Chapter 2111_

"Heavens, that person's movement technique is so fast!" "He escaped just like that?" "It's not that easy. The exhaustion of releasing so many divine powers and secret skills is unimaginable. If we continue chasing, that person's essence qi will be exhausted and he'll die!" This time round, the hundreds of cultivators on the Coiling Dragon Mountain Range were attracted by the scene in the valley. Out of sympathy for the weak, many cultivators were secretly nervous and worried for Su Zimo. In midair, Tian Yuan shook his head. "This won't do. This region is filled with bushes and he can't unleash his speed. There's no way he can shake off the pursuit of Lie Feng and the others completely." Right then, Su Zimo, who was in the valley, suddenly transformed into a tiny ant after making a turn at the foot of a mountain, crawling slowly between the cracks of the rocks. "72 Transformations?" Yang Ruoxu frowned slightly and murmured softly. That was a risky choice. If he used the 72 Transformations and transformed into a plant or insect, he could naturally hide his tracks. However, it would also mean that he would lose the burst of speed from before. If he transformed into an ant, he would have to crawl on the ground like an ant. Once he was seen through, there would be no way out and he would fall into danger once more! Before long, Lie Feng and the others arrived at this place. However, they realized that they had already lost track of Su Zimo completely. "What's going on?" Someone asked. Lie Feng frowned and said in a deep voice, "There's no way he could have escaped so quickly. Search carefully and see if he's hiding nearby!" Everyone released their spirit consciousnesses hurriedly and searched the vicinity carefully, not missing any birds, beasts, plants or insects. However, none of them discovered Su Zimo's whereabouts. During this period of time, some cultivators' spirit consciousnesses swept past the ant Su Zimo transformed into but they did not discover anything unusual. Under normal circumstances, if Su Zimo used the 72 Transformations, even though he transformed into an ant, there would be traces of the divine power and aura – there would definitely be flaws. However, Su Zimo was using the Triple Gem Jade Ruyi right now! That transformation could be considered as deceiving everyone! After staying there for a long time, over a hundred cultivators caught up to them. However, Lie Feng and the others were still unable to find Su Zimo.

"Leader Lie Feng, I think this person has already fled far away." Someone said. Lie Feng cursed, "How unlucky! Where did this brat come from? I was too careless! If I see him again, I won't let him go!" "What do we do now?" Another person asked. "Let's leave this place first." Lie Feng looked into the distance and seemed to be a bit fearful. He waved his hand and led the hundred or so cultivators away. The forest quickly returned to normal. Coiling Dragon Mountain Range. Millions of cultivators stared at this scene with their mouths agape. Just as Lie Feng and the others were searching the area, everyone saw clearly through the water screen that the ant Su Zimo had conjured was not far from Lie Feng and the others. However, the two sides passed each other just like that. Many cultivators let out sighs of relief. Not only did this outcome exceed the expectations of the millions of cultivators in the mountain range, but even the cultivators of the Four Major Immortal Sects in the air were greatly surprised. Attacking, breaking out of the encirclement, dodging the killing intent, knocking away the ambushing assassins, obtaining the Coiling Dragon Order, and finally deceiving everyone ... Thinking back to this series of actions, they still felt that it was quite amazing. This person who everyone thought would definitely die after landing on the ground not only did not die, but also obtained a Coiling Dragon

Order! This also meant that as long as this person was careful, he could at least stay alive in the valley. "Not bad." Tian Yuan nodded slightly. Tian Yuan was a man of few words. It was rare for him to receive such praise. Yang Ruoxu also nodded and said, "Putting everything else aside, just this reaction and judgment alone shows that this kid's talent is indeed extraordinary." Outside the valley, no one knew that what Su Zimo had shown was only the tip of the iceberg! Or rather, it was not even the tip of the iceberg! "What a pity." Heaven Immortal Bai Hai shook his head and chuckled. "This person is still going to be eliminated." "What's wrong?" Heaven Immortal Qing Feng asked. "Look, who's that?" Heaven Immortal Bai Hai pointed at a figure not far from Su Zimo on the water screen.

Everyone looked and saw that the figure was wearing a red outfit and red cloud boots. She was walking on a sword, and her ponytail was fluttering behind her head. She was one of the strongest Earth Immortals in this Immortal Sect selection, Princess Chi Hong! Yang Ruoxu shook his head slightly and said with a look of pity, "This person's luck is not good. He just escaped the wolf pack and was targeted by Chi Hong." Heaven Immortal Bai Hai smiled. "After half a year of observation, among the remaining Earth Immortals, Princess Chi Hong is ranked first in terms of speed!" "No matter how fast this person is, he can't beat Princess Chi Hong. In a while, we will be able to watch a good game of cat and mouse." ... In the Coiling Dragon Valley. Long after Lie Feng and the others left, Su Zimo's ant transformed back into human form and returned to his sickly youth appearance. At the same time, Su Zimo's heart skipped a beat and he looked in another direction. There was a red light speeding towards him. In the blink of an eye, it arrived in front of him and stopped in mid-air, looking down at Su Zimo from above. Su Zimo frowned slightly. Just Now, he also felt that someone was spying on him. If it was just one person, he wouldn't care and was prepared to snatch the Coiling Dragon Token. However, he didn't expect that person to be one of the strongest Earth Immortals in the valley, Princess Chi Hong! Princess Chi Hong was a Level Nine Earth Immortal. Even if she couldn't beat Yun Ting, her talent and combat strength wouldn't be weak. Moreover, there was a gap of three levels between them. If he were to fight with her, it would be troublesome and reveal too much. "Hehe." Just as Su Zimo was deep in thought, the Red Rainbow Infanta suddenly laughed and said, "You're really gutsy. You dare to participate in the Immortal Sect's selection as a Level Six Earth Immortal? You even transformed into a little bug to escape the calamity." The scene from before had been witnessed by Chi Hong Commandery Princess. Lie Feng and the rest had left so quickly because they had sensed her presence. "Give me the Coiling Dragon Token and I won't hurt you." Princess Chi Hong chuckled and said, "Look at how sick you are. If I were to make a move, you might lose your life." Su Zimo was expressionless as he cupped his fists and said, "Forgive me for not being able to comply."

After saying that, Su Zimo didn't say another word and turned to run. He once again released the Ground Traversing Golden Light, Heaven's Feet, Ethereal Wings, Wind and Thunder Wings and many other mystic arts! His speed was pushed to the limit! "Hehe." Princess Chi Hong couldn't help but laugh and said, "Interesting, interesting. You actually want to compete in speed with me! If I let you escape, it would be really strange!" As she said that, Princess Chi Hong stepped on her flying sword and turned into a red light as she chased after Su Zimo. Princess Chi Hong already had enough Coiling Dragon Tokens. After staying in the valley for more than half a year and killing here and there, she was already bored. Now, there was a Level Six Earth Immortal who wanted to compete with her in terms of movement techniques. This made her feel very curious and interesting. Princess Chi Hong's lips curled into a smile. Her eyes flashed with ridicule as she decided to play with this Level Six Earth Immortal.

Chapter 2112_

Su Zimo channeled his Essence Spirit and made use of many mystic skills and secret skills to sprint. Although he was only a Level 6 Earth Immortal, he was still at Level 6. However, with the augmentation of Earth Traversing Golden Light, Heavenly Feet, Ethereal Wings and Zephyr Thunder Wings, his explosive speed was something that most Level 9 Earth Immortals could not catch up to! However, after running for a while, Su Zimo realized that he could not shake off Princess Chi Hong. Princess Chi Hong's figure was almost fused with the flying sword beneath her feet. Tearing through the air, one could only see a beam of light flash by at a shocking speed. Even the many cultivators watching from the outside lost track of Princess Chi Hong easily if they were not careful! When Su Zimo realized that he could not shake off Princess Chi Hong in a short period of time, he used the same trick again. Channeling the Sanyu Ruyi, he transformed into a mountain sparrow and blended into a flock of mountain sparrows, traversing through the forest. Princess Chi Hong who was behind him seemed to have vanished as well. All of a sudden! Su Zimo felt a sense of danger. A shadow loomed over his head as a gigantic goshawk swooped down. Its gaze was sharp as a sword as it glared at Su Zimo who was in the flock of mountain sparrows and swiped down viciously! The surrounding mountain sparrows scattered in fright. "Humph!" Knowing that he was exposed, Su Zimo reverted to his human form instantly and continued speeding into the distance. "Hehe." Chuckling gently, Princess Chi Hong revealed herself and chased after him once more. The two of them fought one after another. During this period of time, Su Zimo made use of the Sanyu Ruyi to transform into various beasts, plants and insects. However, none of them could escape from Princess Chi Hong's senses. Princess Chi Hong transformed as well and hunted down Su Zimo with all sorts of living beings! These changes were so complicated that it made one's eyes dazzled. Although the two of them did not clash head-on, to outsiders, it was even more exciting and dangerous! Many cultivators on the Coiling Dragon Mountain Range widened their eyes and held their breaths. Even so, many cultivators still lost track of Su Zimo and Princess Chi Hong frequently. From time to time, shouts could be heard from the crowd, inquiring about the whereabouts of the two.

Celestial Immortal Azurepeak clapped his hands and laughed. "For this kid to encounter the Scarlet Rainbow Princess ... he truly is unlucky." "Princess Scarlet Rainbow is actually in the mood to play with this kid for so long." Celestial Immortal Whitesea waved his fan and laughed. Yang Ruoxu shook his head slightly and said regretfully, "It's not easy for this kid to achieve such a movement technique as a Level Six Earth Immortal. It's just that the Red Rainbow Countess has her eyes on him, so ..." In the valley. Su Zimo realized that he had already been locked onto by the Red Rainbow Infanta's aura. Even if he had the Tri-Jade Ruyi, he wouldn't be able to escape from her entanglement. Su Zimo stopped in his tracks and turned around. "Hehe." The Red Rainbow Infanta revealed her true form and looked at Su Zimo with a mischievous expression. She smiled and said, "Sixth Level Earth Immortal, why aren't you running anymore?" "I wonder why Your Highness is chasing me?" Su Zimo frowned and said, "I've just arrived in this valley and I only have one Coiling Dragon Token with me. To Your Highness, it's nothing." When Su Zimo arrived in this valley, he didn't do anything and was chased by Lie Feng's team. Now that he was being targeted by the Red Rainbow Infanta, he couldn't help but reveal a hint of impatience as he ran. There wasn't much respect in his tone either. "Hmph!" The Red Rainbow Infanta pouted slightly and said, "Who do you think you're talking to when you're just a Level Six Earth Immortal? Let me tell you, I can't be bothered with anyone else who begs me to chase after them! ""Is that so? I'm really flattered." Su

Zimo said indifferently. The Red Rainbow Infanta waved her hand magnanimously and said, "I originally wanted to play with you and snatch your Coiling Dragon Token. However, along the way, I can tell that your talent is pretty good and I'll bestow you with an opportunity. ""From today onwards, you will follow me and be my little attendant. Oh ... little guard sounds better. ""Of course, I won't treat you unfairly. I will help you snatch enough Coiling Dragon Tokens. After that, you will join the same Immortal Sect as me and have to listen to me. Do you understand?" The Red Rainbow Infanta talked to herself and even instructed Su Zimo in a serious manner. Su Zimo resisted the urge to roll his eyes and said in a deep voice, "Your Highness thinks too highly of me. I'm eccentric and won't be disciplined. I can't be someone else's guard. Please find someone else who is more qualified."

With that, Su Zimo left without looking back. Swoosh! The Red Rainbow Infanta's figure flashed and appeared in front of Su Zimo, blocking his path. "Hey, what's wrong with you?" The Red Rainbow Infanta said in a tempting tone, "Looking at your body, it seems like you haven't recovered from a serious illness. You must be lacking in tonics. When the time comes, I'll go to the palace to find some treasures for you to nourish your body. I'm sure you'll be plump and fair. ""Your Highness, if there's nothing else, don't block my path!" Su Zimo's tone turned increasingly impatient. "Hmph!" The Red Rainbow Infanta was a little angry when she saw that the soft approach didn't work. She gritted her small canine teeth and threatened, "You really don't know what's good for you! You can't beat me and you can't escape. Do you believe that I'll snatch your Coiling Dragon Token away right now?" "Is that so?" Su Zimo cupped his fists slightly and said indifferently, "Farewell, Your Highness. We'll meet again if fate allows it." With that said, Su Zimo once again released various mystic arts and sped into the distance. "Hmph!" The Red Rainbow Infanta sneered, "Are you still thinking of escaping?" Before she finished her sentence, the Red Rainbow Infanta transformed into a beam of rainbow light and chased after Su Zimo. This time, she didn't want to continue playing around. She used all her strength and the distance between the two of them gradually closed! All of a sudden! A pair of gigantic golden wings grew behind Su Zimo's back. They shone brightly and emanated a powerful aura of divine powers! Swoosh! The pair of golden wings flapped and stirred up a storm. Instantly, Su Zimo's speed increased by several times. In the blink of an eye, he vanished from the spot and transformed into a golden beam of light that tore through the air! The Great Roc Wings were one of Su Zimo's strongest trump cards and he didn't want to reveal it. However, the Red Rainbow Infanta was truly difficult to deal with. Su Zimo didn't want to be entangled with her and immediately released his innate divine powers to escape.

The Red Rainbow Infanta was stunned but she reacted quickly. She released all her blood qi and cultivation and chased after him continuously. However, it didn't take long before she completely lost track of Su Zimo. She actually ... lost him? The Red Rainbow Infanta stood in midair in a daze. She had a blank expression and found it difficult to accept the fact for a moment. What's going on? What just happened? Why did that guard suddenly go berserk? The Red Rainbow Infanta was confused. She originally thought that this was a game of cat and mouse. To think that the 'mouse' suddenly grew wings and flew off without a trace! Even the crowd outside the valley was in an uproar, let alone the Red Rainbow Infanta who was caught in the situation! "Where did he go? Where did he go?" "I don't know. He disappeared in a flash!" There were waves of voices. Even the eyes of the four Heaven Immortals in the skies lit up. "That lad's movement technique is truly ..." Heaven Immortal Bai Hai wanted to say something but stopped. Such a movement technique could no longer be described as extraordinary. "Alright!" Tian Yuan nodded his head slightly, his cold face revealing a trace of a smile. Yang Ruoxu revealed a look of admiration as well. Even Heaven Immortal Green Peak who tossed Su Zimo into the crowd had a change in attitude at that moment.

Chapter 2113_

"He's just good at running for his life. I don't think he's that good." Lu Wenbin from Qiankun Academy muttered behind him. He had a short conflict with Su Zimo and lost face. Naturally, he didn't like Su Zimo. Yang Ruoxu shook his head and asked, "He's only at the sixth level of the Earth Origin Realm. He's even faster than Princess Chi Hong. Isn't that good? Do you think you can beat him?" Yang Ruoxu sounded like he was lecturing Lu Wenbin. He just wanted Lu Wenbin to be humble and not be arrogant. Lu Wenbin was indignant. His face turned red as he argued, "Senior Brother, you can't say that. What's the use of his speed? The Immortal Sect Selection isn't a test of speed. ""When I was chosen to enter the academy, I fought my way out with my own strength."" Besides, the rules of the Immortal Sect Selection are there. One needs to have enough Coiling Dragon Tokens to become the final winner. Even if he can survive to the end with his speed, he can't enter the Four Immortal Sects without the Coiling Dragon Token. "Celestial Immortal Whitesea laughed softly. "Your junior apprentice-brother's words are correct." Yang Ruoxu was silent. If the person in the valley couldn't get enough Coiling Dragon Tokens, he couldn't break the rules of the Immortal Sect Selection. In the valley. After a while, Princess Chi Hong gradually came to her senses. She stomped her feet and gritted her teeth. She said angrily, "Run! There's only one month left. I don't believe I can't catch you in this valley!" Princess Chi Hong left after she finished speaking. On the other side, after Su Zimo broke free from Princess Chi Rainbow's entanglement, he changed directions a few times before gradually slowing down. His goal was to get the Coiling Dragon Tokens. There was still one month left. He had enough time. It wasn't like the beginning of the Immortal Sect Selection. Cultivators could be seen everywhere and battles were going on all the time. There were only a little over a thousand people left. They might search for him for a long time but still couldn't find him. Some cultivators who had obtained enough Coiling Dragon Tokens would choose to hide in a secluded place out of caution. They would only show themselves when the time was up. This group of cultivators was even harder to find. Su Zimo wandered around the valley for nearly half a day before he finally met another cultivator.

This was a lone cultivator, and he was at the seventh level of the Earth Origin Stage! This time, Su Zimo did not escape. The target he was looking for was precisely this kind of cultivator. He was alone, and his cultivation was not high. He could easily finish him off and take his Coiling Dragon token without exposing too many tricks up his sleeve. When the Level 7 Earthen Immortal saw Su Zimo, he suddenly became extremely nervous and his face was filled with wariness. However, after probing Su Zimo's cultivation base, he heaved a long sigh of relief. "To think that I would be able to meet a level 6 Earthen Immortal here. I am truly lucky." The Level Seven Earth Immortal looked at Su Zimo calmly, curled his lips and said, "Kid, hand over your Coiling Dragon Token and I'll spare your life!" "Alright, I'll spare your life." Su Zimo replied. Before he could finish his sentence, he had already rushed over! Just as the word 'life' was uttered, Su Zimo had already arrived in front of the Level 7 Earth Immortal! His speed was too fast! The two of them were very close! "You!" The Level 7 Earth Immortal was shocked. He could only open his mouth to say one word before the surging aura forced the rest of his words back down his throat! The Level Seven Earth Immortal had a misconception in that instant. The one rushing over was not a Level 6 Earth Immortal, but a terrifying ancient beast that was about to swallow him whole! The ancient ferocious beast stretched out its ferocious and sharp claws and clawed at him! At this point, it was already too late for him to form his Immortal Skill. He did not even have time to take out the

Dharma treasures in his storage pouch. The Level Seven Earth Immortal could only raise his arm to block the attack. Bang! Su Zimo's palm landed on the man's arms. Crack! Then, the sound of bones cracking could be heard! The man's arms were broken by Su Zimo's palm. The huge force broke through the arms and landed on the man's chest, sending him flying dozens of feet away! The Level 7 Earth Immortal was sent flying. Su Zimo followed closely behind him like a shadow, glaring at him coldly.

The man had wanted to take some pills to stabilize his injuries before escaping. But when he met Su Zimo's eyes, he was scared out of his wits. He quickly took out the Coiling Dragon Token and activated the protective light shield on it. His entire body was pulled out of the valley by the vortex. After the man left, the storage pouch with the Coiling Dragon Token fell into the valley and exploded. Dozens of Coiling Dragon Tokens fell out and floated in the air. Su Zimo waved his sleeves and collected the dozens of Coiling Dragon Tokens. His expression did not change as he turned and left. With his means, it would be easy for him to kill the man just now and take the Coiling Dragon Token. However, the two had met by chance and had no enmity between them. Su Zimo was not one to kill indiscriminately. If he took someone's life for the Immortal Sect Selection, he would be no different from those bloodthirsty people in the Ten Ultimates Prison. "He won just like that? Isn't it too easy?" "That Level 7 Earth Immortal was too careless. Otherwise, he wouldn't have let that man take the initiative." "You said that he was unlucky. He was surrounded by Liefeng and the others, and then met Princess Chi Hong. Speaking of luck, he was lucky enough to meet one of the few remaining Level 7 Earth Immortals in the valley." "He only got dozens of Coiling Dragon Tokens. He's still far from 1,800." As the time drew closer, the general candidates had been decided. There were not many variables. Therefore, many cultivators' attention fell on Su Zimo. They wanted to see how long this Level 6 Earth Immortal could last. "Soft." Tianyuan did not say much. He only said one word. But Heavenly Immortal Bai Hai and the others understood what he meant. This softness referred to being soft-hearted, not being tough enough, not being decisive enough, not being ruthless enough! In the mortal world, this was a good quality. But in the world of cultivation, if one was soft-hearted, it would easily lead to unnecessary trouble! Yang Ruoxu shook his head and said, "Not necessarily. Leaving some leeway when doing things and not killing all of them. At the very least, he wouldn't have made too many enemies and made too many strong enemies." Heavenly Immortal Qing Feng said, "Let's keep watching. As time goes by, it will be harder for him to get the Coiling Dragon Token."

"There are fewer and fewer Level 7 Earth Immortals left. He will have to face Level 8 Earth Immortals, or even Level 9 Earth Immortals." Yang Ruoxu suddenly asked, "Who is he?" Everyone was confused. Some cultivators asked around, but no one knew the man's name. At the moment, the people in the Coiling Dragon Mountain Range had not realized what kind of person the sickly youth they had thrown into the valley was. And soon, everyone's impression of this youth would be completely overturned!

Chapter 2114_

Sun Moon County, Cangyu City. The Duke of Yuanzuo did not leave after he came to investigate the death of the 13 Executioners. Instead, he rested in Cangyu City. Although he was living in a Duke's residence now, it was still a far cry from the one he had in Qingyun City. There was nothing he could do about it. Ever since he met that person more than two thousand years ago, the trajectory of his fate had begun to change. More accurately, he had fallen from the clouds to the bottom of the valley! Normally, if he obtained the jade talisman, he would have the chance to obtain a forbidden secret manual. If he

cultivated this secret manual, he would definitely be able to enter the True Self Stage and become a Perfected Immortal! When that happened, his status among the Dukes and Princesses would rise again. He would be second only to the Crown Prince and the Zither Deity, Mengyao! With this forbidden secret manual, his combat power would increase tremendously. He would even have the chance to become famous in the Nine Heavens! But everything was ruined. It was ruined by a cultivator from the lower world called Su Zimo! He lost Qingyun County, lost his father's favor, lost an avatar, lost his former status, and almost lost everything he once had! The Duke of Yuanzuo sat alone in the dark hall. His face was darker than the light around him. All these years, he did not dare to stop. Once he calmed down, he would sink into endless pain and hatred. He would unconsciously think of the power and status he once had. He would think of the cultivator from the lower world that he hated to the core! For 2,000 years, the Duke of Yuanzuo had never given up on searching for Su Zimo's whereabouts. But what he could not understand was that Su Zimo seemed to have disappeared into thin air. There was no trace of him at all! Even with Feng Cantian's cultivation, he had to pay a heavy price to escape from the Great Jin. Su Zimo had just become an Earth Immortal. How could he have left the Great Jin? The Duke of Yuanzuo had a feeling that Su Zimo was in the Great Jin and had never left! But if he was still in the Great Jin, where had he been hiding for the past 2,000 years? The Executioners were everywhere in the Great Jin Celestial Nation. There was also the Great Jin's wanted order. How could he have hidden for 2,000 years?

At this moment, there was a flurry of footsteps outside the hall. "Your, Your Highness!" A Merciless Executioner hurriedly rushed in. "What is it?" Duke Yuanzuo frowned slightly. The Executioner waved a letter in his hand and said, "Someone handed this letter to me and asked me to pass it to you so that you can open it yourself!" "Who is it?" Duke Yuanzuo asked. "No, I'm not sure." The Executioner stammered. "Not sure?" Duke Yuanzuo's eyes turned cold. The Executioner was so frightened that his entire body trembled. He hurriedly explained, "I don't know what happened either. I only felt my consciousness go blank for a moment, and then this letter appeared in my hand." "After that, a voice rang out in my mind, telling me to hand the letter to Your Highness and have Your Highness open it personally." The Executioner's expression was still uncertain and bewildered when he spoke of this, and he was slightly bewildered. He said, "From the beginning until the end, this subordinate didn't see anyone. I asked a few more questions, yet there was no reply." "Is that all?" Duke Yuanzuo asked with a frown. "Ah!" The Executioner seemed to have thought of something and hurriedly added, "The voice also said that Your Highness would definitely be interested in the contents of the letter." "Oh?" Duke Yuanzuo sneered in his heart and said, "Hand it over! I want to see who is deliberately mystifying things and what is in this letter!" The Executioner held the letter with both hands and handed it over respectfully. Duke Yuanzuo took the letter. Just as he was about to tear off the seal, he suddenly had a thought. He handed it back to the Executioner in front of him and said calmly, "Open it for me, but don't look at the contents." The Executioner's heart turned cold. Naturally, he could tell that Duke Yuanzuo was worried that there was some danger hidden in the seal, and that was why he wanted him to try. Although he could tell Duke Yuanzuo's intentions, he did not dare to resist. He could only bite the bullet, wipe off the seal, and take out a page of the letter. Nothing unexpected happened throughout the entire process. The Executioner was so frightened that he broke out in cold sweat and heaved a sigh of relief.

Duke Yuanzuo's expression did not change. He took the letter and opened it. After a casual glance, his expression changed drastically! The Executioner secretly raised his head to take a look. He saw Duke

Yuanzuo staring at the letter in his hand. His expression kept changing and he did not know what was written in the letter. The Executioner vaguely saw that there seemed to be a drawing on the back of the letter. However, most of it was covered by Duke Yuanzuo's palm and he could not see it clearly. After a while, Duke Yuanzuo said slowly, "Ask Commander Gu Xing to come and see me!" After a short pause, Duke Yuanzuo said again, "As soon as possible!" "Yes, Duke Yuanzuo!" The Executioner quickly turned and left. Not long after, Commander Gu Xing of the Executioner Heavenly Guards arrived. He rushed into the main hall and asked in a low voice, "Your Highness, what happened?" "Take a look." Duke Yuanzuo passed the letter to Gu Xing. Gu Xing took a look and his expression changed. He exclaimed, "Su Zimo! He has left Great Jin and is participating in the immortal sect selection at Panlong Mountain Range?" "Who wrote this letter? Is the source reliable?" Gu Xing quickly asked. "I'm not sure who wrote it." Duke Yuanzuo frowned and shook his head. "I can't tell if the source is reliable or not. However, the contents of the letter seem to be true and there are many details that match up." "The letter says that Su Zimo knows a transformation technique that allows him to change his appearance over a long period of time. That is why he was able to hide in Great Jin for more than two thousand years." "Now, Su Zimo has transformed into a young man who has not recovered from a serious illness and is participating in the immortal sect selection." "There is also a drawing of this young man on the back of the letter. Although the drawing is very ordinary, if you see the real person, you will be able to recognize him." Just as Duke Yuanzuo was talking, the letter in Gu Xing's hand suddenly burst into flames. The two of them hurriedly cast spells to extinguish the flames on the letter but to no avail. In the blink of an eye, the letter turned into ashes and dissipated in mid-air, leaving no trace behind. "This ..." Duke Yuanzuo and Gu Xing looked at each other and could see the fear in each other's eyes.

The methods of the person who wrote the letter were unpredictable and far superior to the two of them! The main hall suddenly fell silent. After a long time, Gu Xing asked, "What do you think, Your Highness?" Duke Yuanzuo clenched his fists and said in a low voice, "I'd rather believe it than not! Since we have this news, we have to go to Panlong Mountain Range to see what's going on!" "If Su Zimo really joins the Four Immortal Sects after the immortal sect selection, it will be difficult to deal with him." Gu Xing nodded and said, "Even if the news is wrong, we will have made a wasted trip at most. We won't lose anything." "However, Panlong Mountain Range is no longer under Great Jin's jurisdiction. Even if we go there, I'm afraid it will be difficult to deal with." "Mm." Duke Yuanzuo pondered for a while and said, "Go and gather the Executioner Guards first. I will leave after I send a message. The immortal sect selection is about to end. Let's leave immediately and not delay!"

Chapter 2115_

Coiling Dragon Mountain Range. The Immortal Sect Selection was still ongoing. As time passed, the number of cultivators left in the valley dwindled. To the surprise of most of the cultivators, the Level Six Earth Immortal who was supposed to be eliminated soon did not leave. On the contrary, the sickly young man seemed to have suddenly become alive and full of energy, running up and down all the time, with scarcely a moment's rest. On the first day in the valley, he escaped from the encirclement of Lie Feng and the pursuit of Chi Hong Countess. Then, he defeated a Rank Seven Earth Immortal and obtained dozens of Coiling Dragon Tokens. On the third day, he met another Rank Seven Earth Immortal. His method was still simple. He used his speed to catch his opponent off guard and obtained dozens of Coiling Dragon Tokens. In the following days, when the youth met Rank Eight and Rank Nine Earth Immortals, he did not hesitate to turn and run. In the valley, even Chi Hong Countess could not catch up with him, let alone

others. They could only watch him leave. If he were to encounter a lone Level 7 Earth Immortal, this young man would take the initiative to step forward and engage in a fierce battle. Furthermore, he would always emerge victorious without any mishaps. However, on the fifteenth day, the situation gradually changed. There were more than ten days left before the Immortal Sect Selection ended. There were only about five hundred cultivators left in the valley. Most of them had been eliminated. Among the remaining five hundred people, almost all of them were Level Eight or Level Nine Earth Immortals. As for Su Zimo, he had not met a single Level Seven Earth Immortal for more than four days. He currently had more than three hundred Coiling Dragon Tokens in his storage pouch. There was still a long way to go before he needed one thousand eight hundred. "If nothing goes wrong, the number of Coiling Dragon Tokens this person has should not change much." "That's too difficult." A cultivator who was watching the battle said, "This person's Body Refining Technique is so strong, and his methods are not weak either. He can even kill those above his level, but he only got three hundred Coiling Dragon Tokens." Another person pursed his lips and said, "The Immortal Sect Selection only takes place once every hundred years. What does that mean?" "It means that in the entire Divine Cloud Continent, only one Earth Immortal can join the Four Major Immortal Sects every year! Don't you think it's difficult? It's harder than reaching the heavens! "

High up in the sky, clouds and mist surged, and immortal qi was faintly discernible. Yang Ruoxu shook his head and said, "This can't go on. If he wants to get enough Coiling Dragon Tokens, he has to find Level 8 Earth Immortals to fight." There were not many Tier 7 Earth Immortals left in the valley. Moreover, there weren't many Coiling Dragon Medallions on Level Seven Earth Immortals. Even if Su Zimo were to find all the remaining Seventh Tier Earth Immortals and seize their Coiling Dragon Tokens, it would still be very difficult for him to gather 1,800 tokens. "Level 8 Earthly Immortal? Difficult." Tian Yuan slowly spat out a few words. In order to defeat a Level 8 Earth Deity, one had to surpass the gap of two stages. The difficulty was multiplied! Moreover, all the Level Eight Earth Immortals who could hold on until now had powerful means and trump cards. Even in a battle of the same level, the outcome was hard to predict, not to mention that there was a gap of two minor levels. Celestial Immortal Azurepeak suddenly said, "This kid's movement techniques aren't bad. He's quite suited for training at our Windrider Monastery." "What's the use of being suitable?" Celestial Immortal Whitesea chuckled. "If this kid only has three hundred or so Coiling Dragon medallions, no matter how suitable he is, we can't break the rules." "Hmm?" Just then, Yang Ruoxu exclaimed softly. "This kid has encountered a Level 8 Earth Immortal!" "In the past ten days or so, he's encountered countless Level 8 and Level 9 Earth Immortals. If worst comes to worst, he'll just turn and run. What's so strange about that?" Celestial Immortal Whitesea waved his folding fan nonchalantly. "He's not running." Tian Yuan said in a low voice. Celestial Immortal Whitesea and the others' expressions changed as they all looked over. In the valley, the sickly youth was facing off against a yellow-robed middle-aged man. However, he did not run away and seemed to be preparing to fight! "Looks like this kid has also realized where the problem lies and wants to challenge a Level 8 Earth Immortal to obtain enough Coiling Dragon Tokens," Yang Ruoxu said. Celestial Immortal Azurepeak frowned. "This middle-aged man is called Xiao Yun. He's extremely strong and once suppressed another Level 9 Earth Immortal in a single battle!" "Yes, this Xiao Yun should have more than eight hundred Coiling Dragon Tokens in his storage pouch."

Celestial Immortal Whitesea said, "It's easy for this kid to escape with his movement techniques. However, if he wants to win, there's almost no chance." In the valley, Xiao Yun looked at Su Zimo not far

away with a mocking expression and chuckled. "We met once before and you turned and ran. Why aren't you running this time?" The last time they met, Su Zimo changed his direction and ran all the way without any intention of fighting. Xiao Yun chased him until he almost vomited blood but failed to catch up. This time, when he saw Su Zimo again, he did not plan to chase after him. "I'm not running this time. I'm going to take your Coiling Dragon Tokens." Su Zimo shook his head slightly and said frankly, not hiding his intentions. "Haha!" Xiao Yun laughed out loud, as if he could not believe it. He asked in return, "You? A Level 6 Earth Immortal?" It was not that he was underestimating Su Zimo. With his Level 8 Earth Origin cultivation, he had lasted until now and obtained more than eight hundred Coiling Dragon Tokens. This in itself was enough to prove his strength. Xiao Yun even had the combat strength to kill opponents above his level! And now, a Level 6 Earth Immortal, a cultivator two levels lower than him, had declared that he wanted to take his Coiling Dragon Tokens. To him, this was the biggest joke in the world! Swoosh! Without saying a word, Su Zimo moved and arrived in front of Xiao Yun in the blink of an eye. He raised his palm and formed the Great Chaos Palm, pressing down on Xiao Yun's head! In the previous battles, Su Zimo had not used any secret combat skills. He only used the speed of his movement technique to catch his opponent off guard. There was only one combat technique. But now, Su Zimo's first attack was the Great Chaos Essence Palm! Although Xiao Yun was smiling, he was actually on high alert. He was constantly watching Su Zimo's every move. It was not by luck that he had lasted until now! Su Zimo's speed was so fast that even he was wary of it. Naturally, he would not be careless. The moment Su Zimo moved, Xiao Yun touched his storage pouch and took out a huge shield. He raised it high! Bam!

Su Zimo's Great Chaos Palm landed heavily on the shield, making a muffled sound. "What a guy!" Xiao Yun's body trembled as he took in a deep breath! Although he was prepared, Su Zimo's palm still shook his Qi and blood, causing his arm to go numb. At the same time, he was secretly delighted. His shield was not ordinary. It could be used for both offense and defense. On the surface of the shield, there were countless barbed spikes. If it landed on his body, it would tear off a large piece of flesh! Su Zimo's palm had exploded with such ferocious power. If it landed on his shield, the young man's palm would have been pierced through and turned into a bloody mess! After blocking the palm strike, Xiao Yun took the opportunity to glance and was stunned. Su Zimo's palm was as fair as jade and did not look injured at all. He looked at the surface of the shield in his hand and saw that a palm-shaped spike had been flattened!

Chapter 2116_

That shield was a perfect-grade Earthly Immortal Dharmic treasure! "What sort of body is that? It's actually so terrifying!" Xiao Yun was shocked. Both sides had already broken out in battle and Su Zimo had attacked once more, so he did not have the time to think. Xiao Yun howled and circulated his blood qi before withdrawing a gigantic axe from his storage bag. He held a shield in one hand and an axe in the other as he fought against Su Zimo! The more Xiao Yun fought, the more shocked he was. From the beginning until the end, Su Zimo had not utilized any Dharmic treasures and merely used his bare hands to suppress Xiao Yun completely without any room to resist! His shield and axe could not gain the slightest advantage against Su Zimo's body. Both sides merely exchanged seven to eight rounds before Xiao Yun's arms felt sore, his teeth loosened and seeped with blood while his mouth tasted salty. Every single move of this seemingly sickly young man seemed to possess boundless strength. Moreover, the strength of every single punch and palm strike was increasingly ferocious and vast like an ocean. It

seemed as though it wanted to engulf him and blast him into nothingness! Xiao Yun was unable to imagine how such a seemingly frail body could possess such terrifying strength. After all, Su Zimo was currently in the tenth grade Qinglian True Body. Even without utilizing his bloodline, he could go head-on against connate earth-grade Dharmic treasures. He cultivated the Void Thunder Technique and possessed the Bone of Lightning. Even without utilizing the slightest bit of blood qi, the strength of every single punch and kick far surpassed what it was in the past! Xiao Yun had not even cultivated to the level of tsunami blood and was far inferior to Qinglian True Body that possessed the Bone of Lightning. If it wasn't for the difference of two minor realms, Xiao Yun would not even be able to withstand a single palm strike from Su Zimo! Xiao Yun received a few more punches from Su Zimo and the bones in his entire body creaked. If this continued, his bones would fall apart and his organs would be shattered! "Good, good, good!" Xiao Yun had a ruthless expression as he wiped off the bloodstain on the corner of his mouth, and then he stared fiercely at Su Zimo as he said, "This trump card of mine was originally prepared for the other Earthly Immortal Realm experts. Since you've forced me to this extent, then don't blame me!" Having said that, Xiao Yun slapped his storage bag.

This was a single storage pouch, and four figures actually jumped out from it! These four figures were similar to humans, but their bodies were wrapped in some kind of metal, shining with a dark golden luster. "Puppet?" Su Zimo frowned slightly. "Not bad!" Xiao Yun yelled, "Hold him back!" The four puppets split into four different directions and charged toward Su Zimo expressionlessly. Su Zimo raised his hand and punched a puppet in the chest, sending it flying. Then, with a backhand, he slapped another puppet's face, sending it flying more than a hundred feet away. The two puppets quickly climbed to their feet. One of the puppets' chest had caved in deeply, almost pierced through by Su Zimo's punch. The other puppet's head was also deformed by Su Zimo's punch. However, these two puppets were not affected at all, nor did they feel any pain. Once again, they charged toward Su Zimo! This was the terror of puppets. Without pain, they did not fear death. On the other side, Xiao Yun finally had a chance to catch his breath. He swallowed a handful of Spiritual Pills and began to activate his Primordial Spirit, activating his Immortal Skills and secret skills. He took out his Dharma treasure and joined forces with the four puppets to attack Su Zimo fiercely. In an instant, Su Zimo was besieged and seemed to be in a tight spot. He was surrounded by danger and had no strength to fight back. "Sigh!" On the mountain range, a cultivator sighed. "It's a pity that he met such a strong opponent like Xiao Yun. Otherwise, I think this Rank 6 Earthly Immortal would have a chance to defeat a Rank 8 Earthly Immortal." "Yes, he does have some tricks up his sleeve since he dared to participate in the immortal sect selection. It's a pity that he can't hold on any longer." Many cultivators' attitudes towards Su Zimo had gradually changed. High up in the sky, Heaven Immortal Bai Hai shook his head. "This kid can't hold on much longer. If he doesn't have any other tricks up his sleeve, the outcome will be decided in another ten rounds." Heaven Immortal Qing Feng said, "What a pity. The moment Xiao Yun released the puppets, the kid's only chance was to avoid them and escape." "Now that he's surrounded by the four puppets and suppressed by Xiao Yun's Immortal Skills, there's no chance for him to escape."

Yang Ruoxu said, "Even a Rank 9 Earthly Immortal wouldn't have a chance of winning against Xiao Yun and the four puppets." Lu Wenbin, who was standing behind Yang Ruoxu, was somewhat indignant. He smirked and muttered softly, "He doesn't know his place. Even without Xiao Yun, he'll meet other experts and be taught a lesson sooner or later!" At this moment, the battle situation in the valley suddenly changed! The sickly young man's body trembled, and his hands continuously formed seals.

Suddenly, a vast star map appeared above his head! There were large areas of the star map that were dim. However, just the area that was lit up was already shocking enough. Countless stars floated in the sky, sprinkling down billions of rays of starlight onto the body of this young man. The young man shone with resplendent starlight from head to toe, resembling a god beneath the starry skies that could not be looked at directly! "Ah! What's that? ""Could it be a Bloodline phenomenon?"" I'm not sure. I didn't see him activate his bloodline!" A series of exclamations sounded from outside the valley. Within the clouds, the eyes of the four Heaven Immortals shone brightly as they rose at the same time, looking at the valley with shocked expressions. "That's not a Bloodline phenomenon!" Heavenly Yuan shook his head slowly. "This star map seems to be ..." Heaven Immortal Qing Feng pondered. "It should be the Mystic Spirit Dipper Diagram." Yang Ruoxu said deeply. "That's right!" Heaven Immortal Qing Feng's eyes lit up as he blurted out, "It's the Mystic Spirit Dipper Diagram! Who would have thought that the legendary Star Palace Secret Technique would actually reappear! ""Senior Brother Bai Hai," Right then, a disciple of Flying Immortal Sect stepped forward and said, "There was news a while ago that a cultivator obtained the inheritance of Astral Sect. Thereafter, that cultivator disappeared."" Seems like there's no mistake," Heaven Immortal Bai Hai roared in laughter. "It should be him!" The four Heaven Immortals looked at Su Zimo with admiration as though they were looking at a treasure. In the valley, Su Zimo summoned the Mystic Spirit Big Dipper Diagram and his combat strength increased tremendously. He attacked once more and tore two puppets apart from the middle! The remaining two puppets were shattered by him and lost their combat strength as well.

Instantly, the situation was reversed! Xiao Yun no longer had any helpers and was left alone to face Su Zimo with the Mystic Spirit Big Dipper Diagram above his head. There was no longer any doubt about the outcome. Su Zimo charged forward and defeated Xiao Yun in just a few rounds, snatching the 800 odd Coiling Dragon Badges from the latter's storage bag! Xiao Yun felt wronged. He did not know what the Mystic Spirit Big Dipper Diagram was, nor did he know what had happened. It was as though he had been defeated by a Rank 6 Earth Immortal all of a sudden. The spectators in Coiling Dragon Mountain Range exclaimed in surprise. Many cultivators were excited and engaged in heated discussions. Su Zimo, on the other hand, was calm. Although this battle seemed to be very exciting, with the ups and downs, it was all within his control. Even revealing the Mystic Spirit Big Dipper Diagram was intentional. Firstly, it would not expose his identity. Secondly, it would reveal some of his abilities, which would be enough to attract the attention of the Four Major Immortal Sects. If Su Zimo really wanted to defeat Xiao Yun, one round would be enough.

Above the Coiling Dragon Mountain Range, Heaven Immortal Bai Hai waved his folding fan and chuckled. "Including Xiao Yun's 800 + Coiling Dragon badges, this lad should have more than 1,200 Coiling Dragon badges." "One thousand two hundred and forty-one dollars." Heavenly Abyss said a number. No one doubted the authenticity of that number. Heavenly Abyss was a man of few words, but he had been paying attention to Su Zimo the entire time. Yang Ruoxu nodded slightly and said, "He has the help of the Mystic Spirit Big Dipper Diagram. Since he can defeat Xiao Yun, who is two minor realms above him, it won't be difficult for him to gather 1,800 Coiling Dragon badges in this valley." In the eyes of the four of them, Su Zimo's current capabilities were enough to place him in the final hundred! By the time the Immortal Sect selection was over, this young man might not have the most Coiling Dragon badges. However, to a certain extent, the talent that this person displayed surpassed the others and was

definitely not weaker than the Scarlet Rainbow Princess or the Yunlei Duke! This person was only a Rank 6 Earth Immortal but his potential was too great! In the eyes of the four Heaven Immortals, this young man was the most outstanding and dazzling cultivator in this Immortal Sect selection who was most worthy of being recruited into a sect! Suddenly, Heaven Immortal Qing Feng said, "Everyone, I Just Now, this lad's movement technique is outstanding and he's most suitable to cultivate in our Imperial Wind Monastery. Fellow Daoists, please don't fight with me for this person. ""Fellow Daoist Qing Feng, if I remember correctly, you were rather disdainful of him back then and even threw him into Lie Feng's group, hoping that he would be eliminated as soon as possible." Yang Ruoxu sneered and looked at Heaven Immortal Qing Feng, mocking, "Why? You want to recruit him into the Imperial Wind Monastery now?" "Brother Yang, you must be joking." Heaven Immortal Qing Feng's expression did not change. "I had my reasons for doing that back then. It was mainly to test him and let him reveal his true abilities. I had no ill intentions." Celestial Immortal Azurepeak didn't blush in the slightest as he spouted such nonsense. "Fufu." Heaven Immortal Bai Hai chuckled. "Fellow Daoist Qing Feng, others might not believe you even if you say that. In my opinion, the sect that this lad has the least chance of joining is your Imperial Wind Monastery. ""Hmph!" Heaven Immortal Green Peak said proudly, "Joining the Imperial Wind Monastery will bring him the greatest benefits. He'll be able to fully utilize his advantages! He's a smart man, so he should know this. "

"Not necessarily." The Heaven Abyss who was silent for a long time suddenly opened his mouth and said, "This boy's fleshy body is still alright. He's also quite methodical in close combat. Of the Four Great Immortal Sects, the Mountain and Sea Immortal Sect is the strongest in body refinement. ""If this kid joins the Mountain and Sea Immortal Sect, he'll be able to cultivate a top-tier body refinement technique, and learn some high-level close combat techniques. That will be of great help to him!" Tian Yuan rarely spoke and always cherished his words like gold. Who would have thought that in order to fight over Su Zimo, he would actually say such a long speech. Yang Ruoxu shook his head slightly and said, "This kid lacks Immortal Techniques and Secret Arts while Cosmos Academy has many. In my opinion, joining Cosmos Academy is the right choice." The number of Su Zimo's Coiling Dragon Badges had yet to reach one thousand eight hundred, but the people in charge of the Four Major Immortal Sects were already fighting for them! The four of them knew that if nothing unexpected happened, this young man would definitely be able to obtain a sufficient number of Coiling Dragon tokens! Whoosh! Heaven Immortal Bai Hai opened his folding fan and said with a smile, "Let's stop fighting for now. There are still more than ten days left, so let's think about it slowly. Since everyone is interested in this child, the final choice still lies with this child. "Just then, a group of cultivators sped over from afar. The two people in the lead had strong auras and a murderous aura. They had come with ill intentions! "Look, Duke Yuanzuo of the Dajin Immortal Nation is here!" "The Immortal Sect Selection this time is really lively. Including Duke Yuanzuo, there are Dukes and Princesses from all three major Immortal Nations. ""Duke Yuanzuo is followed by more than a hundred Executioner Earth Guards. They don't seem to have good intentions." Many cultivators on the Coiling Dragon Mountain Range saw the commotion in the distance and whispered among themselves. Heaven Immortal Bai Hai, Yang Ruoxu, and the other two had naturally seen Duke Yuanzuo long ago. However, the four of them were expressionless and did not stand up. Duke Yuanzuo was no longer the same as before. Duke Yuanzuo of the Dajin Immortal Nation had many children. A Duke or Princess without a territory was far inferior to them. The fact that the four of them could represent their sects to preside over the Immortal Sect Selection was enough to prove their status in the sects!

Even when facing Duke Yuanzuo, who had a powerful and honorable status in the past, they treated him as equals. There was no difference in seniority between them. Duke Yuanzuo and Gu Xing stood side by side. They led 112 Executioner Earth Guards to the sky above the Coiling Dragon Mountain Range. They looked down from above and patrolled the valley, looking for their target. "Your Highness, look, there!" After a while, Gu Xing's expression changed. He suddenly pointed at a figure on the water screen and said. Duke Yuanzuo looked in the direction Gu Xing was pointing at and his eyes narrowed. In the valley, there was indeed a young man with a yellowish face who looked like he had not recovered from a serious illness. He looked almost the same as the person on the back of the letter! Before this, Duke Yuanzuo had suspected that the letter might be a trap or that someone was toying with him. However, now that things had come to this, he believed that it was mostly true. "Your Highness, should we ask the Four Major Immortal Sects for him?" Gu Xing asked through his Divine Consciousness. "Don't be hasty." Duke Yuanzuo took a deep breath and calmed himself down. He said through his Divine Consciousness, "Get someone to ask around and find out about this young man's background." This was no small matter. There were millions of cultivators on the Coiling Dragon Mountain Range. If something really went wrong, he could not afford to lose face and bear such a loss! Gu Xing hurriedly sent a voice transmission to the Executioner Earth Guards behind him. Before long, the Executioner Earth Guards ed back with the information they had gathered. Gu Xing said, "This person's background is unknown. No one knows his name. This person suddenly appeared here more than ten days ago and participated in the Immortal Sects' selection. He also knows the Astral Sect's secret skill. ""His movement technique is very fast. It's said that he knows a divine power called golden wings. He's even faster than Princess Chi Hong's movement technique!" Golden wings! Duke Yuanzuo's heart skipped a beat. He had seen Su Zimo use this technique before. In fact, after hearing the first few pieces of information, Duke Yuanzuo was almost certain that the young man in the valley was Su Zimo whom he had been searching for.

However, it had only been two thousand years since they last met. Su Zimo had reached Rank 6 Earth Deity. His cultivation speed was so fast that Duke Yuanzuo could not accept it. "Your Highness, it should be him!" Gu Xing said in a low voice. "Good, good, good!" Duke Yuanzuo's eyes were cold as he stared at the figure in the valley. He gritted his teeth and said, "Su Zimo, I've finally found you!" "You almost succeeded. Unfortunately, I was one step ahead of you!" Duke Yuanzuo sneered and said, "Let's go and ask the Four Major Immortal Sects for him."

Chapter 2118_

Duke Yuanzuo and Guxing led the Executioner Guards into the air and stood in front of the Four Major Immortal Sects. "I'm Yuanzuo from Great Jin. Greetings, fellow Daoists." Duke Yuanzuo cupped his fists and greeted Sky Immortal Bai Hai and the others. He looked at Sky Immortal Bai Hai with a warmer gaze. After all, Sky Immortal Bai Hai was an inner sect disciple of the Flying Immortal Sect. Mengyao was a core disciple of the Flying Immortal Sect. Furthermore, he was Mengyao's brother. From this point of view, he seemed to be somewhat related to Sky Immortal Bai Hai. "Duke Yuanzuo, how have you been?" Sky Immortal Bai Hai smiled gently and stood up. He closed his fan and cupped his fists in return. Tianyuan nodded slightly and did not stand up. This was considered a greeting. Yang Ruoxu stood up and returned the greeting. He merely nodded and went through the motions before sitting back down. Sky Immortal Qing Feng did not stand up nor did he return the greeting. He merely smiled and

asked, "Duke Yuanzuo, what brings you here?" There was a hint of sarcasm in Sky Immortal Qing Feng's tone. If Duke Yuanzuo was still the same, he would not dare to do so. But now, Duke Yuanzuo's status had dropped drastically and he had lost his territory. Naturally, Sky Immortal Qing Feng would look down on him. Guxing's expression darkened and he did not say anything. Duke Yuanzuo pretended not to notice and smiled. "It's not a big deal. Recently, I received news that a wanted criminal of the Great Jin Immortal Nation is near the Coiling Dragon Mountain Range. So, I brought some people here to take a look." At this point, Duke Yuanzuo paused for a moment and looked at Sky Immortal Bai Hai and the others. Tianyuan, Yang Ruoxu, and Sky Immortal Qing Feng were all old and experienced. They were expressionless and did not react. Although Sky Immortal Bai Hai was still smiling, he did not say anything. Duke Yuanzuo could not tell what he was thinking. The four of them did not say anything. There was a moment of silence and awkwardness. Duke Yuanzuo took a deep breath and could only continue. "I want to capture this criminal and bring him back to Great Jin. But out of respect, I still have to greet the four of you." "Oh?" Sky Immortal Bai Hai raised his brows and asked, "Where is this criminal?" Commandery Prince Yuanzuo turned around slightly and pointed at a figure in the valley. "That's him!"

The direction that Commandery Prince Yuanzuo was pointing at was where Su Zimo was! Celestial Immortal Whitesea and the other three all frowned. The crowd below also became restless when they saw this scene. Duke Yuanzuo quickly said, "This man is the criminal that our Dajin Celestial Nation has been hunting for for over two thousand years, Su Zimo!" The crowd was in an uproar! "This Tier 6 Earth Immortal is Su Zimo?" "I heard that two thousand years ago, Su Zimo was only a Tier 1 Earth Immortal. How could his cultivation progress be so fast?" "That doesn't seem right. I've seen a portrait of Su Zimo from the Celestial Nation of Dajin. It seems to be somewhat different from this young man." Waves of noise came from the mountain range. Bai Hai frowned slightly as well. "Fellow Daoist Yuan Zuo, are you mistaken?" "There's no mistake!" Commandery Prince Yuanzuo said in a deep voice. "This Su Zimo is good at disguising himself. It's almost the same as Shapeshifting. This appearance is just a disguise." "I hope that all of you can give me some face and detain this person. I'll bring him back to Dajin. I'll be eternally grateful." "This ..." A troubled look appeared on Celestial Immortal Bai Hai's face. He laughed dryly and glanced at the three people beside him. Yang Ruoxu and the other two did not react. It was as if they did not hear what Commandery Prince Yuanzuo had said. Just Now, the four of them were fighting to recruit that person into their sect. Now, they were going to hand him over just because of Commandery Prince Yuanzuo's words? This was no different from slapping their own faces. In other words, so what if Su Zimo was a criminal wanted by the Dajin Celestial Nation? As long as his talent and potential were strong enough, the Four Major Immortal Sects would dare to recruit him! This time, even Celestial Immortal Whitesea did not say anything. The scene became quiet again. Commandery Prince Yuanzuo's face was dark. He had already lowered his status and said such words in front of everyone. However, Celestial Immortal Whitesea and the other three were still unmoved! The crowd below was noisy. Even Commandery Prince Yuanzuo found it irritating. Gu Xing finally could not take it anymore. He snorted and asked loudly, "My four friends, this Su Zimo is a criminal of the Dajin Celestial Nation. Do you want to offend the Dajin Celestial Nation just because of a Rank 6 Earth Deity?"

"Hehe." Celestial Immortal Qing Feng sneered. "Commander Gu Xing, you're really impressive! What? You're just the Executioner of the Dajin Celestial Nation. You want to interfere with the Four Major Immortal Sects?" "You!" Gu Xing was speechless. His face turned pale. "Hmph!" Tianyuan snorted. "This is the Pan Long Mountain, not the Dajin Celestial Nation!" Heaven Abyss's voice was like a surging tide, reverberating in the valley, rumbling, containing a powerful might and will. Gu Xing's question did not have any effect. Instead, it provoked Celestial Immortal Qing Feng and the others. It was

not Gu Xing's fault. The Executioner's Executioner was used to doing whatever they wanted in the Dajin Celestial Nation. After leaving the Dajin Celestial Nation, Gu Xing did not have the intention to restrain himself. No matter how powerful the Three Major Immortal Kingdoms were, they could not control the Four Major Immortal Sects! Commandery Prince Yuanzuo knew that he could not be forceful if he wanted to resolve this matter. Commandery Prince Yuanzuo suppressed the anger in his heart and smiled again. He cupped his fists and said, "Gu Xing is a little reckless. Please forgive me. Su Zimo is indeed a criminal of the Dajin Celestial Nation. He's even related to Feng Cantian. I hope you can help me. I'll repay you handsomely in the future." Feng Cantian! He was a taboo in the entire Divine Firmament Celestial Realm. Even the Four Major Immortal Sects did not dare to take Feng Cantian in. Commandery Prince Yuanzuo mentioned Feng Cantian to make Celestial Immortal Bai Hai and the others feel pressured. After a long silence, Yang Ruoxu shook his head and said, "He's not Feng Cantian. Even if he's related to him, it doesn't matter. Moreover, he's participating in the Immortal Sect Selection in the valley. We can't break the rules and interfere with the selection process. "Everything will have to wait until the Immortal Sect Selection is over." Commandery Prince Yuanzuo frowned. If the Immortal Sect Selection was over and Su Zimo was one of the last 100 people, he could join the Four Major Immortal Sects at any time. Wouldn't that be even more difficult? Yang Ruoxu's words were obviously stalling for time! Commandery Prince Yuanzuo realized this but did not dare to point it out. He looked at Su Zimo in the valley and the hatred in his heart rose to the extreme! He could not wait to rush into the valley and tear this person to pieces! Suddenly! A thought flashed across Commandery Prince Yuanzuo's mind. He had an idea and the corners of his mouth curled up into a smile. "Since the Immortal Sect Selection has begun and you can't interfere, I won't force the four of you." Commandery Prince Yuanzuo paused for a while and then changed the topic. He asked, "However, I heard that Su Zimo is participating in the Immortal Sect Selection midway?" "Yes." Yang Ruoxu nodded. Commandery Prince Yuanzuo smiled and said, "Since Su Zimo is participating midway, does that mean that as long as the other people meet the requirements, they can also enter this valley and participate in the Immortal Sect Selection?" As he spoke, Commandery Prince Yuanzuo turned around and glanced at the 100 Executioners behind him.

Hearing this, Yang Ruoxu and the other three frowned. With their cultivation and intelligence, they could tell what Duke Yuanzuo was trying to do. Duke Yuanzuo was going to send his Executioner's Earth Squad to participate in the Immortal Sect Selection. This way, the hundred over Executioner's Earth Squad would be able to enter the valley to hunt down Su Zimo! The four of them wanted to recruit Su Zimo into their sect. Deep down, they did not want Su Zimo to be surrounded by the hundred over Executioner's Earth Squad and die in the valley. They also did not want him to fall into the hands of Duke Yuanzuo. Thinking of this, the four of them fell silent. Duke Yuanzuo sneered in his heart and asked, "What's wrong? Are the four of you going to favor one over the other? Su Zimo can participate in the selection but the rest can't? This time, the four Sky Immortals did not refute. Duke Yuanzuo was right in

this matter and the four of them had nothing to say."That's right! Why can Su Zimo enter but the rest can't?" "This is not fair!" "The Four Major Immortal Sects have to treat everyone equally! There can't be any bias!" Many cultivators in the Pan Long Mountain Range were worried that the matter would not be blown out of proportion. Yang Ruoxu sighed in his heart and said, "The rest of them can participate in the selection but this guy did not bring the Pan Long Order with him." "No problem." Duke Yuanzuo immediately said, "The one hundred and twelve Executioner's Earth Squad behind me also do not need to bring the Pan Long Order with them!" The Pan Long Order could save one's life and also give one a chance to join the Four Major Immortal Sects. The Executioner's Earth Squad only had one purpose in entering the valley and that was to hunt down Su Zimo! They were all top elites among the Earth Immortals. Facing a Rank 6 Earth Immortal, there was no need for them to save their lives. Under the circumstances, the four Sky Immortals had no choice but to agree. Otherwise, if word got out, the Immortal Sect Selection would be unfair and the reputation of the Four Major Immortal Sects would be tarnished! Sky Immortal Green Peak asked, "Duke Yuanzuo, how many people are you going to send into the valley?" "Of course, all the Executioner's Executioner's Earth squad that I brought today!" Commandery Prince Yuanzuo said slowly with a cold tone.

All one hundred and twelve Executioner Earthly Guards entered the valley. This time, Commandery Prince Yuan Zuo would not allow any accidents to happen! The four Celestial Immortals were silent. Those who were able to become Executioner Earthly Guards were all top-notch Earthly Immortal experts. Even Su Zimo might not be able to deal with such Earth Immortals if he sent a few of them. If he used his movement technique, he might still have a chance at survival. However, if all one hundred and twelve Executioner Earthguards were to be sent in, given their tacit understanding, it would be easy for them to form an encirclement. At that time, Su Zimo wouldn't even have the chance to escape! Commandery Prince Yuanzuo obviously wanted to kill them all. Heaven Abyss suddenly said, "If over a hundred Execution Earthen Guards enter the mountain valley at this time, it will surely affect the Immortal Sect's general election and affect the final result. It will destroy the balance. This is not a good idea." What Tian Yuan said was not without reason. These hundred or so Executioners all listened to Commandery Prince Yuanzuo's orders. If they entered the valley and worked together, who could fight against them? "Fellow cultivators, don't worry. When these Executioner Earthguards enter the valley, other than Su Zimo, they won't attack anyone else!" Commandery Prince Yuan Zuo seemed to have expected that someone would raise this point. He smiled and said calmly, "As long as we capture Su Zimo, these people will stay put and wait for orders until the Immortal Sect's general election is over. They won't do anything else." "What Fellow cultivator Heaven Abyss is worried about will definitely not happen." This time, the four Celestial Immortals really couldn't think of any reason to reject. "Commandery Prince Yuan Zuo, please." Celestial Immortal Bai Hai nodded slightly, indicating that Commandery Prince Yuan Zuo could give the order. "Thank you, everyone." Commandery Prince Yuan Zuo smiled and cupped his hands in thanks. Then, he turned around and looked at the hundred or so Executioner Earthguards behind him. The smile on his face had already disappeared. "Executioner Earthguards, listen up!" Commandery Prince Yuan Zuo shouted. "Yes!" The one hundred and twelve Executioner Earthguards responded at the same time. Their voices were like thunder. However, no matter what happened outside, the cultivators participating in the Immortal Sect's general election in the valley couldn't sense it at all.

The water screen not only had the function of a mirror image, but it could also block out sound and

vision. Commandery Prince Yuan Zuo said in a deep voice, "Enter the valley and split into ten teams. Each team has eleven people. The remaining two will form a team and search for Su Zimo's whereabouts." "After you see Su Zimo, don't hesitate. Send out a message and gather everyone here to surround him." "This person's movement technique is extremely fast. This time, we can't let him escape!" "Yes, Commandery Prince!" The Executioner Earthguards shouted. Commandery Prince Yuan Zuo said firmly, "Remember, I want him alive!" The Coiling Dragon Valley below was like a prison. In his eyes, Su Zimo was a bird trapped in this prison. He couldn't escape even if he had wings! He hated Su Zimo to the core and wouldn't let Su Zimo die so easily. He wanted to capture Su Zimo alive and torture him day and night. Moreover, he wanted to interrogate Su Zimo about many things, such as the jade talisman, the ever-changing Mystique of the golden wings! "Fellow cultivator, may I trouble you to send my men into the valley?" Commandery Prince Yuan Zuo said to Bai Hai and the rest after sending out his orders. Yang Ruoxu hesitated for a moment, but still waved his sleeves and sent the one hundred and twelve Executioner Earthguards into the valley. However, he purposely placed the Executioner Earthguards in a position furthest away from Su Zimo. Even if they met, it would take some time. Actually, Yang Ruoxu and the rest knew that in this sealed valley, it would be too easy for the Executioner Earthguards to find Su Zimo's whereabouts. Such an arrangement was nothing more than a slight delay. The one hundred and twelve Executioner Earthguards entered the valley. As soon as they landed, they quickly split into ten teams. Most of the members in each team were Rank 9 Earth Immortals, and the leader was the commander of the Executioner Earthguards. The remaining two Executioner Earthguards were both Rank 8 Earth Immortals. "Li Xuan, Zheng Mao, the two of you will be in a team." One of the Executioner Earthguards said, "When you meet Su Zimo, don't be in a hurry to attack. Send out the signal first!" "Yes, sir!" The two of them cupped their fists and replied. "Disperse, find the target!"

The Executioner Earthguard commander ordered. The one hundred and twelve Executioner Earthguards split into different teams and quickly dispersed. They each went their own way and disappeared into the dense forest. Seeing this, Commandery Prince Yuan Zuo smirked and clenched his fists. "The show is about to begin!" The crowd on the Coiling Dragon Mountain Range was excited again. The four Sky Immortals looked at each other, speechless. No matter how much they valued Su Zimo and how much they cherished his talent, they couldn't interfere with the Immortal Sect Selection. That was a serious crime that no one could bear! In other words, Su Zimo couldn't avoid this calamity.

Zi Xuan Immortal Kingdom, Royal City, Library. A woman in plain clothes and light makeup was holding an old book. She stopped in front of a row of tall bookshelves and read attentively, flipping a page from time to time. Sunlight shone through the window and shone on the woman's fair neck, giving it a sparkling radiance. She had a flawless side profile and a slender figure. She was wearing a light green long dress. There was a hint of mystery and elegance in her tranquility. Just by standing there, she was

enough to make one's heart beat faster. At that moment, a series of footsteps came from the side, breaking the silence. Soon, a young girl appeared, panting. She looked at the woman in plain clothes in front of the bookshelves and hesitated to speak, as if she was afraid to disturb her. "What's the matter?" The woman in plain clothes asked indifferently, her eyes still fixed on the book in her hand. The girl said, "Princess, Su Zimo has appeared!" "Oh?" The woman in plain clothes was surprised when she heard the name. She looked to the side and asked, "Where is he?" The girl said, "All these years, Princess, you asked us to keep an eye on Su Zimo. Just Now, I've received news that Su Zimo has appeared in the Coiling Dragon Mountain Range and is participating in the Immortal Sect Selection." "Immortal Sect Selection? This person is smart. He knows to rely on the Four Major Immortal Sects." The woman in plain clothes murmured and smiled. She asked, "What's his cultivation level now?" "I heard that he's a Rank Six Earth Immortal. He entered the valley about ten days ago when the selection was about to end," the girl answered. "Rank Six Earth Immortal? His cultivation speed is fast." The woman in plain clothes was surprised. "Fast? He's still far from the young Prince!" The girl curled her lips and said disdainfully, "I heard that the young Prince sees this person as a rival. In my opinion, he's not even fit to be the young Prince's servant." The woman in plain clothes smiled and shook her head. She did not refute and said, "Rank Six Earth Immortal. With his means, it won't be difficult for him to join the Four Major Immortal Sects." "That's not necessarily true." The girl gloated. "Su Zimo might not even be able to leave the Coiling Dragon Mountain Range alive, let alone join the Four Major Immortal Sects." "Hmm?" The plain-clothed woman could tell that there was a hidden meaning in the young girl's words. She turned her beautiful eyes and looked at the young girl with a questioning expression.

The girl said, "I've just received news that this Su Zimo used some sort of shapeshifting method to disguise himself. He deceived everyone and entered the valley to participate in the selection. No one recognized him at all." "However, for some unknown reason, Duke Yuanzuo of the Dajin Celestial Nation suddenly appeared ten days later. He directly exposed his identity and asked the Four Major Immortal Sects for him." Hearing this, the plain-clothed woman frowned slightly, deep in thought. The young girl didn't notice the change in the plain-clothed woman's expression. She continued, "The Immortal Sect Selection is being held right now. The Four Great Immortal Sects have no way of handing over anyone." "Commandery Prince Yuanzuo ordered the 112 Executioner's Earthly Guards that he brought with him to enter the valley and hunt down Su Zimo!" At this point, the young girl giggled and said, "Princess, tell me, will Su Zimo still be alive?" The plain-clothed woman frowned and asked, "Did the Four Major Immortal Sects allow more than a hundred Executioner's Earthly Guards to enter the valley to kill someone?" "They had no choice but to allow it. These people entered in the name of participating in the Immortal Sect Selection. Since Su Zimo can participate, these Executioner's Earthly Guards can too." The young girl said, "Moreover, the Immortal Sect Selection doesn't have any life and death restrictions. Cultivators are allowed to fight to the death." "Where's Yunting?" The plain-clothed woman suddenly asked. "The young Duke is still in seclusion," the young girl said. The plain-clothed woman put the book in her hand back on the shelf and walked outside. She said, "No need to call him. Go get ready and follow me to the Coiling Dragon Mountain Range." "Ah?" The young girl was stunned and asked in disbelief, "Princess, you haven't left the library for many years. Are you going to go out today because of a Level 6 Earth Immortal?" "This Level 6 Earth Immortal is not ordinary." The plain-clothed woman said. The young girl frowned and hesitated. "But, but even if we rush there as fast as we can, it'll still take about ten days. By then, Su Zimo would have been killed by the Executioner's Earthly Guards." "Kill him?" The

plain-clothed woman shook her head slightly. "I'm afraid this person won't die so easily. I have a feeling that there might be some unforeseen changes in this Immortal Sect Selection. "

As she spoke, the plain-clothed woman had already left the library. The young girl followed closely behind....Coiling Dragon Mountain Range. It had been ten days since the Executioner's Earthly Guards entered the valley. There were only five days left until the end of the Immortal Sect Selection. During this period, the Executioner's Earthly Guards and Su Zimo had yet to meet face to face. Of course, this was because Yang Ruoxu had arranged for the Executioner's Earthly Guards to be placed as far away from Su Zimo as possible. However, everyone knew that as time passed, the two sides would inevitably collide! Duke Yuanzuo was not in a hurry. Everything was under his control. More than a hundred Executioner's Earthly Guards formed ten teams and advanced bit by bit. They did not miss a single corner and would even ask other cultivators in the valley for information. When the cultivators in the valley saw the ten teams of Executioner's Earthly Guards, they naturally did not dare to challenge them. If they had any information about Su Zimo, they would tell the truth. "Why are there so many Executioner's Earthly Guards all of a sudden?" "I saw it too. These people are asking about a person's whereabouts. It's that youth who escaped extremely quickly and looks like he has yet to recover from his illness." "Let's go. Since there's no hope of entering the top hundred, let's follow them and take a look!" Many cultivators were curious when they saw that the Executioner's Earthly Guards did not have any enmity towards them. They followed behind the Executioner's Earthly Guards, hoping to watch the commotion. Through the water screen, the millions of cultivators watching the battle could clearly see more than a hundred Executioner's Earthly Guards continue advancing. They were getting closer and closer to Su Zimo. Two Executioner's Earthly Guards' positions overlapped with Su Zimo's. They would soon encounter each other! These two Executioner's Earthly Guards were the remaining two — Li Xuan and Zheng Mao. Their cultivation levels were not weak. They were both Level Eight Earth Immortals. "This Su Zimo sure is stupid. To think he came to participate in the Immortal Sect Selection. He's basically trapped himself in a trap of his own making." In the valley, Li Xuan chuckled. "Now that he's in the valley, he's sealed off. There's no way out. He doesn't even have a chance to escape." "That's right. Whoever meets Su Zimo will be lucky. It'll be a great merit," said Zheng Mao.

Li Xuan curled his lips. "If you ask me, sending out a signal is superfluous. Anyone who sees him can just suppress him. What can a Level Six Earth Immortal do?" Zheng Mao shook his head. "Let's do as His Highness instructed. Don't act on your own accord." As the two conversed, a figure suddenly sped over from afar. He was thin and had a withered yellow face. He looked extremely frail. It was none other than Su Zimo's appearance! Zheng Mao and Li Xuan's eyes lit up! Tian Yuan, Yang Ruoxu, and company frowned slightly as their hearts tightened. From their point of view, this was a huge test for Su Zimo! This was because all the Executioner's Earthly Guards knew their goal. As for Su Zimo, who was in the valley, he was still in the dark. If Su Zimo had turned around and fled, he might have been able to stall for some time. If he were to fight the two Executioner's Earthly Guards and end up in a bitter battle, he would definitely die!
