

Sacred King 2421

Chapter 2421

On the battlefield, Su Zimo was completely suppressed, as though he could be suppressed at any moment! Su Zimo's expression turned cold. He had been at a disadvantage since the start of the battle and had been on the defensive almost the entire time. It was not that he did not have any trump cards to counterattack. If he was alone, he could advance or retreat as he pleased without any qualms. But now, he had Lin Luo by his side. He did not want to cause too much trouble and implicate Lin Luo, causing the two of them to be trapped here. In this conflict, they were on the side of reason. If they really went on a killing spree in Lang Feng City, it would be difficult to explain. This was the Jade Firmament Immortal Region. He and Lin Luo were in a foreign land and could not act rashly without considering the consequences. There were many Perfected Immortals in Lang Feng City! Alarming any one of them would lead to unpredictable consequences! Su Zimo narrowed his eyes and stared at Heaven Immortal Bai Yu who was still attacking him. He said in a deep voice, "Bai Yu, the Essence Spirit of the Army-Vanquishing Demon Leader is in my hands. As long as I search his soul, the truth will naturally be revealed!" "Hmph." Heaven Immortal Bai Yu sneered. "What truth? I don't care! You adulterous couple openly went against the Imperial Army in Lang Feng City. You deserve to die!" Heaven Immortal Bai Yu had no intention of stopping her attacks as she continued to spew profanities. Su Zimo's expression darkened. Since the start of this conflict, although he and Lin Luo had attacked, they had always restrained themselves and tried their best to look at the big picture. Although Su Zimo injured Kong Han, he clearly left some leeway and did not take advantage of the situation to pursue. Lin Luo had only managed to subdue Kong Han, and none of the surrounding Imperial Army soldiers had died. But now, Heaven Immortal Bai Yu's aggressiveness made Su Zimo increasingly impatient. "Don't push your luck!" Su Zimo spoke again, his voice low and cold. "Hahahaha!" Su Zimo's words caused the surrounding crowd to burst into laughter. "Am I hearing things? This rank five Celestial Immortal is actually threatening Celestial Immortal Whitefeather?" "After all, he was forced into a corner and became delirious. He began to talk nonsense."

Because of these words, the originally tense atmosphere became much more relaxed after a wave of mockery and ridicule. Kong Han, who was under Lin Luo's sword, also sneered. He curled his lips and said, "This Daoist companion of yours is not only bold, but also arrogant. She really doesn't know how to write the word 'death'." "Take care of yourself first!" The sword in Lin Luo's hand trembled as he shouted. On the battlefield. Upon hearing Su Zimo's threat, Celestial Immortal Whitefeather roared with laughter. "You dog, I'm going overboard. What can you do to me?!" Su Zimo's gaze turned cold. He suddenly came to a halt, then furiously circulated his divine sense, forming a divine ability with both hands as he pointed towards Celestial Immortal Whitefeather. "Fleeting Youth!" Su Zimo softly spat out four words. A powerful divine ability instantly came crashing down upon Celestial Immortal Whitefeather. "Hmm?" Celestial Immortal Whitefeather frowned with a solemn expression. Time divine ability? To be able to become the number one Celestial Immortal of Lang Feng City, be it in terms of talent, combat strength, or knowledge, he naturally far surpassed others. After Su Zimo's peerless divine ability was unleashed, Celestial Immortal Whitefeather could sense the power contained within Fleeting Youth. He did not dare to be careless. Any time-related divine ability was extremely powerful and could not be underestimated. "Ascension to Immortality!" Celestial Immortal Whitefeather made a prompt decision and released his trump card as well! The white feathers on his body fell off one after another,

rapidly transforming into wisps of Immortal Qi that continuously gathered and circled around him, as though they were going to bring him up to the heavens! Normally speaking, Fleeting Youth was only a peerless divine ability. Most peerless divine abilities, including Ascension to Immortality, were enough to resist and dissipate the power of time within. However, just as Fleeting Youth and Ascension to Immortality were fighting against each other, a strange sound of a drum suddenly sounded in Celestial Immortal Whitefeather's ears. The sound of the drum was not very loud and shocking. Instead, it sounded long and drawn-out, and even carried a hint of old age and a lifeless aura. "This is ..." Celestial Immortal Whitefeather was stunned. Immediately after, he felt his lifespan rapidly depleting at an unimaginable speed! Celestial Immortal Whitefeather's eyes were filled with endless fear and shock.

Boom! Boom! Boom! Celestial Immortal Whitefeather released another peerless divine ability. Immediately after, he used a mystic art. He tore apart a talisman on his body and released a sound domain mystic art! In that instant, Celestial Immortal Whitefeather released almost all of his trump cards! ... The surrounding cultivators were stunned as they watched Celestial Immortal Whitefeather stand on the spot in shock. He seemed to have suffered a huge shock and released many trump cards as though he had gone crazy. But soon, the expressions of the cultivators gradually changed. In midair, Celestial Immortal Whitefeather panted heavily. The fear in his eyes and the panic on his face had yet to dissipate. The power of that peerless divine ability had finally dissipated. The mysterious and distant sound of the drum had completely disappeared as well. The danger was resolved? Celestial Immortal Whitefeather felt a sense of joy as though he had escaped death. He could guarantee that Just Now, if he had reacted a little slower, he would have been a corpse by now! What a terrifying divine ability! He had to release so many trump cards before he was able to neutralize it. Celestial Immortal Whitefeather's heart turned cold as he raised his head instinctively and looked towards Su Zimo. Strangely, the green-robed scholar did not continue attacking him. Instead, he stood with his hands behind his back and looked at him with an indifferent expression. "Fufu ..." Celestial Immortal Whitefeather forced out a laugh. "That's your final trump card, right? But unfortunately, I still managed to block it! ""If that's all you've got, it'll be your death next!" Celestial Immortal Whitefeather perked up once more and said with a murderous aura. Even though he said that, he had a feeling that something was wrong with his body. Su Zimo remained motionless as a look of mockery flashed through his eyes. Celestial Immortal Whitefeather's heart sank. He suddenly realized that the surroundings were abnormally quiet, as though everyone had gone silent. He looked over instinctively. Countless cultivators were looking at him with strange gazes. It was as though ... Pity? Fear? Celestial Immortal Whitefeather took a deep breath and suddenly realized that his blood qi was much weaker than before. His essence, qi, and spirit were much weaker.

Initially, he thought that Just Now, he had expended too much energy in the battle. But now, something seemed off. A gentle breeze blew past Celestial Immortal Whitefeather's forehead, and a strand of her hair was gently brushing past her eyes. It was a strand of gray hair. Celestial Immortal Whitefeather looked at his hands. The skin on his palms was no longer fair and smooth. Instead, it was rough and dark, filled with fine wrinkles. "My lifespan ..." Celestial Immortal Whitefeather murmured softly as his eyes widened. He was originally 150,000 years old. For a Celestial Immortal with a lifespan of 300,000 years, he was at his peak. But now, he only had 20,000 years of lifespan left! In an instant, his youth was gone! The person standing in midair was no longer the number one Celestial Immortal of Lang Feng City, but an old man in his twilight years!

Chapter 2422

The long street was silent. Everyone looked at Celestial Immortal Bai Yu with a hint of pity in their eyes. Just a moment ago, this Stage Nine Celestial Immortal was still the number one Celestial Immortal of Lang Feng City. But in the blink of an eye, he had become an old man in his twilight years. The sharpness on his body was no longer there, and he stood in the air in a daze. Celestial Immortal Bai Yu did not die. But everyone knew that he was no longer the number one Celestial Immortal of Lang Feng City, and he was no longer qualified to enter the Heaven Ranking. All the glory of this genius had vanished into thin air in the blink of an eye! Such a blow completely defeated Celestial Immortal Bai Yu. Many people looked at Su Zimo, unable to hide the shock on their faces. This seemingly weak scholar, a Stage Five Celestial Immortal, had just released a peerless divine ability and pulled Celestial Immortal Bai Yu down from his pedestal! Who was this person? With such talent, he should not be a nobody. Why had they never heard of him before? In midair, Su Zimo was also recalling the process of releasing Fleeting Youth Just Now. Normally speaking, Fleeting Youth was not enough to threaten Celestial Immortal Bai Yu. However, in the Clear Jade book, which was Clear Jade Heaven, he had experienced the baptism of the Morning Bell and Evening Drum. The sound of the Evening Drum and Fleeting Youth clearly had something in common in terms of Daoist techniques. Therefore, over the past few days, Su Zimo had been trying to fuse the sound of the Evening Drum into Fleeting Youth. However, the fusion of the two divine abilities was not perfect. After the power of Fleeting Youth descended, the sound of the Evening Drum sounded. Even so, the combination of the two divine abilities produced an extremely terrifying lethality. Celestial Immortal Bai Yu's reaction was slightly slower, and he lost more than a hundred thousand years of his lifespan! He then unleashed a few more divine abilities and secret arts, and only then did he manage to completely neutralize the power of Fleeting Youth. According to Su Zimo's speculation, if the two divine abilities could perfectly fuse, the power of Fleeting Youth would rise to an unimaginable level! It might even reach the level of a peerless divine ability! At that time, no matter how many peerless divine abilities Celestial Immortal Bai Yu released, he would not be able to withstand the impact of Fleeting Youth.

Kong Han, who was under Lin Luo's sword, felt a lingering fear in his heart. If this technique landed on his body, even if he had ten lives, it wouldn't be enough! Su Zimo took a deep breath. Seeing that the situation had calmed down, he immediately took out the Primordial Spirit of the Army-Vanquishing Demon Bandits from his storage bag. "I have performed the Soul-Searching Technique on this person. Whether he is black or white, I will have a public opinion. Everyone, please be my witnesses!" As Su Zimo spoke, black lines appeared from the ball of light in his hand and entered the bearded man's soul. Kong Han was nervous. If the bearded man's memories were exposed, the reputation of the Imperial Army would suffer a great blow. Just then, a huge wave of pressure enveloped the area. It was as if dark clouds were pressing down on a city, causing one's heart to tremble. "This power ..." Su Zimo frowned. A True Immortal! As though he sensed something, Su Zimo glanced at the Primordial Spirit in his hand instinctively. Indeed, due to the invasion of the aura, his Soul-Searching Technique on the bearded man had failed. All sorts of accidents could happen during the Soul-Searching Technique and it could not be interfered with by external forces. Although the Soul-Searching Technique failed, the Essence Spirit of the Army-Vanquishing Demon Bandits was weak and his life aura was faintly discernible – there was no way he could survive. In the end, the secrets in that person's memories were not made public. All of a sudden! Su Zimo felt a chill run down his spine, as though he was being targeted by some terrifying expert with a prickle in his back. Unknowingly, a man in heavy armor had already arrived and stood

behind Su Zimo with a cold expression and an indifferent gaze. "Greetings, Commander Jiang!" The surrounding Imperial Army soldiers knelt down one after another and greeted. One of the commanders of the Imperial Army of Lang Feng City, Jiang Xuanyou! Kong Han looked at Su Zimo with a mocking expression. In his opinion, Su Zimo was already a dead man. "You broke the order of the Immortal City and went against the Imperial Army on the streets. Your crimes are unforgivable!" Jiang Xuanyou's gaze was cold as it swept past Su Zimo, Lin Luo, and the Mystic Mirror Sect members. His voice was emotionless. "We're innocent!"

The Mystic Mirror Sect members could not withstand the pressure and knelt on the ground, crying out for their innocence. Liang Yu also panicked and hurriedly explained, "Commander, this is a misunderstanding. It has nothing to do with us." Then, he swallowed his saliva and pointed at Su Zimo and Lin Luo not far away. "It's them! They went against the Imperial Army! We didn't do anything from the beginning to the end." Lin Luo pursed her lips when she heard that. She was naturally disdainful of Liang Yu's reaction. However, she could also understand Liang Yu's actions under such pressure. Jiang Xuanyou's expression was indifferent and unmoved. "The Mystic Mirror Sect naturally has to bear the consequences of their crimes!" At that moment, Su Zimo calmly took out a sect token from his storage bag and slowly hung it on his waist. Jiang Xuanyou's gaze swept across and could not help but frown. "Heaven and Earth Academy?" Jiang Xuanyou murmured softly. Some Heaven Immortals might not recognize the symbol of Heaven and Earth Academy, but as a Perfected Immortal and the commander of Lang Feng City, he naturally knew about Heaven and Earth Academy. Su Zimo said in a deep voice, "I'm Su Zimo of Heaven and Earth Academy from the Divine Firmament Immortal Region. This is indeed a misunderstanding. This General Kong slandered us as demonic bandits, which led to the conflict. Heaven Immortal Bai Yu and I were only sparring at the same cultivation level. As a Perfected Immortal, does Commander Jiang also want to interfere in this matter?" Jiang Xuanyou cursed in his heart. Although Heaven and Earth Academy was not in the Jade Firmament Immortal Region, it was one of the four major sects of the Divine Firmament Immortal Region. It was a Sky-level sect with a strong foundation. This green-robed scholar in front of him had revealed his identity. He should be an inner sect disciple of Heaven and Earth Academy. It was impossible for him to be a demonic bandit. Under the watchful eyes of so many people, as a Perfected Immortal, he naturally could not make a move without sufficient reason. Otherwise, it would definitely attract countless criticism. Jiang Xuanyou was inwardly annoyed. If he had known this would happen, Just Now, he would have killed this kid the moment he appeared and not given him a chance to speak! Jiang Xuanyou's gaze turned and landed on Lin Luo, who was not far away. His heart stirred, and he said coldly, "Since you're a disciple of Heaven and Earth Academy, I won't bicker with you first. However, this woman kidnapped my general. She deserves to die!"

"She's also a disciple of my academy!" Su Zimo knew that Lin Luo was unwilling to reveal her identity, so he hurriedly said. "Is that so?" Jiang Xuanyou sneered slightly. "Take out your sect token and let me see it." Lin Luo looked troubled. She did not have the Heaven and Earth Academy's sect token. Just as she was hesitating, Jiang Xuanyou's killing intent surged. In an instant, he arrived beside Lin Luo and hollered, "B * tch, hand over your life!" Swoosh! Jiang Xuanyou attacked. A saber light flashed and arrived in an instant. This was a Perfected Immortal expert's attack. It was so fast that even Su Zimo could not react in time. All of a sudden! Lin Luo took a step to the side. Nine mysterious square diagrams seemed to appear beneath her feet, and she narrowly avoided the saber. A strand of black hair drifted down along with the

saber light. It was a hair's breadth away from death! Lin Luo had escaped from death. Her face was pale from fright. This was a Perfected Immortal expert's attack. It was more like a sneak attack. If not for the movement technique that her mother had taught her, she would have been a corpse just now! After Jiang Xuanyou's saber landed, he did not continue to pursue. Instead, he stared at Lin Luo's feet and frowned. "Green Firmament Immortal Domain's Lin Family?"

Chapter 2423

Jiang Xuanyou was secretly shocked. The technique that the young girl had just used was obviously the Nine Palace Subtle Steps. According to legend, this movement technique came from an ancient Great Emperor. Every step was carefully calculated and contained the mysteries of heaven and earth. This movement technique was not fast, and the steps were not big either. It was just a few millimeters, but one could find a fleeting chance of survival! Moreover, when this movement technique was used, there was no hint of panic or haste. Instead, it looked like she was taking a leisurely stroll. It was also said that the Great Emperor who created this movement technique was a woman. The Nine Palace Subtle Steps had been lost for many years, but it had reappeared in the Heaven Realm in this life and was controlled by a Celestial King from the Green Firmament Celestial Realm. Others had no chance to cultivate it at all! "Who is Celestial King Ling Long to you?" Jiang Xuanyou asked with a frown. "It's none of your business!" Lin Luo had just walked through the gates of hell and was still traumatized. Naturally, he retorted in annoyance. Jiang Xuanyou snorted but did not dare to act rashly. If this girl was related to Celestial King Ling Long, her status would be much more honorable than that of an inner disciple of the Qiankun Academy! "Commander Jiang, you can leave now." At this moment, another voice sounded. Hearing this voice, Jiang Xuanyou's body shook, as if he was afraid. He hurriedly knelt in the direction of the voice and bowed. "Greetings, City Lord." Not far away in the sky, a huge red-crowned crane sped over. On the crane's back, a long-haired man stood with his hands behind his back. He was handsome and had an extraordinary temperament. This man's hair ornaments, chest, and waist were all jade ornaments. He looked extraordinary. Su Zimo was also sizing him up. This man didn't look old, but he was already sitting in the position of City Lord. Although this man was also a True Immortal, his realm and aura were obviously far superior to Jiang Xuanyou's! There were only five Celestial Cities in the entire Jade Firmament Celestial Realm. To be able to become the City Lord of one of the Celestial Cities and control a group of True Immortals, one could imagine how powerful this man was! "He is Song Xuan, the City Lord of Lang Feng City." Lin Luo said to Su Zimo via Divine Sense.

Su Zimo asked, "Do you know him?" Lin Luo said, "I've met him once. He once fought with my brother, and it was a draw. He's one of my brother's rivals on the True Immortal Ranking List during the Nine Firmaments Immortal Region Meeting." Su Zimo nodded secretly. "Little Sister Lin Luo, why didn't you tell me in advance that you would be coming?" Song Xuan stood on the red-crowned crane and shook his head slightly. "Fortunately, you're not injured. Otherwise, I wouldn't know how to explain to your brother if I met him again." Song Xuan looked at Lin Luo somewhat reproachfully, but his tone was rather gentle, like a spring breeze. Lin Luo also smiled sweetly and said, "I'm just passing by Lang Feng City and will leave soon. It's the Feast of Peaches, and the geniuses of the five cities are gathering here. Senior Brother Song, as the City Lord, you must be very busy, so I didn't disturb you at your residence." "I just didn't expect that there would be a misunderstanding as soon as I entered the city, and it still alarmed you." As the daughter of the Human Emperor, Lin Luo's reply was quite polite. Just now, the conflict had been a matter of life and death, but she just played it down and didn't intend to pursue it. Song Xuan's

gaze fell on Jiang Xuanyou, Kong Han, and the others. His face darkened slightly, and he said softly, "Do you know your mistakes?" Kong Han opened his mouth, wanting to argue. On the other side, Jiang Xuanyou was extremely decisive. He directly bowed and said, "I know my mistakes. Please punish me, City Lord!" Kong Han also hurriedly knelt down, not daring to say a word. "It's good that you know your mistakes." Song Xuan nodded slightly and said, "Fortunately, Little Sister Lin Luo is unharmed. You didn't make a big mistake. Otherwise, even your lives wouldn't be enough to pay for it!""Senior Brother Song, you're exaggerating." Lin Luo said with a smile. Su Zimo watched coldly from the sidelines and didn't say a word. Although the City Lord of Lang Feng City's words were harsh and pleasant, he was actually just punishing them lightly and punishing them with three cups of wine. The people of the Mystic Mirror Sect were already dumbfounded and dumbfounded. In this period of time, they had experienced unimaginable ups and downs, constantly lingering on the edge of life and death.

It wasn't easy for Liang Yu to make up his mind to cut ties with Su Zimo and Lin Luo. Unexpectedly, in the blink of an eye, the two of them seemed to have become the guests of honor of the City Lord of Lang Feng City. Song Xuan's gaze swept and landed on Heaven Immortal Bai Yu, who was in a daze and depressed. He frowned subconsciously. He swept a glance and almost didn't recognize this person! "What's wrong with him?" Song Xuan asked in a deep voice. As the number one Heaven Immortal of Lang Feng City, Heaven Immortal Bai Yu was also someone that he thought highly of. This time, he had the chance to fight for a spot in the top three of the Heaven Ranking. If nothing went wrong, he would definitely be able to step into the True One Realm and become a Perfected Immortal. How did he end up in such a state with his lifespan almost exhausted? "It's him!" Kong Han hurriedly jumped out and pointed at the Su Zimo not far away. "He's the one who attacked just now and injured Fellow Daoist Bai Yu to such a state!" Song Xuan looked at Su Zimo with a calm expression and said indifferently, "So, it's a disciple of Heaven and Earth Academy. What great means." Song Xuan's attitude towards Su Zimo was clearly different from Lin Luo. It was much colder. "City Lord, this matter ..." Kong Han probed. Lin Luo saw that the atmosphere was a little off and hurriedly said, "Just Now, Su Zimo and Heaven Immortal Bai Yu are fighting fairly. No one else is interfering." "Yes ..." Song Xuan nodded and said in a deep voice, "Since it's a fair fight, Bai Yu is the one who's inferior. She can't blame anyone else for ending up in such a state." Given his status, an inner sect disciple of Heaven and Earth Academy was nothing to him. Even if he killed the other party, there wouldn't be much trouble. However, if he were to make a move against a Level Five Heavenly Immortal in public without any reason, he would definitely be criticized by others. "The two of you, follow me." Song Xuan beckoned with his hand. Lin Luo looked at Su Zimo and nodded slightly. Now that their identities were exposed, there was naturally no need for them to hide anymore. In a flash, the two of them soared into the air and stood on the back of the gigantic crane.

Song Xuan tapped gently with his feet and the crane flapped its wings and sped away. In the blink of an eye, it turned into a speck of light and vanished from everyone's sights. Now that the dust had settled, the cultivators on the long street gradually dispersed as well. Liang Yu was filled with regret. If he had not cut off the seats with Su Zimo earlier on, he might have had a chance to follow the City Lord of Lang Feng City. Right then, the Imperial Army that was initially around surrounded them once more. The leader was Kong Han! Liang Yu was shocked and asked hurriedly, "Colonel Kong Han, w-what are you doing? Just Now, it's all a misunderstanding. We're not fiend bandits." "Hmph!" Kong Han sneered, "It's a misunderstanding with those two, but not with you guys! Capture them and bring them back to the dungeon. I want to interrogate them personally!" This time round, he was filled with anger and almost

died in the hands of Lin Luo. He was even more frustrated that he had nowhere to vent. Furthermore, the people of Mystic Mirror Sect had most likely guessed that they were colluding with the fiend bandits – all the more he couldn't let them leave!

Chapter 2424

This red-crowned crane was very fast. In less than a quarter of an hour, it carried the three of them to the top of a grand palace and quickly descended. They were surrounded by a garden with winding stone paths, lush ancient trees, green bamboos, and vines. Everywhere they looked, life was abundant and the scenery was pleasant. Song Xuan led the two of them through the garden. They could see rockery courtyards everywhere, gurgling water, and fish with golden scales jumping out of the lake from time to time. It was obviously not ordinary. Soon, the three of them came to a courtyard. Song Xuan smiled and said, "It's the Feast of Peaches now. It's a rare event in the Jade Heaven Celestial Realm. There will be a competition for the Heaven List, and it's inevitable that geniuses and monsters will fight." "You two came at the right time. Why don't you rest here for a few days?" Su Zimo and Lin Luo looked at each other. They could tell what the other was thinking and couldn't help but frown. Song Xuan smiled and said, "Don't worry, this is the City Lord's Mansion. There won't be any danger. You can rest assured." Lin Luo smiled and said, "Thank you for your kindness, Senior Brother Song. However, we have other things to do and would like to leave through the Transmission Formation of Lang Feng City." "Why are you in such a hurry?" Song Xuan said, "If you two leave today, it'll seem like I'm neglecting you and not treating you well." After a pause, Song Xuan looked at Lin Luo and said, "Moreover, I've cultivated a rare variant of the Blood Peach Tree over the years. The Blood Peach is about to ripen soon." "Although it's not as good as the Peach of Immortality in the Jade Heaven Palace, it's still a rare top-grade peach. I'd like to invite Brother Lin Lei to taste it." "After the Feast of Peaches, you and your sister can leave together." Lin Luo's heart skipped a beat, and she quickly asked, "Is my brother coming too?" Song Xuan said, "I've already sent out the invitation. It should be here soon." Lin Luo lowered her head slightly and hesitated. Deep in her heart, she really wanted to return to the Azure Firmament Celestial Realm as soon as possible. However, she could not refuse Song Xuan's kindness. "Alright." Lin Luo hesitated for a long time before reluctantly agreeing. Su Zimo remained silent at the side. He felt that there was something wrong with this Lang Feng City's City Lord, but he couldn't put his finger on it.

Su Zimo remained calm and collected. Under Song Xuan's arrangement, he and Lin Luo temporarily settled down here. Song Xuan helped Su Zimo and Li Wuyou settle down, then left on the red-crowned crane. He took out a few Message Talismans from his storage pouch and sent them out. After pondering for a moment, Song Xuan made his move. He arrived at the teleportation formation at the northeast corner of the City Lord's Mansion and activated it, disappearing from Lang Feng City.... The White Jade Capital in the sky had five cities and twelve buildings. The so-called twelve buildings were not real pavilions, but more like magnificent palaces. Therefore, some people called them the Twelve Palaces. On this day, the teleportation formation in the seventh palace flickered, and a figure appeared. It was Song Xuan of Lang Feng City. "Greetings, City Lord?" The guards here bowed when they saw Song Xuan. One of them asked, "City Lord, what are you here for?" "I want to pay my respects to Master!" Song Xuan said in a deep voice. One of the guards replied, "The Palace Lord is in seclusion, and we dare not disturb him. City Lord, please ..." "I have an important matter!" Song Xuan looked impatient. He waved his hand and interrupted him. "Take me into the palace. I will take responsibility if anything happens!" The guards looked at each other, and one of them led Song Xuan to the depths of the seventh palace. After a long

time. In the depths of the seventh palace, a hoarse voice sounded. "What happened that made you disturb Master's seclusion?" "Please forgive me, Master." Song Xuan knelt on the ground and said in a deep voice, "The daughter of the Warlord, Lin Luo, and another Celestial Immortal are now in Lang Feng City. I have made the decision to keep them here." "Oh?" The Palace Lord of the seventh palace murmured, as if he thought of something. "Continue." Song Xuan said, "The Warlord is seriously injured, and is now a cripple. Over the years, the Warlord Kingdom of the Azure Firmament Immortal Realm has been unstable, with internal and external troubles." "Now, there is only Immortal King Ling Long, and she can't do anything alone. She can only protect the Warlord every day, and only by guarding the Warlord Kingdom can she barely keep it from falling." "You are right." The Palace Lord of the seventh palace said, "Thousands of years ago, for some reason, Ling Long suddenly left the Warlord Kingdom for a period of time. Although it was not long, the Warlord Kingdom broke out in rebellion, and foreign enemies invaded, and it almost fell apart."

"Fortunately, Ling Long rushed back in the end to quell the rebellion and expel the strong enemies." "Even so, after this battle, the Warring States Kingdom suffered a great loss and suffered heavy losses. Lin Zhan and Ling Long's right-hand men also died in this battle." After a pause, the Palace Lord of the seventh palace laughed and said, "Hehe! After that, Ling Long never left the Warlord Kingdom Palace." Song Xuan also laughed and said, "So, as long as we can make Immortal King Ling Long leave the Warlord Kingdom Palace again, the Warlord Kingdom will definitely fall!" "Yes." The Palace Lord of the seventh palace said, "In the Azure Firmament Immortal Realm, the other Immortal Kingdoms have been eyeing the Warlord Kingdom covetously for a long time, and they want to divide it up. This is indeed a good opportunity." "As long as I talk to those Immortal Kings, we can exchange this for a lot of benefits." Song Xuan said, "That's right. The Warlord and Immortal King Ling Long were born lowly, and the concept of equality in the Upper Realm and the Lower Realm should have been destroyed long ago!" "Even within the Warlord Kingdom, there are many experts who oppose them!" "What are your plans?" The Palace Lord of the seventh palace asked. Song Xuan pondered and said, "I've already left Lin Luo in Lang Feng City and sent people to guard her. She has no chance to leave at all!" "In a while, I'll send a message to Lin Lei. If he knows that his sister is with me, he will definitely come." "At that time, I'll find an excuse to keep the siblings here. I don't believe that Immortal King Ling Long will leave them in the lurch!" "As long as Immortal King Ling Long appears in Lang Feng City, the major forces in the Azure Firmament Immortal Realm will attack the Warlord Kingdom. At that time, they will join forces with the experts of the Warlord Kingdom, and the Warlord Kingdom will definitely be eliminated." "However, if Immortal Ling Long appears in Lang Feng City ..." At this point, Song Xuan paused for a moment. "Don't worry." The Palace Lord of the seventh palace said faintly, "If an Immortal King comes to Lang Feng City, I will be the first to sense it. At that time, when the few of us join forces, Immortal Ling Long won't be able to escape even if she has the Nine Palace Subtle Steps."

"Master is wise!" Song Xuan hurriedly flattered. "That's a good plan." The Palace Lord of the seventh palace said, "Go back and make the arrangements. I will also inform the Immortal Kings in the Azure Firmament Immortal Realm and wait for the opportunity to take action." "Remember, there can be no mistakes in this matter!" "Do it well. If you succeed, it will be a great merit!" Song Xuan was excited and full of confidence. He said firmly, "Master, don't worry. I will consider every aspect and kill all variables!" "Oh right." The Palace Lord of the seventh palace suddenly asked, "You just said that there is another person beside Lin Luo. He is ..." Song Xuan didn't care and said, "This person is a disciple of the

Divine Firmament Academy. He is only a Stage Five Heaven Immortal and can't cause any trouble. There is nothing to worry about." "Hmm... That's good."

Chapter 2425

Lang Feng City, City Lord's residence. In a room in a courtyard, Su Zimo and Lin Luo were resting with their eyes closed. However, there was a hint of worry in Lin Luo's eyes and she seemed a little uneasy. Not long after, Su Zimo suddenly opened his eyes and said softly, "Something's not right. The City Lord seems to be too polite to us." Lin Luo also turned to look and seemed to have realized something. "That's true. I've only met him once and I've never heard Big Brother mention anything about us being friends." "Let's go out and take a look." Su Zimo said and got up to open the door. Lin Luo followed quickly. The two of them had just walked out of the room when they sensed that there were many cultivators guarding the periphery of the courtyard. When they reached the entrance of the courtyard, Su Zimo saw a man in armor not far away with his back facing them and his arms crossed. That person turned around slowly. It was one of the commanders of Lang Feng City, Jiang Xuanyou! "Where are the two of you going?" Jiang Xuanyou asked. Su Zimo's expression was calm as he replied casually, "It's my first time in Lang Feng City, so I'm just walking around." "That's how it should be." Jiang Xuanyou nodded and did not say anything else. However, Su Zimo and Lin Luo did not walk far before they realized that Jiang Xuanyou was following closely behind them with a group of Imperial Guards. After a while, Su Zimo suddenly stopped and turned around. He smiled at Jiang Xuanyou and said, "Commander Jiang, you have an important position. There's no need to pay attention to us. The two of us are just looking around." Jiang Xuanyou said, "The City Lord has instructed that the two of you are guests of the Jade Firmament Immortal Domain and that I'll bring my men to protect the two of you. There can't be any more mishaps." Lin Luo sneered in her heart and could not help but say, "What danger can there be in Lang Feng City?" "Nothing is absolute. Just in case." Jiang Xuanyou said expressionlessly. It did not seem like he was protecting them but guarding them! Su Zimo and Wang Chong knew this, but they couldn't say anything. Even if they shed all pretense of cordiality on the spot, it would be useless. Jiang Xuanyou was a True Immortal. Even if the two of them joined forces, they would still be no match for him.

Not to mention, there was a group of Imperial Army soldiers around them. Su Zimo and Wang Chong casually walked around Langfeng City. With Jiang Xuanyou and the other Imperial Army soldiers guarding them, no one dared to approach them and had long since avoided them. Under such circumstances, the two of them were not in the mood to stroll around and returned to the courtyard early. "What does Jiang Xuanyou want to do?" Lin Luo returned to her room. She was furious and couldn't help but say, "What kind of protection is this? He's clearly monitoring us!" "This is probably Song Xuan's intention." Su Zimo closed his eyes and sensed for a long time. Then, he said slowly, "Jiang Xuanyou is not the only True Immortal in the vicinity of this courtyard. There should be more than ten of them. Although his Divine Sense could not detect these True Immortals, Qinglian's five senses were sharp and her spiritual sense was terrifying. She could vaguely sense a dozen of faintly discernible powerful auras!" "So many True Immortals?" Lin Luo was secretly shocked. Her expression was grave as she murmured softly, "What exactly does Song Xuan want to do?" Su Zimo pondered and said, "More than ten True Immortals are guarding nearby. I'm afraid it's not as simple as monitoring. It's more like ... imprisonment!" "Imprisonment!" Lin Luo's expression changed as she seemed to have thought of something. She hurriedly took out a Message Talisman from her storage bag and whispered, "I have to

send a message to Big Brother and tell him not to come!"Although Lin Luo did not understand Song Xuan's intention, she already knew that something was wrong and wanted to stop Lin Lei from coming."I'm afraid it's useless."Su Zimo shook his head slightly and said, "If Song Xuan really wants to imprison us, he will naturally cut off your communication channel with the outside world."Just as expected.Lin Luo silently cast a spell and tore the Message Talisman apart. The contents of the Message Talisman turned into a ball of light and did not escape into the void. Instead, it hovered in the room.Before long, it dissipated as well.The communication failed. Lin Luo clenched her fists instinctively. She was worried and helpless, not knowing what to do for a moment.There must be some sort of restriction array formation set up around this courtyard that could prevent any information from being transmitted.There was no solution to this. Even if they left the courtyard, they would be under the surveillance of Jiang Xuanyou and the other True Immortals.

Even if Lin Luo could take out a Message Talisman, it would be interrupted and she would not be able to send a message out.Su Zimo, on the other hand, appeared rather calm.In his storage bag, he still had a teleportation jade badge that the Patriarch of the academy had given him back then.This was his escape route and what he was relying on!Even if Song Xuan was present, as long as he crushed the teleportation jade badge, he would be able to leave this place with Lin Luo and return to Qiankun Academy, let alone a dozen True Immortals.At that time, Lin Luo would be able to use the teleportation array of the academy to return to the Green Firmament Immortal Domain.The teleportation jade badge was a life-saving measure. Unless it was a last resort, he would naturally not take it out immediately.Su Zimo was about to tell Lin Luo about this matter to comfort her when Lin Luo suddenly stood up and said softly, "Let's go out and test it out again. We'll say that we're going to the teleportation array in the city and see how Jiang Xuanyou reacts."Lin Luo was still unwilling to believe this and still held on to a glimmer of hope."Alright."Su Zimo nodded and left the room with Lin Luo, arriving at the entrance of the courtyard.Jiang Xuanyou, who was not far away, immediately welcomed them. With a cold expression, he asked, "Where are the two of you going?" "Where's the teleportation array in the city?"Lin Luo asked directly.A strange look appeared in Jiang Xuanyou's eyes, but it quickly disappeared. He said indifferently, "It's the Feast of Peaches now. The timing is special, so the teleportation array in the city is temporarily closed and cannot be used."Hearing this, Lin Luo no longer had any doubts in her heart.They had been placed under house arrest by Song Xuan!Jiang Xuanyou said, "During the Feast of Peaches, the Jade Firmament Immortal Domain's Heaven Roll Competition, which occurs once every 100,000 years, is in full swing. If the two of you are interested, I can accompany you to take a look." "Not interested!"Lin Luo replied coldly and said, "Let's go!"After that, Su Zimo and Lin Luo turned around and walked towards the room.Jiang Xuanyou looked at their backs with a mocking expression. He raised his eyebrows slightly and said loudly, "The City Lord said that if the two of you are not interested in the Feast of Peaches, you can also take a seat at the Feast of Blood Peaches."

"All these years, the City Lord has painstakingly cultivated a mutated Blood Peach Tree. The fruit is about to ripen. If the two of you are interested, I can also take you to take a look. It's a rare opportunity." "Hmph!"Lin Luo snorted coldly and walked ahead.She was upset and worried about her family. How could she be in the mood to visit the peach tree?However, Su Zimo's heart skipped a beat. He frowned and gradually stopped in his tracks. He narrowed his eyes slightly and his expression was uncertain. No one knew what he was thinking."What's wrong?"Lin Luo asked subconsciously when she saw Su Zimo's strange expression.Su Zimo ignored her and slowly turned around. He looked at Jiang

Xuanyou, who was not far away, and asked with a smile, "Commander Jiang, what's the Blood Peach Tree you mentioned just now?" Jiang Xuanyou did not think much of it and said, "This Peach Tree of Peaches was originally a superior immortal seedling. After the City Lord nourished it with the blood of the humanoid peach spirit, this Peach Tree of Peaches was reborn and evolved into a mutated tree!" "It's no exaggeration to say that this Blood Peach Tree is the only one in the Heaven Realm and even the entire Upper Realm!" Jiang Xuanyou raised his head slightly and said proudly. He did not notice that Su Zimo's face gradually darkened.

Chapter 2426

Lin Luo was completely uninterested in the blood peach tree. However, seeing that Su Zimo's expression was not right, she did not say anything and just observed silently from the side. Su Zimo realized that he had lost his composure. He closed his eyes and took a deep breath. His expression quickly returned to normal. Although he had thought of a possibility, it had not been completely confirmed. Su Zimo asked, "Commander Jiang Just Now, what is this human-shaped peach spirit that you mentioned? How did it make a peach tree sprout transform again?" Jiang Xuanyou said, "Since ancient times, due to the unique characteristics of the peach tree race, there have been very few precedents of them being able to transform into human form. It has nothing to do with cultivation realm." "However, no one knows what kind of opportunity this peach tree has obtained or what kind of Dao it has inherited. It can actually transform into human form at will. Therefore, the City Lord calls it the 'peach spirit'." Lin Luo gradually came to her senses and frowned. She could not help but say, "This peach tree has already gained sentience and can even transform into human form. It is no different from a human." "Song Xuan is using its blood to nourish and nurture other peach trees. Isn't that too cruel?" "Ha..." Jiang Xuanyou chuckled and said with disdain, "This peach spirit has only ascended from the lower realm. Its status is lowly. The City Lord is giving him this opportunity because he thinks highly of him. This is also the City Lord's gift!" Hearing this, Su Zimo no longer had any doubts in his heart. He had heard Song Xuan mention the blood peach tree once before. At that time, he did not think much of it. Now that Jiang Xuanyou mentioned it again, he thought of Momo. Momo had ascended long ago, even before her true self. However, all these years, there had been no news. After all, the Nine Heavens Immortal Domain and the entire Heaven Realm were too big. Moreover, the Heaven Realm was only one of the 3,000 realms. Su Zimo had once thought that Momo could be considered part of the demon race and could possibly ascend to the Great Wasteland Domain. However, just now, he had suddenly thought of another possibility. There was an Immortal Peach Tree in the Jade Heaven Immortal Domain that gathered the Qi of Heaven and Earth. In this immortal domain, there were peach trees everywhere. Their attraction to Momo was even more obvious! The possibility of Momo ascending to the Jade Heaven Immortal Realm was the highest! "Ascending from the Lower Realm is lowly?"

Lin Luo's expression turned cold. Jiang Xuanyou raised his eyebrows slightly. He seemed to have just remembered that Lin Luo's parents had both ascended from the Lower Realm. He explained, "I misspoke." "The City Lord used his blood to nourish the Immortality Peach Seedling. His identity in the lower realm was only one of the reasons. Most importantly, it's because this peach spirit belongs to the Devil Domain." "Someone from the Devil Domain?" Lin Luo frowned. Jiang Xuanyou said, "In recent years, a True Devil called Araki Takeshi has risen to prominence in the Devil Domain. Have you heard of him?" "I've heard of it." Lin Luo nodded. A thousand years ago, the news of the battle in the Devil Domain had spread throughout the Heaven Domain. However, almost no one believed the rumors of ten

Heavenly Tribulations or the fact that one person had single-handedly destroyed an army of a million demons and killed the four True Devils of the True Devil Ranking, including the Supreme True Devil. It sounded too exaggerated and exceeded the common knowledge of the Heaven Domain. When the Emperors of Old reached the True Self Realm, they would attract nine Heavenly Tribulations. That was already the limit. How could there be a tenth Heavenly Tribulation? The cultivators discussed it for a while before throwing it to the back of their minds. Jiang Xuanyou continued, "That peach spirit personally admitted that he came from the same place as Araki Takeshi and was once Araki Takeshi's disciple." "Since ancient times, Immortals and Demons have been at odds. The City Lord only used his blood to deal with the disciple of a True Devil. He was already merciful by not taking his life." Su Zimo, who had been silent for a long time, suddenly asked, "Where's the Blood Peach Tree?" "Why, are you interested?" Jiang Xuanyou said, "Not today. The Blood Peach Banquet has already ended. I'll take you two to take a look tomorrow." "Okay." Su Zimo replied and turned to leave. When he returned to his room, his expression was cold and his eyes were surging with a strong killing intent that was about to burst out! Lin Luo was shocked when she saw Su Zimo's expression. She had never seen Su Zimo reveal such a terrifying killing intent! Lin Luo thought for a while and asked tentatively, "Why, do you know that peach spirit?" "Yes." Su Zimo replied and did not explain further. He went to the bed and sat cross-legged, closing his eyes and deep in thought.

He had originally planned to take Lin Luo with him and use the teleportation jade token given to him by the Patriarch of the Academy to leave this place if the situation was not right. But now, since he knew that Momo was imprisoned and was suffering great torture, he could not just take Lin Luo with him. However, Song Xuan would host the Blood Peach Banquet tomorrow and there would definitely be many Perfected Immortals present. Even if he could see Momo, it would be difficult for him to rescue Momo. Not to mention, he would leave with Lin Luo and Momo under the gaze of Song Xuan and the other Perfected Immortals. Qinglian's true body was only a level five Heaven Immortal and her strength was limited in this situation. Furthermore, not only did he have to rescue Momo, he also had to settle the score for Momo! The situation here could only be resolved if Wu Dao's true body came out. Normally speaking, the two true bodies cultivated separately and did not interfere with each other. Although Qinglian's true body had encountered countless dangers since ascending, she had never thought of alarming Wu Dao's true body. However, this matter involved Momo and was of great importance. Su Zimo could not care less and directly summoned Wu Dao's true body who was far away in the Demon Territory.... Demon Territory, Heaven Barren Sect. "Hmm?" In the secret cultivation chamber, Wu Dao's true body suddenly opened his eyes. Divine light burst forth from his eyes and quickly receded, returning to normal. "Something happened to Momo?" Wu Dao's true body got up and pushed the door open. All these years, he had been forging the True Wu Dao body and was at a critical moment in seclusion. His True Wu Dao body was about to reach greater mastery. However, after receiving this news, Wu Dao's true body did not hesitate and gave up the opportunity to break through and came out of seclusion. Momo's position in his heart was self-evident. On that night many years ago, Su Zimo was not the only one who stepped into cultivation when Die Yue passed down the Dao technique. Momo also inherited the Dao technique and merged with Zhui Feng's soul to become psychic. To him, Momo was not only an old friend of Heaven Barren Sect, but also a family member who had witnessed him step into cultivation and accompanied him until he finally ascended.

Su Zimo was not willing to let Momo suffer any harm! "Master, what's the matter?" At the door of the

secret cultivation chamber, Sky Wolf was stimulated by the killing intent on Wu Dao's true body and instantly woke up and asked subconsciously. Wu Dao's true body slightly glanced in the direction of Feng Cantian's secret cultivation chamber. He pondered for a while and did not wake him up. According to the news sent by Qinglian's true body, although there were many True Immortals in Lang Feng City, there were no Immortal Kings. If Feng Cantian followed and erupted with Immortal King level power, it was very likely to alarm the Immortal King experts in the Twelve Palaces. At that time, the situation would be even more difficult to control. "I'm going out." Wu Dao's true body said and sped off into the distance. Not long after, he came to the teleportation formation of the Heaven Barren Sect and activated it. Soon, he arrived at the border between the Demon Domain and the Jade Firmament Immortal Domain. The teleportation formations between the Nine Firmament Immortal Domains were interconnected. As long as one had some sect tokens, imprints, and Divine Sense, one could freely teleport. Wu Dao's true body came from the Demon Domain and could not directly descend to the teleportation formation in Lang Feng City. He could only come here indirectly and then set off for Lang Feng City.

Chapter 2427

In the City Lord's residence, Su Zimo and Lin Luo were both occupied with their own thoughts and did not speak for the entire night. The next morning, footsteps could be heard outside the door. Su Zimo and Lin Luo exchanged glances before pushing the door open. Standing at the door was Jiang Xuanyou and a group of Imperial Army guards under him. "Please follow me." Jiang Xuanyou said and led the way. Su Zimo and Lin Luo followed behind. After walking for a while in the City Lord's residence, they arrived at a huge palace. The palace was a little strange. It was surrounded on all sides and was hollow in the middle. From the outside, one could see the tip of a Saturn Peach Tree in the middle of the palace. Under Jiang Xuanyou's lead, Su Zimo and Lin Luo stepped into the main hall. The main hall was bustling with noise and excitement. At a glance, there were thousands of cultivators gathered here and they were discussing fervently. Most importantly, the auras of these thousands of cultivators were powerful and they were all Perfected Immortals! Song Xuan had invited most of the Perfected Immortals in the five cities for the Blood Peach Banquet and it was a grand occasion. With thousands of Perfected Immortals in the main hall, even if they did nothing, they would form an invisible and powerful aura! If Heavenly Immortals were here, they would inevitably feel guilty and fearful. The Heavenly Immortal Imperial Army guards behind Jiang Xuanyou did not dare to step forward at all and they looked fearful. Jiang Xuanyou sneered in his heart and looked at Su Zimo and Lin Luo behind him, wanting to see them make a fool of themselves. However, the outcome disappointed him greatly. Lin Luo had a calm expression. This young girl did not seem to be intimidated by such a formation. Jiang Xuanyou thought about it. Lin Luo was the daughter of an Immortal King after all and she had been by his side for many years. Naturally, she was knowledgeable and her Dao heart was strong. It was understandable. What puzzled him was why Su Zimo was so calm and composed as well. Although this kid came from Heaven and Earth Academy, he was only a level five Heavenly Immortal, an outer court disciple. How could he deal with such a situation? At this moment, many cultivators were gathered at the side of the hall, and they were looking at the tall and thick Immortal Peach Tree at the center of the hall while pointing and discussing animatedly with excited expressions. At the front of the crowd stood five people.

One of them was the City Lord of Lang Feng City, Song Xuan. Jiang Xuanyou led Su Zimo and Lin Luo in that direction. Through the crowd, they could see the peaches on the peach tree that were covered in

blood. They swayed slightly and looked extremely strange. "I have the honor of tasting a xenogeneic blood peach. Thank you, Brother Song." Among the five, the man on the far left wore a long blue robe. His long hair draped over his shoulders, and he held a jade folding fan in his hand. "Sure." Song Xuan said, "Naturally, I wouldn't monopolize such a Worldly Variant. The first thing I thought of was the four of you." The other four smiled and expressed their thanks. Lin Luo sent a voice transmission to Su Zimo with her consciousness. "The other four are the City Lords of the remaining four cities in the Jade Firmament Immortal Domain." "The man on the far left is the City Lord of Qionghua City, known as Young Master Lantian." "The tall one on his right is the City Lord of Hanging Cattail City, Hong Shan." "The one in the middle is Song Xuan, and the woman on his right is the City Lord of Bright Candle City, Fairy Nanyang." "The skinny man on the far right is the City Lord of Heaven Wall City, Gu Xiu." Su Zimo nodded secretly. If he was not mistaken, these five City Lords should be the five strongest True Immortals in the Jade Firmament Immortal Domain. According to their positions, Song Xuan should be the leader of the five. The five City Lords of the Jade Firmament Immortal Domain had gathered! Su Zimo and Lin Luo followed behind Jiang Xuanyou. They passed through the crowd of True Immortals and continued forward. The closer they got, the clearer they could see. Su Zimo's gaze went past the five City Lords. In the corner of the hall, there was a stone pillar. There was a skinny figure tied up by chains, leaning against the stone pillar. Although the figure had its head lowered and its messy hair covered most of its face, Su Zimo could still recognize it at a glance. It was Momo! Momo looked even skinnier than when he was in the lower realm. He was like a bag of bones, and his exposed skin was pale without any color. Even the chains tied to his body were thicker than his arm. It was hard to imagine how much torture and pain he had endured all these years! Momo was different from all the other cultivators in the world.

Up till now, Momo's hands had not been stained with any blood. Momo had fought and killed with others. In fact, he had even devoured large amounts of life essence in blood to cultivate. However, he had never killed any living being! Regardless of whether the other party was good or evil, immortal or fiend, Momo had never killed them. Among the thousands of living beings that could ascend from the lower realm, regardless of whether they were good or evil, who did not have blood in their hands? Who did not have corpses beneath their feet? However, Momo himself was an anomaly. He had never killed and his body was not tainted by karma! Even if someone released the Red Lotus Karmic Fire on Momo, it would not have any effect. Yet, such a pure child who could not bear to kill and was not tainted by karma was enduring such pain right now. Immediately after, Su Zimo saw another scene. He could not help but shudder as a murderous intent flashed through his eyes! The Immortality Peach Tree in the middle of the hall extended slender branches that extended towards the stone pillar and pierced Momo's body. Every single branch was like a bloodthirsty worm that was devouring Momo's blood in large mouthfuls! Momo had long fainted. At this moment, he was trapped on the stone pillar and his body twitched uncontrollably. Even though Lin Luo did not know Momo, she could not bear to see this scene and frowned. Lin Luo sensed the killing intent from Su Zimo and was shocked. She grabbed Su Zimo's hand hurriedly and grabbed it forcefully. Su Zimo glanced sideways with bloodshot eyes. Lin Luo looked into his eyes and shook her head gently, indicating for him not to be rash. At this moment, if Su Zimo rushed forward and fought with his life on the line, he might not even be able to touch the corner of Song Xuan's clothes before he was killed on the spot! With thousands of Perfected Immortal experts, any one of them could kill Su Zimo! Su Zimo closed his eyes and took a deep breath, trying to calm himself down. Qinglian's true body could not save Momo. She could only wait for Wu Dao's true body to

arrive. After Wu Dao's true body entered the Jade Heaven Immortal Domain, he sped at full speed. After a while, he would reach Lang Feng City! "Hmm?" Although Su Zimo had restrained his killing intent, Song Xuan's senses were extremely sharp. He seemed to have sensed something and turned around to take a look.

Seeing nothing, Song Xuan turned around and waved his hand gently. He scolded, "That's enough. Don't suck this peach spirit to death." The Immortality Peach Tree seemed to understand Song Xuan's words. Although it was unwilling, it retracted its branches bit by bit. Instantly, a few bloody holes appeared on Momo's body. However, his physique was strong and his bloodline was extraordinary. Before long, the bloody holes had closed and stopped bleeding.

Chapter 2428

The City Lord of Hanging Cattail City, Hong Shan, had a strange look in his eyes when he saw this scene. He realized that Momo was extraordinary and suddenly said, "Brother Song, this Blood Peach Tree has already matured. This peach spirit is useless to you. Why don't you give it to me?" "Of course, I can exchange it with treasures. It depends on what Brother Song wants." Song Xuan smiled and said, "Brother Hong Shan, this peach spirit is rare in the world. Its aptitude and talent are superior. It's a priceless treasure. I can't bear to give it away." Seeing Song Xuan's firm tone, Hong Shan laughed and did not mention it again. Song Xuan turned around and looked at the thousands of Perfected Immortals in the hall. He said loudly, "Fellow Daoists, the number of Blood Peaches is limited. I'll have to trouble you to share one with each of you." "City Lord Song is too polite." "Thank you, City Lord." The thousands of Perfected Immortals said. Song Xuan waved his hand. Young women carrying jade trays walked into the hall with light steps. On those trays, there were pieces of cut blood peaches. The surface of the fruit was covered with blood vessels. The juice was sticky and blood-red, but it emitted a rich fragrance and vitality. The thousands of Perfected Immortals looked at the Blood Peaches on the trays with excited expressions. Even if it was a fruit from a normal Immortal Peach Tree, it could extend a cultivator's lifespan, strengthen their physique, and strengthen their True Essence. Mutated Blood Peaches like this would definitely be more effective for everyone! Su Zimo's expression was cold and he did not say a word. Lin Luo looked at the Blood Peaches and frowned. When she thought that these Blood Peaches were born from the blood of the thin boy, she felt disgusted. Deep disgust flashed in her eyes. "Don't worry." Song Xuan looked at Hong Shan, Young Master Lantian, and said with a smile, "With our friendship, the four of you will naturally be able to taste the complete Blood Peaches." "Thank you, Brother Song!" Young Master Lantian waved his feather fan. Hong Shan licked his lips. He was already a little impatient. Fairy Nanyang said softly, "Today, we will definitely do our best to complete the task Brother Song has entrusted us with." Song Xuan nodded in satisfaction. Then, he turned his gaze to Su Zimo and Lin Luo, who were walking towards them.

"Fellow cultivators, allow me to introduce you. This young lady is the daughter of the Battle Emperor and Immortal Emperor Ling Long, Lin Lei's sister, Lin Luo." Song Xuan waved at Lin Luo with a smile. "So you have such a family background. No wonder you have such an extraordinary temperament." Fairy Nanyang faintly smiled and praised. "Yes, she's a beauty." Young Master Lan Tian nodded slightly. Hong Shan grinned widely and said, "So it's Lin Lei's sister. No wonder she looks a little familiar. Speaking of which, I kind of miss your brother." The remaining Heaven Wall City Lord, Gu Xiu, was silent and did not speak. He only raised his eyes to look at Lin Luo with an indifferent expression. Although these City Lords

were praising her, Lin Luo could feel that these people were looking at her strangely!"Greetings to the five City Lords."Lin Luo cupped her hands slightly.After all, they had not shed all pretense of cordiality. On the surface, she still had to be perfunctory.Fairy Nanyang's eyes moved and looked at Su Zimo's face. She asked, "Who is this little brother? Why do you look so unfamiliar?"He is ..."Song Xuan suddenly realized that he did not know Su Zimo's name. However, he was not interested in knowing. After pausing for a moment, he casually said, "Qiankun Academy's inner disciple.""Oh?"Fairy Nanyang smiled and said, "No wonder you're like a bookworm. You have a cold face and look silly. You didn't even greet us. "The City Lords had already checked that Su Zimo's cultivation was only a Stage Five Heaven Immortal. Naturally, they did not put him in their eyes.Lin Luo could not help but ask, "My brother didn't come?"He should be here soon."Song Xuan smiled and said, "Don't worry. When your brother arrives, today's Blood Peach Banquet will officially begin. Of course, you and your brother will have the chance to taste the mutated Blood Peaches that I carefully cultivated. ""I don't want to eat."Lin Luo frowned.At this moment, there were already maids carrying a few complete Blood Peaches and delivering them to Song Xuan and the rest.Hong Shan first took a Blood Peach and carelessly wiped it. He smiled and said, "Little girl, this kind of Blood Peach is a rare treasure in the world. If you eat one, it will probably help you advance by a small realm!"

"Then I won't eat it!"Lin Luo's tone was decisive and her face was filled with resistance.Young Master Lantian and the rest looked at each other and sneered.Hong Shan could not help but urge, "Brother Song, why don't we eat first? Don't wait for Lin Lei."Su Zimo, who had been silent at the side, suddenly opened his mouth and said faintly, "I advise you guys not to eat it either."This sudden voice sounded a little ear-piercing in this peaceful and harmonious atmosphere.The originally noisy hall gradually quieted down.Everyone looked in the direction of the voice. The gazes of thousands of True Immortals were all focused on Su Zimo, condensing an unimaginably huge pressure!"What did you say just now? I didn't hear it clearly."Hong Shan could not help but raise his eyebrows and stare at Su Zimo, asking in an unfriendly tone.Su Zimo was expressionless and said word by word, "You guys better not touch these Blood Peaches. Otherwise, you will suffer a great calamity."Young Master Lantian and the rest saw that Su Zimo was so calm and suddenly felt guilty and uneasy.Song Xuan was unmoved and asked indifferently, "What great calamity? I'd like to hear the details. "Su Zimo said, "I heard that this Blood Peach Tree was nurtured from the blood of that peach spirit and that peach spirit is a boy by Araki Takeshi's side.""So?"Song Xuan continued asking.Su Zimo glared at Song Xuan and said slowly, "Therefore, Araki Takeshi will definitely not let this matter rest. He will definitely come and settle scores with you! No one who eats the Blood Peach will be able to escape! "The hall fell into a short period of silence, and not a single sound could be heard.Then, a thunderous roar of laughter broke out!"Hahahaha!"I'm dying of laughter! I was wondering what great calamity he was talking about when he said it so horribly. So, he was talking about Araki Takeshi of the Fiend Domain. What a fuss. ""That Araki Takeshi bragged so much about nine tribulations and ten tribulations, but in fact, he has just stepped into the True One Realm.""That's right! Yan Zui and the others must have been killed by that Demon King of Heaven's Wrath. It's impossible for them to die in his hands. "In the hall, many True Immortals were full of smiles as they discussed. Their expressions were relaxed and they were completely relaxed.

Hong Shan rolled his eyes and bit down on the blood peach. His mouth was filled with blood as he cursed, "What dogsh * t Desolate Martial? He's just famous. If he dares to look for me, I'll slap him to

death!" Fairy Nanyang let out a sigh of relief. It was a false alarm. Thinking about how she was almost scared by this Level 5 Heavenly Immortal, she couldn't help but laugh at herself. "Hahahaha." Song Xuan also laughed and looked at Su Zimo with ridicule. He shook his head and said, "Are all the disciples of Qiankun Academy so naive and ignorant?" "Do you know where this is?" Without waiting for Su Zimo to answer, Song Xuan shouted, "Under your feet is one of the five cities of the Jade Firmament Immortal Domain, Lang Feng City!" "Now is the Feast of Immortality Peaches and the Heaven List competition. There are five city lords and thousands of True Immortals gathered together. There are countless Heavenly Immortals. Even if Araki Takeshi has the guts, he wouldn't dare to take half a step into Lang Feng City!"

Chapter 2429

Little scholar from Qiankun Academy, let me tell you something. "Fairy Nanyang chuckled and said, "Not to mention that Araki Takeshi has just entered the True First Realm. Since ancient times, not even the Supreme True Demons have dared to run wild in the hinterland of the Nine Clouds Immortal Region!" The Lord of Gu Xiu City suddenly said coldly, "Unless Araki Takeshi wants to die!" Right at this moment, a low and deep voice sounded from outside the hall. "If Araki Takeshi from the Demon Region is willing to come to Lang Feng City for the sake of a child, then he's a real man!" Hearing this voice, Lin Luo's heart trembled. She was excited, but there was a mixture of joy and worry between her eyebrows. Everyone looked over towards the source of the voice, and they saw a tall and robust man walking over with large strides from outside the hall. His long hair fluttered in the wind, and every single step he took carried a magnanimous and heroic aura. "If I'm not mistaken, this should be Lin Luo's brother, Lin Lei." Su Zimo thought. Sizzle! The man was dragging a pitch-black and heavy halberd. The sharp tip of the halberd streaked across the ground, causing sparks to fly everywhere. It made an ear-piercing sound! The man dragged the halberd over like this. Many True Immortals in the hall were intimidated by this man's aura. They were frozen in place for a moment. Only Song Xuan and the other four City Lords looked normal. There was even a trace of pride and excitement in their eyes. "Brother!" Lin Luo shouted. She wanted to go forward, but she was suddenly suppressed by several powerful Divine Senses. She couldn't move. "Lin Lei, you're too late. We've been waiting for a long time!" Hong Shan laughed loudly. Young Master Lan Tian waved his jade fan and said with a smile, "Brother Lin is even more elegant than before after we parted at the Continent of the Nine Clouds last time." "What are you doing?" Lin Lei noticed the movements of Song Xuan and the others. His eyes narrowed and his face darkened as he asked slowly. Song Xuan chuckled and said: "Lin Lei, I invited you to the Blood Peach Banquet out of goodwill, but you rushed in with the Black Mysterious Halberd. I want to ask, what do you want?" "Bring my sister home!" Lin Lei's tone was resolute. It was as if metal and stone were striking each other, sonorous and powerful! "Brother, there's him too. Bring him along!"

As Lin Luo spoke, she turned her eyes, indicating that Lin Lei should also save Su Zimo. Lin Lei glanced at Su Zimo from the corner of his eye and frowned. He didn't even know if he could save Lin Luo this time, let alone adding another person. The siblings' thoughts were connected. Lin Luo seemed to see Lin Lei's hesitation and hurriedly said: "He, he also came from the lower world and saved me." Lin Lei didn't say a word. He didn't agree or disagree, but he didn't think so. He just glanced around and saw that the cultivator called Su Zimo was only a Fifth Stage Immortal. With Lin Luo's means and the Nine Palace Subtle Steps, why would she need a Fifth Stage Immortal to save her? Lin Lei concluded that Lin Luo was lying. And Lin Luo was so nervous about this person that she didn't hesitate to lie to cover it up. What

was her relationship with this person? Could it be ... A thought flashed through Lin Lei's mind. He looked at Su Zimo with a look of scrutiny and even resistance. This person looked very weak. His body and bloodline were relatively weak. His cultivation level wasn't high either. There was nothing special about him. In his opinion, this person was far from being good enough for his sister. Moreover, Lin Lei just now heard that Su Zimo was threatening Song Xuan and the others, saying that Araki Takeshi from the Demon Domain would come and that a disaster was imminent. This action might be out of justice, but it was too childish. Why would Araki Takeshi from the Demon Domain come to Lang Feng City of the Jade Heaven Immortal Domain for a Dao child? Even if Araki Takeshi came, how could he be a threat to the Perfected Immortals in the hall, let alone an imminent disaster? This person's cultivation level wasn't high, he didn't have any abilities, he was bookish, impulsive, and childish. Lin Lei's first impression of Su Zimo was very bad. Seeing that Lin Luo was so worried about this person, Lin Lei's impression of Su Zimo dropped a little. "There's no hurry to go home." Fairy Nanyang smiled. "The Blood Peaches are ready, we're just waiting for you to come. It won't be too late to wait until the Blood Peach Banquet is over." At the banquet, many Perfected Immortals had already started tasting the Blood Peaches. "What Blood Peach Banquet? I'm not interested."

Lin Lei replied coldly, staring at Song Xuan and the others with an unfriendly expression. "Let my sister come here!" "What?" Song Xuan's face darkened, he narrowed his eyes and said coldly, "As the City Lord of Lang Feng City, I invited Brother Lin to a banquet with many Perfected Immortals from the Jade Heaven Immortal Domain. Does Brother Lin not plan to stay?" "Lin Lei, you're so arrogant. Do you really think there's no one in the Jade Heaven Immortal Domain?" Gu Xiu shouted coldly and threw the jade plate in his hand to the ground, it shattered with a bang! Many Perfected Immortals at the banquet stood up one after another, emitting powerful auras. They put their palms on their storage bags and stared at Lin Lei with unfriendly eyes. In an instant, the atmosphere in the main hall became tense! An unimaginably huge pressure fell upon Lin Lei's body! Lin Lei's expression did not change, but he gripped the Black Mysterious War Halberd even tighter. The current situation was more serious and dangerous than he had imagined! If it was just Song Xuan alone, he would naturally have nothing to fear. But the five City Lords were gathered here. Once they joined forces, he would definitely be no match for them. Moreover, there were thousands of Perfected Immortals. He could not withstand such great pressure and could only take a step back. Lin Lei took a deep breath and said, "I can attend the Blood Peach Banquet, but you have to let go of Lin Luo and let her come to me." "That won't do." Song Xuan laughed and said, "If Brother Lin goes back on his words at the last minute and takes out a transportation jade talisman or something like that and suddenly leaves with Sister Lin Luo, we won't be able to stop him." Lin Lei was annoyed in his heart. He had originally planned to tear up the transportation jade talisman and return to the Qingxiao Immortal Realm with Lin Luo. He did not want to be entangled with Song Xuan and the others. However, Song Xuan and the others seemed to have seen through his intentions and did not give him a chance at all! Lin Lei asked in a deep voice, "When will your Blood Peach Banquet end?" "That's hard to say." Song Xuan laughed and said, "That depends on Brother Lin." "What do you mean?" Lin Lei frowned and asked. Song Xuan said leisurely, "I heard that the War King was seriously injured and died. Immortal King Ling Long is guarding him. The Warring States Kingdom is in a precarious situation. I am also very worried."

"I have a suggestion that can help the Warring States Kingdom get through this crisis." Lin Lei just looked at Song Xuan and said nothing. Song Xuan said, "I have a younger brother. He is still young, but he is

already a Stage Four Heavenly Immortal. He is also considered a genius. I see that your sister and my brother are about the same age and cultivation realm. Why don't they become Dao companions? It can be considered a match made in heaven. ""The War King and Immortal King Ling Long are both busy. As long as Brother Lin agrees to let your sister and my brother become Dao companions, after the wedding, Brother Lin can naturally take your sister and leave.""Wonderful!"Hong Shan clapped his hands and said with a smile, "The two of them can be considered a golden boy and jade girl, a perfect match, and well-matched in terms of social status. With such a marriage alliance, the Warring States Kingdom can also receive Brother Song's full support. "

Chapter 2430

Lin Luo was worried that Lin Lei would agree to it in a moment of folly. She quickly said, "No! I already have a cultivation partner. It's him!" Lin Luo looked at Su Zimo. "Are you kidding me?" Song Xuan could not help but laugh, he did not think much of it. With his eyesight, he could naturally see that Lin Luo was still a virgin. Lin Luo defended herself. "The two of us have already pledged ourselves to each other!" "Enough!" Lin Lei shouted and glared at Su Zimo. Then, he looked coldly at Song Xuan and the rest and said slowly, "The Lin family will settle the matter of the Warring States Period. We don't need outsiders to help us! And we won't sacrifice Lin Luo in exchange for anyone's support!" "Your useless brother is not even fit to carry my sister's shoes!" Lin Lei could see that Song Xuan and the rest had no intention of letting them leave so easily. The marriage alliance was just an excuse. "Oh?" Lord Lan Tian smiled wickedly and said mockingly, "Judging from Brother Lin's tone, you don't like Brother Song's brother. How about this, how about you betroth your sister to me?" "After you betroth her to me, I will definitely dote on her ..." There was a burst of laughter in the hall. Lin Luo's face was flushed red, and she was furious. This was not just teasing her in front of Lin Lei, it was an insult to the Lin family! Everyone knew that Lord Lan Tian had many wives and concubines. Lin Luo was the daughter of two Deity Kings after all. How could she be reduced to such a state? "Lan Tian ..." Lin Lei lowered his eyebrows slightly and called out softly. "What?" Young master Lan Tian smiled. "I think you have a death wish!" Lin Lei abruptly raised his head, a pair of tiger-like eyes bursting with boundless killing intent. He raised the Black Mysterious War Halberd with one hand and drew a semicircle in the air, ruthlessly slashing down towards Young Master Lan Tian who was not far away! Young Master Lan Tian seemed to be relaxed, but his mind was already tense. The moment Lin Lei made a move, he reacted immediately. The tip of his foot touched the ground, and he retreated. "Brother Lin is anxious!"

Lord Lan Tian chuckled. If Lin Lei continued to endure, the few of them would go even further. The five of them wanted to force Lin Lei to make Lin Lei and his sister stay in Lang Feng City! Lord Lan Tian dodged the halberd and activated his Dao Fruit. A halo appeared behind his head and the feather fan in his hand opened. Quintessence gathered on the fan ribs, condensing into streams of sword Qi, shooting out at Lin Lei. Young Master Lan Tian did not dare to be careless. He did not hold back from the start, activating his Dao Fruit to fight. Lin Lei's wrist jerked and the Black Mystic Halberd drew a beautiful arc. Cling! Clang! Clang! The Black Mystic Halberd blocked all the Sword Qi released by Lord Lan Tian and let out a series of crisp sounds. "Let's see how many moves you can take!" Lin Lei hollered and his aura surged. He strode forward and swung the Black Mystic Halberd. His moves were wide open and enveloped Lord Lan Tian. The Black Mystic Halberd was imbued with powerful True Yuan and was incomparably violent. Every time the halberd slashed, the surrounding void would distort! Lord Lan Tian felt weak and didn't dare to take it head-on. However, the moment Lin Lei attacked, he had the upper hand and formed a

crushing momentum, not giving Lord Lan Tian any chance to breathe. The space to survive under the Black Mystic Halberd became increasingly narrow. After just ten moves, Lord Lan Tian was forced to take one of Lin Lei's moves head-on! Lord Lan Tian's body shuddered and his arms were sore and trembling slightly. Boom! Boom! Boom! After a slight pause, the two of them exchanged blows again. Peerless mystic skills exploded and clashed in midair, creating terrifying shockwaves. It was also a peerless mystic skill. The power produced by a Perfected Immortal expert using the True Yuan condensed from a Dao fruit far surpassed that of a Heaven Immortal. Even though Su Zimo wasn't a Perfected Immortal, he could tell that if the battle continued, Lord Lan Tian would definitely lose! "Hahahaha!" At this moment, Hong Shan laughed loudly and took out a one-legged copper man weapon from his storage bag. With a leap, he arrived in mid-air. "Brother Lin, nice move. I'm itching for a fight. Let me give it a try!" Hong Shan channeled his blood qi and his entire body swelled into a fist. His clothes were torn apart, revealing a body that seemed to be made of molten iron. He swung the One-Legged Bronze Man towards Lin Lei.

When she saw that, Lin Luo couldn't help but shout, "You're all City Lords of the five major immortal cities. How shameless are you two against one?" "Little girl, you're in the wrong." Fairy Nanyang chuckled. "It was clearly your brother who came to our place to behave atrociously. He attacked first. Who can you blame?" "This isn't a battle for the Perfected Immortal Ranking. Who said that we have to fight one-on-one?" Gu Xiu said coldly. Lin Luo was furious and berated, "You're twisting the truth and twisting logic!" Song Xuan smirked and placed his hands behind his back. He said proudly, "Little girl, I'll teach you a lesson today. There's no such thing as black and white in this world." "If my fist is big enough, I can control everything. Whether it's black or white, it's up to me!" Boom! A tall figure fell heavily on the ground of the main hall, creating a huge pit and dust flying everywhere. It was Hong Shan, who had just charged forward, who was sent flying by Lin Lei's halberd! Hong Shan stood up from the dust and twisted his neck, letting out a series of cracking sounds. The veins on Hong Shan's neck bulged and the wounds on his body healed quickly. He stared at Lin Lei's figure and became even more excited. He shouted, "Again!" "Good move." Gu Xiu snorted and leaped into the air. A long sword with a cold light circled around him as he charged towards Lin Lei. "I'll join in the fun too." Fairy Nanyang chuckled and attacked at the same time. In the blink of an eye, the four City Lords had all joined the battle! "You guys!" Lin Luo clenched her fists and glared. "Good move!" In midair, Lin Lei shouted. His black hair danced wildly as he pushed his blood qi to the limit. After the sound of the tide, nine dragon roars resounded through the world! Roar! Roar! Roar! Beside Lin Lei, his blood qi surged and condensed into nine lifelike divine dragons with sharp claws and teeth. The dragon heads were ferocious and murderous with rumbling might! Su Zimo had seen Lin Luo release this bloodline phenomenon of nine dragons together once before.

However, the same bloodline phenomenon released by Lin Lei was clearly much stronger than Lin Luo's! Lin Lei's blood qi and physique were extremely strong and his melee combat strength was abnormally ferocious! After releasing his bloodline phenomenon, Lin Lei released another peerless mystic ability. Three heads and six arms, his combat strength increased exponentially as he fought against the four City Lords! Boom! Boom! Boom! Boom! The four City Lords released their bloodline phenomena one after another as well. The reason why they could sit in the position of City Lord was because they were the strongest Perfected Immortals of the Jade Heaven Immortal Realm. All of them had cultivated bloodline phenomena! In an instant, a few different bloodline phenomena collided in midair. It was extremely tragic. Although Lin Lei was fighting against four City Lords alone, he became

braver as the battle went on. He was not at a disadvantage at all! However, under the siege of the four City Lords, it was extremely difficult for Lin Lei to break through their joint attack. Su Zimo frowned slightly. Although Lin Lei was not at a disadvantage and seemed to be maintaining the balance, the current situation was extremely disadvantageous for Lin Lei! Now, only the four City Lords had joined forces. If Song Xuan or other Perfected Immortals joined the battle, Lin Lei would definitely not be able to hold on and would be defeated.
