

Sacred King 2451

Chapter 2451

Heaven and Earth Academy. Su Zimo gripped the Bodhi Seed and continued to comprehend the Clear Jade Manual. He had to admit that the Bodhi Seed was indeed extremely helpful to him in terms of comprehending the Dao! With the help of the Bodhi Seed, the many obscure words and Dao techniques in the Clear Jade Manual became much clearer. "As expected of a forbidden secret manual. To think that there would be such changes after cultivating it to greater mastery." Su Zimo could not help but lament after comprehending the true essence of the Dao techniques in the Clear Jade Manual. The Three Pure Jade Manuals focused on different directions of cultivation. Back in the mystic realm, Ying Tian had briefly mentioned that the Grand Pure One cultivated the spirit, the Prime Pure One cultivated the arts and the Jade Pure One cultivated the body. The Dharmic formulations in the Clear Jade Manual were indeed supreme techniques for body refinement. After cultivating it to greater mastery, one's flesh, blood, bones and organs would be filled with a green glow. If one could cultivate it to greater mastery, they would be able to use the Clear Jade Manual as a foundation to condense a Primordial Body that was of the same cultivation realm as their own! This was different from his clone technique in the past. Be it the Qinglian true body, the Dragon Phoenix true body or Wu Dao's true body, they could cultivate on their own and possess their own Essence Spirit flesh and blood. As for this Primordial Body, it was a clone condensed entirely from the Dao techniques in the Clear Jade Manual. Among the Dao techniques of the human race, the most famous ones were the Great Three Corpse Technique of the fiend sects, the past, present and future of the Buddhist sects and the supreme clone technique of the immortal sects, Three Pure Ones with One Breath! Right now, Su Zimo had obtained one of the Three Pure Ones! The upper realm was vast and had many civilizations with thousands of Dao techniques. Be it the human race or other races, they all had some clone techniques that were passed down to this day. The reason why the clone techniques of the Three Pure Ones were powerful and were known as the supreme of the immortal sects was because the clones condensed from the Three Pure Ones were of the same cultivation realm as cultivators! That was an extremely important point. Most of the clones condensed from the clone techniques would have their cultivation realm reduced greatly and their combat strength would be greatly reduced as well. As for the clones condensed from the Three Pure Ones, although their combat strength would be reduced as well, at the very least, they would be of the same cultivation realm.

Moreover, the Jade Pure Jade Manual was a body refining technique. The Primeval Body that was formed would also become abnormally strong and fierce in close combat! Once he fought with someone and released this doppelganger technique, it was equivalent to two of him attacking the opponent together! Among those at the same level, who could withstand it? This Primeval Body could only be released with the help of the Pure Jade Book. Therefore, over the years, every time the Three Purities Jade Booklet appeared, it would attract many geniuses to fight for it. With only the Three Pure Daoist Arts and without the Three Pure Jade Booklet, he was unable to release the Three Pure Avatars. More importantly, this was just a clone secret technique that was condensed from Daoist techniques. Even if the clone was destroyed in battle, it wouldn't matter. As long as the Jade Purity Jade Book was still there, he would be able to release the Primeval Body after a period of recovery. At this moment, the sound of clothes fluttering in the air came from outside the cave. Not long after, Momo and Liu Ping ran in excitedly. Liu Ping was even more excited as he winked at Su Zimo with a strange smile. Momo went

forward and handed the storage bag to Su Zimo. "Young Master, the princess did not accept this storage bag. However, she replied with a letter inside." Su Zimo noticed that there was a green identity badge hanging on Momo's waist that emitted a faint fragrance. "Young Master, this was given to me by the beautiful princess. Can I carry it with me?" Momo asked with anticipation. "Of course." Su Zimo smiled and opened the storage bag, retrieving Yunzhu's letter. At a glance, Yunzhu's handwriting was elegant and her strokes were agile. Through the words, it was as though he could see a graceful figure dancing on the letter. However, Su Zimo's expression changed the moment he saw the first sentence and he broke out in cold sweat. "Fellow Daoist Araki Takeshi, I've heard about what happened in Lang Feng City. You're quite impressive. I'm impressed." At the end of the sentence, there was a simple drawing of a woman's smiling face ... For a moment, Su Zimo felt as though Yunzhu was sitting opposite him and looking at him with a fake smile. When Liu Ping saw Su Zimo's strange expression, he leaned over curiously and asked, "Senior Brother, what's written on it? You don't look too good."

Su Zimo's gaze swept across. Liu Ping shrank his neck in fear and retreated hurriedly. Su Zimo continued reading. The contents of the letter were much more normal and did not mention anything about Araki Takeshi. It only briefly mentioned that they would try their best to search for Feng Ziyi and Liu Ping so that Su Zimo could rest assured. However, this matter might take a long time, so he was asked to wait patiently. Su Zimo read the letter and burned it. He looked at Momo and Liu Ping and asked, "Tell me what happened after the two of you arrived at the Zi Xuan Immortal Kingdom. Don't leave out any details." Momo and Liu Ping recounted the entire process in detail. Su Zimo did not say anything, but he muttered in his heart. "Exposed just like that?" Su Zimo guessed that Yunzhu must have seen through Momo and Liu Ping. However, it was a little too strong to be able to determine his relationship with Araki Takeshi just based on this flaw. Fortunately, Yunzhu probably would not expose this matter, so it did not affect him much. After arranging the search for Feng Ziyi, Su Zimo finally settled down and prepared to cultivate in seclusion. The Heaven List Battle of the Divine Firmament Immortal Association was about to begin. During the 10,000-year convention, Yun Ting was already a Stage Two Heaven Immortal before he entered the Heaven Origin Realm. All these years, his cultivation had improved by leaps and bounds. With Yun Ting's talent and fortuitous opportunities, his cultivation speed would definitely be faster than his! If he wanted to take the top spot on the Heaven List, his cultivation had to continue to improve. There were only two thousand years left before the Divine Firmament Immortal Association began. Time was running out! During this seclusion, apart from continuing to improve his cultivation, Su Zimo also focused on the Jade Purity Jade Book. He wanted to cultivate it to Greater Mastery as soon as possible and condense the Primordial Body. Su Zimo was in seclusion in the cave abode's secret chamber. Due to Qinglian's real body, the Heaven Earth Yuan Qi in his cave abode was much denser than outside! It did not take long for Liu Ping to realize this. When cultivating in Su Zimo's cave abode, the Heaven Earth Yuan Qi was even denser than in the Legacy Land! This was a little scary!

Liu Ping originally thought that it was some kind of array formation that Su Zimo had set up to gather the Heaven Earth Yuan Qi. However, it did not take long for him to realize that this kind of dense and pure Heaven Earth Yuan Qi was definitely not condensed by any array formation! Liu Ping also realized that cultivating in this cave abode made his cultivation speed increase by leaps and bounds! Not only was the Heaven Earth Yuan Qi denser and purer, but there seemed to be some kind of mysterious power that affected everything. After Liu Ping discovered this secret, he vaguely realized that he could not

mention this to anyone, so he secretly hid it. Su Zimo was the Creation Qinglian, and both Liu Ping and Momo belonged to the Plants category. Cultivating by Qinglian's side was naturally very beneficial!

Chapter 2452

Cultivation was a long and arduous journey. After returning from the Jade Heaven Immortal Domain, Su Zimo did not leave the cave abode and spent most of his time cultivating in seclusion. In the cave abode, Momo and Liu Ping helped him deal with many chores. It also saved him a lot of energy and time. His cultivation realm was also increasing steadily. Finally, he broke through to Heavenly Origin Realm Level 6 on this day! Looking back, a thousand years had already passed. All these years, there was no news about True Immortal Zangye and Feng Ziyi from Commandery Prince Qincheng or Yunzhu. The longer time passed, the slimmer the chances of finding the two of them. In other words, the chances of them being alive were getting smaller and smaller. Su Zimo stood up and walked around the cave abode. Momo and Liu Ping had gone out. He did not know what they were doing. In the spirit garden in the backyard of the cave abode, the Ashoka Tree and Immortal Willow did not move much. Only the Immortality Peach Seedling was growing and was much thicker than before. However, it took 10,000 years for the Immortality Peach Tree to mature. It was still early. At this moment, two figures came from outside the cave abode. In the blink of an eye, they arrived in front of the cave abode and walked in side by side. It was Momo and Liu Ping. After a thousand years, the two of them did not change much and still looked like children. The hair on Liu Ping's head gradually became soft and thick. His cultivation realm improved rapidly and he had already broken through from the peak of Heavenly Origin Realm Level 2 to Heavenly Origin Realm Level 3! Before Momo came to Qiankun Academy, she was already a Level 9 Earth Immortal. Now, her cultivation realm was only slightly lower than Liu Ping. She had already cultivated to Heavenly Origin Realm Level 2! All these years, although Momo did not know many people in the academy, under Liu Ping's guidance, she was familiar with the environment of the academy and was no longer unfamiliar with it. Ever since Tao Yao had ascended, he had been enduring tremendous pain and torment for many years. This had caused great harm to his soul. All these years, she stayed by Su Zimo's side and had Liu Ping's company. The wounds on her soul were gradually healing and she was smiling more often. "Young Master, look!" Momo raised a scroll in her hand and handed it to Su Zimo.

"What is this?" Su Zimo took the scroll and asked casually. Liu Ping said, "Senior Brother, don't you know? Today is a big day in the Divine Firmament Celestial Realm. The Divine Firmament Palace has officially announced the Heaven List!" "Oh?" Su Zimo looked at the scroll in his hand and slowly unfurled it. Rows of dazzling Daoist names were written on it. "Looks like this is the prediction of the Heaven Ranking." Su Zimo smiled. He was no stranger to predicting the Heaven Leaderboard. During the 10,000-year convention, the Flaming Sun Immortal Empire had announced the prediction of the Earth Ranking in advance. It listed the information of many geniuses for reference. At the same time, Su Zimo was a little confused. He asked, "The Heaven List Battle of the Divine Firmament Convention is still more than 1,000 years away. Why are they announcing the predicted rankings now?" "Senior Brother, you've been in seclusion all year round. You're still not clear about the rules of the Heaven Ranking Tournament, right?" Liu Ping explained, "The Divine Firmament Immortal Association's Heaven Roll Competition is not as troublesome as the Earth Roll Competition. There's also an elimination system." "During the Divine Firmament Convention, the Heaven List Ranking Battle will be held directly! Only cultivators who enter the predicted rankings will have the chance to participate in the ranking battle." Su Zimo asked, "What is the basis of this prediction ranking?" Liu Ping said, "The more basic is the cultivation level. If one's

cultivation level is too low, people like us will definitely not be able to enter."There are also some personal trump cards, opportunities, and various other factors. A comprehensive judgment is obtained, which is the ranking on the prediction ranking. The most important is the past achievements! "Su Zimo suddenly understood and said, "In other words, the remaining 1,000 years are the last chance for the many Heaven Immortals of the Divine Firmament Celestial Realm."Only those who enter the predicted rankings before the Divine Firmament Convention will have the chance to enter the final ranking battle and be ranked on the Heaven List.""That's right."Liu Ping said, "The 1,000 years before every Divine Firmament Immortal Convention is the busiest period of time in the Divine Firmament Immortal Region. Countless prodigies and monsters among the Heaven Immortals will be born and leave the mountains to travel the world.""During this period, the top geniuses will fight each other almost every year. The names and rankings on the prediction ranking will also be constantly changed."

Su Zimo nodded secretly. For example, some geniuses who cultivated in seclusion all year round, although their cultivation level was extremely high and their combat strength was not weak, if they did not have any outstanding achievements, they would not be qualified to enter the prediction ranking list and would not have the chance to participate in the final Heaven List Ranking Battle. In other words, in the next 1,000 years, the top geniuses of the various Heaven-grade factions in the Divine Firmament Celestial Realm would come out and roam the world! Su Zimo opened the prediction ranking list and browsed through it. "Hmm?" He casually glanced and suddenly realized that Yun Ting's name was not at the top of the prediction ranking list, but third! Who could suppress Yun Ting? "Name: Qin Gu." "Cultivation Level: Stage Nine Heaven Immortal." "Identity: "Reincarnated Immortal of the Mountain and Sea Immortal Sect, the only successor of the Ancient Moon Mystic Realm, Thunder Divine Temple Master. Su Zimo was secretly speechless. Just the identity of a reincarnated Celestial was extremely important. He did not expect that there were two more identities. He wondered what kind of opportunities he had obtained." "Battle Record: 70,000 years ago, as a Stage Seven Heaven Immortal, killed a Stage Nine Heaven Immortal, Xiang Liu. 60,000 years ago, as a Stage Eight Heaven Immortal, broke through the encirclement of ten Heaven Immortals in the Jade Firmament Celestial Realm and killed six of them. 40,000 years ago, as a Stage Eight Heaven Immortal, fought against Zong Feiyu and won..." "Evaluation: Before being reincarnated, he was a top-tier True Celestial. Because he failed to break through to the Grotto-Heaven Realm, he was forced to reincarnate. He rose to power and has never tasted defeat. He has inherited the true teachings of the Mountain and Sea Celestial Sect and has unparalleled combat strength! This person's battle record alone has more than ten battles, and his evaluation is extremely high! Prediction: Second on the Heaven List." "Name: Zong Feiyu." "Cultivation Level: Stage Nine Heaven Immortal." "Identity: Reincarnated Celestial of the Flying Celestial Sect, the number one Heaven Immortal of the Zong family, the Island Master of the Pale Flame Island, the successor of the Scorched Earth Sect, and the Young Master of the Crimson Poison Sect." Su Zimo raised his eyebrows slightly. This person was also a reincarnated Celestial, and he had even more identities and backgrounds that Su Zimo had never heard of! Moreover, this Zong Feiyu had appeared once in Qin Gu's battle record. This person's battle record also has more than ten battles. Other than the battle with Qin Gu, where he lost by a little, he won all the other battles and had been famous for many years.

The Divine Firmament Palace also had a very high evaluation of him, and he was on par with Qin Gu. Su Zimo said, "It seems that Yun Ting is ranked third, but he is suppressed by these two reincarnated Celestials. It's not unfair." Liu Ping said, "The main reason why Yun Ting is ranked third is that his

cultivation level is currently at Stage Eight Heaven Immortal, which is slightly inferior." "Also, Yun Ting is too young, and he is considered a rising demon in recent years. He has not been famous for long." "If Yun Ting can break through to Stage Nine Heaven Immortal, he will most likely surpass the top two in the ranking!" After pausing for a while, Liu Ping continued, "However, although Yun Ting is a Stage Eight Heaven Immortal, he is already very powerful, and he is above the other reincarnated Celestial!"

Chapter 2453

Su Zimo looked past Yun Ting's information and focused on the fourth place on the prediction list. "Name: Lie Xuan." "Realm: Stage Nine Heaven Immortal." "Identity: Reincarnated Immortal from the Flaming Sun Celestial Kingdom." He did not have many identities, but he had dozens of victories and had never lost a single one! More importantly, the Divine Firmament Palace had a very high opinion of him. "Before reincarnating, he was ranked first on the Heaven List and second on the True Immortal List!" "Rumor has it that he has cultivated the Flaming Sun Celestial Kingdom's top cultivation technique to the peak. So far, no one has been able to force him to use his full strength. His battle prowess is unfathomable! Su Zimo had fought with reincarnated Immortals before and knew how powerful they were. Compared to ordinary cultivators, their cultivation levels might be similar. However, reincarnated Immortals had lived two lives and cultivated for two lifetimes. Their vision, experience, knowledge, judgment, and combat skills far surpassed ordinary cultivators. During the Earth List battle, although one of the two reincarnated Immortals, Tai Hua and Feng Yin, had died and been injured, Su Zimo had not won easily. Moreover, he had been a Stage Eight Earth Immortal, only one stage away from the two reincarnated Immortals. When facing reincarnated Immortals, the difference in their cultivation levels was too great. There was almost no chance of winning! In fact, reincarnated Immortals had always been invincible among their peers. During the Earth List battle, the two reincarnated Immortals had been defeated by a junior one after another, which had shocked the entire Divine Firmament Celestial Realm. Su Zimo looked at the fourth place on the prediction list before looking at Yun Ting. "Name: Yun Ting." "Realm: Stage Eight Heaven Immortal, expected to reach Stage Nine before the Divine Firmament Convention!" "Identity: Duke of the Zixuan Celestial Kingdom, successor of the Extreme Sword Path, successor of the Five Elements Sword Path, successor of the Three Talents Sword Path, successor of the Four Symbols Sword Path, successor of the Heart Sword Path, successor of the Tempest Sword Path, successor of the Great Void Sword Path ..." Su Zimo's mouth twitched slightly. This person was indeed the number one Sword Path cultivator among the younger generation in the Heaven Domain. There were more than ten of these identities! One had to know that each identity represented a fortuitous encounter. What was even more frightening was that the inheritances Yun Ting obtained were all Sword Dao inheritances! This meant that whenever he encountered a fortuitous encounter, these Sword Dao predecessors and ancient inheritances would acknowledge his aptitude and choose him as their successor!

Yun Ting's talent in the Sword Dao could be said to be unprecedented! Behind his identity was his battle record. "Whoa! Good fellow!" Su Zimo glanced at it and couldn't help but exclaim in admiration. The battle record was densely packed with over ten thousand words. It took up the most space on the prediction list. Over a hundred battles, all of them won! After the battle results, Divine Firmament Palace's evaluation of him was even higher than the previous two reincarnated Immortals! In it, there was a speculation that if Yun Ting were to break through to Level Nine Heavenly Immortal, his battle prowess would be above Qin Gu, Zong Feiyu, and Lie Xuan. If he didn't make any mistakes during the Heaven Leaderboard competition, he would definitely become the top of the Heaven Leaderboard! Su

Zimo smiled and did not comment. It had been many years since the last time they fought. He didn't have the confidence to face Yun Ting in his current state. Su Zimo continued reading. The top ten on the prediction list were all successors of the Three Great Celestial Kingdoms and Four Great Celestial Sects. From this point, it could be seen that the seven Heaven-level forces of the Divine Firmament Celestial Realm were indeed worthy of their reputation. Su Zimo also saw a familiar name in the top ten. Fang Qingyun. He was also the only Heaven Immortal in Heaven and Earth Academy to enter the top ten. Su Zimo casually glanced at the information regarding Fang Qingyun. Compared to the top four, Fang Qingyun's identity, battle record, and evaluation were nothing to write home about. There weren't many highlights, so it was not surprising that he was ranked tenth. Su Zimo pursed his lips and said, "Fang Qingyun is known as the number one Heaven Immortal in the academy, but his ranking on this prediction list is only average." Liu Ping knew about the feud between Fang Qingyun and Su Zimo. Back then, when Su Zimo was still in the outer sect, he had a conflict with some people led by Fang Qingyun. However, later on, Su Zimo created the 10th step of the Dao Heart Ladder and was accepted as an in-name disciple by the Patriarch of the academy. His status skyrocketed, and there was no direct conflict between the two. Liu Ping did not know that Fang Qingyun was the one behind Yang Ruoxu's serious injury.

Fang Qingyun even wanted to use Yang Ruoxu's injury to transfer Su Zimo out of Heaven and Earth Academy before killing him! However, that group of people was killed by Su Zimo. Even Tang Peng, who was under Fang Qingyun, died in Su Zimo's hands. Liu Ping thought for a moment and said, "This is only the prediction list. Senior Brother Fang's real ranking might be higher." Liu Ping actually wanted to remind Su Zimo that his cultivation realm was not high enough, and it was not suitable for him to have a conflict with Fang Qingyun. Su Zimo remained silent and roughly browsed through the entire list. Other than Yun Ting and Fang Qingyun, there were a few other familiar names on the list of the hundred people who were predicted to be chosen. Yan Bingying was known as the number one beauty of the inner sect of the academy. She used to admire Fang Qingyun. It was said that over the years, the two of them gradually drifted apart and were not as close as before. Yan Bingying was ranked 43rd on the list and her combat strength was not weak either. 98th on the list, Commandery Prince Yuanzuo! When Su Zimo saw that name, he sneered. Commandery Prince Yuanzuo was indeed capable to be ranked on the list! "Young master, I've seen this list too." Momo suddenly spoke and said seriously, "I feel that this list is not accurate at all." "Why?" Su Zimo asked with a smile. "Young master's name is not on it!" Momo said matter-of-factly. Su Zimo could not help but laugh. Liu Ping rolled his eyes and said, "Taozi, you don't understand. Senior Brother's cultivation speed is very fast, but this list is based on combat strength, battle achievements, and many other factors." "Senior Brother has just broken through to Stage Six, how can he be ranked on this list?" Momo frowned and said, "Why not? There are still 1,000 years to the Divine Firmament Convention!" "Even if Senior Brother obtains some great opportunity in the remaining 1,000 years and breaks through to Stage Seven, it will be very difficult for him to be ranked on this list!" Liu Ping explained patiently, "Senior Brother's cultivation level is too far apart. Look at Commandery Prince Yunting, he is only one stage away from Stage Nine, but he is already suppressed by two reincarnated Immortals." "Not to mention Senior Brother, even Commandery Prince Yunting would not be ranked on this list when he was a Stage Six Heaven Immortal."

"Moreover, Senior Brother does not have any famous battle achievements." Momo looked confused and said, "Didn't you tell me that Young master defeated two reincarnated Immortals in the 10,000-year Convention and became the first on the Earth List?" Liu Ping said, "This is the Heaven List Tournament, it does not look at the battle achievements of Earth Immortals. The battle achievements on this list are all

obtained by these prodigies after they have broken through to Heaven Immortal. "At this point, Liu Ping suddenly felt that he was undermining his own prestige and hurriedly said, "Senior Brother, I believe you! In another 100,000 years, in the next Heaven List Tournament, you will definitely be able to enter the top 10! "Su Zimo smiled and did not refute

Chapter 2454

Of course, Su Zimo would not wait another 100,000 years to participate in the next Heaven List Battle. Just as Momo had said, there were still 1,000 years left before the Divine Firmament Immortal Gathering. Anything could happen. To him, it was not difficult to enter the Heaven Prediction Leaderboard. What he really had to face was Yun Ting, who might cultivate to the peak of Stage 9 Heaven Immortal in 1,000 years. That Sword Dao genius! That was his real opponent! And he was the strongest opponent he had encountered in the same cultivation level since he ascended to the upper world! At that moment, there was a commotion outside the cave abode. Someone had come to visit. In the cave abode, there was a corresponding projection crystal ball that could see the situation outside the cave abode. It was clear who was outside. Su Zimo took a look and retracted his gaze, remaining calm. It was Senior Sister Mo Qing again. Momo and Liu Ping saw that the person outside was Mo Qing. Their expressions were calm and they were not surprised. The two of them subconsciously looked at Su Zimo. Su Zimo did not say a word and only nodded. The two Dao children looked at each other and understood in their hearts. Liu Ping shrugged helplessly and walked out of the cave abode with Momo. Su Zimo was still sitting in the cave abode and had no intention of going out to welcome her. All these years, Senior Sister Mo Qing had come to visit him almost every 100 years. Ever since Su Zimo realized that Senior Sister Mo Qing might have some special feelings for Wu Dao's main body, he did not dare to meet her face to face and avoided her. Therefore, all these years, he hid in the cave abode and rarely went out. Every time Senior Sister Mo Qing came to visit, he would ask Momo and Liu Ping to go out and find an excuse to deal with it. He would avoid meeting her. With Senior Sister Mo Qing's personality, she naturally would not barge into his cave abode. All these years, even Momo and Liu Ping were somewhat used to it. Therefore, they were not surprised to see Mo Qing visit. Su Zimo's idea was very simple. After dealing with her like this a few times, Senior Sister Mo Qing would definitely be able to sense his distance. As time passed, she would naturally stop interacting with him.

Before long, Momo and Liu Ping returned to the cave abode. "Senior Sister Mo Qing has already left." Liu Ping said. "Yes." Su Zimo answered casually. Liu Ping blinked and said tentatively, "Senior Brother, I think Senior Sister Mo Qing is a little angry this time ...""Really?" Su Zimo's eyes lit up. He let out a long sigh of relief. "That's great!" Since Senior Sister Mo Qing was angry, she definitely wouldn't come looking for him again! Looking at the surprised Su Zimo, Liu Ping was dumbfounded. His jaw almost dropped to the ground. What exactly was Senior Brother thinking in his head? Su Zimo noticed the strange look in Liu Ping's eyes and immediately realized that he had lost his composure. He coughed softly and muttered, "What a pity." Liu Ping rolled his eyes and pulled Momo to the backyard of the cave abode to look at the three immortal trees. When they arrived at the backyard of the cave abode, Liu Ping said softly, "Taozi, I think Senior Brother might have done something wrong to Senior Sister Mo Qing. That's why he has been avoiding her!""What do you mean?" Momo was confused. Liu Ping said, "Something like abandoning her and changing sides. Do you still remember Zi Xuan Immortal Kingdom's Princess Yun Zhu, the Book Immortal?" "I remember." Momo nodded. Liu Ping's eyes burned with the flames of gossip. He said, "I feel that something must have happened between Senior Brother and Book Immortal Yun

Zhu and Senior Sister Mo Qing!"...Three days later.SSomeone came to visit the cave abode again. This time, it was Princess Chi Hong alone. Yang Ruoxu was not accompanying her.Su Zimo went out and welcomed Princess Chi Hong in.Not long after Su Zimo and Princess Chi Hong entered the cave abode, a snow-white butterfly suddenly flew out from a patch of cherry blossoms not far away.This butterfly was hidden here. The color of its body was almost one with the cherry blossoms. It was impossible to tell them apart.The snow-white butterfly rushed towards Su Zimo's cave abode and snorted. Then, it sped towards the core area of the academy.In the cave abode.Princess Chi Hong had just sat down when she said, "Senior Brother Su, Brother Qingcheng has found True Immortal Zangye and Feng Ziyi!"Su Zimo was shocked and hurriedly asked, "Where are they? Are they dead or alive? "

"Both of them are still alive. They are near Green Cloud Mountain."Princess Chi Hong hesitated for a while and said, "However, True Immortal Zangye seems to be seriously injured and is not in a good condition. Feng Ziyi is taking care of him.""Green Cloud Mountain!"Su Zimo immediately took out the map of the Divine Firmament Immortal Domain and found the location of Green Cloud Mountain.Green Cloud Mountain was not within the territory of the Three Major Celestial Kingdoms and the Four Major Celestial Sects. It was a wild and uninhabited land."Please help me thank Brother Qingcheng. When I have time, I will personally visit him to thank him!"Su Zimo was worried about Feng Ziyi and True Immortal Zangye's safety. He put away the map and prepared to leave for Green Cloud Mountain immediately."Don't be in such a hurry. Let me finish!"Princess Chi Hong hurriedly stopped Su Zimo and said in a low voice, "Brother Qingcheng knows Feng Ziyi and True Immortal Zangye's methods, so he did not dare to go near them and only watched from afar."Brother Qingcheng also discovered that other than him, the Great Jin Celestial Kingdom's Executioner Guards also have their eyes on Feng Ziyi and True Immortal Zangye!"Su Zimo narrowed his eyes slightly and said, "If True Immortal Zangye is seriously injured, there must be a Perfected Immortal expert involved.""That's right."Princess Chi Hong said, "That's why I asked you to wait and not act rashly."You know Brother Qingcheng's side. He's just an ordinary Duke. He doesn't have any Perfected Immortal expert protecting him, and he can't mobilize the Perfected Immortal experts of the Flaming Sun Celestial Kingdom. He definitely won't be able to stop the Perfected Immortal experts of the Great Jin Celestial Kingdom."Ruoxu already knows about this. He's gathering people in the core area of the academy. He'll try to find a few more core disciples to accompany him. We'll go together."Even if we encounter the Perfected Immortal experts of the Great Jin Celestial Kingdom, we'll have a better chance of saving them."Su Zimo took a deep breath and gradually calmed himself down.There were too many variables in this matter. He couldn't handle it with just his strength.Princess Chi Hong suddenly sighed softly and said, "Ruoxu just entered the core area, so he doesn't know many core disciples. He might not be able to gather many people."Actually, this was normal.Yang Ruoxu had just entered the True First Realm, and his cultivation was still at the Consolidation Stage. He belonged to the lowest level of the True First Realm. Most of the core disciples he knew were at the same level.

Moreover, there were some unexplainable grudges between Yang Ruoxu and the Moonlight Sword Immortal. Many core disciples stayed away from them.Moreover, this was Su Zimo's matter.Apart from Yang Ruoxu, the other core disciples had never interacted with Su Zimo before. They were strangers to him.Feng Ziyi and the Sword Immortal were complete strangers to the core disciples of the academy. They had no relationship with them at all.If it wasn't necessary, who would go as far as the Ash Cloud Mountain to help two complete strangers?At this moment, Princess Chi Hong's expression changed. She

took out a Communication Jade Talisman from her storage bag and stood up. "Ruoxu is ready. Let's go. We'll gather at the gates of the academy!"

Chapter 2455

"Let's go too!" Liu Ping took the initiative to step forward, wanting to follow Su Zimo. "No!" Su Zimo rejected without even thinking and said in a low voice, "The two of you stay in the academy. You're not allowed to go anywhere!" Their cultivation levels were not high, so it was useless even if they followed. Moreover, Su Zimo did not want to put Momo in danger again. In the Divine Firmament Immortal Realm, there was probably no place safer than Heaven and Earth Academy. "Young Master, you..." Momo looked a little worried and wanted to say something but stopped. Princess Chi Hong comforted them. "Don't worry. This time, with Ruo Xu and the other core disciples of the academy, there won't be any danger." This was not Princess Chi Hong being arrogant or being blindly confident. As one of the seven Heaven-level factions, Heaven and Earth Academy's core disciples could do whatever they wanted in the Divine Firmament Immortal Realm, but no one dared to provoke them. Unless there was some deep enmity, the core disciples of the academy rarely had conflicts with the other Heaven-level factions. Moreover, even if there was a fight, everyone would rely on their own abilities. There would not be any Immortal Kings coming forward to suppress the other party. After all, the Heaven-level factions all had Immortal Kings behind them. If one side took the initiative to break the balance, it would be very easy for the situation to escalate or even go out of control and evolve into a battle between Immortal Kings! That would not be beneficial to either side, and the gains would not make up for the losses. For example, on Heaven and Earth Academy's side, there was the academy Patriarch holding down the fort and taking every possibility into account. It was naturally not good for the academy Patriarch to intervene in a battle between peers of the same cultivation level. However, if an Immortal King attacked the core disciples of the academy, it would be very difficult to hide from the academy Patriarch's detection! "Let's go." Su Zimo said and led the way out. Unless it was necessary, he would not disturb Wu Dao's main body if he could not resolve the situation. The two true bodies cultivated separately, and each person's fortuitous opportunities and Dao techniques were different. If he had to disturb Wu Dao's main body for everything, then his Qinglian true body would not need to cultivate. Furthermore, if the two true bodies frequently appeared in the same place, it would definitely arouse suspicion.

A thousand years ago, Wu Dao's main body had only gone to the Jade Firmament Immortal Region to cause a ruckus, and the Book Immortal, Yun Zhu, had seen through his disguise. If this happened a few more times, even a simple-minded person like Senior Sister Mo Qing would notice that there was something wrong between the two of them. Not long later, Su Zimo and Chi Hong Infanta arrived in front of the academy's mountain gate. Yang Ruoxu and the three true disciples were already waiting at the mountain gate. Yang Ruoxu took a step forward and said in a deep voice, "Let me introduce them. These three are True Immortal Tranquil, True Immortal Floating Light, and Hua Chengtian. The three of them are senior brothers from the place of inheritance." Their auras were similar to Yang Ruoxu's. If he was not mistaken, the three of them should be True Immortals of the Unity Stage. Su Zimo didn't think too much about it. Anyway, the three Senior Brothers of the Academy were willing to help him, which was already a great favor for him. "I am Su Zimo. Greetings, Senior Brothers." Su Zimo hurried forward and bowed. Even though he was an in-name disciple of the Patriarch of the Academy, he had not officially joined the sect and his status was below that of a true disciple. Hua Chengtian and the other two sized up Su Zimo from head to toe with a scrutinizing gaze. "You're Su Zimo?" True Immortal Tranquil said

mysteriously, "You've been in the limelight in the academy all these years." Condensing the 10th step of the Dao Heart Staircase, alarming the nine elders and even the Patriarch of the Academy personally to take him in as an in-name disciple – that incident caused Su Zimo's reputation to soar in the academy. Many disciples of the academy had never seen him before, but they had all heard of his name. "I wouldn't dare," Su Zimo replied cautiously. Yang Ruoxu said, "Let's go now. Don't be too late in case something goes wrong." "There's no hurry," Hua Chengtian shook his head. "Before we go, we have to settle some things first." "What do you mean?" Yang Ruoxu asked with a frown. Hua Chengtian said, "Let's not beat around the bush and get straight to the point. It's fine if you want the three of us to help. We don't want much, just a Worriless Fruit each!"

Yang Ruoxu's expression changed as he frowned and asked, "Senior brothers, what do you mean by this?" Perfected Immortal Floating Light smiled. "Junior Brother Yang, we don't have much of a relationship with Su Zimo. We're merely fellow disciples, so it's not too much to ask for some compensation, right?" "I've already agreed to give you guys a sufficient amount of Essence Spirit Stones as compensation at the inheritance ground and you guys agreed to it as well." Yang Ruoxu suppressed the anger in his heart and said in a deep voice, "Now that we're about to set off, you guys are asking for Worriless Fruits. Aren't you guys too greedy?" "Junior Brother Yang, watch your words!" Hua Chengtian's expression turned cold. "Everyone in the academy knows that you're not on good terms with Senior Brother Yuehua. The three of us are already taking a huge risk to help you. It's only right for us to ask for more compensation!" "That's right." Perfected Immortal Floating Light said, "Furthermore, this trip is definitely not simple and might be dangerous. Otherwise, you could have done it alone. Why would you need the three of us?" Perfected Immortal Tranquil looked at Su Zimo and chuckled. "Junior Brother Su, what we want isn't too much. You must have more on you since you used the Worriless Fruit to save Junior Brother Yang back then." Princess Chi Hong was an inner sect disciple after all. Although she was indignant, she could not say anything and merely cursed internally for being shameless with a cold expression. Suddenly, Su Zimo smiled and nodded, not hiding anything. "Indeed, I have more Worriless Fruits with me." The eyes of Hua Chengtian and the other two lit up. However, Su Zimo changed the topic and sneered, "However, I'm not going to give them to you guys." The expressions of Hua Chengtian and the other two darkened! Yang Ruoxu took a step forward and stood opposite Hua Chengtian and the other two, shouting, "That's right, we can't compromise on this matter! Brother Su, don't worry. I don't believe that I can't save someone by myself! "Actually, it was not that Su Zimo could not bear to part with the Worriless Fruit. However, he was disgusted by the greedy faces of Hua Chengtian and the other two. Even if he were to give them the Worriless Fruit now, the three of them would definitely ask for more when they arrived! Perfected Immortal Tranquil scoffed coldly. "Junior Brother Yang, you're merely a Consolidation Perfected Immortal. Do you really think that you can fight against an entire army?" Hua Chengtian glared at Su Zimo coldly and threatened once more, "Su Zimo, don't blame us for not giving you a chance! At that time, it'll be too late for you to regret if you can't save anyone!" "Su Zimo, you're finally out of seclusion!" Right then, a woman's voice sounded from not far away with a hint of coldness and anger. Everyone turned towards the voice and saw a peerless beauty walking through the air like a fairy that had walked out of a painting – it was none other than Painting Immortal Mo Qing! When Su Zimo caught sight of Senior Sister Mo Qing, he panicked and avoided her gaze. It was rare for Hua Chengtian and the other two to see Fairy Mo Qing in the core inheritance grounds. However, they were both surprised and delighted to see her today. At the same time, the three of them could sense Fairy Mo Qing's suppressed anger and could not help but snicker secretly, gloating over Su Zimo's misfortune. Su Zimo had offended Senior Sister Mo Qing – he was in for it! Yang Ruoxu and the Scarlet

Infanta looked at each other worriedly. In the blink of an eye, Mo Qing arrived before Su Zimo and glared at Su Zimo furiously. Gritting her teeth, she clenched her fists and questioned, "Why have you avoided me all these years?" When the spectators heard that, they were all dumbfounded.

Chapter 2456

Wait a minute? What's going on? Hua Chengtian and the other two were dumbfounded and their eyes were filled with disbelief. Senior-apprentice Sister Mo Qing did indeed look very angry, but this kind of tone, coupled with the words just now, no matter how one listened to it, there was a trace of hidden bitterness ... Painting Immortal Mo Qing, one of the four great fairies, was obsessed with the Dao of Painting and had an indifferent personality. In the hearts of everyone, she was a high and mighty fairy who was untainted by the mortal world. Why would she reveal such an attitude? To Hua Chengtian and the others, such an attitude was even more moving. Originally, the Painting Immortal could only be admired from afar and could not be touched. But now, Senior Sister Mo Qing seemed to have descended into the mortal world and was by their side, becoming much more real. What was Su Zimo trying to do? Senior Sister Mo Qing came to visit and he purposely avoided her? If it was anyone else, they would be so agitated that they would not be able to sleep for a few days! But soon, Hua Chengtian and the other two thought of a possibility. Everyone in the academy knew that Senior Brother Yuehua had admired Senior Sister Mo Qing for a long time. This Su Zimo must be afraid of Senior Brother Yuehua's reputation, which was why he avoided Senior Sister Mo Qing. At that thought, Hua Chengtian and the other two could not help but lament in their hearts, "Su Zimo is rather smart. If he gets too close to Senior Sister Mo Qing, he will definitely end up in a terrible state!" Yang Ruoxu and Princess Chi Hong had strange expressions as well. The two of them exchanged glances. Although they did not say anything, they could read each other's minds and understood the message in each other's eyes. "Ruoxu, Senior Brother Su and Senior Sister Mo Qing seem to ..." "I just realized that during the Immortal Sect selection, when senior apprentice-sister Mo Qing attacked me twice, it wasn't for me, but for brother Su!" "Now that you mention it, it makes sense." "This misunderstanding caused me to be hated by Senior Brother Yuehua for so long for no reason. Even now, Senior Brother Yuehua does not have a good expression when he sees me." "If Senior Brother Yuehua knew that he hated the wrong person, he would probably explode in anger, hehe." At that thought, the two of them secretly worried for Su Zimo. Although Su Zimo was a registered disciple, his battle prowess was far inferior to the Moonlight Sword Immortal's!

Furthermore, the Moonlight Sword Immortal had cultivated in the Qiankun Academy for many years. The fame and power she had accumulated was far from what Su Zimo could compare to. Because of Fairy Mo Qing's words, the entire scene fell into a strange silence. It was as if time had stopped. Yang Ruoxu coughed and broke the silence. "Is there a misunderstanding here?" Su Zimo reacted and hurriedly explained, "Senior Sister Mo Qing, I'm really sorry. I've been in seclusion all these years to cultivate a secret technique. I couldn't stop it. I didn't mean to hide." As soon as Mo Qing said that, she realized that she had lost her composure. Actually, at the beginning, when she went to look for Su Zimo to no avail, she didn't think much of it. He thought that Su Zimo was cultivating in seclusion and could not be distracted. However, after being rejected seven or eight times in a row, no matter how pure her thoughts were, she had already reacted. She couldn't help but feel annoyed. She had originally planned to ignore Su Zimo in the future. However, many times, the more she thought about it, the angrier she became. She couldn't calm down, so she went to look for Su Zimo again and wanted to ask him face to

face. Three days ago, after being rejected again, she deliberately left the ice butterfly near Su Zimo's cave abode to secretly observe. As expected! Three days later, when Princess Chi Hong came to visit, Su Zimo came out personally to welcome her. Mo Qing had endured for more than a thousand years. Now that she had finally caught Su Zimo, she naturally had to come and ask him clearly! When she asked, she realized that there were outsiders around. Her reaction was a little too extreme, and she immediately regretted it. Although she knew that Su Zimo's explanation was still perfunctory, she didn't say anything else. "You're lying!" Unexpectedly, the ice butterfly on Mo Qing's shoulder suddenly spoke in human language. "I saw it all. After rejecting us, you came out to welcome someone else three days later!" Su Zimo's mouth twitched. He resisted the urge to go forward and crush the butterfly. Smiling awkwardly, he said, "What a coincidence. I just came out of seclusion ... fufu." The ice butterfly wanted to continue asking to help Mo Qing vent her anger. However, Mo Qing said, "Little Butterfly, that's enough. We'll talk about this in the future." Seeing that Mo Qing gave up on asking, Su Zimo was relieved and wiped his sweat secretly.

"Where are you guys going?" Mo Qing asked indifferently. At the mention of that, Su Zimo's expression turned solemn and he said in a deep voice, "I have two old friends who are in danger and I'm preparing to rescue them." At that point, Su Zimo's heart skipped a beat. If he could get Senior Sister Mo Qing to help, it would be a hundred times better than Hua Chengtian and the other two! Hua Chengtian and the other two were only True Immortals at the Consolidation Stage. Senior Sister Mo Qing had already cultivated to the Kongming Stage. Consolidation Stage, Heavenly Being, Kongming Stage, Dongxu Stage. Senior Sister Mo Qing was only a step away from the Dongxu Stage. At that thought, Su Zimo asked, "Senior Sister Mo Qing, I wonder if you're free. Why don't you come with us to take a look?" Mo Qing did not reply. She only looked at Su Zimo quietly with a faint smile. That gaze caused Su Zimo to feel flustered. The ice butterfly harrumphed and said proudly, "No, we're not free. We still have to cultivate in seclusion. We can't be distracted." Hua Chengtian laughed coldly and mocked, "Junior Brother Su, you've been purposely avoiding Senior Sister Mo Qing all these years. Now that you're in trouble, you're begging for help. Aren't you too shameless!" "You said that we're shameless. I think you're the one who's truly shameless!" Su Zimo shrugged. This time, he did not refute. In fact, he had already regretted asking this question the moment he finished it. "What has it got to do with you?" Mo Qing suddenly spoke and looked at Hua Chengtian coldly. "I-I ..." Hua Chengtian's expression froze. He was stunned by Mo Qing's words and did not know what to say for a moment. Mo Qing ignored him and took out a pleasure boat from her storage bag. She turned to Su Zimo and said, "Get on." The pleasure boat expanded rapidly in midair and turned into a spirit boat. It emitted a faint fragrance that was intoxicating. "Thank you, Senior Sister!" Su Zimo was overjoyed. He thanked her hurriedly and boarded the exquisite spirit boat. "Brother Yang, Princess Chi Hong, come on too." Su Zimo turned back and saw that Yang Ruoxu and Princess Chi Hong were still rooted to the ground. He greeted them instinctively.

"This ..." Yang Ruoxu was hesitant. Su Zimo did not know the reason. However, he knew that Mo Qing's pleasure boat was not something that anyone could board. As of now, even the Moonlight Sword Immortal did not have a chance! "Come on. I'll control the boat and it'll be faster." Mo Qing did not look at Yang Ruoxu and Princess Chi Hong as she said indifferently. Yang Ruoxu and Princess Chi Hong exchanged glances and heaved a sigh of relief. They leaped at the same time and boarded the pleasure boat. Pshew! The pleasure boat turned into a divine light and disappeared from the gates of Heaven and

Earth Academy in the blink of an eye. Hua Chengtian and the other two were left in a mess in the wind. They sniffed the fragrance of the pleasure boat with envious expressions ...

Chapter 2457

Green Cloud Mountain. At the foot of the mountain, there was a small and crude thatched hut. There was a special smell coming from it, like herbs mixed with blood. "Ziyi, leave now. Don't worry about me." An old man leaned against the head of the bed. His face was pale, and he said weakly, "I feel uneasy. I can smell danger." The old man was heavily injured, and his blood was drained. He had lost all ability to fight. However, he had cultivated for many years, and he had an inexplicable sense of danger. It was like an instinct! "Master, rest well. We'll leave together!" A purple-clothed woman knelt in front of the old man. She lowered her head slightly. These two were True Immortal Zangye and Feng Ziyi. Feng Ziyi had her head lowered, but True Immortal Zangye could still feel the sadness in her heart. "Cough, cough, cough! Ziyi, don't be sad." True Immortal Zangye coughed violently and breathed heavily. "I know my body's condition. I won't be able to recover. I don't have much lifespan left. Even if I wasn't injured, I wouldn't be able to live for more than a few years. Now, I'm just leaving early. True Immortals have a lifespan of five hundred thousand years. Ever since I ascended, your grandfather and I had a glorious time in the Divine Firmament Immortal Realm. We were only one step away from success!" This life is enough for me. "It's just that I won't be able to go to the Demon Zone to help Brother Feng anymore. Feng Ziyi was expressionless. She had lost her parents when she was young, and she had seen them killed with her own eyes. It had left a wound in her heart that was difficult to heal. Since then, she had become taciturn. Moreover, she had cultivated many techniques of the Hidden Death Sect. She had become even colder, and she was very wary of everyone. She seemed to have lost the ability to feel fear, sadness, and laughter. Even though she was sad and didn't want to leave, she didn't show any emotion. She just stubbornly stayed by True Immortal Zangye's side. Even though she knew that the longer they stayed here, the more dangerous it would be for them! True Immortal Zangye suddenly sighed. "Brother Feng, when you were trapped in Thunder City, I couldn't protect Yunzhou and Xuansu. All these years, I've always felt guilty."

"Master, it's not your fault." Hearing these two names, Feng Ziyi felt a sharp pain in her heart. The Storm Boat and Lu Xuansu were her parents. True Immortal Buried Night said, "Violetrobe, go to the Demon realm. Go right now! With Brother Feng here, he will definitely be able to protect you. You are his last family member in this world, and also his only family member!" "Today, none of you can leave." At this moment, a cold voice came from outside the house. It was erratic and seemed to be everywhere! True Immortal Buried Night's expression changed slightly upon hearing this voice, and he subconsciously clenched his fists. Suddenly! A gust of wind blew past. The straw hut could not withstand the impact and collapsed with a loud bang. Feng Ziyi unleashed a ball of Essence Qi to protect True Immortal Zangye. Soon, the dust settled. In mid-air, dozens of figures stood in the air. Their auras were powerful, and although they seemed to be standing loosely, they had already surrounded the area! The leader wore a bamboo hat and a black cloth that covered his face, revealing only a pair of cold, narrow eyes. One of the three great Sword Celestials of the Divine Firmament Celestial Realm, Shadowless! In the distant horizon, thousands of Executioners were rushing over, and they were about to arrive! True Immortal Buried Night's eyes were filled with despair when he saw this. There was no chance. Even if he was in peak condition, it would be difficult for him and Feng Ziyi to escape from this encirclement! True Immortal Buried Night held his breath and slowly stood up. He looked at the man in the bamboo hat and

said, "Jue Wuying, my life is in your hands today! But since you and I were once master and disciple, please let her live. ""This child is only a rank three Sky Immortal. She can't threaten you at all." True Immortal Buried Night looked at Feng Ziyi and panted. "Master, there's no need to beg him!" Feng Ziyi said expressionlessly. "Don't worry about that. At least she won't die now," Jue Wuying said. "We'll use her to lure Feng Cantian out. Then, we'll send them both to hell." Jue Wuying was expressionless as he spoke. "Jue Wuying!"

True Immortal Buried Night took a deep breath and suddenly shouted, "Back then, I pitied you, so I saved you and taught you all my skills! I didn't expect you to be an ungrateful bastard who betrayed your master for glory! ""If you didn't betray Can Ye, Xuansu wouldn't have fallen into Great Jin's hands. Then, Yun Zhou wouldn't have lost to King Jin's Crown Prince! "Jue Wuying was wearing a bamboo hat, so others couldn't see his face. However, his long and narrow eyes that were exposed had clearly become even sharper and sharper! Jue Wuying said, "Old man, you were too naive back then. You wanted to create Can Ye to fight against the Great Jin Celestial Empire. ""I will never do something like trying to break a stone with an egg or trying to stop a carriage with a mantis. ""If you want to die, don't drag me down with you. I don't want to die yet!" True Immortal Buried Night couldn't help but curse, "Ungrateful bastard, you won't have a good ending!" "Is that so?" Jue Wuying said indifferently, "Unfortunately, you won't be able to see it. I'll kill you first today!" "Wait!" At this moment, a voice rang out. Then, hundreds of cultivators rushed over. Although the leader was a man, he was very good-looking. It was Xie Qingcheng from the Flaming Sun Celestial Empire! He had been watching nearby for a long time and hadn't shown himself. His hundreds of cultivators were all Sky Immortals. None of them were True Immortals. Compared to the Great Jin Celestial Empire, there was a huge difference in strength. That was why he didn't show himself immediately. However, now that True Immortal Buried Night was in danger, Xie Qingcheng couldn't care less. He could only brace himself and stand out. If nothing went wrong, the people from Heaven and Earth Academy should be rushing over. He had to stall for time as much as possible. "It's best for unrelated people to mind their own business." Jue Wuying glanced at Xie Qingcheng and said coldly. He had already noticed Xie Qingcheng and the others, but he didn't say anything. In his eyes, these people were no threat at all. Xie Qingcheng smiled and cupped his hands at the True Immortals of the Great Jin Celestial Empire. He said loudly, "I'm Xie Qingcheng, the Duke of the Flaming Sun Celestial Empire. ""I'm here to invite True Immortal Buried Night and Miss Feng to the Flaming Sun Celestial Empire's Imperial City."

True Immortal Buried Night and Feng Ziyi glanced at Xie Qingcheng, confused. They didn't know this good-looking Duke at all. They didn't know why he would suddenly show up. Moreover, Xie Qingcheng seemed to be on their side. "There's no need to mention the Flaming Sun Celestial Empire or the Duke's name," Jue Wuying said indifferently. "You don't even have a True Immortal by your side. If I'm not wrong, you're just an idle Duke!" Xie Qingcheng's expression didn't change when he was seen through. However, he was complaining in his heart.

Chapter 2458

The Flaming Sun Immortal King had many wives and concubines. Rumor had it that he had hundreds of children. Anyone with royal blood could be conferred the title of County King or Princess. However, the difference in status between the County Kings was very obvious. The Dajin Celestial Nation had 16 counties and more than 1,000 cities. The Flaming Sun Immortal Kingdom had 23 counties and more than

2,000 cities. Only the County Kings who ruled over a county were truly powerful County Kings in the Flaming Sun Immortal Kingdom. The rest of the County Kings and Princesses were just County Kings with no duties. Xie Tianhong, who had died at the hands of Wu Dao, was the County King of Lingxia County. He was very powerful. Not only did he have Perfected Immortals protecting him, but he could also mobilize a certain number of Perfected Immortals. As for County Kings with no duties like Xie Qingcheng, they could only recruit a few Sky Immortals. They had no right to command the Perfected Immortals of the Celestial Nation. The situation in the three Celestial Nations was similar. For example, in the Flaming Sun Immortal Kingdom, if there was a vacancy for a County King with real power, the Flaming Sun Immortal King would even let his descendants fight with each other to choose the most outstanding successor. Due to the huge difference in status between a County King with no duties and a County King with real power, Jue Wuying did not take Xie Qingcheng seriously. "Take Feng Ziyi away. Leave that old thing to me." Jue Wuying said coldly. The Executioners below obeyed and surrounded Feng Ziyi. Xie Qingcheng frowned. He took a deep breath and led the hundreds of Sky Immortals behind him to stand in front of Feng Ziyi and Jue Wuying. "Xie Qingcheng, don't test my patience." Jue Wuying said, "I'll say it again. Don't meddle in my business!" Xie Qingcheng smiled and said, "Exalted Immortal Shadowless, please show mercy and let them live. I promise that they will never appear in the Divine Firmament Immortal Realm again!" "Be careful!" At this moment, True Immortal Zangye suddenly warned. Pfft! "Before Xie Qingcheng could react, he felt a sharp pain in his chest. He spat out a mouthful of blood, and his Qi and blood quickly declined! Xie Qingcheng clutched his chest and groaned. No one saw Jue Wuying's attack. However, his chest had already been pierced through and his heart had exploded!

Furthermore, the wound left behind by Shadowless still contained a strand of True Yuan and Sword Qi, preventing it from healing in a short period of time. Xie Qingcheng's body trembled slightly. His face was drained of blood, and he was sweating profusely. However, he still forced a smile. "As expected of the Shadowless Sword, one of the Three Great Sword Deities. It's untraceable and soundless!" "This is just to teach you a lesson." Jue Wuying looked down at Xie Qingcheng with his long and narrow eyes and said, "If there's a next time, I'll pierce through your primordial spirit!" "So Shadowless, one of the three Divine Firmament Sword Immortals, is a bully!" At this moment, an exquisite painted spirit boat broke through the air and arrived in front of them in the blink of an eye. There were three people standing on the pleasure boat, two men and one woman. Xie Qingcheng calmed down slightly when she saw who it was. "Ziyi, look!" True Immortal Buried Night's murky eyes lit up when he saw the person on the boat. "It's him!" Feng Ziyi looked over and saw the green-robed scholar on the pleasure boat. Her heart, which was as calm as an ancient well, actually stirred. The three people on the pleasure boat were Su Zimo, Yang Ruoxu, and Chi Hong Countess! "Qiankun Academy?" Jue Wuying's gaze swept across the sect tokens on Su Zimo and the others' waists. His expression did not change as he murmured softly. "Brother Qingcheng!" Chi Hong Countess's expression changed when she saw Xie Qingcheng's appearance. She exclaimed and jumped down from the pleasure boat and ran over. Xie Qingcheng forced a smile and said, "I'm fine. I'll be fine after going back and recuperating." "Brother Xie!" In a flash, Su Zimo came to Xie Qingcheng's side as well. His expression was filled with worry and suppressed anger! Xie Qingcheng was injured, but he still pretended to be relaxed and joked. "You guys are finally here. If you didn't come, I would have really left." "Thanks!" Su Zimo was touched. Although he did not say much, he remembered this deep in his heart. If not for Xie Qingcheng, he would not have been able to find Feng Ziyi and Yang Ruoxu. Moreover, in order to stall for time, Xie Qingcheng had even put himself in danger

and was heavily injured! In fact, Su Zimo had only asked Xie Qingcheng to look for them.

Xie Qingcheng and Feng Ziyi did not know each other. Even if he did not stop them, Su Zimo would not blame him at all. However, Xie Qingcheng still stood up. He might look weak on the outside, but deep down, he was chivalrous and brave! Su Zimo came to Feng Ziyi and Yang Ruoxu. Looking at the weak True Immortal Zangye, he could not help but frown. With his eyesight, he could naturally see that True Immortal Zangye was like a lamp that had run out of oil. Coupled with the injuries on his body, True Immortal Zangye could die at any time! "Kid, you're here." True Immortal Zangye's mouth twitched slightly as he tried to squeeze out a smile. Feng Ziyi did not speak. Instead, he looked deeply at Su Zimo. Su Zimo said in a low voice, "Senior, don't worry. I'll take you away!" "I'm about to die. Don't worry about me." True Immortal Zangye said, "Take Ziyi away and take good care of her." "Since when did Qiankun Academy like to meddle in other people's business?" A Dajin True Immortal suddenly sneered. "You want to take someone from Dajin Celestial Nation with just the three of you?" Yang Ruoxu came to Xie Qingcheng's side and pressed his hand on his chest, trying to get rid of the True Essence that Jue Wuying had left in his body. However, after several attempts, he did not succeed. Jue Wuying was a Dongxu True Immortal, while Yang Ruoxu was only a Unity True Immortal. The difference between them was too great! Jue Wuying looked at Yang Ruoxu's actions and said, "You were the one who said I was bullying the weak, right? You want to get rid of the True Essence sword energy I left behind with your cultivation?" "Hahaha ... Are all the people in the academy so ignorant?" "Who is this person? He looks unfamiliar. I've never seen him before." "Looking at his cultivation, he probably just became a core disciple of the academy." "You think you're invincible when you just reached True Self Realm? Let me tell you something. You still have a long way to go!" The other True Immortals from Dajin Celestial Nation laughed mockingly. "You're so noisy." Suddenly, a voice came from the room on the boat. Although the voice could not hide the disgust towards the people from Dajin Celestial Nation, it was very pleasant to the ears.

Next, a woman walked out of the boat and stood at the bow. Her clothes fluttered in the wind. She had a graceful figure, and her black hair was tied up in a bun. She looked like a fairy who had walked out of an ancient painting. She was so beautiful that even the sky paled in comparison! Just Now, the mockery and whispers disappeared in an instant. Everyone's gazes landed on the woman, unable to shift away.

Chapter 2459

Among the four fairies, the Painting Fairy was the most mysterious one. She lived in seclusion and rarely showed herself. Many people had never seen her before. Everyone felt that the woman on the boat was very beautiful. She stood at the bow of the boat without moving. It was as if she had merged with the surroundings to form a beautiful painting. "The Painting Fairy?" Although Shadowless had never seen the Painting Fairy's true appearance, he quickly guessed it when he saw the sect token on her waist and the boat under her feet. There were only a handful of people in the entire Divine Firmament Celestial Realm who had such an aura, let alone the Qiankun Academy. "She's the Painting Fairy, Mo Qing!" One of the Executioners said in a deep voice, "I was lucky enough to see her during the Celestial Sect Selection." The Executioner was Gu Xing. He had followed Duke Yuanzuo to the Celestial Sect Selection to hunt down Su Zimo. "It's Fairy Mo Qing! No wonder!" "The Painting Fairy actually came out for this?" "I didn't come for nothing today. Hehe!" The cultivators of the Great Jin Celestial Kingdom looked at Mo Qing with a hint of passion in their eyes. Even the dozens of Perfected Immortals looked at Shadowless subconsciously. If it

was just Yang Ruoxu from the Qiankun Academy, they would not take him seriously and could mock him as much as they wanted. But facing the Painting Immortal Mo Qing, everyone still had some scruples in their hearts. Mo Qing jumped off the boat and came to Xie Qingcheng's side. She reached out her slender hand and pressed on Xie Qingcheng's chest. A powerful and strange True Essence flowed into her body and expelled the Sword Qi True Essence that Shadowless had left in her body. Shadowless said, "Painting Fairy Mo Qing, I've heard a lot about you." Mo Qing did not look at him. She only looked at Su Zimo and said calmly, "I'm taking those two with me." Shadowless was silent for a while before saying, "I'm afraid not." Feng Ziyi was very important. She was the key to luring Feng Cantian out. Getting rid of Feng Cantian was very important to the Great Jin Celestial Kingdom and the Great Jin Celestial Kingdom. He could not let Feng Ziyi leave. Mo Qing's expression did not change. She asked, "What if I insist on taking them with me?" "Then, I'm sorry." Jue Wuying's eyes were as calm as an ancient well. He said, "It just so happens that I want to see the skills of the Painting Immortal."

Although Jue Wuying had betrayed Can Ye, joined the Great Jin Celestial Nation, and obtained the opportunity to cultivate many Dao techniques, his foundation was still the Dao of Assassination. In Shadowless' heart, there was no such thing as having tender feelings for the fairer sex. With just a few words, the atmosphere became tense! Yang Ruoxu sent a voice transmission to Su Zimo. "Zimo, if a fight breaks out later on, take them and leave as soon as possible. I'll join forces with Senior Sister Mo Qing to stall for as long as possible." "Is this Shadowless very difficult to deal with?" Su Zimo asked via voice transmission. "This person, along with Senior Brother Moonlight and Sword Immortal Spring Wind from the Imperial Wind Monastery, are known as the Three Great Sword Immortals of Divine Firmament. Their battle prowess is in the top ten amongst True Immortals of Divine Firmament!" Yang Ruoxu said, "Senior Apprentice-Sister Mo Qing is famous for her paintings. She has yet to reach the final stage of the Insightful Emptiness Realm. Her combat power is definitely inferior to Shadowless." "However, I heard that Senior Sister Mo Qing has a picture book. If we tear it apart, we should be able to stop them temporarily." In mid-air, a True Immortal from the Great Jin Celestial suddenly laughed and said, "I heard that the Painting Fairy Mo Qing had an affair with the academy's disciple, Yang Ruoxu. I thought it was just a rumor, but after seeing it today, I know that the rumors are true." This True Immortal wanted to use the same trick as the Zither Immortal, Mengyao, to attack Mo Qing's Dao Heart directly! If it was in the past, Mo Qing would definitely fall for it. She would either explain herself or be secretly angry. Then, she would fall deeper and deeper into the opponent's trap until her Dao Heart showed a flaw. However, after experiencing the Avici Hell, Mo Qing was not the same as before! Hearing this person's mockery, Mo Qing's expression was calm. She looked up at the True Immortal and said, "Picturesque Landscape!" Mo Qing activated her Dao Fruit, and halos bloomed behind her head. Then, she raised her hand slightly. Whoosh! The surrounding Picturesque Landscape and thousands of miles of mountains and rivers formed a shocking picture scroll in an instant, and suppressed the True Immortal! No one expected Mo Qing to attack the True Immortal from the Great Jin Celestial Nation without saying anything. Moreover, she directly used the peerless Mystical Power that she had comprehended from the Painting Dao!

She used a killing move right from the start and showed no mercy! Even Su Zimo and Yang Ruoxu could not react in time, let alone the True Immortals from the Great Jin Celestial Nation. This feeling was like a woman who was usually quiet and aloof from worldly affairs suddenly killing people. Who would have expected her to be so powerful? "You ..." The True Immortal quickly took out his Natal Spiritual Treasure

and blocked in front of him. He did not even have time to release his peerless Mystical Power. Boom! The picturesque Landscape pressed down. Mo Qing's eyes were filled with majestic mountains, continuous rivers, hanging waterfalls, thousands of miles of smoke, boundless clouds, vegetation, birds, and beasts. All of them were integrated into the picture scroll, merging into one! Puff! This True Immortal's cultivation was not high. He was only a True Immortal in the Consolidation Stage. How could he withstand the impact of such power? This person felt as if he had been struck by lightning. His body shook violently, and he spat out a mouthful of blood. Even with his Natal Spiritual Treasure, the picturesque Landscape's power had completely destroyed the vitality in his body! This person's eyes were dull and lifeless. He fell to the ground with his Natal Spiritual Treasure and died on the spot! Mo Qing had attacked aggressively and killed a True Immortal from the Great Jin Celestial Nation! "There are people in this world who slander you, bully you, humiliate you, laugh at you, belittle you, despise you, and hate you. You don't have to endure or defend yourself." "What should I do?" "Just kill them." When Mo Qing attacked, she recalled what Araki Takeshi had said to her. From that moment on, she understood one thing. Most of the time, when facing evil people, there was no need for her to prove her innocence. Being weak, retreating, hiding, and tolerating would only make the other party want a yard after taking an inch! She did not have to explain or tolerate. She only had to fight! Even if she could not kill the other party, she had to defeat them and make them afraid. She had to make these people fearful and not dare to talk nonsense anymore! As expected! Mo Qing attacked and killed the True Immortal from the Great Jin Celestial Nation. The rest of the people were shocked and quickly took out their Spiritual Treasure. They stared at her with vigilance. No one dared to say anything to her anymore!

Jue Wuying's face darkened. He said coldly, "Do you think that you and Yang Ruoxu can stop the True Immortals of Great Jin?" Let me tell you, even if you tear up all the pictures in your album, it's useless! "No one can take away the people that I, Jue Wuying, want to keep!" Mo Qing took out her album and held it in her hands. A breeze blew past, flipping the pages of the album. All kinds of powerful beings flashed past, emitting a terrifying aura! "You can try!" Mo Qing held the album, not afraid at all. In the worst case scenario, she would tear this picture book to shreds and destroy it indiscriminately! "Ha ..." Jue Wuying suddenly laughed. "Fairy Mo Qing, it's impolite not to reciprocate. Since you killed one of Great Jin's people, I'll let your Qiankun Academy pay with a life! "

Chapter 2460

Oh no! "Mo Qing's heart sank. Over the years, she had read a lot of information about the World of Cultivation. Naturally, she had heard of the Shadowless Sword. Shadowless was the most famous assassin in the world. He had killed many powerful Genuine Immortals. He was quite famous in the Nine Clouds Immortal Realm and even the entire Heaven Realm. His combat strength might not be the best among the Genuine Immortals. However, even the powerhouses on the Genuine Immortal Ranking Board were afraid of him. There were only two Genuine Immortals in the academy. They were Mo Qing and Yang Ruoxu. Mo Qing believed that Shadowless would not dare to kill her. There was only one target left for Shadowless. Yang Ruoxu! There was no doubt that an assassin at the Dongxu Stage would kill a True Immortal at the Unity Stage. Yang Ruoxu would definitely die. These thoughts flashed through Mo Qing's mind in a flash. Without hesitation, she took out an ancient painting and threw it at Yang Ruoxu. It was the treasure she had obtained in the Avici Hell. It was the Painting of Deities, Ghosts, Immortals, and Demons. The assassination without a shadow was soundless and traceless. It would be too late if Mo Qing waited until she noticed it. Mo Qing had to make a decision in advance. The Painting of Deities,

Ghosts, Immortals, and Demons unfolded and surrounded Yang Ruoxu. There were four figures in the painting. Three of them were not very clear. However, one of the figures had blonde hair and blue eyes. His whole body was shining with golden light. His eyes were like torches. He looked very lifelike. Although it was just a figure in the painting, it was emitting a powerful aura. "Protoss!" Many True Immortals cried out in surprise when they saw this figure. The characteristics of the Protoss were very obvious. They could recognize him at a glance. Many Genuine Immortals even suspected that if someone approached Yang Ruoxu and threatened him, the Protoss in the painting would come out and kill all threats. Back in the Avici Hell, a Bone Demon from the White Bone Temple had been blinded when he looked at the Deity in the Painting of Deities, Ghosts, Immortals, and Demons. That was how powerful the Deity was. All these years, Mo Qing had been studying the Painting of Deities, Ghosts, Immortals, and Demons. She had not comprehended the Deities, Ghosts, Immortals, and Demons. "Hehe ..."

Suddenly, a sneer came from midair, full of mockery and mockery. It was Jue Ying's laughter. Moreover, he had already disappeared from where he stood! The most terrifying assassin in the Heaven Realm had already made his move! However, the Deities, Ghosts, Immortals and Demons around Yang Ruoxu did not move at all. The statues on them did not retaliate either. Mo Qing suddenly thought of a possibility. Her heart sank to the bottom and her face turned pale. Shadowless' target might not be Yang Ruoxu, but ... Su Zimo! "I heard that this kid and Duke Yuan Zuo are like fire and water. He even offended Princess Meng Yao. Today, I will kill him as a gift to Princess Meng Yao!" Shadowless' voice rang out. His assassination had already landed on Su Zimo's body! No one thought that Shadowless would attack Su Zimo. Firstly, Su Zimo was only a Heavenly Immortal. For a famous expert like Shadowless, assassinating a Celestial Immortal was like killing a chicken with a butcher's cleaver. There was no need to use a sledgehammer to crack a nut. Secondly, Mo Qing had killed a Perfected Immortal expert from the Dajin Celestial Nation. Therefore, when Shadowless said that he would kill a Perfected Immortal from the Qiankun Academy, everyone subconsciously thought that Shadowless would also assassinate a Perfected Immortal from the Qiankun Academy. Just Now, the two sides were equal. However, the actions of an assassin could not be judged by common sense. The Dao of Assassination emphasized the element of surprise. The more unexpected it was, the higher the success rate of the assassination! "Zimo, be careful!" The first to react was True Immortal Zangye. As an assassin, Shadowless's Dao of Assassination was taught by True Immortal Zangye. Naturally, he could sense what Shadowless was thinking. However, he was seriously injured and was on the verge of death. Even his reaction was much slower, let alone helping. In fact, his reaction was even slower than Su Zimo's! This was because just as Shadowless was about to attack, Su Zimo's spiritual sense suddenly warned him. He felt a strong sense of danger. The aura of death was so strong that it almost suffocated him! This might be the greatest danger he had encountered ever since he ascended to the upper world! An assassination attempt from a top-tier Perfected Immortal expert! It was too fast!

Su Zimo could not see Shadowless's figure, let alone the direction and trajectory of his attack. However, he knew that Shadowless had already attacked. More importantly, although Yang Ruoxu and Senior Sister Mo Qing were present, none of them could help him. By the time the two of them reacted, he would have already been reduced to a corpse! Teleportation? His figure and aura were completely locked onto by Shadowless. Against the might of a Perfected Immortal expert, he could not teleport at all. Furthermore, the speed of the True Dragon Nine Flashes was even slower than teleportation – there was no time at all! If even the True Dragon Nine Flashes could not do it, it was even more too late to rely

on Ethereal Wings, Roc Wings, Ground Traversing Golden Light and other mystic powers. Before he could release all of these divine abilities, Jue Ying had already killed him! Even if he wanted to abandon Qinglian's true body and release his Essence Spirit, he could not be faster than Shadowless's sword! At the end of the day, the difference in strength between both parties was too great. His many trump cards were practically useless in the face of absolute power. Moreover, for a top-tier assassin like Shadowless, once he attacked, he would definitely give it his all! He would not underestimate his opponent just because his opponent was weak. Therefore, when Shadowless attacked, he completely cut off all of Su Zimo's escape routes! He wanted to kill him in one strike! Poof! Under everyone's gaze, Su Zimo's glabella was pierced by a sword! Shadowless's figure suddenly appeared. "It's over!" Yang Ruoxu was shocked. He clenched his fists tightly with a sorrowful expression. It was too fast! The entire process seemed slow, but in fact, it only took an instant. With just a thought, Shadowless's sword had already pierced through Su Zimo's head! Mo Qing's eyes dimmed. There were no miracles in this world. Since Shadowless had attacked, he would definitely kill all of Su Zimo's chances of survival. In order to survive, one would first have to detect Shadowless's killing intent in advance, determine the direction of the sword, and have the ability to escape from the pursuit of the sword ... Even a Perfected Immortal could not do all of these, let alone a Heaven Immortal! Shadowless's sword was traceless and silent.

Even for her, she could only barely catch a trace of it. In other words, if Shadowless's sword had attacked her, she could not guarantee that she could escape unscathed! However, just as these thoughts flashed through her mind, she suddenly frowned slightly as she felt something strange. When the sword pierced through Su Zimo's head, there was no trace of blood at all? There seemed to be an unexpected change in the battle! Bang! Su Zimo's body suddenly exploded. There was no blood or flesh left. His body turned into rays of green light and disappeared from the world. Immediately after, Su Zimo's figure suddenly appeared beside Mo Qing! Although he looked pale and seemed to be in shock, his life force was strong and he was unharmed! Su Zimo was not dead? He had actually escaped from Shadowless's sword? Everyone's eyes widened in shock!
