

## Sacred King 2211

### Chapter 2211

"The price is too high!" Seeing this scene, Xie Qingcheng could not help but sigh in admiration. The Mars Stone, Chen Bing, and Taibai Stone were all priceless treasures. To be able to obtain these three treasures was definitely a great opportunity and harvest. However, because of this, Su Zimo had released too many trump cards. These methods had a relatively long recovery time. If he continued to advance and compete for the Earth Board, it would be difficult to use them again. This was extremely disadvantageous for Su Zimo's future path. Moreover, Su Zimo was now heavily injured by the golden hurricane. His body was covered in wounds. To heal his injuries, it would consume a lot of his mind and Yuan Qi. It might take a long time. These would have a great impact on him. The expressions of the Qiankun Academy elders also became more and more serious. In their opinion, if they could remind Su Zimo, the best decision now was to stop advancing and stop while he was ahead. Just the Mars Stone, Chen Bing, and Taibai Stone, these three treasures were already an unimaginable great harvest! Xie Qingcheng and the elders' worries were not without reason. However, they did not know that Su Zimo was Qinglian's real body. His self-healing ability was extremely shocking. Now, although he was only an Earth Immortal, his Primordial Spirit had reached the Sky Immortal level. Because he was Qinglian's real body, he could be reborn from a drop of blood. His self-healing ability was even more terrifying than a Sky Immortal's! The injuries caused by the golden hurricane looked frightening, but to him, they were only superficial wounds and had almost no effect. It would not be long before he could heal himself and recover to his original state. As for Su Zimo's trump cards, even if they were released in advance, he did not care. Qinglian's real body had too many means and trump cards. What was shown in front of him was only a part of it. In the Ninth Heaven, Su Zimo sent the Taibai Stone into his sea of consciousness. After it was swallowed by the Prison Suppressing Cauldron, the huge golden hurricane outside dissipated. Su Zimo stood in place and took a breath. He looked at the ranking. This time, the delay was not long. His ranking was still in the 500s. If there were no accidents in the Fourth Heaven, he would definitely be ranked in the top 100! As far as he was concerned, as long as he could get into the top 100 in the Nine Heavens' elimination round, that would be enough.

As for the final ranking, it would have to be determined through a ranking battle. Su Zimo rested for a while. The wounds on his body had gradually healed and stopped bleeding. The healing speed was astonishing! Then, he came to the teleportation array and directly ascended to the Fourth Level of Heaven. After reaching the Fourth Layer of Heaven, Su Zimo spread out his Divine Sense and looked around. Compared to the previous three levels, the fourth level looked much more normal. It was very similar to the outside world. Mountains stood tall, surrounded by green water, and lush vegetation. In this space, one could feel a rather dense Heaven and Earth Yuan Qi. It was full of vitality, birds were singing, and flowers were fragrant. It was a peaceful and peaceful place. Su Zimo did not move forward rashly. Since this was the elimination round of the Nine Heavens, it was impossible for cultivators to pass through easily! As he looked around, his gaze fell upon a certain cultivator. Coincidentally, this person came from Universe Academy and was called Liu Ping. Liu Ping was ranked towards the back in the outer sect competition and was not ranked in the prediction of the Earth Ranking this time round either. Although he didn't say anything, he was still holding back his unwillingness. He wanted to use this opportunity to prove himself! Liu Ping's expression was calm as he advanced carefully. All of a sudden! The grass beneath his feet began to grow wildly without warning, wrapping around his legs and

extending along his lower body, wanting to wrap around his entire body! The edges of the grass were extremely sharp and jagged. Almost the moment it wrapped around him, wounds appeared on Liu Ping's body and fresh blood flowed. "Go!" Liu Ping was rather calm and did not panic. He channeled his spirit consciousness and released a certain immortal art. Two long swords appeared in his hands and he slashed at the grass on his body repeatedly. At the same time, he consumed elixirs rapidly and the wounds on his body gradually stopped bleeding. Although the grass was still growing wildly, he was able to protect himself for the time being with the help of his immortal art. Liu Ping channeled his blood qi and hollered once more. *Piak!* A crisp sound could be heard from his legs as the grass that was growing wildly was snapped by him instantly.

However, the surrounding grass seemed to have sensed something and extended towards him. Countless grass and vines filled with thorns ... Although Liu Ping continued to struggle, the vegetation here was endless and endless. In that short period of time, he had only taken a few steps but he had already sunk deeper and deeper. All of a sudden! Liu Ping sensed a sense of danger and dodged to the side hurriedly. However, his body was entangled by many plants and his movements were slow and restricted – he only managed to move slightly. "Pfft!" Behind him, a gigantic mouth descended from the skies and bit down on his shoulder, tearing it apart! *Shing!* A fountain of blood spewed out! Liu Ping's arm was torn off by the gigantic mouth in a tragic manner! If he had dodged slower, his head would have been bitten off! "Ah!" Liu Ping cried out in pain and turned back instinctively. He could not help but be shocked and his face turned pale. The gigantic mouth that bit off his arm did not come from any demon beast. Instead, it came from a seemingly ordinary flower beside him! But now, the center of the flower was changing continuously and turned into a gigantic mouth filled with fangs that was chewing on his arm, causing blood to flow. That seemingly beautiful flower was actually devouring human flesh! Suddenly, Liu Ping realized that everything around him was filled with endless killing intent that could take his life! More vines wrapped around him and the vegetation grew wildly. The man-eating flower devoured his severed arm in a few bites and bit towards him once more. Liu Ping was about to struggle and retreat when he suddenly smelled a strange fragrance. Then, he felt dizzy, his limbs felt weak, and his entire body went soft. "Not good!" Liu Ping's heart skipped a beat. My life is over! That strange fragrance was also emitted by the flower and could clearly affect the movements of cultivators. If Liu Ping was in his peak condition, he would definitely be able to discover the abnormality and dispel the strange fragrance with his blood qi. However, he had already expended many immortal skills and divine powers to reach this point. His essence qi was depleted and even his Essence Spirit was weak. In such a state, that man-eating flower could take his life!

Looking at the gigantic mouth that was dripping with blood descending from the skies and biting down viciously, Liu Ping's expression was filled with despair. However, he could not muster any strength at all. Just as Liu Ping was about to give up, a strange change seemed to happen in his surroundings. The gigantic mouth of the flower stopped above his head. It was inches away from him but it did not bite down! Immediately after, as though it was frightened by something, the flower shrunk back strangely and transformed into a beautiful flower once more, swaying gently in an extremely obedient manner.

## **Chapter 2212**

Liu Ping was stunned. He stared at the flower in a daze and did not recover from his shock. He even thought that he was hallucinating. But soon, the plants and vines that were entangled around his body

retreated rapidly and returned to normal. His surroundings became calm again. The crazy plants suddenly lost their aggressiveness. "Senior Brother Liu, are you okay?" At this moment, a voice sounded behind him. Then, someone helped him up. Liu Ping looked back. "Junior Brother Su?" The person who came was his fellow disciple from the academy, Su Zimo! "Junior Brother Su, you have also ascended to the Fourth Heaven?" Liu Ping was slightly surprised and said, "Although your realm is slightly lower, your speed is not much slower than mine. I have really underestimated you." Su Zimo smiled and did not say anything. Liu Ping suddenly thought of something and hurriedly said, "Junior Brother Su, be careful. The surrounding plants are extremely aggressive. My arm was bitten off by the flower!" Liu Ping pointed at the broken arm that had not recovered and looked at the beautiful flower not far away. He said with lingering fear. Su Zimo nodded. Liu Ping saw that Su Zimo looked casual and seemed to be unconcerned. He explained, "Junior Brother Su, you must not be deceived by the appearance of the flower!" "This flower looks normal now. Just Now, it has really transformed into a bloody mouth. The fangs inside are sharp and crisscrossed. It is scarier than any beast!" Liu Ping said as he activated his Primordial Spirit and the broken arm slowly grew back. "Senior Brother Liu is right. We should be careful." Su Zimo also agreed. Liu Ping said, "Since the two of us can meet here, it is a rare opportunity. We can join forces and try to break through the Fourth Heaven." "Okay." Su Zimo did not explain further. Anyway, he had to move forward himself. It was not a big deal to bring someone along. "Junior Brother Su, your cultivation is lower. You can stay behind. I will open the path in front." Liu Ping said, "If I can't hold on, you can stay in front for a while." "Sure." Su Zimo didn't refuse and said, "Senior Brother Liu, let's go quickly and catch up with the others." Liu Ping took a deep breath and spread out his Divine Consciousness. He was on his guard and walked forward.

Su Zimo followed behind. Strangely enough, after the two of them walked for a while, the surrounding vegetation did not move at all, nor did it attack them! It was as if everything that Liu Ping had experienced Just Now was just an illusion. "Junior Brother Su, is there anything going on behind you?" Liu Ping probed the surroundings as he asked. "Everything is normal." Su Zimo held the token in his hand and kept looking at the rankings of the two. The two of them moved forward. Although they did not encounter any obstacles, Liu Ping was already like a bird that was startled by the mere twang of a bow and the speed of their advance was not fast. Although the two's rankings were constantly rising, the speed was somewhat slow. Su Zimo gradually showed some impatience. "Junior Brother Su, you must be alert. You can't be distracted!" Liu Ping heard Su Zimo's tone and felt that he was a little absent-minded. He reminded him again, "Everything around us seems normal, but danger can appear at any time!" "The calmer it is, the more likely it is to nurture an unimaginable storm!" Su Zimo couldn't help but say, "Senior Brother Liu, let me take the front. You can stay behind and rest while you're at it." Liu Ping pondered for a while and said, "Alright, you can stay behind for a while. If we encounter any danger, we'll change positions immediately!" "Senior Brother Liu, just follow my footsteps." After saying that, Su Zimo moved and came to Liu Ping's side, taking huge strides forward. "Hey, hey!" Liu Ping was shocked and hurriedly shouted, "Junior Brother Su, you're running too fast! Be careful!" "Be careful of that flower!" "Be careful of that vine!" Su Zimo turned a deaf ear and continued to run forward. Liu Ping was so scared that his face turned pale. He wanted to leave Su Zimo behind, but he felt uneasy. He could only chase after Su Zimo while shouting from behind. Su Zimo's speed became faster and faster. In the end, Liu Ping could only muster all his strength to barely keep up with Su Zimo's speed. He no longer had the energy to shout. The strange thing was that the two of them didn't encounter any attacks along the way. The surrounding vegetation became extremely quiet.

Liu Ping even saw a rather strange scene. Originally, there was a dense patch of grass in front of Su Zimo. Su Zimo didn't have any intention of dodging and directly rushed over. The dense patch of grass actually dodged to the sides, opening up a path for Su Zimo to move forward smoothly. "Strange." Liu Ping looked at Su Zimo's back and frowned slightly. What made him a little excited was that their rankings were rapidly rising. Four hundred ... Three hundred ... Two hundred! This also meant that the rest of the cultivators didn't have it as smooth as the two of them in the Fourth Heaven.... In the square. Many cultivators had their mouths agape as they stared at the green-robed cultivator in the Ninth Heaven with dumbfounded expressions. Through the observation of the first three Heavens, everyone had some understanding of Su Zimo's methods and had some mental predictions. However, no one expected that the Fourth Heaven would be so simple for Su Zimo! The Fourth Heaven was the world of vegetation. All the vegetation in this space had spirituality. Some of them were not aggressive and could only entangle and trap cultivators, harassing and delaying them. Of course, there were also many vegetation that had extremely terrifying offensive and destructive powers! The flower that Liu Ping encountered was just one of the most ordinary types. Along the way, the two of them passed by countless types of terrifying offensive vegetation. However, none of them attacked the two of them! It had to be known that in other parts of this space, the same plants had already killed many cultivators! However, for some unknown reason, those vegetation suddenly became quiet and obedient in front of Su Zimo. Bystanders saw things more clearly. Everyone could tell that this was definitely not Liu Ping's ability. When he first entered the Fourth Heaven, Liu Ping was almost devoured by a flower. The reason why the flower suddenly retreated was because of Su Zimo's appearance! "This Su Zimo is really something." "He made use of fire immortal skills to clear the First Heaven. In the Second Heaven, he made use of the One Heavenly True Water. In the Third Heaven, he released many movement techniques. Although it was shocking, it wasn't easy. However, in the Fourth Heaven ..."

Everyone could clearly see that in the Fourth Heaven, Su Zimo did not release any mystic skills or mystic skills. He merely advanced like that and his path was smooth! "I reckon that he must have cultivated some cultivation technique or mystic skill related to vegetation and obtained the recognition of this world of vegetation. That's why it didn't attack him." Someone guessed. However, the Perfected Immortal Xie Ling frowned in confusion. In his opinion, the vegetation did not seem to be acknowledging him, but revering him!

## **Chapter 2213**

At this point in the Nine Heavens, there were not many cultivators who were qualified to enter the Earth Roll. The reincarnated Immortal Feng Yin from the Imperial Wind Temple had already reached the Fifth Heaven. Immortal Taihua of the Flying Immortal Sect followed closely behind, not falling far behind. There were no dangers in the Fifth Heaven and it was much more peaceful. However, the space in the Fifth Heaven had extremely terrifying gravity restrictions. Even if a Rank 9 Earth Immortal used Immortal Spells, he would not be able to jump too high, let alone fly. Peerless geniuses like Feng Yin and Tai Hua could of course fly for a short period of time. However, it would consume too much Essence Qi and the loss would outweigh the gain. Therefore, even if the two of them ascended, they chose to walk towards the Earth Roll stone tablet. Although it was only an elimination round, it could indeed show the means of these two reincarnated Immortals. The two of them walked one after the other. The gap was not big, but they were far ahead of the people behind them. When the two of them arrived at the Earth

Roll stone tablet, the person in third place had not ascended to the Fifth Heaven yet! Seeing this scene, True Immortal Xie Ling nodded slightly and said, "It seems that the prediction of the Earth Roll this time is not too far off. The first and second place of the elimination round have been confirmed." "Fellow Daoists Qing Feng and Bai Hai, congratulations in advance." Xie Ling looked at Heaven Immortal Qing Feng and Bai Hai with a smile and raised his cup from afar. The two Heaven Immortals also quickly returned the toast. Heaven Immortal Qing Feng said, "Before Immortal Feng Yin reincarnated, he was considered my Senior Brother. This competition for the Earth Roll is just a casual participation for him. There is no pressure." Heaven Immortal Qing Feng said it casually, but there was a hint of pride in his tone. Heaven Immortal Bai Hai also smiled and said, "If it weren't for other things, Immortal Tai Hua would not have come out of seclusion to participate in this Earth Roll competition." Xu Xiaotian listened to the discussion of these big shots and asked softly, "Your Highness, the rankings of the elimination round are only temporary. What's the use of being first or second? Isn't there still a ranking battle after the elimination round?" "There are many uses." Xie Qingcheng smiled and explained, "After the top 100 Earth Immortals of the elimination round are ranked, there will be no delay. The ranking battle will be held immediately."

Xu Xiaotian blinked, unable to understand for a moment. Xie Qingcheng continued, "This means that the earlier you reach the Fifth Layer of Heaven, the higher your ranking will be, and the more time you'll have to rest and recover!" "Ah!" Xu Xiaotian reacted and said in realization, "In other words, people like Feng Yin, Tai Hua, and the others can immediately rest and recover their vitality after arriving. The later you arrive, the lower your ranking will be, and you won't have much time to rest. This will definitely affect the later ranking battles!" "Not bad." Xie Qingcheng nodded and said, "The advantage of being at the top of the rankings is not limited to this." "There are other advantages?" Xu Xiaotian was shocked. In his opinion, Just Now was enough for the cultivators who were ranked at the top to gain the upper hand in the Ranking Battles. "The ranking battle system is a two-on-one battle." Xie Qingcheng said, "The general order is that the first will fight the 100th place, the second will fight the 99th place, and so on." "The advantage of such a rule is that it can prevent two peerless geniuses from meeting each other in advance, resulting in an overly intense battle that results in the elimination of the other genius." It was not difficult to understand this point. For example, if Feng Yin and Tai Hua met in the first round of the Ranking Battles, one of them would definitely be eliminated, which was unfair to the Earth Leaderboard. Xu Xiaotian was speechless and said, "In other words, the lower your ranking in the Knockout Battles, the stronger your opponent will be in the Ranking Battles!" "That's right." Xie Qingcheng nodded and said, "If you're ranked at the 100th place or 99th place in the Knockout Battles, you'll have to face Feng Yin and Tai Hua in the Ranking Battles, and you can choose to admit defeat." Xu Xiaotian said, "No wonder these people want to reach the Earth Leaderboard as soon as possible, and want to be ranked higher in the Knockout Battles. It turns out that there's such a big difference in the order of the rankings." At this moment, Feng Yin stood in front of the Earth Leaderboard stone tablet. He hesitated for a moment, then moved his body and leaped into the air. The stone tablet was ten feet tall. For many Earth Immortals, ten feet tall was a height that they could reach without using any Immortal Skills, just by relying on their Qi and blood.

However, in the Fifth Layer of Heaven, there was the existence of the gravitational field. The higher one flew, the greater the gravitational restriction. In the end, it could be hundreds or even thousands of times the gravitational force! For an Earth Immortal, a height of ten feet was as difficult as ascending to

heaven!The people in the square saw Feng Yin's speed getting slower and slower.Six feet, seven feet, eight feet ...Feng Yin had already reached the height of eight feet, but still had not left his name.At this moment, Tai Hua also came in front of the stone tablet.He looked at the seal above his head, and a divine light flashed in his eyes. He activated his Immortal Sense and activated his Immortal Skill, and leaped into the air and continued to ascend!"Strange."Xu Xiaotian murmured and said, "Isn't it enough to leave one's name on the Earth Leaderboard stone tablet? Why do they have to fly so high?"He seemed to have thought of something and asked, "Your Highness, could it be that the higher one's name is on the stone tablet, the better it is for the Ranking Battles?"You think too much."Xie Qingcheng smiled, and many women in the square were overshadowed.After a short pause, Xie Qingcheng said, "However, for reincarnated Immortals like Feng Yin and Tai Hua, peerless geniuses, they are born with arrogance. Since they want to leave their names on the stone tablet, they will not submit to others."The two of them want to leave their names on the stone tablet. If they let others write their names on it casually, they will naturally not accept it."Leaving one's name on the stone tablet was everyone's mark!As reincarnated Immortals, Feng Yin and Tai Hua wanted to leave their names on the stone tablet, so they had to climb to the top and look down on the other cultivators!Xie Qingcheng looked at the two figures that were slowly ascending in front of the stone tablet and said, "In every elimination round of the Nine Heavens, some geniuses and geniuses will secretly compete on the stone tablet to see who is better."Generally speaking, reaching the height of eight feet is the limit."But looking at Feng Yin and Tai Hua's methods, I'm afraid it will exceed eight feet!"When Feng Yin reached the height of eight feet, his speed became slower and slower.But he did not stop. He pushed his Qi and blood to the limit, and waves of sound came from his body as he continued to ascend!After a while, he finally reached the height of nine feet!

Feng Yin lowered his head slightly and looked at Tai Hua, who was rapidly approaching below him.If he tried his best, he could of course ascend a little more.But if he did that, he would expose too much and consume too much energy. It was completely unnecessary.He believed that Tai Hua would not try his best to continue ascending for a moment of anger.With that thought, Feng Yin carved his name on the stone tablet at the position of nine feet.

## **Chapter 2214**

Feng Yin did not leave after carving his name at the height of 90 feet.Not long after, Tai Hua also ascended. His blood qi surged and his body surged.As expected.He glanced at Feng Yin beside him and did not continue ascending. He also left his name at the height of 90 feet.If he continued ascending, the gravity would be unimaginable. It was not worth it.The real battle between the two would be in the final ranking battle!The two of them looked at each other at the height of 90 feet. Sparks flew and both of them could see the battle intent in each other's eyes.In the hearts of the two reincarnated Immortals, only the other party was worthy of being their opponent in this Earth Ranking battle!"These two fellow Daoists are really interesting."The Perfected Immortal Xie Ling smiled and said, "Carving your name at the height of 90 feet on the Earth Ranking stone stele should be a record. As far as I know, at least no one is ahead of you. As for those who come later, they will most likely not be able to surpass you. "The cultivators of the Flying Immortal Sect and the Imperial Wind Sect raised their heads slightly. They felt proud and proud.Feng Yin and Tai Hua. The two Dao names stood side by side on the Earth Ranking stone stele like two Perfected Immortals. They were extremely dazzling and looked down on the world. They were untouchable!"It's only 90 feet. What's there to be proud of?"Yun Ting looked at the faces of

the cultivators of the Flying Immortal Sect and the Imperial Wind Sect and sneered."Unfortunately, you, Yun Ting, can only show off. You no longer have the chance to participate."Heaven Immortal Qing Feng said indifferently.Yun Ting snorted and did not reply.Feng Yin and Tai Hua descended and rested not far away.Not long after, Yue Feng of the Mountain and Sea Immortal Sect arrived before the stone stele.Yue Feng, on the predicted ranking of the Earth Ranking, was also ranked third!The Earth Ranking had an extremely high evaluation of him. According to the editor, if not for the two reincarnated Immortals, Yue Feng would have been the top of the Earth Ranking this time!Yue Feng stood in front of the stone stele and raised his head slightly. He looked at the two shining Dao names at the highest point with a hesitant expression.After a moment of silence, he pursed his lips and did not choose to soar into the sky and try to surpass the two of them.

He stood on the spot and carved his name in front of the stone stele.Then, he went to the other side and sat down cross-legged. He swallowed a pill and began to recover his vitality and stamina.Seeing this, Xie Ling sighed in praise. "This disciple from the Mountain and Sea Immortal Sect isn't bad at all. He's calm and collected, and didn't waste his vital energy and stamina to compete for position. His future is promising."Tian Yuan of the Mountain and Sea Immortal Sect nodded slightly, a look of approval on his face.In his opinion, rather than expending his vitality and stamina to reach the height of the stone stele, it would be better to accumulate his strength and unleash it in the final ranking battle!At this moment, Han the Iron, who was ranked fourth, had also ascended. He strode towards the stone tablet.Han the Iron was indeed the commander of the Executioner Earth Guards. Although he was delayed in the Second Heaven, he still surpassed everyone and became the fourth person to reach the Earth Ranking stone tablet.Han the Iron raised his head and looked at the two names at the height of 90 feet. He did not choose to fly up. Instead, he chose to leave his name at the bottom.With Feng Yin and Tai Hua's Daoist names at the ninety zhang mark, the rest of the cultivators had no desire to compete."This is strange."Xu Xiaotian suddenly whispered. "Your Highness, aren't the Dajin Immortal Nation and the Flying Immortal Sect joining forces to kill Mr. Su? Why aren't they doing anything?"Xie Qingcheng frowned.He had been thinking about this since the elimination round.This was also the reason why he was confused.Could it be that Duke Yuanzuo was bluffing?Xie Qingcheng glanced at Duke Yuanzuo who was not far away.At this moment, Duke Yuanzuo's face was calm and he did not look anxious at all. It was as if everything that had happened was within his control.After Han the Iron wrote his name, he and Tai Hua looked at each other and nodded slightly. Then, they walked to the other side.Xie Qingcheng's heart skipped a beat. "I know! They're going to fight here! ""In front of the Earth Ranking stone tablet?"Xu Xiaotian asked.Xie Qingcheng nodded and said, "Other than the teleportation arrays, there's also the Earth Ranking stone tablet that can gather cultivators from the Dajin Immortal Nation and the Flying Immortal Sect."

"However, not only can the cultivators from the Dajin Immortal Nation and the Flying Immortal Sect gather in front of the Earth Ranking stone tablet, but the Earth Immortals from the Qiankun Academy can also gather here."Xu Xiaotian frowned and said, "When the time comes, the other disciples of the Qiankun Academy will definitely not let Mr. Su be surrounded.""Could it be ..."Xie Qingcheng suddenly thought of a terrifying guess. He was shocked and his expression changed slightly.At this moment, the fifth cultivator to arrive at the Earth Ranking stone tablet had already appeared.Chi Hong Infanta.Just as Xie Qingcheng had expected, Chi Hong Infanta's movement technique gave her a great advantage in the Nine Heavens elimination round.Her combat strength could not be ranked in the top five.However, she

was the fifth cultivator to arrive in the Nine Heavens elimination round, surpassing many cultivators on the prediction list!The elders of the Qiankun Academy looked at each other and nodded in satisfaction.Chi Hong Infanta arrived in front of the Earth Ranking stone tablet and looked at Feng Yin, Tai Hua, and the other two who were meditating with their eyes closed. Then, she looked at the four names on the stone tablet and pursed her lips.She was not like Yue Feng and Han the Iron.She was indignant and wanted to give it a try. She soared into the sky and flew up. Along the way, she used many Immortal Arts and Divine Powers.However, when she reached a height of 70 feet, she was already exhausted and could no longer soar higher.Chi Hong Infanta had no choice but to carve her name at this position.Chi Hong Infanta's figure descended slowly. Xie Qingcheng seemed to have sensed something as she leaned forward slightly and stared at the Nine Heavens with a nervous expression.Just as Princess Chi Hong's body was about to land on the ground, there was a sudden change!Immortal Tai Hua and Han the Iron, who were meditating with their eyes closed on both sides of the stone tablet, suddenly opened their eyes.The two of them moved and attacked at the same time, charging towards Chi Hong Infanta!This change happened without any warning!Princess Chi Hong had just finished carving her name at a height of 70 feet and was exhausted. She was also caught off guard and was besieged by the two peerless monsters, Immortal Tai Hua and Han the Iron. She could not resist at all.He wouldn't be a match for either of them.

The two experts joined forces and it happened so suddenly that she did not even have a chance to escape when she was exhausted!Although her movement technique was fast, she was restricted by gravity in the space of the Fifth Heaven and was greatly affected.Immortal Taihua and Han the Iron's attacks were as fast as lightning and arrived in an instant.Even the spectators were stunned on the spot, let alone Chi Hong Infanta who was in it. For a moment, they did not know what was going on.Bang! Bang!Both parties only exchanged a single blow. The moment Chi Hong Infanta landed, she was restrained by Immortal Tai Hua!It was too fast!In the blink of an eye, Chi Hong Infanta was restrained and captured!Immortal Tai Hua used his spirit consciousness and circulated an immortal art, releasing a restriction that was imprinted on Chi Hong Infanta's body.Chi Hong Infanta's body, Essence Qi, and Essence Spirit were all sealed and she could not move at all!

## **Chapter 2215**

Seeing this, Xie Qingcheng sighed in his heart.Indeed, what he was worried about Just Now had happened.When he realized that the Dajin Celestial Kingdom and the Flying Immortal Sect were going to make a move at the Earth Ranking stone tablet, he could vaguely guess that the cultivators of Qiankun Academy would be targeted!"What are the Dajin Celestial Kingdom and the Flying Immortal Sect trying to do?!"Elder Zhong of Qiankun Academy was shocked and questioned loudly.The other elders also looked in the direction of the Dajin Celestial Kingdom and the Flying Immortal Sect angrily.Perfected Immortal Xie Ling frowned slightly and asked, "Yuanzuo, Bai Hai, what is the meaning of this?"Besides being a disciple of Qiankun Academy, Chi Hong was also the princess of the Flaming Sun Celestial Kingdom!When Xie Ling saw this, it was impossible for her to remain indifferent.Duke Yuanzuo stood up and bowed slightly to Xie Ling with a smile. "Your Highness, don't worry. Han Tie and Tai Hua know what they are doing and will definitely not harm Chi Hong."Xie Ling's expression softened slightly.Duke Yuanzuo continued, "Not only that, Han Tie and Tai Hua are also waiting for Chi Hong to carve her name on the Earth Ranking stone tablet before making a move on her.""We are only temporarily sealing Chi Hong so that she can watch a good show from the side."Heaven Immortal Bai Hai waved his folding fan

gently and said leisurely with a smile. "What is the meaning of this?!" Elder He of Qiankun Academy glared at the opposite side and shouted. "Nothing." Duke Yuanzuo shrugged slightly and said casually, "I just want the disciples of Qiankun Academy to behave themselves later so that they won't get hurt." Hearing this, the elders of the academy understood. The Dajin Celestial Kingdom and the Flying Immortal Sect were doing this to restrain the other disciples of Qiankun Academy so that they would not help Su Zimo later. Initially, everyone thought that the Dajin Celestial Kingdom and the Flying Immortal Sect were plotting against Su Zimo alone. However, they did not expect that the two major forces were going to make a move on Qiankun Academy! Elder Zhong's expression was ugly as he said coldly, "In that case, the two major forces were prepared to join forces to deal with Qiankun Academy right from the beginning?" It had to be known that in the previous Earth Rankings, although there were fights between the cultivators of the various powers, it would not evolve into a confrontation between the powers.

At the very least, the Three Great Immortal Kingdoms and the Four Great Immortal Sects wouldn't fall out with each other. Who would have thought that the Dajin Celestial Kingdom and the Flying Celestial Sect would join hands and openly attack the cultivators of Qiankun Academy for the sake of an Earth Immortal! "Since your Qiankun Academy wants to protect the sinners of my Great Jin Dynasty, you have to bear all of this! Other than Princess Chi Hong, no one else from your Qiankun Academy will have a chance to leave their names on the Earth Roll!" Commandery Prince Yuanzuo did not try to hide it and admitted it directly. He sneered and said with a mocking expression, "This Earth Ranking competition can be considered a small lesson for your Qiankun Academy!" "Sure." Elder He was so angry that he laughed and said, "Since you two are so shameless, don't blame our academy for not giving you any face in the future! This matter today, my Qiankun Academy absolutely won't take things lying down!" The next 10,000-year convention would be held in Qiankun Academy. As the host, Qiankun Academy naturally had many ways to take revenge on the Dajin Celestial Kingdom and the Flying Celestial Sect. Commandery Prince Yuanzuo seemed to have seen through Elder He's thoughts and said with a smile, "It's alright. At most, my Dajin Celestial Kingdom will casually send a few people over to the next 10,000-year convention to let your Qiankun Academy vent your anger." "You!" Elder He was furious but there was nothing he could do at that moment. Since they had planned this and were prepared to attack Qiankun Academy, they had naturally considered the consequences and had long thought of a countermeasure. Heaven Immortal Bai Hai looked at the few elders of Qiankun Academy and said with a leisurely smile, "Fellow Daoists, don't worry for now. Tai Hua, Han the Iron, and the rest will act appropriately. Other than Su Zimo, they will not harm the lives of the other disciples of the academy." "Hmph!" Elder Zhong looked furious and clenched his fists slightly as he looked coldly at Commandery Prince Yuanzuo and Heaven Immortal Bai Hai. Although the elders of the academy were shocked and furious, they could not do anything and could only let the situation develop. "Interesting, interesting!" Heaven Immortal Qing Feng of the Imperial Wind Temple clapped his hands and laughed. "Actually, elders, you don't have to be angry. From another perspective, this matter may be a form of protection for the disciples of the academy." "Think about it, if these disciples of the academy were not sealed and fought to the death later, how many disciples of the academy would be able to survive with a reincarnated Immortal like Tai Hua around?"

Heaven Immortal Qing Feng fanned the flames with the mentality of watching a show. "Hahahaha!" Yun Ting laughed and glanced sideways at Heaven Immortal Qing Feng. "I've really seen it! This is the first time I've heard someone who can twist the truth so nicely." Heaven Immortal Qing Feng chuckled. In the

Nine Heavens."What are you doing!?"Princess Chi Hong was restrained and her brows were furrowed. She glared at Immortal Tai Hua and Han the Iron with a furious expression and shouted.Immortal Tai Hua looked arrogant and ignored Princess Chi Hong completely. He walked to the side of the stone tablet and continued to meditate with his eyes closed."Princess, I'll have to trouble you."Han the Iron said calmly as he supported Princess Chi Hong and placed her beside the stone tablet. He then crossed his legs and meditated.Throughout the entire process, Princess Chi Hong could not move and could only be controlled by Han the Iron."You bastard, let go of me!"How dare you touch me. This is the Flaming Sun Immortal Kingdom!"Bastard ..."Han the Iron retreated to the side of the stone tablet and meditated with his eyes closed.Princess Chi Hong was unable to move. All she could do was curse and vent the anger in her heart."Noisy!"Immortal Tai Hua frowned slightly and flicked his finger. Essence Qi quickly condensed into a rune in mid-air and landed on Princess Chi Hong's face."Wu ..."Wu Wu!"Princess Chi Hong suddenly realized that she could not speak. Her face turned red and she was even more furious.However, after struggling for a long time, she could not break through the restriction that Immortal Tai Hua had placed. She could only pant slightly and stare at Immortal Tai Hua and Han the Iron who were not far away. She wanted to kill them with her gaze!Feng Yin, who was not far away, did not open his eyes and seemed to be indifferent to the matter.Yue Feng from the Mountain and Sea Immortal Sect looked on coldly. He seemed to have guessed something but did not say anything.This matter had nothing to do with him or the Mountain and Sea Immortal Sect.There was no need for him to care.

He only had one goal this time, and that was to get the first place on the Earth Roll!Not long after, the sixth cultivator to reach the Earth Roll stone tablet appeared. He was also from the Flying Immortal Sect and his Dao name was Qing Chenzi. He had a handsome face and his white robe fluttered in the wind.If not for Immortal Tai Hua, Qing Chenzi would be the first Earth Immortal of the Flying Immortal Sect!Qing Chenzi arrived and left his name on the stone tablet. He was not surprised to see Princess Chi Hong being restrained. He bowed slightly to Immortal Tai Hua before sitting down to rest.The seventh cultivator to reach the stone tablet was Xie Yun from the Flaming Sun Immortal Kingdom.Back then, Princess Chi Hong had been defeated by Xie Yun in the battle between the younger generation of the Flaming Sun Immortal Kingdom.Xie Yun was also in the top ten on the Earth Roll!

## **Chapter 2216**

Xie Yun walked to the front of the Earth Roll stone tablet and left his name on it. He then looked at Chi Hong who was sitting cross-legged not far away and said, "I've won against you before. You defeated me once in the elimination round of the Nine Heavens. It seems that we can only fight again in the ranking battle. ""Wu wu!"Chi Hong's eyes widened and she could not speak. She could only whimper."Hmm?"Xie Yun frowned slightly and walked forward slowly when he saw Chi Hong's strange expression.Just as he was about to ask, Han the Iron suddenly opened his eyes and said calmly, "Your Highness Xie Yun, Chi Hong is fine. Please don't interfere in this matter.""Your Highness, just watch from the side."Qing Chenzi from the Flying Immortal Sect also smiled.Xie Yun glanced at the two of them and then at Immortal Tai Hua who was not far away. He vaguely guessed something.Xie Yun pondered for a while and slowly retreated to the side to observe the situation."Wu wu ..."Scarlet Princess Chi Hong continued to shout.Xie Yun shook his head slightly with an apologetic expression.As long as Chi Hong was fine, he did not care about the lives of others.Some people might even become his opponents in the competition for the Earth Roll. Even if they were suppressed and killed, he would not interfere.The

eighth place was Yunlei Commandery Prince from the Mountain and Sea Immortal Sect. Back then, Yunlei Commandery Prince and Chi Hong participated in the Immortal Sect selection at the same time but joined the Mountain and Sea Immortal Sect. After Yunlei Commandery Prince left his name on the stone tablet, he also heard Chi Hong's whimpering and sensed that something was wrong. He glanced at Immortal Tai Hua, Han the Iron, and Qing Chenzi and was shocked. The positions of the three of them seemed to be random, but they were very particular. Any cultivator who came to the Earth Roll stone tablet could fall into the siege of the three of them! Yun Ting's heart skipped a beat and he also roughly guessed the truth. He retreated to the side and watched. The ninth place was Yuntao Commandery Prince from the Zixuan Immortal Kingdom. The tenth place was Ye Fei from the Qiankun Academy. When Ye Fei ascended to the Fifth Heaven, the elders of the academy became nervous. Ye Fei was the champion of the academy's outer sect competition and the academy had high hopes for him!

Everyone outside the Ninth Heaven knew what was going to happen later. What Ye Fei didn't know was that a huge trap was waiting for him! As long as he arrived at the Earth Board, Han the Iron and the others would attack him. They would not give him a chance to leave his name on the Earth Board! This was the brilliance of the Great Jin Celestial Kingdom and the Flying Immortal Sect. With Immortal Taihua and Han the Iron's help, they could join forces as long as they reached the stone tablet first. When the other party was caught off guard, the two of them working together was enough to suppress anyone! Moreover, as time passed, more and more cultivators from the Dajin Celestial Kingdom and the Flying Immortal Sect arrived. As for the cultivators of Qiankun Academy, every time someone arrived at the stone stele, they would be suppressed and sealed until Su Zimo appeared ... In the Nine Heavens. The wind howled and sand and gravel filled the air. For some reason, there was a hint of murderous intent in this space. In the sandstorm, Ye Fei continued to move forward. Finally, he saw the Earth Ranking stone tablet that was 30 meters tall! Around the Earth Ranking's stone tablet, there were a few cultivators scattered around, meditating with their eyes closed. There was also a woman among them. From afar, her clothes and figure seemed to be the Scarlet Rainbow Infanta. Due to the yellow sand blocking his vision, Ye Fei's spirit consciousness could not extend too far and he could not see clearly either. Princess Chi Hong widened her eyes and watched as Ye Fei approached. However, she could not speak and could only mutter with all her might. However, her mouth and tongue were sealed by Immortal Taihua. Even her mutter was extremely soft and could not be heard unless one was close. Ye Fei strode forward and gradually approached the Earth Ranking's stone tablet. Gradually, he could see the few people around it clearly. Feng Yin, Taihua, Han the Iron ... That woman was indeed Princess Chi Hong! "Junior Sister Chi Hong, I didn't expect you to be faster than me." Ye Fei was all smiles as he said loudly and continued to advance towards the Earth Ranking's stone tablet. Princess Chi Hong could hear Ye Fei's voice but her voice could not reach him. The more that was the case, the more anxious she was.

Ye Fei took a few more steps forward and suddenly paused in his tracks! He narrowed his eyes and looked at the few cultivators around the Earth Ranking's stone tablet with a bewildered expression. The fact that Princess Chi Hong did not reply made him wary. When he swept his gaze across Immortal Taihua, Han the Iron and Qing Chenzi's positions, he sensed something amiss! "Something's wrong!" Ye Fei frowned with a grim expression. "As expected of the number one outer sect of Qiankun Academy. His vigilance has already surpassed others." Flying Immortal Sect's Qing Chenzi suddenly opened his eyes and chuckled. At the same time, Han the Iron moved and charged towards Ye Fei at an extremely fast speed! Qing Chenzi pounced towards Ye Fei as well. Initially, the two of them wanted to wait for Ye Fei to

get closer before attacking. To their surprise, Ye Fei discovered something amiss in advance! Ye Fei reacted quickly as well. The moment Qing Chenzi spoke, he retreated! Be it Han the Iron or Qing Chenzi, they were ranked before him. If it was a one-on-one fight, he still had a chance of winning. However, he had no chance of winning if the two of them joined forces! Furthermore, Immortal Taihua was on the other side! Ye Fei was extremely decisive and made a decision in a flash. He did not intend to fight with Han the Iron and Qing Chenzi at all. He wanted to leave this place as soon as possible and gather his fellow disciples of the other academies before making a plan! Otherwise, if the disciples of the academy arrived here one by one, they would not be able to resist the many cultivators of the Dajin Immortal Kingdom and Flying Immortal Sect. In such a short period of time, all of Ye Fei's countermeasures were already considered the best solution. However, Han the Iron and Qing Chenzi were too powerful. The two of them would definitely not let him leave easily! "Rise!" Han the Iron activated his Essence Spirit and shouted softly. Behind Ye Fei, on the ground, a huge wall of ice condensed out of thin air, blocking Ye Fei's path. He could not let any disciple of the academy escape. There could not be any changes! Han the Iron did not hold back either and released his great mystical ability directly!

Ye Fei condensed sword fingers with both hands and activated his Essence Spirit. With a soft shout, he stabbed at the ice wall behind him! Boom! A resplendent sword beam burst forth from the sword fingers and pierced a hole in the ice wall. However, that slight delay allowed Qing Chenzi's attack to descend. Ye Fei had no choice but to block again. Qing Chenzi chuckled and did not fight Ye Fei head-on. Instead, he condensed his qi into threads and entangled them, keeping him on the spot. On the other side, Han the Iron arrived and used his palm as a saber to slash at Ye Fei's head! A bone-chilling coldness shrouded over and Ye Fei shuddered. His blood qi circulated slowly and was almost frozen into ice! 'So strong!' Ye Fei was shocked. He condensed sword fingers and stabbed backwards, colliding with Han the Iron's palm. Crack! Crack! Crack! Crack! Ye Fei's sword fingers were instantly covered with a layer of frost. The frost continued to spread along his arm. On the other side, Qing Chenzi condensed ten slender green threads from his ten fingers and wrapped them around Ye Fei, binding his limbs! The two top experts joined forces and forced Ye Fei into a desperate situation in just a few rounds!

## **Chapter 2217**

Ha! "Ye Fei spat out a stream of white Qi that pierced towards Qing Chenzi's face like a flying sword. It was as sharp as a divine weapon! Qing Chenzi did not dare to be careless and hurriedly dodged. At the same time, the Qi and blood in Ye Fei's body surged and the Essence Qi in his body surged. He actually burst out with dragon-like Sword Qi that circled around him with an extraordinary aura! Bloodline phenomenon! Ye Fei knew that he was in a desperate situation and did not dare to hold back. Clang! Clang! The ten Essence Qi threads released by Qing Chenzi were directly cut off by the Sword Qi. The frost on Ye Fei's body also shattered under the cleansing of the Sword Qi. Countless ice shards and frost splattered everywhere. "Seal!" At this moment, an indifferent voice sounded from the side. A powerful rune descended and penetrated the Bloodline phenomenon around Ye Fei. Layers of Sword Qi directly imprinted on his chest! Immortal Taihua had attacked! This rune exuded a strange power that even Ye Fei's Bloodline phenomenon could not block. Ye Fei grunted and his body shook violently. The Bloodline Sword Qi around him also dissipated. He still wanted to activate his Essence Spirit and use his Essence Spirit secret technique to try to condense Essence Qi, but he realized that his Essence Spirit and the Essence Qi in his body had been completely sealed by a powerful force! "Is this the means of a reincarnated immortal?" Ye Fei looked at Immortal Taihua who was not far away and sneered, "Bullying

me with numbers, how shameless!" Immortal Taihua's face darkened. Although he was an Earth Immortal, he always thought of himself as a Perfected Immortal because of his identity as a reincarnated immortal! Ye Fei's rude words were equivalent to a puny Earth Immortal provoking him, a Perfected Immortal! Killing intent rose in his heart, but he quickly suppressed it. Immortal Taihua did not intend to attack at first. However, he was a little impatient when he saw that Han Tie and Qing Chenzi had not been able to suppress Ye Fei after a few rounds. He was worried that other unforeseen events would happen, so he took action to seal Ye Fei. "You'd better be careful when you speak in front of me. Be careful of your words!" Immortal Taihua's tone was indifferent, but his killing intent was hidden. "This time, I'll give Qiankun Academy some face and not stoop to your level."

Afterwards, Immortal Taihua activated his Divine Consciousness and released another rune to seal Ye Fei's mouth. Yue Feng, Yun Lei, and Xie Yun all shook their heads. The combat power of Immortal Taihua, Han the Iron, and Qingchen Zi could almost be ranked in the top five of the Earth List! With the three of them working together, not to mention Ye Fei, even if Feng Yin was in their place, he might not be able to gain an advantage. Feng Yin did not open his eyes from the beginning to the end. He was also indifferent to this matter. He was still adjusting his breathing with his eyes closed. Han the Iron brought Ye Fei, who was also unable to speak, to the side of the stone tablet. He placed Ye Fei beside Chi Hong Infanta and assumed the same posture of recuperation. "Wu wu!" Princess Chi Hong looked at Ye Fei as though she wanted to say something. Ye Fei's face was cold. He didn't say anything from the beginning to the end. As the number one outer disciple of the academy, he didn't just represent himself. He also represented the entire Qiankun Academy! Qiankun Academy definitely wouldn't resign itself to death! He would never allow the scheme of the Dajin Celestial Kingdom and the Flying Immortal Sect to succeed! He didn't say anything. He was extremely quiet as he waited silently. On the square. The expressions of the elders of Qiankun Academy were extremely terrible. "Well, well, well!" Elder Zhong gritted his teeth and suppressed the anger in his heart. "The Dajin Celestial Kingdom and the Flying Immortal Sect are indeed scheming. Qiankun Academy will remember today's humiliation and return it in full in the future!" The actions of the Dajin Celestial Kingdom and the Flying Immortal Sect were not only targeting Su Zimo. At the 10,000 Year Meeting, under the gaze of many sects, factions, and cultivators, it was also a heavy slap to Qiankun Academy's face! Even Ye Fei could not last more than a few breaths, let alone the other disciples of Qiankun Academy. As time passed by, more and more cultivators arrived at the Earth Ranking stone tablet. Including Han the Iron, there were already six people from the Dajin Celestial Kingdom. Including Immortal Taihua, there were already seven people from the Flying Immortal Sect! Later on, there was no need for Immortal Taihua to take action. The other cultivators of the Dajin Celestial Kingdom and the Flying Immortal Sect could suppress and seal the disciples of the academy in less than a breath.

At that moment, there were already ten disciples of Qiankun Academy who were sealed in front of the Earth Ranking stone tablet. There were already 48 names on the Earth Ranking stone tablet. In the Fourth Heaven. Su Zimo's journey was smooth and he arrived at the teleportation formation in the center without any obstructions. He first lowered his head to look at the ranking on his token. There was enough time. He surveyed his surroundings and his gaze was fixed on a willow tree not far away. The willow tree had existed for an unknown period of time. Its trunk was straight and its bark was rough. The willow branches were smooth and green as they hung in midair and swayed gently with the breeze. Although the willow tree was ancient, it emitted an extremely exuberant vitality! However,

compared to the surrounding lush vegetation that was full of vitality, the willow tree before him was a little creepy! Because, on these soft and supple willow branches, there were dried human skins hanging from them! Because the dried human skins did not have flesh and bones, they looked extremely menacing and terrifying. Some of the human skins still had an inexplicable fear on their faces even in death. Some of the willow branches even had cultivators hanging on them. They were the Earth Immortals who participated in the elimination round of the Nine Heavens and had clearly died not long ago! Those seemingly weak willow branches were wrapped around the necks of those cultivators. If one focused their attention, they would be able to sense that there were small barbs on those willow branches that pierced into the blood vessels of those cultivators' necks and were slowly absorbing their vitality! Before long, those Earth Immortals would also end up as dried human skins! Su Zimo was used to seeing bloodshed and killing. When he saw this scene, he felt a little disgusted. He walked towards the willow tree. If he was not wrong, the treasure in this space should be on this willow tree! Before long, Su Zimo arrived in the vicinity of the willow tree. The willow branches that had fresh corpses hanging on them did not avoid him. Instead, they swayed slightly with the wind, causing the corpses that had died miserably with widened eyes to sway in front of Su Zimo. Although the action seemed unintentional, it was more like a warning! "Hehe." Su Zimo laughed. "Now that you've obtained the treasure, you want to fight me?"

Su Zimo glared at the willow tree not far away and murmured softly. In this space, when the other plants sensed his aura, all of them chose to submit and retreat, opening a path for him. None of them dared to fight against him! However, the willow tree before him had lived for way too long and occupied the treasure. This time round, not only did it not give way, it even wanted to scare Su Zimo away. "Junior Brother Su, what are you doing here?" Right then, Liu Ping finally caught up and asked while panting. "I finally understood something. This ..." The moment Liu Ping finished speaking, something strange happened! Swash! The moment Liu Ping stepped into this place, the swaying willow branches became extremely excited and tore through the air, as though they had sensed a prey! Dozens of willow branches shone with a faint blood light, resembling bloodthirsty pythons. Barbs grew on their bodies and they coiled towards Liu Ping

## **Chapter 2218**

Liu Ping was shocked and hurriedly released a divine ability to block in front of him. However, in front of these mutated willow branches, this great divine ability was completely unable to withstand a single blow and was easily shattered! All of a sudden! Liu Ping's vision blurred and a figure entered his line of sight. Before he could see clearly who it was, he felt a huge force and was suddenly sent flying backward, landing on the ground not far away. Liu Ping quickly stood up and realized that his body was fine. He subconsciously looked over. Su Zimo stood at his original position and was already entangled by dozens of barbed willow branches that shone with a blood-red light! Just Now, Su Zimo made a move in time and pushed Liu Ping away, saving his life. "Junior Brother Su!" Liu Ping exclaimed and was about to step forward and make a move. Pang! Pang! Pang! Su Zimo's body shook and the dozens of willow branches on his body broke, making the sound of a bowstring breaking. "Don't come over!" Su Zimo did not turn back and shouted softly. This willow tree was not like other plants that even dared to attack him, let alone Liu Ping who was behind him. Liu Ping hurriedly stopped in his tracks. Just Now, he chased Su Zimo all the way here and gradually guessed that the reason why the plants in this space suddenly did not attack was probably because of Su Zimo! Now that he saw this scene, he no longer had any

doubts."Junior Brother Su, be careful. I'll wait for you at the Teleportation Array."Liu Ping knew that even if he went forward, he would not be able to help much. Instead, he would distract Su Zimo."No need. Go and leave your name on the Earth Roll stone tablet first. I'll rush over in a while."Su Zimo did not turn back and said casually.Currently, he had not seen the cultivators of the Dajin Immortal Kingdom and the Flying Immortal Sect joining forces. If he was not wrong, these two forces were most likely at the Fifth Heaven.If he saw Liu Ping traveling with him, he might implicate Liu Ping.Liu Ping pondered for a while and said, "Alright. Junior Brother Su, thank you so much this time. If I hadn't met you, I would have already fallen in the Fourth Heaven. Let's meet again at the Earth Ranking Tournament. "

Liu Ping bowed to Su Zimo before turning to leave. After arriving at the Teleportation Portal, he immediately ascended.After descending to the Fifth Heaven, Liu Ping felt his body sink, as if there was an additional weight of several kilograms in his body. Every move he made became much slower and more difficult."This is the Fifth Layer of Heaven?"Liu Ping murmured softly. Looking at the howling sand around him, he raised his spirits and walked forward.After an unknown period of time, Liu Ping finally saw a tall stone tablet on the horizon. It was the legendary Earth Ranking Stone Tablet!Liu Ping took out his token and looked at his ranking. He was ranked 58th."Haha!"Liu Ping was overjoyed.Who would have thought that not only would he be able to leave his name on the Earth Roll Stone Tablet in the Earth Roll Elimination Tournament, his ranking wouldn't be too low either!"I wonder who else from the Academy has arrived."As Liu Ping walked forward quickly, he pondered and said, "If I'm not wrong, Senior Brother Ye and Junior Sister Chihong are definitely in front of me. Senior Brother Liu and Senior Brother Wang should be around the same."He was getting closer and closer to the Earth Roll Stone Tablet.Before long, Liu Ping could already see dozens of cultivators scattered below the Earth Roll Stone Tablet.Among them were his fellow disciples from Qiankun Academy!Ye Fei and Princess Chihong were among them!"Senior Brother Ye, you guys are so fast!"Liu Ping was still far away and he waved his arm to greet them.The people from Qiankun Academy were still sitting cross-legged. They did not get up and their eyes were wide open, but they did not respond.Liu Ping was a little confused but he did not think too much about it.He was about to leave his name on the Earth Roll Stone Tablet and was a little excited. He smiled and said, "Senior Brother Ye, you guys didn't expect me to arrive here so quickly, right?""Actually, I almost died at the Fourth Heaven! Fortunately, I met Junior Brother Su. He brought me all the way here and I was able to surpass everyone to arrive here. ""Junior Brother Su is still at the Fourth Heaven. He will be here soon too."Upon hearing this, Ye Fei, who was initially looking down, had a change in his expression and a look of determination flashed across his eyes!

This was the opportunity that he had been waiting for!"Ah!"Ye Fei suddenly stood up and let out a long roar. It was as if countless shackles had been broken as his black hair rapidly turned grayish-white and danced in the wind. His face rapidly aged!But in his eyes, there was a resolute and resolute look!In the square.The crowd was in an uproar!Normally speaking, Ye Fei would not be able to break free from Immortal Tai Hua's seal.However, Ye Fei's current state was truly terrifying!"Life Snapping Sacrifice Art!"The expressions of the elders of Qiankun Academy changed drastically as they exclaimed.Many of the cultivators present were shocked when they heard these words.That mystic technique came from Qiankun Academy and was extremely famous in the Divine Firmament Immortal Realm, the Nine Firmament Immortal Realm and the entire Heavenly Realm.There were only three levels to that mystic technique.At the first level, once it was released, one would instantly lose 100,000 years of lifespan. However, one would obtain a tremendous burst of power for a short period of time!Ye Fei was not old

and was only more than 40,000 years old. However, the lifespan of an Earth Immortal was only 200,000 years. After releasing that mystic technique, it meant that Ye Fei would instantly turn from his peak age to his twilight years! That would have a huge impact on his future! Once he entered his twilight years, his Qi, blood, and spirit would be somewhat exhausted. Breaking through a major realm would also increase the danger. Ye Fei's actions were equivalent to giving up his future and breaking free from the restrictions that Immortal Tai Hua had placed on him! Not only were the people in the square stunned, but the people in front of the Earth Roll stone tablet were also stunned and could not react. No one had expected that Ye Fei, who was originally sealed, would suddenly break free from the restrictions! "Junior Brother Liu, hurry up and retreat!" Ye Fei glared and said sternly, "Tai Hua and the others have set up a trap here. Tell Junior Brother Su not to ascend!" Liu Ping was with Su Zimo. Only he could help Su Zimo avoid this calamity. In Ye Fei's heart, he was the number one outer sect disciple of the academy and was also the Senior Brother of Su Zimo and the others.

He should do his best to protect his fellow disciples of the academy. He should give up everything to protect the dignity of the academy! The Dajin Immortal Kingdom and the Flying Immortal Sect had racked their brains to join forces and kill Junior Brother Su. He could not stop them with his strength. The only thing he could do was to remind Su Zimo and make the plan of the Dajin Immortal Kingdom and the Flying Immortal Sect go to waste! "You're courting death!" Immortal Tai Hua's face darkened and he suddenly bounced up from the ground. In an instant, he arrived in front of Ye Fei and stretched out his palm. Huge runes condensed and shrouded him again! Ye Fei had already used the power that he had obtained by releasing the Life-severing Sacrifice Art to break free from the restrictions in his body. Now, facing Immortal Tai Hua's attack, he could not resist at all. Immortal Tai Hua grabbed Ye Fei's throat and asked coldly with a face full of murderous intent, "Do you really think I don't dare to kill you?" "Pfft!" Ye Fei's gaze was fierce. Unable to activate his Essence Spirit and Qi, he directly bit the tip of his tongue and spat a mouthful of essence blood on Immortal Tai Hua's face! Caught off guard, Immortal Tai Hua quickly turned his head and could not dodge all of it. A lot of blood was sprayed on his face. Immortal Tai Hua's face was expressionless. Scarlet blood flowed down his face slowly, making his face look extremely horrifying! "What ... bullsh \* t ... Immortal, shameless ..." Ye Fei's face was purple and green as he cursed with difficulty. Pfft! Immortal Tai Hua exerted force in his palm and crushed Ye Fei's throat. A huge force rushed into his Spiritual Consciousness and shattered his Essence Spirit. The top of Ye Fei's head was lifted, revealing a shocking bloody hole!

## **Chapter 2219**

There was complete silence in the square, not a single sound could be heard. The Dajin Immortal Kingdom and the Flying Immortal Sect had joined forces to deal with the Qiankun Academy. They only sealed the disciples of the academy so that they could not interfere and help Su Zimo. Although the elders of the Qiankun Academy were resentful, they could still tolerate it. However, Ye Fei, the number one outer sect disciple of the Qiankun Academy, was killed by Immortal Taihua! The situation had escalated and even gone out of control! Even the corners of Heaven Immortal Bai Hai's eyes twitched as he was shocked. This time, the two major forces joined forces to kill Su Zimo. In order not to make things too tense with the Qiankun Academy, he and Duke Yuanzuo had instructed not to harm the lives of the others from the Qiankun Academy. However, they did not expect Ye Fei to be so firm and decisive. He would rather use the Life-Shortening Sacrifice Art than be controlled by others. Moreover, Ye Fei had repeatedly spoken rudely to Immortal Taihua. Immortal Taihua was the reincarnation of a Perfected

Immortal. Although he was only at the Earth Immortal realm, he had the pride and dignity of a Perfected Immortal! He could not accept being scolded by Ye Fei in front of everyone. He could no longer suppress the killing intent in his heart and killed Ye Fei on the spot! Bam! The elders of the Qiankun Academy slammed the table and stood up in anger. "Bai Hai, look at what your Flying Immortal Sect has done!" Elder Zhong was furious. He kicked the table in front of him away and walked towards the Flying Immortal Sect. In the direction of the Flying Immortal Sect, the cultivators led by Heaven Immortal Bai Hai and the others also stood up and pressed their palms on their storage bags. Both sides were ready to fight at any time! "Everyone, calm down!" The Perfected Immortal Xie Ling emitted a thick Perfected Immortal aura that enveloped the hall. Under such a vast and majestic aura, both sides could not make a move at all. He presided over this 10,000-year meet and naturally could not let the conflict between the two sides escalate and cause another fight between the Heaven Immortals. Heaven Immortal Bai Hai gradually regained his composure. He opened his folding fan and sneered. "Elder Zhong, it was your disciples who provoked him repeatedly that caused his death. You can't blame Immortal Taihua for this." "Immortal Taihua is the reincarnation of a Perfected Immortal. Even I have to be respectful when I see him. How can he be insulted by an Earth Immortal!?"

Elder He's eyes were filled with hatred. He said coldly, "Do you mean that the disciples of the Academy deserved to be killed?" "I didn't say that." Heaven Immortal Bai Hai shrugged slightly. "However, the rules of the Nine Heavens are life and death. My Flying Immortal Sect did not violate the rules." Although the actions of the Dajin Celestial Nation and the Flying Immortal Sect were shameless, they were still within the rules. Commandery Prince Yuanzuo also raised his eyebrows slightly and chimed in, "What? The cultivators of other sects can die, but the disciples of your Qiankun Academy can't?" Heaven Immortal Green Peak coughed softly and said, "Ever since the elimination rounds began, there have been quite a few disciples from various sects and factions who have perished. However, I've never seen the seniors of their sects and factions so agitated. Elders, aren't you reacting a little too strongly?" "It's not that the disciples of the Academy can't die, but they can't die in such an unjust and dubious manner!" Elder Zhong said loudly, "If your Flying Immortal Sect's Tai Hua and Ye Fei fight fairly, I will have no objections if Ye Fei dies!" "But Tai Hua and the other two besieged Ye Fei, first sealed him, and now killed him. So what if my reaction is big? Am I not allowed to speak up?" Heaven Immortal Bai Hai chuckled and said, "Elders, if the cultivators of the Flying Immortal Sect or the Dajin Celestial Nation are killed, we won't say anything no matter what methods are used. That's because they are not skilled enough. They can't blame others." "That's right!" Commandery Prince Yuanzuo also nodded with a smile and agreed. "You guys!" Elder Zhong was filled with anger but had nowhere to vent it. "What a man!" Yun Ting, who was at the side, suddenly raised his wine bowl and gestured towards the direction of the Ninth Heavens. Then, he poured the wine on the ground. "Elders, please sit down and wait for the elimination round to end." Perfected Immortal Xie Ling said in a low voice, "I believe that Immortal Tai Hua was also impulsive and couldn't control himself. He accidentally killed Ye Fei." "At least until now, the other disciples of Qiankun Academy have not been harmed." The elders of Qiankun Academy were livid and refused to sit back down. They stood on the spot and continued to look at the Ninth Heavens.... In front of the Earth Ranking stone tablet.

Immortal Tai Hua killed Ye Fei. It happened so suddenly that all the surrounding cultivators were shocked! Even the cultivators of the Great Jin Immortal Kingdom and Flying Immortal Sect were stunned and could not react in time. "Boohoo!" Princess Chi Hong's eyes were bloodshot and she had a sorrowful

expression as she wailed continuously. The other disciples of the academy who were restrained were also filled with grief and indignation. When Liu Ping saw that from afar, he was shocked with a look of disbelief! That scene had a huge impact on him! Initially, he came here with joy and excitement and was prepared to carve his name on the Earth Ranking stone tablet. However, he saw this scene. He was completely unprepared. Thereafter, Liu Ping finally realized what had just happened. "Senior Brother Ye is dead!" "Immortal Tai Hua and the others are going to attack Junior Brother Su here!" "I have to inform Junior Brother Su. I can't let him ascend!" Those thoughts flashed through Liu Ping's mind. Immediately after, Liu Ping gritted his teeth and turned around, sprinting in the direction he came from! The blood qi in his body surged as he released all his mystic skills and mystic skills, pushing his speed to the limit! "Hmm?" Han the Iron's expression changed as he reacted immediately. There was still a Qiankun Academy disciple in the distance who had not been restrained by them. Han the Iron sped in Liu Ping's direction. He had been delayed for some time in the Second Heaven, but he was still able to catch up and rank fourth on the Earth Ranking stone tablet. One could imagine how fast he was. Although Liu Ping was one step ahead, Han the Iron caught up from behind in no time! There was a bone-piercing chill behind him. Liu Ping did not turn back to look, but he could feel that Han the Iron was getting closer and closer! Swoosh! Swoosh! Han the Iron waved his hand and condensed his Essence Qi, forming a few thin ice blades. They instantly pierced through the air and slashed at Liu Ping's back! Liu Ping ran while condensing his mystic skills. Bang! Bang! The two of them clashed, and the ice blades were extremely sharp, shattering Liu Ping's mystic skills!

Poof! Poof! Poof! A few ice blades pierced Liu Ping's body. Although they did not hit any vital parts, they made his body tremble slightly and he spat out a mouthful of blood. This mouthful of blood was all ice shards, and the breath he exhaled from his mouth and nose was boundless cold air! The gap between the two of them was too big. Liu Ping opened his eyes wide and forced himself to stay alert. He ignored the injuries in his body and continued to run forward. Although the power of the ice blades had weakened, they still had a great impact on his body. As time passed, Liu Ping felt his hands and feet getting colder and colder. He kept shivering, and his hair and eyebrows were covered with a layer of frost. The circulation of his Essence Qi in his body became slower and slower, even showing signs of freezing. "I don't want to kill you, but you better stop in your tracks. Otherwise, the cold will invade your organs and bones and damage your foundation." Han the Iron's emotionless voice sounded beside Liu Ping. "If my ice blades invade your mind, even a Perfected Immortal will not be able to save you!"

## **Chapter 2220**

"You don't have to care about my life or death!" Liu Ping shouted and activated his Primordial Spirit to release a secret technique. His blood that was about to freeze started to rise in temperature. In the blink of an eye, it started to boil and red flames started to burn! Liu Ping's body turned into a flame. His speed increased tremendously and he almost flew into the air. He ran far away and distanced himself from Han the Iron! "Hmm?" Han the Iron frowned and chased after Liu Ping. However, even if his speed reached its limit, he could only keep up with Liu Ping. He could not get close to Liu Ping. "How long can you last by burning your essence blood to release the escape technique?" Han the Iron said coldly, "When you can't take it anymore, the ice blades in your body will attack even more fiercely. You will definitely die!" Essence blood was the foundation of a cultivator's blood. This escape technique was rare. Once it was released, the effect would be shocking! This Burning Blood Escape Technique was similar to the Blood Escape Technique, but they were not the same. The Blood Escape Technique consumed a part of

the cultivator's blood in exchange for a short period of time. It would not damage the foundation and body. However, this Burning Blood Escape Technique required continuous burning of essence blood! If it could not be stopped, the continuous burning of essence blood would cause irreparable damage to the cultivator. The cultivator's foundation would be damaged and he might even die! Liu Ping could temporarily block the attack of the ice blades in his body because of the huge power that came from burning his essence blood. This power was used to increase his speed and to block the ice blades in his body. When the essence blood in his body was exhausted, he would definitely die like what Han the Iron said! Liu Ping was clear about this, but he did not stop. "If not for Junior Brother Su, I would have died in the Fourth Heaven. Junior Brother Su saved my life. I can't let him die during his ascension!" "Senior Brother Ye sacrificed himself. I can't let him down!" "Not only do I have to remind Junior Brother Su, but I also have to remind the other disciples of the academy that I have to hold on ..." Liu Ping repeated these thoughts in his mind. After a long journey, the essence blood in his body burned faster and faster. His body became weaker and weaker, but his gaze became more determined!

"I want to see Junior Brother Su alive. I want to tell Junior Brother Su everything. Then, Junior Brother Su can stop the other Senior Brothers ..." With this stubbornness, Liu Ping's will to live was astonishing. Just like Ye Fei, he refused to give in! On the square. Looking at the Academy's cultivator who was burning with flames and had cold air coming out of his head, his face was pale but his gaze was unusually firm, everyone was moved! At this moment, many cultivators finally understood why Qiankun Academy was ranked as one of the Four Great Immortal Sects. Everyone gradually understood that Ye Fei was willing to risk his life to protect something. That was the dignity of Qiankun Academy! The disciples of the Academy would never lower their heads! "If this continues, this disciple of the Academy won't be able to survive." "Sigh, I didn't expect this to be the outcome. The Qiankun Academy has lost two people in succession. This time, the Red Rainbow Infanta is the only one on the Earth Ranking." "But they have won the respect of many people." Liu Ping was an Earth Immortal who couldn't even pass through the Four-fold Heaven. There was a huge gap between him and Han the Iron. However, under the gaze of countless cultivators, Liu Ping escaped under the pursuit of Han the Iron. Finally, he saw the Teleportation Array that led to the Four-fold Heaven! The eyes of the Academy's Elders were red as they watched this scene. When Liu Ping arrived at the Teleportation Array, he turned around and smiled at Han the Iron. Then, he left the Four-fold Heaven and disappeared! Han the Iron stood there and hesitated for a moment. In the end, he didn't chase after Liu Ping. Even if he didn't chase after him, Liu Ping was already a dead man. Moreover, the Four-fold Heaven's terrain was complicated and lush with vegetation. If he encountered Su Zimo there, the outcome would be unpredictable. There was no need to take this risk. Thinking of this, Han the Iron turned around and walked toward the Earth Ranking stone tablet.... Four-fold Heaven. In front of the huge willow tree, Su Zimo held a small green branch in his hand. This branch was the treasure of the Four-fold Heaven. This treasure was called Sui Mu. In fact, it was a stone that had fallen off Sui Mu. However, it looked like a tree branch and was full of vitality.

Su Zimo held the Sui Mu. Qinglian's real body had a strong desire to devour the Sui Mu. She wanted to devour the power of the Sui Mu and take it for herself! He hesitated for a moment and didn't throw the Sui Mu into the Prison-Suppressing Cauldron. Instead, he kept it in his storage bag. If the Prison-Suppressing Cauldron devoured the Taibai Stone, the fourth wall of the cauldron could be repaired. Although the Azure Dragon Divine Soul showed no signs of awakening, if he could obtain other treasures, it wouldn't be too late to throw them to the Prison-Suppressing Cauldron. However, there

weren't many treasures that were suitable for Qinglian's real body to absorb. The willow branches danced around Su Zimo and gently brushed his shoulders. They looked extremely obedient and didn't look as aggressive as they Just Now. The middle of the trunk of the huge willow tree had just been broken open by Su Zimo and he had taken the Sui Mu! Even with the help of the Sui Mu, its strength was no match for the creation of Qinglian. At that moment, it knew that its life and death was in the hands of Su Zimo and began to beg for mercy. Su Zimo had a mocking expression as he looked at the willow tree before him and sneered, "You're only begging for mercy now?" "Hmm?" Suddenly, Su Zimo sensed something and looked sideways towards the teleportation formation not far away. A figure stumbled over with a pale face and purplish lips – it was Liu Ping who had ascended not long ago! "What's going on?" Su Zimo hurried forward and shouted. "Junior Brother Su, I can't make it. Please don't ascend." When Liu Ping saw Su Zimo, his heart relaxed and he panted. "Tai Hua and the others are guarding the Earth Ranking stone stele and are prepared to join forces to deal with you. The others of the academy have been sealed by them ...""Let's talk about it later." Su Zimo's spirit consciousness moved and circled Liu Ping's body. He could not help but frown. Liu Ping's Blood Essence had been burned to ashes. At that moment, the Frost Qi ice blades that Han the Iron had injected into his body exploded with a terrifying power. His flesh, bones, and organs had all been frozen into ice! Su Zimo went forward to help Liu Ping. Just as his palm touched Liu Ping's arms, they shattered into countless ice shards and fell to the ground.

Liu Ping's body had lost its vitality and was completely crippled! The Frost Qi rushed into Liu Ping's spirit consciousness and wanted to freeze his Primordial Spirit! "Hmph!" Su Zimo noticed this scene and attacked decisively. He directly released rich and pure Primordial Qi into Liu Ping's body and crushed the Frost Qi ice blades! Liu Ping's Primordial Spirit survived. However, his body shattered completely in that clash, turning into a pile of ice shards that scattered beneath Su Zimo's feet. "It's nothing to lose my body. At least I'm still alive." Liu Ping's Primordial Spirit laughed bitterly. Suddenly, Su Zimo's heart skipped a beat. "That body of yours is nothing. I'll give you an even better body!"
