

## Sacred King 2501

### Chapter 2501

Yaksha was a Sanskrit word that translated as swift ghost. It could bite ghosts, move nimbly and valiantly, appearing and disappearing unpredictably. The pattern on the wall had long been blurred. Su Zimo looked at it carefully but could not find any clues about the blood aura. According to Xie Ling, there was a lake condensed from blood aura in the center of the ancient city. That was the source. Su Zimo left this place and set off to take a look at the center of the ancient city. "You guys rest here. I'll go out for a walk." Su Zimo said to Xie Qingcheng. "Okay." Xie Qingcheng nodded. After arriving at the ancient city, there was no Shura clan and other undead chasing after him, so there was no danger for the time being. Su Zimo left the house and walked towards the center of the ancient city. As he went deeper and deeper, the blood aura around him became heavier and denser. The range that his vision and divine sense could explore was still shrinking. Relying on his spirit perception, Su Zimo was fearless as he sped forward in huge strides. About an hour later, he gradually slowed down. Suddenly, Su Zimo leaped up and stood in the air. Looking down, he could see a gigantic lake appearing not too far away. An endless stream of blood aura was spreading out from this lake. In the center of the lake, through the blood mist, he could vaguely see a small island. Unsurprisingly, the Lingxia Seal was on it. Su Zimo landed back and came to the edge of the lake. He focused his vision and looked at the lake. The lake was dark and suffused with a strange blood light. He could not see anything and did not know what was in the lake. Su Zimo took out a useless heaven-grade magic treasure from his storage bag. He operated his divine sense and controlled this heaven-grade magic treasure to speed towards the lake. As soon as this heaven-grade magic treasure entered the range of the lake, a few strands of blood aura condensed, as if forming a huge beast head, emitting a ferocious and terrifying aura! Even Su Zimo, who was standing at the edge of the lake, could clearly feel it! He was extremely decisive and directly cut off the connection between his divine sense and the heaven-grade magic treasure. The beast head opened its bloody mouth and instantly swallowed this heaven-rank magic treasure. Then, the beast's head glanced in the direction of Su Zimo. Its eyes were cold and filled with endless killing intent!

That single glance sent chills down Su Zimo's spine! If he hadn't severed his Divine Sense with the heaven-rank Magic Treasure earlier, then this beast head might even have chased after him! It seemed that Xie Ling was right. It was impossible to cross the lake. At the very least, with his current cultivation, he was completely unable to resist the devouring of this Blood Fiendish Qi. The six True Immortals of the Divine Firmaments Palace, who were hovering in the air above the ancient city, had also noticed what was happening. Shen Ze smiled faintly and said, "This Su Zimo is quite cautious, and his reaction is also fast. No wonder he could avoid Shadowless' assassination." Fairy Divine Crane suddenly frowned. "He's in trouble! "Not only her, but the other five Perfected Immortals had also noticed that within the blood fog, there were six figures moving in different directions, stealthily moving towards Su Zimo's position. They were getting closer and closer!" I can understand why Song Ce and Zong Feiyu want to deal with Su Zimo. After all, this kid has a deep grudge with the Great Jin Celestial Nation and Zither Fairy of the Flying Celestial Sect." Shenhong Perfected Immortal frowned. "But Lie Xuan, Xie Tianhuang, Yue Hai, and Luo Yang don't seem to have any grudges with this kid, right?" Shen Yan chuckled and said, "Don't forget, this kid has the Jade Purity Jade Book. Not to mention the four of them, even I am tempted. It's just that due to my status, I can't make a move." If the Jade Purity Jade Book was taken away in a battle of the same level, then it was Su Zimo's own cultivation that was not strong enough, and he couldn't blame

anyone else. However, as Perfected Immortals, if they made a move on Su Zimo, it would be bullying the weak. The Divine Firmament Palace couldn't afford to lose face like this. "Tsk, tsk. It's predicted that the six Perfected Immortals in the top ten of the Heaven List will besiege Su Zimo from the Academy. This kid is going to be eliminated." Shen Yun crossed his arms, looking like he was watching a show. Shenhong also pursed her lips and said, "Looking at the situation, if it were Yun Ting or Qin Gu, it would be difficult for them to escape unscathed." ...Su Zimo looked at the lake in front of him, deep in thought and hesitant. Suddenly! His heart skipped a beat. He narrowed his eyes slightly and slowly turned around. Looking at the depths of the blood fog in front of him, he said, "Since everyone is here, show yourselves."

Clap, clap, clap! Luo Yang Celestial was the first to walk out. She clapped her hands and looked at Su Zimo meaningfully. She said, "Su Zimo, I didn't expect to see you here after we parted on the Longyuan Planet!" Yue Hai also walked out from another part of the blood fog and praised, "What sharp senses. I can't hide from you." Immediately after, Song Ce appeared, holding the Executioner Saber in his hand. His entire body was filled with murderous aura. He stared at Su Zimo, as if he could kill him at any time! "Yo, it's so lively." The red-haired Xie Tianhuang also slowly appeared, with a cynical smile on her face. A blazing light broke through the blood fog, and Lie Xuan walked out slowly. Looking at the five Perfected Immortals in the top ten of the Heaven List, Su Zimo looked calm and was not surprised. "Su Zimo, do you have any last words?" Song Ce asked coldly. Su Zimo did not answer. He looked at the depths of the blood fog on the other side and said, "Zong Feiyu, how long are you going to stay in there?" "Interesting." After a moment of silence, a chuckle suddenly came from the blood fog. Zong Feiyu looked at Su Zimo, and his figure slowly appeared. He said in surprise, "You can find my trace?" Seeing that everyone had arrived, Su Zimo asked calmly, "Why? Are you all going to attack together?" Yue Hai was the first to take a step back. He spread out his hands and said, "I'm just here to join in the fun. You guys continue." He was indeed tempted by the Jade Purity Jade Scroll, but there were five people ranked above him. The situation was chaotic, and he did not want to get involved. However, the six people's positions were very particular. They formed a semicircle formation, blocking all of Su Zimo's escape routes. Although Yue Hai said that he would not interfere, his position still blocked one of Su Zimo's escape routes. If Su Zimo chose to escape in his direction, he would be sending himself to his doorstep and he would have no choice but to accept it. In the eyes of the six people, Su Zimo was already a bird in a cage. Song Ce said, "The Jade Purity Jade Scroll is with him, but I think we should kill him first, and then decide on the Jade Purity ..." Before Song Ce could finish, his face suddenly changed!

Su Zimo's figure had disappeared from the spot. A biting cold murderous intent instantly shrouded him. When Su Zimo appeared again, he was already behind Song Ce. Without hesitation, he reached out his hand and slammed it down on Song Ce's head! Song Ce came from the Dajin Celestial Nation. There was no room for negotiation between the two of them. Song Ce wanted to kill him, and he did not plan to let him go! This move was indeed beyond everyone's expectations. No one expected that Su Zimo would not escape when surrounded by the six of them. Instead, he dared to attack them first!

## **Chapter 2502**

Although he was unprepared, Song Ce's reaction speed was extremely fast due to his countless life-and-death experiences. He didn't turn around, and he didn't have time! Su Zimo's attacks were ferocious and fast. At this level, any mistake could lead to serious injuries! Song Ce's back was facing Su Zimo as he

executed the Execution Steps, and blades appeared under his feet. The Execution Steps wasn't just a movement technique, but also a counterattack technique. Numerous blades tore open a gap under Su Zimo's Great Chaos Palm, and Song Ce dodged to the side. This reaction showed Song Ce's strength! None of the experts in the top ten of the Heaven List were easy to deal with. Especially someone like Song Ce, who was able to sit at the top of the Great Jin Celestial Nation's Executioner Guard. Who knew how many corpses and blood he had stepped on? Song Ce's counterattack didn't stop there. After avoiding Su Zimo's Great Chaos Essence Palm, Song Ce suddenly opened his mouth and released an ear-piercing sound domain secret skill that resembled metal clashing! At the same time, Song Ce pulled out his Executioner's Saber and slashed at Su Zimo! At the same time, Zong Feiyu, Lie Xuan, Xie Tianhuang, and Luo Yang prepared to attack. If Su Zimo was killed by Song Ce alone, then they wouldn't have a reason to snatch the Jade Purity Book and divide the other treasures on Su Zimo. Everyone wanted a share of the loot! "Roar!" Just as Song Ce used the Sound Domain secret technique, Su Zimo also used the Dragon Roar secret technique, and a deafening roar came from the depths of his throat! This Dragon Roar secret technique was created by combining many Sound Domain secret techniques with the Azure Dragon's Roar as the foundation. Even the murderous aura couldn't suppress it. The Dragon Roar instantly suppressed Song Ce's Sound Domain secret technique. Zong Feiyu and the others felt the terrifying power contained in the Dragon Roar secret technique, and they didn't dare to be careless. Although Xie Tianhuang also knew the Heavenly Phoenix Cry, she couldn't release it due to the suppression of the Blood Qi in the Shura battlefield. She could only retreat, temporarily leaving the range of the Dragon Roar Secret Technique. On the other hand, Zong Feiyu, Lie Xuan, and Luo Yang Heavenly Immortal didn't retreat. Instead, they unleashed their respective sound domain secret techniques and went against the flow. Ever since Su Zimo cultivated the Dragon Roar Mystic Technique, he was practically invincible among those of the same rank!

At close range, cultivators with weak physical bodies would be killed on the spot. Even if his physical body and bloodline were extraordinary, he would still suffer a great impact and lose his focus, allowing him to seize the initiative and take control of the situation. But now, in the battlefield of Shura, Su Zimo was unable to release the Six Fangs God Power. Su Zimo's strength was far from reaching its peak. The power of the Dragon Roar Secret Technique was also greatly reduced. On top of that, Song Ce was an expert in close combat, and his body and bloodline were strong. With the support of Zong Feiyu, Lie Xuan, and Luo Yang Heavenly Immortal, the Dragon Roar Secret Art did not have any effect. Several Sound Domain Secret Techniques clashed in mid-air and soon dissipated. He predicted that the top ten on the Heaven Leaderboard would be more difficult to deal with than he had imagined! "Humph!" Su Zimo's expression didn't change. His body suddenly flickered and disappeared again. Swoosh! Song Ce's backhand slash missed. All of a sudden! Su Zimo appeared beside him once more and clenched his fingers into the shape of a sword, pointing towards the back of Song Ce's head with a sharp glint. Clang! Song Ce didn't turn around. He twisted his body and the Executioner's Saber suddenly appeared from under his ribs. It clashed with Su Zimo's Saber, and a crisp sound rang out! Both of them trembled slightly. At the same time, Su Zimo released his three heads and six arms. His six palms conjured hand seals continuously as he channeled his spirit consciousness. Then, he released four supreme divine abilities consecutively in the direction of Zong Feiyu, Lie Xuan, and Heaven Immortal Luo Yang! "Circle Prison!" A giant cage suddenly appeared under Zong Feiyu's feet and instantly enveloped Zong Feiyu! "Fleeting Youth!" This Super Power instantly descended and slashed at Lie Xuan! "Kill Formula!" The third Super Power was released and charged at Luo Yang Heavenly Immortal! "Paramita Bridge!" A shimmering golden bridge extended beneath Su Zimo's feet and tore through the air, charging towards Xie

Tianhuang who was charging over!Releasing four Super Powers consecutively had a high demand on one's Primordial Spirit.If one's Primordial Spirit wasn't condensed enough, it would most likely collapse on the spot!

Su Zimo's first move was one against five!These four Super Powers couldn't kill Zong Feiyu and the other three, but they could delay them for a moment.The time he had gained was for him and Song Ce to have a one-on-one fight!Song Ce obviously realized this as well."How dare you!"He wasn't afraid at all. His eyes shone brightly as he stabilized his footing. His left hand formed a hand seal and activated his Primordial Spirit, releasing his Super Powers!"Five Horses Dismemberment!"The Great Jin Celestial Nation had ten Execution Super Powers. Each of them was extremely powerful and vicious.Generally speaking, only those of the royal bloodline or cultivators who had contributed greatly to the Great Jin Celestial Nation could learn them.Five Horses Dismemberment was one of them.The fact that Song Ce could cultivate this Super Power showed that his status in the Great Jin Celestial Nation was not low.Endless power of divine powers circled around Su Zimo.The reason why this Super Power was so powerful was that it contained not only the power of killing, but also the power of confinement!Shackles instantly formed on Su Zimo's neck, wrists, and ankles, locking him tightly.At the same time, these shackles were connected to five thick iron chains.The other end of the iron chains was wrapped around the five divine horses. They exerted force at the same time and galloped in five different directions!"Hmm?"Su Zimo narrowed his eyes slightly. Indeed, there was a tearing sensation between the joints of Qinglian's limbs.Although it was not intense, it still made his heart skip a beat.After Song Ce released Five Horses Dismemberment, he did not stop. He raised his saber and slashed down on Su Zimo's head!Swoosh!A sinister and cold saber intent enveloped him.Su Zimo felt as though he was in a torture hell. Countless ghosts wandered around him with all sorts of torture tools in their hands. They were laughing sinisterly at him, ready to torture him at any time!He predicted that Song Ce's counterattack would be so fierce and powerful!Suddenly!A resplendent starry sky appeared above Su Zimo's head. Billions of starlight fell and surged into his body, causing his strength to increase exponentially!The Mystic Spirit Big Dipper Diagram descended and broke through Song Ce's Execution Saber Intent instantly.

At the same time, Su Zimo made use of the power of the stars to break free from the shackles of Five Horses Dismemberment. In a flash, he used the True Dragon's Nine Flashes and appeared beside Song Ce again, seizing the initiative!Song Ce was already prepared for this. He had already backhanded his saber and chopped down.This time, after Su Zimo's figure appeared, he did not stop. In a flash, he disappeared and appeared on the other side of Song Ce again.In the blink of an eye, Su Zimo changed his position four times consecutively.Song Ce was a little overwhelmed and could not determine where Su Zimo would land. Finally, he found a flaw!

## **Chapter 2503**

Su Zimo conjured sword seals with both hands and his gaze was cold. A chilling killing intent burst forth from him and surged into the clouds!Heaven's killing intent, shifting the stars!Earth's killing intent, Dragon Snake Rising!Heaven Slaying in his left hand and Earth Slaying in his right.Su Zimo wielded the two sword arts and was prepared to kill Song Ce on the spot!That killing intent was way too strong!As the number one Heavenly Slaying Guard, Song Ce was in charge of punishment and killing. Even though he had an iron-blooded killing intent, he could not withstand it.Billions of Heaven Slaying Sword Qi condensed into a Heaven Slaying Sword in Su Zimo's left hand and slashed down!At the same time, the skies changed color and the earth quaked!Above Song Ce's head, a divine dragon condensed from the

Earth Slaying Sword Qi was faintly discernible. Behind him, a Soaring Serpent broke out of the ground. Dragon Snake Combined Strike, Heaven and Earth Slaying! The Earth Slaying Sword Qi was the pinnacle of killing. The malevolent blood qi also contained an extreme killing intent. Because the two of them were extremely similar, the suppression of the Earth Slaying Sword Qi was not great. That was why Su Zimo was able to condense the Dragon Snake Sword Qi. Song Ce's expression changed a few times as raging waves surged in his heart. To think that he would be forced into such a state in the battle between the two of them! Of course, he knew that as long as he could withstand Su Zimo's attack this time round, he would be able to avert danger. That was because on the other side, Zong Feiyu and the others were about to break free as well. However, it was difficult for him to ensure that he could escape unscathed against the combined attack of Heaven and Earth Slaying! Swoosh! Against this crisis, Song Ce channeled his bloodline to its limits and the sound of a tsunami surged within his body. A gigantic Punishment Blade appeared behind him! It was a Bloodline phenomenon! The Punishment Blade slashed down towards the Heaven Slaying Sword in Su Zimo's left hand. Boom! The saber and sword collided with a deafening sound that shook the world! Song Ce's Bloodline phenomenon shook violently and almost collapsed. As for the Heavenly Slaying Sword, it was smashed into pieces, turning into streams of Origin Qi that scattered into the void.

At the same time, the Dragon Snake Combined Strike enveloped down. Song Ce ignored the Soaring Serpent that broke out of the ground beneath his feet and slashed towards the divine dragon in midair. Clang! The saber stood on top of the divine dragon's head. Both of them trembled and went still. It was as if time and space had frozen. Following that, countless dragon scales fell off the divine dragon's body. The Earth Slaying Sword Qi's divine dragon dissipated on the spot, vanishing into nothingness. At this moment, Song Ce had no time to resist the soaring serpents of sword qi behind him, and he could only release his Origin Energy to surge into the Executioner Armor on his body, causing numerous markings to surge out. The Soaring Serpent slammed heavily into his back! "Pu!" Song Ce felt as if he was struck by lightning, his body trembled and he spat out a mouthful of blood. The light of the Executioner Armor he was wearing quickly dimmed! Although the Executioner's Armor had been reduced to scrap metal, it had helped him block most of the damage from the Earth Slaying Sword Qi. To him, this injury could be healed in the span of a few breaths! "Pu!" A great spear pierced through Su Zimo's head, but no blood appeared! This head was one of the heads condensed from the three heads and six arms. Even if it shattered, it wouldn't affect him much. Yue Hai, who had been watching from the side, finally made his move. He was quite particular about the timing of his attack. When Song Ce was in danger, he didn't help Song Ce resolve the crisis or block the damage. After all, to him, even if Song Ce was killed by Su Zimo, it would mean that he had one less competitor. Yue Hai made his move and went straight for Su Zimo! At that time, Su Zimo was holding the Dual Killing Sword Qi of Heaven and Earth. Although he sensed Yue Hai's movement, he couldn't be distracted and ignored it. He wanted to kill Song Ce first before dealing with Yue Hai. He didn't expect Song Ce to have so many trump cards that he could survive the Dual Killing Sword Qi of Heaven and Earth! "What a pity." Su Zimo thought to himself. If he could release the Six Fangs Divine Power or cultivate to Level Seven Heaven Immortal, his combat strength would be doubled or even more. Just Now, it would be a different situation.

"Boom!" On the other side, Zong Feiyu broke free from the Divine Power of Prison Painting and rushed over. Luo Yang Heaven Immortal and Xie Tianhuang followed almost at the same time and surrounded him. It was just the Kill Character Formula and the Paramita Bridge's Exceptional Abhijna, which posed no

threat to the two of them. The only one who was in trouble was Lie Xuan. As soon as the Fleeting Youth was released, the experience he gained from countless battles of life and death reminded him that this Peerless Mystique was extremely dangerous! Lie Xuan didn't dare to be careless and released two Divine Powers. However, that sense of danger didn't disappear. Instead, it became even stronger! On the battlefield, amidst the earth-shattering collisions, he even keenly caught a trace of a strange drum sound. "Oh no!" Lie Xuan suddenly remembered the evaluation of Su Zimo on the Heaven Ranking. It said that Su Zimo was skilled in a Divine Power that could reduce one's lifespan. It was extremely powerful! Lie Xuan didn't have time to think. He directly activated his bloodline to the extreme and released the Bloodline Avatar! Behind him, his blood qi surged and blazing suns appeared one after another. They emitted a bedazzling brilliance and spewed scorching flames! In the blink of an eye, seven blazing suns appeared. The sense of danger was still there! Lie Yan's eyes flashed with decisiveness as she strengthened her bloodline again. Whoosh! In this Bloodline Avatar, after the seven blazing suns, two more blazing suns appeared! Nine blazing suns descended, illuminating the world! Nine suns in the sky! The Flaming Sun Immortal Kingdom's top cultivation technique, the Flaming Sun Sutra, could only be cultivated by the royal family. Legend had it that nine suns in the sky was the peak of the Flaming Sun Sutra. Before this, Lie Xuan had only summoned eight blazing suns at most when he fought with others. But now, Su Zimo's casual Divine Power almost forced him to use his strongest trump card! Nine suns in the sky. The sense of danger in his heart finally disappeared. Before the power of the Fleeting Youth divine ability could descend upon Lie Xuan, it was burned into vital energy by the nine burning suns behind him and dissipated into the air.

Lie Xuan stood on the spot, his breathing unstable as he felt a lingering fear. If he hadn't reacted quickly, who knew what terrifying consequences would have happened just now! Lie Xuan slowly calmed himself down and didn't go up to kill Su Zimo immediately. "This kid's combat strength is ranked 24th on the Heaven Ranking? What kind of joke is this?" Lie Xuan's heart was suddenly filled with anger. It wouldn't be an exaggeration to say that this kind of skill was ranked in the top ten of the Heaven Ranking! At the same time, Lie Xuan had another thought. This Su Zimo was only a Rank Six Heavenly Immortal now, and he could already use such skills. If he cultivated to Rank Nine, how powerful would he be? "You deserve to die!" Zong Feiyu was the first to arrive. Without seeing him do anything, a sword light appeared. It flashed and disappeared. Su Zimo didn't have time to react. He just instinctively dodged with his spiritual sense. Splat! Su Zimo's head was pierced again. Two of his arms were also silently chopped off! At this point in the battle, Su Zimo's three heads and six arms were almost crippled! Xie Tianhuang and Luo Yang's Divine Powers and secret techniques also enveloped him!

## **Chapter 2504**

In the sky above the ancient city. The six Perfected Immortals of the Divine Firmament Palace saw the fierce battle below. Although the battle was short, the six Perfected Immortals' eyes lit up! The six Perfected Immortals already knew about Zong Feiyu's methods and combat power. There was also a detailed introduction on the Heaven Leaderboard. However, the six Perfected Immortals did not know much about him. Because Su Zimo's battle results were too few, only two, they couldn't make an accurate evaluation. What happened just now made the six Perfected Immortals reevaluate Su Zimo's ranking on the Heaven Leaderboard. Shenhong praised, "He fought against five at the beginning, but he wasn't defeated. Instead, he fought back and even injured Song Ce. This kind of combat power and control of the situation is a little scary." "Just a peerless Divine Power was enough to force Lie Xuan to

use the Nine Suns in the Sky bloodline phenomenon. It really surprised me." Shenze still couldn't believe it. "It's a pity that this kid's cultivation is a little low. If it's a life-and-death battle, he still has too many weaknesses." Shenyan looked regretful. Although he didn't say it explicitly, the other Perfected Immortals understood. If one's cultivation was low, they would have obvious weaknesses in terms of Essence Qi, Essence Spirit, consumption, and head-on battles. Su Zimo had injured Song Ce in the battle just now. But that kind of injury didn't affect Song Ce at all. If the battle continued, Song Ce would still win in everyone's opinion. Shenhe suddenly said, "Even so, I think this kid's ranking is enough to be in the top ten!" "Of course." Shenfeng nodded. The others didn't have any objections to this ranking. Even if Su Zimo tore the Teleportation Talisman and left the battlefield in Shura, the combat power he showed Just Now was enough to be in the top ten of the Heaven Leaderboard! Shenhong took out the Heaven Leaderboard and slowly opened it, raising Su Zimo's ranking from twenty-fourth to tenth! The Duke of Heavenly Phoenix, who was originally tenth, was pushed to eleventh. "Who's going to write the evaluation?" Shenhong asked. "Shenhe, I think she thinks highly of Su Zimo," Shenfeng said with a smile. "Okay. "Fairy Divine Crane did not decline. She stepped forward and condensed her True Essence at her fingertips. Using her finger as a pen, she prepared to write her latest evaluation of Su Zimo on the Prediction Heaven List.

It was predicted that the higher one's ranking was on the Heaven Leaderboard, the harder it would be to improve. For example, Su Zimo, who was originally ranked twenty-fourth, had risen by more than ten places. He had to give a convincing reason. "Wait!" Fairy Divine Crane was about to write when the other True Immortals suddenly spoke up and stopped her. When Fairy Divine Crane saw them frowning and looking at the ancient city below with serious expressions, she subconsciously looked over as well.... In the center of the ancient city. The six predicted powerhouses on the Heaven List regrouped. They put away their contempt, and the pressure on Su Zimo increased greatly! These six people were much more difficult to deal with than he had imagined. All of them were ruthless people! Song Ce let him get close to him and continuously used his killer moves to attack him. If it was any other cultivator, they would have died long ago! Song Ce only spat out a mouthful of blood, and in the blink of an eye, his injuries were healed. Of course, if Su Zimo continued to attack Song Ce, with his means, he still had a seventy percent chance of killing Song Ce on the spot! But this was almost his limit. Other than killing Song Ce, he did not have any energy left to continue fighting with the other five people. He could only escape. Su Zimo was already prepared to enter the bottom of the lake behind him to find out what was going on. If he killed Song Ce and entered the bottom of the lake, the Duke of Ming Jiong would definitely vent his anger on Xie Qingcheng and eliminate her early. At that time, even if he could find out the secret at the bottom of the lake and come back alive, he would not have the chance to help Xie Qingcheng obtain the Lingxia Seal. At this point, Su Zimo had already made up his mind. Facing the attacks of Zong Feiyu, Luo Yang Tian Xian, and Xie Tianhuang, he formed the Immovable Deity Seal and entered a defensive posture. Boom! Boom! Luo Yang Tian Xian and Xie Tianhuang's peerless powers descended and attacked Su Zimo's body. Even the Immovable Deity Seal could not withstand it. Su Zimo could not control his body and kept retreating.

Zong Feiyu's sword appeared again. But this time round, Su Zimo made use of his powerful spirit perception to grab the sword that was as thin as a cicada's wing with his bare hands! He felt a sharp pain in his palm and blood dripped out. "Good sword!" Su Zimo praised. This praise came from the bottom of his heart. Qinglian's true body was cultivated to the eleventh grade. She also cultivated the "Pure Jade Manual", "Divine Elephant Breath Devouring Technique", "Void Thunder Manual", and other powerful body refining techniques. Her flesh was already indestructible and was even stronger than a Xiantian

Heaven Grade Magical Treasure! But now, Zong Feiyu's thin sword was able to cut his palm! Of course, Su Zimo held the sword tightly. The tip of the sword was only a few millimeters away from his forehead. But Zong Feiyu's sword could not pierce through. "Hmph!" Zong Feiyu channeled his blood essence and exerted force again! He held back and did not use his Bloodline Anomaly. He only channeled his blood essence to the level of tidal waves and stabbed forward with his sword. Su Zimo seemed to be unable to withstand this force and could only let go of his palm. In order to avoid Zong Feiyu's sword, he retreated again. "Stop chasing!" Seeing this, Song Ce and the others suddenly shouted. Zong Feiyu seemed to have realized something and quickly stopped. Su Zimo's body was already above the lake. Above the lake, the murderous aura seemed to have been stimulated by something. It quickly condensed into vines and wrapped around Su Zimo's body. Under the gaze of Zong Feiyu and the others, the murderous aura instantly pulled Su Zimo into the lake and disappeared. Su Zimo did not even have time to use his teleportation talisman. "F \* ck!" Heaven Immortal Luo Yang cursed. Song Ce's face was also gloomy and unresigned. After Su Zimo was swallowed by the murderous aura and fell into the lake, he would definitely die. However, they would not have the chance to obtain the Pure Jade Manual and other treasures on him! A hint of joy flashed across the eyes of the Duke of Heavenly Phoenix. Falling into the lake meant falling into the hands of the Flaming Sun Immortal Kingdom. At that time, if he could obtain the Lingxia Seal, his father would be pleased and might even allow him to cultivate the Pure Jade Manual.

"Zong Feiyu, you are too hasty." Song Ce said coldly, "He has used up all his trump cards and is trapped by us. He can't escape even if he has wings. Why did you throw him into the lake?" Of course, Zong Feiyu did not want to do so. Until now, he still did not understand why Su Zimo, who was so ferocious earlier, suddenly became so careless and retreated to the top of the lake, only to be swallowed by it. Although this was what he thought, Zong Feiyu was a reincarnated True Immortal and ranked above Song Ce. Naturally, he would not show any weakness. "You want the Pure Jade Manual?" Zong Feiyu smirked and pointed at the lake behind him. "It is in there. If you want it, go in and get it yourself!" "You!" Song Ce squinted his eyes and a cold light flashed across them. "Don't worry. I can guarantee that the Pure Jade Manual is in good condition and will not be damaged by the murderous aura." Zong Feiyu sneered again and turned to leave. Originally, with Su Zimo around, they had a common goal and could still maintain peace on the surface. However, now that Su Zimo was dead, the people on the Heaven List were expected to return to their initial state of being wary and hostile towards each other. The remaining five people were unwilling to give up. They lingered at the edge of the lake for a long time before finally leaving.

## Chapter 2505

Above the ancient city. The six Perfected Immortals of the Divine Firmament Palace looked at the scene with complicated expressions and a hint of pity. "It's a pity that this kid is still too young and lacks battle experience. He neglected his surroundings and ended up in such a state. Sigh." Shen Hong sighed. Shen Yun said, "If he could tear the Teleportation Talisman in time, he could have escaped. It's a pity ..." "To think that such a genius would fall in the battlefield of Shura. It's such a pity." "A genius who dies prematurely is not a genius. Since ancient times, there have been countless geniuses who died prematurely. Who can remember them?" The five of them discussed. Divine Crane Fairy frowned slightly and did not say a word, as if she still had not recovered from the scene. "I'm afraid the Predicted Heaven List will have to be revised again." Shen Hong smiled bitterly. "This Su Zimo has created a new record. He just entered the top ten of the Heaven List, but he died and was removed from the list." If a cultivator on

the Heaven List died, they would naturally be removed from the list. The Predicted Heaven List was in Divine Crane Fairy's hands. The evaluation of Su Zimo's tenth place had not been written yet. When Shen Hong saw that Fairy Divine Crane was not moving, she had no choice but to retrieve the Heaven Ranking and erase all information and traces related to Su Zimo from the Heaven Ranking. "No!" Divine Crane Fairy shook her head. "What's wrong?" Shen Yan said, "Divine Crane, I know you think highly of this kid, but he's already dead. Naturally, he can't be on the Predicted Heaven List." Divine Crane Fairy said, "I'm not talking about that. I'm talking about when he fell into the lake. Although it seems like he was forced down by Zong Feiyu, don't you think it's a little strange?" Shen Hong and the others looked at each other and did not say a word. In fact, when they saw Su Zimo fall into the lake, their first reaction was indeed a little shock and disbelief. Divine Crane Fairy continued, "In the process of fighting the six Heavenly Immortals, his control of the situation, his reaction, and his methods were perfect. It shows that this kid is extremely talented in battle." "How could he be defeated so suddenly? Moreover, he made such a low-level mistake and didn't even tear up the teleportation talisman when he had no way to retreat?"

Divine Wind speculated, "Maybe he was just lucky? This kid was unwilling to leave, so he didn't tear up the teleportation talisman. By the time he realized how terrifying the lake was, it would already be too late." Fairy Shencrane shook her head slightly, expressing her doubts. Shen Hong didn't understand and asked, "Shenhe, are you trying to say that Zong Feiyu didn't force this kid to fall into the lake, but he did it on purpose?" Fairy Godcrane was silent. She did have this idea in her heart, although it sounded a little ridiculous. Shen Ze chuckled softly and said, "Could it be that this child has taken things too hard and is seeking his own death?" "Divine Crane, the lake below us is formed by Blood Evil Qi. Even if we fall in, we might not survive." Shen Yan felt a little helpless. He smiled and said, "It doesn't matter if he did it intentionally or not. He has already fallen into the lake. The result is death." Fairy Divine Crane did not answer. She activated her divine sense and probed into the lake as much as she could. Even with her divine sense, she was unable to reach the bottom of the lake. Probing the middle of the lake was already her limit. Suddenly! She detected a life force in the middle of the lake. It was extremely similar to Su Zimo's aura! "He's not dead yet!" Fairy Divine Crane's words were shocking, and her eyes lit up. "Hmm?" The other five Perfected Immortals' expressions changed slightly. They knew that Fairy Divine Crane would not joke about this matter. They hurriedly extended their divine senses into the lake. As expected! They also felt Su Zimo's life force in the lake. Although it was fluctuating violently, it was obvious that he was still alive! "He's not dead?" The Perfected Immortals' eyes were filled with disbelief. "Even if he's not dead, how long can he last in the Blood Evil Lake?" Shen Ze expressed his doubts about this matter. Shen Yun pondered and said, "Moreover, even if he's lucky enough to crawl out alive, his Primordial Spirit and Dao Heart will be eroded by the Blood Evil Qi. This person will be completely crippled!" Fairy Divine Crane said, "Regardless, as long as he's not dead, his name should not be removed from the Heaven Ranking." Shen Hong said in a low voice, "What Divine Crane said makes sense. However, after this calamity, whether he can recover his previous combat strength is still unknown. Moreover, the possibility of him being crippled is very high!"

"I suggest that he be re-listed on the Heaven Ranking. However, this ranking can only temporarily place him at the bottom of the Heaven Ranking." Fairy Divine Crane nodded. She had no objections to this arrangement.... In the lake, a figure was slowly sinking. Fairy Divine Crane's guess was right. Su Zimo entering the lake was naturally part of his plan. After falling into the lake, the thick Blood Evil Qi in the lake was much more terrifying than he had imagined! The Blood Evil Qi had already condensed into a

lake. One could only imagine the level of this power. An endless stream of Blood Evil Qi flowed through Su Zimo's pores into his body, rampaging and destroying all life force! Even his sea of consciousness was invaded by the Blood Evil Qi! Endless violent and murderous emotions battered his Dao Heart. However, his Dao Heart was firm and unshakable. He could still maintain his consciousness. He hurriedly recited the Prajna Nirvana Sutra. At the same time, he channeled the One Heavenly Primordial Water to form a barrier around his body. This mystic technique passed down by the Black Tortoise Saint Soul was the most effective in the lake. Even so, the Blood Evil Qi in the lake still surged in from all directions. The One Heavenly Primordial Water's Dao Heart could not withstand it at all! Su Zimo's heart skipped a beat. He hurriedly recited the mystic technique passed down by the White Tiger Saint Soul. Although he did not understand the meaning of this mystic technique, every time he recited it, the pressure around him would lessen a little. As expected! Before this, he had only speculated. Now, he was almost certain that the Blood Evil Qi in the Shura battlefield was definitely related to the White Tiger Saint Beast! This was the Blood Evil Qi of the White Tiger! Su Zimo recited the mystic technique repeatedly. The Blood Evil Qi's attack on him gradually weakened. Originally, to the Blood Evil Qi in the lake, Su Zimo was just an outsider. That was why it attacked him so crazily. However, Su Zimo's repeated recitation of the mystic technique passed down by the White Tiger Saint Soul caused a trace of aura similar to the White Tiger's to appear on his body. He merged with the Blood Evil Qi in the lake and became one. Normally, even a Perfected Immortal would not be able to withstand the corrosion of the Blood Evil Qi in the lake.

However, Su Zimo had already cultivated a mystic technique passed down by the White Tiger Saint Soul. This caused his body to have a trace of the White Tiger's aura. The Blood Evil Qi in the surroundings would naturally not have any hostility towards someone with the White Tiger's aura. Su Zimo resolved the crisis and felt relieved. As he continued to fall, he vaguely sensed a strange feeling from another direction at the bottom of the lake. It resonated with the mystic technique he was reciting. Su Zimo followed this feeling and continued to dive towards the bottom of the lake.

## **Chapter 2506**

Heaven and Earth Academy, Inner Court Square. Apart from some academy cultivators, there were also thousands of Heaven Immortals from the various sects and factions of the Divine Firmament Celestial Realm. They all wanted to challenge Su Zimo. Later, when they heard that Su Zimo had entered the Shura battlefield and predicted that the Heaven List would be updated in real time, these people did not leave. Firstly, they could watch the Heaven List rankings here at any time. Secondly, when Su Zimo returned, they could immediately stop him! The battle for the seal was only a month away. Everyone could afford to wait. Heaven and Earth Academy valued etiquette, so they naturally could not casually chase away guests. Now that Su Zimo was not in the academy, everything was under Yan Bingying's control. Moreover, many academy disciples were extremely concerned about the results of this seal battle and gathered here together. The number of people in the square was increasing. "Look, there's a change in the rankings!" Someone in the crowd screamed. "Oh my god! Senior Brother Su is in the top ten!" "It's only been two days since the seal battle, but Senior Brother Su has risen by more than ten places. It's too terrifying!" "Senior Brother Su must have fought a tough battle. Otherwise, it would be impossible for him to rise so many ranks and enter the top ten!" Many academy disciples were excited as they discussed. Yan Bingying smiled, feeling a little happy. During this period of time, Heaven and Earth Academy had been provoked by these foreign cultivators, but Su Zimo had avoided the battle and attracted a lot of mockery. Now, seeing Su Zimo's ranking suddenly soar and enter the top ten, the

academy disciples felt elated. When these foreign cultivators saw the ranking, their expressions were a little ugly. They had originally thought that Su Zimo's ranking was too fake, so they dared to challenge him. They did not expect that Su Zimo would enter the top ten of the Heaven List as soon as the seal battle began! The Divine Firmament Palace's six Perfected Immortals were personally overseeing the Shura battlefield, so the record naturally could not be wrong. "Why aren't you saying anything?" A academy disciple sneered. "Where's the arrogance from before?" "Our Senior Brother Su avoided the battle because he couldn't be bothered with you. Do you really think you're something?" "People have to know their limits! If you want to challenge Senior Brother Su, you have to reach that level first!"

In the face of the academy disciples' mockery, the Stage Nine Heaven Immortals from the Flying Celestial Sect, Great Jin Celestial Kingdom, and Zi Xuan Celestial Kingdom were embarrassed. The Flying Immortal Sect's Tian Zhe smiled embarrassedly and said indifferently, "Fellow Daoist Su's methods are admirable. ""Are you still not leaving?" Yan Bingying asked her. This ranking was like a slap to the faces of these foreign cultivators. Many people were Zhe Ming Yu's Yu's Disciple were and they were ready to leave. The Great Jin Celestial Nation's Ling Mu continued to put up a strong front. He said stubbornly, "It won't be too late to leave after seeing the Divine Firmament Palace's evaluation." "Heaven Heaven Right at this moment, Zi Xuan Immortal Kingdom's Hundred Flower Fairy's expression changed. She pointed at the huge Heaven Ranking and shouted, "Look, Su Zimo's ranking has disappeared!" Everyone turned to look at the Prediction Heaven List. Heaven Earth God! The King "s was Royal Duke Duke King Duke Duke. Everyone searched carefully on the ranking, but they could not find Su Zimo. All information about Su Zimo had disappeared. It was as if he had never been on the ranking! "How ... how could this be?" "What happened?" The academy disciples whispered among themselves. "Hahahaha!" Ling Mu from the Great Jin Celestial Kingdom suddenly laughed. "I didn't expect Su Zimo to die in the Shura battlefield!" "What did you say?" One of the academy disciples frowned. "Senior Brother Su's combat strength is in the top ten of the ranking. How could he die so easily?" "You don't believe me?" Ling Mu sneered. "If he didn't die, he wouldn't have been removed from the ranking!" Tian Zhe from the Flying Celestial Sect nodded. "That's right. As long as Su Zimo is still alive, even if he was defeated in the Shura battlefield, his ranking would only drop slowly." "There's only one possibility. He's dead!" Yan Bingying's face turned pale. Although she didn't want to believe it, she knew that what Ling Mu and Ling Mu said was mostly true. "Hahaha!" Fairy of a Hundred Flowers from the Zixuan Celestial Kingdom covered her mouth and laughed. "What a joke. Your Senior Brother Su is indeed an embroidered pillow. He looks good but is useless."

"He was in the top ten of the ranking just now. How could ..." There were still many academy disciples who didn't want to believe it. "Something went wrong." Tian Zhe smiled and said, "Su Zimo was in the top ten just now, but he didn't give any reason. He must have made a mistake in his hurry." "Let's go!" "I didn't expect Su Zimo to be so weak. He died in the Shura battlefield after only two days." The disciples of the Academy had mocked them just now, and these foreign disciples had seized the opportunity to speak harshly and make sarcastic remarks. "Fellow Cultivator Yan, we really have to go now." Tian Zhe cupped his hands and said, "Su Zimo of the academy is dead. There's no point in us staying here." "I won't see you out!" Yan Bingying spat out two words with a cold face. "Hey, look! Senior Brother Su is on the Heaven Ranking again!" Another exclamation came from the crowd. Everyone hurriedly turned their heads to look. "Where, where?" "At the back ..." "Why is he at the bottom of the ranking?" "No matter what, he's still on the Heaven Ranking. At least he's not dead." Everyone from the academy was

relieved. "He's not dead?" Tian Zhe, Ling Mu, and the others frowned. Fairy of a Hundred Flowers sneered. "Even if he's not dead, at least it proves that we were right. Su Zimo of the academy is not good enough. He can only be at the bottom of the Heaven Ranking at most." "Are you guys still leaving?" Yan Bingying was a little impatient as she urged him. "Of course not!" Ling Mu raised his head and said, "We'll wait here and see what rank Su Zimo can reach in the end. If he can come back alive, we'll challenge him again!" It was not just the Qiankun Academy. Countless cultivators from the major sects and forces of the Divine Firmament Celestial Realm were also paying attention to this seal battle and watching the Heaven Ranking update. Su Zimo's ranking on the Heaven Ranking fluctuated greatly, which caused a lot of commotion and speculation.

However, even the six Perfected Immortals of the Divine Firmament Palace did not know the specific situation of Su Zimo at the bottom of the lake, so they did not rashly write. Therefore, Su Zimo's information on the Heaven Ranking did not change at all. Some people had already gone to the Fiery Sun Celestial Kingdom to investigate. At the same time, Su Zimo finally reached his destination at the bottom of the lake in the Shura battlefield. Half a bone was exposed in the mud at the bottom of the lake. Su Zimo's eyes lit up. The source of the Blood Fiend was this half a bone! The bone of the White Tiger!

## **Chapter 2507**

Su Zimo took a step forward and pulled out the bone. The edges of the bone were rough and jagged – it should be a fragment of the White Tiger's bone. Even so, when the bone fragment was fully revealed, it was even taller than his body and suffocated him with a ferocious aura! It was unimaginable how huge the White Tiger's body was at its peak and how ferocious it was when it grew such a bone! The bone fragment was left on the battlefield of the Shura. After countless years, the blood malevolence in the bone had yet to dissipate, forming such a lake. Su Zimo reached out and touched the surface of the bone gently. He could feel some slight bumps on the surface of the bone with his fingertips. Su Zimo took a step forward and looked at it. There were mysterious patterns on the surface of the bone that looked like mysterious runes. It was a work of the gods and looked like it was made by nature. Su Zimo channeled his essence qi and surged it into the white bones. All of a sudden, the runes on the surface of the white bone glowed brightly. Immediately after, the runes fell off and surged into Su Zimo's glabella! Su Zimo's Essence Spirit felt a sharp pain. Immediately after, some strange information appeared in his memory. The secret skill scripture imparted by the White Tiger Saint Soul was originally obscure and difficult to understand. But now, looking at this secret skill, Su Zimo felt enlightened and enlightened! Su Zimo was overjoyed and chose to sit on the ground to cultivate this secret skill. The fourth secret skill of the Hell Suppressing Cauldron was called the White Tiger Devouring Corpse. It was also the only unparalleled killing move among the four secret skills! Among the four sacred beasts, the White Tiger was located in the west and specialized in killing. Just the name of this secret skill was enough to make one's heart palpitate! According to the secret skill, if one wanted to cultivate the White Tiger Devouring Corpse, they would have to continuously condense their own malevolent aura. The stronger the malevolent aura, the stronger the power of this secret skill! If the malevolent aura could materialize and reach the level of the White Tiger Saint Beast, it would be as though the White Tiger had descended to the world and was extremely murderous! And this lake was the best place to cultivate this secret technique. Without any hesitation, Su Zimo activated the secret technique and chanted the scripture in his heart, drawing the surrounding Blood Qi into his body.

As soon as this blood entered his body, Su Zimo's expression changed greatly. He spat out a mouthful of blood and choked on a mouthful of water. The Baleful Blood Qi in the lake had already solidified and condensed into lake water. Even True Immortals would not be able to withstand it and would have to retreat in time. And when Su Zimo absorbed the infernal blood energy into his body, it naturally caused great damage to Qinglian's true body! Fortunately, he cultivated the White Tiger Sacred Beast's inherited secret technique, so he had a certain degree of resistance against the surrounding White Tiger Blood Fiend. Su Zimo's body was washed over by the white tiger's blood aura. The surface of his body broke apart and bloody scars appeared. Even the mouthful of lake water he had just choked on had turned into a terrifying White Tiger Blood Fiend, surging into his organs and exploding with a loud bang! The powerful regeneration powers of Qinglian's true body circulated wildly and healed her internal and external injuries. Not only that, Qinglian's true body seemed to have sensed some sort of danger and her bloodline started circulating on its own, devouring the White Tiger Blood Fiend! The changes in his body shocked Su Zimo greatly. The Creation Qinglian was unique in the world and had a powerful bloodline. However, it was still a plant after all. In front of the White Tiger Sacred Beast, even the Dragon Phoenix had to bow down. Su Zimo initially thought that the Creation Qinglian's bloodline would be suppressed as well. However, from the looks of it, the Qinglian's true body did not seem to be afraid at all. She started counterattacking rapidly against the invasion of the White Tiger Blood Fiend! Every single wisp of White Tiger Blood Fiend contained immense power. After all, that power originated from the White Tiger Bone! As for the bloodline of Qinglian's true body, after devouring the White Tiger Blood Fiend and refining it, her strength was rising rapidly as well! Su Zimo's original intention was to cultivate the fourth secret skill. But now, while cultivating the secret skill, the Qinglian's true body also received a tremendous amount of power and was growing at an unimaginable speed! Of course, this process was a form of destruction and torture for Su Zimo. The Qinglian's true body was being torn apart and repaired continuously. Each time it was repaired, the Qinglian's true body would become even stronger and the speed at which it devoured the White Tiger Blood Fiend would increase! Initially, the Qinglian's true body could not refine too much White Tiger Blood Fiend and could only devour a few wisps.

As time passed by, the Qinglian's true body became even stronger and could devour dozens or even thousands of wisps of White Tiger Blood Fiend! The stimulation of the White Tiger Blood Fiend towards the Qinglian's true body instead triggered the Qinglian's bloodline completely. Sensing the changes in the Qinglian's true body, Su Zimo was delighted while enduring the pain. Normally, if he wanted to increase his cultivation level, the Qinglian's true body would need to absorb a large amount of resources. Even if he had enough Elemental Holy Stones, it would take him at least 1,000 years to reach the Seventh Stage of Heaven Celestial through normal cultivation. But now, the power of the White Tiger Blood Fiend had replaced the Elemental Holy Stones and was far more effective than absorbing them. At this rate of cultivation, the Qinglian's true body might even be able to break through to the Seventh Stage of Heaven Celestial within a month! From a certain point of view, the White Tiger Blood Fiend that Qinglian's true body was refining was not the White Tiger Blood Fiend, but the White Tiger Bone! To Su Zimo, this opportunity was simply a gift sent to his doorstep. It was a pleasant surprise! This also showed that when one reached the Heaven Celestial Stage, one could not bury oneself in seclusion. One had to go out frequently to gain experience and obtain opportunities. After stepping into the Heaven Origin Stage, Su Zimo's cultivation speed was even faster than when he was in the Earth Celestial Stage. This was because he had obtained great opportunities during several trips out to gain experience! Naturally, no one knew about his situation at the bottom of the lake. Even the six True Immortals of the Divine

Firmament Palace who were at the battlefield in Shura could not detect the bottom of the lake. The six of them could only vaguely sense that there were life waves coming from the bottom of the lake, proving that Su Zimo was still alive. They did not know anything else. In a house in the ancient city, Xie Qingcheng and the others were resting here. Because of Su Zimo's instructions, they did not leave. However, three days had passed, and there was still no news of Su Zimo. The others began to discuss in secret. Although Xie Qingcheng looked calm on the surface, she was still worried. Although they also had the Heaven Ranking Forecast, it was not updated in real time. Therefore, they did not know what kind of changes would occur on the Heaven Ranking Forecast.

On this day, Xie Qingcheng felt more and more uneasy. She gathered Heaven Immortal Yue Ying and the others and said, "Brother Su has not returned for five days. Let's split into four groups and go out to look for him." "Regardless of whether there are clues or not, we'll all gather here in one day." Heaven Immortal Yue Ying frowned and complained, "My Lord, this ancient city is too big. There's blood fog everywhere. Looking for a person is like looking for a needle in a haystack. How is it possible?" "Yeah, what if he left the city?" "It's also possible that he has already left the battlefield in Shura ..." Xie Qingcheng waved her hand and interrupted everyone. She said in a low voice, "Even if it's impossible, we have to go out and look for him! Don't forget, it was because of Brother Su that we were able to arrive here safely!" "Haha!" At this moment, laughter came from outside the house. "Brother Qingcheng, you don't have to look anymore. I can tell you where Su Zimo is!"

## Chapter 2508

Outside the courtyard, dozens of Heavenly Immortals filed in. "Xie Yan?" Xie Qingcheng frowned slightly. The leader of this group of cultivators was Duke Yan who was highly regarded by the Flaming Sun Immortal King. Behind him was the reincarnated Perfected Immortal who was predicted to be number four on the Heaven Ranking, Lie Xuan! "You know where Brother Su is?" Xie Qingcheng asked in a deep voice. "Of course." A gloating expression flashed past Duke Yan's face as he laughed. "Your Brother Su was forced into the Blood Malevolent Lake by Zong Feiyu and is already dead!" "Ah!" Heavenly Immortal Yue Ying and the others were shocked as they exclaimed. Xie Qingcheng clenched her fists instinctively and gritted her teeth. "That's impossible! Brother Su had a teleportation talisman. Even if he couldn't win, he could have escaped from the Shura battlefield." "What's impossible about that?" Duke Yan sneered. "Zong Feiyu personally attacked. How could Su Zimo, someone who is predicted to be number 24 on the Heaven Ranking, have a chance of escaping? Furthermore, Brother Lie witnessed this personally." Lie Xuan raised his head and looked at Duke Yan in front of him. He did not say anything, as though he agreed to it. Although Duke Yan had not been present, he had already told Duke Yan everything that had happened. Zong Feiyu was not the only one who forced Su Zimo into the Blood Malevolent Lake! Duke Yan knew that but he said that on purpose. His intention was to divert the blame to Princess Yu Yan and Zong Feiyu. Lie Xuan could tell what Duke Yan was thinking but he could not expose it. However, he did not want to lie either, which was why he remained silent. "Brother Su ... is dead?" Xie Qingcheng's eyes reddened as she shook her head slightly, still unwilling to believe it. Heavenly Immortal Yue Ying sighed softly. "Zong Feiyu is a reincarnated Perfected Immortal and is predicted to be number three on the Heaven Ranking. If he attacked, Su Zimo would indeed not stand a chance." Another person said, "Su Zimo has a deep feud with Zither Immortal Mengyao and Zong Feiyu is from the same sect as her. It makes sense for him to attack Su Zimo." Duke Yan raised his head slightly. "Qingcheng, I'm here to give you a chance." "What do you mean?" Xie Qingcheng frowned. Duke Yan said,

"Su Zimo, your subordinate, was already killed by Zong Feiyu. If you want to avenge him, you can only work with me. After all, I have Brother Lie by my side to help me. I can fight against Zong Feiyu."

"Naturally, Qingcheng, you should stop seizing seals. If you help me obtain the Lingxia Seal, you will also have a position under my command in the future." Xie Qingcheng was so angry that she laughed. When he mentioned that Su Zimo had died, the gloating expression on Duke Yan's face made him feel disgusted. Now, Prince Yan's condescending tone made him feel even more conflicted! Duke Yan made it sound nice. The two of them would join forces to take revenge for Su Zimo. But in reality, Duke Yan wanted him to submit to him! "As for Brother Su's matter, I will naturally seek justice for him." Xie Qingcheng waved her hand and said impatiently, "As for the alliance, there's no need to mention it again. You can leave now!" Hearing this, Duke Yan's expression instantly darkened. He said icily, "Xie Qingcheng, you really don't know what's good for you!" "What did you say?!" Xie Qingcheng glared at him angrily. Duke Yan sneered, "I'm giving you face by asking you to join forces with me! Otherwise, do you think a lowly servant like you is worthy of joining forces with me?" Those words were extremely grating and even Lie Xuan frowned slightly. Xie Qingcheng's blood surged and she was enraged. When Heaven Immortal Yue Ying saw that the situation was bad, she hurried forward and grabbed Xie Qingcheng tightly, whispering, "Duke, calm down. Don't be rash!" "Why? You want to fight me?" Duke Yan raised his brow slightly. "If you dare to touch me, I don't mind crippling you right now and chasing you out of the battlefield of Shura!" Xie Qingcheng panted slightly and the rage in her eyes gradually subsided. Only by tolerating what others could not tolerate could one achieve what others could not! That was what his mother said to him before she passed away and he had always remembered it in his heart! If not for that tolerance, he would not have been able to survive until now. Lie Xuan looked at Xie Qingcheng deeply and thought to himself, "How ambitious does this lad have to be to be able to endure this humiliation?" Be it in terms of talent, bloodline or status, Duke Yan surpassed Xie Qingcheng.

However, in Lie Xuan's opinion, Xie Qingcheng might not be inferior to Duke Yan in the future. In fact, he even had a feeling that this beautiful Duke Yan before him might truly be able to stand out from the other heirs of the royal family one day! "Very good." When Duke Yan saw Xie Qingcheng lowering her head and not daring to meet his gaze, he nodded with a satisfied expression. He looked at the dozens of Heaven Immortals behind Xie Qingcheng and said, "Your master is unwilling to submit. I'll give you guys a chance now. Either stand over right now or I'll send you guys out of the battlefield of Shura!" The dozens of Heaven Immortals looked at Xie Qingcheng instinctively. Xie Qingcheng was expressionless and silent. He could already tell that Duke Yan was here to take over his subordinates to replenish the Heaven Immortals that he had lost earlier. "Duke Yan, I'm sorry." Heaven Immortal Yue Ying was the first to stand out. "A fine bird chooses a fine tree to nest in ..." "Scram!" Xie Qingcheng cut him off without even looking at him. Heaven Immortal Yue Ying was snubbed and shrugged slightly before walking towards Duke Yan. Before she even got close, Heaven Immortal Yue Ying bowed and said, "I've heard a lot about Duke Yan but never had the chance to follow you. Now that I've been recognized by you, I'm Yue Ying and I'm willing to serve you!" "Good, good, good!" Duke Yan laughed out loud. With Heaven Immortal Yue Ying being the first to stand out, nine more people stood on Duke Yan's side one after another. In the blink of an eye, there were only six people left behind Xie Qingcheng. "Fufu, there are indeed six people who don't know what's good for them." Duke Yan chuckled softly. "You guys ..." It was only at this moment that Xie Qingcheng turned around and looked at the six people beside her. She wanted to say something but hesitated. "Duke, let's go." One of the Level 9 Heaven Immortals among the

six said, "There's no chance for us to obtain the Spirit Dawn Seal." "That's right." Another person said, "Duke, you've saved my life before. I'll definitely not abandon you. However, we'll only be humiliating ourselves if we stay behind." Xie Qingcheng hesitated and struggled for a long time before her gaze turned resolute once more.

He still remembered what Su Zimo reminded her before she left. "There's still more than 20 days before the seal. If anything happens to me during this period of time, don't panic. Don't give up until the very last moment!" At that time, Xie Qingcheng did not understand what he meant. Now that she thought about it, Su Zimo seemed to have predicted that something would happen. There was a deeper meaning to those words as well. Furthermore, Su Zimo had reminded her twice that she must not give up until the very last moment! At that thought, Xie Qingcheng said, "Brothers, thank you for your loyalty and trust. Crush your teleportation talismans and leave this place." "As for me, I'll just wait here since I still have more than 20 days left." Peak.

## Chapter 2509

Of the dozens of people that Xie Qingcheng brought in, which one of them had not received his kindness? But now that he was in trouble, only the six Heaven Immortals before him were willing to stay by his side. Duke Yan and the others harbored ill intentions and were eyeing him covetously, ready to strike at any moment. Xie Qingcheng did not want to implicate the six Heaven Immortals and put them in danger because of his persistence. He was a duke after all. Even if he stayed here, his life would not be in danger and he would at most suffer some humiliation. However, the six Heaven Immortals might be in danger! "Duke ..." The six Heaven Immortals called out softly. "Let's go." Xie Qingcheng pretended to be carefree and smiled. "Wait for me at the palace after 20 days. Regardless of success or failure, we have to gather and get drunk!" "Alright!" The six Heaven Immortals agreed. If they insisted on staying, they would only be attacked by Duke Yan and the others. Furthermore, the six Heaven Immortals did not want to betray Xie Qingcheng and their only choice was to leave. Under Xie Qingcheng's gaze, the six Heaven Immortals tore their teleportation talismans and left the battlefield of Shura. Duke Yan sneered. "Xie Qingcheng, what are you still doing here? Are you trying to embarrass yourself?" "Perhaps he wants to obtain the Spirit Dawn Seal with his own strength." Heaven Immortal Yue Ying had just changed his allegiance and immediately changed his attitude, trampling on Xie Qingcheng to curry favor with Duke Yan. "You guys don't have to care about whether I stay or leave!" Xie Qingcheng's tone was cold. "Aiyoh," Duke Yan laughed. "My dear brother, you're quite indignant, huh? Yue Ying, go teach him a lesson for me!" "This ..." Heaven Immortal Yue Ying hesitated for a moment. "Why? You don't dare? Or do you miss your old master?" Duke Yan turned and asked with narrowed eyes. "No!" Heaven Immortal Yue Ying reacted quickly and denied it. Although he had some resistance in his heart, he was also clear that this matter could be considered as a proof of his allegiance. That was the only way he could truly gain the trust and respect of Duke Yan! At that thought, Heaven Immortal Yue Ying made up his mind and walked towards Xie Qingcheng.

"How dare you!" Xie Qingcheng glared at Heaven Immortal Yue Ying with a cold gaze. After all, he was the Duke of the Flaming Sun Celestial Kingdom. Now that he was furious, he was exuding the majesty of the royal family. Although Celestial Immortal Yue Ying's cultivation base was higher than Xie Qingcheng's, she had once followed Xie Qingcheng, and Xie Qingcheng had even saved her life. Now that Xie Qingcheng was glaring at him, he felt a little guilty and didn't move. "Don't be afraid." Duke Yan's face

was full of smiles as he instigated, "Just don't beat him to death. If anything happens, I'll take responsibility!" "Thank you, Duke Yan." Upon hearing this, Celestial Immortal Yue Ying's heart calmed down. Xie Qingcheng scolded, "Ungrateful dog, I shouldn't have saved you back then!" At the mention of that, Heavenly Immortal Yue Ying's face flushed red and she felt extremely embarrassed. Resentment rose in her heart as she raised her hand to slap Xie Qingcheng while scolding, "Who needs your help? Mind your own business!" Before Celestial Immortal Yue Ying's palm could land on Xie Qingcheng's face, her wrist was grabbed by another thick and heavy hand, like an iron hoop! Celestial Immortal Moonshadow's arm was completely motionless. Instead, a terrifying heatwave was emitted from the other party's palm, as though it could burn her arm to ashes! "Fellow Daoist Lie, you ..." Turning around, Celestial Immortal Yue Ying could not help but be shocked when she saw that person. The person who stopped Celestial Immortal Yue Ying was Lie Xuan who was beside Duke Yan. "Brother Lie, what's the meaning of this?" Duke Yan frowned slightly. Lie Xuan turned around and said in a deep voice, "Xie Qingcheng has the bloodline of the Flaming Sun Immortal King after all. If she's bullied by an outsider, it'll be an embarrassment to the royal family." "Furthermore, he's alone and won't affect our seizing of the seal. There's no need to kill him." Duke Yan was somewhat displeased. However, Lie Xuan was a reincarnated Perfected Immortal and it wasn't easy for him to invite the latter to stand on his side. Duke Yan had to give Lie Xuan some face as well. "Alright." Duke Yan waved his hand. "I'll listen to Brother Lie and not lower myself to your level. Let's go!"

With that, Duke Yan led the group of cultivators away. Lie Xuan released his grip and Celestial Immortal Yue Ying hurriedly retracted his wrist with a pained expression. In that short period of time, his wrist was burned with a brand and he could no longer feel his entire hand. Even though he suffered a huge loss, Celestial Immortal Yue Ying did not dare to complain at all. Enduring the pain, he fled the place dejectedly without even turning back. With his hands behind his back, Lie Xuan turned and left. "Thank you." When he arrived at the entrance of the courtyard, Xie Qingcheng's voice sounded from behind him. Lie Xuan paused and glanced sideways. "Indeed, Su Zimo whom you found has already fallen into the lake. However, at that time, the six people in the top ten of the Heaven Ranking were all present." "To be precise, he fell into the Blood Malevolent Lake because he fought against the six of them alone." When Xie Qingcheng heard that, she no longer had any doubts. However, she had not expected that the six Heaven Immortals in the top ten of the Heaven Ranking would join forces to deal with Su Zimo! "He's very strong." Lie Xuan's tone seemed to contain a hint of admiration and pity. After a moment of silence, he continued, "If I were to fight him alone, the outcome would be hard to predict." After saying that, Lie Xuan left the place and disappeared in the blink of an eye. After everyone left, Xie Qingcheng sat on the ground dejectedly. Now, he was all alone. He had nothing and was helpless. Even if he could still hold on to the beliefs in his heart, what else could he do in such a situation? Was he still going to participate in the seal seizing battle 20 days later? He was only a Level 7 Heaven Immortal. How could he compete with the other Dukes? ... A month passed in the blink of an eye. On the last day, the remaining seven Dukes in the battlefield of Shura arrived at the lake in the center of the ancient city with their respective teams, waiting for the final moment to arrive. When the Paramita Bridge arrived, it also meant that the most critical and intense battle of the seal seizing battle had officially begun! In the sky above the ancient city. The six Perfected Immortals of Divine Firmament Palace also perked up. The next battle would determine the rankings of many cultivators on the Heaven Ranking Mountain!

"Hmm?" Shen Hong said softly, "There seems to be another team that hasn't arrived?" "It's Xie Qingcheng. He's the only one left in his team. He probably gave up," Shen Ze explained. "Take a guess, who will obtain this Lingxia Seal in the end?" Shen Yun did not wait for the others to answer and said first, "I guess it will be Princess Yu Yan. She has Zong Feiyu's help, so her chances are high." Shen Feng analyzed, "Currently, Duke Yan's team has the most people after swallowing Xie Qingcheng's team. There are more than 60 of them. Duke Yan has Lie Xuan's help, and his overall strength is above Princess Yu Yan's team. His chances of winning are not small." Shen Yan said, "Actually, the seal seizing battle does not depend on the overall strength of the team. It depends on which team can ensure that their Dukes get the Lingxia Seal first." "This adds countless variables to the seal seizing battle." Duke Ming Jiong has Song Ce's help, Duke Feng has Immortal Luo Yang's help, Duke Yu has Yue Hai's help, and there's also the powerful Duke Tian Huang. They all have a chance." Divine Crane, guess who it will be?" The five of them turned their heads and looked at Divine Crane Fairy, who had been silent all these days. "I don't know." Divine Crane Fairy shook her head slightly and replied absent-mindedly. Her eyes were still fixed on the lake below, as if she was waiting for something. Suddenly! Divine Crane Fairy's expression changed!

## Chapter 2510

"Look over there!" Fairy Divine Crane's spirits were lifted as she pointed at the Blood Fiend Lake below and exclaimed. "What?" The other five Perfected Immortals turned to look, and their expressions changed slightly! The Blood Fiend Lake in the center of the ancient city seemed to be attracted by a mysterious force, and it started to spin slowly, forming a huge whirlpool! The six Perfected Immortals focused and looked down. They could see that in the center of the whirlpool, there was a figure sitting at the bottom of the lake! It was Su Zimo! The six Perfected Immortals knew that Su Zimo was not dead, so they were not surprised. What truly shocked the six Perfected Immortals was that through their spirit consciousnesses, not only was Su Zimo unharmed after staying in the Blood Malevolent Lake for close to a month, his aura was even stronger than before! "He ... seems like he's going to break through?" "Gosh, what kind of opportunity did he get at the bottom of the lake? In less than 30 days, he has cultivated to this stage! Is he going to break through to Level Seven?" "This kid's breakthrough caused such a huge commotion that the entire Blood Fiend Lake was affected!" The six Perfected Immortals were in disbelief. If they had not seen it with their own eyes, they would not have believed it! Fairy Divine Crane was the first to come to her senses and accept this reality. She smiled and said softly, "This seal seizing battle seems to be getting interesting again." "You asked me who would take the Lingxia Seal. Now, I have a candidate." As soon as she said that, Su Zimo's aura skyrocketed from the bottom of the lake. He had broken through some kind of barrier! Level Seven! In less than 30 days, Su Zimo had broken through to the next level! Even with the six Perfected Immortals' knowledge, they were shocked by this speed of cultivation! At this moment, the figure at the bottom of the lake suddenly raised his head, as if he could see through the blood mist and look in the direction of the six Perfected Immortals. After a slight pause, the figure retracted his gaze and continued to adjust his breathing, absorbing the surrounding Heaven and Earth Yuan Qi to stabilize his cultivation. "This ..." The six Perfected Immortals looked at each other in shock. "He ... he looked at us just now?" Shen Hong could not help but ask in disbelief.

"Could it be ... he found us?" The other five could not believe it and were equally confused. How was this possible? As True Immortal experts, they were hiding in the depths of the blood mist in the battlefield of Shura. They were at the highest point in the sky, far beyond the detection range of a Heaven Immortal's

divine sense. Su Zimo was only a Tier 7 Heavenly Immortal. How could he sense their location? After a while, Fairy Divine Crane coughed softly and reminded, "Shen Hong, it's time to take out the Heaven Ranking and change his position." "Ah, yes, yes!" Shen Hong came to a sudden realization and hurriedly opened the Heavenly Ranking List. True Origin condensed at the tip of her finger, but she did not move. She asked, "What is the ranking now?" "Tenth place is definitely not suitable." "That's right. When he was a rank six Heavenly Immortal, he was already ranked tenth. Now that he's a rank seven Heavenly Immortal ... " "Don't rank too high either. I suggest that we play it safe and see what he has up his sleeve." "Ranked seventh?" "Number seven is fine. Let's do that for now!" The six True Immortals discussed for a while, and decided that Su Zimo would be ranked at the bottom of the Heaven Leaderboard, to the seventh place in the top ten of the Heaven Leaderboard, pushing Yue Hai, who was originally ranked seventh, to the eighth place.... The commotion from the Blood Fiend Lake attracted the attention of the seven teams. However, their Divine Senses were far inferior to that of a True Immortal. Naturally, they could not see the bottom of the lake and did not know what was happening inside. "I know!" At this moment, a thought flashed across the Duke of Starflame's mind. He said, "This commotion should be a sign that the Paramita Bridge is about to appear!" Many cultivators revealed a look of realization. The Duke of Starflame sneered and curled his lips. He said, "You don't have to tell me this!" The Duke of Starflame was rebuked, and his face turned pale. Compared to the other six teams, he was the weakest. When they arrived at the ancient city, there were only 14 people left. Moreover, there were no top Heavenly Immortals in the team. There were only two Rank Nine Heavenly Immortals who were ranked at the bottom of the Heaven Leaderboard. Even if the two of them joined forces, they were nothing compared to Zong Feiyu and the rest.

The Duke of Starflame chuckled and did not dare to talk back. At this moment, on the isolated island in the middle of the Blood Fiend Lake, a ray of golden light suddenly spread out and slowly moved toward the team. The Paramita Bridge had arrived! "Haha, I guessed it right!" The Duke of Starflame laughed and was somewhat pleased with himself. The Paramita Bridge spanned across the Blood Fiend Lake. However, the bridge was rather narrow and could only accommodate two to three people at a time. It was almost foreseeable that the most intense battle would definitely break out on the Paramita Bridge! Crossing the Paramita Bridge was only the first step. After reaching the isolated island, there would be a tough battle between the various Dukes! It was unknown who would be able to obtain the Spirit Dawn Seal. There was a loud rumble! The Paramita Bridge was already on the shore! However, the seven teams were wary of each other and no one dared to act rashly. Many cultivators were tense. Any slight movement could lead to a huge battle! At this moment, a lone figure walked over from afar with firm footsteps. Under everyone's gaze, the figure walked towards the Paramita Bridge! The hundreds of cultivators were stunned. After recognizing the person, a few Dukes could not help but curse as they felt that it was extremely ridiculous. "Hahahaha!" The Duke of Starflame laughed and said, "Xie Qingcheng, you're alone and you want to obtain the Spirit Dawn Seal? Are you daydreaming?" Chuckles could be heard from the crowd. Everyone knew about what happened to Xie Qingcheng. In their eyes, the current Xie Qingcheng was extremely pitiful and laughable, like a stubborn stray dog. Nobody made a move. That was because Xie Qingcheng was a mere Grade 7 Heavenly Immortal. In their eyes, he posed no threat at all! Even without the help of others, any Duke could step forward and trample on him! Xie Qingcheng ignored everyone's mockery and gripped his fists tightly, walking towards the Paramita Bridge step by step. He wanted to obtain the Spirit Dawn Seal! He wanted to become a Duke that ruled over a territory to clear his mother's name and his own! He did not want to give up until the very last moment!

Just like that, under everyone's gaze, Xie Qingcheng arrived at the edge of the Blood Fiend Lake and was only a step away from the Paramita Bridge. "Kneel!" Heavenly Immortal Yue Ying observed Duke Yan's expression. When she saw that he was displeased, she rushed forward immediately and raised her leg to kick him! Just as Xie Qingcheng wanted to resist, countless powerful spirit consciousnesses descended and suppressed him, rendering him immobile! Thump! Xie Qingcheng was sent sprawling on the ground by Heavenly Immortal Yue Ying's kick. The pressure of the powerful spirit consciousnesses had yet to dissipate and he could not even stand up! Xie Qingcheng's eyes were bloodshot as he looked at the golden bridge before him and the lone island at the end of it. With a resolute gaze, he crawled forward bit by bit. "Xie Qingcheng, Duke Yan gave you a chance but you don't know what's good for you. How dare you try to snatch the seal?" Heavenly Immortal Yue Ying took a step forward and stomped on Xie Qingcheng's back, harrumphing coldly. "Let's see how you're going to step onto the Paramita Bridge under my feet!" Yue Ying was once someone by Xie Qingcheng's side but now, he was trampling on Xie Qingcheng. Everyone gloated and jeered as they watched the show. "You're courting death!" Right then, a cold and sinister voice sounded from the Blood Fiend Lake.
