

Sacred King 2411

Chapter 2411

The golden-armored giant's swordsmanship was powerful and heavy, and the white-clothed illusory figure was somewhat inferior in a direct confrontation. However, the white-clothed illusory figure's sword-light contained a trace of mysterious gentleness, releasing a kind of soft and nimble force that deflected the golden-armored giant's sword. This was already considered a battle between two True Immortals. Originally, Su Zimo had the highest chance of obtaining the Three Purity Jade Book. However, he did not expect that after Ying Tian and Lang Qianqian released their respective trump cards, the others no longer had a chance. Su Zimo stood in the distance, not daring to rashly approach. Regardless of whether it was the golden-armored giant or the white-clothed illusory figure, he was no match for them. The mysterious footwork that he released just now was also something he had used in a moment of desperation. Now, if he were to use it again, he would have no clue. Clang! Clang! Clang! The golden-armored giant and the white-clothed illusory figure continued to exchange blows. In the main hall, sword light crisscrossed, sparks flew, and killing intent filled the air, chilling to the bone. Rumble! The two's exchange of blows spread to the surroundings, and the stone table collapsed. The Three Purity Jade Book flew up, and the bamboo scroll unfolded. Ying Tian and Lang Qianqian's eyes lit up! Almost at the same time, the golden-armored giant and the white-clothed illusory figure stretched out their palms. One of them grabbed one side of the bamboo scroll, while the other held a sword, and fiercely collided! Boom! The two swords collided, and a huge force burst forth, causing the two figures to retreat at the same time. With a ripping sound, the Three Purity Jade Book in the air was also unable to bear the pressure of the two forces and was directly torn in half! The golden-armored giant held the other half of the Three Purity Jade Book and retreated to Ying Tian's side. The white-clothed illusory figure took the other half and returned to Lang Qianqian's side, handing it over. "Hmph!" Ying Tian held the other half of the Three Purity Jade Book with an ugly expression. He had suffered a great loss this time. Not only did he not obtain a treasure like the Bodhi Seed, but he also only obtained half of the most important Three Purity Jade Book. Lang Qianqian also frowned slightly, revealing a trace of regret and pity.

However, after thinking about it, she felt that obtaining the other half was better than returning empty-handed. Moreover, with this half of the Three Purity Jade Book, she could discuss with Ying Tian and combine the two into one. Both of them could cultivate at the same time and achieve a win-win situation. This matter was not urgent and could be discussed at length. When Su Zimo saw that the situation was settled, he prepared to leave. Even though he didn't get the Three Purities Jade Booklet, he had gained a lot from this trip, including the Bodhi Seed and many other treasures, which were of great help to his cultivation. At this moment, Ying Tian suddenly turned around and looked at Su Zimo. He did not conceal the killing intent in his heart as he said in a cold voice, "Su Zimo, next, it's time to settle the grudge of my broken arm!" Lang Qianqian also turned around and looked at Su Zimo who was not far away. The Crown Prince and Crown Princess both had killing intent in their hearts! They all had noble statuses. Although they had encountered many dangers throughout their cultivation journey, they had never been beaten so miserably by a cultivator of the same level. Furthermore, this was when the two of them had joined forces, and the opponent's cultivation was two levels lower than theirs! If they allowed Su Zimo to leave this place alive, it would be a disgrace to both of them! If possible, Ying Tian even wanted to kill Jin Yu and Lin Luo who knew about this matter! All of a sudden! The broken part of the Three Purities Jade Booklet in Ying Tian and Lang Qianqian's hands emitted a godly glow. The divine light

released a powerful force that tore apart the space around the two of them, causing it to collapse and form a dark and deep black hole. "This is ..." Ying Tian and Lang Qianqian were startled. "A space tunnel?" Following this, Ying Tian blurted out as he collected his thoughts. Following this, the black hole emitted a strong suction force, dragging Ying Tian and the golden-armored giant beside him into it. "No!" Ying Tian yelled and tried to break free. Unfortunately, it was too late. The space tunnel gradually devoured him and the golden-armored giant before disappearing in the end. On the other side, Lang Qianqian and the white-robed figure were also dragged into the space tunnel and soon disappeared from the hall.

In the blink of an eye, the space closed up as if nothing had happened. However, only three people were left in the hall! Su Zimo, Lin Luo, and Jin Yu. Su Zimo and Lin Luo furrowed their brows thoughtfully. Jin Yu's eyes flickered. He couldn't even defeat Su Zimo, not to mention Su Zimo and Lin Luo working together. Just now, Jin Yu saw Su Zimo's decisiveness and was extremely afraid. He was afraid that Su Zimo would react and kill him here. He was so scared that he took out a teleportation talisman from his storage pouch and tore it apart. "Hmph, what Three Purities Jade Booklet? It's just a scam!" Jin Yu tossed out a sentence before disappearing into the spatial tunnel. He also left this place. Only Su Zimo and Lin Luo were left in the hall. The two looked at each other and laughed. "Just now, that Three Purities Jade Booklet shouldn't be real." Su Zimo pondered and said, "It should be a giant teleportation talisman. After Ying Tian and Lang Qianqian tore it apart, they were teleported away. I don't know where they went." Lin Luo also nodded and said, "If that Three Purities Jade Booklet isn't real, then where is it? It should still be here?" Su Zimo thought for a while and said, "There are three possibilities. First, as Jin Yu said before he left, this is just a scam, a joke played by Immortal Emperor Chen Mu." "Of course, I don't agree with this. Immortal Emperor Chen Mu went through so much trouble and left so many precious treasures in the hall. There is no need to play such a joke on the most important Three Purities Jade Booklet." Lin Luo said, "The second possibility is that as I said just now, the Three Purities Jade Booklet is still here." Su Zimo nodded. Lin Luo asked, "What about the third possibility?" Su Zimo said, "The third possibility is that Ying Tian and Lang Qianqian were teleported to the location of the Three Purities Jade Booklet." Lin Luo understood and said softly, "That is indeed possible." "No matter what, let's search this place first." Su Zimo smiled and said, "Even if we can't find the Three Purities Jade Booklet, this huge hall made entirely of elemental spirit stone is still a great harvest." The two of them split up and searched the hall. After nearly half a day, they turned the entire hall upside down but still couldn't find any trace of the Three Purities Jade Booklet.

The two of them reunited and arrived outside the Jade Clear Hall. Lin Luo smiled bitterly and said, "I'm afraid you are right. Ying Tian and Lang Qianqian were teleported to the location of the Three Purities Jade Booklet." Su Zimo was silent. Lin Luo sighed and said, "What a pity. The teleportation jade booklet on the stone table should have been obtained by you, but it was snatched away by the two of them." At this time, Su Zimo and Lin Luo suddenly felt a mysterious and powerful force around them. After a moment of dizziness, the two of them actually left the secret realm! Immediately after, the secret realm in front of the two of them continuously shrank and condensed, gradually turning into a green ball of light. It floated over and stopped in front of Su Zimo.

Chapter 2412

"What's that?" Lin Luo reached out instinctively and tried to touch it. The moment her palm touched the green ball of light, she felt a sharp pain and retracted her palm hurriedly. Lin Luo looked at Su Zimo beside her and stuck out her tongue. "I'm not allowed to touch that thing ..." Su Zimo was also confused as he squinted his eyes and looked over. Within the green ball of light, there was a bamboo scroll floating vaguely, emitting a mysterious glow. Su Zimo reached out tentatively into the green ball of light and did not feel any resistance. Immediately after, he took the bamboo scroll from the green ball of light and saw the words 'Jade Purity Jade Manual' written on the first batch of bamboo scrolls! "It's the Jade Purity Jade Manual!" Lin Luo exclaimed softly when she saw the words on it as well. Su Zimo nodded. Lin Luo's eyes revealed a look of envy. "Fellow Daoist Su, this Jade Purity Jade Manual has clearly recognized you as its master. This is your opportunity." "How could that be?" Su Zimo was overjoyed to obtain the Jade Purity Jade Manual as well. However, there were still many things that he could not understand. Why would the Jade Purity Jade Manual recognize him as its master? Where did the secret realm that they were in earlier on go to? What did that secret realm have to do with the Jade Purity Jade Manual before him? Su Zimo injected his spirit consciousness into the Jade Purity Jade Manual and received a lot of information. After a long time, he revealed a look of realization and murmured softly, "I see." "What's going on? Tell me quickly, fellow Daoist." Although Lin Luo was somewhat disappointed that she did not obtain the Jade Purity Jade Manual, she could not hold back her curiosity and asked hurriedly. Su Zimo replied, "This involves a secret of the Three Purity Jade Manual ..." "Ah!" Upon hearing that, Lin Luo suddenly interrupted and shook her head. "Since it's a secret, you'd better not tell me. Although I'm curious, I know that I can't pry into such things casually." "It's nothing. There's no need to hide it from you." Su Zimo looked at Lin Luo and smiled. Although Lin Luo's cultivation was higher, she was still young and had the innocence of a young girl. In Su Zimo's eyes, she is more like a little sister, just like Ning. Because of Lin Luo's background, Su Zimo naturally felt closer to her and trusted her. At the thought of Xiaoning, Su Zimo could not help but feel a sense of longing. At the thought of Xiaoning, he could not help but recall Night Spirit, monkey, Lin Xuanji, and the other old friends of Heaven Wasteland Region. Su Zimo looked into the distance, lost in thought. Many of his old friends from Heaven Wasteland had ascended. But now, he'd only found Yan Beichen and Ming Zhen. There was no news of the others, and he didn't know if they were still alive. When Lin Luo saw Su Zimo's strange expression, she did not disturb him and merely waited quietly at the side. A moment later, Su Zimo snapped out of his daze and looked at Lin Luo beside him, saying apologetically, "I'm sorry. I was a little lost in thought when I thought of some old friends of the past." "You know my father. He should be from Heaven Wasteland Region as well, right?" Lin Luo recalled what happened earlier and asked. Su Zimo nodded. "Indeed." Lin Luo bowed deeply to Su Zimo. "Fellow Daoist Su, no matter what, thank you for helping me obtain the Immortal Elixir and giving me the Woriless Fruit ..." Su Zimo hurried forward and lifted her up, saying seriously, "Senior Human Emperor was injured because he defied the laws of Heaven and Earth to forcefully descend to the lower realm in order to save the humans of Heaven Wasteland Mainland." "If not for Senior Human Emperor, I would have died long ago and the humans of Heaven Wasteland Region would be doomed eternally. My meager strength is nothing at all." After pausing for a while, Su Zimo asked, "I still don't know how Senior Human Emperor's injuries are. How is Senior Fairy Ling Long recently?" "Father's injuries still show no signs of healing. Actually, I don't know if this Immortal Elixir and the Woriless Fruit can heal Father's injuries. I can only try and hope that it will be effective." Lin Luo sighed softly, and worry that did not belong to her age appeared on her slightly young face. She said, "Mother is fine. She has always been protecting Father by his side ..." Lin Luo paused for a while, wanting to say something but stopping herself. In fact, Lin Zhan's injuries had caused a huge commotion in the

Green Firmament Celestial Realm. It had even spread throughout the Nine Firmament Celestial Realm and the entire Heaven Realm. Otherwise, juniors like Ying Tian and Lang Qianqian would not have known about this.

The impact of this matter was huge. As time passed, the territory that Lin Zhan ruled also became unstable, and there were internal and external troubles. If not for Fairy Ling Long holding the fort, the huge Celestial Kingdom would have collapsed and been divided by the other forces of the Green Firmament Celestial Realm. However, Lin Zhan's injuries had not healed for a long time, and Fairy Ling Long alone was unable to support such a huge figure. The pressure they faced was also increasing. If Lin Zhan was unable to recover or met with some other unforeseen circumstances, they might be annihilated! Fairy Ling Long and her brother had never mentioned these things to Lin Luo. However, Lin Luo was sharp and intelligent. She could see and feel these things. The Celestial Kingdom that she was in now seemed huge, but it was actually very fragile. Any changes could cause unimaginable changes! These were all things that were hidden in her family. Although Lin Luo trusted Su Zimo, it was not good for her to say these things. Moreover, even if she said it, with Su Zimo's cultivation, he would not be able to help much. For some reason, Lin Luo felt an inexplicable sense of closeness from Su Zimo. It was not only because Su Zimo came from Tianhuang Mainland, but also because Su Zimo gave her the feeling that he was more like her brother. Su Zimo saw that Lin Luo had a lot on her mind and did not ask further. He said, "Just Now, I have not finished talking about the Three Pure Jade Books." Ying Tian once said that in the Three Pure Jade Books, the Supreme Pure Spirit Refinement, the Jade Pure Body Refinement, and the Supreme Pure Body Refinement Technique are all top techniques. "However, this is not the only reason why the Three Pure Jade Books are called taboo manuals." It is also because each jade book is actually a world, a heaven and earth! "Ah!" Lin Luo was shocked and asked subconsciously, "Then the mystic realm that we are in Just Now is actually ...?" "That's right. We were in the Jade Pure Jade Book just now." Su Zimo nodded. The Jade Pure Jade Book was not hidden anywhere in the mystic realm – it was the mystic realm itself! The heaven and earth contained in the Jade Pure Jade Book was also known as Qingwei Heaven. Qingwei Heaven was an existence that was extremely similar to Emperor Lord Bo Xun's Great Fiend Heaven. One had to know that one could only condense a world after entering the Martial Emperor realm.

If one could completely control the Jade Pure Jade Book, it would mean that they could control a world and Qingwei Heaven! That was also the reason why there were similar legends. Even if one obtained a single volume of the Three Pure Jade Books, there was a high chance of entering the Martial Emperor realm. Of course, given Su Zimo's current cultivation realm, he could only see the cultivation techniques in the Jade Pure Jade Book but could not open the heaven and earth within, let alone control Qingwei Heaven. Even so, as long as he had the Jade Pure Jade Book, he would have a higher chance of entering the Martial Emperor realm in the future. Furthermore, he could cultivate the top-tier cultivation techniques in the Jade Pure Jade Book right now!

Chapter 2413

Su Zimo said, "The true test left behind by Immortal Emperor Chen Mu is actually in the great hall with the morning bell and evening drum." "Only by receiving the baptism of the morning bell and evening drum will one not be rejected by the final Pristine Jade Book." Lin Luo suddenly understood. Even if Ying Tian and Lang Qianqian did not tear the teleportation talisman and were not teleported away, they would not be able to obtain the Pristine Jade Book. Lin Luo had just tried to touch the Pristine Jade Book when she suffered a backlash. Su Zimo's consciousness roughly scanned through the Pristine Jade Book

and felt that the cultivation method recorded in it was not just a simple method of refining the body, but also had other uses. However, now was not the time to cultivate it. "Where is this?" Su Zimo looked around and asked softly. Before he entered the Pristine Jade Book, he was in Qiankun Academy. Now that he had exited the Pristine Jade Book, he had obviously come to an unfamiliar place. He was surrounded by lofty mountains and steep ridges, with shady trees, and no signs. Lin Luo pondered for a moment and said, "If I'm not mistaken, this should be the Jade Firmament Immortal Domain." "Oh?" Su Zimo was slightly surprised and did not know how Lin Luo had determined this. Lin Luo explained, "Before this, the inheritance of the Pristine Jade Book appeared in the Supreme Firmament Immortal Domain, so the Pristine Jade Book should be in the Jade Firmament Immortal Domain." After a short pause, Lin Luo pointed to the surroundings and said, "Moreover, there are many peach trees in the dense forest here." Just now, Su Zimo also noticed this. The surrounding forest was densely covered with ancient trees, and there were indeed many peach trees growing in the forest. It did look a little strange. Even if there were peach trees in a normal ancient forest, there would not be so many of them around. Su Zimo frowned slightly. "But what do these peach trees have to do with the Jade Heaven Immortal Realm?" Lin Luo looked at Su Zimo with some surprise. Seeing that he looked confused and didn't seem to be faking it, she patiently explained, "You should know that the vitality in the Heaven Realm is much denser than the vitality in other stars." "It's because there's a sacred tree in the center of the Heavenly World called the Divine Tree. It gathers the Qi of Heaven and Earth and connects the Nine Clouds Immortal Region, the Pure Land of Bliss, and the Demon Region."

Su Zimo nodded. Back then on Dragon Abyss Star, City Lord Xu Shi had once mentioned this matter to him. "Not bad." Lin Luo said, "But in fact, other than the Jianmu Tree in the center of the Heaven Realm, the Nine Heavens Immortal Realm, the Pure Land of Bliss, and the Demon Realm all have their own Spiritual Grasses and Immortal Trees that gather the Qi of Heaven and Earth." Su Zimo's heart skipped a beat. He suddenly understood and said, "I heard that the Pure Land of Bliss has three sacred trees, and the Demon Region also has the Immortal Tree." Lin Luo smiled and said, "In the Nine Heavens Immortal Realm, there are also Immortal Trees that gather the Qi of Heaven and Earth." "For example, in the Divine Cloud Immortal Realm where you are, there is a Black Frost Plum Tree. It is said that this tree absorbs the coldest Qi of Heaven and Earth. Thousands of miles around the plum tree are covered in ice and frost, and there are no signs of life." "In the Qing Xiao Immortal Realm, there is a Fairy Willow. It survived the great calamity and was reborn from the lightning. It is even stronger than before." At this point, Lin Luo paused for a moment before continuing, "Just now, in the first hall of the Jade Clear Hall, I once fought with you over a branch." Su Zimo nodded. It was true. However, he got the branch first, and Lin Luo did not continue to fight with him. The two of them separated immediately after touching each other, and there was no more intense conflict. Lin Luo smiled and said, "The branch you got was actually a branch of the Immortal Willow." "I see." Su Zimo recalled the scene at that time. The reason he took the branch was because Qinglian's real body had a reaction and wanted to devour it. Now it seemed that the branch was a treasure of the same level as the Carefree Tree Trunk. Su Zimo thought for a while and said, "So, the Immortal Tree in the Jade Cloud Immortal Realm should be a peach tree?" "To be precise, it is an ancient Immortal Peach Tree." Lin Luo said, "It is also because of this Immortal Peach Tree that there are many peach trees in the Jade Cloud Immortal Realm." Su Zimo asked, "Where are Immortal Trees like the Black Frost Plum Tree? I have been in the Divine Cloud Immortal Realm for so many years. Why have I never seen them?" Lin Luo smiled and said, "Such Immortal Trees are naturally hidden deep in the various Imperial Palaces. They are heavily guarded, and there are even Immortal Kings and

Imperial Emperors guarding them.

"For example, the Black Frost Plum Tree is in the Divine Cloud Palace, and the Immortal Peach Tree is in the depths of the Jade Cloud Palace. Usually, there is no chance to see them." After a pause, Lin Luo continued, "However, the various Immortal Realms will hold their own Heaven Roll Competition. At that time, various factions and prodigies will be invited to gather in the Imperial Palaces, and there may be a chance to come into contact with these Immortal Trees." "If you can be ranked on the Heaven Roll, you may have a chance to obtain some benefits from these Immortal Trees." "You must know that these Immortal Trees are all nurtured by heaven and earth, and each has its own spirituality. Regardless of whether it is the leaves or the fruits, they are all rich in essence and powerful, and have an unimaginable effect on cultivation!" Su Zimo nodded. The Heaven Roll Competition was not only about fighting for a title, but also rich rewards and rewards. Back then, he had obtained many opportunities during the Earth Roll Competition, and even completely repaired the Prison Suppressing Cauldron. Because of this, he was able to turn danger into safety during the trip to the Avici Hell and play a huge role. "What are your plans?" Su Zimo asked. "I want to return to the Azure Firmament Immortal Realm as soon as possible, and let my father try these two treasures and see if they are effective." Lin Luo looked at Su Zimo with faint anticipation in her eyes, and said, "If you have nothing to do, why don't you come with me to the Azure Firmament Immortal Realm? If my father and mother know that an old friend from the Tianhuang Region has ascended, they will be very happy." Su Zimo had gained a lot this time, and originally wanted to return to the Qiankun Academy to cultivate in seclusion again. However, when he thought of seriously injuring the Human Emperor and Fairy Linglong, a trace of worry arose in his heart. If he could see Fairy Linglong, he could ask some questions that had been lingering in his heart all these years. Lin Luo saw Su Zimo hesitating and smiled, and said, "There is no rush to decide. No matter what, we have to find a teleportation array first." "If we rely on foot, whether it is the Divine Firmament Immortal Realm or the Azure Firmament Immortal Realm, it will take at least a hundred years." Su Zimo heaved a sigh of relief and said, "That's right." Lin Luo took out a map from her storage bag and carefully compared it. Such teleportation arrays that could cross the Immortal Realms were very rare.

In the Divine Firmament Immortal Realm, only the Three Great Immortal Kingdoms, the Four Great Immortal Sects, and the Divine Firmament Palace had such teleportation arrays. "The closest teleportation array to this place should be here." Lin Luo pointed at the symbol of an ancient city on the map and said, "Lang Feng City." Su Zimo looked at the ancient city and softly read it out. Lin Luo nodded and said, "The Jade Firmament Immortal Realm is also known as the White Jade Capital. There is a poem saying that the White Jade Capital in the sky has twelve buildings and five cities. Immortals touch my head and tie my hair to immortality." "Lang Feng City is one of the five cities!"

Chapter 2414

"White Jade Capital, Five Cities, Twelve Towers?" Suddenly, Su Zimo recalled the secret skill that Lang Qianqian used and fell into deep thought. As if she could read Su Zimo's mind, Lin Luo said, "The secret technique that Lang Qianqian used is called White Jade Capital. Although Lang Qianqian is the princess of the Jade Cloud Celestial Realm, her mother is from the Jade Cloud Celestial Realm. That's why she knows this secret technique." "No wonder." Su Zimo nodded. The two of them chatted for a while. Lin Luo took out a Spirit Boat from her storage bag and invited Su Zimo to board. They headed toward Lang Feng City. The two of them stood at the bow of the boat, facing the wind. They looked down at the mountains

and rivers under their feet and felt a sense of novelty. Su Zimo naturally did not need to be mentioned. This was his first time leaving the Divine Cloud Celestial Realm. Lin Luo was born in the Heaven Realm and knew a lot of things. However, this was also her first time in the Jade Cloud Celestial Realm. Moreover, she was younger than Su Zimo and was more curious. She looked around with excitement in her eyes. In the blink of an eye, the two of them had been traveling for half a day. Lin Luo stretched out her hand and counted with her fingers. Suddenly, she said, "It seems that the Jade Cloud Celestial Realm is going to hold the Feast of Peaches soon." "The Feast of Peaches?" Su Zimo was slightly surprised. Lin Luo explained, "The Feast of Peaches is similar to the Divine Cloud Celestial Meeting in your world. It is a grand gathering of cultivators from various forces in the Jade Cloud Celestial Realm. It will be held in the middle of the five cities. It will be very lively." During the Feast of Peaches, the Heaven List will be selected. "I wonder which city will the Feast of Peaches be held in," Lin Luo murmured thoughtfully. At this moment, in the sky not far away, a huge warship broke through the clouds and sped over. The warship was dozens of feet long and about 100 feet tall. It had seven floors and looked very grand. It could easily accommodate thousands of people. Runes were engraved all around the warship, forming an airtight protective barrier. The spirit boat that Su Zimo and Lin Luo were on seemed extremely small and ordinary compared to the warship. Dozens of figures stood on the deck of the warship. The person in the lead was a young man. His white robe was spotless, and he was dressed meticulously. His hair was neatly combed, and there was a sheathed long sword hanging from his waist. He looked quite handsome and unrestrained.

Su Zimo glanced over. On the warship, the young man was a Rank Nine Celestial Immortal. As for the others on the deck, their cultivation levels were not very high either. Most of them were either Earth Immortals or Celestial Immortals. Wherever this warship passed, its aura was not small, but in the eyes of Su Zimo and Lin Luo, it was nothing. Lin Luo was the daughter of the Human Emperor and Fairy Linglong. Any army of self-cultivators that she could summon would be much more powerful than this warship. Su Zimo came from the Heaven and Earth Academy, which was also a Sky-level sect in the Divine Firmament Celestial Realm. If there were no Perfected Immortals on this warship, it could at most be considered a Sky-level sect. It was not worthy of their attention at all. The people on the warship obviously noticed Su Zimo and Lin Luo. The young man's eyes lit up when he saw Lin Luo. After pondering for a while, he cupped his fists and said loudly, "Fellow Daoists, you must be going to Lang Feng City to participate in the Immortality Peach Banquet, right?" "Yes." Su Zimo nodded slightly and answered casually. "The Immortality Peach Banquet is in Lang Feng City?" Lin Luo's eyes flashed with a hint of slyness. No one knew what she was thinking. The young man smiled and continued, "I'm Liang Yu of the Mystic Mirror Sect. If you don't mind, why don't you board the warship? We can travel together." "This..." Su Zimo hesitated and looked at Lin Luo beside him. Lin Luo was thinking about something at this time and was a little absent-minded. The young man called Liang Yu hurriedly said, "The journey to Lang Feng City will definitely not be peaceful. Fellow Daoists, if you encounter some demon bandits, I'm afraid it won't bode well for you." "It will be much safer if you travel with our Mystic Mirror Sect." Su Zimo frowned. Demon bandits? How could there be demon bandits in the Jade Firmament Celestial Realm? At this moment, Lin Luo laughed and said, "Sure, thank you for the invitation, Fellow Daoist Liang." Su Zimo did not know what Lin Luo was thinking, but he did not care. He remained silent and walked toward the warship with Lin Luo. Liang Yu cast a spell, and the barrier around the warship shook slightly and cracked open a gap that was enough for Su Zimo and Lin Luo to pass through.

After boarding the warship, Su Zimo sized up Liang Yu. The young man did not seem to have any ill

intentions, but his gaze swept past Lin Luo from time to time. "How should I address you, Fellow Daoists?" Liang Yu asked with a gentle expression and a smile. Just as Su Zimo was about to speak, Lin Luo suddenly said, "I'm Lin Luo, and he's Lin Zimo. We're Dao companions." "Uh..." The corner of Su Zimo's mouth twitched, but he did not say anything. Although Lin Luo was young, he was extremely cautious and did not reveal his true name and background, as though he had some reservations. Naturally, Su Zimo would not take the initiative to reveal it as well. Hearing the words 'Dao companions', a look of disappointment flashed across Liang Yu's eyes. But soon, he returned to normal and asked, "If I'm not wrong, you two should be itinerant cultivators, right?" "That's right." Lin Luo nodded. Liang Yu pondered and said, "If the two of you don't mind, why don't you join my Mystic Mirror Sect? My Mystic Mirror Sect is quite famous in the Jade Firmament Immortal Domain." "Can the two of us?" Lin Luo seemed to be in disbelief and asked tentatively. "Of course!" Liang Yu hurriedly nodded and said, "Although Master is not here, as the Eldest Senior Brother of the Mystic Mirror Sect, I can accept the two of you as my disciples on behalf of Master." "Fellow Daoist Su, if you have any questions about your cultivation in the future, you can ask me." A strange feeling arose in Su Zimo's heart. Liang Yu addressed her as 'Fellow Daoist Su', but his eyes were looking at Lin Luo. After all, in Liang Yu's knowledge, Lin Luo's name was 'Su Luo'. "This..." Lin Luo seemed to be a little hesitant. Behind Liang Yu, another cultivator of the Mystic Mirror Sect said, "With Senior Brother's guidance, it can be considered an opportunity in your life. You must seize it well!" "Senior Brother is already the strongest person in our Mystic Mirror Sect. This time, you'll definitely become famous in one fell swoop and enter the Heaven Ranking!" "Hmm?" Su Zimo frowned slightly.

According to this person, Liang Yu was the strongest person in the Mystic Mirror Sect. The Mystic Mirror Sect was too weak. How could such a Mystic Rank sect have some fame in the Jade Firmament Immortal Domain? Or was it that this Liang Yu was just blowing his own trumpet? "Alright." Lin Luo agreed with a smile and said, "Thank you, Senior Brother Liang Yu."

Chapter 2415

Seeing that Lin Luo had agreed, Liang Yu was secretly delighted. The first time he saw Lin Luo, he secretly admired her. Although he was slightly disappointed when he heard that Lin Luo had a Dao companion, he could see that this slender and elegant girl was still pure. As long as he invited the two of them to join the sect, there would be many opportunities to interact in the future. In Liang Yu's opinion, regardless of cultivation, bearing, identity, or status, he was far superior to the seemingly weak green-robed scholar. There was still a long way to go. If he could be ranked on the Heaven Roll in this Feast of Peaches and become famous in Jade Heaven, would he be afraid that this girl would not be moved? Su Zimo knew that Lin Luo must have her own plans, so he did not stop her. He remained silent and did not have a sense of existence. In the eyes of everyone, compared to the suave Liang Yu, Su Zimo was naturally too inferior. Lin Luo accompanied Liang Yu and pretended to chat for a while before she said apologetically, "Senior Brother Liang, I wonder if there is a place to rest here. We have traveled all the way and are a little tired." "Yes, yes!" Liang Yu hurriedly nodded and personally led Su Zimo and Lin Luo to a room. After Liang Yu left, Lin Luo spread out her Divine Sense and scanned the surroundings. Seeing that there was no one around, she said to Su Zimo, "The two of us will definitely encounter a lot of trouble on the way to Lang Feng City. Temporarily joining this Mystic Mirror Sect can save us a lot of trouble and also hide our identities." "Trouble?" Su Zimo frowned slightly and asked, "Is it the demon bandits that Liang Yu mentioned?" Lin Luo nodded and said, "The distribution of forces in Jade Heaven Celestial Realm is different from other Celestial Realms. Here, with Jade Heaven Palace as the center and the five

cities and twelve buildings as support, the entire Jade Heaven Celestial Realm is ruled! "In Divine Heaven Celestial Realm, there were four great sects and three great Celestial Kingdoms. But in Jade Heaven Celestial Realm, there were no heaven-level sects or Celestial Kingdoms. There was only one super force, Jade Heaven Palace! Under the heavens, all lands belong to the king, and all the people on the shores of the land are the king's vassals! Lin Luo said, "The five ancient cities of Lang Feng, Xuan Pu, Tian Yong, Qiong Hua, and Jingzhu attract the True Immortals of the Jade Firmament Immortal Domain. All those who can step into the True Immortal Realm have the goal of joining the five immortal cities."

"And once a cultivator steps into the Grotto-Heaven and becomes an Immortal King, he will be qualified to join the 12 towers." Su Zimo nodded secretly. According to what Lin Luo said, the Jade Cloud Palace, the five cities, and twelve towers occupied almost all the resources in the Jade Cloud Immortal Domain. If he wanted to advance further, he would have to join them. In this way, there would be no earth-rank or heaven-rank forces in the Jade Firmament Immortal Realm. Most of the True Immortals in the Jade Firmament Immortal Realm were gathered under the five immortal cities. The upper limit of the sects established by Sky Immortals was the Mystic Mirror Sect. Lin Luo continued, "Of course, the five immortal cities will also use the Immortality Peach Banquet as an opportunity to recruit some Sky Immortals, but those who can join the five immortal cities are almost all the top Sky Immortals." "And most of the territories outside the five immortal cities are in a state of chaos with no one in charge. There are many sects, and naturally, there are many bandits. It is said that many of them come from the Demon Domain and are called the Demon Bandits." Su Zimo frowned and asked, "No one in the five immortal cities cares?" According to what Lin Luo said, with the strength of the five immortal cities, any one of them would be enough to sweep away all the Demon Bandits in the Jade Firmament Immortal Domain. Lin Luo shook her head and said, "All these years, I have not heard of anyone from the five immortal cities showing up. I heard from my brother that this is the intention of the Jade Cloud Palace's experts. Only by constantly fighting and killing can it be possible to cultivate true geniuses." Su Zimo was deep in thought. Lin Luo continued, "This Immortality Peach Banquet is also a rare gathering in the Jade Firmament Immortal Domain. At that time, cultivators from all over the world will gather here, and there will be all kinds of large-scale trading and auctions." "During this period, the Demon Bandits will move out one after another to stop and kill the cultivators who are going to the five immortal cities. Once they succeed, they will get a lot of treasures and resources." The two chatted for a while more before they separated to cultivate and recuperate. Just as Lin Luo said, along the way, the Mystic Mirror Sect did encounter several Demon Bandits' harassment and obstruction, but they were all resolved by Liang Yu and the others. For a few days, Su Zimo had been in seclusion in his room, comprehending the cultivation methods in the Jade Pure Jade Book. The time was short, and with his talent, it was impossible for him to cultivate it successfully.

But even so, Su Zimo had comprehended many mysteries from this cultivation method, and gradually understood the power of the Three Pure Jade Book! The reason why the Three Pure Jade Book was ranked as a taboo secret manual was not only because each jade book was a world of its own! The Jade Pure Jade Book was not just a body tempering technique! If he could successfully cultivate the cultivation methods in the Jade Pure Jade Book, Su Zimo's combat strength would definitely increase greatly! Su Zimo prepared to head to the teleportation formation after arriving at Lang Feng City and return to the Heaven and Earth Academy to cultivate the Jade Pure Jade Book in seclusion. Five days later. The huge warship suddenly shook, swayed, and slowly came to a stop. Su Zimo's expression did not change as he

held the Spirit Essence Stone with both hands and continued to absorb the essence qi of Heaven and Earth to cultivate. Lin Luo was also cultivating at the side without any intention of getting up. Similar situations like this happened frequently these days. They were all intercepted by some bandits with the Mystic Mirror Sect's cultivators blocking outside. They passed through smoothly without any danger. Before long, Liang Yu suddenly barged in with a terrible expression and whispered, "Fellow Daoists, the fiend bandits outside are hostile this time round. You guys have to be careful." Pausing for a moment, Liang Yu looked at Lin Luo. "Fellow Daoist Su, follow behind me in a while. If the situation turns bad, I'll bring you away!" "It's that serious?" Lin Luo frowned. Su Zimo stood up and tidied his clothes. "Let's go out and take a look." The three of them left the room and walked to the bow of the ship. There were more than ten gigantic warships in midair ahead, forming a semicircle that surrounded the warship of Mystic Mirror Sect. On the dozens of warships, flags fluttered with two gigantic words – Broken Army! There were densely packed figures standing on the warships – at a glance, there were at least tens of thousands of them! All of them were ferocious and glared at Mystic Mirror Sect with murderous intent. Be it in terms of numbers or warships, they far surpassed Mystic Mirror Sect! Bang! Bang! Bang! At the bow of the warships, more than a hundred Celestial Immortals were working together, releasing mystic arts to attack the protective barrier of Mystic Mirror Sect's warship.

The light of the barrier flickered and dimmed. It was only a matter of time before it was broken. The warship swayed slightly, seemingly unable to withstand the attacks. Liang Yu stood at the bow of the ship, facing the Broken Army bandits. "Fellow Daoists, how many elemental spirit stones do you want? Why don't you name a number?" "Hahahaha!" A loud laugh came from the leading warship. Next, a man in a black cloak walked out. His face was full of beard, and his eyes were fierce. He grinned at Liang Yu. "I want everything of Mystic Mirror Sect, including your lives!" "Consider yourself unlucky to have met Broken Army. Reincarnate into a better body in your next life!" "Hahahaha!" The bandits roared with laughter.

Chapter 2416

Amidst the laughter of the bandits, cracks had already appeared on the protective barrier outside the Mystic Mirror Sect's warship, and it would collapse at any moment! "This is bad!" Liang Yu's expression was ugly as he turned to Lin Luo and whispered, "I didn't expect the leader of the Army Destroyer Bandits to come personally. I'm afraid we won't be able to escape today." "Is he very powerful?" Lin Luo asked with a sideways glance. Liang Yu revealed a smile that was uglier than crying. "The Army Destroyer Bandits have been unstoppable in the Jade Firmament Immortal Domain for many years, and they are the most ferocious bandit group. There are nine leaders in the Army Destroyer Bandits, and they are all peak Stage Nine Heaven Immortals! "The leader of the Army Destroyer Bandits is even more terrifying. He has killed countless people and is cruel and ruthless. Legend has it that his strength can even be ranked on the Heaven Roll!" Lin Luo looked at Liang Yu and said, "Senior Brother Liang can also make it to the Heaven Roll, right? Since you are all on the Heaven Roll, your strength shouldn't be too different, right?" "Uh ..." Liang Yu's face was red as he coughed lightly and stammered, "My, my strength might still be a little short of the Heaven Roll." On the other side, on the warship of the Army Destroyer Bandits. Many people's eyes lit up when they saw Lin Luo. Although Lin Luo was standing in the crowd of the Mystic Mirror Sect, her bearing and appearance were extraordinary. She was like a crane in a flock of chickens, and would be noticed immediately. "Boss, that girl looks good. I will personally capture her for you later!" A man with a face full of smiles said to the bearded man in a flattering manner. "Okay." The

bearded man nodded and said, "Look at her delicate skin. Old Seven, your hands and feet are rough. Be careful, don't hurt her." "Don't worry, Boss!" The Seventh Leader patted his chest. "What about the others?" Another leader asked. The bearded man glanced at the warship of the Mystic Mirror Sect and waved his hand casually. The leader understood. He pointed at Lin Luo from afar and roared, "All of you, listen up. Other than that woman, kill everyone else. Don't leave a single one alive!" "Yes!" Boom! At this moment, the defensive barrier of the Mystic Mirror Sect's warship collapsed.

The Devil Bandits on the dozen or so warships let out cries of excitement. Their eyes were crimson red, and their killing intent surged as they charged over. When the cultivators of the Mystic Mirror Sect saw this, they did not have the heart to resist at all. Almost as soon as the two sides collided, they were defeated and fled in all directions. The Sixth Master and Seventh Master of the Defeating Armies also rushed towards Liang Yu and Lin Luo. "Hurry up and leave. I'll hold them off for now!" Liang Yu shouted at Lin Luo. He pulled out the sword at his waist and took out an ancient mirror, directly blocking the two leaders of the Army Destroyer Clan. "Scram!" The two Heads exerted their strength at the same time, erupting with that mystic technique. Liang Yu's expression changed greatly, and he hurriedly brought out his technique to resist. However, Liang Yu was still a little lacking as he was fighting one against two. His sword was sent flying on the spot as he retreated continuously, instantly falling into a dangerous situation! Lin Luo waved her hand slightly. The longsword in Liang Yu's hand turned into a beautiful arc and landed in her hand. Since she didn't want to reveal her identity, she naturally wouldn't use her magic treasure. Swoosh! A figure suddenly barged in between Liang Yu and the two leaders. She was graceful like a flood dragon, wielding a long sword and attacking continuously. Sword light rippled like the ripples of a lake, continuous and unending. After a series of clinking sounds, the sound of collision came to an abrupt end! Liang Yu, Lin Luo, and the two leaders were frozen in midair. In the next moment, the two leaders' eyes dimmed, and their life auras plummeted. A shocking bloody wound had already appeared between their brows. Their figures fell from midair, their foreheads pierced by the sword light. Their Essence Spirits were extinguished, and they were already dead! "Hmm?" The bearded burly man standing on the warship had a slight change in expression, and his gaze focused. This young girl was only in the realm of a Level Seven Heaven Immortal, but her sword technique was sharp and exceptionally brilliant. Within three breaths, she had killed two leaders of the Defeating Armies! The bearded burly man boasted that he was knowledgeable, but he had never seen such a terrifying sword technique. Liang Yu of the Mystic Mirror Sect was also stunned on the spot. He looked at Lin Luo as if he had seen a ghost.

"Sixth Master, Seventh Master!" "What's going on!" The expressions of the remaining Heads changed drastically as they shouted out loud. "Boss, we can't let this girl live. Let's kill her to avenge our brothers!" The Third Leader gritted his teeth in hatred. "Third Leader, be careful!" Someone shouted a warning. A sword light appeared and flashed by the Third Leader's side as if it had never appeared. In the next moment, the Third Leader's entire head neatly fell from his neck. His Sea of Consciousness had been shattered by the Sword Qi, and he was dead! Before the Defeating Armies and the other leaders could join forces, Lin Luo had already charged forward with her sword in hand! Although she was only a Level Seven Heaven Immortal, she was still the daughter of the Human Emperor and Fairy Ling Long. Her talent was extraordinary, and her combat strength was strong. She could even cross two small realms and kill a Level Nine Heaven Immortal! A few fiends rushed forward, wanting to stop Lin Luo, but they were all killed by her sword. Lin Luo rushed onto the warship as if there was no one around! "Junior Brother Lin, what's going on? Why is Junior Sister Su ... " Liang Yu looked at Su Zimo, who was not far

away, and asked in a trembling voice. Su Zimo smiled but did not say anything. At that moment, six fiends rushed toward Su Zimo. Although they were not Level Nine Heaven Immortals, their cultivation levels were above Su Zimo's. Liang Yu was just about to make a move to help, but he had a quick thought, and he stopped moving and didn't make a move. He had always regarded Su Zimo as his rival in love. If Su Zimo died in the hands of the fiends, it would be exactly what he wanted, and he would not be blamed. "Junior Brother Lin, be careful ..." At that thought, Liang Yu pretended to be kind and reminded him, but he did not move. However, before he could finish his sentence, he saw an extremely shocking scene! Bang! Bang! Bang! Poof! Poof! Poof! The six fiends had just rushed in front of Su Zimo. Before they could release their weapons, divine abilities, and secret techniques, Su Zimo had already attacked! That seemingly frail scholar suddenly attacked like a bolt of lightning. Every movement of his seemed to contain the power of ten thousand catties as it bombarded the bodies of the six devilish bandits.

After a series of dazzling attacks, the six fiends were all dead on the spot! Some of their bodies were smashed into pieces. Some of their heads were smashed into pieces. Some of them were smashed into a bloody mist, leaving no corpse behind! Liang Yu's mouth was agape, and his eyes were wide open in shock. Facing the siege of the six fiends, even he would have to spend a lot of effort to deal with them. However, this weak scholar took less than a breath! In close combat, even the Crown Prince and Princess could not block Su Zimo's attacks. What were these six fiends? At that moment, Su Zimo came to Liang Yu's side and slowly extended his hand. Psst! Looking at that fair and weak palm, Liang Yu felt a sense of oppression that he had never felt before. It was as though he was suffocating as his body stiffened and he could not move at all! Liang Yu wanted to explain, but for some reason, he could not even speak. He could only hear his own intense heartbeat! The palm landed gently. There was no shocking divine power or fatal killing intent. However, Liang Yu felt as though he had taken a trip to the gates of hell. Su Zimo patted Liang Yu on the shoulder and said with a fake smile, "Just Now. Thank you for your reminder, Senior Brother Liang." "Y-Junior Brother Lin, you're welcome." Liang Yu's face was pale and he could not control his voice from trembling. Su Zimo did not wait for Liang Yu's reply and had already turned to leave.

Chapter 2417

Lin Luo charged into the crowd. Her sword glinted coldly as she dashed left and right. Relying on a mysterious footwork, the Army-Shattering Demon Bandits were unable to harm her at all despite their numbers. In less than a quarter of an hour, more than half of the nine leaders were killed by her. Only three leaders remained with ugly expressions and thoughts of retreating emerged in their minds. Lin Luo's attack was not a blind slaughter. Instead, she targeted the nine leaders of the Army-Shattering Demon Bandits. When the battle erupted, the Army-Shattering Demon Bandits did not suffer many casualties. However, the nine leaders were completely terrified by Lin Luo's slaughter! Just Now, the bearded man noticed the commotion at Su Zimo's side. Seeing that Su Zimo was also walking over, a trace of decisiveness flashed across his eyes. He ordered in a deep voice, "Retreat!" Before he finished speaking, the other two leaders turned around and fled. The remaining Army-Shattering Demon Bandits were numerous in number. However, seeing the three leaders flee, they naturally did not dare to stay and dispersed in a hubbub. Lin Luo held her sword and smiled as she watched the fleeing bandits. She had no intention of chasing after them. This trip to Lang Feng City should not cause unnecessary trouble. Lin Luo returned to the Enigmatic Mirror Sect's warship. She handed the sword back to Liang Yu, who was still in a daze, and said with a smile, "Senior Martial Brother Liang, many thanks for your magic

weapon. It's really sharp."Liang Yu subconsciously reached out and wanted to receive the sword. However, he seemed to have thought of something and his arm trembled as he withdrew it.Liang Yu smiled embarrassedly and said, "Su, Junior Martial Sister Su, if you like this sword, please accept it."Lin Luo smiled and handed the sword to Liang Yu. She turned around and walked towards Su Zimo. She said, "I'll have to trouble senior martial brothers to clean up the things on the battlefield.""This is what we should do."Liang Yu hurriedly said, "In a moment, I will tidy up the things on the battlefield and send them to Junior Martial Sister Su's room."Lin Luo and Su Zimo returned to the room. She pondered for a moment and said, "These Army-Shattering Demon Bandits do not seem to be from the Demon Domain.""Yes."Su Zimo also nodded and said, "Although these people's methods are cruel, their cultivation methods and secret arts are similar to those of the immortal sects."Lin Luo said, "Don't worry about him. We'll reach Lang Feng City in a few days. At that time, we'll activate the teleportation array and leave."

After pausing for a moment, Lin Luo sighed softly again. A trace of worry hung between her brows as she said, "Originally, I had planned to hide my identity and participate in the Feast of Immortality Peaches to obtain a good ranking on the Heaven List.""If you can enter the top ten of the Heaven Roll, you will definitely be rewarded handsomely. You might even have the chance to taste a peach of immortality that blossoms and bears fruit once every 100,000 years."Su Zimo asked, "Why don't you want to go?""Father's injuries have not healed yet. It's better to bring the Nine Orifices Yang Restoration Pill and Fretless Fruit back as soon as possible."Lin Luo said, "There are too many variables in the Heavenly Ranking Tournament. We're in the Jade Firmament Immortal Domain, and I'm only a Tier Six Heavenly Immortal. If something were to happen ..."Su Zimo nodded with a trace of admiration in his eyes.The two of them continued to cultivate in seclusion in the room. The interception of the Army Vanquishing Bandits was just a small interlude to them. The two of them did not take it to heart.After this incident, no one from the Mystic Mirror Sect dared to disturb them.Even Liang Yu, who was quite attentive before, did not dare to pester Lin Luo.A few days later, they arrived at Lang Feng City.Standing on the warship and looking at the Immortal City from afar, they could only see that the city walls had turned into a black line that spread continuously on both sides of the horizon. It was impossible to see the end of it at all. One could imagine the size of this Immortal City.According to Lin Luo, this Immortal City could be considered one of the largest forces in the Jade Firmament Immortal Domain. It gathered all the Perfected Immortals in the world here.Such a Immortal City should indeed be so imposing.In terms of the number of Perfected Immortals, this Lang Feng City far surpassed the Heaven and Earth Academy in the Divine Firmament Immortal Domain, the Great Jin Celestial Kingdom, and other Sky-level sects.For example, a Heaven Immortal expert was nothing in Lang Feng City.Moreover, in time for the Immortality Peach Banquet that was held once every 100,000 years, the prodigies of the other four Immortal Cities would also gather here.The Mystic Mirror Sect's group was too ordinary in Lang Feng City, and it was very difficult to attract the attention of others.However, when they entered Lang Feng City, they were immediately targeted!It was the first time the Mystic Mirror Sect's group had come to Lang Feng City. Seeing the novel scene in the city, the bustling and wide streets, they were all very curious.

On the stalls on both sides, there were countless rare treasures, dazzling everyone's eyes.Only Su Zimo and Lin Luo looked calm, as if they did not care about all this.Lin Luo was of noble birth, and her parents controlled a Celestial Kingdom. She was not unfamiliar with everything around her, so she naturally had

no interest. Su Zimo, on the other hand, was thinking about another matter. He had already discovered that his group was being targeted! Although his cultivation level was not high, his spiritual perception was very strong. In this crowded street, he could still detect the hidden hostility in the surroundings. However, Su Zimo could not determine the identity of these people. Logically speaking, he and Lin Luo had just arrived in the Jade Firmament Immortal Domain and had just entered Lang Feng City, so they did not know many people. There was no reason for them to attract strong enemies. Or rather, they were not coming for them, but to deal with the Mystic Mirror Sect? "Someone is following us." Su Zimo reminded Lin Luo through his spiritual perception. "Hmm?" Lin Luo was slightly startled. In Lang Feng City, people came and went, and their spiritual perception was chaotic and intertwined. Even if one released their spiritual perception, it was difficult to detect anything. Therefore, she did not notice at all until Su Zimo reminded her. She gradually became nervous, and her expression became serious. At this moment, not far ahead, a cultivator army in armor walked toward the Mystic Mirror Sect with large strides and an aggressive aura. It was obvious that they did not come with good intentions! Su Zimo scanned with his spiritual perception and frowned inwardly. These Immortal soldiers were composed of Stage Nine Heaven Immortals, and they exuded an iron-blooded murderous aura. They were obviously much more difficult to deal with than the Army Vanquishing Demon Bandits they had encountered before! "It's the imperial guards of Lang Feng City!" "Isn't that Colonel Kong Han?" "Alerting the imperial guards? What's going on? These people are going to suffer. I heard that Kong Han is ruthless. Those who fall into his hands will suffer a fate worse than death." "Get out of the way, get out of the way!" Several Immortal soldiers shouted loudly, and the surrounding cultivators looked fearful and moved aside. Swoosh! Swoosh! At this moment, on the buildings on both sides of the street, in the corners, and in the alleys, figures suddenly rushed out. They were expressionless, holding huge shining crossbows in their hands. The arrows were already on the strings, and they were all aimed at Su Zimo and the others.

The Mystic Mirror Sect's people's faces changed drastically. They felt a chill run down their spines, and their hair stood on end! Even Su Zimo felt a sense of crisis. Those shining crossbows were clearly specially made Dharma Treasures. Any arrow fired from a crossbow would be as powerful as a Peerless Divine Power! "What's going on?" Liang Yu hurriedly stepped forward and forced a smile at the surrounding immortal soldiers. He said, "Exalted immortals, is there a misunderstanding here?" "Misunderstanding?" The leading man sneered. His gaze paused on Su Zimo and Lin Luo for a while, and a murderous intent flashed in his eyes. This man was thin, with triangular eyes and a hooked nose. His name was Kong Han, and he was a general in Lang Feng City. Kong Han said sternly, "I suspect that you are impersonating Demon Bandits and wantonly killing cultivators who came to participate in the Feast of Peaches. This is unforgivable!" As soon as these words were spoken, it caused an uproar!

Chapter 2418

Most of the cultivators who came to the Jade Firmament Immortal Domain had experienced fighting against the devilish bandits and naturally hated them. Hearing Kong Han's words, countless hateful gazes instantly gathered on the Mystic Mirror Sect's people. "Kill them!" "How dare you come to Lang Feng City? You're too arrogant!" "We must behead these devilish bandits in public as a warning to others! Half of our Beast Heart Gang was slaughtered by these devilish bandits. Let them pay with their blood!" "Many cultivators cursed angrily, wishing they could tear the Mystic Mirror Sect to pieces." "No, it's a misunderstanding. We're cultivators of the Mystic Mirror Sect, not devilish bandits ..." Liang Yu's face was pale as he tried to explain. More and more cultivators gathered here, and the crowd surged. The

cultivators who came later didn't know what was going on at all. They only heard the cultivators in front say that devilish bandits had sneaked into Lang Feng City and were caught and began to curse. The crowd was agitated and the voices of the Mystic Mirror Sect's people were almost inaudible under the vast momentum and were drowned out in the blink of an eye. No one cared about them at all. The omnipresent pressure was like a stormy sea that could swallow the Mystic Mirror Sect at any time. At this time, Kong Han and the others didn't even need to do anything. As long as they withdrew, the surrounding cultivators were enough to tear the Mystic Mirror Sect to pieces! A cold smile hung on Kong Han's lips as he looked at the panicked Mystic Mirror Sect cultivators and the surrounding cultivators who were shouting to kill. He was very pleased with himself. The feeling of being in control of everything gave him a great sense of accomplishment. Kong Han's gaze fell on the blue-robed scholar and the bright girl in the Mystic Mirror Sect and couldn't help but frown. Unlike the surrounding Mystic Mirror Sect cultivators, the blue-robed scholar's expression was calm as if he didn't feel the surrounding pressure at all. He was abnormally calm. Even the bright girl didn't seem to be panicking much. Kong Han's face darkened. This made him feel a sense of defeat. He had long known that the strongest people in the Mystic Mirror Sect were the man and woman in front of him. But this was Lang Feng City. No matter how strong the man and woman were, they were just fish on a chopping board in his territory. As long as he wanted to, he could slaughter them at will!

At this moment, Kong Han discovered that a trace of mockery flashed across the eyes of the green-robed scholar who was looking at him. "Hmm?" Kong Han was instantly provoked by this gaze and was about to order to kill the Mystic Mirror Sect. Just as he spoke, the blue-robed scholar opposite him spoke at the same time. "Roar!" An extremely shocking dragon roar erupted and resounded throughout the world. It was enough to pierce through the clouds. It contained its endless majesty! Under the shroud of this roar, the surrounding sound waves were instantly. It was as if this voice was the only thing that existed in this world! Under this dragon roar, all the cultivators felt a sense, from the depths of the Mystic mirror Sect. Some cultivators even felt an uncontrollable fear, an indescribable sense of inferiority! Plop! Plop! Soldiers Mystic mirror God, the Mystic Mystic Realm!! Army army army army army army army Mystic Sect Cultivators Sect Army! Lang Mystic mirror Sect!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! Heaven and earth fell silent after the dragon roar! Su Zimo's aura alone suppressed the entire street! Kong Han, who was closest to Su Zimo, suffered the strongest impact. He felt a piercing pain in his ears and his Qi flow reversed. With a grunt, his vision darkened and he almost fainted on the spot. "We're not demonic bandits. What are your intentions for slandering us like this?" Su Zimo spoke slowly and said indifferently. "I-I ... slandered?" Kong Han was stunned for a moment and gritted his teeth. "Who do you think I am to slander you?!" "Move, move, kill them all!" Initially, he wanted to bring the Mystic Mirror Sect people to the dungeon and torture them. But now, he was filled with killing intent and could not care less. He only wanted to kill this group of people in front of him! Everyone from Mystic Mirror Sect was ashen. Liang Yu also had a look of despair as though he had lost his parents. In their eyes, the Imperial Army of Lang Feng City was an existence that could not be resisted. "We're really not demonic bandits. Commander Kong, please investigate ..." Liang Yu was still hoping for a fluke and tried his best to explain. In his opinion, if he could explain clearly, there might be a glimmer of hope.

But if they dared to attack the Imperial Army, it would be a heinous crime and they would die without a doubt!The surrounding Immortal Army took out their Dharma treasures again and activated their secret techniques.Lin Luo frowned slightly and sighed inwardly. She was a little distressed.She originally

wanted to hide her identity as much as possible, but now, if a fight broke out, the two of them might not be able to leave this place safely, let alone hide their identities! This was Lang Feng City after all. Although there were no Immortal Kings, there were many Perfected Immortals in the city. If they alerted any one of them, she and Su Zimo would not be able to resist. Just as Lin Luo was hesitating, Su Zimo made up his mind and appeared in front of Kong Han in an instant. "How dare you!" Kong Han had just recovered from Just Now's dragon roar when he saw a blur. The scholar in green was already in front of him! Kong Han did not expect that the scholar in green would dare to attack him when surrounded by so many people. He also did not expect that there would be someone who dared to attack him in Lang Feng City! He only had time to say two words before he felt a huge impact on his chest. The armor on his body made creaking sounds. Then, under the watchful eyes of the crowd, he was sent flying by Su Zimo. He turned into a black shadow and crashed into the crowd, rolling dozens of feet away. Puff! Kong Han spat out a mouthful of blood, and his face was pale. Although the armor had blocked most of the impact, his body still suffered serious injuries. His Qi and blood were scattered, and his bones seemed to have fallen apart. He was weak all over. Kong Han fell into the crowd and created a blank passage. At the end of the passage, a bearded man was stunned. He looked at the scene in front of him and did not react for a moment. "Oh no!" When he realized that something was wrong, Su Zimo appeared in front of him in a flash of green robes. "Teleportation!" The bearded man reacted extremely quickly and wanted to release a teleportation technique to leave this place. However, Su Zimo's attack was faster. He condensed his massive spirit consciousness and released an Essence Spirit secret skill. A lightning whip appeared and whipped the bearded man. "Ugh!"

The bearded man let out a muffled groan. His cultivation realm was that of a Rank 9 Heavenly Immortal. Although he was struck by the Essence Spirit secret skill, he managed to condense his Essence Spirit secret skill in time to resist and did not suffer serious injuries. However, the resistance of the Essence Spirit secret skill caused his divine power to dissipate and his teleportation to be interrupted. He remained on the spot and did not leave. As for the bearded man, he had already lost his final chance to leave.

Chapter 2419

In close combat, even a Stage Nine Heaven Immortal would not be able to withstand the power of Qinglian's true body! Su Zimo seemed to have turned into a python as he coiled around the bearded man's body. He exerted all his strength and twisted! The bearded man's eyes widened as the sound of bones cracking could be heard from his body. Poof! Following that, his body spewed out a cloud of blood mist. He had been twisted out of shape. His internal organs had been shattered, and his Qi and blood were deteriorating! A Primordial Spirit escaped from the top of his head with a panicked expression. To a Heaven Immortal, abandoning their physical body was nothing. As long as they had Blood Essence, they could quickly be reborn from a drop of blood and rebuild their physical body. However, Su Zimo had already expected the bearded man's reaction. While strangling his opponent, he stretched out his palm. Countless Sword Qi were hidden in his palm, forming a prison. The bearded man's Primordial Spirit had just escaped when it was trapped in Su Zimo's Sword Qi prison! The Sword Qi was chilling. As long as Su Zimo willed it, the bearded man's Primordial Spirit would be destroyed and he would die! The onlookers quickly scattered, their faces filled with shock! No one had expected that this green-robed scholar would dare to openly fight against the Imperial Army in Lang Feng City. What was even more unexpected was that the Stage Nine Heaven Immortal Kong Han, one of the Imperial Army's Generals, would be injured

by Su Zimo. What puzzled everyone was that for some reason, this bystander in the crowd was suddenly suppressed by Su Zimo. Even his Primordial Spirit was imprisoned, and his life was hanging by a thread. "What's going on?" "This kid is really bold. He actually dares to resist!" "That person seems to be a Stage Nine Heaven Immortal. How could he be beaten so badly by a Stage Five Heaven Immortal in the blink of an eye?" "Eh? The person suppressed by the green-robed scholar seems a little familiar ..." There was a hubbub of voices all around, and it was a mess. "Don't move!" Su Zimo looked around while imprisoning the bearded man's Primordial Spirit. He said slowly, "The person in my hand is the real Demon Bandit! And he's the leader of the Army Vanquishing Demon Bandits! The surrounding noise instantly quieted down a lot before erupting again. "It seems like he really is the Great Leader of the Army Destroyer Devil Bandits."

"Previously, I encountered the Army Destroyer Devil Bandits and narrowly escaped death. No wonder I found him familiar!" "Why did the Army Destroying Devil Bandits come to Lang Feng City?" Many cultivators discussed among themselves, and their hatred for the Mystic Mirror Sect had been diluted by this sudden turn of events. "Hmph!" Kong Han sneered, his face was gloomy as he said coldly, "So what if he is an Army Destroyer Demon Bandit? How can you prove that you are not one of the Devil Bandits?" "Not bad!" Another cultivator shouted, "You Devil Bandits are vicious and insidious, killing each other to save your own life. How could you do such a thing!" "Heh ..." Su Zimo chuckled with a mocking expression. Kong Han and the others had shown up and intercepted them. He had some doubts in his heart. He and Lin Luo had only been in the Jade Heaven Celestial Realm for a few days. Along the way, they did not know anyone, let alone offend the imperial guards in Lang Feng City. If the two of them had a grudge with anyone in the Jade Heaven Celestial Realm, it would probably be the Devil Bandits along the way. Just a moment ago, Su Zimo's spiritual perception suddenly caught a strong hostility in the crowd. He secretly released his Divine Sense and immediately locked onto this person. He discovered that this person was the leader of the Army Destroyer Demon Bandits! This person appeared in Lang Feng City, and Kong Han led the imperial guards to stop them. These two things were too coincidental. Su Zimo quickly thought of a possibility. Therefore, he made a prompt decision to suppress the bearded man and seize the initiative! Su Zimo said indifferently, "This is simple. As long as I use the Soul Searching Technique on him, the truth will be revealed!" The Mystic Mirror Sect had once clashed with the Army Destroyer Demon Bandits. As long as this memory was displayed, it would be enough to prove the identity of Su Zimo and the others. However, Kong Han's expression changed. If the bearded man's memory was displayed, the fact that the Immortal City's imperial guards reared bandits would also be exposed. This would have an extremely bad impact on Lang Feng City, the five cities, the twelve buildings, and the Jade Firmament Palace! Kong Han's killing intent rose as he gritted his teeth.

"Everyone, listen up! The Mystic Mirror Sect has joined forces with the Army Destroyer Demon Bandits to sneak into Lang Feng City with evil intentions. They even dared to openly oppose the Immortal City's imperial guards. This is unforgivable.

Kong Han's military order was not only to kill Su Zimo and the others, but also to silence the bearded man! When Su Zimo saw Kong Han's reaction, he knew that he had guessed correctly Just Now. Army Destroyer Demon Bandits were indeed colluding with the imperial guards of Lang Feng City! "Burning the Sky and Boiling the Sea!" "Sky Slash!" "Golden Spear Armored Horse!" "... On the long street, peerless Divine Powers erupted one after another. Many Dharma treasures and Sword Qi filled the air. The battle was instantly ignited! The reason why Su Zimo was able to injure Kong Han in melee combat was because he had caught him off guard. In fact, his cultivation had just reached Stage Five Heaven Immortal. If it was a head-on confrontation, he would not be able to withstand the joint attack of so

many Stage Nine Heaven Immortals. Moreover, this was Lang Feng City. If he started a massacre here, the consequences would be unimaginable! If he and Lin Luo wanted to leave, it would be as difficult as ascending to the heavens. Su Zimo directly activated Ethereal Wings, Wind and Thunder Wings, Heaven's Feet, and many other secret techniques. At the same time, he released his Great Roc Wings behind him! Three pairs of huge wings spread out behind his back. With a move, he turned into a ray of golden light and left the battlefield in an instant. More and more imperial guards gathered around, and their attacks became more and more intense. Although Su Zimo could move unhindered on the battlefield with his extreme speed, it was impossible for him to be unscathed. In the blink of an eye, he had been hit by several Divine Powers and Dharma treasures. Fortunately, Qinglian's powerful self-healing ability was frantically healing his wounds. The people of the Mystic Mirror Sect, including Liang Yu, did not dare to move on the long street. They were as silent as cicadas in winter, not daring to attack the imperial guards of Lang Feng City. Kong Han only coldly glared at the people of the Mystic Mirror Sect with disdain in his heart and ignored them. In his view, these people were just ants that could be crushed at any time. The most important thing now was to deal with that troublesome green-robed scholar first! However, Kong Han neglected one person. Su Zimo attracted almost all the attacks of the imperial guards of Lang Feng City. Even Kong Han had forgotten that there was a girl standing beside Su Zimo. Kong Han stared at Su Zimo in the air and was about to attack again when he suddenly felt a strong sense of danger. "Not good!" Kong Han's heart sank. Just as he was about to escape, he felt a chill behind his neck. Immediately after, he felt a sharp pain behind his head. "You better not move!" A voice rang out beside his ear. There was not the slightest bit of emotion in it. It was cold and merciless! Lin Luo stood behind Kong Han with a long sword in her hand. The tip of the sword was pressed against the back of Kong Han's head. With a little force, it could pierce through Kong Han's head and even his Essence Spirit would not have a chance to escape! Su Zimo and Lin Luo did not discuss it, but they had an abnormal tacit understanding. Su Zimo made his move to suppress the head of the Army Vanquishing Bandits. Lin Luo made her move to suppress Kong Han! With these two people in their hands, they could break through the current situation and find a way to survive!

Chapter 2420

Kong Han was helpless under Lin Luo's sword. When the other Immortal soldiers saw this, they all stopped and looked hesitant. "Do you dare to kill me in Lang Feng City?" Kong Han said coldly without turning his head. Although he was under Lin Luo's control, his tone was still tough and threatening. "You can try." Lin Luo didn't argue with him and just replied casually. At the same time, she thrust the long sword in her hand forward slightly. The sharp tip of the sword instantly pierced the back of Kong Han's head, and a trace of blood slowly seeped out. Kong Han's heart trembled, and he immediately became obedient and kept silent. Su Zimo looked at Kong Han and said loudly, "General Kong is so nervous. Just Now, you even want to kill the leader of the Army Vanquishing Demon Bandits to silence him. What are you worried about?" "What do you mean by silence? I don't understand." Kong Han said coldly, "My duty is to protect Lang Feng City. Naturally, I have to eradicate all the demon bandits who have sneaked into the city!" "Is that so?" Su Zimo chuckled and said sarcastically, "General Kong is so powerful. Why didn't you notice this person before? Instead, I caught him from the crowd?" "Could this leader of the Army Vanquishing Demon Bandits have some shady business with General Kong?" Kong Han's expression was ugly, and he didn't say a word. After this battle, the surrounding cultivators gradually calmed down. Those who were a little smarter could see the problem. However, this matter was too shocking

and had exceeded the imagination of many cultivators. The demon bandits of the Jade Heaven Immortal Realm colluded with the general of Lang Feng City? Was this just Kong Han's own doing, or were other cultivators involved, or did the five cities and twelve towers acquiesce? If this matter was true, did it happen recently, or had it been a long time? After thinking about it for a while, one could feel a chill in their bones. "Who is talking nonsense and slandering the imperial guards of Lang Feng City!" At this moment, a loud shout came from afar. Then, a white light appeared in an instant. In the blink of an eye, it had arrived and revealed its figure. This was a young man. His entire body was covered in white feathered clothes that flickered with a mysterious glimmer. His expression was arrogant, and his aura was powerful.

"Celestial Immortal Whitefeather!" "So he is Celestial Immortal Whitefeather. According to the legends, he is the number one Celestial Immortal of Langfeng City!" "Not only that! Celestial Immortal Whitefeather's battle prowess is definitely in the top three of the Heavenly Rankings. She might even have a chance to fight for the number one spot in this Feast of Immortality!" Cries of surprise came from the crowd. Many cultivators looked at this man with a trace of admiration and worship. Su Zimo frowned slightly. Although Celestial Immortal Whitefeather and Su Zimo were both level nine Celestial Immortals, the pressure that Whitefeather gave Su Zimo was clearly much greater! In the Jade Pure Palace, he was able to fight against the princes and princesses, and even gain the upper hand. Firstly, there were many restrictions in the Jade Pure Palace. Secondly, Ying Tian and Lang Qianqian were only Seventh Level Heavenly Immortals. They were not peak Heavenly Immortals. If this so-called number one Celestial Immortal in Lang Feng City could also be ranked in the top three of the Heavenly Rankings, she would be much more difficult to deal with than Ying Tian and Lang Qianqian! It could be said that this Celestial Immortal Whitefeather was a monstrous genius among Ninth Level Heavenly Immortals! Su Zimo was now a Fifth Level Heavenly Immortal. There was a difference of four levels between them. The difference in strength was too great, and it would be difficult to make up for it. "So it's just two small fries." Celestial Immortal Whitefeather could see the cultivation realms of Su Zimo and Lin Luo. She could not help but sneer. "You two bitches really think that there's no one in my Lang Feng City?" "Fifth Level Heavenly Immortals and Sixth Level Heavenly Immortals dare to behave atrociously in the city. Die!" Celestial Immortal Whitefeather did not give Su Zimo a chance to speak. She immediately attacked! Swoosh! Swoosh! Celestial Immortal Whitefeather's body trembled. The white feathered clothes on her body actually fell off, transforming into thousands of white lights that enveloped Su Zimo! These white feathers were extremely fast. The light was dazzling and blinding, blotting out the sun. The surrounding cultivators all paled in horror! "Celestial Immortal Whitefeather has no intention of holding back at all. He's going to kill that green-robed scholar instantly!" "I heard that this is one of Celestial Immortal Whitefeather's secret techniques. Any single white feather is comparable to a top-grade Dharma treasure, let alone thousands of them at the same time." "After this secret technique, I reckon that green-robed scholar won't even have a single bone left."

Just as everyone was discussing, six gigantic white ivory tusks suddenly grew out from Su Zimo's back, emitting a mysterious power. Su Zimo's aura skyrocketed! Immediately after, Su Zimo clasped two fingers together and formed a sword finger, slashing gently in front of him. Chi! Chi! The temperature of the world plummeted as killing intent filled the air! Countless stars appeared in the skies above Lang Feng City, moving continuously with chaotic trajectories! The heavens released killing intent, shifting the stars! Thousands of Heaven Slaying Sword Qi burst forth with a massive might and collided with the

incoming white feather immortal light, causing a series of clanging sounds and sparks to fly everywhere!"What a powerful sword art!"I've never seen such a ferocious killing intent before! ""Could it be ... the legendary Heaven Slaying Sword Art?!"The moment he said that, the crowd fell into a momentary silence before an even louder uproar broke out."That's right. Only the Heaven Slaying Sword Art can possess such might!"What's the background of this person? How can he wield the Heaven Slaying Sword Art? He's able to defend against a single attack from Celestial Immortal Whitefeather as a rank 5 Heavenly Immortal! "In midair.Su Zimo released his Six Tusks divine power and his Essence Qi skyrocketed, reaching the level of a rank 6 Heavenly Immortal.The Essence Qi of Qinglian's true body was rich and pure and it was not a problem for her to cross two minor realms.However, he was still weaker than Celestial Immortal Whitefeather in terms of strength.Thankfully, he had a powerful secret technique like the Heaven Slaying Sword Qi to make up for the difference and barely managed to defend against Celestial Immortal Whitefeather's attack."Heaven Slaying Sword Art?"When Celestial Immortal Whitefeather saw that Su Zimo was safe and sound, he was not enraged. Instead, his eyes lit up and he shouted, "The Heaven Slaying Sword Art is in your hands. How can a rank 5 Heavenly Immortal be worthy of such a sword art?!"Celestial Immortal Whitefeather was overjoyed.In his eyes, Su Zimo was an opportunity that came knocking on his door.As long as he killed Su Zimo and obtained the Heaven Slaying Sword Art, he would definitely be able to sweep through all his peers at the Immortal Peach Banquet and become the top of the Heaven Ranking!"Die!"

With an excited expression, Celestial Immortal Whitefeather attacked once more.This time round, his attacks were even more ferocious. Mystic skills, Immortal Arts, and Dharma treasures poured out like a torrential downpour!When Lin Luo saw this, she was a little anxious and tightened her grip on her sword as she threatened Kong Han, "Hurry up and give the order for him to stop or I'll kill you!"Hehe!"Kong Han chuckled strangely. "Lass, this Celestial Immortal Whitefeather is the number one Celestial Immortal of Lang Feng City. I'm just a general. What right do I have to order him around?"If you're worried about that Dao companion of yours, let me go. If you join forces with him, you might have a chance to deal with Celestial Immortal Whitefeather.""Shut up!"Lin Luo shouted softly.Restricting Kong Han was equivalent to restraining the surrounding Imperial Guards – there was no way Lin Luo would let him go so easily.However, on the other side, Su Zimo seemed to be unable to hold on under Kong Han's attacks and was in a bad situation.
