

## Sacred Body 921

### [Chapter 921: 1 person lives in Tianmu Dazhou young generation, 7 cups of fairy tea,...](#)

At this moment, all the Tianjiao who climbed to the top of the mountain had a somewhat broken mentality.

They finally climbed up with difficulty.

As a result, Jun Xiaoyao didn't leave them a leaf.

"My friend, you're a bit too much, right?"

Tianjiao of the Moth King Clan said.

He has four eyes and a pair of moth wings grows behind him. He feels a little unhappy at the moment.

"Yes, as the saying goes, staying on the sidelines of being a human being, and seeing each other in the future, Xiongtai is a little bit ridiculous."

The Tianjiao of the Golden Goats also expressed their dissatisfaction.

This Tianxian Banquet was originally a grand gathering for the younger generation of Tianmu Dazhou.

Jun Xiaoyao took all the benefits now.

So what is the meaning of other people coming here to attend the banquet, why watch it?

"Brother Dao, you can't be like this."

The Silver Spirit of the Silver Royal Family spoke.

She is also a well-known woman with strength and beauty. I don't know how many men bow down under her skirt.

However, what made Yinling feel a little bit astonished.

Jun Xiaoyao didn't put his sight on her at all.

This makes Yin Ling a little dissatisfied, she is the proud daughter of the top royal family.

It can be said that Jun Xiaoyao is now really a target of public criticism.

"Why are you talking about so much? Just grab it!"

The royal family Tianjiao's eyes were hot, and there was killing intent in his eyes.

Although the Tianxian Banquet, most of them are only on end.

But if someone really kills, there will be no consequences.

Of course, that is when the background of each other is similar or stronger than that of the opponent.

In the eyes of these people, Jun Xiaoyao's origin is a mystery.

But they did not think that there would be any big background behind Jun Xiaoyao.

After all, if there is really a big background, from the quasi-emperor or even the immortal emperor.

It is impossible for them to know nothing about it.

Therefore, these royal family arrogances are very courageous.

call out!

There is the royal family Tianjiao, who rushed up like a sharp sword, displayed supernatural powers, and killed Xiangjun Xiaoyao.

I have to say that these royal family arrogances are very powerful.

At the same level, Xianyu Tianjiao is almost hard to resist.

But it is a pity that although Jun Xiaoyao is a Tianjiao of the Immortal Realm, his level of enchantment is beyond description.

So in the face of these rushing royal princes.

Jun Xiaoyao is also very simple, the chaotic light flowing in his eyes.

Eye of Chaos!

boom! boom! boom!

Those Tianjiao who rushed to Xiangjun Xiaoyao recklessly.

One by one, their heads burst, and their bodies cracked, like a blood-colored firework bursting!

All directions are horrified!

A dead silence!

Although there are some alien creatures, they have already seen Jun Xiaoyao's methods in the ancient city.

But at this moment, it is still shocking!

The pupils of the old antiques on the sky suddenly shrank.

They were also faintly aware of the faint fluctuations, and their guesses became clearer.

If it is as they thought.

The physique of this mysterious young man is terrible.

The origin is absolutely extraordinary!

"This....."

The Moth King Tianjiao, the Golden Goat Tianjiao, and Yinling, among others, all showed surprise on their faces and were suppressed.

After all, this method is too weird and powerful, and it is frightening.

Even the Tianjiao from the gluttonous tribe and the Snaking Snake had a little dignified gaze.

"Ukun, this person is a little weird."

Kong Qianqian frowned.

At first, she just thought, just to kill the person who killed her cousin casually.

Now it seems that it is not so easy.

"This person is indeed a little weird, I can't detect his breath, but it doesn't matter, he still can't turn the sky."

Although a hint of surprise flashed in Wu Kun's eyes, as a member of the imperial clan, it was naturally impossible for him to show weakness.

Not to mention that his cultivation is in the quasi-sovereign realm, and he has the blood of the Emperor Mingzhao.

The strength is stronger than the average quasi-supreme.

That's why he has this confidence and confidence.

However, after Jun Xiaoyao sacrificed this method, the rest of the Tianjiao present did not dare to act rashly.

Seeing this scene, the old antique on the sky sighed: "I didn't expect to see this scene at the Tianxian Banquet."

"Yeah, in the past Tianxian Banquets, which time was it not a tit-for-tat fight, but like this time, all the Tianjiao were suppressed by one person."

"One person killed the entire young generation of Tianmu Dazhou, tusk..."

If it hadn't personally said it, several old antiques couldn't believe it.

After all, the foreign folk customs are sturdy, and the atmosphere of martial arts is very strong.

In this environment, it is so difficult to overwhelm a state of Tianjiao.

Of course, Tianmu Dazhou is not the most prosperous state among the ten foreign states.

But it is amazing enough to be able to do this.

At this time, the pure and crisp voice rang.

"Sir, the tea is ready."

Jun Xiaoyao saw that Chunchun and Fei Qingxue had already used part of the fairy leaves to make nine cups of tea.

Xiaguang shrouded, immortal.

That's more than just tea.

Its tea water seems to be flowing with Taoist rhyme, reflecting the splendid scenes of all things in the world.

It can really be called a fairy tea.

Although this tea is made by Chunchun and Fei Qingxue.

But Jun Xiaoyao didn't drink, and they didn't dare to speak first.

Jun Xiaoyao directly picked up a cup of tea and drank it all in one go.

It's like drinking the world in one sip!

boom!

Jun Xiaoyao instantly felt that the road lines between heaven and earth had become clear before his eyes.

It seems that you can catch it with your hand.

At the same time, a strong Taoist rhyme is being distributed.

Jun Xiaoyao felt like he wanted to realize the truth on the spot.

"Good tea."

Jun Xiaoyao continued to pick up the second cup.

He has a hobby of drinking tea, and this fairy tea is more in line with his taste.

After the second cup, Jun Xiaoyao was shrouded in radiance.

Then came the third cup, Jun Xiaoyao's whole body, all kinds of real dragons, divine phoenix, and unicorn patterns appeared.

In the fourth cup, auspiciousness descends from the sky, and the main road conspires!

In the end, seven cups of immortal tea were eaten.

Jun Xiaoyao wants to soar!

His chaotic physique has become more perfect and flawless, fits in with the soul, and is more comfortable than ever.

It can be said that these seven cups of tea have washed away all kinds of subtle defects in Jun Xiaoyao's body, and let Jun Xiaoyao's treasure body exude an immortal glory!

Seeing this scene, all the alien creatures present were stunned.

Seven cups of immortal tea, emergence and rise!

Although it is not a real ascension, in the eyes of everyone, it is already an extreme transformation and a great opportunity.

"Damn it!"

Many Tianjiao looked jealous.

They could only smell the fragrance of fairy tea, but Jun Xiaoyao drank seven cups in a row.

Death due to drought, death due to waterlogging!

However, what makes them feel unbalanced.

Jun Xiaoyao bestowed Chunchun and Fei Qingxue with the remaining two cups of tea.

Chunchun was nothing but cheered, and swallowed straight down.

With her cultivation strength, a cup of fairy tea is enough.

Besides, there are the remaining fairy leaves, which can be soaked in the future.

As for Fei Qingxue, she was very pleasantly surprised and somewhat flattered.

She didn't expect that she could get a cup of fairy tea herself.

"Thank you sir." Fei Qingxue bowed to Jun Xiaoyao.

Then, cautiously, he held up the tea cup, sipped the tea, and realized the chance and the rhyme of Taoism.

Originally, with her cultivation strength, it was absolutely impossible to drink immortal tea.

Seeing this scene, the quasi-emperor, the royal family Tianjiao, their mentality collapsed.

How can a little book boy drink Taoist tea?

And Fei Qingxue, the prince and daughter of a declining royal family, can even enjoy this kind of treatment.

Yin Ling's pretty face showed a hint of jealousy.

She asked herself about her appearance, her strength and identity were stronger than Na Fei Qingxue.

Why can Fei Qingxue drink fairy tea, but she can only watch it from the sidelines.

This made her feel sour and turned into lemon essence.

"This son, I don't know if Yin Ling is lucky enough to have a cup of fairy tea?"

Yin Ling took a step forward, her jade hands gathered her smooth and supple long hair.

She was wearing a long silver dress, wrapped around her graceful body.

As the top royal family, the prince daughter of the silver royal family, Yin Ling is still very confident in her charm.

Since even Fei Qingxue can taste immortal tea, she should be able to too.

"Who do you think you are?"

Jun Xiaoyao didn't even look at her.

Yin Ling's beautiful face froze, instantly embarrassed to the extreme.

[Chapter 922: Kill the enemy with a finger, the power of mana immunity and Mo? Luwei?/a>](#)

"The opening sign to the Ancient Eucharist (!

Yinling's mind was a little dazed.

She is accustomed to the praise and praise of everyone, and this is the first time she has been so humiliated.

She was so embarrassed and angry, her beautiful eyes burst into anger.

"Everyone, are you willing?"

Yin Ling looked at the Tianjiao of the Moth King Clan and the Golden Goat Clan.

"Of course not reconciled."

"He still has some fairy leaves in his hand, we can take them together." Yinling said.

Jun Xiaoyao's weirdness really calmed a group of people.

But if they join forces together, they might succeed.

"Are we going to join forces, this is a bit..." Tianjiao of the Moth King Clan was astonished.

Each of them is not weak in reputation, and is the arrogant who swept the party.

Now that he has to join hands to deal with one person, it would be a loss of identity.

"This person is indeed weird. If you don't join hands, it's really difficult to deal with." Tianjiao of the Golden Goat Clan said.

Just when they exchanged spirits.

Jun Xiaoyao has taken out a Celestial Fruit.

After drinking immortal tea, of course I want to taste immortal fruit.

Seeing this scene, the Tianjiao present couldn't stand it anymore.

This feeling of seeing others get a good chance is too uncomfortable.

And although the fairy tea is precious, it is still inferior to the Tianxian fruit.

It is rumored that a fairy fruit can raise a realm and possess various benefits.

Seeing that Jun Xiaoyao started to eat Tianxian fruit, everyone couldn't keep calm.

They were afraid that Jun Xiaoyao was like drinking fairy tea, so they ate all the five heavenly fairy fruits.

You know, Tianxian fruit is a thousand-year-old fruit, so precious.

If Jun Xiaoyao finishes eating, they will have to wait another thousand years.

Who can stand this?

"stop!"

An indifferent voice suddenly sounded.

It is from Ukun.

"I have been ordered by the master, in addition to helping Miss Qianqian get a fairy fruit, the master also needs a fairy fruit."

"So if you are acquainted, hand over three Celestial Fruits." Wu Kun said.

The reason why he has one more is that he himself wants to get one too.

Jun Xiaoyao gestured.

Not because he was afraid of Ukun.

And it feels a bit noisy.

"Although it is a fly, it is always noisy and annoying."

Jun Xiaoyao said, shaking his hand.

Five celestial fruits were placed on the stone table.

"Let's go together, the fairy fruit is here, if you can get it, that's your ability." Jun Xiaoyao said calmly.

When he walks in a foreign land, he is also thinking about the powerful in the foreign land for a while.

Invincible in the Nine Heavens Immortal Domain used to it.

Naturally, it will sweep everything in a foreign land.

"It's so arrogant!"

Upon hearing Jun Xiaoyao's words, the royal family Tianjiao's face was gloomy as water.

It is too far from putting all of them in the eyes of one person.

"Go together!"

"kill!"

A crowd of Tianjiao surrounded Jun Xiaoyao.

Among them, the Tianjiao of the moth king clan, the wings of the moth trembled behind him, and every rune appeared.

Turned into a group of fiery flames, falling towards Jun Xiaoyao.

This is the magical power of the Moth King Clan, Moth Sky Fire.

Jun Xiaoyao lightly raised his eyelids, just a snap.

A burst of energy burst through the void.

The Tianjiao of the Moth Demon King's forehead was shot through by this gust of energy, and then exploded, and died instantly!

At this moment, some of the royal family Tianjiao around them looked terrified.

The Moth King Tianjiao is not weak anymore.

But it was still killed by Jun Xiaoyao.

This strength is chilling in my heart.

"Don't be afraid, let's go together!"

The Tianjiao of the Golden Goat clan shouted.

He muttered something silently, and the two golden horns on his forehead fell off directly.

Like two golden heavenly swords, they swallowed the edge of the sky and the Jedi.

This is the peerless magical power of the Golden Goat Clan, a big killer.

It is not only a part of their body, but also a companion weapon. They have been sacrificed since they were young, and they are extremely powerful.

These two golden horned sky swords were slashed at Jun Xiaoyao, and could almost cut the mountains in half.

However, just when the Heavenly Sword approached Jun Xiaoyao.

An inexplicable force emerged, wiping out its peerless sword light, leaving only two swords, cut down weakly.

Jun Xiaoyao lifted up casually and clamped the two heavenly swords with two fingers.

"This is impossible!"

The Golden Goat Clan Tianjiao shouted, unbelievable.

What kind of supernatural power is this?

"How come?" Wu Kun saw this, slightly shocked in his heart.

This ability reminded him of a family.

Not only him, but also the old antiques above the sky, and some strong foreigners with a deep vision, all think of a certain race.

With a click.

Jun Xiaoyao's \*\*\*\* pressed slightly, and he crushed the heavenly sword into which the two golden horns were turned into pieces.

Pouch!

The golden sheep clan Tianjiao vomited blood, his forehead cracked, and the soul would be broken.

These two heavenly swords are his natal weapons.

It can be said that most of the magical powers of the Golden Goats are on these two shofar swords.

Now Jun Xiaoyao easily smashed the two heavenly swords, and the Golden Goat Clan Tianjiao was immediately hit hard, and his combat power was almost wiped out.

"Everyone shot together, can he still sweep us all!"

Yin Ling also spoke.

The prince and daughter of the top royal family is the leader, and the other royal family Tianjiao also shot at the same time.

In an instant, all kinds of powerful magical powers, top-level forbidden techniques, were displayed.

They are all well-known great techniques in foreign land, and they are extremely powerful.

The place boiled instantly, like countless stars bursting, waves of destruction flooded towards Jun Xiaoyao.

Jun Xiaoyao is still indifferent.

All the fluctuations of supernatural powers, in front of Jun Xiaoyao, all turned into nothingness.

"how come....."

All the royal family Tianjiao who took the shot opened their mouths wide and their eyes rounded.

"It's impossible..." Yin Ling was also a little gaffe, unable to maintain her ladylike demeanor.

At this moment, a voice with a little solemn color sounded.

"What do you have to do with the Mojie clan?"

The one who spoke was the quasi-emperor, the heavenly arrogant of the gluttonous clan.

Hearing this, many royal creatures present showed a look of astonishment.

"Mojie Emperor Clan, it is rumored that there is no \*\*\*\* in that lineage, all methods are not invaded, and control has the power of mana immunity!" Some foreign royal family Tianjiao exclaimed.

The Mojie family is one of the immortal emperors in the foreign land.

There are not many creatures in the clan, but every one of them is extremely powerful.

Whether it is the sleeping younger generation or the older generation, the same rank is invincible.

Moreover, the most distinctive feature of this line of imperial clan is that they are born with magic immunity.

Depending on the strength, the effect of mana immunity is also different.

But the only thing that is certain is that the ability to invade all laws and the ability to immunity is unique in the blood of this clan.

It is almost impossible for other creatures to own it.

"By the way, what this person just showed, it really looks like the effect of mana immunity!"

"No wonder he is so powerful. I didn't expect that he was really a descendant of the Immortal Emperor."

"The Mojie emperor clan, the number of people in this clan is extremely rare, and very mysterious. I didn't expect that there will be descendants walking in the world now."

In an instant, all kinds of noisy discussions sounded.

Many royal princes are all in a sudden.

If it is a descendant of the Immortal Emperor Clan, then everything is reasonable and it is not impossible to sweep them.

However, above the sky, several old antiques were puzzled.

"Although it is like the power of the Mojie Emperor clan, is this son really from that line? The old man has never heard of anything in that line?"

It's not just these old antiques who questioned.

Wu Kun also stood up and said: "The descendants of the emperor clan, high above, and not easy to walk the world, how can you be like you."

"Furthermore, my master is also a genius who knows the Mojie clan, and it seems that there is no one like you among them."

"Where did you steal your ability, or is it similar?"

"If you don't make it clear today~[www.mtlnovel.com](http://www.mtlnovel.com)~ I am afraid that the Mojie emperor will also trouble you afterwards. They will not allow this ability to spread to outsiders."

Wu Kun's eyes were sharp, as if he wanted to see through Jun Xiaoyao.

Jun Xiaoyao laughed when he heard the words.

His mana immunity was signed, what does it have to do with the Mojie family?

"What is the Mojie Emperor Clan, who is eligible to be compared with my bloodline?"

Jun Xiaoyao said coldly, his tone was full of contempt!

[Chapter 923: Kill Quasi-Emperor Clan, Quasi-Supreme aura, chaotic physique revealed](#)

What about the immortal emperor in a foreign land?

What about the ancient Mojie Emperors?

No matter how old the bloodline is, no matter how strong it is.

What about the unfailing monarch family who has passed on countless epochs?

On the long history, the theory has a long history, and the theory is profound.

The family of the fairyland is no weaker than any immortal emperor in the foreign land!

Hearing Jun Xiaoyao's words, countless alien creatures' eyes widened, their expressions turned petrified.

Public contempt for the immortal emperor!

This courage is already bigger than the sky!

"You... bold!" Wu Kun shouted, but there was a hint of joy in his eyes.

At this time, it can be completely determined that Jun Xiaoyao is not a member of the Mojie emperor clan.

If there is no background, it is easy to deal with.

"Haha, really arrogant and arrogant people, since you are not a member of the Mojie clan, it doesn't matter if you kill it, right?"

Tianjiao of the Assassin Clan sneered and killed him directly.

The breath of the Holy Master Realm exudes.

Seeing the quasi-imperial family Tianjiao taking action, all the royal family Tianjiao present were refreshed.

They didn't believe it, even the quasi-emperor Tianjiao at the Holy Master level could not beat Jun Xiaoyao.

Jun Xiaoyao showed a sneer.

He is indeed not a family of Mojie.

But the background is more terrifying than the Mojie family.

It's just that this is a foreign land, and he can't reveal the true background and origin.

Otherwise, if you are in Xianyu, Jun Xiaoyao doesn't have to do anything, just standing there is enough to make countless people bow their heads and surrender.

Seeing Tianjiao of the Alien Clan kill, Jun Xiaoyao simply punched out.

The void trembles like paper, and then shatters.

Pouch!

The arms of Tianjiao's move exploded directly, and blood and bones splashed all over the sky.

Half of his body was shattered, the primordial spirit was shaken, almost split!

He took a deep breath, shocked, those black-hole-like eyes, reflecting the light of fright.

Simple, without any fancy, or even any mana blessings.

Just slamming a punch with a physical body caused him to suffer a heavy blow. What kind of method is this?

Not only him, but all the exotic Tianjiao around him also have a tingling scalp.

From which corner of the bump was this monster?

"Wow, sir is so strong?" Chunchun was surprised, covering her small mouth.

Although she knew that Jun Xiaoyao would be strong, she didn't expect to be so strong.

"That's natural, my husband is not an ordinary person." Fei Qingxue took it for granted.

After all, how can this \*\*\*\* of destiny and creation, the spokesperson in the world, be mediocre?

"Let me meet you!"

On the other side, a swift shadow swept towards Jun Xiaoyao.

It was Tianjiao from the line of Snaking Snake, the whole body was golden, and it was made of Daojie gold, with a pair of fleshy wings on the ribs.

Although this family is called a snake, its strength is not much weaker than that of the evil dragon.

The snake neighed and roared.

The sound can break the world, shatter the soul!

But Jun Xiaoyao's expression was flat, and the chaotic light surging in his eyes.

Accompanied by the power of the three generations of the soul, a wave of savvy soul fluctuates, penetrating the void like a sharp sword, and piercing the Tianjiao in the line of the snake.

Pouch!

The screaming snake made a screaming sound, and the frontal bone split and was bleeding.

"what!"

Snakes roared, golden glow on the body surface surged, snake scales clashed.

It grows big in a flash, like a mountain.

This is the true size of the Naruto Snake, like a true golden dragon.

The breath it exudes made many royal family Tianjiao feel suffocated, and the heart seemed to be oppressed by the mountains.

"This is the power of the quasi-emperor Tianjiao." Some royal Tianjiao sighed.

On the other side, the Tianjiao of the Alien Clan directly opened his mouth and screamed, a black hole emerged, and the essence of heaven and earth poured into it.

His injury also quickly began to recover.

This tribe has some ancient gluttonous blood, which can swallow all things.

"Come again!"

The gluttonous Tianjiao shouted, and a horrible black hole appeared in front of him, as if it could swallow and refine everything.

Jun Xiaoyao shook his head slightly.

The power of devouring, he was playing badly.

Not only did he practice the Devil Swallowing Technique, but he also condensed the Devouring Immortal Qi.

Jun Xiaoyao took a quick look, with rune brilliance surging in his hand, with a simple palm, dissolving the black hole.

And slapped a palm on the body of the Tianjiao.

boom!

This time, the Tianjiao of the Alien Clan, but there was no chance of recovery.

The flesh burst into pieces like an inflated balloon, and the primordial spirit cracked and shattered along with it.

A quasi-emperor Tianjiao fell.

"And you..."

Jun Xiaoyao turned to look at the singing snake, pointed it as a sword, and cut it down.

"The snake moves for nine days!"

The screaming snake roared, the snake's body shook, and it flicked, splitting the void, causing the space on that side to collapse.

As for Jun Xiaoyao, his body was not affected at all, and his sword was sacrificed.

It sounded like a sharp knife into the flesh.

Splashes of blood.

The giant tail of the screaming snake was directly cut off, and blood gushed out like a waterfall.

Jun Xiaoyao pointed out again, the bright golden sword light burst from his fingers, as if it contained the sharp meaning of cutting through the sky.

One of the five great magic tricks, Zhantian Jue!

Shit!

A blood line emerged from the whole body of the Naruto Snake, and then it was directly divided into two!

The soul is broken, and the dead can't die again.

Then, Jun Xiaoyao turned his gaze to Yin Ling again, and was about to point out.

Yin Ling's complexion instantly turned pale as paper.

"Enough, Ukun, let's go together, we can't let this son be fierce!" Kong Qianqian couldn't stand it anymore.

If you don't make a move, you will be killed by Jun Xiaoyao.

This person was so terrifying that even the quasi-emperor Tianjiao was willing to kill, regardless of the consequences.

Kong Qianqian was really a little bit timid in his heart.

If Jun Xiaoyao can't get rid of today, she will always have a lump in her heart.

She has trouble sleeping with such a mysterious and strange character.

"Hmph, today this son will definitely die!"

Wu Kun snorted coldly, exuding a quasi-supreme aura.

He can be said to be the highest creature here except for those old antiques.

"Quasi Supreme..." Yin Ling's beautiful eyes revealed the joy of the rest of his life.

Quasi-Supreme, it should be able to suppress Jun Xiaoyao.

However, the next moment, her eyes went dark.

It's like the sky is falling down!

"what....."

Yin Ling was stunned, she saw Kong Qianqian and Wu Kun, as well as the other royal family Tianjiao's shocking expressions.

She was a little dazed, turned her head, and saw the big chaotic handprint that was overturned and grabbed at her like a sky.

boom!

The big mudra of Chaos pressed down, slapped Yin Ling to death.

The prince and daughter of the top royal family also fell!

Deadly...

This time it was completely dead, completely silent.

Just because at this moment Jun Xiaoyao also exudes a quasi-supreme aura.

And there are strands of chaotic energy that entangles his body like a horse.

To set off the Dijun Xiaoyao even more, just like the awakened King of Chaos!

The eye of chaos splits the world, and the air pressure of chaos is sky!

The entire mountain peak began to tremble, as if it could not bear the power of Jun Xiaoyao's breath to erupt completely!

"Now, come to Bibi?"

Jun Xiaoyao looked at Wu Kun.

Click!

A drop of sweat, UU Reading [www.uukanshu.com](http://www.uukanshu.com) fell from the tip of Ukun's nose.

He found that his legs were shaking a little unconsciously.

"Hun... Chaos... Chaos body?"

Wu Kun's tone was intermittent, as if his brain was short-circuited, and he felt cold all over his body.

This kind of three thousand physiques ranked in the top ten, and it was impossible to come up with a physique against the sky, and actually appeared in front of him alive!

What a hell!

[Chapter 924: The eternal unparalleled chaotic body, 8 directions trembled, Mingzhao the emperor...](#)

A quasi-extreme level chaos body, how powerful is Wu Kun simply can't imagine.

Even if it was his master Li Jiumin, he would have to be treated with extreme caution, let alone him.

Wu Kun's heart throbbed, as if being pinched tightly by a big hand, he was a little out of breath.

As the pride of the emperor's creatures, he was beaten to pieces in front of the Chaos Body!

This is a chaotic body that even the immortal emperor clan covets!

As for Kong Qianqian, her body was stiff, her whole body had long been petrified, and her mind was a bit unrecovered.

"How could it be possible for a quasi-prime level chaotic body..." Kong Qianqian's beautiful eyes were thick and unbelievable.

Not only Wu Kun, Kong Qianqian.

All the alien creatures present are petrified.

Before, they all felt that Jun Xiaoyao was mysterious and profound and unpredictable.

Now, Jun Xiaoyao completely released his breath and cultivation.

Quasi-Supreme Realm, plus Chaos Body.

This is almost an invincible combination among the younger generation!

Everyone was dry-mouthed, and their souls were greatly impacted.

Especially the old antiques above the sky.

Originally, they had some kind of speculation in their hearts, but they were not so sure.

Now that I have seen it with my own eyes, it's really confirmed.

This mysterious, terrifying young man in white clothes.

It turned out to be a chaotic body that has never existed in the legend!

This is a huge event.

The birth of the Chaos Body, whether in the Nine Heavens Immortal Realm or a foreign land, can stir up waves and endless storms!

Just because this kind of physique is really too strong and too rare.

There is not necessarily one in an epoch.

It can be said that if between the two realms, a chaotic body emerges from one realm.

Then it will inevitably become a thorn in the eye and a thorn in the flesh of another world.

Chaos body, talented evildoer, without any other chance, has the posture of proving emperor itself.

The lowest achievement in the future is also a great emperor or immortal king.

And now, a living chaotic body appeared in front of them.

How can this make them not shocked or surprised?

"Oh my god, it's really that kind of aura, chaotic body, chaotic body that is unparalleled in the past!" Old Antique's tone was trembling.

"A chaotic body was born, this is a major event in our world!" Another old antique sighed.

When the friction between the two realms was frequent, a chaotic body unexpectedly appeared on the foreign land side.

This is simply the luck of Alien.

After all, if a chaotic body achieves the immortal king, then the strength can be terrifying.

General figures of the same level are definitely not their opponents.

"You... are you a chaotic body?"

The Ukun people were stupid, and a chill came out of their throats.

He also thought that Jun Xiaoyao had no background and could kill at will.

But now?

Nima is actually a chaotic body!

Let alone whether he can kill.

Even if he could kill it, he wouldn't dare.

As long as Jun Xiaoyao speaks, he wants to join a clan.

Even the immortal emperor had to grab their heads and wanted to invite him to join.

After all, the value of the chaotic body itself is not to be discussed.

Just its chaotic bloodline has supreme value.

Combining with the bloodlines of those immortal emperors may cultivate invincible descendants of bleeding veins!

It can be said that Jun Xiaoyao is now sweet and delicious.

Even if the immortal emperor paid a high price, they would try their best to invite.

Not to mention that Wu Kun was pale at the moment, and his scalp was numb and trembling.

Kong Qianqian on the side was also unable to maintain that glamorous temperament.

The whole person is wooden.

Her ineffective cousin provokes a chaotic body?

Even if it is a chaotic body without a background, no one can provoke it.

"Damn it, even death will hurt me."

Kong Qianqian cursed inwardly, her beautiful face was extremely pale.

Her heart was full of deep regrets now.

If she had known that Jun Xiaoyao was an unparalleled chaotic body, then she would definitely not provoke it.

"Mr. turned out to be a chaotic body?"

Chunchun was surprised, her big shiny eyes widened and she was shocked.

She didn't know what kind of physique Jun Xiaoyao was before.

Fei Qingxue also took a deep breath, shaking her heart.

But after thinking about it, she was relieved.

"Mr. is worthy of being the spokesperson of the \*\*\*\* of destiny and creation on the world, and his physique is a chaotic body that is unparalleled in the past."

At this moment, Fei Qingxue's belief in the \*\*\*\* of destiny and creation was even more firm to the extreme.

Even the \*\*\*\* envoy is a chaotic body, how strong is this god?

The few Ice Spirit Royal Family elders who followed were also dumbfounded.

They finally understand now why Fei Qingxue said to let them not worry.

A chaotic body, what else can I worry about?

"Hehe, we still have eyesight. I didn't expect this young man to be a chaotic body."

"Yeah, I'm worried."

Several elders of the Ice Spirit Royal Family glanced at each other, all smiled bitterly and shook their heads, feeling that their previous behavior was a bit ridiculous.

"Go ahead..."

Jun Xiaoyao put one hand behind him and looked at Wu Kun.

In the presence, the only one qualified to make a shot was Ukun.

Jun Xiaoyao still has a trace of interest in this Mingzhao emperor clan.

Wu Kun's face turned green as if he had eaten a fly.

If other people were so provocative, he would have taken action long ago.

But in the face of Chaos Body, I am afraid that no one will not be afraid.

"Ukun..."

Kong Qianqian shouted aside, also a little annoyed.

They have been offended, so they can only find a way to solve this troublesome matter.

"It seems that the Minzhao family is nothing more than that." Jun Xiaoyao sighed slightly.

"Enough, even if it is a chaotic body, it can't offend the power of the emperor!"

Wu Kun made a long scream and shot directly.

If he doesn't make a move, he will become a joke.

boom!

I have to say that when the quasi-superior makes a move, that breath is different.

Between heaven and earth, all kinds of Dao patterns are surging.

Wu Kun did not dare to underestimate Jun Xiaoyao, and directly sacrificed the supernatural powers of the Ming Zhao clan.

He reached out a hand, a crack appeared in his palm, and then it split.

An eyeball appeared in his palm.

"It's the evil eye of the Minzhao clan!"

Everyone in the Quartet exclaimed.

Unexpectedly, as soon as Ukun got started, he would sacrifice the supernatural powers of the Minzhao clan.

It is like the signature magical power of the Mojie clan, which is not touched by all laws and is immune to magic power.

The Minzhao clan naturally also has its own bloodline supernatural powers, which is the so-called Minzhao Eye.

Anyone who has the blood of the Emperor Mingzhao will have an evil eye in his palm, possessing all kinds of incredible powerful abilities.

Legend has it that when the evil eyes come out, the heaven and the earth are destroyed, and everything is silent!

"Eyes of Mingzhao, evil eyes bind the gods!"

Wu Kun shouted loudly, and the glowing eyes in his palm exuded a misty black light.

This is one of his trump card magical powers, which can restrain the opponent's soul, hold it down, and let him kill it.

This trick has never been unfavorable in the war.

I don't know how many opponents have helped Ukun beheaded.

Under the circumstances of being caught off guard ~[www.mtlnovel.com](http://www.mtlnovel.com)~, even the quasi-superior of the same level will be held for a few breaths.

And this time is completely enough to kill the enemy.

Jun Xiaoyao immediately felt that an invisible force, like a chain, was imprisoning his soul and wanted to freeze.

"Interesting..." Jun Xiaoyao smiled faintly.

He walked in a foreign land, but also to explore all kinds of intelligence.

Collecting the ability information of these foreign emperors is also part of it.

Seeing Jun Xiaoyao standing motionless on the spot, Wu Kun was overjoyed and slammed directly.

"What about the Chaos Body, it's not going to be defeated by my Ukun!"

But the next moment.

Jun Xiaoyao moved, unremarkable, with a palm shot, the chaotic air surged like a vast ocean.

Pouch!

Ukun vomited blood in his mouth, half of his body was cracked, and his bones were broken.

The whole person was extremely shocked, his scalp was numb, and he looked at Jun Xiaoyao in disbelief.

"It's just a distraction to realize the mystery of this trick, do you really think it can restrain this son?"

Jun Xiaoyao's tone was indifferent, and once again condensed a large mudra of Chaos, and he photographed Wukun before he was to be killed.

Ukun was so shocked that Dao Xin was about to collapse, he hurriedly sacrificed a piece of jade slip and crushed it.

boom!

Wuguang rushed into the sky, and the coercion permeated.

A vague young phantom emerged, with a strong breath, and his voice was extremely cold.

"Those who dare to move me have to say, you are very courageous."

Seeing this phantom, all directions were silent.

"It's the unworldly arrogant of the Emperor Ming Zhao, Li Jiu Ming!"

[Chapter 925: Bullying has no background? Recite the real name silently, manifest immortality!](#)

Ming Zhao's Li Jiu Ming has a great reputation in a foreign land.

He is one of the leaders of the younger generation, and one of the top three in the top ten heavenly kings.

It is rumored that the Evil Eyes that he possesses have the appearance of returning to the ancestors, possessing various powerful terrifying and strange abilities.

In the jade slip that Ukun crushed, there was a ray of Li Jiu Ming's soul.

As long as you smash the jade slip in a crisis, Li Jiumin Yuan Ling will show up.

Generally speaking, as long as they are in a foreign land, most people will give Li Jiumin a face.

Therefore, this is Wu Kun's last resort to save his life.

"Give you a chance, come to my Mingzhao clan to plead guilty, but also..."

Li Jiu Ming Yuan Ling hadn't finished speaking, Jun Xiaoyao casually swung it, and the chaotic energy surged.

Directly extinguished the wisp of Yuan Ling Li Jiu Ming.

All creatures are dull and shocked.

Wu Kun was also dumbfounded, his breathing almost stopped.

In a foreign land, even the immortal emperor creatures will sell his master's face.

As a result, Jun Xiaoyao, completely indifferent, directly killed Li Jiumin Yuan Ling, leaving him not even finished speaking.

"A wisp of soul and soul, is not qualified to talk to this son." Jun Xiaoyao said coldly.

When did a ray of spirits speak wantonly in front of him.

"You...you...even if it's a chaotic body, you can't provoke my Mingzhao emperor!" Wu Kun stepped back, stunned.

Kong Qianqian was also pale on the side.

"Now you have killed many royal clans, as well as the quasi-emperor Tianjiao. If you kill us again, then the Ming Zhao clan and the Black Peacock royal family will not let you go."

After feeling Jun Xiaoyao's killing intent, Kong Qianqian could only move out of the background.

After all, they couldn't fight, and the background was their only reliance.

It was a few old antiques above the sky, also with kindness, began to persuade.

"Little friend, stop here, you have offended many royal families and quasi-emperors, and you can no longer offend the real emperor."

"That is, you are a chaotic body with infinite talents, so you don't have to set up so many enemies for yourself."

These old antiques all showed kindness and wanted to forge a good relationship with Jun Xiaoyao.

After all, Jun Xiaoyao is a chaotic body with unlimited potential.

Upon seeing this, Wu Kun's flustered expression also calmed down.

There was a touch of rejoicing in his eyes.

He was grateful for his imperial family.

The corner of his mouth evokes a sarcasm.

Of course, he was not stupid enough to provoke Jun Xiaoyao, he just spoke indifferently.

"You have seen the current situation. Your Chaos Body is indeed strong, so what? You still can't provoke me and the emperor."

"Well, if you hand over the five heavenly celestial fruits, maybe the master will not hold you accountable for offending him."

Kong Qianqian's face also recovered calm, and said, "Well, hand over the Celestial Fruit and the Celestial Leaf. Forget about the death of my cousin."

Kong Qianqian didn't want to forge a death feud with the Chaos Body because of a Kong Xiang, that would be unwise.

As it is now, to resolve grievances and get benefits, why not do it?

Both Wu Kun and Kong Qianqian thought that they had already released their kindness, and Jun Xiaoyao should compromise.

Upon hearing this, Jun Xiaoyao didn't say anything yet, Chunchun glared at him with wide eyes.

Even she was angry.

Just when Chunchun wanted to speak out, Jun Xiaoyao said lightly.

"So, you just deceived me without background?"

Ukun smiled, noncommittal.

Jun Xiaoyao laughed too.

As nine heavens and ten places, one of the most distinguished people.

For the first time, Jun Xiaoyao realized that he was said to have no background.

Could it be that the tiger fell to Pingyang and was deceived by the dog?

"Although you are a chaotic body, you still have to understand the rules of my world. In this way, if you hand over the Heavenly Immortal Fruit, I might not let you join the Black Peacock Royal Family or the Ming Zhao Family."

Kong Qianqian also recovered that glamorous feeling.

What about Chaos Body?

What if the talent is against the sky?

Without background, there is no confidence.

And maybe it will die one day.

Chunchun and Fei Qingxue were very angry at this.

But to everyone's surprise, Jun Xiaoyao's demeanor was very calm, without the slightest anger.

He nodded faintly and said: "That's right, you said it's really good."

"It's fine if you understand." A smile just appeared at the corner of Kong Qianqian's mouth.

The next moment, the smile at the corner of her mouth froze.

But seeing Jun Xiaoyao muttering on his lips, he seemed to be chanting something.

"Hey, what is that chaotic body doing?" Many alien creatures were puzzled.

Wu Kun and Kong Qianqian were even more puzzled.

Only Fei Qingxue, as if thinking of something, carried an unprecedented excitement in her beautiful eyes.

"Could it be..."

boom!

Suddenly, the heavens and the earth changed, and the universe was turbulent!

Above the sky, it seemed as if there was a wave of chaos clapping, the galaxy shifted, and all directions were shaking!

In the horrified eyes of everyone.

Above the sky, there was light surging and reflecting.

In the void, a huge crack appeared, like a corner of the universe was opened!

And in that giant cosmic crack, a vague and terrifying shadow sits in the depths of the cosmic starry sky!

It's like the ancient demon \*\*\*\* resurrected!

A ray of breath crushed the heavens!

Unprecedented terror and coercion, covering all directions!

The entire Fallen Xianling Mountain, all the alien creatures, were all lying on the ground by this coercion!

The heart seems to be caught by a big hand, and the blood vessels are about to burst!

That breath made everyone tremble!

"Yes...no...the King of Immortality!" Some alien creatures lost their voices and couldn't help exclaiming loudly.

The immortal king!

The top king of the foreign land, known as the immortal existence!

In a clan, if there is an immortal king, the entire clan can become a quasi-imperial clan!

And now, they saw a true immortal king!

Even just a projection is enough to make everyone tremble!

Even the old antiques above the sky fell on the ground and knelt on their knees.

Only now did they think that just now, Jun Xiaoyao should be silently reciting the real name of the Immortal King.

As a result, the immortal king phantom descends.

At this moment, all the alien creatures in the audience knelt down, their hearts shook and their scalp numb!

They shouted in unison: "See immortality!"

All the alien creatures knelt down sincerely, trembling.

As for Wu Kun and Kong Qianqian, they had been pressured by that breath a long time ago, and they were lying on the ground.

At the moment like two quail shivering~www.mtlnovel.com~ Heartbroken!

"How... how is it possible, behind him, is an immortal standing?" Wu Kun's face was even paler than before, like a concubine.

"Impossible, which line of emperor family does he come from?"

Kong Qianqian's cold and glamorous temperament disappeared again, at the moment it was almost like a dead person, there was no blood on his face, and his heart was terrified.

They also bullied Jun Xiaoyao for no background.

As a result, people recited their real name silently, and directly revealed an immortal statue!

[Chapter 926: Immortal reflection, trembling 4 squares, killing all enemies](#)

At this moment, the audience bowed down.

Rao Shichunchun and Fei Qingxue also knelt down.

The immortal king is in a foreign land, that is, the sky, the god, and the king's law!

No one dared to face immortality without kneeling.

Present, only Jun Xiaoyao, standing with his hands behind, backed by the mysterious and vague immortality, the temperament is extraordinary!

"Now, is this young man qualified to kill you?" Jun Xiaoyao said indifferently.

"This...this..." Ukun was heartbroken, unable to speak at all.

It is useless for him to follow the background of his family.

Because the Minzhao clan, it is impossible for him to be a servant, against a chaotic body, and the immortal king.

Jun Xiaoyao was too lazy to procrastinate, patted it with one palm, and the chaotic air fell like a waterfall, scouring the void.

puff!

Ukun was instantly overwhelmed by the Chaos Qi, and his body was broken, and he couldn't die anymore.

The blood splashed out fell on Kong Qianqian's body.

The fair and glamorous face was covered with sticky blood, and it slipped down little by little, causing her Dao Xin to completely collapse.

She was almost like a bitch, crawling towards Jun Xiaoyao, with tears and nose coming out of her cold face.

How beautiful it was before, how embarrassed it is now.

"I beg your son to spare me, Qianqian is willing to be a slave and a maid. You can treat me any way you want, and you can ruin and ravage me, just don't kill me!"

Kong Qianqian crawled towards Jun Xiaoyao and pleaded.

Seeing this scene, the corners of all foreign creatures' mouths twitched.

Kong Qianqian is Mingzhao Emperor Tianjiao, the little wife of Li Jiu Ming.

Now it is like a bitch, crawling towards Jun Xiaoyao, begging for forgiveness.

This is too cheap.

Even Li Jiumin would be stigmatized and stained.

Jun Xiaoyao didn't bother to look at Kong Qianqian and flicked his fingers at will.

A ray of chaotic energy exploded at Kong Qianqian, causing his head and soul to explode.

Only the headless body fell to the ground.

Afterwards, Jun Xiaoyao swept away his eyes.

On the top of this mountain, all the royal family Tianjiao who had shot at him or clamored.

Each body and head burst into pieces, blood mist filled the sky, and bones were all over the floor.

In the end, only Jun Xiaoyao, Chunchun, and Fei Qingxue remained on the top of the mountain.

Killing these exotic arrogances, Jun Xiaoyao has no pressure at all.

Even want to kill two more.

When all the creatures on the scene saw it, they bowed their heads, shivering, and didn't even dare to breathe.

grim Reaper!

Devil!

These words emerged in the hearts of everyone.

This newly born chaotic body, acting without scruples, is simply a \*\*\*\* of murder!

It was the old antiques who had persuaded Jun Xiaoyao to stop before, but now they also chose to shut up very wisely.

There is an immortal king behind his back, who would dare to talk too much?

The audience was silent and silent.

When Jun Xiaoyao saw this, a smile appeared in his eyes.

Unexpectedly, Mirroring the Heavens is really useful for bluffing people.

The projection in the void is naturally Jun Xiaoyao, projecting the evil thoughts of the gods by reflecting the law of the heavens.

Jun Xiaoyao also calculated that no one dared to investigate carefully.

After all, Foreign Land advocates the law of the weak and the strong, and the majesty of the immortal king, they dare not offend at all.

Not to mention to investigate carefully.

But it doesn't matter even if someone investigates, Jun Xiaoyao is not afraid.

They will only detect a mysterious nihilism.

But behind Jun Xiaoyao, Chunchun was extremely surprised, and he didn't expect Jun Xiaoyao to have such a background.

At the same time, looking at Jun Xiaoyao who killed everyone.

Not only did Chun Chun not feel that Jun Xiaoyao was cruel, but there was a light of worship in her big eyes.

Isn't this the great hero she has been looking for, the destiny?

Chunchun has also imagined that her lover, for her own sake, is an enemy of the world and kills everything.

Jun Xiaoyao is undoubtedly the true emperor who best fits her imagination right now.

Mysterious, powerful, and handsome.

But occasionally, I like to tease her and call her a little bit.

At this moment, Chunchun's heart was a little numb.

On the side, Fei Qingxue's beautiful eyes, with a kind of piety and fanaticism.

She looked at those kneeling creatures and sneered in her heart.

"This is just a servant of the great destiny and creation god, and it scares you like this."

"If the true destiny and the \*\*\*\* of creation came to this world, what would you be shocked like?"

Fei Qingxue is already looking forward to the moment when the \*\*\*\* of destiny and creation will truly appear in this world.

Presumably the entire foreign land will tremble!

As for the elders of the Ice Spirit Royal Family, they were extremely happy in their hearts while being shocked.

"I didn't expect this young man in white to have such a big background. It seems that we are blind!"

"Yes, it's her blessing that the young lady can have intersections with such characters."

The elders of the Ice Spirit Royal Family were completely relieved.

Next, after solving these flies, Jun Xiaoyao was also preparing to take Tianxian Guo.

A line of sight stuck tightly to him.

"take it."

Jun Xiaoyao shook his head and threw a Tianxian fruit to Chunchun.

Chunchun is a small tool man of his, and still needs to be fed.

"Thank you sir!"

Chunchun took the Heavenly Immortal Fruit, her voice was delicate and crisp, and then she couldn't wait to bite it down.

There is a touch of envy in Fei Qingxue's beautiful eyes, but she is very well-behaved, and very witty, low and respectful.

"Qingxue, and you."

Jun Xiaoyao also gave a fairy fruit to Fei Qingxue.

Fei Qingxue immediately raised her head, her beautiful face was flattered.

She really didn't expect it.

Jun Xiaoyao's ability to bestow her a cup of fairy tea is already a great gift.

Tianxian fruit is much more precious than immortal tea.

Even if Jun Xiaoyao didn't give it, Fei Qingxue would not complain.

"Sir, this is too precious..." Fei Qingxue was at a loss.

"Accept it." Jun Xiaoyao smiled indifferently.

Fei Qingxue is the daughter of luck that he personally created, and is also a chess piece he placed in the royal class.

In the future, she will rely on her to preach in the royal class.

So we can't treat her badly.

"Thank you sir." Fei Qingxue took the fairy fruit, and her icy white and delicate face flushed.

Her respect and admiration for Jun Xiaoyao is mainly of pious respect and admiration.

But now, this mood is mixed with inexplicable emotions.

She looked at Jun Xiaoyao's eyes, in addition to worship, there was also a hint of admiration.

Of course, Fei Qingxue is also very self-aware, knowing that she is not worthy of Jun Xiaoyao, so it is not obvious.

But Jun Xiaoyao saw everything in his eyes, just smiled.

Fei Qingxue likes him, it's better this way, but can do things for him desperately.

The elders of the Ice Spirit royal family were very happy for Fei Qingxue, thinking that she was really hit by a pie falling from the sky.

Not only can you get acquainted with the chaotic body with a mysterious background and terrifying strength, but you can also taste the fairy tea and taste the fairy fruit.

"If it is our Ice Spirit Royal Family, we can hold this young man's thigh tightly..." The Ice Spirit Royal Family elder became active in his heart.

This is a chaotic body, behind which stands a mysterious and powerful immortal king.

If it grows up in the future, just a single word can make the Ice Spirit Royal Family stand tall.

Not to mention being oppressed by the Fire Rock royal family.

All alien creatures are present, with all kinds of thoughts in their hearts.

Jun Xiaoyao picked up the remaining three Celestial Fruits and took them directly.

"Little friend, Tianxian Guo is not taken like this!" Old Antique couldn't help but shouted.

Because the effect of Tianxian Guo is too strong, it is mostly used for alchemy as medicine to neutralize the medicinal properties.

If the physique is not good, swallowing one, it is possible to burst.

As a result, Jun Xiaoyao did well, and UU reading [www.uukanshu.com](http://www.uukanshu.com) swallowed three celestial fruits one after another.

boom!

An extremely majestic energy erupted from Jun Xiaoyao's body.

Every celestial fruit is the essence of the celestial tree, containing a ray of celestial blood.

The mere energy is enough to elevate a person's realm.

Not to mention that the Heavenly Immortal Fruit also possesses various Taoist Gods, it is also invaluable.

"Let me see how much seven cups of immortal tea and three heavenly fruits can improve my strength." Jun Xiaoyao was curious.

[Chapter 927: Chaos and immortality, breakthrough again, uprooting the heavenly fairy tree](#)

Jun Xiaoyao's whole body, the fairy mist is surging, and the aura is full of light.

There is even more chaotic mist, which is surging like a wave.

There are also various amazing visions.

The sky fell chaotically, the ground surged with golden lotus, the real dragon went to sea, and the divine phoenix hit the sky.

There are also mountains, rivers, and seas, where the sun, moon, and stars appear, and the mystery is extremely complex.

Jun Xiaoyao felt that the three Celestial Fruits in his body turned into a majestic force billowing like a tide.

It's really unbearable to change to other ordinary people, and the flesh will swell and explode.

But Jun Xiaoyao would not be so.

After all, his current physique was the same chaotic physique as Qing Emperor.

Even if it was replaced with the previous ridiculous ancient sacrament, Jun Xiaoyao would not have any serious problems.

"It's worthy of being an unparalleled chaotic body, and it can't be judged by common sense."

Seeing Jun Xiaoyao safe and sound, several old antiques all sighed.

After drinking seven cups of immortal tea, and then swallowing three immortal fruits, Jun Xiaoyao was like a okay person.

It can only be said that his physique is too strong, he can digest any chance at will.

"It is conceivable that our world will make another disturbance because of this chaotic body." An old antique sighed.

"Yes, those emperor elites, sealed emperors, and descendants of the ancient clan will probably not be able to restrain them. I want to learn from this chaotic body."

"The old man is a little expectant. This chaotic body is fighting the scene of the great emperor's Tianjiao."

"At that time, the God of War Academy will be opened. I wonder if this chaotic body can contend for the title of God of War?"

"It seems that this chaotic body has an invincible posture, it is very possible."

When Jun Xiaoyao was practicing, those old antiques whispered to each other.

Unexpectedly, hosting a celestial banquet, a chaotic body would be born, which really exceeded their expectations.

Rumble!

Jun Xiaoyao's whole body has an amazing vision.

The wisps of chaotic air are hanging down like a waterfall.

As time went by, a fairy air appeared on Jun Xiaoyao's body surface again.

This fairy qi, chaos and chaos, seems to have come from the beginning of the opening of the universe.

Chaos and immortality!

This is the thirteenth fairy qi condensed by Jun Xiaoyao!

It will shock the eyes of many people if it is spread out.

At the same time, Jun Xiaoyao's cultivation base is steadily increasing.

Quasi-Supreme Early!

Quasi-Supreme mid-term!

Quasi-Supreme Late!

In the end, he climbed to the quasi-supreme small perfection before he could stop.

Don't look at Jun Xiaoyao's failure to break through to the supreme.

You know, in the Supreme Seven Realms, any small realm is even more difficult to break through than the several big realms in the ninth stage of Tongsheng.

Jun Xiaoyao broke through from the early stage of Quasi-Supreme to Xiao Wan, which already silenced all the alien creatures in the audience.

"This...is this the enchanting talent of the Chaos Body?" A royal family Tianjiao was so shocked that all three views were subverted.

He had never thought that cultivation was such a simple thing.

They are all human beings, so there is such a big gap?

"Monster, a peerless monster, how do I feel that those imperial elites, leading figures, have not broken through so quickly?"

"Be confident and get rid of the feeling."

If you say that before, Jun Xiaoyao shocked the audience with a murderous might.

So now, Jun Xiaoyao is using the talent of a peerless evildoer to make the whole scene tremble.

In a foreign land, a world of laws that believes in the strong.

Jun Xiaoyao is undoubtedly the one that will be respected endlessly.

There are already many female creatures present, and their beautiful eyes are full of splendor.

"This is Wushuang's Chaos Body. It would be great if we could combine and repair with this young man, and it would definitely be of great benefit."

"If you give birth to a monkey to this son, will the offspring also inherit the blood of Chaos?"

"You guys think too much, will Chaos Master look after you?"

Some female creatures whispered to each other.

The law of survival in a foreign land is cruel.

If women are not strong in talent and background, there are only two ways to go.

If you don't let people bully and slaughter, just like Fei Qingxue before.

Or look for a powerful Taoist companion, such as Kong Qianqian.

Therefore, it is not an exaggeration for some top powerhouses to say that they have seventy-two concubines in the Sannomiya and Six Courtyards.

With Jun Xiaoyao's talent and strength, plus there is a mysterious immortal king behind him.

He is definitely the Taoist companion that many women dream of.

Not to mention being handsome.

"Cut, these hungry women like wolves and tigers, do you really think your husband will fall in love with you vulgar fans?"

Chunchun Liuli glanced over the female creatures with big eyes, and her ruddy little mouth curled disdainfully.

Little did she know that she looked like a little hen protecting her food.

Jun Xiaoyao got up, feeling the surging power in his body, a smile appeared on the corner of his mouth.

Only the improvement of strength can bring him such a happy mood.

Women will only affect his progress in cultivation.

"In addition to improving my strength to the quasi-sovereign small perfection, and chaos immortal energy, I also extracted law fragments from the heavenly immortal fruit."

Jun Xiaoyao felt the fragments of the laws that were floating in the universe within him.

Those fragments, like broken glass, are fragments of the law.

If you say that you are in the ninth stage of Tongsheng, you are comprehending, perceiving all kinds of rules of heaven and earth, and orderly principles.

So in the Seven Supreme Realms, it is an attempt to condense, evolve, and control these laws.

Jun Xiaoyao possesses thirteen celestial energy, which means that he can at least condense and control thirteen laws in the future.

This horror is extreme.

One rule can achieve the Supreme Achievement Status.

Thirteen rules, how great is the achievement?

As the old saying goes, there is a saying that the ninety-five-five-year-old is supreme.

Representing nine is the extreme state.

The supreme who controls the nine principles is the true supreme of the Nine-Five Extreme Realm.

The ten rules are supreme, which has already broken through the extreme realm.

The thirteen rules are supreme, what is it?

Is it the extreme of the extreme?

If Jun Xiaoyao condenses the thirteen rules, UU Reading [www.uukanshu.com](http://www.uukanshu.com) estimates that he can dominate among the supreme, even far surpassing those extreme supreme.

Jun Xiaoyao also had a foreboding. Next, if he breaks through the Supreme, he will surely cause a terrifying tribulation of heaven and earth.

"It would be great if there were more fragments of the law, that would help me condense the law quickly."

Jun Xiaoyao thought.

Suddenly, his eyes fell on the fairy tree.

A flash of light flashed in his eyes.

"Congratulations to the little friend, the realm has risen."

Several old antiques stepped forward and slightly bowed their hands to Jun Xiaoyao, with a very charitable and kind tone.

Maybe Jun Xiaoyao's cultivation realm is still below them.

But they believed that the evil spirits of the chaotic body would be able to surpass them soon.

"Is this fairy tree a thing without a master?" Jun Xiaoyao asked.

"It is indeed an unowned thing, or it is a public thing." An old antique replied, a little confused, not understanding what Jun Xiaoyao asked this for.

"Well."

Jun Xiaoyao nodded slightly, and walked directly to the Heavenly Immortal Tree. Between his hands, the chaotic large mudra condensed and grabbed the Heavenly Immortal Tree.

This scene shocked all the alien creatures.

It was a few old antiques, all stunned, froze in place, temporarily dumb.

"This..."

Several old antiques were speechless.

Jun Xiaoyao actually wanted to uproot the heavenly fairy tree and put it for his own use.

This is shocking, and what you have done is too terrific. It doesn't leave any chance for other Tianjiao in Tianmu Dazhou.

It's a loss to the extreme!

#### [Chapter 928: Tianxian Tree took the initiative to seek refuge, news from the God of War](#)

"The opening sign to the Ancient Eucharist (!

The audience was dumb, never expected that Jun Xiaoyao would behave like this.

If ordinary people get any chance, most of them will keep some roots and use them to benefit future generations.

Jun Xiaoyao is good, this is to uproot the fairy tree without leaving anything to others.

"Little friend, don't be impulsive!"

Upon seeing this, Old Antique exclaimed.

It's not that they want to stop Jun Xiaoyao.

Jun Xiaoyao himself has a mysterious origin, and behind him is an immortal king, and they dare not stop it at all.

It's just because the Heavenly Immortal Tree itself possesses a ray of spiritual consciousness, has a sense of self-protection, and is extremely powerful.

If Jun Xiaoyao forced a shot, it was likely to be countered by the Heavenly Immortal Tree.

If the fairy tree strikes back, the younger generation will definitely not be able to bear it.

The old antiques did not hope that the chaotic body on their side would fall in such an absurd way.

Perceiving the Chaos Handprints coming, I want to uproot it.

The bare branches of the Celestial Tree trembled, and then suddenly drew towards Jun Xiaoyao, like a long dragon, shattering into the void.

The imprints of various immortal runes are extremely bright and powerful.

It can be said that the true supreme may not be able to stop it.

boom!

With a loud noise, the long dragon-like branches directly smashed the Chaos Handprint to pieces, and then whipped Xiang Jun Xiaoyao.

Jun Xiaoyao had expected it a long time ago, and directly sacrificed the sword fetus of Luo.

Daluo's sword fetus, the body of the sword entangled with the Qi of Chaos, blooming with extremely sharp sword lights, colliding with the branches of the heavenly immortals.

Clang!

There is the sound of gold and iron clashing, sparks rubbing and shooting, it is very gorgeous, and the runes are splashing like fire.

The branches of the fairy tree that day were actually stronger than any god, iron, and gold, and the roots were not ordinary things of vegetation.

"The trees tempered by the blood of the immortal, even their branches are comparable to immortal gold." Jun Xiaoyao secretly said.

This fairy tree is a strong man in itself.

The tricks of Jun Xiaoyao and Tianxianshu also stunned the Quartet.

They didn't expect that Jun Xiaoyao could even contend with the Heavenly Immortal Tree.

"That weapon is also quite extraordinary." Several old antiques looked at the Da Luo Jian Ti in Jun Xiaoyao's hands.

In their eyes, Jun Xiaoyao's origin became more mysterious, and even his weapons were extraordinary.

"It seems to be very resistant." Jun Xiaoyao frowned slightly.

Then, there was a flash of light in his mind.

The fairy tree offered more branches.

Hundreds of branches, like immortal spears, pierced through the void and shot at Jun Xiaoyao.

Jun Xiaoyao delivered a breath of breath from the inner universe and fell to the heavenly fairy tree.

"Be careful!"

Several old antiques changed color, and the stem was about to penetrate Jun Xiaoyao.

clank!

The spear-like branches, only one foot away from Jun Xiaoyao's body, suddenly stopped.

The next moment, the earth shook and the sky shook, the whole mountain began to tremble, and the rocks rolled down.

That day the fairy tree was actually uprooted directly.

The roots of the tree moved like two human feet, rushing towards Jun Xiaoyao.

It looks like it's going to return to the embrace of the mother's body, excited and impatient!

"This..."

The audience was dumbfounded, stunned, sluggish, and their jaw dropped to the ground.

Several old antiques are even stupid.

What's going on here, the fairy tree is like a human being, pulling itself up from the ground, and then rushing towards Jun Xiaoyao.

This stunned a group of people, their eyes were about to fall, and they had never seen such a strange scene in a lifetime.

The void flashed slightly.

The Heavenly Immortal Tree directly disappeared in front of Jun Xiaoyao.

Above the mountain, there is only one big hole.

The opportunity to fall into the Heavenly Immortal Tree in the Fallen Mountains completely missed the Tianmu Dazhou creatures.

All the alien creatures in the audience are stupefied, and they haven't recovered.

The corner of Jun Xiaoyao's lips evoked a faint smile.

He just naturally released the breath of the world tree.

The World Tree, to some extent, can be regarded as the ancestor of thousands of trees.

Is the ancestor of all ancient trees.

It can be said that even just a small sapling, if planted next to the World Tree, it can be turned into a towering tree.

The Heavenly Immortal Tree has a weak spiritual sense. After sensing the breath of the World Tree, it is naturally unable to resist, and wants to take root next to the World Tree.

Jun Xiaoyao effortlessly transferred the Heavenly Immortal Tree to his inner universe.

"Since it is an unowned thing, then naturally those who are predestined will get it."

"Helpless, my son is unremarkable, but luck is a little bit better." Jun Xiaoyao sighed.

The old antiques twitched at the corners of their mouths, their faces were covered with black lines, and smiles were even worse than crying.

You are a chaotic body, and everything you say is right.

The celestial banquet is over.

Obviously, the only winner is Jun Xiaoyao.

The other Exotic Tianjiao who participated were almost dead.

"By the way, little friend, I will tell you about the God of War Academy," an old antique reminded.

"The God of War Academy?" Jun Xiaoyao revealed a hint of surprise.

After a little understanding.

Jun Xiaoyao also knows that this is equivalent to the Nine Heavens Immortal Courtyard of Xianyu.

"If the God of War Academy is opened, there will be a gathering of evil spirits from all directions. If you want to temper the Chaos Body, going to the God of War Academy is the best choice." An old man said.

Jun Xiaoyao nodded.

Schools are indeed the most convenient and efficient way to learn about foreign land.

Most importantly, it is also convenient to inquire about all kinds of information.

"Originally, I had the qualifications to go to the Nine Heavens Immortal Academy and accept the immortal level inheritance, but after some fate, I ended up in a foreign land."

"However, the Foreign War God Academy is opened, and there should also be a top-level heritage similar to that of the Immortal Academy. Is this the East Window is not bright and the West Window is bright?"

Jun Xiaoyao thought in his heart, but also felt a little funny.

It just so happened that he was also very curious about the inheritance of foreign land.

As for qualifications.

As long as Jun Xiaoyao wants it, he will definitely get it.

"Sir, there is still some time before the opening of the God of War Academy. If you don't dislike it, you can go to our clan to take a rest.

Fei Qingxue was at war between heaven and man in her heart. After hesitating for a long time, she mustered up the courage and blushed.

Seeing that Fei Qingxue, who was originally an ice beauty, turned into such a well-behaved and respectful appearance.

All the creatures around couldn't help but sigh.

Sure enough, everyone wants to hold the thigh of Chaos Body.

It doesn't matter if you post it upside down.

"Alright." Jun Xiaoyao nodded.

With this heavy shock to reflect the heavens.

He also happened to have the idea to bring the entire Ice Spirit Royal Family under his command first.

As for those powerhouses whose realm is beyond Jun Xiaoyao.

As long as they can be fooled, there will be no problems in a short time.

Over time, no matter how strong Jun Xiaoyao is, he can naturally continue to control them.

Fei Qingxue was overjoyed when she heard Jun Xiaoyao's affirmative reply.

She and Chunchun both drank immortal tea and ate immortal fruit, their strengths were not the same as before.

And all of this, UU reading [www.uukanshu.com](http://www.uukanshu.com) is derived from the gift of Jun Xiaoyao.

Jun Xiaoyao left Fallen Xianling.

Under the respectful reception of Fei Qingxue and several elders of the Ice Spirit Royal Family, proceed to the residence of the Ice Spirit Royal Family.

No one on the scene dared to stop Jun Xiaoyao.

Even those royal families and quasi-imperial families whose Tianjiao died in the hands of Jun Xiaoyao did not dare to act rashly at will.

After all, a chaotic body and a mysterious immortal king are involved.

They can only return information to the family.

#### [Chapter 929: From the hidden emperor? The shock and fear of Peacock King](#)

The fairy banquet is over.

But its impact has just begun.

With the dispersal of the various races.

All kinds of news about the Tianxian Banquet also flew throughout the entire Tianmu Dazhou like wings.

Even the other big states have been affected.

After all, this celestial banquet can be said to be unprecedented.

A chaotic body that is hard to come out of the ages has been born.

This is definitely a big news, and it will cause a shocking wave in the entire foreign land.

After all, the physique of Chaos Body is one of the top ten among the three thousand physiques.

It is also the posture of the emperor.

In a foreign land, that is a certainty that can become the king of immortality.

Not to mention that in the end, a mysterious immortal king phantom emerged.

It shocked all directions.

A chaotic body, plus a mysterious immortal king.

Many foreigners are speculating.

Could it be that another mysterious hidden emperor clan is about to be born?

In a foreign land, although the major immortal emperors are mostly known.

But there are also some extremely ancient emperors who have been hidden for countless epochs.

Those hidden emperors may not even know some old antiques.

Obviously, many alien creatures mistakenly believe that Jun Xiaoyao is the sleeping seed-level figure of a certain hidden emperor.

Recovered in this era, and then shot and swept his peers.

After the Heavenly Immortal Banquet was over, it was the Fire Rock Royal Family and the Black Peacock Royal Family that were directly affected.

After all, they are the deepest and most direct contradiction with Jun Xiaoyao.

"Damn it!"

In the palace of the Fire Rock Royal Family, Prince Yan's father, the Flame Heavenly Sovereign, was shouting angrily.

His children, in the public, were swattered to death like flies.

It is difficult for anyone to accept it.

"Patriarch, calm down!"

"Yes, the one who killed the prince, but a chaos body, is backed by a mysterious immortal king!"

"That chaotic body, perhaps a seed-level figure of a hidden world emperor, should not be provoke."

Below, many elders of the Fire Rock royal family are admonishing.

They were afraid that the Flame Heavenly Sovereign would be impulsive and do anything mindless.

At this moment, the Great Elder of the Fire Rock Royal Family came and took a look at the Flame Heavenly Venerable Dao.

"The old ancestors say that you must never provoke that chaotic body."

"At the same time, hand over all the city lands that our clan had invaded and occupied the Ice Spirit Royal Clan."

"We even have to prepare a large amount of resources to go to the Ice Spirit Royal Family to apologize."

"what?"

Hearing this, the eyes of the blaze Tianzun widened, unbelievable.

Not only can he not avenge his son, but he also has to apologize to the Ice Spirit royal family?

"The words of the ancestor, this son must not be offended." The elder said.

All the elders present were dead and took a deep breath.

The ancestor of their clan, although not a quasi-immortal or immortal king.

But at any rate, he was also a Chaos Daoist, and he would be so afraid of a young man.

The Flame Heavenly Sovereign sat on the throne with a thud, as if he was several hundred years old in an instant.

He knew that if that chaotic body was really the seed of the Hidden World Emperor Clan.

Let alone revenge, they can only pray that the Ice Spirit Royal Family will not use the sword to kill people, and let the Chaos Body force them to death the Fire Rock Royal Family.

...

At the same time, the black peacock royal family was also making big waves.

As a top royal family.

The overall strength of the Black Peacock Royal Family is much stronger than that of the Fire Rock Royal Family.

At this moment, the Black Peacock royal family's land is also in chaos into a pot of porridge.

"Have you heard that Miss Qianqian was killed at the Celestial Banquet!"

"Yes, it was a chaotic body that killed Miss Qianqian."

"Oh my god, that kind of physique against the heavens has actually appeared in this world."

"Not only that, that chaotic body, silently reciting his real name, an immortal shadow descends!"

"Is it really like the legend, that chaotic body comes from an ancient hidden emperor?"

The entire Black Peacock royal family exploded.

After all, they were expecting that Kong Qianqian could marry Li Jiuwei.

In that way, their black peacock royal family can be regarded as climbing the glory of the emperor.

Now, everything is in vain.

And at this moment, in the ancestral land of the Black Peacock royal family.

A floating island, suspended above the sky.

That is Peacock Island, the ancestor of the Black Peacock family, the retreat of the Peacock King.

Peacock King is a famous quasi-immortal in a foreign land.

Zeng stood shoulder to shoulder with King Chi Xiao.

However, after the Scarlet King broke through to the Immortal King, his clan soared, and they all became quasi-emperors.

As long as the Peacock King breaks through and becomes immortal, the entire Black Peacock family can also become a quasi-emperor.

At this moment, under Peacock Island.

The contemporary patriarch of the Black Peacock royal family led a group of elders to this place.

"We, please see the ancestors!"

The patriarch of the Black Peacock clan shouted.

This incident was too important and had a profound impact on the Black Peacock royal family.

If it is an ordinary enemy, there is no need to alarm the Peacock King, they will directly destroy the opponent.

But the one who killed Kong Qianqian this time was a mysterious chaotic body.

He even recites his real name silently, manifesting immortality.

Therefore, the members of the Black Peacock Royal Family did not dare to act rashly, for fear that they would provoke a hidden emperor.

Then they are over.

"This matter, I already know it, and I'm waiting for it to figure it out."

A dull voice came from Peacock Island.

"Let me figure out who is sacred."

On Peacock Island, an old man with a shriveled figure and a black cloak said indifferently.

When he moved his mind, he moved the law of heaven and earth.

Faintly, time and space are fluctuating.

The strings of cause and effect are trembling slightly.

The quasi-immortality of the foreign land is equivalent to the quasi-emperor of the fairy land.

Not to mention the Peacock King, in the quasi-immortality, it has been deeply cultivated for many years.

From the true King of Immortality, there is only a thin line of separation.

His mighty power is earth-shaking.

However, after some calculations, the Peacock King was surprised.

He couldn't even calculate the chaotic body and the mysterious and immortal origin behind it.

He wanted to continue to calculate, but in the end he was inexplicably backlashed.

The body trembled directly, and a small mouthful of blood was spit out!

"How can it be?"

The Peacock King was shocked, and his muddy pupils were trembling.

He has been in retreat for many years, but today, he has been wounded for a long time.

"There are only two results. First, the chaotic body has no past at all. It is nothingness. People who don't exist, but that's impossible."

"Second, there is the strongest, and the shielding erases his cause and effect. At least it must be above the Immortal King, which is much better than me."

"Could it be that he is really a hidden emperor, but I have never heard of it..."

The Peacock King was shocked.

If he is such a strong person, any waves can be ignored.

Only the unknown is the most daunting.

"Ancestor!"

Below the Peacock Island, the patriarch of the Black Peacock family and others heard a faint sound of coughing up blood.

This made them very terrified, and their yelling voices were trembling.

Could it be that the ancestor of their clan, the Peacock King, was injured in the calculation?

"Enough, wait, don't get caught up in this matter."

The Peacock King's slightly tired voice sounded.

"The old ancestor, do you just forget about this grudge? Originally, my clan was still married to Emperor Ming Zhao..." The patriarch of the Black Peacock royal clan hesitated.

"Then this matter, let the Minzhao clan solve it, maybe they have that confidence." The Peacock King's voice sounded.

"Yes..."

The patriarch of the Black Peacock Royal Family bowed their heads and retreated.

No matter how unwilling, no matter how angry, there is no way.

Even the Peacock King was jealous and didn't want to be tainted by this cause and effect.

"It seems that the chaotic body really has a big background, even the ancestors are jealous." The elder of the black peacock royal family sighed, feeling helpless.

If Jun Xiaoyao knew the thoughts of these alien creatures, he would surely laugh out loud.

These alien creatures were too clever to make up for it, so they fooled themselves.

[Chapter 930: Flickering Ice Spirit Royal Family, Destiny Sect was born](#)

Just when Fei Qingxue, with Jun Xiaoyao and others, went to the residence of the Bing Ling royal family.

In the entire Tianmu Dazhou, many races are inquiring about the trend, waiting for a disturbance.

But it is staggering.

The Fire Rock Royal Family and the Black Peacock Royal Family, as if they didn't know anything about the Heavenly Immortal Banquet, remained silent.

This surprised a group of people.

It seems that these two races are really counseled and thoroughly counseled.

But beyond everyone's expectations.

Nothing happened to the Minzhao clan.

This is very surprising.

Everyone thought, change to be their own Li Jiumin.

His servant was killed at will.

His little wife was humiliated, lying on the ground like a bitch, and finally killed.

Who is it, can't swallow this breath, right?

"It seems that the Chaos Body is really overwhelming, and even the Minzhao clan is afraid of it."

"It's also possible that Mingzhao Emperor Clan doesn't want to have a relationship with Chaos Body and the Immortal King behind it because of a Kong Qianqian."

Many people are talking about it.

But there is no doubt that the previous one, the chaotic body came from the legend of the hidden emperor, and many people believed it.

However, a few days later, a news suddenly came out, causing a big storm.

"I am away from Jiu Ming, looking forward to meeting and discussing with Chaos Body at the God of War Academy."

In a word, it was spread out.

Although there is not much anger on the bright side.

But everyone knows that the so-called competition is not that simple.

This is a battle!

Just because there may be mysterious forces behind the chaotic body.

That's why the Minzhao clan didn't want to tear his face completely, so Li Jiumin restrained a little.

On a plain.

Jun Xiaoyao smiled when he heard this.

"Is it an emperor's elite? It's a bit of interest." Jun Xiaoyao smiled.

"Sir, none of the imperial clan is good, you must be careful." Chunchun said.

Although in her heart, Jun Xiaoyao has the invincibility of sweeping his peers.

But what should be reminded is still to be reminded.

Jun Xiaoyao glanced at Chunchun and felt that after the Tianxian Banquet, her attitude towards herself seemed to have undergone a subtle change.

"Do you care about people as a young person?"

Chunchun immediately made a big red face when she heard the words, and turned her face away, hesitatingly said: "Wh... no, I'm just afraid that my husband accidentally said that no one will feed me afterwards."

Jun Xiaoyao sees through but doesn't tell.

Keeping this little girl will always be useful in the future.

Within a few days, Jun Xiaoyao arrived at the residence of the Ice Spirit Royal Family.

A city built with thousands of years of profound ice, stands tall in the wind and snow.

Surprisingly, the elders of the Ice Spirit Royal Family, including the Ice Spirit Heavenly Sovereign, were already waiting in front of the city.

"Ok?"

Jun Xiaoyao guessed that he might be treated seriously.

But he didn't expect that the Ice Spirit royal family had been waiting outside the city long ago.

"Thank you, my little friend, for coming to my Frost City. It really made my Frozen Royal Family Pengxun shine."

The headed Bing Ling Tianzun slightly bowed his hands towards Jun Xiaoyao, very enthusiastic.

"Father..."

Fei Qingxue on the side was also very surprised.

I didn't expect my father to be so enthusiastic.

It is hard to imagine that a strong man of great heaven would respect Jun Xiaoyao so much.

Afterwards, Bing Ling Tianzun also warmly invited him, set up a banquet, and cleaned up Jun Xiaoyao.

At the banquet, Bing Ling Tianzun was in an unprecedentedly happy mood, and smiled: "Qingxue, pour wine for my little friend, my little friend is the great benefactor of my Bing Ling royal family, and I must respect my father three cups!"

Fei Qingxue is also well-behaved, standing beside Jun Xiaoyao, pouring wine for him.

Chunchun grabbed the chicken leg on the table and gnawed it, his mouth dripping with oil.

She is just a bastard, and she can eat and drink with Jun Xiaoyao.

"Where, Patriarch Bingling doesn't need to be polite." Jun Xiaoyao also raised his glass and smiled.

"Haha, my little friend doesn't know, the Fire Rock Royal Family came before, not only returned the occupied land, but also apologized and agreed not to infringe each other."

Bing Ling Tianzun laughed.

A piece of his heart disease was completely cured.

The Ice Spirit royal family has no worries about the future.

"No wonder..." Jun Xiaoyao thought to himself.

But this is also good, the more the Ice Spirit royal family respects him, the better the plan will be to act.

When he was drunk, Jun Xiaoyao suddenly smiled and said, "Isn't Patriarch Bingling not curious, is there any power behind me?"

When Bing Ling Tianzun heard the words, he replied with a serious face: "The little friend is joking, how dare I look into the history of the little friend?"

No matter what, in the eyes of Bing Ling Tianzun, behind Jun Xiaoyao, there is at least one immortal king.

That's not an existence that the Ice Spirit Royal Family can snoop and inquire casually.

Jun Xiaoyao said: "The patriarch doesn't have to be like this. I can say straight away that what stands behind me is not a hidden emperor, but a destiny cult."

"The Destiny Cult?"

Bing Ling Tianzun was extremely shocked.

Now the news is rumored that Jun Xiaoyao is the chaotic body seed that awakens from sleep in an ancient hidden emperor clan.

As a result, Jun Xiaoyao actually said that behind him was the Destiny Cult.

The problem is that Bing Ling Tianzun has never heard of Destiny Cult at all.

Jun Xiaoyao didn't say anything. Instead, it was Fei Qingxue on the side. She understood her heart and said, "Father was not curious before, what chance did my daughter get in the Tomb of Heaven?"

"Qingxue, you mean..." Bing Ling Tianzun noticed something.

After that, Fei Qingxue told Bing Ling Tianzun and some of the elders present about what she had experienced.

"What... God of Destiny and Creation?"

"It's a gift from God that made your crippled Frost Bone dedicated to Dao Bone?"

"Little friend is the messenger of the \*\*\*\* of destiny and creation walking on the earth?"

"And that mysterious immortal king, who turned out to be the servant of that god?"

Fei Qingxue's words refreshed the three viewpoints and cognitions of all the senior members of the Ice Spirit Royal Family.

Even Chunchun was very surprised. He didn't expect this gentleman to have such a background.

Originally, if someone said these things to them, Bing Ling Tianzun and others would definitely sneer.

But now, this is what his daughter, Fei Qingxue experienced personally.

In addition, Jun Xiaoyao, the chaotic body is present.

The manifestation of the immortal king was also confirmed by everyone.

Bing Ling Tianzun didn't believe it.

As for exploring the origins of immortality?

Even the Peacock King of the quasi-immortal level is difficult to detect.

Not to mention the Ice Spirit Tianzun, the great Tianzun powerhouse, and it was even more impossible to offend.

Seeing the shocked emotions on the faces of Bing Ling Tianzun and others, Jun Xiaoyao kept everything in sight.

This is the effect he wants to see.

"The brewing place is almost..." Jun Xiaoyao said in his heart.

Then, he directly said: "Patriarch, although I can solve your family's temporary troubles."

"But you must know that in our world, strength is paramount. Without real strength, it is impossible to be protected by others for long."

"So...Is the Ice Spirit Royal Family willing to join my Destiny Cult and believe in the great and supreme \*\*\*\* of destiny and creation?"

Jun Xiaoyao smiled.

That is the smile of the devil.

The bait has been sprinkled.

Will the Ice Spirit Royal Family take the bait?
