

## Sacred King 2461

### Chapter 2461

Whoosh! Su Zimo had just stabilized himself when a jade-colored light flew from Shadowless' sword and entered his sea of consciousness. Many True Immortals could see that this jade-colored light seemed to be a book made of jade. "Cicada Shell Shedding?" Shadowless murmured, a hint of surprise flashing past his long and narrow eyes. Everything happened so quickly that other than Jue Wuying and Su Zimo, most of the onlookers did not know what was going on. Shadowless was right. Su Zimo had just used a peerless divine ability, Cicada Shell Shedding! Cicada Shell Shedding was a bit special. To use this divine ability, one had to have a clone that belonged to oneself. Then, use the clone to complete the process of Cicada Shell Shedding. When one suffered a fatal attack, the clone would take the damage, and the main body would escape. However, this was not what surprised Shadowless. Because even if someone used Cicada Shell Shedding, they would not be able to escape from his Shadowless Sword! His sword was extremely fast and powerful. It was enough to pierce through Su Zimo's clone and main body. It would not give Su Zimo a chance to escape at all! However, there was still a change in the situation. In order to kill in one strike, Shadowless' sword went straight for Su Zimo's sea of consciousness. When his sword entered Su Zimo's sea of consciousness, he felt a huge resistance. The tip of the sword seemed to have hit something hard and could not pierce through. The Shadowless Sword paused for a moment, and his figure was revealed. The Shadowless Sword had stabbed the Jade Purity Book! And the clone that was destroyed was the Primeval Body that Su Zimo had used the Jade Purity Book to condense! No matter how sharp the Shadowless Sword was, it could not pierce through the Jade Purity Book. This jade book had been passed down through the ages. It was an indestructible treasure in itself, and it even contained a world within it. Only an Emperor weapon would be able to destroy it! It was this momentary pause that gave Su Zimo a chance to escape. He used his teleportation divine ability and escaped to Fairy Mo Qing's side. Then, the Jade Purity Book returned to his sea of consciousness. It did not matter if the Primeval Body was destroyed. He could use it again in a few days. The whole process seemed simple, but Su Zimo thought back to it. Every step was frightening!

If his judgment had been slightly off, he would have died on the spot! "You have the Jade Purity Book, one of the Three Pure Jade Books!" Shadowless's eyes were extremely sharp. He recognized the origin of the Jade Purity Book in an instant. The Perfected Immortals' eyes lit up. The Three Pure Jade Purity Book! Although there was only one book, it was a priceless treasure..... Suddenly! The sound of a sharp blade slicing through the air rang out in the air. It was so fast that it was ear-piercing! By the time everyone heard the voice, a beam of golden light had already arrived before them. Its power was terrifying, and it almost tore through the void. Its target was Jue Wuying!.... too.... Furthermore, the timing of the explosion of this golden light could be said to be perfect!. Shadowless had just failed to attack and his figure was revealed. Most of his attention was focused on Su Zimo and his Jade Purity Book and he was slightly distracted. At this moment, the golden light arrived in an instant! Shadowless's expression darkened. He channeled his Dao Fruit and released a massive amount of Quintessential Essence. Gripping the Shadowless Sword tightly, he slashed at the golden light! Clang! The Shadowless Sword collided with the golden light, producing a sharp sound! Shadowless shuddered! At the same time, the golden light revealed its true form – it was a golden arrow! The power of that arrow was too strong. The moment Shadowless came into contact with it, he realized that he could not completely neutralize the power contained in that arrow with his strength. Shadowless's sword

momentum suddenly changed and guided the golden arrow towards his head. At the same time, he lowered his body. If nothing went wrong, the arrow would shoot over his head. However, right then, something happened on the battlefield! Almost everyone who saw this scene would subconsciously wonder who the attacker was and how Shadowless had neutralized this arrow. As for Su Zimo, he stared at Shadowless's figure with a murderous intent and waited for an opportunity to strike! Shadowless had almost killed him earlier on – how could he let it go just like that? However, the difference between the two of them was too great. Under normal circumstances, none of his methods would be a threat to Shadowless. In fact, he might not even be able to touch Shadowless's sleeves!

But now, Shadowless was fighting against that arrow and could not be distracted – it was the perfect opportunity for him to strike! "Fleeting Youth!" Many mystic skills flashed through Su Zimo's mind. Finally, he chose this peerless mystic skill! Everyone was stunned. No one expected that a mere Heaven Immortal who had just escaped from the Shadowless Sword would dare to attack a peak True Immortal expert! Even Shadowless did not expect that. However, he was calm and was not worried at all. He did not even look at Su Zimo and had a mocking look on his face. Even a peerless mystic skill released by a Level 9 Heaven Immortal would not be a threat to him, let alone a Level 6 Heaven Immortal! There was an insurmountable gap between Heaven Immortals and True Immortals. The mystic skills released by Heaven Immortals were still based on Heaven and Earth Yuan Qi. On the other hand, True Immortals had condensed Dao Fruits and had True Essence to protect their bodies. Even if they did not move, they could block any peerless mystic skills released by Heaven Immortals. Moreover, Shadowless was a Paradise Void Stage True Immortal. His Dao Fruits were pushed to the limit and his True Essence was pure and vast. It was not something that a Heaven Immortal could shake! "Hehe ..." In the air, many True Immortals of the Great Jin could not help but snicker when they saw Su Zimo's actions. In their eyes, Su Zimo's actions looked so childish and naive. An ant trying to shake a tree – that was the perfect description of this moment. Shadowless did not care about Fleeting Youth at all. He only used his True Essence to protect his body and focused on blocking the golden arrow that was shot at him. Dong! After the release of Fleeting Youth, the sound of a drum rang out in the void. Suddenly, Shadowless's figure shuddered imperceptibly! Boom! The golden arrow flew over his head and pierced into the stone wall not far away with a deafening sound. Half of the tail of the golden arrow was exposed and it was still trembling slightly – it was clear how terrifying the arrow was! The sound of the drum after Fleeting Youth was drowned out by the deafening sound and no one noticed it. Su Zimo looked at Shadowless who was not far away and lamented internally.

At the end of the day, Fleeting Youth did not fuse perfectly with the sound of the Twilight Drum and could not threaten a True Immortal expert like Shadowless. Shing! Right at this moment, the bamboo hat on Shadowless's head suddenly exploded into pieces! The golden arrow that flew by earlier had brushed against the edge of the bamboo hat and tore it apart with a tremendous force! Jue Wuying was silent. His eyes were cold, and the black cloth on his face covered his gloomy and weathered face. He quickly reacted and took out a brand new bamboo hat from his storage pouch and put it on his head. "Hmm?" In that short moment, Su Zimo noticed something amiss. He saw a few strands of white hair at Shadowless's temples! Although Fleeting Youth did not manage to kill Shadowless, it was still effective!

Other than Su Zimo, no one else noticed Jue Wuying's abnormality. Jue Wuying's cultivation techniques allowed him to hide his aura. No one expected that a Stage Six Heavenly Immortal's peerless skill would affect a True Immortal in the Dongxu Stage. At this moment, Jue Wuying's heart was in turmoil! His lifespan had been reduced by 60,000 years! Originally, he was 380,000 years old. For a True Immortal with a lifespan of 500,000 years, he was still at his peak. But in just a few breaths' time, he had reached 440,000 years old! Although his combat strength was still there, from this moment onwards, he had walked down from his peak and was gradually aging! Under normal circumstances, he could have dodged the golden arrow perfectly. He was confident that he had calculated it perfectly! But because his lifespan had been reduced, there was a slight deviation in his strength. As a result, the golden arrow just now had pierced through his bamboo hat. Other than Jue Wuying and Su Zimo, no one else knew what the slight deviation in his strength meant. "How is this possible?" Jue Wuying found it hard to believe. A peerless skill released by a Stage Six Heavenly Immortal could affect his lifespan and even reduce it by 60,000 years? Unless that was not a peerless skill, but a Supreme Skill! But that did not make sense. If it was a Supreme Skill, it had a high requirement on the Primordial Spirit. Let alone a Stage Six Heavenly Immortal, even a Stage Nine Heavenly Immortal's Primordial Spirit would wither and die on the spot! Moreover, how could a Heavenly Immortal come into contact with a Supreme Skill? A Supreme Skill was as rare as a taboo secret manual. Most True Immortals could not come into contact with it. Even if they came into contact with it, they would not be able to gain anything in their lifetime, let alone comprehend it and release it. It was not an exaggeration to say that if a True Immortal could comprehend a Supreme Skill, he would be a Supreme True Immortal! Jue Wuying was furious that his lifespan had been reduced by 60,000 years for no reason, but he did not attack Su Zimo immediately. Firstly, Su Zimo was already standing beside Mo Qing. Mo Qing had the Immortal Demon Painting, so he did not stand a chance.

The second was the person who had just shot the arrow. This person was the biggest threat to him! Shadowless looked in the direction where the golden arrow came from and saw a group of several hundred cavalry slowly approaching. All of them were clad in battle armor and held long spears in their hands. The horses they rode were tall and majestic, and their hooves were covered in flames. Their auras were powerful, and they were clearly mutated immortal beasts! The leader was dressed in golden armor and was tall and sturdy. Even though he was sitting on a horse, he was still much taller than the others. This person's facial features were handsome. His eyes were as blue as the sea, and his eye sockets were slightly sunken. His gaze was deep, and his nose bridge was high. The leader was actually a Protoss! The Protoss had a quiver of golden arrows hanging on his back, a golden spear resting on the saddle in front of him, and a large bow in his hand. There weren't many of them, but they were very disciplined. Every single one of them exuded an iron-blooded killing intent from the battlefield! "It's the imperial guards of the Zi Xuan Immortal Kingdom." Yang Ruoxu said in a low voice, "From the looks of it, they might be on our side. I wonder who they are." Su Zimo looked over. Through the silhouettes of the imperial guards, he could vaguely see that there was a carriage in the middle of the hundreds of imperial guards, but he couldn't see who was inside. Yang Ruoxu said, "The Protoss in the lead is called Shu Gehan. For some reason, he chose to join the Zi Xuan Immortal Kingdom and become the commander of the imperial guards." He rarely fights, but it's said that his battle prowess should be in the top five among the Perfected Immortals in the Divine Firmament Immortal Realm! "To be able to invite him here, he must be someone from the Zi Xuan Immortal Kingdom, and his status must be very high!" Upon hearing this, Su Zimo's heart skipped a beat. He could roughly guess the identity of the person in the carriage. Yang Ruoxu was a little confused. "I wonder who is so powerful to drag the Zi Xuan Immortal

Kingdom into this. "Su Zimo still didn't say anything. Only Mo Qing seemed to have sensed something, and she glanced at Su Zimo subconsciously. Yang Ruoxu pondered for a while and glanced at Mo Qing before secretly sending a voice transmission to Su Zimo. "It might be Senior Sister Mo Qing. Only she can have such an effect."

"So it's Commander Shu. I was wondering whose arrow it was that had such power." Jue Wuying looked at Shu Gehan, who was not far away, and asked slowly, "I wonder why Commander Shu is here?" "I want to take those two away." Shu Gehan pointed at Feng Ziyi and the other two and said, "Don't worry." Su Zimo sent a voice transmission to Feng Ziyi and Mo Qing. "The Zi Xuan Immortal Kingdom has no ill intentions." "What if I don't let them go?" Jue Wuying raised his brows slightly. Clang! Shu Gehan suddenly slapped the golden dagger-axe in front of him, making a sound. He said expressionlessly, "You can try." On the Zi Xuan Immortal Kingdom's side, other than Shu Gehan, there were less than ten Perfected Immortals. Even if the Heaven and Earth Academy and the Zi Xuan Immortal Kingdom worked together, their numbers still couldn't compare to the Great Jin Immortal Kingdom. But if a battle really broke out, the Great Jin Immortal Kingdom would suffer heavy losses and return in defeat. Jue Wuying thought that he could only fight Shu Gehan at most, and his chances of winning weren't high. If Mo Qing tore the book in her hand and released many powerful fierce beasts, the Great Jin Immortal Kingdom's Perfected Immortals would have a hard time stopping them. Also, there was a mysterious carriage in the middle of the Zi Xuan Immortal Kingdom's Imperial Army. It looked very simple without any decorations. However, Jue Wuying tried to find out who was sitting inside, and how many people were there. Jue Wuying tried several times to find out, but to no avail! After his divine sense entered this carriage, it was like a clay ox entering the sea, instantly disappearing. The unknown was a variable. Jue Wuying didn't dare to rashly start a battle. Just Now, he said that to test the Zi Xuan Immortal Kingdom's determination. Shu Gehan's tough attitude made him want to retreat. Plus, he was hit by a Sky Immortal's ultimate god art and lost 60,000 years of his lifespan. He also wanted to go back and check what was wrong with his body and how he could recover the 60,000 years of his lifespan. Subconsciously, he still didn't think that a Sky Immortal's ultimate god art could reduce his lifespan by 60,000 years and cause irreparable damage. "Since Commander Shu insists, I'll give you face." Jue Wuying was silent for a long time before he slowly said, "However, I have to remind Commander Shu that the two people you chose to protect are criminals wanted by the Great Jin Immortal Kingdom." "If there is any conflict between the two countries because of this, I'm afraid Commander Shu won't be able to bear the responsibility." Shu Gehan was unmoved and replied indifferently, "Don't worry about it." "Alright!" Jue Wuying sneered and said, "I'll what happened today. Commander Shu, I'll remember today's arrow. I hope you'll be more careful when you go out in the future ... "Facing the threat of a top-tier assassin, even Shu Gehan's expression changed subconsciously, and he frowned! After saying this, Shadowless' figure moved and disappeared from the spot. The other Perfected Immortals of the Great Jin Immortal Kingdom looked at each other and could only return to the Great Jin Immortal Kingdom. The thousands of Executioners retreated like the tide.

## **Chapter 2463**

Su Zimo and the others heaved a sigh of relief when they saw the Dajin Celestial Kingdom's people leave. True Immortal Zangye sighed with emotion. He and Feng Ziyi didn't have the power to get the Flaming Sun Celestial Kingdom, Qiankun Academy, and even the Zixuan Celestial Kingdom to help them! It was all because of one person. It was because of this person that the Dajin Celestial Kingdom's dozens of True Immortals and thousands of Executioners had to retreat, leaving behind the corpse of a

True Immortal. Thinking back, this young man was still in such a sorry state, being chased by people with nowhere to hide. It had only been a few thousand years, but this weak cultivator had grown to such a level that he could get three top forces to help him! Su Zimo cupped his hands and bowed to Su Zimo on the divine chariot. "I'm Qiankun Academy's Su Zimo. Thank you for your help, Commander Shu." Shu Gehan nodded and said, "Fairy Mo Qing, and you, my lady invites you." As they spoke, the group of Imperial Guards dispersed, revealing a path that led to the simple and plain carriage in the middle. If it were anyone else, she wouldn't have accepted the invitation. But Mo Qing had already guessed the identity of the person in the carriage, so she naturally wouldn't reject this request. Su Zimo patted Xie Qingcheng's shoulder and nodded slightly. "Brother Xie, please wait for a moment. I'll be back soon." Then he nodded to Feng Ziyi and True Immortal Zangye, telling them not to worry. Su Zimo and Feng Ziyi walked over, and the Royal Army closed again, blocking everyone's view. Yang Ruoxu, Xie Qingcheng, and the others still didn't know the identity of the mysterious person in the carriage. Su Zimo and Feng Ziyi boarded the carriage. There was a woman in plain clothes sitting on the side, looking at them with a smile. It was Book Immortal Yun Zhu. In the Zixuan Celestial Kingdom, there weren't many people who could command the Royal Army. The number of people who could command Shu Gehan of the Imperial Guards could be counted on one hand. Even Yun Ting was not qualified, but Yun Zhu was. "It's really my sister." Mo Qing smiled at Yun Zhu. Back then, in the Avici Hell, the three of them had experienced a life-and-death crisis together. The relationship between the two fairies had become extremely close because of this, and they called each other sisters. Due to Mo Qing's temperament, she didn't have many friends. After the trip to Avici, she treated Yun Zhu as her only confidant.

In Su Zimo's impression, he rarely saw Senior Mo Qing smile. Now, when he saw Mo Qing smiling at Yun Zhu, he felt a sense of amazement in his heart. The thought flashed through Su Zimo's mind. "Senior Sister and I are both in the academy, and we've seen each other many times. If others see her smile, I'm afraid they'll be mesmerized." "What are you thinking? I've helped you so much, and you're not even going to say hello?" At this moment, Yun Zhu's voice sounded. Su Zimo regained his wits and coughed. He smiled and said, "Please don't blame me, Dao Friend. Thank you for today's matter." Yun Zhu smiled and didn't make things difficult for Su Zimo. She turned to look at Mo Qing and said, "I didn't want to show my face, so I called the two of you over." Su Zimo and Mo Qing naturally understood. Mo Qing asked, "But this time, it was your imperial guards who took the two people away. If the Great Jin Immortal Empire pursues the matter, how will you deal with it?" Yun Zhu didn't answer. She looked at Su Zimo and asked, "What do you plan to do with the two of them?" Su Zimo said, "I want to send them to the Demon Domain." This was also his original plan. He wanted to let Feng Cantian and Feng Ziyi reunite. Yun Zhu glanced at Su Zimo with a faint smile and said deliberately, "Send them to the Heaven Barren Sect in the Demon Domain. 'Araki Takeshi' will protect them there." Su Zimo felt guilty and stole a glance at Senior Sister Mo Qing. Seeing that she didn't notice anything unusual, he stammered, "Hmm ... Feng Cantian is there. I heard that he's already a King in the Grotto-Heaven and can take care of them." Yun Zhu stopped teasing Su Zimo and said seriously, "If the Great Jin Immortal Country asks about it, it's easy to deal with it. We can just say that the two of them were kidnapped along the way or come up with a random excuse." "If they go to the Demon Domain, go in the direction of the Zi Xuan Immortal Empire. I'll escort them. There won't be any danger." "Okay!" Su Zimo was overjoyed. "I'll arrange for them to come over." If they went in the direction of the Zi Xuan Immortal Empire and had Fairy Yun Zhu's escort, it meant that the two of them would be completely free from the Great Jin Immortal Empire's pursuit. Su Zimo got up and left the carriage. He went to Xie Qingcheng and said, "Brother Xie, I really have to thank you this

time. I didn't expect you to be heavily injured today."

"It's nothing." Xie Qingcheng waved his hand and said with a smile, "This injury is nothing. I'll be fine after a few days of rest." "Brother Xie, I have other things to do. I can't drink with you today, so I can only say goodbye." Su Zimo said in a low voice, "Brother Xie, if you have any problems in the future, you can come to the Qiankun Academy to find me. If it's within my ability, I'll do my best!" "Mm ..." Xie Qingcheng's expression changed slightly. He pondered for a while as if he wanted to say something but was hesitating. Su Zimo saw that Xie Qingcheng was hesitating and said, "Brother Xie, if there's anything you want to say, just say it." Xie Qingcheng was silent for a while before he smiled and said, "It's nothing. Let's talk about it later." Su Zimo frowned slightly. Xie Qingcheng clearly had something on his mind, but since he didn't want to say it, Su Zimo didn't want to ask. Xie Qingcheng took a deep breath and cupped his fists with a smile. "Brother Su, don't worry. Go and do your things. I'm also preparing to go back. Let's meet again." Su Zimo nodded and said, "I'll say it again. If you encounter any difficulties, come and find me." "Alright, goodbye!" Xie Qingcheng cupped his fists again and said goodbye to Yang Ruoxu, Princess Chi Hong, and the others. He then led hundreds of Heavenly Immortals under his command and drove the spirit vessel away. Yang Ruoxu and Princess Chi Hong also came up and said goodbye to Su Zimo. They left hand in hand and returned to the Qiankun Academy. Su Zimo helped True Immortal Zangye and Feng Ziyi through the royal guards. Next to the simple carriage, Yunzhu had already prepared another spacious and luxurious carriage. Su Zimo helped True Immortal Zangye in, and Feng Ziyi followed closely behind. The interior of the carriage suddenly opened up. Many items were present. Compared to Yunzhu's simple and plain carriage, the difference was like heaven and earth. True Immortal Zangye's condition was getting worse and worse. He couldn't even stand and could only lie on the bed. The light in his eyes was also getting weaker. This was the emperor of assassins who founded Hidden Death Sect in Tianhuang Mainland and experienced the ancient war. After ascending, another four hundred thousand years had passed, but he still reached the end of his life.

True Immortal Zangye was like a lamp that had run out of oil. He didn't have any extra energy to heal the injuries on his body. The carriage had already started moving, but it was unusually silent inside, filled with a sadness of parting.

## **Chapter 2464**

Feng Ziyi didn't say anything. She just stood next to True Immortal Zang Ye with an expressionless face. Even her eyes were like a pool of stagnant water. She had always been like this. Su Zimo had known her for many years and had once traveled together with her. However, it was rare for him to see any emotions on her face. Su Zimo had thought that she was cold by nature. But later, he learned that her family had been destroyed when she was young and she had witnessed the tragic death of her parents. That had caused her personality to change. "Where have you been all these years?" Su Zimo asked. "After the Thunder Emperor Grotto-heaven was crowned as the Overlord, we came to the Divine Cloud Celestial Realm to look for you and Can Ye's subordinates. However, we alerted the Celestial Kings of the Great Jin Celestial Nation, so we had no choice but to return to the Demon Region." "All these years, I've asked my friends from the Flaming Sun Celestial Nation and the Zixuan Celestial Nation to look for you, but there was no news." Feng Ziyi said, "After we parted last time, Duke Yuanzuo started to take revenge and hunted down all the cultivators of Can Ye. Master and I had nowhere to hide, so we had to run for our lives." "When we were running, we accidentally entered an ancient ruin and were isolated from the

world. We only managed to escape after thousands of years of cultivation." "Master and I heard that Grandpa had established a foothold in the Demon Region, so we wanted to gather Can Ye's subordinates and bring everyone there." "But Duke Yuanzuo had already set a trap and used Can Ye's subordinates to lure us out." "It's Duke Yuanzuo again!" Su Zimo's face turned cold as killing intent flashed in his eyes. He gritted his teeth and said, "It's been thousands of years, but he's still haunting us!" Su Zimo thought for a while and understood Duke Yuanzuo's intentions. Back then, Feng Cantian had escaped from Thunder Extinction City under Duke Yuanzuo's nose. Duke Yuanzuo couldn't absolve himself from the blame, so he was stripped of his position as the Duke of the Azure Cloud County. Although Duke Yuanzuo was a Duke now, he didn't have the real power of a Duke. His identity, status, and power were far from what they used to be. He wanted to capture Feng Ziyi and Feng Cantian to lure Feng Cantian out to make up for his mistake and regain his position to the Duke of the Azure Cloud County..... "What happened next?" Su Zimo asked. Feng Ziyi said, "Later on, Master took me out of the encirclement, but he was heavily injured. These wounds are from that battle."

Off to the side, True Immortal Buried Night coughed violently a few times. Panting, he said, "I can't ... I'm old ..." Even without asking, Su Zimo could roughly guess what happened next. That was why Dajin Immortal Kingdom sent out Jue Wuying and dozens of other True Immortals to kill Feng Ziyi and Feng Ziyi. With Commandery Prince Yuanzuo's current status, it was impossible for him to command these Perfected Immortals. The person behind this must be an Immortal King from the Dajin Celestial Nation. True Immortal Buried Night's eyes were cloudy as he let out a self-mocking laugh. He sighed emotionally, "I didn't expect that I would fall at the hands of a group of Celestial Immortal juniors despite having dominated the world for so many years and killing so many powerful opponents." True Immortal Zangye's tone carried a hint of unwillingness and sadness. Su Zimo looked at the white-haired old man who was lying on the bed and was on the verge of death. He could not help but recall the magnificent ancient era of Tianhuang Mainland where the emperors rose together! The old man before him was one of the emperors who founded Hidden Death Sect and passed it down for generations! This old man was once on par with the Human Emperor, Thunder Emperor, Saber Emperor, Sword Emperor and Buddha Emperor. For the sake of the survival of the human race, he fought against the Primordial Nine Races and left behind many legends on the battlefield, creating a glorious era that belonged to the human race! But now, he was in his twilight years and was humiliated, ending up in this state. Su Zimo's heart was filled with a sense of injustice that could not be calmed down for a long time! He felt a tightness in his chest and could not help but take a deep breath. Suddenly, he stood up and left the carriage. His expression was cold as he looked into the distance silently. Not long after, Mo Qing walked out of the carriage beside him and looked at Su Zimo. She said softly, "I'm going back. Are you going to send them to the Fiend Domain?" "Yes ..." Su Zimo replied distractedly. After pondering for a moment, Mo Qing suddenly said, "Come with me. I have something to tell you." The two of them jumped off the carriage. After the imperial guards of the Zi Xuan Immortal Kingdom were far away, Mo Qing took out a painting from her storage bag and handed it to Su Zimo. Mo Qing said, "Since you're going to send them to the Fiend Domain, help me give this painting to Araki Takeshi."

"Alright," Su Zimo nodded and was about to keep it. Mo Qing asked, "Aren't you going to take a look?" "Can I take a look?" Su Zi froze for a moment. Mo Qing said, "Of course. Since you're so familiar with him, you can help me take a look and see if it's similar." Su Zimo followed her instructions and unrolled the painting slowly. A purple-robed man was drawn on it. His robes fluttered and his black hair

danced wildly. His hands were behind his back and he stood tall with a silver mask on his face. His eyes were mysterious and deep, revealing a trace of indifference. It had to be said that purely in terms of painting, this painting had almost perfectly depicted Wu Dao's original body. It was vivid and lifelike. Mo Qing had only seen Wu Dao's original body a few times, but she was able to complete such a painting based on her memory. The title of Painting Immortal was indeed well-deserved. Even the unique temperament of Wu Dao's original body was somewhat reflected in the painting. "It's very similar." Su Zimo nodded and kept the painting. He said, "Senior Sister, you're too kind." Although he agreed, he didn't intend to give this painting to Wu Dao's original body. He had seen this painting, which meant that Wu Dao's original body had seen it. Naturally, there was no need to do the extra thing of handing it to Wu Dao's original body. Mo Qing looked at Su Zimo with some resentment. She said, "Speaking of which, it's your fault. I've looked for you many times in the past few years, but you avoided me. ""If you could tell me more about Araki Takeshi, this painting could be completed better.""But now, this painting only has the form, but it lacks a lot of charm." Su Zimo was silent. "I'm leaving. After you send them off, if there's nothing else, you can go back to the academy." Mo Qing said, "The fact that you have the Jade Purity Jade Book has been exposed. You may encounter danger outside.""Senior Sister, thank you for the reminder." Su Zimo cupped his hands slightly. Mo Qing nodded and turned to leave. Soon, she disappeared. Su Zimo looked in the direction of the Imperial Army of the Zi Xuan Immortal Kingdom. He took a deep breath and quickly chased after them.

This time, Su Zimo didn't go to Feng Ziyi's carriage. Instead, he knocked on Yunzhu's carriage. "Come in." Yunzhu's voice sounded. Su Zimo got into the carriage. Yunzhu put down the scroll in her hand and looked at him with a smile. She said teasingly, "I can see that Sister Mo Qing can't forget Araki Takeshi." Su Zimo thought of this and felt a headache.

## **Chapter 2465**

When did you find out? "Su Zimo looked at Yunzhu curiously. He was not surprised that Momo had exposed herself and aroused Yunzhu's suspicion. However, if Yunzhu was able to determine the relationship between Tao Yao and the Martial Dao Venerable based on Tao Yao alone, it was a little too mysterious! Su Zimo believed that there must have been something wrong with him that caught Yunzhu's attention. "Take a guess." Yunzhu pursed her lips and smiled, but she was unwilling to say it. If it were any other time, Su Zimo would definitely carefully recall where he had exposed himself. However, he was currently thinking about something else and was not in the mood to do so. Su Zimo suddenly asked, "Where's Commandery Prince Yuanzuo now?" Yuanzuo had lost his status as the Commandery Prince of the Azure Cloud County and could no longer stay in Azure Cloud City. "Yuanzuo?" Yunzhu was stunned for a moment. She did not understand why Su Zimo suddenly changed the topic. However, she still said, "Yuanzuo has lost his power for many years and has been reduced to an ordinary Commandery Prince with no duties. He should be in Juelei City now." Su Zimo nodded and said, "I'll leave Feng Ziyi and Yun Zhu to you. I won't be following you.""You're leaving?" Yunzhu was a little surprised. Su Zimo's departure was a little sudden and without warning. "We'll meet again. Thank you for this time." Su Zimo cupped his fists and got ready to leave. Yunzhu frowned slightly. She felt that something was wrong. Seeing that Su Zimo was about to get out of the car, a thought flashed through Yunzhu's mind. She quickly stopped Su Zimo. "Wait!" Su Zimo paused in his tracks. Yunzhu's expression was solemn. She asked in a low voice, "Su Zimo, don't tell me you're going to Juelei City in the Dajin Celestial Nation to cause trouble for Commandery Prince Yuanzuo?" Su Zimo sighed inwardly. Yunzhu was just too smart. He

had only asked a casual question, but Yunzhu had already guessed his intention. Su Zimo knew that he could not hide it from Yunzhu. Thus, he did not say a word, which could be considered a tacit agreement. Yunzhu stepped forward and grabbed Su Zimo's wrist, pulling him back to his seat. She frowned and said, "Brother Su, I know you're upset, but please calm down first!"

Su Zimo remained silent. Yunzhu said, "That's the Dajin Celestial Kingdom we're talking about. You've been wanted by the Dajin Celestial Kingdom since a long time ago. It's too dangerous! Not to mention finding Commandery Prince Yuanzuo, I'm afraid you'll be discovered before you even enter Juelei City." Su Zimo said, "I know a kind of disguise technique that can deceive the heavens and cross the sea. Sneaking into Juelei City and even Yuan Zuo's mansion is not a difficult matter." Yunzhu also recalled that during the Immortal Sect general election, Su Zimo had indeed changed his appearance, making it difficult for others to distinguish him. "Even if you can sneak into Juelei City, what are you planning to do?" Yunzhu asked with a frown. "Juelei City is heavily guarded, and there are many experts. Are you planning to kill Commandery Prince Yuanzuo in his territory?" "That's not impossible!" Su Zimo's expression was calm as he said in a deep voice, "Commandery Prince Yuanzuo is only an ordinary Commandery Prince now. After a few consecutive failures, his status among the Commandery Princes and Princesses of the Dajin Immortal Nation must have fallen to the lowest level!" This time, Yunzhu did not refute. According to the information she had, Su Zimo's judgment was completely correct! Feng Cantian had escaped. During the Immortal Sect general election, the Executioner's Guard had suffered heavy losses, but they still failed to capture Su Zimo. During the Earth Ranking battle, they had returned in defeat, causing the Great Jin Celestial Nation to lose face. On the Grand Tie Wei Mountain, Yuan Zuo had made a final attempt. Many forces had joined forces, but they were still defeated by Su Zimo. These failures had caused great damage to the Great Jin Celestial Nation's reputation, and Yuan Zuo had become a joke in the Great Jin Celestial Nation. Su Zimo said, "Therefore, there won't be any True Immortal Realm experts in Juelei City!" Previously, during the siege on the Grand Tie Wei Mountain, Commandery Prince Yuanzuo was able to ask True Immortal Mirrormoon to help him because he was once the Commandery Prince of the Azure Cloud County, and True Immortal Mirrormoon was the Commandery Governor of the Azure Cloud County. The two of them could be considered friends. However, things were different now. Yunzhu nodded slightly. She agreed with this point as well. There would not be any True Immortal Realm experts in Juelei City. Su Zimo continued, "News of what happened today will soon reach Yuanzuo's ears. He will know my cultivation level, but he will never expect that I will go to the Great Jin Celestial Nation and kill him in Juelei City!" "Not only Yuanzuo, but I'm afraid no one would expect it." Yunzhu sighed.

If Su Zimo had not asked that question just now, even she would not have thought that Su Zimo would dare to do such a shocking thing! Su Zimo said, "The Dao of Assassins emphasizes the element of surprise. The more unexpected it is, the more likely it is to succeed! Now is the best chance to kill Yuanzuo!" Yunzhu suddenly realized that Su Zimo's decision was not a spur of the moment decision. He had thought it through carefully and planned everything. He wanted to kill Yuanzuo by assassinating him, so that he could give True Immortal Zangye an explanation. Yunzhu thought for a long time, but she was still worried. She shook her head and said, "If you can cultivate to Level Eight or Level Nine, I won't stop you. I'm afraid no one among the Heavenly Immortals is your match." "However, you are now only a Level Six Heavenly Immortal, three levels away from Level Nine. Not to mention assassinating Yuanzuo in Juelei City, which is heavily guarded and full of experts, even if you fight Yuanzuo alone, I'm afraid you

won't stand a chance." "Yuanzuo is not weak. He is now ranked ninety-eight on the Heaven Ranking, and you don't have the Prison Suppressing Cauldron with you." Su Zimo smiled and said, "If I really cultivate to Level Eight or Level Nine, I'm afraid I won't have the chance to assassinate Yuanzuo." Yunzhu was quick-witted and intelligent. She only needed to think for a moment to understand what Su Zimo was implying. If she were Duke Yuanzuo, she would definitely be cautious after hearing that Su Zimo had cultivated to Level Nine. She would not leave the territory of the Dajin Immortal Empire. Moreover, she would be more alert and would not easily expose her whereabouts. She might even set up some traps to kill Su Zimo! But now that she knew that Su Zimo was only a Level Six Heavenly Immortal, she would not care. Who would have thought that a Level Six Heavenly Immortal would dare to come to Juelei City of the Dajin Immortal Empire, assassinate a Level Nine Heavenly Immortal, and predict a Duke on the Heaven Ranking? This plan was too bold! This was destined to be an earth-shattering assassination! If it succeeded, it would cause an uproar in the Divine Firmament Celestial Realm! "After chasing me for so long, it's time to put an end to it." Su Zimo lowered his head slightly and murmured softly. His eyes were filled with killing intent! In fact, he had chosen to assassinate Duke Yuanzuo not only to avenge True Immortal Zangye, but also to give himself an explanation!

Since his ascension, he had not been able to shake off Duke Yuanzuo's pursuit. He had narrowly escaped death several times. It was just that he was not strong enough to fight back. Today, since he was ready to strike, he would not give Duke Yuanzuo any chance to turn the tables! Moreover, he wanted to kill his way into Duke Yuanzuo's territory and give him a big surprise! There was another important matter that had been circling Su Zimo's mind all these years. He wanted to find out how Duke Yuanzuo knew that he was going to participate in the Immortal Sect Selection, and how he could recognize his disguise!

## **Chapter 2466**

Seeing that Su Zimo had made up his mind, Yunzhu stopped persuading him. She pondered for a while and said, "I can't help you with this. Take this talisman." As she spoke, Yunzhu took out a talisman from her storage bag and stuffed it into Su Zimo's hand. "Teleportation jade talisman?" Su Zimo recognized the talisman and quickly shook his head. "No, this talisman is too precious!" Such a large-scale teleportation jade talisman could help the caster escape from danger in many cases. It was equivalent to having an extra life. Back then, when the Patriarch of the Academy took him in as an in-name disciple, he only gave him a similar jade talisman. Su Zimo said, "Moreover, with my means, I can escape from Thunder City after killing Duke Yuanzuo. You can rest assured." Yunzhu said seriously, "Brother Su, listen to me. Regardless of whether this succeeds or not, I hope you can leave and return as soon as possible. This teleportation jade talisman can send you directly to the teleportation array of the Zixuan Immortal Kingdom." By then, you might be able to make it back in time to send True Immortal Ye off." Su Zimo fell silent. With his means, it was not difficult to escape from Thunder City. However, once Duke Yuanzuo was killed, the Dajin Immortal Kingdom would fall into martial law and he would not be able to get close to the teleportation array. It would take him some time to escape from the Dajin Immortal Kingdom. Yunzhu smiled and said, "Take it. If this succeeds, count it on me." "Okay!" After a moment of silence, Su Zimo did not decline and nodded. "Goodbye." Yunzhu said, "Be careful." Su Zimo left the carriage, took a deep breath, and sped toward the Dajin Immortal Kingdom. To be precise, the next battle would be his first real battle after he became a Sky Immortal after leaving the Academy. In the battle on the Grand Tie Wei Mountain, he had defeated Duke Yuanzuo and the others purely with the help of the Prison-Suppressing Cauldron. In the Jade Purity Jade Book, no one knew about his battle with

the princes and princesses. When the princes and princesses were defeated, they would not spread the news for the sake of their reputation. However, this battle was different. Once the battle broke out, the news would spread throughout the entire Divine Firmament and even the Nine Firmament Immortal Realm! "Alright, since I'm going to compete for the Heaven Leaderboard, I'll show you what I'm capable of!"

Su Zimo's eyes were filled with fighting spirit, and his chest was filled with a heroic spirit. He couldn't help but let out a long roar as he unleashed a variety of movement techniques and sped away at full speed.... Su Zimo had the help of the Sanbao Jade Scepter. He could easily enter the Great Jin Celestial Nation by transforming into the appearance of Lone Star, the commander of the Executioners. Then, without stopping, he continuously opened the teleportation array and came to Thunder Flash City. Absolute Thunder City's teleportation array was located in the northwest corner of the City Lord Mansion. It was late at night. With a flash of light, Su Zimo's figure appeared and landed on the teleportation formation. Not too far away, there were four guards of the City Lord Manor guarding the Teleportation Formation. Sensing the commotion, they turned their gazes over. Su Zimo scanned with his Divine Sense. The four guards guarding the portal were all Earth Immortals. If they were really some kind of expert, they wouldn't have been sent to guard the teleportation array. "Greetings, Commander Lone Star!" When the four guards saw Su Zimo, they hurriedly bowed and greeted him. Su Zimo's expression was cold as he nodded slightly and walked toward the four guards. Before he got close, he emitted a powerful Divine Sense to suppress them! The four guards couldn't move at all. They looked at Su Zimo in confusion and fear. Su Zimo didn't say anything. He stretched out his hand and captured the Primordial Spirits of the four guards from their Sea of Consciousness. He then used the Soul Searching Technique! He wanted to know the information and location of Duke Yuan Zuo. Not long after, the Primordial Spirits of the four guards dimmed and cracks appeared on their bodies. The four guards died without a sound. Su Zimo had already obtained the information he needed. He looked in the direction of the City Lord Mansion's main hall and a murderous intent flashed across his eyes. Just as he had expected, after Feng Cantian escaped, Thunder City had suffered great damage. Although it had been repaired, its reputation was not as good as before. There were no True Immortals in Thunder City. The City Lord of Thunder City was Duke Yuan Zuo. He usually cultivated in the City Lord Mansion. Su Zimo casually placed the corpses of the four guards into a storage bag and hid them.

Then, he came to the Teleportation Array and released a few rays of Sword Qi from his fingertips. He destroyed the runes on the Teleportation Array and cut the foundation into pieces. The Teleportation Array in a city like Thunder City had limited teleportation distance. It could only teleport people within the Cyan Cloud County. Only the Teleportation Array in Cyan Cloud City could teleport people to the Imperial City of Da Jin or the border. To teleport people to the Zi Xuan Immortal Kingdom and other forces outside of Da Jin, only the Teleportation Array in Da Jin's Imperial City could do it. Therefore, once something happened, Da Jin would be under martial law and the Teleportation Array would be sealed. The Teleportation Array in Thunder City was useless to Su Zimo. However, if the True Immortals in other cities received the news and wanted to come to Thunder City as soon as possible, the Teleportation Array was the only way. Su Zimo's destruction of the Teleportation Array meant that even if the True Immortals in other cities received the news, they would not be able to reach Thunder City in a short time. He would have more than enough time to get rid of Duke Yuanzuo! Su Zimo left the place and quickly headed to the main hall of the Mayor's Mansion according to the memories he obtained

from the Soul Search. Gu Xing was the commander of the Executioner Heavenly Guards. His journey through the Mayor's Mansion was smooth and he did not meet any obstacles. Using the Tri-Gem Jade Ruyi, not only could he imitate the physical appearance, but he could also imitate the clothes and accessories on the body. There were almost no flaws. The only flaw was that he could not imitate the cultivation level. Su Zimo was a Level Six Heavenly Immortal while Gu Xing was a Level Nine Heavenly Immortal. However, Gu Xing held a high position. Which of the guards would dare to use their Divine Sense to check his cultivation level? Moreover, the guards in the Mayor's Mansion were relatively lax. It was obvious that they were not on guard. Su Zimo made many turns and he was getting closer to the main hall of the Mayor's Mansion. Two more patrolling guards appeared in front of him. One was a Level Four Heavenly Immortal while the other was a Level Five Heavenly Immortal. Along the way, the cultivation levels of the guards he met were getting higher. This also meant that he was not far away from Duke Yuanzuo! "Greetings, Commander Gu Xing." When the two guards saw Su Zimo, they bowed subconsciously.

But soon, they looked at each other in confusion. One of them frowned and said, "Didn't Commander Gu Xing just pass by? Why ..." A cold light flashed in Su Zimo's eyes. He decisively stepped forward and tapped the area between the eyebrows of the two guards twice with his fingertips. It was too fast! The two guards were caught off guard and their vision blurred. Then, they felt a sharp pain in their heads and they lost consciousness. The entire process took less than a breath's time and it was done silently. Su Zimo stuffed the two corpses into his storage bag and hid them. In the dark night, Su Zimo's expression was cold and sinister. The outline of the main hall could be vaguely seen in front of him. "Crack!" The sound of porcelain shattering could be heard in front of him! Su Zimo did not use his Divine Sense as he was worried that he would disturb Duke Yuanzuo. He only used his powerful hearing to vaguely catch a conversation. One of them seemed to be extremely angry and seemed to be venting something. Su Zimo sneered and retracted his aura. He was almost completely hidden in his surroundings as he moved forward.

## **Chapter 2467**

In the main hall of the Governor's Mansion in Juelei City. "How despicable!" Duke Yuanzuo stared at the broken teacup on the floor. His face darkened as he said with hatred, "It's Su Zimo again, ruining my plans!" Gu Xing said, "I heard that this time, not only did the Cosmos Academy's Painting Immortal Mo Qing appear, even the royal guards of the Zi Xuan Immortal Empire joined in. That Shu Gehan from the God Race appeared and forced Jue Wuying to retreat." "How did the Zixuan Celestial Kingdom get involved?" Duke Yuanzuo looked annoyed as he said, "Isn't that Young Duke Yunting and Su Zimo like fire and water? Are they going to fight to the death?" "I'm not sure about that." Gu Xing shook his head. After a pause, Gu Xing continued, "But I heard that old man Zang Ye won't be able to survive." "What's the point of him dying? Feng Ziyi has already escaped!" The more Duke Yuanzuo thought about it, the angrier he got. He raised his voice and said, "If I want to reclaim the title of Duke of Azure Cloud County, I have to capture Feng Ziyi and lure Feng Cantian out to make up for my mistakes." "But now, this opportunity has been ruined by Su Zimo!" "This Su Zimo destroyed my clone and stole my taboo mystic manual. He has ruined my plans time and time again, causing me to lose all my face. He truly deserves to die!" Duke Yuanzuo gritted his teeth as he spoke. His expression was ferocious. Gu Xing said, "Your Highness, there's another way to reclaim the title of Duke of Azure Cloud County. That's to kill Su Zimo!" "Firstly, killing him will relieve your hatred. Secondly, this guy has humiliated the Dajin Celestial

Kingdom several times. Killing him will help the Dajin Celestial Kingdom regain their reputation." "Thirdly, this kid had offended Princess Meng Yao before. Killing this kid will definitely gain Princess Meng Yao's favor. As long as Princess Mengyao is willing to put in a good word for Your Highness, the title of Duke of Azure Cloud County will be yours! " "You're talking nonsense!" Duke Yuanzuo scolded, "This servant has already entered Qiankun Academy. I have no chance at all. Can I run into Qiankun Academy to kill him?" Lone Star said, "In the Divine Firmament Immortal Meeting 1,000 years later, the Heaven List Ranking Battle might be an opportunity." "How is this possible?" Duke Yuanzuo sneered, "I just received news that this Su Zimo is now a Tier 6 Heavenly Immortal."

"With his cultivation, without the Prison Suppressing Cauldron, he won't even be able to enter the Heaven Ranking. He won't even have a chance to participate in the final ranking battle." Gu Xing said with some regret, "Now that I think about it, two thousand years ago, when we worked together on the Grand Tie Wei Mountain, it was the best chance to kill him. Who would have thought that he would have a treasure like the Prison Suppressing Cauldron on him?" "Su Zimo's losses weren't small either." Duke Yuanzuo snorted and said, "I heard that the Patriarch of the Heaven Barren Sect, Araki Takeshi, is now in control of the Prison Suppressing Cauldron and the Avici Hell." "Su Zimo must have met Araki Takeshi in Hell back then. After a huge battle, although he survived, the Prison Suppressing Cauldron was snatched away by Araki Takeshi." Duke Yuanzuo said, "Without the protection of the Prison Suppressing Cauldron, if he has another chance like that, he will definitely be able to kill him!" "Hehe ..." At that moment, a chuckle came from outside the door. "Who is it!" "Who is it!" Duke Yuanzuo and Gu Xing's expressions changed as they asked sternly. "Yuanzuo, I'll give you the chance now!" As the voice came, a figure stepped into the hall. At first, he looked like Gu Xing, but in the blink of an eye, he transformed into a handsome man in a green robe! Gu Xing's pupils contracted. Duke Yuanzuo's face was filled with joy, but he quickly calmed down. This was too unusual! What was Su Zimo trying to do by coming to his City Lord Manor? He must have come prepared. How many people did he bring? Were there any True Immortal Realm experts? Duke Yuanzuo squinted his eyes and used his Divine Sense to check his surroundings. He held a Messaging Jade Charm in his hand and was ready to tear it apart. "Su Zimo?" Duke Yuanzuo asked tentatively. Even though he had seen Su Zimo's real body, he still could not believe it. "It's me." Su Zimo nodded. "What are you doing here?" Duke Yuanzuo asked again. "I'm here to kill you!" Su Zimo said calmly, "You don't have to look for me. I'm alone."

Gu Xing nodded at Duke Yuanzuo. Just now, he had also carefully searched the surroundings, and indeed did not find anyone else. "Are you really alone?" Duke Yuanzuo was relieved. He suddenly laughed and said, "Su Zimo, do you think you can kill me in my territory alone?" "Who do you think you are? Without the Prison Suppressing Cauldron, you're just a Rank 6 Heavenly Immortal. How dare you challenge me?" "I'm ranked 98th on the Prediction Heaven Board. You don't even have the right to be on the board!" "Is that so?" Su Zimo smiled and said, "From today onwards, you're no longer on the Prediction Heaven Board." The moment he said that, Su Zimo suddenly struck! "We're three ranks apart. Let's see how you're going to make up for it!" Duke Yuanzuo reacted quickly. He immediately took out a sword and a saber. They were both Heavenly Dharma Treasures and placed them in front of him. Whoosh! The blood in Duke Yuanzuo's body surged and made the sound of waves. Su Zimo dashed toward Duke Yuanzuo. While he was still in mid-air, he released his special ability, the Six Fangs Divine Power. His body and Primordial Spirit's strength increased tremendously! At the same time, he activated his Primordial Spirit and made hand seals. A huge star field appeared above his head, shining with billions of stars. Endless starlight poured down, shattering the hall, and the starlight poured into his body. The Mysterious Spirit Big Dipper Diagram appeared and Su Zimo's strength increased again! After all these years of cultivation,

Su Zimo had lit up six of the seven star fields of the Mysterious Spirit Big Dipper Diagram. Only the last one was still dim. Even so, the power of the Mysterious Spirit Big Dipper Diagram was extremely terrifying. It could even fight against a Bloodline Vision! When Su Zimo arrived in front of Duke Yuanzuo, his aura was almost the same as Duke Yuanzuo's. In terms of momentum, he had the upper hand! Duke Yuanzuo's expression changed and his heart sank. He finally realized that the situation was not good. Because Su Zimo was cultivating the Prajna Nirvana Sutra, his Qinglian Primordial Spirit and Dragon Phoenix Primordial Spirit had merged perfectly. Although his cultivation was only at Stage 6, his Primordial Spirit was already at Stage 9! Now, he had released the Six Fangs Divine Power. Although his Primordial Spirit's strength was far from the level of a True Immortal, it had already surpassed Stage 9! Therefore, when Duke Yuanzuo saw Su Zimo dashing toward him, he felt a strong pressure that made him feel suffocated! "Star Plucking Hand!" Solitary Star's reaction was extremely fast as well. Decisively, he channeled his Essence Spirit and released a supreme divine power in Su Zimo's direction!

## Chapter 2468

A gigantic palm blotted out the skies and grabbed towards Su Zimo and the billions of starlights above his head in a terrifying manner! As the commander of the Executioner Heavenly Guards, Lone Star's combat strength was extremely shocking even though he was not in the predicted Heaven Ranking. "Die!" Su Zimo did not even look at him. He channeled his Essence Spirit and released a peerless divine power, Fleeting Youth! Since he had already appeared, he was going to suppress Yuan Zuo and Lone Star with lightning speed! The huge commotion caused by the fight must have alerted the Heaven Immortals in the City Lord's residence. It wouldn't be long before all the powerhouses in the entire Thunder City would gather here. So, it was inevitable that other variables would arise. Lone Star felt a strong sense of danger. Although he had not witnessed the terror of Fleeting Youth, he realized that something was amiss after Su Zimo released that divine power! Lone Star hurriedly gave up on attacking Su Zimo and forcefully retracted the gigantic palm in midair, suppressing it towards the divine power of Fleeting Youth. Bang! The two peerless divine powers collided and it was hard to tell who was superior. However, at the same time, a strange sound of a drum echoed in the hall. Dong! Lone Star shuddered as though he was struck by lightning and his eyes were filled with disbelief and fear. His lifespan was depleting at a terrifying speed and could not be stopped at all! Back then, the monster incarnate of the Heaven Immortal Realm of the Jade Heaven Immortal Realm, Heaven Immortal Bai Yu, who was said to be in the top three of the Jade Heaven Ranking, sensed the danger and released many divine powers, secret skills and protective talismans consecutively. Even so, she lost more than 100,000 years of lifespan. Lone Star was only a peerless divine power and could not defend against Su Zimo's Fleeting Youth at all! "My life is over!" That was the only thought left in Lone Star's mind. If he knew that even a top-tier Perfected Immortal like Jue Wuying would suffer a great loss against Fleeting Youth, he would not have released just one peerless divine power. However, it was a pity that apart from Jue Wuying and Su Zimo, no one else knew about this. Even though Jue Wuying suffered a great loss, she could only suffer in silence! In the blink of an eye, Gu Xing's appearance became extremely old. Many wrinkles appeared on his face, as if he had been slashed by the blade of time.

His hair was white, his eyes were cloudy, and his body's vitality had dissipated. When Commandery Prince Yuanzuo saw that Su Zimo was alone, he was extremely confident. But when he saw what happened to Gu Xing, he couldn't help but be shocked! Gu Xing looked at Duke Yuanzuo, who was about to face Su Zimo alone, and used the last of his strength to tear apart the two Message Talismans in his

hands! One of them was to inform the entire Cyan Cloud County that Thunder City was under attack, and to ask for True Immortals' help. The second was to notify all the Heavenly Immortal Realm experts in Absolute Thunder City to immediately rush over and rescue the Emperor! The two Message Talismans shattered and turned into two beams of divine light that instantly disappeared into the void. Solitary Star's lifespan was completely exhausted as well and he collapsed limply to the ground, dead! The commander of the Executioner Heavenly Guards was slain by Su Zimo with a single peerless divine ability! Throughout the entire process, Su Zimo's speed towards Commandery Prince Yuanzuo did not slow down at all. When Gu Xing fell, Su Zimo had already arrived in front of Commandery Prince Yuanzuo! "Slash!" Commandery Prince Yuanzuo unleashed his Blood Qi and slashed viciously towards Su Zimo with the sword and saber in his hands! Su Zimo's eyes shone brightly as he stretched out his hands and grabbed the two Xiantian Heaven-grade Dharma treasures of Commandery Prince Yuanzuo with his bare hands! The sword and saber seemed to have been embedded in Su Zimo's palms. No matter how much strength Commandery Prince Yuanzuo used, he could not move them, let alone injure Su Zimo. The Eleventh Stage Qinglian's true body had an extremely strong foundation. Her body was flawless, and her strength was shocking and indestructible. After that, Su Zimo obtained a few more powerful body tempering techniques, including the Void Thunder Manual, the Divine Elephant's Breath Devouring Technique, and even the taboo secret manual, the Pure Jade Manual. Each of these three techniques was enough to cultivate one's Blood Qi and body to the pinnacle. On the other hand, Su Zimo cultivated these three top-grade body tempering techniques on the basis of Qinglian's true body. Even if he did not use his Blood Qi, his body was almost flawless! The sword and saber in Commandery Prince Yuanzuo's hands were not even comparable to Su Zimo's Qinglian's true body! It was only now that Commandery Prince Yuanzuo realized that Su Zimo, who was a Stage Six Divine Immortal, was powerful enough to threaten him!

"Run!" Commandery Prince Yuanzuo did not hesitate. He threw down the sword and saber in his hands and turned to flee. As long as he could delay for a while, the Divine Immortal experts in the Governor's Mansion, the Executioners and the Divine Immortal guards in Juelei City would arrive. After all, Su Zimo was only a Stage Six Divine Immortal. When the time came, all he had to do was raise his arm and call for the Divine Immortals to attack together. Su Zimo would not be able to defend himself. Moreover, Lone Star had already sent a message to Cyan Cloud County. Soon, there would be reinforcements from the True Immortal experts! The prerequisite for all of this was that he had to get rid of Su Zimo for a while! "Trying to escape?" Su Zimo sneered. He threw out the sword and saber in his hands. They turned into two beams of divine light and pierced towards Commandery Prince Yuanzuo in an instant. "Do you think you can escape?" At the same time, Su Zimo opened his mouth and let out a thunderous roar. Vaguely, one could hear the roar of a tiger and the roar of a dragon. It was extremely powerful! With those words, Su Zimo released a sound domain secret skill right away. He had too many trump cards. Since he had decided to kill Commandery Prince Yuanzuo with lightning speed, he would not hold back anymore. "Ah!" Commandery Prince Yuanzuo cried out in pain. He felt a sharp pain in his ears and a loud boom in his head. His eyeballs felt like they were about to explode from the powerful impact! He quickly opened his mouth and used his Sound Domain Secret Skill to alleviate the damage and impact. Poof! Poof! However, he had already stopped in his tracks. The sword and saber that Su Zimo tossed over penetrated his body instantly, revealing two bloody holes! "Yuanzuo, you don't have a chance anymore!" Suddenly, Su Zimo's voice sounded in his ears and was inches away. "Back then, we met for the first time in Absolute Thunder City. Let's settle things here today!" Swoosh! Su Zimo reached

out and used the Great Chaos Essence Palm to suppress the Commandery Prince Yuanzuo! Realizing that there was no hope of escaping, Commandery Prince Yuanzuo spun around. His eyes were bloodshot and his facial features were menacing. He released his Essence Spirit secret skill right away in a last-ditch effort!

Commandery Prince Yuanzuo's spirit consciousness condensed into a sharp bayonet that pierced towards Su Zimo's glabella. Su Zimo did not even look at it and continued suppressing with the Great Chaos Essence Palm! The bayonet entered Su Zimo's consciousness. Many Qinglian Seeds formed the Qinglian Sword and slashed towards the bayonet! The sword and saber collided and dissipated. Commandery Prince Yuanzuo's Essence Spirit secret skill was of no threat to him. However, Su Zimo's Great Chaos Essence Palm had already descended and landed on Commandery Prince Yuanzuo's head. The power of the Great Chaos Essence Palm was contained. Instead, a powerful suction force burst forth from the center of the palm and captured Commandery Prince Yuanzuo's Essence Spirit directly. "What are you doing!" Commandery Prince Yuanzuo's Essence Spirit was captured in Su Zimo's palm. Looking at Su Zimo's cold eyes, Commandery Prince Yuanzuo was terrified and shouted fiercely. "Soul search!" Su Zimo spat out coldly.

## **Chapter 2469**

Boom! Boom! Boom! In the City Lord's residence, powerful auras rose from all over Thunder City. Many Executioner guards and Heaven Immortals heard the news and saw the commotion and rushed over. Commandery Prince Yuanzuo hurriedly said, "Su Zimo, let me go. We still have time to escape before the encirclement is complete." "Hmph!" Su Zimo sneered. Without hesitation, he used the Soul Searching Technique on Duke Yuanzuo! "Ah!" Duke Yuanzuo's Primordial Spirit was entangled by black threads. His body trembled continuously and he let out a shrill scream. His memories formed images that flashed through Su Zimo's mind rapidly. The Soul Searching Technique was extremely harmful to a cultivator's Primordial Spirit. The entire process was very short. To Su Zimo, it was impossible for him to browse through all of Duke Yuanzuo's memories. He could only try to find the key point in the vast sea of memories as soon as possible! Suddenly! Su Zimo's expression changed and he slowed down his browsing speed. This memory of Duke Yuanzuo should be before the immortal sect selection! Sun Moon County, Blue Feather City. Duke Yuanzuo sat alone in the dark hall. At this moment, an Executioner guard rushed in with a letter in his hand. "Your ... Your Highness!" "What's the matter?" Duke Yuanzuo frowned slightly. "Someone passed this letter to me and asked me to pass it to you so that you can open it personally!" "Who is it?" "I ... I'm not sure." "I don't know what happened either. I only felt my consciousness blur for a moment and then this letter appeared in my hand." ... "The conversation between Duke Yuanzuo and the Executioner guard seemed to replay in front of Su Zimo's eyes. This secret was about to be revealed! Su Zimo clenched his fists instinctively. He was a little nervous and continued reading. Just as Duke Yuanzuo took the letter and Su Zimo was about to read the contents of the letter through his eyes, a mysterious force suddenly descended and turned the letter into dust! Then, with a loud bang, Duke Yuanzuo's Primordial Spirit exploded on the spot and he died! Su Zimo narrowed his eyes, his face gloomy. The Soul Searching Technique had a high chance of failure.

However, the scene just now was obviously an accident. It was as if someone did not want him to see the contents of the letter! Someone intervened and forcefully erased that part of Duke Yuanzuo's memory. Su Zimo had no idea what was written on the letter. However, he was finally certain of one

thing. The Duke of Yuanzuo knew of his whereabouts and knew that he was participating in the Immortal Sect's selection. Moreover, the fact that he was able to recognize him was related to this mysterious letter! Perhaps, ever since he ascended, there was a mysterious person who stood in a corner and watched his every move from beginning to end! Everything about him was under that person's surveillance. Thinking of this, Su Zimo felt a chill run down his spine. Who would have such an ability? Did this person have anything to do with the assassination attempt that he had encountered when he was ascending? At that time, there was another person besides Duke Yunyou who had tried to kill him! He had heard that person's voice before and he would never forget it. Su Zimo fell into deep thought and speculated many possibilities. However, he could not make sense of them and could not perfectly match the information he had received. He seemed to have missed out on some key information or made a mistake somewhere. The truth seemed to be right in front of him and he could touch it. However, when Su Zimo tried to catch it, he could not catch anything. "Su Zimo, how dare you come to Thunder City! You are really reckless!" "You, what have you done! Commander Gu Xing, His Highness Yuanzuo?" A series of angry shouts interrupted Su Zimo's thoughts. The dozens of Heaven Immortals who arrived first saw the broken main hall and the two corpses of Duke Yuanzuo and Gu Xing. They could not help but change their expressions! More and more Heaven Immortals gathered here. From the beginning, there were only dozens of people. Gradually, there were hundreds and thousands of people! Among the thousands of Heaven Immortals, there were many Stage 1 and Stage 2 Heaven Immortals. However, with so many Heaven Immortals gathered together, they formed a huge pressure! Moreover, there were more than 200 Executioners among them. Those who could become Executioners were all high-level Heavenly Immortals of the seventh, eighth, and ninth level. They were experts who had killed countless people and experienced countless life-and-death experiences.

Otherwise, these people would not be in charge of the executions and killings in the Dajin Celestial Nation! Su Zimo looked calm as the Heaven Immortals surrounded him. He took a step forward and beheaded Duke Yuanzuo in front of everyone. "Su Zimo, how dare you!" "You are too arrogant! How dare you assassinate a Duke in Thunder City! If this news spreads, the Dajin Celestial Nation will lose face!" A few Heaven Immortals shouted loudly and caused quite a commotion among the crowd. Su Zimo raised his head and looked at the Heaven Immortals around him. He said calmly, "Let me remind you that even Duke Yuanzuo, who is on the Heaven Ranking, was killed by me! You should know what you are capable of. Don't come here to die!" His words instantly cooled the blood of many Heaven Immortals. In fact, they were not fools. They did not attack because they were afraid. Su Zimo's gaze landed on the Executioner guards around him and he said coldly, "Don't worry, none of you Executioner guards will be able to leave. I'll kill all of you and bury you with True Immortal Zangye!" Even if Su Zimo did not say that, the 200 Executioners in the city and the Heaven Immortals in Thunder City could not retreat. They did not dare to retreat! If they retreated today, they would be severely punished by the Dajin Celestial Nation. They would be tortured to death! One of the Executioners stepped forward and unsheathed his Executioner's Saber. He pointed it at Su Zimo and said in a low voice, "Don't be scared by him. He is only a Level 6 Heaven Immortal!" "Although I don't know what method he used to kill Duke Yuanzuo and Commander Guxing, it must be very rare. He will not be able to use it again in a short time." "This kid is so calm. He is just putting on a strong front. He is just bluffing!" Another Executioner of Thunder City also stepped forward and shouted, "That's right. There are more than a thousand Heaven Immortals in the city. Even if we have to exhaust them, we can exhaust this person to death!" The Heaven Immortals who were about to retreat hesitated again. At this moment, another Executioner suddenly said, "Don't you

know? Su Zimo has obtained the Jade Purity Book! "The Jade Purity Book, the forbidden secret book!The Heaven Immortals were shocked. Their eyes were burning with desire.This sentence was more effective than anything else. It was very tempting!Many Heaven Immortals thought that Su Zimo was able to kill Duke Yuanzuo and Guxing as a Level 6 Heaven Immortal because he cultivated the forbidden secret book.

"Kill him and avenge Duke Yuanzuo. Get the Jade Purity Book!""Kill him!"Someone in the crowd shouted. Instantly, many Heaven Immortals responded. A great battle was about to break out!"Hahahahaha!"Su Zimo suddenly looked up to the sky and laughed. His laughter was like thunder, echoing through the clouds!"Good, good, good!"Surveying his surroundings, Su Zimo declared loudly, "You guys are right. The Jade Pure Jade manual is in my hands. Since you guys want to take a look at it so badly, I'll let you guys experience the Dao techniques in the Jade Pure Jade manual today!"

## **Chapter 2470**

"Kill!"The Heaven Immortals of Absolute Thunder City hollered and attacked one after another, causing a huge battle to break out!Su Zimo's aura intensified and a book flew out from his glabella. It shone with a clear green light and condensed into a body rapidly.However, the body looked a little strange. It resembled a dragon and phoenix with a dragon head and phoenix tail. It had horns and sharp claws that shone with a cold glint!There was even a pair of gigantic wings on the back of the body!The Primordial Beginning Body that was condensed using the Jade Pure Jade Manual could change its form according to Su Zimo's will.To him, the Taboo Dragon Phoenix was the most familiar!Su Zimo once possessed a Dragon Phoenix True Body and was familiar with all the combat techniques of the Taboo Dragon Phoenix!The Primordial Beginning Body condensed from the Jade Pure Jade Manual did not have an Essence Spirit and could not release any Essence Spirit secret skills, divine powers and Dao techniques.However, the Primordial Beginning Body was indestructible and could release extremely terrifying lethality in melee combat after transforming into the form of the Taboo Dragon Phoenix!Su Zimo multitasked and controlled the Dragon Phoenix True Body to charge into the crowd with a single thought!One after another, divine weapons streaked through the air, interweaving into an impenetrable net that enveloped the Dragon Phoenix True Body.The Dragon Phoenix True Body flapped its wings and its movement technique became unusually agile. It released the True Dragon's Nine Flashes consecutively and found a gap in the net to pass through!It was a wonderful feeling.At that moment, it was as though the Dragon Phoenix True Body had returned to his side!The Dragon Phoenix True Body broke through the obstruction of the divine weapons and charged into the crowd in the blink of an eye!Poof! Poof!Poof! A few low-level Heaven Immortals could not stop it and were crushed into pieces by the Dragon Phoenix True Body. Blood mists scattered in midair and their Essence Spirits were destroyed – they died on the spot!Swash!The nearest Executioner swung his saber at the Dragon-Phoenix Body, unleashing countless saber flashes in an instant.Along with the slash, the saber intent of punishment and killing descended and many strange phenomena appeared in the surroundings, as though countless tortures were sweeping over!The Executioner was also a Heaven Immortal expert. The saber intent unleashed by the slash was comparable to various peerless abilities.However, the Dragon-Phoenix body did not have a Primordial Spirit flesh and blood. He could not sense this kind of saber intent at all.

Whoosh!The dragon-phoenix figure moved and charged into the Executioner's arms. The huge dragon-

phoenix claw pierced through the Executioner's armor and tore the Executioner in half! This Executioner's primordial spirit left his body. His expression was one of horror, wishing to escape from this place. However, a shadow shrouded over, and the body of the dragon and phoenix swallowed this person's primordial spirit. With a smack of its mouth, this person's primordial spirit was extinguished, and his body and Dao vanished! The other Heaven Immortal expert had just rushed up when the Dragon-Phoenix Wings swept over, turning into a cold light in midair and directly chopping this person's head in half! Another person died on the spot! Su Zimo's spirits were greatly lifted. He was all too familiar with the Dragon-Phoenix Body. He didn't even need to use too much of his consciousness to control this body. The Dragon-Phoenix True Body had once accompanied him on his conquest of Tianhuang Mainland. All the battles of this Dragon-Phoenix body were like a kind of instinct that had been deeply imprinted in his memory! Furthermore, the Dragon-Phoenix Body originated from the Clear Jade Manual, a taboo secret manual for body tempering. With every single move, it could release extremely powerful power and its body was indestructible as well. The body of the Dragon and Phoenix charged into the crowd, charging left and right violently, and it executed a close combat slaughter technique that numerous Heavenly Immortal Realm experts had never seen or heard of! "Three heads and six arms!" On the other side, Su Zimo did not hold back either. With the augmentation of his Six Fangs divine power and the divine powers of the Mystic Spirit Big Dipper Diagram, he released another peerless divine power! Three heads and six arms! Swash! Swash! Swash! Su Zimo's three palms wielded the Tri-Jade Ruyi Scepter, Primordial Unity Horsetail Whisk and Seven Tail Phoenix Feather Fan respectively as he fought against the Heaven Immortals of Extreme Thunder City! The Tri-Jade Ruyi Scepter was casually tossed out and any Dharma treasure that collided with it would be struck down. The lights on the Dharma treasures dimmed and the essence qi on them dissipated. The Tri-Jade Ruyi Scepter transformed into an emerald green beam of light in midair and collided with many Dharma treasures, producing a series of clanging sounds. The Dharma treasures in midair fell continuously like raindrops. Many Heaven Immortals were shocked!

Some perfect and connate Heaven-grade Dharma treasures could withstand the impact of the Tri-Jade Ruyi Scepter. Although they fell, the Dharma treasures were still intact. However, many middle-grade and superior-grade Heaven-grade Dharma treasures could not withstand it at all and were instantly destroyed by the Tri-Jade Ruyi Scepter! Some were smashed into pieces! Even supreme-grade Heaven-grade Dharma treasures could not withstand the impact of the Tri-Jade Ruyi Scepter! Su Zimo charged into the crowd and waved his Primordial Unity Horsetail Whisk. The 3,000 threads on it extended and whipped many Heaven Immortals, causing them to retreat one after another! The power contained within the 3,000 threads could be tough or soft. At the extreme of softness, it could wrap around a cultivator's body and kill them! At the extreme of toughness, it could even shatter many weapons! Swoosh! The Seven Tails Phoenix Feather Fan flapped and let out a phoenix cry. Su Zimo channeled his Essence Spirit and injected it into the Seven Tails Phoenix Feather Fan, resonating with the power of the fan. Countless flames gathered and a divine phoenix was born from the flames, charging into the crowd! "Ah! Ah! Ah!" A series of tragic cries could be heard from the battlefield and it was chaos. Many figures were struck by the divine phoenix and their bodies burned with flames as they struggled in midair. Su Zimo's three empty palms were not idle either. "Absolute Kill!" "Six Paths of Reincarnation!" "Incinerate the Heavens and Boil the Seas!" "Paramita Bridge!" "Lotus Steps!" "... A series of peerless divine powers burst forth in a short period of time, forming a terrifying divine power storm on the battlefield that engulfed many Heaven Immortals of Absolute Thunder City! Bang! Bang! Bang! Many Heaven Immortals of Absolute Thunder City released their divine powers

and secret skills hurriedly to defend against it. However, Su Zimo's Essence Spirit had already surpassed a Level 9 Heaven Immortal and those peerless divine powers were far stronger than those of the same cultivation realm! Many Heaven Immortals could not defend against it at all! Poof! Poof! Poof! Some of them managed to endure Burning Heavens and Boiling Seas. However, they could not dodge the bedazzling lotus flowers that appeared beneath them and their bodies were shattered while their Essence Spirits were destroyed.

Some of them could defend against the Paramita Bridge but could not defend against the impact of the Kill! The Mystic Spirit Big Dipper Diagram above Su Zimo's head was about to dissipate under the impact of the many Heaven Immortals. Right then, the billions of stars turned incomparably chaotic! An earth-shattering killing intent burst forth from Absolute Thunder City and surged into the clouds, shocking the Nine Hells! Rumble! Boom! The ground of Absolute Thunder City shook violently as well and cracked open, releasing endless killing intent! The apocalyptic scene of the heavens collapsing and the earth cracking enveloped the skies above Absolute Thunder City! When the heavens released their killing intent, the stars shifted! When the earth released its killing intent, dragons and snakes rose!
