

Sacred Body 891

[Chapter 891: The real 7 emperor candidates, Ji Dao 1 suffocated and fell](#)

The world of the gods was finally saved.

But most people are not happy.

Even Jun Xiaoyao's enemy, the ancient emperor, Ji Daoyi and others, were extremely upset in their hearts.

Because they didn't get any benefits, the last peach was picked by Jun Farewell.

God Ruins World, in a certain star universe.

A man and a woman are crossing the void back and forth.

It is Ji Daoyi and Ji Qingyi.

"Ahem... That Jun Xiaoyao is really a wicked evildoer. If he didn't sacrifice himself and seal the evil thoughts of the gods, he might not be able to defeat him if he was afraid of leaving him."

Ji Dao held his chest with one hand, coughing up blood.

In the ultimate battle between the Seven Emperors and Jun Xiaoyao.

He was severely traumatized, and even after taking the pill, it was difficult to recover in a short period of time.

"But it doesn't matter, Jun Xiaoyao is dead. Next, I need all the resources of the Human Immortal Sect."

"In addition, in the future, we will return to the family of Nine Heavens and undergo transformation, so that we can catch up with those seed-level figures."

Ji Daoyi has already begun to plan for his future.

After all, before, Jun Xiaoyao's brilliance had shining on this great world.

After the fall of Jun Xiaoyao, the heroes naturally rose together, and the kings were fighting for hegemony.

It depends on who can seize this opportunity to succeed Jun Xiaoyao and become the new leader of the fairyland.

"Qing Yi, afterwards, we can go to the remains of the Remnant Immortal Sect of the Human Immortal Cult. If you want, you can also return to the family on the Nine Heavens with me."

"I will not treat you badly..."

However, Ji Dao is not finished yet.

Pouch!

An indescribable powerful force struck from behind and directly shattered Ji Daoyi's body.

Originally, Ji Daoyi's human immortal body was extremely powerful.

However, after the battle with Jun Xiaoyao, the flesh was already like cracked porcelain, vulnerable to a blow.

"Ji Qingyi, you!"

Ji Daoyi, who was the only soul left, looked at Ji Qingyi who stretched out his bare hand, completely unbelievable.

"Ji Daoyi, it seems that you are weaker than Qingyi imagined."

Ji Qingyi wears a green dress, covering the fairy blossoms, and the roots of her hair are crystal-clear, and her whole person is pure and flawless, like the first bloom of a green lotus.

Covered with light gauze, a pair of star eyes are as clear as lake water, brilliant as stars, but they also have the tranquility and depth of autumn water.

The whole person appears to be super dusty, not stained with dust, and independent from the world.

But what she did was a bit inconsistent with her temperament, which made Ji Daoyi extremely shocked.

"Why?" Ji Daoyi was completely sluggish and did not react.

Although Ji Qingyi is not his Taoist companion, he is also his assistant.

"why?"

Ji Qingyi's face was flat, slowly raising her hand.

In Ji Daoyi's burst of flesh and blood, a brilliance emerged, and finally fell in her jade hand.

It's the seal of Zhengdao Emperor!

"Because Qing Yi is one of the Seven Emperors."

Ji Qingyi's voice is as clear and beautiful as spring water.

But what he said made Ji Dao's heart cold.

He then recalled that when he got the Seal of Enlightenment Emperor, Ji Qingyi seemed to be retreating in the neighboring cave.

Could it be...

This Taoist Emperor Seal was directed at Ji Qingyi from the beginning.

It's just that she was thinking deeply and didn't get it by herself.

Instead, Ji Daoyi was pushed to the cusp of the storm.

No wonder, the Seal of Enlightenment and Dao cannot be integrated into the one of Ji Dao.

It turns out that he is not the Seven Emperors at all!

It's just that Ji Qingyi pushed the Zhengdao Emperor Seal to Ji Daoyi.

If Ji Daoyi can really threaten, even hit Jun Xiaoyao severely.

Na Ji Qingyi can directly show his true body, replace it, and pick up the results of the battle.

If Ji Daoyi can't do it, Ji Qingyi can also completely set aside all relationships.

She can't lose much.

This calculation is simply more sinister than the ancient emperor!

He is completely regarded as a tool man!

"Ji Qingyi, you bitch, wait for me!"

Ji Dao Yuanshen screamed, then turned around and was about to flee.

Hearing Ji Daoyi scolding her like this, Ji Qingyi's face was still as calm as water.

"Qing Yi, don't want to be someone's helper. In this great world, there will also be a brilliance that belongs to Qing Yi."

Ji Qingyi raised her hand, her bare hand bloomed with divine light, and the dazzling divine flower swept across.

If it were the heyday, Ji Daoyi would naturally not be so embarrassed by Ji Qingyi.

No matter how bad it is, he can also pass the situation to the Immortal Sect.

But now, when the incident happened suddenly, Ji Daoyi didn't expect it at all.

Ji Qingyi calculated it would be so deep.

Her appearance is so beautiful and deceptive.

boom!

After one move, Ji Dao died.

Dignified preacher of immortal religion, son of the taboo family on the nine heavens.

Falling in such an inexplicable and frustrated way, no one would believe it.

Of course, this news will not spread.

The news that came out would only be that Ji Daoyi, who was already hit hard, was assassinated by the remaining foreign assassins.

"Jun Xiaoyao, Qingyi really doesn't want to be your enemy if it is not a last resort."

"The facts have also proved that Qing Yi's choice is right, and it is no good to be an enemy of you."

"But, have you really fallen?"

Ji Qingyi's glittering pupils were extremely deep.

As for Ji Qingyi, who had dealt with Jun Xiaoyao in Huangtian Immortal Realm.

She didn't think that Jun Xiaoyao would be such a selfless person.

Ji Qingyi even thought that Jun Xiaoyao was the same as himself.

Both are an exquisite egoist.

Would such a person sacrifice himself for the justice of Xianyu?

At least Ji Qingyi didn't believe it. UU reading www.uukanshu.com

"No, if Jun Xiaoyao is really scamming his death, then it is impossible for God to lower the heavenly crown."

"No matter how much Jun Xiaoyao can calculate, he can't calculate it."

Ji Qingyi thought, shook her head slightly.

Although she admits that Jun Xiaoyao's heart is deep.

But I don't think that Jun Xiaoyao can be counted as the sky.

Ji Qingyi's jade hand shook, and the enlightenment emperor seal was directly turned into nothingness.

No one will ever know that she is one of the Seven Emperors.

"It's a pity, I thought Jun Xiaoyao would be a good partner for cooperation."

"His absolute strength, coupled with my calculations, the two together, are enough to dominate this great world."

Ji Qingyi still felt a little pity.

"Forget it, after the end of the legend of Jun Xiaoyao, it will be an era when seeds are born and wild flowers bloom."

"Hundreds of flowers bloom, and hundreds of birds compete for current. Who can succeed Jun Xiaoyao's position and luck is very important."

"It's time for me to look for a seed-level figure to cooperate." Ji Qingyi's clear eyes were as deep as the sea.

After Ji Daoyi.

Who will be the next one to be taken advantage of by Ji Qingyi?

After the matter was over, the surviving cultivators of Xianyu also gradually withdrew from the world of the gods.

This time, Xianyu also lost a large number of border soldiers.

The great knight has also fallen a lot.

There is even such a supreme taboo Tianjiao as the emperor Yan Mo has fallen.

but.....

Even the combined losses of all the fallen.

It's not as good as Jun Xiaoyao alone.

Jun parted, holding his hands, with a flat expression, and walked out of the world of the gods.

As soon as he showed up, it immediately attracted the attention of all parties.

"Farewell, do you know what you did?"

Fourth Master Scar, enduring the unprecedented anger, coldly stared at your parting!

[Chapter 892: Different reactions from all sides, unwilling to believe](#)

"What did I do? I just conformed to God's will."

Jun Farewell's expression is as indifferent as water.

"you....."

Fourth Master Scar is like an angry old lion.

With his cultivation as a xinxing, it is difficult to calm down at this moment.

"Senior, I am just a Law Bodies. It is completely meaningless for you to act against me." Jun Bie Li said indifferently.

He has a simple appearance and unremarkable appearance.

But facing the Chaos Dao Venerable Scar Siye, he was very indifferent, without the slightest hint of nervousness.

"Hey....."

Fourth Master Scar sighed deeply.

The identity of Jun Farewell is too special.

As the emperor of the emperor's hidden veins, he is also a seed-level figure.

Few people dared to attack him.

"Young man, you can do it yourself." Fourth Master Scar waved his hand.

Not only him, but the elders from other border crossings, their eyes are very cold.

The separation of the king at this moment can be said to be pointed out by thousands of people and rejected by thousands of people.

But Jun Farewell didn't care, his expression was still as calm as water.

He also has his own obsession.

For this obsession, he must get the crown of heaven.

It was not only the separation of the king who was targeted.

There is also the ancient emperor.

In the beginning, he also targeted Jun Xiaoyao the most.

In the end, when Jun Xiaoyao sealed the evil thoughts of the deity with his body, the ancient emperor tried to sneak attack.

It's just that the peaches were picked by Jun Farewell.

Feeling the sullen and contemptuous glances of many people, the ancient emperor's face was pale and his lungs exploded.

Although Jun Farewell was also pointed out by thousands of husbands, at least, he won the crown of heaven.

And what about the ancient emperor?

He was also spurned by others, and he did not get the crown of heaven.

Even the position of the young emperor was handed over to Ling Yuan.

It can be said that after this series of things, the ancient emperor is the worst one.

He can even succeed the tenth prince of Jinwu and become the spokesperson of the tragic character.

The mood of the ancient emperor at the moment was as uncomfortable as if he had eaten Xiang.

Everyone began to retreat from the world of the gods one after another.

Here, Jun Lingcang and Jun Moxiao came to Jun Farewell.

Seeing this scene, many monks around them all cast their eyes.

The emperor of the hidden vein of the Jun family killed the **** of the main line.

How will the two veins get along in the future?

Is it true that the civil war of the Jun family will break out?

"Jun Farewell, our main vein will not let you go easily." Jun Lingcang's eyes were very cold, and the light of chaos emerged in his heavy pupils.

He really wants to shoot.

It's just that the parting of the Lord in front of him is just a law body, and there is no point in shooting.

"I will bear all the consequences alone." Jun Bieli said indifferently.

After the matter is over.

Scar Siye led a group of Tianjiao from the border back to the original imperial city.

And the news of Jun Xiaoyao, not surprisingly, was also like a storm, spreading from the original imperial city, sweeping the ultimate ancient road, and even the entire Nine Heavens Immortal Realm.

The ultimate ancient road, a place of death.

A woman with fallen wings on her back and a long black dress, like a cold fallen angel, felt a palpitating heart.

"My son...what's the matter?"

This woman is Yan Qingying.

In another area, a powerful man with the meaning of reincarnation all over his body was shocked after receiving the news of Jun Xiaoyao's fall.

"The son has fallen, how could it be possible?" Wang Chuan couldn't believe it.

There are also followers of Jun Xiaoyao, such as Yiyu and Eternal Jie Tiannv.

After hearing this news, they couldn't believe it.

Burial Emperor Star, where the Nine Fingers are inherited from the Holy Dragon Emperor.

boom!

Accompanied by a shocking sound, the violent dragon aura overflowed everywhere.

In the sky, the ancient dragon phantom was branded.

A tall and slender shadow of the world emerged.

The green silk is floating, and the jade body is graceful, like mutton fat and white jade.

Conquer the snow barefoot, lighten the void.

It's Princess Longji!

At this moment, Princess Longji, who had accepted the inheritance of the Nine Fingers Sacred Dragon Emperor, had soaring talent and strength.

Compared with those supreme taboo Tianjiao, only strong but not weak.

"Senior Shenglongdi once said that he has only one last wish, that is, he hopes his descendants can make up for his regrets when he was young."

Princess Longji muttered to herself.

The regret in Shenglongdi's mouth is naturally the mysterious arrogant who defeated him in his youth.

"I don't know where the master is now."

In Princess Longji's beautiful eyes, there was a touch of joy and expectation.

In the past, she was only qualified to be Jun Xiaoyao's mount.

But now, after receiving the inheritance of the Nine Fingers Sacred Dragon Emperor, she is finally qualified to follow Jun Xiaoyao.

Soon after Princess Longji left the customs, she heard the news of Jun Xiaoyao's fall.

She couldn't believe it, her delicate body was trembling.

What made her even more unimaginable was.

The chief culprit who made Jun Xiaoyao's fall turned out to be the parting of Jun, who had defeated the nine-finger Sacred Dragon Emperor when he was young!

The new hatred and the old hatred were added together, Ling Longji's beautiful eyes were filled with earth-shattering anger.

Of course, it was not just these people who were shaken by the fall of Jun Xiaoyao.

Ah Jiu, Yan Rumeng, Little Moxian, Lunar Rabbit, Xia Bingyun, Jun Mulan...

All those who have a relationship with Jun Xiaoyao didn't want to believe this news.

Jiang Luoli, who was practicing alone, had a blank mind when he heard the news.

She did not cry, but felt that this was a lie.

She would never believe that the figure in white clothes that gave her infinite sense of security and was always in front of her would fall.

Yes it is.

Jiang Luoli would not believe it at all.

Even if she is deceiving herself or others, she will not believe it.

On the other side, Jiang Shengyi retreats in the core of the Yaochi Holy Land to practice. UU Reading [www. uukanshu.com](http://www.uukanshu.com) carries out the transformation of the congenital Taoist fetus, refining the nine-aperture stone fetus.

At a certain moment, she suddenly felt a pain in her heart, a sting like a needle.

"Master, has something happened?" Jiang Shengyi asked with his lips open.

"No, everything is calm, Shengyi, you can practice in retreat with peace of mind."

Yu Qingning, who had already reshaped her body, had a face like jade, said at this moment.

"Really..." Jiang Shengyi muttered to himself, but inexplicable intentions flowed in his beautiful eyes.

Outside, a beautiful woman in a white dress robe, with a trace of worry on her face, said to Yu Qing.

"Senior Qing Ning, don't you really tell Shengyi the news of Jun Xiaoyao's fall?"

This beautiful woman is the contemporary saint master of Yaochi Holy Land.

"Don't you think that Shengyi can't notice it?" Yu Qing said in a cool way.

"Senior is saying that Shengyi already knows that Jun Xiaoyao is in trouble?" The saint master of Yaochi asked in astonishment.

Yu Qingning nodded slightly and said: "She should have noticed it, but she has absolute confidence in Jun Xiaoyao."

"Then the predecessors think, did Jun Xiaoyao really fall?" the saint master of Yaochi asked.

Be realistic.

They are willing to cultivate Jiang Shengyi and make him the next generation of Holy Lord.

But not just because of Jiang Shengyi's own strength talent.

It is also because she and Jun Xiaoyao have a close relationship.

In the future, one person will gain the Tao, and the chicken and dog will ascend to heaven, and the entire Yaochi Holy Land will become the top immortal force.

If Jun Xiaoyao really fell, the impact would be too far-reaching.

"I don't know this, but Jun Xiaoyao's opponent this time is God." Yu Qingning sighed.

Even the crown of heaven has come down.

It proves that Jun Xiaoyao really fell.

Is it possible that Cheng Xiaoyao, and that ability, can deceive God?

[Chapter 893: It really irritated my Jun family, it was to overturn this heaven, and there was...](#)

Huangtian Xianyu, Huangzhou Jun's family.

After the news of Jun Xiaoyao's fall spread.

Countless creatures can feel it in the entire Desolate Heaven and Immortal Realm.

The whole fairyland seems to be trembling!

The source of the shock comes from the Emperor's family in Huangzhou!

At this moment, the Jun's house shook the sky.

Many young people from the Jun family were screaming, wailing, unbelievable.

Jun Xiaoyao can be said to be the pillar of the younger generation of the Jun family, a faith-like existence.

Even some monarchs who have given birth to offspring will teach that you must be like the Xiaoyao brother in the future.

Be a man who stands upright, sweeps everything, and has an invincible spirit.

It can be seen that Jun Xiaoyao's prestige and prestige in the Jun family has already won the hearts of the people.

It can be said that as long as Jun Xiaoyao is willing, he can be the head of the Jun family whenever he wants.

There will be absolutely no opposition from a family member.

But now, this belief has collapsed.

Many people are unwilling to believe it even now, thinking this is false news.

As for Jiang Rou, she fainted even when she heard the news.

There was news before that one of Jun Wuhui's Sanqing avatars had been missing during a battle with the alien Crimson King.

Now, there is another news of Jun Xiaoyao's fall.

Jiang Rou was indeed a little unbearable for a woman.

There are also Jun Linglong, Jun Ying'er, Nalan Ruoxi, and Su Ziqiong.

None of them took the path of God and stayed at the Jun's house to practice.

Now that he heard the news of Jun Xiaoyao's fall, the women were also crying.

Of course, it's not just the Jun family that turned the sky upside down.

It was also difficult to calm down on the Huanggu Jiang's side.

Jun Xiaoyao's grandfather, Jiang Daoxu, has a fluctuating mood.

His great grandson, for his health, went to the Eternal Burial Ground alone to find the Nine Wonders of Reincarnation Immortal Grass for him.

As a result, the news came now, which made him unacceptable.

If it weren't for Jun Xiaoyao, it was someone from the Jun family.

Change to other forces, Jiang Daoxu really will lead the entire ancient Jiang family to annihilate that force!

"Dao Xu, calm down for the time being, the Jun family hasn't taken any action yet."

"After all, this time, it is related to the hidden veins of the Jun family. I can't wait to intervene directly." The ancestor of the Jiang family was admonishing.

"Hmph, if things are really settled, I will not let those who shot my grandchildren!" Jiang Daoxu's killing intent was shocking.

"Of course, Xiaoyao is also the young master of our Jiang family, with half of the Jiang family's blood."

The ancestors of the Jiang family nodded.

Most people in the world call Jun Xiaoyao as the son of the Jun family.

However, he has overlooked that he is also the young master of the Jiang family.

Although the Jiang family is low-key, it is also an ancient family and cannot be ignored.

At this moment, in the ancestral shrine of Emperor Huangzhou.

The ancestors of the monarchs are all sitting here.

Headed by the eight ancestors of the Jun family, Jun's destiny.

In addition, Jun Xiaoyao's grandfather, Jun Zhantian, is also here.

He has a shaggy beard, his eyes are bloodshot, and his mental state is not very good.

"It has been confirmed, Xiaoyao's life card is shattered, it should be... really fallen." The Sixteenth Ancestor said solemnly.

"Damn it, that Hidden Maid's parting, how dare you dare to do this!"

The eighteenth ancestor was a little gaffe and couldn't help but scream.

When Jun Xiaoyao was born, he was first alarmed and crawled out of the soil.

It can be said that watching Jun Xiaoyao grow up, he naturally has the deepest affection for him, no different from his grandfather.

"Eighteen, don't worry, what the specific situation is, we still need to make a decision." Seventeenth Ancestor said.

"Yes, if it's other forces, you can just destroy them, but the hidden veins still need to be considered." The fifteenth ancestor said.

The strength of the hidden veins is only weaker than the main vein, but it is definitely not much weaker.

If you really want to go to war with Yinmai, the price will be too great.

When the time comes, the Jun family will be traumatized without the Supreme Xian Ting taking action.

Not to mention that now the foreign lands are eagerly watching, and the flames of war are about to ignite.

The Jun family, let alone a civil war at this time.

"Is it possible that things that are easy to do, just forget it?" Eighteenth Ancestor retorted.

"Of course not, but if you really want to go to war with Yinmai, you still need to get the consent of the ancient ancestors before you can start it." Fourteenth ancestor said.

The ancestors of Huangzhou Jun's Ancestral Temple are all in the Seven Supreme Realms. Although they are not small, they are not the oldest.

Those ancient ancestors above the quasi-emperor of the Jun family are not in the ancestral temple.

They are either in the outer starry sky, in the unknown fierce land, or sleeping in the ancient Jedi.

Those ancient ancestors are the figures in the Jun family who really control the right to speak.

And fighting against Yin Mai is different from fighting other forces.

Other immortal forces will be destroyed if they are destroyed, which is not a big deal to the Jun family.

But the hidden veins are also very deep, not to mention the blood is the same, there is always some blood friendship in it.

It is precisely because of this that the previous eighteen ancestors said that, if possible, it is best for Jun Xiaoyao to return with hidden veins.

But I didn't expect it to be the result now.

"Dare to ask the ancestors of the destiny, have all the ancestors sent orders?"

Among the ancestors, the sixteenth ancestor asked.

The Eighth Patriarch sitting cross-legged in the first seat, Jun Tianming, has been calm and relaxed, and has not spoken.

At this moment, Jun Tianming raised his eyelids and said: "Gu ancestors, I haven't issued an order."

"Is it because Xiaoyao didn't die, but it's impossible, the heavenly crown has come down?"

Some ancestors said suspiciously.

No one can fool God.

"You guys, don't worry, those ancient ancestors naturally have their plans. If they really provoke my monarch, it would be difficult to overturn this heaven?"

Jun Tianming's tone was light, but what he said was extremely shocking.

The game with the sky, to put it bluntly, is just a test for Jun Xiaoyao.

If the Jun family really wanted to cheat, they would be able to find out the Seven Emperors one by one from the beginning, there are so many things.

It's just that the Jun family wants Jun Xiaoyao to go through some hardships and trials. UU reading www.uukanshu.com

"The meaning of the ancient ancestors, is it..." The eighteenth ancestor was thoughtful.

"Don't worry, let the bullet fly for a while..."

"But... it's time to beat and beat certain forces." Jun Tianming showed a meaningful look in his eyes.

Now the ancestors of the monarch family are a little angry.

If you are angry, you have to sprinkle it naturally.

It's time to find a punching bag.

On the other side, outside the original imperial city.

Jun Farewell and the others, ready to turn the hidden veins.

An invisible wave seemed to come from outside the universe hundreds of millions of miles away.

Even so far apart, the coercion is terrifying!

Zhundi!

This is the power of the quasi emperor!

"Farewell, I have seen the seniors of the main line."

You parted, dressed in a commoner, unremarkable, very simple.

Facing the void, he arched his hands slightly.

"Wait, can you explain?"

A plain old voice came.

Jun Farewell's eyes flickered slightly, and he said, "In the future, Farewell will go to the monarch's main line, and bear Jing to ask for sin."

"Heh...Is this something that can be solved by guilt?"

"This..." Jun Farewell was speechless for a while.

At this moment, another wave came from the distant universe.

"Jun Tai, you are still old-tempered, don't pull your face down, you will be born after making things difficult."

This wave is the voice of an old woman.

"It's you, Jun Cuihua, you who are immortal, are you still alive?"

Jun Cuihua, the name sounds rustic, even ridiculous.

But she is a very old ancestor of Yinmai, who has been deeply cultivated in the quasi-emperor realm for many years, and her strength is unfathomable!

Feel the fluctuation of the two quasi-emperors, the main channel of the monarch and the hidden channel.

Many prying eyes around were shocked.

Is it possible that the family of the monarch is really going to be a civil war?

[Chapter 894: Walk and walk again, separate from the king and life](#)

"You are still alive, how could your old body die?"

In the void, Jun Cuihua's divine consciousness fluctuated.

These two ancient ancestors of the noble family seem to have met each other before.

"It seems you want to save this kid?"

"Life and death have fate, wealth is in the sky, everything is fixed."

"If there is a cause, there will be an effect, let's see it in the future..."

Jun Tai Ah's spirit dissipated.

Jun parted, from beginning to end, his expression was indifferent.

As if not worried at all, the main vein would attack him.

"Soon, everything will have results." Jun Bie Li smiled lightly.

Seeing the two Jun family quasi emperors, there is no meaning of confrontation.

The big figures of many forces in the secret are a bit stunned.

The Jun family's reaction did not conform to their usual arrogant style.

However, some people think that it is hidden veins after all, and it is indeed not easy to shoot directly.

In exchange for other forces, it is estimated that the Jun family would have been destroyed long ago.

Jun parted and returned to Yinmai.

He came to a place of heaven and blessed land with extremely rich immortality.

Jun Qingyan and Jun Yinhuang followed behind him.

In the center of this cave, there is a spiritual spring.

In the spring's eyes, there is a three-foot-high fairy source floating up and down.

In Xianyuan, an elderly woman was sealed.

He looked very old, with silver hair and ravines on his face.

However, the outline of the youth is vaguely visible, absolutely pure and beautiful.

"this is....."

Both Jun Qingyan and Jun Yinhuang were a little confused.

Could this be a certain elder of your parting?

But the next moment, something that stunned the two of them happened.

Jun parted, walked to Xianyuan, stretched out his hand, and slowly touched it.

"Qing'er, how many years have passed, I finally found a way to resuscitate you and live forever with me."

"That is, let you also have the qualifications to become a great emperor."

The words of Jun Qingyan and Jun Yinhuang were completely stunned.

Could it be...

"You may be very puzzled, why I don't hesitate to bear the infamy of cruel blood, but also get the crown of heaven."

"Just because I can't let go of her."

"Maybe it's selfish, but it can't be helped. Maybe people are selfish."

"Next, I will also let the Yin Mai return to the main channel. This is the only thing I can do."

The words of Jun's parting made the two of them completely stunned.

Especially Jun Qingyan.

To be honest, at the beginning, she was really disgusted and disgusted with the separation of the Lord.

Think of him as a mean villain who has no blood and affection and only cares about himself.

But now, there seems to be a hidden secret.

"Do you want to hear a story? I haven't told anyone for a long time." Jun Farewell smiled.

The two were silent.

But you still said farewell.

In the age of the separation of the Lord, he was the arrogant man who astounded the starry sky.

He is the supreme emperor with hidden veins of the Jun family, above ten thousand, overlooking the ups and downs of the great world.

All the proud women of heaven are only worth looking up at him, and they don't even have the qualifications to stand beside him.

Jun Farewell didn't think he would like anyone.

All his energy was dedicated to cultivation.

until one day.

He stayed at some mortal ancient star.

When looking for a certain alchemy herb.

I met the mortal tea picker with a pure appearance and a cloth coat.

"Hey, you fellow, don't you know the way?"

"Hey, or go to my house first, I'll make tea for you."

"Hey, why don't you laugh, you look a little dazed."

It's hard to imagine.

One is the emperor of the Emperor's hidden veins, who overlooks the great world.

One is a tea picker who has a mortal body and has no cultivation skills.

Sometimes, fate is like this, unreasonable.

You parting, don't love the holy girl, don't love the fairy of Dajiao, don't love the proud girl of heaven.

Only the tea picker in the red dust was tempted.

Of course, Jun Farewell did not like it immediately.

He believes that this tea picker, Li Qing'er, is just a passer-by in his long life.

Lifespan is nothing to you.

But for Li Qing'er, her life is only a hundred years.

After a short stay, Jun Farewell is about to leave.

He looked at Li Qing'er with a trace of reluctance in his eyes, and after a slight silence, he left a practice technique.

"If you can practice, then come to me in the future."

After he finished saying goodbye, he left directly.

He thought that Li Qing'er was just a small embellishment in his life.

But who knows...

Li Qing'er really practiced the exercises, and went to the endless starry sky to look for the figure of Jun parting.

Only then did Li Qing'er know the origin of this ordinary man in her eyes.

But Li Qing'er went looking for it anyway.

Finally found it.

Jun Farewell couldn't expect that the mortal tea picker who made him a little tempting, really came to him.

A gentleman's emperor, a mortal tea picker.

The two know each other and fall in love.

However, Li Qing'er's aptitude was too low, and his cultivation was too bad.

Even if Jun Farewell tried all kinds of methods, it would be difficult to help her break through the bottleneck.

Li Qing'er gets old day by day.

But the parting of Jun is still young.

Not to mention, you often fall asleep when you leave. When you fall asleep, it is an era.

Although Li Qing'er was also sealed in Xianyu.

But as time passed, the fire of her life became more and more bleak.

Until one day, Li Qing'er was already very old and became an old woman.

She touched Jun Farewell's face and said with tears on her face.

"You are still so young, and I am so old."

"No, Qing'er, you are still the first sight in my heart."

"After this deep sleep, I may not be able to wake up again..."

"No, I will try everything I can to save you."

Li Qinger shed tears.

Before being sealed by Xianyuan, she murmured.

"Go and go, go and go, parting from the king and life."

Because of this sentence, Jun Farewell changed his name.

Before that, he didn't call you a goodbye, but called you to return to the dust.

But because of Li Qinger's words ~www.mtlnovel.com~, he changed his name to Jun Farewell.

Just to not forget your only lover.

One pair for life people.

The story is over.

Emperor Yinhuang was silent.

Jun Qingyan's eye circles are already slightly red, and she is moved by this love story.

To be honest, they didn't quite understand at first, why didn't Jun Farewell get into himself after he got the crown of heaven.

Although the genius of the separation of the king is extremely terrifying, it does not need the crown of heaven to prove the emperor.

But at least, to be integrated into the Crown of Heaven, there are only advantages, no disadvantages, it is a kind of supreme baptism.

They are puzzled.

But now, they understand.

Jun Farewell did this for his lover, Li Qing'er.

This is the old woman who is now sealed in Xianyuan.

"I don't beg for forgiveness, even if it is pointed out by a thousand people and spurned by all people, it doesn't matter."

"Besides, this is the condition for the return of the hidden veins." Jun Farewell said.

His words shocked Jun Qingyan's body, his beautiful eyes widened, and the dark pupils with an extremely incredible color.

She remembered again, the jade slip they gave to Jun Xiaoyao when they were in the original imperial city.

There is a condition for the return of the hidden veins.

But Jun Xiaoyao said that he accepted that condition.

"Master Tian, is it possible that the condition for the return of hidden veins is..." Jun Qingyan was shocked.

"Yes, the condition for the return of hidden veins is that I get the crown of heaven."

"It is precisely this impossible condition that Jun Xiaoyao has completed!"

Jun Farewell's eyes are deep, with a sigh.

Even he didn't expect that Jun Xiaoyao really fulfilled this demanding condition that was almost impossible.

But the problem is...

Is Jun Xiaoyao really letting Yin Mai return at the cost of his life?

[Chapter 895: The conditions for the return of the hidden veins, the true purpose of Jun Xiaoyao, Jun...](#)

In the original imperial city, Jun Qingyan and Emperor Yin gave Jun Xiaoyao a jade slip.

It is recorded in it that the condition for the return of the hidden veins is to allow the king to get the crown of heaven.

This is why, at that time, Jun Xiaoyao would say that this is a difficult condition that is almost impossible to complete.

But Jun Xiaoyao is done.

It's just that the price is life.

"So, in fact, Lord Son of Heaven, himself is not hostile to Lord Son of God?" Jun Qingyan asked.

"Of course, to be honest, I am also very emotional about this amazing rising star." Jun Bieli sighed.

Jun Xiaoyao's enchanting level is simply stronger than some young emperors he has seen.

"Master Tianzi thinks that Lord Godzi really has fallen?" Jun Qingyan asked with a trace of expectation.

"This is not certain, but since he has done this, it proves that this is his choice." Jun Bieli shook his head.

It was also difficult for him to imagine how Jun Xiaoyao could fool God.

Even if there is only a trace of remnant soul, if it is noticed by the heavens, it is impossible to lower the heavenly crown.

Jun Qingyan's eyes dimmed.

But there is still a glimmer of hope in her heart.

What if?

Next, Jun Farewell was unusually nervous.

He integrated the heavenly crown into Li Qinger's body.

This old lady who is still very old.

At an alarming speed visible to the naked eye, he began to regain his youth.

The wrinkled skin becomes fair and supple.

Cangcang silver hair turned into supple blue silk.

The Crown of Heaven, possessing supreme mighty power, can completely change a person's life structure, and his talent potential will skyrocket. It has the posture of an emperor.

In the end, Li Qinger woke up.

She regained her status as a two-year-old girl.

Seeing Jun Farewell in front of her eyes, her tears blurred.

"Is this a dream?" Li Qinger couldn't believe it.

"I promised you, I did it." Jun Bie Li smiled.

This pair of lovers is finally consummated.

However, Li Qinger blamed herself very much after learning about the separation of the Lord.

She didn't want to see that Jun parted for herself and did such a thing.

"Don't worry, if Jun Xiaoyao is really immortal, then I am willing to surrender to him in the future and repay this great kindness."

"If he really falls, after that reincarnation, I will be a cow and a horse for him again."

You have already reached the limit.

He is willing to let the hidden vein return to the main line, and is more willing to surrender to Jun Xiaoyao.

In the eyes of Emperor Jun Yin, this is extremely incredible.

"Sir, why are you doing this?" Jun Yinhuangdao.

"Jun Xiaoyao is kind to Qing'er, that is, he is kind to me. Just letting the hidden veins return can't make up for this kindness." Jun Farewell said calmly.

An affectionate person for love.

He must also be a person with clear grievances.

Jun Bie Li is such a person, he can bear the accusations of thousands of people, and spurn by thousands of people in order to save his lover.

You can also do your best for the grace of Jun Xiaoyao.

...

The entire Nine Heavens Immortal Territory is surging.

Everyone is waiting to see if the Jun family will fight inwardly.

What I look forward to most is naturally the forces such as Fuxi Xiantong in Xianting.

After all, they are very happy to see the infighting of the Jun family.

However, the facts did not exceed everyone's expectations.

Jun's family, several quasi-emperors have been dispatched.

Other ancestors also followed.

This made a group of immortal forces very shocked.

Only the Jun family can mobilize several quasi emperors casually.

As for the emperor and above, under normal circumstances, it rarely appears.

Even everyone can feel that there is a faint fairy qi surging.

A big brother was shocked, could it be that the Jun family also offered a quasi-immortal weapon?

Just as everyone was waiting, when the Jun family's internal fighting was unfolding.

An astonishing news, as if it had grown wings, was transmitted to the entire Nine Heavens Immortal Realm.

Jun's hidden veins, willing to return to the main vein!

boom!

This news, like thunder on the ground, instantly detonated all public opinion in the Nine Heavens Immortal Domain!

As everyone knows, the reason why the Jun family has not been arrogant enough to be defiant.

It was because of the division of the hidden veins that caused the Jun family's vitality to be severely injured and lost part of its heritage.

As a result, the Jun Family Yin Mai returned at this juncture, shocking all immortal forces.

The eighteen ancestors in the monarch's team trembled.

"It's Xiaoyao, he has completed his entrustment and let Yin Mai return!"

At this time, the ancestors suddenly realized.

Could it be that Jun Xiaoyao's move was made for the return of the hidden veins?

That's too deep, right?

just.....

At the cost of life, some are too heavy.

But this also gave the Eighteenth Ancestor and others a hope.

Jun Xiaoyao may have such a slight possibility that he has never really fallen.

Of course, this is just a good hope for everyone.

Next, the Jun family's team continued to move towards their goal.

Their goal is not a hidden vein.

But...

Fuxi Xiantong!

Because the ancient emperor is the number one person against Jun Xiaoyao.

None of the forces thought that the Jun family would directly find Fuxi Xiantong.

Even the quasi-immortal weapon and the catastrophe fairy axe were sacrificed.

The quasi-xian implement is second only to the immortal implement.

Compared with imperial soldiers, they are much stronger.

As for the Jun family, he was directly carrying a catastrophe fairy axe and came to the door to slap him in the face!

"Damn it, your monarch is crazy!"

In the Fuxi immortal system, there are strong people yelling.

Now that the enemy of the foreign land is present, the Jun family is still doing this.

"Let the culprit come out, kneel down and apologize!"

The ancestor of the Jun family shouted.

They didn't expect Fuxi Xiantong to directly execute the ancient emperor, that was a bit too far.

But at least you can kneel down.

"You don't want to be presumptuous!"

The quasi emperor who had the Fuxi immortal order couldn't help it.

At the same time, in the void, with a terrifying breath, an ancient stone stele with a boiling dragon's energy emerged.

It is the quasi-immortal implement, the Fuxi Dragon Stele!

"Then try..."

The seventh ancestor of the Jun family, Jun Tai, that is the old man who once fished the star swallowing ancient beast in the galaxy coldly shouted.

"Both sides, UU reading www.uukanshu.com, both take a step back. The current foreign enemy is indeed not the time of civil war."

There are many immortal forces coming to reconcile.

Some forces such as the Emperor Wa Xiantong also showed up.

In the end, the ancient emperor was forced to kneel in front of countless people and apologize to Jun Xiaoyao.

"I was wrong. I am a sinner. I shouldn't count against the hero of the fairyland, Jun Xiaoyao..."

The ancient emperor, almost word by word, gritted his teeth and spit out these words from his mouth.

After saying these words, the ancient emperor couldn't help but shook his chest and spilled a bit of blood.

"Damn it, this Jun Xiaoyao will anger me if he is dead!"

The ancient emperor's lungs are about to explode.

This Nima, a dead man can force him to kneel down, and he is so angry that his heart is unstable.

The ancient emperor simply inherited the will of the ten princes of the Golden Crow and became the spokesperson of the new generation of tragic characters.

Of course, except for Fuxi Xiantong.

Taixu Ancient Dragon Clan where Long Yaoer is located.

The eclosion **** dynasty where the king eruption is.

The Jun family walked all over.

Without exception, they all apologized for showing weakness.

After all, after waiting for the future, the Monarch's hidden veins will be completely merged with the main veins.

At that time, there are really few forces that dare to provoke the Jun family.

As for the person who Ji Daoyi is in, Xianjiao.

Because of the news of Ji Daoyi's fall, the Jun family didn't bother to come.

So far, the Jun family has beaten all the forces and once again demonstrated the supreme authority of the Jun family.

Of course, all of this is attributed to Jun Xiaoyao.

After all, Yin Mai returned because of him.

It can be said that the two lines of the Jun family can merge and return to its peak again. Jun Xiaoyao is the number one hero and has an indelible contribution.

However, there are also many hostile forces that sneer in secret.

Jun Xiaoyao is dead, now what is the use of beating all the forces?

[Chapter 896: This wave of gentlemen is happy in the atmosphere, playing with the heavens, violent 1...](#)

In the entire Nine Heavens Immortal Realm, because of the fall of Jun Xiaoyao, there was a lot of trouble.

Somewhere in the void.

There was a cloud of blood with broken bones.

An ancient talisman is located in it.

A faintly looming light of the Primordial Spirit, slowly illuminating in the ancient talisman, as faint as a firefly.

Vaguely, there was a vague wave of consciousness.

"This time, it seems to be a bit too big..."

This faint fluctuation of consciousness clearly belongs to Jun Xiaoyao!

And this ancient talisman is exactly what Luangu Emperor used to save his life, the ancient emperor talisman!

Once, Jun Xiaoyao slashed Wang Teng's primordial spirit, and finally Wang Teng was able to recover with half of the ancient imperial talisman.

Not to mention that now, what Jun Xiaoyao has is a complete ancient imperial talisman!

Of course, this is not the only reason Jun Xiaoyao can hide from the sky.

The primordial spirit of Jun Xiaoyao was indeed destroyed by Jun Farewell when he was in the world of God Ruins.

But don't forget, the soul of Jun Xiaoyao is the soul of the three generations.

He has a little soul, hidden in the past, but the soul of the past.

But Jun Xiaoyao's past is blank.

Because he is in addition to the ancient Eucharist and the supreme bone.

There are also three thousand physiques, ranked first.

The Fate of Nothingness!

This is Jun Xiaoyao's own physique that he doesn't know much about.

Jun Xiaoyao only believes that he is a traverser, free from cause and effect, and does not fall into reincarnation.

Eternal Jie Tiannv had also been shocked, Jun Xiaoyao seemed to be a person who did not exist in this world.

The fate of nothingness, jumps out of the three realms, and is not among the five elements.

There is no fate, no cause and effect.

It is difficult for anyone to probe his past.

So this is also the reason why Jun Xiaoyao can hide from God.

Even if it is God, it is impossible to infer a non-existent person!

And Jun Xiaoyao took advantage of the loophole of being a traverser without being causal.

Shengsheng deceived God!

So in this game with the sky, Jun Xiaoyao actually won!

On the contrary, the sky is the one who was taken advantage of!

Also lowered the crown of heaven in vain.

Jun Xiaoyao even used this round to negotiate terms with Jun.

Successfully let the Yin Mai return to the main line!

He also indirectly conspired to seize the World Tree and became the hero of Xianyu!

It can be said that in this wave, Jun Xiaoyao is really in the atmosphere and has deceived everyone.

Even the ancestors of the Jun family were deceived by Jun Xiaoyao.

It is conceivable that if Jun Xiaoyao reappears in the Nine Heavens Immortal Domain, the truth of all this will come to light.

How stunned the sentient beings in the fairyland will be?

I am afraid that the sky will be angry.

For countless years through the ages, no one can play God like this.

But Jun Xiaoyao did it!

"Although it's a bit cool to play with the sky once, but the price is not small..."

Jun Xiaoyao's consciousness fluctuated slightly, and he was a little helpless.

Not only the physical body was almost destroyed, but even the supreme bones were cracked.

"Then you leave, it's really not easy to start." Jun Xiaoyao sighed.

Naturally, he deliberately lost to Jun Farewell.

Otherwise, as long as Jun Xiaoyao is unwilling.

Even if he was cultivating evil thoughts, Jun Farewell would never want to defeat him completely.

Jun Xiaoyao has this ability.

As for sacrificing oneself, protecting the fairyland or something.

That is nonsense.

It is impossible for Jun Xiaoyao to sacrifice himself for the sentient beings in the fairyland, he is not such a person.

It's good to protect the red-faced relatives around him at most.

If Jun Xiaoyao knew that all the sentient beings in the immortal realm were worshiping him and regarded him as the hero who saved the immortal realm.

That Jun Xiaoyao would definitely find it ridiculous.

He really doesn't want to be a hero.

However, although Jun Xiaoyao paid a great price this time.

But the gain is also great.

At least he got the world tree.

This one thing can offset all his losses.

At this moment, a mechanical sound suddenly sounded.

"Ding, congratulations to the host, you have reached the end of the ultimate ancient road, do you sign in?"

"System, are you playing with me?"

Jun Xiaoyao was speechless.

It was delayed until now to sign in.

But he is also looking forward to what good things he can get this time.

After all, now, Jun Xiaoyao's situation is indeed not good, and he needs to sign in for good things.

"Sign in..." Jun Xiaoyao waved in consciousness.

"Ding, congratulations to the host, sign in at the end of the ultimate ancient road."

"Ding, congratulations to the host, I got lucky crit reward for signing in this time."

"Ding, congratulations to the host, I won the ten consecutive sign-in rewards!"

Hearing this wonderful voice of the system, Jun Xiaoyao's consciousness flashed through fluctuations.

"This is... ten consecutive draws, is it so cool?"

Jun Xiaoyao had an accident.

The system is also rare and generous once.

But think about it, the ultimate ancient road is indeed very long, and it's normal to get lucky crit rewards.

"Ding, congratulations to the host, get the seven-star reward, and change the Dafa!"

"Ding, congratulations to the host, get the seven-star reward, Dao Heart Magic Technique!"

"Ding, congratulations to the host, get the seven-star reward, all things earth!"

"Ding, congratulations to the host, get the eight-star reward, the origin of Tao!"

"Ding, congratulations to the host, get the eight-star reward, the quasi-imperial soldier, and the sword fetus of Luo (evolve)!"

"Ding, congratulations to the host, get the seven-star reward, slash the sky!"

"Ding, congratulations to the host, get the seven-star reward, the nine immortal life-defying pills!"

"Ding, congratulations to the host, get the eight-star reward, the three-life immortal medicine!"

"Ding, congratulations to the host, get the nine-star reward, the seed of faith!"

"Ding, congratulations to the host, get a ten-star reward, black blood of God!"

A series of ding-dong sounds and sign-in rewards made Jun Xiaoyao feel dizzy.

Happiness comes too suddenly!

For ten consecutive draws, the lowest is seven-star rewards, and there are many eight-star rewards.

There are even nine-star and ten-star rewards!

This is the top reward that Jun Xiaoyao has never received!

"Now, UU reading www.uukanshu.com is really about to take off." Jun Xiaoyao said with fluctuating consciousness.

Although his current situation is not very good, Jun Xiaoyao is confident, and he will be able to recover quickly after receiving these rewards, and he will be stronger than before!

Not to mention, Jun Xiaoyao also got the World Tree.

This world tree, if converted into rewards, it is definitely a top ten-star reward!

With so many babies, it is difficult for Jun Xiaoyao not to take off.

"When I return to the fairyland, I don't know what will happen?"

Jun Xiaoyao was inexplicably curious.

But right now, he is drifting in eternal chaos and nothingness.

Jun Xiaoyao didn't know where he would end up in the end.

...

The people of Xianyu naturally didn't know about the situation of Jun Xiaoyao.

After the Jun family beat all the forces.

The entire fairyland also fell into a brief calm.

On the Jun's side, the main channel and the hidden channel are about to merge.

It is conceivable that the strength of the Jun family will skyrocket, and it will even be able to return to its previous peak.

Of course, Xian Ting is not idle either.

It is led by the emperor Waxian and Fuxixian.

The Nine Great Immortals will begin to reorganize into the real Supreme Immortal Court to fight against the merged monarchs.

Of course, this is not something that can be done overnight.

On the other side, he was restless and began to harass frequently in the border desert.

Obviously, after the failure of Shenxu World's plan, Foreign Land can only plan how to break through the border.

For a time, the entire era seemed to usher in a turbulent period.

The real world has begun!

And shortly after the end of the God Ruins World.

An astonishing news spread again throughout the Nine Heavens Immortal Territory.

The Nine Heavens Immortal Courtyard is about to open!

[Chapter 897: The fairy courtyard opens, the era of wild flowers blooming](#)

In the Nine Heavens Immortal Realm, except for the ancient families, immortal dynasties, and top sacred places.

There are also many schools and academies.

These colleges and academies have profound background and long heritage, and many of them are not weak and immortal.

For example, Jun Xiaoyao also possesses the identity of the Wild Heaven and Immortal Territory, the Saint Son of the Holy Spirit Academy.

The other parties in the fairyland also have their own institutions.

The Demon King Academy of the Demon Race.

The ancient imperial academies of the Taikoo imperial family are all very famous.

But these are far inferior to Jiutianxianyuan.

The Nine Heavens Immortal Academy is the supreme institution of the Nine Heavens Immortal Realm, a supreme sacred place with top resources and inheritance.

This college is the most coveted college of all the younger generation in Xianyu.

Moreover, the Nine Heavens Immortal Academy has no class, as long as the strength is strong enough, the talent is strong enough, and is willing to fight for the immortal domain, there is a chance to join it.

Four Master Scar had said before.

If you make a great contribution in the world of the gods, you are eligible to obtain a fairy-level good fortune.

And that fairy-level good fortune is in the Nine Heavens Immortal Courtyard.

Nine Heavens Immortal Courtyard, an era may not be opened once.

Only in the most chaotic world, when Xianyu encounters a crisis, the Nine Heavens Immortal Courtyard will be opened.

Cultivate true elites and pillars for Xianyu.

Those Tianjiao who have participated in the battle of the God Ruins World before, have the opportunity to join.

Those supreme taboo Tianjiao can even get the baptism of fairy-level good fortune.

Of course, many people are not convinced.

The ancient emperor and the others, why are they qualified to join the Nine Heavens Immortal Courtyard and get a fairy-level good fortune.

There are many young people in Xianyu, who set off a wave of boycotting the ancient emperor.

The true hero of the fairyland, Jun Xiaoyao, ended sadly, but the villains such as the ancient emperor could get a fairy-level good fortune.

It can be said that the ancient emperor, even with the Fuxi Immortal Order, had a bad reputation in the immortal domain.

Of course, in the end, the ancient emperor and others can still enter the Nine Heavens Immortal Courtyard.

After all, the authority of Xian Ting is unshakable.

One year after the opening of Jiutianxianyuan.

Another major event also began to affect the fairyland pattern.

Those seeds that were dormant in ancient history began to germinate and recover one by one.

Jun Farewell is the first, but it can never be the last.

The fall of Jun Xiaoyao seemed to have ignited the fuse of this golden age.

After you sing, I will appear on the stage.

The ending of Jun Xiaoyao indicates that the kings are striving for hegemony and the stars will rise together.

Somewhere in the abyss vortex, there was a turbulent devilish tremor, making the world frightened.

The supreme majesty swept all directions.

A young supreme with a devilish energy, like a demon god, recovered from the abyss.

"For so many years, this brilliant golden world has finally waited for it!"

This is a man surrounded by magic flames.

"I've seen Master Saint Yama!"

In the Quartet, the strong with the line of Pluto surrendered their hands.

The seed-level figure in the Hades lineage, Saint Yama, shows up!

On the other side of the ancient land, there is an ancient monument towering into the sky.

It seems to be engraved with countless truth inscriptions.

Around it, three circles inside and three outside circles, surrounded by many believers of the truth of the Quran Sect.

Rumble!

The whole ancient monument of truth began to tremble.

The various chains of order and the words of truth are imprinted in the void.

The earth is cracking, and the gods are full of glory!

A figure wrapped in the endless holy light and the light of truth, slowly stepped out.

"The dusk of the gods is about to come, and a new world is about to be created."

"The Supreme God says that the more troubled the world is, the more truth and faith are needed."

"Believe in the sacred religion of the Quran, and you can live forever!"

This voice, extremely mighty, spread all over the sky and the ground!

"Seek the Son of Truth and follow the glory of God!"

Countless strong men and believers of the Quran sacred religion are worshipping.

The seed-level figure of the Gulan Shengjiao, the son of truth, was born!

The Dragon King Palace, a hill of dragon bones.

The monstrous dragon was surging, and a golden dragon king spear pierced the boundless void.

A stalwart figure began to wake up, shaking the earth for hundreds of millions of miles.

Seed of the Dragon King Palace, Xuan Hao Qiong, wake up!

As the time goes.

A bit of seed began to recover.

Xianyu has officially entered the era of wild flowers in full bloom.

Those seeds buried in the ground have begun to recover one after another.

A seed-level young and supreme, with blood and energy, shocked the boundlessness.

Everyone is a legend in a certain era.

This is an era of competition among heroes.

Young supreme, gushing blood!

Peerless Tianjiao, stunning the world!

From time to time, in a certain corner, there will be a Tianjiao who has been dormant for an unknown period of time, like a real dragon recovering, to rise strongly in this era.

It can be said that all Tianjiao want to compete for the destiny of this life!

Of course, not all seeds will germinate at the same time.

For example, in the Taikoo royal family, there are some true direct ancient queens.

For example, the seed descendants of the hidden ancient powers whose reputation is not obvious in the fairyland.

For example, in the rumors, the terrifying chaotic body sleeping in the depths of the chaos.

For example, in the ancient land of Xianting, a sleeping ancient young emperor...

All in all, the prosperous curtain has been opened.

There are already characters on stage.

It depends on who can stand on the stage for a long time.

This is the best time and the worst time.

Jun Xiaoyao and one king fall, and the stars rise together!

...

In a blink of an eye, three years passed.

Three years is not too long.

Even for monks, perhaps a short retreat takes more than three years.

But these three years have been enough for everyone to gradually forget one, once brilliant name.

Jun Xiaoyao!

Although the Jun family is still strong and prosperous, it is still the most prosperous and most unprovoked ancient family in Xianyu~www.mtlnovel.com~, but without Jun Xiaoyao, it always feels like something is missing.

Although Jun Farewell is equally stunning, among the young supreme, it is also the existence of boundless scenery.

But compared with Jun Xiaoyao, it always seemed that something was missing.

It's gone.

In the past three years, many things have happened.

The war between the foreign land and the fairy land in the frontier desert is more and more frequent, and more and more casualties.

The friction between the two worlds has begun to heat up, and it is not far from the start of the real war.

Also, the mount that Jun Xiaoyao used to get was Princess Longji inherited from the Nine Fingers Sacred Dragon Emperor.

Zeng and Jun Farewell to each other.

In the end it failed.

In addition, the behemoth of the Ten Thousand Clan Business League has been completely annexed by the Emperor's Court.

Snake people on the ultimate ancient road, deserted ancient temples and other forces.

It was also under the leadership of Queen Medusa and the Last Ethical Bodyguard, and merged with the Emperor's Court.

Suddenly, the Emperor's Court was a force created by Jun Xiaoyao.

It is much stronger than before.

It can be said that in addition to the background.

In any other respect, the Emperor's Court is not weakened by those immortal forces that have passed on for generations.

It's a pity that this behemoth has lost the Lord of the Imperial Court.

Everyone in the Emperor's Court prayed all the time.

The Lord of their Imperial Court is back!

Just when the Nine Heavens Immortal Domain was surging.

Jun Xiaoyao, who has been forgotten by many people.

After three years of drifting in the abyss of the void.

Was sucked into it by a dimensional crack.

The primordial spirit of Jun Xiaoyao once again felt the aura of the rules of heaven and earth.

However, this breath caused Jun Xiaoyao to be taken aback.

"This...isn't the rules of the Nine Heavens Immortal Territory?"

[Chapter 898: Forbidden forever, heaven tomb, 3000 physique, destiny...](#)

This is a dead land.

The world is groggy.

A band of pitch-black mist surrounds this place all year round.

The light from the sky is also difficult to cast down.

As far as I can see, everything is groggy.

[Get the red envelope] The cash or coin red envelope has been issued to your account! Follow the WeChat official account [Book Friends Base Camp] to receive!

There are all kinds of broken remains, ancient coffins, and tombs of Dangli, located in it.

There are also various dangerous killing arrays, corrosive marshes.

In the void, strands of dark matter surged.

There are also various contaminated chains of order, like hinges, appearing in space from time to time.

This is a land of eternal silence, more like a forbidden place forever.

At this moment, in the void, suddenly thunder rolled.

A huge crack emerged, and the sound of lightning and thunder surged like thunder on the ground.

The sound resounded through the surrounding land.

Thousands of miles away, some creatures looked at the remote forbidden area with shocking eyes.

"What happened to the Tomb of Heaven?"

"Could it be that the sleeping taboo is about to recover?"

"Shhh, don't talk too much, be careful of the ominous cause and effect."

Some creatures are whispering, their eyes are full of awe and fear.

.....

"Where is this?"

"It has completely different rules from Jiu Tian Xianyu."

A cloud of blood mist, accompanied by broken bones, fell from a void in the void into a dark valley in this area.

Among them is an ancient talisman floating up and down, exuding a touch of imperial might.

is the ancient emperor of chaos.

Among them, the soul of Jun Xiaoyao is fluctuating.

He is curious about this world.

But before that, it is still necessary to explore the situation of the inner universe.

Jun Xiaoyao Yuanshen sank into the inner universe.

Looking at it, the entire inner universe is riddled with holes and dilapidated.

is like a hornet's nest.

It can be imagined that the evil thoughts of the gods were sealed in it, and how much damage was caused to the inner universe of Jun Xiaoyao.

But fortunately, after these years of repression and seal.

Divine evil thoughts were finally suppressed by the soul of the Azure Emperor in the deepest part of the inner universe.

"If we lose our horses, we can't know what is good, although this deity's evil thoughts have caused a lot of damage to my inner universe."

"But if it doesn't break or stand, as long as there is a world tree, my inner universe will take a big step forward."

Jun Xiaoyao thought.

is not only the inner universe, but also himself.

The flesh seems to be shattered, even the supreme bones are cracked.

But this is not broken or standing.

After is completely transformed, Jun Xiaoyao will only be stronger.

"Unexpectedly, you actually succeeded."

The shadow of the Blue Emperor reappeared, his voice is elegant and smooth.

"Thanks to the efforts of the seniors, the juniors only provided a place." Jun Xiaoyao said.

"You don't have to be humble, maybe you really have the possibility to complete my legacy and build a fairyland on earth."

"In addition, do you know what else you have?" Qingdi asked.

Jun Xiaoyao puzzled.

"The number one in three thousand physiques, the one with no destiny." Qingdi said lightly.

"The Fate of Nothingness?"

Jun Xiaoyao is surprised.

He knew that he was a traverser, but before that, no one had ever mentioned the Fateful Void.

Eternal Jade Heavenly Lady once saw it, but she didn't point it out either.

Jun Xiaoyao thought that he could deceive God because of the traveler.

I didn't expect that there would be a technical term for the void of fate.

"Three thousand physiques, destiny is king."

Qingdi's tone has a touch of solemnity.

can make a mythical emperor show such a solemn tone.

It can be seen that the existence of nihilism is a taboo existence.

Jun Xiaoyao also didn't expect it.

originally thought that he was carrying the two top physiques of the ancient Eucharist and the supreme bone, which was enough to guard against the sky.

Good fellow, I originally had three major physiques.

Among them, the Destiny Void is still the number one existence among the three thousand physiques.

"Everything in the world has its own trajectory."

"But you have jumped out of the long river of fate. No one can explore your cause and effect, not even the sky."

This is also the reason why Jun Xiaoyao can fool God.

"Senior, has there ever been a void with the same fate as me before?" Jun Xiaoyao asked.

He is really curious about this.

If you don't know from Qingdi's vision and experience.

No one knows that.

The Emperor Qing paused, and said, "The fate of nihilism, because it is too defying, and throughout the ages, it has hardly been discovered."

"Many people even think that this kind of physique doesn't exist in the first place, it's just a imaginary thing."

"But, I found a trace in the ancient history books."

Jun Xiaoyao was shocked when he heard the words.

There are other destiny nihilists?

"I don't know his name, I don't know where he came from, or even if he really existed."

"I only know that he has a code name, fortune teller."

"fortune teller?"

Jun Xiaoyao frowned.

He couldn't help thinking of the blind fortune-teller who had adopted him in his previous life.

said that he will definitely reach the pinnacle of his life in this life.

The result is indeed the case.

"Forget it, what you should think about now is not this, but how to live in a foreign land." Qingdi said quietly.

"It turns out this is a foreign land."

Jun Xiaoyao suddenly.

No wonder the rules of heaven and earth are completely different from those of Jiutianxianyu.

Jun Xiaoyao thought that he had entered some forbidden zone in the Jedi.

I didn't expect to come to a foreign land.

"The evil thoughts of the gods have been sealed, and I can see that your physical body is shattered, and it is difficult to recover in a short time."

"The 33rd Chaos Qinglian I have left can help you reshape your body, and it can also have the power of Chaos Body."

The words of Emperor Qing, make Jun Xiaoyao such a person who doesn't show his anger and anger, can't help but feel a little bit happy.

Thirty-third rank chaotic green lotus, this is a great fortune at the heaven-defying level!
is absolutely comparable to top ten-star awards!

Let alone reshaping, Jun Xiaoyao will have the power of Chaos Body!

Qingdi, although not a chaotic body, its body is a green lotus in the chaos.

Therefore, the Azure Emperor has the same attributes and abilities as the Chaos Body.

And now.

Jun Xiaoyao can also have the same physique against the sky as Qingdi!

If the ancient sacrament is superimposed, UU reading [www. uukahnshu.com](http://www.uukahnshu.com) also has metamorphosed supreme bones.

That Jun Xiaoyao's talent strength, any enchantments, anomalies, monsters, can't be described!

Think about it after all.

Jun Xiaoyao is a collection of fate nihilism, ancient sacred body, supreme bones, and chaotic physique.

This is no longer a question of not being against the sky.

Jun Xiaoyao is simply beyond the scope of ordinary people's thinking and understanding!

"Thank you predecessor for the gift!" Jun Xiaoyao said gratefully.

"No, that's it, you help me solve the evil result of the evil thoughts of the gods."

At the corner of Qingdi's lips, a faint smile appeared.

smile, amazing forever!

rumbling!

The remaining energy of Emperor Qing poured into the 33rd-rank chaotic green lotus.

This chaotic green lotus exudes pure chaotic energy, and various chaotic tracts emerge.

And at this moment, Jun Xiaoyao remembered again.

His own Shilian sign-in reward, it seems that he hasn't checked it carefully.

Maybe, I can use that reward to transform into an eternally invincible body!

[Chapter 899: 10 consecutive draws of amazing rewards, transformed into a quasi-innate eucharist...](#)

Jun Xiaoyao began to explore ten consecutive draws for rewards.

And Jun Xiaoyao also thought of a little.

This is a foreign land!

Jun Xiaoyao, even if he reshaped the ancient sacred body, it is absolutely difficult to move in a foreign land.

As long as someone with a little vision can tell at a glance, Jun Xiaoyao's identity.

This will not work.

Jun Xiaoyao also felt that if he came, he would be at ease.

He did have some things that needed to be resolved in a foreign land.

For example, you can explore all kinds of important news and intelligence in foreign land.

Or, the soul book, one of the nine heavenly books, might be in the hands of Chi Hongyu in the line of Chi Xiao.

And whether the whereabouts of his father Jun Wugui is in a foreign land.

There is also the ghost-faced woman, who may have some cause and effect with the alien race, and needs to be investigated.

Thinking of this, Jun Xiaoyao thought of Xuanyue again.

Although he didn't have a good impression of Xuanyue, Xuanyue stood in front of him at the last moment, but it was beyond Jun Xiaoyao's expectations.

Jun Xiaoyao did not perceive Xuanyue's movement nearby.

Obviously, she may have dispersed with Jun Xiaoyao in the turbulent flow of the void.

It may even fall.

All in all, there are many things, Jun Xiaoyao needs to come to a foreign land to explore.

This time living in a foreign land just enough to allow Jun Xiaoyao to carry out the next plan.

"Since I decided to investigate the situation in a foreign land, it would be difficult for me to act on the Wild Ancient Eucharist." Jun Xiaoyao thought.

He began to think about ways.

In a foreign land, Jun Xiaoyao's identity will not only bring him all kinds of convenience.

Instead, it will bring a fatal crisis.

It stands to reason that Jun Xiaoyao should start acting in a low-key manner.

However, Jun Xiaoyao didn't want to keep a low profile.

"By the way, Chaos Qinglian can bring me Chaos physique, in that case..." Jun Xiaoyao's thoughts changed.

A chaotic body that is unparalleled in the past has emerged in the foreign land.

This should be something, right?

It's very interesting to think about it.

After having a preliminary idea, Jun Xiaoyao began to explore ten consecutive draws for rewards.

These can help him recover quickly.

"Stealing the sky and changing the day Dafa can hide its breath, block detection, and even be so strong that even cause and effect can be concealed and changed!"

This first reward surprised Jun Xiaoyao.

This is simply giving a pillow when the doze comes.

Stealing the sky to change the day of Dafa, as the name implies, stealing the sky to change the day, to cross the sea without covering the sky.

Although it can't improve combat power, it is the most needed for Jun Xiaoyao right now.

"With the Falun Dafa, it will be difficult for other people to easily find out where I came from."

Jun Xiaoyao believes that this exercise is really practical right now.

Next, there is the magic formula of Dao Xin.

After Jun Xiaoyao's investigation, he was even more surprised.

Dao Xin's magic tactic is a method to control others.

To put it simply, it was after Jun Xiaoyao had practiced Dao Heart Magic Technique.

You can give this practice to any other creatures for cultivation.

Moreover, Jun Xiaoyao can freely transfer his cultivation talents to others through Taoist magic tactics.

Of course, Jun Xiaoyao's own talent will not be reduced, and he can also control the amount of talent passed to others.

After other people practice, demons will be born in their bodies.

And you can continue to pass the Taoist magic tactics to other people, and gain other people's cultivation talents, cultivation results, and so on.

If this goes on, one pass ten, ten pass a hundred.

And all the people who have practiced this technique will be controlled by Jun Xiaoyao.

Just one thought of Jun Xiaoyao can cause the magic seeds in other people to explode and kill them.

"This is too bad, right?" Jun Xiaoyao was surprised.

This is simply the only way to harvest slaves.

Does the system know that he is good?

wrong.

This is no longer taking slaves, if it really spreads.

Maybe Jun Xiaoyao can preach.

A new idea began to be born in Jun Xiaoyao's mind.

But in no hurry.

Jun Xiaoyao continued to investigate the next system rewards.

Seven-star reward, all things earth.

This is also an extremely precious resource.

Even some fairy medicines can be planted on the soil of all things.

"You can use the soil of all things to cultivate the world tree." Jun Xiaoyao thought.

After that, there is an eight-star reward, the origin of Tao.

This makes Jun Xiaoyao more solemn.

The origin of Tao can be said to be the essence of Tao between heaven and earth.

It can be said that if a mortal gets the origin of Tao.

He will immediately be transformed into a genius of peerless enlightenment, and can even control the Great Dao of Heaven and Earth.

But this is not the most important thing for Jun Xiaoyao.

Because with his understanding, there is no need for the origin of Tao at all.

but.....

To some extent, the origin of Tao can be seen as a simplified version of the innate Tao tire!

"If the origin of Tao is integrated into the ancient sacrament..." Jun Xiaoyao thought of this.

Will it be transformed into an innate body?

Take a step back, even if it cannot be transformed into a complete one.

But is it possible to transform into a quasi-innate eucharistic fetus?

Jun Xiaoyao's primordial spirit fluctuates.

Even if it is just a quasi-innate Communion, it is stronger than a simple ancient Communion!

"It's really going to take off."

Jun Xiaoyao believes that his gain this time is really great.

Next, Jun Xiaoyao continued his investigation.

Eight-star reward, quasi-di soldier, and Da Luo sword fetus.

There is nothing to say, the reason why the Da Luo sword fetus can reach the eight stars is because it may transform into a quasi-immortal artifact, or even an immortal artifact.

The Great Wild Halberd was shattered in the previous battle, so Jun Xiaoyao just lacked a handy weapon.

Moreover, using Daluo's sword fetus, his identity will not be recognized by people from other lands.

There is nothing to say about the seven-star reward, the Heaven Slashing Technique.

One of the five great divine tactics, Jun Xiaoyao has gathered four of the five great divine tactics.

Slaying Immortal Sword Jue, Yuanhuang Taoist Sword, Grass Character Sword Jue, Zhantian Jue.

Only Xianjie Jian Jue is left.

But that Ling Yuan is capable of Immortal Tribulation Sword Art.

Jun Xiaoyao planned to ask Ling Yuan for this sword tactic after he returned to the immortal domain.

Jun Xiaoyao is still looking forward to ~www.mtlnovel.com~ what kind of wonderful changes will be made after the five great gods practice.

Will it transform into a supreme top sword art?

Then came the seven-star reward, the nine-celestial life-defying pill, and the eight-star reward, the three-life immortal medicine.

Needless to say these two things, Jun Xiaoyao will blend into the flesh and use it to restore the flesh.

Originally Jun Xiaoyao's body was broken, and it took a long time to recover.

However, if the Jiuxian Niming Pill and Sanshengxian Medicine are incorporated, the time can be greatly shortened.

In particular, Sanshengxian Yao is an elixir that has transformed the three generations.

Its medicinal effect is more than ten times that of general elixir!

This is a bit scary.

It can be said that this is a treasure that has no market and cannot be exchanged.

Finally, there are the two most important things.

Nine-star reward, the seed of faith!

Ten-star reward, black blood of God!

Jun Xiaoyao is also a little solemn.

After all, this level of reward is already the most precious.

Jun Xiaoyao is very curious, what's the effect.

The first is the seed of faith.

Jun Xiaoyao found out the information after some investigations.

This seed of faith needs to be watered with the power of faith, and it can finally germinate.

As for what will be transformed in the end, Jun Xiaoyao is not sure.

But the power of faith is too difficult to collect.

It's not a resource treasure like Xianyuan, if you want to search, just look for it directly.

The power of faith can't be obtained by looking for it.

If you are in the fairyland, with Jun Xiaoyao's influence, maybe you can really collect a little power of faith.

But the problem is that Jun Xiaoyao is now in a foreign land.

Who would believe in him in this place?

"The power of faith, if this is the case..."

Jun Xiaoyao's mind flashed abruptly.

He thought of a wonderful show operation!

[Chapter 900: His strength has skyrocketed and he can't stop at all, Tuobayu, a slave boy](#)

"Doesn't the Dao Xin Demon Secret Art be an excellent missionary holy scripture?"

Jun Xiaoyao thought.

Use Dao Xin to plant magic tactics, flick some foreign creatures casually, and then spread it.

Then talk about the gift of the ancient **** or something.

Isn't the power of faith rushing?

As for flicker.

With Jun Xiaoyao's dark-bellied character and deep scheming.

Are you afraid that you won't be fooled?

Even the heavens were being played around by Jun Xiaoyao.

Not to mention the group of alien creatures.

The only thing you need to pay attention to is that you can't provoke those high-level powerhouses for the time being.

If it is discovered by an immortal king, it is not so good.

This method is indeed feasible.

Jun Xiaoyao is already thinking about plans.

Finally, there is a ten-star reward, the black blood of God.

According to the system's prompt, this is a drop of black blood falling from the heavens.

Jun Xiaoyao can incorporate black blood into the body and turn on the dark mode.

All aspects of the state have been comprehensively improved, and the strength has soared.

Of course, it is also possible to fall into madness, and never recover.

However, this is only one of the effects of the black blood of God.

As for other secrets, Jun Xiaoyao still needs to explore on his own.

"This thing seems to be related to the dark matter of a different land. Could it be one of the sources?"

"And above God, what is it, where is it?"

"Whose drop of black blood is it?"

Jun Xiaoyao had more doubts in his heart.

But since the system rewarded him, be careful, there shouldn't be any major problems.

And with this drop of black blood, Jun Xiaoyao can blend into a foreign land perfectly.

Because there is more or less a little dark matter in the alien creatures.

The black blood of God is the source of dark matter.

Strictly speaking, Jun Xiaoyao is more like a foreign creature than a foreign creature.

Next, Jun Xiaoyao began to prepare.

He merged the origin of Tao into the blood mist and broken bones.

There is also the Chaos Qinglian, also thrown into it.

Jun Xiaoyao intends to sacrifice two bodies at the same time.

These two bodies are both himself, and there is no primary or secondary distinction.

It can also be directly integrated into one in the future.

The only difference is.

One of his bodies was the same chaotic physique as Qing Emperor.

The other body is fused with the origin of Tao, and is qualified to transform into a quasi-innate body.

Later, Jun Xiaoyao put the Nine Immortals Defying Life Pill and Sansheng Immortal Medicine into it.

Rumble!

Chaos Qi is rolling!

All kinds of blood surging!

That wave seems to be brewing a peerless god!

The primordial spirit of Jun Xiaoyao is also recovering frantically.

The immortality of the gods in the book of life can not only quickly restore the physical body, but also quickly restore the soul.

In the primordial spirit of Jun Xiaoyao, it seems that there is a **** sitting cross-legged and chanting.

Soon, his soul changed from a faint light to the fire of the soul.

The last three avenue flowers appeared, with the past and present souls sitting cross-legged on them.

At the same time, Jun Xiaoyao's inner universe is also undergoing crazy transformation.

Jun Xiaoyao put all things earth under the world tree.

With the blessing of the majestic world power of the world.

Jun Xiaoyao's inner universe is also expanding frantically.

The strength of Jun Xiaoyao is naturally rising.

Also, in the universe in Jun Xiaoyao, a sun and a moon emerged.

It was formed by the convergence of the sun's sacred power and the lunar sacred power.

From then on, in the inner universe of Jun Xiaoyao, there was a cycle of yin and yang, and the sun and the moon changed.

His inner universe rules are more perfect.

Three light years!

Four light years!

Five light years!

The diameter of Jun Xiaoyao's inner universe is expanding and skyrocketing!

getting bigger!

It's getting longer and longer!

The realm of Jun Xiaoyao is also rising!

The early stage of the Holy Lord!

Mid-Holy Lord!

The late Holy Lord!

Holy Master Xiaowan!

The Lord's Great Perfection!

Quasi-Supreme Realm!

The strength is soaring, and it can't stop at all!

...

The impact of Jun Xiaoyao's cultivation also spread to the surroundings.

The sky and the earth rolled, and there was thunder.

The place where he is is actually a forbidden place in a foreign land.

The name is Tianmu.

This is a weird burial tomb. I don't know how many people have been buried.

There are many weird, ominous, and taboos among them.

Even the supreme and powerful are unwilling to set foot easily.

But in the same way, there are many rare opportunities.

There are no shortage of humble alien creatures who accidentally entered it, survived a catastrophe, and got the inheritance of the taboo strong man.

Or you might eat a certain herbal medicine, wash the menstruation and cut the marrow, and jump into the dragon.

Or find a certain incomplete taboo and take off directly.

So over time, the sky tomb has also become a forbidden place for the surrounding aliens, respected and feared.

At this moment, it was thousands of miles away from the Tian Tomb.

There is a small tribe living here.

This clan is called the Heipi clan.

It looked like a human monk in appearance.

It's just dark skin, so it is called the black skin tribe.

The black skin tribe is the lowest-class slave tribe in a foreign land.

Foreign land, believe in the law of the jungle, the weak eat the strong, the strong respect the strong.

Therefore, the level is extremely strict.

Slaves, generals, royal families, top royal families, quasi-emperors, and immortal emperors.

Layers on top of each other, like a pyramid.

Among them, the lowest-class slave race is also the race with the largest number.

The black skin tribe is one of the slave tribes.

Rumor has it that the ancestors of this clan had intermarried with the humans of the Xianyu, so there is part of the blood of the people of the Xianyu.

In a foreign land, naturally became the cheapest slaves.

And at this moment, outside the black-pis' stockade~www.mtnovel.com~Boom! Boom! Boom!

Several cyclops, about three feet tall, came here.

Alien generals, cyclops.

The generals are the mainstay of the foreign land, equivalent to ordinary residents.

Status and slavery are not the same concept at all.

"The humble black-skinned tribe, the day of confession is here."

A one-eyed giant urn sounded indifferently.

"My lord, didn't you just give a confession some time ago? Why do you have it now?"

A group of Heipi tribes walked out, headed by the Heipi tribe patriarch, who possessed the strength of the Heavenly God Realm.

But in front of the Cyclops, it was not enough.

"Are you questioning this?" The Cyclops said indifferently.

"The little one dare not!" The Heipi Clan chieftain cowered.

"Huh, now our world and Xianyu have more frequent wars, and naturally more resources need to be consumed."

"Hand over the source stones, herbs, and metal minerals." The Cyclops said indifferently.

"You are too much!"

Suddenly, a teenager's voice sounded.

It was a young man about sixteen or seventeen, with dark skin and a firm face.

The figure is strong and well-proportioned.

His name is Tuobayu.

At the moment, he glared at the Cyclops.

"Huh?" The one-eyed giant shot a cold light in his eyes.

"Xiaoyu, don't be impulsive!"

Beside, a woman who was about ten years old, her pretty face changed color, and she stepped forward to stop her.

She has a curvaceous figure, with uneven, wheat-colored skin, although it is slightly rough, but it also has a wild temptation.

Like a **** female leopard.

She is Tuobayu's sister, Tuobalan.

"Oh, yes, yes, and the women of your clan, you will also expropriate some to comfort the soldiers of our clan."

"You beasts!"

Tuoba Yu's eyes were about to split, and he opened his mouth and scolded!
