

Sacred King 2581

Chapter 2581

At the Mountain and Sea Celestial Sect. Qin Gu looked at the two people on the battlefield and squinted his eyes. "What are you trying to do?" Just as Qin Gu was about to stand up, the Chess Deity Jun Yu seemed to have sensed something and suddenly spoke. Jun Yu did not turn her head. She only glanced sideways as if she had seen through Qin Gu's thoughts. She asked calmly, "Are you trying to take advantage of them?" Her tone was calm, but there was a hint of sternness in it! "I ..." Qin Gu hesitated slightly. If it were an ordinary Celestial Being, facing such a question from the Chess Deity, he would not dare to have any other thoughts. However, Qin Gu was a reincarnated Celestial Being. When he was reincarnated, the Chess Deity Jun Yu had yet to rise. From this point of view, Jun Yu was just a junior in front of him! Qin Gu pondered for a while before saying slowly, "That's not right. According to the rules of the Heaven List, I have the right to challenge them. It's not taking advantage of them." The two of them fought to this extent because of their own choice. It has nothing to do with me. "I want to be the top of the Heaven List, not only for myself, but also for the glory of the sect!" Qin Gu's words were very powerful. Not only did he defuse Jun Yu's question, but he also raised the topic and linked the top of the Heaven List with the glory of the sect. After all, the Chess Deity Jun Yu was from the Mountain and Sea Celestial Sect. Qin Gu knew that even if she wanted to stop him, she could not say anything. Jun Yu's eyes flashed with a hint of mockery as if she had already seen through Qin Gu's thoughts. She said, "Do as you wish. Take care of yourself." At the same time, at the Flying Celestial Sect. Zong Feiyu stared at Su Zimo on the battlefield with murderous intent and was about to stand up. "Meng Yao, I will definitely kill this guy and avenge you!" Zong Feiyu relied on his identity as a reincarnated Celestial Being to call Meng Yao by her name and did not address her as Senior Sister. "Thank you, Brother Zong." Meng Yao nodded slightly and reminded him, "However, you still have to be careful. Be careful that Su Zimo has a backup plan."

"Don't worry!" Zong Feiyu smirked and said, "I'm prepared!" On the boulder battlefield. Yun Ting took a few deep breaths and swallowed many Immortal Elixirs. Gradually, his breathing stabilized as he looked at Su Zimo with a conflicted expression. "You've won this time round, but I'm not convinced!" "Oh?" Su Zimo heard the hidden meaning in Yun Ting's words and couldn't help raising an eyebrow. Yun Ting was just about to speak when two people stepped forward from the crowd. They were Qin Gu from the Mountain and Sea Immortal Sect and Zong Feiyu from the Flying Immortal Sect! These two people stared at them. Their eyes were like torches, their auras overflowed into the heavens, and their battle intent surged! "Hmm?" Yun Ting's face darkened. He suddenly stood up, looked at Qin Gu and Zong Feiyu, and slowly asked, "What do you two want?" "It's nothing." Qin Gu said solemnly, "The Heaven Roll contest naturally has its own rules. The first place of the Heaven Leaderboard is not something that can be decided by the two of you!" "Exactly!" Zong Feiyu stared at Su Zimo maliciously. "If you want to be the top of the Heaven Board, you have to ask my Flying Fish Sword first!" "F * ck your mother's bullshit!" Yun Ting had just been beaten up by Su Zimo and had nowhere to vent his anger. Now that he saw Zong Feiyu and Qin Gu acting so shamelessly, he couldn't help but curse. Yun Ting spat at the two of them and said, "Normally, even if the two of you come at me together, you won't be able to stop my Divine Cloud Sword!" "Hmph!" Zong Feiyu sneered. "The Heaven Roll contest has to follow the rules. You can't blame others for your actions! If you want to be the top of the Heaven Leaderboard, you have to convince everyone. What does it have to do with us?" After a short pause, Zong Feiyu looked around

and said loudly, "It's not just us. Some of the geniuses here also disagree!" In fact, everyone could see that Su Zimo had defeated Yun Ting. That was why he was the top of the Heaven Leaderboard. However, many of the cultivators were just there to watch the show. Now that Qin Gu and Zong Feiyu had stepped forward, there were people who immediately agreed and shouted that they were not convinced! In an instant, the crowd echoed and their voices shook the heavens.

On the giant stone battlefield, Yun Ting's face darkened. His eyes were filled with killing intent. Su Zimo, on the other hand, looked calm and did not say a word. "Hahahaha!" Zong Feiyu laughed and suppressed the crowd. He said, "Su Zimo, you've seen it too. This is what the crowd is thinking. If you want to be the top of the Heaven Leaderboard, you have to convince everyone!" Qin Gu nodded and looked at Green Sun Immortal King. "According to the rules of the Heaven Leaderboard, the two of us will definitely face Su Zimo and Yun Ting in the ranking battle. This is reasonable." "Mm ..." Green Sun Immortal King said, "That's true." "How shameless!" Many disciples of Qiankun Academy were indignant. Mo Qing also frowned slightly. She was worried and said softly, "Why don't we ask Junior Brother Su to step back and give up on the Heaven Leaderboard?" "Mm." Yang Ruoxu nodded and said, "This is indeed safer. In fact, in everyone's hearts, Brother Su is already the top of the Heaven Leaderboard. There's no need for him to fight for the title." Yun Zhu looked calm and smiled. She gently held Mo Qing's hand and comforted her. "Don't worry. The two of them know what they're doing." On the giant stone battlefield, Yun Ting turned his head and looked at Su Zimo. He suddenly asked, "How is it? Can you fight again?" "Of course." Su Zimo nodded. "Great!" Yun Ting's eyes lit up. "Let's each pick an opponent and see who wins first!" In fact, he still had some trump cards that he did not use in the battle just now. These trump cards were powerful killing moves. Once they were used, even he would not be able to control them. He would either die or be injured! Yun Ting wanted to win against Su Zimo, but deep in his heart, he did not want to kill Su Zimo. Moreover, he vaguely felt that Su Zimo and his sister seemed to be very close. Even if it was for Yun Zhu's sake, he did not want to hurt Su Zimo's life. That was why he had said that sentence just now. "You win this time, but I'm not convinced." Now that both of them had chosen an opponent, there was no need to hold back. They could fight freely and fight!

From this point of view, the battle between the two of them had not ended. Yun Ting wanted to use this method to show Su Zimo his powerful trump card. He wanted to compete with Su Zimo! "Sure." Su Zimo naturally knew what Yun Ting was thinking. He agreed without hesitation. "You choose first. I'm fine with anything." On the battlefield, the two of them did not hide their conversation. The thousands of cultivators in the Divine Firmament Main Hall, including Qin Gu and Zong Feiyu, heard it clearly. The cultivators were dumbfounded. What are the two of them doing? They are not worried at all. Instead, they are choosing their opponents? They are not just looking down on Qin Gu and Zong Feiyu. They are completely ignoring them! Qin Gu and Zong Feiyu, the two reincarnated Perfected Immortals, were like fish on a chopping block in the conversation between Su Zimo and Yun Ting. These two butchers were simply talking about who could kill faster.

Chapter 2582

Yun Ting pondered for a while and said, "I'll leave Zong Feiyu to you. I'll take care of Qin Gu." Zong Feiyu was from the Flying Celestial Sect. With Qin God Mengyao around, he and Su Zimo were like fire and water. Moreover, the two of them had fought in the Shura Battlefield. Yun Ting's choice was to go with the flow and give Su Zimo a chance to resolve his feud with Zong Feiyu. As for Qin Gu from the Mountain

and Sea Celestial Sect, he did not have any grudges with Su Zimo. The reason he stood out was to challenge the top of the Heaven Board. However, if Qin Gu could not even defeat Yun Ting, he would not be qualified to challenge Su Zimo. On the stone battlefield, Su Zimo and Yun Ting discussed and chose their opponents as though no one else was around. Both Qin Gu and Zong Feiyu looked terrible! This was a humiliation to them! "Cut the crap!" Zong Feiyu stopped smiling and stared at Su Zimo. "If you want to fight, do it quickly. Are you trying to stall for time?" Zong Feiyu dared to challenge Su Zimo because Su Zimo and Yun Ting had used up a lot of their trump cards. If Su Zimo was given enough time, he would not dare to challenge Zong Feiyu even if he was only half recovered. "If that's the case, we'll have two battles at the same time." Green Sun Celestial King stood up and waved his sleeves. Another giant rock rose from the center of the hall and formed a battlefield. Yun Ting glanced at Su Zimo and raised his head slightly, revealing a hint of provocation. He then moved and arrived at the second battlefield. Qin Gu also went to the second battlefield. Zong Feiyu went to the first battlefield and faced off against Su Zimo. It was predicted that the top four geniuses on the Heaven Leaderboard would soon emerge victorious and the rankings would be determined! "Extreme!" Yun Ting bit the tip of his tongue and spat out a mouthful of Blood Essence on the Shenxiao Sword. Lightning flashed and the sword aura became stronger! Yun Ting had just fought a big battle and had used up a lot of his energy. However, he was now energized and his aura was rising rapidly. He was even stronger than when he fought with Su Zimo! This was the Extreme Sword Dao! At the cost of burning his blood essence, he was able to unleash his enormous potential in a short period of time. He was able to unleash the speed, killing power, and everything about the Sword Dao to the extreme!

When Yun Ting fought Su Zimo, he did not use this trump card. This was because once the Extreme Sword Dao was unleashed, there was no retreat! Unless his opponent was defeated and spilled blood, he would not stop attacking until his opponent's blood essence was completely burned away! There was no turning back for the Dao of the Extreme Sword. Even if he had to sacrifice himself, he had to press forward! Yun Ting didn't want to fight with Su Zimo to that point. But towards Qin Gu, he did not have any misgivings. Whoosh! Yun Ting followed the sword and disappeared. His entire being was connected to the Divine Firmament Sword by blood. They had completely merged into one and could not be separated. The Divine Firmament Sword arrived in front of Qin Gu and unleashed a barrage of attacks. Qin Gu's expression was solemn. He did not dare to be careless. His mind was extremely tense. He took out his life treasure, an ancient bell in his hand, and used all his strength to defend. Ding ding dang dang! The Divine Firmament Sword collided with the ancient bell, and the sound of metal clashing could be heard. Under everyone's gaze, Yun Ting's figure had completely disappeared. Only the Divine Firmament Sword was left in the air, flashing with lightning as it attacked Qin Gu fiercely. Qin Gu did not counterattack. It was not that he did not want to, but he simply did not have the chance! Yun Ting's attacks were too ferocious. The killing power and speed of the Sword Dao had already reached the extreme. It did not give him any chance to take a breather or counterattack. If he wanted to counterattack, he would definitely be severely injured by the Divine Firmament Sword. He might even die on the spot! This was the power of the Extreme Sword Dao! Of course, Qin Gu did not give up. As a reincarnated Perfected Immortal, he was experienced and knowledgeable. Naturally, he could tell that the Extreme Sword Dao was not without its weakness. As long as he could defend and wait until Yun Ting's blood essence was completely burned away, he would not need to counterattack. The one who would be defeated in the end would definitely be Yun Ting! On the first battlefield, Zong Feiyu summoned his Flying Fish Sword and glared at Su Zimo with a grin. Without hesitation, he activated his

Essence Spirit secret skill right away!

His judgment was simple. Su Zimo must have exhausted his Essence Spirit after releasing so many divine powers and secret skills in his battle with Yun Ting. He had just witnessed Su Zimo's melee combat strength with his own eyes. Even Yun Ting was not a match for him and he did not want to be dragged into the melee combat to increase unnecessary variables. He wanted to find Su Zimo's weakness and kill him in a single strike! Zong Feiyu's spirit consciousness condensed and transformed into a sword qi that burst forth. Su Zimo had a calm expression and did not dodge. In fact, he did not even use his Essence Spirit secret skill to take it head-on. When the sword qi entered Su Zimo's glabella, it was shattered by the Qinglian Sword conjured by the son of Qinglian. Qinglian's Essence Spirit was unharmed. Immediately after, a dragon scale flew out from Su Zimo's glabella! Essence Spirit secret skill, Reverse Scale! This scene was extremely similar to the battle between the two in the Asura Battlefield. This time, Zong Feiyu was prepared. When he saw Su Zimo summon his Reverse Scale, he did not panic and released a second Essence Spirit secret skill as well. His spirit consciousness transformed into a white silver fish and crashed towards the Reverse Scale. The two great spirit consciousnesses collided. Zong Feiyu's expression changed drastically! An almost destructive power suddenly descended upon his sea of consciousness, directly affecting his Primordial Spirit. Fortunately, he was prepared and asked for an Essence Spirit defense Dharma treasure from his master. Even so, his Essence Spirit was still slightly shaken! Moreover, cracks had appeared on his Primordial Spirit Dharma treasure, and its light had dimmed. It was just a clash of Essence Spirit secret skills and the Essence Spirit Dharma treasure was completely crippled! In the battle in Shura, Su Zimo was only a Level Seven Heavenly Immortal back then. Now, he was a Level Eight Heavenly Immortal. Even without the Six Fangs Divine Power, his Essence Spirit was far beyond that of a Level Nine Heavenly Immortal. With the help of the Six Fangs Divine Power, his Essence Spirit power had already touched the threshold of the True Self Realm! This situation was extremely rare. There was an unimaginable and insurmountable gap between the Heavenly Origin Realm and the True Self Realm. At the peak of the Heavenly Origin Realm, only after passing the Heavenly Tribulation of the True Self Realm would one have the chance to condense a Dao Fruit and enter the True Self Realm.

On the other hand, Su Zimo's Essence Spirit was based on the taboo Nirvana Sutra and combined with the Qinglian and Dragon-Phoenix Primordial Spirits. Together with the Six Fangs Divine Power, he was able to make up for the huge gap between the two realms. Su Zimo speculated that if he cultivated to Level Nine Heavenly Immortal, his Essence Spirit might even have the chance to surpass the Heavenly Origin Realm and reach the True Self Realm! With the strength of his Divine Sense, it was easy to imagine the destructive power of the Reverse Scale! If Zong Feiyu did not have that Essence Spirit defense Dharma treasure, he would have been instantly killed by the Reverse Scale! Zong Feiyu's heart tightened and his face turned pale. How could this be? This person could still use a Essence Spirit secret skill after fighting with Yun Ting for so long? Moreover, how could this Essence Spirit secret skill be so terrifying?

Chapter 2583

In reality, Zong Feiyu and many other cultivators had underestimated Su Zimo and Yun Ting. Both of their Essence Spirits had been greatly depleted after the exchange. However, it was not to the point where they could not release their Essence Spirit secret skills or mystic skills. Neither of them had used any Essence Spirit secret skills during the exchange. It was just a tacit understanding between the two of

them. Fear flashed in the depths of Zong Feiyu's eyes. He was afraid and wanted to retreat. He realized that he could not see through Su Zimo at all! Right now, his Essence Spirit was shaken. Although he was not injured, it was not suitable for him to continue fighting. Unfortunately, even though Zong Feiyu wanted to leave, Su Zimo had no intention of letting him off! Before Zong Feiyu could make up his mind, Su Zimo's attack descended once more! It was the supreme mystic skill, Instant Brilliance! He did not test the waters and used his strongest killing move! Most of the cultivators had only heard that Su Zimo was proficient in a mystic skill that could reduce one's lifespan. However, no one knew what kind of power this mystic art would have when it descended. In fact, not many people knew that one of the three Sword Immortals, the Shadowless Sword, was indirectly defeated by this supreme mystic skill of Su Zimo's! Zong Feiyu did not dare to be careless and gave up on the thought of escaping. He gathered his spirit consciousness and released another supreme mystic skill to fight it head-on. The moment the two supreme mystic skills collided, Zong Feiyu heard a strange sound of a drum. It was heavy and filled with a deathly aura. "Hmm?" Zong Feiyu's expression changed! He could clearly feel that the lifespan in his body was rapidly decreasing! "Not good!" Zong Feiyu was shocked and hurriedly released all sorts of mystic skills and Bloodline phenomena to defend against this strange power. If it was only Instant Brilliance, it would not be able to threaten Zong Feiyu. However, Instant Brilliance was mixed with the Dao technique of the Drum of Dusk. Although the two Dao techniques had not merged perfectly, this supreme mystic skill had already reached the threshold of a supreme mystic skill! It wouldn't be an exaggeration to say that Momentary Youth was comparable to Yun Ting's bloodline phenomenon, the Immortal Slaying Sword! Finally, after unleashing a series of secret techniques in succession, the life-shortening crisis gradually dissipated.

At this moment, Zong Feiyu also felt a wave of weakness coming from his primordial spirit. After clashing head-on with the reverse scale, his Primordial Spirit was slightly shaken. Now, he had forcefully unleashed so many mystic arts in such a short period of time. This was extremely demanding on his Primordial Spirit! Even his bloodline phenomenon seemed to be unable to hold on any longer, flickering between brightness and darkness. At this moment, a sense of danger flashed in his heart! Without any time to think, Zong Feiyu wanted to use his movement technique to escape. Roar! Suddenly, an earth-shattering roar of a tiger erupted, resounding through the heavens and earth. It was deafening, filled with endless majesty, and caused one's heart to tremble! Then, a huge white tiger appeared in the sky to the west of Zong Feiyu. It was emitting a strong murderous aura! This tiger's entire body was covered in white fur without any other color. Its pair of bell-like eyes were incomparably scarlet and emitted a biting cold murderous intent! It was the White Tiger Saint Beast! Although it was only a phantom formed by the malevolent aura, the cultivators present could still feel that their bloodlines were being suppressed. This was a suppression that came from the depths of their souls that was difficult to defend against! Zong Feiyu's bloodline phenomenon was already on the verge of collapse. However, after the arrival of the White Tiger Saint Beast, his bloodline phenomenon collapsed instantly! The white tiger's eyes were bloodshot. The moment it appeared, it locked onto Zong Feiyu who was not far away and pounced with its mouth wide open! The roar of the White Tiger Saint Beast caused Zong Feiyu's body to shudder and he lost his focus momentarily. That momentary loss of focus was enough for him to die in the tiger's mouth! "Pfft!" The white tiger bit Zong Feiyu and its sharp fangs left rows of ghastly holes on Zong Feiyu's body! Fresh blood spewed out! As the malevolent aura entered his body, Zong Feiyu's life force was severed. His Primordial Spirit did not even have the chance to escape before it was completely destroyed by the malevolent aura in the mouth of the white tiger, causing his

death!Psst!When the cultivators saw that, they gasped with shocked expressions!The entire process took a long time to describe but it happened in a few breaths' time.

After the fight between the Primordial Spirits of both parties, Su Zimo released a peerless mystique. Following that, it was this horrifying killing mystic skill!A white tiger with a murderous aura emerged from the west. With a roar, it swallowed Zong Feiyu and bit him to death!The white tiger stood in the west with a corpse in its mouth. Its entire body was emitting a malevolent aura, as though it was the God of Slaughter that ruled over the world and commanded the worship of all living beings!That was the unparalleled killing mystic skill recorded on the Prison Suppressing Cauldron, White Tiger Corpse Devourer!Back in the battle at Shura, Su Zimo was able to kill Song Ce in a single move by releasing the White Tiger Corpse Devourer. He had borrowed the power of the Blood Malevolent Lake.Now that Su Zimo's cultivation had reached Level 8, the power of that mystic skill was even more ferocious!Furthermore, there was the Reverse Scale at the front. The impact and consumption of Instant Youth coupled with the White Tiger Corpse Devourer was something that Zong Feiyu could not withstand at all!The whole process seemed simple.But in reality, Reverse Scale, Instant Youth, and White Tiger Corpse Devourer were Su Zimo's most powerful killing techniques!When he was fighting with Yun Ting, he was afraid that he would harm Yun Ting's life, so he did not use them.Now, all three of them were used on Zong Feiyu. It would be a miracle if he could survive!"What just happened? Zong Feiyu was killed in an instant? ""This mystic skill should be the one that Su Zimo used to kill Song Ce in the battle at Shura.""That's too cruel! Zong Feiyu, who is ranked fourth on the Heaven List, could not survive more than three moves from Su Zimo! ""That's not all. Don't forget that Su Zimo had just fought with Yun Ting. He must have used up a lot of his energy."After a short moment of silence, the Divine Firmament Grand Hall burst into an uproar.The crowd was in an uproar!Many cultivators thought that Zong Feiyu was at his peak, and Su Zimo had used up all his trump cards and was in a weakened state. They would definitely be in a tough battle.But they did not expect that Zong Feiyu would be dead in just a few breaths of time. He did not even have the chance to escape!"We won!"Many cultivators from the Qiankun Academy stood up and cheered excitedly.

Mo Qing, Yang Ruoxu, and the rest also heaved a sigh of relief.Yunzhu was not surprised by this scene and a faint smile hung on her face.The cultivators of the Flying Celestial Sect all had ugly expressions on their faces, as if they had lost their parents.Zither Deity Mengyao's face was as cold as ice. She pursed her lips and did not say a word!She did not expect that Zong Feiyu would be killed by Su Zimo in three moves!If she had known, she would not have sent Zong Feiyu to his death.Her plan had failed miserably.This seemingly frail scholar, who was actually a ferocious tiger in his heart, was growing too quickly!She was even caught off guard by this!Looking at the green-robed cultivator standing with his hands behind his back, Mengyao realized that she might not have the chance to kill this person in the future.

Chapter 2584

Zong Feiyu's death was a great shock to the remaining cultivators on the Heaven Leaderboard!Even Zong Feiyu, who was ranked fourth on the Heaven Leaderboard, could not block Su Zimo's attack. The other cultivators who were ready to make a move had to think twice.If they went up to challenge him, would they be able to come back alive?On the second battlefield.Sensing that Su Zimo had finished his battle, Yun Ting's attacks became even more ferocious and faster.Qin Gu's face was pale as he gritted his

teeth and defended with all his might. The battle between the two sides was about to end. If Yun Ting could not take down Qin Gu in a short time, he would lose a lot of Essence Blood. Even if he won in the end, it would cause great damage to himself and might even affect his future cultivation. Clang! Clang! The sound of metal clashing was as dense as rain. In everyone's eyes, not to mention Yun Ting, even the Divine Firmament Sword seemed to have disappeared. Around Qin Gu's surroundings, there was only a sword light that was surrounded by thunderbolts, spiraling and flying, galloping horizontally and vertically. "Heart Sword!" All of a sudden! Yun Ting's voice sounded again. This was his other trump card! The Heart Sword was formless. Once released, it would directly target the opponent's Dao Heart. This was a killing technique that targeted the Dao Heart! With his Dao Heart broken, Qin Gu would definitely lose this battle. If he could not repair his Dao Heart, Qin Gu might have no hope of stepping into the True Self Realm in his lifetime! The power of this secret technique was closely related to the strength of his Dao Heart. If his Dao Heart was not strong enough and the opponent's Dao Heart was indestructible and flawless, releasing the Heart Sword to target the opponent would cause him to suffer a backlash and damage his Dao Heart. The Heart Sword secret technique was a double-edged sword! If the Dao Heart was not strong enough, if the Dao Heart was not as strong as the opponent's, he would suffer the consequences of his own actions. The reason why Yun Ting was able to successfully cultivate this Dao Heart Sword was all thanks to Su Zimo's crushing defeat in the Emperor's tomb thousands of years ago. That defeat made Yun Ting wake up from his dream.

Not only did that defeat not defeat him, it made his Dao Heart stronger and sharper. In the end, he comprehended the Heart Sword Dao. In the battle with Su Zimo just now, Yun Ting had considered using the Heart Sword secret technique. However, he hesitated for a moment and did not use it in the end. He was worried that the release of this secret technique would damage Su Zimo's Dao heart, and he would lose a powerful opponent. Yun Ting had no idea what was going on. By giving up this time, he had unknowingly saved himself. If he had used the Heart Sword Secret Technique on Su Zimo, the battle between the two would have ended long ago. On the second battlefield. Facing the invisible heart sword, Qin Gu did not have any divine ability or secret technique that could resist it. He could only guard his Dao heart and stabilize his footing! As long as one's Dao heart was strong enough and flawless, Yun Ting's Heart Sword would fail. In all fairness, Qin Gu's Dao heart was indeed sufficiently strong. Even for Perfected Immortal experts, the conditions for reincarnation were extremely harsh and could be said to be one in ten thousand! For a True Immortal to be reincarnated, one's soul had to be preserved. If one's Primordial Spirit was severely damaged, it would be impossible for them to reincarnate no matter how many peerless experts they had protecting them. Before the soul entered the cycle of reincarnation, it needed a Celestial King-level expert to cast a protective spell and leave a mark on it. In the early stages, this was still within the scope of human control. Once the soul entered the cycle of reincarnation, everything was fate. In the Six Paths of Reincarnation, anything could happen. There was also a high chance that the mark left on the soul would be washed away. Once the mark disappeared, it was uncertain whether the soul could be successfully reincarnated or what kind of living being it would become. Even if the soul was reincarnated, the former Perfected Immortal would become a new living being and would have no connection with the previous life. Without the mark, the experts of the previous life would naturally not be able to receive the soul and bring it back to the sect. It could be said that Perfected Immortals who could reincarnate successfully were all lucky people who were favored by the heavens! Moreover, Qin Gu had reincarnated and cultivated for two lives. There was no need to say more about the strength of his Dao heart.

However, at the same time, cultivating for two lives also meant that he had failed in his previous life. In

this battle, he did not dare to challenge Yun Ting in his peak state. He only wanted to take advantage of the situation and prove that he had failed in this life! It could be said that when he stood up to challenge Yun Ting, there was already a fatal flaw in his Dao heart! "Defeated." Chess Deity Jun Yu looked at Qin Gu on the battlefield and shook her head slightly. She only said two words. Back then, she had intended to stop Qin Gu because she saw the flaw in his Dao heart! Unfortunately, Qin Gu was stubborn and was forced to this step in the end. On the second battlefield, Qin Gu stood in the same place with his eyes wide open. His forehead was covered in sweat and his expression kept changing. "Puff!" Suddenly! Qin Gu opened his mouth and spat out a mouthful of blood. Deng! Deng! Deng! Qin Gu's face was ashen as he retreated continuously. With his last bit of strength, he fell out of the huge stone battlefield. Plop! Qin Gu fell to the ground and was covered in mud. He was in a sorry state and his expression was gloomy. His Dao heart was damaged and he could no longer fight. He was lucky to be able to keep his life. The cultivators of the Mountain and Sea Immortal Sect hurried forward and helped Qin Gu back to his seat. Yun Ting stood on the huge stone with his sword in hand. His face was much paler. He took out a handful of elixirs and swallowed them all. He panted slightly and did not continue to pursue Qin Gu. Firstly, he had used up a lot of his Blood Essence in this battle and needed to rest. Secondly, Qin Gu had failed in his previous life and reincarnated. In this life, he had suffered such a blow. Although he had kept his life today, he would disappear in the future and his achievements would be limited. At this point in the battle, the results of the two battles for the top four on the Heaven List had been predicted. Normally, Su Zimo and Yun Ting would be ranked first and second on the Heaven List respectively. With Qin Gu and Zong Feiyu's methods, they would be ranked third and fourth. But now, one of them was dead and the other was injured. They did not even have the chance to be ranked on the Heaven List. Many cultivators sighed in their hearts. Qin Gu and Zong Feiyu had planned to take advantage of the situation and reap the benefits. Unexpectedly, one of them was dead and the other was injured. People could not help but sigh. Fate made fools of people. On the second battlefield, Yun Ting looked at Su Zimo in the first battlefield and grinned. "Su Zimo, you won!" He had lost this battle wholeheartedly. It was not only because Su Zimo had won first. It was also because Yun Ting knew that if Su Zimo had used the three killer moves on him, he would not have been able to block them. "However." Yun Ting changed the topic and said loudly, "I lost this battle, but it does not mean that you will always be able to defeat me! There is still a long way to go. One day, I will defeat you once!" Su Zimo smiled and did not speak. Yun Ting could not defeat him this time. Yun Ting's chances in the future would be even smaller. The gap between the two of them would only grow bigger!

Chapter 2585

"Who else wants to challenge me?" Yun Ting held the Divine Firmament Sword in his hand. Although he had used up a lot of energy, his body was still sharp like lightning as he looked around. The group of cultivators who were jeering at Qin Gu and Zong Feiyu stopped talking. Even Qin Gu and Zong Feiyu had ended up with one dead and one injured. Who else on the Heaven Ranking would dare to challenge these two? Who knew if these two had any hidden trump cards? After a long while, no one dared to step forward! Yun Ting turned around and looked at Immortal King Qingyang in the middle of the hall. He said loudly, "Immortal King Qingyang, you can announce the first and second place of this Heaven Ranking Battle." Immortal King Qingyang smiled and nodded. "Alright, the first place of the Heaven Ranking has to convince everyone. Since no one has any objections, I will now announce that the first place of the Heaven Ranking is Su Zimo from the Qiankun Academy. The second place is Yun Ting from the Zixuan Immortal Kingdom!" As for the Heaven Ranking Battle, it will proceed as usual. "Su Zimo and Yun Ting

walked down from the Giant Rock Battlefield. Yun Ting flipped his palm and took out a yellow ancient scroll. He threw it in Su Zimo's direction. Su Zimo glanced at it and recognized it immediately. This ancient scroll was made of the same material as the Heavenly Slaughter and Earthly Slaughter ancient scrolls in his storage bag! Moreover, the ancient scroll looked calm, but its sharpness was hidden. Human Slaughter Sword Art! Su Zimo reached out and took the ancient scroll. One of the important reasons for the battle was to combine the three great sword arts into one. Yun Ting's defeat was the condition for him to lose to Su Zimo. And vice versa. With Yun Ting's character, he would not break his promise. Su Zimo took the Human Slaughter Sword Art. After pondering for a while, he took out the other two ancient scrolls from his storage bag and threw them to Yun Ting. Su Zimo said, "These are the Heavenly Slaughter and Earthly Slaughter." Ever since he ascended, Yun Ting was one of the few cultivators he had met that he approved of. Although the two of them had fought each other twice, there was no deep hatred between them. Su Zimo admired Yun Ting's pride, honesty, and integrity. Moreover, Yun Ting was Yunzhu's younger brother.

Since Yun Ting was willing to give him the Mortal Slayer Sword Art, he did not want to take advantage of Yun Ting. Therefore, he gave the Heaven Slayer and Earth Slayer to Yun Ting. Seeing this scene, many cultivators were moved. One had to know that for peerless techniques like Heavenly Kill and Earthly Kill, if it was anyone else, they wouldn't casually show it to others, not even those closest to them. He did not expect that the thousands of cultivators would be lucky enough to witness such a scene at the Divine Firmament Immortal Meeting today. But soon, an even more shocking scene occurred! Yun Ting took the two ancient scrolls and threw them to Su Zimo without even looking at them. He shook his head and said, "I don't need them anymore." "Why?" Su Zimo frowned slightly, puzzled. Yun Ting had not seen the Heavenly Slaughter and Earthly Slaughter before. With the Human Slaughter Sword Art, he managed to cultivate the incomplete bloodline phenomenon of the Immortal Slaying Sword. Given his talent, if he had seen the Heavenly Slaughter and Earthly Slaughter Sword Arts, he would definitely be able to cultivate his bloodline phenomenon into a true supreme mystic power! Furthermore, Su Zimo believed that Yun Ting would definitely comprehend the Immortal Slaying Sword before him! "Duke Yun Ting, please accept them!" "That's right, Duke Yun Ting, don't be rash!" Many cultivators of the Zixuan Immortal Kingdom tried to persuade him. A supreme divine ability was within reach, yet Yun Ting refused to let it in! "A loss is a loss." Yun Ting shook his head slightly. In his opinion, Su Zimo gave him the two great sword arts out of pity and charity. He would not accept it! Yun Ting gazed into the distance as a wisp of moving light flickered in his eyes. He said slowly, "The three great sword techniques were created by men as well. The day will come when I'll create a Sword Dao that belongs to me!" At this moment, Su Zimo understood. Since Yun Ting was defeated, he would not accept the Heavenly Slaughter and Earthly Slaughter Sword Arts. That was Yun Ting's pride! In the eyes of everyone, a supreme mystic power might be a great opportunity. However, Yun Ting did not think so. His Sword Dao was to press forward with indomitable will! At this moment, Su Zimo vaguely realized that Yun Ting's future achievements were truly unimaginable.

In the future, Yun Ting would definitely be one of the peerless experts of the upper world! How much determination and boldness did one have to be to give up on a supreme mystic power that was within reach! "Su Zimo, I'm leaving." Yun Ting looked at Su Zimo and suddenly said with a smile. "Where are you going?" Su Zimo asked. "I don't know." Yun Ting shook his head. "I might go to the other Immortal Realms, the Fiend Domain or other realms. Maybe I'll travel through the three thousand realms and see a wider

world. I'll fight more experts, forge my Sword Heart, and sharpen my Sword Dao."Su Zimo, you have to be careful."The moment I return, I'll challenge you again! I hope you won't lose too badly then.

"Although Yun Ting was smiling, there was a trace of sadness in his tone. It was a trace of sadness at parting."You're leaving now?"Su Zimo asked with a frown."Yes."Yun Ting nodded.Normally, the person who ranked second on the Heaven Ranking would receive rewards and rewards from the Divine Firmament Palace.However, that was no longer important to Yun Ting.Given his pride, since he had already lost, why should he stay here?"I'm leaving!"Yun Ting waved at Su Zimo and turned his gaze to Yun Zhu, who was in the Zixuan Immortal Kingdom's crowd.Although there were thousands of cultivators in the Divine Firmament Palace, there were only two people worth saying goodbye to.One was Su Zimo, and the other was his sister, Book Immortal Yun Zhu.Yun Zhu had already stood up and was looking at Yun Ting, who was not far away.Yun Zhu did not say anything, but there was a hint of worry and reluctance in the depths of her eyes.She was usually strict with her younger brother and often scolded and hurt Yun Ting.However, when she realized that Yun Ting was about to leave the Divine Firmament Immortal Realm and travel far away, she still felt sad."Sister, I'm leaving."Yun Ting said softly."Okay."Yun Zhu did not say anything. She only responded softly.

Yun Zhu lowered her head, not wanting others to see her gradually reddening eyes. She said softly, "Be careful when you go out. Remember to come back."Hearing that, Yun Ting felt a lump in his throat.He shook his head as if to shake off the sadness in his heart. He took a deep breath and suddenly turned around to glare at Su Zimo.Su Zimo was a little confused by Yun Ting's unwavering stare."Su Zimo, I don't care what your relationship with my sister is, but you can't let her down! Hmm ... You can't bully her either! You also have to protect her! Otherwise, when I come back and find out that you abandoned her, I'll definitely kill you! ""What nonsense are you talking about?"Su Zimo was stunned. He did not know what was wrong with Yun Ting.After saying that, Yun Ting leaped up and turned into a beam of sword light that sped into the distance. In the blink of an eye, he disappeared from everyone's sight.

Chapter 2586

Yun Ting left in a carefree manner, not even looking back.Even though he had lost to Su Zimo this time, it did not affect his Dao Heart at all. Instead, it aroused his fighting spirit!He even wanted to leave the Divine Firmament Celestial Realm and the Heavenly Realm to travel around and hone his Sword Dao.He knew that this was the only way he could surpass Su Zimo.Normally, when one cultivated to the Heaven Immortal level, they would be able to travel in the vast universe.However, the universe between realms was filled with countless dangers and the unknown. When a Heaven Immortal traversed the universe, it could be said that there was a 90% chance of survival!They would probably die under the boundless universe before reaching the other realm.Only when one cultivated to the Perfected Immortal level would they have the ability to protect themselves in the universe.Therefore, when Yun Ting made this decision, Yunzhu was so worried.However, Yunzhu did not dissuade him.She knew that this was the path Yun Ting had chosen. He would abandon life and death and press forward!This was Yun Ting's Sword Dao!"How carefree."Xie Qingcheng could not help but exclaim.Although Yun Ting had lost this battle, in the hearts of many cultivators, he was still the number one Sword Immortal in Divine Firmament!Only in Yun Ting could one see the righteousness of the Sword Dao. He would rather break than bend, and he was fearless and pressed forward with indomitable spirit!He did not care about false reputation. He had only fought with Su Zimo because he wanted the Heavenly Kill and Earth Kill sword arts. He wanted to defeat Su Zimo.He also did not care about the rewards of the Divine Firmament Celestial Realm. After

the battle ended, he turned and left, unwilling to stay here for a moment. Su Zimo returned to the Heaven and Earth Academy's banquet. Many disciples of the Academy stood up excitedly. "Senior Brother Su, you're too strong!" "Senior Brother Su, congratulations!" Everyone congratulated him. They also felt proud that Su Zimo had won the first place on the Heaven roll. At least for the next 100,000 years, the Heaven and Earth Academy would definitely be ranked above the other three Celestial Sects and the three Celestial Kingdoms in the Divine Firmament Celestial Realm! "Junior Brother Su, congratulations." The Moonlight Sword Immortal looked at the triumphant Su Zimo and said indifferently with a calm expression.

"Yuehua, sorry to disappoint you." Su Zimo smiled faintly and gave tit for tat. He had no intention of feigning civility with the Moonlight Sword Immortal! He didn't even address Zhang Xuan as his senior. The two of them had some conflicts in the Academy before, but they were both disciples of the Academy after all, so they could still maintain a superficial relationship. And this time, the Moonlight Sword Immortal had joined forces with outsiders to attack him at the Divine Firmament Immortal Conference. If not for the arrival of the Chess Immortal Jun Yu, he might have been buried here! Since they had already shed all pretense of cordiality, there was no need for Su Zimo to hold back! Yang Ruoxu frowned slightly, feeling that something was wrong. He could understand Su Zimo's anger. However, the Moonlight Sword Immortal was the number one true disciple of Qiankun Academy after all. If Su Zimo were to become enemies with him in public, he would face even more trouble in the academy in the future! Yang Ruoxu sent a telepathic message. "Brother Su, why don't you bear with it? Wait until you break through to the True Self Realm and become a true disciple before laying your cards on the table with the Moonlight Sword Immortal." Su Zimo was silent. Since he dared to fight with the Moonlight Sword Immortal, he naturally had a decision in his heart! "Junior Brother Su, be careful with your words!" Perfected Immortal Chen Xuan's expression was fierce as he growled. The Moonlight Sword Immortal waved her hand slightly, stopping Chen Xuan from continuing to threaten. "Junior Brother Su, you're still young and too impatient. I don't blame you. The future is long. If you want to challenge me, there's still a long way to go." "If I don't give up the position of the number one true disciple of Qiankun Academy, no one can take it away, including you." "The future is long? Heh!" Su Zimo suddenly laughed and said, "I just helped you divine. Your days are not long!" The actions of the Moonlight Sword Immortal and Zither Immortal Meng Yao today had completely aroused his killing intent! It was impolite not to reciprocate! Since these people had joined forces to attack him, he did not have to worry. When the Nine Heavens Convention came, he would let Wu Dao's original body come out and give them a big gift! Whether it was the Zither Immortal, Meng Yao, or the Moonlight Sword Immortal, these people were too big of a threat to him.

Although he was lucky to escape this time, there would be more trouble in the future. It would be better to let Wu Dao's original body come out at the Nine Heavens Convention once and for all, taking the firewood from under the cauldron, and turning the world upside down! Of course, the Nine Heavens Convention would not only be attended by the geniuses of the Nine Heavens Immortal Realm, but also many eminent monks of the Pure Land of Bliss. At that time, there would also be Celestial Kings and Heavenly Kings. With the current strength of Wu Dao's original body, he was still unable to fight Celestial Kings head-on. Causing trouble at the Nine Heavens Convention could be said to be extremely dangerous, as difficult as ascending to the heavens. Facing Su Zimo's threat, the Moonlight Sword Immortal naturally did not take it to heart. Not to mention that Su Zimo was only a Level Eight Immortal now, even if he cultivated to Level Nine or even stepped into the True One Realm, he would not be a threat to her! The Moonlight Sword Immortal smiled faintly and said, "Junior Brother Su, speaking

without thinking will only make you a joke."After pausing for a moment, the Moonlight Sword Immortal changed the topic and said, "In any case, Su Zimo taking first place on the Earth Roll and Heaven Roll is indeed worthy of celebration. In all these years, only Feng Cantian from hundreds of thousands of years ago could have achieved such an achievement. ""Speaking of which, it's a coincidence that both of you are from the Lower World, and you seem to know each other? Feng Cantian has already established himself in the Demon Region, I wonder if Junior Brother Su still has contact with him ... "Hearing this, Yunzhu frowned slightly. These words were simply heart-wrenching! Many cultivators felt a chill in their hearts. Green Sun Immortal King's expression changed, and his gaze fell on Su Zimo. The Moonlight Sword Immortal seemed to be congratulating Su Zimo, but there was a hidden killing intent in her words! Putting Su Zimo and Feng Cantian together was also to remind the Divine Firmament Palace that Su Zimo could be the second Feng Cantian!" Junior Brother Su, come sit with me." Without waiting for Su Zimo to speak, Mo Qing suddenly waved at Su Zimo. Although Mo Qing did not say anything, her action was obviously to protect Su Zimo, and it immediately aroused the intense jealousy in the Moonlight Sword Immortal's heart! Mo Qing was originally sitting with Yunzhu.

After Su Zimo walked over, Mo Qing moved slightly to the side and made way for him. Su Zimo sat between the two fairies and attracted another round of envious gazes. The first and second places on the Heaven Roll had been confirmed, but the Heaven Roll Ranking Battle was not over yet. A few huge stone battlefields rose, and the cultivators on the Heaven Roll were predicted to enter, including Lie Xuan from the Flaming Sun Immortal Kingdom and Yan Bingying from the Qiankun Academy. After a few rounds of the Ranking Battle, the final rankings of the Heaven Roll were gradually confirmed. This Ranking Battle was very intense. Among them, Lie Xuan's Nine Suns Suspended in the Sky and the Flaming Sun Bloodline Anomaly were the most eye-catching. After Zong Feiyu's death and Qin Gu's serious injuries, he rose to third place on the Heaven Roll! However, with the three battles of Su Zimo, Yun Ting, Qin Gu, and Zong Feiyu, the subsequent Ranking Battles were much more boring. In less than a day, this year's Heaven Roll Ranking was out.

Chapter 2587

In the end, the Heaven Roll appeared in the sky, revealing the names of the geniuses. Among them, the most eye-catching was the first place on the Heaven Roll. Every word was glowing with golden light, illuminating the world! Heaven and Earth Academy, Su Zimo! Moreover, he had obtained the first place on the Heaven Roll as an Eighth Stage Heaven Immortal! Such a situation could be said to be unprecedented in history! The discussions in the Divine Firmament Hall never stopped. Too many things had happened in this Divine Firmament Convention. The three Sword Immortals and four Fairies had gathered. It was an unprecedented grand occasion. What was even more shocking was that these Perfected Immortals had fought over a Heaven Immortal from the academy! Many Perfected Immortals had even died in the Divine Firmament Hall! Such a thing had never happened in the past Divine Firmament Immortal Conventions. Green Sun Celestial King pressed his palms together in the air, emitting a powerful aura that suppressed the discussions of the cultivators. He then said slowly, "The 100 cultivators on the Heaven List, regardless of their ranking, are all the most powerful and outstanding Heaven Immortals in the Divine Firmament Celestial Realm in this generation!" I hope that everyone on the Heaven Roll can advance bravely and strive to step into the True Self Realm as soon as possible, condense a Dao Fruit, and become a Perfected Immortal!" As a reward for being on the Heaven Roll, I'll first invite everyone to a cup of fragrant tea." Immortal King Qingyang waved his hand. The hundred beautiful maids who were originally standing behind him carried a tray with a steaming hot cup of

fragrant tea in their hands. They served the tea to the cultivators on the Heaven Roll one by one. This scene immediately attracted the envy of countless cultivators. Su Zimo took the fragrant tea and looked inside. A plum was floating in the tea. Mixed with the boiling spirit spring water, it emitted a unique fragrance. "This is Black Frost Plum Tea," Yunzhu explained. "There's an immortal tree in the Divine Firmament Immortal Realm called the Black Frost Plum Tree. The plum in the tea is from the Black Frost Plum Tree." Back in the Jade Firmament Immortal Realm, Lin Luo had told him about it. In the Nine Firmament Immortal Realm, each Immortal Realm had its own unique immortal tree that absorbed and gathered large amounts of Heaven and Earth Essence Qi. It was also the center of each Immortal Realm. The Jade Firmament Immortal Peach Tree. The Human Emperor, Lin Luo, and the others were in the Azure Firmament Immortal Realm, which was an immortal willow.

The Divine Firmament Celestial Realm was a Black Frost Plum Tree. "What's the use of black frost plum tea?" Su Zimo asked. Yunzhu said, "The Black Frost Plum Tea can help cultivators dissolve the Tranquility Barrier. You are now a Tier Eight Heavenly Immortal. If you can cultivate to the peak of the Tier Eight Heavenly Immortal realm, you will have sufficient natural energies in your body. With that, there will be no need for you to find another opportunity to make a breakthrough. ""Black Frost Plum Tea is the best opportunity for a breakthrough!""Of course, only the top ten of the Heaven Roll can drink the Black Frost Plum Leaf Tea. The remaining ninety cultivators drink the Black Frost Plum Leaf Tea." "Although there's only a difference of one word, the effect is as different as heaven and earth." Su Zimo nodded and drank the Black Frost Plum Tea without hesitation. Even the plums in the tea were not spared as they were swallowed into the stomach. The tea was rich with Spirit Qi and was on the verge of bursting out. As the hot tea entered his stomach, a strange energy rushed into his mind, making Su Zimo feel energized. The energy he had expended in the two battles with Yunting and Zong Feiyu had recovered by more than half in a short time. Following that, a bone-chilling coldness suddenly exploded in his stomach! Su Zimo's expression changed slightly. The coldness came from the plums in the tea. Although they were wrapped in the hot tea, there was a shocking coldness in the plums that could not be melted. It spread rapidly in Su Zimo's body. In the blink of an eye, a layer of ice formed on the surface of Su Zimo's body. Even his hair and eyebrows turned white and frosted. If he activated his blood Qi, he could easily dissolve the coldness. However, Su Zimo was wary and did not act rashly. Instead, he used his physical body to slowly absorb and refine the coldness. After a while, his body recovered to its original state. It was a pity that he had just broken through to the Eighth Stage. Even if he drank the Black Frost Plum Tea, he could not break through immediately. As if she could see what Su Zimo was thinking, Yunzhu smiled and said, "Don't worry, there will be rewards and opportunities later." At this moment, Immortal King Qingyang saw that everyone on the Heaven Roll had already drunk the immortal tea. Only then did he continue, "Everyone on the Heaven Roll, get ready. Follow me to a cultivation holy land of the Divine Firmament Palace. As for how long you can cultivate there, it will depend on your luck and ability."

Immortal King Qingyang waved his sleeves and tore the void apart. Cold wind blew inside, leading to an unknown place. Su Zimo and the other 100 cultivators on the Heaven Roll stood up and followed Immortal King Qingyang into the void. Not long after, everyone descended. White snow covered the land, and thousands of miles were sealed in ice. Hiss! Everyone seemed to have arrived in a world of ice. The sky was cold and the ground was frozen. The surroundings were filled with a bone-chilling coldness. Everyone could not help but shiver. There were more than a dozen cultivators who could not hold on any

longer. Their legs trembled and their bodies trembled from the cold. Su Zimo relied on the powerful physique of Qinglian's true body to endure this kind of coldness. He was surprised to find that the Heaven Earth Yuan Qi in this frozen world was terrifyingly rich! The surrounding cold air was pervasive and seeped into his body. All of it was rich Heaven Earth Yuan Qi. If he refined it, his cultivation would definitely advance by leaps and bounds! "I believe that everyone has already noticed." Immortal King Qingyang said, "Although the environment here is cruel and harsh, if you can persevere here, it will be of great benefit to your cultivation." "Here is a talisman. If you can't hold on, just tear the talisman and you can leave this place at any time." As he spoke, Immortal King Qingyang waved his sleeves and sent 100 talismans to the cultivators. Immortal King Qingyang continued, "There is one more thing I need to remind you. It's best not to wander around here. The degree of coldness in each area is different. If you walk too far, I'm afraid you will die here, let alone cultivate!" The cultivators hurriedly nodded. Immortal King Qingyang's figure moved and tore open the void, disappearing. The cultivators hurriedly sat down cross-legged and circulated their qi and blood, trying their best to absorb and refine the cold air in their bodies to resist the bone-chilling coldness in the surroundings. Su Zimo stood motionlessly on the spot and did not cultivate immediately. Although the surrounding coldness was strong, it was not a threat to him. He pondered in silence as he gazed in a certain direction of this frozen world.

For some reason, he had a feeling that there was something in that direction that was extremely attractive to his Qinglian's true body! At that moment, in less than ten breaths' time, some cultivators could not hold on any longer and tore their talismans to leave this place. Su Zimo hesitated for a moment before walking slowly in that direction. "Senior Brother Su, you ..." Yan Bingying was shocked when she saw this and hurriedly called out. "It's fine, I'll go take a look." Su Zimo said casually and continued forward. As he continued to go deeper, he could clearly feel the coldness in the surroundings getting stronger. The cold wind whistled and swept snowflakes toward him. After walking for an unknown period of time, Su Zimo finally stopped in his tracks when he felt that his blood vessels were about to freeze. Through the heavy wind and snow, he could vaguely see a huge ancient tree standing in the distance. It was snow-white with luxuriant branches and leaves. Each leaf was crystal clear with fruits hanging from it. The Black Frost Plum Tree!

Chapter 2588

Su Zimo pondered for a moment and had some thoughts. Cultivating in this world of ice was, of course, much faster than cultivating in it. However, if he wanted to reach the peak of Stage 8 in a short time, he would need to use some unorthodox methods. The crystal-clear plum blossoms on the Black Frost Plum Tree were the best nourishment for Su Zimo! Of course, this was a bit rash. However, Immortal King Azure Sun did not mention this. He also did not explicitly say that cultivators who entered this place were not allowed to pick the Black Frost Plum Blossoms. In fact, it was not that Immortal King Azure Sun was careless. It was just that since ancient times, any Heaven Immortal who entered this place could only cultivate while resisting the surrounding cold. Even if some cultivators mustered up the courage to walk around, they would not be able to go far. The reason why Su Zimo could arrive here was entirely because of the physique of the Green Lotus True Body! Although the Black Frost Plum Tree was an immortal tree in the Divine Firmament Immortal Realm and had lived for countless years, it was still a plant. In front of the Creation Qinglian, these living things had to bow down! With a plan in mind, Su Zimo did not hesitate anymore. He took a deep breath and strode toward the Black Frost Plum Tree. Since he had decided on this, he could not hesitate. If this matter was exposed, someone would definitely come out to stop

it!Before long, Su Zimo had already arrived at the bottom of the Black Frost Plum Tree.His entire body was covered in a layer of frost. His hair and eyebrows were covered in ice crystals and snowflakes. When he breathed, there was a vast white fog.Su Zimo slowly circulated his blood Qi to resist the surrounding cold.Then, he leaped onto a branch and reached out to pluck a plum from it, stuffing it into his mouth.Before the plum was completely chewed, he had already plucked a second plum and put it into his mouth.In just a few breaths, Su Zimo had already eaten more than ten plums in a row....In the Divine Firmament Palace...Many cultivators had yet to disperse. They were waiting for the Heaven Roll cultivators to return from the mystic realm.Before long, the Heaven Roll cultivators in the mystic realm appeared one after another and returned to the Divine Firmament Palace.

Although everyone was severely frozen, the spiritual energy in their bodies was abundant, and their mental state had already reached its peak. As long as there was a suitable opportunity, there was a chance for them to break through!"Is everyone back?"Immortal King Qingyang glanced around and asked casually."Su Zimo from the Academy hasn't returned yet."Many disciples of the Academy hurriedly said."Hmm?"Immortal King Azure Sun frowned slightly and murmured, "He's been inside for so long?"Immediately afterward, Immortal King Qingyang seemed to have sensed something. He turned pale with fright and directly tore open the void to leave.Soon, Immortal King Qingyang returned from the mystic realm with Su Zimo. He threw Su Zimo into the Divine Firmament Great Hall with an ugly expression."What happened?"Everyone from Qiankun Academy stood up."Hmph!"Immortal King Qingyang's expression was ugly as he said, "Su Zimo is really bold. He actually picked the Black Frost Plum without permission and directly swallowed it!"Su Zimo was still chewing on something when he was pulled out. His cheeks were puffed up, and no one knew how much he had eaten.But soon, a layer of ice crystals appeared on Su Zimo's body. It became thicker and thicker, and in the blink of an eye, he was frozen into a huge ice cocoon!Su Zimo was frozen inside, motionless. There was not even a trace of life force."Junior Brother Su!"Mo Qing's expression changed slightly. She wanted to go forward and break open the ice cocoon to save Su Zimo.Yunzhu's expression was solemn as she hurriedly pulled Mo Qing back and said in a low voice, "Don't be rash. If you go up and break this ice cocoon now, I'm afraid even Zimo will be smashed to pieces.""That's right."Immortal King Qingyang sneered. "Su Zimo is too bold. He ate dozens of Black Frost Plums. He's definitely dead!"Hearing this, the Moonlight Sword Immortal, Mengyao, True Immortal Wufeng, and the others were both surprised and delighted.No matter how hard they tried, they still could not kill Su Zimo.They did not expect that this person did not know what was good for him and played himself to death!Immortal King Qingyang continued, "The coldness contained in these Black Frost Plums is too strong. Only by cultivating to the True Immortal Realm and condensing a Dao Fruit can one gradually digest it.""This kid is only a Rank 8 Heavenly Immortal. He ate dozens of Black Frost Plums in one go. He's really courting death!"

The Moonlight Sword Immortal laughed in her heart, but there was a hint of pity on her face. "Sigh, Junior Brother Su is young and impetuous. He doesn't know his limits. He only has himself to blame for ending up like this.""Only True Immortals can digest it?"Yang Ruoxu frowned. "Didn't Junior Brother Su and the others drink a cup of Black Frost Plum Tea? There's a Black Frost Plum in it."Immortal King Qingyang sneered. "Heavenly Immortals can drink Black Frost Plum Tea because the water used to brew the tea comes from a hot spring in the Divine Firmament Palace. It can neutralize the coldness in the Black Frost Plums.""This kid is too greedy. He chose to eat the Black Frost Plums directly. That's why he ended up like this."Mo Qing was at a loss.Yunzhu frowned, disbelief in her eyes. She still could not

believe it. Chess Immortal Jun Yu sighed softly. Even the many disciples of Qiankun Academy were stunned on the spot. Su Zimo had just taken first place on the Heaven Roll. They did not expect him to end up like this. The huge wave of joy and sorrow brought about a huge psychological impact on everyone. They could not recover for a moment. "Haha!" A cultivator from the Great Jin Celestial Nation could not hold it in and laughed loudly. "What a joke. The first place of the Heaven Roll actually died because of his own greed!" "I'm afraid this is the shortest life of the first place of the Heaven Roll since ancient times, right?" "How ironic. The first place of the Heaven Roll actually committed suicide in front of everyone!" Many cultivators from sects and factions like the Great Jin Celestial Nation and the Flying Immortal Sect who had bad blood with Su Zimo quickly stood up and mocked him. Crack! Crack! Crack! At that moment, a strange sound came from the motionless ice cocoon in the Divine Firmament Palace. It was as if something had cracked open. The sounds of discussion around them instantly became downcast. Everyone looked in the direction of the sound and their expressions changed! A tiny crack appeared on the ice cocoon. Under countless gazes, the crack continued to expand and spread. Soon, it covered the entire ice cocoon! "This..." Many cultivators widened their eyes. Green Sun Immortal King's expression was also filled with uncertainty.

Through the cracks in the ice cocoon, he could vaguely detect a wisp of life energy. Moreover, the energy was becoming more and more obvious! How could it be? Could it be that this kid is not dead? Boom! After a brief silence, there was an earth-shattering explosion. The ice cocoon suddenly exploded, and a figure broke out, bursting with an extremely powerful aura! Fog rose from Su Zimo's body. Every breath he took was rich Heaven Earth Essence Qi. His entire body was wrapped in Heaven Earth Essence Qi and was constantly nourished. Everyone could not help but gasp when they scanned with their Divine Senses. A Stage Nine Heaven Immortal! In less than two hours, Su Zimo relied on dozens of Mystic Frost Plums to forcefully break through from the Stage Eight Heaven Immortal realm to the Stage Nine Heaven Immortal realm!

Chapter 2589

Even though they saw it with their own eyes, everyone still felt that it was unreal. Was this an immortal miracle? If the Celestial Immortals present cultivated normally, it would take thousands or even tens of thousands of years for them to advance from Stage Eight to Stage Nine, even if they were geniuses! The person in front of them had only used less than two hours! Moreover, even if many cultivators knew of this method, they would not dare to try it. Only True Immortals could absorb and refine the Black Frost Plum. Even if they were allowed to eat it, who would dare to? Not to mention swallowing dozens of them in one go! Immortal King Qingyang looked at Su Zimo with a frown, his expression uncertain. Even with his knowledge and experience, he could not figure out the reason behind this. Normally speaking, Celestial Immortals could not absorb and refine the Black Frost Plum. Just as Immortal King Qingyang said, the Black Frost Plum could only be soaked in the hot spring of Divine Firmament Palace to neutralize the cold Qi inside and allow Celestial Immortals to drink it. And Qinglian's bloodline actually replaced the use of the Divine Firmament Palace's hot spring. To be precise, Qinglian's bloodline was even stronger than the Divine Firmament Palace's hot spring! That was why Su Zimo could swallow dozens of Black Frost Plum and be safe and sound. He also refined the energy in the Black Frost Plum Tea and used it to resolve the bottleneck, breaking through and stepping into Stage Nine! The excitement and joy that surged in Moonlight Sword Immortal, Mengyao, and the others disappeared in an instant. All of them had gloomy expressions and did not say a word. Many cultivators of Qiankun

Academy burst into cheers. The three fairies heaved a sigh of relief and finally relaxed. Su Zimo escaped and bowed slightly in the direction of Immortal King Qingyang. "Thank you for your help, Divine Firmament Palace and Immortal King Qingyang. That's why I was able to obtain this opportunity." Hearing this, Yunzhu pursed her lips and smiled, thinking that he was smart. Su Zimo said that. With Divine Firmament Palace's status and Immortal King Qingyang's identity, it was naturally not appropriate for them to pursue his responsibility. After all, there was no precedent for such a thing. Before this, there was no rule that forbade cultivators from entering the mystic realm to pick the Black Frost Plums. Sure enough, when Green Sun Immortal King heard this, it was not good for him to make trouble. He could only suppress his anger and snort coldly. He gritted his teeth and said, "It's good that you know. Don't forget the opportunity that Divine Firmament Palace has given you!"

"Of course." Su Zimo nodded. Immortal King Qingyang took a deep breath and said, "Cultivators on the Heaven Ranking, follow me to the Dao Enlightenment Field of Divine Firmament Palace. We'll browse through the experiences left behind by our predecessors." In the Enlightenment Field of Divine Firmament Palace, there were many experiences left behind by the True Immortals of Divine Firmament Palace. Almost all the Celestial Immortals ranked on the Heavenly Rankings were at the peak of the Ninth Stage Celestial Immortal realm. He had just drunk the Immortal Tea and cultivated in the Mystic Realm. If he browsed through the Dao comprehensions left behind by the predecessors, it was very likely that he would find an opportunity to break through, condense the Dao Fruit, and step into the Perfected Immortal Realm! Ever since the creation of the Heaven Ranking, there would be some Perfected Immortals on the Heaven Ranking who would use the series of Heaven Ranking rewards to become Perfected Immortals! Su Zimo had just broken through to Stage Nine Heaven Immortal and had not cultivated to the peak of perfection, so he could not try to break through to the True Self Realm. However, the many experiences left behind by the ancestors of Divine Firmament Palace were still very helpful to him! After all, the path taken by Wu Dao's true body was completely different from the path taken by Qinglian's true body. Wu Dao's true body condensed the True Wu Dao's true body. In terms of condensing the Dao Fruit and breaking through to the True Self Realm, it would not be of much help to Qinglian's true body. At this moment, dusk was approaching. Many cultivators followed their sects and factions and gradually dispersed, returning to their residences to rest. The Divine Firmament Immortal Meeting would continue for a few more days, so it would be convenient for many cultivators to trade and exchange their experiences. However, for many cultivators, the Divine Firmament Immortal Meeting was no longer lively. Su Zimo was not in a hurry to follow the people of the Heaven Roll. Instead, he came to Mo Qing's side, took out two Black Frost Plums from his storage bag, and secretly stuffed them into Mo Qing's hand. "Senior Sister, thank you for this." Su Zimo said in a low voice. Then, he came to Yunzhu's side and took out two Black Frost Plums, secretly handed them over, and thanked her. Then, he gave Jun Yu two Black Frost Plums.

Just Now, in the mystic realm, Immortal King Qingyang had appeared suddenly, so he did not have time to pick more. He had only casually grabbed a handful, and there were six Black Frost Plums hidden in his storage bag. Now that everyone had dispersed, he gave the six Black Frost Plums to the three fairies. Fortunately, the three fairies had appeared in this Divine Firmament Immortal Meeting, so he was able to save his life. Giving away six Black Frost Plums was naturally nothing. However, the three fairies each received two Black Frost Plums, but they had different thoughts. Jun Yu's expression was calm. She did not think much and only thanked him. Mo Qing lowered her head slightly and looked at the two

Black Frost Plums in her palm. No one knew what she was thinking. Yun Zhu observed Su Zimo's actions. She felt both angry and amused at the same time when he was secretly stuffing her with fruits and thanking her earnestly. However, she could not say anything about it. After doing this, Su Zimo caught up with the people on the Heaven Roll and went to the Divine Firmament Palace's Dao Enlightenment Field. On the ground of the Dao Enlightenment Field, there were tall stone tablets. Every stone tablet was engraved with densely packed words. At the end of these handwriting, the names of these ancestors were left. Su Zimo randomly picked a stone tablet and looked at the content on the stone tablet. He nodded secretly. This Perfected Immortal called Dao Qing had recorded in detail how he condensed his Dao Fruit, how he broke through to the True Self Realm, and even the process of how he transcended the tribulation. Su Zimo did not feel anything from most of the places. However, he felt that he had gained a lot from some of the explanations. This time, Su Zimo did not disturb Wu Dao's true body. The content on these stone tablets was all about how to condense a Dao Fruit and become a Perfected Immortal. It was useless to Wu Dao's true body. Su Zimo secretly held the bodhi seed in his hand and browsed through it. Although he could not break through at the moment, these experiences were all imprinted in his mind. It would be very important for him to break through to the True Self Realm in the future. Su Zimo knew that his situation was very different from others. Normally speaking, when a cultivator cultivates a Dao Art, they all have their own inclinations and main Dao Art direction. Yun Ting, for example, specialized in sword Dao.

Mo Qing was obsessed with painting. Jun Yu was good at chess. Su Zimo's situation was very special. His physical body and bloodline belonged to Qinglian. In terms of cultivation, he controlled the forbidden secret manual of the Buddhist monasteries, the Perfection of Wisdom Nirvana Sutra. He also knew the forbidden secret manuals of the immortal sects, such as the Jade Pure Manual, Void Thunder Manual and Three Major Sword Arts. Among the Dao techniques of the fiend sects, in recent years, he had even cultivated the forbidden secret manual, the Heaven Burial Sutra! In fact, he even cultivated the Mystic Classic of the Twelve Demon Kings of the Great Wilderness that Die Yue created for him. Right now, the many powerful divine powers that he relied on came from that Supreme Demon Classic! Therefore, it would be extremely difficult for him to condense his Dao Fruit and the situation was complicated!

Chapter 2590

The Divine Firmament Immortal Gathering would last for a month. However, after the Heaven List Ranking Battle, the Divine Firmament Immortal Gathering did not have much of a commotion. Before the Divine Firmament Immortal Gathering ended, many cultivators left and returned to their sects. This Divine Firmament Immortal Gathering caused a huge commotion in the entire Nine Clouds Immortal Realm! The battle between the four fairies was secondary. Yun Ting's defeat was enough to shock countless cultivators. However, what really attracted the attention of countless cultivators was the various rumors about the four fairies and the top of the Heaven List. Su Zimo browsed through the various experiences left behind by his ancestors in the Enlightenment Field of the Divine Firmament Palace before returning to the Qiankun Academy to continue his seclusion. Another month passed. On this day, Yang Ruoxu and Chi Hong came hand in hand. Momo and Liu Ping welcomed them into the cave abode. "Brother Yang, Chi Hong." Su Zimo came out of seclusion and invited the two to take a seat. Yang Ruoxu asked, "The Divine Firmament Immortal Gathering is in a few days. Brother Su, how are your preparations?" "I don't have much to prepare." Su Zimo smiled and said, "The Divine Firmament Immortal Realm is the main event of the Nine Clouds Immortal Realm. I'm only a Heaven Immortal now."

I'm just going with the academy to join in the fun."The Divine Firmament Immortal Realm and the Pure Land of Bliss jointly held the Nine Clouds Immortal Realm!During this event, the True Immortal Ranking and Arhat Ranking would be listed to determine the Supreme True Immortal of the Nine Clouds Immortal Realm and the Supreme Arhat of the Pure Land of Bliss!Su Zimo was qualified to go with the academy mainly because he was the top of the Heaven Roll in the Divine Firmament Immortal Realm this year.To be precise, the 100 Heaven Immortals on the Heaven List were qualified to go with their respective sects to the Divine Firmament Immortal Realm and participate in this rare event!However, in fact, the True Immortal Realm experts of the various sects were the absolute main characters of this event!"Don't be careless."Chi Hong said with a faint smile, "After the Divine Firmament Immortal Gathering, all kinds of rumors about you and the four fairies are rampant. You have become the target of many cultivators in the Nine Clouds Immortal Realm.""Is it that exaggerated? "Su Zimo could not help but laugh.

Princess Chi Hong smiled and said, "Of course! In the hearts of the cultivators, the four fairies are lofty and inviolable existences. ""And now, not only did you have an affair with him, you even had an affair with four of them at once. Who would be able to tolerate this?"Su Zimo shook his head helplessly. "How could there be such a thing? Those are just groundless rumors.""Three men make a tiger. Once the rumors spread, everyone will naturally believe it," said Princess Chi Hong.Yang Ruoxu pondered for a moment and said, "Even if there wasn't such a reason, some people might come to challenge us. In the Nine Clouds Celestial Realm, there are nine first places on the Heaven Ranking. Each of them is a proud genius. It's inevitable that there will be conflicts. ""In short, you still have to be mentally prepared. Don't be careless."Su Zimo nodded.Two figures flashed across his mind.Back in the Jade Firmament Immortal Domain, he had met Imperial Prince Ying Tian and Imperial Daughter Lang Qianqian.It was highly likely that he would encounter those two in the Continent of the Nine Clouds.Yang Ruoxu continued, "Besides, this Continent of the Nine Clouds is different from the past. After all, the Demon Region has been in turmoil recently. Two peerless demons have returned to the Heaven World, and a peerless genius like Araki Takeshi has appeared. All of these have attracted the attention of the Nine Clouds Celestial Realm and the Pure Land of Bliss.""As far as I know, each Celestial Realm will have at least one peerless Celestial King in charge of the Continent of the Nine Clouds. The Pure Land of Bliss will probably have one as well."Normally, at the Continent of the Nine Clouds, each Sect would at most send a Celestial King to lead the team.After all, the Continent of the Nine Clouds was mainly a competition between True Celestial Realm cultivators.But now, because of the Demon Region, the Continent of the Nine Clouds Celestial Realm and the Pure Land of Bliss were facing a great enemy. They had even sent a peerless Celestial King to lead the team!Su Zimo remained silent.If that was the case, it would be even more dangerous for Wu Dao's real body to cause trouble at the Continent of the Nine Clouds!If there were too many Celestial Kings or peerless Celestial Kings, even if he used the Prison Suppressing Cauldron, he might not be able to escape unscathed.During this time, Su Zimo did not disturb Wu Dao's real body.Wu Dao's real body was cultivating in seclusion in the Hell of Avici. He had already reached the most crucial part of his cultivation.

If he could comprehend something, he might be able to open up the path of Wu Dao's real body in the future and see the other side.Su Zimo asked, "Which Celestial King is leading the team from the academy?"It's said that the Patriarch asked the First Elder to lead the team," Yang Ruoxu said."Although the First Elder is old, his cultivation realm is still there. He's also a peerless Celestial

King. That way, if anything happens to the Cosmos Academy, they can easily deal with it. ""I heard that Azure Sun Celestial King from the Divine Firmament Palace will lead the cultivators from the Four Great Celestial Sects and the Three Great Celestial Kingdoms." Azure Sun Celestial King was also a peerless Celestial King! Su Zimo remained silent. According to Yang Ruoxu, every Celestial Realm would have a peerless Celestial King. And now, there were two in the Divine Firmament Celestial Realm, Azure Sun Celestial King and the First Elder of the academy. In other words, there would be at least ten peerless Celestial Kings in the Nine Heavens Celestial Realm, and there might be more ordinary Celestial Kings! There were four continents in the Pure Lands. Dong Sheng Divine Continent, Nanbu Continent, Aparagodānīya Continent, and Uttarakuru Continent. If nothing unexpected happened, there would also be peerless Celestial Kings in each continent! There were at least a dozen peerless Celestial Kings! The Nine Heavens Convention had attracted so many Grotto-Heaven Realm experts. Unless an Imperial Emperor came, no one could cause trouble at the Nine Heavens Convention. Even if an Imperial Emperor appeared, he might not be able to cause any trouble. Celestial Emperors, Buddhist Great Emperors, and Celestial Emperors were probably watching the banquet secretly to prevent any accidents from happening. Even so, Su Zimo still had great expectations for the Nine Heavens Convention. He wondered if the Human Emperor and Celestial King Ling Long would appear in the Qingxiao Celestial Realm. How was the Human Emperor's injury now? Had he recovered? If he had the chance to see Celestial King Ling Long this time, he would definitely thank her in person for saving his life. Maybe he could get some clues from Celestial King Ling Long about what had happened when he had ascended. He wondered if he would have the chance to see some other old friends of Tianhuang at the Nine Heavens Convention. Three days later. A bell rang in the Qiankun Academy.

The Nine Heavens Convention was about to begin. It was the bell that summoned the true disciples of the academy. Many of the true disciples came out of seclusion one after another. They turned into beams of light and gathered in front of the mountain gate under the envious gazes of countless inner and outer disciples. Su Zimo also came out of his cave and sped away. This time, he didn't plan to take Liu Ping and Momo with him. After all, Momo had shown her face in the Jade Firmament Celestial Realm. If she was recognized at the Nine Heavens Convention, there would be some unnecessary trouble. This time, the First Elder of the Qiankun Academy led the team. The Moonlight Sword Immortal was the leader of the hundreds of true disciples. Mo Qing didn't choose to cultivate in seclusion in her cave either. She was going to follow the academy to the Nine Heavens Convention. When Su Zimo arrived at the gate of the academy, Mo Qing saw him and waved at him.
