

Sacred King 2541

Chapter 2541

Accompanied by that sinister voice, a menacing face gradually appeared from the darkness behind Demoness Ji. Wu Dao's true body was alarmed. Without hesitation, he pulled Demoness Ji over and shielded her behind him, glaring at the figure that appeared slowly in the darkness with a grim expression. It looked like an old man covered in blood. His face was pale and there was no hint of life in him – he was like a malevolent ghost! No matter what the old man's background was, the fact that he could hide from Wu Dao's true body's spirit perception was enough to alarm him and put him on guard. "To think that two brats would come here. Hehehe ..." The old man let out an unpleasant laugh once more. His widened lips stretched to the back of his ears, as though his entire head was split into two! "Could he be a Ghost Immortal?" Demoness Ji gradually calmed down and panted slightly, saying with a trembling voice. "Ghost Immortal?" Wu Dao's true body's heart skipped a beat. Back in the emperor tomb, Qinglian's true body encountered a Ghost Immortal that was extremely strong and nearly died inside. Thankfully, he managed to survive with the help of his soul lamp. She continued, "However, according to the inheritance memories that the Nine Netherworld Emperor gave me, the conditions for the formation of Ghost Immortals are extremely unique. At the very least, an Emperor Lord has to die!" Only the powerful resentment of an Emperor Lord could turn into a Ghost Immortal! Back then, Qinglian's true body was only at the Mystic Immortal realm and did not know much about Ghost Immortals. Neither was it accurate and she only heard bits and pieces from Feng Ziyi. He merely thought that Ghost Immortals were formed from the accumulation of resentment of an expert whose soul did not dissipate after death and did not enter reincarnation. Furthermore, they cultivated sentence. To think that the prerequisite for the formation of Ghost Immortals was the death of an Emperor Lord! In that case, it could explain why there was such a Ghost Immortal in the emperor tomb. Legend has it that the formation of the emperor tomb was due to the death of an Immortal Emperor. Later on, other Emperor Lords took the risk to enter the emperor tomb and were inevitably cursed and buried within. Demoness Ji continued, "However, Emperor Lords are considered peak existences in the upper world and it's extremely difficult for them to die, let alone die suddenly. How can there be an Emperor Lord here ..." At that point, Demoness Ji's voice stopped abruptly. She suddenly recalled that there was indeed an Emperor buried here, the World Devastation Fiend Emperor! Could this be the final resting place of the World Devastation Devil Emperor? Wu Dao's original body naturally thought of the World Devastation Devil Emperor, but he was still a little confused. He always felt that the dark space here was incompatible with the Great Tomb of the Demon Emperor above, as if they were two different worlds. Above the tomb, within the range of the Great Tomb of the Devil Monarch, they couldn't release their Heavenly Grottoes, and their secret arts were also sealed. But here, the two of them were almost unaffected. At this moment, he didn't have the time to analyze it carefully. The Ghost Immortal opposite them suddenly took a deep breath at the two of them! Wu Dao's main body felt like he was in a trance. His essence spirit felt like it was being pulled out of his body by a powerful suction force! Fortunately, the power of the Mask of Mo Luo burst forth and blocked his Yuan Shen, allowing him to regain his consciousness instantly. However, Demoness Ji's cultivation realm was insufficient and she could not resist the devouring power at all. A wisp of her Essence Spirit left her body and flew towards the Ghost Immortal opposite her! The Martial Dao Primordial Body's Dao Arts were unable to cause any harm to these Ghost Immortals. However, he had a treasure on him that could kill a Ghost Immortal! Using his sleeves, Wu Dao's main body swept up a dim bronze lamp from his storage

bag and smashed it towards the Ghost Immortal opposite him. "Hehe." The old man laughed strangely and reached out with his withered and rotten palm, grabbing towards the shabby bronze lamp. "Kid, you can't hurt me ... Ah!" Before the old man could finish, he shrieked. It was too late for him to dodge and shake off the soul lamp! Right before Wu Dao's main body, the old man turned into streams of light and entered the bronze lamp, vanishing completely. There was clearly an additional layer of oil at the bottom of the bronze lamp. Back then, the Ghost Immortal in the Emperor's tomb was almost sucked to death by the soul lamp merely by touching it with his walking stick. This Ghost Immortal, on the other hand, did not even have a chance to escape if he dared to grab it with his bare hands! Demoness Ji's Essence Spirit returned to her consciousness and looked in the direction where the old man disappeared with a lingering fear. She heaved a sigh of relief. "To think that there would be a Ghost Immortal beneath this tomb chamber. I wonder what happened to the World Devastation Fiend Emperor back then for him to die here with such deep resentment."

"Something's not right," Wu Dao's main body put away the bronze lamp and murmured with a frown. "What's wrong?" Demoness Ji was puzzled. Wu Dao's main body said, "The tomb above the World Devastation Fiend Emperor's tomb is exquisitely set up. It's clear that he was prepared for this. If he died, why would he leave behind such a tomb?" As Wu Dao's main body said that, he swept his gaze and realized that Demoness Ji was looking behind him with a pale expression! In the darkness behind Wu Dao's main body, a figure appeared slowly and approached silently like a ghost. It was a menacing face that resembled a malevolent ghost. In the darkness, it opened its mouth and swallowed the head of Wu Dao's main body! Another Ghost Immortal! Throughout the entire process, Wu Dao's main body's spirit perception did not react at all. "Hurry and run!" Demoness Ji shrieked and pounced towards the Ghost Immortal in the darkness behind Wu Dao's main body without hesitation! When Wu Dao's main body noticed Demoness Ji's odd expression, he realized that he was in immense danger! His surroundings were dark and he might not be safe no matter where he hid! Wu Dao's main body reacted extremely quickly. With a shift of his spirit consciousness, he released a Martial Spirit Fire that entered the Soul Lamp. Swoosh! Instantly, the Soul Lamp was ignited and burned with a tiny golden flame. The light spread and enveloped his surroundings! "Ah!" The Ghost Immortal hidden behind him was affected by the golden light and seemed to be severely injured. Golden flames burst forth from his body and spread from the inside out, unable to be extinguished. "Soul ..." The Ghost Immortal only managed to say a single word before he was enveloped by the golden flames and devoured. His Essence Spirit was destroyed and his soul dissipated into nothingness! Demoness Ji paused in her tracks and looked at everything in shock. She had not expected that the seemingly inconspicuous bronze lamp in the hands of Wu Dao's main body would possess such power! Ghost Immortals did not have a true body and were in reality formed from their souls and resentment. However, the Soul Lamp was the nemesis of these Ghost Immortals!

Both Wu Dao's main body and Demoness Ji's Essence Spirits were in their consciousnesses and were protected by their physical bodies. Their Soul Lamps were lit and shone with a golden light that did not harm them at all. "What's going on? Why are there two Ghost Immortals here? Should we hurry and leave?" Demoness Ji's face was pale and she felt uneasy, feeling even more sinister than before. The surrounding darkness seemed to be filled with an indescribable chilling aura! With a grim expression, Wu Dao's main body rolled up the Soul Lamp in his hands and tossed it into the surrounding darkness. "Ah! Ah! Ah!" The golden light dispersed the darkness and dozens of ghostly figures appeared instantly. They let out a series of tragic cries and squeezed to retreat, trying to avoid the light of the Soul

Lamp!When she saw that, Demoness Ji's expression changed and she shuddered!There were dozens of Ghost Immortals hiding in the darkness!

Chapter 2542

Some of the Ghost Immortals were slower in dodging and were struck by the golden light of the Soul Lamp. Instantly, their bodies burned with golden flames and they were reduced to ashes!Wu Dao's true body felt his heart skip a beat.Out of caution, he had probed the darkness over there. To think that he would see dozens of Ghost Immortals!Wu Dao's true body's gaze was grim as he rolled up the Soul Lamp and circled the darkness around him!"Ah! Ah! Ah! "A series of tragic cries could be heard from the surrounding darkness!In all directions, ghostly figures could be seen fleeing in panic wherever the light of the Soul Lamp shone.Psst!This time round, even Wu Dao's true body felt a chill run down his spine and his hair stood on end.When he circled the Soul Lamp earlier on, he had seen hundreds of Ghost Immortals!It was hard to imagine that there would be so many Ghost Immortals hiding in the darkness around them. They were silent and waiting for an opportunity to strike!If not for the Soul Lamp in his hand, the two of them would have been torn apart by the Ghost Immortals.What made him even more shocked and puzzled was the fact that there were so many Ghost Immortals in this tomb. What kind of place was this?Could it be that the hundreds of Ghost Immortals were formed from the corpses of Emperor Lords?Could it be that there were hundreds of Emperor Lords buried in this tomb chamber?That conjecture was way too shocking. Even Wu Dao's true body felt chills run down his spine when he thought about it!At the side, Demoness Ji was already dumbfounded and was so scared that she could not speak.Hundreds of Ghost Immortals meant that hundreds of Emperor Lords had died here. What did that mean?The Martial Dao Body took a deep breath, calmed his mind, and quickly calmed down.No matter what, he had to get rid of those Ghost Immortals first.Otherwise, they would be too much of a threat to the two of them if they were allowed to lurk in the darkness.At that thought, Wu Dao's true body rolled up the Soul Lamp and placed it in front of him. Then, he blew hard at the oil in the lamp!The oil of the Soul Lamp splattered everywhere and scattered on the ground, dispersing the surrounding darkness instantly."Soul Lamp!"

"It's the Soul Lamp!"Many Ghost Immortals shrieked and fled into the depths of the darkness.Many Ghost Immortals were engulfed by the golden flames and were quickly incinerated into nothingness.Wu Dao's true body brought Demoness Ji along as he swept up his Soul Lamp and chased after the remaining ghost immortals.As the two of them continued onward, the light of the Soul Lamps dispelled the darkness. They could see that the ground beneath their feet was covered in dirt.Although there were no tombstones or markings, both of them could tell that these mounds were simple tombs!The space of this tomb was not too big. The terrain was long, like a coffin.Hundreds of Ghost Immortals had nowhere to hide in the coffin-shaped tomb. Soon, Wu Dao caught up with them and used his soul lamp to kill them all!The souls of these Imperial Emperors did not disperse. They gathered their resentment and formed a strange life form like the Ghost Immortal. They were trapped here and could not see the light of day all year round, unable to enter the cycle of reincarnation.The fact that Wu Dao's true body had killed him was a form of relief for them.After killing all the Ghost Immortals here, the Soul Lamp absorbed a large number of souls and was filled with oil. The range of its light expanded significantly and illuminated the entire space!Wu Dao's true body and Demoness Ji turned back and saw that the path they came from was filled with inconspicuous tombs. However, they were filled with an indescribable might and shock!The tomb was not big but there were more than a thousand tombs buried here.Furthermore, all of those tombs might be the tombs of Imperial Emperors!Not all Imperial

Emperors would transform into Ghost Immortals after their deaths. Therefore, although there were more than a thousand Imperial Emperor tombs here, there were only a few hundred Ghost Immortals. Even so, this scene was a huge blow to Wu Dao's true body and Demoness Ji! Who would have thought that there would be a tomb of emperors beneath the tomb of the Fiend Emperor! What happened back then that caused more than a thousand Imperial Emperors to die here? If all of those Imperial Emperor experts came from the same era, it meant that more than half of the Imperial Emperors of that era were buried here! What was going on with this tomb of emperors? Back then, the World Devastation Fiend Emperor built his tomb above this place. Did he know about the situation below?

In the mind of Wu Dao's true body, he could not help but recall the upheaval that Immortal Yun Zhu mentioned to Qinglian's true body about! At that time, Yunzhu was also not sure if this turmoil really existed because almost all the records and traces of this turmoil had been erased, leaving only some vague records. Could the sudden deaths of the emperors be related to that upheaval? Countless doubts flashed through the minds of Wu Dao's true body and Demoness Ji. The two of them stood on the spot and could not recover for a long time. Demoness Ji seemed to have thought of something as she frowned and tried her best to recall. Wu Dao's true body turned around and looked at the end of the tomb where there was a thick stone tablet that was dozens of feet tall. The stone tablet looked ancient and heavy, filled with a deathly aura of time. It was blank and there was nothing on it. A thought flashed through the mind of Wu Dao's true body as he looked at the gigantic stone tablet. Although there were no traces of the stone tablet, it gave him the feeling that it was more like a tombstone that was suppressing this place! He did not know who set up this tombstone. However, it could solve a question in his mind. Perhaps, the existence of this tombstone was the reason why hundreds of Ghost Immortals were suppressed here and could not escape. Right then, a loud bang sounded from the east of the tomb, as though a huge battle was breaking out above! Rumble! Boom! The tomb of the Fiend Emperor above was shaking violently and could collapse at any moment! Wu Dao's true body and Demoness Ji were hiding in the tomb chamber at the bottom and were not affected. "If I'm not wrong, Cang Kong and the others must have discovered the War Fire Spear." Wu Dao's true body murmured softly. Right then, in the skies outside, dark clouds covered the sky and fiend qi lingered. A pair of gigantic eyes were hidden in the clouds, staring at the Backside Yin Mountain Range and emitting a terrifying aura! The fiends near the Backside Yin Mountain Range were shocked and knelt on the ground, trembling! Even the Grotto-Heaven realm Fiend Kings did not dare to hesitate when they sensed the aura from the skies. They knelt on the ground with a respectful expression. Even they could not withstand such an aura! The birth of the Fiend Emperor! "Who killed my son?!"

Fiend Emperor Ling Xiao's voice was filled with suppressed anger, causing one's heart to tremble! His voice was like thunder, reverberating in the skies of the fiend territory! In the tomb of the Fiend Emperor, Fiend King Cang Kong and the others had just entered a tomb chamber when something happened. The War Fire Spear appeared and attacked them fiercely. Fiend Emperor Ling Xiao's gaze seemed to be able to penetrate the tomb and see this scene. Suddenly, a gigantic palm reached out from the clouds, covering the skies and grabbing towards the tomb! Boom! Fiend Emperor Ling Xiao's palm almost uprooted the entire Backside Yin Mountain Range. The tomb that was already on the verge of collapse collapsed instantly! The might of the Fiend Emperor was terrifying!

Chapter 2543

Wu Dao's true body summoned the Hell Suppression Cauldron and prepared to break through the void to leave with Demoness Ji. Given the methods of the Fiend Emperor, the two of them could not hide for long. If they were discovered by Fiend Emperor Ling Xiao, even if Wu Dao's true body could break through the void, he might not be able to return to the Avici Hell under the nose of Fiend Emperor Ling Xiao. Given the strength displayed by the Fiend Emperor earlier on, Wu Dao's true body did not doubt that Fiend Emperor Ling Xiao would be able to intercept him and capture the two of them back even if he entered the spatial tunnel! Right then, Demoness Ji suddenly said, "I seem to have remembered something!" "What?" Wu Dao's true body asked instinctively. Demoness Ji said sternly, "The tomb beneath the World Devastation Fiend Emperor should be the tomb of a Great Emperor!" Wu Dao's true body's heart skipped a beat. Prior to this, who would have thought that there would be a tomb of a Great Emperor hidden beneath the tomb of the World Devastation Fiend Emperor in the depths of Backshade Mountain! However, thinking about it from another perspective, perhaps only a Great Emperor would be able to make a thousand Emperor Monarch's burial mounds be buried with him! However, he did not know what sort of existence this Great Emperor was in the past for him to be so terrifying as to kill so many Emperor Lords. "Who is this Great Emperor?" Wu Dao's true body asked. Demoness Ji pursed her lips slightly and hesitated, as though she was wary of something. Right then, a loud bang sounded from the tomb of the Fiend Emperor above. Immediately after, a beam of fire surged into the skies with a resplendent glow, charging towards Fiend Emperor Ling Xiao who was in the clouds! The beam of fire emitted a scorching and terrifying aura and the power it burst forth could withstand the might of the Fiend Emperor and go against the momentum! The vast and majestic power even tore the void apart, leaving clear cracks in it! "Hmph, how dare an ownerless weapon be so brazen!" Fiend Emperor Ling Xiao harrumphed coldly and a saber shrouded in fiend qi appeared in his palm. It descended from the skies, as though it was going to split the heavens into two! Clang! Demon Emperor Ling Xiao's black saber struck the fiery light, revealing the true form of the fiery light. It was the War Fire Spear! Demon Emperor Ling Xiao was struck by the War Fire Spear, and his body shook violently. He revealed his true form and stood in the sky with a hint of shock in his eyes.

Boom! The War Fire Spear fell to the ground and pierced through the earth. Huge spiderweb-like cracks appeared in the surroundings as the earth quaked and the mountains shook. On the battle spear, the flames burned even brighter! Within the raging flames, the War Fire Spear was burning red all over. It was almost transparent, and its aura was still rising! Wu Dao's true body and Demoness Ji exchanged glances, both feeling shocked. Who would have thought that the Monarch Armament, which had been buried for tens of millions of years, would be able to unleash such terrifying power as soon as it was reborn? Cang Kong and the other Demon Kings were also shocked as they watched the battle from below. This kind of battle, they could not intervene at all! "How is this possible?" Demon Emperor Ling Xiao was expressionless, but his heart was in turmoil. It was merely an Emperor Armament. Even if the spirit consciousness within was not destroyed and no one was controlling it, there was no way it could release such power! "Your master has already been dead for tens of millions of years. How dare you defy my heavenly might with a mere weapon!" Demon Emperor Ling Xiao stared at the blazing spear on the ground and shouted, "I'm here. Why don't you submit to me now?!" "Wherever the flames of war reach, it shall be my territory!" All of a sudden! A deep voice sounded from the ruins of the Fiend Emperor's tomb. It was filled with endless might and could not be defied! Demoness Ji's heart skipped a beat as she suddenly said, "Those were the words of the World Devastation Demon Emperor back then. How could ..." She did not continue speaking nor did she dare to continue thinking about it. When he heard that,

Demon Emperor Ling Xiao's expression turned grim as he glared at the ruins of the Fiend Emperor's tomb and said coldly, "Stop pretending. Who are you? Why don't you show yourself?" Back then, whenever the World Devastation Demon Emperor conquered a territory, he would throw out the War Fire Spear first. The living beings in this territory only had two choices. They could either submit or flee. If they resisted, the Axe of Destruction would descend and countless living beings would be massacred with blood flowing like rivers! That action earlier on was indeed the World Devastation Demon Emperor's style of doing things. However, without witnessing it personally, Demon Emperor Ling Xiao did not believe that the World Devastation Demon Emperor could survive until now!

The lifespans of Emperor Lords and Thearchs were both tens of millions of years. Even the so-called Eternal Thearchs could not live for tens of millions of years! "How dare you bark in front of me when you've only cultivated half of my fiend sutra!" The deep voice sounded from the ruins of the tomb once more. However, that sentence revealed an even greater piece of information – it was horrifying! The World Devastation Fiend Sutra was created by the person who spoke. In that case, the identity of the owner of that voice was obvious! When Demon Emperor Ling Xiao heard that, he felt a little guilty as he stared fixedly at the ruins of the tomb with a bewildered expression. Rumble! In the ruins of the tomb, countless boulders were sent flying as a tall and burly figure slowly stood up from the ruins. His black hair danced in the wind, his eyes were blood-red, and he held a huge black axe in his hand. Although this figure was standing in the ruins of the tomb, his aura was even more powerful and terrifying than Demon Emperor Ling Xiao in the sky! No one had seen the World Devastation Demon Emperor's appearance before, but when many people saw this figure, they could be sure that this was the ruthless person from tens of millions of years ago, the World Devastation Demon Emperor! Wu Dao's original body had also seen the black fiend diagram. The figure drawn on the diagram was almost the same as the World Devastation Demon Emperor in front of him! How was that possible? The World Devastation Demon Emperor was not dead? A Demon Emperor who should have died long ago had actually reappeared in the world after tens of millions of years! All the living beings in the vicinity of the Back Yin Mountain Range were intimidated by the aura emitted from the World Devastation Demon Emperor, not daring to move at all! At this time, any unusual movement could lead to a fatal disaster! Between heaven and earth, it was as if the air had solidified as if it had come to a standstill. In the tomb of the Great Emperor, Wu Dao's original body finally understood one thing. Why was there a situation where the grotto-heavens of the Immortal Kings could not be released after they entered the Demon Cave? That was because the World Devastation Demon Emperor was not dead at all. The Demon Cave they had entered was actually a world created by the World Devastation Demon Emperor!

In the world of the Demon Emperor, how could the grotto-heavens of the Immortal Kings be released? And when he and Demoness Ji fell into the tomb below the tomb, they were restored to their original state and could release mystic arts because the tomb they were in now was the tomb of a Great Emperor! Although the world of the Demon Emperor was powerful, its power could not cover the tomb of a Great Emperor. In the sky, Demon Emperor Ling Xiao looked down and met the gaze of the figure above the ruins of the tomb. At this moment, he seemed to have an illusion that the person below was looking down at him with cold eyes! He still could not believe it! The World Devastation Demon Emperor was actually still alive and had lived for tens of millions of years! Demon Emperor Ling Xiao could be sure of one thing. Even if the World Devastation Demon Emperor was still alive, he had not reached the level

of a Great Emperor. Once he became a Great Emperor, all the Emperors in the Upper Realm would be able to sense it.

Chapter 2544

The two Demon Emperors faced off against each other. Demon Emperor Ling Xiao was still hesitating. He wanted to retreat, but he was worried that he would be deceived. After all, the World Devastator Demon Emperor had lived for tens of millions of years, and this was too unbelievable. At this moment, the World Devastator Demon Emperor slowly raised his head and looked at Demon Emperor Ling Xiao in the sky. "You have lost your last chance to live!" The World Devastator Demon Emperor waved his hand. The War Fire Spear that was stuck in the ground suddenly burst out, piercing through the void and piercing toward Demon Emperor Ling Xiao. It reached him in an instant! This time, it was even more ferocious and murderous than the War Fire Spear! At this moment, Demon Emperor Ling Xiao felt the World Devastator Demon Emperor's murderous intent. He was also sure that the other party was the ruthless World Devastator from tens of millions of years ago! Whoosh! Demon Emperor Ling Xiao did not dare to hesitate. He opened up a world and seemed to have merged with the world behind him. He held the saber with both hands and slashed at the War Fire Spear. Clang! There was a loud noise! Demon Emperor Ling Xiao's body shook violently. The world that he had just opened up was on the verge of collapsing! The World Devastator Demon Emperor's casual attack had such terrifying power and was unstoppable! Boom! Before Demon Emperor Ling Xiao could catch his breath, the World Devastator Demon Emperor's huge body suddenly rose from the ground. He leaped and slashed at Demon Emperor Ling Xiao with his black giant axe! At the same time, a huge black hole appeared behind the World Devastator Demon Emperor. War flames lingered outside, and demonic aura surged inside. It was the world that he had condensed, the World Devastator Demon Cave! Demon Emperor Ling Xiao could not retreat. He could only frantically urge his Primordial Spirit to condense the world and raise the demonic saber above his head. Boom! Demon Emperor Ling Xiao's world could not resist at all. It was on the verge of collapse and was directly swallowed by the World Devastator Demon Cave! Puchi! Under countless gazes, the War Fire Spear broke through the demonic saber and slashed Demon Emperor Ling Xiao's head. It did not stop and split him in half from top to bottom! Between heaven and earth, there was complete silence! Demon Emperor blood dyed half of the sky red!

The War Fire Spear not only split Demon Emperor Ling Xiao's body, but it also instantly killed his Primordial Spirit. The Demon Emperor who had created the greatest power in the Demon Domain had dominated the world for many years. But who would have thought that just as he was born today, he would die on the spot, his blood staining the heavens! In fact, the reappearance of the World Devastator Demon Emperor had caused such a huge commotion that the other Demon Emperors who were originally hiding in the Demon Domain were also alarmed. However, these Demon Emperors did not reveal themselves. Instead, they hid in various corners of the Demon Domain and silently observed the situation. However, even they didn't expect that Demon Emperor Ling Xiao would be hacked to death by the World Devastator Demon Emperor within three moves. He didn't even have the chance to escape! One had to know that to cultivate to the Imperial Emperor level, unless the difference in strength was huge. Otherwise, it would have been very difficult for him to die. Who would have thought that Demon Emperor Ling Xiao would die in less than three moves from the infamous Demon Emperor Ling Xiao! "If you cultivate the Demonic Dao, you shouldn't establish any faction. You'll be tied down by too many karmic ties. This time, if it wasn't for the fact that he wanted to avenge his son, he wouldn't have ended up like this. ""It's fate. He cultivated the World Devastator Demon Scripture to step into the

Imperial Realm. How could he resist the creator of the World Devastator Demon Scripture?" "Let's disperse. With this reappearance, I'm afraid the Demon Domain will become his world in the future." "Hehe, it's not just the Demon Domain. How can the Pure Lands and the Nine Heavens Immortal Realm be spared? Now that he has reappeared, he will definitely make a comeback and conquer the heavens. At that time, I'm afraid the three thousand realms will be involved in the flames of war!" "These years, there have been many chaotic events. Many signs have already shown that a great calamity is coming. Although we are Imperial Emperors, we may not be able to escape ..." Several Demon Emperors who were hiding in various parts of the Demon Domain secretly communicated with each other. Then, they calmed down and retracted their auras before disappearing.... Demon Emperor Ling Xiao had died! This scene had a huge impact on everyone's soul and vision! Cang Kong and the other Demon Kings turned pale. Even Demon Emperor Ling Xiao couldn't block the World Devastator Demon Emperor's axe. If this ruthless person wanted to kill them, it would be as easy as crushing a few ants! "Greetings, Demon Emperor. I, Cang Kong, am willing to submit!" Demon King Cang Kong was the first to react. He immediately knelt on the ground to show his obedience. Demon Emperor Ling Xiao had already died. Naturally, these experts of Ling Xiao Palace couldn't continue to guard Ling Xiao Palace. Demon King Lu Cang and the others also knelt down. The Dark Sky Demon God and the other Demon Kings all had their own sects and forces. They were actually quite reluctant to submit to the World Devastator Demon Emperor. However, the World Devastator Demon Emperor was too powerful. He had just appeared and killed an Imperial Emperor. They didn't dare to express their dissatisfaction. Seeing that Demon King Cang Kong and the others had submitted, the Dark Sky Demon God and the other Demon Kings had an ugly expression. They were hesitant. At this moment, the World Devastator Demon Emperor turned his head slightly. His blood-red eyes looked toward the Dark Sky Demon God and the others. Hiss! The Dark Sky Demon God and the other Demon Kings instantly felt a chill run down their spines! Trembling with fear, the dozen or so Demon Kings fell to their knees without a second thought. They prostrated themselves on the ground, not daring to have the slightest bit of disloyalty! Even the Demon Kings couldn't withstand the World Devastator Demon Emperor's ferocious aura. The demons near Back Yin Mountain couldn't withstand it either. No matter which sect they belonged to, no matter how high their cultivation level was, the demons all knelt down to show their submission. Under the World Devastator Demon Emperor's pressure, no one dared to escape! Wu Dao's original body watched this scene with a myriad of thoughts. Not long ago, a peerless Demon Emperor Bo Xun appeared. And today, another ruthless person from tens of millions of years ago appeared in the world again! In the future, if both of them wanted to occupy the territory of the Demon Territory, there would definitely be a fight! The World Devastator Demon Emperor's appearance inadvertently helped him get rid of the huge threat that was Demon Emperor Ling Xiao. Now that Demon Emperor Ling Xiao was dead, even if he killed the Imperial Prince Ling Xian, no one would find trouble with him anymore. However, although the threat of Demon Emperor Ling Xiao was removed, an even more terrifying and dangerous existence appeared. And this existence was probably not a good thing for him and the Heaven Barren Sect! Wu Dao's original body did not act rashly. If he and Demoness Ji hid in the tomb of the Great Emperor, they might be able to hide and avoid the detection of the World Devastator Demon Emperor. If they broke through the voids rashly and escaped this place, they might alert the World Devastator Demon Emperor instead! "Right, you haven't told me which Great Emperor is in this tomb." Wu Dao's original body sent a voice transmission to Demoness Ji and asked secretly. Demoness Ji was hesitant when he asked about that earlier on. Thereafter, a huge change happened above and the World Devastator Demon Emperor appeared. Both of them were focused on the outside. Therefore, Demoness Ji had

never been able to reveal the Great Emperor's name."It's not that I'm not telling you," Demoness Ji said, "In the memories of the Nine Netherworld Emperor, this Great Emperor was extremely secretive as well. It was as though the name of this Great Emperor is a taboo that cannot be mentioned ..."

Chapter 2545

"Unmentionable?" Wu Dao's true body furrowed his brows slightly. Be it the Eternal Life Emperor or the Infernal Emperor that he knew of, all of them were recorded in the annals of history and left behind countless legends. What was so special about this Emperor that even the Nine Netherworld Emperor was wary of him? Demoness Ji hesitated for a long time before sending a voice transmission, "The title of this Emperor should be Heaven Burial." Boom! Although she sent a voice transmission with her spirit consciousness, the moment those two words sounded in the mind of Wu Dao's true body, the gigantic stone stele beside him began to vibrate violently, as though it sensed something! Demoness Ji was shocked and retreated a few steps. Wu Dao's true body turned around and saw a thick layer of dust and gravel falling off the surface of the stone stele – it was filled with words! Wu Dao's true body raised the Soul Lamp in his hands hurriedly and let the light of the Soul Lamp envelop the stone stele as he focused his attention. On the leftmost row of the stone stele, there were three words carved – Heaven Burial Sutra! "Heaven Burial Sutra ..." Wu Dao's true body muttered instinctively. As though he had triggered some sort of restriction, the moment Wu Dao's true body said the words, the stone stele that recorded them began to shatter and fall off. Furthermore, the situation was still spreading and the stone stele was already filled with cracks! "It's a forbidden secret manual left behind by the Emperor Heaven Burial! Hurry and memorize it!" Demoness Ji was the first to react and said hurriedly. Wu Dao's true body realized the importance of this matter as well and called out to Qinglian's true body. He released the Spirit Potency Art right away and established a connection with Qinglian's true body! Far away in Qiankun Academy, Qinglian's true body's eyes stirred suddenly, as though she had transcended the voids to look at the stone stele in the depths of the fiend domain! Time was tight and the stone stele could be destroyed at any moment. The two true bodies were telepathically connected. Qinglian's true body memorized the first half while Wu Dao's true body memorized the second half, imprinting all the sutras on the gigantic stone stele into his mind! Demoness Ji widened her eyes and tried her best to read the sutras on the stone stele. However, she merely read two lines before feeling a piercing pain in her eyes. Tears flowed uncontrollably and she could only give up helplessly.

Whoosh! The huge stone tablet didn't last long before it crumbled and turned into a pile of dust. The Heaven Burial Sutra's true body was Heaven Burial Sutra was Heaven Burial Sutra. Thankfully, the two's true body's true body's true body's true body was Heaven Burial Sutra's true body's true body's The Body's true's's Heaven Burial Sutra's true Body's true body 'Su's true body's true's Body's Heaven's Sutra Sutra Sutra's Susutra Sutra Susutra's true body's Sutra Susususutra's Sutra Sutra's Sutra's Susutra "s it....Sutra Susutra's Sutra Sutra Sutra Sutra! If the Green Lotus True Body cultivated another taboo mystic technique, his battle prowess would rise to another level! Sutra Susutra Sutra Sutra Sutra Sutra Susutra? He could almost conclude that this was a demonic art, a taboo secret scripture belonging to the demonic path! Wu Dao's true body had no other requests for Demoness Ji this time around. Who would have thought that he would be ambushed by a Ghost Immortal in this tomb chamber? Instead, he had used the Soul Lamp to help the Ghost Immortal transcend, filling the Soul Lamp with oil. Moreover, he had even obtained a taboo secret manual by accident! This was a great opportunity! So what if he didn't obtain the World Annihilation Demon Scripture? Although the World Annihilation Demon Scripture was

powerful, it still hadn't reached the level of a forbidden secret scripture. As for the Heaven Burying Scripture, it could be said to be a true taboo secret scripture! More than a thousand God Monarchs were buried with the Sky Burying Monarch. It wasn't hard to imagine how terrifying the Sky Burying Monarch was back then! The Heaven Burial Scripture. Just by hearing this name, one could feel a ferocious and arrogant aura! Was the Great Emperor trying to bury the all-heavens? Along with the collapse of the giant stone tablet, the tomb seemed to be unable to hold on any longer. It was on the verge of collapsing, shaking violently as if it could collapse at any moment! "Let's go, let's leave this place first!" Wu Dao's true body summoned the Hell Suppressing Cauldron and broke through the void, bringing Demoness Ji into the dimensional tunnel. Although he was delighted to obtain the Heaven Burial Scripture, he did not forget that there was still a terrifying Fiend Emperor from tens of millions of years ago guarding outside. The commotion here might alarm the Fiend Emperor – he had to leave as soon as possible!

Wu Dao's true body still had many doubts about the World Annihilation Demon Emperor. However, at that moment, he did not have the time to think about it. Just as the two of them entered the dimensional tunnel, Wu Dao's true body turned back to look in the direction of the World Annihilation Demon Emperor and could not help but feel his heart skip a beat! At that moment, the World Annihilation Demon Emperor was staring at them as well! However, the World Annihilation Demon Emperor did not attack and merely looked at him deeply before ignoring him. Before long, Wu Dao's true body brought Demoness Ji back to the Avici Hell. Wu Dao's true body fell into deep thought when he recalled the final gaze of the World Annihilation Demon Emperor. "His final gaze at you was a little strange." Demoness Ji also noticed what happened and said in confusion. There were countless demons present and only the two of them managed to escape from the World Annihilation Demon Emperor. That action was practically a provocation towards the World Annihilation Demon Emperor! Since he had already discovered them, given the World Annihilation Demon Emperor's personality, he would definitely attack and kill the two of them on the spot! However, the World Annihilation Demon Emperor did not attack and allowed the two of them to leave. "Could he be wary of Emperor Lord Bo Xun behind you?" Demoness Ji furrowed her brows and probed. Wu Dao's true body shook his head. "The World Annihilation Demon Emperor is an expert from tens of millions of years ago. He doesn't recognize Emperor Lord Bo Xun at all." "Furthermore, given his personality and methods, he wouldn't have any qualms even if he knew about Emperor Lord Bo Xun." Demoness Ji nodded. "However, that gaze of his was way too strange, as though there was a deeper meaning to it." Wu Dao's true body remained silent and could not think of an answer for the moment. He was also confused at the mention of Bo Xun. Bo Xun had just appeared and disappeared mysteriously once more. All these years, there was no news of him at all. It was as though something happened to this Emperor Lord who cultivated both fiend and Buddhist techniques and he disappeared completely without leaving any traces. Wu Dao's true body had used his name twice to intimidate others. If Emperor Lord Bo Xun was still alive, he would have come knocking long ago.

"Let's go, I'll bring you back to Heaven Barren Sect." Wu Dao's true body said, "There are still some old friends of Heaven Barren Sect there. If they see you return, they'll definitely be surprised." "Alright," Demoness Ji agreed right away. Now that Fiend Emperor Ling Xiao was dead, the threat that Ling Xiao Palace posed to them was eliminated as well. She could join Heaven Barren Sect openly without attracting any trouble. To be precise, Ling Xiao Palace might be completely removed from this day forth! From now on, the territory of the fiend region would belong to the World Annihilation

Demon Emperor before Emperor Lord Bo Xun appeared!Wu Dao's true body brought Demoness Ji out of Avici and activated the teleportation formation near the Grand Tie Wei Mountain to return to Heaven Barren Sect.

Chapter 2546

Demon Realm, Heaven Barren Sect.The core cultivators of the sect were gathered in the Heaven Barren Hall. Apart from Yan Beichen, Ming Zhen, Gu Tongyou, Qiu Siluo, Feng Ziyi, and Sky Wolf, there were also some other cultivators.The Heavenly Rage Thunder Emperor suddenly gathered everyone together. Furthermore, he looked very serious. Everyone knew that something big must have happened!"Something happened at Shadow Back Mountain."Heaven's Wrath Thunder Emperor hesitated and said, "Sect Master just went there."Not many people knew the true identity of Wu Dao's real body. They were all people of Heaven Barren Continent. This was Su Zimo's secret.Usually, if there were outsiders present in Heaven Barren Sect, Thunder Emperor and the others would call Wu Dao's real body Patriarch."Something happened to Patriarch?"A cultivator couldn't help but ask.Thunder Emperor shook his head and said, "So far, I haven't received any definite news, but I heard that the tomb of the Demon Emperor has appeared and attracted many Demon Kings. Even the Demon Emperor of Lingxiao Palace was alarmed!"The Demon Emperor had appeared!Everyone's expression changed as they realized the seriousness of this matter.Everyone knew the means of Wu Dao's real body. With the Hell Suppressing Cauldron, even if he couldn't defeat an Immortal King, he could break through the void at any time and hide in the Avici Hell.But if a Demon Emperor appeared, it would be a completely different concept!A cultivator said in a deep voice, "I received news that Patriarch and the Emperor of Lingxiao Palace had a conflict outside the Demon's Den."The appearance of Demon Emperor Lingxiao is very likely because of this."Another cultivator said, "Deputy Patriarch, quickly ask Emperor Bo Xun to come out. If Demon Emperor Lingxiao appears, Heaven Barren Sect will be in danger of being destroyed!"I don't know where Emperor Bo Xun is."Thunder Emperor shook his head slightly and said, "I called you here this time because I want you to go outside the Heaven Realm and find a star to hide."Where are you going?" Sky Wolf asked.Thunder Emperor said, "I'm going to the Central Continent of the Demon Realm to take a look."I'm going too!"Yan Beichen immediately said.The Heaven Wrath Thunder Emperor said, "Your cultivation base is not high enough. Even if you go, it won't help. Your mission is to protect the Heaven Wasteland Sect as much as possible."No need."

At this moment, a man and a woman stepped into the hall.The man was wearing a purple robe and a silver mask. He was Wu Dao's main body.The woman was dressed in white, and she had a face that could charm all living things. Her eyes were like water, and there were ripples in them.When the woman saw some familiar figures from the Heaven Barren Sect, she could not help but smile happily.Everyone was stunned by the woman's smile.Forget the cultivators in the hall, even Heavenly Wolf was staring with wide eyes. His mouth was wide open, and he didn't even notice the drool flowing out of the corner of his mouth.The first to regain his senses was still the Thunder Emperor.He was an Immortal King after all, and he'd encountered a great calamity in the Upper Dimensions and been imprisoned for a few tens of thousands of years. So, his Dao Heart had been tempered a long time ago, and it was tempered to the point it was flawless.Almost as soon as the Thunder Emperor regained his senses, Ming Zhen's expression changed. His eyes regained clarity, and he softly chanted the name of Buddha.Ming Zhen had inherited the inheritance of Ksitigarbha Bodhisattva and Emperor Ananda. His Buddhist heart was clear and his Dharma was profound, so he quickly extricated himself from the charm.The third to regain his

senses was Yan Beichen. When he first saw the woman, he had an illusion that the woman seemed to have turned into Qin Pianran and was smiling at him. However, he cultivated the Fiend Buddhist Obsession Sutra and quickly realized that Qin Pianran was already dead – it was merely an obsession in his heart! As a woman, Qiu Siluo was also charmed by the woman's smile. For a moment, she was a little absent-minded. Suddenly, a flute sounded. 315 Chinese Network It was Gu Tongyou who was the first to regain his senses. He played the flute. Qiu Siluo's heart skipped a beat, and she instantly came back to her senses. She smiled at Gu Tongyou, and at the same time, her fingertips gently plucked the strings of the instrument. The instrument and flute played together. Feng Ziyi shuddered and woke up to the sound of the flute. As for Sky Wolf and some others in the main hall, they were still immersed in their own illusions and had long forgotten where they were. Wu Dao's true body did not stop anything from happening – it was good for everyone in the main hall to witness Demoness Ji's methods.

Suddenly realizing something, Demoness Ji took out a thin veil from her storage bag to cover her face. She cultivated a forbidden secret manual and had long fused the profoundness of it with her body. Even if she did not release her cultivation technique, every single frown, smile and action of hers was naturally bewitching and alluring. Now that she had covered her face, everyone finally snapped out of their stupor. Sky Wolf shuddered and subconsciously lowered his head to take a look. His saliva had already formed a huge puddle in front of him! "How embarrassing!" Sky Wolf cursed in his heart. He quietly lay on the ground and covered the water stain. Then, he guiltily glanced at the Martial Dao Body. "Little monk Ming Zhen, Brother Yan Beichen, you guys are here too!" Demoness Ji was all smiles as she waved to the two of them. "Amitabha, amitabha ..." Ming Zhen looked down at his nose, his nose at his mouth, and his mouth at his heart. He chanted the name of Buddha a few times in his heart before he smiled at her and said, "Benefactress, how have you been?" In Yan Beichen's heart, there was only Qin Pianran. Facing Demoness Ji, he nodded his head rather calmly. "Another old friend of Tianhuang Mainland. It's time for me to raise my brows!" Demoness Ji paused for a moment on Qiu Siluo and Gu Tongyou. The two of them looked unfamiliar and should not be from Tianhuang Mainland. However, Demoness Ji quickly guessed their identities and smiled gently. "I've long heard of the Zither and Flute Fiends of Tianhuang Sect over the years. Now that I've met you today, you do live up to your reputation." "Your zither and flute are truly beautiful. My name is Yao Yan. I hope to learn from you in the future." Qiu Siluo and Gu Tongyou nodded towards Demoness Ji in greeting. Finally, her gaze landed on the Thunder Emperor of Heaven's Wrath as she murmured, "Could this be ..." Although she was from Lingxiao Palace, she had heard of Heaven's Wrath as well! "I'm Feng Cantian and I was once from Tianhuang Mainland as well!" The Thunder Emperor stood up with a smile. Wu Dao's true body said, "You should have heard of Brother Feng's name in Tianhuang Mainland. He's one of the emperors, the Thunder Emperor!" "Ah!" She exclaimed softly with a stern expression and bowed hurriedly. "Greetings, Senior Thunder Emperor, I'm Ji Yaoyan!"

Be it Su Zimo or Demoness Ji, both of them were filled with respect towards the ancient emperors. In that cruel and bloody era of Tianhuang Mainland, it was because of the ancestors of the human race like the ancient emperors who did not fear death and fought valiantly that they were able to suppress the Primordial Nine Races and chase them to a corner of Tianhuang Mainland, creating a glorious era that belonged to the human race! "There's no need for formalities," The Thunder Emperor waved it off. "Although you're a junior, that fiend technique of yours is indeed powerful." Although the Thunder Emperor did not know that Demoness Ji had cultivated a forbidden secret manual, he was discerning

and experienced. He could tell that Demoness Ji had immense potential and was definitely not weaker than Ming Zhen, Yan Beichen and the others! Pondering for a moment, the Thunder Emperor said, "The Patriarch once established the Seven Emotions Fiend Generals and I was one of them as well. If you don't mind, there's a suitable position for you." "Oh?" Demoness Ji's beautiful eyes swirled as she looked at Wu Dao's true body and asked with a smile, "Could it be the Seven Emotions Lust?"

Chapter 2547

There would be a chance. Wu Dao's true body nodded. Regarding this point, he and the Thunder Emperor had the same thought. Of the seven emotions, Demoness Ji was probably the only one who could control the Dao of Desire. Furthermore, no one present dared to raise any objections based on what she did earlier on! With the addition of Demoness Ji, there were already six Seven Emotions Demon Generals. Right now, there was no suitable candidate left for the Dao of Fear. Wu Dao's true body was not in a hurry. Forcefully gathering the Seven Emotions Demon Generals was meaningless to him and Heaven Barren Sect. Among the six Demon Generals, apart from the Thunder Emperor's Wrath, whose cultivation realm was far superior, Demoness Ji was the highest among the other five. The other four were not many and were almost all at Rank 3 or Rank 4 Heavenly Immortals. Given their potential, it was only a matter of time before they cultivated to Rank 9 Heavenly Immortals or even the True Ones! Suddenly, Gu Tongyou asked with a melancholic expression, "Patriarch, I heard that you had a feud with Lingxiao Palace and even the Lingxiao Demon Emperor was alarmed. Is that true?" The other cultivators felt their hearts skip a beat. This matter concerned the survival of Heaven Barren Sect and no one dared to be careless! Wu Dao's true body said, "Don't worry, Lingxiao Palace is already destroyed and the Lingxiao Demon Emperor is dead." "Psst! Wu Dao's true body's tone was calm. However, his words were earth-shattering to everyone! Lingxiao Palace was the largest faction in the fiend territory but it was already destroyed and even the Lingxiao Demon Emperor was dead?" "Tell us." Wu Dao's true body looked at Demoness Ji. He wanted to make use of this opportunity to integrate Demoness Ji into Heaven Barren Sect. Although Demoness Ji's peerless features were covered, her voice was gentle and pleasant as she recounted everything that happened near Yin Back Mountain. Everyone was mesmerized and their minds were alternating between nervousness, shock and fear as Demoness Ji described it – it was as though they were there personally. "That's impossible!" Tian Lang was puzzled. "Even the lifespan of a Great Emperor is only about ten million years. I heard that the Longevity Great Emperor has only lived for about twenty million years. How is it possible for the Heaven Devastation Demon Emperor to live until now?"

This was also something that Wu Dao's main body didn't understand. "Will he reincarnate?" Just as Sky Wolf voiced his conjecture, he shook his head and denied it. "That's also impossible. If he reincarnated, there should be someone to guide him." "Furthermore, it's impossible for him to possess such terrifying battle prowess after reincarnating." Heaven Wrath Thunder Emperor asked, "The World Devastation Devil Emperor has a cruel temperament and loves to go on expeditions. If he starts a war, will he attack us?" In the mind of Wu Dao's main body, he couldn't help but recall the meaningful look in the World Devastator Devil Emperor's eyes before he left. If the World Devastation Devil Emperor wanted to attack him, he would have had the chance just now! "At least not in the short term." Wu Dao's main body muttered, "The Heaven Wasteland Sect is located at the edge of the Demon Domain. Even if the World Devastation Demon Emperor wants to conquer the Demon Domain, he won't be able to reach here in a short time." Everyone was slightly relieved. Wu Dao's main body added, "The World Devastation Devil

Emperor has appeared, and the Demon Domain will definitely be in chaos. It may implicate countless sects and forces. From today onwards, the Heaven Wasteland Sect no longer needs to expand. Just wait and see. "The name of the Heaven Wasteland Sect and Araki Takeshi had long spread throughout the Demon Domain, and even the Heaven Domain. If there were other old friends of the Heaven Wasteland Sect, they would definitely know and take the initiative to come over. If the Heaven Wasteland Sect continued to expand, it may instead be involved in the chaotic situation of the Demon Domain. The gains did not make up for the losses. The gaze of Wu Dao's main body fell on Qiu Si Luo, and suddenly asked, "You were injured before?" Qiu Si Luo hesitated for a moment, but still nodded and said, "It's all right. I'll be able to recover after resting for a while." Yan Beichen said, "Several desperadoes of the Demon Domain came for Fellow Daoist Gu and Fellow Daoist Qiu. Fortunately, Senior Thunder Emperor arrived in time and killed them!" "What cultivation level, how many people?" Wu Dao's main body asked. "There aren't many people." Gu Tongyou said, "One True Demon and three Ninth Level Heavenly Immortals." "Is there a grudge between them?" Wu Dao's main body asked again. Qiu Si Luo shook her head slightly and said, "These four people are very unfamiliar. I've never seen them before."

Thunder Emperor said, "I left one alive and used a soul-searching technique on him. I saw some information. These people were entrusted by someone." "I didn't find out who ordered them." Gu Tongyou's expression was complicated, and he did not speak. Qiu Si Luo seemed to know something, but she pursed her lips and did not say anything. Wu Dao's main body suddenly said, "If I'm not wrong, it should be someone from the Immortal Domain. Or, it's very likely to be the work of the Zither Immortal." Qiu Si Luo said, "The two of us guessed that it should be her, and that she came for the Soul Hooking Zither and the Desolate Flute." "She's really persistent. She dares to chase us here!" Wu Dao's main body's eyes were cold, and his tone was cold. "Patriarch, forget it." Qiu Si Luo said, "Anyway, she didn't succeed. After this failure, I guess she won't do anything in the future." "Since she's already here, we can't just let it go like this!" Tian Lang clamored, unwilling to be at a disadvantage. Wu Dao's main body thought for a while and said, "If I go to the Immortal Domain, I do have a chance to kill this woman, but ..." "Patriarch, you can't put yourself in danger." Qiu Si Luo hurriedly said, "Zither Immortal Mengyao is the princess of the Great Jin Dynasty, and she has been cultivating in the Flying Celestial Sect all year round. It's impossible to kill her." Wu Dao's main body shook his head slightly. He was not worried about this. For a woman like Zither Immortal Mengyao, if he killed her directly, it would be too easy for her. Only by dragging her down from the altar in front of everyone, making her lose all her face and lose all her glory would be the greatest punishment for her! Wu Dao's main body looked at Qiu Si Luo and suddenly asked, "Based on your attainments in the Zither Dao, how do you compare to Mengyao?" "I've never competed with her. I don't know who's better." Qiu Si Luo shook her head slightly. Gu Tongyou said, "Her cultivation is far superior to yours, but you're definitely better than her in the Zither Dao." "You only know how to coax me." Qiu Si Luo shook her head and smiled, not taking it seriously.

Wu Dao's main body suddenly said in a firm tone, "I also believe that you can beat Mengyao." Qiu Si Luo was stunned. Gu Tongyou might be coaxing and comforting her, but Patriarch would never do that. Qinglian's main body had heard Qiu Si Luo's music before. That kind of shock and emotion had even touched Wu Dao's main body, who was far away in the Lower World! If she hadn't integrated everything into the Zither Dao, her music would never have reached such a level! Wu Dao's main body had never heard Mengyao's music. But he had seen the ugliness and viciousness of Mengyao's heart! The Zither Immortal's heart was not pure. Even if her skills were better, she might not be able to play any touching

music. Qiu Si Luo smiled bitterly and sighed, "She's the high and mighty Zither Immortal. I'm a nobody. It's hard to even see her, let alone have a chance to compete with her." Demoness Ji said, "She's the Zither Immortal, and you're the Zither Demon. You're already as famous as her!" Wu Dao's main body looked coldly in the direction of the Nine Heavens Immortal Realm and said meaningfully, "There will be a chance ..."

Chapter 2548

Three days later, Divine Firmament Immortal Domain, Cosmic Academy. In his cave abode, Su Zimo opened his eyes and heaved a long sigh of relief. Now that Demoness Ji was fine, he was relieved. Apart from Demoness Ji, he was most worried about Xiaoning. Unlike monkey, Night Spirit, Kitsune and Lin Xuanji, Xiaoning ascended with the help of her core and her combat strength was not strong. Xiaoning might not be able to adapt to the cruel environment of the upper world. Of course, given Su Zimo's current reputation and faction, he could only search for her in the Divine Firmament Immortal Domain at most. He could not influence the other Immortal Domains. He would probably have to wait until he became a Perfected Immortal or even an Immortal King before he could make use of his status and reputation to search for Xiaoning in the Nine Firmament Immortal Domain. Of course, Xiaoning might not end up in the Heaven realm and could be in other realms. Everyone from Tianhuang Mainland reunited in the Fiend Domain. Wu Dao's true body did not enter seclusion immediately. Instead, he spent the entire night with the Thunder Emperor, Yan Beichen, Ming Zhen and Demoness Ji to reminisce about the past. The Thunder Emperor told Yan Beichen and the others about the ancient war where the emperors led the experts of the human race to fight, kill and gamble against the Primordial Nine Races. Demoness Ji and the others also told the Thunder Emperor about the war with the Primordial Nine Races in this lifetime and even the Blood Fiend catastrophe. At the mention of the excitement, everyone drank heartily! Three days later, Wu Dao's true body left once more. This time round, Wu Dao's true body did not choose to enter seclusion in Tianhuang Sect. Instead, he came to the Avici Hell. Many experts were buried in the Avici Hell and countless inheritances were left behind. Now that Wu Dao's true body obtained the taboo mystic manual, the Heaven Burial Sutra, he intended to browse through the cultivation techniques in the Avici Hell and enter seclusion there at the same time. This time round, he intended to perfect the Wu Dao before coming out of seclusion! The True Wu Dao Body was already at greater mastery and perfecting the Wu Dao was an urgent matter for his true body! In the cave abode of the academy. These days, Su Zimo did not cultivate in seclusion. Instead, he held the Bodhi Bead in his hand and comprehended the scriptures in the Sky Burial Scripture. Needless to say, the Heaven Burial Scripture was worthy of being a taboo secret scripture. Every single word in this scripture contained boundless profundities, and every single sentence was sufficient to make him ponder deeply for a long time.

Fortunately, he had obtained the Bodhi Bead, which had significantly improved his comprehension of cultivation techniques. Otherwise, if he wanted to gain anything from the Heaven Burial Scripture, he would probably have to spend thousands of years! Su Zimo tried to reach out his palm and slowly pressed it forward. Instantly, a pitch-black fiend qi burst forth from his body. His palm vaguely transformed into a gigantic tombstone that was lifeless and lifeless! "Ah!" Not far away, Momo and Liu Ping went out and came back together. When they saw this scene, they exclaimed in shock. At this moment, Su Zimo looked extremely terrifying. His aura was cold and dark, and the tombstone in front of him seemed to want to bury the heavens! Su Zimo's heart skipped a beat, and he hurriedly dispersed the

secret technique in the Heaven Burial Scripture. The Heaven Burial Scripture was indeed terrifying. Just Now, the power of this secret technique was probably not below the White Tiger's Corpse Bite! However, once this secret technique was released, the fiend qi was vast, and Su Zimo's aura underwent a huge change. Those who were observant would be able to recognize that this was a Fiend Dao Technique at a glance. If he was in the Nine Heavens Immortal Realm, it would not be good to release it casually. "Is there anything going on outside?" Su Zimo looked at Momo and Liu Ping and asked. It had been three days since the birth of the World Devastator Demon Emperor of the Demon Region. If nothing went wrong, this news should have spread to every corner of the Heaven Realm! As expected, Liu Ping hurriedly recounted the news about the World Devastator Demon Emperor with a look of exultation and exultation. "Even the Emperor is dead. That World Devastator Demon Emperor is really terrifying!" Liu Ping was speechless. Su Zimo smiled faintly. Although some of the news was slightly off, he did not refute it. For example, almost no one knew that Emperor Ling Xian had died in the hands of Wu Dao's original body! Compared to the death of Demon Emperor Ling Xiao, Emperor Ling Xian had been ignored. Even if someone noticed, they would subconsciously think that the Emperor had died in the hands of the World Devastator Demon Emperor. And Demon King Cang Kong and the others who knew the truth would not take the initiative to clarify. At that time, Wu Dao's original body had forcefully killed Emperor Ling Xian under the protection of a group of Demon Kings!

If this matter was revealed, it would not look good on them. Because of the awakening of the World Devastator Demon Emperor, the rest, including Demon King Cang Kong and Wu Dao's original body, were almost ignored. No one paid attention to their actions. This matter caused a huge uproar in the Heaven Realm. The Immortal Emperors of the nine Immortal Domains were greatly shocked! Not only the Heaven Realm, but the Immortal Emperors of the other realms also became nervous when they heard about this. The World Devastator Demon Emperor was not a kind person! This person had fought everywhere and stepped on mountains of corpses. His hands were stained with the blood of countless people! In this life, he had just awakened and had already killed a Demon Emperor. Who knew how much blood he would cause in the future! "Actually, there is no need to be afraid." Liu Ping said, "I heard that there is a Heavenly King in the Pure Lands who successfully stepped into the Emperor Realm, greatly increasing the strength of the Pure Lands. He is called the Lord of Six Brahma Heaven!" "It is said that this was originally the Lord of Six Brahma. When Bo Xun appeared, he killed a few Heavenly Kings and disappeared. Only this Lord of Six Brahma survived by luck." "The Lord of Six Brahma was a blessing in disguise. After this disaster, he gained enlightenment and became an Emperor a few days ago. He is now called the Lord of Six Brahma Heaven." "How rare." Su Zimo nodded. To be able to survive the hands of Bo Xun, he must be extraordinary. Liu Ping said, "I also heard that this Lord of Six Brahma Heaven had just stepped into the Emperor Realm and started to preach. He attracted many monks of the Pure Lands to follow him and his influence is growing." "The Nine Clouds Immortal Region and the Pure Lands will definitely join hands again," said Liu Ping. "Last time, the Imperial Emperors of the Pure Lands and the Nine Clouds Immortal Region joined hands to kill Bo Xun. This time, Bo Xun and the World Destroyer have already appeared. The situation is serious. The Imperial Emperors of the Pure Lands and the Nine Clouds Immortal Region won't just wait for death." Su Zimo nodded. The Meeting of the Nine Clouds was the best opportunity for the Nine Clouds Immortal Region and the Pure Lands to join hands. Originally, it was called the Meeting of the Nine Clouds Immortal Region. However, later on, the Nine Clouds Immortal Region and the Pure Lands had joined hands to kill Bo Xun. The Buddhists and the Deva-Kalpa Heaven had joined hands. Countless cultivators had gathered together to participate in the Meeting of

the Nine Clouds Immortal Region and the Arhat List.

Even though many years had passed and the Buddhists and the Celestial Immortal Region and the Arhat List hadn't gathered again, the Meeting of the Nine Clouds was still called the Meeting of the Nine Clouds. Bo Xun and the World Destroyer had already appeared. If nothing unexpected happened, the Buddhists and the Celestial Immortal Region would probably join hands to participate in the Meeting of the Nine Clouds. At that time, not only would there be geniuses from the Nine Clouds Immortal Region, but there would also be geniuses from the Pure Lands! The Imperial Emperors of the Celestial Immortal Region and the Buddhists and the Celestial Immortal Region would also take the opportunity to gather and discuss this matter. These things had nothing to do with Su Zimo for the time being. Wu Dao's real body was cultivating in the Hell of Avici, studying Wu Dao's cultivation techniques. Qinglian's real body was also cultivating in seclusion. She was preparing to break through to the Eighth Level before the Meeting of the Divine Firmament Immortal Region!

Chapter 2549

In the blink of an eye, 1,000 years had passed. It was getting closer and closer to the Divine Firmament Immortal Gathering. Over the years, as the prodigies of the various sects and factions came out of seclusion, the cultivators on the Heaven Roll were also predicted to change. Even the predicted top ten of the Heaven Leaderboard had a few people squeezed out and replaced. As the Divine Firmament Immortal Gathering approached, the competition on the Heaven Roll was predicted to be even more intense. However, the top five on the Heaven Roll were predicted to be unshakeable. Ever since the battle at Shura, there had been no changes! The first on the Heaven Roll was Yun Ting from the Purple Xuan Celestial Kingdom. Second was Qin Gu from the Mountain Sea Celestial Sect. Third was Su Zimo from the Heaven and Earth Academy. Fourth was Zong Feiyu from the Flying Celestial Sect. Fifth was Lie Xuan from the Flaming Sun Celestial Kingdom. These five people firmly occupied the top five on the Heaven Roll. No matter how fierce the battles behind them were, the five of them were as stable as mountains! Moreover, after the battle at Shura, the five of them had chosen to cultivate in seclusion and had not appeared. "Su Zimo from the Heaven and Earth Academy is indeed powerful. The battle 1,000 years ago brought great pressure to Yun Ting and the others. All these years, they have all gone into seclusion to improve." "Looks like the first on the Heaven Roll this time should be one of Yun Ting, Qin Gu, and Su Zimo." "Zong Feiyu is not weak either. After all, he was sealed by the Blood Fiend Seal at Shura, so his strength was reduced." As the date of the Divine Firmament Immortal Gathering approached, many cultivators came out of seclusion and gathered in groups to discuss the Heaven Roll. Overall, the Divine Firmament Immortal Realm had seven Heaven-grade factions, three Celestial Kingdoms, and four Celestial Sects. Although the Divine Firmament Palace was not among the seven factions, its status was extraordinary. It was also the true core of the Divine Firmament Immortal Realm! After all, the seven Heaven-grade factions did not have a Thearch behind them. However, the Divine Firmament Palace had a Celestial Emperor! Generally speaking, except for some special circumstances, the Divine Firmament Palace would not directly interfere with the matters of the Divine Firmament Immortal Realm. Instead, it was left to the seven Heaven-grade factions to manage. Even if one of the seven Heaven-grade factions were destroyed, the Divine Firmament Immortal Emperor might not appear.

The rise and fall of immortal kingdoms and the rise and fall of sects were normal for immortal emperors

who had long lifespans. As long as it did not threaten the Divine Firmament Palace or affect his position, there was no need for him to do anything. The Divine Firmament Immortal Gathering, which was held every 100,000 years, was the biggest event in the Divine Firmament Immortal Realm. The event was hosted by the Divine Firmament Palace. At the same time, the Divine Firmament Palace wanted to show all the cultivators and sects in the Divine Firmament Immortal Realm that the Divine Firmament Palace had an unshakable position.... There was only one day left until the Divine Firmament Immortal Gathering. Logically speaking, all the major sects and factions had to arrive at the Divine Firmament Palace one day in advance. Many cultivators and disciples of Cosmos Academy had already gathered outside the academy's teleportation hall. Normally, not everyone would have the chance to participate in the Divine Firmament Immortal Meeting. Generally speaking, only True Immortals and Celestial Immortals from other sects and factions were qualified to enter Divine Firmament Palace's territory. The seven Heaven-rank forces, on the other hand, received special treatment. The Divine Firmament Palace allowed the seven Heaven-grade forces to bring some Earth Immortals to participate in the competition to broaden their horizons. This time, there were two leaders from Cosmos Academy. They were both disciples of the academy's Patriarch, the Moonlight Sword Immortal and Painting Fairy Mo Qing. Normally, Painting Fairy Mo Qing would not be willing to participate in such an event. But this time, Painting Fairy Mo Qing had taken the initiative to ask for permission. 1,000 years ago, Fairy Mo Qing had helped Su Zimo to save people in Green Cloud Mountain and even killed a True Immortal from the State of Jin. Therefore, over the years, rumors about Fairy Mo Qing and Su Zimo had spread far and wide in the Divine Firmament Immortal Realm. And this time, Fairy Mo Qing had taken the initiative to ask for permission, which made people's imaginations run wild. More than 100,000 disciples gathered in front of the academy's teleportation hall. Apart from most of the Celestial Immortals, there were also many outstanding outer sect disciples. Unless there were some special circumstances, no one wanted to miss this once-in-100,000-years event. Moreover, no one would have the chance to enter the Divine Firmament Palace under normal circumstances. Now was a once-in-a-lifetime opportunity. They could not miss it!

At that moment, almost all the disciples who were going to participate in the Divine Firmament Immortal Meeting had gathered. But no one moved. Because there was still one person who had not arrived. More than 100,000 cultivators were waiting for one person, but most of the disciples looked normal and did not complain. Because this person had brought too much glory to the academy! First on the Earth roll, third on the Heaven roll, and the earth-shattering battle at the Shura Battlefield! The Moonlight Sword Immortal stood with her hands behind her back. Her eyes were closed, and her face was expressionless. In order to please the Moonlight Sword Immortal, a True Immortal suddenly muttered, "How arrogant. He actually made so many of us wait for him. Don't forget that Su Zimo is not the first on the Heaven roll, and he is not a true disciple of the academy!" Yang Ruoxu pondered and said, "He must be held back by something important. His Dao Child is guarding the door and not letting anyone in. It is very likely that he is at a critical moment in his cultivation and cannot be disturbed." Mo Qing suddenly said, "As long as we arrive at the Divine Firmament Palace one day in advance, there are still a few hours. We can make it." "But ..." The True Immortal wanted to say something. The Moonlight Sword Immortal suddenly opened her eyes and interrupted him. "There's no harm in waiting. Junior Brother Su is competing for the Heaven roll this time to contribute to the academy. We have to be patient." Chen Xuan was stunned. Isn't the Moonlight Sword Immortal at odds with Su Zimo? Why is she suddenly speaking up for Su Zimo today? "Yes, yes, yes." Although he was confused, Chen Xuan

hurriedly nodded in agreement. Yang Ruoxu frowned slightly and took a deep look at the Moonlight Sword Immortal. However, the latter's expression was normal and nothing could be seen. Not long after, a green-robed cultivator sped over from the direction of the inner sect and arrived in the blink of an eye. It was Su Zimo. "Level 8 Heaven Immortal! Senior Brother Su has broken through again!" Some inner sect disciples were curious and released their divine senses to check Su Zimo's body. They were shocked and exclaimed. In an instant, countless divine senses swept across Su Zimo's body. Everyone was shocked! Su Zimo had just broken through to Level 7 Heaven Immortal in the Shura Battlefield.

In less than a thousand years, he had advanced another level and stepped into Level 8 Heaven Immortal! The hundreds of thousands of Heaven Immortals present knew that in the Heavenly Origin Realm, it was harder to break through. Many of them had been stuck at Level 7 Heaven Immortal for tens of thousands of years and might not even touch the threshold of Level 8 Heaven Immortal, let alone break through. Su Zimo had entered the inner sect of the academy for less than five thousand years and had already cultivated to Level 8 Heaven Immortal! "Senior Brother Su has broken through again. His ranking on the Heaven Leaderboard should surpass Qin Gu and be ranked second." "The Heaven Leaderboard is predicted to be over. The rankings will not be updated." "Senior Brother Su has become a Level 8 Heaven Immortal. His chances of taking first place on the Heaven Leaderboard have increased!" Many of the academy disciples were excited and discussed. Yang Ruoxu sent a voice transmission to Su Zimo and secretly reminded him, "Brother Su, be careful of Moonlight. I feel that something is wrong with her." Su Zimo nodded without batting an eyelid. "Let's go." The Moonlight Sword Immortal glanced at Su Zimo, turned around, and walked towards the teleportation hall.

Chapter 2550

The Divine Firmament Palace was built against the mountain, and there were many palaces. It was magnificent and majestic. The people from the Qiankun Academy were teleported outside the Divine Firmament Palace. Many disciples looked up at the Divine Firmament Palace not far away and felt shocked. Before the Divine Firmament Immortal Meeting began, a large number of cultivators had already gathered at the foot of the Divine Firmament Palace. They came from all over the Divine Firmament Immortal Realm. There were even some cultivators from other Immortal Realms. It was extremely lively. "Look, the cultivators from the Qiankun Academy are here!" The arrival of more than 100,000 disciples from the Qiankun Academy attracted the attention of countless cultivators. "Which one is Su Zimo, who is predicted to be third on the Heaven List?" "The one in the middle of the second row. He's wearing a green shirt and has delicate features." "He looks a little weak, like a scholar. I didn't expect him to be so powerful. He can fight six people who are predicted to be in the top ten of the Heaven List!" Almost all the cultivators in the Divine Firmament Immortal Realm had heard of Su Zimo, but not many had seen him before. "The woman in the lead of the Qiankun Academy is so beautiful!" Someone muttered to himself, his eyes staring straight ahead. "It's the Painting Fairy, one of the four fairies, Painting Fairy Mo Qing!" "Oh my god, the Painting Fairy is here too!" Some of the cultivators who had been talking about Su Zimo immediately turned their attention when they heard the name of the Painting Fairy. In an instant, Painting Fairy Mo Qing became the center of attention in the Divine Firmament Palace, attracting countless gazes! Compared to Su Zimo, who was predicted to be third on the Heaven List, Painting Fairy Mo Qing was much more famous. Moreover, Painting Fairy Mo Qing was the most low-key and mysterious of the four fairies. She had never participated in such a gathering before. Now that Painting Fairy Mo Qing had appeared, countless cultivators' eyes lit up and

were pleasantly surprised. "Why did Fairy Mo Qing suddenly come to the Divine Firmament Immortal Meeting?" "You still don't know, right? I heard that Fairy Mo Qing and Su Zimo are very close. " "It must be a rumor. Previously, they said that something happened between Fairy Mo Qing and Yang Ruoxu, but it's all fake. " "The rumors about Fairy Mo Qing and Su Zimo are not groundless. In the past few years, Fairy Mo Qing has appeared in public several times because of Su Zimo."

Many busybodies were beaming with joy and whispering to each other. Such discussions naturally couldn't be hidden from the Moonlight Sword Immortal, Painting Immortal Mo Qing, and the others. The Moonlight Sword Immortal glanced at the Painting Fairy Mo Qing from the corner of her eye. The latter's expression was normal, as if she didn't care about the rumors. A hint of gloom flashed across the depths of the Moonlight Sword Immortal's eyes, and she became even more determined! "Fellow Daoists from the Cosmos Academy, sorry for the wait." At that moment, a woman came running from not far away. She had the badge of the Divine Firmament Palace hanging on her waist. She arrived in the blink of an eye and said, "I am Divine Crane. The Divine Firmament Palace has already prepared a place to stay. Please come with me." Su Zimo was slightly taken aback when he saw the Divine Crane Fairy. Back then, this woman seemed to be one of the six people in the sky above the battlefield in Shura. "So it's Fairy Shen Crane. How have you been?" The Moonlight Sword Immortal cupped her fists at Fairy Divine Crane and greeted her. The Divine Crane Fairy nodded and smiled at the Moonlight Sword Immortal. The two of them had only met once and didn't have much of a relationship. Of course, she didn't take the greeting seriously. Her attention was focused on the other person from the Cosmos Academy! The Moonlight Sword Immortal didn't notice and asked again, "I heard that the Divine Crane Fairy will be participating in the Heaven List evaluation this time?" After all, the Divine Crane Fairy was a Perfected Immortal of the Divine Firmament Palace. If she could get to know her, it wouldn't be a bad thing. The Divine Crane Fairy didn't seem to hear anything. She walked in front and turned back to look at Su Zimo behind the Moonlight Sword Immortal. She smiled and said, "You should have seen me before, right?" Su Zimo hesitated for a moment, but didn't hide it. He nodded and said, "On the battlefield in Shura, I saw you from afar, but I couldn't see you clearly. " "You're already very powerful." The Divine Crane Fairy smiled and said, "Back when you hadn't come out from the bottom of the lake, I thought very highly of you. Later, as expected ... " "You're already an Eighth Stage Heavenly Immortal? You're cultivating so fast! " The two of them chatted and laughed, ignoring the Moonlight Sword Immortal.

With so many people present, the Moonlight Sword Immortal was ignored. She couldn't help but feel annoyed, and her face darkened. "You won't live for long anyway!" The Moonlight Sword Immortal sneered in her heart. Not long after, the disciples of the Cosmos Academy entered the Divine Palace and disappeared from everyone's sight. "The Four Fairies, the Zither Fairy and the Painting Fairy are both here. I wonder if I'll have the chance to see the Book Fairy and the Chess Fairy this time. " "The Book Fairy might come. After all, Yun Ting is the younger brother of the Book Fairy, Yun Zhu. " "If the Four Fairies can really come together, it'll be a grand occasion that the Divine Firmament Immortal Realm has never seen before." The Four Fairies had long been famous in the Heaven World, but in reality, the four of them had never appeared in the same place.... The disciples of the Cosmos Academy arrived at the accommodations arranged by the Divine Firmament Palace. Many cultivators were excited and left to tour around. The Painting Fairy, Mo Qing, preferred silence and didn't walk around. Yang Ruoxu stayed by Su Zimo's side, afraid that the Moonlight Sword Immortal would harm Su Zimo. In the afternoon, someone knocked on the door. Yang Ruoxu scanned with her Divine Perception and felt relieved. There were only two people outside, and both of them were Heaven Immortals. One of them was Princess Chi

Hong's brother, Xie Qingcheng. Su Zimo stood up and took the initiative to welcome the two of them in. "Brother Su." Xie Qingcheng smiled when he saw Su Zimo. In just 1,000 years, Xie Qingcheng's aura had undergone a drastic change. He became more stable and dignified, and a hint of majesty flashed across his eyes from time to time. Behind Xie Qingcheng was Lie Xuan, who was predicted to be fifth on the Heaven Leaderboard! "Fellow Daoist Su, how have you been?" Lie Xuan cupped his fists at Su Zimo and said with a complicated expression. Even though Su Zimo had suppressed him twice in the Asura Battlefield, Su Zimo was still alive. But in his heart, he really couldn't bring himself to hate Su Zimo. In the group of people predicted to be in the top 10 of the Heaven Leaderboard, other than Zong Feiyu who had escaped unscathed, he was the only one who was unscathed. Moreover, he had profited from the disaster!

Under Su Zimo's immense pressure, he had finally comprehended the ultimate meaning of the Flaming Sun Sutra from that flame secret technique, and his battle strength had greatly increased. "How have you been all these years as the Princess of Lingxia?" Su Zimo asked. Xie Qingcheng looked at Lie Xuan and said, "With Brother Lie's help, he has resolved many problems for me and helped me gain a foothold." Actually, when he saw Xie Qingcheng and Lie Xuan together, Su Zimo knew that Lie Xuan was already under Xie Qingcheng's command. This was more or less what he had expected. As the sky gradually darkened, Xie Qingcheng and Lie Xuan bid farewell and left. The night passed, and Yang Ruoxu didn't rest at all. He was nervous and prepared to deal with any sudden changes. Tomorrow was the Divine Firmament Immortal Meeting, and tonight would be the Moonlight Sword Immortal's last chance. But until dawn, there was no movement nearby. The Moonlight Sword Immortal was cultivating in a room not far away. She didn't even come out. "Was it just my imagination?" Yang Ruoxu was also a little suspicious. Not long after, everyone from Qiankun Academy gathered outside, preparing to head to the Divine Firmament Palace. Today, the Divine Firmament Immortal Meeting would officially begin!
