautiful and elf girl next to her.

The eyebrows are like feathers, the muscles are like white snow, the waist is like a prime, and the teeth are like braided shells.

The appearance is almost perfect, and the slightest flaw can't be found.

A pair of slender and straight beautiful legs wear white stockings woven from snow jade silk.

The whole person is outstanding, like a peerless fairy, beautiful as a dream and illusion.

It is the celestial kite!

And Tiannvyan's gaze also locked Jun Xiaoyao in white clothes with a glance across countless figures.

At a glance, ten thousand years!

"The son..."

The celestial kite couldn't help but suffer from pantothenic acid in her eyes.

The period when Jun Xiaoyao grabbed the marriage can be said to be the most free and happy period of her life.

Before that, she was just a fish in the river of fate, and she could never escape the entanglement of fate.

She is only worthy of being the shadow of Lingyuan, a tool person.

but.....

The appearance of Jun Xiaoyao, like a beam of light, illuminates her dark destiny.

Tiannvyan realized that it was such a happy thing to fall in love with someone.

Even though she is not the only one in Jun Xiaoyao's heart, she is not even the most important.

But it doesn't matter, Tiannvyan doesn't care.

For her, as long as she can look at Jun Xiaoyao.

Even if it's just another look.

"Goddess Kite..."

Jun Xiaoyao's eyes also have a touch of complexity.

When he robbed the marriage, he thought he had rescued Tiannvyan.

Later, I realized that ~www.mtlnovel.com~ Tiannvyan still had something to hide.

I am afraid that Ling Yuan controls her life and death.

If Lingyuan let her die, she must die.

She couldn't escape Lingyuan's **** at all, how sad?

"Don't worry, I will save you. This is my promise to you." Jun Xiaoyao was rare and serious.

He rarely promised anything.

Once you commit, you will never go back.

Tiannv Yuan smiled.

The smile is beautiful, pure and innocent.

As long as the sentence Jun Xiaoyao is enough.

She is content.

Even though, there may not be this opportunity.

[Chapter 842: Enemies are everywhere, space wormholes, vast borders](#)

In the field, many Tianjiao looked at Jun Xiaoyao and Tiannv Yuan, and then looked at the expressionless ancient emperor.

Suddenly I felt that the ancient emperor's head was so green.

"Enough." The ancient emperor stepped out.

As a woman who almost married him, what is it to be deeply attached to Jun Xiaoyao at this moment?

This is to make him glow green.

If it hadn't been for Ling Yuan to stop, the ancient emperor would really torture Tiannv Yuan.

"Jun Xiaoyao, this palace is bringing Yuan to come, but it is not for you to reunite." Ling Yuan said.

The implication is to bring Tiannv Yuan to witness the death of Jun Xiaoyao with his own eyes.

In this way, the fate of a hundred years of evil in her heart can be cut off.

The shameful prince mark on the inner thigh can also be eliminated.

Jun Xiaoyao said nothing.

When the time comes, if there is a chance, he will definitely find a way to make the celestial kite free.

In addition to the inheritors of the Nine Great Immortals, a group of Tianjiao from the Fairy Court followed them.

Jun Xiaoyao just took a faint look, and a sneer appeared at the corner of his mouth.

Among the group of Xian Ting Tianjiao, he vaguely sensed a familiar breath.

Zhu Xian Pirates Xuan Yue!

Jun Xiaoyao knew that Xuanyue was a stranger.

She wants to enter the primitive imperial city, she must have some trouble.

But now, Xuan Yue was hidden among the crowd of Xianting Tianjiao.

Obviously it was written by the ancient emperor and Ling Yuan.

Based on this alone, Jun Xiaoyao thought that the Seven Emperor Nijun should have already met.

Even, a certain joint plan was reached.

But this is better, it just happened to be in the arms of Jun Xiaoyao.

Because in his plan, the seven imperial emperors are an indispensable part.

Jun Xiaoyao didn't expose it in public. He felt that in the world of God Ruins, it should be possible to see the Seven Emperors appearing at the same time.

Next, King Yuhua, Yu Yunshang and others arrived.

There are also the reincarnation of the Buddha, the emperor of Yan Mo, Ye Guchen, the emperor of Emperor Yin, and the emperor of Jun Qingyan.

Then Long Yaoer, Ji Daoyi, the preacher of the Immortal Sect, and Ji Qingyi also came.

Their arrival undoubtedly caused a sensation.

Jun Xiaoyao glanced over Ji Daoyi, Ji Qingyi, Long Yaoer and others.

Ji Daoyi, the preacher of Immortal Sect, had long heard of it.

This is the first time we met today.

But before that, they had already grieved.

Now it seems that Ji Dao is also very hostile to him.

As for Ji Qingyi, his face was covered with veil, and there was no hostility.

Regarding this woman, Jun Xiaoyao always has a trace of caution, she is not a simple role.

As for Long Yao'er, it can be said that Tianjiao was a little bit astonished by the audience.

Her purple hair is scattered, her phoenix eyes are bright, her chest is full, her waist is slender, and her long legs are shiny and shiny.

The original cute face of Lolita has also become so beautiful that she is extremely beautiful.

This change from Lolita to Yujie is indeed a bit shocking.

Jun Xiaoyao's expression was calm and there was no waves.

Although Long Yaoer's strength is not what it used to be.

But for his defeated generals, Jun Xiaoyao has never been much interested.

"It seems that I have forgotten the warnings I gave you before." Jun Xiaoyao looked at Long Yaoer.

He said before that if Long Yaoer dared to provoke him, let her really taste what it's like to be a bitch.

Long Yaoer heard this, with a subconscious look of fear in her eyes.

After all, Jun Xiaoyao has already brought her a big shadow.

But thinking of the improvement of his own strength, there is also the plan of the ancient emperor.

Her heart regained her composure.

"Jun Xiaoyao, my Longyaoer Hall will compete with you upright, otherwise I will never be reconciled!"

Long Yaoer's purple hair fluttered, her eyebrows were erected, and the railway was firmly cut.

"silly."

Jun Xiaoyao stopped paying attention.

Doesn't it just grow taller and your chest a bit bigger, so you become so confident?

"Okay, time is almost up, even some Tianjiao who haven't arrived yet, you can go directly afterwards." Si Ye cleared his throat and said.

In the center of the square, there is an extremely old teleportation formation, which is now glowing.

Arrays of various colors were flying, and an ancient and wild aura spread out.

Many Tianjiao present showed some nervousness.

Even though they experienced the difficulties and obstacles of the ultimate ancient road, they walked to the original imperial city step by step.

But what they have to face this time is alien creatures.

It was a group of extremely militant and extremely powerful beings.

At the same level, if there is no special means, the cultivator of the fairyland can hardly defeat the alien creatures, and will be crushed in all directions.

This is why every foreign invasion will cause irreparable and devastating damage to the fairyland.

Of course, not all Tianjiao will be nervous.

Tianjiao, the supreme taboo level, has a flat expression, which stems from their confidence in their own strength.

Even if they met the arrogance of a foreign royal family, they would not be false and confident that they could deal with it.

Jun Xiaoyao's expression is even more plain as water.

If the fighting power of alien creatures is against the sky.

That Jun Xiaoyao's combat power is at the level of Tiandao vulnerability, unparalleled in the past.

As for the soldiers who guarded the team, they looked firm one by one.

They have already put their life and death aside.

"Go!" Fourth Master Scar shouted.

The desolation horn sounded.

The fierce formation light flooded the entire square.

In the void, a giant wormhole appeared, turning into a deep and colorful space channel.

Everyone in the square was instantly sucked into it.

Everyone felt dizzy, and heaven and earth seemed to be turned upside down.

There are countless stars around, moving away from them quickly, pulling them into twinkling lights.

They seem to have traveled through time and space, spanning extremely long distances.

I don't know how long it has passed, it seems like a moment, and it seems like ten thousand years have passed.

When they came back to their senses again.

The place in front of him is no longer the original imperial city.

Looking around, there is a depth of nothingness, only tiny spots of light gleaming in the depths of the universe.

"That...that's..." A Tianjiao looked forward, shocked and speechless.

All Tianjiao cast their eyes on the same.

In front of them, Chaos Qi surged, and an extremely huge "wall" appeared.

Height does not know how high, width does not know how wide, and length does not know how long.

It seems to extend to the end of the four poles.

It is stained with mottled and dull blood, and there are countless rune rules intertwined, full of ancient meanings.

"What is this, are we at the end of the world?"

"Is this the boundary wall at the end of the world?"

Many Tianjiao took a deep breath~www.mtlnovel.com~ guessed.

They have heard some rumors that the end of the world is the wall of the plane.

When the Fourth Master Scar heard this, he shook his head and said, "No, this is just a wall."

When this statement fell, the Tianjiao all over the scene were dead silent, and the eyes were shocked.

This boundless existence, like the boundary of the plane, is actually just a wall?

"Here, it's the border, and outside the border is the border waste!"

"The opposite side of the border is the other side of the world, a foreign land!" a great knight said solemnly.

All Tianjiao shocked.

Today, their worldview has been refreshed.

The place they came is not the end of the world, but the vast border!

The strongest line of defense in the Nine Heavens Immortal Domain!

[Chapter 843: A gap in the border, a lotus in the eternal blue sky, incarnate in the world...](#)

Many times, the imagination is very pale.

Even these arrogances have heard countless times how vast the border is.

But when it comes in person.

That kind of shock from the heart still made them stand still on the spot, unable to recover for a long time.

The border gate is ancient and majestic, like it was made by ancient gods.

There are countless ancestors, bleeding here, stained with mottled and dull blood.

All kinds of terrifying rune rules are intertwined on it, shining with dazzling light.

At this moment, all the Xianyu Tianjiao who came to the border for the first time were silent.

They stood in place with solemn expressions.

Jun Xiaoyao is also emotional.

He is not a person who easily evokes emotions, but at this moment, it is inevitable to sigh.

"Is this the border that my father has been guarding?"

Jun Xiaoyao said to himself in his heart.

He said that he didn't want to be a hero or a savior.

But when I saw the border guarded by Jun Wuhui with my own eyes, when I saw the blood deposited on the boundless wall.

He still raised his hand and bowed to the border.

Upon seeing this, Tianjiao also followed Jun Xiaoyao and saluted the blood-stained border.

Even the hostile Gu Dizi and others, in this case, also gave up their hands.

Seeing Jun Xiaoyao taking the lead in paying tribute, Scar Four's old eyes showed deep relief.

"Benefactor, your heir, has the same sincere heart as you." Fourth Master Scar sighed inwardly.

There are also those guarding teams, as well as the great knights, seeing Jun Xiaoyao's performance, their favorability for him has risen sharply.

"It's worthy of being the heir of Lord No Regret, really sincere."

"Yeah, it may be the second white-clothed **** king, killing a foreign land with fear!"

Jun Xiaoyao didn't know that his momentary emotions made these border soldiers feel good.

"Well, you all come with me."

Four Master Scar led the crowd to march through the border.

At first glance, there is no end to the border.

It is said to be a city gate, but in fact it is vaster than a boundary.

Everyone can feel from time to time that some dark and powerful divine thoughts sweep across the void and explore all directions.

"Emperor Zhun!"

Many people are shocked, this is definitely a powerful quasi-emperor, patrolling through divine mind.

But this is also understandable, after all, it is the front line of the border, and it is normal for a quasi emperor to be in charge.

But for a long time, Scar Four stopped.

"Here, your ultimate test site, God Ruins World."

Everyone looked behind the Fourth Master Scar and held their breath for a while.

Everyone was shocked by the scene in front of them.

Even Jun Xiaoyao, who didn't panic at anything, had a flash of surprise in his eyes.

Because the frontier, the vast and long standing border gate, actually cracked and cut off.

This suffocated many Tianjiao and made their hair horrified.

The vast and ancient border is extremely strong and full of various rules.

It stands to reason that it should stand forever.

But now, there is a crack, and there is a gap.

The missing hole was as wide as an ancient star field.

But what shocked everyone was not just the gap in the border.

It is even more because there is a green lotus in this gap.

A vast and boundless green lotus almost comparable to a star field.

In this giant green lotus, between the blooming heaven and the earth, strands of chaotic energy are hanging down from the lotus leaves.

It's almost like a Milky Way waterfall.

Many huge stars are dotted around the lotus leaves, like grains of sand.

Tianjiao, almost all disciples of the immortal forces present, have never seen any big scenes.

But the scene before them deeply shocked them.

He was shocked as if he had just entered the city.

"No wonder..."

Jun Xiaoyao suddenly remembered that the ancient road law enforcer had said in the funeral of Emperor Xing before.

The ultimate test site is related to the same mythical emperor, could it be...

Just as Jun Xiaoyao was thinking about it, the Fourth Master Scar opened his mouth and said: "In history, a foreign land has invaded our Nine Heavens Immortal Domain more than once."

"In the most serious one, more than one 'natural disaster grade' immortal appeared in the foreign land, which brought great catastrophe to the immortal realm."

"Even the border crossing was broken, and there was a huge gap."

The heavy words of the Fourth Master Scar spread all over the place.

All Tianjiao was silent after hearing this.

Jun Xiaoyao's eyes flickered darkly.

The emperor-level superpower in a foreign land is known as the king of immortality.

What a terrifying existence is that "natural disaster grade" immortality?

"At the beginning, the frontier gate was broken and the situation was precarious. If the foreign land is completely invaded, it will be completely difficult for the Nine Heavens Immortal Territory to stand up."

"In the end, it was a mythical emperor who made the move, using his body to block the gap in the border, and finally turned into a green lotus."

"It's the Azure Emperor!"

The words of the Fourth Master Scar sounded loudly in everyone's ears.

"Sure enough, it's a lotus in the eternal blue sky." Jun Xiaoyao suddenly.

Mythical emperor, that has become a mythical emperor.

The God of the Quran who believes in the Holy Quran Church, the one-armed Pluto who believes in the Pluto lineage.

There is also the ancient Sakyamuni who believes in Xitian religion, who are all the emperors who have become myths.

Of course, Jun Xiaoyao didn't know whether there was a mythical emperor in the Jun family.

The Jun family never preached it.

"Emperor Qing is a green lotus conceived in the chaos. When he was in danger at the border, Master Qing blocked the gap with his body and became a world of his own."

"This is the giant green lotus you see right now. Among them is the world of the gods, and the inner universe of the blue emperor."

The words of Fourth Master Scar made Jun Xiaoyao surprised.

Jun Xiaoyao himself has an inner universe, which is now two light-years in diameter.

But right now, the giant green lotus alone is more than two light years away.

Not to mention that after entering it, the scope will definitely be broader.

Jun Xiaoyao moved.

If he enters the world of God Ruins, he can understand the rules of the Qing Emperor and the law of creation, which will be of great help to the evolution of his inner universe.

At this time, Si Ye's expression became more serious, and he cleared his throat.

"As everyone knows, this ultimate trial will be different from the past."

"Because this time, Alien has discovered a fatal flaw in the world of the gods, it is very likely that the world of the gods will collapse and the gap will reappear."

The words of the Fourth Master Scar caused a thousand waves of waves with one stone, which instantly caused a huge wave here!

"What, the **** ruins world transformed by the Qing emperor is about to collapse?"

"In this way, the gap reappears, isn't the foreign army's guild leader driving straight in!"

This place is like a frying pan, and there is an uproar!

The Qing Emperor turned into a world, and finally blocked the border gap.

If it collapses at this time, the consequences cannot be estimated!

Everyone saw that the gap was as huge as an ancient star field, even if the line of defense was reorganized, it would be difficult to defend.

Otherwise, you can only sacrifice another mythical emperor to close the gap.

But the question is, how could it be possible?

In this era, the emperor is rarely seen, and he does not often show up, let alone the emperor who has become a myth.

What is myth?

What is vague is called a myth.

Taking a step back, even if there is a mythical emperor, who would want to sacrifice their own Tao fruit?

No one can be as selfless as Qingdi.

After all, the powerhouse of that level is already unpredictable.

Even if the fairyland collapses, they can live forever in the world, forming a restricted area on their own.

At this time, all Tianjiao's expressions were very solemn.

This trial was really more cruel than before.

"Then, senior, is there a way to stop it?" a Tianjiao asked with his hands.

"Of course there is a way, otherwise I won't tell you so much." The Fourth Master Scar said, but his eyes were on Jun Xiaoyao.

Obviously, he attached great importance to Jun Xiaoyao and placed all hopes on him.

After all, Jun Xiaoyao's true strength far exceeds his realm.

In the world of the gods, it will have a great effect.

[Chapter 844: 7 Sin God? Nian, arduous task, and Lingyuan team 1](#)

"Master Qingdi used his body to block the gap in the border, and naturally there are restrictions."

"Only the realm below the supreme can enter the world of the gods."

"In other words, in the world of the gods, the highest combat power is Quasi-Supreme."

"It is precisely because of this that the world of the gods can keep the top powerhouses of the foreign land out of the customs."

"Even if there is a Quasi-Sovereign from a foreign land who wants to sneak across, they don't have to worry about it, they will be killed directly." Scar Four said.

Jun Xiaoyao suddenly realized why the Fourth Master Scar value him so much.

Not just because he is the son of the benefactor.

Even more because Jun Xiaoyao is the cultivation base of the Great Sacred Realm, but it can fight the Quasi-Supreme!

In the world of God Ruins, this is simply an open existence!

It is conceivable that when Jun Xiaoyao of the Great Sacred Realm burst out with a combat power capable of contending with the quasi-superior level.

The mood of those alien creatures.

It would be sour and cool.

Fourth Master Scar continued: "I wonder if you know the gods?"

"I know that Divine Nian Nian is the heart demon and obsession of the emperor-level powerhouse. When the emperor falls, there is a certain probability that he will be born." A Tianjiao said.

"Yes, Master Qingdi is very great, incarnate in the world, closing the gap in the border, but he is not without obsession."

"In the world of the gods, there are left behind the seven sins of Lord Qingdi. There are seven daos, and they are sealed in different secret places."

"The sinful thoughts of the seven gods, if they are broken and combined into one, they will turn into terrifying evil thoughts of the gods, breaking the world of the gods from the inside."

"The alien creatures have obviously discovered this too, and are preparing to find the location of the Seven Gods' Sinful Thoughts and release them."

"Your task is to prevent as much as possible the sinful thoughts of the gods in foreign land. If you have the ability, it is best to eliminate the sinful thoughts of the gods." Si Ye said.

King Yuhua stepped forward and said, "Senior, you are just joking. The sins of the gods left behind by Lord Qingdi must be terrifying. How can we be able to eliminate them?"

The question of King Yuhua caused many Tianjiao to nod their heads.

The Great Emperor's Divine Mind was scary enough, at least at the level of a quasi-emperor, enough to cause a catastrophe.

With these people, how could it be possible to get rid of the gods?

Four Master Scar said: "It doesn't matter, there are world rules left by Master Qingdi in the world of God Ruins. Even if the gods' thoughts are broken, they will only have the quasi-sovereign cultivation base."

"However, when the sin-mindedness of the seven gods is united to form a complete conception of the seven-sin deities, the thoughts of the seven-sin gods can directly break the rules of the **** ruins world and destroy them."

At this point, everyone understood.

This trial is not just about fighting foreign creatures.

It is even more necessary to prevent aliens from destroying the God Nian Seal Land.

It is the best to get rid of the deity.

But after thinking about it, everyone knew that even a single deity thought, the strength was suppressed to the quasi-supreme.

But at any rate, it is also the obsession left by the mythical emperor, and the general quasi-supreme is probably not the enemy of it.

Wanting to be wiped out is tantamount to a fantasy.

So all they can think about is how to disrupt the foreign operations and prevent them from succeeding.

The atmosphere was somewhat depressing.

Facing alien creatures, it was already extremely dangerous.

Now we have to add the Seven Sins Deities.

It can be called the most cruel and difficult ultimate trial in history.

"Well, you don't have to feel palpitations. These guard warriors and great knights will enter with you."

Seeing that the atmosphere was a little dull, Fourth Master Scar cheered.

The faces of the Tianjiao are a little better.

Those great knights have quasi-supreme cultivation bases.

Obviously, the task of the gods should mainly be done by these great knights.

"Next, Tianjiao who clicked the name came forward." Scar Four said.

Everyone was stunned, what was this happening again?

"Jun Xiaoyao."

The first thing the Fourth Master Scar said was Jun Xiaoyao's name.

A gleam of light flashed in Jun Xiaoyao's eyes, and he stepped out.

"Jun Lingcang..."

"The ancient emperor..."

"Ling Yuan..."

"The Feather King..."

One by one, the four masters named Scars.

Jun Xiaoyao immediately noticed that those who were named were all Tianjiao with the supreme taboo level.

When the call was finished, Si Ye said: "You arrogants are all elites among the elites. It can be said that they are the 'seed'-level figures of our time."

"Next, you will draw lots and assign them to the teams of the great knights to assist them and destroy the alien plan."

"This can be regarded as an iron-blooded trial for you top people."

"As for the rest of Tianjiao, if you can kill one more alien creature, you can kill one more, but you don't have to force it. Survival is the most important thing."

Hearing this, including Jun Xiaoyao, the so-called Supreme Taboo Tianjiao had a calm expression.

This is a challenge for them, but also a challenge.

"Of course, if you can come back alive, you will naturally get rich rewards."

"As for the named Tianjiao, if you can come back alive, there will be a fairy-level good fortune waiting for you."

The words of Fourth Master Scar suddenly made the otherwise silent atmosphere fiery.

Especially when I heard the fairy-level good fortune, even if such a transcendent figure as Ling Yuan, the ancient emperor, could not help but shine in his eyes.

Immortal-level good fortune, that is the inheritance of chance related to immortals, extremely precious!

If you can get it, it will definitely be reborn, maybe you can use this to hit the Supreme Guanjiao!

"It's a waste of money." Jun Xiaoyao thought to himself.

"Okay, the draw will begin next." Scar Four said.

Jun Xiaoyao and others stepped forward to draw lots one by one.

As for those great knight teams, they were divided into seven teams, each responsible for finding a god.

At this moment, the captains of the seven teams are all paying attention.

The supreme taboo Tianjiao, although very strong.

But after all, there are still some differences between levels, as well as xinxing, etc., which are also different.

These great knights naturally did not want some stunners who were not strong in nature and combat power to join their team.

"It's fine if it's the son of the king's family."

"Although the son of the Jun family is a great sage, but he can play against the quasi-supreme, which team draws him, that is not stable."

"Yes, it is equivalent to an extra combat power that is close to Quasi-Supreme, and it can definitely change the situation and turn the tide in a crisis!"

The soldiers of these teams are all whispering.

However, the soldiers of almost every team looked at Jun Xiaoyao fiercely, as if staring at some peerless baby.

After all, Jun Xiaoyao's temperament and combat power are extremely against the sky.

Even some great knights felt that Jun Xiaoyao should not be much weaker than them.

Therefore, in their eyes, Jun Xiaoyao is naturally sweet and delicious.

This made the ancient emperor, Ji Daoyi and the others, their expressions were a bit gloomy.

The same as the supreme taboo Tianjiao, who is much weaker than who?

But Jun Xiaoyao was welcomed by those great knights.

"It seems that I have been in retreat for too long." Ji Daoyi felt a little uncomfortable.

After all, his identity is special, but he comes from the taboo family from above the nine heavens.

It is the preacher of immortal religion.

This status and status shouldn't be compared by Jun Xiaoyao.

Jun Xiaoyao drew a lot and took a look.

"The Meng family team."

After the words fell, a great knight riding a one-horned war mastiff laughed and walked towards Jun Xiaoyao.

"Haha, Son of God, I am the Mongolian warrior of the Meng family. Welcome Son of God to join my team!"

A sincere smile appeared on Meng Zhan's face.

"Meng Zhan, you are so lucky, the **** son was drawn to your team."

"That's right, UU reading www.uukanshu.com, you guys will probably do a great job this time!"

The big knights around are all envious.

"Captain doesn't need to be polite." Jun Xiaoyao also smiled faintly.

The family of guards at the border is not only the Cai family, Pang family, Hong family, etc., this Meng family is also one of them, and has always been loyal to their duties.

At this moment, a voice that was as cold as natural sounds also sounded.

"The Meng family team."

Everyone looked at them, and their expressions were strange.

Ling Yuan was also drawn to the team where the Mongolian War was.

Of these two people, one was the young emperor of Xian Ting, and the other was the son of the Jun family.

It can be said that the most tit-for-tat character was assigned to a team.

This is amazing.

[Chapter 845: The news of entering the world of the gods, the vast universe, and the world tree](#)

Ling Yuan's beautiful eyebrows furrowed slightly and her expression was a little unpleasant.

Is it true that the enemy does not meet together?

The mark of the word "jun" on her thigh still made her panicked now.

"The gentleman..." Tiannvyuan was also worried.

She knew that Ling Yuan, Gu Dizi and others must have some secret plans.

Now that Lingyuan and Jun Xiaoyao are in the same team, wouldn't it be easier to count on Jun Xiaoyao?

"Senior, I don't think this is appropriate, it's better to re-divide." Gu Dizi arched his hands to Fourth Master Scar.

He naturally didn't want Ling Yuan and Jun Xiaoyao to be in the same team.

"This can't work."

Meng Zhan immediately opposed.

Both of these two strongest young generations have been assigned to his team.

How could he give up?

"Come according to the rules." Fourth Master Scar shook his head slightly.

"It doesn't matter, how can this palace be weaker than others." Ling Yuan stretched her eyebrows, relieved.

She also wanted to compare with Jun Xiaoyao, who is more capable.

"Hey..." Jun Xiaoyao sighed slightly.

"What do you mean?" Ling Yuanfeng lightly raised her eyes and snorted coldly.

"A burden and trouble." Jun Xiaoyao said truthfully.

"You..." Ling Yuan grinds her silver teeth secretly.

She can remain cold to anyone, but Jun Xiaoyao can always make her gloomy.

Next, the team is also divided.

Everyone got a merit jade talisman to record the foreign creatures killed.

Different levels of creatures have different merit points.

The higher the talent and the higher the status of the alien creatures, the more meritorious points will naturally be.

"Son of God, this time in the world of the gods, there may be creatures of foreign royal families appearing. They are more terrifying existences than ordinary foreign creatures." Meng Zhan said.

They can be regarded as having experienced many battles, and naturally they know more about the foreign land than Jun Xiaoyao and other Tianjiao.

"But correspondingly, merit points will be higher."

"If it kills the creatures of the legendary immortal emperor, then the merits are amazing." Meng Zhan smacked his lips.

But he was just talking about it.

The creatures of the immortal emperor clan are so powerful and terrifying, their combat power is much higher than that of the monks of the same rank in the fairyland.

Even the younger generation of creatures can't be killed by him as a quasi-supreme.

And this kind of level conflict, there should be no immortal emperor's creatures appearing.

"Is it immortal emperor? I hope they will show up." Jun Xiaoyao's eyes flickered.

The racial power of a foreign land is no less than that of the fairy land.

Powerful generals, the Hundred Kings, the Immortal Emperors and so on.

Jun Xiaoyao hopes to meet the top powerhouses of the young generation in the foreign land early.

See how strong they are.

"Okay, everyone, it's almost time to set off." Fourth Master Scar waved.

His expression was a little solemn.

Once these Tianjiao stepped into the world of God Ruins, all they could rely on was themselves.

But now a chaos in a foreign land is about to start, and there is no need for flowers in the greenhouse on the fairy land side.

Without the test of blood and fire, how can you stand at the pinnacle of this era?

Rumble!

The beast under the seat of the great knight stepped across the galaxy, and the crowd was mighty and marching towards the world of the ruins of the gods.

In the void, Shenhua arrays, and the door of the Taoist space emerged, leading to the interior of the giant Qinglian, which is the world of Shenxu.

The Meng family team where Jun Xiaoyao was also stepped into it.

In an instant, the void was distorted, the brilliance gleamed, and the sky revolved.

When everyone's eyes became clear again, they couldn't help looking around.

This is a dark, deep, desolate starry sky.

Broken stars, suspended in them.

Various blood-stained stars, broken remnants, and huge bones and skeletons are scattered among them.

A sense of desolation and depression is permeating.

Everyone could still smell the tips of their noses, a **** breath.

"This is the God Ruins World?"

All Tianjiao who came here for the first time were shocked.

They thought that the God Ruins World might be like the Ten Places of the Lower Realm, a huge continent space.

Who would have thought, but it is a vast universe!

If you don't perceive it carefully, you will not be able to realize the difference between the world of the gods and the nine-day immortal domain.

If you insist, that is, the heaven and earth aura of the God Ruins World is far inferior to the Nine Heavens Immortal Territory.

There are also various rules, not as perfect and stable as the Nine Heavens Immortal Domain.

But this is already very alarming.

"Is this the inner universe of the mythical emperor? When will such a world be born in the main palace?"

Rao is Lingyu, who is also a little lost, holding her jade hand towards the void, as if she is feeling something.

Tianjiao in the audience, only Jun Xiaoyao was alone, with no waves on his face, and a hint of thought in his eyes.

"The son of God doesn't seem to be surprised. To be honest, the first time I came, I was shocked for a while." Meng Zhan laughed.

"Heh..." Jun Xiaoyao smiled without saying anything.

Naturally, he would not say that there is actually such an inner universe in his body.

Rao is a quasi-supreme like Meng Zhan, and the inner universe has not yet been born in his body.

"It deserves to be the Azure Emperor, although there are still a few fairyland rules, but they have evolved their own rules."

After experiencing it carefully, Jun Xiaoyao thought.

Throughout the ages, most of the strong, the inner universe born in their bodies, evolved through the rules of the Nine Heavens Immortal Territory.

After all, no one can walk out of their own way like Jun Xiaoyao.

Open up your own universe with your own way.

Qingdi is a chaotic green lotus born in the chaos of the fairyland.

The inner universe of Qingdi naturally evolved based on the rules of the fairyland.

But its powerful point is that the Qing Emperor can slowly evolve the inner universe of the fairyland rules into his own.

This is something.

Although not completely transformed in the end, it can also inspire Jun Xiaoyao.

"In the future, this inner universe must also be born in this palace, to open up the kingdom of God, and let all sentient beings and all spirits worship."

Ling Yuan had beautiful eyes, but she looked at Jun Xiaoyao as if provoked, and wanted to compare with Jun Xiaoyao.

Jun Xiaoyao ignored it.

If he wanted to compare, Ling Yuan would have lost long ago.

However, Jun Xiaoyao was not complacent either. He knew that his inner universe was incalculable compared to Qingdi.

The world of God Ruins already had the rules of life, and Jun Xiaoyao's inner universe couldn't compare with this alone.

"By the way, World Tree, this is one of my main goals. UU Reading www.uukanshu.com"

Jun Xiaoyao suddenly thought of his purpose.

The world tree is too important for the growth of the universe within him.

He then asked Meng Zhan, "Captain Meng, I heard that there is a world tree in the world of Shenxu. I don't know where it is?"

Lingyu also cast her eyes on the side, and she was naturally also interested in the World Tree.

Meng Zhan said: "I have indeed heard about it, it seems that it is in the core of the world of the gods, but I heard that there is a powerful seal left by the Qing Emperor, and no one can enter."

Upon hearing this, Jun Xiaoyao was not disappointed.

If the World Tree is so good, where can it be his turn?

"Is it impossible to enter? Not necessarily, if you use that method..."

Jun Xiaoyao thought, his eyes flashed with luster.

He thought of a somewhat crazy method.

[Chapter 846: Exotic top lineup, Bone Tianhe, Hell Soul Demon Flower](#)

The world tree, Jun Xiaoyao must be obtained.

No matter how great the price is paid, we still have to get it.

I missed this opportunity, and I don't know where to meet next time.

As for that method, Jun Xiaoyao still needs to think thoroughly.

"Why, are you thinking about how to get the World Tree? Now what you should be thinking about is how you should leave the God Ruins world alive."

Ling Yuan glanced at Jun Xiaoyao and said indifferently.

"Noisy." Jun Xiaoyao ignored it.

"You!" Ling Yuan was again choked.

Seeing this, the Meng Zhan beside him just smiled bitterly.

He couldn't afford to offend either of these two people, so he could only treat it as if he hadn't seen it and watched on the sidelines.

"Let's go." Meng Zhan waved.

The rest of Tianjiao are scattered, each with their own tasks and choices.

The ancient emperor, Ji Daoyi, Long Yaoer and others, their eyes met in the void.

They naturally have plans for Jun Xiaoyao, but not now.

"Xiaoyao, be careful." Jun Lingcang, Jun Moxiao and others reminded.

They were divided into another team.

"Brother Jun, beware of everything." Yuhua Wang said.

Jun Xiaoyao nodded to several people.

He looked at Tiannvyan again, she was not divided into the team.

Jun Xiaoyao's team has a task to add, and can't take her with him.

"Master Jun takes care." Tiannvyan said with a smile.

Jun Xiaoyao nodded, and then the team left.

Seeing Jun Xiaoyao away from the back, the heavenly lady Yuanyu clasped her hands tightly, and said in her heart: "Yuan will definitely not let their plan to harm the son succeed."

Tiannv Yuan seemed to have a certain plan and decision in her heart.

...

And when the team on the side of the fairyland began to penetrate the world of the gods.

At the other end of the Shenxu World, located outside the border.

The monstrous mist was surging, and a shadowy figure emerged.

Some are human forms, some are animal forms, and there are even various indescribable, strange shadows.

They are alien creatures.

In the foreign team, there were similarly surprised voices.

"What, this action, the royal family has more than one line?"

"Even the Quasi-Emperor Clan where the newly promoted Immortal King belongs?"

"Yes, Lord Scarlet Owl of the line of Scarlet Owl, who just knocked on the border of the Xianyu some time ago, I heard that the adult also fought against the white-clothed killer **** of the Xianyu Jun's family!"

"This time the young king of the line of Chi Xiao has arrived, and it is heard that he will continue the glory of the Chi Xiao King, cut off the arrogance of the Xianyu Jun family, and raise the prestige of our world!"

"What's this, it seems that descendants of the emperor veins may show up!"

"The ants in Xianyu will be dumbfounded now."

"Haha, that's right, waiting for the destruction of the ruins of the gods is a chance for our army to move straight in!"

The foreign team, also mighty and mighty, entered the world of the ruins of the gods.

That kind of momentum and killing intent is far more vigorous than Xianyu's side.

...

The world of the gods is vast and vast, almost equivalent to a small universe.

Even Quasi-Supreme, in a short period of time, it is impossible to travel to every corner of the God Ruins world.

Jun Xiaoyao, following the Meng family team, marched in the starry sky.

The starry sky ahead is very bright.

It was a sun-like thing, releasing its brilliance.

"Gu Jinwu's corpse."

Jun Xiaoyao glanced at it and saw a dead golden crow in the light.

Jun Xiaoyao couldn't help but think of the tenth prince of the Golden Crow. I don't know how the sad guy is now.

"and many more!"

At this moment, Meng Zhan suddenly waved his hand and noticed something.

The whole team stopped immediately, very alert.

Ahead is a white river flowing in the starry sky.

"No, it's not a river, but..." Jun Xiaoyao's eyes narrowed.

That is a bone!

Endless bones, gathered into a Tianhe River, flowing in the starry sky.

It is hard to imagine how many creatures died.

Ling Yuanyu covered her red lips with her hand, and there was also a slight shock.

She was also the first time she saw such a cruel battlefield.

"There are so many corpses, I'm afraid something will be bred into something ominous." Meng Zhan frowned.

In this case, they are not surprised.

It was Jun Xiaoyao's reaction that made Meng Zhan and the others nod secretly.

Jun Xiaoyao was so calm as to be a battle-tested general.

Sure enough, Meng Zhan's guess came true.

Not far ahead, is the source of the Bone Tianhe.

It was a blood-stained magic star, suspended in the dark universe.

The whole star is intertwined with the color of blood and the white bones of the forest, like a place of burial.

"The foreign land is warlike and brutal. Sometimes, they will concentrate the lives of our world in one place and kill them."

"After that, the land of beheading will be resentful and become a magical land." Meng Zhan squeezed his fist, his eyes filled with coldness and anger.

"Exotic creatures, it's time to kill!" Ling Yuanfeng's eyes shone coldly.

This is only the world of the gods, a small battlefield, it is so cruel.

The real frontier battle, the foreign battlefield, how **** it will be, and it's normal for hundreds of millions of corpses to fall.

"Huh, that's..."

In the team, a team member with sharp eyes and special pupil skills suddenly gave a shock.

He saw that on the blood-stained devil star, a strange flower with red and black was growing.

There were countless resentful spirits crying around, and strong spirit power fluctuations were shaking.

"That is... Hell Soul Demon Flower, a flower that belongs to the undead!" Meng Zhan's expression was shocked.

This is a big ominous thing.

They encountered this kind of thing as soon as they entered the world of the gods, which is by no means a good sign.

"what?"

Jun Xiaoyao looked at it, but his eyes flashed.

This **** soul demon flower feeds on the remnant soul resentment of countless creatures after death, and possesses majestic soul energy.

Jun Xiaoyao is still very interested in this kind of strange thing that is helpful to soul power.

After all, his primordial spirit level had reached the infinite level, and it was a bit difficult to go further. If the Hell Soul Demon Flower is refined, it can greatly shorten the time for the promotion of the soul. Jun Xiao stepped, approaching the magic star.

"God be careful." Meng Zhan shouted.

Although he is the captain, he is not qualified to restrain Jun Xiaoyao's actions.

boom!

Billowing resentment, howling ghosts and wolves, turned into a tide of souls, flocking to Jun Xiaoyao.

"The dust returns to the dust, the soil returns to the earth, your hatred, I will avenge you."

Jun Xiaoyao urged the soul, and the golden mang shone.

The Tathagata in the Three-World Immortal Sutra is urged.

A great sun statue of Tathagata appears to save all souls and suppress all evils.

That soul tide was instantly extinguished.

The Hell Soul Demon Flower was suppressed by the Great Sun Tathagata, but its petals trembled and screamed like a baby.

Black energy is rising, and ominous power is being purified.

"As expected to be the son of God."

Seeing this scene, Meng Zhan and others were delighted.

The soul of Jun Xiaoyao, UU reading www.uukanshu.com is also a must.

but.....

Just when Jun Xiaoyao wanted to purify the demon flower of the **** soul.

call out!

A blood-stained steel fork pierced the void, carrying a terrifying force, killing Xiang Jun Xiaoyao.

Jun Xiaoyao wrinkled his eyebrows, raised his hand, and his jade-white palms were covered with divine lines and bright symbols.

Kunpeng's great supernatural powers came out, and the palm of his hand shook out like Kunpeng flicking his tail.

With a clang, the steel fork was blown away directly.

"Hey, this kid is a little bit clever!"

A group of dense figures emerged from the distant starry sky.

"Exotic creatures, have they finally appeared."

Jun Xiaoyao's expression was calm, with a touch of coldness in his eyes.

[Chapter 847: Kill the alien creatures, sweep 8 squares, and the alien holy lord is eyeing](#)

This group of alien creatures are all different in appearance.

But the only thing in common is that the aura is very powerful.

It was a snake Yasha who shot Jun Xiaoyao.

Snake Yasha's whole body is made of steel and iron, with infinite strength, and crimson fleshy wings grow on the back.

But his head is a snake head.

A pair of snake pupils looked at Jun Xiaoyao, extremely cold.

"Exotic dog bastard!"

Meng Zhan and others immediately broke out killing intent and locked Snake Yasha.

Because Snake Yasha is the most powerful among this team of alien creatures, reaching the Quasi-Supreme Realm.

"You kid, you can actually block this supreme move. It should be the 'seed' of Xianyu. If you kill it, you will have a big reward."

Snake Yasha spit out Snake Xinzi, with killing intent in his eyes, stabbing Jun Xiaoyao.

On the side of Xianyu, killing foreign creatures has the same merit.

There is naturally a reward system on the foreign side.

Jun Xiaoyao looked extraordinary from the outside.

The white clothes are dust-free, and the fairy radiance lingers, like the son of a fairy god.

Although Snake Yasha had just shot at will, it was definitely not something a great saint could stop.

So obviously, Snake Yasha knew that this was the top seed Tianjiao of Xianyu.

Jun Xiaoyao's eyes were indifferent and noncommittal.

But Meng Zhan screamed: "I'm looking for death!"

The two parties met without any unnecessary nonsense.

Meng Zhan and another quasi-superior knight besieged Xiang She Yasha.

As for the rest of the sacred monks, they fought with the alien creatures.

"Looking at you, you should also be a top figure in Xianyu. Tsk tsk, delicate skin and tender flesh..."

A mountain-like magical shadow stared at Ling Yuan.

It was a creature resembling an ape, with black fur all over, and its claws were like pitch-black sickles.

This is a foreign mandrill clan, although it is not a royal clan, it is also a strong clan in the general clan.

"I have eaten more than one fairy cultivator. That wonderful taste is unforgettable..."

The mandrill stretched out its scarlet tongue and licked its sharp fangs, and the beast's pupils flickered fiercely.

"Death to this palace!"

Ling Yuan's jade contains evil spirits, and the vast mana burst out between raising his palms.

This Great Sacred Mandrill changed its color in an instant.

"No, you are also a seed-level figure!" Mandrill exclaimed.

In their common sense, although Xianyu is in a weak position, there are always some superlatives in it.

For the younger generation, the one who is most afraid of this side is the seed-level figure of Xianyu.

Rumble!

The fight started straight away, without any room for relaxation.

Jun Xiaoyao was naturally spotted as well, and a whole three Great Sacred Realm alien creatures locked him in at the same time.

They also know that Jun Xiaoyao has something, so he won't fight alone.

"I heard that you are eager to compete in a foreign land, but the result is still a group of wastes that can only besieged." Jun Xiaoyao said indifferently.

"Huh, killing you, a seed-level figure, is a great achievement and death!" a foreign creature shouted coldly.

He was branded with evil patterns all over his body, and those patterns were like eyes, very strange.

Accompany him to urge evil power.

The evil eye patterns on that body actually began to wriggle as if they were alive, and then shot out a dark beam of destruction.

"No matter how weird he is, he is only the Great Sacred Realm. If we take action together, this kid will die!"

Another alien creature roared.

It was a weird creature with a unicorn body and a snake tail, and it was completely dark.

This is a family of Lin snakes, a hybrid bloodline of exotic dark unicorn beasts and demon snakes.

Although there are qualitative differences between the unicorn beast and the unicorn, this hybrid snake is extremely strong.

Opening his mouth and roaring, the void will be shattered.

The last besieged alien creature seemed to be an extremely beautiful woman.

But the lower body has eagle claw feathers.

This is a foreign harpy clan, good at sonic soul supernatural powers.

There was once a monk from the fairyland, who was brainwashed by the magic sound of the harpy, controlled the soul, and turned to kill each other.

All in all, although these three clans are not royal creatures, they are all strong. At this moment, they all besieged and killed.

The general great sage consummated strong will be very dangerous.

however.....

When the means of attack and killing of the three alien creatures, Qi Qi fell to Jun Xiaoyao.

Jun Xiaoyao's expression was plain, without any actions.

"Is this kid stupid?" Lin Snake said.

In the past, on the Xianyu side, there were also some stunners who were first on the battlefield, and they were threatened by the foreigners, but the Dao Xin collapsed.

When Meng Zhan and others saw this, although their hearts were tight, they didn't say anything.

They knew that Jun Xiaoyao was definitely not the kind of person who fought timidly when facing danger.

Boom!

The methods of alien creatures drowned Jun Xiaoyao.

Just as the creatures such as Lin Snake were puzzled, they felt that this seed-level arrogant was a bit of a bad name.

call out!

A shadow that was going to the extreme, fell directly on the side of the alien creature that was branded with evil patterns all over his body.

Then simply, throw a punch!

puff!

Exotic creatures are like watermelons, exploding all over, splashing flesh and blood.

The primordial spirit was directly annihilated in that punch!

"First."

A casual and indifferent voice sounded.

Jun Xiaoyao's figure appeared, his white clothes were slender and dustless, and his footsteps swayed, and he continued to kill Xianglin Snake.

"How...how could it be possible!"

Lin snake and harpy changed color at the same time.

You know, in the same class, alien creatures are better than immortal monks.

They are all Great Sacred Realm. It stands to reason that the total of the three people is enough to strangle the seed Tianjiao of the Great Sacred Realm in the fairyland.

But it turned out to be a direct spike!

They naturally didn't know that their magical powers just now couldn't even break through the magic immunity of Jun Xiaoyao.

"Great!"

When the soldiers of the Meng family's team saw this, they were all excited.

With Jun Xiaoyao, their team will be much safer.

"Humph....."

Upon seeing this, Ling Yuan just snorted, and the emperor Wa's Eucharist urged, and the powerful mana was pressed down to kill the mandrill.

Obviously, she wanted to compare with Jun Xiaoyao, who killed more alien creatures.

Here, Jun Xiaoyao pointed out.

The thick and incomparable Lei Di finger, like the finger of the Thunder God, crushed down from the void, thundering!

The Lin snake roared and snarled, spurring exotic spells, but it was still directly killed.

"Not good!"

The harpy was pale, opened her mouth to make a magical sound, and at the same time stretched her arms, turning into wings and retreating.

This seed-level figure is too weird, much stronger than they thought.

"Can you go?"

That magic sound could not affect Jun Xiaoyao in the slightest.

He also referred to it as a sword, and the surging sword aura was surging like a tide, and a horrible scene of the fall of the fairy gods appeared.

Slaughter the Immortal Sword Art!

Pouch!

The harpy was divided into two, and the primordial spirit was directly slain by the sword aura!

In an instant, the three terrifying creatures of the Great Sacred Realm in the foreign land all died!

At this moment, even the Snake Yasha who was fighting with the Meng Zhan and others, his pupils suddenly shrank, revealing a shocking color.

In the same realm, a foreign creature can almost fight two or three immortal cultivators.

As a result, the three alien creatures in the Great Sacred Realm were killed by Jun Xiaoyao alone.

Is this the other way around?

Who is the most ferocious party in the end?

However, not waiting for everyone to be shocked, Jun Xiaoyao continued to shoot, without any intention of stopping.

He enters the flock like a wolf, and when he sees the alien creatures, he sacrifices his sword fingers, slaughtering the immortal sword, and disperses like an ocean.

Almost no alien creature of the same rank can withstand his sword.

Even if there is.

Then just make one more sword.

With the killing of Jun Xiaoyao, the points in his meritorious jade talisman also increased.

But Jun Xiaoyao didn't care, he didn't kill the enemy for merit.

"Sure enough, dark matter..." Jun Xiaoyao was killing, but he was thinking in his heart.

These alien creatures are more or less contaminated with some dark matter.

This kind of dark matter is very strange, the source is unknown, and it seems to be related to a certain secret of heaven and earth.

Yuan Tian Zhizun, as well as the mythical emperor worshipped by the snake-human tribe, Luoshen Mi Concubine, have all been contaminated with this substance.

Jun Xiaoyao felt that if he wanted to unlock the secrets of this dark matter, he would still have to go to a foreign land.

Just when Jun Xiaoyao was thinking about it in his heart.

A cold shout sounded.

"Dare to kill so many creatures in our world, you are looking for death!"

On the other side, there is a holy master realm who is eyeing Jun Xiaoyao and wants to kill him personally!

[Chapter 848: Strongly blast the sacred master of the Abyssal Demon Race, and then slash the Alien Quasi-Supreme](#)

This saint master-level powerhouse who attacked Jun Xiaoyao was a middle-aged man wearing a black robe with a gloomy face.

But on his head, there were two blood-colored goat horns.

In some witch folklore, the goat is a symbol of the devil.

This is a saint master class powerhouse of the Abyss Demon Race.

Although the Yuanmo clan is not a royal clan, it is also a top general clan under the royal clan.

Races of foreign forces are superimposed like pyramids, with strict levels.

Slaves, generals, royal families, top royal families, quasi-emperors, and immortal emperors.

It can be said that even the creatures of the generals have an average combat power that is a bit higher than that of the monks in the fairyland.

As for the above royal family, emperor family, etc., let alone say more.

"A'seed' like you needs to be cut off!"

The holy lord of the Yuanmo clan, with a cold expression, kills Xiangjun Xiaoyao.

He is well aware of how enchanting the seed-level figures of Xianyu are.

If it is allowed to grow, it will at least be a great emperor in the future.

There will be a great threat to foreign land.

"Stop him!"

Upon seeing Meng Zhan, he shouted!

Although Jun Xiaoyao was in the original imperial city, he fought against the quasi-supreme character.

But in the eyes of everyone, it does not mean that Jun Xiaoyao can truly defeat Quasi-Supreme.

They think that Jun Xiaoyao should and can only reluctantly fight with Quasi-Supreme.

But the Holy Master level powerhouse in the foreign land is much stronger than the same realm.

Compared to Xianyu's Quasi-Supreme, it is estimated that it is not much worse.

Therefore, Meng Zhan naturally didn't want Jun Xiaoyao to get involved.

On the side of the Meng family team, there were several holy masters who wanted to take action, but they were temporarily stopped by the holy master on the other side.

Meng Zhan and another Quasi-Supreme were also dragged by Snake Yasha, and couldn't separate them at all.

"Jie Jie, this seed of your Immortal Domain is about to fall." Snake Yecha spat out Snake Xinzi and said with a cold smile.

Meng Zhan's face was cold.

He can only hope that Jun Xiaoyao can delay for a while, waiting for them to free up to rescue.

"It seems that no one is coming to save you." The Yuanmo clan holy master locked on Jun Xiaoyao, and when he reached out his big hand, he was about to obliterate Jun Xiaoyao.

"What kind of thing are you, so ordinary, but so confident."

It is foolish to measure Jun Xiaoyao's strength by his realm.

Although the holy lord of the foreign land is stronger than the holy lord of the immortal land.

But in the eyes of Jun Xiaoyao, that's it.

With his talent cultivation as strength, if he can't kill the Holy Master by going beyond the ranks, then there will be some dishes.

"court death!"

The palm of the holy master of the Yuanmo clan pressed down like a black sky.

His dignified saint master is still called ordinary?

This is too heart-wrenching.

"Jun Xiaoyao." Ling Yuan glanced at Jun Xiaoyao.

For some reason, there was a little nervousness in my heart.

There is even a hint of wanting to help?

"It's the evil destiny for a hundred generations again." Ling Yuan suppressed her thoughts.

It stands to reason that she should be gloating when she saw Jun Xiaoyao in danger.

After all, Jun Xiaoyao is a thorn in her eye, a thorn in her flesh, and a deadly enemy.

But now, there is no such feeling at all.

"He is going to die in the hands of the ancient emperor, not in the hands of alien creatures."

Ling Yu found a reason for herself.

Then, she urged the emperor Wa's sacred body, the horror aura erupted, and the blue silk danced wildly. If a beautiful female fairy king raised her palm, she would kill the Yuanmozu saint master.

But the next moment, Ling Yuan's movements stopped.

But seeing Jun Xiaoyao's body shook, surging qi and blood ran across the sky like a dragon!

Daluo immortal immortal body, urge!

In the body, many cells, like the world in one party, burst out with vigorous power!

Two hundred and sixty Sumeru world forces are urged!

Jun Xiaoyao raised his hand to make a fist, and the Kunpeng immeasurable fist with the most crushing power was displayed!

A punch collided with the palm of the suppressed hand of the Abyssal Demon Race Saint Lord!

Rumble!

The void shattered, the waves of mana were mighty, and some scattered stars around were instantly shaken to ashes!

With a bang!

The popping sound rang!

However, seeing the scream of the holy master of the Yuanmo clan, the arm that was protruding out was directly shattered by Jun Xiaoyao's punch!

Dead!

Absolute silence!

Rao was in the midst of this cruel fight, and some of the Meng family members and foreign creatures couldn't help but cast their eyes on Jun Xiaoyao, with a sense of shock.

They recognized that Jun Xiaoyao could kill alien creatures of the same rank in seconds.

After all, he is the seed-level figure of Xianyu.

but.....

The one who is shooting right now is a Saint-Master-level powerhouse!

And it's a stranger than the ordinary immortal domain saint master!

But Jun Xiaoyao blasted an arm!

"You...what kind of monster are you!" The Yuanmozu saint master's expression was distorted, astonished!

Even a strong man like him was shocked to the extreme.

Rao is the arrogant of their foreign royal family, and it doesn't have to be so fierce, right?

Jun Xiaoyao made another move, and his vigorous sword intent surged.

Around the void, jasper-like blades of grass rippling and stretching.

As the blades vibrated, the sword aura surged to the sky, as if it could slash a big star out of the territories!

Grass word swordsmanship!

Surrounded by the Yuanmo Clan's saint master, was surrounded by grass-character sword qi.

An unprecedented sense of death enveloped his mind.

The holy master of the Yuanmo clan never thought that this sense of death was brought to him by a young man in Xianyu.

"Zhuzi, Hugh is rampant!" The Yuanmo clan's saint master looked Li Nei, very furious.

The two blood-colored ram's horns on his head broke away directly and turned into two blood-colored heavenly swords, slashing towards the grass character sword energy.

The **** magic light was surging.

"Curse big mudra!"

The holy master of the Yuanmo clan used his other intact arm to perform extreme tricks.

He knew that this young man could no longer use common sense, he could only use an absolute force to kill him!

Jun Xiaoyao closed his five fingers, and the cursive sword energy in the void around him also directly closed, and tens of thousands of swords were cut out in an instant.

The scarlet flying sword that the horns turned into shattered directly!

Jun Xiaoyao urged six reincarnation fists again, and various reincarnation runes splashed, as if there were six ancient universes, crushed against the holy master of the deep demon clan.

Plus the power of two hundred and sixty Sumi worlds.

The holy master of the Yuanmo clan felt that his body was about to be crushed!

There was a loud noise.

The big handprint of the curse is broken!

The body of the Yuanmozu saint master burst into pieces.

But at this moment, a black light flees towards Jun Xiaoyao's eyebrows with a thunderous force.

It was actually going to take home!

"You kid, your physical body is too terrifying. If you seize your physical body, you will definitely be able to make this Holy Master break through to the King of Immortality in the future!"

The primordial spirit of the Yuanmo clan holy lord screamed, like a black arrow, piercing Jun Xiaoyao's eyebrows.

"God be careful!" Meng Zhan and others shouted.

This scene is so unexpected that it is hard to guard against.

"Be careful!"

Ling Yuan actually called out subconsciously.

"Ah....."

Jun Xiaoyao's eyes showed a hint of sarcasm, letting the Yuanshen of the Yuanmo clan holy lord pierce the center of his brows.

This scene made everyone in the Meng family team feel a chill.

Ling Yuan also trembled, unable to tell the complicated feeling.

Snake Yasha smiled hoarsely.

The fairyland seeds fell, but a great achievement.

But what they don't know is.

At this moment, in Jun Xiaoyao knowing the sea soul.

The primordial spirit of the Yuanmo tribe's holy lord was completely stunned.

He looked at the three avenue flowers filled with the breath of time in front of him, completely stunned!

He has never seen such a strong soul!

Desperately strong!

The power of the primordial spirit is boundless like a sea, vast and surging!

Even more powerful than him, the soul of the holy lord!

"Dare to seize the son of Sheben, and seek your own death!"

Jun Xiaoyao Yuanshen, who was sitting cross-legged on the flower of the present avenue, showed a touch of coldness on his face.

The power of the infinite primordial spirit!

Three generations of souls!

There is also a three-generation celestial scripture specializing in the primordial spirit!

Isn't this Abyssal Demon Race holy lord seeking his own death?

Boom!

The chaotic **** mill emerged, stained with the blood of the mottled gods and demons, and crushed against the soul of the Yuanmo clan holy master.

"Do not!"

Howling of the holy master of the Yuanmo tribe!

With extreme despair!

Not only did he have to die, but he had to endure the extreme pain of being crushed by his soul before he died!

If I had known this, it would have been better to fall, and it would be better.

The outside world looked at Jun Xiaoyao, who was standing still and motionless.

The Mengzhan's eyes were about to split, his breath broke out, and he killed Snake Yasha fiercely!

"Die to me!"

Meng Zhan and another Meng family knight, completely violent, together besieged Snake Yasha.

Although they don't have to directly bear the responsibility of Jun Xiaoyao's life and death.

But seeing the legend of Border Gate, the descendants of Jun Wugui had an accident, they still couldn't accept it!

"Haha~www.mtlnovel.com~ you despair, when the strong of the Celestial Demon King comes, that's when you are truly desperate!"

Snake Yasha was laughing.

He fought with the two quasi-superiors, and suffered heavy injuries.

But as long as he waited for the Heavenly Demon King Clan to whom he was loyal to arrive, everything would be over.

At this moment, Jun Xiaoyao's figure suddenly moved, and he flew towards Snake Yasha, Meng Zhan and others who were fighting for their lives.

Meng Zhan's face darkened, thinking that the Lord of the Abyssal Demon Race had successfully seized his home.

Snake Yasha said: "Since you have seized this fairyland seed, leave it first."

However, as soon as Snake Yasha's voice fell, she suddenly noticed something wrong.

Jun Xiaoyao sneered with a sneer on his lips and flipped it with one hand. The Great Desolate Halberd filled with the meaning of killing and deforestation fell into his hand!

Without saying a word, he urged this quasi-imperial soldier with the strongest power to attack and kill the wounded Snake Yasha!

[Chapter 849: Kill Snake Yasha, Tsundere's Lingyuan, the extinction of the foreign royal family...](#)

"Damn, you kid!"

Snake Yasha was furious, and then realized that Jun Xiaoyao had not been seized!

The faces of Meng Zhan and others showed extremely surprised expressions!

Seeing this, Lingyuan not far away felt relieved in her heart.

The Great Desolate Halberd, with a savage air of killing and cutting, cut through the universe, and it can split the eternal wilderness with a single halberd!

This is a quasi-imperial soldier who specializes in killing and killing. It is extremely powerful and powerful!

Jun Xiaoyao rarely uses it because he doesn't need to sacrifice this quasi-imperial soldier at all.

But now, he suddenly made a move and wanted to personally kill the traumatized exotic Quasi-Supreme!

"Die..." Jun Xiaoyao said indifferently.

"The ants are looking for death!" Snake Yasha burst out with rolling mana fluctuations.

Although he was traumatized, he was also quasi-supreme anyhow.

Even if Jun Xiaoyao killed the Abyssal Demon Sage Lord, Snake Yasha didn't think he could threaten him.

The red fleshy wings of the snake yaksha vibrated, and countless lines shot and twisted like a poisonous snake, turning into a billowing tide, blasting towards Jun Xiaoyao.

The void ahead was shattered, and even if a giant ancient star stood in the middle, it would turn into dust.

This is the magical powers of the Snake Yasha clan, displayed from the hands of his quasi-supreme, capable of destroying the world!

However, Jun Xiaoyao's Great Desolate Halberd split and fell.

As if scissors cut the cloth, it cut the Snake Yaksha's offensive into two halves.

Snake Yecha saw it, and the blood-stained steel fork also pierced Jun Xiaoyao.

Clang!

A sound of gold and iron strikes that pierced the sky.

The halberd of the Great Wild Halberd was sharp and sharp, slashing on the steel fork.

"broken!"

The word Jun Xiaoyao fell, urging the vast power of the Eucharist.

At the same time, there is a vision of the Eucharist, and the ghost of the pilgrimage of All Saints appears!

Although it is called Wansheng Worship, the power is increased with the promotion of Jun Xiaoyao.

The fierce coercion once again suppressed the traumatized Snake Yasha.

There was a click.

The steel fork shattered, and the sharp and boundless halberd blade of the Great Wild Halberd fell from the top of Snake Yasha's head, splitting it in half!

Snake Yasha even had no time to escape, and was also cut to pieces.

The unique breaking power of the Great Desolate Halberd crushed the body of Snake Yasha and the primordial spirit!

Seeing this scene, all the alien creatures present were terrified.

They were originally the most arrogant, the most vicious, the most cruel and militant.

But now?

Everyone looked terrified, like falling into an ice cave, and their souls seemed to be frozen!

A great sage killed a quasi-sage!

Even under unexpected circumstances, it is amazing enough to be completely unbelievable!

"This Nima, isn't it a bit too much?" an alien creature said dully.

Even the seed-level Tianjiao of Xianyu is not so terrifying, right?

Or is their information outdated?

Or maybe, this handsome man in white, with a decisive and ruthless approach, is actually a quasi-supreme, just pretending to be a pig and a tiger?

In short.

This group of alien creatures are very confused and terrified.

"This guy..." Ling Yu was also stunned, her beautiful face appeared a little surprised.

Even she has to admit.

At this moment, holding the Great Desolate Halberd in one hand and smashing the exotic quasi-supreme Jun Xiaoyao is a bit handsome!

She suddenly felt that Gu Dizi's plan didn't seem so perfect anymore.

Because no matter how he overestimated Jun Xiaoyao's strength, he underestimated it in the end!

Jun Xiaoyao's expression was very plain, and he didn't feel any complacency or pride because of killing Quasi-Supreme.

To deal with a quasi-supreme in his heyday state, Jun Xiaoyao really couldn't do so cleanly.

But to deal with a Quasi-Supreme who has been hit hard, plus it is a sudden shot.

It is normal for Snake Yasha to be beheaded.

The next battle soon ended.

I have to say that alien creatures are still a bit fierce and combative.

Although he was shocked by Jun Xiaoyao, he resisted desperately in the end.

Of course, all died in the end.

Without the quasi-superior leader, it is almost impossible for them to come back.

Jun Xiaoyao hunted in white, holding a great wild halberd, smashing and killing the Quartet, almost a child with a halberd.

Even a foreign master-level powerhouse can't stop him from a few moves.

Ling Yuan had lost the thought of comparing with Jun Xiaoyao.

After all, Jun Xiaoyao killed a Quasi-Supreme, and it was enough for her to kill dozens of great sages.

Finally, the whole starry sky.

All kinds of broken bones, residues, broken limbs, blood scattered.

Although most of them are alien creatures.

But there are also a small number of people from the Meng family.

Meng Zhan and the others were familiar with this, but after a little memorial service, they sorted their minds.

"Thanks to the **** son this time, if it weren't for the **** son to make a sudden move, then Snake Yasha should be able to escape in the end." Meng Zhan arched his hand at Jun Xiaoyao and said with a sincere smile.

The two great knights can fight Snake Yasha, but it is difficult to kill him.

Snake Yasha couldn't beat it, and he could run.

But Jun Xiaoyao's sudden shot was to paralyze She Yasha, and he didn't expect that Jun Xiaoyao would be so strong.

Originally they wanted to protect Jun Xiaoyao.

It turned out that Jun Xiaoyao established the victory.

"Captain doesn't have to be like this, this is what I should do." Jun Xiaoyao smiled lightly.

He did not take this to heart.

"It's really fortunate to have gods join our team."

The soldiers of the Meng family's team are all fortunate, surrounding Jun Xiaoyao.

As for Ling Yuan, she stood alone, her slender and graceful figure standing like a fairy.

She wrapped her arms around her chest like a jade lotus root, snorted coldly, her expression was cold.

"You just wanted to help me?"

Jun Xiaoyao suddenly looked at Ling Yuan with a deep gaze.

"Ben... I don't have it in this palace. I just think you shouldn't die in the hands of alien creatures no matter what."

Ling Yuan's expression was slightly stagnant, and she let out a cold snort, turning her pretty face aside, prevarication.

Being stared at by Jun Xiaoyao like this, she felt uncomfortable, as if she had been seen through.

Jun Xiaoyao retracted his eyes, thoughtful in his heart.

How did this cold emperor become so arrogant in front of him?

Could it be that the love forever in the sea of reincarnation affected Lingyuan?

Jun Xiaoyao thought to himself.

But he didn't care.

Ling Yuan is still the enemy and opponent, there is no doubt about it.

Later, Jun Xiaoyao collected the Hell Soul Demon Flower.

This **** soul demon flower has been purified by Jun Xiaoyao's Great Sun Tathagata, leaving only pure soul power.

"After taking the time to refine this Hell Soul Demon Flower, my soul level should be a big step towards Hengsha level." Jun Xiaoyao thought.

Meng Zhan stepped forward and said: "God, UU read www.uukanshu.com before Snake Yasha revealed a message during the battle that people from the Celestial Demon King might haunt."

"Is it a foreign royal family?" Jun Xiaoyao murmured.

Snake Yasha, Yuanmo Clan and other general clan creatures are just so powerful.

Isn't the royal creature more powerful?

"Yes, the Heavenly Demon King Clan is one of the top 100 foreign royal families. It is heard that the younger generation has produced eight top Tianjiao, known as the Eight Demon Knights."

"The eight of them have joined forces and have a record of severely hitting Quasi-Supreme!"

Meng Zhan said here with a solemn expression.

Rao is his true quasi-sovereign, and it is estimated that it will be very dangerous to encounter those eight young powerhouses of the Celestial Demon King Clan.

"Are you eight riders?" Jun Xiaoyao sneered at the corner of his lips.

He is used to being invincible among the younger generation in Xianyu, but he also really wants to know, what is the talent of the young king in the foreign land?

[Chapter 850: The change of the ancient lotus seed, the 8 rides of the heavenly devil, the ancestral vein of the fairy source](#)

Meng Zhan explained to Jun Xiaoyao.

Generally speaking, a foreign royal family may have many generals under its command.

The Snake Yasha tribe, the superior of the Yuanmo tribe, is the Celestial Demon King Clan, one of the hundreds of foreign kingdoms.

Although this family is not among the top ten royal families, it is also terrifyingly strong.

Now Jun Xiaoyao, Meng Zhan and others have killed the group of creatures like Snake Yacha.

Naturally it will alarm the demon kings.

If you change to the past, facing the Celestial Demon King Clan, the Mongolian war will probably still have a trace of fear.

But now, for some reason, with Jun Xiaoyao, he feels much more relieved.

Next, Meng Zhan and the others continue to move forward, but they still have their main goal, to find the Seven Sins Gods.

Compared to killing alien creatures, finding the gods is their main task and the most important thing.

The original members of this team all respected Jun Xiaoyao very much.

After this battle, they respected Jun Xiaoyao even more.

Even Jun Xiaoyao's authority status is higher than that of Captain Meng Zhan.

Ling Yu was somewhat left out.

It's not that her record is not good, but compared with Jun Xiaoyao, it looks a little bleak.

Only then did Ling Yuan understand why so many people in Xianyu wanted Jun Xiaoyao to fall.

After all, this feeling of being robbed of brilliance is uncomfortable.

This world of great controversy seemed to be the stage for Jun Xiaoyao alone, and most of the brilliance fell on him.

Looking at Jun Xiaoyao's handsome side face, who always has no expressions.

Ling Yuan suddenly felt that Jun Xiaoyao should be quite lonely.

After all, so many people want him to die.

Even God wants him to die.

"Bah...what is my palace thinking about sympathizing with this nasty guy?"

Ling Yuan came back to her senses and took a sip in secret.

This hateful guy has done so many things to her, and he also made an exclusive mark on her thigh.

She hates it too late!

On Jun Xiaoyao's side, naturally, he didn't know Lingyuan's inner drama.

He was checking his merit jade talisman, and he had already gained a lot of merit points.

Obviously, the quasi-supreme meritorious point of She Yacha was also included in Jun Xiaoyao's bag.

It wasn't that Jun Xiaoyao deliberately grabbed the head, but only through that method could he kill Snake Yacha and prevent him from fleeing.

"Captain Meng, don't we know the specific seal of the gods?" Jun Xiaoyao asked suddenly.

Meng Zhan shook his head and said: "The son of God doesn't know, that God's mind seal is not fixed in one place, but will change places irregularly."

"This is also the reason why it is difficult to find a seal in a foreign land."

Jun Xiaoyao suddenly.

Presumably, the Qing emperor was also aware of it, knowing that in the future, the remaining seven sins of the gods in his mind may cause catastrophe.

That's why the method of changing the location of the seal is used to prevent outsiders from noticing it.

But unfortunately, it was finally discovered by a foreign land.

Just when Jun Xiaoyao was thinking about how to find the seal of God Nian.

Suddenly, in the spring of life in the universe within him.

The quaint lotus seed that Jun Xiaoyao neglected actually trembled slightly.

"what?"

Jun Xiaoyao was also keenly aware.

The next moment, he felt a ray of breath in the dark, not too far away from this star field.

"Could it be..."

What did Jun Xiaoyao think of.

Is the breath in the dark, is it the location of the nearest deity?

This made Jun Xiaoyao feel a little surprised.

Then suddenly.

This simple lotus seed is actually related to Qingdi.

At the beginning, there was nothing special about the ancient lotus seeds, and even the great figures of the Meritorious Hall could not detect anything.

But after being immersed in the fountain of life for a period of time, it seems that it has gradually begun to show some ability.

Thinking of this, Jun Xiaoyao's eyes flickered, and he said, "Captain Mongolian, should we go and see in that direction?"

"Ok?"

Meng Zhan and others doubted.

Why did Jun Xiaoyao suddenly want to go in that direction?

"Could it be that you know the seal of the gods?" Ling Yuan said lukewarmly when she saw this.

"Shut up if you can't speak." Jun Xiaoyao said lightly.

Ling Yuan's gas was blocked again.

"Okay, go here." Meng Zhan also nodded, he didn't have any clues himself anyway.

Vaguely, Jun Xiaoyao seemed to have become the leader of this team, possessing the highest authority.

Subsequently, under the leadership of Jun Xiaoyao, the Meng family team swept towards another star field.

Several days passed.

In the middle of the journey, Jun Xiaoyao, Meng Zhan and others also encountered some sporadic alien creatures, and they killed them cleanly.

Finally, they came to another star field in the world of God Ruins.

This star field is extremely aura.

The band-shaped fairy mist lingers around, which is not worse than some caves and blessings in the Nine Heavens Immortal Territory.

"What a rich aura, is there a treasure of heaven and earth here?" Meng Zhan asked in amazement.

The world of the gods is vast and boundless, and there are also some undiscovered treasures.

Jun Xiaoyao's eyes locked on a planet in the central area of this star field.

A team of them flashed away.

This planet is extremely rich in aura, covering the entire star like an atmosphere.

"The spiritual aura here is a bit abnormal in its richness." Another great knight of the Meng family asked in confusion.

"There is the breath of a foreign boy..." Mengzhan has a keen sense of consciousness, and is even more sensitive to the perception of alien creatures.

He could perceive that on this planet, there are many auras of alien beings.

"There is also an energy, an extremely majestic energy, within this planet." Jun Xiaoyao said.

His soul perception is more sensitive than Meng Zhan and others.

Immediately, Jun Xiaoyao and the others converged all their voices and quietly landed on this planet. at the same time.

On a giant continent on this planet.

A large group of densely packed alien creatures are discovering something here.

That was a huge immortal source spiritual vein buried in the ground.

The giant immortal source spiritual vein, like a long snow-white dragon, goes deep under the earth.

The aura is incredible.

On the side of the Xianyuan Spirit Vessel, there are four iron tower-like figures, watching those alien creatures work and excavate.

These four people were all dressed in dark and heavy armor, and all kinds of powerful monsters were riding under their seats.

Just mount, there is the cultivation base of the Great Sage Peak.

They are just four of the famous eight horses of the heavenly demon king.

"Unexpectedly, this seal of the gods' mind was actually under a section of Xianyuan's ancestral vein."

One of the black knights holding a long axe is the urn sound urn Qidao~www.mtlnovel.com~ he is the fifth among the eight riders of the demon.

"Fortunately, when we came, there was an immortal who was good at fortune-telling. He probably figured out where the seal land might appear, otherwise it would be very difficult to find it."

Another knight with a scarlet sword, he is the sixth.

"The four eldest brothers have entered the depths of the ancestral veins of Xianyuan, exploring the movement of the sealed land, and our task is to dig out this section of the ancestral veins of the Xianyuan." Old Qi said.

"But before, the aura of the Snake Yasha team has disappeared. It seems that they have encountered a powerful enemy in the fairyland." The old eight said.

"What powerful enemy, in the hands of our eight horsemen, they are all scum!"

"Yes, Brother Xianyu, come and kill one by one!"

The four black knights all sneered.

As everyone knows, in the distant mountains, someone is already watching them in secret.
