

Sacred King 2131

Chapter 2131

The Coiling Dragon Mountain Range was in an uproar after more than a hundred Executioners were killed. Many cultivators' faces were flushed with excitement as they discussed heatedly. This battle had a strong impact on many cultivators. Before this, who would have believed that a Rank 6 Earth Deity would dare to attack and kill the Executioners? Who would have believed that a Rank 6 Earth Deity could kill more than a hundred Executioners? This battle was even more intense and shocking than the Immortal Sect Selection that had lasted for almost a year! This was a direct challenge to the Dajin Immortal Nation! This was a direct declaration of war against Duke Yuanzuo! Some were gloating and concluded that Su Zimo would definitely die. Some were disdainful that Su Zimo's actions were like throwing an egg against a rock. It was more like an ant trying to shake a tree. Some were regretful that such a genius would die before he could fully mature. In the carriage, the girl gradually calmed herself down and said, "This Su Zimo is indeed powerful. He can even defeat Duke Yunlei. However, he is still not strong enough to be a match for Duke Yunting. ""Before Duke Yunting went into seclusion, he was already a Rank 9 Earth Deity. If he comes out of seclusion, he will most likely break through to become a Heaven Immortal!""This is different." The girl in plain clothes shook her head and said, "Yunting's cultivation speed is so fast not only because of his talent, but also because he is dedicated to Sword Dao.""As for Su Zimo, he has learned a lot of things. Based on his attack earlier on, I can tell that he has dabbled in the secret skills of immortals, Buddhas, fiends and even demons. In fact, he has an extremely deep understanding of them!""This is too difficult! You have to know that a person's energy is limited. If you want to cultivate many Dao skills, it will be difficult to cultivate them to the peak. If you want to increase your cultivation level, it will take ten times or even a hundred times more time. ""It's understandable that this person cultivates Dao skills of Immortals, Buddhas and Demons. It's incredible that he can cultivate the Demons' secret skills to this level.""I'm curious what kind of body type he has." The girl in plain clothes was full of praise for Su Zimo. "But I have a feeling that Su Zimo is no match for Commandery Prince Yunting!" The young girl said, "Commandery Prince Yunting has obtained two great inheritances over the years. He is much more powerful than before!"

"How do you know that this person doesn't have any other means?" The plain-clothed woman asked with a spurious smile. "Ah." The young woman was stunned for a moment before she said, "This person still has a trump card? That's impossible, right?" The plain clothed woman smiled faintly and said, "Let's not talk about anything else. Have you seen him use any magic treasures?" "This ..." The young girl hesitated for a moment and said with a guilty conscience, "Maybe he doesn't have a magic treasure." The plain-clothed woman looked at the figure in the valley and pondered for a moment before she slowly said, "According to my knowledge, he possesses an extremely powerful magic treasure of great origin!""This man is unfathomable. Even I can't see through him. He may be Yunting's greatest opponent in the future." ... In the valley. Right in front of many cultivators, Su Zimo cleaned up the battlefield and kept all the storage bags of the Executioner guards. Although there might not be any supreme treasures in the storage bags of the Executioner guards, there were plenty of cultivation resources such as Essence Spirit Ores and Major Essence Formation Elixirs. Su Zimo had just gone through a huge battle and seemed to be exhausted. However, no one dared to step forward to fight for him. Even an existence like Commandery Prince Yunlei did not want to get into a conflict with Su Zimo. After cleaning up the battlefield, Su Zimo turned to leave. Many cultivators made way for him hurriedly. Only Infanta Chi Hong rode on her flying sword and arrived before Su Zimo, blocking his

path."Hey,"Infanta Chi Hong raised her head slightly and said, "Since you're so strong, it's a little unfair for you to be my guard. How about this? I'll invite you to be my guest elder. There's no hierarchy between us. ""Moreover, I can share many of my cultivation resources with you. What do you think?"Su Zimo raised his head and looked at Infanta Chi Hong indifferently. He asked, "I've killed so many Executioner guards and destroyed one of Yuanzuo's avatars. He's waiting outside to kill me. Can you protect me?"""I ..."Infanta Chi Hong was speechless.Although she was the infanta of the Flaming Sun Immortal Kingdom, she was only an Earth Immortal.

Her status among the Commandery Princes and Infanta of the Flaming Sun Immortal Kingdom was not high enough to go against Commandery Prince Yuanzuo for an outsider.Su Zimo had expected this outcome and was not surprised. He walked around Infanta Chi Hong and continued forward.Infanta Chi Hong pouted her red lips and looked at Su Zimo's back view angrily. She felt wronged.It was not that she was afraid of Commandery Prince Yuanzuo or that she did not want to protect Su Zimo.It was just that she did not have the strength to go against a Level Nine Heavenly Immortal like Yuanzuo in the Flaming Sun Immortal Kingdom.She participated in the Immortal Sect Selection because she wanted to make use of the Four Major Immortal Sects to become a dragon and soar into the sky!As Su Zimo walked forward, he thought about what might happen after the Immortal Sect Selection ended.There were five more days before the Selection ended.At that time, he would have to face an extremely angry Commandery Prince Yuanzuo!Even Su Zimo could not be sure what would happen at that time.He made this choice because he was betting that the Four Major Immortal Sects were not afraid of offending the Dajin Immortal Kingdom.As long as one of the Immortal Sects was willing to accept him, he would be able to resolve the crisis in five days.Of course, the most important thing for him now was to gather enough Coiling Dragon Tokens.He had more than 1,200 Coiling Dragon Tokens with him.If he wanted to enter the top 100, he would have to gather 1,800 Coiling Dragon Tokens.Four hours later.On top of a mountain, Liefeng was leading more than a hundred cultivators. They were resting with their eyes closed."Boss Lie Feng, I heard that the Executioner's Guards have gone over there to kill someone called Su Zimo. Many cultivators have gone over to watch the battle."One of them said.Lie Feng grunted in acknowledgment. His eyes were half-closed and he did not reply.When another person heard this, he came over and asked, "Boss, why don't we go over there and join in the fun?""Join in the fun?"Lie Feng sneered and said, "I think with such a big commotion, people like Commandery Prince Yunlei, Commandery Princess Chi Hong and the ruthless people in the valley must have gone over there! If we go and join in the fun now, aren't we afraid of losing our lives? "

"You're right, boss."Immediately, a cultivator smiled and flattered him."Eh?"Just then, the cultivator pointed not far away and said, "Boss, look! There's a Rank 6 Earth Deity over there. He's alone!"Is that the sickly guy?"Lie Feng suddenly became spirited. He stood up with a thud and looked over.Back then, he had lost track of that sickly guy. He had always been thinking about him and had been suppressing his anger."It's not that guy. But he must be a fat sheep to be able to hold on until now. Do you want to make a move?" That person's eyes were burning as he licked his lips."Do you even need to ask?"Lie Feng waved his hand and said, "I'll leave this guy to you. You can divide the Coiling Dragon Tokens among yourselves. I have enough Coiling Dragon Tokens."

Chapter 2132

Coiling Dragon Mountain Range.Although the battle between Su Zimo and the Executioner's Guard had ended more than four hours ago, the cultivators were still discussing fervently.If nothing went wrong, news of the Immortal Sect Selection would definitely spread throughout the Divine Clouds

Continent."Look, what's going on over there?" "We've encountered Lie Feng's group again!" "Those people are really courting death. To think that they would take the initiative to surround him!" When Su Zimo arrived in the valley, he was surrounded by Lie Feng's group. At that time, none of the cultivators thought that he would be able to make it out alive. But now, more than 20 days had passed and the scene before them felt like it was just yesterday. However, everyone's opinions were completely different now. Many cultivators looked at Lie Feng's group with pity in their eyes. If nothing went wrong, apart from Lie Feng, there should be another person in Lie Feng's group who could enter the final 100. Now that these people had set their sights on Su Zimo, the consequences could be imagined. In the valley. Dozens of cultivators rushed up and surrounded Su Zimo. All of them looked at Su Zimo with burning eyes, wanting nothing more than to swallow him alive. "Fellow Daoist, you don't look familiar." A fat cultivator asked with a grin, harboring malicious intentions. "Is that so?" Su Zimo looked around and said with a faint smile, "You guys look familiar. I think I've seen you before." "Hahahaha!" The dozens of cultivators around burst into laughter. A cultivator proudly said, "Did you see that? We brothers are quite famous in this valley. This person also recognizes us." The first fat cultivator raised his head slightly and asked, "Fellow Daoist, how many Coiling Dragon badges have you obtained in the past year?" "More than 1,200." Su Zimo did not hide anything and said frankly. The eyes of the surrounding cultivators lit up! 1,200 Coiling Dragon badges! If some of them could obtain them, they might even have a chance to break through the 1,800 mark! Even Lie Feng, who was resting with his eyes closed not far away, was slightly surprised. He peeked over through a slit in his eyes. "My prophecy came true! This is truly a fat sheep, hahaha!" The plump cultivator was grinning from ear to ear.

"Hehehehe ..." Su Zimo also laughed. "You idiot, you're still laughing like a fool!" Suddenly, the fat cultivator's expression turned menacing as he strode forward and raised his hand to slap Su Zimo's face. His fat and thick palm created a gust of wind! The plump cultivator didn't hold back at all. He wanted to kill Su Zimo right here and now, not even giving Su Zimo a chance to use the Coiling Dragon token! The smile on Su Zimo's face didn't falter. He made his move as well, slapping the plump cultivator's face. This palm strike was even faster and fiercer! Let alone the surrounding cultivators, even the fat-faced cultivator was unable to react in time. His palm was only halfway there when Su Zimo's slap landed on his chubby face! Pa! The plump cultivator's face was clearly fractured and deformed. Half of his face caved in from the slap and flesh flew everywhere! That slap shattered the plump cultivator's Essence Spirit instantly. The fat corpse crashed into the crowd. The force was so terrifying that the bones of the other two cultivators were smashed into smithereens! Since that person was merciless, Su Zimo wasn't going to hold back either. After killing that person, Su Zimo took advantage of the stunned expressions of the surrounding cultivators to strike once more and lunge into the crowd for a massacre! In melee combat, even the Executioner guards with Black Gold Feathered Armor were not a match for Su Zimo. This group of cultivators was even worse. Although the combat strength of this group of cultivators wasn't weak either, they were nothing compared to the Executioner guards who were bloodthirsty, disciplined and had great teamwork. Su Zimo rampaged and crushed everyone in his path – anyone who fought him head-on was either killed or injured! The battlefield was in chaos with tragic cries and blood mists spreading everywhere. The initial smugness on the faces of the dozens of cultivators was replaced by endless fear. Just what sort of an existence had they offended? Buzz! Buzz! Some of the severely injured cultivators did not dare to linger on the battlefield and summoned their Coiling Dragon Badges to teleport away. "How dare you!" When Lie Feng saw that his group had suffered heavy losses, he could not help but soar into the air in a rage.

He led the remaining dozens of cultivators forward and released a series of divine powers, secret skills, immortal arts and Dharmic treasures that formed a gigantic net that enveloped Su Zimo. Su Zimo's eyes shone with a glint as he conjured hand seals repeatedly. Suddenly, a resplendent starry sky appeared above his head. Most of the starry sky was dark. However, there were also billions of stars that shone brightly and surged into Su Zimo's body endlessly! Every single orifice of Su Zimo shone with starlight and his aura expanded! The Mystic Spirit Big Dipper Diagram had descended! Bang! Bang! Bang! The Mystic Spirit Big Dipper Diagram hovered above Su Zimo's head and his combat strength increased exponentially. Even though he was bare-handed, he could take on the descending divine powers and Dharmic treasures head-on with his physique without being disadvantaged! However, the moment Su Zimo closed in, the cultivators would not be able to defend against him at all. Lie Feng released two or three divine powers and secret skills in succession but none of them could hurt Su Zimo at all. Instead, the distance between the two of them narrowed. A hint of fear flashed through Lie Feng's eyes and he wanted to retreat. He had enough Coiling Dragon Badges in his storage bag and there was no need for him to fight to the death with this ruthless person who appeared out of nowhere. As for the cultivators gathered around him, he did not care about them at all. The immortal sect selection was about to end – there was no need for him to implicate himself for these cultivators! At that thought, Lie Feng made a decision and declared, "Fellow Daoist, I'm impressed that you're capable. However, I don't want to fight to the death with you just yet. Let's part ways here today. If there's a chance, we'll definitely have a fight in the future!" Su Zimo smiled indifferently. "Haven't you been searching for my whereabouts for the past few days? Why are you leaving now that you've bumped into me?" "Y-You're ..." Lie Feng's expression changed when he heard that. The only person he had been searching for the past few days was that sickly young man. Could this person be that sickly cripple? Su Zimo's eyes shone brightly as he burst forth with Ethereal Wings, Zephyr Thunder Wings, Earth Traversing Golden Light, Heaven's Feet and other secret skills, causing his speed to increase exponentially. A phantom passed through the gaps between the saber lights and sword shadows and charged towards Lie Feng.

"It's really you!" Lie Feng's heart shook as he cried out in surprise. He was all too familiar with that movement technique and burst of speed. "Do you think you're worthy of fighting me?" In the blink of an eye, Su Zimo arrived before Lie Feng and hollered, grabbing towards Lie Feng in reverse. In the center of his palm, a storm of sword qi was condensed. The moment it descended, it exploded! Countless white sword qi splattered everywhere and pierced into the crowd, causing wails. Every single sword qi was Heaven Slaying Sword Qi! That killing power swept through the battlefield and was invincible! Lie Feng who was close by was the first to bear the brunt!

Chapter 2133

Liefeng roared furiously and channeled his Essence Spirit to form a defensive mystic art. However, his mystic art was pierced by the Heaven Slaying Sword Qi the moment it was released! Poof! Poof! Although Liefeng managed to escape with his vitals intact, his body was still riddled with holes from the Heaven Slaying Sword Qi. Blood gushed out and he was in a tragic state. Liefeng was indignant. If he had not met Su Zimo, he would definitely be able to enter the top 100 and join the Four Immortal Sects with the number of Coiling Dragon Badges in his storage bag. However, he knew very well that he might be killed by Su Zimo on the spot if he stayed here any longer! He was still rational and could tell what was more important. Liefeng could only summon his Coiling Dragon Badge and a glow surged around him. Su Zimo

sneered, "You can't even take a single move from me and you want to fight me?" Upon hearing that, Liefeng's body swayed slightly and he almost fainted. He was also a Level 9 Earth Immortal and a paragon of the immortal sect selection. He had never suffered such a blow before. However, he did not refute nor did he have any thoughts of resisting. The person before him was only a Level 6 Earth Immortal. Liefeng knew very well that he would never be able to catch up to this person in his entire life! After Liefeng left, the remaining cultivators could not hold on at all and were defeated by Su Zimo. All of them summoned their Coiling Dragon Badges and left the valley. Thus, a rather spectacular scene appeared both inside and outside the valley. In an extremely short period of time, cultivators fell onto the Coiling Dragon Mountain Range one after another. In the valley, a large number of Coiling Dragon Badges floated on the battlefield. After those cultivators left, the Coiling Dragon Badges would automatically remain in the valley. After the battle ended, there were close to 4,000 Coiling Dragon Badges left behind! Su Zimo waved his sleeves and kept all the Coiling Dragon Badges in his storage bag. Including the Coiling Dragon Badges he obtained earlier, he had more than 5,000 Coiling Dragon Badges! After this battle, Su Zimo's Coiling Dragon Badges rose to first place! In midair, Yang Ruoxu's gaze narrowed and he pondered for a long time before saying slowly, "If I'm not wrong, the sword qi that Su Zimo released Just Now ..."

Yang Ruoxu wanted to say something but stopped. "Heavenly kill!" Tian Yuan spat out two words from his mouth. "It's the Heaven Slaying Sword Art!" "No wonder." Celestial Immortal Whitesea and Celestial Immortal Greenpeak felt their hearts tremble as realization dawned on them. The Three Great Sword Techniques were extremely famous even in the Upper Realm. The reason why Yun Ting could sweep across those in the same rank was because of the Human-Slaying Sword Art that he cultivated. Of course, among the Three Great Sword Techniques, the Human Killing Technique was the most important! "Hehe!" Celestial Immortal Bai Hai seemed to have thought of something. He suddenly laughed and said, "This is interesting. There's a chance for the three lost Sword Arts to be reunited in this life. I'm afraid Su Zimo and Yun Ting are going to have a fierce battle. ""The two of them are still lacking." Celestial Immortal Azurepeak shook his head. "Although this kid has many trump cards, he probably won't be able to withstand Yunting's sharpness. What's more, there's still a few levels of difference between the two of them. ""With Yun Ting's aptitude and talent, he'll definitely become an Immortal King in the future if nothing unexpected happens. I'm afraid that in a few years' time, you and I will all be below him. "Yang Ruoxu said, "Even if there's a gap between the two of them, Su Zimo is still a monster second only to Yun Ting in recent years." The four Celestial Immortals chatted casually without holding back. Beside them, Duke Yuanzuo's expression was extremely ugly. The four Celestial Immortals obviously had the intention to side with Su Zimo! However, Duke Yuanzuo did not give up. As long as Su Zimo did not join the Four Major Immortal Sects, he was not considered a member of the Four Major Immortal Sects! The Immortal Sect Selection continued. The next few days were uneventful. The cultivators who had entered the top 100 were basically confirmed. There were no changes. The top three were Su Zimo, Princess Chi Hong, and Duke Yunlei. A few days later, the Immortal Sect Selection ended. The water curtain in the valley slowly faded away. After a year, the barrier between the valley and the Coiling Dragon Mountain Range finally disappeared.

"Everyone, come up." Celestial Immortal Azurepeak said loudly. In the valley, the top 100 cultivators slowly rose into the air and headed towards the Four Major Immortal Sects. "Su Zimo!" When Duke Yuanzuo saw Su Zimo in the crowd, his eyes seemed to spit out two streams of fire. He recalled the hundred over Executioner Guards that he had brought along and how they were all killed in the valley.

He also recalled Su Zimo's provocative gesture in the valley. Duke Yuanzuo had just calmed down, but his rationality was once again overwhelmed by hatred and anger! Duke Yuanzuo could no longer hold back. He let out a low roar and released an Exceptional Super Power! "Heaven Slash!" Duke Yuanzuo used his palm as a knife and slashed viciously in Su Zimo's direction. One could only comprehend the Heaven Slash when they had comprehended the Saber Dao to the extreme. A blazing white light streaked across the sky, leaving a deep mark in the sky as if a heavenly saber had slashed through it! It could even slice the sky in half! The Heaven Slash was an Exceptional Super Power that was the most ferocious and deadly! When Duke Yuanzuo attacked, he did not give Su Zimo any chance of survival. Initially, he thought that he could capture Su Mo alive. However, the current situation did not allow him to do so. He might as well kill Su Zimo and vent some of his hatred! At the same time, Gu Xing suddenly attacked as well. Gu Xing suddenly stretched out his hand in Su Zimo's direction. His palm looked ordinary. However, in mid-air, a huge hand that was shining with dark golden light suddenly appeared. It was as if it could pluck the stars and the moon, and it enveloped Su Zimo! Exceptional Super Power, Star Plucking Hand! Even the stars in the sky could be plucked. This showed how terrifying this Exceptional Super Power was. This Star Plucking Hand was enough to destroy the world! The two Level Nine Heaven Immortals attacked at the same time and unleashed their Exceptional Super Power. They wanted to kill Su Zimo! "Hmph!" Tian Yuan snorted and suddenly attacked, slashing forward. A huge abyss lay between the heavens and the earth. Chilly winds blew, and it was gloomy and deep. The cold light condensed by the Heaven Slash descended. It did not hurt Su Zimo at all and sank into the abyss.

Rumble! Then, the abyss collapsed. The power of the Heaven Slash also sank. The Great Star Plucking Hand was not blocked. It broke through the air and covered the sky! Yang Ruoxu raised his hand gently and his sleeves fluttered. It was as if there was a universe in it that could contain all living things. Exceptional Super Power, Universe in the Sleeve! This Exceptional Super Power was related to space. However, it did not have any killing power and its effect was limited. However, when it was released by Yang Ruoxu, it revealed endless mysteries. It could even contain the Star Plucking Hand. It was as if it could contain all living things! The Star Plucking Hand descended. However, before it could land on Su Zimo, it was absorbed by the Universe in the Sleeve. In the blink of an eye, the four Heaven Immortals had already exchanged blows. The sky changed color, the surrounding clouds surged, and the Vital Qi boiled! The Coiling Dragon Mountain Range, which was originally bustling with noise, became silent in the blink of an eye. The Heaven Immortals were fighting! One side represented the Four Immortal Sects, and the other side was the Duke of the Dajin Celestial Kingdom! Both sides were shockingly powerful in terms of status and backing!

Chapter 2134

Seeing this, Su Zimo was slightly relieved. If the Sky Immortals of the Four Major Immortal Sects didn't help him, he wouldn't be able to escape even if he used all his trump cards. "What are you doing!?" Duke Yuanzuo glared at Tianyuan and Yang Ruoxu and questioned them sternly. "What are you doing?" Yang Ruoxu asked calmly. Although Sky Immortal Qing Feng didn't do anything, he smirked and said, "Duke Yuanzuo, you may be of noble status, but don't forget where you are!" "If you want to do whatever you want, go back to your Dajin Immortal Nation." Tianyuan also spoke slowly with an unfriendly tone. Duke Yuanzuo gritted his teeth and said, "This kid killed so many Executioners of the Dajin Immortal Nation. No matter where he goes, the Dajin Immortal Nation won't let him go!" Lonestar said, "Fellow cultivators, you saw what happened in the valley with your own eyes. Why are you still protecting

him?"Sky Immortal Bai Hai waved his folding fan and smiled. "Your Highness, please calm down. In my opinion, this matter really can't be blamed on this person. ""After all, those Executioners entered the valley to kill Su Zimo, and they were killed in the end. It's their own fault. Those who kill will be killed by others. "Sky Immortal Bai Hai was from the Flying Immortal Sect and was from the same Immortal Sect as Princess Mengyao.Now that even Sky Immortal Bai Hai stood up for Su Zimo, the situation was extremely unfavorable.Duke Yuanzuo's face turned pale, and he laughed out of anger. "So you're blaming me?" "I didn't say that." "Sky Immortal Bai Hai shook his head, but his smile didn't fade.Sky Immortal Qing Feng waved his hand and ignored Duke Yuanzuo. "Let's start."The final hundred participants of the Immortal Sect Selection had been chosen. Next, the Four Major Immortal Sects would choose the participants according to the number of Coiling Dragon Tokens.If two or more Immortal Sects chose the same person at the same time ...The choice would be made by that person.It would depend on which sect he chose in the end."Su Zimo, the one with the most Coiling Dragon Tokens, come to the front."Sky Immortal Qing Feng said.Su Zimo walked out from the crowd and came to the front of the crowd.

"Briefly introduce yourself, your family background, and which sect you're from."Green Peak Celestial Immortal Dao."I am Su Zimo from the Lower Realm."Su Zimo did not hide anything and said frankly.An uproar broke out in the Coiling Dragon Mountain Range as soon as the words were spoken. Many cultivators began to whisper among themselves."To think that he's actually a servant with such a poor background. ""Seeing that he has so many tricks up his sleeves, I thought that he came from some prestigious clan and was chased down because he offended the Great Jin Immortal Empire. ""So what if he came from the lower realms? His methods are unyielding and he is number one in this year's Immortal Sect general election!""Hehe, so what if you're number one? So what if you've joined the Four Major Immortal Sects? That year, Feng Cantian was still the disciple of an Immortal Emperor, but in the end, didn't he still have to flee everywhere with nowhere to go? "Su Zimo could clearly notice that not only were the millions of cultivators below, many cultivators from the Four Great Immortal Sects also revealed looks of contempt and ridicule.The four Heaven Immortals remained calm. They did not show any disdain on their faces.In addition to that, Yang Ruoxu's gaze toward Su Zimo was filled with admiration and encouragement."You've heard it too!"Duke Yuanzuo said in a deep voice, "This Su Zimo is only a lowly servant whose life is worthless. Why don't you give me some face?" "Heroes don't care where they come from."Yang Ruoxu turned to Duke Yuanzuo and said, "I, Yang Ruoxu, am also from the lower realms. In your eyes, am I also lowly and worthless?"Su Zimo was slightly shocked.No wonder Yang Ruoxu was giving him such a look Just Now.The crowd below was in an uproar.Most of the cultivators had no idea about Yang Ruoxu's background.Duke Yuanzuo was stunned too.He did not know that Yang Ruoxu was from the lower realms. Just Now, although his words were directed at Su Zimo, he was also scolding Yang Ruoxu.Yang Ruoxu ignored Duke Yuanzuo and said in a deep voice, "The Heaven and Earth Academy is interested in recruiting Su Zimo. The three of you can make your choice. ""The Mountain Sea Immortal Sect wants him."Tianyuan did not say much, but his tone was firm and there was no hesitation.

Heaven Immortal Qing Feng followed closely behind and said, "The Imperial Wind Monastery wants him."Heaven Immortal Bai Hai hesitated for a while, then said with a smile, "The Flying Immortal Sect is interested too."The Four Great Immortal Sects wanted him at the same time!If he was just an ordinary cultivator, the four Heaven Immortals might not have a direct conflict with Duke Yuanzuo.However, Su Zimo's performance was too eye-catching!He was a monster that was rarely seen in ten thousand years.Moreover, Su Zimo had inherited many Divine Powers and secret techniques, such as the Mystic

Spirit Big Dipper Diagram and the Heaven Slaying Sword Art. His future achievements were immeasurable."Since the Four Major Immortal Sects are interested in you, it's up to you."Yang Ruoxu nodded at Su Zimo."Wait!"Duke Yuanzuo hurriedly interrupted.If Su Zimo officially joined the Four Major Immortal Sects, he would have even less reason to attack!"What else do you have to say, Fellow Daoist Yuanzuo?"Heaven Immortal Qing Feng frowned slightly and asked impatiently.Duke Yuanzuo took a deep breath and calmed himself down. He bowed slightly to the four Heaven Immortals, showing proper etiquette.As the Duke of the Great Jin Immortal Nation, he had never bowed to cultivators of the same level."Fellow Daoists, please hand this person over to me. I, Yuanzuo, can swear that if you have any requests in the future, I'll do my best to fulfill them."Duke Yuanzuo said in a deep voice, "As long as you agree not to recruit him, I'll definitely reward you handsomely! Fellow Daoists, if you have any requests, please let me know. "Duke Yuanzuo did not hide his words. He said it in front of everyone, showing his sincerity.A Duke's promise was not to be taken lightly, even if he was a Duke who was in dire straits.Moreover, he might even give them precious treasures!Duke Yuanzuo's sacrifice was definitely worth it.As long as he could capture Su Zimo, he might be able to obtain many mystic skills and techniques from Su Zimo. He might even be able to get his hands on the jade talisman.By then, his chances of breaking through to the Perfected Immortal Realm would be much higher!Heaven Immortal Bai Hai gently fanned himself with a smile.Tian Yuan's face was dark.Yang Ruoxu looked down with an indifferent expression.

Heaven Immortal Qing Feng was unmoved.The four Heaven Immortals had different expressions, but none of them said anything, leaving Duke Yuanzuo in the cold.As time passed, Duke Yuanzuo's expression became uglier and uglier as time passed. The situation became more awkward.Duke Yuanzuo clenched his fists and gritted his teeth.He had already lowered his status, but the four Heaven Immortals still had no intention of giving in!Right then, a figure sped over from afar at a shocking speed. In the blink of an eye, he arrived before them!It was a middle-aged man with a head of gray hair. Every single move he made exuded an invisible might.The moment he appeared, he stood in midair and his aura overwhelmed all the cultivators present. Even the four Heaven Immortals could not compare to him!That was a Perfected Immortal expert!Although the crowd could not detect the middle-aged man's cultivation realm, they could vaguely make a guess.When Su Zimo saw that person, he frowned and his expression changed slightly.He was certain that that was a Perfected Immortal.That was the former governor of Azure Cloud County, Perfected Immortal Mirrormoon!

Chapter 2135

In one of the carriages in the crowd.The girl said softly, "Princess, you're right. Something has happened. Even a Perfected Immortal has shown himself!"The plain-clothed girl nodded and continued to look at the sky.There was a commotion in the crowd.The Immortal Sect Selection was only for the selection of Earth Immortals. Regardless of whether it was the Four Major Immortal Sects or the cultivators who were watching, the strongest was a Sky Immortal.True Immortal Realm experts, no matter which force or realm they were in, were the cornerstones and had a noble status.Originally, the four Sky Immortals, Tianyuan and Yang Ruoxu were the leaders of the factions.The arrival of a Perfected Immortal broke the balance.When the four Sky Immortals saw her, they frowned.Duke Yuanzuo was overjoyed. He quickly went up to her and said, "Mirrormoon, you're finally here!"Duke Yuanzuo and True Immortal Mirrormoon had suffered a great blow because of Feng Cantian.Duke Yuanzuo had lost his territory in Azure Cloud County and True Immortal Mirrormoon had lost her position as County Governor.Of course, the two of them had known each other for many years and were friends.When Duke Yuanzuo received

the mysterious letter, he had sent a message to True Immortal Mirrormoon before he left. He had already guessed that he would encounter many obstacles in the Pan Long Mountain Range. That was why he had asked True Immortal Mirrormoon to come out of the mountain and take charge of the situation for him. Duke Yuanzuo was very shrewd and smart. Otherwise, he would not have been able to become the Duke of Azure Cloud County and cultivate a doppelganger to deceive the world and hide his strength. However, for some reason, he had been plagued by bad luck all these years. Duke Yuanzuo blamed all of this on Su Zimo. "Your Highness, I was delayed by some matters and came a little late." True Immortal Mirrormoon cupped her hands and said to Duke Yuanzuo. "You're not late. You're just in time!" Duke Yuanzuo pointed at Su Zimo who was not far away and said with hatred, "In front of everyone, this criminal killed more than a hundred Executioners of Dajin. Now, he's about to join the Four Major Immortal Sects. We must capture him!" "We've lost so many Executioners. If he escapes under my nose, the Dajin Celestial Nation will lose its face!" Another hundred Executioners had died!

True Immortal Mirrormoon's expression sank. He was the one who first discovered Su Zimo and brought him to Thunder Jubilee City, which led to a series of unforeseen events. If this matter was truly traced back to the source, it would be difficult for him to escape responsibility. Thus, even though he knew that it wasn't appropriate for a True Immortal to appear at the Immortal Sect's general election, he still came. Mirrormoon True Immortal was also aware of one thing. Although he was a True Immortal, if Su Zimo joined the Four Major Immortal Sects, he wouldn't be able to do anything. Thinking quickly, True Immortal Mirrormoon looked at the four Celestial Immortals and cupped her hands: "I am Mirrormoon. Greetings." "Greetings, exalted immortal." The four Celestial Immortals did not dare to be rude, and they all stood up. Although Mirrormoon True Immortal was not the Azure Cloud County Governor, she was still an expert amongst True Immortals. The four Celestial Immortals had all heard of it. True Immortal Mirrormoon did not beat around the bush. She got straight to the point and said, "I know that if the four of you were to hand over Su Zimo, it would be difficult for the four of you to explain yourself." "How about this? Give me some face. As long as the four Celestial Immortals represent the Four Major Immortal Sects and don't recruit this person, it will be fine. "If the Four Major Immortal Sects did not recruit Su Zimo, Duke Yuanzuo would naturally be able to act without any fear! The only thing he was wary of was the Four Major Immortal Sects. A True Immortal had stepped forward to ask for Su Zimo! The face of a True Immortal was completely different from that of Duke Yuanzuo. A True Immortal represented a different level of power. Even if the four Celestial Immortals were unwilling, they couldn't directly express it and directly clash with True Immortal Mirrormoon. True Immortal Mirrormoon continued, "As long as the four of you are willing to agree, I won't reject you if the four of you come looking for me in the future." The promise of a True Immortal was even more important! "Su Zimo is finished. The True Immortals of the Great Jin Celestial Kingdom have stepped forward and are willing to do anything to capture him." "This is expected. Think about it. He offended the Duke and killed so many Executioners, and he's just a servant. How could he possibly survive?" Many cultivators shook their heads and sighed.

Su Zimo, who was in the air, looked calm and did not say anything. The current situation had nothing to do with him. In other words, his life was completely in the hands of these people! "Since Exalted Immortal Mirrormoon has said so, I'll withdraw on behalf of the Flying Immortal Sect." Celestial Immortal Bai Hai smiled and cupped his fists. Now that a True Immortal had stepped forward, there was no need for him to continue holding on. Moreover, Zither Immortal Mengyao was from the Great Jin Celestial

Kingdom. By taking a step back, he could do her a favor. True Immortal Mirrormoon nodded slightly and said with a smile, "Not long ago, I met Princess Mengyao. If we meet again, I'll put in a few words for you in front of her." "Thank you, Exalted Immortal." Celestial Immortal Bai Hai was delighted. If this matter could leave a good impression on Zither Immortal Mengyao, that would be enough. "What do the three of you say?" True Immortal Mirrormoon glanced at Heavenly Yuan, Yang Ruoxu, and Celestial Immortal Green Peak. There was a hint of pressure in her tone and gaze. Heavenly Yuan's face was still dark. Yang Ruoxu looked indifferent and lowered her eyes. Celestial Immortal Green Peak looked a little uneasy and uneasy. True Immortal Mirrormoon had been famous for a long time and only Perfected Immortal experts were acquainted with him. In other words, only the legacy disciples of Imperial Wind Monastery were qualified to talk to him. Only the heavens knew if True Immortal Mirrormoon was acquainted with any of the legacy disciples of Imperial Wind Monastery. If he offended a legacy disciple of a certain sect because of this, the losses would outweigh the gains. Suddenly, Celestial Immortal Green Peak chuckled and said, "I'm fine with recruiting or not. Exalted Immortal, you'd better ask the other two for their opinions." Celestial Immortal Green Peak was scheming. In reality, he did not explicitly say that he would not recruit Su Zimo. Instead, he pushed the matter to Heavenly Yuan and Yang Ruoxu. If Heavenly Yuan and Yang Ruoxu both backed off, he would not take it head-on and would take the opportunity to back off. If Heavenly Yuan or Yang Ruoxu did not back off, True Immortal Mirrormoon's attention would shift to the two of them. True Immortal Mirrormoon sneered in his heart. Although he could tell what Celestial Immortal Green Peak was thinking, he did not point it out. Instead, he looked at Heavenly Yuan and Yang Ruoxu.

"I disagree." Heavenly Yuan suddenly spoke. The cultivators' spirits were lifted as their eyes lit up. They were going head-on! A Celestial Immortal expert of the Mountain and Sea Immortal Sect was going head-on against a Perfected Immortal of the Great Jin Immortal Kingdom! At this moment, Su Zimo became a little nervous as well. He was here to participate in the Immortal Sect selection because he was leaning towards the Mountain and Sea Immortal Sect. On the Dragon Abyss Planet, he had clashed with the legacy disciples of the other three Immortal Sects. Although he did not expose his identity, he was somewhat conflicted. Su Zimo did not mind the withdrawal of the Flying Immortal Sect. At least the Mountain and Sea Immortal Sect was still around. True Immortal Mirrormoon stared at Heavenly Yuan with a faint gaze and said slowly, "Heavenly Yuan, number one of the previous Heaven Leaderboard. You're ferocious, domineering and fearless. I've long heard of you!" "Now that I've met you today, you truly live up to your reputation." Although True Immortal Mirrormoon's words were praising Heavenly Yuan, there was a hint of coldness in her tone.

Chapter 2136

"You flatter me." Tianyuan was expressionless and fearless as he said, "Before you arrived, I had already decided to take this person in. If I give up because of your words, others will think that the Mountain and Sea Celestial Sect is afraid of the Great Jin Celestial Nation. It will be bad for the sect's reputation." Although Tianyuan rarely spoke, he was extremely smart. He knew that with his status and cultivation level, he could not fight against True Immortal Mirrormoon. Therefore, he directly mentioned the Mountain and Sea Celestial Sect. Tianyuan's words were like a needle in a velvet glove! True Immortal Mirrormoon's face darkened. If Tianyuan really fought with him, there was nothing he could do. Under everyone's watchful eyes, it was also impossible for him to kill Tian Yuan. Tianyuan was not a nobody. If he acted rashly, he would definitely offend the Mountain and Sea Celestial Sect. If that happened, the

Mountain and Sea Celestial Sect's Perfected Immortals would come looking for him! One of the four fairies, the Chess Immortal, was in the Mountain and Sea Celestial Sect. The Chess Immortal had a strong personality and was extremely belligerent. Although the four fairies had never fought in public, there were rumors that the Chess Immortal was the strongest among the four of them! True Immortal Mirrormoon narrowed her eyes and her expression was uncertain. No one knew what she was thinking. The entire Coiling Dragon Mountain Range became extremely quiet. The atmosphere was a little oppressive and suffocating. Su Zimo suddenly felt a strong sense of danger, as if he had been targeted by a terrifying person and could be in trouble at any time! "Oh no!" Su Zimo's heart skipped a beat. True Immortal Mirrormoon was wary of the Mountain and Sea Celestial Sect and did not dare to attack Tianyuan. However, True Immortal Mirrormoon could completely ignore the others and attack him! If he suppressed Tianyuan, the Mountain and Sea Celestial Sect would find trouble with True Immortal Mirrormoon. However, he had not joined the Mountain and Sea Celestial Sect yet. Even if True Immortal Mirrormoon killed him in public, the Mountain and Sea Celestial Sect would not have any conflict with True Immortal Mirrormoon because of Su Zimo, a Stage Six Earth Deity from the lower world. In the carriage. The girl whispered, "Princess, Su Zimo is quite lucky. Tianyuan is brave enough to stand up and withstand True Immortal Mirrormoon's pressure. Otherwise, he would be in trouble."

"Even if Tianyuan retreats, Yang Ruoxu will stand up." The plain-clothed woman shook her head slightly and said, "This Yang Ruoxu is considered a rising star of Qiankun Academy. Although he's not the academy's number one Celestial Immortal, he's an upright person. He cultivates the Vast Righteousness Scripture and comes from a humble background. It's not easy for him to reach this stage." After pausing for a moment, the plain-clothed woman said, "However, with a True Immortal descending, just the four of them are no longer able to control the situation." "Hehehe, hahahaha!" Suddenly, True Immortal Mirrormoon, who was up in the sky, laughed out. Her laughter grew louder and louder and many of the cultivators felt their ears buzzing and stinging. Mirrormoon True Immortal said faintly, "Heaven Abyss, it's fine if you don't give me face." Mirrormoon True Deity changed the topic and looked at Su Zimo who was not far away. She said slowly, "However, I will suppress this boy in front of everyone today. Which one of you can stop me?" Tian Yuan, Yang Ruoxu, and the others' expressions changed. As True Immortal Mirrormoon had said, if he were to attack by force, no one would be able to stop him! The gap between a True Immortal and a Heaven Immortal was too big. Not to mention, True Immortal Mirrormoon was an elite among the True Immortals. True Self Realm was different from Mystic, Earth, and Heaven Essence Realms. There were nine levels. Three Elements in One, True Self Realm only had four levels. Each level was a huge dividing line. True Immortal Mirrormoon had cultivated to at least Level 3 of True Self Realm. Even if all the previous Heaven Leaderboard's No.1 were to gather together, they would not be able to stop True Immortal Mirrormoon, let alone Tian Yuan and the other three! "Mirrormoon, quickly capture Su Zimo!" Duke Yuanzuo was overjoyed and his spirits were lifted. "Your Highness, please be patient. Since I have decided to attack, this boy will not be able to escape!" With that, True Immortal Mirrormoon waved her sleeves. From her wide, pitch-black sleeves, a huge dark golden palm reached out and enveloped Su Zimo. Ultimate Super Power, Star Plucking One Hand! When the same Ultimate Super Power was released by a True Immortal, it was a completely different scene and power. The huge hand covered the sky and was filled with dark golden brilliance. It was as if it came from the ancient era and wanted to suppress heaven and earth and punish all living things!

Under the pressure of this huge hand, it was already a miracle that he did not kneel on the ground, let alone resist. Tian Yuan was indignant. He let out a low roar and released his Ultimate Super Power. At the same time, Yang Ruoxu attacked again. The two Heaven Immortals withstood True Immortal

Mirrormoon's pressure and tried to stop the huge hand in mid-air. However, their Ultimate Super Power was defeated by True Immortal Mirrormoon's Star Plucking One Hand. Like moths to a flame, they did not even cause a ripple. The gap was too big! Just like what True Immortal Mirrormoon said, if she attacked, no one could stop her! "Bullying the weak, how shameless!" At this moment, a voice suddenly rang out on the battlefield. Then, a divine light suddenly descended. No one saw how this divine light appeared or where it came from. It was like an antelope hanging its horn, untraceable! However, it appeared in mid-air and slashed down at the Star Plucking Hand that was emitting starlight. Slash! The divine light slashed through the Star Plucking Hand and let out an ear-piercing sound, cutting the huge hand in half! Rumble! Under the gaze of many cultivators, the huge hand that was cut in half collapsed and shattered rapidly! After a short silence, the entire Coiling Dragon Mountain Range was in an uproar! True Immortal Mirrormoon's attack was neutralized! Apart from True Immortal Mirrormoon, there were other True Immortal experts here! "Who is it!" True Immortal Mirrormoon's heart skipped a beat. She looked around with a sharp gaze and asked loudly. No one replied. True Immortal Mirrormoon's expression was solemn. It was normal for this person to be able to neutralize her Ultimate Super Power. However, she could not even see the origin of that divine light. She could not even sense where that person was. That was a little scary. This meant that this person was most likely much stronger than her! Who was this person? Why would he appear in the Coiling Dragon Mountain Range? Why did this person save Su Zimo? After this person attacked, why didn't he appear? In the blink of an eye, confusion flashed through True Immortal Mirrormoon's mind.

This person's voice just now was erratic. Not only could she not determine the voice's location, but she could not even tell if the voice was male or female. True Immortal Mirrormoon's reaction surprised many cultivators present. Just now, a True Immortal had attacked, but True Immortal Mirrormoon could not find where that person was! Su Zimo had escaped death, but he was also a little confused. Even he could not imagine what True Immortal in the Heaven Realm would help him. The only True Immortal he knew was Feng Ziyi's master, Zangye. However, this person's style of doing things was too different from Zangye's. If it were Zangye, he would have directly assassinated True Immortal Mirrormoon. Why would he say something like "bullying the weak, how shameless"

Chapter 2137

Inside the carriage. The girl covered her mouth to stifle her laughter and said, "Princess, well said! That guy is shameless. He's a Perfected Immortal but he still attacked an Earth Level Deity. "The girl was closer to Duke Yunting so she was critical of Su Zimo. However, she despised True Immortal Mirrormoon's actions even more. The girl in plain clothes smiled. Mirror Moon True Deity looked around and sneered. Her face was full of mockery as she raised her voice and said, "You are hiding your head and showing your tail, isn't that too disgraceful?" "How shameless! You're bullying the weak!" The voice rang out again, drifting erratically. Everyone present looked at each other in shock. No one was able to discover the position of the speaker! However, this time, everyone could tell that the voice belonged to a girl. Su Zimo tried to recall. He had never heard this voice before. He should not know this person. True Immortal Mirrormoon was annoyed. She said, "Since you want to be a busybody, why don't you show yourself? Let me see who you are!" "You can't even find me. How dare you ask me to show myself?" The girl said with a hint of disdain. True Immortal Mirrormoon fell silent and her face darkened. "What are you thinking? Why aren't you attacking?" Duke Yuanzuo was still thinking about Su Zimo. He wanted True Immortal Mirrormoon to attack again and capture Su Zimo alive. "Your Highness, there's an expert here." True Immortal Mirrormoon said, "Even if I attack with all my strength, I'm not his match. I might

have to return empty-handed."In fact, True Immortal Mirrormoon did not say anything.He even suspected that the person who attacked Just Now was the Immortal of Chess from the Mountain and Sea Celestial Sect.Although the Four Fairies had different personalities, they were not to be trifled with.More than two thousand years ago, he had been defeated by one of the Fairies.Back then, an Ice Butterfly was born outside Liu Guang City in Azure Cloud County. He chased after it and severely injured it.However, the Ice Butterfly escaped with serious injuries and attracted many Perfected Immortals from different factions. In the end, the Ice Butterfly was saved by one of the Four Fairies, the Painting Fairy.After all, they were in the territory of the Dajin Celestial Nation.True Immortal Mirrormoon was unwilling to let the Celestial Painter take Bingdie away. Therefore, she fought with the Celestial Painter and lost miserably.

It was said that the Painting Fairy of the Four Great Fairies had a tranquil temperament and did not like to fight. She was the weakest of the Four Great Fairies.Even so, True Immortal Mirrormoon was no match for him.If a warlike Chess Immortal had truly descended, he would have no chance of winning."He left just like that?"Duke Yuanzuo's eyes were filled with unwillingness.He saw that Su Zimo was not far away, but there was nothing he could do.He had even invited a True Immortal to come out of the mountain, but he still had to return empty-handed!Tian Yuan and Yang Ruoxu heaved a sigh of relief.Tian Yuan and the Chess Immortal were both from the Mountain and Sea Immortal Sect, so he knew more about the Chess Immortal.He knew very well that Just Now, the person who made the move could not possibly be a chess immortal.Given the strength of the Chess Immortal, if he were to descend upon this place, he would definitely not try to be secretive. He would immediately severely injure the Mirror Moon True Immortal!However, no matter what, at least the person who made the move was secretly helping them.Tian Yuan looked at Su Zimo and hurriedly said, "Hurry up and tell us. Between the Mountain and Sea Immortal Sect and the Qiankun Academy, which one do you choose?"And the Imperial Wind Monastery!"At that moment, Heaven Immortal Qing Feng saw that True Immortal Mirrormoon was at a disadvantage, so he jumped out in time.The three major Immortal Sects wanted people at the same time, so it all depended on Su Zimo's final choice."I choose ..."Su Zimo had just opened his mouth and said two words when the sound of a zither suddenly rang out in the air.The sound of the zither contained a strange power that seemed to be plucking the strings in the hearts of many cultivators. Su Zimo could not utter a single word!The huge Coiling Dragon Mountain Range fell silent under the sound of the zither.Following that, a figure walked over from the sky in the distance.At first, the figure was still far away. Before the sound of the zither had completely dissipated, the figure had already arrived.It was a tall woman dressed in a plain blue palace dress. She was beautiful and had an extraordinary temperament. Her expression was cold as she looked around, as if she was looking for someone.

The cultivators who made eye contact with the woman in the palace dress would subconsciously look away or lower their heads slightly.It was as if looking at the woman for too long was blasphemy to her!Zither Deity Mengyao!Only Zither Deity Mengyao could make the millions of cultivators in the Coiling Dragon Mountain Range fall silent and be respectful with just a single note."Princess, it's her ..."The young girl said softly.The plain clothed woman frowned slightly and raised her hand to stop the young girl from speaking. She looked at the figure in the air through the curtain of the carriage."Greetings, Princess Mengyao."When True Immortal Mirrormoon saw the woman in the palace dress, she was overjoyed and quickly went forward to bow.At the same time, he gave Duke Yuanzuo a

look. Duke Yuanzuo was too smart. He immediately reacted and ran over. His eyes were red as he said sadly, "Sister Mengyao, you're finally here!" In fact, Duke Yuanzuo did not know that Zither Deity Mengyao would come here. With his status, he could not ask Mengyao to come. But when he said that, it gave others a feeling that Mengyao's arrival had something to do with him. "So that's the Zither Deity!" "She's so beautiful." "I didn't expect the Zither Deity of the Four Fairies to come for this Immortal Sect Selection. It's so worth coming here this time!" The crowd below still did not dare to speak loudly, as if they were worried that they would disturb the beauty. They were all whispering. "Greetings, Fairy Mengyao." "Tianyuan, Yang Ruoxu, and Heaven Immortal Qing Feng all stood up and bowed." "Greetings, Senior Sister Mengyao." Heaven Immortal Bai Hai also put away his folding fan and stopped laughing. He was very respectful. Mengyao only nodded slightly and asked, "Have you seen two people, a man and a woman, using an ancient flute and a zither as their weapon?" "No." The four Heaven Immortals looked at each other and shook their heads. Su Zimo did not say anything. He knew that Zither Deity Mengyao came here to hunt down Gu Tongyou and Qiu Siluo. However, these two people did not come to participate in the Immortal Sect Selection. Mengyao did not see Gu Tongyou and Qiu Siluo. She looked slightly disappointed and was about to leave.

"Sister Mengyao!" At that moment, Duke Yuanzuo suddenly shouted. Mengyao frowned slightly and felt a little impatient. She saw that Duke Yuanzuo's eyes were red and seemed to have suffered a lot. She stopped and asked coldly, "What's the matter?" "Sister Mengyao, there's someone here who might know the whereabouts of those two people!" Duke Yuanzuo suddenly said. Mengyao's heart skipped a beat. She narrowed her eyes and asked in a low voice, "Who is it?" "It's him!" Duke Yuanzuo pointed at Su Zimo in the crowd and said sternly, "A few months ago, outside Blue Feather City, the thirteen Executioners were killed by this person!" "Hmm?" Mengyao looked at where Duke Yuanzuo was pointing. Those thirteen Executioners were under her orders to hunt down Gu Tongyou and Qiu Siluo. If they were really killed by someone else, this person might know the whereabouts of Gu Tongyou and Qiu Siluo! Even if he did not know, this person must be related to Gu Tongyou and Qiu Siluo!()

Chapter 2138

Commandery Prince Yuanzuo was smart. He was clear in his heart that if she wanted to deal with Su Zimo because of him, Mengyao would not even bother. Not to mention, this might cause a rift with the Four Major Immortal Sects. However, if he linked Su Zimo to those two people, even if it was just a possibility, it was enough to attract Meng Yao's attention! Commandery Prince Yuanzuo wanted to use Meng Yao to deal with the Four Major Immortal Sects and Su Zimo! In fact, as he had expected, Mengyao had indeed placed her attention on Su Zimo when this matter was brought up. Commandery Prince Yuanzuo saw this and took the opportunity to add fuel to the fire. "I led more than a hundred Executioners to suppress this person and bring him back to Dajin. But this person was far too arrogant. During the Immortal Sect's great selection, under the watchful eyes of everyone, he openly declared war on my Great Jin and killed over a hundred Executioners!" "Now, the Four Major Immortal Sects are still trying to recruit him. Even Jingyue can't do anything! They really think that Dajin is so weak that they can humiliate us like this!" Commandery Prince Yuanzuo's tone was agitated and his expression was sorrowful, as if he had been wronged. Meng Yao's body originally emitted a kind of coldness that kept people away. When she heard these words, her expression turned cold and her beautiful eyes were filled with a bone-chilling coldness! Bai Hai was sweating profusely when he heard this. He quickly stepped forward and said, "Your Highness, you have to make things clear. I've already withdrawn on behalf of

the Flying Immortal Sect. Even if it's for Senior Sister's sake, I can't go against you and Dajin.

""Mm."Commandery Prince Yuanzuo said, "Cultivator Bai Hai has indeed withdrawn, but the other three are still holding on! They are even willing to fight with me to protect this sinner!"Commandery Prince Yuanzuo continued to add fuel to the fire.Qing Feng cursed in his heart but still forced a smile. "Fairy Meng Yao, please don't be angry. I'll withdraw on behalf of the Imperial Wind Monastery and not recruit this person."He did not expect Zither Fairy Meng Yao to suddenly appear here.Although they were both True Immortals, Zither Fairy Meng Yao's reputation and combat strength were much higher than Jingyue's!Even some Immortal Kings had to treat Zither Immortal with respect.With the appearance of the Zither Immortal, even if Su Zimo was a character like Yun Ting, the Imperial Wind Monastery would not dare to accept him, let alone a rare monster like Su Zimo!

If the pro-disciples of Imperial Wind Monastery knew that he had offended Zither Immortal Meng Yao because of a Rank 6 Earth Immortal, they would probably skin him alive.Meng Yao shifted her gaze and looked at Tian Yuan and Yang Ruoxu. She asked indifferently, "Why? The two of you still want to protect this person?"Meng Yao's tone was flat, and no one could tell if she was happy or angry. However, it contained an unimaginable pressure!Meng Yao was a zither immortal.Not only was she a True Immortal, but she also had many complicated and powerful forces behind her, as well as many top-notch experts.It was no exaggeration to say that even if an Immortal King offended the Zither Immortal, they could be killed by other Immortal Kings!Swish! Swish!In an instant, countless gazes landed on Tian Yuan and Yang Ruoxu.At this moment, the two of them were under immense pressure.This kind of pressure wasn't something a Heaven Immortal could withstand.In other words, even if most of the True Immortals of the Mountain and Sea Immortal Sect and Qiankun Academy were here, they wouldn't be able to withstand this kind of pressure!After an unknown period of time, it might have been a few breaths, but it also felt like a hundred years."Since Goddess Meng Yao is here ..."Tian Yuan finally opened his mouth and said slowly, "On behalf of the Mountain and Sea Immortal Sect, I withdraw from the competition and won't accept this person."A look of disappointment flashed through Su Zimo's eyes when he heard that.Of course, he didn't hold any resentment in his heart.He could feel Tian Yuan's helplessness and helplessness.He was just a little disappointed.He was disappointed in Tian Yuan and the Mountain and Sea Immortal Sect.Seeing this scene, many cultivators were filled with emotions.This was the power of the Zither Immortal!After arriving, she didn't say much, nor did she threaten or attack. However, she made the three Heaven Immortals bow their heads and retreat at the same time!If nothing unexpected happened, Yang Ruoxu would also compromise.Out of the four Heaven Immortals, he was the only one left. The pressure would increase by a hundred times. His reputation and combat strength were far inferior to Tian Yuan and the others. There was no way he could withstand it.

Yang Ruoxu stood on the spot and lowered his head slightly. His bronze face was expressionless and he remained silent."Zither Immortal, heh ... how impressive."Suddenly, a woman's voice sounded in midair with a hint of mockery and mockery.The crowd was shocked!Someone actually dared to speak to the Zither Immortal in such a tone!The True Immortal Mirror Moon's expression changed and she hurriedly said, "Princess, Just Now, I tried to make a move to suppress Su Zimo. This person was the one who secretly saved Su Zimo.""I'm ashamed that I didn't manage to find his whereabouts. Please enlighten me, Princess."Meng Yao was not angry when she heard that voice. After pondering for a moment, she was surprised and turned to look at a carriage among the crowd in the Coiled Dragon Mountain Range. Frowning, she asked, "It's you?"It's me."The plain-clothed woman's voice sounded in the carriage.The cultivators around the carriage were so frightened that their faces turned pale. They quickly moved away from the carriage, afraid that they would be implicated.The carriage was too ordinary.It was so

ordinary that it would not attract anyone's attention in the crowd. However, there were curtains around the carriage and no one could see what was going on inside. Even their Divine Senses could not penetrate the carriage. Only the Duke of Yunlei, who was not far away, frowned and looked confused. He felt that the voice was familiar, but after thinking about it, he felt that it was unlikely. This elder sister of his was always cultivating in the Book Collection Pavilion and rarely saw anyone. Even he had not seen her before, so why would she suddenly come here? "So you're hiding here!" The True Immortal Mirror Moon's eyes lit up. She stared at the carriage and said coldly, "You're hiding your head but showing your tail. Let me see who you are!" After saying that, the True Immortal Mirror Moon was about to attack. However, Meng Yao waved her sleeves and a huge force burst out, forcing the True Immortal Mirror Moon back. The True Immortal Mirror Moon was stunned and was about to ask. Meng Yao said indifferently, "You're no match for her. Don't embarrass yourself." The True Immortal Mirror Moon's face turned red. She took a deep breath and gradually calmed herself down. She smiled bitterly and said, "I was reckless." The rest of the cultivators were shocked and were even more curious about the woman in the carriage.

"Why? Do you know this Level 6 Earth Deity?" Meng Yao stared at the carriage and asked. "No, I don't." The plain-clothed woman in the carriage replied. The girl beside her looked anxious and shook her head, reminding the plain-clothed woman not to act rashly. Meng Yao smiled and asked again, "You don't know her and you want to interfere?" "I just don't like how the Dajin Celestial Nation bullies others. That's why I want to interfere." The plain-clothed woman's tone was indifferent and she did not back down at all. "Hehe, how interesting." Meng Yao smiled like a blooming snow lotus. There was a hint of coldness in her beauty. Meng Yao said slowly, "This person killed more than a hundred Executioners of the Dajin Celestial Nation. His crime is unforgivable and he deserves to die. You don't know him and you want to stand up for him?" "You want to offend both the Dajin Celestial Nation and the Flying Celestial Sect because of an unrelated person?" Meng Yao's tone became heavier and heavier. She was filled with killing intent. This was a sign that she was ready to fight at any time!()

Chapter 2139

Inside the carriage. The girl was so anxious that she was about to cry. "Princess, don't be rash." The girl sent a voice transmission. "This Su Zimo has nothing to do with us. There's no need to become enemies with the Zither Immortal because of him. Your identity is special. Every move you make represents the Zixuan Celestial Kingdom. It would be unwise to become enemies with the Great Jin Celestial Kingdom and the Flying Celestial Sect because of this person. I'm afraid the Zixuan King will blame you." The plain-clothed girl fell silent. She paid attention to this Su Zimo because Yun Ting had asked her to pay more attention to this person before he went into seclusion so that she could fight him again in the future. On the other hand, she realized that Su Zimo might be hiding a secret. She was curious. However, the girl beside her was right. She indeed had nothing to do with Su Zimo. They had never even met or spoken to each other, let alone be friends. Just Now, she made a move out of righteous indignation. Since she was young, she couldn't stand the injustice in the world and wanted to fight for justice. As a result, she offended many factions and caused a lot of trouble. Later, in order to punish her, her father locked her in the library. In her father's words, it was to grind away the scholarly spirit in her. Unexpectedly, she was baptized, settled, and transformed in the library. Although she rarely showed herself, her reputation in the Divine Cloud Continent gradually grew. Later on, although her father had lifted the ban on her. She didn't want to leave the library easily. The plain-clothed girl knew that the outside world was dirty and dirty. She couldn't change it with her own strength. Since she couldn't change it and didn't want to go

with the flow, she might as well hide in the library. With books as her companions, she could read the past and present. Through the words, she could feel the magnificence of many ancient eras and comprehend the endless mysteries hidden in the words. This was the meaning of life she pursued. The plain-clothed girl hesitated. As the girl said, she didn't know Su Zimo. Was she going to become enemies with Mengyao and fight for such a person? She was the princess of the Zixuan Celestial Kingdom. Her every move would make others think of the Zixuan Celestial Kingdom. The plain-clothed woman fell silent. Others naturally didn't know of her inner struggles.

In the eyes of the bystanders, Zither Immortal Meng Yao's aura was overflowing as she loudly questioned. The woman in the carriage had already retreated in fear! Silence was a concession! Even the True Immortal-level expert in the carriage had chosen to back down. As such, Su Zimo's fate was sealed. Mengyao heard no more voices coming from the horse carriage. She seemed to be afraid and did not force the issue. She turned to Commandery Prince Yuanzuo and said, "Take Su Zimo away and return to the Great Jin Dynasty!" "Understood!" Duke Yuanzuo was overjoyed. He moved forward and prepared to grab Su Zimo. Right at this moment, a tall figure blocked in front of Su Zimo. His figure was tall and straight, his face was sharp like a knife, and his bronze skin revealed a trace of resoluteness. His gaze was firm as he said in a deep voice, "This is inappropriate!" Qiankun Academy, Yang Ruoxu! There was a commotion in the crowd. Many cultivators were shocked and looked at Yang Ruoxu in disbelief. Now that Zither Immortal Meng Yao had stepped forward, the three Sky Immortals and even the True Immortal in the carriage had backed down, who else would dare to step forward? On the surface, Yang Ruoxu seemed to be stopping Duke Yuanzuo. However, in reality, he was stopping Zither Immortal Meng Yao! Duke Yuanzuo shrugged his shoulders and did not say anything. That was because he knew that there was no need for him to step forward. "Hmm?" Mengyao frowned slightly as her beautiful eyes landed on Yang Ruoxu. With a cold gaze, she asked indifferently, "Who are you?" Yang Ruoxu cupped his fists and bowed. "I am Yang Ruoxu, from Qiankun Academy ..." "Never heard of it." Before Yang Ruoxu could finish, Fairy Meng Yao interrupted him coldly. Mengyao said, "I've heard of many people from Qiankun Academy, including the number one Sky Immortal of the academy. However, I've never heard of this Yang Ruoxu." "Sister Mengyao, he ascended from the lower world." Duke Yuanzuo said at the side. "Oh, no wonder." Mengyao's lips curled up slightly as she sneered and mocked. "So, he's a servant. That's why he doesn't know the rules." The muscles on Yang Ruoxu's face twitched slightly. His heart was in turmoil, but his expression remained calm. "I'm just a junior of the academy. I don't have much of a reputation. It's normal that Fairy Meng Yao has not heard of me."

Mengyao shook her head slightly. "What's wrong with Qiankun Academy? They sent a servant who doesn't know the rules to host the Immortal Sect Selection. They're getting worse." "Since it's the academy's arrangement, I don't dare to guess. I only know that I'm fulfilling my duty." Yang Ruoxu said expressionlessly. "Oh? What's your duty?" Mengyao asked. Yang Ruoxu said, "To select the most suitable disciple for the sect." After pausing for a while, Yang Ruoxu continued. "I can't cower because of any external obstacles ..." "Hmph!" Mengyao snorted coldly. Before Yang Ruoxu could finish, he was interrupted once more. This time round, Mengyao merely snorted. However, he felt as though a gigantic hammer had landed on his chest and struck his heart heavily. Yang Ruoxu's face turned purplish and his chest felt stuffy. It was so uncomfortable that his heart felt like it was about to explode! If Zither Immortal Mengyao wanted to kill him, she wouldn't even have to lift a finger! "This is just a small lesson for you," Mengyao said coldly, "If you push your luck and don't know what's good for you, I can kill you right now!" Many cultivators of Qiankun Academy shuddered when they heard that. This was a blatant threat! Nobody dared to doubt the methods of the Zither Immortal. Mengyao said, "Let me tell you, even

if the Moonlight Sword Immortal of Qiankun Academy were here today, he would have to give me face! Who do you think you are?" Yang Ruoxu laughed bitterly. "Fairy Meng Yao, please step forward and ask the academy to send Senior Brother Moonlight over to replace me. I'll naturally have nothing to say then." "Hmm?" Mengyao's expression turned cold and killing intent surged in her eyes. This Heaven Immortal had repeatedly provoked and resisted her, making her want to kill him! Perfected Immortal Mirrormoon was wary of Qiankun Academy and didn't dare to make a move on Yang Ruoxu and the others. However, she didn't have much to worry about! She was the Zither Immortal. Even if she killed this unknown Heaven Immortal, she believed that Qiankun Academy wouldn't become enemies with her. "Senior Brother Yang, come back."

A cultivator from the academy couldn't help but say. Lu Wenbin was also anxious. "Senior Brother Yang, he hasn't joined the sect yet. Why do you have to offend Exalted Immortal Mengyao and risk your life for an outsider?" "What nonsense are you talking about?" Yang Ruoxu suddenly turned around and said loudly, "I joined the academy to cultivate the Righteous Scripture. I have to have a clear conscience in everything I do." "This person has already won the Immortal Sect Selection and is qualified to join the Four Immortal Sects. How can he be considered an outsider? Although the Zither Immortal is powerful, what right does she have to arrest him?" "If I retreat today, why would I cultivate the Righteous Scripture?" Yang Ruoxu's words were filled with anger, impassioned and powerful. Su Zimo's heart trembled slightly and he was greatly moved. "Alright, since you want to die, I'll fulfill your wish." Mengyao's expression was indifferent as she said coldly. As soon as she finished speaking, the sound of a zither suddenly rang out in midair! The sound of the zither contained a strange magical power. Ripples appeared in the void and spread toward Yang Ruoxu. The ripples seemed weak, but Yang Ruoxu couldn't resist at all! At that moment, a snow-white butterfly suddenly flew out of nowhere and entered the battlefield.

Chapter 2140

The butterfly was inconspicuous and was only the size of a palm. It charged into the battlefield and flapped its wings gently above the ripples caused by the zither music. Crack! Crack! Crack! Crack! The ripples in midair were instantly covered with a layer of frost and froze into ice right in front of countless gazes! The crowd was shocked! Just Now, Zither Immortal Meng Yao had attacked. Even if she did not use her full strength, it was definitely not something that could be defended against with ordinary strength. If that snow-white butterfly could neutralize Zither Immortal Meng Yao's attack, its cultivation realm must be at the Perfected Immortal realm as well! Where did that butterfly come from and what was its background? "Hmm?" When True Immortal Mirror Moon caught sight of the snow-white butterfly, he frowned and narrowed his gaze, muttering in a low voice, "It seems to be the Ice Butterfly that escaped from Azure Cloud County!" Back then, the Ice Butterfly had just awakened and its combat strength had yet to recover to its peak as it was severely injured by him. By the looks of it, the Ice Butterfly's combat strength should have recovered to its peak state by now. If the two of them were to fight again, he might not be able to gain any advantage. The moment True Immortal Mirror Moon said that, he felt a chill run down his spine. The Ice Butterfly was glaring at him from not far away with obvious hostility! "It's indeed that Ice Butterfly!" True Immortal Mirror Moon's heart skipped a beat. At the same time, he recalled something. Back then, the severely injured Ice Butterfly was rescued by one of the four fairies, the Painting Immortal. If this Ice Butterfly suddenly appeared here, did it mean that ... At that thought, True Immortal Mirror Moon looked at Zither Immortal Meng Yao hurriedly and sent a voice transmission with his spirit consciousness, "Princess Meng Yao, be careful. Behind this Ice

Butterfly, there might be ..."True Immortal Mirror Moon did not finish his sentence. He realized that everyone's eyes were looking in the same direction. He looked over instinctively as well. In the distant horizon, a woman was currently walking towards them. The woman had a graceful figure and her footsteps were light. She wore a long tube top dress and a silk veil that accentuated her waist. Her jet-black hair was tied up in a bun and her eyes were clear as water. Her skin was smooth and her aura was like an orchid.

Many cultivators seemed to have seen a drop of ink fall into the water and gradually spread out, forming an elegant ink painting. That woman was like a fairy that walked out of a painting and was breathtakingly beautiful! The moment they saw this woman, the hearts of many cultivators surged with amazement. Even the Zither Fairy, who was beautiful and elegant, could not overshadow this woman's brilliance! Their beauty was completely different. This woman's beauty was even more reserved and ancient. Even Su Zimo, who had seen many beauties, was slightly dazed when he suddenly saw this woman. He couldn't help but praise her in his heart. Before the cultivators could recover from their shock, the woman had already arrived and stood facing Zither Immortal Meng Yao. The ice butterfly circled around Su Zimo before returning to the woman's side and landing on her shoulder. Naturally, no one noticed this scene. Everyone's gaze was attracted by this woman. Who would pay attention to the movements of this ice butterfly? When Yang Ruoxu saw the woman, he let out a sigh of relief. Suppressing the suffocation in his chest, he bowed and said, "Greetings, Senior Sister Mo Qing." Painting Immortal Mo Qing! Two of the four fairies had come! There was a commotion in the crowd. This time, whether it was the cultivators participating in the Immortal Sect Selection or the spectators, no one had expected that they would have the chance to see the two fairies! "So it's Little Sister Mo Qing. Long time no see. How have you been?" Meng Yao chuckled. Fairy Mo Qing did not reply. She only glanced sideways at Yang Ruoxu beside her and gently waved her sleeve, hitting Yang Ruoxu's chest. Yang Ruoxu's body trembled and he could not help but spit out a mouthful of blood. The blood was pitch-black and looked a little scary. Just now, Yang Ruoxu was injured by Meng Yao's voice. His chest felt tight and his heart felt like it was about to explode. It was extremely uncomfortable, but he had been enduring it the entire time. Now that he spat out the blood, he felt his Qi and blood flowing smoothly. Just now, the discomfort was a lot better. "Thank you, Senior Sister." Yang Ruoxu thanked her again. Meng Yao noticed this scene and fell into deep thought.

Fairy Mo Qing nodded and looked at Meng Yao opposite her. She asked directly, "Why did you hurt my disciple?" "Him?" Meng Yao glanced at Yang Ruoxu and smiled. "A servant who doesn't know the rules. I was just helping my sister to teach him a lesson." "What's going on?" Fairy Mo Qing looked at Yang Ruoxu and asked softly. Hurriedly, Yang Ruoxu recounted everything that happened during the immortal sect selection, from Su Zimo's entrance into the valley to Meng Yao's attack on him. Fairy Mo Qing's beautiful eyes turned and landed on Su Zimo. She paused for a while before looking away. "The disciples of the Immortal Sect are naturally managed by the people of the Immortal Sect. It's not up to outsiders to interfere." Fairy Mo Qing said to Meng Yao after hearing this. "Also, Yang Ruoxu was right. The one who didn't know the rules is your little brother." Many cultivators were speechless. Who would have thought that today's matter would develop into such a situation? It was only a once-in-a-century Immortal Sect Selection. Now, two Fairies had come out of seclusion and confronted each other. The atmosphere was tense! "Hehe ..." Meng Yao smiled and said, "What's wrong? Sister Mo Qing, are you angry at me because of a servant?" "Yang Ruoxu is not a servant. He's a disciple of the Immortal Sect!" Fairy Mo Qing stared at Meng Yao and said word by word. Meng Yao smiled and shook her head. She sighed and said, "I never thought that the Painting Fairy of Godly Clouds, Sister Mo Qing, would fall in love one day." "What did

you say?" Fairy Mo Qing frowned. "Isn't it obvious enough?" Meng Yao smiled and said, "Yang Ruoxu is just a servant. He's only a Sky Immortal. Sister Mo Qing, you're angry at me and confronted me because of him." "We've been friends for so many years, but I can't compare to your lover." The crowd burst into an uproar when they heard this. The Painting Fairy, one of the Four Fairies, already had someone she liked! It was explosive news. The whole Continent of the Nine Clouds would talk about it! Fairy Mo Qing's face turned pale. She clenched her fists and glared at Meng Yao. She was obviously furious! Su Zimo cursed in his heart.

This Zither Immortal's thoughts were too vicious! Not to mention whether or not Fairy Mo Qing and Yang Ruoxu had such a relationship. Even if they were, it would be a secret between them. Now that Meng Yao had exposed it, it would bring serious consequences to Yang Ruoxu and Fairy Mo Qing! Yang Ruoxu would definitely be pressured and enraged. Fairy Mo Qing would also become the topic of conversation for countless cultivators. At that time, who knew what kind of malicious words and dirty water would be poured on Fairy Mo Qing. Not to mention ... Su Zimo looked on coldly. Judging from Yang Ruoxu and Fairy Mo Qing's reactions, it did not seem like they were related. Meng Yao was trying to kill them! She wanted to destroy the Painting Fairy with just a few words!
