

## Sacred King 2521

### Chapter 2521

Qiankun Academy. On the last day of the seal battle, a large number of academy disciples gathered in the Inner Yard square. There were close to a hundred thousand of them. The elders of the academy even allowed the outer disciples to head to the Inner Sect square to watch the real-time updates of the Heaven Ranking. Together with the servants of the academy and cultivators from the outside, there were more than a hundred thousand cultivators gathered here. It was a huge crowd. The reason why there was such a huge commotion this time was mainly because the top inner sect disciple of the academy, Su Zimo, was participating in the seal battle this time. Furthermore, Su Zimo's ranking on the Heaven Ranking fluctuated greatly. First, he was in the top ten before disappearing completely. Immediately after, he returned to the Heaven Ranking and was at the bottom. What was even stranger was that even though there were some changes in the Heaven Ranking over the past few days, Su Zimo's ranking remained at the bottom of the Heaven Ranking without moving at all. No one knew what happened in the Shura battlefield for such a strange situation to occur. Today was the last day of the seal battle. If nothing went wrong, the final result would be revealed on this day. There would also be a final conclusion of the Heaven Ranking. That was why so many academy disciples gathered here. Apart from Yan Bingying and the rest, Momo and Liu Ping also ran over. There were even some legacy disciples who came to watch out of curiosity on this last day. Yang Ruoxu and Princess Chi Hong stood side by side while Momo and Liu Ping stood in front of them. Princess Chi Hong was worried the past few days and did not leave. Princess Chi Hong murmured, "No matter who the Spirit Dawn Seal ends up in, I only hope that Senior Brother Su and Brother Qingcheng are fine." "Don't worry." Yang Ruoxu said, "With Zimo around, he should be able to protect Xie Qingcheng." Momo ate her peaches leisurely at the side, chewing slowly as if she was not concerned about the changes in the Heaven Ranking. "Taotao, why aren't you worried at all?" Liu Ping asked, "Senior Brother's ranking has dropped to the bottom for more than twenty days and there hasn't been any changes." "Is he alright?" Momo asked casually. Compared to Liu Ping, Momo understood Su Zimo better.

At the center of the square, more than a thousand foreign cultivators had gathered. They had not left and were waiting for the final result. After more than twenty days, Su Zimo's ranking did not increase at all. This made them feel relieved! The Flying Celestial School's Tian Zhe smiled and said, "I say, Fellow Daoist Yan, with so many people from your academy coming over, the commotion is really not small. If Su Zimo were to make a fool of himself, wouldn't you lose all face?" "That's hard to say." Ling Mu of the Dajin Celestial Nation said, "If this Su Zimo dies in the Shura battlefield, we'll have waited for nothing." There were too many Academy disciples around, so the cultivators from the other sects did not dare to go overboard with their taunts. Yan Bingying didn't want to argue with them. She just looked at the Prediction Heaven List without saying a word. Suddenly! Her eyes lit up! It was predicted that the Heaven Leaderboard would change! This change ... Yan Bingying couldn't believe her eyes. She closed her eyes and focused again. That's right! Su Zimo's ranking went from the bottom of the Prediction Heaven List to the seventh place in the Prediction Heaven List! It was a few places higher than the previous tenth place! "Everyone, look!" Yan Bingying was a little excited. She pointed at the Prediction Heaven List and shouted. At this moment, some cultivators also noticed the change in the Prediction Heaven List. The crowd instantly exploded! "Predicted seventh place on the Prediction Heaven List, three places higher than Fang Qingyun!" "Senior Brother Su is too strong. I knew it!" Many Academy disciples were

energized. Yang Ruoxu and Chi Hong Infanta looked at each other and heaved a sigh of relief. Tian Zhe, Ling Mu, Hundred Flower Fairy, and the other foreign cultivators looked terrible. They couldn't believe it. "I'm sorry to disappoint you." Yan Bingying looked at Tian Zhe and the others and said calmly. Ling Mu laughed dryly and said, "It's nothing. We might have made a mistake again. After all, something like this happened more than twenty days ago." "That's right." Hundred Flower Fairy also said, "Let's wait for Su Zimo's evaluation to come out. There has to be a convincing reason to increase his ranking by so much."

At this moment, Su Zimo's prediction on the Prediction Heaven List had some slight changes. In terms of cultivation realm, he went from Level 6 to Level 7. After waiting for a long time, the rest of the information was still the same. There were no changes. "That's it?" The foreign disciples were dumbfounded. Tian Zhe raised his eyebrows and said, "Just by increasing his cultivation realm, he went from the bottom of the Prediction Heaven List to seventh place. This reason is ridiculous!" "That's right. This kind of evaluation is not convincing at all!" Hundred Flower Fairy nodded. "This is the ranking of the True Immortals of the Divine Firmament Palace. There must be a reason for it." "That's right. If you're not convinced, go to the Divine Firmament Palace!" In fact, many of the Academy disciples were a little scared. After all, Su Zimo's battle record, information, and evaluation were too far away from the other experts in the Prediction Heaven List. He had no advantage at all. But the Academy disciples refused to back down. Just as everyone was arguing, the Prediction Heaven List changed again! "Eh? One person is missing from the top ten!" "Prediction Heaven List No. 5, First Executioner Song Ce!" Everyone soon realized. Song Ce's ranking did not drop, but completely disappeared from the Prediction Heaven List! "How could this be?" Ling Mu from the Dajin Celestial Nation was a little panicked. Logically speaking, there was only one possibility for this to happen. Something serious had happened to Song Ce, or he had suffered an irrecoverable injury. Otherwise, he would die and his Dao would vanish! "Could it be that something happened to Song Ce, who is predicted to be fifth on the Prediction Heaven List?" "The only people who can defeat Song Ce are probably Zong Feiyu and Lie Xuan." Everyone had yet to recover from the shock of this matter. It was predicted that the top ten of the Heaven Leaderboard would have one less person! "Everyone, look! Another one is missing!" "It's Luo Yang Celestial, who is predicted to be eighth on the Prediction Heaven List!" Luo Yang Celestial's situation was the same as Song Ce's. He had also completely disappeared from the Prediction Heaven List!

"Heavens, isn't this seal seizing battle a little too tragic?" "The elites in the top ten have all been defeated and are predicted to be removed from the Prediction Heaven List!" In the next period of time, a few more cultivators on the Prediction Heaven List completely disappeared. Countless cultivators were focused on the prediction of the Heaven Leaderboard, wanting to see the final result. Not long after, Yue Hai from the Mountain and Sea Celestial Sect, who is predicted to be seventh on the Prediction Heaven List, disappeared from the Prediction Heaven List! The entire Prediction Heaven List was in a complete mess. Everyone was discussing in low voices, guessing the various possibilities of the battle in Shura. Another while later. Another change happened on the Prediction Heaven List! This time, no one disappeared. Su Zimo's ranking rose again, and he was predicted to be third on the Prediction Heaven List, surpassing Zong Feiyu!

## **Chapter 2522**

After a short moment of silence, a huge commotion broke out in the square of the inner yard. The crowd was in an uproar! This time, not only the cultivators from the outside world, but also the disciples of the

academy could not believe it!"There must be something wrong with the Heaven List!"Tian Zhe and the others were relieved when they saw the ranking. He smiled and said, "The real ranking will be restored soon."Zong Feiyu was a reincarnated True Immortal. Although Su Zimo was strong, he was only a Level Seven Heaven Immortal. How could he defeat Zong Feiyu?"That's right."Ling Mu nodded and said, "Master Song Ce is the first Executioner. Even if he can't defeat Zong Feiyu, he can still retreat safely. How could something happen to him?"Hundred Flower Fairy pointed at Su Zimo's information on the Heaven List and sneered. "There are only two battles. There are no battles with top Heaven Immortals. How can people believe such a result?"Chi Rainbow Infanta asked softly, "Ruoxu, what happened?"Yang Ruoxu pondered for a while and said softly, "If Zimo can defeat Zong Feiyu and be ranked third on the Heaven List, there is only one possibility." "Zong Feiyu lost to Zimo in the battle of Shura."Chi Rainbow Infanta was shocked.Zong Feiyu, a reincarnated True Immortal, lost?At this moment, Su Zimo's page on the Heaven List changed."Name: Su Zimo." ""Realm: Level Seven Heaven Immortal.""Identity: Inner Disciple of Qiankun Academy, Inheritor of Astral Sect's secret skill, Inheritor of Jade Purity, suspected to be the successor of Buddhism."The above information did not change much, but a few paragraphs of information were added to the battle record column!"Battle record: Zong Feiyu, Lie Xuan, Song Ce, Yue Hai, Luo Yang Immortal, and Xie Tianhuang, who were predicted to be in the top ten of the Heaven List, surrounded him in the battle of Shura." "Su Zimo attacked first and fought back. He injured Song Ce while being surrounded by six people. Zong Feiyu forced him into the Blood Demon Lake."Seeing this, many cultivators were shocked!Su Zimo was surrounded by six top Heaven Immortals. Not only did he attack first, but he also injured Song Ce. How powerful he was!Everyone hurriedly continued reading."Su Zimo didn't die in the Blood Evil Lake. Instead, he broke through to Level Seven Celestial Immortal. On the last day of the battle in Shura, he guarded the Nirvana Bridge alone. He fought against six Celestial Immortals and several hundred Celestial Immortals. Until the end of the battle, no one was able to step onto the Nirvana Bridge!"

This sentence contained even more information. This meant that the final winner of the seal battle was Xie Qingcheng!"At the beginning of the battle, Su Zimo crippled Duke Yan, captured Lie Xuan alive, and released him. Then, he killed Song Ce in one move, cut off a hundred thousand years of Celestial Immortal Luo Yang's lifespan, and severely injured Xie Tianhuang. Then, he killed Yue Hai and scared Zong Feiyu away!"Hiss!All of the cultivators in the Inner Yard were horrified!If not for the fact that it was clearly written on the Heaven List, no one would have believed it!The seal seizing battle had turned out to be like this. Every sentence seemed simple, but there was a lot of information hidden behind it!At the same time, it also confirmed many of the people's previous guesses.The First Executioner, Song Ce, had indeed died.And he was killed by Su Zimo in one move!This was simply unimaginable to the people!"At the end of the battle, Lie Xuan had an epiphany and his combat strength increased again. Then, he was suppressed and captured by Su Zimo in three moves." "...The people were already numb and did not know what to say.Su Zimo had killed two, crippled one, and severely injured the other out of the six elites who were predicted to be in the top ten of the Heaven List. Only Zong Feiyu and Lie Xuan had escaped unscathed.Moreover, Lie Xuan had been captured by Su Zimo twice ...Just now, Hundred Flower Fairy had said that Su Zimo's battle record was too bad and that he had no experience fighting against elite Celestial Immortals.Now, in this battle, not only had Su Zimo fought against elite Celestial Immortals, but he had also fought against six elite Celestial Immortals alone!None of the battles that were predicted to be recorded in the Heaven List, including Yun Ting's, were as shocking as this one!That was the end of Su Zimo's battle record.In the end of the evaluation, there were also a few paragraphs of

explanation."Evaluation: This kid was previously ranked in the top twenty of the Heaven List, which attracted a lot of criticism. They felt that this kid's battle record was too little and lacked hard battles, which was not enough to convince others. However, this seal seizing battle is enough to prove this kid's strength. All the criticism will be dispelled! "

Many disciples of the academy looked sideways at Tian Zhe and the other foreign cultivators who had challenged their mountain gate and sneered. Tian Zhe and the others looked terrible and frightened. The information on the Heaven List made them tremble in fear and sweat profusely! Just a few simple paragraphs of information, but it was as if there was a kind of suffocating pressure coming from them! "Su Zimo fought against six elite Celestial Immortals with the cultivation of a Level Seven Celestial Immortal and won in the end. This is unprecedented." "In the battle, he displayed his battle talent and control of the situation. It was amazing. His attacks were decisive and fierce. He destroyed the six people's joint attack with lightning speed and defeated them one by one." "The whole process was amazing and almost perfect. The six of us were lucky enough to witness this battle and felt that this trip was not in vain." The six Celestial Immortals of the Divine Firmament Palace had a very high evaluation of Su Zimo. When the many academy disciples saw this, they felt their blood boil and felt proud. "In this battle, there's another detail worth mentioning. Su Zimo first attacked and captured Lie Xuan. Then, he released him and said that if I can suppress you once, I can suppress you again! " "Then, as expected, Lie Xuan was captured again. Su Zimo also kept his promise and released Lie Xuan again. " "This kid is decisive and fierce. However, he is also broad-minded and rare. His future is limitless. Heaven and Earth Academy will prosper with such a person! "The battle record and evaluation took up the entire page. Although many details of the battle were not mentioned, it left a lot of room for imagination. Everyone was sure that this battle would go down in history. Su Zimo's name would also shake Divine Firmament and become one of the most popular Celestial Immortals in the Nine Clouds Immortal Region, on par with Yun Ting! At this moment, there was a commotion in the crowd. It turned out that Tian Zhe, Ling Mu, Fairy Baihua, and the other foreign cultivators wanted to leave but were stopped by many academy disciples. "Where are you going in such a hurry?" "Stay here for a few more days. Otherwise, people will say that Heaven and Earth Academy doesn't know how to treat guests and neglect you." Hundreds of thousands of academy disciples surrounded this place. There were three layers inside and three outside. It was airtight. Tian Zhe and the others looked at the surrounding crowd and the pressure increased. He said with a panicked expression, "I, I won't stay. I have something to do. Goodbye!"

"Yes!" Ling Mu also hurriedly said, "Something happened to Lord Song Ce. I have to go back and make arrangements for his funeral ..." Yan Bingying smiled and said, "Fellow cultivators, aren't you waiting for Senior Brother Su to come back and challenge him?" "No, no, no ..." Tian Zhe and the others trembled in fear and hurriedly waved their hands. More than a thousand foreign cultivators were also frightened and shook their heads. Tian Zhe and the others were really scared! If they waited until Su Zimo came back, who knew if they could return alive? Even Song Ce was killed in one move. Who among them could stop him? Yan Bingying sneered and waved her hand. The academy disciples opened up a path. Accompanied by a burst of laughter, Tian Zhe and the others fled like birds and beasts.

## **Chapter 2523**

At the same time, all the major sects in the Divine Firmament Celestial Realm, as well as the cultivators who were paying attention to the seal battle, saw the changes on the Heaven List. The entire Divine

Firmament Celestial Realm was shaken! This battle had completely established Su Zimo's position among the Heaven Immortals in the Divine Firmament Celestial Realm! A Stage Seven Heaven Immortal, ranked third on the Heaven List. Not to mention Yun Ting, no one in history had ever achieved such a feat! And the six Perfected Immortals of the Divine Firmament Palace had such a high opinion of Su Zimo that it would be discussed by countless cultivators in the future. "I didn't expect that even Zong Feiyu would be scared off. Su Zimo has become famous after this battle!" "I heard that Zong Feiyu was forced to retreat because he couldn't unleash his full strength in the battle at Shura. He will definitely regain his dignity at the Divine Firmament Immortal Gathering." "The Divine Firmament Immortal Gathering hasn't even started yet, but the Heaven List is already so fierce. I can't imagine what kind of intense battles will erupt for the final Heaven List ranking." "Yun Ting, Qin Gu, Su Zimo, Zong Feiyu. Hehe, just these four alone will be interesting to watch!" Once the Heaven List was released, the entire Divine Firmament Celestial Realm was in an uproar. In the Library of the Zi Xuan Celestial Kingdom... The siblings, Yunzhu and Yunting, were also paying attention to the seal battle. It was different from the hustle and bustle of the outside world. The room in the Library was silent. Yun Zhu smiled after reading the Heaven List. She picked up an ancient book beside her and browsed through it. What surprised her was that Yun Ting suddenly became silent and didn't speak for a long time. Yun Zhu was very surprised. Yun Ting was very proud. Based on her understanding of her brother, he should have looked at the Heaven List with disdain. He should have even said something bold. Why was he so calm? "What's wrong?" Yun Zhu asked gently. "He's very strong." Yun Ting said slowly, "Sister, you're right. If we were at the same cultivation level, I might not be able to defeat him." Yun Zhu was even more surprised. Her brother had been invincible since he started cultivating. Plus, he was very proud. Although he had lost once in the tomb, he had never lowered his head.

But now, Yun Ting was saying something like that! From this, it could be seen that the strength Su Zimo had displayed in the seal seizing battle had caused Yun Ting to feel immense pressure! A look of relief flashed across Yunzhu's eyes. At this moment, she finally felt that Yun Ting had matured. He had truly grown up. This momentary change in mental state might not increase Yun Ting's battle prowess by much. However, it would be of great use to his future cultivation! A good opponent could indeed help Yun Ting grow faster and give him more motivation to break through his limits! Yun Ting bowed and prepared to leave. "Where are you going?" Yunzhu asked. "There's still a thousand years left. Even though I've already reached the level of a Tier Nine Heavenly Immortal, I can't afford to be careless!" Yun Ting said in a deep voice, "I want to continue advancing and sharpen my Sword Dao. Only then can I defeat Su Zimo at the Divine Firmament Immortal Meeting!" "Go." Yunzhu nodded with a smile. After Yun Ting left, Yun Zhu fell into deep thought. A trace of a smile appeared on her face as she muttered, "Interesting. Zimo, I'm afraid even you didn't expect that your ranking on the Heaven Leaderboard might force out an even stronger opponent!" "...Flying Immortal Sect. Green mountains, clear waters, waterfalls, lush vegetation and cranes soared. It was a picturesque scene. There was a pavilion in the middle of the lake. A woman in a plain blue palace robe sat within it. Her hair was tied up in a flying immortal bun. Her skin was fair and flawless, but her expression was cold. Beside her, there was a fragrance of agarwood. There was a zither placed on the table. The woman in the palace robe plucked the strings gently and the zither music lingered in the air. There was a hint of anger and killing intent in the zither music. It sounded hurried and messed with one's mind." "Pfft!" The two maidservants behind the woman in the palace robe could not take it and suddenly spat out a mouthful of blood. Their faces were pale. The two maidservants were also Heavenly Immortals. However, they looked terrified at that moment. They

hurriedly knelt on the ground and kowtowed. "Please forgive us, Princess!"The woman in the palace robe was the princess of the Great Jin Immortal Kingdom. She was one of the four fairies, Zither Immortal Mengyao!

Mengyao's fingers paused and the music gradually dissipated.Mengyao closed her eyes for a long time before opening them again. She said indifferently, "Get up. It's not your fault. I'm the one who's in a mess. ""Is it because of Su Zimo?"One of the maidservants asked tentatively.Mengyao said, "I didn't expect him to be so tough. Even Zong Feiyu was defeated."At that moment, one of the maidservants seemed to sense something and took out a Message Talisman. "Princess, Heavenly Immortal Luo Yang of the Imperial Wind Monastery requests an audience. ""Luo Yang?"Mengyao frowned slightly. "Why is he here?"Another maidservant said, "Heavenly Immortal Luo Yang has already been removed from the Heaven Ranking. Even if he's still in the eighth place, he's not qualified to meet our princess!"The first maidservant said, "Look at what he says. He has secrets about Su Zimo and wants to them to the princess. ""Oh?"Mengyao's expression changed. She pondered for a while before saying, "Let him come in."Not long after, another maidservant brought a white-haired old cultivator to the pavilion.Mengyao glanced at him.If she hadn't seen it with her own eyes, it would be hard to imagine that Heavenly Immortal Luo Yang, who was in his prime, would be reduced to such a state."Greetings, Fairy Mengyao."Heavenly Immortal Luo Yang bowed."Speak."Mengyao said faintly, "I hope the secret you speak of can interest me. Otherwise ..."Mengyao didn't continue, but her tone was cold.Even if she killed a Heavenly Immortal in his twilight years, the Imperial Wind Monastery wouldn't say anything.Heavenly Immortal Luo Yang was so scared that his whole body trembled. He said nervously, "Fairy Mengyao, I've met you once on the Dragon Abyss Planet. Do you still remember?""Dragon Abyss Planet ..."Mengyao murmured softly. She recalled carefully and said, "I've indeed met you, but what does this have to do with Su Zimo?"Heavenly Immortal Luo Yang said in a deep voice, "Fairy Mengyao, you must have forgotten that Su Zimo was also present in the abyss on the Dragon Abyss Planet!"It's just that Su Zimo was only a small Xuan Immortal at that time. ""Oh?"Zither Immortal frowned slightly.

She didn't even remember Heavenly Immortal Luo Yang, let alone a Xuan Immortal."Continue."Mengyao said.Heavenly Immortal Luo Yang perked up and said, "At that time, Fairy Mengyao, the Moonlight Sword Immortal, and Perfected Immortal Wufeng went there to seize a Pure Yang Spiritual Treasure. ""But later, the Pure Yang Spiritual Treasure suddenly disappeared. In the end, a huge divine dragon came out of nowhere!"Mengyao remembered clearly when this matter was mentioned.At that time, the three True Immortals had fought with the Divine Dragon. In the end, they were defeated, and even she was injured.

## **Chapter 2524**

Luoyang Celestial saw that Mengyao was deep in thought and knew that he had hit the nail on the head.He pulled himself together and continued, "At that time, the Pure Yang Spirit Treasure, the Godfiend Soul Summoning Banner, disappeared suddenly and mysteriously. The Moonlight Sword Immortal was the first to appear and interrogated who had hidden the Godfiend Soul Summoning Banner. ""Later, an Earth Immortal stood up and pointed out that a Mystic Immortal had hidden the Godfiend Soul Summoning Banner. ""However, the Moonlight Sword Immortal did not find any trace of the Godfiend Soul Summoning Banner in this Mystic Immortal's storage bag and sea of consciousness, so she threw him at the foot of the mountain."Luoyang Celestial Immortal took a deep breath and said,

"And this Mystic Immortal was Su Zimo from Qiankun Academy!" "Oh?" Mengyao's expression changed as she murmured, "A Mystic Immortal cultivated to his current level in just a few thousand years?" This kind of cultivation speed was simply too terrifying! Not to mention cultivators who ascended from the Lower Realm, even the geniuses of the Upper Realm could not reach this level. All these years, only Yun Ting had appeared in the entire Heaven Realm. Mengyao said slowly, "If he did not have a great opportunity, he would not have reached this level!" "That's right!" Luoyang Celestial Immortal said in a low voice, "So, I suspect that the Godfiend Soul Summoning Banner was in Su Zimo's hands, but he deceived the Moonlight Sword Immortal." "What's even stranger is that although the Moonlight Sword Immortal did not find the Godfiend Soul Summoning Banner in his body, she threw him at the foot of the mountain and slammed him against the stone wall. That kind of power was enough to kill any Mystic Immortal! However, this person managed to survive!" Mengyao shook her head slightly and said, "Even so, it doesn't prove anything." "I also suspect something else!" Luoyang Celestial Immortal hurriedly said, "Back then, when the Godfiend Soul Summoning Banner disappeared, the soul of a Divine Dragon appeared and fought with it." "Then, a real Divine Dragon appeared and fought with three Perfected Immortal powerhouses." "Among the cultivation techniques that Su Zimo specializes in, there's a secret skill that's similar to a dragon's roar. Also, from what I know, he even used a Primordial Spirit secret technique of the Dragons during the seal battle!" "Hmm?" A cold light flashed in Meng Yao's eyes. Logically speaking, there was no way the Essence Spirit secret skills of Dragons could be released without the Essence Spirits of Dragons!

Luo Yang Heavenly Immortal said, "I'm guessing that the Divine Dragon's soul and the subsequent Divine Dragons are most likely here because of this child." "There must be some kind of relationship between this kid and the Dragons!" A playful expression gradually appeared on Meng Yao's face as she said, "Not of our race, this is a little interesting ..." After pondering for a while, Meng Yao took out two Message Talismans. She left a few words on them with her Divine Sense and sent them to the Imperial Wind Monastery and Heaven and Earth Academy. "Wait here for a moment." Mengyao said to True Immortal Luo Yang, "In a while, when the others arrive, repeat what you just said to them." Celestial Immortal Luo Yang bowed her head in acknowledgement. Not long after, a figure descended. This person was riding on a giant golden ant. His entire body was emitting a ferocious aura as he sped over. Before he even got close, he raised his voice and said, "What happened? Why is Fairy Mengyao in such a hurry to see me? Could it be that you miss me? Hahahaha!" Mengyao did not reply. She moved her fingers and the sound of a zither could be heard. Before the sound of the zither was finished, another sword beam sped over from the other side. It was sharp and extremely fast, overtaking the former in the blink of an eye! "Oh?" The True Immortal on the golden ant raised his brow slightly. "Fellow Daoist Moonlight is here as well?" "Wufeng, how have you been?" The Moonlight Sword Immortal paused in her tracks and looked at the man not far away, replying indifferently. True Immortal Wufeng patted the golden ant beneath him and had it stop beside the lake. Together with the Moonlight Sword Immortal, they descended into the pavilion in the middle of the lake. "What's the meaning of this?" True Immortal Wufeng asked with a smile, "It's only been a few thousand years and the three of us are gathered once more. Fairy Mengyao, are you intending to reminisce about our parting?" "I've called the two of you here for something important." Mengyao did not reply to True Immortal Wufeng. She glanced at Luo Yang Heavenly Immortal beside her and gestured for him to repeat what happened earlier. After hearing this, the Moonlight Sword Immortal and True Immortal Wufeng had different expressions. A look of realization flashed through the Moonlight Sword Immortal's eyes. "No wonder I kept feeling that this lad was a little

familiar, as if I've seen him somewhere before. So, it's that ant from back then!"

"Back then, he was thrown to the foot of the mountain by me. He actually didn't die?" In his impression, that Mystic Immortal back then was like an ant that he could casually stomp to death. How could he remember?" What do the two of you say?" Mengyao said, "If the Dragons that injured us are really here for this lad, we can't just let it go, right?" "There's no evidence for such a thing." True Immortal Wufeng looked at the Moonlight Sword Immortal not far away and said, "Furthermore, this Su Zimo is a disciple of Qiankun Academy and Fellow Daoist Moonlight's junior brother. Now that his reputation is at its peak, we can't just bully him and attack him, right?" "You don't have to worry about me." The Moonlight Sword Immortal said in a low voice, "If this lad really has something to do with the Dragons or is one of the Dragons, as the head of the true disciples of the academy, I can't be biased!" Because of Mo Qing, the Moonlight Sword Immortal already hated Su Zimo to the core. She was afraid that she wouldn't find a chance to attack him. Now, this was a once-in-a-lifetime opportunity! If Su Zimo stepped into the True Self Realm and was accepted as an official true disciple by the Patriarch, it would be almost impossible for her to attack Su Zimo again. "I don't care about this matter." True Immortal Wufeng shrugged slightly and suddenly said. He could see that the Moonlight Sword Immortal was obviously very hostile towards Su Zimo. And the feud between Zither Immortal Mengyao and Su Zimo had already spread throughout the entire Divine Firmament Immortal Domain. In fact, there was no deep hatred between him and Su Zimo. Moreover, it was still unknown whether the incident on the Dragon Abyss Planet had anything to do with Su Zimo. At this moment, True Immortal Wufeng's sudden attitude was not that he didn't want to interfere, but that he wanted to retreat in order to advance. He wanted to scheme for greater benefits! Mengyao and Moonlight were both intelligent people. After thinking for a while, they could tell what True Immortal Wufeng was thinking. Mengyao said, "From what I know, this lad has a lot of treasures on him." "I only want the Jade Purity Book!" True Immortal Wufeng demanded an exorbitant price. Mengyao and the Moonlight Sword Immortal frowned at the same time. But in their hearts, getting rid of Su Zimo was their number one priority!

At this thought, the two of them looked at each other and nodded in agreement. "Okay!" True Immortal Wufeng agreed without hesitation. "How do we do it? Su Zimo is now in the Qiankun Academy. We can't possibly run into the academy and kill him, right?" Mengyao also looked at the Moonlight Sword Immortal. The Moonlight Sword Immortal narrowed her eyes slightly. "We have to wait for an opportunity. At least until he leaves the Qiankun Academy..." "Divine Firmament Immortal Meeting!" The three of them thought of the same thing and spoke almost at the same time.

## **Chapter 2525**

After Su Zimo helped Xie Qingcheng obtain the Lingxia Seal, he did not stay in the Fiery Sun Immortal Kingdom. Instead, he bade farewell to Xie Qingcheng and returned to Qiankun Academy. This time, Xie Qingcheng was the biggest winner in the seal battle, but he had also gained a lot! Without the opportunity at the bottom of the Blood Fiend Lake, he would need at least a thousand years to cultivate to Level Seven. Moreover, he would not have had the chance to learn the secret technique, White Tiger Biting the Corpse! After a month of cultivation at the bottom of the Blood Fiend Lake, Qinglian's true body had absorbed a lot of Blood Fiend Qi, and the Blood Fiend Qi in the White Tiger Bone had been used up. The White Tiger Bone had also turned into a pile of bone dust. Su Zimo returned to Qiankun Academy and prepared to go into seclusion again. If there was nothing else, he planned to cultivate until

the Divine Firmament Immortal Gathering and strive to step into Level Eight! When he cultivated to Level Eight, he was confident that he could defeat Yun Ting even without using Qinglian's bloodline! Su Zimo returned to his cave abode. Just as he was about to go into seclusion, he suddenly sensed a strange movement from Wu Dao's true body.... The Demon Territory. The Heaven Barren Sect was located in a remote corner of the Demon Territory. However, in these years, the Heaven Barren Sect was under the control of the Thunder Emperor. The five Demon Generals grew rapidly and gradually expanded. The speed was not fast, but it steadily grew stronger day by day. Moreover, the Heaven's Wrath Thunder Emperor and the five great demon generals also rose to fame in the Fiend Region. Of course, when the Heaven Barren Sect was mentioned, the first person that came to everyone's mind was still the Patriarch of the Heaven Barren Sect, Araki Takeshi! Although Araki Takeshi had not appeared in all these years, the battle in the Central Plains had spread throughout the Demon Territory. The battle in the Jade Firmament Immortal Domain had shocked the entire Heaven Realm! Because of this battle, many cultivators had joined the Heaven Barren Sect. On this day, Wu Dao's true body, who was in seclusion, suddenly had a thought and took out a black map fragment from his storage bag. This black map fragment looked extremely ancient. It was made of a special material and was as thin as paper. Wu Dao's true self had tried before. With his current cultivation, even if he erupted with all his strength, he still wouldn't be able to tear apart this black map fragment!

Not long after Wu Dao's true body ascended to the Devil Domain, he destroyed the Scarlet Pheasant Valley and obtained it from the Valley Master. The reason why the Scarlet Pheasant Valley's Valley Master's cultivation had advanced by leaps and bounds and the speed at which he rose to power was due to this incomplete black map. When Wu Dao's original body first obtained this black map fragment, it depicted a headless figure holding a spear in its hand. At that time, he had only taken a casual glance at it before he felt his mind being dragged into the figure in the black fragmentary map. Every track on the map seemed to have turned into countless runes that surged into his mind. Then, a violent, murderous, and destructive emotion emerged in his heart! At the same time, an endless stream of Heaven and Earth Yuan Qi swarmed into his body. The speed at which he absorbed and refined it was beyond imagination! Strange black patterns also appeared on his skin and face, making him look mysterious and mysterious. The Dao heart of Wu Dao's original body was indestructible and unshakable. Naturally, such emotions could not affect him. He calmed down quickly. However, the black patterns that appeared on his body did not disappear immediately. That power was attached to his body, as though it wanted to take root. However, it was refined by Wu Dao's Furnace with his blood qi and vanished. After that, Wu Dao's original body did not look at this black map fragment again. But now, he suddenly sensed a strange movement coming from this black map fragment. When he took out the map fragment and took a look, he could not help but frown slightly. The tall figure on the black map fragment had already disappeared. What replaced it was a series of curved tracks that resembled some sort of map. Not only that, there was a power in this black map fragment that seemed to want to lead him to a certain place! "Interesting." Wu Dao's original body murmured softly and rose. After all these years of seclusion, his True Wu Dao Body had already been cultivated to greater mastery. Now that he had the opportunity to do so, he might as well head over and take a look. Wu Dao's original body left the place of seclusion. Lying not far away, the Heavenly Wolf's ears twitched when it heard the commotion. Opening its eyes, it shuddered and stood up. "Are we heading out?"

The Heavenly Wolf was invigorated and somewhat excited. Given Araki Takeshi's current reputation in

the fiend domain, it would feel proud to be able to carry the Araki Takeshi out for a walk."Stay in Heaven Barren Sect."Wu Dao's original body said casually and vanished in a flash, leaving behind a resentful Heavenly Wolf.Wu Dao's original body informed the Thunder Emperor before leaving Heaven Barren Sect. Following the guidance of the black map fragment, he sped towards the central plains of the fiend domain.About ten days later.Wu Dao's original body gradually slowed down his footsteps.Over the years, he had heard some rumors along the way.It was said that the various major heaven-level sects and factions of the fiend domain were moving towards the Back Yin Mountain of the fiend domain in the same direction as him!Back Yin Mountain was one of the most famous mountain peaks in the fiend domain. That was because a fiend tree grew on that mountain peak known as the Immortal Tree.It was said that the Immortal Tree was immortal and indestructible – no one knew how long it had existed.When Wu Dao's original body transcended the tribulation, he had interacted with a few heaven-level factions of the fiend domain.Apart from those sects and factions, there was an absolute overlord sect in the fiend domain that also sent a large number of cultivators.Lingxiao Palace!Their ambitions were clear just by hearing the name of that faction.They were above the nine firmaments!The reason why Lingxiao Palace dominated the fiend domain and no other faction could contend against them was mainly because they had once produced an Emperor Lord!"Have you heard? A gigantic fiend's den appeared at the foot of Back Yin Mountain. Sinister winds gusted inside and anyone below the Perfected Demon realm can't get close!""What fiend's den? I heard that there's a Fiend Emperor's tomb at the foot of Back Yin Mountain!""It's said that when the Fiend Emperor's tomb appeared for the first time, it alarmed many sects and factions. Who knows how many fortuitous encounters, Dharma treasures, and secret techniques there are inside!""I heard that even the Emperor's son of Lingxiao Palace has moved out and is preparing to explore the fiend's den.""I heard that there seems to be a traitor in Lingxiao Palace. When Lingxiao Palace was chasing after the traitor, the fiend's den appeared."Along the way, Wu Dao's original body heard many rumors and gradually had an outline of the matter in his heart.

If he was not wrong, the black map fragment in his hand should be related to the fiend's den that appeared at the foot of Back Yin Mountain!The closer he got to Back Yin Mountain, the more fiend cultivators there were. Most of them were Perfected Demons.Of course, there were also a few daring Heaven Immortals who wanted to join in the fun and try their luck.However, be it Perfected Demons or Heaven Immortals, when they saw a man in purple robes and a silver mask, they all revealed looks of awe and fear. They all avoided him and no one dared to approach!

## **Chapter 2526**

"The Patriarch of the Heaven Barren Sect, Araki Takeshi, is here too!""Let's go, let's stay away from him so we don't get on his bad side."Many demonic cultivators had never seen Wu Dao in person, but when they saw his purple robe and silver mask, they quickly recalled the rumors about Araki Takeshi."The Heaven Barren Sect is located in a remote corner, and Araki Takeshi is just a true demon. Why should we be afraid? The appearance of the Devil's Den has alarmed the entire demonic realm. Who knows how many sects and peerless powerhouses have come. Araki Takeshi is nothing. ""What do you know?"Another person said with lingering fear, "In that battle back then, Desolate Martial killed Yan Zui and the others, as well as the million strong devil army. In the eyes of many, he had already replaced Yan Zui and become the new Supreme True Devil!""Hehe!"A horse-faced demonic cultivator laughed strangely and said, "Not necessarily. I heard that the Emperor of the Ling Xiao Palace is very disdainful of him. Now that the Devil's Den has appeared, Emperor Ling Xian has also come out!""If the two of them

meet, there will be a fight." "Of course, no one dares to use the Emperor's name. Ling Xian, the Immortal of Ling Chi, how domineering, how arrogant! "Another immortal curled his lips and said, "I don't think so. Don't forget, there is a demon emperor behind Emperor Ling Xian. Unless Araki Takeshi wants to die, he will definitely avoid Emperor Ling Xian. "Near the Shadow Back Mountain, a large number of cultivators had gathered. At a glance, they were densely packed. The appearance of the Devil's Den had alarmed countless demonic cultivators, and they all wanted to come and find opportunities! After Wu Dao's original body arrived, he looked around. At the foot of the Shadow Back Mountain, there was a huge cave. It was pitch black inside, and the wind whistled like the bloody mouth of an ancient beast. Even divine sense could not penetrate it. This was the Devil's Den that the demons were talking about! At the very front of the Devil's Den, there were a few great forces occupying one side. Their banners fluttered in the wind, and powerful cultivators gathered under their command. No other cultivators dared to approach them! At the front of the Devil's Den, there were hundreds of thousands of Devil Cultivators gathered. Apart from the Heavenly Immortals, there were also hundreds of True Fiends standing in front of the hundreds of thousands of cultivators. Their leader was not old but his gaze was as sharp as an eagle's and his aura was terrifying!

Hundreds of thousands of demonic cultivators surrounded this person like stars surrounding the moon. Judging by his temperament, if there were no surprises, he should be the disciple of Ling Xiao Palace, Ling Xian! Towering Palace had mobilized such a large force just for the appearance of this demon's den. It was clear just how powerful Towering Palace's foundation was. After Towering Palace, there were a few other major factions. The Black Demon Sect, Acheron's Villa, the Divine Demon Ridge, and the Wind Demon Sect that Wu Dao's true body had met before were all included in the list. In addition to these four Heaven-ranked forces, there was also the Ghost King Palace, Heavenly Evil Sect, and Soul Devourer Palace. These three forces were equally famous as the former! Although the cultivators brought by these few major factions were slightly fewer than Towering Palace, there were still hundreds of thousands of them! When Wu Dao's true body arrived, many cultivators around him made way for him and an empty space appeared around him. Although Wu Dao's true body was alone, his aura was not inferior at all when compared to the Heaven-ranked forces! When the True Fiends of the Black Demon Sect, Acheron's Villa, Divine Demon Ridge and Wind Demon Sect caught sight of Wu Dao's true body, they revealed a trace of fear. The young master of Heavenly Evil Sect rolled his eyes and came up with a plan. Suddenly, he raised his voice. "This must be the Supreme True Fiend whose name shook the Fiend Region in recent years, Fellow Daoist Araki Takeshi, right?" Wu Dao's true body did not move at all. He did not even look at this person and remained silent. "Hmm?" This sentence attracted the attention of Ling Xian's disciple! Ling Xian was standing at the front and did not notice Wu Dao's true body. Hearing this, he slowly turned around and stared at Wu Dao's true body with an unfriendly expression. "Araki Takeshi is here too!" Ling Xian nodded slowly. His eyes were cold as he said, "Good, good!" All these years, Araki Takeshi's reputation in the Fiend Region was like the sun in the sky. He had already overshadowed Ling Xian's limelight. There were even many rumors that Araki Takeshi was already a Supreme True Fiend. This was hard for Ling Xian to accept! Towering Palace was hosting the True Fiend List. Yan Zui had fallen, but the new True Fiend List had not yet begun. What right did this person have to be first on the True Fiend List?

Ling Xian's body moved, ready to find trouble with Wu Dao's true body. However, the group of true demons behind him exchanged glances and stepped forward to stop Ling Xian. "Prince, please calm

down. That Araki Takeshi is nothing to be afraid of. There is no need to kill a chicken with a butcher's knife." "That's right. Master Ling Xiao told us to prioritize the Fiend Lair and not to cause any more trouble." "Exactly. Once we get the treasures in the Fiend Lair, this Araki Takeshi will be a fish on the chopping block." In reality, the true demons were still a little wary of Wu Dao's true body, but they did not want to show weakness. Ling Xian nodded and temporarily put away his killing intent. After a short pause, he seemed to have thought of something. He gritted his teeth and asked hatefully, "Are you sure that bitch really did escape?" "Someone saw it with their own eyes!" One of the True Demons said with certainty, "However, that bitch's cultivation base is only at the Fifth Stage of Heaven Immortal Realm. She definitely can't withstand the Yin Wind in the Devil's Den. She's probably already dead in there. Her body and soul are destroyed, and not even her bones are left!" Hearing this, Ling Xian's eyes flashed with pain. From his tone just now, it was clear that he hated that bitch. But now, hearing that the bitch died, his heart ached again. "Not necessarily." Another true demon comforted, "Your Highness, don't forget, that woman also has a Demon Map of Annihilation. This Fiend Lair is caused by this map. With this map on her, she might be able to neutralize the Yin Wind." "At the entrance of the Fiend Lair, the Yin Wind blew. Many forces did not act rashly. They were all waiting for the Yin Wind to weaken or even dissipate. Otherwise, not even many of the true demons present would be able to withstand such a powerful gust of Yin wind!" "Strange, why haven't I seen any Demon Kings?" "Logically speaking, this is the first time such a mysterious Fiend Lair has appeared. Who knows how many treasures are inside? Even a Demon King would be tempted." The cultivators around the Shadow's Back Mountain were vast. There were at least a few million of them, and this number was still rapidly increasing. But among the many demonic cultivators, there were no Demon Kings. A demonic cultivator said in a low voice, "Don't look at the cultivators nearby. The highest level is only a true demon. In reality, there are definitely many Demon Kings observing in the dark. They just haven't shown themselves yet."

"That's right. This is the first time the Fiend Lair has appeared. Although no one has touched the treasures inside, who knows how many hidden dangers there are!" "These Demon Kings are smart. They all want us to go down and test the waters. If some shocking treasure really appears, they will definitely show themselves and fight for it!" Just as everyone was discussing, Wu Dao's original body suddenly moved. He strode towards the entrance of the Fiend Lair!

## **Chapter 2527**

This action caused a wave of restlessness and clamor! One had to know that when the demon's lair opened for the first time, the wind howled. Nobody knew what was inside and nobody dared to act rashly. But today, Wu Dao's original body dared to brave the terrifying wind and barge into the demon's lair alone! Danger and opportunity always coexist. The first one to barge in may face unimaginable dangers, but he may also be the first to obtain an opportunity! Wu Dao's original body was bold. Relying on his True Wu Dao Body, he was not afraid of the wind at all. Plus, he overheard the conversation between Ling Xian and the others. If he guessed correctly, the black incomplete map in his hand should be the Demon Painting of Annihilation that the true demons of Ling Xiao Palace were talking about. Even if the wind was too strong and even he could not withstand it, he could try to bring out the black incomplete map. Plus, he had a way out – the Ceaseless Pain Hell. With the Cauldron of Zhen Yu, he could shatter space at any time and teleport back to the Ceaseless Pain Hell! Wu Dao's original body moved, passing through the crowd of the major forces and the dozens of people from Ling Xiao Palace. He headed towards the demon's lair. "Hmm?" Wu Dao's original body's reaction caused the killing intent

that Ling Xian had just calmed down to burst out again!"You're courting death!"Ling Xian's expression was cold. Channeling his blood, he held a long sword in his hand and stabbed towards the back of Wu Dao's original body's head!Before Ling Xian's body arrived, the sharpness of the sword had already arrived!Wu Dao's original body sensed something and turned around abruptly. Under the silver mask, his eyes shone brightly!The sharpness of the sword was actually shattered by his gaze and turned into nothingness!Ling Xian's reaction was fast. Just as the sword was about to pierce Wu Dao's face, his wrist shook slightly.Hum!In an instant, tens of thousands of sword lights appeared in Wu Dao Body's line of sight. They were like a dense sword net that enveloped him.Among the boundless sword-light, there was only one that contained true murderous intent.This move was indeed brilliant.The two of them were so close to each other, yet Ling Xian suddenly changed his move. Almost no one could find the real fatal strike in the sea of sword energy!

Ling Xian's eyes flashed with mockery.In the face of this sword, Araki Takeshi could only retreat and avoid the tip of the sword.And once Araki Takeshi retreated, he would completely unleash his sword aura. It would be endless until Araki Takeshi was cut down by his sword!Suddenly!Wu Dao's main body stretched out his hand and reached into the boundless sword light.In the blink of an eye, he grabbed the sword!There was no retreat, no evasion.He simply, directly, and violently grabbed onto Ling Xian's sword!In an instant, all the sword lights disappeared.Ling Xian's attack was broken in an instant!"Your hand is gone!"Ling Xian was not in a hurry. He smiled coldly and suddenly exerted force in his palm. He wanted to turn the sword and crush Wu Dao's hand.However, he suddenly realized that his sword didn't move at all when it landed in the palm of Wu Dao's true body. It was as if he had lost control of the sword!"How is this possible?"Ling Xian's eyes were filled with disbelief.To know that Ling Xian's sword was a spiritual treasure that his father personally made for him. It was also a ninth level pure Yang spiritual treasure. How could it not crush this person's body?Before he could react, he suddenly felt a shocking force coming from his palm. It was mixed with vibrations, twisting, and many other forces.He couldn't hold onto the sword at all. Pain came from his palm and he subconsciously loosened his grip. The sword flew out of his hand.Under Ling Xian's gaze, his pure Yang spiritual treasure was snatched away by Wu Dao's original body!"Not good!"Ling Xian's heart sank.He didn't have time to think. He hurriedly used his movement technique and retreated!After Wu Dao's original body snatched the sword, he flipped his hand and threw it!Whoosh!A flash of sword light flashed by like lightning cutting through the night sky!It was too fast!Ling Xian channeled his blood qi to the maximum and the sound of a tsunami could be heard from his body. Using a secret technique of Ling Xiao Palace, his body floated in midair like a willow catkin and he dodged the sword by a hair's breadth.

The sword almost brushed past his cheek.The tip of the sword left a wound that was so deep that his bones could be seen. A layer of fresh blood seeped out.He wasn't even in danger yet!Wu Dao's original body snatched the sword with his left hand and threw it casually. His right hand punched towards Ling Xian's face!"Get lost!"Wu Dao's original body merely spat out a single word coldly.That punch was explosive like a volcano erupting. It was turbulent like raging waves hitting the shore. It was majestic and unstoppable!That punch was not a secret technique nor was it flashy.However, Ling Xian had never experienced such a terrifying punch in his entire life of cultivation!The fist in front of him continued to expand. It was more ferocious than any Divine Ability or Divine Weapon!What was even more frightening was that this punch seemed to have sucked away all the Heaven and Earth essence Qi around him and sealed off his escape route!The entire space caved in and rotated towards his fist!Even

though he was here, he could not help but crash towards the fist. There was nowhere to retreat. He did not even have the chance to escape! "Bloodline phenomenon!" Ling Xian was an emperor's son after all and was personally taught by the Fiend Emperor. At this critical moment, he tried his best to calm down. Crossing his arms in front of him, he released his bloodline phenomenon at the same time! Bang! That punch landed heavily on his arms! Ling Xian's body shuddered. The entire space seemed to have paused for a moment, as though time had stopped. Following it, the rare phenomenon of his bloodline that had just taken shape was shattered into pieces by the punch of his Martial Dao True God! Ling Xian's silhouette, like an arrow, flew back into the crowd. "Pfft!" Ling Xian coughed out large mouthfuls of blood and his arms trembled. The bones in his arms were shattered by Wu Dao's original body! Two True Demons rushed forward, wanting to support Ling Xian. However, when Ling Xian crashed into their embrace, the two True Demons shuddered and were sent flying with horrified expressions. Spitting out mouthfuls of blood, they were sent flying. Ling Xian knocked over a few people in succession before he managed to stop himself! His spirit consciousness moved and he hurriedly took out a bunch of elixirs from his storage bag and stuffed them into his mouth. He glared at the figure at the entrance of the fiend's lair in shock and anger as his heart thumped.

He felt a sense of lingering fear! If he had not reacted in time, that sword and punch would have killed him! Thankfully, he released his bloodline phenomenon. Otherwise, he would have been blown up by a single punch from Araki Takeshi and his Essence Spirit would not even have a chance to escape! This person was way too terrifying! A deep sense of fear flashed through Ling Xian's eyes. Psst! It was only at this moment that gasps could be heard from the surroundings. The crowd was in an uproar! Wu Dao's original body turned around, dispelled the move, snatched the sword, threw the sword and punched – all in one go! The exchange between the two of them was way too fast! For many Heaven Immortals, they did not even see the entire process clearly and did not know what happened. In the eyes of many fiend cultivators, the moment Ling Xian charged forward with his sword, Wu Dao's original body turned around and hollered, sending Ling Xian flying back with severe injuries!

## **Chapter 2528**

Wu Dao's original body watched as Ling Xian retreated into the crowd and did not chase after him. There were far too many cultivators around this Ling Xian. It would take a lot of effort to kill him. Just as he was about to attack Ling Xian, a few strands of terrifying Qi locked onto him! Unsurprisingly, these auras were all from Grotto-Heaven Realm cultivators! After all, he was the prince of Ling Xiao Palace. It was not surprising that he had a demon king protecting him. Wu Dao's original body was too lazy to pay attention to this person. His Qi and blood surged as he dispersed the auras around him and entered the cave. Ling Xian swallowed many Immortal Pills. Combined with his powerful Qi and self-healing ability, his face was much rosier and his injuries were recovering quickly. "Araki Takeshi!" Ling Xian stared at the silhouette of the original Wu Dao. Two words squeezed out from between his teeth as his killer intent intensified. Even if he could not defeat Araki Takeshi, as long as the demon king of Ling Xiao Palace kills Araki Takeshi, he would still be a supreme demon! "Your Highness, what do we do now?" A true demon asked. Ling Xian waved his hand and drew a few lines among the true demons behind him. "You guys go in and take a look. Remember, you must keep an eye on Araki Takeshi. Don't let him run out of your sight!" Behind Ling Xian, 20 true demons were selected. These 20 true demons knew that the prince in front of them clearly had his concerns and did not dare to enter the cave. That was why he wanted them to go in first. However, Ling Xiao Palace had a strict hierarchy and they did not dare to

disobey."Wait!"Ling Xian pondered for a while and looked at the two beside him. "Duan Ming, Song Shi, you two go in as well, just in case.""Yes, Your Highness!"Duan Ming and Song Shi replied in a low voice.These two were half-step Grotto-Heaven Realm cultivators!However, Ling Xian was still a little worried about true demons. With two half-step Grotto-Heaven Realm cultivators, he felt much safer.Moreover, they were only the vanguard.The Demon Kings of Towering Palace were also observing the movements of the demon's lair nearby. If anything happened, these Demon Kings would immediately appear!Furthermore, it was not just Towering Palace. The other seven sects also had Demon Kings lurking nearby, waiting for the right moment to strike.

The Black Demon Sect's young master seemed to be carefully listening to something. After a short period of time, he also chose several True Demons and headed towards the Demon Cave.Acheron's Manor, Divine Fiend Ridge, Wind Demon Sect, Ghost King Hall, and Soul Devourer Hall were not willing to fall behind. The young masters of the various sects led their men and charged towards the Devil's Den!"Interesting."The Young Master of the Heavenly Evil Sect chuckled and said, "Looks like my Heavenly Evil Sect can't fall behind. Let's go! "Since Wu Dao's main body had barged into the Demon's Den, the peace in the area was instantly broken. With Towering Palace in the lead, the seven great Demonic Sects and the other major sects could no longer hold themselves back and sent people to barge into the Demon's Den.This was the first time the demonic cave had appeared in the world. The treasures inside had never seen the light of day. They had been covered in dust for many years, so they were definitely in relatively good condition.This meant that whoever got there first would be able to reap more benefits!Of course, the first batch of people to enter the Demon's Den would also have to face unpredictable dangers.Unlike the other cultivators, the young masters of the seven great Demonic Sects had something to rely on and were not bothered by the Yin winds at the entrance of the Demon's Den.After the seven young masters entered the Demon's Den, they quietly took out a black map fragment from their storage bags in the darkness and held it in their palms.Others might not know the origin of this Demon's Den, but the seven of them each had a black map fragment in their hands. Naturally, they knew that below this Demon's Den was definitely a tomb of a Demon Emperor!The reason they came this time was because they felt the guidance of the black map fragment.Originally, not many people would know about this matter.However, it was said that there was a traitor in Towering Palace who stole the black map fragment from Crown Prince Ling Xian and escaped here. He barged into the Demon's Den and exposed this matter....The Yin winds at the entrance of the Demon's Den were the most ferocious. As Wu Dao's main body continued to descend, the Yin winds gradually weakened until they completely disappeared.This Demon's Den was like a gigantic inverted pit.Wu Dao's main body followed the guidance of the black map fragment and advanced diagonally downwards. Although the range of his vision and spirit consciousness was limited, he was not worried with the help of his spirit perception.

After walking for an unknown period of time, a faint light shone from below.He seemed to have arrived at the lowest level of the Demon's Den. Along the way, it was extremely quiet and he did not encounter any dangers or traps.That was a little strange.Wu Dao's main body was puzzled.Logically speaking, if this was truly the tomb of an Imperial Emperor, given the other party's status, they would definitely not want their tomb to be discovered and trampled on by their descendants.Therefore, there would be all kinds of dangers and traps in the tombs and caverns of many experts.Throughout history, most of the tombs of Imperial Emperors were extremely dangerous places!However, apart from the Yin winds at the

entrance that were somewhat dangerous, there was nothing unusual about this Demon's Den. A series of footsteps could be faintly heard behind him, mixed with the conversations of countless cultivators. It was chaotic and noisy. If he was not wrong, the fiend cultivators outside should have followed him in as well. As the Martial Dao Body descended, everything before him suddenly became clear and bright. Before him was a gigantic palace with luxurious decorations. The four walls were embedded with Night Illumination Pearls the size of longans. On the four walls of the palace, there were rows of shelves that should have been filled with treasures. Some of the shelves were clearly used to store divine weapons. Some of the shelves should have been used to store cultivation technique manuals. However, those shelves were empty and had long been taken away by someone, leaving only some traces of a sweep. "If I'm not wrong, all the treasures in this palace should have been swept clean by the traitor of Lingxiao Palace." Wu Dao's main body recalled the conversation of the few cultivators in Lingxiao Palace. With a thought, he had a rough guess. The palace was huge and he circled around. Apart from the entrance he came from, there was another exit on the left of the palace that led to somewhere unknown. Right then, the cultivators of Lingxiao Palace barged in as well. Wu Dao's main body did not stay there. Following the guidance of the black map fragment, he headed toward the exit on the left of the palace. "This place was originally filled with Immortal Elixirs!" Duan Ming stood in front of a row of shelves and took a deep sniff. He said in a deep voice, "The medicinal fragrance of the Immortal Elixirs has yet to dissipate. It's obvious that someone has just taken these Immortal Elixirs away."

"Do you even need to think? It must be Araki Takeshi!" Song Shi said coldly. The young master of Heavenly Evil Sect snorted. "This Araki Takeshi is too ruthless. He ate the meat and didn't even leave a drop of soup for us!" "If it was the Demon Emperor's tomb, there would definitely be more treasures," Duan Ming said in a deep voice. "This place can only be considered as the entrance to the tomb. The real treasures must be behind!" "It seems that this Demon Emperor's tomb is not dangerous. We were too cautious." "Let's hurry up and follow him. Don't let him take all the treasures away!" Someone shouted and everyone hurriedly chased after him.

## **Chapter 2529**

Everyone quickened their footsteps and even used their movement techniques to turn into streams of light that sped away, afraid that Wu Dao's true body would snatch all the treasures. Before long, everyone caught sight of the second palace. This palace was even more spacious and majestic than the previous palace. The shelves were still empty and there was only a purple-robed cultivator with a silver mask standing alone in the middle of the hall. The expressions of many cultivators darkened completely. Many of them looked at Wu Dao's true body with intense hostility! There were so many treasures in the tomb. If everyone rushed forward together, they might all get a share. But now, so many treasures were taken by a single person. None of the cultivators present could accept that! Although everyone was wary of Araki Takeshi's ferocious reputation, the true demons present were not weak either. Furthermore, there were a few half-step Grotto-Heaven experts holding down the fort! Even if Araki Takeshi was a supreme true demon, he did not have much chance of winning against a half-step Grotto-Heaven expert! Seeing that Araki Takeshi was about to leave again, many cultivators rushed forward and surrounded Wu Dao's true body in the blink of an eye! The group of true demons was led by Duan Ming and Song Shi of Lingxiao Palace. The young masters of the seven heaven-level fiend sects were among them and they glared at Wu Dao's true body with unfriendly expressions. Wu Dao's true body looked at the group of people expressionlessly without saying a word. His gaze was as though he was looking at a

bunch of ants."Araki Takeshi, don't go overboard!"Duan Ming said in a deep voice, "Everyone who sees the treasures in this tomb has a share. Don't even think about taking them all for yourself!"Araki Takeshi, we don't want to be enemies with you."After pausing for a moment, the young master of Black Fiend Sect changed the topic and said coldly, "However, if you want to take all the treasures here for yourself, you'll have to ask us first!"That's right!"The young master of Heavenly Evil Sect sneered, "Araki Takeshi, spit out all the treasures that you took earlier on and let everyone redistribute them!"The Young Lords of the Sky Rank Demon Sects expressed their opinions one after another.In their opinion, no matter how strong Araki Takeshi was, he wouldn't be able to stop so many True Demons and half-step Grotto-Heaven Realm Masters.Moreover, they had the Patriarch of the various Demon Sects behind them.That was a top-notch Devil King level powerhouse! He was lying in ambush outside the Devil's Den and could charge in at any time!

Wu Dao's main body understood.These cultivators thought that he had taken all the treasures in the two palaces for himself!Wu Dao's main body didn't explain, nor did he bother to explain.He only looked around, his tone was cold, and his gaze was intimidating. He slowly asked, "Who gave you the courage to provoke me? Hmm?" Before his voice fell, Wu Dao's true self suddenly moved. Like a bolt of lightning, he grabbed towards the Black Demon Sect's young master!Wu Dao's main body spread out a hand that blotted out the heavens. His five fingers were like five stone pillars that reached the heavens, imprisoning the Black Demon Sect's young master. Then, he suddenly closed his hand!The five stone pillars squeezed the Black Demon Sect's young master's body. Blood mist gushed out, filling the air!"Ahh!"With a miserable scream, the Black Demon Sect's young master was crushed by Wu Dao's palm. His primordial spirit was extinguished and his body and dao vanished!At the same time, a black map fragment floated down.Wu Dao's main body casually put this black map fragment into his bag.The black map fragment in the Black Demon Sect's young master's hand was made of the same material as the one in his storage bag. There was definitely some sort of connection between them.Moreover, he had just noticed that it wasn't just the Black Demon Sect's young master's hand. The other six Demon Sect's young masters also had a black map fragment in their hands.Since you all said that I wanted to take all the treasures for myself, I'll do it right now!Wu Dao's main body moved swiftly and fiercely. He crushed the Black Demon Sect's young master with a single palm and seized the black map fragment. Then, he grabbed towards the nearby Acheron Mountain Manor's young master.Duan Ming was enraged. He shouted out, "Araki Takeshi, you dare!"Kill him!"Many cultivators also shouted out and attacked.Duan Ming and Song Shi stimulated their blood energy and rushed towards Wu Dao's main body in a triangular formation.Hu hu!Wu Dao's main body punched out twice in a row!Each punch was filled with boundless strength and was unstoppable!Before these two punches even landed, Duan Ming and Song Shi already felt a scorching heat suffocating them. They couldn't breathe and the blood in their bodies seemed as if it would evaporate!

The two of them finally experienced the pressure that Imperial Prince Ling Xian felt when facing this punch.The two of them didn't dare to hesitate. They hurriedly propped up their respective Heavenly Grottoes.Although a half-step Grotto-Heaven powerhouse failed to break through to the Grotto-Heaven realm, they could still condense a Grotto-Heaven phantom and borrow a wisp of Grotto-Heaven's power.Even though it was just a wisp, it was enough to suppress all Perfected Immortals and Perfected Fiends!However, the moment Duan Ming and Song Shi's Grotto-Heaven phantoms appeared, they dissipated and vanished!Bang! Bang!The two of them received the two punches of Wu Dao's main body

head-on with the strength of their bodies! Their eyes widened and dimmed. Their bodies froze in midair. After pausing for a moment, their bodies suddenly exploded and turned into a cloud of blood mist! Both of their Essence Spirits were killed by a single punch from Wu Dao's main body! Wu Dao's main body did not know why the Grotto-Heaven phantoms of the two of them suddenly failed. However, even if the two of them could completely condense their Grotto-Heaven phantoms, they wouldn't be able to defend against his True Wu Dao Physique at greater mastery! Previously, when Wu Dao's True Physique was at lesser mastery, Wu Dao's main body fought against Yan Zui and the others. After exhausting all his trump cards, he had to rely on the Hell Suppressing Cauldron to suppress a half-step Grotto-Heaven powerhouse. But now, the True Wu Dao's True Physique was at greater mastery and he could defeat any half-step Grotto-Heaven powerhouse barehanded! The number one person below the Grotto-Heaven realm! As for facing a true Grotto-Heaven realm powerhouse, Wu Dao's main body knew that if he didn't use the Hell Suppressing Cauldron, he wouldn't be able to fight them head-on. After all, the True Martial Realm only corresponded to the True One Realm of the Immortal, Buddhist, and Demon Daos. It hadn't touched on the higher levels of power. As for the Grotto-Heaven realm, the power that one could comprehend and control after condensing a Grotto-Heaven had completely surpassed the True One Realm and reached another level! This was the difference between heaven and earth, the difference between a fish and a dragon. It was a qualitative leap that couldn't be crossed at all. Of course, Wu Dao's main body was an Anomaly after all. He had refined tens of thousands of techniques and absorbed hundreds of scriptures to create the Wu Dao body. He was the first person in history to pass the tenth level of Heavenly Tribulation!

If he could cultivate the True Wu Dao's True Physique to perfection, he would have enough confidence to break through the barrier between the two realms and suppress the ordinary Immortal Kings in the Grotto-Heaven realm! On the battlefield. Two half-step Grotto-Heaven powerhouses were killed by Wu Dao's main body with two punches, causing many True Demons to change color! The group of demons finally woke up from their greed. As if they had woken up from a dream, they realized just what kind of terrifying existence they had provoked! Even a half-step Grotto-Heaven powerhouse couldn't take a punch from him. Who else could? Everyone's lives were in Araki Takeshi's hands! Whoosh! Lingxiao Palace, the seven Heaven-Level Demon sects, and more than a hundred True Demons instantly scattered and fled in all directions. "You want to run?" Wu Dao's main body had already locked onto the few Demon Sect Young Masters! Whoosh! The Young Master of Acheron Mountain Villa didn't escape far before Wu Dao's main body caught up and killed him with one punch, taking away the black map fragment. Wu Dao's main body didn't stop. In the blink of an eye, he arrived behind the Young Master of Divine Demon Ridge and punched without saying a word. Bang! The punch hit the center of the Young Master's back! The Young Master of Divine Demon Ridge was smashed into pieces by Wu Dao's main body, and the black map fragment was obtained. Wu Dao's main body's figure flashed on the battlefield. Every time he attacked, there would be blood. The Young Masters of the various Demon Sects were scared out of their wits and guts! It was a little late, but it was still yesterday's update. The main thing was that he repeatedly changed a few details and dragged it until now.

## **Chapter 2530**

Finally, a demonic sect young master reacted. He threw the black map fragment on the ground and fled. Wu Dao's true body glanced at him and picked up the black map fragment. He did not chase after him. When the young master of the Heavenly Evil Sect saw this, his entire body trembled. He hurriedly

threw down the black map fragment and fled. He wanted to use this to save his life. Unfortunately, Wu Dao's true body did not give him the chance. He caught up with him in a few steps and killed him with a punch! Just now, this person had diverted the disaster outside the demon's lair, wanting to use Towering Palace to deal with Wu Dao's true self. Wu Dao's true body did not care at that time. Now that this person came to provoke him again, he could only send him to heaven! In the blink of an eye, four of the seven young masters of the demonic sects were killed. Three of them threw down the black map fragment and successfully escaped the battlefield. The remaining true demons also fled. The group of cultivators who followed behind them didn't know what was happening inside. When they saw the True Demon powerhouses from Towering Palace and Black Demon Sect fleeing in panic, they also panicked and retreated. A strange scene appeared in the demonic cave. Most of the cultivators did not know what was going on. When they saw the chaos in front, they hurriedly fled. "Run! A half-step Grotto-Heaven realm expert died down there!" "What's going on? Who killed him?" "I'm not sure. It seems like some terrifying creature has appeared!" "Not good, a terrifying creature has emerged from the depths of the earth and is about to unleash a massacre!" In the chaos, the news became more and more ridiculous. Later on, when many cultivators escaped from the demonic cave, there were all kinds of rumors. "Millions of terrifying creatures have awakened underground and are eating human flesh!" "Oh no, I heard that a Demon Emperor has awakened. He opened his coffin and started a massacre!" When the tens of millions of Devil Cultivators outside saw the entrance of the Devil Cave, they panicked and fled. They screamed and screamed, giving the cultivators outside a fright. "Your Highness, retreat first!" The true demons protected Imperial Son Ling Xian as they retreated. When Lingxiao Palace moved, the Black Demon Sect and the other demonic sects also retreated. As for the other sects, they did not dare to hesitate and hurriedly retreated. "Don't panic!"

In mid-air, the void was torn apart, and more than twenty figures appeared. They descended, emitting an enormous pressure as they overlooked the world! More than twenty Grotto-Heaven realm Demon Kings! "What nonsense are you all talking about!" Towering Palace's Demon King Cang Kong looked around with a cold gaze and snorted. "The Demon Emperor buried here has been dead for tens of millions of years. Even a Great Emperor wouldn't be able to live that long!" Demon King Cang Kong was the peerless Demon King of Towering Palace! This time, there were seven Demon Kings from Lingxiao Palace. Among the seven, there were two peerless Demon Kings. As for the seven great heaven-level demonic sects, two or three Demon Kings had arrived. Among them, the Patriarch of the Black Demon Sect, the Dark Sky Demon God, the Manor Lord of Acheron, the Lord of the Divine Demon Ridge, and the Sect Master of the Wind Demon Sect, the four peerless Demon Kings who had dealt with Araki Takeshi before, also appeared here. Naturally, the Demon Kings' temperament, vision, knowledge and knowledge far surpassed the other demons present. The tomb of the Demon Emperor had been sealed for tens of millions of years. It would be normal if there were some otherworldly soldiers and ghosts. However, it was impossible for there to be any living beings! Not long after, the True Demons of Towering Palace, the seven great demonic sects and the three young masters escaped from the back. The Dark Sky Demon God, the Patriarch of the Heavenly Evil Sect and the others did not see the figures of their young masters. Gradually, they felt that something was amiss and their expressions darkened. "What's going on?" Ling Xian hurried forward and asked, "What happened inside?" A Towering Palace True Demon was still fearful as he panted and said, "Araki Takeshi was the first to rush in and snatched all the treasures before anyone else." "Who knows how many treasures there were in the two halls in succession and they were all taken by that person!" "Duan Ming, Song Shi and a few other young

masters of the fiend sects couldn't take it and went up to reason with him. Who knew that he would suddenly go on a killing spree and was killed by Duan Ming and Song Shi with two punches!""Two punches?"Ling Xian narrowed his eyes and his pupils constricted.The Dark Sky Demon God, the Patriarch of the Acheron Manor and the other peerless demon kings exchanged glances and the same thought flashed through their minds.This Araki Takeshi was much stronger than before!The True Demon looked at the Dark Sky Demon God and the others before continuing, "The young masters of the Black Fiend Sect, Acheron Manor, Godfiend Ridge and Heavenly Evil Sect were all killed by Araki Takeshi."

"Araki Takeshi!"The gazes of the Dark Sky Demon God and the other demon kings were cold.Indeed, they were wary of Bo Xun. However, who wouldn't be tempted by the countless treasures buried beneath the lair?Furthermore, if Araki Takeshi was truly killed beneath the lair, even Bo Xun might not know who did it!This Devil Emperor's Great Tomb blocked off all senses. Even their Divine Sense was unable to probe inside."Are there any other dangers down there?"The Demon King of the Lingxiao Palace, Cang Kong, asked in a low voice."No, the path was smooth. There were no traps, traps, or puppets. That's why Araki Takeshi was able to snatch the treasures without hesitation."The True Demon hurriedly answered."Araki Takeshi is arrogant and arrogant. He's gone too far!"Hearing that Duan Ming and Song Shi, the two half-step Grotto-Heaven experts, had died, Ling Xian's killing intent towards Wu Dao's original body intensified. He said slowly, "Since there are no dangers down there, there's no need for you to hold back. Follow me into the tomb and hunt down Araki Takeshi!""Alright!"Cang Kong and the others did not hesitate and agreed.Other than protecting Ling Xian, they had another goal in mind. They also wanted to find some fortuitous opportunities in the tomb.If they could break through and form a complete Grotto-Heaven, they would be one step closer to the Divine Emperor realm!Ling Xian stared at the lair and gritted his teeth. "Araki Takeshi, today, I'll let you know who's the boss in the Demon Domain!"With a wave of his hand, Cang Kong and the other Demon Kings of Ling Xiao Palace surrounded him and entered the lair together.The Dark Sky Demon, Villa Master Acheron, Lord of Divine Demon Ridge, Sect Master of Wind Demon Sect, and more than ten other Demon Kings did not hesitate and entered the lair.After a while, some of the Demon Kings who were wandering outside the lair finally could not hold back and followed in.Then, the Demon Kings swarmed in again.In the depths of the lair, Wu Dao's original body collected the seven black map fragments and the storage bags on the ground. He glanced at them casually and put them away.The treasures in these storage bags were not worthy of his attention.

He was prepared to return to the Heaven Barren Sect and put these treasures in the sect.His gaze landed on the seven black map fragments.Among all the treasures, the only thing that piqued his interest was the seven black map fragments!Strangely enough, when he gathered the seven black map fragments together, the seven map fragments actually stuck together by themselves, without any difference!
