

Sacred Body 931

[Chapter 931: The ice spirit royal family surrendered, the change of the fairy tree, the flesh...](#)

Jun Xiaoyao's invitation calmed the original noisy banquet.

All the senior members of the Ice Spirit Royal Clan seemed to be about to stop breathing.

They vaguely noticed.

This may be an opportunity to change the destiny of the Ice Spirit Royal Family.

If it is in the heyday of the Ice Spirit Royal Family.

Naturally, the Ice Spirit Royal Family couldn't easily join any faction forces.

But now, the Ice Spirit Royal Family hasn't landed much.

Almost falling out of the position of the Hundred Kings.

Even if there is no help from Jun Xiaoyao, let alone the Black Peacock Royal Family.

Even a Fire Rock royal family can drive them to a dead end.

Upon seeing this, Jun Xiaoyao took another strong medicine.

"My destiny **** teaches me, I have a supreme cultivation technique called Dao Xin Demon Secret Art. Qingxue has already practiced it."

"Her cultivation base has improved, you also know."

"As long as you believe in the **** of destiny and creation, you can also practice this technique, and your clan's strength will be raised by one level."

"At that time, even the Fire Rock royal family will be left behind by you and can be destroyed at your fingertips!"

Jun Xiaoyao's voice is like the voice of the devil that tempts people to fall.

Bing Ling Tianzun's heart throbbed.

His cultivation level has not broken through for a long time.

Jun Xiaoyao's eyes flickered, and he chuckled: "If you still don't believe it, then first give you a piece of law to realize it."

Jun Xiaoyao casually touched, and a passage of scripture emerged, falling on the brows of Bing Ling Tianzun.

Bing Ling Tianzun closed his eyes, and after careful comprehension, he opened his eyes suddenly.

Those eyes are all red, and breathing is fast!

This technique is really against the sky!

It can be handed over to others to practice and obtain the natural results of others' cultivation.

And can expand indefinitely.

Bing Ling Tianzun knew that if he could get this opportunity, it would not be difficult to break through the bottleneck!

Seeing Bing Ling Tianzun's shortness of breath, Jun Xiaoyao's lips made a faint smile.

People seek advantages and avoid disadvantages.

As long as it is something that is beneficial to them, without Jun Xiaoyao's persuasion, they will naturally join in.

Seeing people's hearts and controlling humanity, Jun Xiaoyao is first-rate.

"Being able to join the Destiny Cult is the blessing of our Ice Spirit Royal Family!" Bing Ling Tianzun arched his hands.

Now, being able to join the Destiny Cult is undoubtedly the best choice for the fallen Ice Spirit Royal Family.

Bing Ling Tianzun can hardly imagine, if the whole family cultivated the Dao Heart Magic Technique, how strong would they be?

It's not hopeless to become a top royal family, right?

Fei Qingxue was also very happy on the side, she was very happy that the Ice Spirit royal family had chosen the right path.

"The patriarch really made the most sensible choice, but my destiny religion has not yet appeared, and I will have arrangements for everything after that." Jun Xiaoyao said.

Now he only needs to control the Ice Spirit Royal Family first.

As for the other royal families, we still need to wait for the time to come.

I can't rush to eat the meal in one bite.

"That's natural, I'm waiting for the order to respect the gods." Bing Ling Tian said.

"It doesn't have to be the case, as long as you have a pious belief and don't easily reveal the secrets I teach, you Ice Spirit Royal Family, or your Ice Spirit Royal Family." Jun Xiaoyao smiled.

"Thank you divine envoy!" Bing Ling Tianzun was extremely grateful.

Their Ice Spirit royal family, at least still retains autonomy.

Seeing the grateful and respectful appearance of the Ice Spirit royal family.

Jun Xiaoyao also sighed in his heart that his skill in fooling people was getting higher and higher.

After that, Jun Xiaoyao also handed the Dao Heart Magic Technique to Bing Ling Tianzun and the others.

They can't wait to practice.

Jun Xiaoyao came to a spring in the depths of the Bingling Royal Clan.

This spring is extremely strange, half hot and generally cold.

Jun Xiaoyao thought about it, only to realize that he hadn't taken a hot spring for a long time.

This hobby is almost lost.

"Since the world of Shenxu, everything has been in a hurry, and it should be slowed down."

"The game has been laid out a little bit, the next thing is to wait for the God of War Academy to open."

"I am quite interested in the chance of searching a foreign land." Jun Xiaoyao thought.

"Mr..."

Fei Qingxue was wearing a close-fitting coat that was as thin as a cicada's wings, a kind of translucent, blushing, kneeling and sitting beside Jun Xiaoyao, pinching his shoulders for him.

Fei Qingxue really had the characteristics of an ice spirit tribe, and her skin was white and clear like ice and snow.

At the moment, the reddish cheeks and the shy and timid appearance are even more beautiful.

Today, the fate of the entire Ice Spirit Royal Family is in Jun Xiaoyao's hands.

Fei Qingxue treats Jun Xiaoyao as if he is picking it up.

Jun Xiaoyao didn't evade, and the service that should be enjoyed should be enjoyed.

Seeing that Jun Xiaoyao didn't want to treat her at all, Fei Qingxue felt so disappointed in her heart.

As everyone knows, she is just a tool person in Jun Xiaoyao's eyes.

"Oh, soak in the hot springs!"

A clear and delicate voice sounded.

A small and exquisite shadow fell into the spring water with a thud, splashing water.

Chunchun regained her original state, vomiting bubbles like a little mermaid out of a bath.

What made Jun Xiaoyao's mouth twitched slightly is that this little bit is not even covered with strands.

The silky and thick white long hair is perfectly blocked in front of her chest.

It is simply a natural mosaic.

"Is this clan so open?" Jun Xiaoyao was dumb.

When he saw Chunchun for the first time, he knew where she came from.

Seeing Jun Xiaoyao looking at herself, Chunchun was not shy, but her exquisite body approached Jun Xiaoyao and said, "Where is the gentleman looking?"

"Well, it's endless, flat and flat."

Jun Xiaoyao said nothing.

Chunchun immediately squashed her ruddy small mouth, immersed her body in the water, her small face was filled with resentment.

Jun Xiaoyao no longer pays attention to Chunchun, but instead explores his inner universe.

The Heavenly Immortal Tree automatically settled beside the World Tree, taking root in the soil of all things.

Jun Xiaoyao sprinkled the spring water from the fountain of life on the fairy tree.

In an instant, on the bare celestial tree, there were all kinds of glorious glow shrouded in light.

One branch began to sprout.

Even then, the embryonic form of Tianxian fruit began to be born.

At such a speed, the old antiques in Tianmu Dazhou will definitely stare out their eyes!

Tianxian tree, a thousand years of results, each time is a long wait.

Even if it is a fairy leaf, it takes hundreds of years to produce so many dozens of them.

As a result, the Heavenly Immortal Tree was in the universe within Jun Xiaoyao, but within a few hours, it had already sprouted.

Even the embryonic form of the fairy fruit was brewing. UU reading www.uukanshu.com

Of course, there are three reasons for this.

All things earth, the fountain of life, and most importantly, the influence of the world tree.

As the ancestor of thousands of trees, the World Tree has given a huge bonus to the Celestial Tree.

"If it continues like this, it shouldn't be a few months before you will be able to bear the fairy fruit again."

"It just so happens that I also lack law fragments."

Jun Xiaoyao thought.

If you want to become a true supreme, you must master a complete law.

The reason why there is a quasi word in front of the quasi supreme is because there is no complete law born in its body and it cannot be controlled.

Jun Xiaoyao is now making preparations to break through to the Supreme.

"The first law is the law of the flesh."

[Chapter 932: A single spark can start a prairie fire, the slaves will rise, the God of War Academy...](#)

The first immortal energy that Jun Xiaoyao condensed was the physical immortal energy.

His physical body is also unparalleled.

Now, although Jun Xiaoyao is a chaotic physique, his physical body is not weaker than the original desolate ancient sacrament.

Jun Xiaoyao is preparing to condense the laws of the flesh first, so as to break through to the real supreme realm.

Then go to condense other laws.

With the laws of the body, Jun Xiaoyao's body will be sublimated to a certain degree of extremeness.

However, if you want to control the laws of the physical body.

In addition to the comprehension and comprehension of Jun Xiaoyao itself, the fragments of the law are also extremely helpful.

That's why Jun Xiaoyao snatched the Heavenly Immortal Tree, and wanted to get more Heavenly Immortal Fruits to extract the Law Fragments.

Except for the fairy tree.

Jun Xiaoyao is also paying attention to the seeds of faith.

Although the seed of faith has not changed much until now.

But around, dense clusters of light have emerged.

Most of them are only the size of a fist.

Those should be the beliefs of slave creatures.

Although the power of faith is small, it is very pious, very bright and dazzling.

A very small number of light clusters are of different sizes.

Some are the size of a human head, some are the size of a watermelon, or even the size of a star.

This should be the belief of the strongest members of the Ice Spirit Royal Family.

The power of faith it provides is much more powerful than the slave creatures.

But it is not as bright and dazzling as the slave creatures.

Although the Ice Spirit Royal Family believed in the gods of destiny and creation, they obviously did not have the piety of those slave creatures.

But Jun Xiaoyao didn't care. When his strength increased, he could naturally control everything.

For the next time, Jun Xiaoyao temporarily stayed in the Ice Spirit Royal Family.

On the other side, on the vast and desolate plain of Tianmu Dazhou.

A **** battle is breaking out.

A team of more than ten slave tribes is encircling and suppressing the Cyclops.

Cyclops, as generals, although not the most top-notch.

But in this vast plain, it is like a master.

Many of the surrounding slaves were exploited and oppressed by them.

But now, the Cyclops discovered that more than a dozen slave tribes in the surrounding area had united and wanted to overthrow the rule of the Cyclops.

"On the contrary, these humble slaves have all reversed!"

"Damn, how come their strength is so much stronger?"

There was a cyclops shouting.

It stands to reason that these slaves don't get much resources.

There is also no good practice.

The strength will almost always stay at the original level, so that it will be able to rule them.

But now, in this group of slaves, there are even saints, and powerful men of the saint king level have appeared.

This is outrageous!

"kill!"

Among the crowd, a sturdy, dark-skinned young man with a firm face appeared, like a wolf entering a flock, and directly blasted a one-eyed giant with a punch!

"Black Skin Race!"

In the eyes of several one-eyed giants, there was a burst of anger.

The first to rebel was the black skin tribe.

This young man, the current leader of the Heipi tribe, is Tuobayu.

And his current cultivation realm is indeed a saint realm!

This made the Cyclops stunned and shocked.

Such a young saint is staggering!

You know, at the very beginning, Tuobayu didn't reach the ninth-order connection.

Now he has become a saint.

This rate of progress is absolutely abnormal and can be called an eternal evildoer!

However, these cyclops naturally didn't know what opportunity Tuobayu got.

Tuobayu himself was the first person to obtain the Dao Heart Demon Technique, and he was naturally the biggest beneficiary of the Dao Heart Demon Technique.

It can be said that all the other creatures who have obtained the Taoxin magic tactics are supporting him in his cultivation and continuously sending power to him.

In addition, Tuoba Yu also got one thousandth of Jun Xiaoyao's cultivation talent.

The three words Jun Xiaoyao must be emphasized.

Any other eternal evildoer, peerless Tianjiao, with one-thousandth of its talent, may only be able to create a fairly good powerful Tianjiao.

But Jun Xiaoyao's one-thousandth cultivation talent is even stronger than some eternal evildoers themselves.

Therefore, it is not difficult for Tuobayu to reach the Saint Realm in a short time.

After a **** battle, Tuobayu killed the patriarch of the Cyclops tribe.

The entire Cyclops are destroyed!

Although the Cyclops tribe is only the weakest of the generals.

But this victory also greatly increased the morale of all slaves.

"Thank you, Master Tuobayu, if you didn't have Master Tuobayu, we might still be oppressed by the Cyclops!"

The patriarch of the blood bone clan said excitedly.

"Yes, Master Tuobayu is a real hero!" the creature of the goblin clan shouted.

More than a dozen slaves around, all cheered loudly.

Feeling the worship of thousands of creatures around him, Tuobayu took a deep breath.

Isn't this what he dreams of?

but...

Tuobayu is also very sober.

He knew who gave his current glory.

The **** of destiny and creation can bestow everything to him, and can also take everything away from him.

So Tuobayu's beliefs are more pious.

"Everyone, I, Tuobayu, is just a rebel. What you really should believe in and praise is the great destiny and the **** of creation!"

"It's a great and supreme god, who changed the tragic destiny of our slaves!"

Tuobayu's words made the cheers stronger.

"I hope I will always be a devout believer in the God of Destiny and Creation!"

The pious shouts shook the world.

Tuobayu raised his arms and exclaimed: "But it is not just us who are being oppressed, but also the tens of millions of slaves. Who wants to join me to liberate more slaves!"

"My blood and bones, I would like to follow Master Tuobayu and the **** of destiny and creation!"

"My goblin clan, I would like to follow Master Tuobayu and the **** of destiny and creation!"

"My Qilan clan, I would like to follow..."

All ethnic groups yelled, excitedly, and decisively.

A single spark can start a prairie fire.

I'm afraid that Jun Xiaoyao himself, who set this game, didn't expect that Tuobayu's chess piece would have such a good effect.

Although the slaves are the lowest in the foreign land, the weakest existence.

But quantitative changes can cause qualitative changes.

As long as the number is large enough, plus they have cultivated Tao Xin magic tactics.

The rise of the slaves is just around the corner.

At that time, I am afraid that the foreign land will also have a headache.

Here, Jun Xiaoyao didn't care about Tuobayu's plan and let him develop freely.

Jun Xiaoyao can only feel that the light of faith in the inner universe is increasing, increasing in units of 10,000.

The seed of faith began to undergo some subtle changes.

A faint light of light began to shroud the surface.

It is faintly visible, as if there are countless ghosts worshipping piously.

Although this change is subtle, it also means that Jun Xiaoyao's direction is not wrong.

If there are so-called gods, then Jun Xiaoyao should be named the **** of flickering.

...

During the stay of the Ice Spirit royal family, UU reading www.uukanshu.com has royal families, top royal families, and quasi-emperor creatures coming to visit from time to time.

Even a messenger from the imperial clan came and wanted to see Jun Xiaoyao.

Regarding these, Jun Xiaoyao rejected all of them.

These people just wanted to investigate his details or recruit him.

But now, Jun Xiaoyao is not ready to join any quasi-emperor or immortal emperor.

That's too restrictive and inconvenient to play.

One day, suddenly, a bell rang.

This bell ringing echoes the world, resounding from other places, like Hong Zhong Dalu.

Countless creatures of the younger generation of foreign land all raised their heads, looking up at the sky, with fire in their eyes.

The God of War Academy is open!

[Chapter 933: The bell of war rang, the prince from the other side was born after 9 min](#)

The bells echoed on the land of the ten foreign states.

It was an imperial soldier of the God of War Academy, the bell of war that issued the grand bell.

When this bell rings, it is when the God of War Academy opens.

Like the Nine Heavens Immortal Academy, the God of War Academy does not open in every epoch.

Only in the world where the luck is the most prosperous or the situation is the most chaotic, the two top universities will come to this world and oppose each other.

As the highest academies in the two worlds, the Nine Heavens Academy and the God of War Academy are obviously gathering the top elites from all walks of life.

In the future, these elites of the two circles will have the ultimate collision in the frontiers and wars.

But now that the God of War Academy was opened, the Tianjiao from all over the world couldn't help it anymore.

Mingzhao a family, a retreat.

Suddenly, the sky and the earth are dim, and the sun and the moon are dull.

Many Minzhao emperor creatures looked at the retreat, all with surprise and shock on their faces.

"It's a retreat for the young master!"

"The God of War Academy is open, and the young master is going out!"

Just as all beings were surprised, a huge gap suddenly opened in the sky.

In that gap, there was actually an eye.

Above the universe, evil eyes hang in the air!

This scene made many Minzhao people extremely excited.

"The Eye of Returning Ancestor, I didn't expect that Young Master had already cultivated Min Zhao Evil Eye to such a point!"

Rumble!

The sky is shaking and the mountains are shaking.

An incomparably transcendent figure stepped out with a hand held in hand.

It was a young man in a black and gold costume, very young and handsome.

The whole body is filled with thick Quasi-Supreme fluctuations, and it is not too far away from the real supreme.

He is thousands of years old, and definitely belongs to the younger generation among alien creatures.

This age can cultivate to the quasi supreme, and only the quasi emperor and above have this background.

"See Young Master!"

Quartet, many creatures of the Minzhao clan are worshipping.

This young man is naturally Li Jiumin, an elite of the imperial clan, and one of the ten heavenly kings of the younger generation.

"Although Kong Qianqian is just a concubine in my photo, it is mine after all."

"The chaotic body is a bit too much, do you really think that if you have a mysterious immortal backing, you can be unscrupulous?" Li Jiu Ming's tone was cold and deep.

Even the top royal family, or even the quasi-emperor with an immortal king, are not willing to offend another immortal king.

Only the true immortal emperor can have the confidence to face the immortal king.

After all, every line of immortal emperor clan is extremely ancient and profound.

Otherwise, it would not be possible to cause such a big threat to the Nine Heavens Immortal Territory.

Although the Minzhao clan, in the immortal emperor clan, it is not considered to be the highest and oldest clan.

But it also stands in countless epochs in a foreign land, and not everyone can provoke it.

"Go to the God of War Academy and look at that Chaos Body, how good is it?"

Li Jiumin stepped across the void, and in the palm of his hand, there was a faint gap cracking open, and a terrifying breath surged in it.

The eye of the ancestor-returning level, can be described as the ultimate trump card for Li Jiumin.

It is precisely because of this layer of means that he is not imaginary chaotic body.

...

Above another big state, there is an ancient imperial clan.

This vein grows on the Hanging Emperor Mountain.

It is the Mojie family!

There is a top-level ability to control magic immunity and magic immunity!

And at this moment, on the Emperor Mountain, there are strong spirits communicating.

"Can't you figure out the origin of that chaotic body?"

"Which emperor clan comes from?"

"Could it be those veins from the Unspeakable Place?"

"Shhh, those veins are not something I can speculate. The natural disaster grade is immortal, even if it is just mentioned in the discussion, it can be felt."

"Then what should I do, the only magical power of the Mojie Emperor Clan, cannot be passed on."

"Is the emperor not awake yet?"

"It's still a while."

"Then wait for the emperor to wake up, let him investigate and solve it."

"Alright, after all, the emperor is one of the seven little emperors in our world. When he was born, he also needed a big battle, just to use the chaotic body to sharpen the knife."

...

The other shore state is one of the top ten foreign states.

The most famous emperor in this area is naturally the legendary otheran emperor.

After all, the entire state is named after the other shore.

And at this moment, in an area of the other side of the state.

There are large tracts of beautiful blue flowers growing here.

A young man with blue clothes and blue hair, strolling among the blue flowers on the other side, looked unparalleled handsome.

He is the prince of the other side, the top arrogant of the blue flower of the other side.

And the blue Bian flower is a branch of the Bian emperor clan.

Although it is only a branch, but with the back of the other side emperor, its status is not worse than that of the quasi emperor.

In front of Prince Bi An, there appeared a woman with a grimace mask on her face and a very enchanting posture.

"Hua Lian, it seems that the Bi An organization you manage is not very good." The Bi An prince said in a calm tone.

The masked woman named Hua Lian also shook her head slightly and sighed, "Hey, who knew that little girl Xuan Yue would betray?"

"Obviously she is the most cold-blooded and ruthless existence in the organization."

"Yeah, the most cold-blooded and ruthless, but in the end was moved and betrayed the other side of my clan." The prince of the other side laughed.

"But I didn't expect that the girl Xuanyue was so fateful that she survived and returned to my world." Hua Lian's tone was full of surprise.

Before, in the world of God Ruins, Xuan Yue stood up for Jun Xiaoyao to block the move, and many alien creatures had seen it.

This also means that Xuan Yue betrayed the foreign land and the organization of the other side.

Finally, Xuan Yue and the fallen Jun Xiaoyao fell into the abyss of void together.

People in the other side organization thought that Xuan Yue was already dead, so they didn't investigate anything.

Who knows, someone else found Xuan Yue's trace in a foreign land.

This has aroused the attention of the Bian organization and the blue Bianhua.

As for this woman named Hua Lian, it was the head of the organization that brought Xuan Yue into the other side.

"The God of War Academy has been opened, and I will go next. As for Xuan Yue, after you catch it, leave it to me."

"I will tortured and put to death in front of countless creatures. I am the other side of the clan, no traitors are allowed to appear!"

The prince on the other side was indifferent, with a coldness like frost and snow.

The people on the other side are very low-key. Not only are they sparsely populated, but they also rarely show up in the world.

Over time, the blue other shore has a flower vein, UU reading [www. uukanshu.com](http://www.uukanshu.com) will take the place of the other side clan and handle all kinds of affairs.

This time, it is even more necessary to use Xuanyue Liwei to show the sense of existence.

"Hey, I really can't bear it, after all, Xuanyue is such a sharp knife." Hua Lian sighed.

"What's so pitiful about the betrayer?"

The prince of the other bank shook his head slightly, stepping into the void, and the blue flowers of the other bank were in full bloom, turning into a avenue, extending into the distance.

Seeing the prince on the other side leaving behind, the expression under Hua Lian's mask chilled slightly.

"Oh, there are no tigers in the mountains, and the monkey is the king. It's just a vein, and it's so arrogant."

"Lord Bi'an Heavenly Girl should be waking up soon, after all, she was the one who appointed me to find Xuanyue's knife." Hua Lian murmured.

The goddess of Bi An in her mouth is the sleeping emperor of the clan of Bi An, named Meng Nu'er.

He is also one of the Seven Little Emperors of Foreign Land!

[Chapter 934: 4 Princess Tushan Wanwan, dark sequence, the other kings](#)

Tushan Emperor Clan, above a mountain peak.

Standing a woman.

The woman is slender and wears close-fitting cyan armor.

The facial features are unparalleled, but the willow eyebrows are lightly raised, but there is a heroic spirit.

The green silk is bundled into a high ponytail, giving it a refreshing and neat feeling.

Like a female general on the battlefield.

Only the hairy fox ears on the top of the head and the fox tail behind the buttocks revealed her identity as the Tushan fox family.

Tushan four princesses, Tushan Wanwan.

A woman with a neat personality and advocating force.

In Tushan Five Beauty, she is often said by other sisters that she looks like a man-in-law.

But in fact, this is not the case. Tu Shanwan has a perfect body curve, with unevenness, and she has a lot of charm that belongs to a woman.

It's just a cool personality, with a feeling of being both heroic and charming.

"The God of War Academy is open, and you should meet some interesting guys."

"It's the eldest sister and the others, who are all prepared to recruit relatives, and they don't even attend this kind of event."

"I won't rely on men to practice cultivation. The man I would like in the future should at least be a man who can get the title of God of War." Tu Shanwan's eyes showed a look of yearning.

The title of the God of War of the God of War Academy is the greatest compliment to the younger generation.

Although Tu Shanwan was born in an emperor clan, she also knew that it was difficult for her to win the title of God of War.

"By the way, the third sister said before that her red line of marriage was tied to the **** son of Xianyu Jun's family, which is really a bit absurd."

Tu Shanwan shook her head slightly, how could their alien creatures be combined with the cultivators of Xianyu?

"Forget it, let's go to the God of War Academy first, Xiao Hei, get the horse!" Tu Shanwan shouted.

As the four princesses of Tushan, she doesn't like riding a sedan chair as a car, instead she likes to ride a feather horse.

"Yes, Your Royal Highness."

Aside, a young man with a delicate face and a dark complexion bowed his hands in respect.

He looked at Tu Shanwan's gaze, with a hint of obsession and admiration.

His name is Yun Xiaohei, and he is the most humble and humble black fox in the Tushan fox family.

Since he was a child, he has no father and no mother.

It was Tu Shan Wanwan, and once passed by, seeing him pitifully, she picked him up and let him be the groom who keeps the Tianyu horse.

Therefore, Yun Xiaohei is very grateful to Tu Shanwan.

In addition, Tu Shanwan herself is also an extremely beautiful woman.

Yun Xiaohei imperceptibly, he has an admiration for Tu Shanwan.

Of course, Yun Xiaohei is also very self-aware.

He is just a wandering beggar picked up by Tu Shanwan, and now he is just a groom.

In addition, he is a humble black fox bloodline, and the status and status of Tu Shanwan is just like cloud and mud.

As long as she can follow Tu Shanwan like this, be a groom, and see her every day, Yun Xiaohei will be content.

Yun Xiaohei came to Majiao.

At this moment, Yun Xiaohei suddenly felt a sharp pain in his mind, like a needle stick.

He clutched his head.

In the unconscious consciousness.

There seemed to be a pair of fox pupils full of destruction magic, staring at him.

"Return..."

"Come back soon..."

This voice passed through Yun Xiaohei's mind like a magic sound.

He felt that something was wrong with his body.

There is a burning sensation in the abdomen.

He hurriedly lifted his shirt.

Surprisingly, he found that a black six-pointed star was imprinted on his pubic area.

"This...what the **** is this?"

Yun Xiaohei was shocked.

Before, he had a birthmark resembling a star on his abdomen.

As a result, the birthmark has turned into the mark of a black six-pointed star.

Yun Xiaohei didn't know what this meant.

After all, some time ago, the black six-pointed star was shining in the sky, and only some big figures felt it, thinking that the legendary Sixth Kings will appear.

A small character like Yun Xiaohei is hard to detect.

"It's really weird. Forget it, let the princess lead a horse as soon as possible. You can't make her wait in a hurry." Yun Xiaohei shook his head and went straight to lead the horse.

In about the same time.

One of the Ten Exotic States, the Great State of Demon Abyss.

An ancient forbidden place, in the **** abyss of the sky barrier.

Countless blood and bones are deposited here.

I don't know how many years of floating corpses, drifting in the sea of blood.

This is a sea of blood in the abyss, and also a forbidden place that no one dares to go deep into.

Rumor has it that this sea of blood will corrode even if the Supreme is contaminated, and turn into bones.

And at this moment, in a sea of blood.

Suddenly a sarcophagus emerged.

This is a bit weird.

Obviously, the sarcophagus is extremely heavy, but it can float in a sea of blood.

On the sarcophagus, there is an ancient six-pointed star pattern.

The lines that were originally silent suddenly bloomed with enchanting blood.

It flickered brightly like breathing.

Immediately, the coffin lid opened.

The monstrous blood was surging, and the coercion overwhelmed all directions.

It feels like the door of **** has been opened!

In the misty blood, a charming figure appeared vaguely.

The white and full part of the beautiful and beautiful, a black six-pointed star, lining the snow muscle that can be broken by blowing, is particularly conspicuous.

"I can feel the breath of the First King. It seems that he has awakened..."

"I really want to see him soon..."

"Huh... and the breath of the Fifth King..."

"It seems that in this era, it is really possible to open the road in an unspeakable place and get the inheritance of taboos."

The woman murmured, her voice was charming and numb.

The myth of the doomsday, the extinction of the six kings, originally many people just regarded it as a story.

It now appears that in this era, myths and legends may become true.

At that time, it will be a terrifying disaster for Xianyu!

...

The War Bell of the God of War Academy rang for seven days and seven nights, spreading to every corner of the ten foreign states.

Some aspiring talents are all ready to hit the road.

Of course, not all creatures will go there immediately.

For example, the emperor who is still sleeping, or the peerless evildoer who is still in retreat.

But no matter what, the God of War Academy has always been the focus of the exotic Tianjiao now.

On the Ice Spirit Royal Clan's side, there are many strong eyes in the dark, all of which are cast here.

A chaotic body affects the minds of many people.

After all, it is a chaotic body that is hard to come out of.

Many people believe that the emergence of the Chaos Body can even break the pattern of the Ten Great Kings and even the Seven Little Emperors in a foreign land!

"The chaotic body should not have much problem with the ten heavenly kings, but the seven emperors are different. Those are the true young supreme."

"Maybe, you can see the combat power of the Chaos Body. It's almost effortless to kill the quasi-supreme like Wu Kun."

"Then wait and see, if the chaotic body of UU Reading www.uukanshu.com really goes to the God of War Academy, it will definitely fight against Li Jiu Ming of the Ming Zhao clan."

"Yes, that is the strong presence of the top three in the top ten heavenly kings. Except for the weaker seven emperors, they are not bad in other aspects."

"It's really exciting..."

The spirits of many powerful people are communicating.

And just after the bell rings on the 7th.

In the ancient city of the Ice Spirit Royal Family, three figures turned into divine rainbows and walked away.

It is Jun Xiaoyao, Chunchun, and Fei Qingxue.

"The Chaos Body has set off!"

Many eyes were secretly shocked.

It seems that the God of War Academy will have a good show.

A chaotic body is enough to stir an endless situation!

[Chapter 935: The Unspeakable Land, Styx, Chaos Body is the default quasi-battle...](#)

When he heard the bell of the God of War Academy, Jun Xiaoyao was also ready to go on his way.

After all, now, he has not joined any emperor clan for the time being.

If you want to inquire about all kinds of news, you can only go to the God of War Academy.

Not to mention that the God of War Academy has various resources.

With his chaotic body aptitude, it is estimated that those old guys at the God of War Academy would cram various resources on him.

The location of the God of War Academy is not in Tianmu Dazhou.

Among the top ten foreign states, Tianmu Dazhou is not considered a core state, but rather a remote place.

The God of War Academy is located in the Styx state among the ten states.

In this big state, there is a Styx that runs through the entire ten foreign states.

Finally flowed to the unspeakable place deep in the top ten states.

Among the ten major states, there are also various natural barriers, either dangerous or forbidden, forming natural barriers.

However, between different states, there is an interstate teleportation array, so it is not too troublesome.

But only half a month.

Jun Xiaoyao came to Styx State with Chunchun and Fei Qingxue.

The ethnic forces in charge of the Trans-state Teleportation Array, after seeing Jun Xiaoyao, did not even dare to charge the fees.

After all, the prestige of the Chaos Body has spread in the Tianmu Dazhou, and the creatures in other states have also heard of it.

But Jun Xiaoyao let Fei Qingxue pay the fee.

"This Styx is endless."

The vast and boundless river Styx spans thousands of feet.

There was a raging black river in it, with an overcast breath, and a strong dark breath.

There are many dark substances in the river water.

Jun Xiaoyao landed in front of the Styx, and directly stretched out his hand to pick up a handful of Styx water.

"Mr....."

Both Fei Qingxue and Chunchun Qiao face changed slightly.

The water of the Styx is not simple, but the water that flows to the unspeakable place.

It can easily freeze the body and destroy the soul.

Even the alien creatures don't dare to approach at will, let alone touch them.

However, Jun Xiaoyao easily picked up the Styx water.

A deep chill was surging.

As a result, in the universe of Jun Xiaoyao, the sacred power of Taiyin was transformed, dissolving the power of coldness.

But at the same time, there is another dark substance eroding.

In the inner universe, the black blood of God directly absorbed it, leaving no trace.

"Stay..." Jun Xiaoyao muttered to himself.

During the time he stayed in a foreign land, he also learned some things.

For example, Exotics are in addition to the top ten states.

There is also the most mysterious forbidden place, and that is the unspeakable place.

Unspeakable place, located in the deepest part of ten foreign states.

There, even foreign creatures did not dare to approach at will.

The dark matter in it is too rich.

There are also all sorts of weirdness.

Xianyu has the so-called seven incredible taboo legends.

If there is a foreign land, then the unspeakable place can definitely be included, and it is also one of the most mysterious and unbelievable.

"It seems that the origin of the dark matter in the foreign land has something to do with the unspeakable place."

"These dark substances have created the strength of alien creatures, but they are not a good medicine. If you fall into it completely, your sense will be completely swallowed." Jun Xiaoyao thought.

Styx, to a certain extent, can be regarded as the mother river of a foreign land.

It creates the power of Alien, but it also has side effects.

"Is my father also interested in the Unspeakable Place?" Jun Xiaoyao suddenly thought of his father, Jun Wugui.

One of his Sanqing avatars disappeared after a battle with the Scarlet King.

No one knows its whereabouts.

Jun Xiaoyao put himself in and thought, if he was Jun Wugui, where would the foreign land attract him?

There should be nothing to say.

However, Jun Xiaoyao still has doubts. Why did Jun Wugui not enter early and not late, but at this point in time, disappeared into a foreign land?

Could it be that his father has noticed the unspeakable place, and there may be major changes in the future?

Jun Xiaoyao was very puzzled, there are still too few clues, and it is not possible to sort out the complete context for the time being.

But he already had an idea in his heart, if possible, he would go to unspeakable places.

Of course, this depends on the follow-up plan.

After all, even foreign creatures can't go to unspeakable places casually.

A certain "qualification" is required to get close.

"It's worthy of being a sir."

Seeing Jun Xiaoyao easily touch the water of the Styx, Fei Qingxue has only worship in her beautiful eyes.

"It's okay." Chunchun snorted, but her eyes were sparkling.

Next, Jun Xiaoyao took the two women to the God of War Academy with the attitude of traveling in mountains and rivers, and was not in a hurry.

...

The God of War Academy is located in the central area of the Styx state.

It is a land of incomparable auspiciousness and immortality.

Rumors are also the place where the dragon veins of the foreign land are located.

It is this kind of heaven and blessing that allows universities to be located here and cultivate peerless talents.

Looking ahead, the God of War Academy occupies a vast area.

There are mountains, plains, and heavenly palace treasures suspended in the void.

The waterfalls and rivers formed by the gathering of spiritual fluids are hanging down from the sky.

Immortal flowers spit the clouds, Seicao contends for glory, clouds are steaming and the weather is very diverse.

It can be said that even some of the emperor's visionaries, and even the emperor's Tianjiao, will be bright before their eyes and secretly praised in their hearts.

The ancient mountain gate is as majestic as a mountain, which is a thousand feet high.

The four-character book of the God of War Academy bloomed with brilliant brilliance.

A bronze bell hanging in front of the mountain gate.

It was the imperial soldier who sounded the bell of Hong before, the bell of war.

With an emperor soldier placed in front of the mountain gate as the bell of the world, it can be seen the profound heritage of the God of War Academy.

At this moment, in front of the mountain gate, the ten arrogances of foreign land gathered.

Although it cannot be said that all the Tianjiao figures have come here.

But most of them came in the first time.

There are also a series of procedures for the admissions of the God of War Academy, and not all cats and dogs can be recruited.

The huge War God Academy is divided into internal and external courtyards.

The outer courtyard has only nine thousand nine hundred and ninety-nine seats.

The inner courtyard is even smaller, with only 999 seats.

Add up to more than 10,000 people.

Don't think it looks a lot.

But you know, the total number of young creatures in the ten foreign states is more than hundreds of millions?

Even leaving aside the slaves and generals.

The total number of Tianjiao above the royal family is also an astonishing number.

Moreover, the God of War Academy still adopts the final elimination system.

Those with poor strength, at the end, will be eliminated, and then the stronger Tianjiao will be absorbed.

This is also the implementation of the cruel law of survival of the foreign, the weak and the strong.

At this moment, in front of the mountain gate, densely packed young Tianjiao gathered together, almost obscuring the sky.

Those who are eligible to participate in the test of the God of War Academy are less than royals.

As for the generals, unless there are real elite dark horses, it will be difficult to enter the academy.

As for the slaves, they didn't even have the qualifications to come to the gate of the mountain.

"Have you heard that this time the God of War Academy seems to have ten seats for the God of War."

"I've also heard that it is a quasi-God of War, who will obtain the infinite resources of the God of War Academy, almost a core cultivated existence."

As we all know, the significance of the existence of the God of War Academy is to cultivate foreign leaders.

And only the young supreme who can get the title of God of War can be regarded as a pillar.

The quasi-War God, in itself, is a kind of prominent, and it is only one step away from the real titled God of War.

One can imagine how high the gold content of the quasi-war **** is.

"Hey, but I heard a gossip. This time, the God of War Academy seems to have a quasi God of War."

"I've also heard about it. It seems that a chaotic body has emerged from the Tianmu Dazhou side."

"Tsk tsk, that's an unparalleled chaotic body, how long has it been in our world?"

"It's no wonder that you will be photographed by the God of War Academy."

"But it's a bit wrong to get the quasi-War God status as soon as you come up~www.mtlnovel.com~, after all, the existence of the top ten heavenly kings has not yet been sealed, let alone the seven little emperor-level characters.

"Yes, the Chaos Body's talent is absolutely unparalleled, but the qualifications seem to be inadequate. The only record is to sweep the four directions at the Tianxian Banquet in the Tianmu Dazhou."

Just when the creatures in the Quartet were all discussing.

Suddenly, a cold snort came.

"Huh, who has not passed the test, who has the qualifications to get the status of the quasi-War God for nothing?"

Hearing this cold snort, Tianjiao's eyes all stared at the scene, and his eyes were shocked instantly.

It was a man with a rosy figure, with a phantom of an ancient tree emerging behind him, surrounded by "snowflakes".

It is not a real snowflake, but a puffball seed.

This man is surprisingly one of the ten heavenly kings in the world of the gods, who was defeated by Jun Xiaoyao, Pu Yao!

[Chapter 936: All the heavenly kings showed up, got red-eye, and the Lord is coming](#)

Pu Yao, ranked one of the top ten heavenly kings, was not ranked high, and his combat power was not as good as that of Li Jiumin.

The reason why he can be ranked among the top ten heavenly kings is because he has the special methods of the Pu Mo family, Pu Mo seeds.

Can control opponents and become puppets with weird and unpredictable methods.

At this moment, Pu Yao came and silenced Sifang Tianjiao.

Born in the Pu Mo Emperor clan, he ranks among the ten heavenly kings.

Pu Yao's prestige is still great.

Hearing the surrounding discussion, Pu Yao felt a little unhappy.

Before he was in the world of Shenxu, his defeat was in the hands of Jun Xiaoyao, and even his Dao Heart was damaged.

It was only after Jun Xiaoyao fell behind that his mood returned to calm.

Now, he came to the God of War Academy, wanting to further improve himself.

After all, Jun Xiaoyao let him know, what is meant by someone outside a person, there is a heaven outside the sky.

What if he is one of the ten heavenly kings? What if he is the arrogant of the Pu Mo Emperor clan? Isn't he abused like a dog?

"What about the chaotic body, the identity of the quasi-war god, no one can ***** me." Pu Yao snorted coldly in his heart.

There are only ten seats for the quasi God of War, which are very precious.

And it is not certain.

Even if you get the quasi-God of War status, if you are challenged by others and fail, you can only give up the quasi-God of War status.

However, the benefit of getting ahead of time is that he can enjoy the various resources of the God of War Academy in advance.

This is something Xianyuan can't buy.

Especially in the God of War Academy, some old antiques with extremely high cultivation bases and very old generations preached.

Some only the quasi-war gods are qualified to listen and get guidance!

This is why Pu Yao is so eager to be a quasi-War God.

As a result, that chaotic body could have a quasi-war **** seat in vain, and Pu Yao was naturally unhappy.

"Pu Yao, it seems that you don't want that chaotic body to gain the identity of the quasi-war **** in vain."

At this time, a voice sounded again.

On the horizon, a figure came, her whole body covered in a black robe, pale as a dead hand, holding a rotten wooden staff.

There is something like a lantern on it, and there are all kinds of strange poisonous insects flying in it.

"It's the Tianjiao of the Gu Clan, Gu!"

There was another wave of waves here.

The Tianjiao of the Quasi-Emperor Gu family, Gu Chi, is also one of the ten heavenly kings.

"Hehe, it seems that our goals are the same."

There was another voice. It was a man with a dazzling golden armor, even his hair was pale golden, blooming with endless brilliance.

"Golden Armor Clan, Jin Zhan!"

Another heavenly figure appeared!

"Plus the two of us!"

A voice sounded again, coming from a strong figure with two heads.

Like a two-headed cannibal mage.

It was the arrogant **** of the two-headed protoss, and also ranked among the ten heavenly kings.

Many foreign tianjiao present were amazed.

I didn't expect to see a few of the ten kings appearing in a short period of time.

And they all seem to be dissatisfied with the pre-determined quasi-War God quota for Chaos Body.

"The quasi-War God's quota should be obtained by ourselves, not by the default charity of the God of War Academy." Jin Zhan said indifferently.

His pupils and hair are pale golden, and he looks very handsome and extraordinary, like a child of the sun.

This tribe is born with golden armor, and the physical body is unparalleled in defense.

Jin Zhan even has the title of King Fudo Ming. It is very difficult to completely injure him.

Hearing Jin Zhan's words, although many Tianjiao around him did not dare to say anything on the surface, they were slandering in their hearts.

Said that the quasi-War God status should be won by oneself.

But if the God of War Academy gave them the default quota, these heavenly kings would definitely take it.

To put it bluntly, it means to have red eye disease and feel sore.

"But it doesn't matter. Isn't Li Jiumin still having an appointment with the Chaos Body? If he can't beat Li Jiumin, what face does he have to get the status of Quasi-War God?"

Gu Clan's Tianjiao, Gu, said with a hoarse and cold voice.

"Tsk ts, it's so grand-sounding to say jealously, you really belong to you."

At this moment, a clear voice sounded.

In the distant sky, there was a beautiful figure sitting on the Tianyu horse and flew directly.

Behind him, there is a horse, carrying a dark-skinned youth, following him.

It was Tu Shanwan and Yun Xiaohei who had rushed to the God of War Academy.

Seeing Tu Shanwan's arrival, the eyes of the many arrogances present all lit up.

Tushan has five beauties and is famous far and wide.

The quintuplet beauties, each has its own beauty, each has its own characteristics, and has many different personalities.

Some are charming and unparalleled, some are demure and elegant, some are heroic, and some are charming and exquisite.

It can be said that Tushan Five Beauty is almost the dream lover of most young men in foreign land.

To get one of them, I have been lucky enough for Sansheng.

"I heard that the wedding banquet for the five princesses of Tushan will also be scheduled, and you must attend it then."

"You can only watch the excitement, do you really think you have the right to marry one of them?"

"Hey, of course I just watched the excitement, but you said, will there be a big brother who will marry all the five sisters at once?"

"I think you are dreaming, how is this possible? Even the sleeping emperor, the descendant of the ancient hidden emperor, doesn't have that qualification, right?"

With the arrival of Tu Shanwan, many discussions sounded.

Tu Shanwan was sitting on the Tianyu horse, but the close-fitting cyan armor made her slender but curvy body vividly and vividly outlined.

The exquisite features are also unparalleled. Although she is called a man-in-law by the other sisters, her appearance is not weaker than other sisters.

The single ponytail raised up high, refreshing and neat, at this moment, between the eyebrows and expectations, with a sassy and heroic posture.

"It turns out to be the fourth princess." Pu Yao nodded lightly.

Jin Zhan's face is not so pretty.

Tu Shanwan's remarks were obviously mocking them.

If it were someone else, Jin Zhan would have taken a lesson long ago.

But the four princesses of the Tushan clan, Jin Zhan still dare not offend at will.

"The four princesses are wrong. The Chaos Body has only been born soon and has no qualifications. It may not be a good thing for him to make him the default quasi-war god."

Jin Zhan said calmly.

"Then you have the qualifications?" Tu Shanwan tilted her head.

The corners of Jin Zhan's mouth twitched, and the corners of his eyes twitched.

The fourth princess Tushan has a straightforward personality, and she speaks straightforwardly, and she doesn't save face.

And at this moment.

A faint laughter suddenly sounded.

"For those who are not capable, UU reads www.uukanshu.com to talk about qualifications, and those who are capable can ignore everything."

This voice is as gentle as jade, but it seems to resound in everyone's ears.

Many people were surprised and followed the prestige.

Tu Shanwan's beautiful eyes are also bright, and she likes this kind of direct domineering speech.

In the sky in the distance, a hazy figure in white clothes slowly crossed the sky, and the lines flowed in the mysterious space under his feet.

The last moment was still in the sky, but the next moment had already come to the gate of the mountain.

The white clothes are hazy, the long body is standing jade, and his face seems to be covered by a faint chaotic mist, but he can also vaguely glimpse a corner, stunning and peerless.

"This... is this the chaotic body from the Tianmu Dazhou?"

Tens of thousands of Tianjiao were present, all expressions were dull.

This is too detached, like a real fairy descending to the world, heaven and human walking in the red dust.

[Chapter 937: It should be called Tu Shan Chunchun, treated differently, being ancient and supreme...](#)

Before, the news of the Chaos Body had been spreading in a foreign land.

Many people are curious about the appearance of the Chaos Body that was born.

Now, everyone saw it, and there was a strong sense of surprise in their eyes.

Shenzi jade bone, Qing Jun and timeless.

He looks like a turbulent son, a handsome young man.

However, the chaotic energy surrounding him clearly indicated that the true strength of this celestial man was not as gentle as his temperament.

"Chaotic Body..."

Jin Zhan, Gu Chi, as well as the double-headed Protoss Tianjiao, etc., all showed solemnity in their eyes.

They never looked down upon Chaos Body from beginning to end.

Just a little dissatisfied, Jun Xiaoyao can get the status of Quasi-War God.

It was Pu Yao, although he was also a little afraid of Chaos Body.

But what puzzled him was that he always felt a little strange sense of familiarity in his heart when he looked at this chaotic body.

It feels like I've seen it somewhere.

Of course, Pu Yao secretly shook his head, thinking that this was just an illusion.

It is impossible for him to have seen a chaotic body at all.

"Is this a chaotic body?"

On the contrary, Tu Shan Wan Wan, the brilliance in her beautiful eyes, is a bit bright.

A fair lady, a gentleman is so good.

The reverse is also true.

Tu Shanwan's character is not a nympho.

It's just that Jun Xiaoyao's temperament is also amazing to her.

Behind, Chunchun and Fei Qingxue also followed.

When she saw Chunchun, Tu Shanwan widened her crystal eyes.

"Sister Wu, why are you here?"

In one sentence, Shine was surprised.

Chunchun's little eyes dodged a little, and she curled her ruddy little mouth. He didn't expect to meet Tu Shanwan here.

She didn't pretend, and showed off directly.

The smoke surged up, transformed and showed its original form.

It was a teenage girl in pink, with long white hair and soft, palm-sized jade face.

Qiong nose has big eyes, smart eyes and long eyelashes.

Katsuyuki barefoot, with a red rope tied to his slender ankle.

The whole person looks like a porcelain doll carved from powder and jade.

Of course, it is different from what Jun Xiaoyao saw before.

Two fluffy fox ears appeared on Chunchun's head.

There are also nine more fluffy fox tails behind the ass.

It turned into a little loli with animal ears.

This is the true face of Chunchun.

Do not.

She should be called Tushan Chunchun.

"That's...Fifth Princess Tushan?"

"The fifth princess Tushan has been following Chaos Body, what's the matter?"

All the creatures in the Quartet were shocked.

Unexpectedly, the little book boy next to Jun Xiaoyao would be the fifth princess Tushan.

Fei Qingxue also looked surprised. She didn't expect that this little girl who was fighting with her on weekdays would have such a big background.

On the contrary, it was Jun Xiaoyao, his face couldn't be more plain.

"Hey, sir, why are you not surprised at all?"

Tu Shanchun tilted his head, blinked his eyes and looked at Jun Xiaoyao.

"Will I not see your fox tail?"

Jun Xiaoyao grabbed the fox's tail behind Tu Shanchun's little **** and tugged.

"Ah, sir!"

Tu Shanchun's small face was immediately red.

Tu Shanwan had a weird look in her eyes when she saw this scene.

The tail of the Tushan Fox Clan is a private part that only the closest person can touch and touch.

"Does the fifth sister really found the true emperor?" Tu Shanwan thought to herself.

Tu Shanchun, because he resisted recruiting relatives and wanted to find true love, he secretly left Tu Shan.

They didn't look for it either. Tu Shanchun's baby was enough to protect her from illness.

This episode has surprised many people.

There were countless jealous eyes on Jun Xiaoyao.

The fifth princess Tushan, the youngest, strange, charming and cute, now following Jun Xiaoyao, naturally arouses soreness.

And at this moment, in the gate of the mountain, an old man with a childlike face came out of the void.

The old man wore a plain white robe without any special aura. He looked like an old farmer.

However, some of the talented arrogances present were shocked when they saw this old man, and then hurriedly bowed their hands in salute.

"I have seen Mr. Mu!"

This old man is a highly qualified elder in the inner courtyard.

Even though he didn't have any terrifying aura of coercion, but he was a real Supreme Profound Venerable powerhouse.

"The junior has seen Mr. Mu!"

Pu Yao, Jin Zhan, Gu Chi, Gemini Protoss Tianjiao and others, also respectfully hand in hand.

Although they are all quasi-emperors or emperors behind them, there is no shortage of powerful Xuanzun.

But Elder Mu was extremely qualified in the inner courtyard, and offended him, it was difficult to get mixed up in the God of War Academy.

However, what made Pu Yao and the others speechless was that Mu Lao nodded lightly, with a very indifferent expression, and directly ignored them.

Then, he came to Jun Xiaoyao.

The expression immediately became kind, just like a kind old man.

The more I looked at Jun Xiaoyao, the more satisfied smile he showed.

"Is this the Chaos Body? It really is genuine." Mu Lao said.

When Pu Yao and others heard this, their faces were even more ugly.

On the contrary, Tu Shan Xiaoxiao, with crystal clear eyes gleaming.

This mysterious chaotic body, the first time he came, he unexpectedly made Elder Mu appear in person.

"The predecessors are absurdly praised, and the juniors have taken a physical advantage." Jun Xiaoyao arched his hands slightly, neither humble nor overbearing.

He knew that his chaotic physique and true chaotic body, although not a concept, had almost the same abilities.

So I'm not afraid that other strong people will see the clues.

"Haha, let's go to the inner courtyard directly, little friend, you don't need to do any checkpoints." Elder Mu waved his hand and smiled.

It looked like he was treating his grandson, not to mention getting close.

Pu Yao and several other heavenly kings stood aside, not to mention embarrassed, and his face was greenish.

Their identity and background talents are not bad, is it too different to treat?

"Is this something wrong?" Jun Xiaoyao hesitated.

The way it should be done is still to be done.

"The little friend is polite, let alone entering the inner courtyard, you have already been appointed as the quasi-war god."

"In the future, you will have the greatest resource scheduling authority." Old Mu chuckled.

Jun Xiaoyao smiled secretly in his heart, but on the surface he pretended to be a little surprised: "This makes the younger generation a little flattered."

"Where, this is what you deserve." Mu Lao looked more and more satisfied.

Mind, talent, strength, nothing to say.

As for the background?

As far as the God of War Academy is concerned, as long as it is a foreigner, talented and qualified, and willing to contribute to the foreign land, they can be included in the academy.

"Elder Mu, can you let the younger one say something abruptly, although the chaotic body aptitude is against the sky, but it is not appropriate to directly obtain the status of a quasi-War God?"

Pu Yao waited for Tianjiao to say.

Jun Xiaoyao glanced at Pu Yao, a sneer at the corner of his lips.

This defeated general in the world of the gods, did not expect to encounter it.

There is a chance, but it can be destroyed directly.

When Old Mu heard this, his old face suddenly sank, and his tone was cold.

"If you feel unfair, then go to the ancient colleges without appeal!"

In a word from Mr. Mu, UU reads www.uukānshu.com made all Tianjiao shocked, and his heart twitched.

Pu Yao and other heavenly king-ranked princes felt even more of a cardiac arrest, and their faces turned blue.

The people of the Academy are ancient and supreme, they are the oldest group of people in the God of War Academy, the strongest, the pillars, and the patron saint of the God of War Academy!

Among them, the weakest ancient supreme, are all Taoist level.

And there is no shortage of quasi-immortality, as well as true immortality.

This made Pu Yao's face turn blue, then purple, and finally pale.

If he offends the ancient supremacy, then he won't even want to enter the War God Academy.

It was Jun Xiaoyao, but there was a flash of surprise and surprise in his eyes.

He didn't have the slightest cause and effect with the God of War Academy before.

The ancient supreme existence in the God of War Academy actually took a fancy to him.

[Chapter 938: The 10 kings are all qualified to shoot and become a unit of measurement](#)

Mr. Mu's words almost blocked the mouths of all Tianjiao in the audience.

Even if they were dissatisfied with Jun Xiaoyao's identity as a quasi-War God, they did not dare to show it.

After all, the ancient supreme being in the academy has taken a fancy to him, and no one else can say anything.

Even Pu Yao and others closed their mouths wittily.

Although his face is still very ugly.

"Little friend, then follow me to the inner courtyard." Old Mu said kindly.

At this moment, a voice rang, interrupting Jun Xiaoyao's reply.

"Elder Mu, I'm thinking about it for a while. How capable is this newly-appointed quasi-War God from the God of War Academy?"

As the voice fell, Yuankong, a handsome young man in a black and gold costume, stepped on with his hand, and an old servant was behind him.

"Li Jiu Ming!"

The arrival of Li Jiumin stirred up waves in the audience!

This one is the young master of the Mingzhao emperor clan.

The true young master of the emperor clan!

And Pu Yao, although also a member of Pu Mo clan.

But in contrast, the status is not as good as Li Jiumin.

At this moment, the arrival of Li Jiumin undoubtedly aroused the fiery atmosphere of the audience.

After all, before, there was a conflict between Li Jiuyao and Jun Xiaoyao.

Jun Xiaoyao killed Li Jiumin's little wife.

Li Jiumin also once said that he would fight Jun Xiaoyao at the God of War Academy.

Now, the two finally met.

Unlike the imaginary tip of the needle to the wheat awn, the atmosphere does not have much smell of gunpowder.

Li Jiumin didn't even show any obvious anger.

But it was that calm look that made the undercurrent more turbulent.

Jun Xiaoyao glanced at Li Jiumin and nodded secretly.

After all, it is the young master of the emperor clan, and he still needs to have what it should be.

At least not because of a little wife to become angry, out of form.

Of course, this Liangzi is also knotted, and Jun Xiaoyao is not afraid.

When Old Mu saw this, although there was a hint of unpleasantness in his eyes, he didn't have much to say.

After all, Li Jiumin's words are still decent, not excessive.

And to be honest, Elder Mu himself treated Jun Xiaoyao with such an attitude because of the ancient existence of the inner courtyard.

He is also very curious about Jun Xiaoyao's true strength, what is it?

"Come on then."

Jun Xiaoyao flicked his sleeve.

It's time to stand up.

Any cat or dog would come to provoke him when saving time.

Today, just in front of tens of thousands of Tianjiao, he established his prestige.

Jun Xiaoyao's words immediately caused the audience to boil.

These arrogances of them come here besides wanting to join the God of War Academy.

There is another reason, that is, I want to see the battle between Jun Xiaoyao and Li Jiuyao.

After all, these two, one is the young master of the Mingzhao emperor family, who has the eyes of returning to the ancestors.

One is an unparalleled chaotic body.

The battle between the two is indeed very eye-catching.

"It's really interesting!" Tu Shanwan's unparalleled pretty face also showed a touch of excitement.

A bit violent and believes in the supremacy of force, she is most interested in this kind of confrontation.

"readily."

There was also a sneer from the corner of Jiu Ming's mouth.

It's not bad to use Chaos Body as his sharpening stone.

However, Jun Xiaoyao changed the conversation and said, "I think you have misunderstood."

"What do you mean?" Li Jiumin frowned slightly.

"I'm not referring to you alone, the top ten heavenly kings are all qualified to shoot together!"

A word fell, like thunder and explosion!

Everyone was stunned, their pupils shrank suddenly, and their brains were a little dizzy.

Jun Xiaoyao alone, challenge all the top ten heavenly figures present!

You know, there are Li Jiuwei, Pu Yao, Jin Zhan, Gu Chi, Gemini Protoss Tianjiao, and five Heavenly Kings Tianjiao!

Ten heavenly kings, half here!

Jun Xiaoyao wants to be alone, challenging the five heavenly kings!

And many people have noticed Jun Xiaoyao's words.

The top ten heavenly kings are all qualified to attack him.

In other words, Tianjiao below the top ten heavenly kings does not even have the qualifications to attack Jun Xiaoyao!

This is where Jun Xiaoyao makes everyone tremble.

This tone is too loud.

"Haha, it's a chaotic body." Mu Lao smiled and became more interested.

"Interesting, really interesting." Tu Shanwan's beautiful eyes became brighter.

With martial spirit, she likes this kind of domineering speech the most.

Compared with the noise of the audience.

Li Jiu Ming's face sank slightly.

Pu Yao and others' expressions are even more like eating Xiang.

Who are they?

Ten kings of the younger generation!

But now, it feels like being used as a unit of measurement.

If he is not at the Heavenly King level, he is not qualified to attack Jun Xiaoyao!

Have they ever suffered such humiliation?

"Chaotic Body, you are a little arrogant, don't you look down on this young master?" Li Jiumin frowned.

"Just tell the truth." Jun Xiaoyao said.

"Hehe, what a lunatic, Li Jiumin, don't do anything first, let me meet this arrogant fellow!"

The Jinzhan of the Jinjia clan smiled with anger, the pale golden pupils bloomed with a compelling cold light, and the pale golden hair was also dancing.

He was really mad at Jun Xiaoyao.

boom!

Without extra cruel words, Jin Zhan shot directly, stimulating the physical power.

The Jinjia family is good at refining the body.

The secret technique of his clan, Fudo Mingwang, makes this clan stand in a foreign land and last for a long time.

The golden fist was extremely surging, and the rune was like a sea, following his fist, it bombarded Jun Xiaoyao.

"Sure enough, it is the quasi-sovereign cultivation base!"

Bafang Tianjiao was frightened.

The ten heavenly kings all have quasi supreme combat power.

With Jin Zhan's simple punch, few Tianjiao in the audience could bear it.

More eyes were cast on Jun Xiaoyao.

After all, Jun Xiaoyao had a limited number of shots, and the only one was at the Tianxian Banquet.

The opponent is just a servant of Li Jiuyao.

Although it was a single-handed suppression, many people did not know the true strength of Jun Xiaoyao.

Facing Jin Zhan's fist.

Jun Xiaoyao was just plain unremarkable, and he stuck out a palm.

In an instant!

The world is surging, the chaos is surging!

This palm actually gave out the feeling of the beginning of chaos!

boom!

A hit collision, accompanied by a muffled hum!

Jin exhibited his fist's arm and was blown up, blood spattered.

He retreated violently, with a trace of horror in his eyes.

Jun Xiaoyao's brows were indifferent, and he stepped forward.

The next moment, he flashed directly in front of Jin Zhan, making a fist with his five fingers and smashing it directly down.

"Fudo Mingwang!"

Jin Zhan yelled loudly. He now understands how much he provokes!

Buzzing!

Jin Zhan's body, pieces of golden armor vibrated, UU reading www.uukanshu.com manifests various ancient and complicated runes.

Jin Zhan seems to have turned into a golden armored god, and behind it is a phantom of the immovable King Ming appeared, as if it could suppress the heavens.

Jun Xiaoyao's fist front was unbiased, and he slammed it down with a single punch. The chaotic air was like a haze on the front of the fist.

Pouch!

With a punch, Jin Zhan's body was blasted directly, and the flesh and blood spattered in all directions!

The golden armor on his body was shattered in pieces!

Fudo Mingwang Xuying was even more directly obliterated by Chaos Qi!

There was only one soul, turned into golden light, and fleeing into the distance, the face of the soul had unprecedented fear and horror!

The audience is dead!

Among the ten heavenly kings, the Jinzhan is known as the invincible and invincible Jinjia clan.

Be beaten by Jun Xiaoyao's two moves!

[Chapter 939: Sweeping at will, it is the illusion of a weak chicken, Zhan Li 9 Min](#)

In front of the gate of the God of War Academy, it was originally extremely noisy.

But at this moment, the needle fell silent as a chill.

One of the ten heavenly kings, the Jinjia family of Jinzhan, can't stop the two tricks of Jun Xiaoyao!

You know, to be one of the ten kings, there are two brushes.

Even the sleeping emperor, the seven little emperors, etc., want to deal with the ten kings, it is not a simple two or three tricks.

But at the moment, there are only two short moves.

Jun Xiaoyao didn't even display any magical powers, so he blasted Jin Zhan's body.

That is the Jinjia clan known for physical defenses, not a weak flesh, specializing in the soul of the soul.

What does this represent?

The physical body that represents the chaotic body is beyond everyone's imagination!

All Tianjiao's mind is blank!

"Is this the chaotic body in the legend..."

A Tianjiao muttered absentmindedly.

As the saying goes, hearing is fictitious, seeing is believing.

Hearing others say how powerful the Chaos Body is, there is no idea in everyone's mind.

But now, a shocking scene was staged in front of everyone.

"It's a chaotic body, that person's vision is really..." Mu Lao exclaimed.

Before, although the God of War Academy had decided, it would directly introduce Jun Xiaoyao into the inner courtyard.

But in fact, it has not been determined whether to give Jun Xiaoyao the status of Quasi-War God.

It was an ancient quasi-immortal who had a firm attitude and strongly recommended Jun Xiaoyao, which allowed him to obtain the pre-determined quasi-War God status.

At the beginning, Mr. Mu was also a little puzzled about this decision.

Now it seems that the quasi-immortal vision is indeed vicious.

As for Tu Shan Wan Wan, her beautiful eyes are extremely bright!

She geared up, a little uncontrollable, and wanted to compare the depth and length with Jun Xiaoyao.

"Huh?" Li Jiumin frowned.

Pu Yao, Gu Chi, and two-headed Protoss Tianjiao, their expressions have also become more solemn than ever.

"How is it possible, that chaotic body..."

Jin Zhan was left with only the primordial spirit, his expression trembling and incredulous.

"Don't be careless, shoot!"

Gu Clan's Gu voice said hoarsely and indifferently.

Jun Xiaoyao has already spoken, and he wants to challenge them all alone.

If you don't make a move, it makes people feel that the ten heavenly kings are all in vain.

Gu Chi shot, and on the rotten wooden staff in his hand, the lantern flickered.

A large black mist emerged.

Upon closer inspection, there are many poisonous insects.

"That's...Soul Eater..."

The surrounding blockbuster Tianjiao are all retreating.

One such soul eater can **** up the soul of a saint.

Not to mention the large surgings at this moment, such as the emergence of black mist.

The Tianjiao of the Double-headed Protoss also shot, holding a staff, and billions of supernatural powers emerged.

The double-headed Protoss is good at Taoism and supernatural powers, calling the wind and calling rain, lightning and thunder, and the pattern of the heaven and the earth emerges, intertwined with a terrifying killing.

Pu Yao naturally also shot, although the previous two moves made him recall some unpleasant memories.

I remembered that when I was in the world of God Ruins, the figure in white clothes also swept all of them with two or two tricks.

"Is this a heart demon?" Pu Yao secretly sighed.

Jun Xiaoyao has fallen, it is impossible to reappear.

As for Li Jiumin, he did not make the first move.

As the young master of the emperor clan, he always wants some face.

And it's still the top three of the top ten heavenly kings.

It's not appropriate to shoot with the rest of the people.

Jun Xiaoyao's face was still plain, and he still didn't display any magical powers.

The body shook, and the chaotic lines were intertwined.

He didn't need any magical powers, and he could crush the same rank at will with his chaotic physique.

Otherwise, where is the power of Chaos physique?

This is the same physique as Qingdi!

boom!

Jun Xiaoyao grabbed it with one hand, as if a sky was overturned.

The black mist formed by the Soul Eater mosquito was directly wrapped in it, and then all was killed.

The aftermath of chaos was overturned, shaking in all directions.

The Gu worm in the front was impacted, and it retreated violently, the bones creaked, and the flesh broke out with blood.

Compared to Jin Zhan, who is good at refining the body, Gu is even more unbearable.

"Tianlei Extreme Industry!"

The double-headed Protoss Tianjiao screamed, the color of the sky changed, and black clouds surged.

The thunder thunderous, and then turned into a thunder dragon, slashing down.

This is a top-notch art, like a tribulation of heaven, punishing the heavens!

Upon seeing this, Jun Xiaoyao's eyes were even more indifferent.

He himself possessed the great supernatural powers of the Thunder Emperor. For him, any law of Thunder Dao would be freely displayed and resolved.

But with this level of attack, Jun Xiaoyao didn't even need to resolve it.

Rumble!

Thousands of Thunder, at the same time, flooded Jun Xiaoyao.

It seems to have turned into a thunder waterfall, washing away everything there.

Even that piece of space seems to be split by the thunder!

"Success!"

The Tianjiao of the two-headed Protoss, on both faces showed joy.

However, he didn't wait for his smile to fully show.

I saw Jun Xiaoyao slowly stepping out of Thunder Waterfall.

That is enough to smash the Saint Master level powerhouses into coke in an instant of terrifying thunder.

But even the white clothes on Jun Xiaoyao couldn't break open.

Thunder leaped on the body, but it couldn't hurt Jun Xiaoyao any more.

Jun Xiaoyao stepped forward and fell in front of the double-headed Protoss Tianjiao with a flick of his finger.

A thunder burst out violently, tearing the void!

boom!

Obviously it was just a thunder, but it made an earth-shattering explosion!

"what!"

However, Wen Double-headed Protoss Tianjiao let out a scream, his whole body turned into coke, and he fell to the ground without knowing his life or death.

Finally, Jun Xiaoyao's eyes fell on Pu Yao.

This can be regarded as an "old acquaintance".

When in the world of Shenxu, Jun Xiaoyao had not broken through to the quasi-superior.

At that time, Pu Yao couldn't beat him.

Not to mention that now, the real strength of the two is already very different.

"Forget it...I..."

What Pu Yao wanted to say, Jun Xiaoyao still covered it with a palm at will.

The palm of the hand condensed by Chaos Qi, even the palm prints are clearly visible, like the palm of the King of Chaos, overturning!

boom!

Pu Yao was photographed directly on the ground, and a huge pit of hundreds of meters shook out, spreading dense radial cracks.

Then, Jun Xiaoyao stepped on the sole of his foot, and the chaotic ripples dispersed.

The Gu was also shocked to vomit blood, his body cracked, and he retreated violently.

Four of the ten heavenly kings were easily defeated by Jun Xiaoyao.

There was no sound in the world.

In the eyes of all Tianjiao, the top ten heavenly kings.

In the hands of Jun Xiaoyao, it is like a chicken and dog, vulnerable!

"Li Jiu Ming, let's do it, don't let me have the illusion that the ten heavenly kings are weak chickens." Jun Xiaoyao's tone was indifferent.

Although it's the truth.

But in everyone's ears, this is definitely a condescending mockery.

"Even the Seven Little Emperors will not speak like this, Chaos Body, you have passed."

Although Li Jiumin said this, his face was more solemn than ever.

"Take it, let me take the initiative, you won't have a chance to take it." Jun Xiaoyao said.

Li Jiumin didn't say much when he saw it, but directly sacrificed the bloodline supernatural powers of the Minzhao clan.

He raised his hand, a crack spread in his palm, and then opened.

An ancient and weird evil eye emerged, still turning round and round.

For a time, the universe changed and the void was turbulent!

Evil eyes come out, heaven and earth are extinct!

[Chapter 940: Quasi-imperial soldiers, desperate eyes, white-hot battle](#)

The evil eyes of the Minzhao clan are naturally accompanied by supernatural powers.

The purer the bloodline, the stronger the power of the bloodline, and the stronger the evil eye associated with it.

And what Li Jiuyao possesses is the Eye of Returning to the Ancestor.

The power that represents his own blood is extremely strong.

If this kind of character does not fall, it is possible to become the immortal king in the future.

"So strong!"

"It is rumored that the Evil Eye of Minzhao controlled by Li Jiumin has the appearance of returning to the ancestors!"

"As expected to be the young master of the Emperor Mingzhao!"

As soon as Min Zhao's evil eyes came out, the world was in turmoil, and the void was trembling like a paper.

All kinds of mysterious, weird, and powerful runes are imprinted in the heavens.

That is a special pattern belonging to the Emperor Ming Zhao, accompanied by evil eyes, powerful, and manifesting supreme magical powers!

"There is indeed immortality..."

Rao is Mu Lao, and also nodded secretly.

"Sure enough, I might not beat him." Tu Shanwan was also paying attention to the situation.

"Don't worry, he is definitely not Mr.'s opponent." Tu Shanchunchun came to Tu Shanwan's body with a self-confidence.

"So sure?"

"Of course, the gentleman walked out of the tomb from the sky, without fail, he has never even tried his best." Tu Shanchun said.

"You Nizi, don't you just fall in love with others?" Tu Shanwan gave Tu Shanchun a suspicious look.

"Wh... it's so easy, it still needs to be observed, my innocent true destiny must be the most perfect." Tu Shanchun said with Xiaoman's waist.

The jade neck and crystal ear roots are dark red.

Tu Shanwan shook her head slightly.

In the field, Li Jiu Ming directly sacrificed his own bloodline supernatural powers, and obviously he did not underestimate Jun Xiaoyao in the slightest.

call out!

A destroying beam shot out from Ming Zhaoxie's eyes.

The evil eyes of the Emperor Ming Zhao possessed various supernatural powers.

For example, the evil eye of Ukun has the power of the evil eye to bind the **** and hold the soul.

The Eye of Returning to Ancestors possessed by Li Jiuyao possesses a variety of mysterious, powerful and weird abilities.

This destruction beam is just one of them.

Upon seeing this, Jun Xiaoyao directly slapped out with his bare hands.

In the palm of his hand, a glimmer of catastrophe also emerged, as if from God.

It is God's Tribulation Light!

Although the supreme bone in Jun Xiaoyao's chest shattered and turned into supreme divine blood.

However, Jun Xiaoyao can freely display the three supreme bone magic powers before.

boom!

Jun Xiaoyao's palm, as if tightly holding the light of destruction, directly extinguished the beam of light shining on the evil eye.

Then as soon as he stepped, he landed in front of Li Jiumin.

A jump from Jiu Ming's eyelids.

He had just seen the power of Chaos Body.

Knowing that fighting with a chaotic body in close hands is no different from looking for death.

Although Li Jiu Jun's physical body is also extremely strong, he has been baptized with various precious liquids since he was a child.

The physical body is not much weaker than the golden exhibition of special physique.

But the problem is that even Jin Zhan was beaten to death by Jun Xiaoyao.

What is his physical body.

Li Jiu Ming sacrificed a supernatural power of speed, with black Dao patterns intertwined under his feet.

The instant space fluctuated, and he retreated abruptly.

"It's a bit self-aware." Jun Xiaoyao said lightly.

"Evil Eye Bound God!"

Li Jiumin raised his hand again, and the evil eyes of Minzhao in his palm released brilliance.

In an instant, Jun Xiaoyao felt that his soul was bound.

This restraining force was several times stronger than the moves Ukun had released before.

If it is a general soul, it is really possible to be directly condemned to death.

But the primordial spirit of Jun Xiaoyao is the primordial spirit of the three generations.

In addition, there is an ancient imperial talisman, an emperor soldier that protects the soul.

Even if Li Jiumin used his evil eyes to bind the gods, he couldn't even stop him.

Seeing that Jun Xiaoyao was not affected at all, Li Jiumin's expression became more solemn.

"The Eye of Despair!"

Li Jiu Ming screamed, and a quasi-emperor soldier was sacrificed by him.

It was a bronze eye, stained with blood, and looked weird and crippled.

At the same time as the sacrifice, the world was dim, and the ghost wind was washed away.

It seemed that the wailing sounds of hundreds of millions of creatures sounded.

"That's... the quasi-immortal weapon of the Emperor Mingzhao, the imitation of the Eye of Despair."

Some visionary exotic Tianjiao was astonished.

The Eye of Despair is the quasi-immortal weapon of the Emperor Ming Zhao.

Rumors are quasi-immortal artifacts condensed and built with the meaning of despair of hundreds of millions of creatures.

In previous epochs, when the immortal realm and the foreign realm were at war.

In every **** battle, Ming Zhao's emperor would sacrifice the eyes of despair to gather the hopelessness of hundreds of millions of living beings.

This shows how strong this quasi-immortal device is.

And right now, what Li Jiumin sacrificed was only an imitation of the Eye of Despair, but it also cost hundreds of millions of lives, reaching the level of a quasi-imperial soldier.

What is even more powerful is that this desperate eye can also bless the power of the evil eye, making it stronger!

"Dark magic light!"

From the palm of Jiu Ming, a terrifying light beam shot, and then directly shot at the eye of despair.

The Eye of Despair is like an amplifier, multiplying the power of its moves several times!

The more terrifying light beam penetrated the void and fell straight to Jun Xiaoyao.

"That's interesting."

Jun Xiaoyao raised his hand, the Chaos Qi surging surging, then condensed, turned into a big Chaos mudra, slapped out.

boom!

The sound of shock resounded across the sky.

All the Bafang Tianjiao are retreating.

In such a battle, the aftermath alone can shock the Tianjiao below the quasi-sovereign.

call out!

A figure in white clothes broke through the smoke and dust, suppressing Xiang Li Jiu Ming.

"It's okay?"

Li Jiumin was really shocked.

This is not only the power of the Evil Eye, but also the blessing of the Eye of Despair.

But just like that, it still couldn't cause any harm to Jun Xiaoyao.

"This is too ridiculous, right?"

Tens of thousands of Tianjiao in the audience were stunned, their eyes stunned, their scalp was numb, and their bodies were going to be petrified.

Chaos body is indeed the strongest physique in the legend, but it is not so strong, right?

"The young master doesn't believe in this evil!"

Li Jiumin's cheek twitched slightly.

"The power of returning to the ancestors, the evil eyes are hanging in the sky, and the heaven and the earth are conquered!"

Buzzing!

Between the heavens and the earth, it seems that there is an ancient sound of the devil chanting.

The sky split open, and a huge evil eye of energy emerged.

This is the strongest supernatural power that can only be sacrificed by the Evil Eye of the ancestors.

Rumor has it that the real immortal existence of the Emperor Mingzhao, this trick can make the world sink, the sun and the moon will be dark, and hundreds of millions of creatures can be strangled in an instant!

The sky opened its eyes, and the huge energy evil eyes burst out a thick purple beam, illuminating the entire expanse.

This purple beam ~www.mtlnovel.com~, after the blessing of the Eye of Despair, burst out with the power of destruction.

Don't talk about Quasi-Supreme.

This trick, even the true supreme, would feel a little threatened.

Old Mu already frowned.

This is no longer considered to be a discussion, but a very good way to fight life and death.

"You can't let the Chaos Body happen." Elder Mu was ready to intervene.

Everyone looked at Jun Xiaoyao.

However, he found that Jun Xiaoyao stood indifferently, as if he could not feel the power of destruction.

"Until now, I can raise a little interest."

Jun Xiaoyao sighed, raised his hand, and an incomparably bright brilliance emerged.

Da Luo Jian Ti, out of the sky!
