

## Sacred Body 941

### [Chapter 941: Defeated 9 min, what about the supreme, still beheaded](#)

That bright sword light illuminates this gloomy world.

Jun Xiaoyao gently stroked Da Luo Jian's baby with one hand.

The Heavenly Tribulation Light enchants it inch by inch.

Even the flying fairy patterns on the surface of the sword tire seemed to be lighted up, as if it had come to life.

Jun Xiaoyao waved Daluo's sword fetus and cut out with a single sword.

Like a true fairy in white, a sword cut through the universe and dazzled the vastness.

One of the five great divine tactics, Zhantian tactics, bless it.

A touch of sword light, tore through the universe, and directly smashed into the huge energy evil eye above the sky!

Cut it down with one sword!

The purple light beam, with the evil eyes of energy, splits directly into two, and burst away!

Daluo's sword fetus, castrated unabated, directly slashed towards the Eye of Despair.

Click!

This quasi-imperial soldier-level bronze evil eye is full of cracks on the surface.

Then he was directly smashed by the sword of Da Luo!

All kinds of fragments flew, and the remaining essence energy was absorbed by the Da Luo Jian Fei and became its nourishment and resources.

"How come!"

Li Jiu Ming was completely stunned, and a mouthful of blood came out.

The desperate eye of the quasi-imperial soldier he had cultivated for a long time was actually cut to pieces.

However, he didn't wait for his heart to shake.

Jun Xiaoyao drew a sword at will, and the sword aura was surging, filling the space between heaven and earth.

Pouch!

Li Jiumin was knocked into the air, and a deep bone wound appeared on his chest.

Had it not been for him to wear a soft armor woven from black jade silkworms, it is estimated that this sword would be able to divide his body in two.

Jun Xiaoyao slashed down again, but an old servant appeared in front of Li Jiumin.

It was the old servant who followed Li Jiu Min before.

"This son, you can finish the order, it's almost done." The old servant said lightly, his face is not too pretty.

After all, it was his own young master who suffered.

"True Supreme." Jun Xiaoyao said inwardly as his eyes flashed.

This old servant of Li Jiumin is a true supreme powerhouse.

But Jun Xiaoyao was still not afraid, and a sneered sneered at the corner of his mouth: "The previous appointment was also Li Jiumin. Only a few tricks now, do you want to end it?"

Not only did Jun Xiaoyao not stop it, but on the contrary stimulated God's tribulation light, reincarnation nirvana, and sin karma magic light at the same time.

The three powers of the Supreme Bone are blessed on the Da Luo sword fetus.

Cut it down again with the sword of the Heaven Slashing Jue!

The supreme old servant's pupils shook, and he didn't expect Jun Xiaoyao to dare to attack him.

"You are too much!"

The supreme old servant looked cold, and a murderous intent flashed in his eyes.

But because Jun Xiaoyao is the ancient and supreme quasi-War God of the God of War Academy.

So give him 10,000 courage, and dare not kill Jun Xiaoyao in front of everyone.

But hurting Jun Xiaoyao and making him feel embarrassed, it can be regarded as a face for his young master.

"Professional guilt..."

The old servant sneered, and directly shot, the supreme power spread out.

He is not a member of the Mingzhao Emperor Clan, but he also has the supreme level of combat power, which is considered a top powerhouse.

boom!

The old servant covered it with one hand and left, trying to shoot Jun Xiaoyao away.

The result is!

Blood bursts!

Daluo Jianfei directly cut off an arm of the old servant!

"What kind of power is that?" The old servant showed a trace of amazement.

He perceives the power of three different attributes on the Da Luo sword fetus.

The blood soared.

The blood of the Supreme smashed to the ground like a meteor, smashing deep pits.

A supreme, was injured by the quasi supreme, cut off his arm!

Countless alien creatures witnessed this scene, shocked to the soul and the soul trembling!

If they hadn't seen this scene with their own eyes, they would have been a little bit unbelievable!

After all, the Supreme Seven Realm is not the ninth-level Tongsheng.

The ninth-level pass through the sage, although the challenge of going beyond the level is very difficult, but there are also some peerless talents that can do it.

But in the Supreme Seven Realms, it is even more difficult than ascending to the sky if you want to challenge it.

Even the peerless Tianjiao is difficult to do.

Not to mention, there is an essential difference between Quasi-Supreme and Supreme.

"Junior, presumptuous!"

The old servant was angry.

As a supreme, he was injured by a quasi-supreme.

His aura was surging, and he made great moves, and at the same time, there was a force of law emerging.

The difference between supreme and quasi supreme lies in whether it can control a complete law.

Under the supreme, all monks are practicing mana.

But above the supreme, it's not just a contest of mana.

The power to control the law is the most important.

boom!

As soon as the law breath came out, the old servant's breath rose steadily, crushing towards Jun Xiaoyao.

"Lao Du, stop here."

At the rear, Li Jiuyao also shouted when he saw this.

It's not that he sympathizes with Jun Xiaoyao.

But if something happened to Jun Xiaoyao, the ancient and supreme from the God of War Academy would not let him go.

Although he is backed by the Emperor Ming Zhao.

But obviously, he couldn't get mixed up in the God of War Academy.

"Don't worry, young master, the old man knows how to score, just educate this defiant young man." Du Lao said indifferently.

"Education son, you?"

Jun Xiaoyao's voice fell, and the cold light suddenly appeared in his eyes.

He stepped forward, and the chaotic mist surged behind him.

The heaven and the earth seem to have returned to the beginning, the chaotic tide is surging.

In this chaos, the shadow of a prehistoric \*\*\*\* that is larger than the universe galaxy has opened up the chaotic universe. !

It is the physical anomaly of chaos, chaos opens the sky!

Rumble!

Here, the heavens and the earth's Qi machine is boiling, and the coercion rolls out.

Everyone felt a kind of suffocating pressure.

Some people were trembling, and under this vision, they couldn't raise a little fighting spirit at all.

In Jun Xiaoyao's body, not only the chaotic power was surging.

The supreme divine blood after the supreme bone nirvana is also rushing through the blood vessels and flowing throughout the body.

This divine blood is shining brightly, the most divine and holy, so that the breath of Jun Xiaoyao rises steadily, and the flames of the gods are burning all over his body.

The fourth supreme technique, cast out!

All properties have skyrocketed!

"kill!"

Jun Xiaoyao shot the killing sound in his mouth, the fourth supreme technique, so that his strength soared, and then superimposed the chaos opening the sky vision.

Da Luo Jian Ti also slashed down with rolling power.

boom!

The vision of opening the sky blessed by the supreme technique directly blasted Du Lao into the air, vomiting blood.

The laws he sacrificed were crushed and broken.

Du Lao is indeed very good.

But supreme also has strengths and weaknesses.

Du Lao is not the kind of supreme accomplished by peerless evildoers, and the strength is naturally not the top of the supreme.

The two of them crossed by.

Jun Xiaoyao stopped.

The flames on the body dissipated, and the vision also dissipated.

"How about Supreme?"

Jun Xiaoyao said lightly, and put away Da Luo Jian Ti.

On the other side, after a short pause, Du Lao's body suddenly showed thousands of sword marks.

In the end, the flesh collapsed, and the primordial spirit disappeared!

The power of the law condensed is also shattered, turning into a little spot of light, returning to the space between heaven and earth.

Everyone present was stunned, their throats seemed to be blocked, and there was no sound.

"Dead, the Chaos Body used the Quasi-Supreme to cultivate, and killed a supreme, a real supreme!"  
Some creatures were shouting, still in an unbelievable state.

"The quasi-supreme kills the supreme, what kind of qualification is this?"

Even Lao Mu was dumbfounded.

He is also ready to intervene.

As a result, now, good fellow, even the Supreme was killed by the Chaos Body three or two tricks.

"Old Du!"

Li Jiumin was so shocked that his pupils were trembling.

Even if he uses his strength to squeeze his potential and try his best, it may hurt the Supreme, but it is impossible to kill a Supreme.

"Where did this monster collapse from?" Li Jiujun couldn't keep calm as the young master of the emperor clan.

While he was shocked, there was also a trace of regret in his heart.

If I had known this, I shouldn't have provoke such evildoers because of an unnecessary woman.

[Chapter 942: Yun Xiaohei's jealousy, meeting the ancients](#)

Originally, Li Jiumin was still thinking about it, taking Jun Xiaoyao as a sharpening stone.

Good guy, now he has become a whetstone instead.

Do not...

Maybe he doesn't even have the qualifications to become a whetstone.

Because of Jun Xiaoyao, he has never been in his eyes at all.

To make Jun Xiaoyao a whetstone, he must be at least at the level of the Seven Little Emperors.

For example, the dark sequence killed by Jun Xiaoyao in the Tomb of Heaven is the kind of character who is qualified to be Jun Xiaoyao's grindstone.

The shock of the hearts of all the Tianjiao present did not calm down.

After all, what they have seen today has indeed refreshed their cognition.

It's all about defeating opponents of the same level.

It was even able to counter-slash the supreme.

"Chaotic body, peerless."

It was Elder Mu, who was also sighing, and also a little delighted.

The God of War Academy can recruit such a good seed.

And he also had some good friendships with Chaos Body.

"Sister Si, see it, I'll say that the husband is fine..."

Tu Shanchun straightened out his chest proudly, his face looked prosperous.

However, she did not hear Tu Shanwan's response.

Tu Shanchun turned his head to look, only to find that Tu Shanwan was blushing and short of breath.

A pair of beautiful eyes flashed with unprecedented brilliance.

It looks like some idiots.

"It's amazing, if you can learn from him..." Tu Shanwan's heart beat fast.

She is a martial idiot and advocates the supremacy of force at the same time.

The stronger the enchanting Tianjiao, the more it can attract her attention.

And now she is undoubtedly attracted by Jun Xiaoyao.

Tu Shanchun wrinkled her Qiong nose suddenly.

She perceives a dangerous atmosphere of competition.

However, they did not notice.

Behind them, Yun Xiaohei looked at the appearance of Tu Shanwan, feeling uncomfortable in his heart.

"His Royal Highness, has never shown such an expression before." Yun Xiaohei said silently in his heart.

He looked at the handsome white-clothed boy again, and a flash of hostility flashed in his eyes.

Although he was self-aware, he also knew that he could not have any special relationship with Tu Shanwan.

But he didn't want to see what kind of relationship Tu Shanwan had with other men.

Tu Shanwan will always be the noble and proud flower of Gaoling in his heart.

And now this flower showed such an expression to a man.

No wonder Yun Xiaohei felt uncomfortable in his heart.

Here, after killing a supreme by himself, Jun Xiaoyao looked very plain.

A supreme like Du Lao, at the supreme level, is also considered weak.

Jun Xiaoyao doesn't produce any complacency.

His eyes swept towards Li Jiumin again.

Li Jiu Min looked unnatural, and stepped back subconsciously.

This small action caused a group of Tianjiao to be astonished.

What does that mean?

It means that Li Jiumin subconsciously has a fear of Jun Xiaoyao!

You know, Li Jiumin is the young master of the emperor clan, the top three figures of the top ten heavenly kings!

This top foreign arrogant talent would actually be afraid of another person.

This was unimaginable in the past.

"Chaotic Body, I'm afraid it is really going to be famous in the top ten states." Many Tianjiao sighed in their hearts.

Jun Xiaoyao withdrew his gaze lightly.

Killing a supreme is already considered a power.

Now if you kill Li Jiujun and others in the public, you will have no small trouble.

After all, Li Jiuyao's identity was different from that of Prince Yan, Kong Qianqian and others.

Those royal families, top royal families, may be a little afraid of the so-called immortal king behind him.

But Ming Zhao's emperor would not fear so much.

And only Jun Xiaoyao knew about it.

The so-called immortal king behind him is nothing more than the evil thoughts of the sealed deity.

"No hurry, there will be opportunities to kill them in the future."

Jun Xiaoyao glanced over the five heavenly kings including Li Jiu Ming, and muttered silently in his heart.

In his eyes, these exotic tops are nothing more than pigs and dogs waiting to be slaughtered.

When he goes to the border in the future, he will naturally have a chance to destroy them.

Not in a hurry.

Seeing Jun Xiaoyao withdraw his gaze.

Li Jiu Min and the others also subconsciously breathed a sigh of relief.

Although their lives were saved, their complexions did not improve much.

It is conceivable that, not surprisingly, Jun Xiaoyao will have a great reputation in the God of War Academy in the future.

"Among the ten heavenly kings, who else is his opponent? I wonder if Prince Higan, who is ranked number one, has a chance?"

"No matter how bad, only the birth of the sleeping emperor can stop him." Li Jiu Ming thought.

Before those sleeping emperors are born, there is no doubt that Jun Xiaoyao will be the leader of the God of War Academy.

"Haha, the strength of the little friend is really eye-opening, no one should now doubt that he can get the status of a quasi \*\*\*\* of war."

Old Mu laughed, that attitude was more kind and kind than before.

No one around refuted, they were all convinced.

Even more, many women, with brilliant eyesight, looked at Jun Xiaoyao, showing longing.

"By the way, let me go to the inner courtyard with my little friend. The ancient and supreme also wants to see you." Mu Lao laughed.

Jun Xiaoyao raised his eyebrows lightly.

The ancient supremacy of the God of War Academy wants to see him?

This is not good news for Jun Xiaoyao.

After all, the ancient supremacy of the God of War Academy is at least the Chaos Dao Venerable.

There are even quasi-immortal and immortal.

Those characters, strength, and vision are all extraordinary.

It is difficult to perform in front of them and hide.

Ordinary people may feel guilty and tremble just when they see them.

Let alone deceive them.

"Yes." Jun Xiaoyao nodded lightly.

His xinxing is not covered.

Besides, Jun Xiaoyao's vision has not been small since he was a child, what big person, hasn't seen the big scene?

In the face of the mythical Qingdi, he can deal with it indifferently.

Not to mention the ancient academies.

Just when Jun Xiaoyao wanted to leave with Mr. Mu.

A crisp voice sounded with some hesitation.

"This young man, I wonder if Wan Wan will be lucky enough to have a discussion with him in the future?"

The speaker is Tu Shanwan.

Rarely, she was a little nervous, worried, and looked at Jun Xiaoyao.

After all, Jun Xiaoyao's temperament is too detached, he looks like he doesn't care about anything.

"This...I heard that right, did the princess of the Tushan emperor clan take the initiative to invite?"

Around, a group of Tianjiao was stunned, thinking that they had heard it wrong. UU Reading  
[www.uukanshu.com](http://www.uukanshu.com)

How proud of the five princesses of the Tushan imperial family.

Ordinary men don't even look at it, let alone take the initiative to invite him.

"I heard that the Tushan emperor clan will hold a family invitation meeting afterwards. This Chaos body is afraid to become all male public enemies." Some Tianjiao muttered.

Jun Xiaoyao paused for a while and nodded lightly, "Yes."

"Thanks a lot." Tu Shanwan was delighted.

Talking with a chaotic body, she will definitely be able to gain a lot.

But she didn't notice, Tu Shanchunchun next to her, her small face with a hint of resentment.

She has a feeling of sharing her own things with others.

In the rear, Yun Xiaohei, who was so humble that there was no sense of existence, clenched his fist tightly.

With a touch of jealousy in his eyes, he looked at Jun Xiaoyao's back.

[Chapter 943: The dragon vein is suppressed, Fenghua is peerless and quasi-immortal, and the identity is found...](#)

Elder Mu took Jun Xiaoyao to the inner courtyard of the God of War Academy.

As for Tushanwanwan and Tushanchunchun.

With their imperial background, they can easily join the God of War Academy.

Fei Qingxue was originally a bit suspicious.

But now, one person has the way, and the chicken and dog ascend to heaven.

She is also regarded as the maid beside Jun Xiaoyao, so she can directly join the God of War Academy.

Li Jiu Ming and others can naturally join in, but they don't have the face to stay here, and they enter the academy desperately, their backs a little embarrassed.

After Elder Mu and the others left, the whole audience seemed to explode.

If it is said that the fairy banquet before, Jun Xiaoyao is only the first time to show his glory.

So now, Jun Xiaoyao's reputation is completely up.

Five of the ten heavenly kings shot, and he swept them all alone.

Li Jiumin, the top three in combat power, couldn't even Shangjun Xiaoyao.

The dignified supreme powerhouses were all beheaded by Jun Xiaoyao.

Jun Xiaoyao can be said to be famous in the first battle, no one will question the true strength of the Chaos Body.

"In my opinion, apart from the sleeping emperor and goddess, no one should be the opponent of Chaos Body."

"That's right, even if it is the number one prince of the other side among the ten heavenly kings, it is probably not Jun Xiaoyao's opponent, right?"

"Hush, don't talk nonsense, if you are known by the prince on the other side, your life will be hard to save." Someone warned.

The head of the ten heavenly kings, the prince of the other side.

Although it is the arrogant of the blue flower from the other side.

But because of the mysterious and powerful Bian Clan, Prince Bian's character is also a bit perverse, self-respecting, and pretentious.

If he hears the depreciation, I am afraid that the end will not be too good.

On the other side, Jun Xiaoyao followed Mr. Mu and went deep into the God of War Academy.

The God of War Academy occupies a large area.

Looking around, the cliffs are strange peaks, green pines and cypresses.

Thousands of years old medicine grows at will.

There are all kinds of rare and exotic animals prancing in the mountain stream.

Xiaguang shrouded, fairy mist bursts.

The treasures of the heavenly palace are suspended in the void, like the abode of heavenly immortals.

As the mountain range stretches, it seems that there is dragon gas gathering, and the weather is in abundance, and the purple gas is transpiring.

"This is the God of War Academy."

Rao is a very high-sighted Jun Xiaoyao. After entering the God of War Academy, he sighed slightly in his heart.

It is indeed a top university in a foreign land.

This reminded Jun Xiaoyao of the Nine Heavens Immortal Courtyard in Xianyu.

Although he has never been.

But presumably Jiu Tian Xian Yuan is no worse than the God of War Academy.

"There should be a dragon vein underground in the God of War Academy, right?" Jun Xiaoyao said.

Old Mu smiled and said: "This is natural. My God of War Academy has nurtured talents in the world, gathering energy, and suppressing it by my own dragon veins."

Jun Xiaoyao nodded slightly, some inexplicable light flashed under his eyes.

If the dragon veins formed by the convergence of a world of energy can be incorporated into one's inner universe, wouldn't it be a great blessing?

Jun Xiaoyao has already put his attention on the dragon veins.

Of course, this has to be considered in the long term.

After about a quarter of an hour.

Elder Mu took Jun Xiaoyao to the depths of the God of War Academy.

The fairy mist here is full of purple air.

With Jun Xiaoyao's keen perception, it can be detected.

There are many ancient and powerful auras dormant here.

From time to time, there was a divine mind sweeping his body.

This place can be regarded as a forbidden place for the God of War Academy, and most people are not qualified to set foot here.

Jun Xiaoyao looked calm and composed.

His body is a chaotic physique after reshaping.

He himself is also a man of emptiness, unable to be traced to cause and effect.

In addition, there is also a change of day \*\*.

Jun Xiaoyao believes that unless it is truly immortal and pays the price to investigate, it is absolutely impossible to find out his details.

But who is immortal, who is idle and doing nothing, will pay that price to deduct his cause and effect?

Not to mention that before Jun Xiaoyao, he used the method of reflecting the heavens to manifest the evil thoughts of the gods and deceive the world.

There is no immortal, who will offend other immortals in order to explore his tracks.

This is why Jun Xiaoyao is sure.

Of course, if it is really a last resort, Jun Xiaoyao also has a way.

"That senior lives here, so the old will not go in." Mu Lao said.

"Thank you predecessor for leading the way." Jun Xiaoyao slightly arched his hands.

"Little friend is polite." Old Mu smiled kindly.

Not only is the chaotic body, but the personality is also humble and polite, and it is even more impressed by the ancient supremacy.

"Here, I will fly to Huang Tengda in the future, and it's not bad to have a good relationship now." Mu Lao walked away, thinking to himself.

Jun Xiaoyao moved forward.

In front is a purple bamboo forest with small bridges and flowing water.

It looks like a mountain, but it is purple and dragon aura.

"This place can be regarded as a source of dragon veins, the place where the dragon energy is strongest." Jun Xiaoyao thought.

If you can cultivate here for a long time, the benefits are extraordinary.

He entered the Zizhu Forest, and soon he suddenly became enlightened.

In front, is a place full of immortality.

Pavilions, towers and pavilions, surrounded by creeks.

Jun Xiaoyao wondered in his heart, who is the ancient supremacy who fancied himself.

Jun Xiaoyao came to the residence and was about to speak, only to find that the door was half-hidden.

Jun Xiaoyao pushed in directly.

However, he was stunned and his footsteps stopped.

Inside the door, a woman in a long skirt with plain clothes and gauze was sitting on a wooden chair embroidering.

The beauty of this woman is amazing.

Autumn water is \*\*\*\* jade as bone, hibiscus is like face and willow is like eyebrow.

Long blue hair, smooth and shiny, pouring down to the delicate buttocks.

The facial features are exquisite and beautiful, the eyebrows are picturesque, the skin is like snow, the red lips are protruding, the teeth are fresh inside, and the slightest blemish can't be found.

The skin is fair and transparent, and it can be broken by blowing, as if it is tender and can be pinched out of water.

This is a woman who looks extremely quiet and beautiful, graceful and graceful, sitting there embroidered like a painting.

The whole world became the background, and she was the only one sitting there Yingying, eclipsing the heavens and the earth.

Rao Yijun Xiaoyao's vision and disposition were stunned for a moment.

But soon he came back to his senses.

He has seen a lot of beauties.

But this woman can definitely rank in the top five.

Jun Xiaoyao's vision was harsh enough.

But he was still a little surprised.

"Girl, isn't the master here?" Jun Xiaoyao asked slightly, arching his hands.

The woman stopped the embroidery, raised her head, and looked at Jun Xiaoyao for the first time.

She was also slightly stunned.

Just like Jun Xiaoyao just now.

Maybe she had never seen a man with such an outstanding temperament.

"Are you a chaotic body?" The woman's eyes, which seemed to be dripping with water, looked at Jun Xiaoyao.

"Could it be..." Jun Xiaoyao's eyes changed slightly.

He probed the woman's breath, but found that he couldn't detect the depth at all.

Either this woman is too deep or too shallow.

Obviously, this is a forbidden place for universities, the source of dragon veins.

Even if it is a maid, it is impossible to be so shallow that she has no cultivation skills.

In other words...

"Sure enough, I didn't read it wrong."

The woman got up, with a warm, moist, but unpredictable atmosphere like a universe, spreading out and enveloped Xiangjun Xiaoyao.

"Is this woman the ancient one who fancied me?"

Rao is Jun Xiaoyao, and there is also a slight accident.

He thought that the ancient and supreme should be a gray-haired old man, or a mysterious and superior existence.

As a result, UU read www. However, uukanshu.com is a beautiful woman with a graceful appearance and an unparalleled appearance.

This is a bit of contradiction.

Jun Xiaoyao felt that every point, every cent, every inch of his own was being visited by the woman in front of him.

"It's definitely not the cultivation base of the Supreme Seven Realms, it's...quasi-immortal..." Jun Xiaoyao's eyes were deep in his eyes.

He would not take her lightly because the ancient supreme woman in front of him was a woman.

The foreign land is immortal, no one is easy to provoke.

This woman, and the Peacock King of the Black Peacock family, are of the same level of existence.

"You can't find out your cause and effect and your past, like a fog, without any origin or source."

"To tell you the truth, you are a person from the Immortal Realm, what's the purpose of lurking into the God of War Academy?!"

The woman's shining eyes, looking straight at Jun Xiaoyao!

[Chapter 944: Luo Wang, Luo Xiangling, actor-level acting](#)

The woman's voice was gentle, even if she was questioning, it sounded sweet and soft.

But what he said was obviously sharp with a knife and pointed directly at Jun Xiaoyao.

It can be said that if it is any other person, if he confronts immortality, he will definitely be shocked and tremble, unable to take it lightly.

When Jun Xiaoyao heard the words, his expression was calm.

He just made a look of surprise appropriately, and asked: "Why did you say this, Senior?"

The woman was still watching Jun Xiaoyao, stared at by those surplus eyes, anyone would think about it.

But Jun Xiaoyao was extremely guarded.

He knows that any quasi-immortal has the power to reach the sky.

Even a slight change in breathing cannot escape the perception of quasi-immortality.

So Jun Xiaoyao's breath is stable, and he even deliberately controlled his heartbeat!

It can be seen that Jun Xiaoyao has achieved the ultimate in acting.

This is in the previous life, I am sorry for Jun Xiaoyao's actor-level acting without a little golden man!

"Your origin is very strange, is there someone deliberately hiding it for you?" the woman said.

Jun Xiaoyao suddenly folded his hands slightly: "The younger generation's quasi-War God status should be recommended by the senior for help."

The woman paused and nodded slightly.

"In this case, if the senior thinks that the junior is an undercover agent sent by Xianyu, then the junior is leaving."

"The so-called quasi-war \*\*\*\* status, don't worry about it!"

Jun Xiaoyao flicked his big sleeves, and his face showed a touch of sullenness in a timely manner, which can be described as a brilliant performance.

Jun Xiaoyao knew that at this time, calmness is fine.

But if you calm down too much, it will also lead to suspicion.

While being indifferent, it is most appropriate to have some youthful spirit.

It can be seen that Jun Xiaoyao's wisdom can be called a evildoer, and it has a very thorough insight into the human heart!

No matter how strong the quasi-immortality is, she is also a creature and will have emotions.

This is the flaw!

The woman's eyebrow color also showed a little surprise.

To be honest, it's been a long time since no one spoke to her with this attitude.

"Do you know who I am?" The woman's eyes were deep.

"The ancient school is supreme." Jun Xiaoyao said.

"My name is Luo Xiangling, but the world is more accustomed to calling me, King Luo." said the woman named Luo Xiangling.

Jun Xiaoyao sighed inwardly.

Sure enough, it is as quasi-immortal as the Peacock King.

That is, the quasi emperor.

However, to Jun Xiaoyao, who even the mythical emperor had seen, the quasi-emperor seemed nothing.

"Senior King Luo, if you have any doubts, you don't have to invite juniors to come as a quasi-War God."

Jun Xiaoyao's attitude is neither humble nor overbearing.

It does not appear to be too shabby or humble.

Luo Xiangling looked at Jun Xiaoyao, his expression became less serious than before.

"I said you were a person from the immortal realm, just to test you, now it seems that I did not read it wrong."

"Regardless of your strength, temperament, and talent, you are an excellent posture, and you can afford the identity of a quasi-War God."

Luo Xiangling's tone eased down.

In fact, she had already scanned Jun Xiaoyao.

Except that the origin is somewhat mysterious, there is no problem.

Jun Xiaoyao also has the unique dark matter aura of the foreign land, and it is very vigorous, it is definitely not something that the creatures of the fairyland can imitate at will.

Jun Xiaoyao sighed inwardly, this Luo Wang also had some tricks.

If it is a person with a weak temperament, Luo Xiangling has just been touched by Luo Xiangling, and it may be really revealing.

Luo Xiangling went on to say: "The only thing that puzzles me a little is that I can't explore your past and cause and effect, but I can feel that there is indeed an immortal existence behind you."

When Jun Xiaoyao heard it, he sneered to himself.

He came to the God of War Academy, how could he not be prepared at all?

Before coming, Jun Xiaoyao used to steal the sky to change the sun, implicating the cause and effect of the god's evil thoughts with himself.

This is also for Jun Xiaoyao to guard against the prying eyes of those foreign top powerhouses.

Even if it is other quasi-immortal, even immortal probe him.

It can only be detected that he and a certain mysterious immortal have cause and effect.

Would mistakenly think that it is the mysterious and immortal statue who is sheltering him and shielding his cause and effect.

Even if you look at that mysterious and immortal face, the rest of the strong will give face and won't get to the bottom of it.

After all, the foreign land is very large, even wider than the fairy land, and naturally there will be some mysterious and powerful people who are unknown.

It is precisely because Jun Xiaoyao is as witty as a demon, and is fully prepared.

Only then can we deal with everything calmly.

Even quasi-immortal, dare to fool!

"Senior King Luo praised it absurdly." Jun Xiaoyao smiled.

This hurdle has passed temporarily.

Jun Xiaoyao also had to sigh in his heart.

Life is like a play, it all depends on acting.

Jun Xiaoyao smiled slightly and said: "The junior is just a little curious. Senior Luo Wang and the junior have never met, why recommend the junior to become the quasi-god of war?"

"Is it just because of Chaos Body?"

Jun Xiaoyao's words fell, but he suddenly felt that the temperature of the world in the other courtyard of the entire residence had dropped to freezing point in an instant.

Luo Xiangling's jade face that was so delicate and flawless that he couldn't find the slightest flaw was expressionless.

Boy, is this a minefield?

Jun Xiaoyao's eyes dimmed.

This Luo Wang also seems to have an unknown past.

The only clue that Jun Xiaoyao can get now is that King Luo seems to be somewhat sensitive to the term chaotic body.

What is the reason for this?

But Jun Xiaoyao is very clever and obviously won't ask further, he said slightly, "It's the younger generation who is abrupt."

"No problem, since I recommended you to become a quasi-god of war, then... are you interested in becoming my disciple?"

The words of Luo Xiangling made Jun Xiaoyao's expression pause.

To become her disciple?

To be honest, Jun Xiaoyao really didn't expect it.

After all, the ancient and supremacy of the God of War academies generally does not accept disciples, but is just the foundation and pillars of the academy.

They all want to pursue a breakthrough to a higher level, so how can they still have the mind to teach their apprentices?

But to be honest, it would be better for Jun Xiaoyao to promise.

After all, Luo Xiangling is one of the ancient and giants of the God of War Academy.

With her backing, Jun Xiaoyao will act even more recklessly.

But Jun Xiaoyao has his own bottom line.

His way can only go by himself.

Until now, no one is qualified to be his master.

"Thank you for the kindness of Senior King Luo, but forgiveness for the younger generation." Jun Xiaoyao said.

"Oh?"

Luo Xiangling was really surprised.

who is she?

The God of War Academy is ancient and one of the quasi-immortal giants.

It can be said that an ordinary disciple of a school can't even meet her, let alone become her disciple.

But Jun Xiaoyao refused her.

"On your own way, UU reading [www.uukanshu.com](http://www.uukanshu.com) has to walk on your own, and only you know your own way." Jun Xiaoyao said.

"You are the most special man I have ever seen." Luo Xiang's eyes were very deep.

There seems to be a kind of quasi-immortal inscrutable, but there seems to be a kind of innocence that does not belong to human beings.

This peculiar temperament caused a dark glow in Jun Xiaoyao's eyes, and he was suspicious of the origin of Luo Xiangling's identity.

He has bad water in his heart again...

No, it's another idea.

"Although I forged a mysterious and immortal statue with evil thoughts of gods, it was a fake in the end."

"If there is a quasi-immortal supporting me, it will be more convenient for me to act in a foreign land."

"So the only way is..."

"Raiders the Luo King?"

[Chapter 945: Raiders the Luoxiang Ling plan, Jun Xiaoyao becomes a male public enemy](#)

Jun Xiaoyao was thinking whether he should hug Luo Xiangling's slender white and soft thighs and use her as a backer.

To be honest, Jun Xiaoyao has never deliberately pursued a woman all the way to the present.

Most of them are women who pursue or post him upside down.

Jun Xiaoyao himself does not want to be a scumbag, but he is helpless. His charm makes him very popular with women.

This should be regarded as being forced to be a bit scumbag.

Many people think that a woman will like a man at a glance, which is a bit fake.

But Jun Xiaoyao has this charm, which is impossible.

If possible, Jun Xiaoyao would also like to be unsurprising, just like the parting of the commoner emperor.

And there is one more thing, Jun Xiaoyao's heart is devoted to cultivation and enjoyment.

There is no interest in making friends and getting married at all.

This is also the reason why Jun Xiaoyao does not actively pursue other women.

But now, in a foreign land.

Sometimes, you can't help it.

Jun Xiaoyao now really needs a real and substantial figure to support him.

Otherwise, all the ghosts and monsters want to explore the identity and origin behind him.

Jun Xiaoyao was able to conceal it for a while, but as long as a little flaw and footwork were exposed, it would be directly exposed.

In fact, the best way is to promise Luo Xiangling to become her disciple.

But Jun Xiaoyao always had a bottom line and persistence in his heart.

No one is qualified to teach him this eternal anomaly.

Then we can only take the second place and win over the Luo king as his backer.

And what kind of capital does Jun Xiaoyao have to win over Luo Xiangling?

I'm afraid there is only a face.

Of course, there may be a talent for chaos physique.

This Luo Xiangling seemed to be particularly optimistic about the Chaos Body.

Otherwise, it is impossible to recommend Jun Xiaoyao to become a quasi-god of war.

"It seems that you have to knock on the heart of King Luo to know the origin and past of her identity."

"In this way, we can find out her weakness and conquer her in one fell swoop." Jun Xiaoyao thought.

He has a very accurate vision of people.

This Luo Xiangling seemed to have quasi-immortal transcendence and profoundness.

But in fact, there is something very simple in Yingying's eyes.

The others are quasi-immortal, all living like ten thousand year foxes.

But Luo Xiangling is a little different.

Jun Xiaoyao judged that Luo Xiangling shouldn't have much contact with people.

There should be no family power behind him, and he should be alone for a long time.

Simply put.

Luo Xiangling is a woman with quasi-immortal strength who has lived for a long time, but she is somewhat innocent.

This kind of person, no matter how strong, can still be attacked and controlled in the eyes of the old Yinbi like Jun Xiaoyao.

"I don't want to eat soft food unless the situation forces it." Jun Xiaoyao sighed inwardly.

He is in a foreign land and has no background, so King Luo must be supported behind his back.

Luo Xiangling glanced at Jun Xiaoyao.

Naturally, she didn't know. At this moment, Jun Xiaoyao was already thinking about how to "strategy" her.

"From now on, you will cultivate here, there is a room next to it."

"In addition, although we can't be masters and apprentices, you can ask me if you have any doubts about cultivation." Luo Xiangling's lips showed a very shallow smile.

Gentle as water, beautiful and moving.

Ordinary people really can't bear this kind of charm, they will fall.

"Then thank you Senior King Luo." Jun Xiaoyao deliberately revealed a touch of joy.

This place is the source of dragon veins.

Practicing here is indeed of great benefit to Jun Xiaoyao.

After all, only the ancients are qualified to live here.

Even the elders, the quasi-war \*\*\*\* Tianjiao, etc., can only live slightly outside.

There is a more important point.

That is, Jun Xiaoyao lives next to Luo Xiangling.

Even more, he acted to inquire into Luo Xiangling's past.

Of course, this cannot be rushed for a while.

Although Luo Xiangling has a certain innocence that is not human.

But after all, he is a quasi-immortal powerhouse.

From the previous Luo Xiangling deliberately said that he was a creature of the immortal domain, it can be seen that Luo Xiangling is not that simple to the extreme silly and sweet.

But this is good.

The strategy is more interesting.

"With me in the God of War Academy, no one should make things difficult for you." Luo Xiang said spiritually.

"Thank you, Senior King Luo, it really made the younger generation a little flattered." Jun Xiaoyao smiled faintly, and his handsome cheeks were very sunny.

Luo Xiangling was taken aback for a moment, and seemed to fall into some kind of memory.

Then she came back to her senses and said: "By the way, I don't know your name yet."

"Junior Jade Xiaoyao." Jun Xiaoyao chose a name at random.

Anyway, in the eyes of the world, his Jun Xiaoyao has fallen into the world of God Ruins, and no one would think of Jun Xiaoyao.

"Jade Xiaoyao..." Luo Xiangling muttered silently.

...

For the next period of time, Jun Xiaoyao had been living in the other courtyard where Luo Xiangling was located.

He lives in a room in the courtyard.

Although this courtyard looks simple, there is no shortage of various spirit gathering formations in it.

The dragon gas is steaming, and the purple meaning is permeated.

This kind of training treatment is not something ordinary people can enjoy.

In addition to practicing alone.

Jun Xiaoyao often exchanged his cultivation experience with Luo Xiangling.

Although the realm gap between the two is huge.

But Luo Xiangling was very surprised.

Jun Xiaoyao's understanding of cultivation made her a little amazed.

And Jun Xiaoyao's understanding of Tao also made her amazed.

"Xiaoyao, I really doubt whether you are the reincarnation of some old monster." Luo Xiangling joked.

After spending some time with Luo Xiangling, Jun Xiaoyao discovered that she seemed to be more innocent than she had imagined.

It's just that there is some guard against outsiders, and they set up guards.

But after getting acquainted, Luo Xiangling's personality is still quite good, and there is no such thing as a quasi-immortal shelf.

There is a peculiar temperament that is both powerful and simple.

This kind of contrast is cute, but it is a bit of a surname habit.

"Xiang Ling elders are joking, Xiaoyao shouldn't be considered old, right?" Jun Xiaoyao smiled and said.

Luo Xiangling smiled too, with a beautiful smile, her eyes shining brightly.

"But your understanding of Tao makes me feel a sense of bliss. If I break through and become the King of Immortality in the future, I must have your credit."

Luo Xiangling felt a little happy.

She hasn't chatted with anyone so happily in a long time.

"That's the honor of Xiaoyao." Jun Xiaoyao said.

The two often communicated, and Jun Xiaoyao gained a lot.

At least he also understood that Quasi-immortal, that is, Quasi-Emperor Realm.

It is turning one's own laws into the real Tao.

There are nine calamities.

Baptized with nine kalpas, and finally transformed into a complete Tao.

It is the so-called Zhengdao Chengdi.

The former Scarlet King was once a Nine Tribulations Quasi-immortal, and finally succeeded in evolving into the Great Way and becoming the King of Immortality.

And the Peacock King, and the Luo King in front of him, are also quasi-immortal for many years.

Although Luo Xiangling did not clearly reveal her cultivation realm.

But Jun Xiaoyao figured it out, and it was definitely about the tribulation.

This is already Xeon Immortal.

If Luo Xiangling breaks through, then Jun Xiaoyao's backing will be even harder.

And during the time when Jun Xiaoyao and Luo Xiangling got along ~ [www.mtlnovel.com](http://www.mtlnovel.com)~ the entire God of War Academy was also surging because of Jun Xiaoyao.

Because I don't know where the news came from, the ancient and supreme that Jun Xiaoyao met was a magnificent and graceful one, and it is difficult for ordinary people to see the true-faced King Luo, Luo Xiangling.

This simply exploded the pot, making countless male disciples and even male elders of the school extremely envy, jealous, and hatred!

Any male creature instantly turned into lemon essence, and his heart was sour.

Luo Xiangling is the true goddess of the God of War Academy.

Not only has beauty, but also has absolutely powerful strength and status.

It is impossible for ordinary people to even see her, but Jun Xiaoyao can be met by Luo Xiangling.

From Tu Shan Chunchun, to Tu Shan Wan Wan, to Luo Xiang Ling.

For a time, Jun Xiaoyao became a male public enemy, a target of public criticism.

[Chapter 946: King Luo wants the old cow to eat tender grass? I want to catch it, my stomach is not good...](#)

Why is Luo Xiangling so popular in the God of War Academy.

That's because the ancient colleges are supreme.

Either a gray-haired old man, or some aloof, mysterious and indifferent existence.

Only this king Luo, who is rumored to have a fairy appearance, is all over the country, and is not as daunting as other quasi-immortal.

And more importantly, this King Luo, who has never had a companion in the aisle, has always been alone.

Various reasons made Luo Xiangling extremely popular in the God of War Academy.

It can be said to be a goddess-like existence.

In front of Luo Xiangling, those goddess and emperors in the college looked immature and eclipsed.

After all, who doesn't want to shout, Auntie, I don't want to work hard anymore?

Besides, this Luo Xiangling is still an extremely beautiful "old aunt".

There is power, strength and status.

Who can not love such a fairy sister?

After the news came out, the entire God of War Academy was a sensation.

After that, another news came out.

Luo Xiangling actually wanted to accept Jun Xiaoyao as his disciple.

As a result, Jun Xiaoyao refused.

This is even more shocking to the male disciples without mathematics.

"This chaotic body is real cowhide, and even King Luo personally refused to invite it."

"Haha, it's really funny, if it's me, I would be kowtow to beg Lord Luo to take me in."

"Yes, I really don't know how to take the time."

Many male disciples talked with jealousy.

But the next news made these male disciples dumbfounded and could no longer ridicule them.

"What, that Chaos Body actually lived with Lord Luo King!?"

This news caused an uproar throughout the inner and outer courtyards of the God of War Academy.

Lonely man and widow, living in the same house.

Although the status and strength of the two have a huge gap.

But many people know Jun Xiaoyao's temperament and charm.

Not to mention that Luo Xiangling recommended Jun Xiaoyao to become a quasi-god of war.

This is very interesting.

"Does Lord Luo Wang... want the old cow to eat tender grass?"

"You're talking nonsense, Lord Luo is such a transcendent existence. Even if the younger generation is invincible, the Chaos Body should have little weight in her eyes, right?"

"It's best to do this, otherwise, my heart will be broken."

"You're heartbroken, you don't have a chance, Chaos Body has no chance, let alone you."

A large group of people were heartbroken when the news broke that the two were living in the same place.

The man's heartbreak is because of Luo Xiangling.

The heartbreak of the woman is naturally because of Jun Xiaoyao.

In front of the mountain gate, Jun Xiaoyao swept the white-clothed figure in all directions. He had never known how many women's hearts had been captured.

Let them have a fantasy object in the lonely night.

In the God of War Academy, in an exquisite and gorgeous pavilion.

"What, sir and King Luo live together!?"

Tu Shan Chunchun is not calm, very calm.

The nine furry fox tails behind them flicked irritably.

After hearing that Jun Xiaoyao and King Luo lived in the same place, Tu Shan felt anxious and irritable inexplicably.

"Miss Chunchun, your husband will not be such a casual person. He may just be cultivating there."

Fei Qingxue was also on the side, and said.

After Tu Shanchun's true identity was revealed, her name also changed.

"Yes, sir is not the kind of ordinary person. I heard that King Luo is very beautiful, how beautiful is it?" Tu Shanchun hugged his little arm and pouted.

"Fifth Sister, I heard that the son is with King Luo, hasn't he come back yet?"

Outside the door, Tu Shanwan came.

She is also a little anxious.

I said before that I would discuss with Jun Xiaoyao, but I haven't seen Jun Xiaoyao's figure for a while.

Tu Shanchun heard this, even more gloomy.

Then, as if thinking of something, the big eyes lit up.

"By the way, tell Mr. Mu directly, let the husband come out to see us."

Thinking of this, Tu Shan Chunchun rushed out impatiently.

Seeing this scene, Tu Shanwan shook her head slightly.

"Not far from recruiting relatives, what will Nizi do?"

...

The depths of the God of War Academy.

In the purple bamboo forest, there are people with small bridges and flowing water.

During this time, Jun Xiaoyao was practicing and meditating.

Or it is to have in-depth exchanges with Luo Xiangling.

To be honest, the experience of a quasi-immortal is very precious.

Many big people give lectures, and only the quasi-War God is qualified to listen.

However, Jun Xiaoyao and Luo Xiangling are not the kind of relationship between upper and lower apprentices.

Jun Xiaoyao went out of his own way and had his own way.

His vision and understanding of Tao have also benefited Luo Xiangling a lot.

Gradually, Luo Xiangling did not communicate with Jun Xiaoyao as a senior or a big figure.

On the contrary, the two communicated like men and women of equal status.

"Xiaoyao, some of your insights really make me feel awkward."

After another exchange, Luo Xiang's Lingying eyes were very bright, and the corners of his lips were slightly curled, with a faint joy.

For some reason, getting along with Jun Xiaoyao is very comfortable, very harmonious and very comfortable.

This was a feeling she had never experienced before.

"The words of Senior Xiang Ling also inspire Xiaoyao." Jun Xiaoyao also smiled.

At this moment, Luo Xiang's eyebrows moved, and he said calmly: "Someone is coming outside the door."

Jun Xiaoyao nodded slightly and went outside.

The person who appeared was Elder Mu.

Seeing Jun Xiaoyao's arrival, Mu's eyes lit up.

Compared with before, Jun Xiaoyao's temperament is more immortal, and he has a feeling of precipitation, more detached.

"It seems that the little friend has benefited a lot from communicating with Lord Luo during this period of time." Mr. Mu said kindly.

"Get something, I don't know why Mr. Mu is here?"

"It's the princess of the Tushan imperial clan. I want my little friend to pass." Mu Lao said.

Morale would not respond to the requests of ordinary school disciples.

But after all, it was the Tushan emperor, and he still had to give some face.

"Understood." Jun Xiaoyao nodded slightly.

I have spent too much leisure here during this time, and I almost forgot that little white-haired Lori.

Jun Xiaoyao returned to the room and said the matter.

"Since something is going on, then go." Luo Xiangling said lightly.

"Xiaoyao bid farewell." Jun Xiaoyao slightly arched his hands and turned and walked out of the courtyard.

The corner of his lips evokes a faint smile.

It just so happened that he also needed to leave Luo Xiangling.

Thirty-six tactics have one trick.

In fact, it is very simple, that is, let the girl familiar with her own existence.

In the subtlety, she got used to her own existence.

Then she left suddenly, causing the girl to feel a sense of emptiness, as if she had lost something. UU reading [www.uukanshu.com](http://www.uukanshu.com)

The longer you leave the place, the more crazy the girl will think?

This trick has been tried and tested.

"Place it first, distance produces beauty." Jun Xiaoyao thought to himself.

Hang Luo Xiangling there for a while.

The placement is also good.

Next, Jun Xiaoyao came to the pavilion where Tu Shan Chunchun and others were.

"Mr!"

Seeing Jun Xiaoyao appear, Tu Shanchunchun's small face showed an extremely surprised expression.

Like Ruyan returning home, he rushed to Jun Xiaoyao's side.

"Sir, what have you been doing all this time?" Tu Shanchunchun asked, blinking his big eyes.

"Well, my stomach is not good during this time, so I ate a little soft rice." Jun Xiaoyao coughed dryly.

[Chapter 947: Tu Shanwan's true emperor, Yun Xiaohei's change, jealous...](#)

"Eating soft rice, do I still need to eat with Mr.'s cultivation base?"

Tu Shan's pure crystal face was suspicious.

She naturally didn't know the meaning of these words, and Jun Xiaoyao also smiled, without explaining much.

"By the way, I heard that Mr. Luo lived with King Luo, is she good-looking?" Tu Shan Chunchun continued to ask.

"It's really beautiful." Jun Xiaoyao said truthfully.

This is the truth.

"Yes... is it?"

Tu Shanchunchun's small face was a little broken, a little unhappy, and his heart was sour.

After that, she seemed to be still unwilling to ask, holding her little hand in front of her chest, making gestures and asking.

"Then is she big here?"

Jun Xiaoyao was silent, and a black line appeared on his forehead.

What is this little bit thinking about?

That is a quasi-immortal powerhouse.

Staring at someone's chest?

Not looking for death like this.

"Small, what are you thinking about in your head all day?"

Jun Xiaoyao knocked on Tu Shanchunchun's forehead.

But Jun Xiaoyao turned to think about it.

Looks like it's not small, a bit heavy.

The most important thing is the perfect shape and curvature.

"My son, you finally came, but you promised me to discuss with me before." Tu Shanwan interjected anxiously on the side.

Her martial heart was already a little uncontrollable.

"I promised Girl Wanwan before, naturally." Jun Xiaoyao smiled.

"Then go to the martial arts field!" Tu Shanwan was very happy, with a beautiful smile on her face.

Looking at these two people, Tu Shanchunchun's big eyes turned steadily.

Several people came to the martial arts field.

The martial arts field is a large arena square, suspended in mid-air, with a strong defensive formation engraved on the surface, which can block battle fluctuations.

At the moment in the martial arts field, there are also many disciples from the God of War Academy.

"Who is... Chaos Body?"

"He actually came!"

The arrival of Jun Xiaoyao undoubtedly attracted the attention of all parties.

Jun Xiaoyao felt that many men had a hint of jealousy in his many eyes.

After another thought, he understood.

"The beauty is a disaster." Jun Xiaoyao sighed secretly.

The reason is the same everywhere.

But Luo Xiangling, he must win over.

This group of licking dogs can only be jealous.

In the crowd, there was an inconspicuous humble figure.

It was a young man with black fox ears and a black fox tail.

It is Yun Xiaohei.

He is not qualified to join the God of War Academy, but because he is Tu Shanwan's groom, he can also come in together.

At this moment, Yun Xiaohei saw Tu Shanwan and Jun Xiaoyao coming side by side, with his fists clenched, his expression a little ugly.

"It's just normal discussion." Yun Xiaohei comforted himself.

"Prince Xiaoyao, please."

Tu Shanwan was standing above the martial arts field, she also learned from Jun Xiaoyao, his name is Yu Xiaoyao.

Tu Shanwan turned over her slender wrist and dropped a cyan spear in her hand.

Paired with her close-fitting cyan armor, and the refreshing high ponytail, it is even more heroic.

"Come on." Jun Xiaoyao smiled faintly.

"Wan Wan is welcome."

Tu Shanwan shot, the spear in her hand shook, and the mana burst out.

I have to say that as a princess of the imperial clan, and a warlike heart, Tu Shanwan is not weak.

Jun Xiaoyao smiled faintly, and greeted Tu Shanwan's spear with his fingers.

"Young Master Xiaoyao, don't underestimate Wanwan!" Tu Shanwan shouted.

Clang!

Tu Shanwan was directly shaken back, feeling the lotus arm numb.

"So strong!"

Tu Shanwan's beautiful eyes are brighter, as if seeing a treasure.

Jun Xiaoyao put one hand behind him, and only used the other hand to deal with Tu Shanwan.

It's not serious at all, just like playing.

When the two played against each other, Tu Shanwan tried her best.

Jun Xiaoyao is calm and leisurely.

"It's a chaotic body, and strength really isn't covered."

"Of course, although I feel a little jealous, but the talent and strength are there, what can be done?"

Many people are sighing.

In an instant, the two fought for thousands of rounds.

Tu Shanwan was panting, but Xiafei couldn't stop at all.

She felt that Jun Xiaoyao was deliberately pointing her, and her own strength was also significantly increasing.

"Young Master Xiaoyao, take this trick from me!"

Tu Shanwan's gun was shocked, and behind it, there was a surge of mana.

A phantom of a nine-tailed green fox emerged.

This is the original form of the monster fox unique to the Tushan Emperor Clan, which can greatly bless its own combat power.

Below, Yun Xiaohei saw this scene, and for some reason, his mind throbbed.

In the darkness, it seemed that there was also a black fox that was as black as ink and exuding a destructive aura, watching him.

There are ten foxtails behind it!

"what happened?"

Yun Xiaohei pressed his temple.

He is still paying close attention to Tu Shanwan.

"Oh, it's interesting, the demon fox looks like it." Jun Xiaoyao raised a hint of interest.

He slapped it with a palm at random, and the Chaos Qi condensed and surged, turning into a large mudra of Chaos, and overturned like a corner of the sky.

boom!

The collision erupted, ripples splashed everywhere.

A beautiful body, fell down extremely fast.

It is Tu Shan Wan Wan!

Even if she is not weak, she has displayed the true nature of a demon fox.

However, the opponent is Jun Xiaoyao, even the supreme can counter-slash the existence!

"your Highness!"

Upon seeing this, Yun Xiaohei's expression changed, and he rushed out, wanting to pick up and hug Tu Shanwan.

call out!

However, the void flashed.

Jun Xiaoyao's white figure fell directly to the side of the falling Tu Shanwan.

He held Tu Shanwan Wanwan with one hand, the slender willow waist wrapped in soft armor.

Although it is separated by the armor, it can also feel the amazing flexibility and elasticity.

"Sorry, I don't know the severity of the shot, but I hope the girl Wanwan won't be offended." Jun Xiaoyao apologized.

Tu Shanwan's stiff body made her mind blank for a while.

From childhood to adulthood, this was the first time that the opposite \*\*\*\* hugged her.

Jun Xiaoyao's arms are very powerful, and the breath on his body is also very good.

Gives an unprecedented sense of security.

Tu Shanwan was dazed, her pretty face turned red unknowingly.

If you let the other sisters see Tu Shanwan like this, they would definitely exclaim.

Even a man's wife blushes?

"Girl Wanwan?" Jun Xiaoyao tilted his head slightly, eyebrows drooping, looking at Tu Shanwanwan.

"I...I'm okay...Thank you Young Master Xiaoyao for helping me." Tu Shanwan said in a hesitant tone.

She did not dare to look at Jun Xiaoyao's eyes, she looked down beautifully.

But accidentally discovered that the red rope tied to Xue Yuhao's wrist seemed to tremble slightly.

"Could it be..."

Tu Shanwan missed a beat in her heartbeat.

Did she find her true son?

Otherwise, how could the red rope move?

Everyone around was stunned.

Good guys, UU reading [www.uukanshu.com](http://www.uukanshu.com) are you holding it now?

Tu Shanchun's eyes widened wide, his ruddy mouth was very round, and he looked startled.

On the other side, Yun Xiaohei stayed in place as if struck by lightning.

The steps taken are all frozen.

Seeing that Tu Shanwan was hugged by Jun Xiaoyao, but did not resist the disgusting intention.

Yun Xiaohei felt as if his heart was being grasped. It was very painful and painful, and he couldn't breathe.

There seemed to be a hundred thousand thunder roaring in his mind.

The goddess in his heart was held in his arms by other men, and she was ashamed.

The jealousy in my heart turns into shame and resentment

A hint of dark and hostile meaning appeared in Yun Xiaohei's eyes.

He didn't even notice it himself.

[Chapter 948: Perceive Yun Xiaohei's strangeness, Luo Xiangling's loneliness](#)

"Ok?"

Jun Xiaoyao felt a little strange.

It was a faint breath of darkness, and at the same time it carried a kind of extreme hostility.

Jun Xiaoyao glanced away and saw the young man who rushed out of the crowd and seemed to be about to come forward to rescue Tu Shanwan.

But because Jun Xiaoyao had already shot, he naturally had no chance.

A dim light flashed through Jun Xiaoyao's eyes.

That young man gave him a very strange feeling.

"Young Master Xiaoyao, can you... loosen it?" Tu Shanwan hung her head down, really not knowing what to do.

After all, this was the first time she had such close contact with the opposite sex.

"Sorry." Jun Xiaoyao released his arm.

Tu Shanwan blushed and escaped from Jun Xiaoyao's embrace.

But there was such a trace of nostalgia in my heart.

That embrace really gives people a warm and steady feeling.

"Who is this?"

Jun Xiaoyao looked at Yun Xiaohei.

Tu Shanwan hadn't recovered yet, she realized after a long while, "Oh, he is my groom."

"His Royal Highness is fine."

Yun Xiaohei lowered his head, not wanting the jealousy in his eyes to be seen by Jun Xiaoyao.

Jun Xiaoyao was so keen that he had already noticed it.

He also immediately understood that this Yun Xiaohei should have a longing for Tu Shanwan.

It's just that the status gap is too big, so I can only hide it in my heart.

And now, seeing the goddess in his heart, being held in his arms by others.

Naturally there will be such emotions.

Jun Xiaoyao doesn't actually care.

Many people are jealous of him.

He doesn't even care about a lowly and humble servant.

But what made Jun Xiaoyao pay attention to was a faint dark breath exuding from this young man.

This attracted his attention.

"It's interesting, just watch the changes." Jun Xiaoyao thought to himself.

I don't know if there will be such a coincidence, it just happens to be the same as he guessed.

"Young Master Xiaoyao, will you still have a chance to compete with you in the future?"

Tu Shanwan blushed and asked.

She felt it too.

Although only one fight with Jun Xiaoyao, Jun Xiaoyao pointed her a lot in the process.

She feels that she is making rapid progress.

"Of course, you can always wait." Jun Xiaoyao said.

Anyway, he was not going to return to Luo Xiangling in a short time.

"Thank you, son." Tu Shanwan said with joy.

But this makes the hearts of the two people very blocked.

One person is naturally Yun Xiaohei.

The other person is naturally Tushan Chunchun, with a small face as black as the bottom of a pot.

"If you need it, just come to me."

Jun Xiaoyao flicked his sleeves and turned back.

Tu Shanwan looked at Jun Xiaoyao's back with some wonder.

At this time, a crisp and sweet voice sounded with a bulging tone.

"Sister Wanwan, I think it's necessary for us to have a good conversation." Tu Shanchun held her waistline with a serious face.

"Xiao Wu, are you jealous?" Tu Shanwan raised her eyebrows.

"Hmph, although we are sisters, we still have to pay attention to being first-come-last-come. It's obviously mine first!" Tu Shanchun said with a pink cheek.

"Emotions doesn't come first, but whoever gets it will get it." Tu Shanwan hummed lightly.

"Ah, Sister Wanwan, you really thought about your husband, no!"

Tu Shan Chunchun, like hungry food, rushed to Tu Shan Wanwan.

The two women are fighting together, which is also a beautiful picture.

However, many of the male geniuses present were sore in their hearts.

A Tianjiao was a little stunned and said: "If this continues, does the Tushan Emperor still need to hold a family invitation conference?"

...

In the following time, Jun Xiaoyao did not return to Luo Xiangling.

Of course, he did not waste time.

As the quasi-God of War of the God of War Academy, the resources that Jun Xiaoyao can mobilize are amazing.

It can be said that it is definitely not inferior to the direct descendants of the emperors and daughters of the immortal emperors.

Even more generous.

Even with Jun Xiaoyao's vision, these resources are quite expensive.

Immortal medicine, magic weapon, immortal gold mineral, immortal handwriting, powerful exercises and so on.

You can get Jun Xiaoyao as long as you want it.

He was not polite.

Isn't it fragrant?

Those divine weapons, immortal gold minerals, and Jun Xiaoyao were absorbed by the Qi Ding and Daluo Jian Fei.

These two weapons are already at the rank of quasi-imperial soldiers.

And they all have the potential for evolution.

Da Luo Jiantai will at least be a quasi-immortal weapon in the future, and it is not impossible to even become a real fairy weapon.

As long as you give it enough resources, you can become an immortal weapon.

In addition, Jun Xiaoyao is also reading and comprehending those immortal scriptures, powerful techniques.

The exercises of the foreign land are very different from those of the fairy land.

Jun Xiaoyao is verifying the law of a foreign land, mirroring and contrasting with the fairy land.

Finally, the essence is extracted and used to sublimate one's own law and Tao.

This kind of progress, although not clearly reflected in the realm of cultivation.

But after Jun Xiaoyao, condensing the law and transforming the great road, it is of great help.

Of course, during this period, Tu Shanwan came to see Jun Xiaoyao to compete.

Jun Xiaoyao did not refuse either.

The relationship between the two is becoming more harmonious.

Whether Jun Xiaoyao was sincere, only he knew in his heart.

But Tu Shanwan was more and more excited.

Just ask.

There is a mysterious, powerful, excellent temperament, handsome, and gentle man who is willing to accompany you to practice every day.

Even if you are a scumbag, it's not worth mentioning in his eyes, but you still patiently teach and give pointers.

Which woman would you not be heartbroken?

Tu Shanwan can even tie the red thread of marriage to Jun Xiaoyao.

It's just that she felt a little embarrassed and didn't do so.

Tu Shan Chunchun also looked jealous, and forced in, and wanted Jun Xiaoyao to practice with her.

For a time, Jun Xiaoyao's life was a little bit fun.

Of course, contrast here.

It's Luo Xiangling's side.

In the other courtyard.

Luo Xiangling wore a long skirt of plain clothes and gauze, sketching out a hazy and slender perfect figure.

The long azure blue hair draped over the delicate buttocks, set off against a brilliant white and snowy face.

The eyebrows are like distant mountains, the eyes are like a star, the vermilion lips are a little, and the teeth are like shell jade.

The exquisite and beautiful appearance can be said to be rare in the world, and it is unforgettable at a glance.

It can be said that such a woman.

As long as anyone sees it, it will be unforgettable, and I can't wait to see it every day.

Not to mention, being able to live with this woman is simply a blessing for three lives.

However, Jun Xiaoyao, who has such a blessing, has not returned for a month after he left.

It will even give people a feeling of throwing their wives away.

"Have you come back yet?"

Luo Xiangling murmured.

She thought that Jun Xiaoyao would come back after two or three.

But now a month has passed, and Jun Xiaoyao has not returned yet.

Of course, Luo Xiangling could also investigate with divine intent, but she did not do so.

"Obviously I'm used to being alone." Luo Xiangling stretched out green onion fingers and rubbed his temples.

So long time, UU reading [www.uukanshu.com](http://www.uukanshu.com) came all alone.

Why now, there is a feeling of loneliness instead.

Perhaps it was discussing the Tao with Jun Xiaoyao, which gave Luo Xiangling a long-lost sense of pleasure.

"Let's take a look."

Luo Xiangling couldn't help it in the end, wanting to know what Jun Xiaoyao was doing.

She generally wouldn't leave her own hospital.

With Luo Xiangling's quasi-immortal cultivation base.

You can come to Jun Xiaoyao's residence in an instant without being noticed by anyone.

Luo Xiangling saw it at a glance, Jun Xiaoyao and Tu Shanwan were very close, and they were both close to each other.

Jun Xiaoyao leaned close to Tu Shanwan's ears, and seemed to be talking to her.

Seeing such an intimate biting of his ears, Luo Xiangling was stunned.

[Chapter 949: The lump in Luo Xiangling's heart, forbidden to seal the devil tomb, Tianxuan is prosperous...](#)

"When you make a move, you must fully mobilize the source of mana in Linghai, unite your waist and horse, and concentrate your energy at one point."

Jun Xiaoyao pressed Tu Shanwan, and pointed with her hand on her body.

Wherever you click, Tushanwan will be numb.

Although she knew that Jun Xiaoyao was pointing her seriously, Tu Shanwan still had a hot and red face.

Tushan is pure on the side, with silver teeth, like a little bitter woman.

"Ok....."

Jun Xiaoyao noticed something abnormal.

The corners of the mouth evoke an arc that is not easily noticeable.

Did she come?

Although Jun Xiaoyao's spirit is sensitive, but logically speaking, it is impossible to detect Luo Xiangling in the dark.

But when he got along with Luo Xiangling, he deliberately got some light incense on his body.

Luo Xiangling stayed with her to discuss the truth, and naturally he would be tainted with this kind of incense.

So now, when Jun Xiaoyao smelled this incense, he could conclude that Luo Xiangling was here.

Just never showed up, hidden in the dark.

I am afraid that Luo Xiangling would not have thought that the scent of fragrance that she had overlooked made Jun Xiaoyao aware of her existence.

From here, we can see how deep Jun Xiaoyao's scheming is.

Compared with him, Luo Xiangling is strong, but it also seems simple.

"Are you pointing someone?"

Luo Xiangling murmured.

This should be a normal thing.

But in Luo Xiangling's heart, somehow, there was a little bump.

Small, very subtle, but real.

This is not really jealous and jealous.

After all, Luo Xiangling is quasi-immortal anyhow, she is not the kind of big girl who has an initial desire, and will not be so easily moved.

It is even more impossible to have any feelings for Jun Xiaoyao during this period of time.

At best, it means some good impressions.

But human nature is like this.

For example, the opposite \*\*\*\* who was still in close conversation with you at the last moment will be directly close to the other opposite \*\*\*\* in the next moment.

What would you think?

Even if it's not in a romantic relationship, you always feel a little uncomfortable, right?

Jun Xiaoyao grasped this point.

Put Luo Xiangling first and let her dry for a while.

Then let her have this strange emotion.

If you can't even produce this kind of emotion, it's no use at all.

It also means that Luo Xiangling has no feeling for Jun Xiaoyao at all.

But now it seems that this is clearly not the case.

Luo Xiangling was silent, did not show up, just turned and left.

Perceive the scent to dissipate.

Jun Xiaoyao directly let go of Tu Shanwan.

"My son, give me some pointers."

Tu Shanwan had also learned to behave like a baby.

"Sister Wanwan, you are too much!" Tu Shanchun's ruddy little mouth squashed.

Acting like a baby is her privilege.

"Just practice as I said." Jun Xiaoyao smiled and shook his head.

Tu Shanwan probably didn't know it, she was just a tool man in Jun Xiaoyao's eyes.

And on the trail outside the pavilion.

Yun Xiaohei took the Tianyu Horse and waited here.

His fists were squeezed tightly, and his teeth were crushed.

Every three to five, Tu Shanwan would ride the sky feather horse to Jun Xiaoyao's residence to learn from each other.

This feeling is like watching the goddess go to other people's rooms every day.

Although it has nothing to do with him, Yun Xiaohei always feels green panic.

The noble and unparalleled four princesses in front of him, but like a female licking a dog, came to see Jun Xiaoyao every other time.

"If I have enough power, if I can defeat that chaotic body in front of the princess..."

Yun Xiaohei's fist was tightly pinched.

If he is strong enough, he can defeat the Chaos Body and is valued by the Tushan Emperor.

Tu Shanwan would naturally look at him with admiration.

Weakness is the original sin!

"Come back..."

In Yun Xiaohei's mind, he thought of the magic sound again.

"Forbidden land, seal the devil tomb, and find your power..."

"Feng Demon Tomb?" Yun Xiaohei was surprised.

It was an absolutely forbidden place in the big state where the Tushan Emperor Clan was located, and it was rarely seen by anyone.

"What is the secret in me?"

Even if Yun Xiaohei was stupid, he understood that there seemed to be some unknown power in his body.

He touched his abdomen, feeling the mark of the dark six-pointed star, a burst of heat.

"The recruiting conference is my only chance. If I can gain strength and defeat the Chaos Body at the conference, the princess..."

There was a touch of determination in Yun Xiaohei's eyes.

He would never give up the goddess in his heart!

...

Time passed day by day.

More and more Tianjiao gathered in the God of War Academy.

When news came, there seemed to be movement on the side of the desert.

Recently, it is possible that the God of War Academy will send people to the Frontier Wasteland to experience and compete with the evildoers of the Nine Heavens Immortal Academy.

Therefore, the entire God of War Academy is seizing the time to cultivate.

There was also news that part of the sleeping emperor and goddess was about to wake up.

At that time, I will also come to the school, and then go to the border.

all in all.

An atmosphere of wind and rain is spreading, and then there will be a cruel battle to start.

When the time comes, being in the borderlands, it will not be like making a fuss in the world of the gods.

"Is it a wasteland? At that time, I should be in contact with Xianyu."

"The Seven Emperors, Ancient Emperors, Long Yao'er, King Yuhua, etc., can you live at ease?"

In Jun Xiaoyao's eyes, there was coldness surging.

If you let them know that not only did you not die, but you also transformed into a chaotic body, and could even transform into a quasi-innate body.

It is estimated that their eyes will fall in shock.

"And my followers, Yan Qingying, Yi Yu and others..."

"Everyone from the Jun family..."

"Jun Farewell, has he fulfilled his promise and let Yin Mai return."

"The sleeping seed should also be born."

"Sister Shengyi, what happened?"

Jun Xiaoyao had many questions in his heart.

After living in a foreign land, he was directly isolated from Xianyu, and he couldn't detect any news.

Only in the border and wasteland can he reach the fairyland and detect the news on the side of the fairyland.

"Have Xianyu forgotten me? I really look forward to it." Jun Xiaoyao smiled.

The king, there will be a day to return.

At that time, everyone in Xianyu will know this game with the sky.

He won!

"After drying Luo Xiangling for so many days, I also went to see her." Jun Xiaoyao got up and prepared to go to Luo Xiangling's side.

It will take some time before the border famine, so I am not in a hurry now.

The most important thing right now is to practice, and then win Luo Xiangling.

Jun Xiaoyao didn't want to leave Luo Xiangling in the cold for too long, he had to have a degree in everything.

Just when Jun Xiaoyao was about to go.

Fei Qingxue brought a piece of news.

"Sir, the Tianxuan event will be opened, won't you go?"

"Heavenly election event, what is that?" Jun Xiaoyao asked.

He is not in the mood to participate in all sorts of meetings.

Unless it is the kind of Tianxian Banquet that can gain something.

"Because the selection requirements of the God of War Academy are very high, and there are only more than 10,000 places, it is difficult for many Tianjiao to enter."

"So they will want to become followers of the school disciples and indirectly enter the school to practice."

"Mr. is now famous in the top ten states, and he is also the quasi-war \*\*\*\* of the university. I don't know how many young talents, the proud girl of heaven, want to follow you." Fei Qingxue said.

When Jun Xiaoyao heard it, he understood it.

It's a selection meeting for followers.

They themselves, it is difficult to compete for a place in an institution, so they follow those talents who have entered the institution to join the institution.

"It's not necessary for the time being." Jun Xiaoyao became disinterested and shook his head.

He doesn't need any followers now, Mr. [www.mtlnovel.com](http://www.mtlnovel.com), and one more thing is that at the election event that day, the blue prince of the other bank will also show up. "

"I heard that he is going to execute one person in public."

"A line of blue flowers?"

Jun Xiaoyao's eyes brightened.

The other side of the clan is also a line he needs to explore in the future.

He wanted to find out what the cause and effect of the other side emperor clan and that ghost face woman were.

"Who will be executed?" Jun Xiaoyao asked casually.

"I heard that he is a traitor from the other side clan. In the world of Shenxu, he has helped the \*\*\*\* son of the Jun family in the Xianyu block the move."

"Ok?"

Jun Xiaoyao's eyes condensed, and there was a chill in his eyes.

[Chapter 950: The Tianxuan event opens, the Lanyue clan, Fairy Yuedai](#)

Helped him block the move in the world of the gods.

Except Xuan Yue, there was no one.

Xuan Yue, as Jun Xiaoyao expected, landed in a foreign land with him.

It's just that on the way, because of space turbulence, etc., he landed in a different place.

In the world of Shenxu, Xuan Yue stepped forward and stood in front of him, as many alien creatures had seen with their own eyes.

Now someone found Xuan Yue's traces in a foreign land, caught her, and regarded her as a traitor, and it was only natural.

"Mr..."

Fei Qingxue couldn't help but tremble slightly when she felt the temperature between the surrounding sky and the earth suddenly become cold.

"It's okay, it's okay to go and see." Jun Xiaoyao said.

Fei Qingxue nodded slightly.

Only then did she discover that Jun Xiaoyao, who is gentle and graceful and always has a gentle smile on his mouth, would also show that kind of cold eyes.

But Fei Qingxue didn't dare to try to figure out Jun Xiaoyao's mind at will.

"Execute Xuan Yue, ha ha..."

Jun Xiaoyao sneered in his heart.

Although he did not have a lot of favor with Xuan Yue.

After all, Xuan Yue had hurt Jiang Shengyi, and even almost threatened Jiang Shengyi's life.

But Xuan Yue blocked the move for him, indeed Jun Xiaoyao had never expected it.

But this is not the most important thing.

The most important thing is that Xuanyue is a person from the other side.

Wearing a mask with a ghost face, Jun Xiaoyao felt that she was similar to the woman with a ghost face.

Therefore, even for the purpose of investigating some news of the other side emperor clan, Jun Xiaoyao will not let Xuan Yue fall into his body for the time being.

"Prince of the other shore..." A touch of indifference passed across Jun Xiaoyao's eyes.

He didn't care at all about the blue flowers of the other shore.

No one can move the person he wants!

...

The place where the Tianxuan event was held was located in a city not far from the God of War Academy.

Today this city is crowded with people.

There are more than one hundred thousand Tianjiao gathered here.

Many of them are luxuriously dressed, with extraordinary temperament and extremely powerful aura.

Many of them did not mean that they could not meet the requirements of the God of War Academy.

But there are so many places in the God of War Academy, with only nine thousand nine hundred and ninety-nine seats in the outer courtyard.

The inner courtyard is even rarer, with only 999 seats.

This has created a situation where there are too many monks and porridge.

Not to mention those elites of the imperial clan, quasi-imperial clan, are almost able to send the God of War Academy by default.

The remaining places are even scarcer.

So after that, the only way to join the God of War Academy.

It is to become a follower of those academic disciples.

Of course, it is said that they are followers, but if the status is similar, they will only be discussed on the same status.

It's like asking a friend to find a relationship.

This is also the default of the God of War Academy.

It is a kind of tolerance without breaking the rules.

It is precisely because of this that the atmosphere of the entire city is extremely hot.

In the square in the center of the city, crowds of people throbbed.

"Oh my god, that is the shadow Tianjiao of the shadow royal family!"

"The young talents of the ghost king clan are also here."

"Tsk tusk, how do you feel that this day's election event is a lot more lively than before?"

"Of course, after all, a quasi-War God Chaos Body came out. It is estimated that many people are coming for him."

There was a lot of conversation and discussion in the field.

Although the celestial elections of past eras were also very lively, they were not as popular as this time.

The most important reason is naturally because of Jun Xiaoyao.

The first quasi-war god, who was appointed by default, had a chaotic body even more.

If you can follow Jun Xiaoyao, it is simply a chicken and dog ascending to heaven.

If Jun Xiaoyao can really become a God of War in the future, then they are followers of the God of War!

And recently, news has spread that one of the ancient universities, King Luo, values Jun Xiaoyao very seriously.

This makes many Tianjiao want to become followers of Jun Xiaoyao.

Among them, there are more female Tianjiao than male Tianjiao.

"I heard that the chaotic body has a posture of defamation, is powerful, and has a face. I love it."

"You don't squat down and take a \*\*\*\* to take a picture of yourself, vulgar and vulgar, will people with chaotic bodies look at you?"

"You group of coquettish and cheap goods are not qualified to follow that adult."

Many female Tianjiao confronted each other tit-for-tat.

"Here, here comes the people from the God of War Academy!"

Suddenly, You Tianjiao shouted loudly.

In the distance, boats, flying boats, mounts, and chariots swept across the sky.

They are all those disciples from academies.

Headed by them are several of the ten heavenly kings, Li Jiumin, Jin Zhan and others.

"It turns out that the adult hasn't come yet, I'm really disappointed."

"You said, Master Chaos body wouldn't stop recruiting followers, right?"

"Then what's the point of us coming."

Some female Tianjiao glanced at the visitors, and said slightly disappointed.

Hearing those comments, the corners of Li Jiu's eyes twitched.

If it weren't for the origins behind these arrogances, he would really like to shoot it!

"Hmph, I heard that Prince On the other side will also come this time, I want to see if that chaotic body dare to provoke the head of the ten heavenly kings."

Li Jiumin said coldly in his heart.

At this time, a high-cold female voice sounded.

"Anyway, no matter what, I believe that I can be favored by Master Chaos."

There was a beautiful shadow in the distance.

It was a woman in a blue dress, with a graceful temperament and an extremely good appearance.

His glamorous appearance made the hearts of many arrogances present, and they couldn't help but show up with a touch of surprise.

There is a blue crescent moon mark on the center of her eyebrows, which shows her identity.

The quasi-imperial family, the people of the Blue Moon family.

"It's Fairy Yuedai from the Blue Moon Clan. She actually came here to become a follower?"

Many Tianjiao were stunned, with a shocking feeling.

The Blue Moon Clan is a quasi-emperor clan, so high above.

This Fairy Daisy of the Moon, although not a direct descendant of the Blue Moon tribe, is also a talented arrogant with considerable status and status.

It is definitely much more noble than Kong Qianqian of the Black Peacock Royal Family.

But it is such a beautiful woman who has to come here and become a follower of others.

This is really surprising.

"As Fairy Yuedai, you should be able to join the God of War Academy directly, right?"

"It is estimated that her target should be a chaotic body. After all, the identity of a follower of the quasi-War God is much more noble than the disciple of the inner court."

Many people looked at Fairy Yuedai and whispered.

Some women have sadness in their eyes.

They ask themselves that they look good, and many of them are royal daughters.

But compared with Fairy Yuedai, she was instantly eclipsed, like a firefly and a bright moon.

"It seems that only Fairy Yuedai will be selected by Chaos Body." Some female Tianjiao sighed.

"Fairy Yuedai, you are here too. Why don't you come with me. Of course, the followers are just a name."

Li Jiumin saw Fairy Yuedai and said.

The Tianjiao present is not common, but only Fairy Yuedai has the feeling of standing out from the crowd.

Appearance, identity, and strength are all the most prominent.

Even more noble than his little wife, Kong Qianqian.

Fairy Yuedai shook her head slightly, and said apologetically: "Thank you for the invitation from Young Master Li Jiumin, but Yuedai already has someone she likes."

"Well."

Hearing this, UU reading [www.uukanshu.com](http://www.uukanshu.com) Li Jiu Ming nodded indifferently, but the trace of embarrassment in his eyes could not be erased.

His dignified young master of the imperial clan, who took the initiative to invite him, was turned down, and he was embarrassed.

"It's that chaotic body again..." Li Jiumin hated it in his heart.

A Jun Xiaoyao makes him unable to accept even his favorite followers.

"The chaotic body, just sitting next to it, can be contaminated with the meaning of chaos, let alone he has the identity of a quasi-war god."

"With my charm, I can definitely capture him, and if I can give birth to offspring with chaotic blood, then my status in the Blue Moon clan will be even higher than that of the girl that day."

Fairy Yuedai has a noble and glamorous surface.

But I was thinking about how to seduce Jun Xiaoyao.

Give birth to a child with chaotic blood.

This brain circuit is also absolutely absent.
