

Sacred King 2121

Chapter 2121

In the valley, Su Zimo was searching for his target in the vicinity when two people suddenly appeared in his vision. They wore black and gold feathered armor and had sabers by their waists. "Hmm?" Su Zimo paused in his tracks and narrowed his eyes slightly. Executioner guards! Any Earth Immortal could participate in the Immortal Sect selection and the Executioner guards were naturally included. However, when the two Executioner guards caught sight of him, they stopped in their tracks with strange expressions. Their eyes lit up – it was clear that they had discovered something! Their reactions were very different from the reactions of others when they saw a Grade 6 Earth Immortal. The two Executioner guards did not even release their spirit consciousnesses to check his cultivation before stopping in their tracks and locking their gazes onto him eagerly! "They know me!" Based on the reactions of the two Executioner guards, Su Zimo instantly made a judgment and a thought flashed through his mind. "My identity has been exposed!" This conjecture was too shocking and frightening! However, at that moment, Su Zimo no longer had the time to think. The Executioner guard on the left slapped his storage bag and took out a Message Talisman! At that moment, given the distance between them, it was already too late for him to rush over with his movement technique. Su Zimo's figure flashed and he suddenly vanished from the spot! True Dragon Nine Flashes! "Hmm?" Zheng Mao stared fixedly at Su Zimo. Just as he took out his Message Talisman, he was stunned. Where was he? Su Zimo had suddenly vanished from his sight! Just as Zheng Mao was in a daze, Su Zimo reappeared with a cold expression. He was less than a hundred feet away from the two of them! All of a sudden! Su Zimo vanished once more! Vanished again? What was that? Teleportation? Zheng Mao's eyes widened as his pupils constricted violently. On the other side, Li Xuan could not react in time either. Right then, as though he sensed something, Li Xuan suddenly turned his head and looked behind Zheng Mao. His expression changed in shock as though he had seen the most terrifying thing in the world. At the same time, Zheng Mao felt a chill run up his spine from the bottom of his feet as his scalp tingled! An unprecedented aura of death enveloped him! Bang! A fair palm landed on the top of his head. The tremendous power directly penetrated his skull and shattered his Essence Spirit! Zheng Mao's eyes dimmed. Before he could tear up the Message Talisman in his hand, his body went limp and he fell to the ground. After continuously releasing the True Dragon's Nine Flashes, Su Zimo took advantage of the moment Zheng Mao was stunned and killed him with a single palm strike, not giving him any chance to react! "You ..." Li Xuan suppressed the shock in his heart and immediately flew into a rage. With a clang, he pulled out his Executioner Saber. His lifeblood surged as he shouted angrily. He wanted to say, How dare you? However, before he could finish his sentence, he saw that Su Zimo hadn't stopped after killing Zheng Mao. Su Zimo had already turned around and pounced on him! "Hand over your life too!" Su Zimo exhaled and extended his palm. He condensed the Great Chaos Essence Palm and smashed it down at Li Xuan's face! The aura released by the Great Chaos Essence Palm was extremely tragic and distorted. The crushing power caused the surroundings to explode in a shuddering manner. Before Li Xuan could finish his sentence, he was choked back by the tragic aura. Alarmed, Li Xuan circulated his lifeblood to its limits and raised his Executioner Saber with both hands, slashing towards Su Zimo's Great Chaos Essence Palm. Su Zimo had no intention of stopping. You must have a death wish! Li Xuan sneered internally. The Executioner Saber in his hand was extremely sharp and was a perfect-grade Earth Immortal Dharma treasure – there was no way a body of flesh and blood could withstand it! As a Executioner of the Great

Jin Dynasty, his weapon was naturally not weak. Clang! When the Executioner Saber struck the Great Chaos Essence Palm, the sound of metal clashing echoed in an ear-piercing manner! "How is that possible?!" Li Xuan was shocked. Before he could react, he felt a powerful and violent distortion force erupting in an instant. His hands could not grip the Executioner Saber at all and it flew out of his hands! Given the current strength of Qinglian's true body, he could even take on connate Earth-grade Dharma treasures head-on.

The Executioner Saber could not injure him at all! Su Zimo snatched the Executioner Saber away and threw it in reverse. "Pfft!" The saber pierced through the Blackgold Feather Armor and pierced through Li Xuan. His heart exploded and his lifeblood declined instantly! The same Executioner Saber could unleash vastly different lethality in the hands of different people. Not only did Su Zimo's saber pierce through Li Xuan's chest, it even shattered the Blackgold Feather Armor on his body. The violent saber qi even sliced Li Xuan's organs into pieces. This fleshly body was completely crippled! At the critical moment with his life hanging by a thread, Li Xuan reacted extremely quickly and prepared to escape with his Essence Spirit. However, Su Zimo's reaction was even faster. He stabbed Li Xuan's chest and his palm descended, grabbing Li Xuan's face. Essence Qi surged and instantly, a prison was formed. Li Xuan's Essence Spirit could not escape at all and could only stay obediently in Su Zimo's consciousness! Su Zimo's expression was cold as he glared at Li Xuan with a sinister gaze. As long as he exerted strength in his palm, he could kill the latter immediately! "Hehehe!" Li Xuan knew that there was no way he could escape death. He looked at Su Zimo in front of him and laughed as he coughed blood. "Su Zimo, even if you kill me, you won't be able to escape! His Highness has already brought people over. Just wait for your death!" "Poof! Upon hearing that, Su Zimo no longer had any doubts. He exerted strength in his palm and crushed Li Xuan's head, destroying his Essence Spirit! Su Zimo's expression darkened. As he expected, his identity had been exposed. What was worse was that Duke Yuanzuo had brought people over! The only person who knew of his whereabouts was Patriarch Xingyu of Cluster Star Sect. His first reaction was that Xingyu had informed him. However, Su Zimo quickly denied this conjecture. If Xingyu wanted to deal with him, there was no need for her to do so. She could have suppressed him back then and handed him over to Duke Yuanzuo. Moreover, although Xingyu knew that he was participating in the Immortal Sect's selection, she did not know that he had transformed into his current appearance. And these two Executioners were clearly able to recognize his appearance! How could this be?

Just as Su Zimo was deep in thought with a frown, the Coiling Dragon Mountain Range fell into an eerie silence. Everyone's eyes were wide open and their faces were filled with shock as they looked at the figure in the valley in disbelief. Even Tianyuan, Yang Ruoxu, and the other three were shocked. Su Zimo's reaction was beyond everyone's expectations. He did not escape nor did he engage in a bitter battle with the two Executioners. In just two to three rounds, the two Earth Origin Stage Executioners were killed by Su Zimo on the spot without being able to resist at all! That movement technique of flashing twice in a row left a deep impression on everyone. However, what was even more shocking was Su Zimo's calmness and instantaneous judgment. Su Zimo was in the valley and had no idea what was happening outside. However, the moment he saw the two Executioners, he realized that something was amiss and immediately attacked. His decisiveness in killing shocked even Tianyuan, Yang Ruoxu, and the other three Sky Immortals! Before this, Tianyuan had even commented that this kid was a little too soft-hearted. After this exchange, everyone realized how terrifying this person in the valley was! However, they did not realize that the terror they saw was only the tip of the iceberg of Su Zimo. Su Zimo's true fangs and claws had not been revealed yet!

Yang Ruoxu, Tianyuan, and the other two looked at each other without saying a word. There were a lot of things that everyone knew but did not say. From what Su Zimo had shown Just Now, it was obvious that he had been hiding his true strength. Before this, the four Heaven Immortals were tempted to recruit Su Zimo into their sect. The stronger Su Zimo was, the more determined they were to recruit him. Initially, some of them were hesitant when Duke Yuanzuo came at them aggressively. Now, the four Heaven Immortals were even more eager to recruit Su Zimo into their sect! Putting aside his tactics, just his calmness, calmness, and decisiveness were enough to show that his future was limitless! The Four Major Immortal Sects were not afraid of the Dajin Celestial Kingdom. Tianyuan, Yang Ruoxu, and the other Heaven Immortals were not afraid of Duke Yuanzuo's status. On the other side, Duke Yuanzuo's face darkened as he looked at the figure in the water screen. He gritted his teeth and scolded, "Two useless pieces of trash!" The four Heaven Immortals looked at Duke Yuanzuo from the side. Duke Yuanzuo was full of confidence. He had said those harsh words in front of everyone, but he did not expect to be hit in the head. One could imagine how angry he was. Sensing the four Heaven Immortals' gazes, Duke Yuanzuo realized that he had lost his composure. He quickly took a deep breath and tried to calm himself down. "This is nothing." Duke Yuanzuo pretended to be calm and said, "It's just two Rank 8 Earth Immortals. There are still 110 Executioners in the valley. I'd like to see how long he can jump around!" The four Heaven Immortals did not respond. However, the four of them knew in their hearts that the situation Su Zimo was facing was still dangerous! This time, he was able to kill two Executioner guards in the blink of an eye mainly because he relied on the movement technique that was similar to teleportation. He was able to take them by surprise. As for the remaining 110 Executioners, they were divided into ten squads, with each squad having eleven Executioners. Moreover, in each team, there were at least seven to eight people who were Rank 9 Earth Immortals! This meant that no matter which team Su Zimo encountered, he would have to face 11 Executioners. Moreover, most of them were Stage Nine Earthly Deities! The disparity in strength between the two sides was too great. Once the battle started, Su Zimo had no chance of winning.

Even when the four Heaven Immortals were at the sixth level of the Earth Origin Stage and were in Su Zimo's place, they still couldn't do anything. Moreover, once a battle broke out with one of the teams, the other nine teams would definitely rush over at the first possible moment upon seeing the Message Talisman and form a siege. At that time, Su Zimo would not be able to escape! Although the four Celestial Immortals had the intention of taking Su Zimo into their sect, there was a precondition. Su Zimo could at least survive until the end of the Immortal Sect's general election! Outside the Coiling Dragon Mountain Range, a simple and low-key carriage rode on the clouds and quietly entered the crowd. Such a vehicle was very common in the cultivation world. When some of the geniuses traveled, they would usually ride on dragon carriages or flying beasts. The ancient chariot was accompanied by auspicious clouds. Naturally, such a carriage would not attract much attention. There were two ladies in the carriage. It was the lady in plain clothes who had rushed over from the Zi Xuan Immortal Kingdom. She was accompanied by her maidservant. Moreover, all the cultivators in the Coiling Dragon Mountain Range had their attention on Su Zimo who was in the valley. After a period of silence in the Coiling Dragon Mountain Range, many of the cultivators came to their senses and exclaimed. The place was as noisy as a bustling market. "This Su Zimo is too ruthless!" "Indeed, the Stage Eight Earthly Deity did not even have time to tear the Message Talisman apart." "Hehe, in my opinion, this Su Zimo is digging his own grave! This way, Duke Yuanzuo will not let him go!" In the carriage. The lady in plain clothes listened for a

while and understood what had just happened. "Princess, you have read a lot and you know everything. Just Now, they are talking about Su Zimo's continuous teleportation skill. What is it?" The young lady asked curiously. The lady in plain clothes pondered for a while and said, "I have never heard of such a skill in the cultivation of the human race. However, the Dragons have a secret skill that is not taught to outsiders. When cultivated to the peak, one can flash nine times in a row." "So powerful!" The young lady's eyes widened and she exclaimed. Then, the young lady tilted her head and asked in confusion, "But how does this person know the secret skill of the Dragons?"

The lady in plain clothes' expression changed as though she had thought of something. However, she did not explain. She extended her slender hand and lifted the curtain of the window slightly, looking into the valley. In the valley, the skinny young man with a yellow face stood beside the corpses of the two Executioner guards. His head was lowered slightly and he was motionless. No one knew what he was thinking. All of a sudden! The young man raised his head. Under everyone's gaze, the young man's figure and face changed rapidly. In the blink of an eye, he became a tall and handsome scholar. "Is this his original appearance?" The young lady blinked and said, "He looks much more pleasing to the eye now." In mid-air, when Duke Yuanzuo saw the face that he hated to the core, he clenched his fists tightly and his body was filled with murderous intent. At this moment, the scholar in the valley made a move that shocked everyone! The scholar looked up at the sky and slowly raised his hand. He placed it under his neck and made a beheading gesture! "This ...""What is he doing? Is he provoking us?" "This person is really audacious. He knows that Duke Yuanzuo is here but he still dares to provoke him. Is he afraid that he won't die quickly enough?" The discussion among the crowd grew louder. Duke Yuanzuo was so angry that he laughed and nodded repeatedly. "Good, good, good! How dare you provoke me. When I capture you alive, I will use all means to torture you!" "Su Zimo, you might not realize that there are 110 Executioner guards waiting for you in the valley!" The four Heaven Immortals had different expressions. Originally, Su Zimo's impression of the four of them was that they were very low-key, cautious, and even soft-hearted people. But now, they were showing off their abilities! "Princess, this person is too arrogant." In the carriage, the young lady said, "He has not realized the danger he is about to face and still has the mood to provoke Duke Yuanzuo." "Provocation?" The lady in plain clothes shook her head and said, "I think his actions are more like a declaration of war!" "Declaration of war?" The young lady was shocked and asked, "Who is he declaring war on? What is he trying to do?"

The lady in plain clothes did not answer and only looked at the figure in the valley. In the valley, Su Zimo kept the storage bags of the two Executioner guards. Then, under the watchful eyes of the crowd, he changed his appearance again and became a tall and muscular man. Su Zimo looked at the sky. Although there was a water curtain and he could not see what was happening outside. But he knew that Duke Yuanzuo must be watching him from outside! Grinning at the skies, Su Zimo sprinted not far away in a flash.

Chapter 2123

In mid-air ... Seeing this, Celestial Immortal Baihai suddenly said, "That's a good idea. We might be able to break out of this situation." Tianyuan, Yang Ruoxu, and the others nodded slightly. Now that Su Zimo had changed his appearance, the Executioner guards in the valley might not be able to recognize him. Celestial Immortal Qingfeng said, "However, his cultivation is still at Earth Origin Stage Level 6. That's a flaw." Yang Ruoxu said, "As long as he's careful and avoids close contact with the Executioner

guards, they probably won't release their divine senses to investigate him." Just as everyone was discussing, someone suddenly said, "Look, Su Zimo is about to encounter a group of Executioner guards!" Everyone's spirits shook, and they hurriedly looked over. Within the valley, Su Zimo, who had transformed into a middle-aged man, was far away from the eleven Executioner guards. When the eleven Executioner guards saw Su Zimo from afar and saw that he was a middle-aged man, they averted their gazes and did not pay much attention to him. Tianyuan, Yang Ruoxu, and the others heaved a sigh of relief. As long as Su Zimo left quietly, he would not be discovered. However, at that moment, Su Zimo, who was in the valley, actually walked towards the Executioner Guards when he saw them! Hmm? What is he doing? The four Celestial Immortals frowned at the same time as confusion flashed through their minds. Is he testing the other party? However, this probing action was too risky and completely unnecessary. Or perhaps ... The four Celestial Immortals thought of a possibility but found it unrealistic. Unless Su Zimo had gone mad. "Princess, look! That Su Zimo is actually walking towards the Executioner guards!" Within the carriage, the girl's eyes widened as she asked in surprise, "What is he doing? Is he sending himself to his death?" "He's going to kill." The plain-clothed girl's eyes were deep as she murmured softly, as though she could see through Su Zimo's intentions. Within the valley. After killing the two Executioner guards, Su Zimo thought of many things. He did not know who had leaked the information. For a moment, he could not understand how the Executioner guards had recognized him. But he was sure of a few things.

Firstly, Just Now, there were definitely more than two Executioners in this valley! Since Commandery Prince Yuanzuo had come in person, he must have brought enough men to suppress him. Secondly, the attitude of the Four Major Celestial Sects was not clear, but at least they were not on Duke Yuanzuo's side. Otherwise, with the Commandery Prince Yuan Zuo's status, the Four Major Celestial Sects could have handed him over. There was no need for them to go through so much trouble and send the Executioner Guards into the valley. Furthermore, these Executioners did not have Coiling Dragon Badges. Thirdly, there was only one way to completely get rid of the threat of Duke Yuanzuo or the Dajin Celestial Nation, and that was to join the Four Major Immortal Sects and seek protection. If it was before, all he had to do was reveal a little bit of his ability to obtain enough Coiling Dragon Tokens. However, now that Commandery Prince Yuanzuo had personally brought people over, he could no longer hide his strength. He had to display his great talent, terrifying battle prowess, and unlimited potential to attract the attention of the Four Major Immortal Sects! Of course, secrets like Qinglian's true identity could not be exposed. Otherwise, no matter which sect he joined, he would be met with a fatal disaster. Therefore, the moment Su Zimo left, he was ready to go on a killing spree in the valley! He and Duke Yuanzuo were like fire and water. Since Duke Yuanzuo had brought the Executioner Guards to the Coiling Dragon Mountain Range and wanted to kill them all, he would not be merciful either! Su Zimo had wanted to transform into the appearance of the dead Executioner Guards. However, he did not know the two Executioner Guards at all. If he changed his appearance rashly, he would only be able to transform into the same appearance. However, his voice, habits, and actions would be easily exposed. The Tri-Gem Ruyi Scepter's Dao of Transformation had its own flaw. That flaw was the cultivation level. Su Zimo did not want to hide from everyone. However, as long as he could get close to them, he would be able to get rid of them in the shortest time possible! Seven Level Nine Earth Immortals and four Level Eight Earth Immortals. Walking over, Su Zimo swept his spirit consciousness and swiftly checked the cultivation realms of the 11 Executioner guards. "Hmm?" Initially, the Executioner Guards did not pay much attention to Su Zimo. However, they could not help but frown when they saw the burly middle-aged

man walking in their direction.

"Fellow Daoists, are you looking for a skinny cultivator with a yellowish face?" Before the Executioner Guards could ask, Su Zimo spoke first and asked loudly. "You see him?" A Executioner Guard's eyes lit up as he asked hurriedly. "Over there." Su Zimo pointed to the side and did not stop in his tracks. As he approached the Executioner Guards, he said, "There are two more Executioner Guards over there who are fighting that cultivator." Upon hearing that, the Executioner Guards no longer had any doubts. "Humph!" One of them said coldly, "Li Xuan and Zheng Mao must be trying to fight for credit. To think that they didn't even release their transmission talismans!" In that short period of time, Su Zimo had already arrived less than a hundred feet away from the Executioner Guards. The leader of the Executioner Guards frowned and did not say anything the entire time. For some reason, he had a feeling that a calamity was about to befall him! His gaze landed on the approaching burly middle-aged man and he scanned with his spirit consciousness. Earth Essence Realm Level 6. It was truly too low for him to participate in the immortal sect selection at this cultivation realm. However, the fact that this person could last till now meant that he was rather capable. "Something's not right!" Suddenly, the leader of the Executioner Guards seemed to have thought of something as he raised his head and pointed in the direction of the burly middle-aged man. "You are ..." Before he could finish, Su Zimo's figure suddenly appeared before him. The two of them were inches apart! Poof! Su Zimo extended his finger and tapped the glabella of the leader of the Executioner Guards gently. A single finger penetrated the man's consciousness! No matter how high his cultivation realm was, he would die on the spot if his Essence Spirit was penetrated! An uproar broke out both inside and outside the valley! It was not just the remaining ten Executioner Guards. Even the millions of cultivators watching the battle were shocked. Before this, no one would have thought that this Level 6 Earth Deity Su Zimo would not avoid the encirclement of the Executioner Guards. Instead, he chose to attack! What was he trying to do? Could it be that he wanted to challenge eleven Executioner Guards with his Level 6 Earth Deity cultivation?

On the battlefield. Su Zimo's first move was like a thunderbolt! With the help of the True Dragon's Nine Flashes, he quickly closed in and killed the leader of the Executioner Guards with a single finger. Then, his figure flickered again. At this time, the remaining ten Executioner Guards finally reacted. They pulled out their Executioner Sabers and were about to attack when they realized that Su Zimo had disappeared! Poof! Behind another Level 9 Earth Deity, Su Zimo's figure appeared. With another finger, his skull was penetrated and his Essence Spirit shattered! Another person was killed by the True Dragon's Nine Flashes! Fast, too fast! With this sudden change, the Executioner Guards were thrown into disarray. They could not keep up with Su Zimo's movements at all! In the blink of an eye, two Level 9 Earth Deities were killed! Swoosh swoosh! The Executioner Guards beside the dead man were shocked. However, they reacted quickly and slashed their sabers at Su Zimo. Su Zimo's figure flickered and disappeared again! Now that his cultivation was at Level 6 Earth Origin Realm and his Essence Spirit was at Level 8 Earth Origin Realm, he could flicker five times in a row. Including the two times when he killed Li Xuan and Zheng Mao, this was the fifth time.

Chapter 2124

"Three of you, back to back! Form formation!" Amidst the chaos, one of the Executioners hollered. The remaining nine Executioners moved and formed three formations in the blink of an eye. That way, they

could ensure that every single Executioner was back to back with their blades facing outwards! Those who could become Executioners were all top Earthly Immortal experts. Through the unified training of the Great Jin Immortal Kingdom, they were in charge of punishment and killing. Their teamwork was seamless and they quickly regained their composure and got into formation. Although the formation was simple, it was extremely effective. No matter where Su Zimo appeared from, there would be someone facing him! Indeed, when Su Zimo appeared once more, he was right in front of a Merciless Executioner guard and was inches away! "Kill!" The Executioner hollered and the blood qi within his body burst forth with the sound of tidal waves. He raised his Executioner Saber and slashed down viciously at Su Zimo! Tidal Blood! The spectating cultivators were shocked. A Level 6 Earthly Immortal would definitely not be able to take the terrifying power released by the tidal wave of blood qi of a Level 9 Earthly Immortal! Furthermore, the Executioner Guard did not hold back at all and revealed an extremely brilliant saber technique. Instantly, dozens of sharp saber shadows appeared in midair with saber qi streaking towards Su Zimo! The counterattack of that saber was way too shocking. Not only did it release a terrifying killing power, it even severed all of Su Zimo's escape routes! A series of exclamations could be heard from the crowd. Even the four Heavenly Immortals nodded secretly. Given the methods of the Executioner Guard, he would definitely be able to win if he participated in the immortal sect selection. Just as the four of them had expected, Su Zimo made use of his disguise to take the initiative to attack. Although he could catch them off guard, although he could catch off guard, the remaining Executioner Guards would retaliate ferociously the moment they reacted. At that time, Su Zimo would be in danger. Even if Su Zimo had some sort of trump card that could defend against that saber, the moment both sides exchanged blows, the remaining eight Executioner Guards would seize the opportunity to swarm him. How was Su Zimo going to defend against that? "What a pity." Tian Yuan shook his head slightly and said softly.

Even though taking the initiative to make a move against the Executioner's guards was courageous, this kid's actions were too risky and impulsive. He had hot blood for nothing, yet he'd caused himself to fall into a hopeless situation. It was truly unwise. At this moment, in the valley, Su Zimo turned a blind eye to the dozens of saber shadows that were slashing at him. Instead of dodging, he suddenly opened his mouth. "Roar!" A deafening roar erupted from the depths of Su Zimo's throat! This roar was like the roar of a dragon and the cry of a phoenix. It reverberated through the valley and contained a supreme will. It was as if it stood above all living beings and looked down upon the world! Secret Dragon Roar Technique! The cultivators in the vicinity of the valley suddenly heard this roar and were startled by it. The nine Executioner guards at the center of the battlefield suffered an even greater impact! The Level Nine Earth Deity who had attacked trembled violently. The Qi and blood in his body were surging violently. However, the roar caused his Qi and blood to disperse. The dozens of saber shadows in the air also dissipated instantly. The Level Nine Earth Immortal's face was contorted in agony. The Qi and blood in his body flowed in reverse and his entire body felt like it was about to explode! Not to mention attacking Su Zimo, even his mind was buzzing and blank. If this was the case for the Level Nine Earth Immortal who had cultivated to the level of tsunami blood, the other two in the three-man formation were even worse off. The physical body of one of the Level Eight Earth Immortal was torn apart on the spot. Blood mist filled the air! Although the other one was a Level Nine Earth Immortal, he did not survive. Blood flowed out of all his orifices and his eyes were glazed over. His Primordial Spirit had been shattered! The exposed skin of this person was covered in bloody scars. It was a ghastly sight. Although the remaining two formations were slightly further away, the Level Eight Earth Immortals in them were

also killed by Su Zimo's Dragon Roar Secret Skill on the spot!With a single roar, five of the remaining nine Executioner guards were killed in the blink of an eye!Although the remaining four were Level Nine Earth Immortals, they were also injured. They were dazed and could not react in time.A single roar caused the Executioner guards to be torn apart!The roar in the valley was isolated by the water curtain. No one outside could hear it at all.

But at this moment, the entire Coiling Dragon Mountain Range was dead silent. It was as if everyone's throats were being squeezed as they watched the scene in the valley in horror."What ... happened just now?" "I'm not sure. It seems like Su Zimo opened his mouth and those people were frozen in place. Then, someone's body exploded." "What kind of skill is that? Sonic Secret Skill? " "Have you ever seen a Sonic Secret Skill that can kill a Level Nine Earth Immortal with a single roar?"Even the cultivators outside the valley were dumbfounded.In mid-air, the four Celestial Immortals were also dumbfounded."This ..."Celestial Immortal Bai Hai was hesitant. Even he was unsure. He asked tentatively, "Is that a Sonic Secret Skill?" "It should be."Yang Ruoxu nodded. He wanted to say something but stopped himself.Because even he hadn't seen such a terrifying force of the Sound Domain!In the valley, after Su Zimo unleashed his Dragon Roar Secret Skill, he lunged forward and snatched the Executioner's Saber before slashing it with a backhand!Slash!This Level Nine Earth Immortal who had cultivated to the level of Tsunami Blood was cleaved in half by Su Zimo's saber. His Primordial Spirit was destroyed and his body and soul were destroyed!There were only three left!Su Zimo wielded the Executioner's Saber and stepped forward. He raised his saber and swung it down from the sky, engulfing the remaining three Executioner's Guards!Whoosh!It was as if blood was raining from the sky.Around the three Executioner's Guards was a boundless sea of blood. In the middle of the sea, there was a mountain of corpses!Wherever the saber passed, there was a whining sound, as if ghosts were crying and wolves were howling.A mountain of corpses, a sea of blood, wailing ghosts and howling wolves!The sea of blood surged, creating huge waves that swallowed up the three Executioner's Guards.Su Zimo's saber was a combination of the Shura's Saber and the Sea Calming Manual. The saber slashed out with many different Intent, stacking on top of each other.It was even more terrifying and stunning than the slash of the Executioner's Guard Just Now!Su Zimo relied on Qinglian's true body and had not used his saber for many years. However, his saber technique was still frightening!

The remaining three Executioner's Guards finally snapped out of their stupor and waved their Executioner's Saber, conjuring their divine powers to defend.However, Su Zimo's saber intent was already formed.Coupled with the fact that the three Executioner's Guards were injured by the Dragon Roar secret skill, be it their bodies or Primordial Spirits, they were shaken violently and could not release half of their combat strength – there was no way they could defend against Su Zimo's saber intent.In just a few breaths, the three Executioner's Guards could not hold on any longer.A vicious glint flashed through the eyes of one of them as he channeled a secret skill and burned his Primordial Spirit and lifespan. A terrifying potential burst forth from his body as he broke free from the sea of blood.After leaving the sea of blood, he did not attack Su Zimo. Instead, he tore his Message Talisman apart right away!A beam of red light surged into the skies and exploded rapidly!After doing that, before Su Zimo could even make a move, the Executioner guard could no longer hold on and died.The remaining two Executioner's Guards were devoured by the sea of blood as well, turning into corpses at the foot of the mountain of corpses.All 11 Executioner's Guards were wiped out!

Chapter 2125

On the Coiling Dragon Mountain Range, millions of cultivators were shocked. They looked at the figure in the valley as if they were looking at a ghost! "Too cruel! Eleven Executioners, all dead! ""The whole process lasted for ten breaths?""I don't think so. These Executioners only had time to send out a Message Talisman before they were all wiped out."This scene was beyond everyone's expectations. Su Zimo had taken the initiative to attack the Executioners. Even the four Heavenly Immortals did not think highly of him. In the eyes of the other cultivators, it was more like he was digging his own grave. Who would have thought that in the blink of an eye, eleven Executioners, including seven Level 9 Earth Immortals, would be killed on the spot! Was this person really just a Level 6 Earth Immortal? How could a Level 6 Earth Immortal have such terrifying killing power? Could this person be the reincarnation of a True Immortal? In one of the carriages in the crowd, a young girl who looked like a porcelain doll opened her small mouth and stared at him for a long time without saying a word. "Princess, Princess, what did this Su Zimo do? How could he kill Level 9 Earth Immortals just by opening his mouth?" After a while, the girl could not help but ask. The plain-clothed girl said, "It should be some kind of Sound Domain Secret Technique. But I'm not sure what it is exactly." She had read countless books since she started cultivating. But if she did not hear this sound, she would not be able to guess its origin. In fact, even if she heard Su Zimo's Dragon Roar Secret Technique, she would not be able to guess it. This Dragon Roar Secret Technique was infused with too many Sound Domain Secret Techniques. It had evolved into a killing technique that belonged solely to Su Zimo! The girl thought for a while and suddenly said, "If this Su Zimo does the same thing and changes his appearance again, he can still kill the other Executioners." "It will be difficult." The plain-clothed girl shook her head. "When the Executioners hear the news, they will definitely be on guard. No matter how Su Zimo changes his appearance, his cultivation will always be at Earth Origin Stage Level 6." "As long as he is careful, it will be difficult for him to kill a Level 6 Earth Immortal if he sees one approaching." The woman paused for a short moment before she continued. "Moreover, even though the might of that Sound Domain Secret Technique is terrifying, the burden it places on the cultivator is definitely extremely great, and he won't be able to utilize it again in a short period of time."

"He is also unable to use his movement technique that is close to teleportation. Without those two trump cards, it will be very difficult for him to take on the remaining hundred Executioners." In mid-air, Duke Yuanzuo's expression was cold and he did not say a word. The Executioner's guards had been defeated consecutively, and in front of millions of cultivators and various forces. This caused him to feel a burning pain on his face. From time to time, cultivators would look in his direction. Every gaze seemed to be mocking him. Commandery Prince Yuanzuo's face was extremely gloomy. Even Lone Star, who was beside him, felt a little uncomfortable. He quickly comforted him, "Your Highness, there's no need to be angry. The news has already been spread. The remaining ten teams are converging in that direction. This kid won't be able to escape." Duke Yuanzuo closed his eyes and calmed himself down. After a while, he opened his eyes and looked at the millions of cultivators below him and sneered, "A bunch of ignorant fools. Why are you so surprised?" Duke Yuanzuo purposely did not hide his voice and it spread to every corner of the Pan Long Mountain Range. The cultivators who were in the midst of a discussion frowned. Those who were not of high status and cultivation level naturally did not dare to say a word. The disciples of the other sects were also angry but did not dare to say a word. Most of the people in the crowd were Arcane Immortals and Earth Immortals. Cultivators like Duke Yuanzuo and Lone Star were invincible in this place. Moreover, with Duke Yuanzuo's status, other than the Four Major Immortal Sects and the Three Major Immortal Kingdoms, who would dare to challenge him? Duke Yuanzuo

pointed at the valley and said proudly, "When we capture Su Zimo alive, I'll let everyone see what kind of torture he has to endure!" "I'll let the world know the consequences of offending me and the Dajin Immortal Kingdom!" "The dignity of the Dajin Immortal Kingdom is not to be challenged!" The four Sky Immortals were expressionless but they sneered in their hearts. Although Duke Yuanzuo's words seemed to be directed at the cultivators below, he was actually expressing his determination to the Four Major Immortal Sects. In the valley. After Su Zimo killed the eleven Executioner Guards, he took their interspatial pouches. He had expected the Executioner Guards to spread the news.

He did not even plan to stop them. Even if the Executioner Guards did not spread the news, Just Now, some cultivators had witnessed the battle and would definitely inform the other Executioner Guards. Right in front of everyone, Su Zimo acted out of character and did not leave. Instead, he reverted to his original appearance and sat down cross-legged with his eyes closed, waiting quietly on the spot. "What's he doing? Why isn't he running away? Is he waiting to be surrounded by the Executioner Guards?" "He can't be thinking of surrendering, right?" "I'm not sure. Every move he makes is beyond our imagination." When the four Sky Immortals saw this, their expressions turned solemn. No one could tell what Su Zimo was thinking. This time, even the plain-clothed woman could not guess it. Just Now, the message token did not only attract the remaining hundred Executioner Guards. In the valley, some self-confident and invincible cultivators, as well as some cultivators who had no hope of entering the final rankings, also rushed over. A group of Executioner Guards had mobilized so many people to come to the Immortal Sect Selection. Everyone was curious about how a cultivator could cause such a huge commotion. They wanted to find out what was going on. "The Executioner Guards are here too?" In the air, a young man in luxurious clothes was surrounded by lightning. His aura was monstrous. He was the Duke Yunlei of the Zixuan Immortal Kingdom. "That's strange. Why is that sick little guard gone?" Princess Chi Hong murmured, a little confused. Then, she pouted slightly and said, "Forget about him. Let's go and see what's going on over there." More and more cultivators gathered at this place. Not long after, a group of Executioner Guards finally arrived. "It's Su Zimo!" "Hmm? Hu Yu and the others are dead!" "Everyone, be careful!" The leader of the Executioner Guards was extremely cautious. He raised his arm and gestured for the other Executioner Guards behind him to not get too close. He took out a message token from his storage bag and tore it apart once more to summon the other Executioner Guards. The rest of the teams were nearby and would arrive soon! "Su Zimo, are you prepared to surrender?" The leader of the Executioner Guards asked slowly.

Su Zimo was still seated on the spot motionlessly and did not even open his eyes. "Commander Shi, what are we waiting for? Let's go and suppress him!" Another Executioner Guard had a fiery temper and could not hold back. "Let's wait for the others to arrive. There's no hurry," Commander Shi said in a deep voice, "That person must have some tricks up his sleeve since he was able to kill Hu Yu's entire team. We can't underestimate him." Not long after, a second Executioner Guard team appeared. Soon after, a third and fourth appeared. The remaining Executioner Guards also arrived one after another. Their encirclement had already been formed!

Chapter 2126

In the valley. There were still nine teams of Executioner Guards left with a total of 99 people. All of them had gathered and surrounded Su Zimo in the middle! Every Executioner Guard was clad in Black Gold Feathered Armor and wielded a Executioner Saber. Their expressions were cold and they exuded a

murderous aura. Not far away, many cultivators who were participating in the Immortal Sect Selection had also arrived. Among them were the two most powerful elites in this year's Immortal Sect Selection, Yunlei Commandery Prince and Chi Hong Commandery Princess. "If I'm not mistaken, Commandery Princess should have the highest number of Coiling Dragon Tokens." When Yunlei Commandery Prince saw Chi Hong Commandery Princess, he nodded slightly and chatted casually. Although the two of them had met in the valley, they had a tacit understanding not to attack each other as they both had their own concerns. Chi Hong Commandery Princess was wary of Yunlei Commandery Prince's Secret Thunder Technique. Yunlei Commandery Prince was not confident that he could defeat Chi Hong Commandery Princess and his movement technique was weaker. "There's no difference between the first and second place." Chi Hong Commandery Princess waved her hand and did not take it to heart. Subsequently, she pointed at the green-robed cultivator who was surrounded by the Executioner Guards and asked, "Is this person Su Zimo?" "I think so." Yunlei Commandery Prince shook his head and said, "However, this person is only a Rank 6 Earth Immortal. I don't understand why the Executioner Guards are mobilizing so many people." "Rank 6 Earth Immortal." Chi Hong Commandery Princess was taken aback and fell into deep thought. Yunlei Commandery Prince suddenly laughed and said, "However, this person is quite courageous to be able to maintain his composure despite being stared at by so many Executioner Guards." At this moment, Su Zimo opened his eyes and stood up slowly. "Is everyone here?" Su Zimo looked around and asked calmly. "What did you say?" Commander Shi asked with a frown. He did not understand why Su Zimo would ask such a question. "Yuanzuo only sent these few people?" Su Zimo raised his eyebrows slightly. "Presumptuous!" "If I want to kill you, I alone am enough!" One of the Executioner Guards stood out with a cold look in his eyes. "Hehe, are you scared out of your wits? What nonsense!"

Another commander of the Merciless Squad sneered. Su Zimo didn't refute. Instead, he said calmly, "It's good that you're all here. It saves me the trouble of looking for you one by one." The Executioners were stunned for a moment, and then they burst into laughter! Many cultivators in the valley looked at Su Zimo strangely, as if they were looking at a lunatic. Hearing this, the Yunlei Commandery Prince could not help but laugh. He shook his head and said, "Who does he think he is? Let alone a mere Level 6 Earth Immortal, even I would find it difficult to escape unscathed when facing so many Executioners." "What? A mere level 6 Earthly Immortal like you wants to challenge all of us?" A commander of the Executioner Guard laughed maniacally as he mocked. "I didn't want to challenge you." After pausing for a moment, Su Zimo said slowly, "I will kill all of you and bury you here! If you want to kill me, then you have to pay the price!" Before he could finish his sentence, Su Zimo roared into the sky and unleashed his special ability, the Six Tusks Divine Strength! Behind him, a divine elephant with a huge body and a terrifying aura could be faintly seen. It had six pure white and sharp tusks, and it was raising its trunk and roaring towards the sky! This Divine Elephant seemed to have merged with Su Zimo's figure! At the Earth Immortal Stage, Su Zimo could not unleash the full potential of the Six Tusks Divine Strength. However, there were still four huge Divine Elephant Tusks under his ribs! The strength of his body, Primordial Spirit, and bloodline had increased by four times with the help of this special ability! Su Zimo's Primordial Spirit was originally at Level 8 Earth Origin Stage. With the help of the Six Tusks Divine Elephant, the strength of his Primordial Spirit was comparable to that of a Level 9 Earth Origin Stage cultivator! At this moment, Su Zimo's body was surging with boundless energy. Even the surrounding Executioners were shocked. "Attack!" Commander Shi suddenly roared. All the Executioner Sabers were unsheathed. The Executioners swarmed forward. "Everyone, be careful. Don't kill him. His Highness wants him alive!" A

commander of the Executioners reminded loudly. What would it be like if 99 Executioners attacked at the same time? Even if each of them attacked with a saber or a special ability, no one would be able to block it.

However, because of Duke Yuanzuo's order, these people held back and did not dare to use their full strength. Su Zimo sneered. He activated his Primordial Spirit and cast a spell. Whoosh! Four balls of flames quickly formed around him. Immortal Dao Fire, Buddhist Dao Fire, Demon Dao Fire, and Nanming Li Fire. These four balls of flames floated in the air and emitted a terrifyingly high temperature. The Executioners who were close to him could feel their faces burning. However, this temperature was still within the tolerance range of the Executioners. "It's just the light of a firefly!" A commander of the Executioners sneered. He activated his special ability and shouted, "Take my Flood Technique!" Among the crowd, more than ten Executioners activated their Primordial Spirits at the same time and released the Flood Technique! The combination of more than ten special abilities caused the torrent to converge, almost forming a vast ocean! Rumble! Boom! Torrential waves poured down from the skies like thunder. As though they wanted to devour everything, they surged towards Su Zimo! In the blink of an eye, Su Zimo was drowned by the torrent. "Ice Sealing the World!" General Shi shouted, and the rest of the Executioner Guards also unleashed their Ice Sealing Ten Thousand Miles Divine Ability. The Executioners worked together tacitly and released their strength to its limits. Crack! Crack! Crack! Under the command of the commander of the Executioners, a white frost mist descended rapidly and shrouded the torrent. Everywhere it passed, everything was frozen! "Haha!" "I didn't know what methods this lad had. To think that he's so weak!" The moment the Executioners arrived, they realized that the battle was over before they could attack. The torrent on the ground was motionless and was frozen on the spot! Su Zimo was frozen in the torrent motionlessly. Even the four balls of flames were frozen! On the Coiling Dragon Mountain Range, the crowd sighed when they saw that. The four Heaven Immortals shook their heads in pity. The difference was still way too great. How could he win against a hundred people singlehandedly? Furthermore, there was a difference of two or three cultivation realms between them. "Your Highness, it's done!" Lonestar heaved a sigh of relief with a delighted expression.

"Hahahaha!" Relieved, Duke Yuanzuo reared his head and roared in laughter – the pent-up anger in his chest was finally vented. "This is the outcome of going against me and the Great Jin Immortal Kingdom!" Duke Yuanzuo was filled with pride as he declared loudly, "No matter who you are or where you are, you won't be able to escape your punishment even if you leave the territory of the Great Jin Immortal Kingdom!" Within the carriage. The girl said, "It's over. There's still no miracle." The plain-robed woman was still staring at the water screen with a frown. "Princess, what are you looking at?" The girl asked. The plain-robed woman shook her head gently. "Something's not right. Those four balls of flames don't seem to be extinguished!" Divine powers countered each other. Apart from their own Dao techniques, it also depended on the level of the user's strength. The torrent of ice could extinguish the flames. The flames could also incinerate the heavens and boil the seas!

Chapter 2127

Crack! Crack! Crack! Suddenly, a strange sound echoed from the battlefield, as though something was about to break through the ice seal and descend upon the world once more! The gazes of the Executioner guards shifted to Su Zimo who was frozen in the torrent. "The flames aren't extinguished?" "What sort of secret skill is that? To think that it can defend against the mighty divine

powers of so many of us!" Many Executioner guards frowned when they noticed something amiss as well. Commander Shi said coldly, "Who cares what secret skill it is? At most, we'll release another round of divine powers and secret skills. Can he defend against all of us singlehandedly? Even if we have to exhaust him, we can exhaust him to death! "Shing! Shing! Shing! Cracks appeared on the ice layer and mist billowed from within. The ice layer that spanned 5,000 kilometers was about to melt! Many Executioner guards channeled their Essence Spirits once more and conjured divine powers and secret skills, preparing to attack. Right then, the four balls of flames around Su Zimo spun beneath the thin ice layer and collided rapidly, bursting forth with a blazing light! A shuddering aura spread and flames surged into the skies! The ice layer on the battlefield melted instantly and turned into a raging torrent once more. The Caturadhi Dao Fire was condensed! Gulp! Gulp! Enveloped by the Dao fire, the torrent boiled in the blink of an eye and bubbles rose from the surface of the water with mist rising! Su Zimo's figure was faintly discernible under the shroud of the mist, turning extremely mysterious. It only took two to three breaths for the ice to boil. Against the raging torrent and the scorching steam, many Executioner guards felt stuffy and sweated profusely in an extremely uncomfortable manner. "Attack!" Commander Shi hollered. Su Zimo's expression was calm as a spirit consciousness flame burst forth from his glabella and entered the Caturadhi Dao Fire in front of him. Swoosh! Instantly, the ball of flames exploded and spread into the surroundings of the battlefield like a hurricane! Instantly, the torrent on the battlefield was vaporized! The 99 Executioner guards were all engulfed in the sea of flames! The Executioner guards thought that Su Zimo was completely frozen and gathered nearby. The Caturadhi Dao Fire spread and no one was spared!

"Ah! Ah! Ah! "On the battlefield, miserable screams could be heard. The first one who couldn't bear it was the eighth level Earth Origin Stage guards. The might of the Pentadhi Dao Flames had already exceeded the limits of what they could endure. Even if the Executioner Guards were to condense any sort of ability or secret technique, they would not be able to withstand the damage of the Pentadhi Dao Flames. Under the burning of the Pentadhi Dao Fire, the black-gold feather armor was burned red. The flesh of many Executioner guards was scalded and sizzled. Thick green smoke rose from their bodies. Some of the Black-Gold Feather Armor even melted into molten iron and stuck to the Executioner's body. No matter how hard they tried, they couldn't get rid of it. Many figures covered in flames fled in all directions with pained expressions, trying to extinguish the flames on their bodies. However, these Executioner Guards did not manage to walk very far before they could no longer hold on and were burned to ashes. Only their Executioner Blades remained on the ground. Soon, nearly forty of the ninety-nine Executioner guards were incinerated by the Pentadhi Dao Fire! Such a tragic scene caused an uproar! Whether it was the nearby cultivators or the cultivators watching the battle on the Coiling Dragon Mountain Range, they were all horrified and shocked! Duke Yuanzuo's eyes widened. His body swayed slightly and he almost ground his teeth to pieces. "This ..." The four Sky Immortals couldn't control their emotions. They jumped up from their chairs and stared at the fire on the battlefield in disbelief. This kind of lethality, this kind of destructive power, was really too terrifying! Nearly forty Executioner guards were instantly buried in the sea of fire. There were even more who were severely injured! The remaining dozens of Executioner guards relied on their higher cultivation level and abundant Yuan Qi. They used their abilities and secret techniques to preserve their lives for the time being. However, some of the ninth level Earth Origin Stage Executioner guards did not have a strong body and bloodline. Their skin and flesh were torn apart by the Dao Fire and their organs were charred black. Even if they could survive, their bodies were completely destroyed! There were only about

forty Executioner guards who could still fight on the battlefield. The rest were either buried in the sea of fire, severely injured, or crippled. In the sea of fire, cries of agony could be heard.

This scene brought too great of an impact to everyone. The Executioner guards represented the Dajin Celestial Nation and were in charge of punishment and killing. They were made up of the best Earth Immortals and Sky Immortals. Now, this fire not only severely injured the Executioner guards, it also seemed to have destroyed the reputation of the Dajin Celestial Nation! In the valley, the spectating cultivators heard the screams on the battlefield and saw the miserable state of the Executioner guards. They felt it even more vividly. Even supreme talents like the Yunlei Commandery Prince and the Chi Hong Commandery Princess turned pale at this moment. Facing such a terrifying fire, even they would find it difficult to escape unscathed! "Set up the array, set up the array!" Commander Shi was burned to ashes but he was still shouting loudly. His voice was extremely hoarse due to the large amount of smoke and dust he had inhaled. "As long as we can isolate the Yuan Qi of Heaven and Earth, this fire will be extinguished!" Another commander of the Executioner guards said loudly. Commander Shi and the others slapped their storage bags and took out sets of array flags. They scattered them on the battlefield. In the sky above the Coiling Dragon Mountain Range, Gu Xing's expression relaxed when he saw this scene. He hurriedly said, "Your Highness, don't be anxious. The remaining Executioner guards are all top experts." "Although they are all burned, once we set up the Mystic Light Energy Isolation Array, we can turn the situation around and capture this lad alive!" Duke Yuanzuo's expression was gloomy. His clenched fists slowly relaxed as he nodded and said, "That's right. Although the power of this fire mystic technique is great, it will definitely consume an unimaginable amount of energy for this lad!" "Your Highness is wise!" Gu Xing said, "When the time comes, the Executioner guards will have the absolute advantage whether it is close combat or a battle of Divine Senses." "On the battlefield." "It's the Mystic Light Energy Isolation Array of the Dajin Celestial Light Energy Isolation Array," Princess Chi Hong said with a serious expression. "When this array is set up, it can isolate the Yuan Qi of Heaven and Earth. When the time comes, we can only use Divine Senses mystic techniques or close combat." Duke Yunlei said, "Although this fire is powerful, it is useless now." Princess Chi Hong frowned slightly and said, "Why is this person standing there without any reaction? Why isn't he stopping the Executioner guards from setting up the array?" "Just Now, that fire mystic technique is so powerful. It must have consumed a lot of his energy."

Duke Yunlei said, "I estimate that this person is at the end of his tether. He is extremely weak and unable to continue fighting. Sigh, this person can be considered a rare genius with just this fire mystic technique. It is a pity that he will be destroyed in the hands of the Executioner guards." One after another, formation flags tore through the air and surrounded Su Zimo. He did not move and seemed to have lost his ability to fight. He did not try to destroy the array that Commander Shi and the others had set up. He was like a bystander as he quietly watched Commander Shi and the others plant the array flags into the ground and surround him. Su Zimo's expression was calm as he watched Commander Shi and the others enter the array. There was a hint of mockery in his eyes that was hard to detect.

Chapter 2128

Su Zimo had Qinglian's Real Body and the Lotus Seat of Creation. Naturally, he would not exhaust his Primordial Spirit after releasing the Pentadhi Dao Fire. He did not stop him because there was no need for him to do so. Outside Blue Feather City, the death of more than ten Executioner Guards was due to

the Mystic Energy Extinguishing Formation. Once the formation was set up, the remaining Executioner Guards would be caught in their own trap! However, these Executioner Guards did not realize the danger at all. When they saw that Su Zimo was not moving, they thought that the outcome was already decided. Above Coiling Dragon Mountain Range. No one knew what Commandery Prince Yuanzuo thought of, but he suddenly frowned. "Your Highness, what's wrong?" Gu Xing saw that Commandery Prince Yuanzuo's expression was strange and quickly asked, "The Mystic Energy Extinguishing Formation has been set up and the flames have been completely extinguished. Your Highness, you don't have to worry." "Gu Xing, do you still remember the Executioner Guards that died outside Blue Feather City a few months ago?" Commandery Prince Yuanzuo suddenly asked. Gu Xing nodded and said, "I remember. Those Executioner Guards were killed by the two people that Princess Meng Yao was chasing. In the end, they were burned to ashes and nothing was left behind." "That's not right." Commandery Prince Yuanzuo slowly shook his head. He stared at Su Zimo in the valley and said with hatred, "Burned to ashes. Can't you figure out who did that?" Gu Xing was shocked and said, "Your Highness, are you saying that those people were killed by Su Zimo?" "Even if he did not kill them, he must have been there!" Commandery Prince Yuanzuo said coldly, "He was the one who set the bodies of the Executioner Guards on fire!" Initially, Commandery Prince Yuanzuo did not think that it was Su Zimo who did it. After all, more than two thousand years ago, Su Zimo was only a Rank One Earth Deity. Even if Commandery Prince Yuanzuo knew that Su Zimo was already a Rank Six Earth Deity, he could not imagine how a Rank Six Earth Deity could kill more than ten Executioner Guards. However, now that he saw Su Zimo's methods with his own eyes, he connected the two incidents. In the valley. The commanders of the Executioner Guard were afraid that Su Zimo would escape. They had even set up four Mystic Radiance Energy Isolation Formations in the surroundings. They were interconnected and airtight, trapping Su Zimo within. The remaining forty or so Executioners who could still fight slowly walked towards Su Zimo with murderous looks on their faces.

Although Commander Shi blocked the damage of the Pentadhi Dao Fire, he was also burned until his head and face were covered in dirt, and he was battered and exhausted. "Su Zimo!" Commander Shi's gaze was cold as he said slowly, "You've killed so many members of the Great Jin Executioner's troop. Even if I cut you into pieces, it won't be enough to appease the hatred in my heart!" "Su Zimo, once I've captured you, I'll personally execute you and let you have a taste of my methods. I'll let you know what it means to wish you were dead!" Another Executioner gnashed his teeth and said. The other Executioners also had looks of hatred on their faces. When had they ever suffered such a huge setback? What's more, it was under the watchful eyes of everyone. Even if they captured Su Zimo alive today, the reputation of the Executioner's troop would take a huge hit! This battle was an immense humiliation for them! "Oh?" Su Zimo surveyed his surroundings and looked at the Executioner's troop that was surrounding him. He said indifferently, "You guys don't seem to understand the situation and you still want to capture me?" "Haha!" One of the Executioners burst into laughter. "Su Zimo, I'm sure you haven't seen the Mystic Light Essence Isolation Formation before and don't know how strong it is!" "Within this formation, Heaven and Earth Essence Qi is isolated. No matter how many divine powers and secret skills you have, you won't be able to release them." "Su Zimo, you're merely an arrow at the end of its flight. There's no need to continue pretending!" Many Executioners sneered, thinking that the outcome was already decided. "Is that so?" Su Zimo asked in return. His gaze intensified and he lunged forward in a flash, attacking brazenly! "How dare you!" The two Executioners at the front were already prepared. With a furious roar, they drew their Executioner's Sabers and slashed towards Su Zimo! The

sabers howled with a chilling intent!With a flash of cold light, the two Executioner's Sabers had already slashed in front of Su Zimo by a hair's breadth.However, Su Zimo did not dodge or retreat. In a flash, he reached out with both hands and grabbed the two Executioner's Sabers with his bare hands!"You must have a death wish!"

The two Executioner's guards channeled their blood qi hurriedly, wanting to crush Su Zimo's palms.However, they discovered that Su Zimo's palms were like two iron hoops that held the Executioner's Sabers in place and they could not budge at all!The two Executioner's guards widened their eyes in shock.How could a body of flesh and blood fight against a divine weapon like the Executioner's Sabers?"Let go!"Right then, Su Zimo hollered softly and suddenly exerted strength in his palms, snatching the two Executioner's Sabers from the two of them!Following that, Su Zimo tossed the sabers behind him!The two Executioner's Sabers turned into two cold beams of light that tore through the air and arrived before the two Executioner's guards in the blink of an eye!That move was way too sudden.Nobody expected Su Zimo to snatch the Executioner's Sabers with such ease and counterattack without hesitation."Ah!"The two Executioner's guards at the back reacted extremely quickly as well. With widened eyes and exhaled, they raised their Executioner's Sabers and slashed at the cold beams in front of them!Clang!The Executioner's Sabers collided and rubbed against each other, creating a series of blinding sparks!The two Executioner's guards shuddered and their expressions changed.Su Zimo's seemingly casual toss actually contained an incomparably terrifying amount of strength.Although he was a Level 6 Earth Immortal, his physical body's strength increased by four times after he released the Divine Six-Tusked Elephant.Coupled with Qinglian's true body and the Bone of Thunder, none of the Executioner's guards at the scene could take that burst of strength head-on!The two Executioner's guards raised their Executioner's Sabers and clashed with the incoming Executioner's Sabers. Not only did they fail to knock the Executioner's Sabers away, but their own Executioner's Sabers were also repelled.The center door was wide open!Pfft!The two Executioner's Sabers pierced through the faces of the two Executioner's guards, destroying their Primordial Spirits and killing them on the spot!On the other side, after Su Zimo tossed out the two Executioner's Sabers casually, he did not stop and charged forward.The two Executioner's Executioner's Executioner's Sabers were snatched away and their bodies were brought forward. Su Zimo reached out with both hands and landed on the heads of the two Executioner's guards in front, pressing down hard.

Crack!The necks of the two Executioner's guards were snapped instantly.Their heads were pressed down by Su Zimo's hands along their necks and into their chests. Their Primordial Spirits had long been shattered and they fell limply to the ground!Charge forward, snatch sabers, toss sabers and attack.The entire process was smooth and clean. Although it took time to describe, four Executioner's guards were already dead on the spot in the blink of an eye!The other Executioner's guards were about to rush forward when they realized that they had lost another four people."Spent force?"Su Zimo smiled faintly. "Sorry to disappoint you guys."Commander Shi and the others felt their scalps prickle when they saw Su Zimo's smile. Suddenly, they felt a chill run down their spines and shuddered.The confidence and arrogance they had Just Now vanished without a trace at this moment.Su Zimo surveyed his surroundings and nodded. "I have to thank everyone for setting up the Mystic Light Essence Isolation Formation. It saved me a lot of effort. Since it's your kind intentions, I won't be disrespectful to decline!"The moment he said that, Su Zimo attacked once more and caused another bloodbath!

Su Zimo relied on Qinglian's true body, thunder bone and the Six Fangs divine power. Even without blood qi, he could dominate those of the same cultivation realm in melee combat! Right now, Qinglian's true body was equivalent to a rank-10 Creation Qinglian. Even connate Earth-grade Dharma treasures could not hurt him. Furthermore, Su Zimo's melee combat techniques were fused with the Mystic Classic of the Twelve Demon Kings of the Great Wilderness, the battle techniques of Dragons and his comprehension of killing over the years. His attacks were as ferocious as a storm and explosive like a volcano. In melee combat, Su Zimo displayed his killing prowess to the extreme! Even though the Executioner guards were wielding Executioner Sabers and wearing Black Gold Feathered Armor, they could not defend against him at all! Charging into the crowd, Su Zimo was like a ferocious tiger that had descended from the mountains or a wolf that had entered a flock of sheep. He rampaged left and right, crushing the remaining Executioner guards like they were nothing! Su Zimo's hands, elbows, shoulders, hips, legs, knees and feet – every single part of his body was a weapon that could kill! Just his fair and tender hands alone, his fists were like hammers, his fingers were like swords and his palms were like sabers – there were many transformations to them. Every transformation was capable of killing! Dozens of Executioner guards, peak Earth Immortal experts who were fully armed, could not gain the slightest advantage against Su Zimo. The cultivators in the valley who were watching the battle widened their eyes in shock. "That man looks like a scholar with delicate features. However, he doesn't show any mercy when he fights and there seem to be traces of countless ferocious beasts on his body!" Princess Chi Hong was secretly shocked and murmured softly. Duke Yunlei's expression was grim as well. "That man's melee combat techniques are way too ferocious and his entire body is filled with weapons! In fact, I suspect that a single strand of his hair can be used to kill!" They were the two most famous paragons in this immortal sect selection with the strongest combat strength in this year's immortal sect selection. However, both of them were wary after witnessing Su Zimo's methods. If they had not witnessed it with their own eyes, neither of them would have believed that a weak scholar could unleash such terrifying combat strength as a Level 6 Earth Immortal! On the battlefield. In just a few dozen breaths of time, 18 of the 40 Executioners had fallen! "Activate your Essence Spirit secret skills. Everyone, attack together and kill it!"

At this critical juncture, Commander Shi finally made a decision. He no longer held back and no longer hoped to capture Su Zimo alive. This decision was against Commandery Prince Yuanzuo's orders and he would be severely punished. But if they still held back, all of them would die here! This battle had nothing to do with orders, face, or dignity. It was a matter of life and death. Only the winner could leave this place alive! As soon as Commander Shi's voice fell, a burst of strong Spiritual Consciousness fluctuations erupted on the battlefield. The remaining 22 Executioner guards glared at Su Zimo and their glabella shone. Almost at the same time, they released their Essence Spirit secret skills without holding back! Su Zimo looked fearless. After attaining the Six Fangs Divine Force, his Primordial Spirit was no weaker than a Level 9 Earthly Deity! A dragon scale floated in mid-air, emanating a heart-palpitating aura. Many Essence Spirit secret skills collided against the dragon scale silently. However, the entire world seemed to have stopped! Only the water curtain above the valley swayed slightly and rippled slightly. The millions of cultivators watching the battle from the Coiling Dragon Mountain Range felt their hearts skip a beat as they watched the battlefield intently with nervous expressions. A fight between Essence Spirits was the most dangerous and any carelessness could lead to death! The four Heavenly Immortals were tense as well. Previously, they knew that Su Zimo's Essence Spirit was extremely high. However, it was unlikely that he would be able to fight against the Essence Spirit secret skills of the 22 Executioner guards. When

the dragon scale appeared, a plain-robed woman in a carriage among the crowd suddenly blurted out, "Reverse Scale!" "What?" The girl in the carriage was focused almost entirely on the battlefield and did not hear it clearly. As such, she asked instinctively. The plain-robed woman murmured softly, "Someone's going to die." At the same time, a series of cracks appeared on the dragon scale that floated in midair in the valley before shattering with a bang! As for the Essence Spirit secret skills of the 22 Executioner guards, only 12 of them shattered. The remaining 10 shot towards Su Zimo! It was over. At the sight of this, a series of sighs could be heard from the Coiling Dragon Mountain Range.

"To think that he wouldn't be able to escape from the Executioner guards in the end." "To be able to tangle with the Executioner guards for so long and kill so many of them as a Level 6 Earth Immortal, he should be proud even if he dies." After killing so many Executioner guards, even if he survives, he won't have a good ending in the future. The destruction of his primordial spirit and a quick death is a good outcome for him. The crowd had already begun discussing. However, in midair, the four Heavenly Immortals, Duke Yuanzuo, Lone Star and the others with sharp eyesight did not say anything. They were still watching the battlefield and the shock in their eyes intensified! Thud! Thud! On the battlefield, 12 Executioner guards fell to the ground stiffly with dim eyes and lifeless faces. Their lifeforce drained rapidly and they were already dead! When the Essence Spirit secret skills of the 12 Executioner guards collided with the Reverse Scale, the Essence Spirits in their consciousness could not escape the killing of the Reverse Scale as well! Anyone who touched the Reverse Scale of a dragon would definitely die! Many cultivators watching the battle were dumbfounded and could not react to what had happened. Su Zimo conjured hand seals and released another Essence Spirit secret skill! A golden Sanskrit character floated out from his glabella and collided with the remaining 10 Essence Spirit secret skills. Rulai Dharmic Seal! Another five of the 10 Essence Spirit secret skills were shattered. Immediately after, Su Zimo touched his glabella gently and lightning flashed. A long whip that was surrounded by lightning bolts was pulled out from his consciousness and lashed against the remaining five Essence Spirit secret skills! Spirit Vanquishing Whip! The Essence Spirit secret skills of both parties collided and dissipated completely. The battlefield was filled with chaotic spirit consciousnesses. The remaining 10 Executioner guards grunted dully and blood drained from their faces. Although the Rulai Dharmic Seal and Spirit Vanquishing Whip were strong, they did not have the terrifying killing power of the Reverse Scale. The Essence Spirits of Commander Shi and the others suffered varying degrees of impact but they were not at the point of death. Of course, in the fight between Essence Spirits, Su Zimo's consciousness suffered an intense spirit consciousness impact as well. However, Qinglian's Essence Spirit sat upright on the Creation Lotus Platform with 90 Qinglian Seeds revolving around her, defending against the spirit consciousness impact.

Although Qinglian's Essence Spirit was greatly exhausted and did not have much power left, she was not injured. Another 12 of the remaining 22 Executioner guards were dead! The remaining 10 Executioner guards were all injured as well. This time round, their Essence Spirits were not the only ones injured by the Wuadhi Dao Fire! Su Zimo had the absolute upper hand in this Essence Spirit fight! The plain-clothed woman was not surprised by that scene. Back then, even the Ice Soul Silver Armor that she gave to Yun Ting to p

Chapter 2130

The remaining ten Executioner guards were scared out of their wits. Almost at the same time, the remaining ten Executioner guards could not be bothered about their pride or orders as they turned and fled out of the Mystic Light Essence Isolation Formation! Commander Shi and the others were completely scared out of their wits! They had more than a hundred Executioner guards on this trip but now, there were only ten of them left. The rest were either dead or injured in an extremely tragic manner. Who would dare to fight Su Zimo? That was the only thought in Commander Shi and the others' minds. The ten of them turned and fled. However, Su Zimo was even faster. Stomping his feet, the ground shook and he tore through the air like an arrow with a buzzing sound! Bang! One of the Executioner guards was caught by Su Zimo and was smashed into pieces, dying on the spot! Su Zimo did not stop and changed directions, chasing after another Executioner guard. Before long, Su Zimo caught up to the second Executioner guard and pierced the back of his head with a finger. His Essence Spirit was destroyed and he died. The remaining Executioner guards were scared out of their wits and could not even unleash half of their peak combat strength. Furthermore, their Essence Spirits and bodies were injured. Su Zimo chased after them like he was chopping vegetables and nobody could stop him for a single moment! Although Commander Shi and the others fled in different directions, there was no essence qi in the Mystic Light Essence Isolation Formation and they could only use their physical strength to flee – there was no way they could match Su Zimo's speed. By the time Commander Shi escaped from the Mystic Light Essence Isolation Formation, he realized that seven of the ten of them had been killed by Su Zimo. Including Commander Shi, there were only three people who managed to escape in the end! The three of them exchanged glances with fearful expressions – all of them felt bitter when they saw the wretched state of the other party. The high spirits and bloodlust they had when they first entered the valley were long gone. Right now, the three of them were like stray dogs and were in a wretched state. Thankfully, after escaping the range of the Mystic Light Essence Isolation Formation, the three of them could channel their Essence Spirits and control the essence qi of Heaven and Earth to release movement techniques and secret skills to escape this place. Pshew! A streak of golden light tore through the air and arrived instantly! Under Commander Shi's gaze, one of the Executioners was penetrated by the golden light. His body exploded, and he died instantly!

The golden light was none other than Su Zimo, who had cast his Extreme Speed Divine Art and had a pair of Great Peng Wings behind him. "It's really him!" Princess Chi Hong cried out in alarm. When she saw that Su Zimo was only a Tier 6 Earthly Immortal, Princess Chi Hong had her suspicions. However, when she thought about it again, the sickly young man she met only had extremely fast movement techniques. How could he have such terrifying means? But now, after seeing Su Zimo use the secret technique of the golden wings, she was certain. At the same time, a lingering fear surged in Princess Chi Hong's heart. If this person hadn't chosen to avoid the battle back then, perhaps even she would have been buried here! When Commander Shi and the other Executioner saw this, they did not even think about it. They split into two different directions and turned to flee. Su Zimo chased after one of them. At the same time, he slapped his storage bag and flicked his sleeves. Dozens of black shadows were thrown out and surrounded Commander Shi. These dozens of black shadows landed on the ground and formed a familiar array. When Commander Shi barged into this array, he suddenly felt his Yuan Qi drying up. His body fell and he could not help but exclaim, "Mystic Light Energy Dissipating Array!" Su Zimo also had the array flag of the Mystic Light Energy Dissipating Array. On the way from Blue Feather City to Coiling Dragon Mountain Range, he had already refined this array flag for his own use. "Ah!" Not far away, a blood-curdling scream could be heard. After killing another person, Su Zimo turned and walked toward

Commander Shi. This Mystic Light Energy Dissipating Array could not trap Commander Shi. However, it could only delay him for a moment before Su Zimo rushed back. Commander Shi had just charged out of the Mystic Light Energy Dissipating Array when he bumped into Su Zimo, whose face was filled with murderous intent. "Su Zimo, y-you killed so many Executioner guards! Y-You ..." Commander Shi's heart skipped a beat and his voice quivered as well. Bang! Unfortunately, Su Zimo was not interested in listening to him at all. Without a single word, he strode forward and slapped Commander Shi's head, shattering the latter's Essence Spirit! At this point of the battle, all 112 Executioner guards were wiped out.

Some of the Executioner guards who were severely injured and lost their combat strength but were still alive were scared out of their wits and shivered on the spot. They were fish on the chopping block and were at Su Zimo's mercy. Su Zimo walked towards the Executioner guards expressionlessly. The fates of these people were already set. Since he had already attacked, Su Zimo would not show any mercy and leave no loose ends! In the skies above Coiling Dragon Mountain Range. The four Heaven Immortals heaved a long sigh of relief. Unknowingly, the four of them stood up from their seats. Now that the dust had settled, the four of them relaxed slightly and sat back down slowly. Although the four Heaven Immortals looked calm, their hearts were in turmoil after witnessing this battle with their own eyes. He was too strong! Initially, the four Heaven Immortals thought that Su Zimo was merely the most outstanding paragon in this immortal sect selection and a talent that could be molded. It was only now that the four Heaven Immortals realized that Su Zimo might be the most terrifying monster incarnate in the past 10,000 or even 100,000 years! A monster incarnate as such was someone who could support an entire sect singlehandedly! They had to do their best to recruit this person into their sect. As for the feud between this person and Duke Yuanzuo, the four Heaven Immortals did not take it to heart. At the thought of Duke Yuanzuo, the four Heaven Immortals glanced over. Not far away, Duke Yuanzuo stood in midair, his body trembling slightly as he glared at the figure in the valley. His eyes seemed to be spitting fire. If not for Lone Star holding him back, he might have charged down without a care for anything else! At this moment, Su Zimo was cleaning up the battlefield. Su Zimo would kill all the severely injured Executioner guards. At this point, there was no room for negotiation. It was either you die or I live! "Fellow Daoists, you've seen it too!" Duke Yuanzuo pointed at Su Zimo in the valley, gritted his teeth, and said coldly, "This brat is so arrogant and has no regard for anyone else. He treats me like I'm nothing! Fellow Daoists, please remove the formation outside the valley and let me charge in and tear this brat into pieces! ""Hehe." Heaven Immortal Qing Feng chuckled. "Duke Yuanzuo, please calm down. This arrangement was made by you and has nothing to do with us."

"Duke Yuanzuo, the immortal sect selection is not over yet. We can't remove the formation." Yang Ruoxu said, "Furthermore, Heaven Immortals are not allowed to interfere in the immortal sect selection." "But my men are all dead!" Duke Yuanzuo was already hysterical. He shouted at the four Heaven Immortals, "More than a hundred Executioner guards from the Dajin Immortal Kingdom died inside!" "You asked for it." Tian Yuan said slowly. "You!" Duke Yuanzuo was furious. He glared at Tian Yuan and almost attacked. Fortunately, Lone Star stopped him. However, he suppressed his anger. In the end, he could not hold it in and spat out a mouthful of blood.
