

Sacred King 2471

Chapter 2472

Inside the carriage, True Immortal Zangye was lying flat on the bed. His face was yellow and his eyes were closed. There was a faint black aura circling between his eyebrows. "Senior!" Su Zimo called out. True Immortal Zangye still didn't respond. Su Zimo took out a Fretless Fruit, cut open the skin, and squeezed out the juice. He slowly fed it to True Immortal Zangye. The Fretless Fruit could heal injuries to the Primordial Spirit, but it couldn't save True Immortal Zangye. True Immortal Zangye's lifespan was exhausted, so the Fretless Fruit couldn't increase it. Once one's lifespan was exhausted, even an Imperial Emperor would have to face death. There were people who could live forever, but no one had ever heard of someone who could live forever! After a while, True Immortal Zangye slowly opened his murky eyes and woke up, perhaps due to the power contained within the Fretless Fruit. "It's ... you." True Immortal Zangye looked at Su Zimo and his lips trembled slightly. "Senior, look!" Su Zimo saw that True Immortal Zangye had regained some consciousness and took out Duke Yuanzuo's head from his storage bag. The blood on it was still wet. Duke Yuanzuo's eyes were wide open, and his face was filled with fear. No one knew how much he had been frightened before he died. "I've killed Yuanzuo, the one who hurt you!" Su Zimo said in a low voice. Feng Ziyi's eyes lit up, but it quickly disappeared. Her mind was also shaken violently. Duke Yuanzuo! This person was at the top of her list of people she had to kill. He was even more important than Duke Jin and the Duke Jin's Crown Prince! If it wasn't for Duke Yuanzuo's crazy revenge, Can Ye wouldn't have suffered such heavy losses and been completely destroyed. True Immortal Zangye wouldn't have been severely injured, and his lifespan wouldn't have been exhausted. Feng Ziyi didn't say it, but she had sworn in her heart that she would continue to cultivate. When she reached the True Self Level and became a True Immortal, she would find a chance to sneak into the Great Jin Celestial Nation and kill Duke Yuanzuo to avenge her master! However, she didn't expect that Duke Yuanzuo had already been killed by Su Zimo! "You, how did you ..."

Feng Ziyi was still in disbelief. Su Zimo was only a Tier 6 Heaven Immortal, how could he have killed Duke Yuanzuo? Could it be that Duke Yuanzuo had left the territory of the Great Jin Celestial Nation and was bumped into by Su Zimo? "Yuan Zuo is dead!" True Immortal Buried Night's eyes lit up. His low spirits were suddenly refreshed, and he seemed to have gained a bit more strength. He sat up and leaned against the headboard. Su Zimo took out the two hundred medallions of the Executioners from his bag of holding and poured them all out in front of True Immortal Night Burier. Su Zimo said, "Senior, I've also killed the two hundred plus Executioners in Juelei City!" "Haha!" True Immortal Zangye laughed out loud and said, "Great! In the end, these dogs of the Great Jin died before me. I, Zangye, will have no regrets even if I die!" Yun Zhu raised her brows slightly as a strange look flashed across her eyes. She had thought that Su Zimo had snuck into Juelei City to assassinate Duke Yuanzuo. However, from the looks of it, the battle in Juelei City seemed to have caused quite a commotion! True Immortal Zangye seemed to have used up the last of his strength after saying that. "Of the people of Heaven Wasteland Domain in our world, only a few of us survived." True Immortal Zangye looked into the distance and murmured, "It's a pity that I won't be able to accompany Brother Feng and Brother Lin in the future." True Immortal Zangye's eyes shone like the afterglow of the setting sun. For a moment, he felt as if he had returned to Tianhuang Region, to the ancient times, the glorious era of war! He felt as if he had seen a group of old friends from Tianhuang Region again. There was the Saber Emperor, the Sword Emperor, and the Buddha Emperor. They were standing not far away, holding wine jars and waving at him. "Brothers, I'm coming!" True Immortal Zangye murmured with a gratified smile on his face and passed away. Su Zimo's

eyes dimmed. "Master?" Feng Ziyi's lips moved and she called out in a trembling voice. The old man from Tianhuang Region had closed his eyes forever and would never respond. "Master!" Feng Ziyi's eyes were red and she looked sad. She threw herself into True Immortal Zangye's arms and cried. This woman, who rarely revealed her emotions, could no longer suppress the grief in the depths of her heart and vented it all out at this moment.

Yunzhu sighed and turned her head away. She couldn't bear to watch anymore. Su Zimo remained silent and didn't go forward to comfort her. Feng Ziyi had endured everything all these years by herself no matter what happened. She suppressed all her emotions in the bottom of her heart and didn't show them. Perhaps it was not a bad thing for Feng Ziyi to vent her emotions and cry her heart out. Su Zimo and Yun Zhu stood guard silently by the side. After a while, the crying gradually stopped. Feng Ziyi stood up and became as cold as before, but there seemed to be something different. "Thank you, both of you." Feng Ziyi bowed deeply to Su Zimo and Yunzhu. Su Zimo said, "Let's go. I'll send you to the Divine-Demon Abyss." Feng Ziyi nodded. Yunzhu controlled the carriage and headed north. Soon, a huge dark abyss appeared in front of them. It tore the ground apart as if it was splitting the heavens in half. There was a mist in the abyss. After passing through the abyss, they would arrive at the Demon Realm. "You two can stop here." Feng Ziyi nodded slightly and rushed toward the Demon Realm with True Immortal Zangye's body in her arms. They soon disappeared into the mist. Su Zimo stood at the edge of the abyss for a long time before turning around. Yunzhu said, "Looks like you've caused quite a commotion in Juelei City." "Yes." Su Zimo didn't hide it. He looked at Yunzhu and said, "I have to thank you for saving Feng Ziyi and coming back in time." "How?" Yunzhu asked with a smile. Su Zimo was taken aback. Yunzhu said jokingly, "What? I've helped you so much. You're not just going to thank me verbally, are you?" "Uh ..." Su Zimo smiled bitterly. He didn't know what to say. Yunzhu was one of the four fairies and the Zixuan Immortal Kingdom's Yunzhu. She didn't lack any cultivation resources or treasures. For a moment, Su Zimo truly could not think of anything to thank Yunzhu with.

Yunzhu chuckled. "How about this? Promise me one thing." "What is it?" Su Zimo asked. Yunzhu blinked and a sly look flashed in her beautiful eyes. She said, "I haven't decided yet. I'll tell you when I've decided. I'll owe you for now." "Uh ... okay." Su Zimo asked. The two got back on the carriage and headed toward Cliffside City. On the way, Su Zimo was absent-minded. He seemed to have something on his mind. "What are you thinking about?" Yunzhu asked. Su Zimo was still thinking about the mysterious letter Duke Yuanzuo received. He knew that Yunzhu was smart, so he told her about what happened before and after the Immortal Sect Selection.

Chapter 2473

"There is someone who knows your whereabouts and can even recognize your disguised appearance. There must be such a person in the Heaven Realm, and there is more than one." Yun Zhu pondered and said, "But those who have such means are at least Immortal Kings. You were only an Earth Immortal at that time. Why would an Immortal King target you?" Su Zimo did not tell Yun Zhu about Qinglian's true identity. This was still his biggest secret and would bring him disaster. He could not casually talk about it! Seeing Su Zimo's silence, Yun Zhu smiled and said half-jokingly, "As far as I know, there is such a big shot in the Divine Firmament Celestial Realm. He is the Academy Patriarch, but he has no reason to do so." Moreover, I was also present during the Immortal Sect selection. The process was unpredictable and there were several twists and turns. In the end, it was the Heaven and Earth Academy who protected you and made Yuan Zuo return empty-handed." "Yes." Su Zimo nodded. When he participated in the Immortal Sect selection, his initial goal was to join the Mountain and Sea Celestial Sect. However, in the

end, he was able to join the Heaven and Earth Academy by chance."The Prison Suppression Cauldron on you is indeed very attractive to Immortal Kings. With the Academy Patriarch's ability, it is not difficult for him to deduce that you have the Prison Suppression Cauldron."Yun Zhu said, "But if he wants your Prison Suppression Cauldron, he can attack at any time. There are too many opportunities, so there is no need to do something unnecessary."My preliminary guess is that a Immortal King should know about the grudge between you and Yuan Zuo. This Immortal King respected his status and did not want to attack an Earth Immortal like you. Therefore, he sent a letter to Yuan Zuo and asked him to deal with it himself."Su Zimo remained silent.If what Yun Zhu said was true, this matter would be simple.Previously, he was just overthinking things and being overly suspicious.He had indeed suspected the Academy Patriarch for a moment.However, thinking about it carefully, there were many things wrong.Firstly, because of the Heaven and Earth Academy's insistence, he could escape the pursuit of Duke Yuan Zuo and save his life.Otherwise, he would be a corpse now!Secondly, as Yunzhu said, if he was really the Patriarch of the Academy, what did he want to do?The Patriarch of the Academy could have killed Ye Futian a long time ago, whether it was for his Prison-Suppressing Cauldron or the Real Body of Qinglian. How could he let Ye Futian live until now?

Thirdly, the Patriarch of the Academy not only accepted him as a registered disciple, but also saved his life!Back then, they had been ambushed by Celestial Kings on their way back from the Flaming Sun Immortal Kingdom after participating in the Earth Ranking Contest.It was because of the Patriarch of the Academy that they were spared!Su Zimo had always had a premonition that the Celestial King's assassination attempt was most likely directed at him!Moreover, the Patriarch of the Academy had given him a communication jade token.In the Jade Heaven Immortal Realm, it was with the help of this Transmission Jade Pendant that he was able to bring Momo out of danger and return to the Academy.Fourth, if it was the Patriarch of the academy, it meant that from the moment he sent the letter to the moment he entered the Qiankun Academy, the entire process was within the calculations of the academy's Patriarch.But was this possible?There were too many variables in the Immortal Sect Selection!No matter how clever the Patriarch of the Academy was, how could he have predicted all the variables?Moreover, Su Zimo had interacted with the Patriarch of the Academy before. He could not sense any hostility from the Patriarch of the Academy.Moreover, from the moment he entered the Qiankun Academy until now, neither the Academy nor the Patriarch of the Academy had done anything to let him down.He suspected that the Patriarch of the Academy was a little narrow-minded.Su Zimo had a feeling that the mysterious person who had ambushed him with King Yunyou back then was very likely the person who had sent the letter to the Commandery Prince Yuanzuo!He had heard this person's voice before. It was definitely not the Patriarch of the Academy.However, this mysterious person also had the ability to deduce all things, see through heaven and earth, and see through illusions. It was very similar to the Patriarch of the Academy, but it was very well-hidden.At least, Yunzhu had never heard of this person.What did this mysterious person have to do with the ambush after the Earth List Battle?"Similar to the Patriarch of the Academy, very well-hidden ..."Su Zimo's heart skipped a beat, and a figure appeared in his mind.It was Elder Xuan, who was guarding the Secret Pavilion in the Qiankun Academy!Elder Xuan's position in the Academy was definitely not just an old man guarding the Secret Pavilion.When he had condensed the tenth step of the Dao Heart Ladder, Elder Xuan was also present.

Elder Xuan's attitude when talking to the Patriarch of the Academy was very casual. It was as if he did not care about the status of the Patriarch of the Academy at all.The Patriarch of the Academy did not

care either. It was as if he had silently acknowledged this point. Elder Xuan's position in the Qiankun Academy was very special. Moreover, Su Zimo had seen him tear open the void and leave with his own eyes. He was obviously an Immortal King expert!"Oh, right."Yunzhu suddenly said, "Over the years, I have searched through some ancient books and went to some ancient ruins. I found some information about the Seamless Emperor."Yunzhu's words interrupted Su Zimo's thoughts."What information?"Su Zimo asked subconsciously. After all, he was also very curious about the Seamless Emperor. Yunzhu said, "The fall of the Seamless Emperor seems to be related to a turmoil that swept through the three thousand worlds and affected all living beings." "Turmoil?" Su Zimo frowned slightly. Yunzhu was also a little confused. She said, "Many ancient books did not describe this turmoil in detail. Even now, I am not sure if this turmoil really exists." "Moreover, there are no records about the cause, process, or end of this turmoil." "I only found some blurry records in some ancient ruins. There were incomplete words such as 'Yi ', 'Turmoil ', 'Tian ', 'Di ', 'Da Qian ', and so on." Su Zimo's expression changed. Da Qian? Could it be referring to the Da Qian World? Yunzhu pondered for a while and suddenly said, "There is one more thing. I have browsed through the ancient books of the last ten epochs. The civilizations of each epoch were different. Even the words recorded were strange." "However, in these epochs, there was one word – Demon Master!" Su Zimo's heart skipped a beat. For some reason, those two words seemed to have a strange deterrent force that made him feel uneasy. In fact, he did not even want to think about it. "What are the records of these epochs about this Demon Master?" Su Zimo asked. Yunzhu shook her head. "There are no clear records or any information about the Demon Master." All of a sudden! Yunzhu seemed to have sensed something and her expression changed! "Something happened to Momo!" Yunzhu said in a deep voice.

"What?" Su Zimo frowned and his heart tightened. Yunzhu said, "Do you remember that I gave Momo a waist token? That waist token is actually a protective numinous treasure that can withstand an attack from a Perfected Immortal expert. " "I just sensed that the waist token was attacked by a powerful force!" Su Zimo's expression darkened. He immediately rushed out of the carriage and sped towards Broken Cliff City with all his might. Once he arrived at Broken Cliff City and teleported to the capital of the Zi Xuan Immortal Kingdom, he would be able to return to Heaven and Earth Academy immediately! Yunzhu looked at Su Zimo's back view and reminded him, "Don't worry. The impact of this force should not have reached the level of a Perfected Immortal. Momo is not in danger for now." Yunzhu stood on the carriage and pondered for a moment before following him.

Chapter 2474

Heaven and Earth Academy, place of true teachings. Not far away, a sword light sped over and landed in front of the Moonlight Cave Abode. It was the true disciple, Xiao Li. "Greetings, Senior Brother Moonlight." Xiao Li hurriedly bowed when he saw the figure standing in front of the cave abode. "How are the arrangements?" The Moonlight Sword Immortal asked indifferently. "Don't worry, Senior Brother. I've already instructed Fang Qingyun and the rest to find trouble with that Momo." Xiao Li sent a voice transmission. "I heard that Su Zimo has never recruited any servants before. Now that he's taken this Momo under his wing, he must think highly of him." "As long as Su Zimo receives the news, he will definitely not reject Fang Qingyun's challenge in his fury." "Although this kid's cultivation speed is fast, he's only a level six Heaven Immortal now. Once he enters the Sword Discourse Arena, Fang Qingyun will deal a heavy blow and directly cripple him!" "He can't be crippled." The Moonlight Sword Immortal shook her head slightly with a cold expression and sent a voice transmission. "I want him dead!" Xiao Li's heart

turned cold. Ever since she heard that Fairy Mo Qing had left the mountain for Su Zimo and headed to Green Cloud Mountain, the Moonlight Sword Immortal seemed to have woken up from a dream and was furious! Xiao Li hesitated for a moment and said, "But there's no life and death on the Sword Discourse Arena. If Fang Qingyun kills Su Zimo, he'll probably be severely punished by the academy." "Don't worry." The Moonlight Sword Immortal said, "This time, not only will I kill Su Zimo, but I'll also destroy his reputation and remove him from the list of academy disciples!" "Senior Brother, are you referring to Momo's identity?" Xiao Li frowned slightly and said, "But this Momo shouldn't be the Dao child by Araki Takeshi's side of the Demon Domain, right? Even if Su Zimo had a hundred guts, he wouldn't dare to keep Araki Takeshi's Dao child by his side. "Whether she is or not is not important." The Moonlight Sword Immortal sneered and said, "Back then, most of those who saw that Dao child in the Jade Heaven Immortal Region were killed by Araki Takeshi. If I say he is, then he is!" Xiao Li pondered for a moment, then nodded and said, "At that time, Su Zimo will be killed by Fang Qingyun. We can pin any crime on him, and he won't be able to defend himself."

"A slut from the lower realms actually dares to touch Junior Sister Mo Qing!" A cold glint flashed across the Moonlight Sword Immortal's eyes as she murmured, "Today, I'll show you what I'm capable of. Even in the academy, I can do whatever I want!" "Senior Brother, let's go take a look at the inner sect." Xiao Li said, "I reckon that at this moment, Fang Qingyun has already made his move." "...In the inner gate of the Academy. On the square in front of Yuan Ling Pavilion, there was a dense circle of cultivators. Most of them were inner sect disciples of the academy, and there were also some servants." "What happened?" "Don't you know? One of Senior Brother Su's immortal servants got into a fight with someone in the academy. Senior Brother Fang appeared and is prepared to kill that immortal servant of Junior Brother Su on the spot as a warning to others!" "Your information is not accurate enough. I heard that Senior Brother Fang has already made his move. However, that immortal servant of Junior Brother Su seems to have some defensive Dharma treasure on him that blocked the attack and saved his life." There were many cultivators in the surroundings who were rushing over. They were discussing fervently, as though they wanted to join in the fun. On the square. Two groups of cultivators faced each other. On one side, there were only three people – Princess Chi Hong, Liu Ping, and Momo. On the other side, there were thousands of people and they had a huge momentum. Their leader was the number one of the inner sect of the academy, Fang Qingyun, who was predicted to be tenth on the Heaven Ranking! Fang Qingyun had cultivated in the inner sect for many years and was also the number one of the inner sect. After all these years, he naturally gathered many followers. As long as Fang Qingyun raised his arm and called for help, many inner sect disciples would naturally respond. "Senior Brother Fang, what are you trying to do?" Princess Chi Hong asked in a deep voice. Fang Qingyun said with an indifferent expression, "This has nothing to do with you. Hand over that servant behind you. If I don't teach him a lesson today, where are the rules of Qiankun Academy?!" Momo stood behind Princess Chi Hong and Liu Ping with a flustered and lost expression. He had not expected that his actions would cause such a huge commotion in the academy. Furthermore, if not for the badge on his waist earlier on, he would have been killed by Fang Qingyun!

Looking at the increasing number of cultivators in the surroundings, Momo had an aggrieved and uneasy expression. Tugging at Liu Ping's sleeves gently, she asked, "Ping Ping, did I cause trouble for the young master?" "It's not your fault. They were the ones who provoked us first!" Liu Ping glared angrily and clenched his fists, questioning Fang Qingyun loudly, "Senior apprentice-brother Fang, just now in front

of Yuan Ling Pavilion, it was your servants who kept provoking and insulting Taozi. That was why he acted and hit one of them. ""Furthermore, Tao Zi did not use any strength and did not hurt him!""Oh?"Fang Qingyun raised his brow slightly. "So what? The rules of the academy state that private fights are not allowed. Even disciples of the academy who violate them will be severely punished. What right does a servant like him have to be exempted? ""For a servant to be so arrogant and casually attack others in the academy, is he relying on his master's authority?"Fang Qingyun's last sentence was clearly meant to hurt.The hearts of the surrounding cultivators shuddered when they heard that and they were secretly speechless."Senior Brother Fang, aren't you making a mountain out of a molehill?" Someone whispered in the crowd."Shh!"Another person shook his head hurriedly and gestured for the other party to keep quiet. He explained softly, "Haven't you understood? Senior Brother Fang is making a mountain out of a molehill."Many people could tell that Fang Qingyun's attack was not targeted at the servant but Su Zimo!In the crowd, a disciple of the academy sneered, "Senior Brother Fang is right. If we don't teach him a lesson and the other servants follow suit, wouldn't our academy fall into chaos?""In my opinion, it's Senior Brother Su's fault for not teaching him properly!""Ever since Senior Brother Su joined the academy, he has been rather arrogant. To think that his servant is the same as well."Many disciples of the academy in the crowd jeered and caused a commotion.With a sweep of her gaze, Princess Chi Hong recognized that the first few people to make a ruckus were Fang Qingyun's followers. They had been arranged in advance!"No, young master, it's not my fault. It's my fault."Momo's face flushed red as she looked at the surrounding disciples of the academy, wanting to try and explain.However, no one heard what she said because of the commotion. Even if they did, no one would care.

Furthermore, the disciples of the academy were all giants among men and thought highly of themselves.They did not even care about Yang Ruoxu who came from the lower world back then. Who would care about the life and death of a servant?Princess Chi Hong and Liu Ping exchanged glances and were sweating profusely.Both of them did not have high cultivation realms and had almost no foundation in the inner sect of the academy. As such, they could not defend against Fang Qingyun's attack."Senior Brother Fang, it's my fault."Momo stood out and pursed her lips. Tears the size of beans welled up in her reddened eyes as she bowed and apologized to Fang Qingyun."It's my fault. It's not your fault, young master. I didn't know the rules ..."Momo bowed repeatedly to Fang Qingyun."You're only bowing and apologizing. That's not sincere at all!""You think that you can escape punishment by bowing and apologizing? Do you think that the rules of the academy are for decoration?""If apologies are useful, what's the use of the disciplinary elder?""Hahahaha!"The numerous students of the academy before him spoke one after another, and they looked down at Tao Yao with ridicule and disdain in their eyes as they roared with laughter."Momo, get up."Right at this time, a person suddenly appeared beside Tao Yao, helping him up.Apex.

Chapter 2475

Young Master ... "Momo's heart skipped a beat when she heard that voice. She turned around with tears in her eyes.Su Zimo rubbed Momo's head gently and smiled gently. With a gentle expression, he said, "Don't worry, I'll handle it.""Yes!"Momo nodded her head vigorously.For some reason, as long as Su Zimo was by his side, his nervousness, panic and confusion Just Now seemed to vanish instantly as he calmed down."Senior brother."The Scarlet Princess and Liu Ping heaved a sigh of relief as well.Su Zimo nodded towards the two of them, indicating for them to be at ease."Hey, isn't this Senior Brother Su?"Behind Fang Qingyun, a rank 9 Heavenly Immortal of the academy asked with a smile, "Senior

Brother Su, you came at the right time. That servant of yours broke the rules of the academy. What do you think we should do?" "What else can we do? Unless Senior Brother Su wants to break the rules of the academy?" Another disciple of the academy replied. "Hehe!" The person who spoke first laughed weirdly and said, "That might not be the case. Senior Brother Su is a peerless genius who ascended the ninth step of the Dao Heart Staircase and condensed the tenth step. He's arrogant and doesn't care about the rules of the academy. That might not be the case." The two of them echoed each other in an eccentric manner. Fang Qingyun merely smiled faintly and gave his silent consent to this scene. Su Zimo did not even look at the other party and acted as though he did not hear anything. He merely turned around and asked, "Liu Ping, what happened?" Liu Ping replied hurriedly, "Tao Zi and I were in front of Yuan Ling Pavilion to collect the year's Spirit Essence Stones. We did not walk far before we were blocked by more than ten servants of Senior Brother Fang." "They're cursing at Tao Zi for no reason at all. They're spewing profanities nonstop." At that point, Liu Ping paused for a moment as though he was recalling those curses. Feeling indignant, he glared at the servants opposite him. Liu Ping continued, "Tao Zi was so angry that she pushed the person in front of her away and wanted to leave. She did not injure that person at all." "Who would have thought that Senior Brother Fang and the others would suddenly appear and surround us. They said that Taozi had broken the rules of the academy by having a private fight in the academy and injuring people of the academy." "Senior Brother Fang didn't give Tao Zi a chance to explain and attacked her directly. Fortunately, Tao Zi's waist token blocked the attack and saved her life."

Liu Ping quickly described the conflict that had just taken place. After hearing this, Su Zimo already had an idea in his heart. The other party's actions were directed at him! Fang Qingyun slowly opened his mouth and said, "Junior Apprentice Brother Liu, it's easy for you to say. That servant of mine has already died from his serious injuries and his Dao has dissipated." "What?!" Liu Ping was shocked. Then, he said firmly, "That's impossible!" "Bring it up." Fang Qingyun waved his hand. Behind him, a few servants carried up the corpse of another servant. This person did seem to have died not too long ago. "It wasn't me, I didn't kill him, I just pushed him ..." Momo shook her head hurriedly and tried her best to defend herself. "It seems that Senior Brother Fang is not making a fuss over nothing. He is making a mountain out of a molehill. Someone died." "That's right. If someone died, it wouldn't be as simple as a private fight." Another disciple of the academy pursed his lips and whispered, "The few of you can't really think that Senior Brother Fang's servant was killed by that child, right?" "Ah, what do you mean by that?" The few people at the side asked. That person sneered, "It's obvious that Senior Brother Fang and the others killed that servant and framed the other party to make things difficult for Senior Brother Su." "These are all your guesses, right? What evidence do you have?" Another hostage asked. That person shrugged his shoulders. "Who would leave evidence for something like this?" Liu Ping pointed to the servant's corpse and shouted, "I was there at that time. When Tao Zi pushed him away, he was still fine!" "Nonsense, Brother Wang was seriously injured at that time, and not long after, he died!" A few of Fang Qingyun's servants hurriedly stood out to argue. The scene was chaotic. Su Zimo finally turned around and looked towards Fang Qingyun. Their gazes collided in midair, opposing each other without any intention of backing down. The smell of gunpowder was thick! Su Zimo said, "Fang Qingyun, I haven't settled my grudges with you after coming out of seclusion this time round. Yet, you jumped out first." "A life for a life. Do I need to say more?"

Fang Qingyun spread his hands with a calm expression. "A servant's life is also a life. Your servant broke

the rules of the academy and killed someone, so he has to pay with his life." "If he doesn't die, you will!" In fact, even without the Moonlight Sword Immortal's urging, Fang Qingyun was prepared to make a move on Su Zimo. Back then, he plotted to kill Yang Ruoxu and Su Zimo. In the end, the two of them did not die and Tang Peng died outside. If nothing went wrong, Su Zimo should already know that he was the one behind it. The two of them would have a battle sooner or later. There was another point. Fang Qingyun felt a huge threat from Su Zimo! Su Zimo's cultivation speed was too fast! He had only been in the inner sect for a few years, but he had already cultivated to become a Stage Six Heaven Immortal. If he was given more time and allowed to continue growing, the number one seat of the inner sect would probably change! Fang Qingyun continued, "Su Zimo, since both of us want to stand up for our servants, I have a suggestion. Let's go to the Sword Discourse Arena and settle all our grudges together!" This was a plan that he had been plotting for a long time. As long as he angered Su Zimo and forced him to go to the Sword Discourse Arena, he would not give Su Zimo any chance! "Senior Brother Su, don't agree to it!" Princess Chi Hong and Liu Ping hurriedly stopped him. In their opinion, Su Zimo was only a Stage Six Heaven Immortal after all. On the other hand, Fang Qingyun had already cultivated to the peak of a Stage Nine Heaven Immortal. He was the number one in the inner sect and had the strongest combat strength. He was also predicted to be the tenth paragon on the Heaven Roll. The difference between the two of them was too great. Once they went to the Sword Discourse Arena, Su Zimo would definitely lose. Fang Qingyun raised his brows slightly and said, "Su Zimo, don't worry. According to the rules of the academy, there is no life and death on the Sword Discourse Arena. I will try my best to control myself and spare your life." Su Zimo looked at Fang Qingyun without saying a word with a cold expression. "Senior Brother Su can't be afraid, right?" An academy disciple behind Fang Qingyun deliberately said loudly. Another person said, "How can that be? He is an unprecedented genius who has condensed the tenth step of the Dao Heart Ladder. How can he be so timid?"

"Go to the Sword Discourse Arena!" Some academy disciples mocked and the surrounding crowd also began to jeer. "Su Zimo, please." Fang Qingyun was full of smiles. Everything was going according to his plan. There were no mistakes. "Why bother?" Su Zimo suddenly spoke. Before he finished speaking, Su Zimo's figure flashed and arrived before Fang Qingyun in the blink of an eye. Under the astonished and shocked gazes of everyone, he attacked brazenly! Su Zimo's palm seemed to have transformed into a gigantic hand that blotted out the sky and pressed down towards Fang Qingyun's head! Fang Qingyun's pupils constricted violently as his expression changed! He had practically calculated everything and even deduced many variables. However, he never expected that Su Zimo would dare to attack him in the academy! Furthermore, it was in front of everyone!

Chapter 2476

Fang Qingyun was completely unprepared. By the time he reacted, Su Zimo had already arrived in front of him. His palm covered the sky and blocked all his escape routes! In an instant, countless thoughts flashed through Fang Qingyun's mind. How is this possible? I'm a Level Nine Heaven Immortal, the first in the inner sect, and predicted to be tenth on the Heaven Roll. How dare Su Zimo? Fighting in the academy in front of everyone, openly violating the sect rules? After the initial shock, Fang Qingyun's eyes flashed with excitement. In that case, I'm forced to counterattack and kill you, which is even more logical! Originally, Fang Qingyun had some concerns about challenging Su Zimo to the Sword Discourse Arena. If he really killed Su Zimo on the Sword Discourse Arena, he would be punished even with Senior Brother Yuehua's protection. However, the current situation seemed to be more perfect than he had

expected!"You're courting death!"A cold light flashed in Fang Qingyun's eyes. He conjured a spell with both hands and released a teleportation ability, preparing to temporarily avoid Su Zimo's sharp edge and pull away from him before plotting a counterattack.His combat experience was too rich and his methods were brilliant. It was not luck that he could stand out among the hundreds of thousands of inner sect disciples in the academy and become the first in the inner sect.Although Su Zimo had seized the initiative, Fang Qingyun quickly calmed down and did not panic. He made a judgment in a flash.Su Zimo's attack was too fierce and his momentum was monstrous. There was no need to fight him head-on.Moreover, Su Zimo was so strong in close combat with him, which meant that Su Zimo's physical body was strong and he was good at close combat.Fang Qingyun cast teleportation while reaching for his storage bag, preparing to summon his Qingyun Sword.Seeing this scene, Su Zimo had a mocking expression.If Fang Qingyun chose to teleport, his ending was already doomed!Teleportation was a peerless ability that could help cultivators get rid of their opponents in an instant, but it was also easy to be interrupted and reveal flaws.Moreover, once the other party predicted where he would land after teleportation, he would definitely lose the initiative.Su Zimo did not stop moving. He suddenly opened his mouth and burst out with the Dragon Roar Mystic Technique!"Roar!"A deafening roar burst out of Su Zimo's mouth.Su Zimo intentionally controlled the impact of this sound domain mystic technique, reducing it to a very small area so that almost all of it hit Fang Qingyun's body!

Fang Qingyun's body shuddered and he had a painful expression. He felt his blood qi and his ears buzzed – his of teleportation was interrupted.If it was any other Level Nine Heavenly Immortal, they would have been killed on the spot.The fact that Fang Qingyun wasn't injured was already considered his ability!Fang Qingyun's facial features were twisted together as he tried his best to keep his mind awake.All God!In front of his eyes, a dazzling brilliance bloomed, exuding a shocking heat!"Not good! It's a visual visual visual Technique of! ""Su" of "of the Of Su Zimo" of Su of, of the time.... of course!A beam of green light condensed in his eyes and suddenly burst out.Boom!Two visual Of Of Of SuWithout any suspense, Su Zimo's Illumination Eye destroyed Fang Qingyun's visual technique effortlessly and pierced the latter's eye instantly!Su Zimo's left eye was sealed by a dark power in the Emperor's tomb and could not release the Nether Fluorescent Eye.However, even if it was just a single Illumination Eye, not many people's visual techniques could match it head-on.The strength of visual techniques depended not only on whether they were superior, but also on one's body and bloodline.Up till this point of his cultivation, Su Zimo's Illumination Eye was only suppressed by Yun Ting's visual technique once in the Emperor's tomb. The rest were not worth mentioning!"Ah!"One of Fang Qingyun's eyes was severely injured as he let out a tragic cry.In melee combat, Su Zimo released his sound domain and visual technique consecutively, breaking through Fang Qingyun's defenses!It was already too late for Fang Qingyun to summon his Qingyun Sword. He could only raise his arm to defend against Su Zimo's palm.However, his body was far inferior compared to Qinglian's true body that cultivated many secret skills!Bang!Su Zimo's heaven-encompassing palm collided with Fang Qingyun's arm and was defeated.Fang Qingyun felt a sharp pain in his arms."Shatter!"Su Zimo's eyes shone brightly as he exhaled and exerted strength with his palm once more, suppressing down viciously!

Crack! Crack!A series of bone-cracking sounds could be heard.After crushing Fang Qingyun's arms, Su Zimo's palm descended instantly and landed on the latter's head.Thump!An irresistible force came from the top of his head. Fang Qingyun could not withstand it at all and his legs went limp as he knelt on the ground!Su Zimo's gaze was cold as he clenched his fingers.Clang! Clang!Clang! His sharp fingernails

popped out from his fingertips like blades that could break Fang Qingyun's skull at any moment! A massive amount of Heaven and Earth Essence Qi surged into Fang Qingyun's consciousness and sealed his Essence Spirit. Even if he had countless mystic skills, he could not release them. Psst! It was only at this moment that the surrounding crowd reacted. A series of gasps could be heard from the crowd! The entire academy was in an uproar! The number one person of Heaven and Earth Academy's inner sect, Senior Brother Fang who was predicted to be number 10 on the Heaven Ranking, was suppressed by Su Zimo who was a rank 6 Heavenly Immortal! It was too fast! The entire process took less than three breaths. It happened suddenly and ended even faster as it came to an abrupt end! Fang Qingyun could not resist at all and was blinded by Su Zimo. His arms were shattered with a single palm and he was forced to kneel on the ground while pressing down on the top of his head! Even though everyone witnessed everything with their own eyes, their faces were still filled with shock and disbelief. There was only a bloody hole left in one of Fang Qingyun's eyes while his other eye was filled with endless humiliation and resentment. Gritting his teeth, he said, "Su Zimo, you're dead for attacking me outside the Sword Discourse Arena!" If nothing went wrong, Su Zimo would be severely punished for violating the sect rules. If Senior Brother Yuehua was willing to step in and add fuel to the fire, Su Zimo's outcome would definitely be even worse. However, no matter what, Fang Qingyun had already lost all his dignity after today! "Humph!" Su Zimo sneered and exerted strength in his palm. Grabbing Fang Qingyun's messy hair, he walked towards Momo. "Ah!" Suddenly, Fang Qingyun felt a sharp pain from the top of his head as though his scalp was about to be torn off by Su Zimo. He could not help but shriek.

When Momo saw this, she was at a loss and did not know what to do. "It's over, it's over!" Infanta Chi Hong and Liu Ping looked at each other with ashen faces. "Senior Brother Su is still too rash!" Liu Ping wanted to cry but had no tears. Under the gaze of countless academy disciples, Su Zimo had openly violated the sect rules and attacked Fang Qingyun. Even if they were in the right initially, it was useless now. The impact of this was way too terrible. Even if Senior Brother Su was an in-name disciple of the Patriarch of the academy, he would definitely be severely punished by the academy. A light punishment would be expulsion from the academy, while a heavy punishment would be having his cultivation crippled! In the sky far away, two figures stood. They were the Moonlight Sword Immortal and Xiao Li who had rushed over from the inheritance ground. When the Moonlight Sword Immortal saw this, she smiled faintly and said leisurely, "Seems like we don't have to step in. ""Senior Brother, should we head over and save Junior Brother Fang?" Xiao Li asked. "There's no need." The Moonlight Sword Immortal's expression was cold as her lips curled. "The worse Junior Brother Fang is, the worse Su Zimo's outcome will be. Why should we interfere?"

Chapter 2477

"Su Zimo! W-What are you trying to do?!" Fang Qingyun's hair was grabbed by Su Zimo as he staggered. His face was covered in blood and his single eye gradually revealed a trace of fear. He suddenly realized that the person he was facing could not be judged by common sense! This person was simply a lunatic! Fang Qingyun thought that he was unparalleled in intelligence, strategizing and predicting things like a god. Nobody and nothing could escape from his calculations. Back then, Yang Ruoxu was almost crippled by his schemes. However, he could not figure out what Su Zimo was trying to do. Furthermore, he had already suffered a few consecutive setbacks in Su Zimo's hands! In the blink of an eye, Su Zimo had already arrived in front of Momo with Fang Qingyun in tow. Su Zimo's palm pressed down forcefully. Fang Qingyun could not resist and knelt on the ground with a thud once more, feeling a sharp pain! Fang

Qingyun was about to curse when he realized that Su Zimo had also squatted down. The two of them faced each other. Looking at Su Zimo's cold eyes, Fang Qingyun's heart turned cold and he swallowed the words that were about to come out of his mouth. "Fang Qingyun, you're really getting more and more despicable." Su Zimo's face darkened. "If you want to deal with me, come and find me directly. Are you worthy of being the number one in the inner sect for bullying a child Dao beside me?" This time, Su Zimo was truly enraged. Although Momo was safe and sound, that was because of Yunzhu's waist token. If not for that waist token, Momo might have already died! Many academy disciples were watching from the side. Fang Qingyun naturally refused to show weakness. Taking a deep breath, he braced himself and said, "Su Zimo, say what you want to do. If I, Fang Qingyun, am afraid of you, I'm not worthy of being an academy disciple!" Fang Qingyun was very clear that with such a huge commotion here, the disciplinary elders of the inner sect and Senior Brother Yuehua would arrive at any time. As long as he could stall for time, he could escape successfully. At that time, it would be Su Zimo's death! "Don't be nervous." Looking at the outwardly tough Fang Qingyun, Su Zimo suddenly smiled and patted the latter's face. "Since you bullied Tao Yao with your numbers advantage and forced him to bow and apologize to you guys, there shouldn't be a problem for me to make you apologize to him now, right?"

"You want me to apologize to your servant?" Fang Qingyun sneered and spat, "Dream on!" "It's alright." Su Zimo smiled and said, "If you don't apologize, I can teach you!" Before he finished speaking, the smile on Su Zimo's face had already disappeared. His palm suddenly exerted force, pressing down on Fang Qingyun's head and smashing it into the ground! Dong! Fang Qingyun's forehead hit the ground solidly, emitting a crisp sound. When he raised his head, his forehead was already badly mutilated, and even his bones could be faintly seen. "Su ..." Fang Qingyun flew into a rage and was just about to curse out loud. Dong! Su Zimo pressed down on his head and smashed it into the ground once more! This time round, Fang Qingyun was so dizzy from the smashing that he could not say a single word. Dong! Dong! Dong! Su Zimo pressed down on Fang Qingyun's head and kowtowed nine consecutive times in front of Momo before stopping. By the time Fang Qingyun was lifted up by Su Zimo again, his face was already covered in blood and he was in an extremely miserable state – his original appearance could not be seen. There was silence in the huge square. Many disciples of the academy looked at this scene in shock. The number one of the academy's inner sect, Senior Brother Fang, had his head forcefully pressed down and kowtowed nine times to a Dao child! "He's just a Dao child and Senior Brother Su is already so protective of him. Wouldn't it be a blessing in life if we can become good friends with Senior Brother Su?" "Isn't Senior Brother Su being too protective?" Many cultivators sighed and looked at Tao Yao with envy in their hearts. "Cough, cough!" Fang Qingyun coughed out a mouthful of blood and said weakly, "Mingzhe, Guo Yuan, what are you waiting for? Su Zimo has harmed his fellow sect members and his crimes are unforgivable. All disciples of the academy can join forces to kill him!" "The thousands of academy disciples who were originally following Fang Qingyun were also shocked by the scene before them. They were stunned on the spot and did not react at all. At that moment, everyone was shocked when they heard Fang Qingyun's cry for help and came to their senses. In a split second, thousands of academy disciples took out their respective divine weapons and Dharma treasures and aimed them at Su Zimo. They conjured Dharmic arts and were ready to attack.

"Su Zimo, you have no respect for the laws and ignored the sect rules to harm your fellow sect members. Your crimes are unforgivable!" "Su Zimo, don't think that you can be so arrogant just because

you have condensed the 10th step of the Dao Heart ladder. Today, you have violated several sect rules and we have enough reason to kill you!"The leader, Mingzhe and Guo Yuan, were both Level 9 Heaven Immortals and they shouted righteously."Wait!"At that moment, Yan Bingying, the number one beauty of the inner sect, rushed to the square. She looked at Su Zimo with a touch of worry and shouted softly, "Senior Brother Su, why don't you let him go and confess to the Patriarch?"Yan Bingying's action was actually to remind Su Zimo to leave this place quickly.Su Zimo had already made plans and was naturally fearless. He just looked up at Mingzhe, Guo Yuan, and the others with a disdainful expression and sneered, "Whoever dares to attack me will end up like Fang Qingyun!"Arrogant!"Arrogant!"The group of academy disciples on the opposite side shouted one after another, looking furious.Even the surrounding cultivators frowned secretly, feeling that Su Zimo was too arrogant.Mingzhe snorted coldly and said, "Su Zimo, you're just a Level Six Heaven Immortal. You only succeeded in your sneak attack just now because Senior Brother Fang was unprepared. What's there to be arrogant about?"That's right!"Guo Yuan said coldly, "There are thousands of us Heaven Immortals attacking at the same time. Each of us has a Dharma treasure and a mystic skill. You will definitely die. How dare you threaten us?"Oh no, something big has happened!"At that moment, a disciple of the academy rushed over from the distant horizon. He was holding the prediction Heaven List in his hand and looked panicked as he shouted loudly."Junior Brother Zhao, what happened?"In the crowd, an inner sect disciple of the academy stepped forward and stopped Junior Brother Zhao.Junior Brother Zhao was also shocked when he saw so many people gathered below. He panted slightly and said, "Absolute Thunder City of the Dajin Celestial Nation has been destroyed!"The entire Absolute Thunder City has been burned to the ground and turned into ruins. Commandery Prince Yuanzuo is dead. More than 200 Executioners in the city are all dead!"In Absolute Thunder City, there were more than 1,000 Heaven Immortals. In the end, only about 200 people escaped!"

"What!"Hiss!"Many disciples of the Academy were shocked, and their faces were full of shock.Who would dare to do such a thing?Killing a Commandery Prince of the Dajin Celestial Nation, hundreds of Heaven Immortals, and even burning a city of the Dajin Celestial Nation. This was equivalent to declaring war on the Dajin Celestial Nation!"Who did it?"Did the Demon Territory invade?"A few academy disciples quickly asked."Yes, yes ..."Junior Brother Zhao stammered. His eyes were filled with fear as if he was still in shock."Tell us!"Everyone urged him.Junior Brother Zhao swallowed and said, "It was Senior Brother Su from our academy who did it!"Someone from the academy?"Senior Brother Su? Which Senior Brother Su? "Many academy disciples were stunned and asked instinctively.Junior Brother Zhao said, "It's Su Zimo from the inner sect. Senior Brother Su."

Chapter 2478

Upon hearing that, many disciples of the academy present turned their heads and countless gazes landed on Su Zimo at the same time.Senior Brother Su destroyed Magnificent Thunder City in the State of Jin alone?Everyone had different expressions.Some were surprised, some were shocked, and some were doubtful..."This... can't be?"Although Senior Brother Su has a feud with Duke Yuanzuo, he's only a Stage Six Heaven Immortal. Could it be that he went to the State of Jin alone to kill Yuanzuo and destroy the city?"Even if Senior Brother Su has the ability to destroy Magnificent Thunder City, how did he escape from the State of Jin?"Mingzhe, Guo Yuan, and the others were about to attack Su Zimo, but when they heard the news, they were secretly shocked and fearful. They did not dare to act rashly.Although they did not dare to believe it, such important news should not be fabricated.If this was

true, Su Zimo could destroy Magnificent Thunder City alone and kill hundreds of Heaven Immortal experts. Then they would not be able to defeat him even if they joined forces! This also meant that Su Zimo's threat was not a bluff. One of the academy disciples frowned and asked, "Is this true?" Junior Brother Zhao quickly nodded and said, "It's absolutely true. The news has already spread in the Divine Firmament Immortal Realm!" "Why are you holding the Heaven List in your hand?" Another person asked. Junior Brother Zhao said, "Senior Brother Su became famous in one battle and is now on the Heaven List!" "What's his rank?" "Seventeenth!" Many disciples of the Academy were shocked, and their faces were full of shock. With a Stage Six Heaven Immortal cultivation, he was ranked seventeenth on the Heaven List! It could be said that apart from Fang Qingyun, Su Zimo was the second highest ranked Heaven Immortal in Qiankun Academy. He was even above Yan Bingying! What was even more ironic was that Fang Qingyun, the top inner sect disciple of the academy and predicted to be tenth on the Heaven List, was now covered in blood and had disheveled hair. He was being carried by Su Zimo and could not resist at all. Not to mention others, even Su Zimo was a little surprised when he heard the ranking. In Magnificent Thunder City, apart from Duke Yuanzuo, who was a Heaven Immortal on the Heaven List, there were no other top Heaven Immortals. Although the commotion caused by that battle wasn't small, it actually didn't reflect anything.

Under normal circumstances, any one of the top 70 prodigies on the Heaven Leaderboard would have the ability to do so. It was just that no one dared to do such a thing. Su Zimo originally thought that after this battle, he would be on the predicted Heaven List, but his ranking would not be higher than sixty or seventy. Who would have thought that he would be ranked seventeenth on the Prediction Heaven List! Yan Bingying calmed down the initial shock in her heart. She frowned slightly and said with some confusion, "Even if Senior Brother Su destroyed the Thunder City, his ranking can't be so high, right?" "Senior Sister Yan is right." Junior Martial Brother Zhao said, "Senior Martial Brother Su is ranked seventeenth because of another battle." After a pause, Junior Brother Zhao said hesitantly, "Hmm ... To be precise, that didn't seem to be a battle." Everyone was confused by his words. "Show us your latest prediction of the Heaven Ranking in the air!" Mingzhe said in a deep voice. This Junior Martial Brother Zhao hurriedly cast a spell and unfolded this freshly made Prediction Heavenly Ranking. The contents inside were reflected in midair, making it extremely clear. Everyone roughly glanced at it. The original Prediction Heaven List had just been released not long ago. Compared to the previous version, there were not many changes overall. The most obvious change was that Duke Yuanzuo's name had been removed from the Prediction Heaven List. And the seventeenth place on the Prediction Heaven List was indeed Su Zimo's name! "Name: Su Zimo." "Realm: Stage Six Heaven Immortal." "Identity: Inner Disciple of Qiankun Academy, Inheritor of Astral Sect's secret technique, Inheritor of Jade Purity." After the confrontation at Green Cloud Mountain, it was no longer a secret that Su Zimo had Jade Purity. "Battle Record: A thousand years ago, when he was a Stage Five Heaven Immortal, he relied on a Time Divine Power to defeat the number one Heaven Immortal in Jade Firmament Immortal Domain's Lang Feng City, Bai Yu." After cultivating to Stage Six Heaven Immortal, he went down the mountain again and snuck into Thunder City alone. He killed Duke Yuanzuo and hundreds of Heaven Immortal experts, burned Thunder City to the ground, and escaped unscathed. "In all fairness, there were only two battles in the battle record section, which was not eye-catching. Many experts on the Prediction Heaven List had at least a dozen battles in the battle record section, and some even had hundreds of battles. The tens of thousands of words were extremely shocking.

Su Zimo's battle record was a whole lot worse than the top twenty Heaven Immortals. Even compared to Yan Bingying, who was ranked forty-third, his battle record was a little weaker. Many disciples of the academy frowned and looked confused. They did not know how Su Zimo could be ranked seventeenth. Everyone continued to browse. The last section was the evaluation of Su Zimo by the Perfected Immortal who managed the Heaven List of the Divine Firmament Palace. Unexpectedly, the evaluation was voluminous and extremely detailed, and it actually took up far more space than the other cultivators! "Evaluation: This kid was already famous when he was an Earth Immortal and won the first place of the Earth List. He has great potential and many trump cards. He has no obvious weaknesses in Divine Powers, Spells, and close combat." "He has mastered the Heavenly Kill and Earthly Kill Sword Techniques, a Sound Domain Secret Technique similar to the Dragon's Roar, and the True Dragon's Nine Flashes. He is good at a Divine Power Secret Technique that increases his strength. He knows the Supreme Profound Spirit Big Dipper Sutra. His Primordial Spirit is extremely powerful, far beyond his peers. He has mastered many Primordial Spirit Secret Techniques." "Although this lad has displayed his powerful combat strength in the Heavenly Immortal Stage in the two battles in Thunder City and Wind City, his cultivation is not high. He is only a Sixth Level Heavenly Immortal. Therefore, it is predicted that the upper limit of the Heavenly Rankings will not be too high." In the first version of the Prediction Heaven List, Yun Ting was ranked third because he was a Stage Eight Heaven Immortal and had not reached the peak of Heaven Immortal. On the Heaven List, the overall strength was evaluated, and one's cultivation was an extremely important criterion. The evaluation given by the Divine Firmament Palace was not over yet. Everyone continued to read. "However, near Gray Cloud Mountain, this kid once dodged Shadowless's fatal blow and saved his life. That was not considered a battle, so it was not recorded in the record." "If not for this assassination, this kid's ranking should be between 65 and 70. However, because he dodged the assassination, we all think that he should be in the top 20 of the Heaven List!" The Divine Firmament Palace's evaluation of Su Zimo only ended there. The True Immortal of the Divine Firmament Palace roughly explained the reason for this ranking. However, many of the academy's disciples were still confused. "Who is Shadowless?" Many of the academy's inner disciples did not know who Shadowless was, nor did they understand how he could increase his ranking by so much after dodging the assassination.

Someone said, "Shadowless is one of the three Sword Immortals of the Divine Firmament Immortal Domain. The other two are Spring Breeze Sword from the Imperial Wind Monastery and Senior Brother Yuehua from our academy." "Think about it. If Senior Brother Yuehua attacked you with his sword, what are your chances of survival?" Hearing this, everyone gradually understood why the Divine Firmament Palace would give such a high evaluation of the assassination that was not recorded in the record. The assassination had increased Su Zimo's ranking on the Prediction Heaven List by 50 places! "Not only that." Another person said, "Shadowless, also known as Shadowless Sword, is the most terrifying assassin among the True Immortals of the Nine Heavens Immortal Domain!" "His sword strikes without a shadow and without a trace. When Shadowless Sword strikes, even a True Immortal at the Dongxu Stage would be doomed!"

Chapter 2479

High up in the sky. The Moonlight Sword Immortal frowned slightly. The development of the situation was somewhat beyond her expectations. Xiao Li grinned slightly and said, "To think that this Su Zimo really has some skills to be able to escape alive from the Shadowless Sword!" Xiao Li knew that even he

did not have the confidence to survive against the Shadowless Sword. The Moonlight Sword Immortal snorted coldly. "He was just lucky. Shadowless must have underestimated him. If he had attacked with his full strength, there's no way he could have survived." "That's right, that's right." Xiao Li hurriedly agreed. In reality, for a top assassin like Shadowless, he would go all out regardless of the opponent's strength. Even a lion would go all out to capture a rabbit to be absolutely safe! The Moonlight Sword Immortal and Xiao Li did not know that not only did Shadowless attack with his full strength, he even suffered a huge loss! Because of Su Zimo's counterattack, Shadowless lost a total of 60,000 years of his lifespan! At that time, only Su Zimo and Shadowless could sense this change. If the Perfected Immortals of Divine Firmament Palace knew about this, Su Zimo's ranking would probably rise and he would enter the top ten of the Heaven Ranking! "Senior Brother, look over there. The inner sect's disciplinary elder is here!" Xiao Li pointed to the east. Then, his expression changed. "Yang Ruoxu is here too!" "Come, let's go over too." The Moonlight Sword Immortal walked over calmly.... "What's going on?" The disciplinary elder of the inner sect, Elder Chen, descended. His face darkened when he saw this scene. Mingzhe and Guo Yuan hurried forward when they saw Elder Chen. They recounted the entire incident to him. "Su Zimo, why aren't you releasing him?!" Elder Chen said sternly, "Private fights are not allowed in the academy. You attacked Fang Qingyun and violated the sect rules. You even injured your fellow disciple. Kneel down and admit your guilt!" The other disciples of the academy remained silent. Everyone knew that Su Zimo was indeed the one who made the first move and there was no way to refute that. If they were punished according to the sect rules, Su Zimo would definitely not be able to keep his cultivation! Princess Chi Hong and Liu Ping were anxious but they could not think of any solution.

Only Su Zimo looked calm. Seeing the appearance of the Patriarch of Law Enforcement, he had no intention of letting Fang Qingyun go. He said lightly, "Elder Chen, you've come at the right time. I'm not harming my fellow disciples, but punishing evil for the Academy." "Nonsense!" Mingzhe shouted, "Everyone is watching, there are countless fellow disciples as witnesses, and Elder Chen is also here. He can see clearly and see through everything. How can you confuse right and wrong and reverse black and white!" "Su Zimo, not only did you launch a sneak attack on Senior Brother Fang, you even slandered Senior Brother Fang as a villain!" Guo Yuan also sneered and said, "You're really vicious. You even want to kill people in the heart!" "Indeed, it was Senior Brother Su who made the first move." "But it all started because Senior Apprentice Brother Fang was looking for trouble with that child. Senior Apprentice Brother Su was so angry that he couldn't control himself." "So what? It was Senior Brother Su who ignored the sect rules and attacked Senior Brother Fang first." Many cultivators in the crowd spoke one after another. After listening for a while, Elder Chen understood and said slowly with a darkened expression, "Su Zimo, if you don't let him go, don't blame me for taking you down!" The Patriarch of Law Enforcement of the inner sect was at True Self realm. There was naturally no way Su Zimo could defend against a Perfected Immortal. If not for the fact that Elder Chen knew that Su Zimo was an in-name disciple of the Patriarch and had some reservations, he would have made a move long ago. "Elder Chen, Junior Brother Su is right." Right then, Yang Ruoxu walked over and said, "It's not wrong to say that Fang Qingyun is a villain. Junior Brother Su's attack this time round is not against the sect rules." A legacy disciple stepping in? Elder Chen frowned. This matter seemed to be beyond his capabilities. However, he still asked in a deep voice, "Yang Ruoxu, what do you mean by that?" Yang Ruoxu said in a deep voice, "Around 2,000 years ago, I was severely injured and almost died when I was traveling outside. I'm sure everyone knows about that." The many Academy disciples nodded. At that time, they all thought that Yang Ruoxu would not be able to survive this calamity. Unexpectedly, Su Zimo found the Woriless Fruit

from somewhere, and Yang Ruoxu benefited from this disaster and broke through to True Self realm, reaching the top in one step and joining the Academy.

Hearing this, there was already some panic in Fang Qingyun's single eye. Yang Ruoxu said, "At that time, I was besieged by Pang Yi of the Pang clan, Commandery Prince Yuanzuo, the Great Jin Heavenly Executioner, Flying Immortal Sect's Gui Yuan Heavenly Immortal, Flaming Sun Immortal Kingdom's Xie Tianhong, and other experts from four forces." "And the person who leaked my whereabouts and plotted all this behind the scenes was Fang Qingyun!" These words were like a thousand ripples that stirred up a commotion in the crowd and set off a huge commotion. If what Yang Ruoxu said was true, saying that Fang Qingyun was a villain would be an understatement. This was colluding with outside forces to kill a fellow disciple. The nature of this was several times worse than a private fight in the Academy. It was a capital offense! "Haha." Right then, a cold laugh came from not far away. The Moonlight Sword Immortal and Xiao Li had also arrived. Two more legacy disciples had appeared! Elder Chen felt a headache coming on. He was an inner sect law enforcement elder and could only supervise inner sect disciples. He could not control legacy disciples at all, nor did he have the ability to do so. Xiao Li raised his voice. "Junior Brother Yang, you have nothing to say and have no evidence. Isn't it too childish to frame a fellow disciple like this?" "According to what you said, four forces besieged you at that time and you were severely injured. If Fang Qingyun was behind this, how could he have let you return alive?" Yang Ruoxu said, "Because Fang Qingyun's true objective is to deal with Junior Apprentice Brother Su. Junior Brother Su is the Patriarch's in-name disciple. They would only dare to attack Junior Brother Su if he left the Divine Firmament Immortal Realm." Most of the Academy disciples were shocked and discussed animatedly. They could not accept such explosive news in a short time. Among the crowd, only Yan Bingying had her head lowered. She was not surprised by these words. Back then, when Fang Qingyun revealed his plan, he was rather proud. She and Tang Peng were both present. However, Tang Peng had already died long ago. Not even his corpse was left. Clap clap clap! The Moonlight Sword Immortal clapped her hands and said, "Junior Brother Yang, this story is pretty good. You must have spent a lot of effort." Yang Ruoxu looked at the Moonlight Sword Immortal with a fearless expression and said in a low voice, "I won't lie about this kind of thing."

In fact, if these words were said by someone else, the Academy disciples would have some doubts. However, if it was said by Yang Ruoxu, most of the Academy disciples believed it! Everyone knew that Yang Ruoxu cultivated the Overwhelming Righteousness Sutra and was full of righteousness. If there was any falsehood in this matter, his cultivation would be crippled because of it! "Actually, actually..." At that moment, a weak voice came from the square. "Senior Brother Yang is telling the truth." Although this voice was weak, it attracted countless gazes. The person who spoke was Yan Bingying! Her face was pale, and she was under immense pressure to say these words. No one knew how much courage she had to muster! Many cultivators knew that Yan Bingying had once followed Fang Qingyun. The weight of her words was extremely heavy! If Fang Qingyun really did these things, then Su Zimo not only did not violate the sect's rules by attacking him, but it could also be considered as eradicating a disaster for the Academy and making a great contribution! The Peak

Chapter 2480

"Junior Sister Yan!" Fang Qingyun heard Yan Bingying's voice and his single eye was filled with gloom. He gritted his teeth and said, "What did you say just now?" Yan Bingying's lips quivered as she said softly,

"Senior Brother Fang, now that things have come to this ..." "Bitch, shut up!" Fang Qingyun seemed to have suffered an immense blow and cursed like he had gone mad. Su Zimo looked at Elder Chen and the surrounding academy disciples and said indifferently, "Since everyone wants evidence, I'll give it to you right now!" The moment he said that, Su Zimo exerted strength in his palm and directly detained Fang Qingyun's Essence Spirit. Before everyone could react, Su Zimo directly used the soul searching technique on Fang Qingyun! At the same time, he released a spell and revealed Fang Qingyun's memory fragments for everyone present to see. "Su Zimo, you!" When Elder Chen saw this scene, his heart skipped a beat and he wanted to stop it, but it was already too late. Even if he made a move now and stopped Su Zimo, Fang Qingyun's Essence Spirit had already suffered irreversible damage. The other cultivators were also aghast. They did not expect that Su Zimo would be so decisive and vicious, actually using the soul searching technique on Fang Qingyun! This action was equivalent to executing Fang Qingyun in front of everyone! Elder Chen's expression was terrible as he said slowly, "Su Zimo, do you know what kind of price you have to pay if you don't find any evidence in Fang Qingyun's memories?" "Look, it's appeared!" Everyone pointed at the image that appeared in midair and exclaimed. "Looks like it was indeed Senior Brother Fang who plotted behind the scenes, colluding with outsiders to kill his fellow disciples." "There's also Tang Peng inside. However, I heard that 2,000 years ago, Tang Peng died outside inexplicably without a corpse." "Still calling him Senior Brother Fang? Fang Qingyun is a sinner and traitor of our academy. Everyone has the right to kill him!" "No wonder he wanted to find trouble with Senior Brother Su. So, it's because Senior Brother Su knows his secret. That's why this dog bastard wants to silence him." "Fortunately, Senior Brother Su was decisive and killed him first. Otherwise, who knows how much trouble he would have brought to the academy. Who knows how many innocent fellow disciples would have been killed by him!" Seeing Fang Qingyun's memories, the many disciples of the academy came to a realization. Mingzhe, Guo Yuan, and the rest of Fang Qingyun's followers were also somewhat flustered at this time.

Mingzhe laughed dryly and said, "W-We also didn't expect that Senior Apprentice Brother Fang, no, Fang Qingyun is actually this kind of person." "Bang!" Guo Yuan spat in Fang Qingyun's direction and scolded, "I was really blind to have followed you for so long!" "Actually, I've long noticed that something was wrong with Fang Qingyun!" "I've been following by Fang Qingyun's side and have always endured humiliation in order to gather some evidence of his crimes. I didn't expect that Senior Brother Su would drag him out today!" Just now, some of the disciples of the Academy who had almost attacked Su Zimo changed their attitude faster than flipping a book. They quickly drew a clear line with Fang Qingyun and showed their disgraceful behavior. The other disciples of the academy looked at Su Zimo with complicated expressions and lamented. Earlier on, they all thought that Su Zimo was just an irrational brute who ignored the sect rules and attacked Fang Qingyun when he saw his Dao child being humiliated. It was only now that they realized that from the moment Su Zimo attacked, he was already prepared and had a backup plan, calculating everything! Fang Qingyun's attack this time must have been premeditated for a long time. However, he did not expect that Su Zimo's counterattack would be so powerful, crushing him effortlessly and causing his reputation to be ruined. His life was in danger and he was on the verge of death. In less than two hours, Fang Qingyun fell from the number one position of the academy's inner sect and was smashed to pieces! After today, the academy's inner sect would completely change! The soul search was already over. Fang Qingyun's Essence Spirit was dim and lifeless. His life aura was weak and he did not have long to live. In the last period of time when he was still conscious, he saw his former followers cursing and pointing at him. He also saw the cold face of the

Moonlight Sword Immortal not far away ...All of that crushed him completely!Cracks appeared on Fang Qingyun's Essence Spirit. Right in front of everyone, his soul dissipated and his Dao dissipated!The huge square was completely silent. Not a single sound could be heard.Many academy disciples sighed in their hearts.Who would have thought that a conflict between a Dao child and a servant would cause the number one of the academy's inner sect, Fang Qingyun, to end up in such a state?Elder Chen calmed himself down and coughed gently to attract everyone's attention before saying, "Alright, this matter is over. Disciples, you may disperse."

"Wait!"Right then, the Moonlight Sword Immortal suddenly spoke.Many academy disciples could not help but feel their hearts skip a beat when they realized that the Moonlight Sword Immortal had an unfriendly expression.Was there going to be more trouble over this matter?That was not impossible.It was no secret that Fang Qingyun followed the Moonlight Sword Immortal.The Moonlight Sword Immortal said coldly, "Fang Qingyun colluded with outsiders to harm his fellow sect members. Naturally, he should be killed to clean up the sect."At this point, the Moonlight Sword Immortal paused for a moment and changed the topic. "However, Fang Qingyun is a sinner of the academy. It doesn't mean that others can get away with it and escape the academy's punishment!"Senior Brother Moonlight's words have a deeper meaning. Who is he talking about? "It must be Senior Brother Yang Ruoxu. The two of them have been at odds for many years because of Senior Sister Mo Qing. Don't you know?"Some academy disciples started whispering among themselves.Elder Chen wanted to cry, but no tears came out.He really could not meddle in the conflicts between true inheritors.Although they were both Perfected Immortals, he was already in his twilight years and any core disciple's combat strength was above his.Yang Ruoxu looked at the Moonlight Sword Immortal with a calm expression. "Senior Brother Moonlight, let's not beat around the bush. Who do you mean by 'others'?"Junior Brother Yang, don't be nervous."The Moonlight Sword Immortal smiled faintly. "I'm not talking about you. I'm talking about Su Zimo!"Yang Ruoxu frowned slightly.He originally thought that the Moonlight Sword Immortal was going to make things difficult for him.However, he was magnanimous and had never done anything against his conscience. Naturally, he was not afraid of anything.However, he did not expect the Moonlight Sword Immortal to turn her sword and point it at Su Zimo!The academy disciples were also confused, not knowing what the Moonlight Sword Immortal meant.Su Zimo raised his head slightly and looked at the Moonlight Sword Immortal. "Moonlight, there's no need to beat around the bush. What do you mean by getting away with it? Just say it."Su Zimo, you're still pretending even now!"Xiao Li shouted, "You've already betrayed Qiankun Academy and joined the Demon Territory!"

As soon as he said that, there was an uproar!This crime was extremely serious and was no less serious than what Fang Qingyun had done.Betraying one's sect and joining the Demon Territory — no matter which sect or kingdom in the Nine Heavens Immortal Realm it was, one would definitely be punished and killed on the spot!
